Notes to Consolidated Financial Statements
(unaudited)

1. BASIS OF PRESENTATION

The accompanying unaudited condensed financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information pursuant to Regulation S-K. Accordingly, they do not include all of the information and footnotes required by generally accepted

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2003 are not necessarily indicative of the results that may be expected for the year ended December 31, 2003.

2. GOING CONCERN

The Company will continue to require additional capital to develop its products and develop sales and distribution channels for its products. However, the Company believes it lacks sufficient working capital to fund operations for the entire fiscal year ending December 31, 2003. Management believes there are a number of potential alternatives available to meet the Company's continuing capital requirements, including proceeding as rapidly as possible with the development of over-the-counter products that can be sold with a minimum of regulatory compliance and developing revenue sources through licensing of the Company's existing intellectual property portfolio. In addition, the Company is pursuing actively additional debt and/or equity capital in order to support ongoing operations. There can be no assurance that the Company will be able to obtain sufficient additional working capital on commercially reasonable terms or conditions, or at all.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. Continuing as a going concern is dependent upon successfully obtaining additional working capital as described above. The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets and amounts and classifications of liabilities that might result from the outcome of this uncertainty.

3. RECAPITALIZATION AND MERGER

On April 23, 2002, Provectus Pharmaceutical, Inc., a Nevada corporation and a "blank check" public company, acquired Provectus Pharmaceuticals, Inc., a privately held Tennessee corporation ("PPI"), by issuing 6,680,000 shares of common stock of Provectus Pharmaceutical to the stockholders of PPI in exchange for all of the issued and outstanding shares of PPI, as a result of which Provectus Pharmaceutical changed its name to Provectus Pharmaceuticals, Inc. (the "Company") and PPI became a wholly owned subsidiary of the Company.

For financial reporting purposes, the transaction has been reflected in the accompanying financial statements as a recapitalization of PPI and the financial statements reflect the historical financial information of PPI, which was incorporated on January 17, 2002.

The issuance of 6,680,000 shares of common stock of Provectus Pharmaceutical, Inc. to the stockholders of PPI in exchange for all of the issued and outstanding shares of PPI was done in anticipation of PPI acquiring Valley Pharmaceuticals, Inc., which owned the intellectual property to be used in the Company's operations.

4. BASIC AND DILUTED LOSS PER COMMON SHARE

Basic and diluted loss per common share is computed based on the weighted average number of common shares outstanding. Loss per share excludes the impact of outstanding options, warrants, and convertible debt as they are antidilutive. Potential common shares excluded from the calculation at March 31, 2003 are 385,000 warrants and 1,442,984 shares issuable upon conversion of convertible debt and interest. Additionally, the Company is committed to issue 80,000 warrants.

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

5. LONG-TERM CONVERTIBLE DEBT

On January 31, 2003, the Convertible Secured Promissory Note and Warrant Agreement between the Company and Gryffindor Capital Partners I, L.L.C. was amended to increase the \$1,000,000 principal amount to \$1,025,959.

6. EQUITY TRANSACTIONS

(a) In the first quarter of 2003, the Company issued 64,000 shares to consultants in exchange for services rendered. Consulting costs charged to operations were \$22,800.

(b) The Company applies the recognition provisions of SFAS No. 123, "Accounting for Stock-Based Compensation," in accounting for stock options and warrants issued to nonemployees. In the first quarter of 2003, the Company issued 385,000 warrants in exchange for consulting services rendered. As the fair market value of these services was not readily determinable, these services were valued based on the fair market value, determined using the Black-Scholes option pricing model. Fair market value for warrants ranged from \$0.07 to \$0.24. Consulting costs charged to operations were \$19,574. At March 31, 2003, \$74,917 has been classified as prepaid consulting expense as this amount represents payments for services to be provided in the future.

7. CONTINGENCIES

On April 17, 2003, a suit was filed in the Third Judicial District Court, Salt Lake County, Utah by Kelly Adams, on behalf of himself and "as representatives of certain stockholders of Provectus Pharmaceuticals, Inc., a Nevada corporation." The suit names PPI and Michael L. Labertew, an attorney in Salt Lake City, Utah, as defendants, and seeks to rescind the Agreement and Plan of Reorganization dated April 22, 2002 by which the Company acquired PPI and PPI's former stockholders acquired majority ownership of the Company's common stock. On April 29, 2003, without giving the Company or PPI notice of the motion or an opportunity to respond to it, the Utah court granted Mr. Adams's motion for a 10-day temporary restraining order (the "TRO"), preventing the Company from issuing additional shares of stock for a 10-day period commencing on April 29, 2003 and ending on May 9, 2003.

Item 2. Management's Discussion and Analysis or Plan of Operation.

The following discussion is intended to assist in the understanding and assessment of significant changes and trends related to our results of operations and our financial condition together with our consolidated subsidiaries. This discussion and analysis should be read in conjunction with the consolidated financial statements and notes thereto included elsewhere in this Quarterly Report on Form 10-QSB. Historical results and percentage relationships set forth in the statement of operations, including trends which might appear, are not necessarily indicative of future operations.

OVERVIEW

History

Provectus Pharmaceuticals, Inc., formerly known as "Provectus Pharmaceutical, Inc." and "SPM Group, Inc.," was incorporated under Colorado law on May 1, 1978. SPM Group, Inc. ceased operations in 1991, and became a development-stage company effective January 1, 1992, with the new corporate purpose of seeking out acquisitions of properties, businesses, or merger candidates, without limitation as to the nature of the business operations or

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

geographic location of the acquisition candidate.

On April 1, 2002, SPM Group, Inc. changed its name to "Provectus Pharmaceutical, Inc." and reincorporated in Nevada in preparation for a transaction with Provectus Pharmaceuticals, Inc., a privately-held Tennessee corporation ("PPI"). On April 23, 2002, an Agreement and Plan of Reorganization between Provectus Pharmaceutical and PPI was approved by the written consent of a majority of the outstanding shares of Provectus Pharmaceutical, pursuant to which 6,680,000 shares of common stock of Provectus Pharmaceutical were exchanged for all of the issued and outstanding shares of PPI. As part of the acquisition, Provectus Pharmaceutical changed its name to "Provectus Pharmaceuticals, Inc." and PPI became a wholly owned subsidiary of the Company. For accounting purposes, this transaction was treated as a recapitalization of PPI and the issuance of shares of PPI for Provectus Pharmaceutical, Inc. The historical financial information set forth in this report is PPI's historical financial statements from the date of PPI's incorporation, January 17, 2002.

On November 19, 2002, Provectus Pharmaceuticals acquired Valley Pharmaceuticals, Inc. ("Valley"), a privately-held Tennessee corporation formerly known as Photogen, Inc., by merging its subsidiary PPI with and into Valley and naming the surviving corporation "Xantech Pharmaceuticals, Inc." By acquiring Valley, we acquired our most important intellectual property, including issued U.S. patents and patentable inventions, which we intend to use to develop:

- o prescription drugs, medical and other devices (including laser devices) and over-the-counter pharmaceutical products in the fields of dermatology and oncology, and
- o technologies for the preparation of human and animal vaccines, diagnosis of infectious diseases and enhanced production of genetically engineered drugs.

