ORIENT PAPER, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

(1) Organization and Business Background

Orient Paper, Inc. (“Orient Paper” or “the Company”) was incorporated under the laws of the State of Nevada on December 9, 2005, under the name of Carlatel, Inc.. Carlatel, Inc. started its business by providing financing services specializing in subprime title loans, secured primarily using automobiles (and also boats, recreational vehicles, machinery, and other equipment) as collateral.

Hebei Baoding Orient Paper Milling Company Limited (“HBOP”) was organized on March 10, 1996, under the laws of the People’s Republic of China (“PRC”). HBOP engages mainly in the production and distribution of paper products such as corrugating medium paper, offset printing paper and writing paper. HBOP also has capability to produce other paper and packaging-related products, such as plastic paper and craft paper. HBOP uses recycled paper as its primary raw material.

Dongfang Zhiye Holding Limited (“Dongfang Holding”) was formed on November 13, 2006, under the laws of the British Virgin Islands, and is an investment holding company. As such, Dongfang Holding does not generate any financial or operating transactions. On July 16, 2007, Dongfang Holding entered into an agreement to acquire the equity ownership of HBOP and placed all the equity interest in trust with Mr. Zhenyong Liu, Mr. Xiaodong Liu, and Mr. Shuangxi Zhao (the original equity owners of HBOP), pursuant to a trust agreement executed as of the same date. Under the terms of the trust agreement, the original equity owners of HBOP would exercise control over the disposition of Dongfang Holding’s shares in HBOP on Dongfang Holding’s behalf until Dongfang Holding successfully completed the change in registration of HBOP’s capital with the relevant PRC Administration of Industry and Commerce as the 100% owner of HBOP’s equity interest. In connection with the consummation of the restructuring transactions on June 24, 2009 as described below, Dongfang Holding directed its trustee to return its equity ownership in HBOP to their original equity owners.

On October 29, 2007, Orient Paper entered into an Agreement and Plan of Merger (“Merger Agreement”) with (i) Orient Paper wholly owned subsidiary, CARZ Merger Sub, Inc., (ii) Dongfang Holding, and (iii) all shareholders of Dongfang Holding (Zhenyong Liu, Xiaodong Liu, Chen Li, Ning Liu, Jie Liu, Shenzhen Huayin Guaranty & Investment Company Limited, Top Good International Limited, Total Giant Group Limited, Total Shine Group Limited, Victory High Investment Limited, Think Big Trading Limited, Huge Step Enterprises Limited, and Sure Believe Enterprise Limited).

Pursuant to the Merger Agreement, Dongfang Holding merged with CARZ Merger Sub, Inc. via a share exchange, with Dongfang Holding as the surviving entity. In exchange for their shares in Dongfang Holding, the Dongfang Holding shareholders received an aggregate of 7,450,497 newly-issued shares of Orient Paper’s common stock, \$0.001 par value, which were distributed pro rata among the Dongfang Holding shareholders in accordance with their respective ownership interests in Dongfang Holding.

As a result of the merger transaction, Dongfang Holding became a wholly-owned subsidiary of Orient Paper, which, in turn, has the controlling right on Dongfang Holding’s operating company subsidiary, HBOP, pursuant to the terms of the trust agreement. HBOP, the entity through which the Company operates its business currently has no subsidiaries, either wholly- or partially-owned.

Prior to the completion of the reverse merger, Orient Paper only had limited operations (since its incorporation on December 9, 2005). On December 21, 2007, the name of the Company was changed from Carlatel, Inc. to Orient Paper, Inc. in order to better reflect the current business plan subsequent to the reverse merger. Accordingly, the reverse merge has been recorded as a recapitalisation of Orient Paper.

