Notice of Annual Meeting of Stockholders
to be held on December 18, 2013

Dear Stockholder:

You are cordially invited to attend the Annual Meeting of Stockholders of United Natural Foods, Inc., which will be held on Wednesday, December 18, 2013 at 11:00 a.m. eastern standard time at the Providence Marriott Downtown, 1 Orms Street, Providence, RI 02904, and any adjournments or postponements of the annual meeting. For your convenience, we are also offering you the option to attend the annual meeting on the Internet through a virtual web conference at www.virtualshareholdermeeting.com/unfi2013.

We are holding the annual meeting for the following purposes:

1. To elect two nominees as Class II directors to serve until the 2016 annual meeting of stockholders or, if Proposals 4 and 5 are approved, the 2014 annual meeting of stockholders.
2. To ratify the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending August 2, 2014.
3. To approve, on an advisory basis, our executive compensation.
4. To approve amendments to our Certificate of Incorporation to declassify the Board of Directors.
5. To approve amendments to our Bylaws to declassify the Board of Directors.
6. To consider a stockholder proposal regarding simple majority voting, if properly presented at the annual meeting.
7. To consider a stockholder proposal regarding limitations on accelerated vesting of equity awards upon a change in control, if properly presented at the annual meeting.
8. To transact such other business as may properly come before the annual meeting or any adjournments or postponements of the annual meeting.

These matters are more fully described in the accompanying proxy statement, which is made a part of this notice. We are not aware of any other business to be transacted at the annual meeting.

Only stockholders of record on our books at the close of business on Monday, October 21, 2013 will be entitled to vote at the annual meeting and any adjournments or postponements of the annual meeting. For 10 days prior to the annual meeting, a list of stockholders entitled to vote will be available for inspection at our principal executive offices located at 313 Iron Horse Way, Providence, RI 02908. If you would like to view the stockholder list, please call our Investor Relations Department at (401) 528-8634 to schedule an appointment. The stockholder list will also be available at the annual meeting or on the Internet through the virtual web conference at the beginning of the annual meeting.

In accordance with rules approved by the Securities and Exchange Commission, this year we are again furnishing proxy materials to our stockholders over the Internet. On or about November 6, 2013 we mailed to all stockholders of record as of the close of business on October 21, 2013 a notice containing instructions on how to access our Annual Report to Stockholders, which contains our audited consolidated financial statements for the fiscal year ended August 3, 2013, our proxy statement, proxy card and other items of interest to stockholders on the Internet website indicated in our notice, as well as instructions on how to vote. That notice also provided instructions on how you can request a paper copy of our proxy materials and Annual Report to Stockholders if you desire.

If you do not attend the annual meeting, you may vote your shares via the Internet, by telephone or by completing, dating, signing and promptly returning your proxy card to us in the envelope provided, if you received a paper copy of the proxy card by mail. The proxy materials provide you with details on how to vote by these three methods. Whether or not you plan to attend the annual meeting, we encourage you to vote in the method that suits you best so that your shares will be voted at the annual meeting. If you decide to attend the annual meeting in person or virtually through the Internet, you may revoke your proxy and cast your vote during the meeting.

By Order of the Board of Directors,
Michael S. Funk,
Chair of the Board

PROXY STATEMENT

For the Annual Meeting of Stockholders
To Be Held On December 18, 2013

This proxy statement is being furnished in connection with the solicitation of proxies by the Board of Directors of United Natural Foods, Inc., for use at the Annual Meeting of Stockholders to be held on Wednesday, December 18, 2013 at 11:00 a.m. eastern standard time at the Providence Marriott Downtown, 1 Orms Street, Providence, RI 02904, and any adjournments or postponements of the annual meeting, and on the Internet through a virtual web conference at www.virtualshareholdermeeting.com/unfi2013. The Board of Directors (which we sometimes refer to as the Board in this proxy statement) is soliciting proxies for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. We will bear the cost of soliciting the proxies.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be Held on December 18, 2013:

As outlined on the notice we mailed to you on November 6, 2013 (the "Notice of Proxy Availability"), the proxy statement, proxy card and Annual Report to Stockholders for the fiscal year ended August 3, 2013 are available on the Internet at <http://www.proxyvote.com>.

INFORMATION ABOUT THE MEETING

Record Date and Share Ownership

Only stockholders of record on our books at the close of business on Monday, October 21, 2013 (the "Record Date") will be entitled to vote at the annual meeting and any adjournments or postponements of the annual meeting. As of the close of business on October 21, 2013, we had 49,471,602 shares of common stock outstanding. Each share of common stock entitles the record holder to one vote on each matter to be voted upon at the annual meeting. Copies of the Notice of Annual Meeting of Stockholders, this proxy statement, the proxy card and our Annual Report to Stockholders for the fiscal year ended August 3, 2013, are being first made available to stockholders of record on or about November 6, 2013. The Board is making these materials available to you on the Internet or, upon your request, is delivering printed versions of these materials to you without charge by mail. On or about November 6, 2013, we mailed to all stockholders of record as of the Record Date the Notice of Proxy Availability, which contains instructions on how to access these materials and vote.

We will, upon written request of any stockholder, furnish without charge a copy of our Annual Report on Form 10-K for the fiscal year ended August 3, 2013, as filed with the Securities and Exchange Commission (the "SEC"), without exhibits. Please address all such requests to the attention of Carrie Walker, Corporate Assistant Secretary, United Natural Foods, Inc., 313 Iron Horse Way, Providence, Rhode Island 02908. Exhibits will be provided upon written request to Ms. Walker and payment of an appropriate processing fee.

Submitting and Revoking Your Proxy

If you complete and submit a proxy, the persons named as proxies will vote the shares represented by your proxy in accordance with your instructions. If you submit a proxy but do not complete the voting instructions, the persons named as proxies will vote the shares represented by your proxy as follows:

FOR the election of Gail A. Graham and Ann Torre Bates as Class II directors to serve until the 2016 annual meeting of stockholders or, if Proposals 4 and 5 are approved, the 2014 annual meeting of stockholders (Proposal 1);

FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending August 2, 2014 (Proposal 2);

FOR the advisory approval of our executive compensation (Proposal 3);
FOR the approval of amendments to our Certificate of Incorporation to declassify the Board (Proposal 4);
FOR the approval of amendments to our Bylaws to declassify the Board (Proposal 5);
AGAINST the stockholder proposal regarding simple majority voting (Proposal 6); and
AGAINST the stockholder proposal regarding limitations on accelerated vesting of equity awards upon a change in control (Proposal 7).

If other matters come before the annual meeting, the persons named as proxies will vote on such matters in accordance with their best judgment. We have not received notice of other matters that may properly be presented at the annual meeting.

You may revoke or revise your proxy at any time before it is exercised by (1) delivering to us a signed proxy card with a date later than your previously delivered proxy, (2) voting via the Internet while attending the virtual annual meeting, (3) granting a subsequent proxy through the Internet or telephone, (4) by voting in person at the annual meeting; or (5) sending a written revocation to our corporate secretary at 313 Iron Horse Way, Providence, Rhode Island 02908. Attendance at the annual meeting in person or virtually through the Internet will not itself be deemed to revoke your proxy unless you vote in person or via the Internet while attending the virtual annual meeting. Your most current proxy card or telephone or Internet proxy is the one that is counted.

If you hold shares of common stock in a stock brokerage account or through a bank or other nominee, you are considered to be the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by your broker, bank or nominee. You may not vote directly any shares held in street name; however, as the beneficial owner of the shares, you have the right to direct your broker, bank or nominee on how to vote your shares. If you do not provide your broker, bank or nominee instructions on how to vote your shares on non-discretionary items, a "broker non-vote" will occur. Proposals 1 and 3 through 7 are non-discretionary items for which your broker, bank or nominee will not be able to vote your shares without your instructions. Proposal 2 (ratification of the selection of KPMG LLP) is a discretionary item, and your broker, bank or nominee may vote your shares in their discretion even without voting instructions from you. Accordingly, it is possible for there to be broker non-votes for Proposals 1 and 3 through 7, but not for Proposal 2. In the case of a broker non-vote, your shares would be included in the number of shares considered present at the meeting for the purpose of determining whether there is a quorum. A broker non-vote, being shares not entitled to vote, would not have any effect on the outcome of the vote on Proposal 3, 6 or 7, and would have the same effect as a vote "AGAINST" Proposals 4 and 5.

If you participate in our Employee Stock Ownership Plan (the "ESOP"), you will receive a separate voting instructions card which will serve as a voting instruction for Mr. Robert Huckins, the trustee of the ESOP. If Mr. Huckins does not receive voting instructions for your ESOP shares, he will vote your ESOP shares in the same proportion as other ESOP participants' shares for which he has received voting instructions. Mr. Huckins will vote unallocated shares of common stock in the ESOP in the same proportion as participants have directed the trustee to vote their allocated shares of common stock.

If you participate in the United Natural Foods, Inc. Stock Fund (the "Stock Fund") through the United Natural Foods, Inc. Retirement Plan (the "401(k) Plan"), you will receive a separate voting instructions card which will serve as a voting instruction for Fidelity Management Trust Company ("Fidelity"), the trustee of the plan. If Fidelity does not receive voting instructions for your shares, it will not vote your shares.

In addition to solicitations by mail and the Internet, our directors, officers and employees may, without additional remuneration, solicit proxies by telephone, facsimile and personal interviews. We will request brokerage houses, banks, and nominees to forward copies of the proxy materials to those persons for whom they hold shares and request instructions for voting the proxies. We will reimburse such brokerage houses, banks and other nominees for their reasonable expenses in connection with this distribution.

How to Vote

For Proposal 1, you may vote "FOR" or "AGAINST" each of the nominees to the Board. You may also abstain from voting "FOR" or "AGAINST" any nominee. For each of Proposals 2 through 7, you may vote "FOR" or "AGAINST" or abstain from voting.

Stockholders of Record: If you are a stockholder of record, there are four ways to vote:

by completing, signing, dating and returning your proxy card by mail, if you request a paper copy of the proxy materials;

2

by written ballot at the annual meeting;

by making a toll-free telephone call within the United States or Canada using a touch-tone telephone to the toll-free number provided on your Notice of Proxy Availability; or

by voting on the Internet. To vote on the Internet, go to the website address indicated on your Notice of Proxy Availability to complete an electronic proxy card. You will be asked to provide the control number from the Notice of Proxy Availability. You may also vote on the Internet while attending the meeting virtually through the Internet.

If you plan to vote by telephone or Internet in advance of the meeting, your vote must be received by 7:00 p.m., eastern standard time, on December 17, 2013 to be counted. Internet voting during the annual meeting is also permissible through the virtual web meeting hosted at www.virtualshareholdermeeting.com/unfi2013.

Street Name Holders: If you hold your shares in street name, the Notice of Proxy Availability was forwarded to you by your brokerage firm, bank or other nominee and you should follow the voting instructions provided by your broker, bank or nominee. You may complete and return a voting instruction card to your broker, bank or nominee. Please check your Notice of Proxy Availability for more information. If you hold your shares in street name and wish to vote at the annual meeting in person, you must obtain a legal proxy from your broker and bring that proxy to the meeting. If you wish to vote at the annual meeting while attending through the virtual annual meeting, you must have your 12 digit control number from your Notice of Proxy Availability.

Holdings Through the ESOP: If you hold your shares through the ESOP, a voting instructions card was forwarded to you, which will serve as a voting instruction for Mr. Robert Huckins, the trustee of the ESOP. You must submit your voting instructions to Mr. Huckins by the close of business on December 16, 2013 to allow him time to receive your voting instructions. If Mr. Huckins does not receive voting instructions for your ESOP shares, he will vote your ESOP shares in the same proportion as other ESOP participants' shares for which he has received voting instructions.

Holdings Through the 401(k) Plan: If you hold your shares through the 401(k) Plan's Stock Fund, you will receive a separate voting instructions card which will serve as a voting instruction for Fidelity, the trustee of the 401(k) Plan. You must submit your voting instructions to Fidelity by 5:00 p.m. eastern standard time on December 16, 2013 to allow it time to receive your voting instructions. If Fidelity does not receive voting instructions for your shares, it will not vote your shares.

We provide Internet proxy voting to allow you to vote your shares online both before and during the meeting, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

Quorum

Presence in person, by attendance through the virtual annual meeting, or by proxy of a majority of the shares of common stock outstanding at the close of business on the Record Date and entitled to vote at the annual meeting will be required for a quorum. Shares of common stock present in person or by attendance through the virtual annual meeting or represented by proxy (including shares that abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum exists at the annual meeting.

Votes Required

Proposal 1 (election of two nominees as directors) is an uncontested director election. In uncontested elections, our Amended and Restated Bylaws, as amended (the "Bylaws") require that each nominee be elected by a majority of votes cast with respect to such nominee. Therefore, a director will be elected if the number of shares voted "FOR" the director exceed the number of shares voted "AGAINST" the director. Since each nominee is already a director, our Bylaws require any nominee who does not receive the affirmative vote of at least a majority of the votes cast to offer to tender his or her resignation to the Board. The Nominating and Governance Committee will make a recommendation to the Board on whether to accept or reject the director's resignation, or whether other action should be taken. The Board will act on such recommendation within 90 days from the date of the certification of the election results. Abstentions and broker non-votes will have no effect on these items because they are not considered votes cast.

For each of Proposal 2 (ratification of the selection of KPMG LLP), Proposal 3 (advisory approval of our executive compensation), Proposal 6 (the stockholder proposal regarding majority voting) and Proposal 7 (the stockholder proposal regarding limitations on accelerated vesting of equity awards upon a change in control), the affirmative vote of a majority of

3

votes cast on the proposal is necessary for approval. Abstentions and broker non-votes will have no effect on the results of Proposal 2, 3, 6, or 7 because they are not considered votes cast.

For Proposal 4 (approval of amendments to our Certificate of Incorporation to declassify the Board), the affirmative vote of the holders of at least two-thirds of the shares of our common stock issued and outstanding and entitled to vote is necessary for approval. Abstentions and broker non-votes will have the same effect as votes "AGAINST" Proposal 4. For Proposal 5 (approval of amendments to our Bylaws to declassify the Board), the affirmative vote of the holders of at least 67% of the shares of our common stock issued and outstanding and entitled to vote is necessary for approval. Abstentions and broker non-votes will have the same effect as votes "AGAINST" Proposal 5.

Householding

We have adopted a procedure for stockholders whose shares are held in street name called "householding," pursuant to which stockholders of record who have the same address and the same last name will receive only one Notice of Proxy Availability each and, as applicable, one set of any additional proxy materials that are delivered, unless one or more of these stockholders notifies us that they wish to continue receiving multiple copies. This procedure provides extra convenience for stockholders and a cost savings for us. Currently, we are not providing householding to stockholders of record.

If at any time you no longer wish to participate in householding and would prefer to receive a separate Notice of Proxy Availability and, as applicable, any additional proxy materials that are delivered, or if your shares are held in street name and you are receiving multiple copies of our Notice of Proxy Availability and, as applicable, any additional proxy materials that are delivered and wish to receive only one, please notify your bank, broker, trust or other holder of record. For more information, please contact our corporate secretary at 313 Iron Horse Way, Providence, Rhode Island 02908.

Stockholders who participate in householding will continue to receive separate control numbers for use in voting their shares, and, if requested, separate proxy cards.

CORPORATE GOVERNANCE

Summary

We are committed to maintaining strong corporate governance practices and principles. The Board actively monitors developments relating to the corporate governance of public corporations, and the Board has consulted with our legal counsel and independent registered public accounting firm to evaluate our current corporate governance and other practices in light of these developments. Our policies and practices reflect corporate governance best practices and are compliant with the requirements of the Sarbanes-Oxley Act of 2002, SEC rules and regulations and the NASDAQ Stock Market ("NASDAQ") listing standards. For example:

The Board has adopted clear corporate governance principles, which were most recently revised in October 2013, that outline the roles and responsibilities of the Board and its committees and establish policies regarding governance matters such as Board meetings and communications, performance evaluations of the Board and our Chief Executive Officer, stock ownership guidelines, and director orientation and continuing education;

A majority of the members of the Board are independent within the NASDAQ listing standards' definition, and the Board makes an affirmative determination regarding the independence of each director annually;

All members of the Board's standing committees—the Audit Committee, the Compensation Committee and the Nominating and Governance Committee—are independent within the NASDAQ listing standards' definition;

The independent members of the Board meet regularly without the presence of management;

We have designated an independent director to serve as our "Lead Independent Director" to coordinate the activities of the other independent members of the Board;

We have a clear code of business conduct and ethics that applies to our principal executive officers and all members of our finance department, including our principal financial officer and principal accounting officer;

The charters of the Board's committees clearly establish their respective roles and responsibilities;

The Compensation Committee has considered whether any of the Compensation Committee's consultants have any relationships with us or our directors or executive officers that would call into question the consultant's independence or constitute a conflict of interest; and

The Audit Committee has procedures in place for the anonymous submission of employee complaints on accounting, internal controls or auditing matters.

In addition, our corporate governance principles limit our independent directors to serving on no more than a total of four public company boards and limit our executive officers to serving on no more than a total of two public company boards, in each case, including our Board. Directors and executive officers must notify the chair of the Nominating and Governance Committee in advance of accepting an invitation to serve on another corporate board. Directors are also required to notify the Nominating and Governance Committee when their principal occupation or business association changes, at which point the committee will evaluate the propriety of continued Board service.

As discussed under PROPOSAL 1—ELECTION OF DIRECTORS—Majority Vote Standard for Election of Directors, our Bylaws provide for a majority voting standard for uncontested elections of directors. The Nominating and Governance Committee's charter sets forth the procedures for the Nominating and Governance Committee's deliberations regarding whether to accept an offer by a nominee for director to resign from the Board if that nominee does not receive more votes cast "FOR" his or her election than votes cast "AGAINST" his or her election.

Currently, the directors are divided into three classes, each serving until the date of the third annual meeting following the annual meeting at which such director was elected. As a result, approximately one third of the Board stands for election each year—an arrangement commonly known as a "classified" or "staggered" board. In response to our stockholders' overwhelming support and approval of a non-binding stockholder proposal for annual director elections at our 2012 annual meeting of stockholders, and based on the Board's evaluation of our corporate governance practices, we are proposing amendments to our Amended and Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation") and our Bylaws to declassify the Board. If the proposals are approved by our stockholders, all directors elected at or after the 2013 annual meeting will be elected for one-year terms. The proposals are further described under PROPOSAL 4—APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS and PROPOSAL 5—APPROVAL OF AMENDMENTS TO OUR BYLAWS TO DECLASSIFY OUR BOARD OF DIRECTORS.

We maintain a corporate governance page on our website that includes key information about our corporate governance initiatives. The corporate governance page can be found at www.unfi.com, by clicking on "Investor Overview" and then on "Corporate Governance" or "Code of Conduct" as applicable. Copies of our corporate governance principles, our code of business conduct and ethics, the charters for each of the Board's committees and the charter of the Lead Independent Director can be found on the investor overview pages of our website. Information contained on our website is not incorporated by reference in this proxy statement or considered to be part of this document.

