PROXY STATEMENT

FOR THE 2003 ANNUAL MEETING OF STOCKHOLDERS

June 5, 2003

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of Blue Martini Software, Inc. is soliciting your proxy to vote at the 2003 Annual Meeting of Stockholders. You are invited to attend the annual meeting and we request that you vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

We intend to mail this proxy statement and accompanying proxy card on or about May 5, 2003 to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 8, 2003 will be entitled to vote at the annual meeting. On this record date, there were 10,656,623 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

Edgar Filing: BLUE MARTINI SOFTWARE INC - Form DEF 14A

If on April 8, 2003, your shares were registered directly in your name with our transfer agent, Computershare Investor Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 8, 2003, your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are three matters scheduled for a vote:

Election of two directors to hold office until the 2006 Annual Meeting of Stockholders;

Proposed amendments to our 2000 Non-Employee Directors Stock Option Plan to increase our non-discretionary equity compensation for our non-employee directors;

Ratification of KPMG LLP as our independent auditors for our fiscal year ending December 31, 2003.

What are the recommendations of our Board of Directors?

Our Board of Directors recommends that you vote your shares:

For the election of both nominees for director to hold office until the 2006 Annual Meeting of Stockholders;

For the approval of amendments to our 2000 Non-Employee Directors' Stock Option Plan to increase our non-discretionary equity compensation for our non-employee directors; and

For the ratification of KPMG LLP as our independent auditors for our fiscal year ending December 31, 2003.

How do I vote?

You may either vote **For** all the nominees to our Board of Directors or you may abstain from voting for any nominee you specify. For each of the other matters to be voted on, you may vote **For** or **Against** or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

Ø To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

Ø To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from Blue Martini. Simply complete and mail the proxy card to ensure that your vote is counted. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 8, 2003.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of both nominees for director, For the approval of amendments to our 2000 Non-Employee Directors Stock Option Plan to increase our non-discretionary equity compensation for our non-employee directors and For the ratification of KPMG LLP as our independent auditors for our fiscal year ending December 31, 2003. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

- Ø You may submit another properly completed proxy card with a later date.
- Ø You may send a written notice that you are revoking your proxy to Blue Martini's Secretary at 2600 Campus Drive, San Mateo, California 94403.
- Ø You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and (with respect to proposals other than the election of directors) Against votes, abstentions and broker non-votes. Broker non-vote refers to a proposal for which a broker or bank does not have the authority to vote, but has the authority to vote and does vote on some proposals. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved.

How many votes are needed to approve each proposal?

- Ø For the election of directors, the two nominees receiving the most For votes will be elected. Broker non-votes will have no effect.
- Ø To be approved, Proposal No. 2 to amend our 2000 Non-Employee Directors Stock Option Plan must receive a For vote from the majority of shares present in person or by proxy and entitled to vote at the annual meeting. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.
- Ø To be approved, Proposal No. 3 to ratify the selection of KPMG LLP as our independent auditors for our fiscal year ending December 31, 2003 must receive a For vote from the majority of shares present in person or by proxy and entitled to vote at the annual meeting. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding stock entitled to vote are represented by votes at the meeting or by proxy. On the record date, there were 10,656,623 shares of our common stock outstanding and entitled to vote. Thus 5,328,312 shares of our common stock must be represented by votes at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for the second quarter of 2003.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 31, 2003, to Eric Jensen, Secretary, c/o Blue Martini Software, Inc., 2600 Campus Drive, San Mateo, California 94403. If you

wish to submit a proposal that is not to be included in next year's proxy materials, you must submit your proposal between March 7, 2004 and April 6, 2004. You are also advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on our Board of Directors may be filled only by persons elected by a majority of the remaining directors. A director elected by our Board of Directors to fill a vacancy in a class shall serve for the remainder of the full term of that class, and until the director's successor is elected and qualified. This includes vacancies created by an increase in the authorized number of directors.

Our Board of Directors presently has six members. There are two directors in the class whose term of office expires in 2003. Each of the two nominees for election to this class is currently a director of Blue Martini. One of these directors, Monte Zweben, was previously elected by our stockholders, and the other, Dominic Gallelo, was appointed by our Board of Directors in April 2003. If elected at the annual meeting, each of these nominees would serve until the 2006 annual meeting and until his successor is elected and has qualified, or until the director's death, resignation or removal.

The following is a brief biography of each nominee for director and each director whose term will continue after the annual meeting.

NOMINEES FOR ELECTION FOR A THREE-YEAR TERM EXPIRING AT THE 2006 ANNUAL MEETING

From September 1986 to December 1992, Mr. Zweben was the Deputy Branch Chief of the NASA Ames Research Center's Artificial Intelligence Branch. Mr. Zweben currently serves on the Board of Directors of Advent Software, Inc.

Dominic Gallelo, age 48, has served as a Director since April 2003. From October 2002 to April 2003, Mr. Gallelo served as Executive Vice President, Corporate Development for Macromedia, Inc. Mr. Gallelo joined Autodesk in 1992 and served in a number of executive positions there, including Vice President of Asia-Pacific, Vice President of the Manufacturing Solutions Group, and Executive Vice President of the Design Solutions Group.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF EACH NAMED NOMINEE.

Mr. Zuendt currently serves on the Board of Directors of Advent Software, Inc.

