NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

SIENA HOLDINGS, INC. AND SUBSIDIARIES

September 30, 2001

NOTE A -- BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited consolidated financial statements include the accounts of Siena Holdings, Inc. ("SHI"), formerly Lomas Financial Corporation ("LFC"), and its subsidiaries (collectively, the "Company"). SHI's wholly-owned, principal subsidiaries are Siena Housing Management Corp. and LLG Lands, Inc.

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

Prior to October 1, 1996, SHI's wholly-owned principal subsidiary was Lomas Mortgage USA, Inc. ("LMUSA"), now known as Nomas Corp. ("Nomas"). As a result of the confirmation of LMUSA's Chapter 11 reorganization plan, the Company's interest in LMUSA was extinguished effective October 1, 1996. LFC's plan of reorganization was confirmed on October 4, 1996, but not effective until March 1997.

In accordance with the American Institute of Certified Public Accountants' Statement of Position 90-7, "Financial Reporting by Entities in Reorganization Under the Bankruptcy Code", the Company adopted fresh-start accounting as of March 31, 1997, after all material conditions required by the Plan were satisfied. Since April 1, 1997, the Company's financial statements have been prepared as if it is a new reporting entity. Under fresh-start accounting, all assets and liabilities were restated to reflect their reorganization value, which approximated fair value at the date of reorganization. The Company's management and representatives of the creditors' committee concluded that, based on the fact that the Company has historically incurred losses from operations and has projected minimal future operating profits, the reorganization value of the Company (the fair value of the Company before considering liabilities) was equivalent to the fair value of the Company's tangible assets and that no other intrinsic value existed. As a result, all assets and liabilities were stated at their fair value.

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. They do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Certain reclassifications have been made to prior quarters' financial statements to conform to the current presentation. Operating results for the quarter are not necessarily indicative of the results that may be expected for the fiscal year. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-K for the year ended June 30, 2001.

NOTE B -- REORGANIZATION

On October 10, 1995, LFC, two subsidiaries of LFC and LMUSA (collectively the "Debtor Corporations") filed separate voluntary petitions for reorganization under Chapter 11 of the Federal Bankruptcy Code in the District of Delaware. The petitioning subsidiaries were Lomas Information Systems, Inc. ("LIS") and Lomas Administrative Services, Inc. ("LAS"). The Debtor Corporations filed two separate plans of reorganization with the Bankruptcy Court. An order confirming the second amended joint plan of reorganization filed on October 4, 1996 for LFC, LIS and LAS (the "Joint Debtors") and a stipulation and order among the Joint Debtors and the appointed statutory committee of unsecured creditors of LFC (the "LFC Creditors' Committee") regarding technical modifications to the plan of reorganization and confirmation order filed on January 27, 1997 together with the second amended joint plan of reorganization filed on July 3, 1996 are collectively referred to herein as the "Joint Plan". The Joint Plan was confirmed on October 4, 1996, but not effective until March 7, 1997, after certain conditions were either met or waived by the LFC Creditors' Committee.

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

The Joint Plan provided for a transfer by the Company of \$3 million in cash to partially fund a litigation trust to pursue third-party claims pursuant to the LFC/LMUSA joint litigation trust agreement among LFC and its subsidiaries and LMUSA, dated March 6, 1997 (the "LFC/LMUSA Litigation Trust"). Subject to certain exceptions, the LFC Creditors' Trust (as defined herein) and the creditors' trust established pursuant to the LMUSA Plan will receive sixty and forty percent, respectively, of net proceeds from litigation. In March 2000, the LFC Creditors' Trust received \$7.1 million of net proceeds from the LFC/LMUSA Litigation Trust resulting from litigation. There can be no assurance that the LFC/LMUSA Litigation Trust will produce any additional proceeds which will benefit the Creditors Trust and former creditors.

