PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors (the "Board") of Univest Corporation of Pennsylvania (the "Corporation" or "Univest"), 14 North Main Street, P.O. Box 197, Souderton, Pennsylvania 18964, for use at the Annual Meeting of Shareholders to be held April 18, 2017, at the Indian Valley Country Club, 650 Bergey Road, Telford, PA 18969 and at any adjournment thereof. Copies of this Proxy Statement and proxies to vote the Common Stock are being sent to the shareholders on or about March 17, 2017. Any shareholder executing a proxy may revoke it at any time by giving written notice to the Secretary of the Corporation before it is voted. Some of the officers of the Corporation or employees of Univest Bank and Trust Co. (the "Bank") and other subsidiary companies or employees of Broadridge Corporate Issuer Solutions, Inc. ("Broadridge"), the Corporation's transfer agent, may solicit proxies personally and by telephone, if deemed necessary. The Corporation will bear the cost of solicitation and will reimburse brokers or other persons holding shares of the Corporation's voting stock in their names, or in the names of their nominees, for reasonable expense in forwarding proxy cards and proxy statements to beneficial owners of such stock.

The person named in the proxy will vote in accordance with the instructions of the shareholder executing the proxy, or in the absence of any such instruction, for or against on each matter in accordance with the recommendations of the Board set forth in the proxy.

Univest's Board of Directors recommends a vote:

1. FOR the election of five Class III Directors each for a three-year term expiring in 2020 and until their successors are elected and qualified.
2. FOR the ratification of KPMG LLP as our independent registered public accounting firm for 2017.
3. FOR the approval of, on an advisory basis, the compensation of our named executive officers as presented in this Proxy Statement.
4. FOR the approval of conducting annual advisory votes on executive compensation.

The Board has fixed the close of business on February 16, 2017, as the record date for the determination of shareholders entitled to notice and to vote at the Annual Meeting. As of February 16, 2017, there were 26,640,079 outstanding shares of Common Stock entitled to be voted at the Annual Meeting.

Holders of record of the Corporation's Common Stock on February 16, 2017 will be entitled to one vote per share on all business of the meeting. The five nominees for election as Class III Directors who receive the highest number of votes cast, in person or by proxy, at the meeting will be elected as Class III Directors. Shareholders cannot cumulate votes for the election of Directors. The other matters of business listed in this proxy will be decided by the affirmative vote of a majority of all votes cast, in person and by proxy, at the meeting.

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock will constitute a quorum for the transaction of business at the meeting. If you are the beneficial owner of shares held in the name of a broker, trustee or other nominee and do not provide that broker, trustee or other nominee with voting instructions, your shares may constitute "broker non-votes." Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. These matters include the election of Directors, the advisory vote regarding executive compensation, and the advisory vote on the frequency of the advisory votes on executive compensation. Abstentions and broker non-votes will be counted as shares present at the meeting for the purpose of determining the existence of a quorum, but will not be counted as votes for or against the election of any nominee for director or with respect to any other proposal brought before the meeting.

Section 16 (a) Beneficial Ownership Reporting Compliance

Section 16 (a) of the Securities Exchange Act of 1934 requires the Corporation's Directors and Executive Officers, and persons who own more than ten percent of a registered class of the Corporation's equity securities, to file with the Securities and Exchange Commission (the SEC) initial reports of ownership and reports of changes in ownership of Common Shares and other equity securities of the Corporation. Officers, Directors and greater than ten percent shareholders are required by SEC regulations to furnish the Corporation with copies of all Section 16 (a) forms they file.

To the Corporation's knowledge, based solely on a review of the copies of such reports furnished to the Corporation and written representations that no other reports were required during the fiscal year ended December 31, 2016, all Section 16 (a) reports by its Officers and Directors were timely filed, except one report on Form 4 filed by Mark A. The Corporation's Board of Directors determined that all directors, with the exception of Mr. K. L. Moyer and Mr. Schweitzer, are independent within the meaning of the listing standards of the NASDAQ Stock Market and SEC regulations. The Board has determined that a lending relationship resulting from a loan made by the Bank to a director would not affect the determination of independence if the loan complies with Regulation O under the federal banking laws. The Board also determined that maintaining with the Bank a deposit, savings or similar account by a director or any of the director's affiliates would not affect the determination of independence if the account is maintained on the same terms and conditions as those available to similarly situated customers. There are no family relationships among our directors or executive officers.

The responsibilities of the Audit Committee of the Board (the "Audit Committee") include: annual review of and recommendation to the Board for the selection of the Corporation's independent registered public accounting firm, review with the internal auditors and independent registered public accounting firm the overall scope and plans for the respective audits as well as the results of such audits, and review with management, the internal auditors and independent registered public accounting firm the effectiveness of accounting and financial controls, and interim and annual financial reports. All of the members of the Audit Committee are independent as defined in the listing standards of the NASDAQ Stock Market and SEC regulations.

As of January 1, 2011, William G. Morral was named Chairman of the Audit Committee. The Board has determined that Mr. Morral meets the requirements adopted by the SEC and the NASDAQ Stock Market for qualification as an audit committee financial expert. Mr. Morral has served as a member of the Board since 2002. Mr. Morral is a certified public accountant and has experience in the public accounting field as a former partner at Arthur Young and Co. (now Ernst & Young LLP). Mr. Morral's past employment experience as Senior Vice President and Chief Financial Officer of Moyer Packing Company for sixteen years included active supervision of finance, accounting, audit, credit, information technology, payables and payroll, providing him with a high level of financial sophistication and a comprehensive knowledge of internal controls and audit committee functions. An audit committee financial expert is defined as a person who has the following attributes: (i) an understanding of generally accepted accounting principles and financial statements; (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the registrant's financial statements, or experience actively supervising one or more persons engaged in such activities; (iv) an understanding of internal controls and procedures for financial reporting; and (v) an understanding of audit committee functions.

The identification of a person as an audit committee financial expert does not impose on such person any duties, obligations or liability that are greater than those that are imposed on such person as a member of the Audit Committee and the Board in the absence of such identification. Moreover, the identification of a person as an audit committee financial expert for purposes of the regulations of the Securities and Exchange Commission does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board. Additionally, a person who is determined to be an audit committee financial expert will not be deemed an "expert" for purposes of Section 11 of the Securities Act of 1933.

The Board re-approved the Audit Committee Charter and the Audit and Non-Audit Services Pre-Approval Policy at its January 2017 meeting. Copies of these documents may be found on the Corporation's Web Site: www.univest.net in the "INVESTOR RELATIONS" section under Governance Documents.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee met five (5) times during 2016. The Audit Committee has reviewed and discussed the audited consolidated financial statements of the Corporation for the year ended December 31, 2016, with the Corporation's management. Ratification of the Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board has appointed KPMG as the independent registered public accounting firm for the Corporation for 2017. KPMG was first engaged as the Corporation's independent registered public accounting firm in 2004 and audited the Corporation's financial statements for 2016.

Although shareholder ratification of the appointment of KPMG as the Corporation's independent registered public accounting firm is not required by the Corporation's bylaws or otherwise, the Board has decided to afford the Corporation's shareholders the opportunity to express their opinions on the matter of the Corporation's independent registered public accounting firm. Even if the selection is ratified, the Audit Committee at its discretion may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Corporation and its shareholders. If the Corporation's shareholders do not ratify the appointment, the Committee will take that fact into consideration, together with such other facts as it deems relevant, in determining its next selection of an independent registered public accounting firm.