ORIENT PAPER, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

To ensure proper compliance of the Company's control over the ownership and operations of HBOP with certain PRC regulations, on June 24, 2009, the Company entered into a series of contractual agreements (the "Contractual Agreements") with HBOP and the original equity owners of HBOP via its wholly owned subsidiary Shengde Holdings, Inc. ("Shengde Holdings") a Nevada corporation and Baoding Shengde Paper Co., Ltd. ("Baoding Shengde"), a wholly foreign-owned enterprise in the PRC with a registered capital of \$10,000,000. Baoding Shengde is mainly engaged in production and distribution of digital photo paper and is 100% owned by Shengde Holdings. Prior to February 10, 2010, the Contractual Agreements included (i) Exclusive Technical Service and Business Consulting Agreement, which generally provides that Baoding Shengde shall provide exclusive technical, business and management consulting services to HBOP, in exchange for service fees including a fee equivalent to 80% of HBOP's total annual net profits; (ii) Loan Agreement, which provides that Baoding Shengde will make a loan in the aggregate principal amount of \$10,000,000 to the original equity owners of HBOP in exchange for each such shareholder agreeing to contribute all of its proceeds from the loan to the registered capital of HBOP; (iii) Call Option Agreement, which generally provides, among other things, that the original equity owners of HBOP irrevocably grant to Baoding Shengde an option to purchase all or part of each owner's equity interest in HBOP. The exercise price for the options shall be RMB1 for each of the owners' equity interests; (iv) Share Pledge Agreement, which provides that the original equity owners of HBOP will pledge all of their equity interests in HBOP to Baoding Shengde as security for their obligations under the other agreements described in this section. Specifically, Baoding Shengde is entitled to dispose of the pledged equity interests in the event that the original equity owners of HBOP breach their obligations under the loan agreement or HBOP fails to pay the service fees to Baoding Shengde pursuant to the Exclusive Technical Service and Business Consulting Agreement; and (v) Proxy Agreement, which provides that the original equity owners of HBOP shall irrevocably entrust a designee of Baoding Shengde with such shareholder's voting rights and the right to represent such shareholder to exercise such owner's rights at any shareholder's meeting of HBOP or with respect to any shareholder action to be taken in accordance with the laws and HBOP's Articles of Association. The terms of the agreement are binding on the parties for as long as the original equity owners of HBOP continue to hold any equity interest in HBOP. HBOP shareholder will cease to be a party to the agreement once it transfers its equity interests with the prior approval of Baoding Shengde. During the three months ended March 31, 2010 Baoding Shengde has not provided any consulting services to HBOP in respect of the Exclusive Technical Service and Business Consulting Agreement.

Orient Paper has no equity interest on HBOP. However, through the agreements described above Orient Paper is found to be the primary beneficiary of HBOP and is deemed to have the effective control over HBOP's operations and financial affairs, resulting in HBOP being deemed the subsidiary of Orient Paper in accordance with Topic 810-Consolidation of the Accounting Standards Codification (the "ASC") issued by the Financial Accounting Standard Board (the "FASB") (formerly FASB Interpretation No. (FIN) 46R, Consolidation of Variable Interest Entities).

On February 10, 2010, Baoding Shengde and HBOP's original equity owners entered into a Termination of Loan Agreement to terminate the above \$10,000,000 Loan Agreement. Because of Company's decision to fund future business expansions through Baoding Shengde instead of HBOP, the \$10,000,000 loan contemplated was never made prior to the point of termination. The parties believe the termination of the loan agreement does not in itself compromise the effective control of the Company over HBOP and its businesses in the PRC.

As of March 31, 2010 and December 31, 2009, details of the Company's subsidiaries and variable interest entities are as follows:

The Company performed self-assessment and the Company's liability for income taxes includes the liability for unrecognized tax benefits, interest and penalties which relate to tax years still subject to review by taxing authorities. Audit periods remain open for review until the statute of limitations has passed. The completion of review or the expiration of the statute of limitations for a given audit period could result in an adjustment to the Company's liability for income taxes. Any such adjustment could be material to the Company's results of operations for any given quarterly or annual period based, in part, upon the results of operations for the given period. As of March 31, 2010, the management considered that the Company had no uncertain tax positions affecting its condensed consolidated financial position and results of operations or cash flows, and will continue to evaluate for the uncertain position in future. There are no estimated interest costs and penalties provided in the Company's condensed consolidated financial statements for the three months ended March 31, 2010 and 2009, respectively. On March 15, 2010, a new real estate lease was signed to replace the original lease dated January 2, 2002 and remove the obligation of HBOP to return the land to its condition prior to the lease. The management of the Company thus considered that HBOP bear no liabilities under such estate lease as of March 31, 2010.