The Class 3 general unsecured creditors were to receive a combination of cash and new common stock as settlement of their allowed claim, pursuant to the Joint Plan. The total of cash distributions through September 30, 2001 was \$32.3 million. As provided for in the Joint Plan and a decision of the LFC Creditors' Committee, 4,000,000 shares of the new common stock were issued by the stock transfer agent on the initial distribution date of November 12, 1997. For balance sheet presentation and earnings (loss) per share, the 4,000,000 shares were considered issued as of April 1, 1997. The process by the stock distribution agent resulted in 3,822,121 shares of common stock actually distributed to former creditors through March 7, 1999, the deadline for exchanging predecessor company bonds for common stock. In the second quarter of fiscal year 2000, the stock distribution agent distributed the final 177,879 shares, including shares held for disputed claims, to all allowed creditors that had received prior stock distributions.

The amounts ultimately distributed to the former creditors will be solely dependent on the success of the Company, the amounts realized from the collection of assets and the settlement of liabilities for both the Creditors' Trust and the LFC/LMUSA Litigation Trust.

On November 5, 1998, the Company received \$2.2 million from the Company's Chairman of the Board (\$2.102 million net of stock offering expenses) in exchange for 2 million shares of the Company's common stock, as approved by the Company's Board of Directors on September 23, 1998. This transaction increased the number of outstanding shares of common stock to 6 million. THE 6,000,000 SHARES OF THE NEW COMMON STOCK ARE RESTRICTED IF THE EFFECT OF A TRANSFER WOULD RESULT IN AN OWNERSHIP INCREASE TO 4.5 PERCENT OR ABOVE OF THE TOTAL OUTSTANDING SHARES OR FROM 4.5 PERCENT TO A GREATER PERCENTAGE OF THE TOTAL OUTSTANDING SHARES, WITHOUT PRIOR APPROVAL BY THE BOARD OF DIRECTORS AS DESCRIBED IN THE RESTATED CERTIFICATE OF INCORPORATION.

THE LFC CREDITORS TRUST AND ANY PROCEEDS FROM THE LFC/LMUSA LITIGATION TRUST ARE SOLELY FOR THE BENEFIT OF THE FORMER CREDITORS OF THE JOINT DEBTORS. STOCKHOLDERS WILL NOT BENEFIT FROM THESE TRUSTS UNLESS THEY HELD CLASS 3 - GENERAL UNSECURED CLAIMS AS DEFINED IN THE JOINT PLAN. SEE "NOTE C-- CREDITORS' TRUST".

NOTE C -- CREDITORS' TRUST

The Joint Plan established a creditors' trust (the "Creditors' Trust") in which the Company serves as trustee. The Creditors' Trust holds the non-reorganized assets of the Company in trust pending their disposition and/or distribution to the creditors in accordance with the terms of the Joint Plan. The Creditors' Trust is organized for the sole purpose of liquidating the non-reorganized assets including proceeds, if any from the LFC/LMUSA Litigation Trust, and will terminate on March 7, 2002, unless an extension is approved by the Bankruptcy Court. The assets and liabilities of the Creditors' Trust are not reflected in the accompanying Consolidated Balance Sheets as the Company is not

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

the beneficiary of the Trust. Accordingly, revenues and expenses related to the Creditors' Trust assets and liabilities since April 1, 1997, are not reflected in the accompanying Statements of Consolidated Operations and Comprehensive Income (Loss). The allocation of costs between the Creditors' Trust and the Company is based on management's estimate of each entity's proportional share of costs. Gains and losses from the Creditors' Trust are solely for the former creditors' benefit and the Company has no risk of loss on the assets or liabilities. The amounts ultimately distributed to the former creditors will be solely dependent on the success of the Company, the amounts realized from the collection of assets and settlement of liabilities for both the Creditors' Trust and the LFC/LMUSA Litigation Trust. Stockholders who are not former creditors of the Joint

6

Debtors are not beneficiaries of the Creditors' Trust. There can be no assurance that the LFC/LMUSA Litigation Trust will produce any proceeds which will benefit the Creditors' Trust and former creditors.

The Company charged to the Creditors' Trust expenses of \$33,000 and \$61,000 for the quarters ended September 30, 2001 and 2000, respectively, reported as trust expense reimbursement on the Company's Statements of Consolidated Operations and Comprehensive Income (Loss). The expenses consisted of an overhead allocation from the Company, based upon management's estimate of resources used by the Creditors' Trust. The allocation of overhead to the Creditors' Trust is expected to continue to decrease during fiscal year 2002 as remaining assets are liquidated.

