PROXY STATEMENT

FOR THE 2013 ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD THURSDAY, MAY 23, 2013

These proxy materials are furnished in connection with the solicitation by the Board of Directors (the “Board” with individual members of the Board being referred to herein as a “Director”) of Wintrust Financial Corporation, an Illinois corporation (“Wintrust” or the “Company”), of proxies to be used at the 2013 Annual Meeting of Shareholders of the Company and at any adjournment of such meeting (the “Annual Meeting”). This Proxy Statement (this “Proxy Statement”), together with the Notice of Annual Meeting and proxy card, is first being mailed to shareholders on or about April 12, 2013.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon the matters described in the Notice of Annual Meeting that accompanies this Proxy Statement, including the election of the thirteen nominees for Director named in this Proxy Statement, a proposal approving the Company’s 2012 executive compensation as described in this Proxy Statement, and the ratification of the Audit Committee’s selection of Ernst & Young LLP as Wintrust’s independent registered public accounting firm for 2013.

Who may vote at the Annual Meeting?

Only record holders of Common Stock as of the close of business on April 4, 2013 (the “Record Date”), will be entitled to vote at the meeting. On the Record Date, the Company had outstanding 37,018,852 shares of Common Stock. Each outstanding share of Common Stock entitles the holder to one vote.

What constitutes a quorum?

The Annual Meeting will be held only if a quorum is present. A quorum will be present if a majority of the shares of Company Common Stock issued and outstanding on the Record Date are represented, in person or by proxy, at the Annual Meeting. Shares represented by properly completed proxy cards either marked “abstain” or “withhold authority,” or returned without voting instructions are counted as present for the purpose of determining whether a quorum is present at the Annual Meeting. Also, if shares are held by brokers who are prohibited from exercising discretionary authority for beneficial owners who have not given voting instructions (“broker non-votes”), those shares will be counted as present for the purpose of determining whether a quorum is present at the Annual Meeting.

How do I submit my vote?

If you are a shareholder of record, you can vote by:

- attending the Annual Meeting;
 - signing, dating and mailing in your proxy card;
 - using your telephone, according to the instructions on your proxy card; or
 - visiting www.istshareholderservices.com, clicking on “Shareholder Services,” clicking on “Internet Voting” and following the instructions on the screen.
- The deadline for voting by telephone or on the Internet is 11:59 p.m. Central Time on May 22, 2013.

What do I do if I hold my shares through a broker, bank or other nominee?

If you hold your shares through a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available. If you hold your shares through a broker, bank or other nominee and would like to vote in person at the Annual Meeting, you must first obtain a proxy issued in your name from the institution that holds your shares.

Can I change my vote after I return my proxy card?

Yes. If you are a shareholder of record, you may change your vote by:

- voting in person by ballot at the Annual Meeting;
- returning a later-dated proxy card;
- entering a new vote by telephone or on the Internet; or
- delivering written notice of revocation to the Company's Secretary by mail at 9700 West Higgins Road, 8th Floor, Rosemont, Illinois 60018.

If you vote other than by phone or Internet, you may change your vote at any time before the actual vote. If you vote by phone or Internet, you may change your vote if you do so prior to 11:59 p.m. Central Time on May 22, 2013. If you hold your shares through an institution, that institution will instruct you as to how your vote may be changed.

Who will count the votes?

The Company's tabulator, IST Shareholder Services, will count the votes.

Will my vote be kept confidential?

Yes. As a matter of policy, shareholder proxies, ballots and tabulations that identify individual shareholders are kept secret and are available only to the Company, its tabulator and inspectors of election, who are required to acknowledge their obligation to keep your votes confidential.

Who pays to prepare, mail and solicit the proxies?

The Company pays all of the costs of preparing, mailing and soliciting proxies. The Company asks brokers, banks, voting trustees and other nominees and fiduciaries to forward proxy materials to the beneficial owners and to obtain authority to execute proxies. The Company will reimburse the brokers, banks, voting trustees and other nominees and fiduciaries upon request. In addition to solicitation by mail, telephone, facsimile, Internet or personal contact by its officers and employees, the Company has retained the services of Morrow & Co., LLC, 470 West Avenue, Stamford, Connecticut 06902, to solicit proxies for a fee of \$6,000 plus expenses.

What are my voting choices when voting for the election of Directors?

With respect to each Director nominee, shareholders may:

- (a) Vote FOR (in favor of) such nominee; or
- (b) WITHHOLD authority to vote for such nominee.

What are my voting choices when voting on the advisory (non-binding) proposal approving the Company's 2012 executive compensation as described in this Proxy Statement?

Shareholders may:

- (a) Vote FOR the proposal;
- (b) Vote AGAINST the proposal; or
- (c) ABSTAIN from voting on the proposal.

What are my voting choices when voting on the ratification of the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2013?

Shareholders may:

- (a) Vote FOR the ratification;
- (b) Vote AGAINST the ratification; or
- (c) ABSTAIN from voting on the ratification.

What are the Board's recommendations?

The Board recommends a vote:

FOR the election of each of the thirteen Director nominees named in this Proxy Statement;

FOR the advisory (non-binding) proposal approving the Company's 2012 executive compensation as described in this Proxy Statement; and

FOR the ratification of the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2013.

How will my shares be voted if I sign, date and return my proxy card?

If you sign, date and return your proxy card and indicate how you would like your shares voted, your shares will be voted as you have instructed. If you sign, date and return your proxy card but do not indicate how you would like your shares voted, your proxy will be voted:

FOR the election of each of the thirteen Director nominees named in this Proxy Statement;

FOR the advisory (non-binding) proposal approving the Company's 2012 executive compensation as described in this Proxy Statement; and

FOR the ratification of the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2013.

With respect to any other business that may properly come before the meeting, or any adjournment of the meeting, that is submitted to a vote of the shareholders, including whether or not to adjourn the meeting, your shares will be voted in accordance with the best judgment of the persons voting the proxies.

How will broker non-votes be treated?

A broker non-vote occurs when a broker who holds its customer's shares in street name submits proxies for such shares, but indicates that it does not have authority to vote on a particular matter. Generally, this occurs when brokers have not received any instructions from their customers. In these cases, the brokers, as the holders of record, are permitted to vote on "routine" matters only, but not on other matters. In this Proxy Statement, brokers who have not received instructions from their customers would only be permitted to vote on:

The ratification of the appointment of Ernst & Young LLP.

Brokers who have not received instructions from their customers would not be permitted to vote on the following proposals:

To elect the thirteen Director nominees named in this Proxy Statement; and

The advisory (non-binding) proposal approving the Company's 2012 executive compensation as described in this Proxy Statement.

We will treat broker non-votes as present to determine whether or not we have a quorum at the Annual Meeting, but they will not be treated as entitled to vote on the proposals, if any, for which the broker indicates it does not have discretionary authority.

How will abstentions or withheld votes be treated?

If you vote to abstain or withhold authority to vote, your shares will be counted as present to determine whether or not we have a quorum at the Annual Meeting. If you withhold authority to vote for one or more of the nominees for director, this will have the same effect as a vote against such nominee.

If you abstain from voting on the advisory (non-binding) proposal approving the Company's 2012 executive compensation as described in this Proxy Statement, your abstention will have the same effect as a vote against the proposal.

If you abstain from voting on the ratification of the Audit Committee's selection of Ernst & Young LLP as Wintrust's independent registered public accounting firm for 2013, your abstention will have the same effect as a vote against the proposal.

What vote is required to elect Directors at the Annual Meeting?

Election as a Director of the Company requires that a nominee receive the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon.

Accordingly, instructions to withhold authority will have the same effect as a vote against such nominee.

What vote is required to approve the advisory (non-binding) proposal approving the Company's 2012 executive compensation as described in this Proxy Statement?

The approval of the advisory (non-binding) proposal on the Company's 2012 executive compensation described in this Proxy Statement requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon. Abstentions will have the same effect as a vote against the proposal.

What vote is required to ratify the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2013?

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013 requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon. Abstentions will have the same effect as a vote against ratification.

What if other matters come up during the Annual Meeting?

If any matters other than those referred to in the Notice of Annual Meeting properly come before the Annual Meeting, the individuals named in the accompanying form of proxy will vote the proxies held by them in accordance with their best judgment. The Company is not aware of any business other than the items referred to in the Notice of Annual Meeting that may be considered at the Annual Meeting.

Your vote is important. Because many shareholders cannot personally attend the Annual Meeting, it is necessary that a large number be represented by proxy. Whether or not you plan to attend the meeting in person, prompt voting will be appreciated. Registered shareholders can vote their shares via the Internet or by using a toll-free telephone number. Instructions for using these convenient services are provided on the proxy card. Of course, you may still vote your shares on the proxy card. To do so, we ask that you complete, sign, date and return the enclosed proxy card promptly in the postage-paid envelope.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

The Company's Board of Directors is comprised of 13 Directors, each serving a term that will expire at this year's Annual Meeting. At the Annual Meeting, you will elect 13 individuals to serve on the Board of Directors until the next Annual Meeting. The Board of Directors, acting pursuant to the recommendation of the Nominating and Corporate Governance Committee, has nominated each Director standing for election. Each of the nominees currently serves as a Director. Each nominee has indicated a willingness to serve, and the Board of Directors has no reason to believe that any of the nominees will not be available for election. However, if any of the nominees is not available for election, proxies may be voted for the election of other persons selected by the Board of Directors. Proxies cannot, however, be voted for a greater number of persons than the number of nominees named. Shareholders of the Company have no cumulative voting rights with respect to the election of Directors.

The following sections set forth the names of the Director nominees, their ages, a brief description of their recent business experience, including recent occupation and employment, certain directorships held by each, certain experiences, qualifications, attributes and skills, and the year in which they became Directors of the Company.

Director positions in the Company's subsidiaries are included in the biographical information set forth below.

The Company's main operating subsidiaries include Barrington Bank & Trust Company, N.A., Beverly Bank & Trust Company, N.A., Crystal Lake Bank & Trust Company, N.A., First Insurance Funding Corporation, Great Lakes Advisors, LLC, Hinsdale Bank & Trust Company, Lake Forest Bank & Trust Company, Libertyville Bank & Trust Company, North Shore Community Bank & Trust, Northbrook Bank & Trust Company, Old Plank Trail Community Bank, N.A., Schaumburg Bank & Trust Company, N.A., State Bank of the Lakes, St. Charles Bank & Trust Company, The Chicago Trust Company, N.A., Town Bank, Tricom, Inc. of Milwaukee, Village Bank & Trust, Wayne Hummer Investments, L.L.C., and Wheaton Bank & Trust Company.

We refer to The Chicago Trust Company, N.A., Great Lakes Advisors, LLC and Wayne Hummer Investments, LLC collectively as Wintrust Wealth Management.

Nominees to Serve as Directors until the 2013 Annual Meeting of Shareholders

Peter D. Crist (61), Director since 1996. Mr. Crist has served as the Company's Chairman since 2008. Mr. Crist founded Crist Kolder Associates, an executive recruitment firm which focuses on chief executive officer and director searches, in 2003 and has served since inception as its Chairman and Chief Executive Officer. From December 1999 to January 2003, Mr. Crist served as Vice Chairman of Korn/Ferry International (NYSE), the largest executive search firm in the world. Previously, he was President of Crist Partners, Ltd., an executive search firm he founded in 1995 and sold to Korn/Ferry International in 1999. Immediately prior thereto he was Co-Head of North America and the Managing Director of the Chicago office of Russell Reynolds Associates, Inc., the largest executive search firm in the Midwest, where he was employed for more than 18 years. He also serves as a director and chairman of the compensation committee of Northwestern Memorial Hospital and as a director of Northwestern Memorial HealthCare. Mr. Crist is a Director of Hinsdale Bank.

Mr. Crist's experience assisting companies with executive searches provides him with insight into the attraction and retention of Company personnel, an important concern of the Company. In addition, Mr. Crist's experience as an executive of several large, Chicago-based businesses provides him with insight into the management and operational challenges and opportunities facing the Company in its markets. He serves on the board of First Industrial Realty Trust, Inc. (NYSE) and is a director of North Shore Community Bank.

Mr. Hackett's experience provides him deep familiarity with financial modeling and underwriting approaches toward valuing corporate and bank acquisitions, as well as commercial real estate, which often serves as collateral for the Company's products. Mr. Hackett's experience as a director of North Shore Community Bank and as a bank auditor, early in his career, give him valuable insight into the Company's banking operations.

Scott K. Heitmann (64), Director since 2008. Mr. Heitmann, retired for the past eight years, has over 30 years of experience in the banking industry, including his service as Vice Chairman of LaSalle Bank Corporation and President, Chairman and Chief Executive Officer of Standard Federal Bank from 1997 to 2005. He served as the President and Chief Executive Officer of LaSalle Community Bank Group and LaSalle Bank FSB from 1988 to 1996. Mr. Heitmann currently serves as an Advisory Director of Boys Hope Girls Hope of Illinois. Mr. Heitmann has previously served as a director of LaSalle Bank Corporation, Standard Federal Bank and the Federal Home Loan Bank of Chicago. Mr. Heitmann is a Director of Great Lakes Advisors, North Shore Community Bank, Wayne Hummer Investments and The Chicago Trust Company.

Mr. Heitmann's experience in the banking industry, including service in executive leadership roles at LaSalle Bank and Standard Federal Bank, provide him with knowledge of the financial services business, generally, and the business of community banking, in particular. His experience as a former bank lender also provides insight into the Company's community banking business. In addition, his experience with LaSalle Bank's various predecessors provides him with insight into the opportunities and challenges posed to a growth-oriented Chicago-based community bank. As a result

of his financial experience, Mr. Heitmann qualifies as a financial expert for purposes of rules governing audit committees. Mr. Heitmann's experience as a director of North Shore Community Bank and Wintrust Wealth Management gives him valuable insight into the Company's banking, brokerage and investment advisory operations.

6

Charles H. James III (54), Director since 2008. Mr. James is the Chairman and Chief Executive Officer of C.H. James & Co., an investment holding company with interests in wholesale food distribution businesses, and is Managing Owner of C.H. James Restaurant Holdings LLC, which owns quick service restaurants. From 2001 to 2003 Mr. James served as Chairman of the Board and Chief Executive Officer of PrimeSource Foodservice Equipment, Inc., a food service equipment and supplies distributor that specializes in servicing quick service restaurant chains and multi-unit operators. Mr. James also serves on the board of directors of Morehouse College. Mr. James is a Director of Lake Forest Bank.

Mr. James's experience as Chairman and Chief Executive Officer of C.H. James & Co. and Managing Owner of C.H. James Restaurant Holdings provides him with knowledge of businesses engaged in both wholesale distribution and consumer sales, each an important segment of the Company's customer base. As a chief executive, Mr. James also brings substantial operational and management experience to the Board. In addition, Mr. James' experience as a director of Lake Forest Bank gives him valuable insight into the Company's banking operations.

