The Corporation may solicit proxies in person, by mail, telephone, facsimile, e-mail or other similar means. Where instructions are indicated, proxies will be voted in accordance therewith. Where no instructions are indicated, proxies will be voted for the nominees for the Class II directors set forth below.

The Board has fixed the close of business on March 25, 2005 as the record date (the "Record Date") for the determination of stockholders who are entitled to notice of and to vote at the meeting. As of the Record Date, the outstanding number of voting securities of the Corporation was 24,957,501 shares, consisting of 24,956,856 shares of common stock, par value \$.001 per share ("Common Stock"), and 645 shares of Series A convertible preferred stock, par value \$.10 per share ("Series A Preferred Stock"). BACKGROUND INFORMATION

Merger. On February 9, 2004, the Corporation acquired Neurologix Research, Inc. (formerly known as “Neurologix, Inc.” and sometimes referred to herein as “NRI”) pursuant to a merger (the “Merger”) of a newly-formed, wholly-owned subsidiary of the Corporation with NRI. The Merger was completed on February 10, 2004. Stockholders of NRI received Common Stock as consideration in the Merger. As a result of the Merger, stockholders of NRI received an aggregate number of shares of Common Stock representing approximately 68% of the total number shares of the Corporation’s Common Stock outstanding immediately after the Merger. In connection with the Merger, new directors and officers of the Corporation were appointed by certain former NRI shareholders.

Reverse Stock Split. On September 10, 2004, pursuant to the written consent of stockholders owning approximately 59% of the Corporation’s common stock, the Corporation amended and restated its Certificate of Incorporation (the “Amendment”), as a result of which it effected a reverse stock split (the “Reverse Stock Split”) of the shares of common stock at a ratio of 1 for 25 and reduced the Corporation’s number of authorized shares of Common Stock from 750,000,000 to 60,000,000. To avoid the existence of fractional shares, stockholders who were otherwise entitled to receive fractional shares of Common Stock as a result of the Reverse Stock Split received cash payments in lieu thereof. The par values of the Common Stock and the Series A Preferred Stock were unaffected by the Reverse Stock Split. All references herein to number of shares and options reflect the Reverse Stock Split.

Board Meetings

The new Board and management of the Corporation has been unable to locate any record of the dates and times of meetings, who attended and the actions taken for the period from January 1, 2004 through February 10, 2004, the date of the Merger. Subsequent to the Merger, six meetings of the Board were held in 2004. During 2004, each director attended at least 75% of the meetings of the Board. The Audit Committee met seven times during 2004 with all members in attendance. The Compensation Committee met three times during 2004 with all members in attendance.

It is the Corporation's policy that directors are invited and encouraged to attend the Annual Meeting of Stockholders. At the time of the 2004 Annual Meeting of Stockholders, the Corporation had five directors, of which three directors attended the meeting.

Committees

The Board currently maintains an Audit Committee and a Compensation Committee. The Corporation does not have a Nominating Committee.

Nominating Process

The Board does not view it is necessary to have a Nominating Committee or written charter since the size of the Board enables all directors to participate in the nominating process and to address the need to attract and retain qualified directors and to fill any vacancies in the Board. Qualifications for consideration as a board nominee may vary according to the particular areas of expertise being sought as a complement to the existing board composition. However, in making its nominations, the Board considers, among other things, an individual's business experience, industry experience, breadth of knowledge about issues affecting the Corporation, time available for meetings and consultation regarding company matters and other particular skills and experience possessed by the individual. The Board recommended each of the current nominees for Class II directors.

The Board consists of seven directors. The Board has determined that Austin M. Long, III, Craig J. Nickels and Jeffrey B. Reich, M.D. are independent directors. Although the Corporation is not listed on any exchange or automated quotation system, in making this independence determination, the Board considered the independence standards for directors set forth in the American Stock Exchange Corporation Guide for its listed companies (the “AMEX Rules”).

The Board does not have a formal policy that requires it to consider any director candidates that might be recommended by stockholders.

Compensation Committee

At the time of the Merger, the Corporation had only one director and did not have a separate Compensation Committee. Following the Merger, a Compensation Committee was formed consisting of Mark S. Hoffman (Chair), Austin M. Long, III and Craig J. Nickels. Mr. Hoffman is a managing member of Holdings, the general partner of PPP, which beneficially owns approximately 27.25% of the Corporation’s outstanding capital stock. Messrs. Long and Nickels were determined by the Board to be independent directors.

Audit Committee

Up until the closing of the Merger, Michael R. Gleason, the sole director of the Corporation, was the only member of the Audit Committee, which did not have a formal meeting during 2004. Mr. Gleason was not determined to be independent by the Board. The Audit Committee’s charter that was in effect up until the closing of the Merger was adopted by the Corporation on April 30, 2001.

At the February 10, 2004 meeting of the Board, Messrs. Long (Chair) and Nickels were elected to serve on the Audit Committee. Both of them have been determined to be independent by the Board. In making this decision, the Board considered the AMEX Rules.

The Audit Committee is responsible for the appointment, compensation and oversight of the work of the Corporation’s independent auditors and, in this regard, it meets periodically with the independent auditors to review plans for the audit and the audit results, reviews financial statements, accounting policies, tax and other matters for compliance with the requirements of the Financial Accounting Standards Board and government regulatory agencies. The Board has determined that Mr. Long is a “financial expert”, as that term is defined under Item 401(e) of Regulation S-B under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Board adopted a written charter of the Audit Committee on March 23, 2004 which is reviewed annually and pursuant thereto was amended and restated on March 25, 2005. A copy of the amended and restated charter is attached hereto as Annex “A”.

Directors' Compensation

On March 23, 2004, the Board adopted a policy of paying quarterly fixed retainers of \$1,500, to each director who is not also an employee of the Corporation or a member, partner or executive officer of PCM or Palisade, plus an additional quarterly retainer of \$1,000 for directors who serve on the Audit Committee. Under the terms thereof, during 2004, Messrs. Long and Nickels, members of the Audit Committee, each received \$7,500 and Mr. Johnson received \$4,500. Messrs. Long and Nickels also served on the Board prior to the Merger and each received an additional \$1,250 for such service. Mr. Gleason, who was a director from January 1, 2004 to February 10, 2004, did not receive any additional compensation for his services as a director.

The Board's post-Merger director compensation policy also provides for annual stock option grants of 30,000 shares with an additional 20,000 shares to directors who serve on the Audit Committee. Pursuant to this policy, on March 23, 2004, the Corporation granted to each of Messrs. Long, Nickels and Johnson options to purchase 50,000, 50,000 and 30,000 shares of Common Stock, respectively, at an exercise price of \$1.50 per share (the fair market value on the date of the grant, as adjusted to reflect the Reverse Stock Split). One-third of such options vested immediately on the date of grant, one-third vested on March 23, 2005 and the remaining one-third vests on March 23, 2006.

Except as otherwise provided in this Proxy Statement, no director received any other compensation from the Corporation in 2004.