THE LFC CREDITORS TRUST AND ANY PROCEEDS FROM THE LFC/LMUSA LITIGATION TRUST ARE SOLELY FOR THE BENEFIT OF THE FORMER CREDITORS OF THE JOINT DEBTORS. STOCKHOLDERS WILL NOT BENEFIT FROM THESE TRUSTS UNLESS THEY HELD CLASS 3 - GENERAL UNSECURED CLAIMS AS DEFINED IN THE JOINT PLAN.

NOTE D -- INVESTMENT IN REAL ESTATE

The Company's investment in real estate, owned by LLG, consists of 162.1 acres (approximately 138.0 acres net of flood plain) of unimproved land in Allen, Texas (the "Allen property") as of September 30, 2001. The southern boundary of the Allen property is the Exchange Parkway, which provides access to the property from Central Expressway on the west and from Highway 5 on the east. As of June 30, 2001, the Allen property included five tracts of land: one tract of approximately 31.9 net acres zoned multi-family, one tract of approximately 77.2 net acres zoned light industrial (formerly single-family), two tracts of approximately 24.2 net acres zoned commercial and one tract of 4.6 net acres zoned residential. In the fourth quarter of fiscal year 2001, five acres of the multi-family property was successfully re-zoned as light industrial. With a continuing view towards maximizing shareholder value, management is attempting to have the one residential tract re-zoned as commercial.

On October 30, 2000, the Company completed the sale of approximately 5.6 acres of one of the commercial properties to 75 Exchange Partners, LP, an unaffiliated partnership. Net cash proceeds from the sale totaled \$1.204 million and the Company recorded a gain on sale of real estate of \$828,000 in the second quarter of fiscal year 2001, as previously reported in the Company's Statements of Consolidated Operations and Comprehensive Income (Loss).

On February 23, 2001, the Company completed the sale of approximately 17.3 acres of property zoned light industrial to Crow Family Holdings Industrial Texas, LP ("Crow Family Holdings"), an unaffiliated partnership. Net cash proceeds from the sale totaled \$1.251 million and the Company recorded a gain on

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

sale of real estate of \$945,000 in the quarter ended March 31, 2001, as previously reported in the Company's Statements of Consolidated Operations and Comprehensive Income (Loss). In addition, Crow Family Holdings has outstanding options, which expire 18 months from the original sale date, to purchase substantially all the remaining light industrial property. There is no guarantee that any sales will be consummated.

Based on the property sales described above, continuing negotiations on other parcels and improved market conditions, management believes that the Company would be able to sell the remaining Allen property for a value in excess of the tax basis. As a result, the Company reported a net deferred tax asset balance of \$1.908 million as of September 30 and June 30, 2001, included in long term assets on the Company's Consolidated Balance Sheets. Any tax benefits recognized related to the valuation allowance for pre-reorganization deferred tax assets as of September 30, 2001 will be allocated to additional paid-in capital.

The Company is involved in discussions and or entered into tentative agreements to sell certain parcels of land, which it, in its best judgement, considers to be reasonable and in the interests of its shareholders. However, there can be no assurance that these or any future discussions and or tentative agreements may lead to any real estate transactions, and when such transactions might occur. These tentative agreements may not be completed due to various uncertainties associated with ongoing negotiations and buyer due diligence contingencies. Any sales that might result from these

7

discussions and or tentative agreements as well as options described above would result in a gain on sale for financial reporting purposes.

NOTE E -- INVESTMENTS IN EQUITY SECURITIES

Investments in equity securities are classified as available-for-sale and are held by the Company's real estate subsidiary, LLG. As of September 30, 2001, the cost and fair value of the securities based on quoted market prices were reported as \$165,000 and \$113,000, respectively. Unrealized gains and losses are included, net of tax, in accumulated other comprehensive loss, a component of stockholders' equity as reported on the Company's Consolidated Balance Sheets. Realized gains and losses are reported in revenue on the Company's Statements of Consolidated Operations and Comprehensive Income (Loss).