Albin F. Moschner (60), Director since 1996. Mr. Moschner is currently a consultant in the wireless industry and recently retired from the position of Executive Vice President and Chief Operating Officer of Leap Wireless. He joined Leap Wireless in 2004 as the Chief Marketing Officer. In the eight years prior to joining Leap Wireless, Mr. Moschner held executive positions in both early stage and corporate, internet and telecommunications companies as President of Verizon Card Services, President and Chief Executive Officer of One Point Services and Vice-Chairman of Diba, Inc. Mr. Moschner also served as Director, Chief Operating Officer and President and Chief Executive Officer of Zenith Electronics, Glenview, Illinois, from 1991 to 1996. Mr. Moschner serves on the Board of Directors of USA Technologies, Inc. (NASDAQ).

Mr. Moschner's experience as President and Chief Executive Officer of Zenith Electronics provides him with insight into the management of a public company. Mr. Moschner's experience in the telecommunications industry also provides him with insight into the challenges and opportunities of businesses undergoing secular change. As a result of his financial experience, Mr. Moschner qualifies as a financial expert for purposes of rules governing audit committees.

Thomas J. Neis (64), Director since 1999. Mr. Neis is the owner of Neis Insurance Agency, Inc., QR Insurance Agency and Pachini Insurance Agency and is an independent insurance agent with these companies. Mr. Perry's role as a partner of CIVC Partners gives him insight into a broad range of privately held companies across a number of industries, including financial services. In addition, his experience as a leader at CIVC, Continental Bank's Mezzanine Investments Group and Structured Finance Group gives him insight into complex capital structures,

financial instruments and all aspects of transactions. Mr. Perry's over two decades of experience in the financial services industry have given him considerable experience in many aspects of the industry during several credit and economic cycles.

Ingrid S. Stafford (59), Director since 1998. Ms. Stafford has held various positions since 1977 with Northwestern University, where she is currently Associate Vice President for Financial Operations and Treasurer. She also serves on the investment committee of Wittenberg University and the investment and audit committees of the Evanston Community Foundation. She is an emeritus director of Wittenberg University where she served from 1993 to 2006, including serving as Board Chair from 2001-2005. Ms. Stafford is a Director of North Shore Community Bank.

7

Ms. Stafford's experience as Associate Vice President for Financial Operations and Treasurer of Northwestern University provides experience with the management of the liquidity, financial reporting, risk and audit management of a large organization. She serves in a management support role to its Board of Trustees' Audit, Finance and Investment Committees. In addition, as a member of the investment committees of Wittenberg University and the Evanston Community Foundation, she has experience with investment strategy and asset allocation. She also has experience as an audit committee member and chair of the Board of Pensions of the Evangelical Lutheran Church in America (now known as Portico Benefit Services) and audit committee member of Wittenberg University. As a result of her financial experience, Ms. Stafford qualifies as a financial expert for purposes of rules governing audit committees. In addition, Ms. Stafford's experience as a director of North Shore Community Bank gives her valuable insight into the Company's banking operations.

Sheila G. Talton (60), Director since 2012. Ms. Talton is President of SGT, Ltd., a firm that provides strategy and technology consulting services in global markets in the financial services, healthcare and technology business sectors. Prior to that time, she served as Vice President, Office of Globalization, for Cisco Systems, Inc., a leading global manufacturer, supplier and servicer of Internet Protocol (IP)-based networking and other products related to the communication and information technology industry, and held that position from 2008 to July, 2011. From 2004 to 2008 she also held vice president positions of Cisco's Advisory Services Consulting Group and China groups following a long career in the information technology industry. Prior to joining Cisco Ms. Talton served in multiple roles at Cap Gemini and EDS including as President of their Business Process Innovation Global Consulting Practice. Ms. Talton serves on the Board of Directors of ACCO Brands Corp. (NYSE).

Ms. Talton's extensive knowledge of information technology systems and technology security issues permit her to provide guidance on critical issues to the Company's successful growth. Ms. Talton's experience in technology systems provides her with insight into the challenges of securely providing a diverse client base with a broad array of financial services. In addition, her experience in senior leadership with Cisco Systems provides her with knowledge of the issues faced by large and complex businesses. Ms. Talton also brings substantial operational and management experience to the board.

Edward J. Wehmer (59), Director since 1996. Mr. Wehmer, a founder of the Company, has served since May 1998 as President and Chief Executive Officer of the Company. Prior to May 1998, he served as President and Chief Operating Officer of the Company since its formation in 1996. He served as the President of Lake Forest Bank from 1991 to 1998. He serves as an Advisory Director of each of the Company's main operating subsidiaries. Mr. Wehmer is a certified public accountant and earlier in his career spent seven years with the accounting firm of Ernst & Young LLP specializing in the banking field and particularly in the area of bank mergers and acquisitions. Mr. Wehmer serves on the board of directors of Stepan Company (NYSE), a chemical manufacturing and distribution company. He also serves as a director of Northwestern Lake Forest Hospital and the Catholic Extension Society, on the audit committee of Northwestern Memorial Health Care, as a trustee for Children's Memorial Hospital and Foundation, as a member of the advisory board of the Farmer School of Business of Miami University, and on the Finance Board and the School Board of the Archdiocese of Chicago.

Mr. Wehmer is the only member of the Board who is also a manager of the Company. As such, he provides the views of the management of the Company and substantial insight into the operations of the Company. As an employee of the Company since its inception, he also provides historical context for the Board's discussions.

Required Vote

Election as a Director of the Company requires that a nominee receive the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon.

Accordingly, instructions to withhold authority will have the same effect as a vote against such nominee.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES FOR DIRECTOR NAMED ABOVE.

BOARD OF DIRECTORS, COMMITTEES AND GOVERNANCE

Board of Directors

Overview

The Board provides oversight with respect to our overall performance, strategic direction and key corporate policies. It approves major initiatives, advises on key financial and business objectives, and monitors progress with respect to these matters. Members of the Board are kept informed of our business by various reports and documents provided to them on a regular basis, including operating and financial reports made at Board and Committee meetings by the Chief Executive Officer and other officers. The Board has six standing committees, the principal responsibilities of which are described below. Additionally, the independent Directors meet in regularly scheduled executive sessions, without management present, at each meeting of the Board.

The Board met seven times in 2012. Each member of the Board attended more than 75% of the total number of meetings of the Board and the committees on which he or she served. We encourage, but do not require, our Board members to attend annual meetings of shareholders. All of our Board members then in office attended our 2012 Annual Meeting of Shareholders.

Board Leadership Structure

The Board has a non-executive Chairman. This position is independent from management. The Chairman leads the Board meetings as well as meetings of the independent directors. The Chief Executive Officer is a member of the Board and participates in its meetings. The Board believes that this leadership structure is appropriate for the Company at this time because it allows for independent oversight of management, increases management accountability and encourages an objective evaluation of management's performance relative to compensation. In addition, the Board recognizes that acting as chairman of the Board during the current economic times is a particularly time-intensive responsibility. Separating these roles allows the Chief Executive Officer to focus solely on his duties, which the Board believes better serves the Company. Separation of the roles of Chairman and Chief Executive Officer also promotes risk management, enhances the independence of the Board from management, and mitigates potential conflicts of interest between the Board and management.

The Board's Role in Risk Oversight

Our Board of Directors has an active and ongoing role in the management of the risks of our business. This role has two fundamental elements: (1) ensuring that management of the Company has implemented an appropriate system to manage risks by identifying, assessing, mitigating, monitoring and communicating about risks; and (2) providing effective risk oversight through the Board and its committees.

The Board believes the first element of its risk oversight role is fulfilled through the Company's extensive risk assessment and management program designed to identify, monitor, report and control the Company's risks, which are broken down into various categories deemed relevant to the Company and its business operations. The Enterprise Risk Management Program is administered by the Company's Executive Vice President — Risk Management who provides reports to the Board, the Audit Committee, the Risk Management Committee and other committees of the Board as needed.

The second element of the Board's oversight role is fulfilled primarily by the full Board regularly receiving written and oral reports from management on the status of each category of Company risk and on the Company's overall risks, as well as any material changes or developments in any risk profiles or experiences. The Board also periodically receives reports regarding regulatory priorities and reviews regulatory examination reports of the Company, to remain informed on issues and observations raised by regulatory authorities regarding the risk categories of the Company. In addition to the full Board's direct oversight, the Board's committees provide oversight of various risks created by the Company's operations. The Audit Committee provides oversight of the monitoring of risk, generally, and oversight of financial, reporting, regulatory and legal risks, in particular. The Risk Management Committee monitors, among other things, credit, interest rate, liquidity and market risks. The Finance Committee provides oversight of risks related to strategic transactions and reviews the Company's capital planning strategy and liquidity. The Nominating and Corporate Governance Committee also provides risk oversight, particularly relating to risk relating to the Company's board and governance. Finally, the Compensation Committee provides oversight of risks related to the Company's compensation of its employees.

Director Independence

A Director is independent if the Board affirmatively determines that he or she has no material relationship with the Company and he or she otherwise satisfies the independence requirements of the NASDAQ listing standards. A Director is “independent” under the NASDAQ listing standards if the Board affirmatively determines that the Director has no material relationship with us directly or

9

as a partner, shareholder or officer of an organization that has a relationship with us. Direct or indirect ownership of even a significant amount of our stock by a Director who is otherwise independent will not, by itself, bar an independence finding as to such Director.

The Board has reviewed the independence of our current non-employee Directors and nominees and found that each of them are independent under the applicable NASDAQ listing standards. Accordingly, more than 90% of the members of the Board are independent, including the Chairman of the Board.

Code of Ethics

The Board of Directors has adopted a Code of Ethics applicable to all officers, Directors and employees, which is available on the Company's website at www.wintrust.com by choosing "Investor Relations" and then choosing "Corporate Governance." To assist in enforcement of the Code of Ethics, we maintain Wintrust's Ethicspoint, a toll-free hotline and Internet-based service through which confidential complaints may be made by employees regarding illegal or fraudulent activity; questionable accounting, internal controls or auditing matters; conflicts of interest, dishonest or unethical conduct; disclosures in the Company's reports filed with the SEC, bank regulatory filings and other public disclosures that are not full, fair, accurate, timely or understandable; violations of Wintrust's Code of Ethics; and/or any other violations of laws, rules or regulations. Any complaints submitted through this process are presented to the Audit Committee on a regular, periodic basis or more frequently as needed.

Committee Membership

The following table summarizes the current membership of the Board and each of its committees:

The Nominating and Corporate Governance Committee has proposed, and the Board has agreed, that pending his re-election, Peter D. Crist will continue to serve as Chairman of the Board of Directors following the Annual Meeting. In addition, the Nominating and Corporate Governance Committee has proposed, and the Board has agreed, that the membership of each of the committees of the Board, assuming that each Director nominee is elected, will remain the same following the Annual Meeting.

Nominating and Corporate Governance Committee

The Board has established the Nominating and Corporate Governance Committee (the “Nominating Committee”) which is responsible for:

- establishing criteria for selecting new Directors;
- assessing, considering and recruiting candidates to fill positions on the Board;
 - recommending the Director nominees for approval by the Board and the shareholders;
- establishing procedures for the regular ongoing reporting by Directors of any developments that may be deemed to affect their independence status or qualification to serve as a Director;
- considering any resignation submitted by a Director who has retired or made a significant change to his or her principal employment;
- reviewing the corporate governance guidelines at least annually and recommending modifications thereto to the Board;
- advising the Board with respect to the charters, structure, size, operations and membership qualifications for the various committees of the Board;
- establishing and implementing self-evaluation procedures (including annual director and officer questionnaires) for the Board and its committees;
- reviewing shareholder proposals submitted for inclusion in our Proxy Statement;
- in consultation with the Audit Committee, reviewing related-party transactions;
- reviewing annually Director compensation and recommending modifications thereto to the Board;
 - reviewing insurance policies and indemnification arrangements applicable to the Directors and executive officers and recommending modifications thereto to the Board;
- considering from time to time the overall relationship of the Board and management; and
- reviewing and assessing annually the adequacy of the Nominating Committee Charter and, if appropriate, recommending changes to the Board for approval.

The Board has adopted a Nominating Committee Charter, a copy of which is available at www.wintrust.com by choosing “Investor Relations” and then choosing “Corporate Governance.”

The Nominating Committee consists of four Directors, and the Board has determined that each of them is independent under the applicable NASDAQ listing standards. During 2012, the Nominating Committee met three times.

Nomination of Directors

The Nominating Committee seeks nominees from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity and, in doing so, considers a wide range of factors in evaluating the suitability of director candidates, including general understanding of finance and other disciplines relevant to the success of a publicly-traded company in today’s business environment, understanding of our business, education and professional background. The following personal characteristics are considered minimum qualifications for Board membership under the Corporate Governance Guidelines approved by the Board: integrity and accountability, the ability to provide informed judgments on a wide range of issues, financial literacy, a good reputation in the business community, a talent for networking and referring business to the Company, a history of achievements that reflects high standards for themselves and others, and willingness to raise tough questions in a manner that encourages open discussion. In addition, no person is to be nominated for election to the Board if he or she will attain the age of 76 before such election. Under the Corporate Governance Guidelines adopted by the Board, Directors are expected to own Common Stock having a value of at least four times the annual retainer fee, which amount is currently \$75,000, and to limit board service at other companies to no more than four other public company boards.

The Nominating Committee does not have any single method for identifying director candidates but will consider candidates suggested by a wide range of sources.

The Nominating Committee will consider director candidates recommended by our shareholders if such recommendations are timely received. Any such recommendation must comply with the procedures set forth in the Company's By-Laws, which were

11

amended and restated in April 2011 (see “Shareholder Proposals”). Recommendations must be received in writing at the principal executive offices of the Company and addressed to the Wintrust Financial Corporation, Nominating and Corporate Governance Committee, c/o Corporate Secretary, 9700 West Higgins Road, 8th Floor, Rosemont, Illinois 60018. Under the existing provisions of the By-laws, the deadline for such notice with respect to the 2014 Annual Meeting is February 24, 2014. Any such recommendation should include:

• the name and record address of the shareholder;

• the class and number of shares of the Company beneficially held by the shareholder;

whether and the extent to which any derivative instrument, hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement, arrangement or understanding (including any short position or any borrowing or lending of shares) has been made the effect or intent of any of which is to increase or decrease economic interest in the Company’s stock or manage the risk or benefit of share price changes for, or to increase or decrease the voting power of, such shareholder with respect to the Company’s stock (which information shall be updated by such shareholder as of the Record Date, such update to be provided not later than 10 days after the Record Date for the meeting);

• a representation that the shareholder intends to appear in person or by proxy at the Annual Meeting to introduce the recommendation;

• the name, age, principal occupation and employment, and business and residential addresses of the candidate;

• the qualifications of such candidate and the reason for such recommendation;

a description of all arrangements or understandings between the shareholder and such candidate or any other persons pursuant to which the recommendation is being proposed and any material interest of the shareholder in such recommendation;

• the candidate’s signed consent to serve as a director if elected and to be named in the Proxy Statement; and

• all other information which would be required to be included in a proxy statement filed with the SEC if, with respect to such nomination, such shareholder were a participant in a solicitation subject to the Exchange Act.

Once the Nominating Committee receives the recommendation, it may request additional information from the candidate about the candidate’s independence, qualifications and other information that would assist the Nominating Committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in our Proxy Statement, if nominated. The Nominating Committee will apply the same standards in considering director candidates recommended by shareholders as it applies to other candidates.