Director Independence

Our corporate governance principles require a majority of the members of the Board to be independent directors as such term is defined in the NASDAQ listing standards. The Board, upon the recommendation of the Nominating and Governance Committee, has determined that eight of its ten members are independent. Our eight independent directors are Gordon D. Barker, Ann Torre Bates, Mary E. Burton, Denise M. Clark, Gail A. Graham, James P. Heffernan, Peter A. Roy and Richard J. Schnieders. Michael S. Funk and Steven L. Spinner are our employees and therefore are not independent directors.

Our corporate governance principles and the charter for each of the Boards' standing committees—the Audit Committee, the Compensation Committee, and the Nominating and Governance Committee—require all members of such committees to be independent within the meaning of NASDAQ listing standards and the SEC's rules. The charter of the Audit Committee also requires each of its members to meet the definition of independence under Section 10A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the SEC's rules thereunder. The charter of the Compensation Committee requires each of its members to be a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and an outside director within the meaning of Section 162(m) of the Internal Revenue Code, as amended (the "Code"). In February 2013, the Board adopted amendments to the charter of the Compensation Committee in response to the impact of recently adopted changes to the NASDAQ listing standards, including the changes regarding committee member independence.

Lead Independent Director

The Lead Independent Director is elected annually by the independent directors of the Board. Mr. Barker currently serves as the Lead Independent Director. In accordance with our corporate governance principles and the charter of the Lead Independent Director, the Lead Independent Director must be independent. The Lead Independent Director is responsible for coordinating the activities of the other independent directors and for performing such other duties and responsibilities as the Board may determine from time to time, including:

- Serving as a liaison between the Chair of the Board, independent directors, and the President and Chief Executive Officer;

- Recommending to the Board the membership of the Board's committees, and recommending to the Chair of the Board the retention of advisers and consultants who report directly to the Board;

- Advising the Chair of the Board as to an appropriate schedule of and agenda for the Board's meetings and ensuring the Board's input into the agenda for the Board's meetings; and

- Serving as the Chair for executive sessions of the Board's independent directors and acting as Chair of the Board's regular and special meetings when the Chair is unable to preside.

Prior to September 2013, the chair of the Nominating and Governance Committee served as the Lead Independent Director unless the Board determined otherwise. The Board recently amended the charter of the Lead Independent Director and the corporate governance principles to open the position of Lead Independent Director to any independent director elected by the independent directors. As a result, certain of the duties and responsibilities that had previously been assigned to the Lead Independent Director have been assigned to the Nominating and Governance Committee. A complete description of the duties of the Lead Independent Director is included in the charter of the Lead Independent Director, a copy of which can be found in the corporate governance section of our website at www.unfi.com.

Board Leadership Structure

The Board is currently led by the Chair of the Board, Mr. Funk, and by the Lead Independent Director, Mr. Barker. The Board believes that it is in our best interests for two separate members of the Board to lead the Board. This dual

leadership role combines the benefits of Mr. Barker's guidance as an independent director and Mr. Funk's prior executive management experience with the Company, and its predecessor company, from 1976 to 2008. Our corporate governance principles do not require the Chair of the Board to be independent and do not specify whether the positions of Chair of the Board and Chief Executive Officer must be separated.

8

The Chair and the Lead Independent Director provide overall leadership to the Board in its oversight function, whereas the Board believes that the Chief Executive Officer, Mr. Spinner, provides leadership with respect to the day-to-day management and operation of our business. We believe the separation of the offices of the Board's leadership from our day-to-day management and operations allows Mr. Funk and Mr. Barker to focus on managing the Board's matters and allows Mr. Spinner to focus on managing our business. The Board believes this leadership structure has enhanced the Board's oversight of, and independence from, management, the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders, and our overall corporate governance. Furthermore, the Board believes that having a Lead Independent Director vested with key duties and responsibilities (as discussed above) and the Board's standing committees comprised of and chaired by independent directors (as discussed below) provides a formal structure for strong independent oversight of our management team.

Risk Oversight

The Board has overall responsibility for risk oversight. The Board exercises its oversight responsibilities with respect to strategic, operational and competitive risks, as well as risks related to the planning for succession of our Chief Executive Officer and other members of senior management. The Board has delegated responsibility for the oversight of specific risks to the Board's committees as follows: the Audit Committee discusses with management and the independent auditor significant financial risk exposures and the steps management has taken to monitor, control, and report such exposures; and the Compensation Committee is responsible for ensuring that compensation policies and programs do not encourage our executives to take unnecessary and excessive risks that could threaten our long-term value. All committees report to the full Board as appropriate, including when a matter rises to the level of a material or enterprise level risk. We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing our company.

Compensation Risk

We performed a comprehensive assessment for the Compensation and Audit Committees to determine whether the risks arising from any of our compensation policies or practices are reasonably likely to have a material adverse effect on us. Our assessment covered each material element of executive and non-executive employee compensation and any risk mitigating factors as discussed below. We believe that our policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. In addition, the structure of our compensation program for executive officers does not incentivize unnecessary or excessive risk taking. The base salary component of compensation does not encourage risk-taking because it is a fixed amount. In addition, performance-based cash incentive awards and long-term equity-based incentive awards made in fiscal 2013 have the following risk-limiting characteristics:

Time-based vesting equity awards for the Named Executive Officers were granted with a grant date fair value equal to the sum of approximately two-thirds of the total grant date fair value of the core long-term equity based compensation awarded in fiscal 2013.

Equity awards in the form of stock options were limited to approximately 45% of the time-based vesting award value, which reduces the incentive to take unnecessary or excessive risks to increase our stock price. The remaining approximately 55% of the time-based vesting award value was delivered in the form of time-based vesting restricted stock units, which aligns the interests of our executive officers to long-term stockholder interests.

Time-based vesting equity awards to employees generally have graded vesting with 25% of the grant vesting on each anniversary of the grant date.

Performance-based vesting restricted stock units with performance criteria tied to our performance in the two years following grant with a grant date fair value equal to 33.34% of the sum of 125% of fiscal 2012 base salary and 50% of the performance-based annual cash incentive award earned based on fiscal 2012 performance. These awards can vest at a value of up to 200% of the grant date value if the maximum performance targets are achieved.

Executive officers are subject to our executive stock ownership guidelines as described in EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Other Programs, Policies and Considerations and all non-employee directors are subject to stock ownership requirements as described in DIRECTOR COMPENSATION—Stock Ownership Requirement.

Members of the Compensation Committee approve the final incentive compensation pool based on the minimum performance hurdle and the performance multiplier as described in EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Components of our Executive Compensation Program—Minimum Performance Hurdle and EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Components of our Executive Compensation Program—Performance Multiplier after reviewing corporate performance.

Equity awards and cash-based incentive plan awards are subject to our Recoupment Policy as described in EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Other Programs, Policies and Considerations.

Committees of the Board of Directors

The Board currently has three standing committees: the Compensation Committee, the Audit Committee and the Nominating and Governance Committee. Upon recommendation of the Nominating and Governance Committee, the full Board appoints members of each committee. Each committee is responsible for appointing its chair.

Compensation Committee. The Compensation Committee establishes or approves all policies and procedures related to our human resources function, including employee compensation, incentive programs, and our 401(k) plan, and administers our stock incentive plans, including the United Natural Foods, Inc. Amended and Restated 1996 Stock Option Plan (the "1996 Equity Plan"), the United Natural Foods, Inc. 2002 Stock Incentive Plan (the "2002 Equity Plan"), the United Natural Foods, Inc. Amended and Restated 2004 Equity Incentive Plan (the "2004 Equity Plan") and the United Natural Foods, Inc. 2012 Equity Incentive Plan (the "2012 Equity Plan"). Additionally, this committee evaluates and establishes the compensation of our executive officers whose compensation is described below in EXECUTIVE COMPENSATION TABLES—Summary Compensation Table—Fiscal Years 2011-2013, including our Chief Executive Officer and Chief Financial Officer. The Compensation Committee also reviews the compensation of the other members of our senior management team and recommends to the Board the compensation for our non-employee directors. For a description of the role of the Compensation Committee, its consultants and management in setting executive compensation, please see EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—How We Make Decisions Regarding Executive Pay. The Compensation Committee also approves our annual compensation discussion and analysis included in our annual proxy statements.

The agenda for meetings of the Compensation Committee is determined by its Chair with the assistance of our Chief Executive Officer, Chief Financial Officer, Chief Human Resources and Sustainability Officer and Secretary and General Counsel. Compensation Committee meetings are regularly attended by the Chair of the Board, the Chief Executive Officer, the Chief Financial Officer, the General Counsel and the Chief Human Resources and Sustainability Officer. At certain meetings during fiscal 2013, the Compensation Committee met in executive session. The Compensation Committee's Chair reports the committee's recommendations on executive compensation to the Board. Independent advisors and the Company's finance, human resources, benefits and legal departments support the Compensation Committee in its duties and may be delegated authority to fulfill certain administrative duties regarding the compensation programs. The Compensation Committee has authority under its charter to retain, approve fees for and terminate a compensation consultant, legal counsel or other advisor as it deems necessary to assist in the fulfillment of its responsibilities. Moreover, the Compensation Committee annually evaluates the independence of its consultants.

The Compensation Committee's charter is available on our website, www.unfi.com. The Compensation Committee held five meetings during fiscal 2013. The current members of the Compensation Committee are Mr. Heffernan (chair), Ms. Graham and Messrs. Roy and Schnieders, each of whom is an independent director.

Audit Committee. The Board has an Audit Committee that is a separately designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee is responsible for monitoring the integrity of our financial reporting process and systems of internal controls regarding finance, accounting, and legal compliance; monitoring the independence of our independent registered public accounting firm; and monitoring the performance of our independent registered public accounting firm, management and our internal audit department. Among the Audit Committee's duties are to review the results and scope of the audit and other services provided by our independent registered public accounting firm.

The Audit Committee's charter is available on our website, www.unfi.com. The Audit Committee held seven meetings during fiscal 2013. The current members of the Audit Committee are Ms. Burton (chair) and Messrs. Heffernan, Roy and Schnieders, each of whom is an independent director. The Board has determined that Ms. Burton is an audit committee financial expert, as defined by the rules and regulations of the SEC.

Nominating and Governance Committee. The Nominating and Governance Committee is responsible for developing, reviewing and recommending to the Board for adoption our corporate governance principles; identifying and

nominating candidates for election to the Board; assessing and making recommendations to the Board regarding the size and composition of the Board and the size, composition, scope of authority, responsibilities and reporting obligations of each of the Board's committees; and assisting the Board in conducting performance reviews of the Board and its committees and members. For additional information regarding the director nomination process undertaken by the Nominating and Governance Committee, please refer to PROPOSAL 1—ELECTION OF DIRECTORS—Nomination of Directors.

The Nominating and Governance Committee's charter is available on our website, www.unfi.com. The Nominating and Governance Committee held seven meetings during fiscal 2013. The current members of the Nominating and Governance Committee are Messrs. Roy (chair) and Schnieders, and Mmes. Burton and Graham, each of whom is an independent director.

Board Meetings

During fiscal 2013, the Board met six times and following each of the Board's meetings, the independent directors met in executive session without the presence of management (in each case, including by telephone conference). All directors attended at least 75% of the meetings of the Board and of the committees on which they served. We encourage each member of the Board to attend our annual meetings of stockholders. All of our directors attended last year's virtual annual meeting, with the exception of Mmes. Clark and Bates, who were not members of the Board at the time).

PROPOSAL 1—ELECTION OF DIRECTORS

Directors and Nominees for Director

Currently, the Board is comprised of ten directors. The directors are currently divided into three classes, each serving until the date of the third annual meeting following the annual meeting at which such director was elected. The Board consists of three Class I directors (Ms. Clark and Messrs. Roy and Schnieders), four Class II directors (Mmes. Bates, Burton and Graham and Mr. Barker) and three Class III directors (Messrs. Funk, Heffernan and Spinner).

The term of each Class II director will expire at the 2013 annual meeting, unless elected to a new term by our stockholders. Mmes. Bates and Graham have been nominated to stand for election as a director at the 2013 annual meeting to hold office until the annual meeting of stockholders to be held in 2016 and until their successors are elected and qualified. However, if the proposed amendments to our Certificate of Incorporation and Bylaws to declassify the Board are approved by our stockholders, Mmes. Bates and Graham will serve until the annual meeting of stockholders to be held in 2014 and until their successors are elected and qualified. Each nominee has indicated her willingness to continue to serve if elected by our stockholders. If any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee. We have no reason to believe any of the nominees will be unable to serve if elected. The proposals to amend our Certificate of Incorporation and Bylaws to declassify the Board are described in detail under PROPOSAL 4—APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS and PROPOSAL 5—APPROVAL OF AMENDMENTS TO OUR BYLAWS TO DECLASSIFY OUR BOARD OF DIRECTORS. Mr. Barker has elected not to stand for re-election at the annual meeting, and Ms. Burton has not been nominated for re-election at the annual meeting. In connection with Mr. Barker's and Ms. Burton's terms expiring at the annual meeting, we will be reducing the size of the Board to eight members.

We have described below information concerning the business experience and qualification of each of our Class II directors and incumbent directors.

The Board unanimously recommends that stockholders vote "FOR" each of the director nominees. Proxies received by the Board will be voted "FOR" each of the nominees unless a contrary choice is specified in the proxy.

In addition, his recent work on sustainability and food quality help the Board maintain its focus on our core values, including our sustainability goals.

Majority Vote Standard for Election of Directors

We adopted a majority voting standard for the election of directors as an amendment to our bylaws in 2007. If the number of nominees exceeds the number of directors to be elected in an election (a contested election), directors will be elected by a plurality standard. However, when the number of nominees does not exceed the number of directors to be elected (an uncontested election) as is the case at this year's annual meeting, our bylaws require each of the directors to be elected by a majority of the votes cast (that is, the number of shares voted "for" a director must exceed the number of shares voted "against" that director). If a nominee who is serving as a director is not elected at the annual meeting, under Delaware law the director would continue to serve on the Board as a "holdover director." However, under our bylaws, any director who fails to be elected must offer to tender his or her resignation to the Board. The Nominating and Governance Committee would then make a recommendation to the Board whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Nominating and Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date the election results are certified. The director who offers to tender his or her resignation will not participate in the Board's decision or the Nominating and Governance Committee's deliberations (if the director is a member of that committee). If a nominee who was not already serving as a director is not elected at the annual meeting, under Delaware law that nominee would not become a director and would not serve on the Board as a "holdover director." All nominees for election as directors at the 2013 Annual Meeting are currently serving on the Board.

Nomination of Directors

The Nominating and Governance Committee reviews the qualifications of every person recommended as a nominee to the Board to determine whether the recommended nominees are qualified to serve on the Board. The Nominating and Governance Committee has adopted qualitative standards by which it determines if nominees are qualified to serve on the Board. The Nominating and Governance Committee evaluates recommended nominees in accordance with the following criteria:

Personal characteristics. The Nominating and Governance Committee considers the personal characteristics of each nominee, including the nominee's integrity, accountability, ability to make informed judgments, financial literacy, professionalism and willingness to meaningfully contribute to the Board (including by possessing the ability to communicate persuasively and address difficult issues). In addition, the Committee evaluates whether the nominee's previous experience reflects a willingness to establish and meet high standards of performance, both for him or herself and for others.

Core Competencies. The Nominating and Governance Committee considers whether the nominee's knowledge and experience would contribute to the Board's achievement of certain core competencies. The Committee believes that the Board, as a whole, should possess competencies in accounting and finance, business judgment, management best practices, crisis response, industry knowledge, leadership, strategy and vision.

Board Independence. The Nominating and Governance Committee considers whether the nominee would qualify as "independent" under SEC rules and NASDAQ listing standards.

Director Commitment. The Nominating and Governance Committee expects that each of our directors will prepare for and actively participate in meetings of the Board and its committees, provide advice and counsel to our management, develop a broad knowledge of our business and industry and, with respect to an incumbent director, maintain the expertise that led the Nominating and Governance Committee to initially select the director as a nominee. The Nominating and Governance Committee evaluates each nominee on his or her ability to provide this level of commitment if elected to the Board.

Additional Considerations. Each nominee also is evaluated based on the overall needs of the Board and the diversity of experience he or she can bring to the Board, whether in terms of specialized knowledge, skills or expertise.

Although we do not have a formal policy with regard to the consideration of diversity in identifying director nominees, the Nominating and Governance Committee strives to nominate directors with a variety of complementary skills so that, as a group, the Board will possess the appropriate talent, skills and expertise to oversee our businesses. Following this evaluation, the Nominating and Governance Committee will make recommendations for membership on the Board and review such recommendations with the Board, which will decide whether to invite the candidate to be a nominee for election to the Board.

Director Nominees Recommended by Stockholders

The Nominating and Governance Committee evaluates nominees recommended by stockholders on the same basis as nominees recommended by any other sources, including making a determination whether the candidate is qualified to serve on the Board based on the qualitative standards described above. To be considered by the Nominating and Governance Committee, a stockholder who wishes to recommend a director nominee must deliver or send by first class U.S. mail a written notice addressed to Joseph J. Traficanti, Corporate Secretary, United Natural Foods, Inc., 313 Iron Horse Way, Providence, RI 02908. The written notice must be received by our Corporate Secretary not less than 60 days nor more than 90 days prior to the date of the annual meeting; provided that in the event that less than 70 days' notice or prior public disclosure of the date of the annual meeting is given or made, notice by the stockholder must be received not later than the close of business on the 10th day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever occurs first. The notice to our Corporate Secretary must include the information specified in our bylaws, including the following: (a) as to each proposed nominee (i) the name, age, business address and, if known, residence address of each such nominee, (ii) the principal occupation or employment of each such nominee, (iii) the number of our shares which are beneficially owned by each such nominee, and (iv) any other information concerning the nominee that must be disclosed as to nominees in proxy solicitations pursuant to Regulation 14A under the Exchange Act (including such person's written consent to be named as a nominee and to serve as a director if elected); and (b) as to the stockholder giving the notice (i) the name and address, as they appear on our books, of such stockholder and (ii) the class and number of our shares which are beneficially owned by such stockholder. We may require any proposed nominee to furnish such other information as may be reasonably required by the Nominating and Governance Committee to determine the eligibility of such proposed nominee to serve as a member of the Board.

Communication with the Board of Directors

Our stockholders may communicate directly with the Board. All communications should be in written form and directed to Joseph J. Traficanti, Corporate Secretary, United Natural Foods, Inc., 313 Iron Horse Way, Providence, RI 02908. Communications should be enclosed in a sealed envelope that prominently indicates that it is intended for the Board. Each communication intended for the Board and received by the corporate secretary that is related to our operation and is relevant to a specific director's service on the Board will be forwarded to the specified party following its clearance through normal review and appropriate security procedures.