Dennis Carey, age 56, has served as a Director since July 2002. Mr. Carey has served as Executive Vice President of Motorola, Inc. and President and Chief Executive Officer of Motorola's Integrated Electronic Systems Sector since November, 2002. Prior to Motorola, Mr. Carey served as Executive Vice President of Business Development, Strategy and Corporate Operations for The Home Depot, Inc. from May 2001 to March 2002. He joined Home Depot in May 1998 as Executive Vice President and Chief Financial Officer and served in that capacity until May 2001. From 1994 to 1998, Mr. Carey was employed by AT&T Corp. in several roles, most recently as Vice President and General Manager, Corporate Productivity and Mergers and Acquisitions from December 1996 to May 1998.

DIRECTORS CONTINUING IN OFFICE UNTIL THE 2004 ANNUAL MEETING

Andrew W. Verhalen, age 46, has served as a Director since January 1999. Mr. Verhalen has been a general partner of entities associated with Matrix Partners since April 1992. From 1986 to 1991, Mr. Verhalen served as a divisional Vice President

and General Manager at 3Com Corporation. Mr. Verhalen currently serves on the Board of Directors of Digital Fountain, Inc., Onetta, Inc. and Turnstone Systems, Inc.

Mel Friedman, age 64, has served as a Director since May 2002. Mr. Friedman retired as Senior Vice President of Customer Advocacy at Sun Microsystems Inc. in July 2002 after serving in that position since July 2000. LEGAL PROCEEDINGS

Beginning in July 2001, Blue Martini, Mr. Zweben, Mr. Zuendt, Mr. Verhalen, certain of our former officers and directors and Goldman Sachs and the other underwriters of our initial public offering, or IPO, were named as defendants in several class action shareholder complaints filed in the United States District Court for the Southern District of New York, consolidated under the title *In re Blue Martini Initial Public Offering Securities Litigation*. Plaintiffs claim that the defendants violated the federal securities laws because our IPO registration statement and prospectus allegedly contained untrue statements of material fact or omitted material facts regarding the compensation to be received by, and the stock allocation practices of, the IPO underwriters. The plaintiffs seek unspecified monetary damages and other relief. Similar complaints were filed in the same Court against hundreds of other public companies that conducted IPOs of their common stock since the mid-1990s. On August 8, 2001, all IPO-related lawsuits were consolidated for pretrial purposes before United States Judge Shira Scheindlin of the Southern District of New York. In accordance with Judge Scheindlin's orders, we have not answered the complaint, and no discovery has been served. Also in accordance with Judge Scheindlin's orders, plaintiffs filed amended consolidated complaints on April 19, 2002. We joined in a global motion to dismiss the IPO Lawsuits on July 15, 2002. On or about October 9, 2002, our directors and officers were dismissed without prejudice pursuant to a stipulated dismissal and tolling agreement between the plaintiffs and certain individual defendants. On November 1, Judge Scheindlin presided over an all-day hearing on the global motions to dismiss. On February 19, 2003, Judge Scheindlin issued a ruling on the global motion to dismiss; with respect to us, the motion was granted in part and denied in part. We believe that we have meritorious defenses against these allegations and intend to oppose the allegations vigorously.

In May 2002, a shareholder's derivative complaint was filed in Superior Court of the State of California, County of San Mateo, entitled *Richard D. Yager, derivatively on behalf of Blue Martini Software, Inc., v. Zweben et al.* The complaint purported to be filed on behalf of Blue Martini, and named us as a nominal defendant, along with Mr. Zweben, Mr. Verhalen Mr. Zuendt, certain of our former officers and directors and Goldman Sachs, the managing underwriter of our IPO. The complaint alleged that the defendants breached fiduciary and other duties, were negligent, and were unjustly enriched because the IPO price of our stock allegedly was set too low. The plaintiff sought unspecified monetary damages and other relief. The case was subsequently removed to the United States District Court for the Northern District of California. We filed a motion to dismiss incorporating the motion for judgment on the pleading filed by co-defendant Goldman Sachs. In October 2002, the Court granted the motions to dismiss and motion for judgment on the pleadings without leave to amend and entered a judgment dismissing the complaint. In December 2002, the plaintiff filed a notice of appeal. The appeal is pending before the Ninth Circuit U.S. Court of Appeals, with briefs to be filed in the spring of 2003. We believe that we have meritorious defenses against these allegations and intend to oppose the allegations vigorously.

BOARD COMMITTEES AND MEETINGS

During the fiscal year ended December 31, 2002, our Board of Directors held ten meetings and acted by written unanimous consent twice. Our Board of Directors has an Audit Committee, a Compensation Committee, a Nominating Committee and a Litigation Committee.

Edgar Filing: BLUE MARTINI SOFTWARE INC - Form DEF 14A

The Audit Committee of our Board of Directors oversees our corporate accounting and financial reporting process. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed non-audit services; monitors the rotation of partners of the independent auditors on the Blue Martini engagement team as required by law; reviews the financial statements to be included in our Annual Report on Form 10-K and quarterly SEC filings; and discusses with management and the independent auditors the results of the annual audit and the results of our quarterly financial statements. The Audit Committee also provides oversight assistance in connection with legal and ethical compliance programs as established by management and our Board of Directors, oversees our corporate governance functions on behalf of our Board of Directors and makes recommendations to our Board of

7.

Directors regarding corporate governance issues. Three directors comprise the Audit Committee: Messrs. Zuendt, Carey and Friedman. It met nine times during the fiscal year ended December 31, 2002. Mr. Carey serves as our Audit Committee's financial expert and all members of our Audit Committee are independent (as independence is currently defined in Rule 4200(a)(14) of the NASD listing standards). The Audit Committee has adopted a written Audit Committee Charter, which was amended February 13, 2002 and is attached as Appendix A to these proxy materials.