The Nominating Committee also evaluates the performance of Directors and assesses the effectiveness of committees and the Board as a whole. The effectiveness of the nomination process is evaluated by the Board each year as part of its self-evaluation process and by the Nominating Committee as it evaluates and identifies director candidates.

Both the Board and the Nominating Committee believe that each of Wintrust’s Directors possess the outstanding characteristics and qualifications necessary for service as a director. Accordingly, upon the nomination of the Board, in 2013, all of the director nominees are Directors standing for re-election.

Audit Committee

The Board has established an Audit Committee for the purpose of overseeing our accounting and financial reporting processes and the audits of our financial statements. In addition, the Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to:

• our compliance with legal and regulatory requirements, including our disclosure controls and procedures;

• the independent registered public accounting firm’s qualifications and independence;

• the performance of our internal audit function and independent registered public accounting firm; and

• reviewing and assessing annually the adequacy of the Audit Committee charter and, if appropriate, recommending changes to the Board for approval.

The Board has adopted an Audit Committee Charter, a copy of which is available at www.wintrust.com by choosing “Investor Relations” and then choosing “Corporate Governance.”

The Audit Committee has established a policy to pre-approve all audit and non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services.

Pre-approval is generally provided for up to one year. Once pre-approved, the services and pre-approved amounts are monitored against actual charges incurred and modified if appropriate.

To serve on the Audit Committee, Directors must meet financial competency standards and heightened independence standards set forth by the SEC and NASDAQ. In particular, each Audit Committee member:

- must be financially literate;
 - must not have received any consulting, advisory, or other compensatory fees from us (other than in his or her capacity as a Director);
 - must not be our affiliate or the affiliate of any of our subsidiaries; and
 - must not serve on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such Director to effectively serve on the Audit Committee.
- Furthermore, at least one member of the Audit Committee must be a financial expert.

The Audit Committee consists of six Directors, and the Board has determined that each of them is independent under the applicable NASDAQ listing standards and meets the financial competency and heightened independence standards set forth above. The Board has determined that Ms. Stafford, Mr. Getz, Mr. Heitmann and Mr. Moschner qualify as financial experts. During 2012, the Audit Committee met five times.

Compensation Committee

The Board has established a Compensation Committee which is responsible for:

- establishing the Company's general compensation philosophy and overseeing the development and implementation of compensation programs;
- with input from the Board, reviewing and approving corporate goals and objectives relevant to the compensation of the Chief Executive Officer and other management, evaluating the performance of the Chief Executive Officer and other management in light of those goals and objectives, and setting the Chief Executive Officer's and other management's compensation levels based on this evaluation;
- reviewing the Company's compensation programs to assess the extent to which such practices encourage risk-taking or earnings manipulation, and taking any appropriate remedial actions;
- administering and interpreting all salary and incentive compensation plans for officers, management and other key employees;
- reviewing senior management compensation;
- reviewing management organization, development and succession planning;
- taking actions relating to employee benefit, compensation and fringe benefit plans, programs or policies of the Company;
- reviewing and approving severance or similar termination payments to any executive officer of the Company;
- preparing reports on executive compensation;
- pre-approving all services provided by any independent compensation consultant retained to participate in the evaluation of executive compensation, other than services performed in connection with non-employee director compensation;
- reviewing the results of any advisory shareholder votes on executive compensation, and considering whether to recommend adjustments to the Company's executive compensation policies and practices as a result of such votes;
- recommending for approval by the Board how frequently the Company should conduct advisory shareholder votes on executive compensation, taking into account the results of any prior shareholder votes regarding executive compensation;
- developing and implementing policies with respect to the recovery of "clawback" of any excess compensation, including stock options, paid to any of the Company's executive officers based on erroneous data;
- reporting activities of the Compensation Committee to the Board on a regular basis and reviewing issues with the Board as the Compensation Committee deems appropriate; and
- reviewing and assessing annually the adequacy of the Compensation Committee Charter and, if appropriate, recommending changes to the Board for approval.

The Compensation Committee's authority is set forth in a charter adopted by our Board, a copy of which is available at www.wintrust.com by choosing "Investor Relations" and then choosing "Corporate Governance."

The Compensation Committee consists of four Directors, and the Board has determined that each of them is independent under the applicable NASDAQ listing standards. During 2012, the Compensation Committee met six times.

Risk Management Committee

The Board has established a Risk Management Committee which is responsible for:

- developing and implementing the Company's overall asset/liability management and credit policies;
- implementing risk management strategies and considering and approving the use of various hedging techniques;

- reviewing measures taken by the Company to identify, assess, monitor control and mitigate its risks in the areas of asset/liability management and credit policies;

- reviewing the Company's capital position, liquidity position, sensitivity of earnings under various interest rate scenarios, the status of its securities portfolio and trends in the economy;

- reporting activities of the Risk Management Committee to the Board on a regular basis and reviewing issues with the Board as the Risk Management Committee deems appropriate; and

- reviewing and assessing annually the adequacy of the Risk Management Committee Charter and, if appropriate, recommending changes to the Board for approval.

The Risk Management Committee's authority is set forth in a charter adopted by our Board, a copy of which is available at www.wintrust.com by choosing "Investor Relations" and then choosing "Corporate Governance."

The Risk Management Committee consists of six Directors, and the Board has determined that each of these Directors, except for Mr. Perry, has no material relationship with us and each is otherwise independent under the applicable NASDAQ listing standards. See "Related Party Transactions" for additional information regarding Mr. Perry's material relationship with the Company. During 2012, the Risk Management Committee met four times.

Finance Committee

The Board has established a Finance Committee to provide guidance to management regarding strategic opportunities and related financing transactions. In addition, the Finance Committee assists the Board in fulfilling its responsibilities with respect to:

- reviewing the capital plan and cash position of the Company, and providing guidance on the sources and uses of capital and expected returns on capital;

- reviewing the Company's financial policies, capital structure, strategy for obtaining financial resources, tax-planning strategies and use of cash flow;

- reviewing and making recommendations with respect to any share repurchase programs and dividend policy;

- reviewing proposed mergers, acquisitions, joint ventures and divestitures involving the Company and its subsidiaries;

- reviewing and making recommendations with respect to issuing equity and debt securities;

- providing advice to management with respect to the financial aspects of transactions by subsidiaries of the Company that require a vote by the Company, as a shareholder of such subsidiaries; and

- reviewing and assessing annually the adequacy of the Finance Committee Charter and, if appropriate, recommending changes to the Board for approval.

The Finance Committee's authority is set forth in a charter adopted by our Board, a copy of which is available at www.wintrust.com by choosing "Investor Relations" and then choosing "Corporate Governance."

The Finance Committee consists of four Directors, and the Board has determined that each of these Directors, except for Mr. Perry, has no material relationship with us and each is otherwise independent under the applicable NASDAQ listing standards. See "Related Party Transactions" for additional information regarding Mr. Perry's material relationship with the Company. During 2012, the Finance Committee met ten times.

Executive Committee

The Board has established an Executive Committee to provide guidance and counsel to the Company's management team on significant matters and to take action on behalf of the Board between meetings of the Board or when it is not feasible to take action by the full Board. The Executive Committee may exercise all authority of the Board except as otherwise prohibited by law.

The Executive Committee's authority is set forth in a charter adopted by our Board, a copy of which is available at www.wintrust.com by choosing "Investor Relations" and then choosing "Corporate Governance."

The Executive Committee currently consists of seven Directors, and the Board has determined that each of these Directors, except for Mr. Wehmer, is independent under the NASDAQ listing standards. During 2012, the Executive Committee met one time.

Shareholder Communications

Any shareholder who desires to contact the non-employee Directors or the other members of our Board may do so by writing to: Wintrust Financial Corporation, Board of Directors, c/o the Secretary of the Company, Wintrust Financial Corporation, 9700 West Higgins Road, 8th Floor, Rosemont, Illinois 60018. Copies of written communications received at this address will be provided to the Board, the applicable committee chair or the non-employee Directors as a group unless such communications are considered, in consultation with the non-employee Directors, to be improper for submission to the intended recipient(s). All communications will be forwarded to the Chair of the Nominating and Corporate Governance Committee unless the communication is specifically addressed to another member of the Board, in which case, the communication will be forwarded to that Director. Other interested parties may also use this procedure for communicating with the Board, individual Directors or any group of Directors. Shareholders also may obtain a copy of any of the documents posted to the website free of charge by calling (847) 939-9000 and requesting a copy. Information contained on Wintrust's website is not deemed to be a part of this Proxy Statement.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

This Compensation Discussion & Analysis section reviews our compensation program for our five named executive officers (“NEOs”), which include our principal executive officer, principal financial officer and the three other most highly-compensated executive officers.

Executive Summary

During 2012, the Company’s executive officers continued to manage the Company through the volatility, complexity and uncertainty which have affected the nation’s financial system. The Compensation Committee of our Board of Directors (the “Committee”), noted that pursuant to its long-term strategy of maintaining sound, conservative underwriting, the Company underwrote its credits in a manner that resulted in an acceptable level of problem loans during this turbulent period.

In that regard, the Committee considered the results of management’s strategic efforts including:

- generated the highest reported net income in the history of the Company – \$111.2 million in 2012, a 43.3% increase over 2011;
- growth in total assets by 10.2% to \$17.5 billion, the highest reported level in the history of the Company;
- loan growth (excluding covered loans and loans held for sale) of 12.4% to \$11.8 billion, the highest reported level in the history of the Company;
- growth of total deposits of 17.2% to \$14.4 billion, the highest reported level in the history of the Company;
- purchase of four banks (two of which were acquisitions from the FDIC), a stand alone branch, a trust operation and a Canadian premium finance company;
- increase in the number of banking offices to 111;
- a 9.6% increase in tangible common book value per share to \$29.28 from \$26.72 in 2011¹; and
- continued ability to attract talented personnel throughout the organization.

The Committee also noted that 2012 was the Company’s sixteenth consecutive year of profitability. As a result of these accomplishments, the Committee approved, consistent with its philosophy of paying for performance, year-end bonuses to the NEOs, payable in cash.

Our 2012 Compensation Program

Overview

The Committee has responsibility for developing, implementing and monitoring executive officer compensation programs and policies as well as adherence with the Company’s compensation philosophy, including compensation of our NEOs. The Committee sets the compensation for all of our executive officers, including our NEOs. In administering the Company’s executive compensation program, the Committee is mindful of our unique structure, culture and history as well as the growth strategy of our Company and its business. As a holding company that conducts its operations through our subsidiaries, we are focused on providing entrepreneurial-based compensation to the chief executives of each of our business units. As a Company with start-up and growth oriented operations, we are cognizant that to attract and retain the managerial talent necessary to operate and grow our businesses, we often have to compensate our executives with a view to the business we expect them to manage, rather than the size of the business they currently manage. Our assets have grown 43% in the last three years and 87% in the last five years, loans, excluding covered loans, have grown 41% and 74% and deposits 45% and 93% in the respective periods. Our compensation philosophy and programs are designed to attract and retain management capable of overseeing growth while managing risk.

¹ A reconciliation of our GAAP results to our non-GAAP results can be found in Part II, Item 6 "Selected Financial Data" of our Annual Report on Form 10-K for the year ended December 31, 2012.

The Committee's strategy has been to pay its executives competitive salaries in an effort to attract and retain highly-qualified and well-experienced individuals. However, as the Company continues to mature, the Committee believes that an increasing percentage of our executives' total direct compensation should be heavily weighted toward incentive compensation rather than base salary. This philosophy is intended to create and foster a pay-for-performance framework within defined risk parameters that drives shareholder value by aligning shareholder and NEO interests. In 2011, the Committee adopted a new long-term incentive program, described in detail below. The Long Term Incentive Compensation Program, or LTIP, serves to increase the percentage of our executives' total compensation which is linked to performance and further aligned with the interests of our shareholders.

Program Design

The design of the Company's executive compensation program is based on initial work conducted during 2008 and 2009, supplemented by the advice of Deloitte Consulting, LLP ("Deloitte"), the Committee's independent compensation consultant, during 2010 and 2011. Deloitte reports directly to the Committee and participates in Committee meetings upon invitation. The Committee hired Deloitte in the fall of 2010 and Deloitte began its work with a full review of the Company's then-current program, marketplace trends and best practices relating to competitive pay levels.

Deloitte undertook a "clean slate review" of the Company's executive compensation program in 2010. The goal of the clean slate review and subsequent work of Deloitte was to re-evaluate the current executive compensation program and compare it to the Company's strategic objectives and leading practices in executive compensation in order to identify areas of the program for further enhancement. In addition, Deloitte assessed the competitiveness of the Company's executive compensation program in light of changes in the banking industry, the recent growth of the Company, the exit by the Company from the Troubled Asset Relief Program ("TARP"), including the removal of TARP-related restrictions on executive compensation, and recent regulatory reform.

Deloitte's analysis of the Company's compensation program determined that the total direct compensation delivered to the NEOs, based on actual annual and long-term incentives, was below the levels targeted by the Committee for executives that demonstrate superior performance. In particular, Deloitte's analysis noted that while the Company's NEOs' base salaries and target total cash compensation, on average, were at or above the target 75th percentile level, the NEOs' long-term incentive grants were well below those provided at comparable companies. Deloitte recognized the impact of the TARP-related compensation restrictions on these results.

Deloitte's clean slate review included a number of other commonly recognized best practices. In particular, following conversations with Deloitte in 2010 and 2011, the Committee:

- adopted stock ownership guidelines for the Chief Executive Officer and other NEOs;
- amended its form employment agreement for new officers to remove severance benefits upon death or disability;
- amended the Company's 2007 Stock Incentive Plan (the "2007 Plan") to include "double trigger" vesting provisions for equity awards granted under the 2007 Plan beginning with the 2011 grants;
- amended the 2007 Plan to prorate outstanding performance-based awards for terminations following a change of control, with such proration based on target performance levels and the time worked during the performance cycle;
- upon the expiration of the TARP-related clawback policy, adopted a clawback policy applicable to all annual and long-term incentive compensation awards made to the Company's executive officers; and
- established the LTIP to create a long-term focus based on sustainable results and share value creation with key employees.

With regard to total direct compensation, Deloitte recommended maintaining the Company's current structure which provides for target compensation levels within a competitive range of the median for comparable companies, and at levels approaching the 75th percentile and above for executives who demonstrate superior performance. In determining the competitive median range appropriate for each NEO, the Committee also considers the Company's unique structure and the hybrid nature of certain managerial positions at the Company.

Deloitte recommended that in lieu of the Company's previous policy of making periodic long-term incentive grants and Cash Incentive and Retention Plan ("CIRP") grants, the Committee should develop a new long-term incentive framework that provides for annual grants. The LTIP framework provides a competitive compensation opportunity, better aligns the interests of management with the interests of shareholders, fosters retention, allows the Company to compete effectively for talent, incorporates leading practices, is simple to understand, supports the Company's

long-term strategy and growth objectives, links pay and performance and establishes long-term focus based on sustainable results. Deloitte recommended using a portfolio

19

approach by granting stock options, performance-vested cash and performance-vested stock. Each of the performance vested awards are payable based on achievement of maximum, target or threshold performance levels based on the achievement of key pre-established performance measures over a three-year period. In designing the LTIP, the Committee focused on creating a structure that would closely link pay with performance goals, and provide payouts approaching the 75th percentile for comparable companies only in the event of superior performance by the Company both on a relative basis as compared to peers and on an absolute basis as compared to historical norms in the banking industry.