PROPOSAL NUMBER 2: APPROVAL OF AMENDMENT TO THE 2000 STOCK OPTION PLAN OF THE CORPORATION

The 2000 Stock Option Plan (sometimes referred to herein as the "Plan") was approved by the stockholders on September 12, 2000 and provides for the granting of stock options to purchase up to a maximum of 800,000 shares of Common Stock (subject to adjustment in the event of certain capital changes) during the period ending March 14, 2010. A copy of the Plan is attached hereto as Annex "B".

In connection with the terms of employment of Dr. Michael Sorell as the Chief Executive Officer of the Corporation and NRI, on September 21, 2004, the Corporation granted him an option under the Plan to purchase 273,892 shares of Common Stock at an exercise price of \$0.75 per share. Because following the grant to Dr. Sorell there were no additional shares available for issuance under the Plan at that date, the Board has approved an amendment to the Plan, subject to stockholder approval, to increase the number of shares covered by, and reserved for issuance under, the Plan from 800,000 shares to 1,300,000 shares. Stockholders are being asked to approve such amendment at this meeting. If the stockholders approve such amendment, there will be a balance of 502,108 shares available under the Plan of which 160,000 shares will be used for the 2005 annual grant to directors who are not employees of the Corporation or members, partners or executive officers of PCM or Palisade. For further information regarding the terms of Dr. Sorell's employment, see "Employment Agreement of Chief Executive Officer" and for further information regarding director compensation, see "Board of Directors and Committees - Directors' Compensation".

The following is a summary of the terms of the 2000 Stock Option Plan as currently in effect.

Purpose. The purpose of the Plan is to provide a means through which the Corporation and its affiliates may attract able persons to enter and remain in the employ of the Corporation and affiliates and to provide a means whereby employees, directors and consultants of the Corporation and its affiliates can acquire and maintain the Corporation common stock ownership, thereby strengthening their commitment to the welfare of the Corporation and its affiliates and promoting an identity of interest between shareholders and these directors, employees and consultants.

Administration. The Plan is administered by the Corporation's compensation committee.

Eligible Participants. Any employee, director or consultant to the Corporation or an affiliate of the Corporation is eligible to participate in the Plan. However, the Corporation does not presently allow holders of warrants of the Corporation to participate in the Plan. The compensation committee has the sole and complete authority to determine the participants to whom stock options shall be granted (a "Participant" or the "Participants").

Shares of the Corporation's Common Stock Authorized under the Plan. The Plan authorizes the grant of stock options to Participants with respect to a maximum of 800,000 shares of Common Stock, which awards may be made in the form of (a) non-qualified stock options and (b) stock options intended to qualify as incentive stock options ("ISOs") under Section 422 of the Code. In any calendar year, a Participant may not receive stock options in a manner that will cause the stock options granted under the Plan to fail to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code.

To the extent the aggregate fair market value (determined as of the date of grant) of stock for which incentive stock options are exercisable for the first time by any Participant during any calendar year (under all plans of the Corporation) exceeds \$100,000, such excess incentive stock options shall be treated as non-qualified stock options. If any award granted under the Plan is forfeited, or if an award has expired, terminated or been canceled for any reason whatsoever (other than by reason of exercise or vesting), then the shares of the Corporation's Common Stock covered by such award may be granted to another Participant pursuant to the terms of the Plan, to the maximum extent permitted under Section 162(m) of the Code.

Effective Date and Duration of the Plan. The Plan was approved by the Board on March 28, 2000 and became effective on September 12, 2000, the date it was approved by the Corporation's stockholders. The Board of Directors amended the Plan, subject to approval of stockholders at this meeting, to increase the number of shares covered by, and reserved for issuance under, the Plan from 800,000 shares to 1,300,000 shares. The term during which awards may be granted under the Plan expires on March 28, 2010.

Stock Option Price. The exercise price per share of the Corporation's Common Stock for each stock option is set by the Corporation's compensation committee at the time of grant. The compensation committee is entitled to set an exercise price below the fair market value of a share of the Corporation's Common Stock at the date of grant solely in the event of it decides to grant non-qualified stock options to a director of the Corporation.

Manner of Exercise and Form of Payment. No shares of the Corporation's Common Stock may be delivered pursuant to any exercise of an option until payment in full of the aggregate exercise price therefor is received by the Corporation. Stock options which have become exercisable may be exercised by delivery of written notice of exercise to the compensation committee accompanied by payment of the stock option price. The stock option price shall be payable in cash and if the compensation committee so permits, partially or completely in shares of the Corporation's Common Stock valued at the fair market value at the time the stock option is exercised; provided, however, that such shares are not subject to any pledge or other security interest and have either been held by the Participant for six months, previously acquired by the Participant on the open market or meet such other requirements as the compensation committee may determine necessary in order to avoid an accounting earnings charge in respect of the stock option or, in the discretion of the compensation committee, either (i) in other property having a fair market value on the date of exercise equal to the stock option price, or (ii) by such other method as the compensation committee may permit.

Vesting, Stock Option Period and Expiration. Stock options vest and become exercisable in such manner and on such date or dates determined by the compensation committee and expire after such period, not to exceed ten years, as may be determined by the compensation committee all as set forth in an applicable stock option agreement; provided, that the compensation committee has the authority to accelerate the exercisability of any outstanding option at such time and under such circumstances as it, in its sole discretion, deems appropriate. If a stock option is exercisable in installments, such installments or portions thereof which become exercisable shall remain exercisable until the stock option expires. If an incentive stock option is granted to a Participant who owns stock representing more than ten percent of the voting power of all classes of stock of the Corporation, the stock option period may not exceed five years from the date of grant of such option and the stock option price shall be at least 110 percent of the fair market value (on the date of grant) of the stock subject to the stock option.

Change of Control or Reorganization. Except to the extent reflected in a particular stock option agreement:

(a) In the event of a Change in Control (as defined in the Plan), notwithstanding any vesting schedule, all stock options shall become immediately exercisable with respect to all shares subject to such stock option.

(b) The obligations of the Corporation under the Plan are binding upon any successor corporation or organization resulting from the Merger, consolidation or other reorganization of the Corporation, or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Corporation. The Corporation agreed to make appropriate provisions for the preservation of Participants' rights under the Plan in any agreement or plan which it may enter into or adopt to effect any such Merger, consolidation, reorganization or transfer of assets.

Transferability. Each award and each right under any award, is exercisable only by the Participant during the Participant's lifetime or if permissible under applicable law, by the Participant's guardian or legal representative. No award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant other than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Corporation or any of its affiliates; provided that the designation of a beneficiary will not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance. The Plan provides for limited exceptions to the non-transferability of the awards (and the rights attached thereto) received under the Plan, such exceptions to be inserted in the relevant stock option agreement or amendment thereto.

Amendment. The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; provided that no such amendment, alteration, suspension, discontinuation or termination shall be made without shareholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to the Plan (including as necessary to prevent the stock options granted under the Plan from failing to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code); and provided further that any such amendment, alteration, suspension, discontinuance or termination that would impair the rights of any Participant or any holder or beneficiary of any stock option theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary.