Prior to its acquisition, Valley was considered to be in the development stage and had not generated any revenues from the assets we acquired.

On December 5, 2002, Provectus Pharmaceuticals acquired the assets of Pure-ific L.L.C., a Utah limited liability company, and created a wholly owned subsidiary, Pure-ific Corporation, to operate that business. By acquiring Pure-ific L.L.C., we acquired the product formulations for Pure-ific personal sanitizing sprays, along with the "Pure-ific" trademarks. With this acquisition, we intend to continue development and begin to market a line of personal sanitizing sprays and related products to be sold over the counter under the "Pure-ific" brand name.

Description Of Business

Provectus Pharmaceuticals, Inc., a Nevada corporation ("Provectus"), and its two wholly owned subsidiaries, Xantech Pharmaceuticals, Inc. ("Xantech") and Pure-ific Corporation ("Pure-ific"), develop, license and market and plan to sell products in three sectors of the healthcare industry:

8

- o Over-the-counter ("OTC") products;
- o Prescription drugs; and
- o Medical device systems

We manage Provectus, Xantech and Pure-ific on an integrated basis, and when we refer to "we" or "us" or "the Company" in this Quarterly Report on Form 10-QSB, we refer to all three corporations considered as a single unit. Our

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

principal executive offices are located at 7327 Oak Ridge Highway, Suite A, Knoxville, Tennessee 37931, telephone 865/769-4011.

Through discovery and use of state-of-the-art scientific and medical technologies, the founders of our pharmaceutical business have developed a suite of core technologies that support multiple products in the prescription drug, medical device and OTC products categories. Our prescription drug products encompass the areas of dermatology and oncology and involve several types of drugs, including those produced by advanced biotechnology methods. Our medical device systems include therapeutic and cosmetic lasers, while our OTC products address markets primarily involving skincare applications.

Over-the-Counter Pharmaceuticals

Our OTC products are designed to be safer and more specific than competing products. Our technologies offer practical solutions for a number of intractable maladies, using ingredients that have limited or no side effects compared with existing products.

We have developed GloveAid, a hand cream with both antiperspirant and antibacterial properties, to increase the comfort of users' hands during and after the wearing of disposable gloves. Since the end of the first quarter of 2003, we have begun small-scale sales of GloveAid in U.S. and foreign markets, and are focusing on reaching full-scale distribution of GloveAid by the fourth quarter of 2003.

Our Pure-ific line of products includes two quick-drying sprays, Pure-ific and Pure-ific Kids, that immediately kill up to 99.9% of germs on skin and prevent regrowth for 6 hours. Pure-ific products help prevent the spread of germs and thus complement our other OTC products designed to treat irritated skin or skin conditions such as acne, eczema, dandruff and fungal infections. We are beginning limited distribution of Pure-ific during the first quarter of 2003. We intend to continue developing our distribution network for these products and expect to expand the Pure-ific product line to include additional applications.

A number of dermatological conditions, including psoriasis, eczema, and acne, result from a superficial infection which triggers an overwhelming immune response. We anticipate developing OTC products similar to the GloveAid line for the treatment of mild to moderate cases of psoriasis, eczema, and acne.

Prescription Drugs

We are developing a number of prescription drugs which we expect will provide minimally invasive treatment of chronic severe skin afflictions such as psoriasis, eczema, and acne; and several life-threatening cancers such as those of the liver, breast and prostate. We believe that our products will be safer and more specific than currently existing products. Use of topical or other direct delivery formulations allows these potent products to be conveniently and effectively delivered only to diseased tissues, thereby enhancing both safety and effectiveness. All of these products are in the pre-clinical or clinical trial stage.

Our most advanced prescription drug candidate for treatment of topical diseases on the skin is Xantryl, a topical gel. PV-10, the active ingredient in Xantryl, is "photoactive": it reacts to light of certain wavelengths, increasing its therapeutic effects. PV-10 also concentrates in diseased or damaged tissue but quickly dissipates from healthy tissue. By developing a "photodynamic" treatment regimen (one which combines a photoactive substance with activation by a source emitting a particular wavelength of light) around these two properties of PV-10, we can deliver a higher therapeutic effect at lower dosages of active

ingredient, thus minimizing potential side effects including damage to nearby healthy tissues. PV-10 is especially responsive to green light, which is strongly absorbed by the skin and thus only penetrates the body to a depth of about three to five millimeters. For this reason, we have developed Xantryl combined with green-light activation for topical use in surface applications where serious damage could result if medicinal effects were to occur in deeper tissues. We are researching the use of Xantryl with green-light activation to treat multiple dermatological conditions, including acute psoriasis, actinic keratosis, and severe acne.

Oncology

Oncology is another major market where our planned products may afford competitive advantage compared to currently available options. We are developing Provecta, a sterile injectible form of PV-10, for direct injection into tumors. Because PV-10 is retained in diseased or damaged tissue but quickly dissipates from healthy tissue, we believe we can develop therapies that confine treatment to cancerous tissue and reduce collateral impact on healthy tissue. We are researching the use of PV-10 for the treatment of cancers of the liver, breast and prostate.

Medical Devices

We are developing medical devices to address two major markets:

- o cosmetic treatments, such as reduction of wrinkles and elimination of spider veins and other cosmetic blemishes; and
- o therapeutic uses, including photoactivation of Xantryl other prescription drugs and non-surgical destruction of certain skin cancers.

We expect to develop medical devices through partnerships with third-party device manufacturers or, if appropriate opportunities arise, through acquisition of one or more device manufacturers.

Research and Development

We have placed most research activities on hold as we attempt to conserve available capital and achieve full capitalization of the Company through equity and convertible debt offerings, generation of product revenues, and other means. In the interim, we are maintaining our research facilities in anticipation of a resumption of our research programs. All ongoing research and development activities are directed toward supporting our OTC product launches and maintaining our intellectual property portfolio.

GOING CONCERN

In connection with their audit report on our consolidated financial statements as of December 31, 2002, BDO Seidman LLP, our independent certified public accountants, expressed substantial doubt about our ability to continue as a going concern because such continuance is dependent upon our ability to raise capital or achieve profitable operations.

Our technologies are in early stages of development. We have not generated revenues from sales or operations and we do not expect to generate sufficient revenues to enable us to be profitable for several calendar quarters. In November 2002, we obtained \$1 million from Gryffindor Capital Partners I, L.L.C., a Delaware limited liability company ("Gryffindor") through the sale, pursuant to a Convertible Secured Promissory Note and Warrant Purchase Agreement dated November 26, 2002 (the "Gryffindor Agreement") between the Company and

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

Gryffindor, of our Convertible Secured Promissory Note dated November 26, 2002 in the original principal amount of \$1 million (the "Note") and Common Stock Purchase Warrants dated November 26, 2002 (the "Warrants"). In addition, at critical junctures during 2002 we obtained approximately \$109,000 in additional funding through short-term loans from Eric A. Wachter, our Vice President - Pharmaceuticals, a member of our Board of Directors, and a major stockholder. These funds allowed us to complete our planned corporate reorganization and acquisitions, complete initial production runs for several of our OTC products, and maintain our facilities and intellectual property portfolio. We require additional funding to continue initial production and distribution of OTC products in order to achieve meaningful sales volumes. In addition, we must raise substantial additional funds in order to fully implement our integrated business plan, including execution of the next phases in clinical development of our pharmaceutical products and resumption of research programs currently suspended.