Compensation Philosophy and Objectives

The Committee designed the Company's compensation program to promote a pay-for-performance philosophy and to be competitive with market practices in order to retain and attract talented executives who can contribute to the Company's long-term success and build value for our shareholders.

Accordingly, the Committee strives to create a compensation package for each NEO that is competitive as well as reflective of the performance of both the Company and the individual officer. The Committee recognizes that certain elements of compensation are better suited to reflect different compensation objectives. For example, as base salaries are the only element of compensation that is fixed in amount in advance of the year in which the compensation will be earned, the Committee believes that it is most appropriate to determine base salaries with a focus on the market practices for similarly situated officers at comparable companies as adjusted to reflect the individual officer's performance during the preceding year. The aspects of individual performance that are evaluated for base salary purposes include non-financial measures such as integrity, quality, leadership, customer satisfaction, innovation and talent management. In contrast, annual bonuses and long-term incentives are better able to reflect the Company's performance as measured by financial measures such as earnings per share, deposit growth, loan growth, net interest margin, return on average assets, credit quality and return on tangible equity. In addition, annual bonuses and long-term incentive awards, including the performance metrics they are measured on, are well suited to aid in our goal of retaining executives, motivating officers to increase shareholder value and achieve specific business goals. The other elements of compensation are set primarily based on leading market practices and are driven by the Committee's philosophy that personal benefits including retirement and health and welfare benefits should be available to all employees on a non-discriminatory basis.

The following additional compensation philosophies and objectives formed the basis of the Company's compensation program in 2012:

Our compensation program must allow us to attract first-rate entrepreneurial talent that reflects our structure. As a result of our holding company structure, our compensation program takes into consideration the fact that to attract and retain executive officers, whether at the Company or at one of our subsidiaries, talented enough to enable the Company to meet its long-term goals and oversee growth while managing risk, we must compensate such executive officers based on the size and potential enterprise that we expect such officer to oversee in the future.

Compensation should be performance-based. Our compensation program should encourage and reward excellent performance from the Company's management team. Accordingly, our compensation program is designed to drive the achievement of key short-term and long-term business objectives and is aligned with the Company's overall performance, its financial performance, the performance of its subsidiaries and a manager's attainment of his or her individual management objectives.

A significant portion of total compensation should be in the form of long-term incentives. Long-term incentives are an important way of aligning management and shareholder interests because they link a manager's compensation levels to the performance of the Company over a multi-year time horizon. Additionally, long-term incentives can help promote continuity of management by tying compensation to continued service, and can help reduce incentives to take excessive risks by ensuring that managers are incentivized to create lasting value for shareholders.

Long-term incentive compensation should be highly correlated with superior returns. The performance goals associated with all grants under the long-term incentive compensation program should be challenging and achievable only with superior performance, both on a relative basis as compared to peers and on an absolute basis as compared to historical norms in the banking industry.

Compensation levels should be competitive to ensure that we attract and retain a highly qualified management team to lead and grow our Company. The successful operation of our Company requires an experienced and talented

management team. To hire and retain such managers, our compensation program must be competitive with those of our peer firms in terms of total compensation and for each element of compensation.

Compensation opportunities should be commensurate with an executive's roles and responsibilities. Greater levels of compensation should be offered to our executives who are most responsible for the performance of the Company. This helps ensure that compensation levels are perceived as fair, both internally and externally, and reduces the risk that we lose managerial

20

talent to our competitors. This principle is of particular relevance to us as our NEOs, other than our CEO, have some responsibilities that vary from what their job titles imply.

Our compensation program for NEOs should be fair, and perceived as such, both internally and externally. The Committee strives to create a compensation program that will be perceived as fair, both internally and externally. It accomplishes this by comparing the compensation that is provided to our NEOs to a comparative group of companies as a means to measure external fairness and to other senior employees of the Company, as a means to measure internal fairness. Shareholders are best served when we can attract and retain talented executives with compensation packages that are competitive but fair. The markets in which the Company operates are very competitive and there is real risk of losing talented executives if our compensation is not competitive or fair.

Pay-for-Performance Review and Analysis

Overview. Pay-for-performance is an important component of our longstanding compensation philosophy. Our compensation approach is designed to motivate our executives, including our NEOs, to substantially contribute individually and collaboratively to the Company's long-term sustainable growth. Our pay-for-performance approach provides that:

• Our senior executives should have a large portion of variable compensation in the form of short-term and long-term incentive awards; and

• A large portion of the incentive awards of our senior executives should be focused on long-term awards to drive sustainable stockholder value and the Company's performance over time.

Between 50% and 60% of the NEO's target total direct compensation opportunity for 2012 was in the form of performance-based variable compensation, equity grants and discretionary annual bonus awards motivating them to deliver strong business performance and create shareholder value. These compensation elements are dependent upon stock price appreciation and the Company's achievement of pre-established financial and other business goals set and monitored by the Committee and the Company's overall performance. Based on actual results, the annual variable compensation amount and the ultimate value of the equity compensation awards could be zero if the Company does not perform well.

Peer Group Comparison. In evaluating CEO compensation, the Committee compares the CEO's target pay with that of our peer group, taking into consideration the relative returns provided by the Company and its peers to their respective shareholders. When compared to our peer group on a one, three and five year basis, our percentile ranking in terms of total shareholder return significantly exceeds the percentile ranking of our CEO's target and realizable pay.

	One Year	Three Years	Five Years
Total Shareholder Return	93rd Percentile	81st Percentile	89th Percentile
CEO Target Pay ¹	60th Percentile	42nd Percentile	38th Percentile
CEO Realizable Pay ²	49th Percentile	40th Percentile	42nd Percentile

¹ CEO target pay is based on information reported in proxy statements filed over the applicable period for each of the peer companies and Wintrust and was calculated using the annual bonus target and long-term cash target as disclosed in each company's Grants of Plan Based Awards Tables over the applicable period. Base salary, stock options, stock awards and other compensation are based on the amounts disclosed in each company's Summary Compensation Tables over the applicable period.

² CEO realizable pay is based on information reported in proxy statements filed over the applicable periods by each of the peer companies and the Company, and is calculated using base salary, annual and long-term cash bonuses and other compensation reported in each company's Summary Compensation Table. Stock options and stock awards represent the intrinsic value of equity awards granted over the applicable period using the stock price at fiscal year-end.

The Committee believes this result reflects the high level of performance of the Company as well as the relative performance of the Company as compared to its peers. As illustrated in the table above, the growth in CEO target pay has been far outpaced by the Company's performance as compared to its peers.

Peer Group Analysis. In December 2011, in light of the Company's recent acquisitions and projected future growth, the Committee asked Deloitte to assist in re-examining the Company's banking peer group used to benchmark executive compensation levels. In selecting a peer group, the Committee seeks to assure that it will maintain a compensation program that consistently recognizes, rewards and retains top talent. Deloitte took into consideration which companies compete for customers, executive talent or investors with the Company, the size of the companies in the peer group with a goal of the Company approximating the median of the peer group, and the structure of the Company as it competes in the marketplace. The peer group is comprised of 19 companies, including 13 similarly-sized national banks and a group of six Midwestern banks. The reference group of similarly-sized national banks included banks with assets between \$11.6 billion and \$24.7 billion as of December 31, 2010 as compared to \$14.0 billion for the Company as of such date. The reference group of Midwestern banks included banks with total assets between \$7.2 billion and \$21.8 billion as of December 31, 2010. The Committee considered both the national banks reference group and the Midwestern banks reference group together as a single group.

² The peer group used by the Company to evaluate 2011 compensation decisions also included Whitney Holding Corporation.

³ Following Deloitte's 2011 peer group review, this company was added to the peer group used by the Company to evaluate 2012 compensation decisions.

When making compensation decisions, the Committee reviews the compensation paid to our CEO and other named executive officers relative to the compensation paid to similarly-situated executives, to the extent available, at our peer companies based on publicly available information reported in our peers' proxy statements. The Committee also reviews published survey data representing the market of companies in which we compete for executive talent to provide supplemental information to assess the reasonableness of the competitive market data.

Deloitte provided the Committee with background information regarding the Company's 2011 compensation structure as compared to market norms and in light of the Company's unique structure. Deloitte provided the Committee with analysis undertaken with respect of each of the NEOs, including a comparison of total direct compensation, target total direct compensation as well as each component of compensation on a comparative basis with the Company's peer group and market data where available. Deloitte also included separate comparative data on those peers still part of the TARP program and those who had already exited the program.

In 2012, the Committee sought to target aggregate total direct compensation to an amount within a competitive range of the median for similarly situated officers at comparable companies. The Committee adopted a plan designed to provide actual compensation at levels approaching the 75th percentile and above in instances where the Company's results and the individual's performance exceed target levels, and compensation below the median when the executive's performance or Company results fail to reach target levels.

Prior Compensation Decisions. As discussed above, the Committee compares the CEO's target pay against that of our peer group and believes that both the amount and rate of change compare favorably on a one, three and five-year basis based on total shareholder return. A full view of the five year comparison, however, must also take into account the fact that during 2007 and 2008, the CEO recommended that he and the COO not be paid an annual bonus in light of then-ongoing economic events which significantly reduced their pay compared to peers. In addition, the one, three and five-year comparables must also account for the fact that the Company was not able to implement its planned long-term incentive program until 2011 due to TARP restrictions. The impact of these decisions, particularly the refusal of the annual bonus in 2007 and 2008, means that CEO pay was lower in those years, making the growth in CEO compensation over the five-year period appear larger than would have been the case had the CEO been paid commensurate with other senior officers at the Company.

Compensation Procedures

Role of Management. The Committee made all 2012 compensation decisions for our NEOs. Mr. Wehmer and Mr. Dykstra annually review the performance of each of the Company's and its subsidiaries' officers (other than Mr. Dykstra, whose performance is reviewed by Mr. Wehmer acting alone, and Mr. Wehmer whose performance is reviewed by the Committee, and Mr. Murphy whose performance is reviewed by the Committee due to the fact that he is Mr. Wehmer's brother-in-law). The conclusions reached and the compensation recommendations based on these reviews, including with respect to salary adjustments and incentive award amounts, were presented to the Committee. The Committee exercised its discretion in modifying any recommended adjustment or award.

Committee Process. During 2012, the Committee reviewed both the Company's compensation philosophy and the actual compensation being paid by the Company. The Committee met, including in executive sessions without any members of management present, to discuss, evaluate and set executive officer compensation. In setting compensation for each of the NEOs, the Committee focused on the total direct compensation received by each NEO, as well as the allocation of each element of compensation in relation to those provided by the peer companies identified above. The Committee acted pursuant to a written charter that had been approved by our Board.

Compensation Consultants. The Committee has the sole authority to retain and dismiss its own outside compensation consultants and any other advisors it deems necessary. The role of a compensation consultant is to assist the Committee in analyzing executive compensation packages and to provide the Committee with information regarding market compensation levels, general compensation trends and best practices. The consultant also provides advice regarding the competitiveness of specific pay decisions and actions for the NEOs, as well as the appropriateness of the design of the Company's executive compensation programs. In 2012, as in prior years, the Committee relied upon Deloitte to advise it on executive compensation-related issues and to provide advice relating to establishing bonus opportunities and target incentives for 2012. In addition, Deloitte provides guidance on leading practices on compensation. Deloitte attends meetings of the Committee, including executive sessions, upon invitation. Deloitte does not provide any other services to the Company other than to the Nominating and Governance Committee of the Board with respect to compensation of non-employee Directors. The Committee has assessed the independence of Deloitte pursuant to the rules of the Securities and Exchange Commission ("SEC") and concluded that Deloitte's work for the Committee does not raise any conflicts of interest.

Elements of Compensation

This section describes the various elements of our compensation program for NEOs, together with a discussion of various matters relating to those items, including why the Committee choose to include the items in the compensation program. The components of compensation for our NEOs were:

- base salary;
- annual bonus;
- long-term incentives; and
- perquisites and other personal benefits.

As a result of its review of its compensation structure, the Committee established the following framework for NEO compensation for 2012:

Named Executive Officer	Base Salary	Annual Bonus	Long-Term Incentive Compensation	Perquisites & Other Benefits	Total Compensation
Edward J. Wehmer	35%	30%	30%	5%	100%
David A. Dykstra	40%	27.5%	27.5%	5%	100%
Richard B. Murphy	40%	27.5%	27.5%	5%	100%
David L. Stoehr	45%	30%	20%	5%	100%
Lisa J. Pattis	45%	30%	20%	5%	100%

Salary. The Company provides NEOs with base salary to compensate them for services rendered during the fiscal year and reflect each NEO's position, specific skills, tenure, experience, responsibility and performance. Annual base salary adjustments for NEOs for any given year are generally fixed by the Committee at its meeting in January. Increases or decreases in base salary on a year-over-year basis are dependent on the Committee's assessment of the Company's and individual's performance. The Committee has full discretion to set NEO salary at any level it deems appropriate. As part of this process, the Committee solicits the recommendations of Mr. Wehmer with respect to NEOs (other than Mr. Wehmer and Mr. Murphy). The Committee considers peer and market data, internal pay equity and merit history in evaluating recommendations.

During the period that the Company was covered by the compensation-related requirements under the TARP program, the Committee increased the annual base salaries of the then-NEOs and included in Mr. Wehmer's and Mr. Dykstra's increases a portion to be paid in salary stock. In 2011, following the 2010 exit of the Company from the TARP program, the Committee adjusted the annual base salary of Mr. Wehmer and Mr. Dykstra to eliminate the salary stock component, thus decreasing their annual base salaries by \$100,000 and \$75,000 respectively. In 2012, the Company maintained the base salaries of Mr. Wehmer, Mr. Dykstra and Ms. Pattis at \$1,000,000, \$750,000 and \$425,000 respectively and increased Mr. Murphy's base salary from \$450,000 to \$475,000 and Mr. Stoehr's base salary from \$390,000 to \$400,000.

Annual Bonus. The Company's performance-based annual bonuses are based on each NEO's overall performance and are based on achievement of performance goals subject to the discretion and adjustment by the Committee. Annual bonuses are intended to provide officers with an opportunity to receive additional cash and equity compensation based on their individual performance and Company results, including based on the achievement of predetermined Company, subsidiary and individual performance goals. Performance-based bonuses are included in the compensation package because they permit the Committee to incentivize our NEOs, in any particular year, to pursue particular objectives that the Committee believes are consistent with the overall goals and strategic direction that the Board has set for the Company.

Following the review of our compensation program, the Committee determined to retain the target annual bonus levels for the NEOs implemented in 2009. As noted above, annual bonus opportunity for each of our NEOs under this structure ranged from approximately 27.5% to 30% of their respective total compensation. The Committee believes that the annual performance-based bonus reinforces the pay-for-performance nature of our compensation program.

Once the annual bonus opportunity is established, the Committee converts the target bonus opportunity to a range of payout levels as a percentage of base salary at threshold, target and high levels. Below are the threshold, target and high bonus award opportunities for our NEOs in 2012, expressed as a percentage of base salary:

Named Executive Officer	Threshold ¹	Target	High ²
Edward J. Wehmer	53%	70%	88%
David A. Dykstra	49%	65%	81%
Richard B. Murphy	49%	65%	81%
David L. Stoehr	45%	60%	75%
Lisa J. Pattis	45%	60%	75%

¹ The threshold payout opportunity pays 75% of target at threshold performance.