They are managed separately because each business requires different technology and marketing strategies.

The Company evaluates performance of its operating segments based on net operating profit. Administrative functions such as finance, treasury, and information systems are centralized. However, where applicable, portions of the administrative function expenses are allocated between the operating segments based on gross revenue generated. The operating segments do share facilities in Xushui County, Baoding City, Hebei, China. All sales were sold to customers located in the PRC.

According to the Equipment Purchase Agreement, the manufacturer will be responsible for complete installation of the new production line within the next six months. The Company had previously signed a Letter of Intent with the manufacturer on March 15, 2010 and made a refundable deposit of RMB 38.0 million (approximately \$5.6 million), which is about 20% of the total purchase price. With the signing of the Equipment Purchase Agreement, the deposit has been applied toward the first installment of the total purchase price. The remainder of the payment will be made in additional installments in commensuration with the progress made on equipment installation.

(15) Concentration and Major Suppliers

For the three months ended March 31, 2010, the Company had three major suppliers which primarily accounted for 59%, 21% and 15% of total purchases. (17) Risks and Uncertainties

Orient Paper is subject to substantial risks from, among other things, intense competition associated with the industry in general, other risks associated with financing, liquidity requirements, rapidly changing customer requirements, foreign currency exchange rates, and operating in the PRC under its various laws and restrictions.

(18) Recent Accounting Pronouncements

In January 2010, the FASB issued ASU 2010-06, Improving Disclosures about Fair Value Measurements. ASU 2010-06 amends ASC Topic 820 to require additional disclosures regarding fair value measurements. One of the areas concerned is related to the inclusion of information about purchases, sales, issuances and settlements in the reconciliation of recurring Level 3 measurements. Such disclosure requirements will be effective for annual reporting periods beginning after December 15, 2010 and for interim periods within those fiscal years. The Company is currently evaluating the effect of ASC 2010-06 on its financial statements and believes that this ASU is only related to disclosures and would have no impact on the results of operations.

In April 2010, the FASB issued ASU 2010-13, Effect of Denominating the Exercise Price of a Share-Based Payment Award in the Currency of the Market in Which the Underlying Equity Security Trades. It addresses the classification of a share-based payment award with an exercise price denominated in the currency of a market in which the underlying equity security trades. FASB ASC Topic 718, Compensation—Stock Compensation, was amended to clarify that a share-based payment award with an exercise price denominated in the currency of a market in which a substantial portion of the entity's equity securities trade shall not be considered to contain a market, performance or service condition. Therefore, such an award is not to be classified as a liability if it otherwise qualifies for equity classification. The amendments will be effective for fiscal years, and interim reporting periods within those fiscal years, beginning on or after December 15, 2010, with early application permitted. The Company currently evaluating the effect of ASC 2010-13 on its financial statements and would have no impact on the results of operations.

Results of Operations

Comparison of the Three Months Ended March 31, 2010 and 2009

Revenue

Revenue for the three months ended March 31, 2010 was \$26,458,188, an increase of \$8,620,710 or 48.33% from \$17,837,478 for the comparable period in 2009. The increase was mainly attributable to (1) the increase in the Average Selling Prices (the “ASPs”) in all of our products due to stronger customer demand in the first quarter of 2010 relative to the same period in 2009; and (2) ramped-up production capacity from the writing paper production line, which we converted to produce medium grade offset printing paper in the third quarter of 2009.

Revenue from corrugating medium paper amounted to \$9,521,079 (or 35.99% of total revenue) for the three months ended March 31, 2010, representing a \$1,132,579 (or 13.50%) increase over the corrugating medium paper revenue of \$8,388,500 for the comparable period in 2009. We sold 31,291 tons of corrugating medium paper in the quarter ended March 31, 2010 versus 30,364 tons sold in the same period a year ago, representing a 3.05% increase. Nevertheless, first quarter ASP for corrugating medium paper rose from \$276/ton to \$304/ton, which we believe is a result of increasing customer demand due to a healthy level of regional manufacturing activities. We believe the strong demand for packaging materials and for corrugating medium paper in 2010 will continue for at least the next few quarters in year 2010.