NOTE F -- STOCKHOLDERS' EQUITY

As of September 30 and June 30, 2001, the Company had 15,000,000 shares of \$.10 par value common stock authorized, with 6,000,000 shares issued and outstanding. Pursuant to the Joint Plan and a decision by the LFC Creditors' Committee, 4,000,000 shares of common stock were reserved for issuance on April 1, 1997 and ultimately issued by the stock transfer agent on November 12, 1997. For balance sheet presentation and earnings (loss) per share, the 4,000,000 shares were considered issued as of April 1, 1997. The process by the stock distribution agent resulted in 3,822,121 shares of common stock actually distributed to former creditors through March 7, 1999, the deadline for exchanging predecessor company bonds for common stock. In the second quarter of fiscal year 2000, the stock distribution agent distributed the final 177,879 shares, including shares held for disputed claims, to all allowed creditors that had received prior stock distributions. The common stock has no preemptive or other subscription rights and there are no conversion rights, redemption or sinking fund provisions with respect to such shares.

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

SHI and its subsidiaries increased the post-reorganization deferred tax assets by \$15,000 as a result of the federal income tax benefit reported for the quarter ended September 30, 2001, and unrealized loss on investments in equity securities. In addition, the Company increased the valuation allowance for pre-reorganization deferred tax assets by \$15,000 resulting in a decrease to additional paid-in-capital of \$15,000 also for the quarter ended September 30, 2001. The Company also recorded \$4,000 in compensation expense in the quarter ended September 30, 2001, related to stock options which increased additional paid-in-capital by \$4,000, resulting in a net decrease to additional paid-in-capital of \$11,000 for the quarter ended September 30, 2001. For the quarter ended September 30, 2000, the Company reported a tax benefit of \$5,000 as an increase to additional paid-in capital, resulting from the utilization of a portion of the Company's pre-reorganization net operating loss carryforwards and deductible temporary differences. The Company also recorded \$5,000 in compensation expense in the quarter ended September 30, 2000, related to stock options which increased additional paid-in-capital by \$5,000, resulting in a net increase to additional paid-in-capital of \$10,000 for the quarter ended September 30, 2000. Future utilization of these pre-reorganization tax attributes on a consolidated basis will result in adjustments to additional paid-in capital.

At the annual meeting on December 15, 2000, the stockholders of SHI (the "Stockholders") approved a proposal to amend the Company's certificate of incorporation (a) to effect, as determined by the Board in its sole discretion, a reverse stock split of the outstanding Common Stock on the effective date of the amendment (the "Effective Date"), pursuant to which each 100 shares then outstanding will be converted into one share (the "Reverse Stock Split"), and (b) to effect a forward split of the Common Stock on the day following the effective date of the Reverse Split, pursuant to which Common Stock then outstanding as of such date will be converted into the number of shares of the Common Stock that such shares represented immediately prior to the Effective Date (the "Forward Stock Split"). In lieu of issuing less than one whole share resulting from the proposed stock split to holders of fewer than 100 shares, as the case may be, the Company would make a cash payment based on the higher of either the stated book value of the Company on June 30, 2000, or the closing prices of the Common Stock, as discussed in more detail in the Company's Proxy Statement dated October 30, 2000. The Board is authorized, in its sole discretion, to effect the Reverse Stock Split based on factors existing at the time of determination, including (a) the availability of funds necessary to consummate the Reverse Stock Split and the cost of such funds; (b) the market price of the Common Stock; (c) the Board's determination of whether the Reverse Stock Split will

8

result in a reduction in the Company's administrative expenses; (d) prevailing market conditions; (e) the likely effect on the market price of the Common Stock; and (f) other relevant factors.

Consummation of the proposed Reverse Stock Split / Forward Stock Split will not change the number of shares of Common Stock authorized by the Company's certificate of incorporation, which will remain at 15 million shares. The Board, in its sole discretion, may abandon the proposed stock splits at any time before the Effective Date without further action by the Stockholders. If the Board determines to consummate a Reverse Stock Split / Forward Stock Split, the Company will publicly announce the determination at least 10 days prior to the Effective Date.

The Company, as of September 30 and June 30, 2001, had 1,000,000 shares of \$1.00 par value preferred stock authorized, with 0 shares issued and

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

outstanding.