A representative from KPMG, as independent registered public accounting firm for the current fiscal year, is expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

2016 Performance Summary

The Corporation's focus in 2016 was tied to three strategic priorities:

Grow Top Line Revenue

Achieved organic loan growth, excluding the Fox Chase Bank acquisition, of 11.2% in 2016

Hired Lancaster County commercial lending team in May 2016 which increased loans by \$74.2 million in 2016

Assimilated Fox Chase Bank lending team, which had \$776 million in loans, into the Corporation's lending platform

Maximize Efficiency and Managing Costs

Consolidated three financial centers within close proximity to other Univest locations with projected annual costs savings of \$1.3 million

Converted Fox Chase Bank customers to the Corporation's core banking platform in September 2016

Achieved 45% cost savings associated with the Fox Chase Bank integration

Expand and Optimize the Capabilities to Better Serve our Customers and Communities

Issued \$45 million in subordinated debt to enhance our regulatory capital and support organic loan growth

Expanded geographic reach by opening financial centers in Philadelphia County, Lancaster County and the Lehigh Valley

Enhanced customer access through the completion of new interactive website and began project to launch new mobile application

While we did not achieve targeted performance for our incentive plan performance measures, actual results for 2016 were above threshold after adjusting for certain one-time items as approved by the Compensation Committee.

Substantial progress was also made on other important internal goals, such as those noted above, which we believe will contribute to long-term improved financial results going forward.

2016 Compensation Summary

Salaries: 2016 salary increases, which became effective as of January 1, 2016 for the executive officers, ranged from 8% - 25%, which reflects both promotions and merit increases.

Annual Incentive: During 2016, our goals were generally achieved between threshold and target performance levels; therefore, the corporate performance portion of the annual incentive was paid out at 83% of target.

Equity: Similar to prior years, we granted our executives two forms of equity; 70% of the total award was performance-vested restricted stock and 30% was in stock options:

Performance-vested restricted stock which cliff vests after three years based on (1) relative return on average assets to our Board approved peer group and (2) performance compared to internally developed absolute earnings per share targets.

Stock options which time-vest over three years (1/3 on first anniversary, 1/3 on second anniversary, and 1/3 on third anniversary).

Granted 2016 performance-vested restricted stock awards and stock options based on a % of the Executive's base salary as opposed to a defined number of shares which was utilized in 2015.

Modified the methodology for calculating awards, to allow for interpolation between performance levels. For the performance-vested restricted stock, implemented a minimum performance requirement for vesting where the 3-year average return on average assets must equal at least 50 basis points (adjusted for one-time, non-recurring gains and losses.)

Additional Compensation Policies: In an effort to be responsive to shareholders, we also made three updates to our compensation policies:

Made adjustments to the annual incentive plan to better align with shareholder interests, including: eliminating the discretionary performance lever; changing corporate metrics to annual earnings per share, return on equity, credit quality measure, and efficiency ratio; and adjusting weightings of metrics.

Adopted change in control agreements for certain executive officers, including the named executive officers.

Reduced employee time to achieve stock ownership requirements from seven to five years.

The Committee also considers feedback from our shareholders in making compensation determinations. At the 2016 Annual Meeting, over 96% of votes cast were in favor of the say-on-pay proposal. We view this as a positive endorsement of pay practice. Even in light of this strong support, we continue to monitor our pay alignment and seek ways to improve our compensation program.

With information provided by management, the Compensation Committee has reviewed the design and operation of our incentive compensation arrangements for all employees, including our named executive officers, for the purpose of determining whether such programs might encourage inappropriate risk-taking that would be reasonably likely to have a material adverse effect on us. The Compensation Committee concluded that our compensation plans, programs and policies, considered as a whole, including applicable risk mitigation features, are not reasonably likely to have a material adverse effect on us.

EXECUTIVE COMPENSATION PHILOSOPHY

The principal objective of the Corporation is to maximize shareholder value through the development and enhancement of the Corporation's business operations. To further that objective, the Corporation's executive compensation program is designed to:

Attract and retain talented employees in leadership positions in the Corporation by recognizing the importance of these individuals in carrying out the Corporation's Mission Statement, Core Values and Vision Statement: "To be the best integrated financial solutions provider in the market." These key statements are critical in keeping us focused on our short-term and long-term goals for the success of the Corporation.

Support strategic performance objectives through the use of compensation programs. The goal of the executive compensation program is to provide the executive with a total compensation package competitive with the market and industry in which the Corporation operates, and to promote the long-term goals, stability and performance of the Corporation. By doing this, we will align the interests of management with those of our shareholders.

While exact positioning varies by each individual's experience and responsibilities, our intent is to pay salaries, cash incentives, and equity incentives near the 50th percentile of the market when we meet our targeted performance objectives.

- Support the Corporation's management development and succession plans.

- Create a mutuality of interest between executive officers and shareholders through compensation structures that share the rewards and risks of strategic decision-making.

- Require executives to acquire substantial levels of ownership of the Corporation's stock in order to better align the executives' interests with those of the shareholders' through a variety of plans.

Ensure, to the extent possible, that compensation has been and will continue to be tax deductible.

BASE SALARY COMPENSATION FOR 2016

The Compensation Committee's approach is to offer competitive salaries in comparison with market practices. The Compensation Committee annually examines market compensation levels and trends observed in the labor market. For its purposes, the Compensation Committee has defined the labor market as the pool of executives who are currently employed in similar positions in companies with similar asset size and scope of operation, with special emphasis placed on salaries paid by companies that constitute the banking industry. Market information is used as a frame of reference for annual salary adjustments and starting salaries.

The Compensation Committee makes salary decisions in a structured annual review. The Compensation Committee considers decision-making responsibilities, experience, work performance and achievement of key goals, and team-building skills of each position as the most important measurement factors in its annual reviews. To help quantify these measures, the committee has enlisted the assistance of an independent compensation consultant. Base salaries are determined by considering the experience and responsibilities of the individual executive officer with a target of paying at the median (50%) level of our peer group adjusted for overall performance of the individual executive. Base salaries are adjusted annually and are in effect for the period January 1 through December 31.

In November 2015, the Compensation Committee engaged McLagan, a part of Aon plc, to assist the committee in reviewing its executive and director compensation arrangements for 2016. McLagan is an independent compensation consulting firm reporting directly to the Compensation Committee. The 2016 analysis provided by McLagan includes, but is not limited to, an assessment of the Univest executive and director compensation program compared to its peers, development of total cash compensation opportunities (base salary and cash incentives) and a review of the Company's short-term and long-term incentive programs (cash and equity). The analysis provides the Compensation Committee with a broad array of information from which to assess the effectiveness of its compensation programs and will serve as a foundation for future compensation decisions. The 2015 analysis was used in connection with the 2016 merit increases for certain named executive officers and for adjusting director compensation.

