ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview

We import and distribute through our wholly owned subsidiary Terre di Toscana, Inc. specialized truffle based food products which includes fresh truffles, truffle oils, truffle pates, truffle creams, and truffle butter. TDT commenced operations on September 8, 2000. Terre di Toscana, Inc. was acquired by TDT on September 14, 2000. This acquisition was a reorganization of entities under common control and was accounted for at historical cost in a manner similar to a pooling of interests. Terre di Toscana, Inc. was incorporated on November 10, 1999 and commenced operation in January, 2000.

Plan of Operations

TDT's plan of operations includes building its account base and building its website. TDT plans to further expand sales to restaurants and hotels. This effort will be lead by Mr. Bortolatti. Efforts include compilation of a list of 25,000 hotels and restaurants. In April 2001 TDT began a direct mailing advertising campaign to 20,000 of these hotels and restaurants. The budget for this direct mailing is approximately \$7,500.

During fiscal year 2000, TDT produced approximately \$90,000 in revenues with Truffle oils representing approximately 70% of sales, Truffle sauces approximately 15% of sales, and all other products the balance.

There is little or no seasonal or price impact upon the majority of TDT's products (oils, creams, butters, and sauces) because these are processed foods with a small percentage of the end product comprised of the pure essence of the base product, truffles.

The website was developed primarily by contract labor with TDT staff building the databases and providing design direction at a total development cost of approximately \$6,000. Since this was not a significant outlay, the item was expensed. There have been no sales generated by TDT's website. TDT anticipates sales through the website in December 2001.

TDT believes that based on the current level of sales, and the current working capital in the business and the terms of sale with our suppliers that we will not need to raise additional funds in the next twelve months. Our suppliers require 25% of the cost of an order when the order is placed and the balance 90 days later. TDT believes that its strategy to focus on restaurants and hotels will further improve its capital position and cash flow due to the fact that these accounts pay by credit card, providing immediate payment. TDT's marketing programs to reach these potential customers include direct mail and telemarketing. Within the next twelve months TDT plans to hire two telemarketers

Edgar Filing: TDT DEVELOPMENT INC - Form 10QSB

and one distribution person to handle Internet sales. These three positions will each have salaries of approximately \$15,000 per year. Additionally, the two telemarketers will earn approximately 2% of the sales that they generate. TDT believes that the additional costs to staff those positions will be covered by the sales generated and the resulting profitability from these sales.