DIRECTOR COMPENSATION

The Board and the Compensation Committee review and determine compensation for our non-employee directors, in part, based on a review of the annual Director Compensation Survey prepared by the National Association of Corporate Directors. The Compensation Committee and the Board believe that we should fairly compensate non-employee directors for work required in a company of our size and scope and that compensation should align the non-employee directors' interests with the long-term interest of our stockholders. Our non-employee director stock ownership guidelines, which are discussed in greater detail below, are also designed to align the interests of our non-employee directors with those of our stockholders. Mr. Spinner, our President and Chief Executive Officer, does not receive compensation for his service on the Board. Mr. Funk does not receive cash compensation for his service as a director and our Chair of the Board. He receives equity-based compensation for his service as Chair of the Board and cash compensation for his service as an executive advisor.

Non-Employee Director Compensation

The components of our non-employee director compensation are cash fees and awards of restricted stock units. Each non-employee director is also reimbursed for direct expenses incurred in connection with his or her attendance at meetings of the Board and its committees.

Each non-employee director who served during fiscal 2013 received the following compensation (as applicable):

Annual cash retainer of:

- \$60,000 for serving as the Lead Independent Director;
- \$30,000 for serving as a director;
- \$15,000 for serving as the chair of the Audit Committee; and
- \$8,000 for serving as chair of the Compensation Committee.

Meeting attendance fees of:

- \$2,200 for each in-person meeting of the Board;
- \$1,100 for each telephonic meeting of the Board;
- \$1,700 for each meeting of the Audit Committee; and
- \$1,100 for each meeting of the Compensation Committee and the Nominating and Governance Committee.

Annual equity grants consisting of (without duplication):

- 3,192 restricted stock units for serving as a director;
- 3,592 restricted stock units for serving as chair of the Audit Committee; and
- 5,000 restricted stock units for serving as the Lead Independent Director.

With respect to all equity awards to non-employee directors in fiscal 2013, one-third of the annual grants vested immediately, and the remaining two-thirds vest in equal annual installments beginning on the first anniversary of the date of grant.

Fiscal 2014 Changes to Non-Employee Director Compensation

In September 2013, the Board modified the compensation to be received by non-employee directors effective for fiscal 2014. The number of restricted stock units granted to non-employee directors, other than the chair of the Audit Committee and the Lead Independent Director, was reduced from 3,192 to 2,400. The number of restricted stock units granted to the chair of the Audit Committee was reduced from 3,592 to 2,800, and the number of restricted stock units granted to the Lead Independent Director was reduced from 5,000 to 3,500. Moreover, in connection with the proposed de-classification of the Board beginning with the directors to be elected at the 2013 annual meeting, the vesting of the awards granted to those directors whose terms are to expire at the 2013 annual meeting was modified such that one-half of the awards vested on the grant date and one-half of the award vests on the six month anniversary of the grant date.

Compensation of Mr. Funk

Mr. Funk, our current Chair of the Board and our former President and Chief Executive Officer, serves as an executive advisor to us and makes himself generally available to our executive officers. We pay him a base salary and provide him with the health and welfare benefits and other employee benefits generally available to our executives. Mr. Funk's base salary during fiscal 2013 was \$125,000. Mr. Funk does not receive fees for attending meetings of the Board or its committees. During fiscal 2013, Mr. Funk received an award of 6,000 restricted stock units, of which one-third vested immediately and the remainder of which will vest in two equal annual installments beginning on the first anniversary of the date of grant.

We are currently a party to a severance agreement with Mr. Funk. The severance agreement includes confidentiality, non-competition and intellectual property assignment provisions. For a period of one year following either his termination for a reason other than Cause, death or disability, or his resignation for Good Reason, the agreement requires us to pay to Mr. Funk his base salary in effect as of the termination date of his employment and provide certain medical benefits. In the event of either Mr. Funk's termination for a reason other than Cause, death or disability or his resignation for Good Reason within one year of a Change in Control, he will be entitled to the severance payments and medical benefits provided in the previous sentence, acceleration and full vesting of all unvested stock options, restricted stock units, and the full vesting of his account under the ESOP. When used in regard to Mr. Funk's severance arrangement, the terms "Cause", "Good Reason" and "Change in Control" have the meanings described below in EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Other Programs, Policies and Considerations—Severance Agreements and Change in Control Agreements.

Deferred Compensation

Our non-employee directors are eligible to participate in the United Natural Foods, Inc. Deferred Compensation Plan (the "Deferred Compensation Plan") and the United Natural Foods, Inc. Deferred Stock Plan (the "Deferred Stock Plan", collectively, the "Deferral Plans"). For a description of the Deferral Plans, please see EXECUTIVE COMPENSATION TABLES—Nonqualified Deferred Compensation—Fiscal 2013.

Director Compensation Table—Fiscal 2013

The following table summarizes compensation provided to our Chair of the Board and each individual who served as a non-employee director during fiscal 2013. Ann Torre Bates did not join our Board until October 2013 and, therefore, did not receive any compensation during fiscal 2013.

(1) This column shows the amount of cash compensation earned in fiscal 2013 for service on the Board and its committees.

(2) The amounts contained in this column represent the grant date fair value for the restricted stock units (including those which are not yet vested) granted in fiscal 2013 calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification 718, Stock Compensation ("ASC 718"). The grant date fair value for restricted stock units is calculated using the intrinsic value method based on the closing price of our common stock on the NASDAQ Global Select Market on the date of grant. At August 3, 2013, the directors had restricted stock units representing the right to acquire the following number of shares of common stock: Mr. Barker—5,334 shares; Ms. Bates—none; Ms. Burton—3,592 shares; Ms. Clark—2,128; Mr. Funk—6,000 shares; Ms. Graham—3,192 shares; Mr. Heffernan—3,325 shares; Mr. Roy—3,192 shares; and Mr. Schnieders—3,192 shares.

(3) At August 3, 2013, the directors had options (including those which are not yet vested) to purchase the following number of shares of common stock: Mr. Barker—1,167 shares; Ms. Bates—none; Ms. Burton—5,320 shares; Ms. Clark—none; Mr. Funk—27,625 shares; Ms. Graham—887 shares; Mr. Heffernan—33,250 shares; Mr. Roy—18,630 shares; and Mr. Schnieders—2,660 shares.

(4) As of August 3, 2013, four of our non-employee directors have elected to defer restricted stock units under the Deferred Compensation Plan. Deferred shares are valued at the current market price of our common stock, and therefore have no above market or preferential earnings. As of August 3, 2013, there are no directors who defer a portion of their director fees paid in cash under the Deferred Compensation Plan.

(5) The amount in this column represents the amount of cash compensation that Mr. Funk earned in fiscal 2013 in his capacity as our executive advisor. Mr. Funk does not receive fees for attending meetings of the Board or its committees.

Stock Ownership Requirement

All non-employee directors are required to hold shares of our stock in an amount that is determined in accordance with a formula based upon the compensation expense recorded by us in connection with annual equity grants to our non-employee directors. The minimum share ownership level for each non-employee director is equal to 50% of the number of shares that would have been covered by a stock option grant having an equal compensation expense to that of the director's combined equity grants for the prior fiscal year. Our corporate governance principles recommend that non-employee directors who are elected or appointed to the Board are required to attain this level of stock ownership within four years following their election or appointment to the Board. Once attained, each non-employee director is required to maintain this level of stock ownership for as long as the director serves on the Board. All our directors with more than one full year of service own our stock.

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Ms. Graham and Messrs. Heffernan, Roy and Schnieders. All members of the Compensation Committee are independent within the meaning of the NASDAQ listing standards and no member is an employee or former employee of the Company. During fiscal 2013, no member of the Compensation Committee had any relationship requiring disclosure under Certain Relationships and Related Transactions. During fiscal 2013, none of our executive officers served as a director or a member of the compensation committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served as a director on the Board or as a member of the Compensation Committee.

Certain Relationships and Related Transactions

Review and Approval of Related Person Transactions

We review all relationships and transactions in which the Company and our directors, nominees for director, executive officers, greater than 5% beneficial owners or any of their immediate family members are participants (or any entity in which they have an interest is a participant), to determine whether such persons have a direct or indirect material interest in the relationships or transactions. Our legal department, in conjunction with the corporate finance department and outside legal counsel, is primarily responsible for the development and implementation of processes and controls to obtain information from these "related persons" regarding such transactions and relationships and for determining, based on the facts and circumstances and SEC regulations, whether we or a related person has a direct or indirect material interest in the transaction. The Nominating and Governance Committee also reviews this information. Our policies and procedures for the review, approval or ratification of transactions that are required by SEC rules to be reported under Transactions with Related Persons are not in writing, rather, they fall under the general

responsibilities of our corporate finance department and Nominating and Governance Committee. We require any related party transactions to be on terms no less favorable to the Company than could be obtained from unaffiliated third parties. As required under SEC regulations, transactions between us and any related person in which the

amount involved exceeds \$120,000 and a related person has a direct or indirect material interest are disclosed in this proxy statement.

Each of our executive officers, directors and nominees for director is required to complete and deliver to us an annual questionnaire that includes, among other things, a request for information relating to any transactions in which both the executive officer, director, nominee, beneficial owner or any of their respective immediate family members, on the one hand, and the Company, on the other hand, participates, and in which the executive officer, director, nominee, beneficial owner or immediate family member, has a material interest. We review the responses to these questionnaires as part of our process for determining whether disclosure is required to be made under the SEC's related person disclosure rules.

Transactions with Related Persons

One of our non-employee directors, Ms. Graham, has been the General Manager of one of our customers, Mississippi Market Natural Foods Cooperative, a consumer owned and controlled cooperative in St. Paul, Minnesota since October 1999. Mississippi Market Natural Foods Cooperative purchased approximately \$7.1 million of products from us during fiscal 2013. Ms. Graham had no financial interest in those transactions. Terms provided to this customer are the same as other customers with similar volumes and purchasing patterns.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is comprised solely of independent directors, as defined by NASDAQ listing standards and Section 10A of the Exchange Act and SEC rules thereunder, and it operates under a written charter adopted by the Board. The composition of the Audit Committee, the attributes of its members and its responsibilities, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis. A copy of the Audit Committee's current charter can be found in the Investor Overview section of our website, www.unfi.com. The Board has made a determination that the Audit Committee has at least one member, Ms. Burton, the Chair of the Audit Committee, who qualifies as an "audit committee financial expert" within the meaning of SEC regulations, and that she has accounting and related financial management expertise in accordance with NASDAQ listing standards. All members of the Audit Committee are financially literate.

The Audit Committee has prepared the following report on its activities with respect to our audited consolidated financial statements for the fiscal year ended August 3, 2013 (for purposes of this report, the "audited financial statements").

As part of its specific duties, the Audit Committee reviews our financial reporting process on behalf of the Board; reviews the financial information issued to stockholders and others, including a discussion of the quality, and not only the acceptability, of our accounting principles, the reasonableness of significant judgments, and the clarity of discussions in the financial statements; and monitors our systems of internal control over financial reporting and the audit process. Management is responsible for the preparation, presentation and integrity of our financial statements, accounting and financial reporting principles, and disclosure controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. Management also is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of our own systems of internal control over financial reporting. Our independent registered public accounting firm, KPMG LLP, is responsible for performing an independent integrated audit of the consolidated financial statements and the effectiveness of internal control over financial reporting and expressing an opinion as to whether the consolidated financial statements conform with accounting principles generally accepted in the United States of America and as to whether we maintained effective internal control over financial reporting.

The Audit Committee has met and held discussions with management and our independent registered public accounting firm. In our discussions, management has represented to the Audit Committee that the audited financial statements were prepared in conformity with accounting principles generally accepted in the United States. The Audit Committee has reviewed and discussed the consolidated financial statements with management and KPMG LLP, our independent registered public accounting firm. The Audit Committee meets with our internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of our internal controls and the overall quality of our financial reporting.

The Audit Committee held seven formal meetings in fiscal 2013. These meetings included quarterly pre-earnings release telephone conference calls. The Audit Committee discussed with the independent registered public accounting firm all matters required to be discussed in accordance with auditing standards, including the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

Our independent registered public accounting firm has also provided to the Audit Committee the written disclosures and the letter required by the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee has considered and discussed with KPMG LLP the firm's independence and the compatibility of any non-audit services provided by the firm with its independence.

Based on the Audit Committee's review of the audited financial statements and the review and discussions noted above, the Audit Committee recommended that the Board include the audited financial statements in our Annual Report on Form 10-K for the fiscal year ended August 3, 2013, for filing with the SEC. The Board has approved this recommendation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

In this section, we describe the principles, policies and practices that formed the basis for our executive compensation program in fiscal 2013 and explain how they were applied to the Named Executive Officers. This Compensation Discussion and Analysis presents historical and current information and analysis related to the compensation programs for the Named Executive Officers and is not necessarily indicative of the compensation that the Named Executive Officers will receive from us in the future. For purposes of this Compensation Discussion and Analysis, the following individuals were our Named Executive Officers for fiscal 2013:

- President and Chief Executive Officer (Steven L. Spinner);
- Senior Vice President, Chief Financial Officer and Treasurer (Mark E. Shamber);
- Senior Vice President, General Counsel and Chief Compliance Officer (Joseph J. Traficanti);
- Senior Vice President, Group President (Sean F. Griffin); and
- Senior Vice President, National Sales and Service (Craig H. Smith).

Executive Compensation Program Highlights

Our executive compensation program incorporates the following best practices:

For fiscal 2013, approximately 60% of total target compensation for our President and Chief Executive Officer and approximately 30-40% of total target compensation for the other Named Executive Officers was performance-based and could be earned only upon the achievement of challenging corporate and divisional or individual goals selected to motivate executives to achieve our corporate objectives and enhance stockholder value.

The compensation of our executives differs based on individual experience, role and responsibility and performance.

Portions of Named Executive Officers' incentive compensation are earned over different and overlapping time periods, ensuring that performance is not maximized during one period at the expense of other periods.

A significant portion of each Named Executive Officer's compensation is at risk of forfeiture in the event of conduct detrimental to us, termination of employment prior to vesting or a material negative restatement of our financial condition or operating results.

We have a recoupment (clawback) policy applicable to our executive officers, including the Named Executive Officers, which provides that if we restate all or a portion of our financial statements within two years of filing the financial statements all or a portion of any bonus or incentive compensation paid or granted after May 28, 2009 may be recouped by us in the sole discretion of the Board.

We have stock ownership guidelines for Named Executive Officers and our other executive officers.

Our Named Executive Officers participate in the same retirement, health, welfare and other benefits programs as all of our other executive officers. There are no supplemental executive retirement plans established exclusively for the benefit of the Named Executive Officers.

We conduct periodic reviews and assessments of potential compensation-related risks in our programs. Based on these assessments, we have concluded that our executive compensation program as it is currently designed does not encourage behaviors that would create risks reasonably likely to have a material adverse effect on us.

We have not repriced equity awards.

The Compensation Committee is comprised solely of independent directors.

The Compensation Committee was advised by Semler Brossy Consulting Group ("Semler Brossy"), an independent compensation consultant in fiscal 2013. The consultant was retained directly by the Compensation Committee and performed no other consulting or other services for us.

Fiscal 2012 Stockholder Advisory Vote on Executive Compensation

At our annual meeting of stockholders in December 2012, we submitted a proposal to our stockholders to approve on an advisory basis our executive compensation for fiscal 2012 named executive officers. Our stockholders approved our fiscal 2012 compensation to our named executive officers with more than 93% of votes being cast in favor of the proposal.

When discussing our executive compensation program, the Compensation Committee considered the positive outcomes of earlier advisory votes on executive compensation at our fiscal 2012 annual meeting and viewed the stockholders' prior votes in favor of our executive compensation as a signal that our stockholders are generally supportive of our compensation approach. As a result of these discussions, the Compensation Committee reaffirmed for the most part our existing executive compensation program philosophy described below. We value the opinions of our stockholders and will continue to consider the outcome of future advisory votes on the compensation of our named executive officers when making compensation decisions for our named executive officers.

Executive Compensation Program Philosophy

Our executive compensation program is designed to:

- Attract individuals with the skills and culture necessary for us to achieve our business plan;
- Motivate our executive talent;
- Reward our executives fairly over time for performance that enhances stockholder value;
- Retain those individuals who continue to perform at or above the levels that are deemed necessary to ensure our success and culture; and
- Instill a pay for performance work environment.

Our executive compensation program is also designed to reinforce a sense of ownership in the Company, urgency with respect to meeting deadlines and overall entrepreneurial spirit. The program links rewards, including both short- and long-term awards, as well as cash and non-cash awards, to measurable corporate and individual performance metrics established by the Compensation Committee.

The program measures achievement of corporate and business unit financial goals and individual goals tied to the executive's specific areas of concentration. These goals support our short and long-term business strategies and are aligned with the interests of our stockholders. In addition, our executive compensation program is designed to balance our growth strategies with a managed approach to risk tolerance.

In applying these principles, we seek to integrate compensation with our short- and long-term strategic plans and to align the interests of our executives with the long-term interests of our stockholders through equity-based opportunities.

How We Make Decisions Regarding Executive Pay

The Compensation Committee, management and the Compensation Committee's independent compensation consultant each play a role in designing our executive compensation program and determining performance levels and associated payouts. The roles of the Compensation Committee, management and the independent compensation consultant are carefully determined to reflect best corporate governance practices.

Role of the Compensation Committee

The Compensation Committee is responsible for establishing, implementing and monitoring our executive compensation program and its adherence to the compensation philosophy. The Compensation Committee approves the minimum performance thresholds as well as the targets included within the performance multiplier as described in Components of our Executive Compensation Program—Minimum Performance Hurdle and Components of our Executive Compensation Program—Performance Multiplier. The Compensation Committee also evaluates actual corporate and individual performance against the established goals and determines appropriate levels of compensation for our executives. The Compensation Committee makes all decisions with respect to the compensation of our Chief Executive Officer and other executive officers.

As part of the compensation approval process for our executive officers, other than our Chief Executive Officer, the Compensation Committee considers the views and recommendations of management, and in setting the compensation for all of our executive officers the Compensation Committee considered the recommendation of its independent compensation consultant as described in greater detail below.

Role of Management

Our President and Chief Executive Officer, Chief Human Resources and Sustainability Officer and Chief Financial Officer provide the Compensation Committee with an assessment of our corporate performance and the performance of other executive officers, and make recommendations for the compensation of other executive officers based on this assessment. Additionally, our President and Chief Executive Officer, Chief Human Resources and Sustainability Officer, and Chief Financial Officer discuss with the Compensation Committee management's internal projections with respect to a variety of performance metrics and operations goals for future fiscal years on which performance-based compensation will be based. Other members of management assist the Compensation Committee on an as needed basis.

No executive officer makes any decision on any element of his or her own compensation, and our Chief Executive Officer does not participate in deliberations regarding his compensation.

Role of Independent Compensation Consultant

The Compensation Committee retained Semler Brossy as its compensation consultant during fiscal 2013 to provide independent, third-party advice and expertise on all aspects of executive compensation and related corporate governance matters, including designing and establishing our executive compensation program for fiscal 2013 and fiscal 2014. Semler Brossy provided the Compensation Committee with an assessment on the ratio of the Chief Executive Officer's pay compared to other executives and also provided advice throughout fiscal 2013 on new issues and developments regarding executive compensation and related disclosures. Semler Brossy does not provide any other services to us. In the future, the Compensation Committee may retain other similar consultants.