Federal Income Tax Consequences Relating to the Plan. The following summary of the federal income tax consequences of the grant and exercise of stock options, both ISOs and non qualified stock options, awarded under the Plan, and the disposition of the Corporation's Common Stock purchased pursuant to the exercise of such stock options, is intended to reflect the current provisions of the Code and the regulations thereunder. The summary is not intended to be a complete statement of applicable laws, it does not address state and local tax considerations nor does it address the tax consequences of options granted to individual tax payers located outside the U.S. and is not intended as tax advice to any person. Moreover the U.S. Federal income tax consequences to any particular individual may differ from those described herein by reason of the particular circumstances of such individual.

No income is realized by an optionee upon grant of a non-qualified stock option. Upon exercise of a non-qualified stock option, the optionee recognizes ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the underlying stock over the option exercise price (the "Spread") at the time of exercise. The Spread is deductible by the Corporation for federal income tax purposes subject to the possible limitations on deductibility under Sections 280G and 162(m) of the Code of compensation paid to executives designated in those sections. The optionee's tax basis in the underlying shares acquired by exercise of a non-qualified stock option equals the exercise price plus the amount taxable as compensation to the optionee. Upon sale of the shares received by the optionee upon exercise of the non-qualified stock option, any gain or loss is generally long-term or short-term capital gain or loss, depending on the holding period. The optionee's holding period for shares acquired pursuant to the exercise of a non-qualified stock option will begin on the date of exercise of such option.

Pursuant to currently applicable rules under Section 16(b) of the Exchange Act, the grant of an option (and not its exercise) to a person who is subject to the reporting and short-swing profit provisions under Section 16 of the Exchange Act (a "Section 16 Person") begins the six-month period of potential short-swing liability. The taxable event for the exercise of an option that has been outstanding at least six months ordinarily will be the date of exercise. Under current rules promulgated under Section 16(b), the six month period of potential short-swing liability may be eliminated if the option grant (i) is approved in advance by the Board (or a committee composed solely of two or more non-employee directors) or (ii) approved in advance, or subsequently ratified, by the Corporation's shareholders no later than the next annual meeting of shareholders. If the grant satisfies either of the conditions described in clause (i) or (ii) above, the taxable event will ordinarily be the date of exercise. However, if an option is exercised by a Section 16 Person within six months after the date of grant and neither of the conditions described in clause (i) or (ii) above are satisfied, taxation will be deferred until the date which is six months after the date of grant, unless the person has filed a timely election pursuant to section 83(b) of the Code to be taxed on the date of exercise.

The Code requires that, for ISO treatment, shares acquired through exercise of an ISO cannot be disposed of before two years from the date of grant of the option and one year from the date of exercise. ISO holders generally incur no federal income tax liability at the time of grant or upon exercise of such options. However, the Spread at exercise will be an "item of tax preference" which may give rise to "alternative minimum tax" liability for the taxable year in which the exercise occurs at the time of exercise. If the optionee does not dispose of the shares before two years following the date of grant and one year following the date of exercise, the difference between the exercise price and the amount realized upon disposition of the shares will constitute long-term capital gain or loss, as the case may be. Assuming both holding periods are satisfied, no deduction is permitted to be taken by the Corporation for federal income tax purposes in connection with the grant or exercise of the option. If, within two years following the date of grant or within one year following the date of exercise, the holder of shares acquired through the exercise of an ISO disposes of such shares, the optionee will generally realize ordinary taxable compensation at the time of such disposition equal to the difference between the exercise price and the lesser of the fair market value of the stock on the date of initial exercise or the amount realized on the subsequent disposition, and such amount is generally deductible by the Corporation for federal income tax purposes, subject to the possible limitations on deductibility under Sections 280G and 162(m) of the Code for compensation paid to executives designated in those sections.

The payment of an optionee of the exercise price, in full or in part, with previously acquired shares will not affect the tax treatment of the exercise described above. No gain or loss generally will be recognized by the optionee upon the surrender of the previously acquired shares of the Corporation, and shares received by the optionee, equal in number to the previously surrendered shares, have the same tax basis as the shares surrendered to the Corporation and have a holding period that includes the holding period of the shares surrendered. The value of shares received by the optionee in excess of the number of shares surrendered to the Corporation is taxable to the optionee. Such additional shares have a tax basis equal to the fair market value of such additional shares as of the date ordinary income is recognized and have a holding period that begins on the date ordinary income is recognized.

In general, Section 162(m) of the Code denies a publicly held corporation a deduction for federal income tax purposes for compensation in excess of \$1,000,000 per year per person to its chief executive officer and the four other officers whose compensation is disclosed in its proxy statement, subject to certain exceptions. Options will generally qualify under one of these exceptions if they are granted under a plan that states the maximum number of shares with respect to which options may be granted to any employee during a specified period, the exercise price is not less than the fair market value of the Common Stock at the time of grant and the plan under which the options are granted is approved by stockholders and is administered by a compensation committee comprised of outside directors. The Plan is intended to satisfy these requirements with respect to grants of options to covered employees.

Approval of an amendment to the Plan will require the affirmative vote of a plurality of the stockholders present in person or represented by proxy at the meeting and entitled to vote thereon.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” APPROVAL OF THE AMENDMENT TO THE PLAN.

CODE OF ETHICS

The Board has adopted an Amended and Restated Code of Ethics for its Chief Executive and Senior Financial Officers and the Corporation’s Chief Executive Officer and Chief Financial Officer have signed the code and will be held to the standards outlined therein. Copies of both codes of ethics are available at the Corporation’s website at <http://www.neurologix.net> under the heading “Investors - Corporate Governance”.

(1) Dr. Sorell was granted options to purchase 1,150,000 shares of Common Stock in connection with his hiring in September 2004. Of such grant, options to purchase 273,892 shares were granted under the Plan (and are intended to qualify as incentive stock options under the Internal Revenue Code) and options to purchase 876,108 shares of Common Stock were granted outside the Plan but on terms identical to those provided for by the Plan. See “Employment Agreement of Chief Executive Officer” below.

The Board has amended, subject to stockholder approval at this meeting, the Plan to increase the number of shares available for issuance under the Plan by 500,000 shares. The above table does not reflect the 500,000 additional shares proposed by such amendment.

Employment Agreement of Chief Executive Officer

Base Salary - On September 21, 2004, the Board hired Dr. Michael Sorell, M.D. as the Chief Executive Officer of the Corporation and NRI for an initial term of employment of 18 months, which will automatically be extended for an additional 18 months absent notice to the contrary from either party. Dr. Sorell receives an annual base salary of \$150,000, which is subject to automatic increase (to \$175,000 or \$200,000) upon the achievement of specified performance objectives of the Corporation. Dr. Sorell’s annual bonus, if any, will be at the discretion of the Board and will depend upon the achievement of goals to be specified by the Board. He also serves as a member of the Board and the board of directors of NRI.