Ultimately, we must achieve profitable operations if we are to be a viable entity. We intend to proceed as rapidly as possible with the development of OTC

10

products that can be sold with a minimum of regulatory compliance and with the development of revenue sources through licensing of our existing intellectual property portfolio. Although we believe that there is a reasonable basis for our expectation that we will successfully raise the needed funds, we cannot assure you that we will be able to raise sufficient capital to sustain operations before we can commence revenue generation or that we will be able to achieve, or maintain, a level of profitability sufficient to meet our operating expenses.

PLAN OF OPERATION

With the reorganization of Provectus and PPI and the acquisition and integration into the Company of Valley and Pure-ific, we believe we have obtained a unique combination of OTC products and core intellectual properties. This combination represents the foundation for a successful operating company that we believe will provide both short-term profitability and long-term growth. In 2003, through careful control of expenditures, commencing sales of OTC products, and issuance of debt and equity, we plan to build on that foundation to increase stockholder value.

In the short term, we intend to develop our business by marketing, manufacturing, and distributing our existing OTC products, principally GloveAid and Pure-ific. In the longer term, we expect to continue the process of developing, testing and obtaining FDA approval of prescription drugs and medical devices. Additionally, we intend to restart our research programs that will identify additional conditions that our intellectual properties may be used to treat and additional treatments for those and other conditions.

Cash Flow

As of March 31, 2003, we held approximately \$140,000 in cash. At our current cash expenditure rate, this amount will be sufficient to meet our needs until the middle of June 2003. We have reduced our expenditure rate by suspending most of our research programs; in addition, we are seeking to improve our cash flow by commencing sales of OTC products. However, we cannot assure that we will be successful either in commencing sales of OTC products or in reducing expenditures. Moreover, even if we are successful in improving our current cash flow position, we nonetheless will require additional funds to meet our short-term and long-term needs. We anticipate these funds will come from the proceeds of private placements or public offerings of debt or equity securities, but we cannot assure you that we will be able to obtain such funds.

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

Capital Resources

As noted above, our present cash flow is not sufficient to meet our short-term operating needs for initial production and distribution of OTC products in order to achieve meaningful sales volumes, much less to meet our longer-term needs for investment in our business through execution of the next phases in clinical development of our pharmaceutical products and resumption of our currently suspended research programs. We anticipate that the majority of the funds for our operating and development needs in 2003 will come from the proceeds of private placements or public offerings of debt or equity securities. We are currently in discussions with multiple funding sources and feel confident adequate operating funding and development funding will result. While we believe that we have reasonable basis for our expectation that we will be able to raise additional funds, we cannot give you an assurances that we will be able to do so on commercially reasonable terms. In addition, any such financing may result in significant dilution to stockholders.

Market Outlook

Our planned products are divided into three classes:

- o OTC products addressing the skincare markets;
- o Prescription pharmaceuticals addressing the dermatology and oncology markets; and
- o Medical devices

11

Our estimates of the size of the markets for each of these three planned product classes are set forth in the following table:

Product Area -----	Approximate Annual Value of Sales in U.S. Market (millions)
OTC Products	
Personal hygiene.....	\$ 100
Disposable glove care.....	100
Acne (all grades).....	1,000
Prescription Pharmaceuticals	
Psoriasis.....	1,500
Liver, breast and prostate cancer.....	1,000
Medical Devices	
Medical device systems.....	250

Skincare

We are developing OTC products for three areas in the skincare market:

1. personal hygiene products;

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

2. hand care products for workers who use disposable gloves; and
3. products for treatment of acne.

In the future, we expect to develop products for additional areas in the skincare market, including treatments for psoriasis, eczema, and various fungal infections such as dandruff and athlete's foot.

Personal Hygiene. Our Pure-ific brand of OTC products includes a number of topical antibacterial products that address the personal hygiene market, including a hand sanitizer that immediately kills germs on skin and prevents regrowth for six hours. We believe that annual retail sales in the United States of hand sanitizers are approximately \$100 million; this figure excludes sales of antibacterial sprays such as Lysol(R), which we estimate at more than \$1.2 billion in annual U.S. sales. We anticipate extending our Pure-ific brand to include additional products that leverage technologies utilized in our other skincare products.

Disposable Glove Care. We estimate that annual wholesale sales of disposable gloves in the U.S. are over \$1.2 billion, including \$530 million in sales to the acute care or hospital market, \$560 million in sales to the medical laboratory and non-hospital market, and \$100 million in sales to the dental market. Use of gloves for protection in other areas, including airport security, food preparation, sanitation, blood banks, research facilities, mail handling, police and fire personnel, is rapidly growing as concerns over possible exposure to biological or other hazards increase. We further anticipate that consumers will spend comparable amounts on hand care products as on the gloves themselves.

Acne. Acne affects an estimated 20 million people in the U.S. at any given time. 85% of all people aged 12 to 25 will experience acne problems, while 59% of women aged 25 to 39 suffer from this affliction. 70% percent of adult acne sufferers, and an even a higher fraction of teenagers, rely on self-medication to treat their acne. OTC products for treatment of mild- to moderate-grade acne generally are sold through department stores, supermarkets, and drug stores; combined sales of these products are believed to have exceeded \$800 million dollars in the year 2000 and were expected to increase by approximately 10% per year. In addition to these OTC products, Frost & Sullivan have estimated the U.S. prescription acne care market at \$1.3 billion, with over 7.7 million visits to physicians in 2001 for treatment of severe acne.

12

Other Skincare. We anticipate that the formulations of our OTC products and prescription drugs can be used to treat other conditions of the skin, including psoriasis, eczema, and fungal infections such as dandruff and athlete's foot. There are approximately 5 million psoriasis patients in the U.S., with over 150,000 new cases diagnosed every year. In the U.S., the total cost of psoriasis treatment was \$2.9 billion in 1995. The numbers are similar for eczema and fungal infections. We believe these represent extremely large future opportunities for our skincare products.

Prescription Pharmaceuticals

We are developing prescription drugs for the treatment of certain severe dermatological conditions such as psoriasis, and for the treatment of serious cancers, including those of the liver, breast, and prostate.

Acute Psoriasis. Psoriasis is a chronic skin disease affecting approximately 5 million Americans, with over 150,000 new cases diagnosed annually. The cause of psoriasis is unknown and there is no cure. Thus, patients typically undergo prolonged care over a period of years to decades. Approximately 2.5 million psoriasis patients are treated annually by U.S.

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

physicians (primarily dermatologists), comprising an estimated annual expenditure of \$1.5 billion for treatment in the mid-1990s. More recent estimates project a \$1-2 billion market opportunity for new therapies divided among several multi-hundred-million dollar products.