The Compensation Committee makes recommendations concerning salaries and incentive compensation, awards stock options to directors, employees and consultants under our stock option plans and performs other functions regarding compensation as our Board of Directors may delegate. We also have a Non-Officer Stock Option Committee that may award stock options to employees who are not officers. Two independent directors comprise the Compensation Committee: Messrs. Friedman and Verhalen. During the fiscal year ended December 31, 2002, it met two times and acted by unanimous written consent three times.

The Nominating Committee interviews, evaluates, nominates and recommends individuals for membership on our Board of Directors and its various committees, and nominates specific individuals to be elected as our officers by our Board of Directors. No procedure has been established for the consideration of nominees recommended by stockholders. Two independent directors comprise the Nominating Committee: Messrs. Verhalen and Carey. The Nominating Committee was formed in February 2003.

The Litigation Committee reviews and directs our decisions regarding currently pending litigation filed in connection with our IPO, including reviewing any settlement proposals and investigating any claims, and the merits of such claims, brought in our name. Two independent directors who were not members of our Board of Directors at the time of our IPO comprise the Litigation Committee: Messrs. Friedman and Gallelo. The Litigation Committee was formed in February 2003.

During the fiscal year ended December 31, 2002, each incumbent Board member attended 75% or more of the aggregate of the meetings of our Board of Directors and of the committees on which he served, held during the period for which he was a director or committee member, respectively.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS⁽¹⁾

The Audit Committee of our Board of Directors is composed of three independent directors and operates under a written charter adopted by our Board of Directors. This charter is attached as Appendix A. The members of the Audit Committee are Messrs. Zuendt, Carey and Friedman. Subject to stockholder ratification, the Audit Committee selected KPMG LLP as our independent auditors for our fiscal year ending December 31, 2003.

Management is responsible for our internal controls and the financial reporting process. KPMG, the independent auditors, are responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In fulfilling its oversight responsibilities, the Audit Committee has met and held discussions with management and KPMG. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee has reviewed and discussed the consolidated financial statements with management and KPMG, including a conversation of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380).

KPMG also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). In addition, the Audit Committee discussed with KPMG that firm's independence. The Audit Committee has determined the rendering of all non-audit services by KPMG is compatible with maintaining the auditor's independence.

Based on the Audit Committee's discussions with management and KPMG and the Audit Committee's review of the representations of management and the report of KPMG to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2002 filed with the Securities and Exchange Commission.

PROPOSAL 2

APPROVAL OF AMENDMENTS TO OUR 2000 NON-EMPLOYEE DIRECTORS STOCK OPTION PLAN

In April 2000, our Board of Directors adopted, and our stockholders subsequently approved, our 2000 Non-Employee Directors Stock Option Plan (the Directors Plan). There are 119,225 shares of our common stock reserved for issuance under the Directors Plan.

As of April 8, 2003, options covering an aggregate of 36,776 shares of our common stock (net of canceled or expired options) have been granted under the Directors Plan. 82,449 shares of our common stock (plus any shares that might in the future be returned to the Directors Plan as a result of cancellations or expiration of options or the reacquisition by us of issued shares) remained available for future grant under the Directors Plan.

Stockholders are requested in this Proposal No. 2 to approve amendments to the Directors Plan in order to:

Increase the number of shares of our common stock reserved for issuance under the Directors Plan by 300,000 shares;

Increase the size of the initial options granted to newly elected or appointed non-employee directors from 3,571 shares to 50,000 shares of our common stock underlying each option;

Increase the size of the annual options granted to our non-employee directors from 1,071 shares to 20,000 shares of our common stock underlying each option; and

Eliminate option grants for service on committees of our Board of Directors.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the amendments to the Directors Plan. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

The essential features of the Directors Plan are outlined below:

General

The Directors Plan provides for the automatic grant of nonstatutory stock options. Options granted under the Directors Plan are not intended to qualify as incentive stock options within the meaning of Section 422 of the U.S. Internal Revenue Code of 1986, as amended (the Code). See

Edgar Filing: BLUE MARTINI SOFTWARE INC - Form DEF 14A

Federal Income Tax Information below for a discussion of the tax treatment of nonstatutory stock options.

Purpose

Our Board of Directors adopted the Directors' Plan to provide a means by which our non-employee directors may be given an opportunity to purchase Blue Martini stock, to assist in retaining the services of such persons, to secure and retain the services of persons capable of filling such positions and to provide incentives for such persons to exert maximum efforts for the success of Blue Martini.

Administration

Our Board of Directors administers the Directors' Plan. Our Board of Directors has the power to construe and interpret the Directors' Plan but not to determine the persons to whom or the dates on which options will be granted, the number of shares to be subject to each option, the time or times during the term of each option within which all or a portion of such option may be exercised, the exercise price, the type of consideration or the other terms of the option.

Stock Subject to the Directors' Plan

Subject to stockholder approval of Proposal No. 2, an aggregate of 419,225 shares of our common stock is reserved for issuance under the Directors' Plan. If options granted under the Directors' Plan expire or otherwise terminate without being

exercised, the shares of common stock not acquired pursuant to such options again become available for issuance under the Directors' Plan. If we reacquire unvested stock issued under the Directors' Plan, the reacquired stock will again become available for issuance under the Directors' Plan.