Base Stock Option Grant - In connection with Dr. Sorell’s employment, on September 21, 2004, the Corporation granted Dr. Sorell an option to purchase up to 1,150,000 shares of Common Stock at an exercise price of \$0.75 per share. These options include a base grant and an incentive grant. The base grant consists of an option to purchase 250,000 shares of Common Stock, which vested with respect to 25,000 shares on the date of grant and 100,000 shares on March 31, 2005. The remaining 125,000 shares vest as follows: 100,000 shares on December 31, 2005 and 25,000 shares on March 31, 2006.

Incentive Stock Option Grant - The incentive grant consists of an option to purchase up to 900,000 shares of its Common Stock at an exercise price of \$0.75 per share (the “Incentive Grant”). This grant is subject to the Corporation’s ability to close one or more financings and/or corporate partner contributions (in the form of up-front payments or

payments based on milestones which, in the judgment of the Board, are likely to be realized within eighteen months following such agreement) totaling \$5 million (collectively referred to herein as the "Financing") on or before June 30, 2005 at a weighted average per share price of at least \$1.30. If the weighted average per share price is at least \$1.30 per share but less than \$2.65 (without taking into account the value of warrants, if any, included in the Financing), then, upon the final closing of the Financing, one percent (1%) of the shares of Corporation Common Stock underlying the Incentive Grant shall lapse for each \$0.03 decrement of price below \$2.65 per share.

-15-

That portion of the Incentive Grant that has not lapsed will vest on June 30, 2005 with one-third () becoming exercisable on that date and the balance ratably over the subsequent twenty-four (24) month period. In the event that Dr. Sorell ceases to be an officer and director of the Corporation, then the option shall immediately terminate as to any shares that have not previously become exercisable as of the date of such termination. The options have a maximum ten year term and are subject to accelerated vesting in the event that Dr. Sorell's employment is terminated by the Corporation without cause, due to his death or disability or upon a change in control. If the Financing is not completed by June 30, 2005, the entire Incentive Grant shall lapse. As of the date of this Proxy Statement, the Corporation has raised \$3,166,000 at \$1.30 per share.

The options have a maximum 10 year term and are subject to accelerated vesting in the event that Dr. Sorell's employment is terminated by the Corporation without cause, due to his death or disability or upon a change in control of the Corporation.

Of the total options granted to Dr. Sorell, 273,892 were granted pursuant to the Plan in order to qualify as incentive stock options and the remaining 876,108 options were not granted under a shareholder-approved plan but are governed by terms identical to the provisions of the Plan.

Deductibility of Compensation

Section 162(m) of the Code generally limits to \$1,000,000 the Corporation's federal income tax deduction for compensation paid in any year to each of its chief executive officer and the four other most highest paid executive officers, to the extent such compensation is not "performance-based" within the meaning of Section 162(m). The Committee will, in general, seek to qualify compensation paid to its executive officers for deductibility under Section 162(m), although the Committee believes it is appropriate to retain the flexibility to authorize payments of compensation that may not qualify for deductibility if, in the Committee's judgment, it is in the Corporation's best interest to do so.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since the Merger, Refac, which is 90% owned by PCM, has provided consulting services to the Corporation at a basic monthly retainer of \$5,000 subject to a quarterly adjustment to reflect the services rendered during such quarter. Either party has the right to terminate this agreement at any time without any prior notice. Under this arrangement, the Corporation has paid \$95,000 with respect to services rendered during 2004.

Pursuant to the Merger Agreement, the Corporation paid Palisade Capital Securities, LLC, an affiliate of PCM and PPP, \$200,000 for investment banking services rendered in connection with the Merger. PPP is the beneficial owner of approximately 30% of the Corporation's outstanding common stock.

Dr. Michael G. Kaplitt, one of the Corporation's scientific co-founders and the son of Dr. Martin J. Kaplitt, the Corporation's Executive Chairman, has a consulting agreement with the Corporation. Pursuant thereto, the Corporation paid him \$55,500 in 2003. Dr. Kaplitt is also the neurosurgeon performing the surgical procedures on the twelve patients required by the protocol for the Corporation's sponsored Phase I clinical trial for the treatment of Parkinson's disease. At his request, dated April 30, 2003, his compensation was waived and it will continue to be waived through the end of the Phase I clinical trial.

From June 2000 through June 2004, the Corporation had a research agreement with Rockefeller University (“Rockefeller”) pursuant to which the Corporation funded certain research conducted by Dr. Kaplitt and others. As a result of this research, Rockefeller obtained three U.S. patents in which Dr. Kaplitt is named as a co-inventor and one on which he is named as the sole inventor. Rockefeller has exclusively licensed these patents to the Corporation. Dr. Kaplitt is also named as a co-inventor on a patent that Rockefeller has non-exclusively licensed to the Corporation.

In accordance with Rockefeller’s Intellectual Property Policy, an aggregate of one-third of all income it receives from licensing transactions is paid to the inventors. Dr. Kaplitt has advised the Corporation that he received cash payments from Rockefeller in each of 2003 and 2004 of less than \$2,000 under this policy. In December 2002, the Corporation issued to Rockefeller 368,761 shares of its common stock in exchange for the cancellation of certain fees under its exclusive patent license agreement with the Corporation. When, and if, Rockefeller sells these shares, Dr. Kaplitt estimates that he will be entitled to approximately 25% of the proceeds. In addition, he estimates that he will have a similar interest in future royalties that may become payable under this exclusive patent license agreement.

Effective with the closing of the Merger, the Corporation relocated its corporate offices to One Bridge Plaza, Fort Lee, New Jersey 07024. The Corporation used these premises on a month-to-month basis under a verbal agreement with PCS that did not require the payment of rent. On August 10, 2004, the Corporation entered into a sublease with PCS that provides for the lease of approximately 1,185 gross rentable square feet of space at One Bridge Plaza, Fort Lee, New Jersey 07024 through January 31, 2008 at a base annual rent of approximately \$35,000. The rent that the Company pays to PCS is the same rental amount that PCS pays under its master lease for this space.

Additionally, the Corporation maintains brokerage accounts with PCS for the Corporation’s marketable securities for which it pays customary brokerage fees.

Except as otherwise provided in this proxy statement, since January 1, 2004, there has not been at any time any relationship or related transaction which the Corporation would be required to disclose under Item 404 of Regulation S-B.

AUDIT COMMITTEE REPORT

The Board has an Audit Committee comprised of two directors, each of whom meets the independence and qualification standards for audit committee membership as set forth in the listing standards set forth in the AMEX Rules.

The Audit Committee oversees the Corporation’s financial process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the 2004 Annual Report on Form 10-KSB with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Corporation’s management is responsible for the preparation, presentation and integrity of the Corporation’s financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors, J.H. Cohn LLP, are responsible for performing an independent audit of the consolidated financial statements prepared in accordance with generally accepted accounting principles.