In determining compensation for our named executive officers, the Compensation Committee uses market information from its peer group. In 2016 this market information was provided by McLagan. The Company's 2016 peer group was made up of the financial institutions listed below:

1 st Source Corp.	Lake Sunapee Bank Grp
Arrow Financial Corp.	Peapack-Gladstone Financial
Bryn Mawr Bank Corp.	Peoples Bancorp Inc.
Camden National Corp.	QCR Holdings Inc.
Chemung Financial Corp.	S&T Bancorp Inc.
City Holding Co.	Sandy Springs Bancorp, Inc.
CoBiz Financial Inc.	Stock Yards Bancorp, Inc.
Community Trust Bancorp, Inc.	Tompkins Financial Corporation
First Busey Corp.	TowneBank
First Community Bancshares, Inc	Washington Trust Bancorp Inc.
First Defiance Financial	WSFS Financial Corp.

In November 2015, the Compensation Committee met and reviewed the performance of the named executive officers with the Chief Executive Officer to determine increases in base salary compensation for 2016. The Committee also met in executive session without the Chief Executive Officer to discuss his base salary for 2016. Increases in base salary compensation for 2016 were based on individual performance and the selected peer group compensation review along with market analysis, which provides a broader view of compensation practices than the more limited peer group represented by the proxy study performed by the Corporation's independent compensation consultants.

Below outlines the increases in base salary compensation for 2016 approved by the Compensation Committee:

Executive	2016	2015	Base Salary Increase
Jeffrey M. Schweitzer	\$550,000	\$510,000	7.8%
Michael S. Keim	375,000	300,000	25.0%
Roger S. Deacon ⁽¹⁾	300,000	N/A	N/A
Duane J. Brobst	240,000	220,000	9.1%
Eric W. Conner	235,000	215,000	9.3%

⁽¹⁾ Mr. Deacon's employment by the Corporation began on July 1, 2016.

The increase for Mr. Keim was determined based on his promotion to President of the Bank. The increases for the other named executives are due to merit, growth and increased size and complexity of the Corporation and their related responsibilities.

ANNUAL INCENTIVES

The Corporation established a non-equity annual incentive plan to reward executive officers for achieving annual financial objectives. The weighted financial measures and related targets for the plan are set in the preceding fiscal year by the Compensation Committee. The annual incentive program for Messrs. Schweitzer, Keim, Brobst, and Conner consists of cash bonuses based 80% on meeting annual Corporation performance goals (earnings per share, return on equity, efficiency ratio and nonperforming assets to total assets); and 20% on individual performance to reinforce the critical focus of our executive officers on certain annual objectives that have significant impact on our long-term performance strategy. The payout under the Annual Incentive Compensation plan will occur during the February following the performance year.

The Annual Incentive Compensation plan provides for payouts based on actual results compared to target as detailed in the table below. The payout under the Annual Incentive Compensation plan for 2016 was interpolated based on actual results compared to threshold, target, and optimum; there is no payout for performance below threshold.

Executive	Threshold 80% of Target (% of salary)	Target 100% of Target (% of salary)	Optimum 120% of Target (% of salary)	Actual Award (% of salary)	Actual Award (\$)
Jeffrey M. Schweitzer	20.0%	50.0%	75.0%	43.2%	\$237,410
Michael S. Keim	16.0%	40.0%	60.0%	34.5%	129,496
Roger S. Deacon	14.0%	35.0%	52.5%	30.2%	45,324 ⁽¹⁾
Duane J. Brobst	14.0%	35.0%	52.5%	30.2%	72,518
Eric W. Conner	10.0%	25.0%	37.5%	24.1%	56,594

⁽¹⁾ Mr. Deacon was awarded one-half of the calculated award for his performance from July 1, 2016 to December 31, 2016.

The Corporation's financial targets set by the Compensation Committee for 2016 along with the actual results for the Annual Incentive Compensation component of executive compensation were as follows:

Performance Metric	Goal Weight	Threshold	Target (Plan)	Optimum	Actual*
Earnings Per Share	31.25%	\$0.89	\$1.11	\$1.33	\$0.94
Return on Average Equity	31.25%	4.66%	5.83%	7.00%	4.96%
Efficiency Ratio	18.75%	71.54%	69.04%	66.54%	68.51%
NPAs to Total Assets	18.75%	0.95%	0.79%	0.63%	0.64%

*Adjusted to exclude the impact of certain one-time items, which primarily includes acquisition, integration and restructuring costs and settlement agreement with Girard Partners LTD, and was approved by the Compensation Committee.

The individual performance component is recommended by the President and CEO of the Corporation and Chairman of the Corporation, as applicable. When considering the recommendations, the Compensation Committee considers the individual's contribution to progress on strategic initiatives critical to the Corporation's performance in 2016 and beyond. In 2016, the Compensation Committee determined that the individual performance component for Messrs. Schweitzer, Keim, Deacon and Brobst should be paid-out at Target, while Mr. Conner's individual performance component should be paid at Optimum due to successful integration of Fox Chase Bank.

As a result of actual corporate performance (paid out at 83% of target) and the individual performance component, an aggregate cash bonus was paid to the above named executive officers of the Corporation for 2016 ranging from 86%

to 96% of the targeted payout level.

LONG-TERM INCENTIVES

Stock-Based Compensation

The long-term incentive program consists primarily of stock options and restricted stock grants; performance-based restricted stock awards vest based on the Corporation's performance compared to its selected peers with respect to certain financial measures. The purpose of the program is to align management's interests with those of our shareholders, promote employee retention and also to ensure management's focus on the long-term stability and performance of the Corporation. The Corporation's target is to pay out incentive compensation, both short-term and long-term, at the median (50%) level of our peer group when targeted performance is met.

At the Annual Meeting in 2013, the shareholders approved the Univest 2013 Long-Term Incentive Plan. The purpose of the plan is to enable employees and non-employee directors of the Corporation to: (i) own shares of stock in the Corporation, (ii) participate in the shareholder value which has been created, (iii) have a mutuality of interest with other shareholders and (iv) enable the Corporation to attract, retain and motivate key employees of particular merit. Participation in the 2013 Long-Term Incentive Plan is determined by the Compensation Committee. The plan authorizes the Committee to grant both stock and/or cash-based awards through incentive and non-qualified stock options, stock appreciation rights and/or restricted stock. With respect to these grants, 2,000,000 shares were initially set aside for these long-term incentives. The number of shares of common stock available for issuance under the plan is subject to adjustment, as described in the plan. This includes, in the event of any merger, reorganization, consolidation, recapitalization, stock dividend, or other change in corporate structure affecting the stock, substitution or adjustment in the aggregate number of shares reserved for issuance under the plan, in the number and option price of shares subject to outstanding stock options granted under the plan and in the number and price of shares subject to other awards, as described in the plan. As a result of the 2015 acquisition and merger of Valley Green Bank with and into Univest Bank and Trust Co. and the 2016 acquisition and merger of Fox Chase Bancorp, Inc. with and into the Corporation, 473,483 and 857,191 additional shares, respectively, became available for distribution under the 2013 Long-Term Incentive Plan. As of December 31, 2016 there were 2,747,871 shares available for future grants. At the time of an award grant, the Compensation Committee will determine the type of award to be made and the specific conditions upon which an award will be granted (i.e. term, vesting, performance criteria, etc.).