² The high payout opportunity pays 125% of the target at maximum performance.

In determining the amount of target annual bonuses, the Committee considers several factors, including:

- market practices;
- the target annual bonuses set and actual annual bonuses paid in recent years;
- the desire to ensure, as described above, that a substantial portion of total compensation is performance-based; and
- the relative importance and degree of difficulty, in any given year, of the long and short-term performance goals of the Company.

The Committee has complete discretion in determining the amount of any annual bonus awarded to an NEO. However, to aid it in exercising that discretion, the Committee allocates the potential annual bonus award for our NEOs between Company-level and personal objectives, as well as retaining a discretionary factor. Company-level objectives focus on targeted consolidated net income and personal objectives are tailored for each NEO. These performance objectives for annual bonuses are developed through an iterative process. Based on a review of business plans, management develops preliminary recommendations for Committee review. The Committee reviews management's preliminary recommendations and establishes guideposts and ranges. These guideposts assist the Committee in determining actual bonus awards and create incentives for NEO performance. The Committee strives to ensure that the objectives are consistent with the strategic goals set by the Board, that the goals set are sufficiently ambitious, within defined risk parameters, so as to provide a meaningful incentive and that annual bonus payments, assuming target levels of performance are attained, will be consistent with the overall NEO compensation program established by the Committee.

The final determination of an NEO's actual bonus payment is based on the Committee's evaluation of Company and individual performance metrics, including consolidated net income, personal objectives, and discretionary factors. As in years past, the final determination of the Committee could result in no bonus being paid or a bonus in an amount more than the high bonus opportunity or less than the low bonus opportunity, regardless of actual performance.

For 2012, target annual bonuses were allocated across the Company-level objective, personal objectives and the discretionary component as follows, expressed as a percentage of each NEO's base salary:

Named Executive Officer	Company Level Objective	Personal Objectives	Discretionary Component	Total Eligible Annual Bonus at Target as a Percentage of Base Salary
Edward J. Wehmer	49.00%	17.50%	3.50%	70.00%
David A. Dykstra	45.50%	16.25%	3.25%	65.00%
Richard B. Murphy	45.50%	16.25%	3.25%	65.00%
David L. Stoehr	42.00%	15.00%	3.00%	60.00%
Lisa J. Pattis	42.00%	15.00%	3.00%	60.00%

The Company-level objective for 2012 was to achieve consolidated net income of \$109.5 million for 2012. Our NEOs were provided with the following framework for the guidelines the Committee would utilize in determining the high, target, low, or threshold portion of the annual bonus award opportunity allocated to the Company-level objective:

Wintrust 2012 Consolidated Net Income	Performance-Weighting of Company-Level Annual Bonus Award
Greater than \$131.4 million	High
\$109.5 million to \$131.4 million	Target
\$82.1 million to \$109.5 million	Threshold
\$65.7 million to \$82.1 million	Low

The Company's consolidated net income for the year ended December 31, 2012 was \$111.2 million. Accordingly, each of our NEOs was within the target range of the Company-level objective.

In determining the actual annual bonus for each NEO associated with the achievement of Company-level objectives, the Committee considered a number of factors, including the:

- Company's achievement of 102% of the consolidated net income objective despite a difficult banking environment;
- growth in the Company's total assets, net interest margin and tangible common book value per share;
- successful completion and integration of acquisitions, including the acquisition of a Canadian premium finance company; and
- Company's comparatively low levels of charge-offs despite the failure of overall level of charge-offs in the real estate and commercial banking markets to normalize.

In weighing these achievements, the Committee focused on the fact that the Company achieved 102% of targeted consolidated net income and determined to pay out the portion of annual bonuses associated with the Company-level results at 100% of the target level due to the achievement of the consolidated net income objective.

Each of our NEOs was eligible to earn a portion of his or her target annual bonus award based on satisfaction of certain personal objectives. Mr. Wehmer's and Mr. Dykstra's personal objectives included: increasing core earnings through planned, profitable growth; continuing to identify and acquire strategic dislocated assets, asset generation platforms and bank acquisitions to compliment the Company's strategy; and the formalization and expansion of training programs. Mr. Murphy's personal objectives included: working with acquired banks to establish strong credit cultures; improving asset quality and operating performance; and enhancing the loan approval process. Mr. Stoehr's personal objectives included: enhancing budgeting forecasting systems; further improvement of reporting systems; and maximizing use of capital. Ms. Pattis' personal objectives included: developing internal legal processes; reducing legal risk; and improving efficiency of acquiring banks and capital transactions.

For the portion of the annual bonus based on personal objectives, the Committee determined that Mr. Wehmer, Mr. Dykstra and Mr. Murphy were each eligible to receive 100% of their respective personal objective opportunities, and Mr. Stoehr and Ms. Pattis were eligible to receive 87% and 95% of their respective personal objective opportunities, respectively. For the approximately 3% target annual bonus award allocated to discretionary factors, the Committee determined that each of the NEOs were eligible to receive 100% of their discretionary opportunities. Once the Committee analyzed each component of the annual bonus award opportunity, the Committee considered the overall level of the award in light of:

- the Committee's overall compensation objectives;
- the Committee's framework for portions of overall compensation;
- the Company's performance relative to peers; and
- the recommendations of Mr. Wehmer (other than for Mr. Wehmer and Mr. Murphy).

Based on this analysis, the Committee exercised its final discretion, made adjustments as the Committee deemed appropriate, and made a final determination of the annual bonus award for each NEO. The Committee determined to pay Mr. Wehmer above the target level in recognition of his exceptionally strong leadership and guidance throughout the banking crisis which allowed the Company to exceed 2012 budget. The following table sets forth the total eligible annual bonus amounts at target and annual bonuses actually paid to each of our NEOs.

Named Executive Officer	Total Eligible Annual Bonus at Target	Total Annual Bonus Paid
Edward J. Wehmer	\$700,000	\$750,000
David A. Dykstra	487,500	485,000
Richard B. Murphy	308,750	300,000
David L. Stoehr	240,000	225,000
Lisa J. Pattis	255,000	250,000

Our annual bonus may be paid in cash and/or equity at the discretion of the Committee. The Committee awarded annual bonuses with respect to 2012 performance, payable in cash, during December 2012. With regard to 2011 performance, annual bonuses were awarded by the Committee in January 2012 and were paid 78% in cash and 22% in restricted stock units.

Long-Term Incentive Compensation. As described above, the Committee believes that a substantial portion of each NEO's compensation should be in the form of long-term incentive compensation in order to further align the interests of our NEOs and shareholders and, as discussed earlier in this Compensation Discussion & Analysis, the Committee targets long-term incentive compensation at 30% of total compensation for Mr. Wehmer, 27.5% of total compensation for Mr. Dykstra and Mr. Murphy and 20% of total compensation for Mr. Stoehr and Ms. Pattis.

In 2011, the Committee implemented a long-term incentive program based on a framework developed with the assistance of its compensation consultant, Deloitte. The LTIP is designed to:

- provide a competitive compensation opportunity;
- align the interests of management with the interests of shareholders;
- foster retention;
- allow the Company to compete effectively for talent;
- incorporate leading practices;
- be simple to understand;
- provide transparency;
- support the Company's long-term strategy and growth objectives;
- align management's long-term compensation with achievement of business goals;

link pay and performance;
 create a long-term focus based on sustainable results;
 create stock ownership; and
 provide cost-effective incentives.

The Committee administers the LTIP and can determine on an annual basis the mix of awards included in the annual grant. Performance-based awards under the LTIP are contingent upon the achievement of pre-established long-term goals set in advance by the Committee over a multi-year period, with overlapping performance cycles at the beginning of each calendar year. Performance-based awards are earned only at the end of the performance period based on the Company's performance against pre-established goals certified by the Committee, subject to negative discretion adjustments.

In 2012, the Committee initiated a second performance cycle under the LTIP, for the period from January 1, 2012 through December 31, 2014. Consistent with the 2011 LTIP awards, the Committee again determined to use a mix of awards comprised of 50% performance-based cash awards, 25% performance-based restricted stock unit awards and 25% time-vested stock options. The Committee also again determined to include asset growth, return on average assets and growth in tangible common book value per share as performance measures, and to weight them equally. These performance measures were deemed by the Committee to be challenging given the economic environment when the measures were set. The 2012 LTIP awards for each of the NEOs is set forth on the tables below.

Stock Option Awards.

The number of shares of Company common stock subject to options granted to the Company's named executive officers under the 2012 LTIP is set forth below. The exercise price for each stock option award was \$30.98 per share and the options vest in one-third annual installments beginning on December 31, 2012.

Name	Number of shares subject to stock option awards
Edward J. Wehmer	13,424
David A. Dykstra	8,180
Richard B. Murphy	5,181
David L. Stoehr	3,356
Lisa J. Pattis	3,566

Performance-Based Restricted Stock Unit Awards and Performance-Based Cash Awards.

The performance-based restricted stock unit awards and performance-based cash awards will each be measured at the end of a performance period ending December 31, 2014. The number of shares issuable under the performance-based restricted stock unit awards and the amount of cash payable pursuant to the performance-based cash awards will be determined by the Committee based on Company's performance compared to pre-established performance goals relating to growth in net assets, return on average assets and growth in tangible book value. The threshold, target and maximum award opportunities for each named executive officer for the performance-based restricted stock unit and cash awards is set forth in the following two tables:

Performance-Based Restricted Stock Unit Awards

Name	Number of shares— Maximum Performance	Number of shares —Target Performance	Number of shares —Threshold Performance
Edward J. Wehmer	12,914	6,457	3,228
David A. Dykstra	7,870	3,935	1,967
Richard B. Murphy	4,984	2,492	1,246
David L. Stoehr ¹	3,228	1,614	807
Lisa J. Pattis	3,430	1,715	857

¹ Mr. Stoehr's opportunity is payable in cash in lieu of restricted stock unit awards

Performance-Based Cash Awards

Name	Amount payable under performance-based cash awards— Maximum Performance	Amount payable under performance-based cash awards— Target Performance	Amount payable under performance-based cash awards— Threshold Performance
Edward J. Wehmer	\$800,000	\$400,000	\$200,000
David A. Dykstra	\$487,500	\$243,750	\$121,875
Richard B. Murphy	\$308,750	\$154,375	\$77,188
David L. Stoehr	\$200,000	\$100,000	\$50,000
Lisa J. Pattis	\$212,500	\$106,250	\$53,125

In January 2013, the Committee initiated a third performance cycle under the LTIP, for the period from January 1, 2013 through December 31, 2015.

Cash Incentive and Retention Plan. The Company has previously included cash awards under the Company's CIRP as an element of the Company's long-term incentive compensation program. The CIRP allows the Company to provide equity-like cash compensation to our NEOs and other senior executives. Awards under the CIRP may be earned pursuant to the achievement of performance criteria established by the Committee and/or continued employment. The performance criteria established by the Committee must relate to one or more of the criteria specified in the Plan, which include: earnings, earnings growth, revenues, stock price, return on assets, return on equity, improvement of financial ratings, achievement of balance sheet or income statement objectives and expenses. These criteria may relate to the Company, a particular line of business or a specific subsidiary of the Company.

In 2008, Mr. Wehmer, Mr. Dykstra and Mr. Murphy received grants under the CIRP program which vested on December 31, 2012. Each of these awards were conditioned upon the achievement of cumulative earnings per share criteria. The target awards were \$215,000, \$195,000 and \$72,000 for Mr. Wehmer, Mr. Dykstra and Mr. Murphy, respectively. The target cumulative earnings per share over the five year performance period was \$15.04 per share for Mr. Wehmer, with a maximum payout of 240% of target for cumulative earnings per share in excess of \$20.00 per share. The target cumulative earnings per share over the five year performance period was \$13.00 per share for Mr. Dykstra and Mr. Murphy, with a maximum payout of 300% of target for cumulative earnings per share in excess of \$20.00 per share. The awards vested ratably over the five year period. In addition, Mr. Wehmer's award had a minimum payout feature, which entitled him to a payment of his vested percentage of his target award multiplied by 100% plus the compound annual interest rate based on the 91-day Treasury bill rate for the period from January 1, 2008 through December 31, 2012.

In December 2012, the Committee approved the minimum payouts under the CIRP awards which vested on December 31, 2012. Consequently, on December 31, 2012, Mr. Wehmer received \$217,615 pursuant to the minimum payout feature of his 2008 CIRP award. In January 2013, the Committee determined that the threshold performance goals set forth in the CIRP award agreements had not been met, and no additional payments were made under the 2008 CIRP awards to Mr. Wehmer, Mr. Dykstra or Mr. Murphy.

As noted above, in 2012, long-term incentive compensation was delivered through the Company's LTIP and, accordingly, none of the named executive officers received 2012 CIRP awards.

Perquisites and Other Benefits. Our NEOs receive various perquisites provided by or paid for by us that we believe are reasonable, competitive and consistent with the Company's overall compensation philosophy. In 2012, these perquisites included: car allowances or Company-owned automobiles, club dues, life insurance and supplemental long-term disability. Our NEOs were also eligible for a 401(k) employer match on the same terms as all other employees of the Company.

The Committee reviews the perquisites provided to its NEOs on a regular basis, to ensure that they continue to be appropriate in light of the Committee's overall goal of designing a compensation program for NEOs that maximize the interests of our shareholders. Attributed costs of the personal benefits described above for the NEOs for the fiscal year ended December 31, 2012 are included in column (i) of the "2012 Summary Compensation Table" below.

Post-Termination Compensation

We have entered into employment agreements with each of our NEOs that provide for post-termination compensation. These agreements provide for payments and other benefits if the NEO's employment terminates for a qualifying event or circumstance, such as being terminated without "Cause" or leaving employment for "Constructive Termination," as these terms are defined in the employment agreements. Additionally, the employment agreements provide for the payment of enhanced severance benefits if the NEO's employment is terminated within eighteen months of a "Change-in-Control" (as defined in the agreements) of the Company. Additional information regarding the employment agreements, including a definition of key terms and a quantification of benefits that would have been received by our NEOs had termination occurred on December 31, 2012, is found under the heading "Potential Payments upon Termination or Change of Control" on page 39 of this Proxy Statement.

The Committee believes that these employment arrangements are an important part of overall compensation for our NEOs and will help to secure the continued employment and dedication of our NEOs, notwithstanding any concern that they might have at such time regarding their own continued employment, prior to or following a change of control. These agreements also contain restrictive covenants, including non-compete and non-solicitation provisions, which protect the Company's interests in its client and employee relationships. The Committee also believes that these agreements are important as a recruitment and retention device, as all or nearly all of the companies with which we compete for executive talent have similar agreements in place for their senior employees.

Additional Compensation Policies

Clawback Policy. In December 2010, we adopted a revised clawback policy applicable to our executive officers that became effective upon our repayment of the Department of the Treasury's preferred stock investment in the Company. The revised policy provides that the Company may recover any payment made to a then current executive officer, or an individual who became a former executive officer following the adoption of such policy, if the payment was predicated upon achieving certain financial results that were subsequently the subject of a material negative restatement caused by the intentional misconduct of the executive officer. In such event the Company may recover the amount by which any annual or long-term payments or awards made or granted exceeded what would have been awarded or granted based on restated financials. In addition, the Company may recover any profits realized on the sales of securities received by such executive officer pursuant to such awards.