In performing its oversight function, the Audit Committee reviewed with the Corporation's independent auditors such auditors' judgments as to the quality, not just the acceptability, of the Corporation's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including Statement on Auditing Standards Nos. 61 and 90. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Corporation and received the written disclosures and the letter from the independent auditors required by the Independence Standards Board, Standard No. 1.

The Committee discussed with the Corporation's independent auditors the overall scope and plans for their audit. The Committee met with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Corporation's internal controls, and the overall quality of the Corporation's financial reporting.

In reliance on the reviews and discussions referred to above, and subject to the limitations on the role and responsibilities of the Audit Committee set forth below and in its charter, the Audit Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the Corporation's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2004 for filing with the Securities and Exchange Commission. The Audit Committee also approved the selection of the Corporation's independent auditors for the fiscal year ended December 31, 2005.

Although the members of the Audit Committee are financially sophisticated they are not professionally engaged in the practice of auditing or accounting, are not employed by the Corporation for accounting, financial management or internal control purposes and are not experts in the fields of accounting or auditing, including the determination of auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Corporation's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that J.H. Cohn LLP is in fact "independent."

The Audit Committee of the Board,

Austin M. Long III, Chair
Craig J. Nickels

INDEPENDENT PUBLIC ACCOUNTANTS

KPMG LLP (“KPMG”) served as the independent public accountants for the Corporation during the fiscal year ended December 31, 2002. On February 20, 2004, following the Merger, the Audit Committee engaged the accounting firm of J.H. Cohn LLP (“J.H. Cohn”), the Independent Registered Public Accounting Firm for NRI prior to the Merger, to replace KPMG. KPMG did not resign or decline to stand for re-election, but was dismissed on February 23, 2004 as part of the change of control to allow the appointment of J.H. Cohn as the Corporation’s Independent Registered Public Accounting Firm upon recommendation of the Board following the Merger.

KPMG’s opinions regarding the financial statements of the Corporation for the two fiscal years ended December 31, 2002 and 2001 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles; except that the audit report, dated March 27, 2003, of KPMG for the audit of the consolidated financial statements as of December 31, 2001 and 2002 and for the two years ended December 31, 2002 contained two explanatory paragraphs. The first explanatory paragraph referred to the Corporation’s change in its method of accounting for goodwill and other intangible assets, in 2002, as discussed in Note 2 to the consolidated financial statements for the year ended December 31, 2002. The second explanatory paragraph referred to the uncertainty as to the Corporation’s ability to continue as a going concern in light of a plan of liquidation and dissolution that it had adopted. The Corporation’s plans with regard to these matters are also described in Note 1 to the consolidated financial statements for the year ended December 31, 2002. The consolidated financial statements do not include any adjustments that might arise from the outcome of this uncertainty.

The Corporation is not aware of any disagreements with KPMG during the two fiscal years ended December 31, 2002 and 2001 and the subsequent interim period up to the date of dismissal on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which disagreements if not resolved to their satisfaction would have caused KPMG to make reference in connection with their opinion to the subject matter of the disagreement.

On February 20, 2004, the Corporation engaged J.H. Cohn LLP as its Independent Registered Public Accounting Firm to perform the Corporation’s audit for 2003. In accordance with Item 304 (a) (3) of regulation S-B and in connection with the Corporation’s filing of its Current Report on Form 8-K, dated February 27, 2004, KPMG was provided with a copy of this disclosure. J.H. Cohn LLP does not have any direct or indirect financial interest in the Corporation in any capacity other than that of independent public accountants. A representative of J.H. Cohn will be present at the meeting to answer questions by stockholders concerning the accounts of the Corporation and will have the opportunity to make a statement, if such representative desires to do so.

Principal Accounting Firm Fees

The following table sets forth the aggregate fees billed to the Corporation for the fiscal year ended December 31, 2003 by the Corporation’s former principal accounting firm, KPMG LLP:

Description	2003
Audit fees	\$ 196,050
Audit related fees	-
Tax fees	-
All other fees	-
Total	\$ 196,050

The following table sets forth the aggregate fees billed to the Corporation for the fiscal years ended December 31, 2004 and 2003 by the Corporation's principal accounting firm, J.H. Cohn LLP:

Description	2004	2003
Audit fees	\$ 80,000	\$ 25,000
Audit related fees	-	-
Tax fees	-	-
All other fees	-	\$ 83,290
Total	\$ 80,000	\$ 108,290

"All other fees" consists of audit services performed with respect to 2003 for the Corporation's post-Merger subsidiary, NRI. The Audit Committee has considered such other fees, and has determined that such fees are compatible with maintaining J.H. Cohn's independence.

During 2004, the Audit Committee did not have a pre-approval policy in effect for the approval of service rendered by the Corporation's independent auditors and none of the services provided by the independent auditors was provided pursuant to the de minimis exception to the pre-approval requirements contained in the SEC's rules.

OTHER MATTERS

The Board does not know of any other matters which are likely to be brought before the meeting. However, in the event that any other matters properly come before the meeting, the persons named in the enclosed proxy will vote such proxy in accordance with their judgment on such matters.

PROPOSALS BY STOCKHOLDERS

Proposals of stockholders intended to be presented, pursuant to Rule 14a-8 under the Exchange Act, at the 2006 Annual Meeting of Stockholders of the Corporation, which is currently scheduled to be held on May 8, 2006, must be received by the Corporation at the Corporation's principal executive offices by December 16, 2005 if they are to be included in the Corporation's proxy statement and proxy relating to such meeting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on its review of Forms 3, 4 and 5 filed under Section 16(a) of the Securities Exchange Act of 1934, as amended, and amendments thereto, the Corporation believes that during fiscal 2004, all Section 16(a) filing requirements applicable to its officers, directors and other principal stockholders of the Corporation were complied with except as follows: Messrs. Long and Nickels did not file a Form 3, Initial Statement of Beneficial Ownership of Shares, at the time they became Directors of the Corporation on June 13, 2003, and therefore each of Messrs. Long and Nickels filed a Form 3 on May 7, 2004 to report that each beneficially held no shares of the Corporation at that time. Mr. Johnson did not file a Form 4, Statement of Changes in Beneficial Ownership, at the time he exercised an option to purchase 10,000 shares of the Corporation's common stock on March 23, 2004, and therefore Mr. Johnson filed a Form 4 on May 7, 2004 to report the purchase of such common stock.

SOLICITATION OF PROXIES

The cost of preparing, assembling and mailing this Proxy Statement, the Notice of Annual Meeting of Stockholders and the enclosed proxy will be borne by the Corporation. In addition to the solicitation of proxies by use of the mails, the Corporation may solicit proxies personally and by telephone and telegraph.

STOCKHOLDER COMMUNICATIONS WITH DIRECTORS

The Board has adopted a written policy on stockholder and interested party communications with directors, a copy of which is available on the Corporation's corporate website at <http://www.neurologix.net>.

Under the policy, stockholders and other interested parties may contact any member (or all members) of the Board, any Board committee or any chair of any such committee by mail. All such correspondence should be sent to the Corporation's Secretary-Treasurer at One Bridge Plaza, Suite 605, Fort Lee, New Jersey, 07024.