Upon a change in control: (i) any stock appreciation rights outstanding for at least six months and any stock options awarded which have been held for at least six months shall become fully vested and exercisable; (ii) restrictions applicable to any restricted stock award shall lapse and such shares shall be deemed fully vested; (iii) the value of all outstanding stock options, stock appreciation rights and restricted stock awards shall be cashed out on the basis of their fair market value; and (iv) any outstanding long-term performance awards shall be vested and paid out based on the prorated target results for the performance periods in question.

2016 Equity Grants

Long-term incentive compensation consists of a combination of performance-based restricted stock and stock options; 70% of the fair value of the awards is in performance-based restricted stock and 30% of the fair value is in stock options.

Performance-based restricted stock was granted on January 31, 2016 based on the Target performance as detailed in the following chart. The performance-based restricted stock will vest on February 15, 2019 after three years of performance based on the Corporation's performance compared to (i) its Select Peer Group with respect to three-year average Return on Average Assets and (ii) internally determined absolute earnings per share target for 2018. No vesting will occur if the three year average ROAA is less than 50 basis points, adjusted for one-time non-recurring gains and losses (merger charges, branch closure costs, BOLI gains, etc.).

The number of Target shares in the following table represent the Target grant (i.e. most likely to vest) with more shares vesting if performance exceeds Target and less shares vesting if performance is short of Target as detailed below. Target is defined as ranking in the 55th percentile of ROAA performance compared to the SNL Small Cap Bank and Thrift Index and achieving a 2018 EPS target adjusted for one-time non-recurring gains and losses (merger charges, branch closure costs, BOLI gains, etc.) both weighted at 50%.

ROAA to Peer	Threshold 35% - 55%	Target 55%	Optimum 75% or Greater
Amount of Shares Vesting	50%	100%	150%

EPS Performance	Threshold 80% of Target	Target	150% of Target Optimum
Amount of Shares Vesting	50%	100%	150%

On January 31, 2016, the Compensation Committee approved the granting of performance-based restricted stock to the following named executives:

Executive	Number of Shares			Grant Date Fair Value (\$)		
	Threshold	Target	Optimum	Threshold	Target	Optimum
Jeffrey M. Schweitzer	5,008	10,016	15,024	\$98,557	\$197,115	\$295,672
Michael S. Keim	2,732	5,463	8,195	53,756	107,512	161,268
Roger S. Deacon ⁽¹⁾	—	—	—	—	—	—
Duane J. Brobst	1,530	3,059	4,589	30,101	60,201	90,302
Eric W. Conner	1,070	2,140	3,210	21,058	42,115	63,173

⁽¹⁾ Executive was not a participant in the equity grant portion of the 2016 Executive Compensation Plan

The granting of stock options is anticipated to occur annually, at the discretion of the Compensation Committee, on January 31 and is not contingent on the achievement of annual targets described under "Annual Incentives." The number of stock options to be granted each year will be determined by the Compensation Committee. On January 31, 2016, the Compensation Committee approved the granting of stock options to the following named executives:

Executive	Stock		Grant Date Fair Value (\$)
	Options	Granted	
Jeffrey M. Schweitzer	13,622 shares	\$85,351	
Michael S. Keim	7,430 shares	46,554	
Roger S. Deacon ⁽¹⁾	— shares	—	
Duane J. Brobst	4,161 shares	26,072	
Eric W. Conner	2,910 shares	18,233	

⁽¹⁾ Executive was not a participant in the equity grant portion of 2016 Executive Compensation Plan

Vesting of 2013 Performance-Based Restricted Stock

During 2013, the Corporation granted its executives performance-based restricted stock based on the Top Quintile performance as detailed in the chart below. Performance criteria was the Corporation's three-year Return on Average Assets and Return on Average Equity compared to its select peer group.

Executive	Number of Shares		
	3rd Quintile 40%-60%	2nd Quintile 60%-80%	Top Quintile 80%-100%
Jeffrey M. Schweitzer	1,875	3,750	5,625
Michael S. Keim	750	1,500	2,250
Roger S. Deacon ⁽¹⁾	—	—	—
Duane J. Brobst	750	1,500	2,250
Eric W. Conner	750	1,500	2,250

⁽¹⁾ Executive was not an employee of the Corporation when the restricted shares were granted.

The performance-based restricted stock vested in 2016 and the Corporation's performance in terms of three-year Return on Average Assets and Return on Average Equity relative to peers fell in the 2nd Quintile. The number of shares earned and vested for each named executive are the 2nd Quintile identified shares in the above table.

Stock Ownership Requirements

To reinforce the importance of aligning the financial interests of the executive officers with those of the shareholders, the Board of Directors approved minimum stock ownership guidelines for the executive officers in 2010. Below are the minimum required holdings for the named executive officers. A majority of the executive officers are in compliance with the ownership requirements while the remaining officers are on pace to be in compliance with the ownership requirements within the allotted time frame.

Executive	Ownership Requirement (Multiple of Base Salary)
Jeffrey M. Schweitzer	3.0x
Michael S. Keim	2.5x
Roger S. Deacon	2.0x
Duane J. Brobst	2.0x
Eric W. Conner	1.5x

The ownership requirements vary based upon which category of the executive incentive plan (there are four) the executive is placed in. In 2016, executive officers in each category were as follows: Category 1 is the President and CEO of the Corporation; Category 2 is the President of the Bank; Category 3 included any Senior Executive Vice President of the Corporation and/or the Bank, any Commercial Banking Market President and any Line of Business President; and Category 4 includes Executive Vice Presidents of the Corporation or Bank. These ownership requirements must be met within 5 years of entering the plan. If an individual is promoted to a new category, the individual will have 3 additional years in which to achieve the new ownership requirement. The following shares are considered "owned" in meeting the ownership requirements outlined in the table above:

- ▲ All shares held by the employee or their spouse
- ▲ All restricted stock (vested or nonvested)
- ◓ Unexercised vested in-the-money stock options
- ◓ Shares held in the employee's 401(k) plan

Claw Back Provision on Incentive Compensation

In the case where an accounting restatement occurs due to a material error, whether due to intentional fraud or a "no fault" accounting restatement, incentive-based compensation that is based on financial information required to be reported under the securities laws, including performance based restricted stock, will be recovered from all Section 16 officers who were Section 16 officers during the relevant period. If it is determined by the Compensation Committee that it is impracticable to recover the amounts (i.e. the cost to recover exceeds the amount to be recovered) then the Corporation will disclose the individual's name, the amount foregone, and a brief description of the reason for deciding not to pursue recovery in our next annual proxy statement.

Post-Retirement Plans

Univest provides a qualified pension plan to all employees hired prior to December 8, 2009. The Defined Benefit Pension Plan (the "DBPP") is a noncontributory defined benefit retirement plan covering substantially all employees of the Corporation who were hired before December 8, 2009, completed one year of service with the Employer and attained age 21. Effective December 31, 2009, the benefits previously accrued under the DBPP were frozen and the DBPP was amended and converted to a cash balance plan, with participants not losing any pension benefits already earned in the DBPP. Additionally, employees hired on or after December 8, 2009 are not eligible to participate in the DBPP. The DBPP is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The DBPP is administered by the Pension Committee appointed by the Board of Directors of the Corporation. The Pension Committee has appointed the Bank as trustee of the DBPP. Employer contributions are based on amounts required to be funded under the provisions of ERISA. No contributions are required or permitted by

the participants.