Competitive Marketplace Assessment

In making compensation decisions, the Compensation Committee periodically reviews the compensation packages for officers in like positions with similar responsibilities at organizations similar to ours. In fiscal 2012, a review of Named Executive Officer compensation and the comparator group referenced by the Compensation Committee was performed to evaluate pay levels. In selecting appropriate comparators, the Compensation Committee considered a number of factors, including similarities in industry, size, and operating margins.

Following an extensive review, the following thirteen companies were selected by the Compensation Committee as appropriate comparators: Core-Mark Holding Company, Inc., Dean Foods Company, Del Monte Corporation, Green Mountain Coffee Roasters, Inc., The Hain Celestial Group, Inc., Harris Teeter Supermarkets, Inc., Nash Finch Company, Perrigo Company, The J.M. Smucker Company, Spartan Stores, Inc., United Stationers, Inc., Watsco, Inc. and Whole Foods Market, Inc. In addition to compensation levels, the Compensation Committee also reviewed program designs for these companies, including an assessment of pay vehicles and performance metrics.

We do not benchmark compensation in the traditional manner, although base salaries for our Named Executive Officers in fiscal 2013 were generally targeted in the 40th to 50th percentiles of our comparator group identified above. In general, the Compensation Committee references the median of the competitive compensation marketplace, but market data is only one factor among many considered by the Compensation Committee when making determinations regarding executive compensation. Other factors considered include individual performance, scope of responsibilities, tenure, criticality of the position, retention concerns and the need to recruit new officers.

Components of our Executive Compensation Program

Our executive compensation philosophy is reflected in the principal elements of our executive compensation program. The four key components of our executive compensation program in fiscal 2013 were:

• Base salary;

• Performance-based annual cash incentives;

- Long-term equity-based incentive awards in the form of stock options, time-based vesting restricted stock units, performance-based vesting restricted stock units, which we sometimes refer to as performance units, and in the case of our Chief Executive Officer performance-based vesting shares of restricted stock, which we sometimes refer to as performance shares; and

• Other compensation and benefits including minimal perquisites and participation in the Deferral Plans (as described in EXECUTIVE COMPENSATION TABLES—Nonqualified Deferred Compensation—Fiscal 2013 below) as well as participation in benefit plans generally available to all of our employees, such as participation in the 401(k) Plan and

ESOP.

24

Pay Mix

When setting targeted total compensation for fiscal 2013, for the Named Executive Officers other than our Chief Executive Officer, the Compensation Committee determined that target cash compensation and equity-based compensation would each be approximately 50% of such Named Executive Officer's total target compensation, and that base salary and performance-based cash incentives would contribute approximately 55-70% and 30-45%, respectively, to targeted cash compensation. The Compensation Committee determined that target cash compensation and equity-based compensation would be approximately 33% and 67% respectively, of our Chief Executive Officer's total compensation for fiscal 2013. Total cash compensation of our Chief Executive Officer was comprised of approximately 57% base salary and 43% performance-based cash incentives.

Base Salary

As described above, the Compensation Committee is responsible for setting base salaries for our Named Executive Officers. Base salaries provide a fixed rate of pay designed to compensate executives for day-to-day responsibilities and are established based on the scope of their respective responsibilities, competitive market conditions, individual performance and tenure.

Base salaries are generally reviewed annually in the first quarter of each fiscal year and are effective as of the first day of the fiscal year, but may be adjusted from time to time to realign salaries with market levels, taking into account the Named Executive Officers' responsibilities, performance, experience and proven capability. Base salaries are generally targeted in the 40th to 50th percentiles of our comparator group identified above, which all of our Named Executive Officers were within for fiscal 2013. Merit increases for our executive officers, including our Named Executive Officers, if given at all, are expected to be modest on a year-over-year basis unless the executive takes on additional responsibility or is promoted or an increase is determined by the Compensation Committee to be necessary as a result of a compensation analysis.

The table below reflects the fiscal 2012 and fiscal 2013 base salaries for the Named Executive Officers, and the percentage change in base salaries between those two periods:

Named Executive Officer	Fiscal 2012 Base Salary (1)	Fiscal 2013 Base Salary (2)	Percentage Change (3)	
Steven L. Spinner	\$822,200	\$846,866	3.0	%
Mark E. Shamber	\$371,315	\$382,454	3.0	%
Joseph J. Traficanti	\$346,080	\$356,462	3.0	%
Sean F. Griffin	\$415,000	\$427,450	3.0	%

(1) For each Named Executive Officer, fiscal 2012 Base Salaries were effective as of July 31, 2011.

Performance-Based Annual Cash Incentive Compensation

The Compensation Committee is responsible for setting the minimum thresholds and targets for the performance multiplier of our performance-based annual cash incentive compensation discussed below. Receipt of this compensation is contingent upon satisfaction of these Company-wide metrics established by the Compensation Committee together with specific Company-wide, division-level or individual financial or operational performance goals as determined by the Compensation Committee in the case of our President and Chief Executive Officer and as recommended by our President and Chief Executive Officer, Chief Human Resources and Sustainability Officer and Chief Financial Officer and approved by the Compensation Committee in the case of the other Named Executive Officers. The factors considered in setting this target compensation vary depending on the individual executive, but generally relate to strategic projects or financial factors such as net sales, gross margin, operating income, return on invested capital and other measures of our profitability.

Minimum Performance Hurdle. For fiscal 2013, as a condition for paying out annual cash incentive compensation to any of the Named Executive Officers, we required that we maintain a ratio of total debt to earnings before interest, taxes and depreciation not to exceed 3.0x and compliance with our debt covenants under our credit facilities. If these

thresholds were not met, our employees and executive officers, including the Named Executive Officers, would not have been eligible to receive annual performance-based cash incentive payouts, regardless of their individual respective achievements.

25

Performance Multiplier. In addition, for fiscal 2013, we required three Company-level metrics to be met as a condition to paying out a weighted percentage of the annual cash incentive compensation to our employees and executive officers, including the Named Executive Officers. If these gateway levels of performance were not achieved, then no annual incentive plan pool would be funded and no awards would be paid out. For fiscal 2013, the three threshold or gateway metrics—consolidated net sales, consolidated earnings per diluted share, and working capital as a percentage of consolidated net sales—were weighted 45%, 45%, and 10%, respectively. For each metric achieved, the weighted percentages are summed together to create the performance multiplier. The amount of the Named Executive Officer's annual cash incentive compensation would be equal to the amount payable based on his individual respective achievements multiplied by the performance multiplier. Therefore, if our actual performance did not meet the threshold for a particular Company-level metric, the amount of the annual performance-based cash incentive compensation to be paid to a Named Executive Officer would be reduced by an amount equal to the amount payable based on that officer's individual respective achievements multiplied by the performance multiplier equal to that Company-level metric's weighting. Our actual performance exceeded the threshold level of each Company-level minimum performance measure for fiscal 2013 therefore, each Named Executive Officer's performance multiplier was 1.0x. The three Company-level metrics utilized for fiscal 2013, their weighting percentage, and the threshold and actual performance are set forth below:

Minimum Performance Measures	Weighting Percentage	Threshold	Actual Performance
Consolidated net sales (thousands)	45	% \$ 5,606,800	\$6,064,355
Consolidated earnings per diluted share	45	% \$ 2.02	\$2.18
Working capital as a percent of consolidated net sales	10	% 11.70	% 11.82

Annual Incentive Targets. As discussed in more detail below, for the Named Executive Officers, the targeted annual cash award for fiscal 2013 ranged from 20-35% of the executive's base salary for "threshold" performance, from 50-75% of the executive's base salary for "target" performance, and from 100-150% of the executive's base salary for "maximum" performance.

In setting the performance targets for fiscal 2013, the Compensation Committee first considered fiscal 2012 levels of performance for those categories and based the performance metric on results that were improvements over the prior year's results. Furthermore, in establishing the intended degree of difficulty of the payout levels for each performance metric, the Compensation Committee set the performance targets at levels that required successful implementation of corporate operating objectives for meaningful payouts to occur. The Compensation Committee believed that the targets related to "threshold" performance were achievable in light of budgeted expectations, but the payouts for "target" performance and "maximum" performance each required significant improvement over the prior year's comparable performance. We believe that one of the best indicators of how difficult a particular performance metric was to achieve is reflected in what level of payout the executive actually received with respect to the metric.

Generally, company-level financial goals, including consolidated net sales, consolidated earnings per diluted share, consolidated operating income, free cash flow from operations, return on invested capital, and consolidated or regional net sales made up 80% of the Named Executive Officer's targeted performance-based annual incentive compensation. One or more strategic goals tailored for each Named Executive Officer based on his responsibilities made up the remaining 20% of the Named Executive Officer's targeted performance-based annual incentive compensation. The performance targets selected by the Committee for the named executive officers for fiscal 2013 included, among others, the following:

Performance Measures (1)	Applicable Targets			Actual Performance	
	Threshold	Target	Maximum		
Consolidated net sales (in thousands)	\$5,710,000	\$5,947,000	\$6,070,000	\$6,064,355

(1) Details regarding the performance measures and the associated levels of performance payout percentage for each of our Named Executive Officers are included below.

(2) See discussion of adjustments related to the actual performance of these metrics in Determination of Annual Incentive Plan Payouts below.

(3) Return on invested capital for purposes of the performance-based annual cash incentive represents net operating profit after income taxes, divided by the sum of total debt and stockholders equity.

(4) Free cash flow from operations represents net cash provided by operations less capital expenditures.

In addition to the above-listed performance targets, certain of the Named Executive Officers had other performance goals that were specific to the individual for fiscal 2013 that are described in more detail below.

Determination of Annual Incentive Plan Payouts. The Compensation Committee reviews the performance of each Named Executive Officer during the performance period and determines the level of performance-based compensation, if any, to be awarded to each Named Executive Officer. This amount may not exceed the amount of payouts for "maximum" performance. However, the Compensation Committee may, in its discretion, award an amount less than the amount attributable to a certain level of performance that was attained.

The actual amount to be earned by the Named Executive Officer is determined and paid in a single lump sum in the first quarter of the fiscal year following the fiscal year in which the award is earned by the Named Executive Officer, unless the executive has previously elected to defer such compensation into the Deferred Compensation Plan.

While no targets were modified for the fiscal 2013 performance-based cash incentive payments when measuring our performance against these targets, the Compensation Committee approved the adjustment of our actual results for the approximately \$1.6 million of pre-tax expenses we incurred in fiscal 2013 related to the termination of a licensing agreement and the write-off of the associated intangible asset and \$2.2 million of pre-tax expenses we did not incur in fiscal 2013 as planned due to an accounting change related to the lease of our Aurora, Colorado facility. In addition, adjustments were made for the \$4.9 million settlement related to unclaimed property audits included within other expenses and the discrete tax benefit of \$2.7 million primarily related to the reversal of reserves for uncertain tax positions. The Compensation Committee believed it was appropriate to adjust for the impact of these expenses in light of their non-recurring nature. As a result, our operating income of \$185.5 million based on our fiscal 2013 consolidated financial statements was adjusted downward to \$184.3 million. Earnings per diluted share of \$2.18 did not change. In addition to the income statement adjustments noted above, our return on invested capital was modified via an adjustment to exclude \$33.5 million of current and long-term debt to ignore the resulting increase in liabilities

as a result of the final accounting treatment of our Aurora, Colorado facility lease. As a result, our return on invested capital of 9.68% for our fiscal 2013 was adjusted downward to 9.38%.

The following table sets forth for each Named Executive Officer the total amount of performance-based annual incentive awards targeted for the Named Executive Officer (which represents the "target" level) and the actual amount of

27

performance-based annual incentive awards earned by the Named Executive Officer expressed in dollars, as a percentage of the Named Executive Officer's base salary, and as a percentage of the such targeted amount:

Details regarding the performance targets and the associated levels of performance payout percentage for fiscal 2013 for each of our Named Executive Officers are included below. Set forth below is the amount of annual incentive compensation, expressed as a percentage of base salary, that each Named Executive Officer earned and could have earned based on "threshold", "target" and "maximum" fiscal 2013 performance:

Steven L. Spinner

Individual Goals	Annual Incentive Payout as % of Base Salary							
	Threshold	Target	Maximum	Actual	Threshold	Target	Maximum	Actual
Consolidated earnings per diluted share	14.0	%	30.0	%	60.0	%	36.0	%
Free cash flow from operations	7.0	%	15.0	%	30.0	%	—	%

Total:	35.0	%	75.0	%	150.0	%	95.3	%

In setting the performance metric applicable to Mr. Spinner based on succession planning, we based the performance metric on results that were improvements over existing strategies and included specific identification of potential internal candidates to replace our Chief Executive Officer as well as certain other executive officers, the initiation of programs designed to further the development of these individuals and the hiring of an internal resource to further these individuals and others at all levels within the Company. We believe that one of the best indicators of how difficult a particular performance metric was to achieve is reflected in what level of payout the executive actually received with respect to the metric. For the performance metric that we have not disclosed specifics, Mr. Spinner achieved the "target" performance level.

Mark E. Shamber

Individual Goals	Annual Incentive Payout as % of Base Salary							
	Threshold	Target	Maximum	Actual	Threshold	Target	Maximum	Actual
Consolidated earnings per diluted share	14.0	%	30.0	%	60.0	%	36.0	%

Finance process improvement (2)	3.5	%	7.5	%	15.0	%	—	%
Total:	35.0	%	75.0	%	150.0	%	65.3	%

In setting the performance metric applicable to Mr. Shamber based on payroll expenses as a percentage of our consolidated gross margin, we based the performance metric on results that were an improvement over the prior year's results. We believe that one of the best indicators of how difficult a particular performance metric was to achieve is

reflected in what level of payout the executive actually received with respect to the metric. For the performance metric that we have not disclosed specifics, Mr. Shamber did not achieve the "threshold" performance level.

In setting the performance metric applicable to Mr. Shamber based on Finance process improvements, we based the performance metric on results that would provide a measurable cost savings compared to the prior year's (2) results. We believe that one of the best indicators of how difficult a particular performance metric was to achieve is reflected in what level of payout the executive actually received with respect to the metric. For the performance metric that we have not disclosed specifics, Mr. Shamber did not achieve the "threshold" performance level.

Total:	35.0	%	75.0	%	150.0	%	90.0	%

In setting the performance metric applicable to Mr. Griffin based on our national operations expense as a percentage of net sales, we considered historical levels of performance and based the performance metric on results that were improvements over the prior year's results. We believe that one of the best indicators of how difficult a particular performance metric was to achieve is reflected in what level of payout the executive actually received with respect to the metric. For the performance metric for which we have not disclosed targets, Mr. Griffin achieved the "maximum" performance level.

Craig H. Smith

Individual Goals	Annual Incentive Payout as % of Base Salary							
	Threshold		Target		Maximum		Actual	
Consolidated operating income	4.0	%	10.0	%	20.0	%	13.8	%

Total:	20.0	%	50.0	%	100.0	%	53.9	%

In setting the performance metrics applicable to Mr. Smith based on the performance of our Eastern Region and divisional operations expense as a percentage of net sales, we considered historical levels of performance for those categories and based the performance metric on results that were improvements over the prior year's results. We believe that one of the best indicators of how difficult a particular performance metric was to achieve is reflected in

what level of payout the executive actually received with respect to the metric. Of the two performance metrics for which we have not disclosed targets, Mr. Smith achieved slightly less than the "target" performance level for the metric tied to our Eastern Region's operating income and achieved the "maximum" performance level for divisional operations expense as a percentage of net sales.

Long-term Equity-Based Incentive Program

Our core long-term equity-based incentive program in fiscal 2013 consisted of time-based vesting stock options and restricted stock units and performance-based vesting restricted stock units. In fiscal 2013, long-term equity-based incentive awards were granted with a grant date fair value equal to the sum of 125% of the Named Executive Officer's fiscal 2013 base salary and 50% of the performance-based annual cash incentive award earned in fiscal 2012. The grant date fair values of time-based vesting options, time-based vesting restricted stock units, and performance-based vesting restricted stock units represented approximately 30.33%, 36.33%, and 33.34% of the aggregate grant date fair value of the long-term equity-based awards, respectively.

We believe that stock options and a mix of time- and performance-based vesting restricted stock units and, in the case of our President and Chief Executive Officer, performance-based restricted shares, provide a Named Executive Officer with an incentive to improve our stock price performance and a direct alignment with stockholders' interests, as well as a continuing stake in our long-term success. In addition, because the time-based equity awards vest ratably over four years, and the vesting of performance-based vesting restricted stock units vest two years from the date of grant, we believe these awards provide strong incentives for the executives to remain employees of ours.

In addition to the grants made under our core long-term equity-based incentive program described above, we granted Mr. Spinner a target award of 25,000 performance shares and 5,123 performance units with performance metrics tied to our performance during a portion of fiscal 2013 as described below.

All of our equity awards are made pursuant to plans that have been approved by stockholders.

Timing of Awards. The Compensation Committee generally makes equity-based grants in September of each year when the Compensation Committee also approves changes to our executive officers' annual base salaries, if any, but after we have publicly released our preliminary results of operations for the recently completed fiscal year. The Committee may also make equity-based grants from time to time for new executive officers or upon a significant change in an executive officers' job scope and responsibility.

Determinations of Awards. The Compensation Committee reviews and approves annual equity-based awards for all of our eligible employees, including our Named Executive Officers. The Compensation Committee determines the target grant date fair value of equity awards based on percentages of prior fiscal year base salary and annual performance-based cash compensation earned for the prior fiscal year dependent on the eligible employee's position within the company. For our executive officers, including our Named Executive Officers, the percentages used for fiscal 2013 grants were 125% and 50%, respectively.

The Compensation Committee may disregard these guideline ranges for an employee, including a Named Executive Officer, upon a determination that other factors should result in an equity award that exceeds or is less than the specified range based on the executive's position with us. These factors may include consideration of competitive compensation data, a recent change in assigned duties, retention considerations or the historical performance of the executive, although it has not done so for any of our Named Executive Officers. The Compensation Committee also considers the recommendations of members of senior management with respect to the mix of stock options and restricted stock units.

Options. For fiscal 2013, the Compensation Committee awarded approximately 30.33% of the grant date fair value of the Named Executive Officers' long-term, equity-based incentive compensation under our core program in the form of stock options to the Named Executive Officers pursuant to the 2004 Equity Plan. The grants were effective September 13, 2012, following the September 11, 2012 release of our fiscal 2012 results of operations. These stock options have exercise prices equal to the closing price of our common stock on the NASDAQ Global Select Market on the date of grant. The stock options vest in four equal annual installments beginning on the first anniversary of the date of grant and are shown in the table in EXECUTIVE COMPENSATION TABLES—Grants of Plan-Based Awards in Fiscal 2013.