All communications received as set forth in the preceding paragraph will be directed to our Chairman of the Board for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the Board or any group or committee of directors, the Chairman of the Board will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the envelope is addressed.

WHERE YOU CAN FIND MORE INFORMATION

The Corporation files annual, quarterly and special reports, proxy statements and other information with the SEC. The Committee shall administer the Plan. The majority of the members of the Committee shall constitute a quorum. The acts of a majority of the members present at any meeting at which a quorum is present or acts approved in writing by a majority of the Committee shall be deemed the acts of the Committee.

Subject to the provisions of the Plan and applicable law, the Committee shall have the power, in addition to other express powers and authorizations conferred on the Committee by the Plan, to: (i) designate Participants; (ii) determine the type or types of Options to be granted to a Participant; (iii) determine the number of shares to be covered by, or with respect to which payments, rights, or other matters are to be calculated in connection with Options; (iv) determine the terms and conditions of any Options; (v) determine whether, to what extent, and under what circumstances Options may be settled or exercised in cash, Stock, other securities, other Options, or other property, or canceled, forfeited, or suspended and the method or methods by which Options may be settled, exercised, canceled, forfeited, or suspended; (vi) determine whether, to what extent, and under what circumstances cash, Stock, other securities, other Options, other property, and other amounts payable with respect to an Option shall be deferred either automatically or at the election of the holder thereof or of the Committee; (vii) interpret, administer, reconcile any inconsistency, correct any default and/or supply any omission in the Plan and any instrument or agreement relating to, or Options granted under the Plan; (viii) establish, amend, suspend, or waive such rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan; and (ix) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan.

(a) Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations, and other decisions under or with respect to the Plan or any Option or any documents evidencing any and all Options shall be within the sole discretion of the Committee, may be made at any time granted pursuant to the Plan and shall be final, conclusive, and binding upon all parties, including, without limitation, the Company, any Affiliate, any Participant, any holder or beneficiary of any Options, and any shareholder.

(b) No member of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Option hereunder.

5.

Grant of Options; Stock Subject to the Plan

The Committee may, from time to time, grant Options to one or more Eligible Persons; PROVIDED, HOWEVER, that:

(a) Subject to Section 9, the aggregate number of shares of Stock in respect of which Options may be granted under the Plan is 800,000 shares;

(b) Such shares shall be deemed to have been used in payment of Options whether they are actually delivered. In the event any Options shall be surrendered, terminated, expired, or be forfeited, the number of shares of Stock no longer subject thereto shall thereupon be released and shall thereafter be available for new Options grants under the Plan;

(c) Stock delivered by the Company in settlement of Options granted under the Plan may be authorized and unissued Stock or Stock held in the treasury of the Company or may be purchased on the open market or by private purchase; and

(d) Subject to Section 9, no person may be granted Options under the Plan during any calendar year with respect to more than 3,000,000 shares of Stock; provided that such number shall be adjusted pursuant to Section 9 and shares otherwise counted against such number, only in a manner which will not cause the Options granted under the Plan to fail to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code.

6. **Eligibility Participation** shall be limited to Eligible Persons who have received written notification from the Committee, or from a person designated by the Committee, that they have been selected to participate in the Plan.

7. **Terms of Options**

The Committee is authorized to grant one or more Incentive Stock Options or Nonqualified Stock Options to any Eligible Person; PROVIDED, HOWEVER, that no Incentive Stock Options shall be granted to any Eligible Person who is not an employee of the Company or a "parent" or "subsidiary" of the Company, as such terms are used in Section 422(a)(2) of the Code. Each Option so granted shall be subject to the following conditions, or to such other conditions as may be reflected in the applicable Stock Option Agreement. In all events, the provisions in the applicable Stock Option Agreement shall control the terms of the Option issued pursuant thereto. If there shall be a conflict between the provisions of the Plan and such Stock Option Agreement, the provisions of such Stock Option Agreement shall control.

(a) **Option Price.** The exercise price (Option Price") per share of Stock for each Option shall be set by the Committee at the time of grant, but shall not be less than the Fair Market Value of a share of Stock at the Date of Grant.

(b) **Manner of Exercise and Form of Payment.** No shares of Stock shall be delivered pursuant to any exercise of an Option until payment in full of the aggregate exercise price therefor is received by the Company. Options which have become exercisable may be exercised by delivery of written notice of exercise to the Committee accompanied by payment of the Option Price. The Option Price shall be payable in cash, and if the Committee so permits, partially or completely in shares of Stock valued at the Fair Market Value at the time the Option is exercised (including by means of attestation of ownership of a sufficient number of shares of Stock in lieu of actual delivery of such shares to the Company); PROVIDED, HOWEVER, that such shares are not subject to any pledge or other security interest and have either been held by the Participant for six months, previously acquired by the Participant on the open market or meet such other requirements as the Committee may determine necessary in order to avoid an accounting earnings charge in respect of the Option) or, in the discretion of the Committee, either (i) in other property having a fair market value on the date of exercise equal to the Option Price, (ii) if by delivering to the Committee a copy of irrevocable instructions to a stockbroker to deliver promptly to the Company an amount of loan proceeds, or proceeds of the sale of the Stock subject to the Option, sufficient to pay the Option Price or (iii) by such other method as the Committee may permit.

(c) **Vesting, Option Period and Expiration.** Options shall vest and become exercisable in such manner and on such date or dates determined by the Committee and shall expire after such period, not to exceed ten years, as may be determined by the Committee (the "Option Period") and as set forth in the applicable Stock Option Agreement; PROVIDED, that the Committee shall have the authority to accelerate the exercisability of any outstanding option at such time and under such circumstances as it, in its sole discretion, deems appropriate. If an Option is exercisable in installments, such installments or portions thereof which become exercisable shall remain exercisable until the Option expires.

(d) Stock Option Agreement - Other Terms and Conditions. Each Option granted under the Plan shall be evidenced by a Stock Option Agreement, which shall contain such provisions as may be determined by the Committee and, except as may be specifically stated otherwise in such Stock Option Agreement, which shall be subject to the following terms and conditions:

- (i) Each Option or portion thereof that is exercisable shall be exercisable for the full amount or for any part thereof.
- (ii) Each share of Stock purchased through the exercise of an Option shall be paid for in full at the time of the exercise. Each Option shall cease to be exercisable, as to any share of Stock, when the Participant purchases the share or when the Option expires.
- (iii) Subject to Section 8(h), Options shall not be transferable by the Participant except by will or the laws of descent and distribution and shall be exercisable during the Participant's lifetime only by him.
- (iv) Each Option shall vest and become exercisable by the Participant in accordance with the vesting schedule established by the Committee and set forth in the Stock Option Agreement evidencing such Option.
- (v) Each Stock Option Agreement may contain a provision that, upon demand by the Committee for such a representation, the Participant shall deliver to the Committee at the time of any exercise of an Option a written representation that the shares to be acquired upon such exercise are to be acquired for investment and not for resale or with a view to the distribution thereof, and any other representations deemed necessary by the Committee to ensure compliance with all applicable federal and state securities laws. Upon such demand, delivery of such representation prior to the delivery of any shares issued upon exercise of an Option shall be a condition precedent to the right of the Participant or such other person to purchase any shares. In the event certificates for Stock are delivered under the Plan with respect to which such investment representation has been obtained, the Committee may cause a legend or legends to be placed on such certificates to make appropriate reference to such representation and to restrict transfer in the absence of compliance with applicable federal or state securities laws.
- (vi) Each Incentive Stock Option Agreement shall contain a provision requiring the Participant to notify the Company in writing immediately after the Participant makes a disqualifying disposition of any Stock acquired pursuant to the exercise of such Incentive Stock Option. A disqualifying disposition is any disposition (including any sale) of such Stock before the later of (a) two years after the Date of Grant of the Incentive Stock Option or (b) one year after the date the Participant acquired the Stock by exercising the Incentive Stock Option.
- (e) Incentive Stock Option Grants to 10% Stockholders. Notwithstanding anything to the contrary in this Section 7, if an Incentive Stock Option is granted to a Participant who owns stock representing more than ten percent of the voting power of all classes of stock of the Company, the Option Period shall not exceed five years from the Date of Grant of such Option and the Option Price shall be at least 110 percent of the Fair Market Value (on the Date of Grant) of the Stock subject to the Option.

(f) *\$100,000 Per Year Limitation for Incentive Stock Options*. To the extent the aggregate Fair Market Value (determined as of the Date of Grant) of Stock for which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company) exceeds \$100,000, such excess Incentive Stock Options shall be treated as Nonqualified Stock Options.

(g) *Voluntary Surrender*. The Committee may permit the voluntary surrender of all or any portion of any Nonqualified Stock Option, if any, granted under the Plan to be conditioned upon the granting to the Participant of a new Option for the same or a different number of shares as the Option surrendered or require such voluntary surrender as a condition precedent to a grant of a new Option to such Participant. Such new Option shall be exercisable at an Option Price, during an Option Period, and in accordance with any other terms or conditions specified by the Committee at the time the new Option is granted, all determined in accordance with the provisions of the Plan without regard to the Option Price, Option Period, or any other terms and conditions of the Nonqualified Stock Option surrendered.

8.

General

(a) *Additional Provisions of an Option*. Options granted to a Participant under the Plan also may be subject to such other provisions (whether or not applicable to Options granted to any other Participant) as the Committee determines appropriate including, without limitation, provisions to assist the Participant in financing the purchase of Stock upon the exercise of Options, provisions for the forfeiture of or restrictions on resale or other disposition of shares of Stock acquired under any Options, provisions giving the Company the right to repurchase shares of Stock acquired under any Option in the event the Participant elects to dispose of such shares or terminate employment, provisions allowing the Participant to elect to defer the receipt of payment in respect of Options for a specified period or until a specified event and and provisions to comply with federal and state securities laws and federal and state tax withholding requirements. Any such provisions shall be reflected in the applicable Stock Option Agreement.

(b) *Privileges of Stock Ownership*. Except as otherwise specifically provided in the Plan, no person shall be entitled to the privileges of ownership in respect of shares of Stock which are subject to Options hereunder until such shares have been issued to that person.

(c) *Government and Other Regulations*. The obligation of the Company to make payment of Options in Stock or otherwise shall be subject to all applicable laws, rules, and regulations, and to such approvals by governmental agencies as may be required. Notwithstanding any terms or conditions of any Option to the contrary, the Company shall be under no obligation to offer to sell or to sell and shall be prohibited from offering to sell or selling any shares of Stock pursuant to an Option unless such shares have been properly registered for sale pursuant to the Securities Act with the Securities and Exchange Commission or unless the Company has received an opinion of counsel, satisfactory to the Company, that such shares may be offered or sold without such registration pursuant to an available exemption therefrom and the terms and conditions of such exemption have been fully complied with. The Company shall be under no obligation to register for sale under the Securities Act any of the shares of Stock to be offered or sold under the Plan. If the shares of Stock offered for sale or sold under the Plan are offered or sold pursuant to an exemption from registration under the Securities Act, the Company may restrict the transfer of such shares and may legend the Stock certificates representing such shares in such manner as it deems advisable to ensure the availability of any such exemption.

(d) Tax Withholding.

(i) A Participant may be required to pay to the Company or any Affiliate and the Company or any Affiliate shall have the right and is hereby authorized to withhold from any Shares or other property deliverable under any Options or from any compensation or other amounts owing to a Participant the amount (in cash, Stock or other property) of any required tax withholding and payroll taxes in respect of an Option, its exercise, or any payment or transfer under an Option or under the Plan and to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such taxes.

(ii) Without limiting the generality of clause (i) above, if so provided in an Option agreement, a Participant may satisfy, in whole or in part, the foregoing withholding liability (but no more than the minimum required withholding liability) by delivery of shares of Stock owned by the Participant with a Fair Market Value equal to such withholding liability (provided that such shares are not subject to any pledge or other security interest and have either been held by the Participant for six months, previously acquired by the Participant on the open market or meet such other requirements as the Committee may determine necessary in order to avoid an accounting earnings charge), or by having the Company withhold from the number of shares of Stock otherwise issuable pursuant to the exercise or settlement of the Option a number of shares with a Fair Market Value equal to such withholding liability.

(e) Claim to Options and Employment Rights. No employee of the Company or an Affiliate, or other person, shall have any claim or right to be granted an Option under the Plan or, having been selected for the grant of an Option, to be selected for a grant of any other Option. Neither the Plan nor any action taken hereunder shall be construed as giving any Participant any right to be retained in the employ or service of the Company or an Affiliate.

(f) No Liability of Committee Members. No member of the Committee shall be personally liable by reason of any contract or other instrument executed by such member or on his behalf in his capacity as a member of the Committee nor for any mistake of judgment made in good faith, and the Company shall indemnify and hold harmless each member of the Committee and each other employee, officer or director of the Company to whom any duty or power relating to the administration or interpretation of the Plan may be allocated or delegated, against any cost or expense (including counsel fees) or liability (including any sum paid in settlement of a claim) arising out of any act or omission to act in connection with the Plan unless arising out of such person's own fraud or willful bad faith; PROVIDED, HOWEVER, that approval of the Board shall be required for the payment of any amount in settlement of a claim against any such person. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or By-Laws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

(g) Governing Law. The Plan shall be governed by and construed in accordance with the internal laws of the State of New York without regard to the principles of conflicts of law thereof, or principals of conflicts of laws of any other jurisdiction which could cause the application of the laws of any jurisdiction other than the State of New York.

(h) Nontransferability.

(i) Each Option shall be exercisable only by the Participant during the Participant's lifetime, or, if permissible under applicable law, by the Participant's legal guardian or representative. No Option may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant otherwise than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or an Affiliate; provided that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance.