Liver Cancer. Hepatocellular carcinoma, or HCC, accounts for approximately 90% of all liver tumors and is the most common solid-organ tumor worldwide, causing over 1 million deaths annually. HCC is associated with chronic liver injury from viral hepatitis (hepatitis B and C), and has attained epidemic proportions among men aged 25 to 34 in eastern Asia, tropical Africa, and southern Italy. Although currently of relatively low incidence in the U.S. and Europe, the rapid rise in hepatitis infection in these regions signifies that this may soon change. In contrast, the primary form of liver cancer in the U.S. currently is metastatic colorectal carcinoma (155,000 new cases and 60,000 deaths annually, with a 6% five-year survival rate). The current standard of care for these forms of liver cancer is ablative therapy (via localized ethanol injection, cryosurgery, or radiofrequency ablation). A combined five-year survival rate of 33% for these therapies demonstrates the pressing need for new therapeutic approaches in a worldwide market estimated at over \$500 million.

Breast Cancer. The American Cancer Society estimates that approximately 205,000 new cases of invasive breast cancer, and over 54,000 new cases of in situ breast cancer, will occur in the U.S. in 2002, leading to approximately 40,000 deaths. Current treatments (lumpectomy, mastectomy, removal of regional lymph nodes, radiation therapy, chemotherapy, and hormone therapy) are expensive and associated with unacceptable side effects. While five-year survival rates are excellent for localized tumors (96%), this rate drops to 21% once distant metastasis has occurred. This illustrates that surgical excision and standard adjuvant treatments (such as chemotherapy and radiation) are ineffective at eliminating metastatic cells that have migrated from the primary treatment site. New, minimally-invasive treatment modalities for breast cancer may have broad applicability to this therapeutic market estimated at well over \$1 billion.

Prostate Cancer. The American Cancer Society estimates that approximately 190,000 U.S. men are afflicted annually with cancer of the prostate, leading to over 30,000 deaths. As with breast cancer, surgical resection, chemotherapy, radiation therapy, and immunotherapy comprise the standard treatments for the majority of cases, and can result in serious, permanent side effects. We believe that new, minimally-invasive modalities - such as direct injection of our prescription drug Provecta into prostate tumors - may have broad applicability to this therapeutic market as an adjuvant or primary form of therapy, providing an entry into a therapeutic market estimated at well over \$500 million.

Medical Device Systems

This market area comprises two sectors: cosmetic treatments, such as non-ablative wrinkle reduction, elimination of spider veins and other cosmetic blemishes, and laser hair reduction; and therapeutic uses, including activation of certain of the Company's light-activated drugs. Additional areas include

13

non-surgical destruction of skin cancers and removal of unwanted moles and other hyperpigmented features. The U.S. medical laser market exceeded \$1.6 billion in 2000, while the market for wrinkle reduction and hair reduction systems alone is currently in excess of \$100 million annually. We believe that we can develop new markets for laser devices, significantly in addition to the current market for these devices, as a result of the development of therapies consisting of photoactivation of the our prescription drug products.

FORWARD-LOOKING STATEMENTS

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

This Quarterly Report on Form 10-QSB contains forward-looking statements regarding, among other things, our anticipated financial and operating results. Forward-looking statements reflect our management's current assumptions, beliefs, and expectations. Words such as "anticipate," "believe," "estimate," "expect," "intend," "plan," and similar expressions are intended to identify forward-looking statements. While we believe that the expectations reflected in our forward-looking statements are reasonable, we can give no assurance that such expectations will prove correct. Forward-looking statements are subject to risks and uncertainties that could cause our actual results to differ materially from the future results, performance, or achievements expressed in or implied by any forward-looking statement we make. Some of the relevant risks and uncertainties that could cause our actual performance to differ materially from the forward-looking statements contained in this report are discussed under the heading "Risk Factors" and elsewhere in our Annual Report on Form 10-KSB, which was filed with the SEC on April 15, 2003. We caution investors that these discussions of important risks and uncertainties are not exclusive, and our business may be subject to other risks and uncertainties which are not detailed there.

Investors are cautioned not to place undue reliance on our forward-looking statements. We make forward-looking statements as of the date on which this Quarterly Report on Form 10-QSB is filed with the SEC, and we assume no obligation to update the forward-looking statements after the date hereof whether as a result of new information or events, changed circumstances, or otherwise, except as required by law.

Item 3. Controls and Procedures.

- (a) Evaluation of Disclosure Controls and Procedures. Our chief executive officer and chief financial officer have evaluated the effectiveness of the design and operation of our "disclosure controls and procedures" (as that term is defined in Rule 13a-14(c) under the Exchange Act) as of a date within 90 days of the filing date of this Quarterly Report on Form 10-QSB. Based on that evaluation, the chief executive officer and chief financial officer have concluded that our disclosure controls and procedures are effective to ensure that material information relating to the Company and the Company's consolidated subsidiaries is made known to such officers by others within these entities, particularly during the period this Quarterly Report on Form 10-QSB was prepared, in order to allow timely decisions regarding required disclosure.
- (b) Changes in Internal Controls. There have not been any significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation.

Part II Other Information

Item 1. Legal Proceedings.

On April 17, 2003, subsequent to the end of the fiscal quarter covered by this Quarterly Report on Form 10-QSB but prior to the date on which we filed this report with the Securities and Exchange Commission, a suit was filed in the Third Judicial District Court, Salt Lake County, Utah by Kelly Adams, on behalf of himself and "as representative of certain Stockholders of Provectus Pharmaceuticals, Inc., a Nevada corporation." The suit names PPI and Michael L. Labertew, an attorney in Salt Lake City, Utah, as defendants, and seeks to

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

rescind the Agreement and Plan of Reorganization dated April 22, 2002 by which we acquired PPI and PPI's former stockholders acquired majority ownership of our common stock. (This transaction is discussed in more detail in Part I above under the heading "Management's Discussion and Analysis or Plan of Operation.-Overview-History.") On April 29, 2003, without giving the Company or PPI notice of the motion or an opportunity to respond to it, the Utah court granted Mr. Adams's motion for a 10-day temporary restraining order (the "TRO"), preventing us from issuing additional shares of stock for a 10-day period commencing on April 29, 2003 and ending on May 9, 2003. Mr. Adams also has moved for a preliminary injunction that would impose the same restrictions until the completion of the proceedings. The Utah court has scheduled a hearing on the motion for May 13, 2003, at which the court will determine whether or not to issue the requested preliminary injunction.

We believe the TRO was issued without reason or due process, and we believe that the claims made by Mr. Adams and the "certain Stockholders" in their complaint are groundless. We have retained counsel in Utah, and we intend to contest vigorously the motion for a preliminary injunction and the remainder of the suit.

Item 2. Changes in Securities and Use of Proceeds.

Recent Sales of Unregistered Securities

During the three months ended March 31, 2003, we did not sell any securities which were not registered under the Securities Act of 1933, as amended (the "Securities Act") except as follows:

1. Pursuant to a letter agreement dated January 8, 2003 between the Company and Investor-Gate.com ("Investor-Gate"), the Company retained Investor-Gate to provide investor relations services. For these services, the Company agreed to pay Investor-Gate a monthly fee of \$7,250 for the first three months of the agreement and a monthly fee of \$6,000 per month thereafter. The monthly fee for the first three months was paid by the issuance and delivery to Investor-Gate of 29,000 shares of our common stock at an agreed-upon value of \$0.75 per share. In addition, we agreed to grant Investor-Gate warrants for the purchase of additional shares of our common stock. As of the close of business on January 8, 2003, the value of our common stock was \$0.40 per share.