In addition, the clawback provision of the Sarbanes-Oxley Act of 2002, which provides that if the Company is required to restate its financials as a result of misconduct, requires Mr. Wehmer and Mr. Stoehr to reimburse the Company for bonuses or other incentive-based or equity-based compensation and profits realized in the 12 months after the financial information was first publicly issued or filed with the SEC.

Impact of Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the certain "covered employees." The "covered employees" generally consist of a company's Chief Executive Officer and the other NEOs (other than the Chief

Financial Officer). This limitation does not apply to compensation that meets the requirements under Section 162(m) for “qualifying performance-based” compensation. Because the Committee also recognizes the need to retain flexibility to make compensation decisions that may not meet the standards of Section 162(m) when necessary to enable the Company to continue to attract, retain and motivate highly-qualified executives, it reserves the authority to approve potentially non-deductible compensation as it deems appropriate.

Policy Regarding Excessive or Luxury Expenditures. Our Board adopted a policy designed to eliminate or prevent any excessive or luxury expenditures, including excessive expenditures on entertainment or events, office and facility renovations, aviation or other transportation services. A copy of this policy is available on our website, www.wintrust.com.

Tax Gross-Up Provisions. Effective May 20, 2009, the Company adopted a policy that it will not enter into any new or materially amended agreements with NEOs that include any excise tax gross-up provisions with respect to payments contingent upon a change of control.

Shareholder Say on Pay Vote. During its compensation review process, the Committee considers whether the Company's executive compensation and benefits program are in line with the interests of the Company's shareholders. In that respect, the Committee considered the approval by approximately 97.8% of the votes cast for the Company's "say on pay" proposal at the Company's prior annual meeting of shareholders and determined that the Company's executive compensation philosophy, compensation objectives, and compensation elements continued to be appropriate and did not make any changes to the Company's executive compensation program in response to such vote.

Prohibition on Hedging and Short Selling. The Company's executive officers and Directors are prohibited from engaging in selling short our Common Stock or engaging in hedging or offsetting transactions regarding our Common Stock.

Prohibition on Pledging Stock. In April 2013, the Company adopted a policy prohibiting Directors and executive officers from pledging any of the Company's securities. The policy provides that pledges in existence as of January 1, 2013 may stay in effect so long as they are extinguished by January 1, 2015.

Stock Ownership Policy. We strongly encourage our NEOs to acquire and own our common shares. In order to strengthen the alignment of interests between our executive officers and shareholders and further promote our commitment to sound corporate governance, in January 2011, we adopted significant stock ownership guidelines for our executive officers.

Under the stock ownership guidelines, our Chief Executive Officer and other NEOs are expected to accumulate shares of our Common Stock to meet the applicable ownership level within five years of the later of January 27, 2011 or their election or appointment (the "Measurement Date"). For purposes of the guidelines, "shares" include shares owned by the executive or the executive's immediate family members residing in the same household, including shares held in the Company's 401(k) plan or employee stock purchase plan, shares held in trust for the benefit of the executive or the executive's family, shares obtained through stock option exercise, and deferred shares, non-vested shares of restricted stock and restricted stock units granted under the 2007 Plan. The ownership guidelines are indicated in the following table.

Title	Guideline
Chief Executive Officer	6 times base salary
Chief Operating Officer and Chief Credit Officer	3 times base salary
Other Named Executive Officers	1 times base salary

The Committee will review an executive's progress toward achieving the applicable guideline approximately two and one-half years before the executive's Measurement Date. An executive's progress toward the applicable ownership requirement is expected to be approximately 20% per year. If the Committee determines that an executive has not demonstrated sufficient progress toward compliance with the applicable guideline, it may take appropriate action. Our Chief Executive Officer currently owns in excess of the amount required under our stock ownership guidelines and each of our remaining NEOs either meets or is currently making progress as expected toward compliance with the applicable guideline.

2012 Summary Compensation Table

The following table summarizes compensation awarded to, earned by or paid to our NEOs for 2012, 2011 and 2010. The section of this Proxy Statement entitled "Compensation Discussion & Analysis" describes in greater detail the information reported in this table and the objectives and factors considered in setting NEO compensation.

Counsel &
Secretary

(1) The amounts shown in these columns for 2012 include annual bonus awards made in restricted stock units in January 2012 with respect to 2011 performance as well as cash annual bonus awards made in December 2012 with respect to 2012 performance. The amounts shown in these columns for 2011 include annual bonus awards made in restricted stock units in January 2011 with respect to 2010 performance as well as cash annual bonus awards made in January 2012 with respect to 2011 performance. The amounts shown in these columns for 2010 include annual bonus awards made in restricted stock in January 2010 with respect to 2009 performance as well as cash annual bonus awards made in January 2011 with respect to 2010 performance.. As required by TARP, all 2009 annual bonuses for NEOs were paid exclusively in restricted stock. Because such payments were made in January 2010 pursuant to Section 111(b)(3)(D) of the EESA, they appear in the Summary Compensation Table attributed to 2010 in the Stock Awards column.

(2) The amounts shown in this column for 2012 constitutes the portion of the 2011 bonus granted in 2012 in the form of restricted stock units and performance-based stock awards granted under the Company's LTIP. All awards were granted under the 2007 Plan. The restricted stock units and performance-based stock awards are valued based on the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation — Stock Compensation ("FASB ASC Topic 718") and, in the case of the performance-based stock awards, are reported based on the probable achievement of the performance-based vesting conditions. If the highest achievement level is attained for the performance-based stock awards, the maximum amounts that will be received with respect to the these awards are as follows: Mr. Wehmer, \$400,000; Mr. Dykstra, \$243,750; Mr. Murphy, \$154,376; Mr. Stoehr, \$100,000; and Ms. Pattis, \$106,250. The aggregate grant date fair value of the equity awards represents the average of the high and low sale prices of the Company's Common Stock on the date of grant, as reported by NASDAQ, multiplied by the number of restricted stock units granted to the NEOs, or, in the case of the performance-based stock awards, the target level of the award.

The amounts shown in this column constitute options granted under the 2007 Plan. Amounts shown reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 for awards granted during such (3) fiscal year. The accounting policy and assumptions for stock-based compensation are described in Notes 1 and 19 to the Company's Consolidated Financial Statements included in its Annual Report on Form 10-K for the year ended December 31, 2012.

(4) The amounts shown represent the portion of the awards under the CIRP which fully vested in 2012.

(5) Amounts in this column include the value of the following perquisites paid to the NEOs in 2012. Perquisites are valued at actual amounts paid to each provider of such perquisites.

The amounts in this column represent long-term performance cash awards that will be earned at the end of the performance period ending December 31, 2014 based on the Company's achievement of performance objectives (1) relating to the Company's return on average assets, annual growth rate in assets and growth rate in tangible common book value per share, with each goal weighted equally. Subject to certain qualifying termination events, the participant is required to be employed on the award settlement date in order to vest in the award.

The amounts in this column represent performance-based restricted stock unit awards that will be earned at the end (2) of the performance period ending December 31, 2014 based on the Company's achievement of performance objectives relating to the Company's return on average assets,

annual growth rate in assets and growth rate in tangible book value per share, with each goal weighted equally. Subject to certain qualifying termination events, the participant is required to be employed on the award settlement date in order to vest in the award.

The amounts shown in this column constitute restricted stock units granted in January 2012 under the 2007 Plan.

(3) The amounts relate to discretionary short-term incentive awards granted to each NEO in the form of time-vested restricted stock units in lieu of cash bonus relating to 2011 performance. The RSUs reported in this column vest on the one year anniversary of the date of grant.

(4) The amounts in this column represent option awards granted to the NEOs pursuant to the 2012 LTIP and granted under the 2007 Plan. One-third of the 2012 LTIP stock option awards made to each NEO will vest ratably over three years.

(5) The amounts in this column are valued based on the grant date fair value of the award calculated in accordance with FASB ASC Topic 718 and, in the case of the performance awards, are based on the probable outcome of the applicable performance conditions. See Notes 2 and 3 to the 2012 Summary Compensation Table for a discussion of the relevant assumptions used in calculating the grant date fair value.

Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table

All equity awards made to our NEOs are made pursuant to our 2007 Plan. All options under the 2007 Plan were granted with an exercise price equal to the fair market value of our Common Stock on the date of grant. Fair market value is defined under the 2007 Plan to be the average of the highest and the lowest quoted selling prices on NASDAQ on the relevant valuation date or, if there were no sales on the valuation date, on the next preceding date on which such selling prices were recorded on the date of grant. For days on which NASDAQ is closed, we set exercise prices based on the prior day's stock price, and we do not have any program, plan or practice of awarding options and setting the exercise price based on the stock's price on a date other than the grant date. While the incentive plans permit delegation of the Committee's authority to grant options in certain circumstances, all grants to NEOs were made by the Committee itself or the full Board and not pursuant to delegated authority.

Each of our NEOs is subject to an employment agreement with the Company. The initial terms under the employment agreements of Messrs. Wehmer, Dykstra and Murphy expired in 2011, and the initial term of Mr. Stoehr's employment agreement expired in 2009. However, each NEO's agreement automatically renews for successive three-year terms, in the case of Messrs. Wehmer, Dykstra and Murphy, and one-year terms in the case of Mr. Stoehr, unless either the NEO or the Company provides notice of non-renewal at least 60 days prior to the expiration of the then-current term. The initial term under the employment agreement of Ms. Pattis continues until 2014, after which the agreement shall automatically renew for successive one-year terms, unless either Ms. Pattis or the Company provides notice of non-renewal at least 60 days prior to the expiration of the then-current term. However, if a change of control occurs, the then-current term of each NEO automatically extends for the greater of (i) the amount of time remaining on such NEO's initial term or (ii) two years from the date of the change of control. If the term is extended due to a change of control, such extension will be further extended automatically for successive three-year terms, in the case of Messrs. Wehmer, Dykstra and Murphy, and one-year terms in the case of Mr. Stoehr and Ms. Pattis, unless either the NEO or the Company provides notice of non-renewal at least 60 days prior to the expiration of the then-current term.

2012 Outstanding Equity Awards at Fiscal Year-End Table

The following table sets forth information for each NEO with respect to (1) each stock option to purchase common shares that has not been exercised and remained outstanding at December 31, 2012 and (2) each award of restricted stock units that has not vested and remained outstanding at December 31, 2012.

(3) The amounts in this column represent performance based restricted stock unit awards that will be earned at the end of the respective performance periods based on the Company's achievement of performance objectives at target level relating to the Company's return on average assets, annual growth rate in assets and growth rate in tangible common book value per share, with each goal weighted equally. Subject to certain qualifying termination events, the participant is required to be employed on the award settlement date in order to vest in the award.

(4) Vests based on performance during the period from August 3, 2008 through December 31, 2013.

(5) Vests based on performance during the period from January 1, 2012 through December 31, 2014.

2012 Option Exercises and Stock Vested Table

The following table sets forth information for each NEO with respect to exercises of stock options and the vesting of stock awards during 2012, and the value realized upon such exercise or vesting.

Name (a)	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#) (b)	Value Realized on Exercise (1) (\$) (c)	Number of Shares Acquired on Vesting (2)(#) (d)	Value Realized on Vesting (3)(\$)(e)
Edward J. Wehmer	180,000	2,242,206	27,404	848,291
David A. Dykstra	21,000	261,591	20,433	632,504

David L. Stoehr	22,750	226,773	5,147	159,325
Lisa J. Pattis	—	—	2,500	93,750

The value realized on the exercise of stock options represents the pre-tax difference between the option exercise price and the market price determined by calculating the average of the high and low market price of the Common Stock on the date of exercise, multiplied by the number of shares of the Common Stock covered by the stock options exercised.

(2) Represents the vesting of restricted stock units under the Company's 2007 Plan.

The value realized on the vesting of restricted stock units represents the average of the high and low market price of the Common Stock on the date of vesting, as reported by NASDAQ, multiplied by the number of restricted stock units that vested.

(1) This amount represents an award under the CIRP which has fully vested and for which payment was made at

December 31, 2012 which was at the expiration of the five-year performance period under the CIRP. Amounts deferred under the CIRP were credited with interest equal to 91-day Treasury Bill Rate. The amounts reported in the columns entitled "Registrant Contributions in Last Fiscal Year" and "Aggregate Earnings in Last Fiscal Year" are reported in the 2012 Summary Compensation Table under the Non-Equity Incentive Plan Compensation column. These amounts represent restricted stock unit awards which have vested but are not issuable until the earlier to occur of (i) the executive's termination of employment and (ii) the time at which the executive is no longer subject (2) to the deduction limits under Section 162(m) of the Internal Revenue Code. The amounts reported in the column entitled "Aggregate Earnings in Last Fiscal Year" represent the change in the value of the shares subject to the restricted stock unit awards from December 31, 2011 to December 30, 2012.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

As noted under “Compensation Discussion & Analysis — Post-Termination Compensation” on page 30 of this Proxy Statement, we have entered into employment agreements with each of our NEOs that provide for payments in connection with such NEO’s termination, whether upon a change of control or otherwise. The benefits to be provided to the NEOs under the employment agreements in each of those situations are described below, including a summary of payments that would have been required had a termination taken place on December 31, 2012.

Payments Made upon Termination

The employment agreements provide for payments of certain benefits, as described below, upon the termination of the employment of an NEO. The NEO’s rights upon a termination of his or her employment depend upon the circumstances of the termination. Central to an understanding of the rights of each NEO under the employment agreements is an understanding of the definitions of ‘Cause’ and ‘Constructive Termination’ that are used in those agreements. For purposes of the employment agreements:

We have Cause to terminate the NEO if the NEO has engaged in any of a list of specified activities, including refusing to perform duties consistent with the scope and nature of his or her position, committing an act of gross negligence or willful misconduct resulting in or potentially resulting in economic loss or damage to the Company’s reputation, conviction of a felony or other actions specified in the definition.

The NEO is said to have been Constructively Terminated (and thereby gain access to the benefits described below) if we (i) materially reduce the NEO’s duties and responsibilities, or (ii) reduce the NEO’s adjusted total compensation (as defined in the agreements) to an amount less than (x) 75% of his or her adjusted total compensation for the prior 12 months or (y) 75% of his or her adjusted total compensation for the 12 months preceding the date of such NEO’s employment agreement, whichever is greater. In addition, in the case of Messrs. Wehmer, Dykstra and Murphy, the NEO is said to have been Constructively Terminated if we reduce, or assign such NEO duties substantively inconsistent with, his position, authority, duties or responsibilities, including reductions occurring solely as a result of the Company’s ceasing to be a publicly traded entity or becoming a wholly owned subsidiary of another entity.

The employment agreements require, as a precondition to the receipt of these payments, that the NEO sign a standard form of release in which he or she waives all claims that he or she might have against us and certain associated individuals and entities. The employment agreements also include noncompete and nonsolicit provisions and confidentiality provisions that would apply for three years following the termination of employment.

Payment Obligations for Termination with Cause

If an NEO is terminated for Cause, he or she is entitled to receive amounts earned during the terms of employment.