The normal retirement date is the first day of the month in which the participant's 65th birthday occurs and he/she has completed five years of credited service. Prior to December 31, 2009, the normal annual retirement benefit amount accrued was 1.5% of average earnings for each year of credited service up to 20 years plus 0.5% of average earnings for each year of credited service in excess of 20 years up to 35 years, plus 0.25% of average earnings in excess of the average Social Security wage base for each year of credited service up to 35 years.

Benefits under the cash balance plan are credited to the employees' account based on the following formula:

Years of Service	Annual Benefit Credited
0 - 10	3% of salary
11- 20	5% of salary
21 +	7% of salary

Additionally, annually the employees' accounts are credited with a guaranteed return of the ten year Treasury note rate plus 1% not to exceed the 30 year Treasury note rate. To not penalize long-term employees of the Corporation, for employees over the age of 55 with over 20 years of service on December 31, 2009, the annual retirement benefit is guaranteed to be the higher of the benefit attributable to the formula under the DBPP or the new cash benefit account. Each participant who has at least ten years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to his/her normal retirement age. A participant's early retirement benefit is the greater of 1) the actuarial equivalent of the accrued benefit if the benefit is distributed in a form other than a nondecreasing life annuity payable for a period not less than the life of the participant, or 2) the accrued benefit reduced from the early retirement date by 1/15th per year for the first five years and 1/30th per year for each of the next five years. A participant's early retirement benefit with respect to benefits accrued prior to the cash balance plan conversion effective December 31, 2009 is the participant's accrued benefit payable at the participant's normal retirement date, reduced by 6% per year for the first five years and 4% per year thereafter to age 55; however, if the participant has attained age 62 at the early retirement date and the sum of the participant's age plus years of service equals or exceeds 85, the participant will receive the normal retirement benefit.

Participants were not vested in the benefits accrued up to December 31, 2009 until they completed five years of service, at which time they become fully vested in the benefits accrued up to December 31, 2009 in the DBPP.

Participants were not vested in the benefits accrued after December 31, 2009, under the cash balance portion of the plan, until they completed three years of service, at which time they became fully vested in the benefits accrued under the cash balance portion of the plan.

A vested participant who dies before the annuity starting date and who has a surviving spouse shall have the death benefit paid to the surviving spouse in the form of a pre-retirement survivor annuity and may have the death benefit distributed to his/her beneficiaries within five years after death.

While the Corporation has not expressed any intent to do so, the DBPP/cash balance plan may be discontinued at any time, subject to the provisions of ERISA. In the event such discontinuance results in termination of the DBPP/cash balance plan, the DBPP/cash balance plan provides that the net assets of the plan shall be allocated among the participants in the order provided for in ERISA. To the extent there are unfunded vested benefits other than benefits becoming vested by virtue of termination of the DBPP/cash balance plan, ERISA provides that such benefits are payable to participants by the Pension Benefit Guaranty Corporation (the "PBGC") up to specified limitations. Should the DBPP/cash balance plan terminate at some future time, its assets generally may not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

On an optional basis, all officers and employees who have attained the age of 18 and have completed one month of continuous service may participate in the Deferred Salary Savings Plan (the "DSSP"). In 2016, participants could defer up to a maximum of \$18,000 if under age 50 and \$24,000 if at least age 50 by December 31. After employees complete 6 months of service, the Corporation or its subsidiaries will make a matching contribution of 50% of the first 6% of the participant's salary. All contributions are invested via a trust. The Corporation's matching contributions for 2016, 2015 and 2014, amounted to \$1,192,172; \$1,017,667; and \$836,007, respectively. The matching contributions are vested at 50% at the end of two years, 75% at the end of three years, and 100% at the end of four years. Benefit payments normally are made in connection with a participant's retirement. The DSSP permits early withdrawal of the money under certain circumstances. Under current Internal Revenue Service regulations, the amount contributed to the plan and the earnings on those contributions are not subject to Federal income tax until they are withdrawn from the plan.

OTHER PERQUISITES

Compensation for group life insurance premiums, hospitalization and medical plans, and other personal benefits are provided to all full-time employees and part-time employees averaging a certain number of hours and do not discriminate in favor of officers of the Corporation or its subsidiaries.

Certain executive officers, including the named executive officers, receive expense allowances. These perquisites are determined and approved by the Compensation Committee under the same methodologies for and in conjunction with base salary compensation. Univest also provides certain named executive officers with personal tax preparation services. These services are provided by a Certified Public Accounting firm other than Univest's Independent Registered Public Accounting Firm, KPMG LLP.

TAX CONSIDERATIONS

Section 162(m) of the Internal Revenue Code generally provides that no deduction is allowed for compensation in excess of \$1 million paid by a public company to its CEO or any of its other three most highly paid executive officers (other than the CFO). However, compensation that qualifies as "performance-based" compensation is not subject to the deductibility limit. The Corporation's compensation plans are designed to maximize the deductibility of compensation under Section 162(m).

Overview of Compensation Changes for 2017

2017 Base Salaries

In November 2016, the Compensation Committee met and reviewed the performance of the named executive officers with the Chief Executive Officer to determine increases in base salary compensation for 2017. The Committee also met in executive session without the Chief Executive Officer to discuss his base salary for 2017. Increases in base salary compensation for 2017 were based on individual performance and the selected peer group compensation review along with market analysis, which provides a broader view of compensation practices than the more limited peer group represented by the proxy study performed by the Corporation's independent compensation consultants.

Below outlines the increases in base salary compensation for 2017 approved by the Compensation Committee:

Executive	2017	2016	Base Salary Increase
Jeffrey M. Schweitzer	\$550,000	\$550,000	—%
Michael S. Keim	375,000	375,000	—%
Roger S. Deacon	300,000	300,000	—%
Duane J. Brobst	246,000	240,000	2.5%
Eric W. Conner	250,000	235,000	6.4%

In conjunction with the Corporation's overall strategic initiatives and as a result of a staffing rationalization initiative in 2016, the Compensation Committee accepted Messrs. Schweitzer, Keim and Deacon's recommendation to not increase their respective base salaries in 2017. The increases for the other named executives are due to merit, growth and increased size and complexity of the Corporation and their related responsibilities.

Change in Control Agreements

On February 26, 2016, the Corporation entered into change of control agreements (the “Agreement”) with certain executive officers, including the named executive officers. For Messrs. Schweitzer, Keim, Brobst and Conner, the Agreement has a fixed term commencing on February 26, 2016 and ending on December 31, 2017, with automatic annual one year renewals of the Agreement thereafter, absent notice of non-renewal from either party. On February 22, 2017, the Corporation entered into an Agreement with Mr. Deacon which also ends on December 31, 2017, and has the same automatic renewal feature as the February 26, 2016 agreements.

In the event an executive’s employment is terminated subsequent to a “change in control” during the term of the Agreement either by the Corporation for a reason other than “cause” (as defined in the Agreement) or by the executive after the occurrence of certain specified events of “good reason” described below, the Corporation will pay Messrs. Schweitzer, Keim, Deacon, Brobst and Conner a lump-sum cash payment equal to the sum of (i) two times their highest annual base salary in effect at the time of termination of employment for the current and two preceding calendar years and (ii) two times their average cash bonus paid within the current and two calendar years preceding termination of employment. In addition, they will each receive continuation of medical insurance benefits for two years, or a cash payment equal to the cost to obtain such benefits.