On February 28, 2003, we terminated the agreement with Investor-Gate as a result of Investor-Gate's failure to perform the contracted-for investor relations services. Investor-Gate retained the 29,000 shares initially issued to it, as well as a warrant exercisable for the purchase of 25,000 shares of our common stock at an exercise price of \$0.75 per share. In addition, we remained obligated to issue additional warrants to Investor-Gate on the following terms:

Number of Shares -----	Exercise Price -----	Issue Date -----	Termination Date -----
25,000 shares	\$2.00	April 8, 2003	September 8, 2004
25,000 shares	\$5.00	January 8, 2004	July 8, 2005

We relied on an exemption from registration pursuant to Section 4(2) of the Securities Act, based on the sale of the shares and warrants, and the issuance of the shares of common stock issuable upon exercise of the warrants, to a single purchaser in a transaction not involving any general solicitation or general advertising.

2. Pursuant to a letter agreement dated January 31, 2003 between the Company and Gryffindor, the Company issued Gryffindor an Amended and Restated Senior Secured Convertible Note dated January 31, 2003 in the original principal amount of \$1,025,959 (the "Amended Note"). The Amended Note bears interest at 8% per annum, payable quarterly in arrears, is due and payable in full on November 26, 2004, and amends and restated the original Note in its entirety. As with the Note, our obligations under the Amended Note are secured by a first priority security interest in all of our Company's assets, including the assets held by our Xantech and Pure-ific subsidiaries. Subject to certain exceptions, the Amended Note is convertible into shares of our common stock beginning on the November 26, 2003; the principal amount of the Note is convertible at the rate of one share of common stock for each \$0.7365655 of principal converted, while accrued but unpaid interest on the Note is convertible at the rate of one share of common stock for each \$0.55 of accrued but unpaid interest converted. We relied on an exemption from registration pursuant to Section 4(2) of the Securities Act, based on the issuance of the Amended Note, and the issuance of the shares of common stock issuable upon conversion of the Amended Note, to a limited number of purchasers in a transaction not involving any general solicitation or general advertising.
3. Pursuant to a letter agreement dated February 20, 2003 between the Company and Strategic Growth International, Inc. ("SGI"), the Company retained SGI as its investor relations consultant. For services under the Agreement, the Company issued SGI warrants on the following terms:

Number of Shares	Exercise Price	Issue Date	Termination Date
-----	-----	-----	-----
120,000 shares	\$0.25	February 20, 2003	February 20, 2008
120,000 shares	\$0.35	February 20, 2003	February 20, 2008
120,000 shares	\$0.50	February 20, 2003	February 20, 2008

In addition, at the Company's option, during the first three months of the agreement the Company may elect to issue SGI 30,000 shares per month in lieu of payment of \$3,000 of the monthly cash fee payable under the agreement. As of the close of business on February 18, the last day on which a trade was reported prior to the execution of the agreement with SGI, the value of our common stock was \$0.26 per share. During the quarter ended March 31, 2003, we did not exercise our option to issue shares in lieu of payment of fees. We relied on an exemption from registration pursuant to Section 4(2) of the Securities Act, based on the sale of the shares and warrants, and the issuance of the shares of common stock issuable upon exercise of the warrants, to a single purchaser in a transaction not involving any general solicitation or general advertising.

4. Pursuant to a letter agreement dated March 27, 2003 between the Company and Josephberg Grosz & Co., Inc. ("JGC"), the Company issued JG Capital, Inc., an affiliate of JGC, 35,000 shares of common stock as consideration for JGC's agreement to assist the Company in obtaining additional capital. As of the close of business on March 21, 2003, the last day on which a trade was reported prior to the execution of the agreement with JGC, the value of our common stock was \$0.32 per share. We relied on an exemption from registration pursuant to Section 4(2) of the Securities Act, based on the sale of these shares to a single purchaser in a transaction not involving any general solicitation or general advertising.

Item 4. Submission of Matters to a Vote of Security Holders.

Article I
STOCKHOLDERS

Section 1.1. Annual Meetings

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

An annual meeting of stockholders shall be held for the election of directors at such date as may be designated by resolution of the Board of Directors from time to time. Any other proper business may be transacted at the annual meeting.

Section 1.2. Special Meetings

Special meetings of stockholders for any purpose or purposes may be called at any time by the Board of Directors, or by a committee that has been duly designated by the Board of Directors and has the power and authority to call such meetings, but such special meetings may not be called by any other person or persons.

Section 1.3. Time and Place of Meetings

All meetings of stockholders shall be held at such time and place, whether within or without the State of Nevada, as determined by the Board of Directors. If authorized by the Board of Directors in its sole discretion, and subject to such guidelines and procedures as the Board of Directors may adopt, stockholders and proxyholders not physically present at a meeting of stockholders may, by means of remote communication: (a) participate in a meeting of stockholders; and (b) be deemed present and in person and vote at a meeting of stockholders whether such meeting is to be held at a designated place or solely by means of remote communication; provided, that (i) the Corporation shall implement reasonable measures to verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a stockholder or proxyholder; (ii) the Corporation shall implement measures to provide such stockholders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the stockholders, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings, and (iii) if any stockholder or proxyholder votes or takes other action at the meeting by means of remote communication, a record of such vote or other action shall be maintained by the Corporation.

Section 1.4. Notice of Meetings

(a) Whenever stockholders are required or permitted to take any action at a meeting, a written notice of the meeting shall be given which shall state the place, if any, date and hour of the meeting, the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such meeting, and, in the case of a special meeting, the purpose or purposes for which the meeting is called. Unless otherwise provided by law, the written notice of any meeting shall be given not less than 10 nor more than 60 days before the date of the meeting to each stockholder entitled to vote at such meeting. If mailed, such notice shall be deemed to be given when deposited in the mail, postage prepaid, directed to the stockholder at his or her address as it appears on the records of the Corporation.

(b) Without limiting the manner by which notice otherwise may be given effectively to stockholders, any notice to stockholders given by the Corporation shall be effective if given by a form of electronic transmission consented to by the stockholder to whom the notice is given. Any such consent shall be revocable by the stockholder by written notice to the Corporation. Any such consent shall be deemed revoked if (i) the Corporation is unable to deliver by electronic transmission two consecutive notices given by the Corporation in accordance with such consent and (ii) such inability becomes known to the secretary or an assistant secretary of the Corporation or to the transfer agent, or other person responsible for the giving of notice; provided, however, the inadvertent failure to treat such inability as a revocation shall not invalidate any meeting or other action.

(c) Notice given pursuant to Section 1.4(b) shall be deemed given: (i) if by facsimile telecommunication, when directed to a number at which the stockholder has consented to receive notice; (ii) if by electronic mail, when directed to an electronic mail address at which the stockholder has consented to receive notice; (iii) if by a posting on an electronic network together with separate notice to the stockholder of such specific posting, upon the later of (A) such posting and (B) the giving of such separate notice; and (iv) if by any other form of electronic transmission, when directed to the stockholder. An affidavit of the secretary or an assistant secretary or of the transfer agent or other agent of the Corporation that the notice has been given by a form of electronic transmission shall, in the absence of fraud, be prima facie evidence of the facts stated therein.