In addition, on January 1 of each year, the aggregate number of shares of our common stock reserved for issuance under the Directors' Plan shall automatically increase by the greater of (1) one-quarter of one-percent (0.25%) of our total diluted shares outstanding or (2) the number of shares of Common Stock subject to options granted pursuant to the Directors' Plan during the prior year.

Eligibility

The Directors' Plan provides that options may be granted only to our non-employee directors. A non-employee director is defined in the Directors' Plan as a director of Blue Martini who is not otherwise an employee of or consultant to Blue Martini or any affiliate. All of our current directors, other than Mr. Zweben, are eligible to participate in the Directors' Plan.

Terms of Options

The following is a description of the terms of options under the Directors' Plan.

Automatic Grants. Subject to stockholder approval of Proposal No. 2, each person who is elected or appointed for the first time to be a non-employee director shall automatically be granted, upon the date of his or her initial election or appointment to be a non-employee director by our Board of Directors or stockholders, an option to purchase fifty thousand (50,000) shares of our common stock (the Initial Grants).

In addition, subject to stockholder approval of Proposal No. 2, on the day after each annual meeting of our stockholders, beginning with the 2003 annual meeting, each non-employee director shall automatically be granted an option to purchase twenty thousand (20,000) shares of our common stock (the Annual Grants).

Exercise Price; Payment. The exercise price of options shall be 100% of the fair market value of the stock subject to the option on the date of the grant, unless an option is granted pursuant to an assumption or substitution of another option in a manner that satisfies the provisions of Section 424(a) of the Code.

The exercise price of options granted under the Directors' Plan must be paid in cash at the time the option is exercised or (i) by delivery of other common stock of Blue Martini or (ii) pursuant to a deferred payment arrangement. The exercise price of options that is paid by delivery of other of our common stock must be paid only by shares of our common stock that have been held for more than six months.

Option Exercise. Options granted under the Directors' Plan become exercisable in cumulative increments (vest) as set out in the Directors' Plan during the optionholder's service as a director and during any subsequent employment of the optionholder by and/or service by the optionholder

Edgar Filing: BLUE MARTINI SOFTWARE INC - Form DEF 14A

as a consultant to us or an affiliate (collectively, "service"). Our Board of Directors does not have the power to accelerate the time during which an option may vest or be exercised. Options granted under the Directors' Plan permit exercise prior to vesting, but in such event the optionholder is required to enter into an early exercise stock purchase agreement that allows us to repurchase unvested shares, generally at their exercise price, should the optionholder's service terminate before vesting. An optionholder may satisfy any federal, state or local tax withholding obligation relating to the exercise of such option by a cash payment upon exercise, by authorizing us to withhold a portion of the stock otherwise issuable to the optionholder, by delivering already-owned shares of our common stock or by a combination of these means.

Term. The term of options under the Directors' Plan is 10 years. Options under the Directors' Plan terminate three months after termination of the optionholder's service unless (i) such termination is due to the optionholder's permanent and total disability (as defined in the Code), in which case the option may be exercised (to the extent the option was exercisable at the time of the termination of service) at any time within 12 months of such termination; or (ii) the optionholder dies before the optionholder's service has terminated, or within three months after termination of such service, in which case the option may be exercised (to the extent the option was exercisable at the time of the optionholder's death) within 18 months of the optionholder's death by the person or persons to whom the rights to such option pass by will or by the laws of descent and distribution. An optionholder may designate a beneficiary who may exercise the option following the optionholder's death.

The option term is not extended in the event that exercise of the option within these periods is prohibited, except that if the exercise of the option following the termination of the optionholder's service (other than upon the option holder's death or permanent and total disability) would be prohibited because the issuance of stock would violate the registration requirements under the Securities Act, then the option will terminate on the earlier of (i) the expiration of the term of the option or (ii) three months after the termination of the optionholder's service during which the exercise of the option would not be in violation of such registration requirements.

Restrictions on Transfer

Our Board of Directors may grant options that are generally transferable.

Effect of Certain Corporate Transactions

The Directors' Plan provides that, in the event of a dissolution, liquidation or sale of substantially all of our assets, specified types of merger, or other corporate reorganization, the vesting and the time during which such options may be exercised will be accelerated 50% prior to such change of control. An outstanding option will terminate if the optionholder does not exercise it before a change in control.

In addition, in the event of (i) any consolidation or merger of Blue Martini with or into another entity in which our stockholders immediately before the transaction own less than 50% of the surviving entity's securities immediately after the transaction, (ii) any transaction or series of related transactions in which more than 50% of our voting power is transferred or (iii) the sale, lease, license or other disposition of all or substantially all of our assets, (collectively, "corporate transaction"), the vesting of options outstanding under the Directors' Plan will be accelerated in full and the options will terminate if not exercised at or prior to the effective date of the corporate transaction.

The acceleration of an option in the event of a corporate transaction or a change in control event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control of Blue Martini.

Duration, Amendment and Termination

Our Board of Directors may suspend or terminate the Directors' Plan without stockholder approval or ratification at any time or from time to time.

Our Board of Directors may also amend the Directors' Plan at any time or from time to time. However, no amendment will be effective unless approved by our stockholders within 12 months before or after its adoption by our Board of Directors if the amendment would (i) modify the requirements as to eligibility for participation (to the extent such modification requires stockholder approval in order for the Directors' Plan to satisfy Rule 16b-3 of the Exchange Act); (ii) increase the number of shares reserved for issuance upon exercise of options; or (iii) change any other provision of the Directors' Plan in any other way if such modification requires stockholder approval in order to comply with Rule 16b-3 of the Exchange Act or satisfy the requirements of any securities exchange listing requirements. Our Board of Directors may submit any other amendment to the Directors' Plan for stockholder approval.