The specified events of “good reason” permitting an executive to terminate employment following a change in control and receive payments or benefits under the Agreement include: (i) material diminution in executive’s authority, duties or other terms and conditions of employment; (ii) reassignment to a location greater than 25 miles from executive’s office on the date of the change in control (unless closer to executive’s residence); (iii) material diminution in executive’s base salary; (iv) failure to provide executive with employee benefits (retirement or pension, life insurance, medical, health and accident insurance, and similar plans) applicable at the time of the change in control; or (v) a material breach of the Agreement.

Payments under the Agreement would be reduced to the extent necessary to avoid an “excess parachute payment” under Section 280G of the Internal Revenue Code. In the event that the executive becomes entitled to and receives benefits under the Agreement after a change in control, he will be subject to one year non-compete and non-solicitation covenants. In the event that the executive voluntarily terminates employment during the term of the Agreement prior to a change in control, he will be subject to similar non-compete and non-solicitation covenants for six months.

CONCLUSION

Through the programs described above, a significant portion of the Corporation's executive compensation is linked directly to individual and corporate performance and growth in shareholder value. The Committee intends to continue the policy of linking executive compensation to individual and corporate performance and growth in shareholder value, recognizing that the business cycle from time to time may result in an imbalance for a particular period.

The following Summary Compensation Table is mandated by SEC rules, contains a mix of earned and target pay, and several items that are driven by accounting and actuarial assumptions. Earned amounts shown under stock and option awards are determined at grant date fair values, which may be worth more, less, or even nothing when vested or paid.

The following table sets forth for the fiscal years ended December 31, 2016, 2015 and 2014, the compensation which the Corporation and its subsidiaries' principal executive officer, principal financial officer and three other named executive officers earned. This table should be read in conjunction with the "Compensation Discussion and Analysis" section of this Proxy Statement.

(a) The Corporation has a stock-for-stock-option exchange (or cashless exercise) program in place, whereby optionees can exchange the value of the spread of in-the-money stock options for Corporation stock having an equivalent value. This exchange allows the executives to exercise their stock options on a net basis without having to pay the exercise price or related expense in cash. However, it will result in the executives acquiring fewer shares than the number of stock options exercised.

(b) "Value Realized" is calculated by subtracting the exercise price from the Fair Market Value as of the exercise date.

Univest's pension plans are described in the Compensation Discussion and Analysis under the heading

(a) "Post-Retirement Plans." Assumptions used in calculating the present value of the accumulated benefit are set forth in Note 12 to the Financial Statements included in Univest's Form 10-K for the year ended December 31, 2016.

(b) Mr. Deacon was hired after December 7, 2009, at which date the Defined Benefit Pension Plan was closed to all new employees.

NONQUALIFIED DEFERRED COMPENSATION

Univest does not currently have any non-qualified contributory deferred compensation plans available to the named executive officers.

OTHER POTENTIAL POST-EMPLOYMENT PAYMENTS

Certain triggering events could potentially affect the amounts of compensation reported in the previous tables. Triggering events would include retirement, early-retirement, termination by reason of disability, death or cause, or a change in control of the Corporation. As described in "Change in Control Agreements" on Page 19, the Corporation entered into change in control agreements with certain executive officers, including the named executive officers; there are also triggering events addressed therein. Provisions for these triggering events are also addressed within the 2003 Long-Term Incentive Plan, the 2013 Long-term Incentive Plan, and the Defined Benefit Pension Plan.

Change in Control Agreements

In the event an executive's employment is terminated subsequent to a "change in control" during the term of the Agreement either by the Corporation for a reason other than "cause" (as defined in the Agreement) or by the executive after the occurrence of certain specified events of "good reason" described in "Change in Control Agreements" on Page 19, the Corporation will pay Messrs. Schweitzer, Keim, Deacon, Brobst and Conner a lump-sum cash payment equal to the sum of (i) two times their highest annual base salary in effect at the time of termination of employment for the current and two preceding calendar years and (ii) two times their average cash bonus paid within the current and two calendar years preceding termination of employment. In addition, they will each receive continuation of medical insurance benefits for two years, or a cash payment equal to the cost to obtain such benefits.

2003 and 2013 Long-term Incentive Plans

Upon a change in control, stock options and restricted stock awards which have been held for at least six months become fully vested. Upon retirement, early-retirement or termination by reason of disability, the Compensation Committee may elect to accelerate the vesting period to allow all stock options to become fully vested and exercisable up to a period of two years after the date of such retirement, early-retirement or disability date and may elect to accelerate the vesting period of all restricted stock awards. Upon termination by death, the Compensation Committee may elect to accelerate the vesting period to allow all stock option awards to become fully vested and exercisable by the legal representative of such employee's estate or legatee of such employee's will for a period of one year from the date of death, and may elect to accelerate the vesting period of all restricted stock awards. There are no acceleration provisions for the willful termination of employment or termination of employment for cause. Upon the willful termination of employment, the optionee would have the lesser of three-months or the remaining term to exercise any vested stock options. Upon termination of employment for cause, all vested and unvested stock options will immediately terminate.

Edgar Filing: UNIVEST CORP OF PENNSYLVANIA - Form DEF 14A

The following table demonstrates the impact under different triggering events if such event occurred on December 31, 2016:

Defined Benefit Pension Plan ("DBPP")

Each participant who has at least 10 years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to the participant's normal retirement age. These participants who elect and qualify for early retirement are considered fully vested by the DBPP. Prior to the cash balance plan conversion, the early retirement benefit is based on credited service and average earnings at the early retirement date without reduction on the date when the participant's age plus years of service equal 85, but not before age 62 or after age 65. In the event the

participant's age plus years of service is less than 85, benefits are reduced from that retirement date by 1/15th per year for the first five years and 1/30th per year thereafter to age 55. A vested participant who dies before the annuity starting date and who has a surviving spouse will have the death benefit paid to the surviving spouse in the form of a pre-retirement survivor annuity and may have the death benefit distributed to his/her beneficiaries within five years after death. None of the triggering events would impact the vested balance of a named executive officer's benefit under the DBPP.

Each non-employee Director received a fee of \$900 for each Board Meeting of Univest Corporation of Pennsylvania or Univest Bank and Trust Co. which he/she attends. Only one fee was paid to the Director if these Boards meet on a concurrent basis. Non-employee Directors who attend committee meetings of the Board received a fee ranging from \$550 to \$800 for each meeting attended.

For the year ended December 31, 2016, the Chairman (Mr. Aichele) received a flat annual fee of \$140,000. Effective January 1, 2017, the annual fee was reduced to \$107,500 in conjunction with a plan to adjust his annual fee, by 2018, to an amount based on the Chairman's experience and responsibilities, with a target of paying at, or reasonably above, the median (50%) level of our peer group.

The Corporation offers a Director Fee Deferral Plan under which the directors can voluntarily contribute all or a portion of their director fees. These deferred fees accumulate value either based on the Bank's average cost of total time deposits and purchased funds or the Corporation's stock index, as elected by the director. The deferred fees remain the property of the Corporation until it is contractually obligated to pay such fees to the director upon death or after the director's termination in accordance with the director's irrevocable election.