Time-Based Vesting Restricted Stock Units. We also awarded approximately 36.33% of the grant date fair value of the Named Executive Officer's long-term, equity-based incentive compensation under our core program in the form of time-based vesting restricted stock units to the Named Executive Officers pursuant to the 2004 Equity Plan on September 13, 2012. The time-based vesting restricted stock units vest in four equal annual installments beginning on the first anniversary of the date of grant and are shown in the table in EXECUTIVE COMPENSATION TABLES—Grants of Plan-Based Awards in Fiscal 2013.

Performance-Based Vesting Restricted Stock Units. The following information summarizes our long-term equity grants made in fiscal 2013 and the settlement of our long-term equity grants made in fiscal 2012, which had performance criteria tied to the one and two-year periods ended August 3, 2013.

Fiscal 2013 Grant. For fiscal 2013, the Compensation Committee awarded approximately 33.34% of the grant date fair value of the Named Executive Officers' long-term, equity-based incentive compensation under our core program in the form of performance-based vesting restricted stock units denominated in dollars pursuant to the 2004 Equity Plan. The dollar value of this award that may vest at the "threshold," "target" and "maximum" levels of performance are shown in the table in EXECUTIVE COMPENSATION TABLES—Grants of Plan-Based Awards in Fiscal 2013. The fiscal 2013 awards of the performance-based restricted stock units utilize two equally-weighted performance criteria—return on invested capital ("ROIC"), which for purposes of the 2013 award we define as net operating profit after income taxes, divided by the sum of total debt and stockholders equity, and our total shareholder return relative to the total shareholder returns of companies within a specified comparator group ("Relative TSR"). The group of companies against which Relative TSR performance is to be based consists of five companies within our broader comparator group that focus primarily on distribution—Core-Mark Holding Company, Inc., Nash Finch Company, Spartan Stores, Inc., United Stationers, Inc., and Watsco, Inc. The Named Executive Officers are eligible to earn between 0% and 200% of their targeted award, depending on our performance during the relevant measurement periods with respect to five levels of performance for ROIC and four levels of performance for Relative TSR. For ROIC, the relevant measurement period is the second year of the performance period (i.e., fiscal 2014), and for Relative TSR, the relevant measurement period is the full two years of the performance period beginning July 29, 2012 and ending August 2, 2014. The following table illustrates the Relative TSR and ROIC performance metrics and the corresponding payout levels for the measurement period:

Payout (1)	ROIC	Relative TSR
25%	9.70%	
50%	9.85%	#3 @ Median
100%	10.00%	#2
150%	10.15%	#1
200%	10.30%	>10% over #2

The payout percentages apply with respect to each of the equally-weighted performance criteria. For example, if our ROIC for the relevant measurement period was 10.00% and our total shareholder return for the relevant measurement period was the median shareholder return of the five-company comparator group, 100% of the (1) portion of the award tied to ROIC would vest (or 50% of the total award) and 50% of the portion of the award tied to Relative TSR would vest (or 25% of the total award), resulting in an aggregate of 75% of the total award vesting.

Settlement of Fiscal 2012 Awards. At the conclusion of fiscal 2013, the two-year performance period concluded with respect to performance-based vesting restricted stock units granted to our Named Executive Officers in September 2011. The Compensation Committee approved the payout of 5,778, 2,473, 2,214, 2,932, and 2,216 restricted stock units for Messrs. Spinner, Shamber, Traficanti, Griffin and Smith, respectively, and the resulting issuance of a same number of shares of common stock to the Named Executive Officers effective as of the last day of the performance period. The number of shares paid out represented approximately 91% of the award that would have been paid out to each Named Executive Officer at "targeted" levels of performance.

Like the fiscal 2013 grants, the fiscal 2012 awards of performance-based restricted stock units had two equally-weighted performance criteria—ROIC and Relative TSR measured against the same five companies used in establishing the performance metric tied to Relative TSR for the fiscal 2013 grants. For purposes of the fiscal 2012 award of performance-based restricted stock units, ROIC was calculated as net operating profit after income taxes, divided by total stockholders equity. Unlike the fiscal 2013 award, the calculation of ROIC for the fiscal 2012 award did not include total debt in the denominator. The Named Executive Officers were eligible to earn between 0% and 200% of their targeted award, depending on our performance during the relevant measurement periods with respect to five levels of performance for ROIC and four levels of performance for Relative TSR. For ROIC, the relevant measurement period was the second year of the performance period (i.e., fiscal 2013), and for Relative TSR, the

relevant measurement period was the full two years of the performance period beginning on July 29, 2011 and ending on August 3, 2013. The following table illustrates the Relative TSR and ROIC performance metrics and the corresponding payout levels for the measurement period:

31

Payout (1)	ROIC	Relative TSR
25%	10.84%	
50%	10.92%	#3 @ Median
100%	11.00%	#2
150%	11.04%	#1
200%	11.08%	>10% over #2

(1) The payout percentages apply with respect to each of the equally-weighted performance criteria. For example, if our ROIC for the relevant measurement period was 11.00% and our total shareholder return for the relevant measurement period was the median shareholder return of the five-company comparator group, 100% of the portion of the award tied to ROIC would vest (or 50% of the total award) and 50% of the portion of the award tied to Relative TSR would vest (or 25% of the total award), resulting in an aggregate of 75% of the total award vesting.

On September 10, 2013, the Compensation Committee met to determine the percentage of the fiscal 2012 performance-based restricted stock units that should be vested. When calculating our ROIC for fiscal 2013, the Compensation Committee adjusted our GAAP-based ROIC in accordance with the terms of the award agreement pursuant to which the performance-based restricted stock units had been granted to factor the approximately \$1.6 million of pre-tax expenses we incurred in fiscal 2013 related to the termination of a licensing agreement and the write-off of the associated intangible asset and \$2.2 million of pre-tax expenses we did not incur in fiscal 2013 as planned due to an accounting change related to the lease of our Aurora, Colorado facility. In addition, adjustments were made for the \$4.9 million settlement related to unclaimed property audits included within other expenses and a discrete tax benefit of \$2.7 million primarily related to the reversal of reserves for uncertain tax positions. The Compensation Committee believed it was appropriate to adjust for the impact of these expenses in light of their non-recurring nature. In addition to the income statement adjustments noted above, an adjustment was made to current and long-term debt totaling \$33.5 million to ignore the resulting increase in liabilities as a result of the final accounting treatment of our Aurora, Colorado facility lease. ROIC for fiscal 2013, after these adjustments, was 10.89%, which was between the “threshold” and “target” performance levels. As a result, the Compensation Committee approved the vesting of approximately 40.6% of the portion of the fiscal 2012 award tied to ROIC (or 20.3% of the aggregate fiscal 2012 award).

In addition, the Compensation Committee determined that our total shareholder return for the two-year period ended August 3, 2013 was 44.5%, which was greater than the median total shareholder return of the five-company comparator group. As a result, the Compensation Committee approved the vesting of 50% of the portion of the fiscal 2012 award tied to Relative TSR (or 25% of the aggregate fiscal 2012 award). In reviewing our total shareholder return against the five-company comparator group and taking into account our underlying financial performance for the two-year performance period, the Compensation Committee concluded that the utilization of a five-company comparator group for purposes of measuring Relative TSR was flawed because it failed to take into consideration that the stock price performance of a small group of similar companies could be skewed by factors unrelated to the underlying performance of the related businesses. Accordingly, the Compensation Committee concluded that our financial performance warranted the grant of a discretionary equity award to the Named Executive Officers equal to the number of shares of common stock necessary to cause those individuals to receive, when combined with the shares of common stock issued in settlement of the performance units tied to Relative TSR, a total number of shares equal to the amount that would have been issued had the portion of the fiscal 2012 performance unit awards tied to Relative TSR been paid out at 100% of the targeted amount. In reaching this decision, the Compensation Committee considered that analyzing most other performance metrics tied to financial results would have reflected that our performance exceeded those of most of the other companies in the comparator group. Moreover, the Compensation Committee considered that our total shareholder return for the two-year performance period exceeded the total return for the S&P MidCap 400 Index, of which we are a component, for the same period by approximately 35%. As described in more detail below, for fiscal 2014 grants, the Compensation Committee utilized a Relative TSR performance metric tied to the S&P MidCap 400 Index as this is a better indicator of our performance and is an appropriate comparison group of the incentive plan.

Additional Performance Shares and Performance Units Granted to CEO. On December 3, 2012, the Compensation Committee granted Mr. Spinner a target award of 25,000 performance shares and 5,123 performance units under the 2004 Equity Plan with two equally-weighted performance criteria—ROIC and operating income. For this award, ROIC was defined as net operating profit after tax divided by the sum of total debt and equity. Mr. Spinner was eligible to earn between 0% and 200% of his targeted award, depending on our performance during the last three quarters of fiscal 2013. We needed to achieve ROIC performance during the performance period of 8.75%, 9.73% and 10.35% for Mr. Spinner to achieve the “threshold,” “target” and “maximum” levels of performance, respectively. We needed to achieve operating income of \$128.2 million, \$142.6 million and \$151.8 million for Mr. Spinner to achieve the “threshold,” “target” and “maximum” levels of performance, respectively.

On September 10, 2013, the Compensation Committee determined that our ROIC and operating income for the performance period (each calculated in accordance with the calculation of those measures for purposes of our fiscal 2013 annual cash incentive plan and adjusted for the impact of the items noted in—Performance-Based Annual Incentive Compensation—Determination of Annual Incentive Plan Payouts for fiscal 2013) were 9.70% and \$146.1 million, respectively, which were between the “threshold” and “target” performance levels for ROIC and between the “target” and “maximum” performance levels for operating income. Without these downward adjustments, ROIC and operating income for the performance period would have been 9.87% and \$148.9 million, respectively. As a result, the Compensation Committee approved the payout of 25,463 of the performance shares and 5,355 performance units for Mr. Spinner, resulting in the issuance of a same number of shares of common stock effective as of the last day of the performance period.

Other Compensation and Benefits

The Named Executive Officers are eligible for the same level and offering of benefits that we make available to other employees, including our ESOP, 401(k) plan, health care plan, life insurance plans, and other welfare benefit programs. In addition to the standard benefits offered to all employees, the Named Executive Officers are eligible to participate in the Deferral Plans. We provide the Named Executive Officers with the ability to defer compensation as a competitive pay practice so they may save amounts in a non-qualified retirement plan that are greater than the amount permitted to be deferred under the 401(k) Plan. For a description of the Deferral Plans, see EXECUTIVE COMPENSATION TABLES—Nonqualified Deferred Compensation—Fiscal 2013 below. We do not have any defined benefit pension plans available to our Named Executive Officers.

Perquisites and Other Benefits. We provide certain Named Executive Officers with perquisites and other benefits that we believe are reasonable and consistent with our overall executive compensation program. The costs of these benefits constitute only a small portion of each Named Executive Officer's total compensation and includes, for certain Named Executive Officers, contributions to our defined contribution plan, the payment of premiums for life insurance, automobile allowances, corporate housing and commuting air travel reimbursement. We offer perquisites and other benefits that we believe to be competitive with benefits offered by companies with whom we compete for talent for purposes of recruitment and retention.

Fiscal 2014 Compensation Changes

For fiscal 2014, the compensation program for the Named Executive Officers is structured substantially the same as our fiscal 2013 program, with the changes outlined below with respect to base salary performance-based annual cash incentive compensation, and long-term equity-based incentive compensation.

Base salary. Base salary remains an important component of a Named Executive Officer's total compensation and for fiscal 2014 base salaries are generally targeted in the 40th to 50th percentiles of our comparator group identified above. For fiscal 2014, the base salary for each of the Named Executive Officers has been increased 3% over fiscal 2013 levels which is consistent with the merit pool for the Company as a whole. Set out below are the fiscal 2013 and fiscal 2014 base salaries for the Named Executive Officers and the percentage change between the periods:

Named Executive Officer	Fiscal 2013	Fiscal 2014	Percentage	
	Base Salary	Base Salary	Change	
Steven L. Spinner	\$846,866	\$872,300	3.0	%
Mark E. Shamber	\$382,454	\$393,950	3.0	%
Joseph J. Traficanti	\$356,462	\$367,150	3.0	%
Sean F. Griffin	\$427,450	\$440,300	3.0	%
Craig H. Smith	\$355,401	\$366,100	3.0	%

Performance-based Annual Cash Incentive Compensation. For fiscal 2014, the Compensation Committee determined to establish a targeted annual cash award ranging from 25-35% of the executive's base salary for "threshold" performance, 50-75% of the executive's base salary for "target" performance and 100-150% of the executive's base salary for "maximum" performance. These ranges are consistent with the ranges used in fiscal 2013. The annual cash incentive compensation is subject to minimum performance hurdles similar to those used in fiscal 2013. However, consolidated operating income will be the sole metric upon which the performance multiplier is based rather than the three Company-level metrics applicable in fiscal 2013

Long-Term Equity-Based Incentive Compensation. For fiscal 2014, the Named Executive Officers have been awarded a mixture of stock options, time-based vesting restricted stock units and performance-based vesting restricted stock units. Each Named Executive Officer was granted a targeted award equal to the sum of 125% of the executive's base salary for fiscal 2013 and 50% of the actual performance-based annual cash incentive earned by the executive for fiscal 2013 performance. The stock

options, time-based vesting restricted stock units and performance-based vesting restricted stock units will account for approximately 20%, 50%, and 30% of the total targeted grant date fair value of the award, respectively. The stock options and time-based vesting restricted stock units will vest in four equal annual installments beginning on the first anniversary of the date of grant, and, in the case of the stock options, will have an exercise price equal to the fair market value of our common stock on the date of grant. The performance-based vesting restricted stock units have two equally-weighted performance criteria-ROIC and Relative TSR. The Named Executive Officers are eligible to earn between 0% and 200% of their targeted award, depending on our performance during the relevant measurement period with respect to five levels of performance for ROIC. For ROIC, the relevant measurement period is the second year of the performance period (i.e., fiscal 2015), and for Relative TSR, performance is measured at the end of the 2-year performance period. With respect to Relative TSR performance, our total shareholder return for the two year period ending at the conclusion of fiscal 2015 will be measured against the total shareholder return of the S&P MidCap 400 Index over the same measurement period.

Other Programs, Policies and Considerations

Potential Impact on Compensation from Executive Misconduct

If the Board determines that a Named Executive Officer has engaged in fraudulent or intentional misconduct, the Board will take action to remedy the misconduct, prevent its recurrence, and impose such discipline on the wrongdoers as appropriate. Discipline would vary depending on the facts and circumstances, and may include, without limitation, (1) termination of employment, (2) initiating an action for breach of fiduciary duty, and (3) if the misconduct resulted in a significant restatement of our financial results, seeking reimbursement of any portion of performance-based or incentive compensation paid or awarded to the Named Executive Officer that is greater than would have been paid or awarded if calculated based on the restated financial results. These remedies would be in addition to, and not in lieu of, any actions imposed by law enforcement agencies, regulators or other authorities.

Recoupment (Clawback) Policy

We have adopted a recoupment policy applicable to our executive officers, including our Named Executive Officers, which provides that if we restate all or a portion of our financial statements within two years of filing the financial statements with the SEC, the Board or the Compensation Committee will, to the extent permitted by law, as it deems appropriate in its sole discretion require reimbursement of all or a portion of any bonus or incentive compensation paid or granted after May 28, 2009 to any executive officer or other officer covered by this policy. The Board, or the Compensation Committee, also has the right in the event of such a restatement to cause the cancellation of equity-based incentive or bonus awards that had been granted to these individuals and to, in certain circumstances, seek reimbursement of any gains realized on the exercise of stock options or sales of shares of stock or payments received on account of restricted stock units or other awards payable in cash, in either case attributable to any awards that formed all or a portion of such bonus or incentive award.

Policy on Gross Up Payments in Connection with a Change in Control

On December 8, 2010, the Compensation Committee adopted a formal policy under which we may not enter into new or amended agreements which provide for "gross ups" for excise tax obligations payable by our executives upon termination of employment following a change in control. On the same date, we entered into amendments to the change in control agreement with each of Messrs. Spinner, Traficanti and Shamber to eliminate such "gross up" payments. As a result, none of our executives is a party to an agreement providing for "gross up" payments for excise taxes imposed upon termination following a change in control.

Stock Ownership Guidelines

The Compensation Committee believes stock ownership guidelines are a key vehicle for aligning the interests of management and our stockholders. A meaningful ownership stake by our Named Executive Officers demonstrates to our stockholders a strong commitment to our success. Accordingly, the Compensation Committee maintains a policy consistent with our corporate governance principles that requires our Named Executive Officers and other senior officers to hold shares of common stock equal to 50% of the estimated stock option equivalent received by each executive officer for the most recent full year of service as an executive officer. For instance, a stock option equivalent of 10,000 would require stock ownership of 5,000 shares. The policy recommends that executive officers attain this level of stock ownership within four years following their appointment as an executive officer. Once attained, each

executive officer is required to maintain this level of stock ownership for as long as they are employed by us and serving as an executive officer. All our executive officers with more than one full year of service own our stock. Our insider trading policy prohibits our executive officers from holding shares of our common stock in a margin account or from pledging shares of our common stock unless, in the case of pledging of the shares as collateral for a loan (not including margin debt) approved in advance by our General Counsel upon demonstration the individual clearly has the financial capacity to repay the loan without resort to the pledged securities. In addition, our insider

trading policy permits only limited types of hedging transactions that are structured to avoid the risks of short selling, options trading or margin trading and which must be made pursuant to a Rule 10b5-1 trading plan that is pre-cleared by our General Counsel and for which any securities involved in such transaction must be in excess of our minimum stock ownership guidelines. Currently, none of the members of the Board or our executive officers are engaged in any hedging or pledging transactions involving shares of our common stock.

Tax Deductibility of Compensation

When it reviews compensation matters, the Compensation Committee considers the anticipated tax and accounting treatment of payments and benefits with respect to us and, when relevant, to the executive. Section 162(m) of the Code limits to \$1 million the annual tax deduction for compensation paid to each of the chief executive officer and the three other highest paid executive officers employed at the end of the year (other than the chief financial officer). However, compensation that does not exceed \$1 million during any fiscal year or that qualifies as "performance-based compensation" (as defined in Section 162(m)) is deductible. The Compensation Committee considers these requirements and attempts to ensure that both cash and equity components of the Named Executive Officers' total compensation are tax deductible by us, to the maximum extent possible, by the use of stockholder-approved plans that are intended to comply, to the extent practicable, with Section 162(m). Our performance-based cash incentive plans have not historically been considered stockholder approved, and therefore, an award made under those plans to our Chief Executive Officer or any of our other three highest paid executive officers has not in the past been deducted by us to the extent that the officer's total compensation not exempt from the Section 162(m) limitation for the fiscal year in which the award was made exceeded \$1,000,000. Beginning in fiscal 2014, our annual performance based cash incentive plan awards were made pursuant to our 2012 Equity Plan, which has been approved by our stockholders. Accordingly, assuming that awards otherwise comply with the requirements of Section 162(m), which we believe will be the case, these awards should qualify for "performance-based compensation" and as a result be deductible. The discretionary equity grant made to our Named Executive Officers in September 2013 and described in more detail above in— Long-term Equity-Based Incentive Program and Performance-Based Vesting Restricted Stock Units Fiscal 2012 Awards— is not considered "performance-based compensation" under Section 162(m). The Compensation Committee will continue to review and evaluate, as necessary, the impact of Section 162(m) on our executive compensation programs.