Federal Income Tax Information

There are no tax consequences to the optionholder or us by reason of the grant of a nonstatutory stock option. Upon exercise of a nonstatutory stock option, the optionholder normally will recognize taxable ordinary income equal to the excess of the stock's fair market value on the date of exercise over the option exercise price. If the optionholder becomes an employee, we are required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness and the satisfaction of a tax reporting obligation, we will generally be entitled to a business expense deduction equal to the taxable ordinary income realized by the optionholder.

Upon disposition of the stock, the optionholder will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon exercise of the option (or vesting of the stock). Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year. Slightly different rules may apply to optionholders who acquire stock subject to certain repurchase options or who are subject to Section 16(b) of the Exchange Act.

A VOTE IN FAVOR OF PROPOSAL 2.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of our Board of Directors has selected KPMG LLP as our independent auditors for the fiscal year ending December 31, 2003 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. KPMG has audited our financial statements since our inception in 1998. Representatives of KPMG are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG as our independent auditors. However, the Audit Committee of our Board of Directors is submitting the selection of KPMG to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and our Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in our best interests and those of our stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of KPMG. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

The Audit Committee has determined the rendering of all non-audit services by KPMG is compatible with maintaining the auditor's independence.

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Blue Martini. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2002, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with; except that five reports, each covering one transaction, were filed late by Mr. Carey, Mr. Cell, Ms. Hamershock, Mr. Overstreet and Rebecca Deyo, our former Vice President of Product Development.

EXECUTIVE COMPENSATION

COMPENSATION OF DIRECTORS

In 2002, our directors did not receive any cash compensation for service on our Board of Directors or any committee thereof, but our directors were eligible for reimbursement for expenses incurred in connection with attendance at Board of Directors and committee meetings.

Each of our non-employee directors receives stock option grants under the 2000 Non-Employee Directors' Stock Option Plan (which shall be referred to as the Directors' Plan). Only non-employee directors or an affiliate of such directors (as defined in the U.S. Internal Revenue Code) are eligible to receive options under the Directors' Plan. Options granted under the Directors' Plan are intended by us not to qualify as incentive stock options under the U.S. Internal Revenue Code. Option grants under the Directors' Plan are non-discretionary.

Pursuant to the Directors' Plan, each non-employee director on our Board of Directors at the time of our initial public offering was granted an option to purchase up to 3,571 shares of our common stock (as adjusted for our Reverse Split) on July 24, 2000, the effective date of our initial public offering, at an exercise price per share of \$140 (as adjusted for our Reverse Split). In addition, each current non-employee director elected or appointed after our initial public offering received an option grant for the same amount of shares on their election or appointment to our Board of Directors at an exercise price per share of the fair market value of a share of our common stock on the date of the option grant (the Initial Grants). On the day after each annual meeting of our stockholders, each non-employee director on our Board of Directors as of the annual meeting was granted an option to purchase up to 1,071 shares of our common stock at an exercise price of the fair market value of a share of our common stock on the date of grant (as adjusted for our Reverse Split) (the Annual Grants). Furthermore, on the day after each annual meeting of our stockholders, our non-employee directors who served as members of a committee of our Board of Directors during the previous year were granted an option to purchase up to 714 shares of our common stock for each committee on which they served, unless they were appointed to a committee mid-term. If they were appointed mid-term, their committee grant was reduced on a pro-rated basis for each full month that elapsed between the annual meeting of stockholders and the date of appointment to the committee. The exercise price per share of each new option granted under the Directors' Plan is the fair market value of a share of our common stock on the date of the option grant. The Initial Grants may be exercised immediately but are not vested until the date upon which the optionee (or an affiliate of the optionee) has provided one year of continuous service to us following the date of grant of such option. If these conditions are met, 1/3rd of the shares subject to the grant vest and 1/36th of the shares subject to the grant vest each month thereafter. The Annual Grants and grants for committee service may be exercised immediately but vest 1/12th each month after the date of the grant. The term of options granted under the Directors' Plan is ten years. In the event of a merger of Blue Martini with or into another corporation or a consolidation, acquisition of assets or other change-in-control transaction involving Blue Martini, the vesting of each option granted under the Directors' Plan will accelerate 50% and the option will terminate if not exercised prior to the consummation of the transaction.

Subject to stockholder approval of Proposal No. 2, the above compensation structure will be amended to increase the size of the Initial Grants so that each person elected or appointed for the first time to be a non-employee director will automatically be granted an option to purchase fifty thousand (50,000) shares of our common stock. Furthermore, the size of the Annual Grants will be increased so that on the day after each annual meeting of our stockholders, each non-employee director will automatically be granted an option to purchase twenty thousand (20,000) shares of our common stock. Option grants for membership on committees of our Board of Directors will be eliminated.

In addition to the non-discretionary grants under the Directors' Plan, during 2002, Messrs. Carey and Friedman were each granted an option to purchase up to 3,571 shares of our common stock (as adjusted for our Reverse Split) on the date they were appointed to our Board of Directors, at an exercise price of the fair market value of a share of our common stock on the date of the option grant. Such options vest 1/3rd after one year of service and 1/36th per month thereafter for two more years. In March 2003, Mr. Carey was granted an option to purchase up to 43,000 shares of our common stock, Mr. Friedman was granted an option to purchase up to 41,000 shares of our common stock and Messrs. Verhalen and Zuendt were each granted an option to purchase up to 42,000 shares of our common stock at an exercise price per share of the fair market

value of our common stock on the date of the option grant. Such options vest 1/4th on the date one year from grant and 1/48th per month thereafter for three more years.