Section 1.5. Adjournments

Any meeting of stockholders, annual or special, may adjourn from time to time to reconvene at the same or some other place, and notice need not be given of any such adjourned meeting if the time, place, if any, thereof, and the means of remote communication, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken. At the adjourned meeting the Corporation may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 30 days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

Section 1.6. Quorum

At each meeting of stockholders, except where otherwise provided by law or the Articles of Incorporation or these Bylaws, the holders of a majority of the outstanding shares of stock entitled to vote at the meeting, present in person or by proxy, shall constitute a quorum. In the absence of a quorum, the stockholders so present may, by majority vote, adjourn the meeting from time to time in the manner provided in Section 1.5 of these Bylaws until a quorum shall attend. Shares of its own stock belonging to the Corporation or to another corporation, if a majority of the shares entitled to vote in the election of directors of such other corporation is held, directly or indirectly, by the Corporation, shall neither be entitled to vote nor be counted for quorum purposes; provided, however, that the foregoing shall not limit the right of any corporation to vote stock, including but not limited to its own stock, held by it in a fiduciary capacity.

Section 1.7. Administration of Meetings

Meetings of stockholders shall be presided over by the Chairman of the Board, if any, or in his or her absence by the Vice Chairman of the Board, if any, or in his or her absence by the President, or in his or her absence by a Vice President, or in the absence of the foregoing persons, by a chairman designated by the Board of Directors, or in the absence of such designation, by a chairman chosen at the meeting. The Secretary shall act as secretary of the meeting, but in his or her absence the chairman of the meeting may appoint any person to act as secretary of the meeting.

Section 1.8. Voting; Proxies

Except as otherwise provided by the Articles of Incorporation, each stockholder entitled to vote at any meeting of stockholders shall be entitled to one vote for each share of stock held by him which has voting power upon the matter in question. Each stockholder entitled to vote at a meeting of

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

stockholders may authorize another person or persons to act for him by proxy, but no such proxy shall be voted or acted upon after three years from its date, unless the proxy provides for a longer period. A duly executed proxy shall be irrevocable if it states that it is irrevocable and if, and only as long as, it is coupled with an interest sufficient in law to support an irrevocable power. A stockholder may revoke any proxy which is not irrevocable by attending the meeting and voting in person or by filing an instrument in writing revoking the proxy or another duly executed proxy bearing a later date with the Secretary of

the Corporation. Voting at meetings of stockholders need not be by written ballot and need not be conducted by inspectors unless the Board of Directors, or holders of a majority of the outstanding shares of all classes of stock entitled to vote thereon present in person or by proxy at such meeting shall so determine. If voting at a meeting of stockholders is conducted by written ballot, such ballots may be transmitted electronically, provided that any such electronic transmission must either set forth or be submitted with information from which it can be determined that the electronic transmission was authorized by the stockholder or proxyholder. At all meetings of stockholders for the election of directors a plurality of the votes cast shall be sufficient to elect. All other elections and questions shall, unless otherwise provided by law or by the Articles of Incorporation or these Bylaws, be decided by the vote of the holders of a majority of the outstanding shares of stock entitled to vote thereon present in person or by proxy at the meeting.

Section 1.9. Fixing Date for Determination of Stockholders of Record

For the purpose of determining the stockholders entitled to notice of, or to vote at any meeting of stockholders or any adjournment thereof, or to express consent to or dissent from any proposal without a meeting, or to receive notice that any such corporate action was taken without a meeting or for the purpose of determining the stockholders entitled to receive payment of any dividend or the allotment of any rights, or to exercise any rights in respect of any conversion or exchange of stock or for the purpose of any other lawful action affecting the interests of stockholders, the Board of Directors may fix, in advance, a date as the record date for any such determination of stockholders. Such date shall be not be more than 60 nor less than 10 days before the date of any such meeting nor more than 60 days before any such other actions. If no record date is fixed, (a) the record date for determining the stockholders entitled to notice of or to vote at a meeting shall be at the close of business on the day next preceding the date on which notice is given, or, if no notice is given, on the day next preceding the day on which the meeting is held; (b) the record date for determining the stockholders entitled to express written consent to the taking of any corporate action without a meeting, when no prior action by the Board of Directors is necessary, shall be the day on which the first written consent is expressed; and (c) the record date for determining stockholders for any purpose other than those specified in (a) and (b) above shall be the close of business on the day on which the resolution of the Board of Directors relating thereto is adopted.

Section 1.10. List of Stockholders Entitled to Vote

The Secretary shall prepare and make, at least 10 days before every meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. The Corporation shall not be required to include electronic mail addresses or other electronic contact information on such list. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting for a period of at least 10 days prior to the meeting, either (a) on a reasonably accessible electronic network, provided that the information required to gain

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

access to such list is provided with the notice of the meeting, or (b) during ordinary business hours, at the principal place of business of the Corporation. In the event that the Corporation determines to make the list available on an electronic network, the Corporation may take reasonable steps to ensure that such information is available only to stockholders of the Corporation. If the meeting is to be held at a place, then the list shall be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present. If the meeting is to be held solely by means of remote communication, then the list shall also be open to the examination of any stockholder during the whole time of the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting. The stock ledger shall be the only evidence as to who are the stockholders entitled to examine the stock ledger, the list of stockholders or the books of the Corporation, or to vote in person or by proxy at any meeting of stockholders.

Section 1.11. Action by Consent of Stockholders

(a) Unless otherwise restricted by the Articles of Incorporation, any action required or permitted to be taken at any annual or special meeting of the stockholders may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing.

(b) A telegram, cablegram or other electronic transmission consenting to an action to be taken and transmitted by a stockholder or proxyholder, or by a person or persons authorized to act for a stockholder or proxyholder, shall be deemed to be written, signed and dated for the purposes of this section, provided that any such telegram, cablegram or other electronic transmission sets forth or is delivered with information from which the Corporation can determine (i) that the telegram, cablegram or other electronic transmission was

3

transmitted by the stockholder or proxyholder or by a person or persons authorized to act for the stockholder or proxyholder and (ii) the date on which such stockholder or proxyholder or authorized person or persons transmitted such telegram, cablegram or electronic transmission. The date on which such telegram, cablegram or electronic transmission is transmitted shall be deemed to be the date on which such consent was signed. No consent given by telegram, cablegram or other electronic transmission shall be deemed to have been delivered until such consent is reproduced in paper form and until such paper form shall be delivered to the Corporation by delivery to its registered office in the State of Nevada, its principal place of business or an officer or agent of the Corporation having custody of the book in which proceedings of meetings of stockholders are recorded. Delivery made to the Corporation's registered office in the State of Nevada shall be made by hand or by certified or registered mail, return receipt requested. Notwithstanding the foregoing limitations on delivery, consents given by telegram, cablegram or other electronic transmission may be otherwise delivered to the principal place of business of the Corporation or to an officer or agent of the Corporation having custody of the book in which proceedings of meetings of stockholders are recorded if, to the extent and in the manner provided by resolution of the board of directors of the Corporation. Any copy, facsimile or other reliable reproduction of a consent in writing may be substituted or used in lieu of the original writing for any and all purposes for which the original writing could be used, provided that such copy, facsimile or other reproduction shall be a complete reproduction of the entire original

Notwithstanding anything to the contrary contained herein, if at any time prior to the Conversion Start Date (as hereinafter defined), the Borrower shall fail to make any quarterly payment of interest due hereunder (each, a "Pre-Conversion Unmatured Interest Default"), the Borrower shall forfeit any right to pay the amount of such Pre-Conversion Unmatured Interest Default (or cause any other entity or affiliate of the Borrower, including any guarantor, to pay such amount) and the outstanding principal amount hereof shall bear interest at the Default Rate until such time as this Note is repaid in full or the full amount due under this Note is converted in accordance with the terms herein; provided, further, that, at any time after the Conversion Start Date, the Borrower shall fail to make any quarterly payment of interest due hereunder, such failure shall constitute an Event of Default under Section 7(a) hereof.