Revenue from medium-grade offset printing paper amounted to \$16,571,857 (or 62.63% of total revenue) for the three months ended March 31, 2010, which represents a \$14,556,979 (or 722.47%) increase over the medium-grade offset printing paper revenue of \$2,014,878 for the comparable period in 2009. Because we have concentrated our business in producing medium-grade offset printing paper, we did not produce or sell any high-grade offset printing paper or writing paper during this period. Total white paper (medium-grade and high-grade offset printing paper and writing paper) sales revenue in the first quarter of year 2010 represents an increase over total white paper sales revenue in the comparable period in 2009 for \$7,122,879, or 75.38%. We sold 23,660 tons of total white paper in the first quarter of 2010 versus 14,353 tons of white paper a year ago, an increase of 9,307 tons or 64.84%. The factors contributing to the increase include (1) a stronger demand for medium-grade offset printing paper (which uses recycled scrap paper to make pulp) due to the ever increasing wood pulp prices in recent periods; (2) the conversion of writing paper capacities gradually added from 2008 to produce medium-grade offset printing paper at a ramped-up utilization (compared to the same period in 2009) with a higher ASP, to meet increasing customer demand for medium-grade offset printing paper; and (3) an increase in ASP because of the strong demand. Our ASP for medium offset printing paper rose from \$632/ton in the first quarter of 2009 to \$700/ton in the first quarter this year. For the entire white paper product group, ASP increased from \$658/ton to \$700/ton.

During the first quarter of 2010, we sold from our finished goods inventory all of our remaining Diazo paper (a base paper used for “diaz prints” or “whiteprints” process for industrial design purposes) and some copy paper for a total revenue of \$16,046.

A summary of the above changes and other analyses of the changes in our sales revenue are as follows:

We have also started to produce and sell digital photo papers in March 2010. Revenue generated from selling digital photo paper was \$349,206 (or 1.32% of total revenue) for the three months ended March 31, 2010:

The following is a chart showing the month-by-month ASPs for the period of 24 months ended March 31, 2010:

Cost of Sales

Total cost of sales for the three months ended March 31, 2010 was \$21,617,659, an increase of \$ 7,116,619 or 49.08% from \$14,501,040 for the comparable period in 2009. The increase in cost of sales is largely in line with the increase in sales, despite the fluctuations in the unit costs of various major raw materials during the three months ended March 31, 2010 and 2009. The monthly average purchase costs of our major raw materials, which generally account for 60%-70% of total cost of sales, over the period of 24 months ended March 31, 2010 are summarized below:

Electricity and coal are the two main energy sources of our paper manufacturing activities. Prices of coal have seen seasonal fluctuations in China, with prices often peaking in the winter months. Historically, electricity and coal account for 12% and 10% of our total cost of sales, or 9% and 7% of total sales, respectively. The monthly energy cost (electricity and coal) as a percentage of total monthly sales of our main paper products from January 2009 to March 2010 is summarized as follows:

Gross Profit

Gross profit for the three months ended March 31, 2010 was \$4,840,529, an increase of \$1,504,091 or 45.08% from \$3,336,438 for the comparable period in 2009. The increase was primarily attributable to the continued growth in sales of corrugating medium paper and medium-grade offset printing paper. The gross profit margin for the three months ended March 31, 2010 dropped only slightly by 0.4% from 18.70% a year ago to 18.30%. Because of the 2-week long Chinese New Year holidays and the resulting production interruption, gross profit percentages for the first quarter of the calendar year typically are lower than those for the rest of the year and the annual average. Our gross profit as a percentage to total revenue for the quarters ended March 31, 2010 and 2009, as well as for the year ended December 31, 2009 are as follows:

	High-Grade Offset		Mid-Grade Offset		Writing Paper		Corrugating Medium Paper		Digital Photo Paper		Average	
For the Quarter Ended March 31, 2010	N/A		20.44	%	N/A		12.78	%	65.98	%	18.30	%
For the Year Ended December 31, 2009	23.68	%	20.02	%	20.91	%	17.76	%	N/A		19.61	%
For the Quarter Ended March 31, 2009	27.44	%	22.62	%	18.51	%	14.30	%	N/A		18.74	%

Income from operations

Operating income for the three months ended March 31, 2010 was \$4,401,191, an increase of \$1,263,507 or 40.27% from \$3,137,684 for the comparable period in 2009. The increase was primarily attributable to increased sales and gross profit of our corrugating medium paper and medium-grade offset printing paper products.