NOTE G -- DEFERRED TAX ASSETS

SHI and its subsidiaries had no gross deferred tax liabilities and approximately \$94.9 million in gross deferred tax assets as of September 30 and June 30, 2001, subject to an offsetting valuation allowance of approximately \$93.0 million. Essentially all of this valuation allowance is considered to be attributable to pre-reorganization tax attributes. Accordingly, future utilization of these pre-reorganization tax attributes on a consolidated basis will result in adjustments to additional paid-in capital.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which these temporary differences become deductible. Management considers the reversal of any deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Management believes that it is more likely than not that the Company will realize the benefit of these deferred tax assets, net of the existing valuation allowance as of September 30, 2001. Therefore, the Company reported a net deferred tax asset balance of \$1.908 million as of September 30 and June 30, 2001, included in long term assets on the Company's Consolidated Balance Sheets.

NOTE H -- EARNINGS (LOSS) PER SHARE

Earnings (loss) per common share were determined using the weighted average shares issued or reserved for issuance. Effective December 1, 1997 the Company granted options under the Siena Holdings, Inc. Nonqualified Stock Option Agreements (the "Nonqualified Stock Option Agreements"). The effects of outstanding options are included in the calculation of diluted earnings (loss) per common share to the extent that they are dilutive to earnings or not antidilutive.

NOTE I -- ACCOUNTING STANDARDS TO BE ADOPTED

Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, addresses the financial accounting and reporting for the impairment of long-lived assets and for long-lived assets to be disposed of. This statement supersedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed of. SFAS No. 144 requires, among other things, that impairment losses resulting from the initial application of its provision for long-lived assets to be held and used be reported in the period in which the recognition criteria are initially applied and met based on the facts and circumstances existing at that date. This statement, like SFAS No. 121, requires consideration of the continuing effect of events or changes in circumstances that occurred prior to initial application of SFAS No. 144. The effect of adopting SFAS No. 144 is not expected to be material. Adoption is required by all companies no later than fiscal year beginning after December 15, 2001.

9

NOTE J -- INDUSTRY SEGMENT DATA OF OPERATIONS

Assisted Care Management. The Company reported an increase of \$18,000 in the profitability of the assisted care management operations for the quarter ended September 30, 2001 as compared to the same quarter in the prior year. The increase is primarily attributable to the increased management fee received by Siena Housing Management, Inc. ("SHM"), a wholly-owned subsidiary of the Company. SHM manages and maintains an assisted care facility in Houston, Texas under a management agreement into which it entered on June 27, 1977 with Treemont, Inc. ("Treemont"). Under this agreement, SHM receives a fee based on gross revenues and net income of Treemont. Refer to the Company's annual report on Form 10-K for the fiscal year ended June 30, 2001, for more information on the Company's assisted care business and management contract. Management fee income was \$19,000 higher in the in the first quarter of fiscal year 2002 as compared to fiscal year 2001, as a result of higher occupancy and lower expenses as reported by Treemont.

On January 4, 2001, the Company agreed to the First Amendment to Management Agreement (the "First Amendment") with Treemont which specifies the terms for a potential sale of the Treemont facility. SHM consents that the owners of Treemont may sell the facility with absolute discretion and terminate the Management Agreement in exchange for a graduated percentage of the net proceeds (as defined) from the sale of the facility. The owners of Treemont agree to provide written notice of the commencement of any negotiations. SHM has not been notified of any sale negotiations to date. If a sale transaction is ultimately concluded, SHM shall not be obligated to terminate the Management Agreement if SHM does not receive at least \$2 million as its share of the proceeds.

Real Estate. The Company's investment in real estate, owned by LLG, consists of 162.1 acres (approximately 138.0 acres net of flood plain) of unimproved land in Allen, Texas (the "Allen property") as of September 30, 2001. The southern boundary of the Allen property is the Exchange Parkway, which provides access to the property from Central Expressway on the west and from Highway 5 on the east. As of June 30, 2001, the Allen property included five tracts of land: one tract of approximately 31.9 net acres zoned multi-family, one tract of approximately 77.2 net acres zoned light industrial (formerly single-family), two tracts of approximately 24.2 net acres zoned commercial and one tract of 4.6 net acres zoned residential. In the fourth quarter of fiscal year 2001, five acres of the multi-family property was successfully re-zoned as light industrial. With a continuing view towards maximizing shareholder value, management is attempting to have the one residential tract re-zoned as commercial.