STOCK OPTION GRANTS AND EXERCISES

We grant options to our executive officers under our 2000 Equity Incentive Plan (the 2000 Equity Incentive Plan). We also have a 2000 Non-Employee Directors Stock Option Plan (the Directors Plan ; collectively with the 2000 Equity Incentive Plan, the Plans). As of April 8, 2003, options to purchase a total of 3,963,748 shares were outstanding under the Plans and options to purchase 9,196,303 shares remained available for grant under the Plans. The following tables show for the fiscal year ended December 31, 2002, certain information regarding options granted to, exercised by, and held at year end by, each of the executive officers listed in the Summary Compensation Table.

The potential realizable value is calculated based on term of the option and the market value at the time of grant. Based on the rules promulgated by the Securities and Exchange Commission, we have assumed a stock appreciation of 0%, 5% and 10% from the date of the grant. These assumptions do not represent our prediction of our stock price performance. The potential realizable values at 0%, 5% and 10% appreciation are calculated by:

 multiplying the number of shares of common stock subject to a given option by the fair market value of our common stock at the time of grant;

 assuming that the total stock value derived from that calculation compounds at the annual 0%, 5% or 10% rate shown in the table from the date of grant of the options until the expiration of the options; and

 subtracting from that result the total option exercise price.

The shares listed in the following table under Number of Securities Underlying Options Granted are subject to vesting as set forth below. Each of the options has a ten-year term, subject to earlier termination if the optionee's service with us ceases.

Percentages shown under Percent of Total Options Granted to Employees in Fiscal 2002 are based on an aggregate of 3,713,845 options granted to our employees and directors under the Plans during the fiscal year ended December 31, 2002.

AGGREGATED OPTION EXERCISES DURING 2002 AND OPTION VALUES

AT DECEMBER 31, 2002

The following table presents the aggregate option exercises during 2002 and the number and value of securities underlying unexercised options that are held by each of the individuals listed in the Summary Compensation Table as of December 31, 2002.

Amounts shown under the columns "Value Realized" are based on the fair market value of our common stock on the exercise date as reported on the Nasdaq National Market less the aggregate exercise price. Amounts shown under the column "Value of Unexercised In-the-Money Options at December 31, 2002" are based on a price of \$2.90 per share, which was the last reported sale price of our common stock on the Nasdaq National Market on December 31, 2002, without taking into account any taxes that may be payable in connection with the transaction, multiplied by the number of shares underlying the option, less the exercise price payable for these shares. Certain stock options granted to our employees allow for the early exercise of those options. All options exercised early are subject to repurchase by us at the original exercise price, upon the optionee's cessation of service prior to the vesting of the shares.

(1) In-the-money options are options with exercise prices below the market price of our common stock at December 31, 2002.

EMPLOYMENT, SEVERANCE AND CHANGE OF CONTROL AGREEMENTS

In October 2001, we entered into an employment agreement with Michael Borman, our former President and Chief Operating Officer. Mr. Borman's employment agreement provides that we will compensate Mr. Borman in the event that Mr. Borman is required by court order to disgorge to IBM any amount up to \$1,625,000 for violating the terms of employment agreements entered into between IBM and Mr. Borman. In November 2002, we entered into a separation agreement with Mr. Borman in connection with the termination of his services with us. Pursuant to this agreement, we paid Mr. Borman a severance benefit of \$407,400 in cash and 59,509 unregistered shares of our common stock (as adjusted for our one-for-seven reverse stock split) with a fair market value of \$192,578 at the time of grant and extended the period of time for Mr. Borman to exercise any vested stock options through May, 2004. Our obligations with respect to disgorgement to IBM remain in effect.

In addition to our agreements with Mr. Borman, we entered into agreements with Monte Zweben, our Chairman and Chief Executive Officer, Robert Cell, our Chief Operating Officer, Mary Hamershock, our Vice President of Human Resources, Claire Hough, our Vice President of Product Development, and Chip Overstreet, then our Vice President of Marketing and Product Development. Mr. Overstreet has since resigned.

Mr. Zweben's and Mr. Cell's agreements provide that if either is terminated without cause not in connection with a change of control, we will pay such person a cash payment equal to six months of his base salary and target bonus and extend the period of time for such person to exercise any vested options to twenty-four months after termination. If either Mr. Zweben or Mr. Cell is terminated without cause within twelve months after a change of control, we will pay such person a cash payment equal to twelve months of his base salary and target bonus, accelerate the vesting of 50% of his unvested options and extend the period of time for such person to exercise any vested options to forty-eight months after termination. We have also agreed to provide Mr. Cell with a moving allowance of \$30,000 if he is terminated without cause.

Ms. Hamershock's agreement provides that if she is terminated without cause not in connection with a change of control, we will pay her a cash payment equal to three months of her base salary and target bonus and extend the period of time to exercise any vested options to eighteen months. If Ms. Hamershock is terminated without cause within twelve months after a change of control, we will pay her a cash payment equal to six months of her base salary and target bonus, accelerate the vesting of 50% of her unvested options and extend the period of time to exercise any vested options to thirty-six months after termination.

Ms. Hough's agreement provides that if she is terminated without cause, we will pay a cash payment equal to six months of her base salary.