3. Optional Conversion. Subject to Lender's conversion right pursuant to Section 4.1.6 of the Shareholders' Agreement, dated as of even date herewith, by and among, Borrower, Lender and certain other shareholders, commencing on November 26, 2003 (the "Conversion Start Date") through and including the Maturity Date, Lender, in its sole discretion, shall have the right to convert the outstanding principal and accrued and unpaid interest on this Note, in whole or in part, into certain shares of stock of the Borrower as follows:

a) Principal. Lender shall have the right to convert all or any portion of the outstanding principal amount under the Note into that number of common shares of the Borrower equal to the amount of principal to be converted divided by the conversion price of \$0.73655655 (the "Principal Shares"), which conversion price was determined based on (i) Lender owning that number of shares of common stock of the Borrower constituting twelve and seven hundred eighty-three thousandths percent (12.783%) (the "Ownership Percent") of the Borrower (assuming that the Principal Shares are converted and the shares under the Warrant are exercised at the same time) at a pre-money valuation of Five Million Dollars (\$5,000,000), and (ii) (a) outstanding shares and commitments to issue shares, in the amount of 9,050,763 for twelve and one-half percent (12.50%) of the Ownership Percent, and (b) outstanding shares and commitments to issue shares, in the amount of 10,896,595 for two hundred eighty three thousandths percent (0.283%) of the Ownership Percent, as represented by the Borrower in the Purchase Agreement, which amounts exclude those shares reserved for issuance under the Borrower's employee stock option plan.

b) Interest. Lender also shall have the right to convert all or any portion of the accrued and unpaid interest under the Note into that number of common shares of the Borrower equal to the amount of principal to be converted divided by the conversion price of \$0.55 (the "Interest Shares"),

Edgar Filing: PROVECTUS PHARMACEUTICALS INC - Form 10QSB

which conversion price was determined based on (i) a pre-money valuation of Five Million Dollars (\$5,000,000), and (ii) outstanding shares and commitments to issue shares, in the amount of 9,050,763, as represented by the Borrower in the Purchase Agreement, which amount excludes those shares reserved for issuance under the Borrower's employee stock option plan.

c) Mechanics of Conversion. Before Lender shall be entitled to convert this Note into the Principal Shares and/or the Interest Shares (collectively, the "Acquired Securities"), as applicable, Lender shall surrender this Note, duly endorsed, at the office of the Borrower, and shall give written notice to the Borrower at its principal corporate office of the election to the same and shall state therein the name or names in which the certificate or certificates for the Acquired Securities are to be issued. The Borrower, promptly thereafter, shall issue and deliver to such persons at the address specified by Lender, a certificate or certificates for the Acquired Securities to which the Holder is entitled. Such conversion shall be deemed to have been made immediately prior to the close of business on the date of such surrender of this Note, and the persons entitled to receive the Acquired Securities issuable upon such conversion shall be treated for all purposes as the record holder or holders of such Acquired Securities as of such date. No fractional shares shall be issued upon conversion of the principal and/or interest due under this Note and the number of Acquired Securities to be issued shall be rounded up to the nearest whole share.

d) Effect of Reorganization, Reclassification, Consolidation, Merger or Sale. If at any time while this Note is outstanding there shall be any reorganization or reclassification of the capital stock of the Borrower or any consolidation or merger of the Borrower with another corporation (other than a consolidation or merger in which the Borrower is the surviving entity and which does not result in any change in the Common Stock), or any sale or other disposition by the Borrower of all or substantially all of its assets to any other corporation, the holder of this Note shall thereafter upon conversion of this Note be entitled to receive the number of shares of stock or other securities or property of the Borrower, or of the successor corporation resulting from such consolidation or merger, as the case may be, to which the Acquired Securities (and any other securities and property) of the Borrower, deliverable upon the exercise of the conversion under this Note, would have been entitled upon such reorganization, reclassification of capital stock, consolidation, merger, sale or other disposition if this Note had been exercised immediately prior

2

to such reorganization, reclassification of capital stock, consolidation, merger, sale or other disposition. In any such case, appropriate adjustment (as determined in good faith by the Board of Directors of the Borrower) shall be made in the application of the provisions set forth in this Note with respect to the rights and interests thereafter of the holder of this Note to the end that the provisions set forth in this Note (including those relating to adjustments of the number of shares issuable upon the conversion of this Note) shall thereafter be applicable, as near as reasonably may be, in relation to any shares or other property thereafter deliverable upon the conversion hereof as if this Note had been converted immediately prior to such reorganization, reclassification of capital stock, consolidation, merger, sale or other disposition and the holder hereof had carried out the terms of the exchange as provided for by such reorganization, reclassification of capital stock, consolidation or merger. The Borrower shall not effect any such reorganization, consolidation or merger unless, upon or prior to the consummation thereof, the successor corporation shall assume by written instrument the obligation to deliver to

the holder hereof such shares of stock, securities, cash or property as such holder shall be entitled to purchase in accordance with the foregoing provisions.

e) Effect of a Stock Dividends, Splits, Etc. If the Borrower shall at any time after the date hereof fix a record date for the subdivision, split-up or stock dividend of shares of its Common Stock, then, concurrently with the effectiveness of such subdivision, split-up or dividend, the number of shares of Common Stock issuable on conversion of this Note shall be increased in proportion to such increase in outstanding shares of Common Stock.

f) Prior Notice as to Certain Events. In case at any time:

(i) the Borrower shall offer for subscription pro rata to the holders of its Common Stock any additional shares of stock of any class or any other rights; or

(ii) there shall be any reorganization or reclassification of the capital stock of the Borrower, or consolidation or merger of the Borrower with another corporation or a sale or disposition of all or substantially all its assets; or

(iii) there shall be a voluntary or involuntary dissolution, liquidation or winding up of the Borrower;

then, in each of said cases, the Borrower shall give prior written notice, by first class mail, postage prepaid, addressed to the holder of this Note at the address of such holder as shown in Section 9(k) below, of the date on which (iv) the books of the Borrower shall close or a record shall be taken for such stock dividend, distribution or subscription rights or (v) such reorganization, reclassification, consolidation, merger, sale, dissolution, liquidation or winding up shall take place, as the case may be. Such notice also shall specify the date as of which the holders of the Common Stock of record shall participate in said stock dividend, distribution or subscription rights or shall be entitled to exchange their Common Stock for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, sale, dissolution, liquidation or winding up, as the case may be. Such written notice shall be given at least ten (10) days prior to the action in question and not less than ten (10) days prior to the record date or the date on which the Borrower's transfer books are closed in respect thereto.

g) Reservation of Common Stock. The Borrower will at all times after the date hereof reserve and keep available for issuance upon the conversions described herein such number of authorized and unissued shares of Common Stock as will be sufficient to permit the conversions described herein, and upon such issuance such shares of Common Stock will be validly issued, fully paid and nonassessable, and free from all liens and charges with respect to the issuance thereof.