Selling, General and Administrative Expenses

General and administrative expenses for the three months ended March 31, 2010 were \$439,338, an increase of \$240,584 or 121.05% from \$198,754 for the comparable period in 2009. The increase was primarily attributable to payments of various professional service, investor relations, and road show fees that are related to our status as a public company.

Net Income

Net income was \$3,126,094 for the three months ended March 31, 2010, an increase of \$827,494 or 36.00% from \$2,298,600 for the comparable period in 2009. The increase was primarily attributable to increased sales revenue and gross profit during the three months ended March 31, 2010.

Accounts Receivable

Accounts receivable increased 41.70% to \$2,914,590 as of March 31, 2010, compared with \$2,056,858 as of December 31, 2009. The increase in accounts receivable was in relation to the increased sales volume in the first quarter of 2010. We usually collect the accounts receivable within 30 days of delivery and completion of sales.

Inventory

Inventory consists of raw materials (accounting for 92.77% of total value of ending inventory as of March 31, 2010) and finished goods. As of March 31, 2010, the recorded value of our inventory has increased 21.76% to \$8,433,719 from \$6,926,392 as of December 31, 2009. A summary of changes in major inventory items is as follows:

	March 31, 2010	December 31, 2009	\$ Change	% Change	
Raw Materials					
Recycled paper board	\$4,943,670	\$2,301,282	\$2,642,388	114.82	%
Pulp	12,747	12,744	3	0.02	%
Recycled printed paper	236,198	533,771	(297,573)	(55.75	%)
Recycled white scrap paper	1,291,382	1,731,170	(439,788)	(25.40	%)
Coal	1,322,789	1,704,905	(382,116)	(22.41	%)
Digital photo base paper and other raw materials	16,916	36,801	(19,885)	(54.03	%)
Total Raw Materials	7,823,702	6,320,673	1,503,029	23.78	%
Finished Goods	610,017	605,719	4,298	0.71	%
Totals	\$8,433,719	\$6,926,392	\$1,507,327	21.76	%

The market price of recycled paper board, which is the main raw material for our corrugating medium paper, has been slowly going up since the second half of 2009. To hedge the increasing cost of recycled paper board, we decided to purchase more recycled paper board and control the average cost of recycled paper board in the subsequent periods at a lower level, so as to shield the Company from potentially higher prices in the next few periods.

Accounts Payable

Accounts payable (excluding non-inventory purchase payables and accrued expenses) was \$2,465,545 as of March 31, 2010, an increase of \$646,097 or 35.51% from three months ago. The increase was primarily attributable to the surge in inventory stock as of March 31 2010 as compared to the inventory stock as of December 31, 2009.

Liquidity and Capital Resources

Overview

We had net working capital of \$5,499,701 as of March 31, 2010, a decrease of \$1,524,552 over a net working capital of \$7,024,253 as of December 31, 2009, partly because of the payment of an equipment purchase deposit in the amount of \$5,561,651 on March 15, 2010.

Cash and Cash Equivalents

Our cash and cash equivalents as at the end of the three months ended March 31, 2010 was \$4,554,214, a decrease of \$2,395,739 from \$6,949,953 as of December 31, 2009. The decrease over the comparable 2009 balance was primarily attributable to a number of factors, including the following:

Net cash provided by operating activities

Net cash provided by operating activities was \$3,655,202 for the three months ended March 31, 2010, a decrease of \$930,156 or 20.29% from \$4,585,358 for the comparable period in 2009. The net income of first quarter of 2010 in the amount of \$3,126,094 represented an increased \$827,494 or 36.00% from \$2,298,600 for the comparable period in 2009. In addition to the net income, there are certain non-cash charges (including depreciation in the amount of \$944,260) that reduced the net income but did not have the effect of reducing the balance of cash and cash equivalents. However, because of the increase in ending balance of inventory as of March 31, 2010, \$1,506,228 was subtracted from the net income of the first quarter 2010 as the increased purchases in inventory required the payment of cash. On the other hand, the Company has not paid any of its estimated income tax liability for the taxable income for the first quarter of year 2010 and therefore, \$1,138,968 was added back to cash from operating activities.