Stock-Based Compensation

Under the Univest 2013 Long-Term Incentive Plan, discussed previously, both employees and non-employee directors are eligible to be granted Awards under the Plan.

Stock Ownership Requirements

Effective February 21, 2017, Directors and Alternate Directors are required to own 10,000 shares of the Corporation's stock within five (5) years of becoming a Director or Alternate Director.

RELATED-PARTY TRANSACTIONS

During 2016, some of the directors and executive officers, including their immediate family members and affiliated organizations, had lending relationships and other banking transactions with the Corporation as customers of the Bank. In management's opinion, the loans were made in the ordinary course of business and on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable loans with persons not related to the Bank; they did not involve more than normal collection risk and do not present other unfavorable features. Other banking transactions were also undertaken in the ordinary course of business. It is anticipated that similar transactions will occur in the future.

These transactions were made in compliance with applicable law, including Section 13(k) of the Securities and Exchange Act of 1934 and Federal Reserve Board Regulation O. As of December 31, 2016, loans to executive officers, directors, and their affiliates represented 11.4% of total shareholders' equity in the Corporation.

The Corporation's Audit Committee Charter provides for the review of related party transactions, including the independent status of all Audit Committee members. The Nominating and Governance Committee reviews the independence of directors annually.

COMPENSATION COMMITTEE OF THE BOARD

The Compensation Committee of the Board for the fiscal year ended December 31, 2016 was comprised of four independent directors appointed by the Board. The independent directors are: William G. Morral, Glenn E. Moyer, Mark A. Schlosser, and P. Gregory Shelly. Each of these members of the Compensation Committee is independent as defined in the listing standard rules of the NASDAQ Stock Market and applicable SEC regulations. Effective January 1, 2016, Glenn E. Moyer became Chairman of the Committee.

The Compensation Committee's responsibilities include reviewing and approving corporate goals and objectives, including financial performance and shareholder return, relevant to approving the annual compensation of the Corporation's CEO, executive officers, and other key management personnel through consultation with management and the Compensation Committee's independent professional compensation consultants. Recommendations are made to the Board with respect to overall incentive-based compensation plans, including equity based plans, which includes a review of the Corporation's management development and succession plans. In addition, the Compensation Committee will review and recommend changes to the annual retainer and committee fee structure for non-employee directors on the Board. The Compensation Committee's charter is available at the Corporation's website on the internet; www.univest.net in the "INVESTOR RELATIONS" section under Governance Documents.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee (i) was, during 2016, or had previously been an officer or employee of the Corporation or our subsidiaries, nor (ii) had any direct or indirect material interest in a transaction of the Corporation or a business relationship with the Corporation, in each case that would require disclosure under the applicable rules of the SEC. No interlocking relationship existed between any member of the Compensation Committee or an executive officer of the Corporation, on the one hand, and any member of the Compensation

Committee (or committee performing equivalent functions, or the full board of directors) or an executive officer of any other entity, on the other hand, requiring disclosure pursuant to the applicable rules of the SEC.

Management's role in the compensation process includes: evaluating employee performance; establishing corporate goals and objectives; and recommending the salary levels and option awards for all employees except the Chief Executive Officer. The Compensation Committee may retain an outside consultant to assist in the evaluation of any individual executive compensation, incentive programs, or any other matter deemed appropriate by the Compensation Committee and provide for the appropriate funding of such consulting or advisory firm. During 2015 and 2016, the Compensation Committee engaged McLagan, a part of Aon plc, as its independent compensation consultant. See further discussion beginning on Page 10 in "Compensation Discussion and Analysis."

COMPENSATION COMMITTEE REPORT

The Compensation Committee met five (5) times during 2016. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis for the year ended December 31, 2016 with the Corporation's management.

Based on the Committee's review and discussions noted above, the Compensation Committee recommended to the Board that the Corporation's Compensation Discussion and Analysis be included in this Proxy Statement.

CORPORATE GOVERNANCE DISCLOSURE

CODE OF CONDUCT

The Corporation has adopted a Code of Conduct for all directors and a Code of Conduct for all officers and employees including the CEO and senior financial officers. It is the responsibility of every Univest director, officer and employee to maintain a commitment to high standards of ethical conduct and to avoid any potential conflicts of interest. The Codes are designed not only to promote clear and objective standards for compliance with laws and accurate financial reporting - they also contain an accountability mechanism that ensures consistent enforcement of the Codes and protection for persons reporting questionable behavior, including a fair process for determining possible violations. The Codes of Conduct are available on our website at www.univest.net in the "INVESTOR RELATIONS" section under Governance Documents, or by requesting a copy in writing from the Secretary of the Corporation.

Any waiver of the Codes of Conduct for directors or executive officers must be approved by the Board or a committee of the Board and disclosed on Form 8-K within four business days. Any waivers would also be posted on our website within four business days. The waiver reporting requirement process was established in 2003, and there have been no waivers.

TERMINATION OF SHAREHOLDER RIGHTS PLAN

In September 2011, in response to then existing challenges in the economy and unprecedented changes in the financial industry which impacted earnings and stock performance, the Corporation adopted a shareholder rights plan (the "Shareholder Rights Plan"), which was designed to protect shareholders from abusive takeover tactics and attempts to acquire control of the Corporation at an inadequate price. In light of changed economic and other conditions, changed circumstances relating to the Corporation, discussions with certain institutional and other shareholders relating to the Shareholder Rights Plan, a review by the Board of Directors of the Corporation's corporate governance practices and related matters, and the viewpoint and recommendations of proxy advisory service firms with respect to the Shareholder Rights Plan, the Board of Directors terminated the Shareholder Rights Plan on January 25, 2017, prior to its scheduled expiration date of September 30, 2021.

NOMINATING AND GOVERNANCE COMMITTEE OF THE BOARD

The Nominating and Governance Committee met five (5) times during the fiscal year ended December 31, 2016. All members of the Nominating and Governance Committee are independent as defined by the listing standard rules of the NASDAQ Stock Market and applicable SEC Regulations. The primary purpose of the Nominating and Governance Committee is to identify individuals for nomination as members of the Board and Board committees as appropriate for the Corporation to discharge its duties and operate in an effective manner to further enhance shareholder value.

The Nominating and Governance Committee charter is available for shareholder review on the internet at www.univest.net in the "INVESTOR RELATIONS" section under Governance Documents, or by requesting a copy in writing from the Secretary of the Corporation. Members of the Nominating and Governance Committee at December 31, 2016 were: R. Lee Delp, Chairman; Douglas C. Clemens; Glenn E. Moyer; Mark A. Schlosser; P. Gregory Shelly; and Michael L. Turner.

The Nominating and Governance Committee recommended to the Board the slate of nominees included in this Proxy Statement for election to the Board of Directors at the annual meeting of shareholders.

Univest currently has no Alternate Directors. Alternate Directors are elected by the Corporation's shareholders and serve for a one-year term. The Alternate Director position provides an avenue for the Corporation to nurture future directors that the Board of Directors has determined would qualify as a nominee for the Board of Directors. The Alternate Director, by attending board meetings on a regular basis without a vote, stays informed of the activities and conditions of the Corporation and stays abreast of general industry trends and any statutory or regulatory developments. The pace of change in today's financial industry makes it imperative that the Corporation maintain a fully informed Board. Unlike members of the Board of Directors, an Alternate Director does not participate in independent director meetings or vote on matters coming before the Board of Directors.