4. Prepayment. The Borrower will not have the right at any time to prepay this Note in whole or in part, except in the event that the Borrower obtains a commitment from another investor for an amount not less than Three Million Dollars (\$3,000,000) in exchange for shares of the Borrower, which commitment shall include an obligation on the part of such investor to repay in full the outstanding principal balance plus all accrued and unpaid interest thereon owing hereunder (the "Obligations"), and such commitment is on terms reasonably acceptable to Lender. The Company shall include the shares issuable upon the exercise of the warrants granted pursuant to this Section 5, together with any shares issued pursuant to (or upon the exercise of warrants granted pursuant to) Section 3 of this Agreement, with any of the Company's securities it determines to register

for its own account at any time, subject only, in an underwritten public offering, to such customary limitations which such underwriter may impose based upon its determination that marketing factors require a limitation on the number of shares to be underwritten (the "Piggy Back Rights"). The Piggy Back Rights shall not apply from time to time, if, at the time such holder desires to sell any of the Shares, the holder of the Shares (together with its affiliates) is able to sell all such Shares remaining pursuant to Rule 144 promulgated under the Securities Act of 1933, as amended. The Piggy Back Rights shall continue until all the Shares are registered and sold.

All warrants and options are excluded from cancellation for 18 months from the signing of this contract.

7. Indemnity.

(a) Indemnification by the Company. In connection with INVESTOR-GATE.COM's engagement hereunder, including modifications or future additions to this engagement and the related activities prior to this date, the Company agrees that it will indemnify, hold harmless and defend INVESTOR-GATE.COM and its affiliates, any director, officer, agent or employee of INVESTOR-GATE.COM or any of its affiliates and each other person, if any, controlling INVESTOR-GATE.COM or any of its affiliates and each of their successors and assigns (collectively, the "INVESTOR-GATE.COM Group") against and in respect of any and all losses, damages, claims, obligations, demands, actions, suits, proceedings, assessments, liabilities, judgments, recoveries and deficiencies, costs and expenses (including, without limitation, reasonable attorneys' fees and costs and expenses incurred in investigating, preparing, defending against or prosecuting any litigation, claim, proceeding or demand), all on an after-tax basis, less any amounts actually paid as insurance reimbursement, of any kind or character (collectively, a "Loss"), (i) related to, arising out of or result from (A) oral or written information provided by the Company, the Company's employees or the Company's other agents, for use by INVESTOR-GATE.COM in connection with INVESTOR-GATE.COM's performance of services under this Agreement; (B) other action or failure to act by the Company, the Company's employees or the Company's other agents or by INVESTOR-GATE.COM at the Company's request or with the Company's consent or (C) any breach of, or failure by the Company to fully perform, or any inaccuracy in, any of the representations, warranties, covenants or agreements of the Company in this Agreement or (ii) otherwise related to or arising out of the engagement of INVESTOR-GATE.COM pursuant to this Agreement or any transaction or conduct in connection therewith except that this clause (ii) and clause (i)(B) relating to actions by INVESTOR-GATE.COM, shall not apply with respect to any losses that are finally judicially determined to have resulted primarily from INVESTOR-GATE.COM's bad faith or gross negligence.

Edgar Filing: PROTECTUS PHARMACEUTICALS INC - Form 10QSB

(b) Notice of Claim. Whenever INVESTOR-GATE.COM learns of or discovers any matter which may give rise to a claim for indemnification (the "Claim") against the Company under this Section 7 (the "Indemnity Obligor"), as the indemnified party (the "Indemnified Party"), shall give notice to the Indemnity Obligor of the Claim. With respect to Claims which are the subject of actions, suits, or proceedings threatened or asserted in writing by any third party (a "Third Party Claim"), the Indemnified Party shall, within 15 days following receipt of such Third Party Claim, promptly notify the Indemnity Obligor in writing of any Claim for recovery, specifying in reasonable detail the nature of the Loss and the amount of the liability estimated to arise therefrom. If the Indemnified Party does not so notify the Indemnity Obligor within 15 days of its discovery of a Third Party Claim, such Claim shall be barred only to the extent

that the Indemnity Obligor is prejudiced by such failure to notify. The Indemnified Party shall provide to the Indemnity Obligor as promptly as practicable thereafter all information and documentation reasonably requested by the Indemnity Obligor to verify the Claim asserted.

(c) Defense. If the facts relating to a Loss arise out a Third Party Claim, or if there is any claim against a third party available by virtue of the circumstances of the Loss, the Indemnity Obligor shall, by giving written notice to the Indemnified Party within 15 days following its receipt of the notice of such claim, assume the defense or the prosecution thereof, including the employment of counsel or accountants, reasonably satisfactory to the Indemnified Party, at its cost and expense; provided, however, that during the interim the Indemnified Party shall use its best efforts to take all action (not including settlement) reasonably necessary to protect against further damage or loss with respect to the Loss. The Indemnified Party shall have the right to employ counsel separate from counsel employed by the Indemnity Obligor in any such action and to participate therein, but the fees and expenses of such counsel shall be at the Indemnified Party's own expense, unless (a) the employment thereof has been specifically authorized by the Indemnity Obligor, (b) such Indemnified Party has been advised by counsel reasonably satisfactory to the Indemnity Obligor that there may be one or more legal defenses available to it which are different from or additional to those available to the Indemnity Obligor and in the reasonable judgment of such counsel it is advisable for such Indemnified Party to employ separate counsel, or (c) the Indemnity Obligor has failed to assume the defense of such action and employ counsel reasonably satisfactory to the Indemnified Party. Whether or not the Indemnity Obligor defends or prosecutes such claim, all the parties hereto shall cooperate in the defense or prosecution thereof and shall furnish such records, information and testimony and shall attend such conferences, discovery proceedings and trial as may be reasonably requested in connection therewith. The Indemnity Obligor shall not be liable for any settlement of any such claim effected without its prior written consent. In the event of payment by the Indemnity Obligor to the Indemnified Party in connection with any Loss arising out of a Third Party Claim, the Indemnity Obligor shall be subrogated to and shall stand in the place of the Indemnified Party as to any events or circumstances in respect of which the Indemnified Party may have any right or claim against such third party relating to such indemnified matter. The Indemnified Party shall cooperate with the Indemnity Obligor in prosecuting any subrogated claim. The Indemnity Obligor will take no action in connection with any claim that would adversely affect the Indemnified Party without the consent of the Indemnified Party.

(d) Duration of the Company's Obligations. The Indemnity Obligor's indemnification obligations under this Agreement shall survive the termination of this Agreement.

8. Acknowledgments and Representations.