Such amounts include:

- unpaid base salary through the date of termination;
- accrued but unused vacation or paid leave;
- earned but unpaid annual incentive compensation; and
- reimbursements.

Payment Obligations Upon Death or Permanent Disability

In the event of death or permanent disability of an NEO, in addition to the items above:

Messrs. Wehmer, Dykstra, Murphy and Stoehr will be entitled to a payment equal to three times the sum of his base salary in effect at the time of his death or disability and the target cash and stock bonus awards to such NEO in the year of his death or disability, with such payments to be made, (i) in the case of death, in a lump sum within 30 days of the NEO’s death or (ii), in the case of permanent disability, ratably over 36 months, with any such payment benefit reduced by the proceeds from any life or disability insurance policies maintained by the Company; and he will immediately vest in all outstanding awards under the Company’s incentive plans.

Additionally, in the event of termination due to permanent disability:

Messrs. Wehmer, Dykstra and Murphy will continue to receive health insurance, including for qualified dependents, either under the then current Company plan or under an independent policy having similar coverage to that maintained by the Company, until the earlier of (a) the date he becomes eligible for any comparable medical, dental, or vision coverage provided by any other employer or (b) the date he becomes eligible for Medicare benefits; and

Mr. Stoehr will continue to receive health insurance, including for qualified dependents, under the then current Company plan until the end of the 36-month period over which the severance payments described in the first bullet point of this subsection are made.

Payment Obligations for Constructive Termination or Termination Without Cause

In the event of constructive termination or termination without cause of an NEO, such NEO is entitled to the items listed above under "Payment Obligations for Termination with Cause" and "Payment Obligations Upon Death or Permanent Disability," except that:

the payment to Messrs. Wehmer, Dykstra, Murphy and Stoehr described in the first bullet point under "Payment Obligations Upon Death or Permanent Disability" will not be made in a lump sum, but rather be made ratably over the 36-month period;

Ms. Pattis will be entitled to a payment equal to three times the sum of her base salary in effect at the time of the termination of her employment and the annual incentive compensation award (not including any equity-based award or cash award with a vesting period of greater than one year) paid to Ms. Pattis during the 12-month period prior to the termination of her employment, with such payments to be made ratably over 36 months, with any such payment benefit reduced by the amount of any income earned by Ms. Pattis during such 36-month period; provided, however, that such amount paid to Ms. Pattis shall not be less than \$8,333.34 per month;

- outstanding option awards under the Company's incentive plans will not immediately vest, but rather will remain exercisable until the earlier of (i) three months or (ii) the life of the award;

unvested RSU awards will immediately be forfeited, with the exception of the January 2011 and 2012 awards to Messrs. Wehmer, Dykstra, Murphy and Stoehr and Ms. Pattis and Ms. Pattis' August 2011 award, each of which fully vest;

Messrs. Wehmer, Dykstra and Murphy and their respective dependents will be entitled to continued health benefits until the earliest of (a) the date he becomes eligible for another group health insurance plan with no pre-existing condition limitation or exclusion or (b) the date he becomes eligible for Medicare benefits; and

Mr. Stoehr, Ms. Pattis and their respective dependents will be entitled to continued health benefits until the earliest of (a) the date he or she becomes eligible for another group health insurance plan with no pre-existing condition limitation or exclusion, (b) the expiration of the maximum coverage period under COBRA or (c) the date he or she becomes eligible for Medicare benefits.

Payment Obligations for Termination Without Cause or Constructive Termination Following a Change of Control

In the event of the constructive termination or termination without cause of an NEO within eighteen months of a change of control, which is defined below, such NEO shall be entitled to the same payments and items described above under "Payment Obligations for Constructive Termination or Termination Without Cause," however, such payments shall be made in a lump sum within 30 days of such termination. Additionally:

Pursuant to our incentive plans, the NEO will be entitled to immediate vesting and lapsing of restrictions on all outstanding awards;

Messrs. Wehmer, Dykstra and Murphy will be entitled to an additional cash payment equal to an amount that would offset any excise taxes incurred by the NEO as a result of the receipt of any change of control payments and such offset payment, within 30 days of the determination that such excise tax is due; and

In the case of Mr. Stoehr and Ms. Pattis, such payment may be subject to reduction (any such payment a "Reduced Payment") to the extent it would cause such NEO to receive an "excess parachute payment" (as defined in the Internal Revenue Code) unless the change of control payments, less the amount of any excise taxes payable by the NEO, is greater than the Reduced Payment.

On May 20, 2009, the Company adopted a policy that it will not enter into any new or materially amended agreements with NEOs that include any excise tax gross-up provisions with respect to payments contingent upon a change of control. This policy does not apply to the employment agreements with Messrs. Wehmer, Dykstra and Murphy in effect at the time of adoption of such policy.

For purposes of a change of control, the NEO is said to have been Constructively Terminated (and thereby gain access to the benefits described below) if the resulting employer were to (i) materially reduce the NEO's duties and responsibilities, (ii) reduce the NEO's adjusted total compensation to an amount less than (x) 100% of his or her adjusted total compensation for the prior 12 months or (y) 100% of his or her adjusted total compensation for the

12 months preceding the date of such NEO's employment agreement, whichever is greater, or (iii) following the change of control, deliver notice to such NEO that he or she will continue to be employed but his or her employment agreement will be rejected. In addition, in the case of Messrs. Wehmer, Dykstra and Murphy, the NEO is said to have been Constructively Terminated if we reduce, or assign such NEO duties substantively inconsistent with, his position,

authority, duties or responsibilities, including reductions occurring solely as a result of the Company's ceasing to be a publicly traded entity or becoming a wholly owned subsidiary of another entity.

"Change of control" is defined in the NEOs' employment agreements by reference to the 2007 Stock Incentive Plan, which defines change of control as any of the following events:

if any person acquires 50% or more of the Company's outstanding Common Stock or of the combined voting power of the Company's outstanding voting securities (other than securities acquired directly from the Company);

if the Company's incumbent Directors (and director nominees approved by such Directors) cease to constitute a majority of the Board;

the consummation of a reorganization, merger or consolidation in which our shareholders immediately prior to such transaction do not, following such transaction, beneficially own more than 50% of the outstanding common stock or of the combined voting power of the corporation resulting from such transaction; or

the approval of our shareholders of a complete liquidation or dissolution of the Company or of the sale or other disposition of all or substantially all of the assets of the Company.

Payment Obligations Under the Cash Incentive and Retention Plan

In 2011, the Company made an award under the CIRP to Ms. Pattis with respect to the 2011-2015 performance cycle. Under the terms of her award, Ms. Pattis is entitled to certain payments upon various termination scenarios and a change of control of the Company.

Under the terms of Ms. Pattis' CIRP award agreement, she is entitled to a prorated CIRP award in the event of termination of her employment during the performance cycle as a result of disability, death, termination not for cause or resignation. The prorated award is determined based on the Company's compound annual growth rate of earnings per share through the year that coincides with or immediately precedes the date on which termination occurs multiplied by her vested percentage in the award. In the event of Ms. Pattis' termination due to retirement, she is entitled to a prorated award as well as an additional amount equal to the amount of the CIRP award that she would have earned at the end of the five-year performance cycle based on the Company's actual performance multiplied by her vested percentage in the award. Ms. Pattis is not entitled to any award under the CIRP in the event of her termination for cause. The CIRP award for Ms. Pattis annually vests in 20% increments.

In the event of a change of control of the Company, Ms. Pattis is entitled to an award equal to an amount determined based on the Company's compound annual growth rate of earnings per share through the year that coincides with or immediately precedes the date on which the change of control occurs.

The table below shows potential payments to the NEOs if terminated upon death or permanent disability, for Constructive Termination or without Cause, in connection with a Change of Control and retirement. The amounts shown assume that termination was effective as of December 31, 2012, and are estimates of the amounts that would be paid to the executives upon termination. All equity awards have been calculated using the closing stock price of the Company's Common Stock on December 31, 2012 of \$36.70, as reported on NASDAQ. The actual amounts to be paid can only be determined at the actual time of an executive's termination.

(1) In the event of termination with cause, each NEO would only be entitled to earned but unpaid base salary through the termination date, accrued but unused vacation or paid leave, earned but unpaid annual incentive compensation and reimbursement of miscellaneous company incurred expenses. For each NEO, this amount was zero as of December 30, 2012.

Upon termination due to death or disability, with respect to each NEO other than Ms. Pattis, or due to termination without cause, constructive termination, or change of control, with respect to each NEO other than Ms. Pattis, such NEO is entitled to receive an amount equal to three times (3x) the sum of (i) the NEO's base salary in effect at the (2) time of termination plus (ii) an amount equal to the NEO's target cash bonus and the NEO's target stock bonus in the year in which the termination occurs. Under a constructive termination, termination without cause or a change of control, Ms. Pattis is entitled to a severance payments of three times (3x) base salary and an amount equal to the annual incentive compensation paid to her during the 12-month period prior to the termination.

In the event of death, permanent disability, or termination following a change of control, all outstanding option and time-vesting restricted stock awards immediately vest. In the event of death or permanent disability, the August 2011 and January 2012 performance-based restricted stock unit awards will be payable in a pro-rata portion based on performance over the full performance period. For this analysis, performance has been assumed at target. In the event of termination following a change of control, the August 2011 and January 2012 performance-based (3) restricted stock unit awards will vest in full at target performance. In the event of retirement or termination without cause, all unvested stock options will be forfeited, while the August 2011 and January 2012 performance-based restricted stock unit awards will pro-rata vest based on actual performance (performance has been assumed at target for this analysis). In the event of retirement, the January 2011 and January 2012 restricted stock awards will fully vest. In the event of termination without cause, the January 2011 and January 2012 restricted stock awards will be forfeited.

(4) In the event of a termination in connection with death, permanent disability, termination without cause or a change of control, Ms. Pattis is entitled to receive the vested percentage of the truncated award amount (i.e., target award amount multiplied by the performance multiple) of her August 2011 CIRP award.

We have assumed benefit continuation for Messrs. Wehmer, Dykstra and Murphy through the age of 65, the time at which the NEO will be eligible for Medicare. We have assumed benefit continuation for 18 months in the event (5) termination in connection with a change of control, termination without cause or constructive termination for Mr. Stoehr and Ms. Pattis, per current COBRA guidelines, and for 36 months in the event of permanent disability for Mr. Stoehr.

In the event of termination in connection with death, the amount of benefits to be paid to Messrs. Wehmer, Dykstra, Murphy and Stoehr pursuant to his employment agreement shall be reduced by the amount of any life (6) insurance benefit payments paid or payable to him from policies of insurance maintained and/or paid for by the Company; provided that in the event the life insurance benefits exceed the amount to be paid to him, he shall remain entitled to receive the excess life insurance payments.

In the event of termination in connection with permanent disability, the amount of benefits to be paid to Messrs. Wehmer, Dykstra, Murphy and Stoehr pursuant to his employment agreement shall be reduced by the amount of (7) any long-term disability insurance benefit payments paid or payable to him during the payment period from policies of insurance maintained and/or paid for by the Company; provided that in the event the long-term disability insurance benefits exceed the amount to be paid to him, he shall remain entitled to receive the excess insurance payments.

In the event of a termination in connection with a change of control, Messrs. Wehmer, Dykstra and Murphy are entitled to an excise tax gross-up payment to be paid by the Company if the present value of the NEO's parachute (8) payments exceeds his safe harbor. Effective May 20, 2009, the Company adopted a policy that it will not enter into any new or materially amended agreements with NEOs that include any excise tax gross-up provisions with respect to payments contingent upon a change of control.

(9) The employment agreements for Mr. Stoehr and Ms. Pattis provide that in the event the potential payments would constitute "excess parachute payments" within the meaning of Section 280G of the Internal Revenue Code, or any

interest or penalties with respect to such excise tax, then the amount of the payout would be automatically reduced to an amount equal to \$1.00 less than three times (3x) the “base amount” as defined in Section 280G(3) of the Internal Revenue Code (the “Reduced Payment”). The preceding sentence shall not apply if the sum of the amount of severance pay less the amount of excise tax payable by the NEO is greater than the Reduced Payment.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Company's Compensation Discussion & Analysis with management and, based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion & Analysis be included in the Company's proxy statement, its Annual Report on Form 10-K and such other filings with the Securities and Exchange Commission as may be appropriate.

PROPOSAL NO. 2 — ADVISORY VOTE ON 2012 EXECUTIVE COMPENSATION

Background of the Proposal

As the Company has done in years past, we are providing shareholders with an opportunity to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement. The Company believes that it is appropriate to seek the views of shareholders on the design and effectiveness of the Company's executive compensation program.

At the annual meetings of shareholders held in 2012 and 2011, we provided our shareholders with the opportunity to cast an advisory vote on the compensation of our named executive officers as disclosed in the proxy statement for the 2012 and 2011 annual meetings, respectively. Our shareholders overwhelmingly approved such proposals, with approximately 95% of the votes cast each year in favor. At the 2011 annual meeting, we also asked our shareholders to indicate if we should hold an advisory vote on the compensation of our named executive officers every one, two or three years, with our Board of Directors recommending an annual advisory vote. Because our Board of Directors views it as a good corporate governance practice, and because at our 2011 annual meeting approximately 89% of the votes cast were in favor of an annual advisory vote, we again are asking our shareholders to approve the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC rules.

Executive Compensation

The Company believes that its compensation policies and procedures, which are reviewed and approved by the Compensation Committee, encourage a culture of pay-for-performance and are strongly aligned with the long-term interests of shareholders. As more fully set forth under "Executive Compensation — Compensation Discussion & Analysis," the Compensation Committee has taken a number of actions in recent years to further strengthen the Company's compensation philosophy and objectives and the percentage of the compensation of senior executives which is "at risk." As always, the Compensation Committee will continue to review all elements of the executive compensation program and take any steps it deems necessary to continue to fulfill the objectives of the program. Shareholders are encouraged to carefully review the "Executive Compensation — Compensation Discussion & Analysis" section of this Proxy Statement for a detailed discussion of the Company's executive compensation program. The Board of Directors has authorized a shareholder vote on the Company's 2012 executive compensation as reflected in the Compensation Discussion & Analysis, including the disclosures regarding named executive officer compensation provided in the various tables included in this Proxy Statement, the accompanying narrative disclosures and the other compensation information provided in this Proxy Statement. This proposal, commonly known as a "Say on Pay" proposal, gives the Company's shareholders the opportunity to endorse or not endorse the Company's executive pay program and policies through the following resolution:

"Resolved, that the shareholders of Wintrust Financial Corporation approve the compensation of executives, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this Proxy Statement for the 2013 Annual Meeting of Shareholders."