Mr. Overstreet's agreement provided that if he was terminated without cause not in connection with a change of control, we would pay him a cash payment equal to three months of his base salary and target bonus and extend the period of time to exercise any vested options to eighteen months. If he was terminated without cause within twelve months after a change of control, we would pay him a cash payment equal to six months of his base salary and target bonus, accelerate the vesting of 50% of his unvested options and extend the period of time to exercise any vested options to thirty-six months after termination. In March 2003, Mr. Overstreet resigned voluntarily and we have no on-going obligations under our agreement with him.

2000 Equity Incentive Plan. In the event of (i) a dissolution, liquidation or sale of substantially all of our assets, (ii) a merger in which Blue Martini is not the surviving entity or (iii) a reverse merger in which Blue Martini is the surviving corporation but the shares outstanding immediately prior to the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise, then (1) any surviving or acquiring corporation shall assume rights outstanding under the 2000 Equity Incentive Plan or shall substitute similar rights for those outstanding under the 2000 Equity Incentive Plan or (2) with respect to those employees whose service continues following a transaction described above, if any surviving or acquiring corporation does not assume such rights or substitute similar rights, the vesting of such

rights and the time during which such rights may be exercised will accelerate and terminate if not exercised prior to such transaction.

In addition, in the event of (i) any consolidation or merger of Blue Martini with or into another entity in which our stockholders immediately before the transaction own less than 50% of the surviving entity's securities immediately after the transaction, (ii) any transaction or series of related transactions in which more than 50% of our voting power is transferred or (iii) the sale, lease, license or other disposition of all or substantially all of our assets, (collectively, a Securities Acquisition), the vesting of options outstanding under the 2000 Equity Incentive Plan held by employees whose service continues following the Securities Acquisition will be accelerated 50%.

If an employee's service with us terminates without cause within twelve months of a change of control in which more than 30% of the voting power of Blue Martini is transferred or we sell or lease substantially all of our assets, then the employee may exercise any vested portion of his or her options within the earlier of eighteen months or the expiration of the term of the options.

2000 Employee Stock Purchase Plan. In the event of (i) a dissolution, liquidation or sale of substantially all of our assets, (ii) a merger in which Blue Martini is not the surviving entity or (iii) a reverse merger in which Blue Martini is the

surviving corporation but the shares outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise, then: (1) any surviving or acquiring corporation shall assume rights outstanding under the 2000 Employee Stock Purchase Plan or shall substitute similar rights for those outstanding under the 2000 Employee Stock Purchase Plan, or (2) if any surviving or acquiring corporation refuses to assume such rights or to substitute similar rights, then, as determined by our Board of Directors in its sole discretion, such rights may continue in full force and effect or the participants' accumulated payroll deductions may be used to purchase shares immediately prior to the transaction described above under the ongoing offering and the participants' rights under the ongoing offering will thereafter be terminated.

**REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE
COMPENSATION⁽²⁾**

Our Board of Directors has delegated to the Compensation Committee the authority to establish and oversee our compensation programs. The Compensation Committee is comprised of two independent directors: Messrs. Verhalen and Friedman. The Compensation Committee is responsible for: (i) determining the most effective total executive compensation strategy based upon our business needs and consistent with stockholders' interests; (ii) administering our executive compensation plans, programs and policies; (iii) monitoring corporate performance and its relationship to compensation of executive officers; and (iv) making appropriate recommendations concerning matters of executive compensation.

Compensation Philosophy

The policies of the Compensation Committee with respect to executive officers, including the Chief Executive Officer, are to provide compensation sufficient to attract, motivate and retain executives of outstanding ability and potential. To emphasize sustained performance of our executive officers, the Compensation Committee has adopted policies to align executive compensation with the creation of stockholder value as measured in the equity markets. These policies are implemented using a mix of the following key elements:

1. We pay base salaries that are generally competitive with other computer software companies with which we compete for talent. To ensure that our salaries are sufficient to attract and retain highly qualified executives and other key employees, we regularly compare our salaries with those of our competitors and set salary parameters based on this review;
2. We provide opportunities for cash bonuses based on the achievement of specific operating goals and high levels of performance; and
3. We provide significant equity-based incentives pursuant to our 2000 Equity Incentive Plan and 2000 Employee Stock Purchase Plan to ensure that our executive officers and key employees are motivated to achieve our long term goals.

Base Salary

The Compensation Committee recognizes the importance of maintaining compensation practices and levels of compensation competitive with other computer software companies with which we compete for personnel. Base salary represents the fixed component of the executive compensation program. The Compensation Committee reviews with the Chief Executive Officer an annual salary plan for our executive officers, other than our Chief Executive Officer. The salary plan is modified as deemed appropriate and approved by the Compensation Committee. The annual salary plan is developed based on an annual review of executive salaries at comparable software companies. The annual plan also takes into account past performance and expected future contributions of the individual executive.

Cash Bonuses

Our policy is to maintain annual cash incentive bonus programs to reward certain executive officers and other key employees for attaining defined performance goals. In determining bonus amounts for executive officers, consideration is given to Blue Martini's performance and individual performance.

Guaranteed Compensation

In order to retain and motivate several key employees following corporate restructurings, we guaranteed certain employees, including each of the executive officers listed on the Summary Compensation Table, certain severance amounts in the event that they are terminated without cause. See Employment, Severance and Change of Control Agreements.

² The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any filing of the Company under the Securities Act or Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language contained in such filing.