(ii) Notwithstanding the foregoing, the Committee may, in the Stock Option Agreement or at any time after the Date of Grant in an amendment to a Stock Option Agreement, provide that Options which are not intended to qualify as Incentive Stock Options may be transferred by a Participant without consideration, subject to such rules as the Committee may adopt consistent with any applicable Stock Option Agreement to preserve the purposes of the Plan, to:

(A) any person who is a "family member" of the Participant, as such term is used in the instructions to Form S-8 (collectively, the "Immediate Family Members");

(B) a trust solely for the benefit of the Participant and his or her Immediate Family Members;

(C) a partnership or limited liability company whose only partners or shareholders are the Participant and his or her Immediate Family Members; or

(D) any other transferee as may be approved either (a) by the Board or the Committee in its sole discretion, or (b) as provided in the applicable Stock Option Agreement; (each transferee described in clauses (A), (B), (C) and (D) above is hereinafter referred to as a "Permitted Transferee"); PROVIDED that the Participant gives the Committee advance written notice describing the terms and conditions of the proposed transfer and the Committee notifies the Participant in writing that such a transfer would comply with the requirements of the Plan and any applicable Stock Option Agreement.

(iii) The terms of any Option transferred in accordance with the immediately preceding sentence shall apply to the Permitted Transferee and any reference in the Plan or in a Stock Option Agreement to a Participant shall be deemed to refer to the Permitted Transferee, except that (a) Permitted Transferees shall not be entitled to transfer any Options, other than by will or the laws of descent and distribution; (b) Permitted Transferees shall not be entitled to exercise any transferred Options unless there shall be in effect a registration statement on an appropriate form covering the shares to be acquired pursuant to the exercise of such Option if the Committee determines, consistent with any applicable Stock Option Agreement, that such a registration statement is necessary or appropriate, (c) the Committee or the Company shall not be required to provide any notice to a Permitted Transferee, whether or not such notice is or would otherwise have been required to be given to the Participant under the Plan or otherwise, and (d) the consequences of termination of the Participant's employment by, or services to, the Company or an Affiliate under the terms of the Plan and the applicable Stock Option Agreement shall continue to be applied with respect to the Participant, following which the Options shall be exercisable by the Permitted Transferee only to the extent, and for the periods, specified in the Plan and the applicable Stock Option Agreement.

(i) Reliance on Reports. Each member of the Committee and each member of the Board shall be fully justified in relying, acting or failing to act, and shall not be liable for having so relied, acted or failed to act in good faith, upon any report made by the independent public accountant of the Company and Affiliates and upon any other information furnished in connection with the Plan by any person or persons other than himself.

(j) Relationship to Other Benefits. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance or other benefit plan of the Company or any Affiliate except as otherwise specifically provided in such other plan.

(k) Expenses. The expenses of administering the Plan shall be borne by the Company and Affiliates.

(l) Pronouns. Masculine pronouns and other words of masculine gender shall refer to both men and women.

(m) Titles and Headings. The titles and headings of the sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings shall control.

(n) Termination of Employment. For all purposes herein, a person who transfers from employment or service with the Company to employment or service with an Affiliate or vice versa shall not be deemed to have terminated employment or service with the Company or an Affiliate.

(o) Severability. If any provision of the Plan or any Stock Option Agreement is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any person or Option, or would disqualify the Plan or any Option under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Option, such provision shall be stricken as to such jurisdiction, person or Option and the remainder of the Plan and any such Option shall remain in full force and effect.

9. Changes in Capital Structure

Options granted under the Plan and any Stock Option Agreements evidencing such options, the maximum number of shares of Stock subject to all Options stated in Section 5(a) and the maximum number of shares of Stock with respect to which any one person may be granted Options during any period stated in Section 5(d) shall be subject to adjustment or substitution, as determined by the Committee in its sole discretion, as to the number, price or kind of a share of Stock or other consideration subject to such Options or as otherwise determined by the Committee to be equitable (i) in the event of changes in the outstanding Stock or in the capital structure of the Company by reason of stock or extraordinary cash dividends, stock splits, reverse stock splits, recapitalization, reorganizations, mergers, consolidations, combinations, exchanges, or other relevant changes in capitalization occurring after the Date of Grant of any such Option or (ii) in the event of any change in applicable laws or any change in circumstances which results in or would result in any substantial dilution or enlargement of the rights granted to, or available for, Participants, or which otherwise warrants equitable adjustment because it interferes with the intended operation of the Plan. Any adjustment in Incentive Stock Options under this Section 9 shall be made only to the extent not constituting a "modification" within the meaning of Section 424(h)(3) of the Code, and any adjustments under this Section 9 shall be made in a manner which does not adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act. The Company shall give each Participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes.

Notwithstanding the above, in the event of any of the following:

- A. The Company is merged or consolidated with another corporation or entity and, in connection therewith, consideration is received by shareholders of the Company in a form other than stock or other equity interests of the surviving entity;
- B. All or substantially all of the assets of the Company are acquired by another person;
- C. The reorganization or liquidation of the Company; or
- D. The Company shall enter into a written agreement to undergo an event described in clauses A, B or C above, then the Committee may, in its discretion and upon at least 10 days advance notice to the affected persons, cancel any outstanding Options and cause the holders thereof to be paid, in cash or stock, or any combination thereof, the value of such Options based upon the price per share of Stock received or to be received by other shareholders of the Company in the event. The terms of this Section 9 may be varied by the Committee in any particular Stock Option Agreement.

10. Effect of Change in Control

Except to the extent reflected in a particular Stock Option Agreement:

- (a) In the event of a Change in Control, notwithstanding any vesting schedule, all Options shall become immediately exercisable with respect to 100 percent of the shares subject to such Option.
- (b) In addition, in the event of a Change in Control, the Committee may in its discretion and upon at least 10 days' advance notice to the affected persons, cancel any outstanding Options and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Options based upon the price per share of Stock received or to be received by other shareholders of the Company in the event.

(c) The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Company. The Company agrees that it will make appropriate provisions for the preservation of Participants' rights under the Plan in any agreement or plan which it may enter into or adopt to effect any such merger, consolidation, reorganization or transfer of assets.

11. Nonexclusivity of the Plan

Neither the adoption of this Plan by the Board nor the submission of this Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options otherwise than under this Plan, and such arrangements may be either applicable generally or only in specific cases.

12. Amendments and Termination

(a) Amendment and Termination of the Plan. The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; PROVIDED that no such amendment, alteration, suspension, discontinuation or termination shall be made without shareholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to the Plan (including as necessary to prevent Options granted under the Plan from failing to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code); and PROVIDED FURTHER that any such amendment, alteration, suspension, discontinuance or termination that would impair the rights of any Participant or any holder or beneficiary of any Option theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary.

(b) Amendment of Award Agreements. The Committee may, to the extent consistent with the terms of any applicable Stock Option Agreement, waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Option theretofore granted, prospectively or retroactively; provided that any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would impair the rights of any Participant in respect of any Option theretofore granted shall not to that extent be effective without the consent of the affected Participant.