On October 30, 2000, the Company completed the sale of approximately 5.6 acres of one of the commercial properties to 75 Exchange Partners, LP, an unaffiliated partnership. Net cash proceeds from the sale totaled \$1.204 million and the Company recorded a gain on sale of real estate of \$828,000 in the second quarter of fiscal year 2001, as previously reported in the Company's Statements of Consolidated Operations and Comprehensive Income (Loss).

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

On February 23, 2001, the Company completed the sale of approximately 17.3 acres of property zoned light industrial to Crow Family Holdings Industrial Texas, LP ("Crow Family Holdings"), an unaffiliated partnership. Net cash proceeds from the sale totaled \$1.251 million and the Company recorded a gain on sale of real estate of \$945,000 in the quarter ended March 31, 2001, as previously reported in the Company's Statements of Consolidated Operations and Comprehensive Income (Loss). In addition, Crow Family Holdings has outstanding options, which expire 18 months from the original sale date, to purchase substantially all the remaining light industrial property. There is no guarantee that any sales will be consummated.

Based on the property sales described above, continuing negotiations on other parcels and improved market conditions, management believes that the Company would be able to sell the remaining Allen property for a value in excess of the tax basis. As a result, the Company reported a net deferred tax asset balance of \$1.908 million as of September 30 and June 30, 2001, included in long term assets on the Company's Consolidated Balance Sheets. Any tax benefits recognized related to the valuation allowance for pre-reorganization deferred tax assets as of September 30, 2001 will be allocated to additional paid-in capital.

The Company is involved in discussions and or entered into tentative agreements to sell certain parcels of land, which it, in its best judgement, considers to be reasonable and in the interests of its shareholders. However, there can be no assurance that these or any future discussions and or tentative agreements may lead to any real estate transactions, and when such transactions might occur. These tentative agreements may not be completed due to various uncertainties associated with ongoing negotiations and buyer due diligence contingencies. Any sales that might result from these discussions and or tentative agreements as well as options described above would result in a gain on sale for financial reporting purposes.

The real estate operating results for the first quarter in fiscal year 2002 decreased \$10,000. In the quarter ended September 30, 2001, improvement costs of \$7,000 related to developing the property were capitalized in accordance with the Company's capitalization policy, as compared to \$109,000 of costs that were capitalized during the quarter ended September 30, 2000. The higher capitalized costs in fiscal year 2001 was due to work performed on the flood plain recovery project, which was completed in the second quarter of fiscal year 2001. Costs related to the re-zoning, marketing and developing the property will continue, some of which may be capitalized.

Other Operations. The Company reported other operating income of \$66,000 and \$117,000 for the quarters ended September 30, 2001 and 2000, respectively. This included an overhead allocation based upon managements estimate of resources used by the Creditors' Trust and charged to the Creditors' Trust of \$33,000 and \$61,000 for the quarters ended September 30, 2001 and 2000, respectively. The allocation of overhead to the Creditors' Trust is expected to continue to decrease during fiscal year 2002 as the remaining net assets of the Creditors' Trust are liquidated.

The remaining income consisted primarily of interest income of \$26,000 and \$56,000 for the quarters ended September 30, 2001 and 2000, respectively, which is lower as a result of lower interest rates.

Expenses. General and administrative expenses were consistent at \$140,000 for the quarter ended September 30, 2001 as compared to \$139,000 for the quarter ended September 30, 2000. There were no significant variances.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

On December 15, 2000, the Company's board of directors authorized the use of up to 20% of the Company's cash for the investment in equity securities, with no more than 50% invested in any one company. The investment in equity securities exposes the Company to general market risks. As of September 30, 2001, the amount invested in equity securities was \$165,000 with a fair market value of \$113,000. The securities are classified as available-for-sale and reported on the Company's Consolidated Balance Sheets at fair market value with the unrealized holding included, net of federal income tax expense, in accumulated other comprehensive loss, a component of stockholders' equity.