Equity Compensation

The 2000 Equity Incentive Plan and 2000 Employee Stock Purchase Plan offered by us have been established to provide all of our employees, including executive officers, with an opportunity to share, along with our stockholders, in our long-term performance. The Compensation Committee strongly believes that a primary goal of the compensation program should be to provide key employees who have significant responsibility for our management, growth and future success with an opportunity to increase their ownership of Blue Martini and potentially gain financially from Blue Martini stock price increases. The interests of our stockholders, executives and employees should thereby be closely aligned. Executives are eligible to receive stock options at the discretion of the Compensation Committee, giving them the right to purchase shares of our common stock in the future at a price equal to fair market value at the date of grant. All grants must be exercised according to the provisions of our 2000 Equity Incentive Plan. Outstanding options held by executive officers generally vest over four years and expire ten years from the date of grant. We have used stock options as the primary incentive to attract and motivate our executive officers. The goal of the Compensation Committee is to provide equity compensation for executive officers, including the Chief Executive Officer, which equal levels at comparable software companies. Within such range, option amounts are based on salary grade within Blue Martini and the achievement of overall company and individual performance goals as discussed above. After considering the criteria relating to awarding stock options and the stock options already held by certain executive officers, the Compensation Committee determined that all the executive officers listed in the Summary Compensation Table, except Mr. Borman who received extensive stock awards in 2001, would receive option grants during 2002. These awards were made to attract or retain these executive officers and to bring their option holdings in line with other similarly situated executive officers at comparable software companies. Such options generally vest over a period of at least four years; however, an aggregate of 82,141 options granted to our executive officers in May 2002 vest over a period of one year, an aggregate of 360,813 options granted to our executive officers in October 2002 vest over a period of two years and an aggregate of 57,966 options granted to our executive officers pursuant to our option exchange program in December 2002 vest over a period of five months, as discussed below. See [Option Grants During the Last Year](#).

Option Repricing

In December 2002, we completed a stock option exchange program in which we offered all of our employees, other than our Chief Executive Officer, Chief Financial Officer and directors, the opportunity to exchange outstanding options with exercise prices greater than \$12.39 for new stock options at an exercise price equal to the fair market value of our common stock at the end of the offer period. We implemented the stock option exchange program because the options eligible to be exchanged had exercise prices significantly higher than the market price of our common stock, and we believed that those options were unlikely to be exercised in the near future and were not providing proper incentives to our employees. The replacement stock options vest over five months and expire nine months from the date of grant.

The following table shows certain information concerning the repricing of options received by the executive officers listed in the Summary Compensation Table during the last ten years.

Chief Executive Officer Compensation

The Compensation Committee uses the same procedures described above in setting the annual salary, bonus and stock option awards for Monte Zweben, our Chairman and Chief Executive Officer. Mr. Zweben's base salary in 2002 was \$225,000 and remained constant from 2001. Under our executive compensation program, the total compensation mix for senior executives includes longer-term rewards in the form of stock options. In May 2002, Mr. Zweben received an option grant to purchase up to 35,714 shares of our common stock at an exercise price of \$6.44 per share (as adjusted to reflect our Reverse Split), which vests in full one year from the date of grant. This grant was intended to maintain the overall competitiveness of Mr. Zweben's compensation package and strengthen the alignment of Mr. Zweben's interests with those of our stockholders during a critical phase of our business.

Federal Tax Considerations Section

Section 162(m) of the U.S. Internal Revenue Code limits Blue Martini to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain executive officers in a taxable year. Compensation above \$1 million may be deducted if it is performance-based compensation within the meaning of the code. The Compensation Committee has determined to satisfy the requirements for performance-based compensation with respect to compensation awarded to our executive officers to the extent then practicable.

Summary

The Compensation Committee believes that the compensation of executives by Blue Martini is competitive with the compensation programs provided by other software companies with which we compete for executives and employees and appropriate in light of the challenges facing the Company. The Compensation Committee believes its compensation strategy, principles and practices result in a compensation program tied to stockholder returns and linked to the achievement of annual and longer-term financial and operational results of Blue Martini on behalf of our stockholders.

PERFORMANCE MEASUREMENT COMPARISON

The following graph shows the total stockholder return of an investment of \$100 in cash from our initial public offering on July 25, 2000 for (i) our common stock (initial public offering price of \$140/share); (ii) the Nasdaq Stock Market U.S. Index; (iii) the Nasdaq Computer and Data Processing Index⁽¹⁾ and (iv) the J.P. Morgan H&Q Internet 100 Index⁽¹⁾. All values assume reinvestment of the full amount of all dividends and are adjusted to give retroactive effect to our Reverse Split, which was effected November 13, 2002.

⁽¹⁾ The JP Morgan H&Q Internet 100 Index was terminated in 2002. It has been replaced with the Nasdaq Computer and Data Processing Index. A comparison of the total returns of both the JP Morgan H&Q Internet 100 Index and the Nasdaq Computer and Data Processing Index for the applicable period is provided.

DELIVERY OF THIS PROXY STATEMENT

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as householding, potentially means extra convenience for securityholders and cost savings for companies.

This year, a number of brokers with account holders who are Blue Martini Software stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker, direct your written request to Tracy Vernali, Investor Relations, Blue Martini Software, Inc., 2600 Campus Drive, San Mateo, California 94403 or contact Tracy Vernali at 1-800-258-3627.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

A copy of our Annual Report to the Securities and Exchange Commission on Form 10-K for the fiscal year ended December 31, 2002 is available without charge upon written request to Investor Relations, Blue Martini Software, Inc., 2600 Campus Drive, San Mateo, California 94403, or upon email request to IR@bluemartini.com.