The Nominating and Governance Committee is responsible for identifying and evaluating individuals qualified to become Board members and to recommend such individuals to the Board for nomination. The Nominating and Governance Committee does not specifically consider diversity of gender or ethnicity in fulfilling its responsibilities to select qualified and appropriate director candidates. Instead, the Nominating and Governance Committee will seek to balance the existing skill sets of current Board members with the need for other diverse skills and qualities that will complement the Corporation's strategic vision. All director candidates are evaluated based on general characteristics and specific talents and skills needed to increase the Board's effectiveness. Additionally, all candidates must possess an unquestionable commitment to high ethical standards and have a demonstrated reputation for integrity. Other facts to be considered include an individual's business experience, education, civic and community activities, knowledge and experience with respect to the issues impacting the financial services industry and public companies, as well as the ability of the individual to devote the necessary time to serve as a Director. A majority of the Directors on the Board must meet the criteria for "independence" established by the NASDAQ Stock Market, and the Nominating and Governance Committee will consider any conflicts of interest that might impair their independence.

Annually, the Nominating and Governance Committee assesses the composition of the Board along with the particular skills and qualities individual Board members possess to determine that individual Board members continue to possess the skills and qualities necessary to complement the Corporation's strategic vision. Based on this, the Nominating and Governance Committee recommends nominees for election to the Board of Directors based on the Class of Directors up for nomination in a particular year.

The structure of the Corporation's Board of Directors consists of: a Chairman of the Board, one director who currently is also the President and Chief Executive Officer of the Corporation, and individual directors. The Board of Directors does not currently have a Lead Director. The Corporation and the Board of Directors believe this structure is appropriate for the Corporation as the Board consists predominately of outside, independent directors, with management representation constituting only one of the fifteen members of the Board of Directors. The Independent Directors of the Board meet separately twice a year without management present. Additionally, the Corporation has an active Board Committee structure in which members of the Board of Directors attend and actively participate in the following Committees: Executive Committee, Audit Committee, Compensation Committee, Nominating and Governance Committee, Enterprise-Wide Risk Management Committee, Community Reinvestment Act Committee, Employee Stock Purchase Plan Committee and Trust Committee. The active participation in these Committees in addition to the Board of Directors' meetings provides the independent members of the Board the necessary insight into the daily operations of the Corporation.

All nominees to the Board of Directors will be evaluated in the same manner, regardless of whether they are recommended by the Nominating and Governance Committee or recommended by a shareholder.

Risk Management

Risk Management is the cornerstone of banking and integral to the daily operations of the Corporation. The Board of Directors oversees the Risk Management functions of the Corporation through the Enterprise-Wide Risk Management Committee, which consists of four members of management, including the President and Chief Executive Officer of the Corporation, and four independent directors of the Board, including the Chairman of the Corporation. The Enterprise-Wide Risk Management Committee meets four times a year and is chaired by Glenn E. Moyer. In addition to this committee, there is also an Enterprise-Wide Risk Management Working Committee, which meets twice times a year, consisting of nineteen members of management representing each line of business and area of support tasked with identifying and addressing the risks of the Corporation. Minutes from these meetings along with the minutes from the Board attended Enterprise-Wide Risk Management Committee are reported to the full Board of Directors. The Chief Risk Officer reports directly to the Audit Committee with a dotted line to the President and Chief Executive

Officer of the Corporation. The Chief Risk Officer also attends each Board of Directors meeting, Executive Committee meeting, Audit Committee meeting, Enterprise-Wide Risk Management Committee meeting and Management's Investment/Asset Liability Management Committee meeting to better understand the differing risks the Corporation is encountering and also to provide perspective with respect to Enterprise-Wide Risk Management to the members of the Board of Directors attending these meetings. The Chief Risk Officer also has an executive session with the Audit Committee on a quarterly basis.

Any nomination for Director or Alternate Director made by a shareholder that is not made in accordance with the Bylaws may be disregarded by the Nominating and Governance Committee of the Board, if there be one, or, if not, by the Secretary of the meeting, and the votes cast for such nominee may be disregarded by the judges of election.

Focusing on these three elements is critical to meeting the Corporation's short-term and long-term goals and growth in shareholder value.

Highlights of our program include:

A three-part mixture of salary and incentive compensation (base salary, annual incentive and long-term incentive compensation); with approximately 50% paid in annual base salary and 50% paid in the form of annual incentive and long-term incentive compensation based on individual and group performance factors;

Measurement of individual and group performance factors by the Corporation's Compensation Committee fully considers decision-making responsibilities, experience, work performance and achievement of key goals, including performance compared to peers;

Assessment of Uninvest's executive compensation program by the Corporation's Compensation Committee to ensure the program promotes the long-term objectives of the Corporation, encourages growth in shareholder value, provides the opportunity for management investment in the Corporation, and attracts top-level executives to strategically manage the Corporation; and

The requirement that executives acquire substantial levels of ownership of the Corporation's stock to better align the executives' interests with those of the shareholders.

As an advisory vote, this proposal is not binding upon us as a corporation. However, our Compensation Committee, which is responsible for the design and administration of our executive compensation practices, values the opinions of our shareholders expressed through your vote on this proposal. The Compensation Committee will consider the outcome of this vote in making future compensation decisions for our Named Executive Officers. Accordingly, we will present the following resolution for vote at the 2017 Annual Meeting of Shareholders:

"RESOLVED, that the shareholders approve, on an advisory (non-binding) basis, the compensation of the Corporation's named executive officers, as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and any related narrative disclosure in the Proxy Statement."

The Board of Directors recommends that you vote "FOR" Proposal 3.

Proposal 4 - An advisory vote on the frequency with which executive compensation will be subject to a shareholder advisory vote

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are requesting shareholders vote, on an advisory basis, on whether we present a request for an advisory vote on our executive compensation practices in our proxy materials every year, every two years or every three years. Our shareholders will be requested to provide an advisory vote on this topic at least every six years.

We recognize that there are advantages and disadvantages to each of the presented options for the frequency of an advisory vote on executive compensation. Because our executive compensation practices change very little from year to year and our long-term incentive compensation vests over three and four year periods, we are recommending that our shareholders select a one-year frequency advisory vote on our executive compensation program.

Although the Board of Directors recommends a one-year vote. Shareholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or to abstain. We feel it is valuable for our shareholders to have an opportunity to express their opinion on our practices on a regular basis and for us to receive feedback on our programs. Shareholders are not voting to approve or disapprove of the Board's recommendation. Because this vote is advisory and not binding on the Board of Directors or the Corporation in any way, the Board may decide that it is in the best interests of our shareholders and the Corporation to hold an advisory vote on executive compensation more or less frequently than the option approved by our shareholders. However, we value the opinions of our shareholders and we will consider the outcome of the vote in making determinations regarding the presentation of an advisory vote on executive compensation in future proxy statements.

The Board of Directors unanimously recommends that you vote for a one-year frequency for the presentation of an advisory vote on our executive compensation programs-Proposal 4.