Employment Agreements

We are not a party to any currently effective employment agreement with any of our Named Executive Officers. We believe that, generally, employment agreements are not currently necessary to attract and retain talented personnel. However, due to the ever-changing marketplace in which we compete for talent, this practice is regularly reviewed by the Compensation Committee to help ensure that we remain competitive in our industry. We did, however, enter into an offer letter with Steven L. Spinner, our current President and Chief Executive Officer, that sets forth certain terms of Mr. Spinner's employment with us, and the Compensation Committee and the Board have approved our entering into severance agreements and change in control agreements with our executive officers. We may enter into employment agreements with executive officers in the future if the Compensation Committee determines that such arrangements are in our best interest at that time.

Severance Agreements and Change in Control Agreements

We are currently a party to a severance agreement and change in control agreement with each of our Named Executive Officers. Given the fact that we do not have employment agreements with our Named Executive Officers, the Compensation Committee believes that the protections afforded in the severance agreements and change in control agreements are reasonable and are an important element in retaining our executive officers.

Each of the severance agreements includes confidentiality, non-competition and intellectual property assignment provisions. Outside the context of a Change in Control, if we terminate any of our Named Executive Officers for any reason other than Cause, death, or disability or such executive resigns for Good Reason, we would be required to pay to the executive (i) his base salary, as in effect as of the termination date of his employment, and (ii) provide certain medical benefits in each case for a period of one year following such termination. If we terminate Mr. Spinner without Cause, his agreement also requires us to pay (i) a pro rata portion of the bonus to which he would have been entitled for the year in which he was terminated, and (ii) an amount equal to the pro rata portion of his unvested balance in the

ESOP, which would vest on the first anniversary of the date of Mr. Spinner's termination. If we terminate Mr. Spinner without Cause, a pro rata portion of the stock options awarded to Mr. Spinner and not vested and exercisable on or prior to the date of Mr. Spinner's termination that would otherwise become vested and exercisable on or prior to the first anniversary of the date of Mr. Spinner's termination, and any shares of restricted stock or restricted stock units granted to Mr. Spinner that would have had any restrictions thereon removed or vested on or prior to the first anniversary of the date of Mr. Spinner's termination, will, in either case, have any restrictions thereon removed or become vested, as the case may be. All such payments and vesting will be prorated based on the number of full calendar months that Mr. Spinner was employed as our President and Chief Executive Officer during the fiscal year in which he resigned or was terminated. In addition, if any of these severance payments cause Mr. Spinner to be subject to an

35

excise tax under Section 4999 of the Code, we would be required under the terms of our severance agreement with him to reimburse to Mr. Spinner an amount equal to such excise taxes.

Any benefits to be paid upon a change in control under the severance agreements or change in control agreements are "double trigger," which requires both a Change in Control and a termination of a Named Executive Officer by us for a reason other than Cause, death or disability or a resignation by the executive for Good Reason within one year of the date of the Change in Control. In the event of either a termination of the executive for a reason other than Cause, death or disability or his resignation for Good Reason within one year of the date of a Change in Control, the executive would be entitled to receive a lump sum payment equal to (i) a multiple of his base salary (multiple of 3, 2.99, 2.99, 1.5 and 1.5 for Messrs. Spinner, Shamber, Traficanti, Griffin and Smith, respectively), as in effect at that time of his termination of employment, (ii) the average annual bonus paid to the executive for the three fiscal years prior to the date of his termination or resignation (or the average of the bonuses he has received if he will not have been employed by us for three years as of such date, or, if he has not yet been awarded an annual bonus for the previously completed year as of such termination date, then his target bonus for such year shall be included in the average), (iii) the pro rata portion of the target bonus for the fiscal year in which such termination or resignation occurred, and (iv) an amount equal to his unvested account balance in the ESOP. In addition, all of the executive's then outstanding but unvested equity awards, including performance shares and performance units, will vest and, if applicable, become exercisable as of the date of termination or resignation. We will also be required to continue to provide each executive with medical benefits in effect as of the date of such termination or resignation for a period of three years following the termination or resignation. The provision of all such benefits will be subject to any restrictions under applicable law, including under Section 409A of the Code. In establishing the multiples of base salary and bonus that a terminated executive would be entitled to receive following his termination without Cause or for Good Reason, either before or within one year following a Change in Control, the Compensation Committee considered the need to be able to competitively recruit and retain talented executive officers who often-times seek protection against the possibility that they might be terminated without cause or be forced to resign for Good Reason following a Change in Control. For purposes of the severance agreements and change in control agreements described above, the terms "Cause", "Good Reason" and "Change in Control" shall have the meanings set forth below.

"Cause" means (1) conviction of the executive under applicable law of any felony or any misdemeanor involving moral turpitude, (2) unauthorized acts intended to result in the executive's personal enrichment at the material expense of the Company or its reputation, or (3) any violation of the executive's duties or responsibilities to the Company which constitutes willful misconduct or dereliction of duty, or material breach of the confidentiality and non-competition restrictions contained in the severance agreements and change in control agreements.

"Good Reason" means, without the executive's express written consent, the occurrence of any one or more of the following: (1) the assignment of the executive to duties materially adversely inconsistent with his current duties, and failure to rescind such assignment within thirty (30) days of receipt of notice from the executive; (2) a material reduction in the executive's title, executive authority or reporting status; (3) a relocation more than 50 miles from the Company's offices in Providence, Rhode Island; (4) a reduction by the Company in the executive's base salary, or the failure of the Company to pay or cause to be paid any compensation or benefits under the severance or change in control agreement when due or under the terms of any plan established by the Company, and failure to restore such base salary or make such payments within five days of receipt of notice from the executive; (5) failure to include the Named Executive Officer in any new employee benefit plans proposed by the Company or a material reduction in the executive's level of participation in any existing plans of any type; provided that a Company-wide reduction or elimination of such plans shall not give rise to a "Good Reason" termination; or (6) the failure of the Company to obtain a satisfactory agreement from any successor to the Company with respect to the ownership of substantially all the stock or assets of the Company to assume and agree to perform the severance agreement or change in control agreement, as the case may be.

"Change in Control" means the happening of any of the following:

any "person", including a "group" (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act, but excluding the Company, any of its affiliates, or any employee benefit plan of the Company or any of its affiliates) is or becomes the "beneficial owner" (as defined in Rule 13(d)(3) under the Exchange Act), directly or indirectly, of

securities of the Company representing the greater of 30% or more of the combined voting power of the Company's then outstanding securities;

approval by the stockholders of the Company of a definitive agreement (1) for the merger or other business combination of the Company with or into another corporation if (A) a majority of the directors of the surviving corporation were not directors of the Company immediately prior to the effective date of such merger or (B) the stockholders of the Company immediately prior to the effective date of such merger own

less than 60% of the combined voting power in the then outstanding securities in such surviving corporation or (2) for the sale or other disposition of all or substantially all of the assets of the Company; or the purchase of 30% or more of the Company's stock pursuant to any tender or exchange offer made by any "person", including a "group" (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act), other than the Company, any of its affiliates, or any employee benefit plan of the Company or any of its affiliates.

(1) Amounts shown represent the grant date fair value of awards of restricted stock units, and, with respect to Mr. Spinner in fiscal 2011 through fiscal 2013, performance shares and performance units at the target level, and, with respect to Messrs. Shamber, Traficanti, Griffin, and Smith in fiscal 2012 and fiscal 2013, performance units at the target level, as computed under ASC 718 granted during the fiscal year indicated. For performance shares and performance units, grant date fair value is calculated based on the probable outcome of the performance result (i.e.,

target level of performance) for each of the performance periods, excluding the effect of estimated forfeitures. These amounts do not necessarily reflect the actual amounts that were paid to, or may be realized by, the Named Executive Officer for any of the fiscal years reflected. Refer to footnote 3 to the consolidated financial statements in our Annual Report on Form 10-K for the year ended August 3, 2013 for a discussion of the relevant assumptions used to determine the grant date fair value of these awards. The grant date fair value of awards of performance shares and performance units to Mr. Spinner in fiscal 2013, fiscal 2012 and fiscal 2011, assuming maximum performance, were \$4,123,918, \$3,727,395 and \$3,152,250, respectively. The grant date fair value of awards of performance units to Messrs. Shamber, Traficanti, Griffin and Smith in fiscal 2013, assuming maximum performance, were \$424,162, \$379,861, \$502,914, and \$380,145, respectively. The grant date fair value of awards of performance units to Messrs. Shamber, Traficanti, Griffin and Smith in fiscal 2012, assuming maximum performance, were \$402,338, \$346,149, \$449,673 and \$345,119, respectively.

The amounts shown in the column also include \$123,891, \$53,020, \$47,483, \$62,865, and \$47,518 for each of Messrs. Spinner, Shamber, Traficanti, Griffin and Smith, respectively, representing the dollar value of the discretionary award of 2,054, 879, 787, 1,042, and 788 shares of common stock to Messrs. Spinner, Shamber, Traficanti, Griffin and Smith, respectively, on September 10, 2013, related to the two-year performance period ended August 3, 2013. Such amounts represent the number of shares multiplied by \$60.31, the closing price per share of our common stock on the NASDAQ Global Select Market on August 2, 2013, the last business day of the fiscal year. For more information concerning the discretionary awards of shares to the Named Executive Officers, see EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Components of our Executive Compensation Program—Performance-Based Vesting Restricted Stock Units—Settlement of Fiscal 2012 Awards.

Amounts shown represent the grant date fair value of awards of stock options, as computed under ASC 718, granted to the Named Executive Officers during the fiscal year indicated. These amounts do not reflect the actual amounts that were paid to, or may be realized by, the Named Executive Officer for any of the fiscal years reflected.

(2) Refer to footnote 3 to the consolidated financial statements in our Annual Report on Form 10-K for the year ended August 3, 2013 for a discussion of the relevant assumptions used to determine the grant date fair value of these awards.

Amounts shown for fiscal 2013 reflect payments made in fiscal 2014 under our 2013 Senior Management Cash Incentive Plan related to fiscal 2013 performance. For a discussion regarding the 2013 Senior Management Cash Incentive Plan, see EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Components of our Executive Compensation Program—Performance-Based Annual Cash Incentive Compensation.

This column shows separately the possible payouts to the Named Executive Officers under our 2013 Senior Management Cash Incentive Plan for the fiscal year ended August 3, 2013 for "threshold", "target" and (1) "maximum" performance. Actual amounts paid in September 2013 for these incentives are reflected in the table included under Summary Compensation Table—Fiscal Years 2011-2013 under the column "Non-Equity Incentive Plan Compensation".

For Mr. Spinner's award granted on December 3, 2012, this column shows the number of performance shares (25,000) and performance units (5,123) granted in fiscal 2013 at target levels of performance. Vesting of Mr. Spinner's performance shares and performance units was linked to our attaining certain levels of operating income and return on invested capital for the last nine months of fiscal 2013. At the conclusion of the performance period, and based on our actual results measured against the performance measures, a total of 25,463 performance shares and 5,355 performance units vested.

(2) For each of the Named Executive Officers, including Mr. Spinner, with an award granted on September 13, 2012, this column shows the total dollar value of a performance-based restricted stock unit award made on the grant date in fiscal 2013, which is based on the sum of 125% of the Named Executive Officer's base salary for fiscal 2012 and 50% of the amount of the performance-based annual cash incentive award earned by the Named Executive Officer based on fiscal 2012 performance and paid in fiscal 2013. At the conclusion of the performance period, the performance units may vest based on our ROIC and Relative TSR. The performance units will be settled in a number of shares resulting from dividing the dollar value of the award earned by the closing price of our common stock on the date that the Compensation Committee determines the total number of units earned by the Named Executive Officer. The

performance units and their related performance-based vesting are described in more detail in EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Components of Our Executive Compensation Program—Long-term, Equity-Based Incentive Program—Performance-Based Vesting Restricted Stock Units.

(3) For grants during fiscal 2013, this column shows the number of time-based vesting restricted stock units granted in fiscal 2013 to the Named Executive Officers. All of the time-based vesting restricted stock units vest in four equal annual installments beginning on the first anniversary of the date of grant. For grants on September 10, 2013, this column shows the number of shares of common stock awarded to the Named Executive Officers on a discretionary basis related to the two-year performance period ended August 3, 2013. For more information concerning the discretionary awards of shares to the Named Executive Officers, see EXECUTIVE

COMPENSATION—Compensation Discussion and Analysis—Components of our Executive Compensation Program—Performance-Based Vesting Restricted Stock Units—Settlement of Fiscal 2012 Awards.

(4) This column shows the number of stock options granted in fiscal 2013 to the Named Executive Officers. These stock options vest and become exercisable on a one-for-one basis for our common stock in four equal annual installments beginning on the first anniversary of the date of grant and expire ten years from the date of grant.

(5) This column shows the exercise price of stock option awards, which was the closing price of our common stock on the date of grant.

For grants during fiscal 2013, the amount shown with respect to each award represents the grant date fair value of the award calculated using the assumptions described in footnotes (1) and (2) of the table included under Summary Compensation Table—Fiscal Years 2011-2013. The grant date fair value of performance shares and performance units was calculated based on the probable outcome of the performance result (i.e., target level of performance) for each of the performance periods, excluding the effect of estimated forfeitures. For grants on September 10, 2013,

(6) this column shows the dollar value of the number of shares of common stock awarded to the Named Executive Officers on a discretionary basis related to the two-year performance period ended August 3, 2013. The amounts represent the number of shares granted on a discretionary basis multiplied by \$60.31, the closing price per share of our common stock on the NASDAQ Global Select Market on August 2, 2013, the last business day of fiscal 2013. For more information concerning the discretionary awards of shares to the Named Executive Officers, see EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Components of our Executive Compensation Program—Performance-Based Vesting Restricted Stock Units—Settlement of Fiscal 2012 Awards.

(7) Although not granted within fiscal 2013, we are including this discretionary equity grant in the table because the dollar value of the award is included in the Summary Compensation Table for the 2013 fiscal year. For more information concerning the discretionary awards of shares to the Named Executive Officers, see EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Components of our Executive Compensation Program—Performance-Based Vesting Restricted Stock Units—Settlement of Fiscal 2012 Awards.

Outstanding Equity Awards at Fiscal 2013 Year-End

The following table summarizes information with respect to holdings of stock options and stock awards by the Named Executive Officers as of August 3, 2013. This table includes unexercised and unvested stock options, unvested time-based restricted stock units and unvested performance units. Each equity grant is shown separately for each Named Executive Officer, except that incentive stock options and non-qualified stock options granted on the same date with the same material terms, including exercise price, vesting period and expiration date, are combined.

(1) All awards included in the table above vested or will vest in four equal annual installments beginning on the first anniversary of the date of grant.

Market value reflects the number of unvested shares of restricted stock or restricted stock units multiplied by (2) \$60.31 per share, the closing price of our common stock on the NASDAQ Global Select Market on August 2, 2013, the last business day of fiscal 2013.

Represents the number of shares that may be issued pursuant to performance units at the threshold level of performance. The performance units have performance criteria tied to our performance in fiscal 2013 and fiscal 2014, and the number of performance units shown is based on the amounts of the Named Executive Officer's base (3) salary for fiscal 2013 and performance-based annual cash incentive award earned in fiscal 2012, which is described in more detail in EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Components of Our Executive Compensation Program—Long-term Equity-Based Incentive Program—Performance-Based Vesting Restricted Stock Units.

Market value reflects the number of shares that may be issued pursuant to performance units at the threshold level (4) of performance, multiplied by \$60.31 per share, the closing price of our common stock on the NASDAQ Global Select Market on August 2, 2013, the last business day of fiscal 2013.

Option Exercises and Stock Vested—Fiscal 2013

The following table summarizes information for the Named Executive Officers concerning exercise of stock options and vesting of restricted stock units, performance shares, and performance units during the fiscal year ended August 3, 2013, including (i) the number of shares of stock underlying options exercised in fiscal 2013; (ii) the aggregate dollar value realized upon such exercises of stock options utilizing the actual sales price for same-day sale transactions and the closing price for any exercise and hold transactions; (iii) the number of shares of stock received from the vesting of restricted stock units, performance shares and performance units during fiscal 2013; and (iv) the aggregate dollar value realized upon the vesting of such restricted stock units, performance shares and performance units.

In connection with the vesting of restricted stock and restricted stock units (including vested performance shares and performance units for Mr. Spinner and performance units for each of the other Named Executive Officers), our (1) Named Executive Officers surrendered shares of stock to cover withholding taxes, which reduced the actual value received upon vesting. The number of shares surrendered during fiscal 2013 but included in this table was: Mr. Spinner—29,334; Mr. Shamber—2,279; Mr. Traficanti—1,673; Mr. Griffin—2,422; and Mr. Smith—1,243.

The number of shares reported does not include the discretionary awards of 2,054, 879, 787, 1,042, and 788 shares of common stock to Messrs. Spinner, Shamber, Traficanti, Griffin and Smith, respectively, on September 10, 2013, related to the two-year performance period ended August 3, 2013. The dollar value of such shares is reported in (2) the table under Summary Compensation Table—Fiscal Years 2011-2013. For more information concerning the discretionary awards of shares to the Named Executive Officers, see EXECUTIVE

COMPENSATION—Compensation Discussion and Analysis—Components of our Executive Compensation Program—Performance-Based Vesting Restricted Stock Units—Settlement of Fiscal 2012 Awards.

(3) Represents the product of the number of shares or shares underlying units vested and the closing price of our common stock on the NASDAQ Global Select Market on the vesting date.

Mr. Spinner was awarded performance units during fiscal 2012, which vested with respect to 3,723 shares effective August 3, 2013 that are included herein. Mr. Spinner was awarded performance shares and performance units (4) during fiscal 2013, of which 25,463 performance shares and 5,355 performance units vested effective August 3, 2013 and are included herein. Mr. Spinner has elected to defer 25% of the shares issued upon vesting of his September 11, 2009

restricted stock unit award. One-quarter of such restricted stock units vested during fiscal 2013, and the value herein excludes the impact of the resulting deferral of 2,031 shares (\$112,206). For each portion of these stock awards that vests but is deferred, the proportionate number of shares are allocated to Mr. Spinner's balance in the Deferred Stock Plan. See the table under Nonqualified Deferred Compensation—Fiscal 2013.

Mr. Shamber was awarded performance units during fiscal 2012, which vested with respect to 1,593 shares effective August 3, 2013 that are included herein. Mr. Shamber has elected to defer 50% of the shares issued upon vesting of his September 11, 2009, September 10, 2010 and September 12, 2011 restricted stock unit awards.

(5) One-quarter of such restricted stock units vested during fiscal 2013, and the value herein excludes the resulting deferral of 4,137 shares (\$239,050). For each portion of these stock awards that vests but is deferred, the proportionate number of shares are allocated to Mr. Shamber's balance in the Deferred Stock Plan. See the table under Nonqualified Deferred Compensation—Fiscal 2013.

