INDEPENDENT AUDITORS' REPORT

Applied Industrial Technologies, Inc.
Supplemental Defined Contribution Plan

We have audited the accompanying statements of net assets available for benefits of the Applied Industrial Technologies, Inc. Supplemental Defined Contribution Plan (the "Plan") as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the years ended December 31, 2000, 1999 and 1998. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the years ended December 31, 2000, 1999 and 1998 in conformity with accounting principles generally accepted in the United States of America.

APPLIED INDUSTRIAL TECHNOLOGIES, INC.
SUPPLEMENTAL DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2000, 1999 AND 1998

1. DESCRIPTION OF THE PLAN

The following description of the Applied Industrial Technologies, Inc. Supplemental Defined Contribution Plan (the "Plan") is provided for general information purposes only. Participants and users of the financial statements should refer to the Plan document for more complete information.

General - The Plan was established by Applied Industrial Technologies, Inc. and its subsidiaries (the "Company") effective January 1, 1996, for the benefit of a select group of management or highly compensated employees. This is a non-qualified Plan and is subject to the claims of creditors in the case of bankruptcy of Applied Industrial Technologies, Inc.

Administration - The Plan is administered by the Company. The Company's powers and duties relate to making participant and employer contributions to the Trust, establishing investment objectives, authorizing disbursements from the Trust, and resolving any questions of Plan interpretation.

The assets of the Plan are maintained and administered by Key Trust Co. of Ohio, N.A. acting as Trustee. The Trustee is responsible for the custody of assets.

Participant Accounts - Each participant's account is credited with that participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participation and Contributions - Participation in the Plan is limited to select management or highly compensated employees of the Company and whose contributions under the Applied Industrial Technologies, Inc. Retirement Savings Plan (the "Retirement Savings Plan") are limited.

Eligible participants elect to make contributions to the Plan. There are no limits to the amount they can contribute. Participants may elect to transfer excess contributions from the Retirement Savings Plan. The company makes Supplemental Matching Contributions equal to the amount that matching contributions under the Retirement Savings Plan are limited each year due

Edgar Filing: APPLIED INDUSTRIAL TECHNOLOGIES INC - Form 11-K

to the requirements of the provisions of Sections 401(k) and 401(m) of the Internal Revenue Code. Effective October 2000, the Plan was amended to allow transfers from the Applied Industrial Technologies, Inc. Deferred Compensation Plan upon retirement. Subsequently in 2001, this provision to allow transfers from the Applied Industrial Technologies, Inc. Deferred Compensation Plan was revoked.

Supplemental Matching Contributions are segregated in the Matching Contributions Account and are invested in the Company Stock Fund. Non-participant directed investments included in the Company Stock Fund were \$36,722 and \$30,430 at December 31, 2000 and 1999, respectively. During the years ended December 31, 2000, 1999 and 1998, there were no Supplemental Matching Contributions made to the plan.

Contributions are excluded from participant's taxable income until such amounts are received by them as a distribution from the Plan.

Investment of Contributions - Participants elect investment of their contributions in 5% increments in the Plan's Company Stock Fund, American Fundamental Investors Fund, American EuroPacific Growth Fund, Bond Fund of America, Financial Reserves Fund, Small Company Stock Fund, Growth Stock Fund, Growth and Income Stock Fund, T Rowe Price Fund or the VanGuard Asset Allocation Fund. Participants may change their investment elections as to future contributions and may also elect to reallocate a portion or all of their account balances among the investment funds in increments of 5% of the total amount to be reallocated. All such elections are filed with the Trustee and become effective daily.

The value of the funds and the interest of individual participants under each fund are calculated daily (daily valuation).

Vesting and Distributions - Each participant is immediately and fully vested in all participant contributions and earnings thereon. Participants vest in Supplemental Matching Contributions at a rate of 25% for each year of eligible service, becoming completely vested after four years, or at death, termination of employment due to permanent and total disability, or normal or early retirement as defined in the Plan.

Upon termination of service, participants may receive lump sum distributions of their vested account balances no later than 60 days after the end of the Plan year in which they terminate employment with the Company. Distributions upon retirement may be received as a lump sum or as installments in accordance with the participant's election. Participants may also apply for hardship withdrawals from their Supplemental Salary Savings Contributions, subject to adherence to Internal Revenue Service regulations and approval by the Company.

Forfeitures of nonvested amounts are applied to reduce future Supplemental Matching Contributions. There were no forfeitures in 2000, 1999 or 1998.

Plan Termination - The Plan was adopted with the expectation that it will continue indefinitely. The Company may, however, terminate the Plan at any time and may amend the Plan from time to time. In the event of termination of the Plan, all participants will immediately become fully vested in the value of all Supplemental Matching Employer Contributions made on their behalf.