Net cash used in investing activities

The Company incurred \$5,565,942 cash expenditure, including the \$5,561,651 payment for purchase deposit for a new corrugating medium paper production line, in investing activities during the three months ended March 31, 2010. There was no cash outflow in the comparable period in 2009.

Net cash used in financing activities

Net cash used in financing activities was \$486,111 during the three months ended March 31, 2010, as compared with a net cash inflow of \$537 for the comparable period in 2009. During the three months ended March 31, 2010, the company made loan repayments to the United Commercial Bank (China) Limited for an aggregate amount of \$715,216 pursuant to an installment payment agreement. The Company also borrowed \$200,000 on February 5, 2010 from a shareholder to pay for its U.S. expenses. The \$200,000 loan was paid off on April 14, 2010.

The original credit facility agreement was entered into on April 14, 2006 and extended on May 8, 2007. Under the terms of the extension agreement, the loan is collateralized by the Company's building, equipments and land use rights and personally guaranteed by Zhenyong Liu, our Chief Executive Officer. Such credit facility expired on June 30, 2009 and as at March 31, 2010 and December 31, 2009, the Company has no other credit facility with the bank. Interest payment is made monthly and is indexed to a floating interest rate, based upon 5% plus the three-month LIBOR, adjustable every three months. On August 20, 2009, the Company and the Bank entered into a Short-Term Loan Deferred Payment Agreement (the "Deferred Payment Agreement.") Under the Deferred Payment Agreement, the Company agrees to repay the principal amount of the loan according to the following payment schedule:

\$400,000 on 8/31/2009

 \$300,000 on 11/30/2009
 \$300,000 on 12/31/2009

 \$200,000 on 2/28/2010
 \$200,000 on 3/31/2010
 \$200,000 on 4/30/2010
 \$200,000 on 5/31/2010
 \$216,476 on 6/30/2010

The Company does not believe the above payment schedule will have any material negative impact on its financial position. As of March 31, 2010 the remaining balance of the United Commercial Bank (China) loan balance was \$779,865.

Long term loan

On August 12, 2008, HBOP entered into a loan agreement with the Rural Credit Union of Xushui, Dayin Branch, for a loan in the amount of RMB 13,280,000 Yuan (or \$1,942,628 as of March 31, 2010). Recent Accounting Pronouncements

In January 2010, the FASB issued ASU 2010-06, Improving Disclosures about Fair Value Measurements. ASU 2010-06 amends ASC Topic 820 to require additional disclosures regarding fair value measurements. One of the areas concerned is related to the inclusion of information about purchases, sales, issuances and settlements in the reconciliation of recurring Level 3 measurements. Such disclosure requirements will be effective for annual reporting periods beginning after December 15, 2010 and for interim periods within those fiscal years. The Company is currently evaluating the effect of ASC 2010-06 on its financial statements and believes that this ASU is only related to disclosures and would have no impact on the results of operations.

In April 2010, the FASB issued ASU 2010-13, Effect of Denominating the Exercise Price of a Share-Based Payment Award in the Currency of the Market in Which the Underlying Equity Security Trades. It addresses the classification of a share-based payment award with an exercise price denominated in the currency of a market in which the

underlying equity security trades. FASB ASC Topic 718, Compensation—Stock Compensation , was amended to clarify that a share-based payment award with an exercise price denominated in the currency of a market in which a substantial portion of the entity's equity securities trade shall not be considered to contain a market, performance or service condition. Therefore, such an award is not to be classified as a liability if it otherwise qualifies for equity classification. The amendments will be effective for fiscal years, and interim reporting periods within those fiscal years, beginning on or after December 15, 2010, with early application permitted. The Company currently evaluating the effect of ASC 2010-13 on its financial statements and would have no impact on the results of operations.