Mr. Traficanti was awarded performance units during fiscal 2012, which vested with respect to 1,427 shares effective August 3, 2013 that are included herein. (6) vested during fiscal 2013, and the value herein excludes the impact of the resulting deferral of 2,415 shares (\$145,938). For each portion of these stock awards that vests but is deferred, the proportionate number of shares are allocated to Mr. Traficanti's balance in the Deferred Stock Plan. See the table under Nonqualified Deferred Compensation—Fiscal 2013.

Mr. Griffin was awarded performance units during fiscal 2012, which vested with respect to 1,889 shares effective

(7) August 3, 2013 that are included herein.

Mr. Smith was awarded performance units during fiscal 2012, which vested with respect to 1,428 shares effective

Pension Benefits

We do not maintain any defined benefit pension plans.

Nonqualified Deferred Compensation—Fiscal 2013

Our executive officers and directors are eligible to participate in the Deferred Compensation Plan and the Deferred Stock Plan.

The Deferral Plans were established to provide participants with the opportunity to defer the receipt of all or a portion of their compensation. The purpose of the Deferral Plans is to allow executives and non-employee directors to defer compensation to a non-qualified retirement plan in amounts greater than the amount permitted to be deferred under our 401(k) Plan. Under the Deferral Plans, only the payment of the compensation earned by the participant is deferred and there is no deferral of the expense in our financial statements related to the participants' earnings. We record the related compensation expense in the year in which the compensation is earned by the participants.

Under the Deferred Compensation Plan, participants may elect to defer a minimum of \$1,000 and a maximum of 90% of base salary and 100% of bonuses, commissions, and effective January 1, 2007, share unit awards, earned by the participants for the calendar year. Under the Deferred Stock Plan, which was frozen effective January 1, 2007, participants could elect to defer between 0% and 100% of their restricted stock awards. From January 1, 2009 to December 31, 2010, participants' cash-derived deferrals under the Deferred Compensation Plan earned interest at the 5-year certificate of deposit annual yield taken from the Wall Street Journal Market Data Center (as captured on the first and last business date of each calendar quarter and averaged) plus 3% credited and compounded quarterly.

Effective January 1, 2011, participants may elect to allocate their cash-derived deferrals to certain measurement funds which track the performance of actual mutual funds and are treated as deemed investments. The earnings that would have been received if such actual investment had been made are credited to the participants' accounts in proportion to their hypothetical investments. The value of equity-based awards deferred under the Deferred Compensation and Deferred Stock Plans are based upon the performance of our common stock.

A participant in our Deferral Plans who terminates his or her employment with us due to retirement will be paid his or her Deferral Plan balances in a lump sum or in installments over a pre-determined period of time. A participant who terminates his or her employment with us due to disability (as defined in each of the Deferral Plans) will be paid his or her balances in a lump sum within 60 days after such participant is determined to have become disabled. Beneficiaries

of a participant who dies before a complete payout of his or her Deferral Plan balances will receive a lump sum payment within 60 days after the Compensation Committee is provided with proof of death of such participant. A participant who terminates his or her employment with us for any other reason will receive payment of his or her Deferral Plan balances in a lump sum, within 60

days after either (a) the six-month anniversary of the date on which such participant's employment with us terminates, if such participant is a "key employee" under the Deferral Plans or (b) the date on which such participant's employment with us terminates, for all other participants.

The following table summarizes information regarding the non-qualified deferred compensation of the Named Executive Officers in fiscal 2013, including deferrals of salaries, performance-based cash incentive compensation, and restricted stock unit compensation earned.

(1) Amounts reported in this column are reported as compensation in the "Salary" and "Non-Equity Incentive Compensation" columns for fiscal 2013 of the table under Summary Compensation Table—Fiscal Years 2011-2013. Participants' non-equity deferrals under the Deferred Compensation Plan earned investment returns based on the performance of certain measurement funds as allocated by the participants. Any amounts reflected in the

(2) "Aggregate Earnings in Last Fiscal Year" column for non-equity awards that had preferential earnings (in excess of 120% of the July 2013 "compounded annually" federal long-term rate) have been reported as compensation in the "Nonqualified Deferred Compensation Earnings" column in the table under Summary Compensable Table—Fiscal Years 2011-2013.

(3) The value of equity-based awards deferred under the Deferral Plans is based upon the performance of our common stock. For restricted stock and restricted stock units, earnings are calculated as follows: (i) number of vested shares deferred in fiscal 2013 valued at the change in the closing stock price from the date of vesting to the end of fiscal 2013 plus, (ii) the number of vested shares that were deferred prior to fiscal 2013, valued by the change in the closing stock price on the first day of fiscal 2013 to the last day of fiscal 2013. None of the amounts reflected in the "Aggregate Earnings in Last Fiscal Year" column for equity awards have been reported as compensation in table under Summary Compensable Table—Fiscal Years 2011-2013 as a result of the fact that above-market or preferential earnings are not possible in connection with these items.

(4) This column includes the following amounts that previously have been reported as non-equity compensation in fiscal 2012 and fiscal 2011 in the table under Summary Compensation Table—Fiscal Years 2011-2013 and summary compensation tables for prior fiscal years, combined: Mr. Spinner—\$307,426; Mr. Shamber—\$112,188; Mr. Traficanti—\$108,971, Mr. Griffin—\$80,322 and Mr. Smith—\$27,137.

Potential Payments Upon Termination or Change-in-Control

The information below describes and quantifies the compensation that would become payable to each of our Named Executive Officers under existing plans and arrangements if the Named Executive Officer's employment had terminated on August 3, 2013, given the Named Executive Officer's compensation and service levels as of such date and, if applicable, based on our closing stock price on that date. These benefits are in addition to benefits generally available to salaried employees. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event and our stock price at the time of such event.

As discussed under EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Other Programs, Policies and Considerations—Severance Agreements and Change in Control Agreements, we are currently a party to a severance agreement and change in control agreement with each of our Named Executive Officers.

If one of the Named Executive Officers were to die or become disabled, any unvested restricted stock units would become immediately vested, and any unexercisable stock options would be cancelled and forfeited. Any vested stock options exercisable at the time of death or disability would be exercisable for a period of time which ranges between one and three years, depending on the date of the grant, or until the grants' expiration date, if earlier.

For a description of termination provisions in the severance and change in control agreements, see EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Other Programs, Policies and Considerations—Severance Agreements and Change in Control Agreements. In addition, the award agreements for long-term equity-based incentives also address some of these circumstances. The following table describes the potential payments as of August 3, 2013 upon termination of the Named Executive Officers. This table excludes potential payments related to our Deferral Plans, which are described in more detail in Nonqualified Deferred Compensation—Fiscal 2013.

Amounts presented in this column assume that the Named Executive Officer is terminated without Cause or resigns for Good Reason following a Change in Control. If the Named Executive Officer's employment were terminated (1) for any reason other than termination without Cause or resignation for Good Reason following a Change in Control, the Named Executive would be entitled only to the amounts set forth in the Acceleration of Stock Options and Acceleration of Stock Awards rows.

Amount represents continuation of the Named Executive Officer's base salary for one year following the assumed (2) date of termination, but does not include any earned but unpaid cash incentive payment as of the assumed termination date.

Amount represents the sum of (i) three times Mr. Spinner's base salary and (ii) the average of Mr. Spinner's cash
(3) incentive payments paid in up to the three years prior to the year in which his employment was assumed terminated, but does not include any earned but unpaid cash incentive payment as of the assumed termination date.

Amount represents the value of continuing medical benefits for the Named Executive Officer and his dependents for a period of twelve months following a termination by us without Cause or a resignation by the Named
(4) Executive Officer for Good Reason, or in the case of termination by us without Cause or his resignation for Good Reason in either event within one year following a Change in Control, continuation of those benefits for three years following the termination date.

Amount represents an amount equal to the pro rata portion (based on the number of full calendar months elapsed in
(5) the fiscal year of termination) of the unvested balance of the Employee Stock Ownership Plan which would vest on the next anniversary date following the date of the Employee's termination.

(6) Amount represents the value of the Named Executive Officer's ESOP account balance as of August 3, 2013, which would become 100% vested as of the termination date.

Amount represents the intrinsic value of each unvested stock option, share of restricted stock, restricted
(7) stock unit or unearned performance unit outstanding on August 3, 2013, and which vests on an accelerated basis following the relevant termination event, with unearned performance units vesting based on the "target" level of performance. These amounts are calculated by multiplying (i) the aggregate number of equity awards which vest on an accelerated basis by (ii) the amount by which \$60.31 per share, the closing price of our common stock on the NASDAQ Global Select Market on August 2, 2013, the last business day of fiscal 2013, exceeds the exercise price payable per award, if any.

Amount represents the intrinsic value of each restricted stock unit outstanding on August 3, 2013, which vests on an accelerated basis following the death or disability (as defined in the 2004 Equity Plan) of the Named Executive
(8) Officer. These amounts are calculated by multiplying (i) the aggregate number of equity awards which vest on an accelerated basis by (ii) the amount by which \$60.31 per share, the closing price of our common stock on the NASDAQ Global Select Market on August 2, 2013, the last business day of fiscal 2013, exceeds the exercise price payable per award, if any.

Amount represents the sum of (i) 2.99 times the Named Executive Officer's base salary at the assumed termination
(9) date; and (ii) the average of the Named Executive Officer's cash incentive payments paid in up to the three years prior to the year in which his employment was assumed terminated, but does not include any bonus earned but not paid as of the assumed termination date.

(10) The Named Executive Officer is already fully vested in his or her ESOP account balance as of August 3, 2013. Therefore no incremental benefit would be realized as a result of a change in control.

Amount represents the sum of (i) 1.5 times the Named Executive Officer's base salary at the assumed
(11) termination date; and (ii) the average of the officer's cash incentive payments paid in up to the three years prior to the year in which his employment was assumed terminated, but does not include any bonus earned but not paid as of the assumed termination date.

PROPOSAL 2—RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board, upon the recommendation of the Audit Committee, has selected KPMG LLP as our independent registered public accounting firm for the fiscal year ending August 2, 2014, subject to ratification by stockholders at the annual meeting. Stockholder ratification of the selection of KPMG LLP as our independent registered public accounting firm is not required by law or otherwise. However, the Board is submitting the selection of KPMG LLP to stockholders for ratification as a matter of good corporate governance. If stockholders do not ratify the selection of KPMG LLP, the Board will reconsider the matter.

Representatives of KPMG LLP, which served as our independent registered public accounting firm for the fiscal year ended August 3, 2013, will be present at the annual meeting to respond to appropriate questions and to make such statements as they may desire.

The Board unanimously recommends that stockholders vote "FOR" ratification of the selection of KPMG LLP as our independent registered public accounting firm for fiscal 2014. Proxies received by the Board will be voted "FOR" the proposal unless a contrary choice is specified in the proxy.

Fees Paid to KPMG LLP

In addition to retaining KPMG LLP to audit our financial statements for fiscal 2013, we engaged the firm from time to time during the year to perform other services. The following table sets forth the aggregate fees billed by KPMG LLP in connection with services rendered during the last two fiscal years.

Fee Category	Fiscal 2013	Fiscal 2012
Audit Fees	\$1,190,277	\$1,080,060
Audit-Related Fees	70,132	162,598
Tax Fees	228,610	196,598
All Other Fees	1,650	11,150
	\$1,490,669	\$1,383,650

Audit Fees consists of fees billed for professional services rendered in connection with the audit of our annual financial statements, including fees related to KPMG LLP's assessment of internal control over financial reporting, the review of the interim financial statements included in quarterly reports and services that are normally provided by KPMG LLP in connection with statutory and regulatory filings or engagements.

Audit-Related Fees consists of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under "Audit Fees." These services include employee benefit plan audits, accounting consultations in connection with acquisitions, attest services that are not required by statute or regulation and consultations concerning financial accounting and reporting standards.

Tax Fees consists of fees billed for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal and state tax compliance, cost segregation studies, tax audit defense and mergers and acquisitions.

All Other Fees consists of fees for services other than the services reported above. In fiscal 2012 and 2013, we utilized KPMG LLP for a subscription to an online accounting research tool, and in fiscal 2012, also for certain due diligence matters related to potential acquisitions.

The Audit Committee has considered whether the provision of the non-audit services described above by KPMG LLP is compatible with maintaining auditor independence and determined that KPMG LLP's provision of non-audit services did not compromise its independence as our independent registered public accounting firm.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services

In accordance with its charter, the Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by KPMG LLP. These services may include audit services, audit-related services, tax services and other related services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. KPMG LLP and management are required to periodically

report to the Audit Committee regarding the extent of services provided by KPMG LLP in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. In fiscal 2012, the Audit Committee approved revisions to its charter and adopted a written pre-approval policy pursuant to which, among other things, the Audit Committee delegated pre-approval authority (subject to certain exceptions and dollar limits) to the chairperson of the Audit Committee who shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. During fiscal 2013, all services provided to us by KPMG LLP were pre-approved either by the Audit Committee or the chairperson of the Audit Committee acting pursuant to delegated authority in accordance with the pre-approval policy and the Audit Committee's charter.

PROPOSAL 3—ADVISORY APPROVAL OF OUR EXECUTIVE COMPENSATION

As described in EXECUTIVE COMPENSATION—Compensation Discussion and Analysis, the Compensation Committee's goal in setting executive compensation is to provide a compensation program that attracts individuals with the skills necessary for us to achieve our business plan, motivates our executive talent, rewards those individuals fairly over time for performance that enhances stockholder value and retains those individuals who continue to perform at or above the levels that are deemed necessary to ensure our success. Our compensation program is also designed to reinforce a sense of ownership in our company, urgency with respect to meeting deadlines and overall entrepreneurial spirit and to link rewards, including both short-term and longer term awards, as well as cash and non-cash awards, to measurable corporate and individual performance metrics established by the Compensation Committee. In applying these principles, we seek to integrate compensation with our short- and long-term strategic plans and to align the interests of our executives with the long-term interests of our stockholders.

Our compensation programs are designed so that they maintain a pay-for-performance incentive program but do not include compensation mix overly weighted toward annual incentives, highly leveraged short-term incentives, uncapped or "all or nothing" bonus payouts or unreasonable performance goals. Our cash and equity incentive programs include several design features that reduce the likelihood of excessive risk-taking, including the use of reasonably obtainable and balanced performance metrics, maximum payouts at levels deemed appropriate, a carefully considered "peer group" to assure our compensation practices are measured and appropriately competitive, and significant weighting towards long-term incentives that promote longer-term goals and reward sustainable stock, financial and operating performance, especially when combined with our executive stock ownership guidelines. Additionally, our executive compensation recoupment policy allows us to recover bonus payments and certain equity awards under certain circumstances, and compliance and ethical behaviors are factors considered in all performance and bonus assessments.

Stockholders are urged to read the Compensation Discussion and Analysis, which discusses how our compensation policies and procedures implement our compensation objectives and philosophies, as well as the table under EXECUTIVE COMPENSATION TABLES—Summary Compensation Table—Fiscal Years 2011-2013 and other related compensation tables and narrative disclosure which describe the compensation of our Named Executive Officers in fiscal 2013.

The Compensation Committee and the Board believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in aligning the interests of our executives with those of our stockholders and incentivizing performance that supports our short- and long-term strategic objectives, and that the compensation of the Named Executive Officers in fiscal 2013 reflects and supports these compensation policies and procedures.

As required by Section 14A of the Exchange Act and as a matter of good corporate governance, stockholders will be asked at the annual meeting to approve the following advisory resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

This advisory vote, commonly referred to as a "say-on-pay" advisory vote, is non-binding on the Board. Although non-binding, the Board and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding our executive compensation programs.

The Board unanimously recommends that stockholders vote "FOR" the advisory approval of our executive compensation. Proxies received by the Board will be voted "FOR" the proposal unless a contrary choice is specified in the proxy.

PROPOSAL 4—APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS

We are proposing amendments to our Certificate of Incorporation to declassify the Board. If our stockholders approve the proposed amendments to the Certificate of Incorporation and approve the proposed amendments to our Bylaws, as described in Proposal 5—APPROVAL OF AMENDMENTS TO OUR BYLAWS TO DECLASSIFY OUR BOARD OF DIRECTORS, all directors elected at or after the 2013 annual meeting will be elected for one-year terms.

Background

The Certificate of Incorporation and the Bylaws currently divide members of the Board into three classes, with each director serving until the date of the third annual meeting following the annual meeting at which such director was elected. As a result, approximately one third of the Board stands for election each year—an arrangement commonly known as a “classified” or “staggered” board.

At our 2012 annual meeting of stockholders, our stockholders overwhelmingly supported and approved a non-binding stockholder proposal to elect each director annually. In response to such support, and based on the Board’s evaluation of our corporate governance practices and the best interests of the Company and its stockholders, we are asking our stockholders to approve amendments to the Certificate of Incorporation and the Bylaws to declassify the Board and to establish annual elections of directors. The Board unanimously approved and recommends that our stockholders approve the proposed amendments to the Certificate of Incorporation and the Bylaws.

Proposed Amendments to the Certificate of Incorporation

The proposed amendments to the Certificate of Incorporation will modify Article ELEVENTH of the Certificate of Incorporation to eliminate the Board’s classified board structure. If our stockholders approve the proposed amendments to the Certificate of Incorporation and the proposed amendments to the Bylaws as described in Proposal 5—APPROVAL OF AMENDMENTS TO OUR BYLAWS TO DECLASSIFY OUR BOARD OF DIRECTORS, the classification of the Board will be phased out beginning with the 2013 annual meeting of stockholders, such that all nominees for election as directors will be elected to serve for one-year terms beginning with the annual meeting of stockholders to be held in 2015. During the phase-out period, the nominees for election as Class II directors at the 2013 annual meeting of stockholders will be elected to serve for one-year terms expiring at the annual meeting of stockholders to be held in 2014, and the nominees for election as Class II and Class III directors at the annual meeting of stockholders to be held in 2014 will be elected to serve for one-year terms expiring at the annual meeting of stockholders to be held in 2015. Beginning with the annual meeting of stockholders to be held in 2015, the Board will no longer be classified, and all director nominees will be elected for one-year terms.

No term of an existing director will be shortened or otherwise modified as a result of adoption of the proposed amendments to the Certificate of Incorporation. Until the annual meeting of stockholders to be held in 2015, any director of any class elected to fill a vacancy on the Board resulting from an increase in the number of directors of such class will hold office for a term that coincides with the remaining term of that class, and any director elected to fill a vacancy on the Board not resulting from an increase in the number of directors will have the same remaining term as that of his or her predecessor.

Under the current Certificate of Incorporation and Bylaws, directors serving on the Board may only be removed by our stockholders for cause. If the proposed amendments to the Certificate of Incorporation and the proposed amendments to the Bylaws as described in Proposal 5—APPROVAL OF AMENDMENTS TO OUR BYLAWS TO DECLASSIFY OUR BOARD OF DIRECTORS, are approved, our stockholders will have the ability to remove a director from the Board with or without cause once that director is elected for an annual term. Under the proposed amendments to the Certificate of Incorporation, any removal of a director (whether removed with or without cause) will continue to require the affirmative vote of holders of at least two-thirds of the shares of our common stock issued and outstanding and entitled to vote.