Required Vote

The approval of the advisory (non-binding) proposal on our 2012 executive compensation described in this Proxy Statement requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon. Abstentions will have the same effect as a vote against the proposal. Because this shareholder vote is advisory, it will not be binding on the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

**THE BOARD OF DIRECTORS RECOMMENDS SHAREHOLDERS VOTE "FOR"
APPROVAL OF THE ADVISORY PROPOSAL ON 2012 EXECUTIVE COMPENSATION
AS DESCRIBED IN THIS PROXY STATEMENT**

DIRECTOR COMPENSATION

The Company seeks to compensate its non-employee Directors in a manner that attracts and retains qualified candidates to serve on the Board and to compensate such Directors for their service on the Board in an amount that is commensurate with their role and involvement. In setting non-employee Director compensation, the Nominating Committee and the Board consider the significant amount of time the Company's Directors expend in fulfilling their duties as well as the skill level required. During its 2011 review of Director compensation, the Nominating Committee commissioned an independent review by Deloitte, the Nominating Committee's and Compensation Committee's independent compensation consultant. As part of this review, Deloitte analyzed competitive compensation data for non-employee Directors from the Company's then-current peer group of 13 Midwestern and National U.S. publicly-traded banks, as well as 18 publicly-traded U.S. companies in general industry that have similar market capitalizations to the Company. Based on this review, the Nominating Committee recommended, and the Board approved, changes to the compensation of our non-employee Directors in order to further align with peer group practices and recognize relative responsibilities, evolving market practice and increased time non-employee Directors are required to commit to governance-related responsibilities. Such changes included an increase in the annual retainer paid to non-employee Directors and elimination of attendance fees for Board meetings other than for meetings in excess of six per year.

To strengthen the alignment of interests between Directors and shareholders, the Board has also increased its minimum stock ownership guideline for Directors. Directors were previously required to own Common Stock (or common stock equivalents) having a value of at least five times the annual retainer fee paid to Directors, resulting in an ownership requirement of \$150,000. In December 2011, the Board increased its minimum stock ownership guideline by requiring Directors to own Common Stock (or common stock equivalents) having a value of at least four times the annual fee paid to non-employee Directors, resulting in an ownership requirement of \$300,000. This minimum stock ownership is required to be met within four years of joining the Board. In the event the annual retainer is increased, as it was in 2011, Directors will have four years to meet the new ownership guideline.

During 2012, no changes were made to the Company's Director compensation program. As of March 31, 2013, all of the Company's Directors either own sufficient shares to meet the stock ownership guideline or is on target to meet the minimum stockownership guide line within the prescribed time frame.

Compensation for Non-employee Directors

For their service to the Company, non-employee Directors are entitled to an annual retainer (the "Annual Retainer"), attendance fees for committee meetings and certain Board meetings, and a payment for service as a chairman of the Board or of certain committees (other than the Annual Retainer, "Other Director Fees"). Additionally, non-employee Directors who serve as a director of any of the Company's subsidiaries are entitled to compensation for such service. Directors who are employees of the Company receive no additional compensation for their service on the Board of Directors.

Retainer Fees. In 2012, the Company paid an annual retainer fee paid to non-employee Directors of \$75,000. As explained further below, this amount may be paid in cash or in shares of the Company's Common Stock.

Board Meeting Attendance Fees. The Company does not pay an attendance fee for meetings of the Board; however, in the event the Company holds more than six Board meetings in one year, non-employee Directors will receive per meeting fees of \$2,000 for in-person attendance, or \$1,500 for telephonic attendance, for each such additional Board meeting the Director attends.

Committee Meeting Attendance Fees. In order to properly reward non-employee Directors who sit on committees for their efforts and contributions, non-employee Directors receive an attendance fee for service on a committee of the Board. Non-employee Directors receive \$1,700 per committee meeting attended, except for Audit Committee members, who receive a \$2,000 per meeting attendance fee.

Chairmanships. In order to properly reflect the differences in workloads resulting from certain positions on the Board, the Chair of the Risk Management Committee, the Chair of the Audit Committee, the Chair of the Compensation Committee, the Chair of the Nominating Committee and the Chair of the Finance Committee are also entitled to an additional fee of \$35,000, \$20,000, \$10,000, \$10,000 and \$10,000, respectively. Beginning in 2013, the fee payable to the chair of the Risk Management Committee will be adjusted to \$10,000. In 2012 the Company paid the Chairman of the Board an additional fee of \$60,000.

Subsidiary Directorships. Non-employee Directors who serve on the Boards of Directors of our Subsidiaries are entitled to compensation for such service. No independent member of the Company's Board of Directors serves on more than one subsidiary board other than Messrs. Getz and Heitmann. See the description above under "Election of Directors" for additional biographical information.

Directors Deferred Fee and Stock Plan

The Director Plan is a program that allows non-employee Directors to receive their Director fees in either cash or Common Stock. Under the Director Plan, Directors may also choose to defer the receipt of the Annual Retainer delivered in the form of Common Stock or defer the receipt of Other Director Fee in the form of cash or Common Stock.

The Director Plan allows a Director to elect to receive his or her Annual Retainer fee and Other Director Fees in cash or in shares of the Company's Common Stock. A Director will receive all fees in cash unless he or she elects to receive such fees in shares of the Company's Common Stock. The number of shares of Common Stock to be issued will be determined by dividing the fees earned during a calendar quarter by the fair market value (as defined in the Director Plan) of the Common Stock on the last trading day of the preceding quarter.

Under the Director Plan, a Director may elect to defer receipt of shares of Common Stock received as an Annual Retainer or as Other Director Fees. If a Director elects to defer his or her receipt of fees paid in Common Stock, the Company will maintain on its books deferred stock units ("Units") representing an obligation to issue shares of Common Stock to the Director. The number of Units credited will be equal to the number of shares that would have been issued but for the deferral election. Additional Units will be credited at the time dividends are paid on the Common Stock. The number of additional Units to be credited each quarter will be computed by dividing the amount of the dividends that would have been received if the Units were outstanding shares by the fair market value of the Common Stock on the last trading day of the preceding quarter. Because Units represent a right to receive Common Stock in the future, and not actual shares, there are no voting rights associated with them. In the event of an adjustment in the Company's capitalization or a merger or other transaction that results in a conversion of the Common Stock, corresponding adjustments will be made to the Units. The Director will be a general unsecured creditor of the Company for purposes of the Common Stock to be paid in the future. The shares of Common Stock represented by the Units will be issued to the Director in accordance with the deferral election of the Director.

The Director Plan also permits deferral of Other Director Fees in cash. If a Director elects to defer receipt of Other Director Fees in cash, the Company will maintain on its books a deferred compensation account representing an obligation to pay the Director cash in the future. The amount of the Director's fees will be credited to a Director's deferred compensation account as of the date such fees otherwise would be payable to the Director. All amounts in such account will accrue interest based on the 91-day Treasury Bill discount rate, adjusted quarterly, until paid. Accrued interest will be credited at the end of the quarter. No funds will actually be set aside for payment to the Director and the Director will be a general unsecured creditor of the Company for the purposes of the amount in his or her deferred compensation account. The amount in the deferred compensation account will be paid to the Director in accordance with the deferral election of the Director.

RELATED PARTY TRANSACTIONS

We or one or our subsidiaries may occasionally enter into transactions with certain “related persons.” Related persons include our executive officers, directors, 5% or more beneficial owners of our Common Stock, immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest. We refer to transactions with these related persons as “related party transactions.” The Audit Committee and the Nominating Committee are jointly responsible for the review and approval of each related party transaction exceeding \$120,000. Such committees consider all relevant factors when determining whether to approve a related party transaction including, without limitation, whether the terms of the proposed transaction are at least as favorable to us as those that might be achieved with an unaffiliated third party. Among other relevant factors, the Audit Committee and the Nominating Committee consider the following:

- the size of the transaction and the amount of consideration payable to a related person;
- the nature of the interest of the applicable executive officer, Director or 5% shareholder in the transaction;
- whether the transaction may involve a conflict of interest;
- whether the transaction involves the provision of goods or services to us that are available from unaffiliated third parties; and
- whether the proposed transaction is on terms and made under circumstances that are at least as favorable to us as would be available in comparable transactions with or involving unaffiliated third parties.

One of our Directors, Christopher J. Perry, is a partner of CIVC Partners LLC, whose affiliate purchased all 50,000 shares of our 8.00% Non-Cumulative Perpetual Convertible Preferred Stock, Series A (the “Series A Preferred”), for \$50 million in August 2008. Shares of the Series A Preferred are convertible into shares of our Common Stock at \$25.72 per share of Common Stock, subject to adjustment, and would represent approximately 5% of our outstanding Common Stock if converted on March 31, 2013. Mr. Perry was not a member of our Board of Directors at the time of the sale of the Series A Preferred and his election to our board was not required by the terms of the Series A Preferred Stock.

Some of the executive officers and Directors of the Company are, and have been during the preceding year, customers of the Company’s banking subsidiaries (the “Banks”), and some of the officers and Directors of the Company are direct or indirect owners of 10% or more of the stock of corporations which are, or have been in the past, customers of the Banks. Extensions of credit by the Company and its banking subsidiaries to “insiders” of the Company and its subsidiaries are also regulated by Regulation O adopted under the Federal Reserve Act and the Federal Deposit Insurance Corporation Improvement Act. It is the Company’s policy that any transactions with persons whom Regulation O defines as “insiders” (i.e., executive officers, Directors, principal shareholders and their related interests) are engaged in the same manner as transactions conducted with all members of the public. As such customers, they have had transactions in the ordinary course of business of the Banks, including borrowings, all of which transactions are or were on substantially the same terms (including interest rates and collateral on loans) as those prevailing at the time for comparable transactions with nonaffiliated persons. In the opinion of management of the Company, none of the transactions involved more than the normal risk of collectability or presented any other unfavorable features.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act of requires the Company's Directors and executive officers and any person who owns greater than 10% of the Company's Common Stock to file reports of holdings and transactions in the Company's Common Stock with the SEC.

Based solely on a review of the Section 16(a) reports furnished to us with respect to 2012 and written representations from our executive officers and Directors, we believe that all Section 16(a) filing requirements applicable to each covered person were satisfied during 2012, except that the Company has identified the following transactions that inadvertently were reported late:

- purchases of Common Stock pursuant to a broker-administered dividend reinvestment program for Mr. Larson;
- 2 dispositions of Common Stock to cover taxes in connection with the vesting of restricted stock for each of Mr. Crane and Mr. Larson; and
- 1 disposition of Common Stock to cover taxes in connection with the vesting of restricted stock for Ms. Gleason.

Had these transactions been reported on a timely basis, each would have been reported on a separate Form 4.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the consolidated financial statements and the reporting process, including the systems of internal controls.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements of the Company set forth in the Company's 2012 Annual Report to Shareholders and the Company's Annual Report on Form 10-K for the year ended December 31, 2012 with management of the Company. The Audit Committee also discussed with Ernst & Young LLP, independent registered public accounting firm for the Company, who are responsible for expressing an opinion on the conformity of those audited consolidated financial statements with United States generally accepted accounting principles, the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended.

The Audit Committee has received the written communication from Ernst & Young LLP required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, has considered the compatibility of non-audit services with the auditors' independence, and has discussed with Ernst & Young LLP their independence from the Company.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for 2012 for filing with the SEC.

PROPOSAL NO. 3 — RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Ernst & Young LLP, independent registered public accounting firm, as auditors for the Company and its subsidiaries for the fiscal year ended December 31, 2013. The Board of Directors and the Audit Committee recommend that shareholders ratify the appointment of Ernst & Young LLP as independent auditors for the Company and its subsidiaries. If shareholders do not ratify the appointment, the Audit Committee will reconsider its selection. Ernst & Young LLP has served as independent registered public accounting firm for the Company since 1999 and is considered by the Board of Directors and the Audit Committee to be well qualified. One or more representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and afforded an opportunity to make a statement, if they desire to do so, and to respond to questions from shareholders.

Required Vote

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013 requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon. Abstentions will have the same effect as a vote against ratification.

THE BOARD OF DIRECTORS AND AUDIT COMMITTEE UNANIMOUSLY RECOMMEND THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP TO SERVE AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR 2013.

AUDIT AND NON-AUDIT FEES PAID

The Company's independent auditors for the fiscal year ended December 31, 2012 were Ernst & Young LLP. The Company's Audit Committee has appointed Ernst & Young LLP as the Company's independent auditors for 2013. Under its charter, the Audit Committee is solely responsible for reviewing the qualifications of the Company's independent auditors and selecting the independent auditors for the current fiscal year.

The following is a description of the fees billed to the Company by Ernst & Young LLP for the years ended December 31, 2012 and December 31, 2011:

Audit Fees: Audit fees include fees billed by Ernst & Young LLP for the review and audit of the Company's annual financial statements and review of financial statements included in the Company's quarterly reports filed with the SEC, as well as services normally provided by an independent auditor in connection with statutory and regulatory filings or engagements. Aggregate fees for audit services were \$1,553,642 in 2012 and \$1,266,498 in 2011.

Audit-Related Fees: Audit-related fees include fees for assurance and related services that are reasonably related to the performance of the audit or review of the financial statements. Aggregate fees for audit-related services were \$123,100 in 2012 and \$85,250 in 2011.

Tax Fees: Tax fees include fees for tax compliance, tax return preparation advice and tax planning services. Aggregate fees for tax services were \$216,060 in 2012 and \$127,560 in 2011.

All Other Fees: This category comprises all fees billed by Ernst & Young LLP to the Company not included in the previous three categories, which includes services provided for on-line accounting and auditing standards and interpretive guidance. Aggregate fees for other services were \$1,960 in 2012 and \$1,695 in 2011.

The Audit Committee pre-approves all services, including both audit and non-audit services, provided by the Company's independent auditor. For audit services, the independent auditor provides the Audit Committee with an engagement letter outlining the scope of the audit services proposed to be performed during the year and the fees to be charged, which must be formally accepted by the Audit Committee before the audit commences.

Management also submits to the Audit Committee a list of non-audit services that it recommends the independent auditor be engaged to provide and an estimate of the fees to be paid for each. The Audit Committee considers whether the provision of non-audit services by the Company's independent auditor is compatible with maintaining the auditor's independence. The Audit Committee must approve the list of non-audit services and the estimated fees for each such service before the commencement of the work.

To ensure prompt handling of unexpected matters, the Audit Committee has delegated the authority to amend and modify the list of approved permissible non-audit services and fees to the Audit Committee Chair. If the Chair exercises this delegation of authority, she reports the action taken to the Audit Committee at its next regular meeting. All audit and permissible non-audit services provided by Ernst & Young LLP to the Company for 2012 were pre-approved by the Audit Committee in accordance with these procedures.

SHAREHOLDER PROPOSALS

Shareholders' proposals intended to be presented at the Company's 2014 Annual Meeting of Shareholders must be received in writing by the Secretary of the Company no later than December 12, 2013 in order to be considered for inclusion in the proxy material for that meeting. Any such proposals shall be subject to the requirements of the proxy rules adopted under the Exchange Act. Furthermore, in order for any shareholder to properly propose any business for consideration at the 2014 Annual Meeting, including the nomination of any person for election as a Director, or any other matter raised other than pursuant to Rule 14a-8 of the proxy rules adopted under the Exchange Act, written notice of the shareholder's intention to make such proposal must be furnished to the Company in accordance with the By-laws. Under the existing provisions of the By-laws, the deadline for such notice is February 24, 2014.

OTHER BUSINESS

The Company is unaware of any other matter to be acted upon at the Annual Meeting for shareholder vote. In case of any matter properly coming before the Annual Meeting for shareholder vote, unless discretionary authority has been denied the proxy holders named in the proxy accompanying this statement shall vote them in accordance with their best judgment.