The complete text of the proposed amendments to the Certificate of Incorporation is included in Appendix A to this proxy statement. The foregoing summary is qualified in its entirety by reference to the text of the amendments. You are urged to read the proposed amendments in their entirety.

If our stockholders do not approve the proposed amendments to the Certificate of Incorporation and the proposed amendments to the Bylaws as described in Proposal 5—APPROVAL OF AMENDMENTS TO OUR BYLAWS TO

DECLASSIFY OUR BOARD OF DIRECTORS, the Board will remain classified and nominees for election as directors, including Mmes. Bates and Graham, will continue to be elected for three-year terms. In addition, removal of directors by our stockholders would continue to be permissible only for cause.

Vote Required and Board Recommendation

The approval of the proposed amendments to the Certificate of Incorporation requires the affirmative vote of the holders of at least two-thirds of the shares of our common stock issued and outstanding and entitled to vote.

The Board unanimously recommends that our stockholders vote “FOR” approval of the proposed amendments to the Certificate of Incorporation to declassify the Board. Proxies received by the Board will be voted “FOR” the proposal unless a contrary choice is specified in the proxy.

PROPOSAL 5—APPROVAL OF AMENDMENTS TO OUR BYLAWS TO DECLASSIFY OUR BOARD OF DIRECTORS

We are proposing amendments to the Bylaws to declassify the Board. If our stockholders approve the proposed amendments to the Bylaws and approve the proposed amendments to the Certificate of Incorporation as described in Proposal 4—APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS, all directors elected at or after the 2013 annual meeting will be elected for one-year terms.

Background

The Certificate of Incorporation and the Bylaws currently divide members of the Board into three classes, with each director serving until the date of the third annual meeting following the annual meeting at which such director was elected. As a result, approximately one third of the Board stands for election each year—an arrangement commonly known as a “classified” or “staggered” board.

At our 2012 annual meeting of stockholders, our stockholders overwhelmingly supported and approved a non-binding stockholder proposal to elect each director annually. In response to such support, and based on the Board’s evaluation of our corporate governance practices and the best interests of the Company and its stockholders, we are asking our stockholders to approve amendments to the Certificate of Incorporation and the Bylaws to declassify the Board and to establish annual elections of directors. The Board unanimously approved and recommends that our stockholders approve the proposed amendments to the Certificate of Incorporation and the Bylaws.

Proposed Amendments to the Bylaws

The proposed amendments to the Bylaws will modify Sections 2.3-2.6 and 2.15 of the Bylaws to eliminate the Board’s classified board structure. If our stockholders approve the proposed amendments to the Bylaws and the proposed amendments to the Certificate of Incorporation as described in Proposal 4—APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS, the classification of the Board will be phased out beginning with the 2013 annual meeting of stockholders, such that all nominees for election as directors will be elected to serve for one-year terms beginning with the annual meeting of stockholders to be held in 2015. During the phase-out period, the nominees for election as Class II directors at the 2013 annual meeting of stockholders will be elected to serve for one-year terms expiring at the annual meeting of stockholders to be held in 2014, and the nominees for election as Class II and Class III directors at the annual meeting of stockholders to be held in 2014 will be elected to serve for one-year terms expiring at the annual meeting of stockholders to be held in 2015. Beginning with the annual meeting of stockholders to be held in 2015, the Board will no longer be classified, and all director nominees will be elected for one-year terms.

No term of an existing director will be shortened or otherwise modified as a result of adoption of the proposed amendments to the Bylaws. Until the annual meeting of stockholders to be held in 2015, any director of any class elected to fill a vacancy on the Board resulting from an increase in the number of directors of such class will hold office for a term that coincides with the remaining term of that class, and any director elected to fill a vacancy on the Board not resulting from an increase in the number of directors will have the same remaining term as that of his or her predecessor.

Under the current Bylaws, directors serving on the Board may only be removed by our stockholders for cause and with the affirmative vote of holders of 67% of the shares of our common stock issued and outstanding. If the proposed amendments to the Bylaws and the proposed amendments to the Certificate of Incorporation as described in Proposal 4—APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS, are approved, our stockholders will have the ability to remove a director from the Board with or without cause once that director is elected for an annual term. Under the proposed amendments to the Bylaws, such removal of a director (whether removed with or without cause) will require the affirmative vote of holders of at least two-thirds of the shares of our common stock issued and outstanding and entitled to vote.

The complete text of the proposed amendments to the Bylaws is included in Appendix B to this proxy statement. The foregoing summary is qualified in its entirety by reference to the text of the amendments. You are urged to read the proposed amendments in their entirety.

If our stockholders do not approve the proposed amendments to the Bylaws and the proposed amendments to the Certificate of Incorporation as described in Proposal 4—APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS, the Board will remain classified and nominees for election as directors, including Ms. Graham and Ms. Bates, will continue to be elected for three-year terms. In addition, removal of directors by our stockholders would continue to be permissible only for cause.

Vote Required and Board Recommendation

The approval of the proposed amendments to the Bylaws requires the affirmative vote of the holders of at least 67% of the shares of our common stock issued and outstanding and entitled to vote.

The Board unanimously recommends that our stockholders vote “FOR” approval of the proposed amendments to the Bylaws to declassify the Board. Proxies received by the Board will be voted “FOR” the proposal unless a contrary choice is specified in the proxy.

PROPOSAL 6—SHAREHOLDER PROPOSAL: SIMPLE MAJORITY VOTE

We have been advised that James McRitchie and Myra Young, 9295 Yorkship Court, Elk Grove, CA 95758, beneficial owners of no less than 300 shares of common stock, intend to present the following proposal for consideration at the annual meeting. The proponents' resolution and supporting statement are quoted verbatim below. We are not responsible for the content of the proponents' proposal or supporting statement.

Proponents' Proposal and Supporting Statement

Proposal 6- Simple Majority Vote

RESOLVED, Shareholders request that our board take the steps necessary so that each voting requirement in our charter and bylaws that calls for a greater than simple majority vote be eliminated, and replaced by a requirement for a majority of the votes cast for and against applicable proposals, or a simple majority in compliance with applicable laws. If necessary this means the closest standard to a majority of the votes cast for and against such proposals consistent with applicable laws.

Shareowners are willing to pay a premium for shares of corporations that have excellent corporate governance. Supermajority voting requirements have been found to be one of six entrenching mechanisms that are negatively related to company performance according to "What Matters in Corporate Governance" by Lucien Bebchuk, Alma Cohen and Allen Ferrell of the Harvard Law School. Supermajority requirements are arguably most often used to block initiatives supported by most shareowners but opposed by a status quo management.

This proposal topic won from 74% to 88% support at Weyerhaeuser, Alcoa, Waste Management, Goldman Sachs, FirstEnergy, McGraw-Hill and Macy's. The proponents of these proposals included Ray T. Chevedden and William Steiner. Currently a 1%-minority can frustrate the will of our 66%-shareholder majority that seeks to improve to our corporate governance.

This proposal should also be evaluated in the context of our Company's clearly improvable corporate governance climate as reported in 2012:

GMI Ratings, an independent investment research firm, rated our company "High Concern" in Takeover Defenses. This means that if there is mismanagement, it will be more difficult to replace management. According to data summarized by GMI Ratings, we did not have the advantage of an independent board chairman. Plus our lead director, Gordon Baker, received our highest negative votes. Directors with long tenure of 11 to 17 years included Gail Graham, James Heffernan, Gordon Baker and Michael Funk. Plus these directors controlled the majority of the seats on our key board committees. More than 10-years tenure erodes the independence of directors.

There was no opportunity to see or meet the officers or directors of our company at our annual meeting. The responsibility for this evasive fox-hole practice should fall on Gordon Baker, who was the chairman of our corporate governance committee in addition to being our Lead Director.

We gave 87% support to a 2012 shareholder proposal to transition to one-year terms for directors. This 87% support was all the more impressive since our company sent out ballots that did not even mention this topic. Our ballots also suggested that this proposal, stripped of its name by our management, would not even be presented at the annual meeting.

Returning to the topic of this proposal from the context of our clearly improvable corporate governance climate, please vote to protect shareholder value:

Simple Majority Vote - Proposal 6*

The Company's Statement in Opposition to Proposal 6

The Board and its Nominating and Governance Committee have carefully considered the proposal submitted by James McRitchie and Myra Young and believe that its adoption is not in the best interests of the Company or its stockholders. For the reasons discussed below, the Board opposes this stockholder proposal and unanimously recommends that stockholders vote "AGAINST" the stockholder proposal.

A simple majority vote standard already applies to most matters submitted to a vote of our stockholders, including uncontested elections of directors. However, our Certificate of Incorporation and Bylaws do require approval of holders of two thirds or 67%, respectively, of our outstanding shares for a small number of fundamental matters, including removal of a director from office and amending our Certificate of Incorporation or Bylaws to alter the

provisions dealing with the size,

57

structure and composition of the Board, the prohibition on stockholders calling a special meeting or acting by written consent, or the advance notice procedures for stockholder proposals. This higher standard does not apply to approval of a merger, for which only a vote of a majority of our outstanding shares is required.

The supermajority voting requirements are intended to maximize long-term value for all stockholders and to provide protection for all stockholders against self-interested actions of one or a few large stockholders. The Board believes that a limited number of fundamental matters should have the support of a broad consensus of our stockholders rather than a simple majority of shares voting at a meeting. Under a simple majority voting standard, where only a “majority of the votes cast for and against” is required, a minority of stockholders could approve certain key actions and significantly alter the governance of the Company. For example, if the simple majority voting standard were adopted as proposed, and only 50.1% of the shares outstanding are voted at a stockholders’ meeting, holders of just 25.1% of our outstanding shares of common stock could approve corporate changes that could negatively impact the interests of our stockholders, such as changing quorum or voting requirements. As a result, a group of short-term stockholders, who do not have the same fiduciary duties to other stockholders as the members of the Board, may act in their own self-interests to the detriment of other stockholders. Accordingly, the Board believes that the supermajority voting requirements in place protect our stockholders against potential self-interested actions of short-term investors.

The proponents rely on a Harvard Law School article to support their contention that supermajority voting standards are negatively related to company performance. However, the article cited by the proponents cites several additional factors negatively related to a company’s valuation, including classified boards of directors, supermajority requirements for mergers, and poison pills. As described in PROPOSAL 4—APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS and PROPOSAL 5—APPROVAL OF AMENDMENTS TO OUR BYLAWS TO DECLASSIFY OUR BOARD OF DIRECTORS, the Board is proposing to amend our Certificate of Incorporation and Bylaws to replace our current classified board structure with annual elections of directors. Furthermore, the voting standard applicable to mergers is a majority of shares outstanding, the standard under the Delaware General Corporation Law, and we do not have a poison pill. Consequently, the article cited by the proponents is not fully on point.

The proponents suggest that our corporate governance practices are improvable. As discussed further in CORPORATE GOVERNANCE—Summary, the Board actively monitors developments related to corporate governance of public companies, including ways to improve its practices. For instance, based on feedback from certain stockholders, including the proponents, who would prefer an in-person annual meeting of stockholders rather than virtual-only annual meetings, we are offering both a virtual and in-person option for stockholder attendance at the 2013 annual meeting. We believe this hybrid approach is consistent with our focus on sustainability and providing expanded access to our annual meeting to all of our stockholders, while at the same time respectful of stockholder preferences.

The proponents have also suggested that our directors’ length of tenure supports a vote in favor of the simple-majority proposal. Although we believe the two topics are unrelated, the Board believes that its director nomination and evaluation process has aided in assembling a board that represents a range of experience and personal characteristics necessary for an effective board. The Board values the industry experience and deep understanding of our business that our directors have acquired through service on the Board, including the institutional knowledge that some of our directors possess through more than a decade of service. The Board also values fresh insight provided by new directors and, to that end, has appointed three new directors since August 2010.

Stockholder approval of this proposal would not in itself change the current voting standards. Under our Certificate of Incorporation and Bylaws, to revise the current supermajority voting standards, the Board must first authorize amendments to the Certificate of Incorporation and Bylaws, and stockholders would then have to approve the amendments with an affirmative vote not less than two thirds or 67% of outstanding shares, respectively.

The Board unanimously recommends that stockholders vote "AGAINST" this stockholder proposal. Proxies received by the Board will be voted "AGAINST" the proposal unless a contrary choice is specified in the proxy.

PROPOSAL 7—STOCKHOLDER PROPOSAL ON POLICY REGARDING ACCELERATED VESTING OF EQUITY AWARDS OF NAMED EXECUTIVE OFFICERS UPON A CHANGE IN CONTROL

We have been advised that the Teamsters General Fund of the International Brotherhood of Teamsters, 25 Louisiana Avenue, NW, Washington, DC 20001, beneficial owner of no less than 185 shares of common stock, intends to present the following proposal for consideration at the annual meeting. The proponent's resolution and supporting statement are quoted verbatim below. We are not responsible for the content of the proponent's proposal or supporting statement.

Proponent's Proposal and Supporting Statement

RESOLVED: The shareholders ask the Board of Directors to adopt a policy that in the event of a change in control (as defined under any applicable employment agreement, equity incentive plan or other plan), there shall be no acceleration of vesting of any equity award granted to any named executive officer, provided, however, that the Board's Compensation Committee may provide in an applicable grant or purchase agreement that any unvested award will vest on a partial, pro rata basis up to the time of the senior executive's termination, with such qualifications for an award as the Committee may determine.

For purposes of this Policy, "equity award" means an award granted under an equity incentive plan as defined in Item 402 of the SEC's Regulation S-K, which addresses executive compensation. This resolution shall be implemented so as not to affect any contractual rights in existence on the date this proposal is adopted.

SUPPORTING STATEMENT: United Natural Foods, Inc. (the "Company") allows named executive officers to receive an accelerated award of unearned equity under certain conditions after a change of control of the Company. We do not question that some form of severance payments may be appropriate in that situation. We are concerned, however, that current practices at the Company may permit windfall awards that have nothing to do with an executive's performance. According to last year's proxy statement, a termination combined with a change of control at the end of the 2012 fiscal year could have accelerated the vesting of \$12 million worth of long-term equity to United Natural Foods' five named executive officers, with Mr. Spinner, the President and CEO, entitled to \$5.5 million out of a total personal severance package worth \$8.4 million under certain termination scenarios.

In this regard, we note that United Natural Foods uses a "double trigger" mechanism to determine eligibility for accelerated vesting: (1) there must be a change of control, which can occur as defined in the plan or agreement, and (2) employment must be terminated.

We are not persuaded by the argument that executives somehow "deserve" to receive unvested awards. To accelerate the vesting of unearned equity on the theory that an executive was denied the opportunity to earn those shares seems inconsistent with a "pay for performance" philosophy worthy of the name.

We do believe, however, that an affected executive should be eligible to receive an accelerated vesting of equity awards on a pro rata basis as of his or her termination date, with the details of any pro rata award to be determined by the Compensation Committee.

Other major corporations, including: Apple, Chevron, Dell, ExxonMobil, IBM, Intel, Microsoft, and Occidental Petroleum, have limitations on accelerated vesting of unearned equity, such as providing pro rata awards or simply forfeiting unearned awards.

We urge you to vote FOR this proposal.

The Company's Statement in Opposition to Proposal 7

The Board and its Nominating and Governance Committee, with input from the Board's Compensation Committee, have carefully considered the proposal submitted by the Teamsters General Fund of the International Brotherhood of Teamsters and believe that its adoption is not in the best interests of the Company or its stockholders. For the reasons discussed below, the Board opposes this stockholder proposal and unanimously recommends that stockholders vote "AGAINST" the stockholder proposal.

For all our employees who participate in our equity plans, including our named executive officers, we utilize a "double-trigger" mechanism for accelerating the vesting of equity awards upon a change in control. As applicable in the case of our equity plans, double-trigger acceleration requires both the occurrence of a change in control and a termination of employment within one year following such change in control. The Board believes that its current

practice of using double-trigger acceleration of vesting of equity awards is appropriate and in the best interest of the Company and its stockholders as it would help prevent the loss of key personnel in a change in control situation and is consistent with the practices of numerous publicly traded companies, including many of those with whom we compete for talent.

A significant portion of our named executive officers' compensation opportunity is provided in the form of equity awards that vest either over a period of up to four years of continued employment or upon the achievement of certain performance-related metrics. This equity-based compensation only has value if vesting of the award occurs, and these equity awards support the achievement of our business strategies and goals. The Board believes that our existing practice of using double-trigger acceleration of vesting of equity awards aligns the interest of our named executive officers with those of our stockholders and will incentivize our named executive officers to remain objective, avoid conflicts of interest and stay focused on executing a strategic change that maximizes stockholder value in a change in control situation. We believe that our existing double-trigger acceleration of vesting practice will motivate our employees, including our named executive officers, to continue to work for us, even if they perceive that a change in control is imminent, which prevents the potential loss of key personnel at a time when retaining such employees could have a critical impact on the successful execution of a change in control transaction that would benefit our stockholders. The risk of job loss, coupled with the loss of significant equity awards, may present an unnecessary distraction for our named executive officers and could lead to our named executive officers beginning to seek new employment while a change in control transaction is being negotiated or is pending. The Board believes that the proponent's proposal, which would have us adopt a policy under which equity awards of named executive officers would vest on an accelerated basis using a vague, pro rata formula, would frustrate our retention objectives in a change in control situation.

From a competitive standpoint, we are mindful of the acceleration practices of other publicly traded companies with whom we compete for talent, unlike the proponent who cites eight companies that have considerably larger market capitalization than us and compete in the technology and oil and gas industries. Based on publicly available information, a significant majority of the public companies against whom we have historically compared our performance (and we believe most public companies generally) do not restrict the acceleration of vesting of equity awards in connection with a termination following a change in control. In fact, a number of the companies against whom we have historically compared our performance utilize a "single-trigger" acceleration mechanism, which allows for acceleration of vesting of equity awards upon a change in control without the requirement of a termination of employment. The Board believes that limiting our existing practice of using double-trigger acceleration of vesting of equity awards could significantly disadvantage us from recruiting and retaining key executives, particularly in light of the practices of other companies with whom we compete for talent.

Finally, the Board believes it is worth mentioning that the compensation of our named executive officers was approved by holders of more than 90% of shares voting at each of our 2012 and 2011 annual meetings of stockholders, and the 2012 Equity Plan, which includes provisions for the acceleration of vesting of equity awards issued to our named executive officers upon a termination of these individuals' employment following a change in control, was approved by holders of more than 87% of shares voting at our 2012 annual meeting of stockholders. The Board believes that our stockholders have had, and will continue to have, the opportunity to provide holistic feedback on our compensation practices.

The Board unanimously recommends that stockholders vote "AGAINST" this stockholder proposal. Proxies received by the Board will be voted "AGAINST" the proposal unless a contrary choice is specified in the proxy.
