To the Stockholders of
Kore Holdings, Inc. and Subsidiaries
(formerly Volt Inc. and Subsidiaries)
Oakhurst, California

We have audited the accompanying consolidated balance sheets of Kore Holdings, Inc. and Subsidiaries (formerly Volt Inc. and Subsidiaries) (the "Company") as of September 30, 2004 and 2003 and the related consolidated statements of operations, changes in stockholders' equity (deficit), and cash flows for the years then ended. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. KORE HOLDINGS, INC. AND SUBSIDIARIES
(FORMERLY VOLT INC. AND SUBSIDIARIES)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2004 AND 2003

NOTE 1- ORGANIZATION AND BASIS OF PRESENTATION

Kore Holdings, Inc. and Subsidiaries (formerly Volt Inc. and Subsidiaries) is a marketer of energy and financial services. The Company is in the initial stages of implementing its business plan. On October 16, 2004, the Company amended the articles of incorporation to change its name to Kore Holdings, Inc. and Subsidiaries.

On May 17, 2002, the Company acquired First Washington Financial Corporation, a company which provides financial services in Bethesda, Maryland ("First Washington"). First Washington, is a mortgage company whose emphasis lies in residential mortgages in the greater Washington D.C. service area. The combination was treated as a purchase with First Washington becoming a wholly owned subsidiary of Volt, Inc. Volt, Inc. recognized an intangible asset (goodwill) which represented the amount of value received over the net assets acquired. The operations of First Washington are included in the consolidated statements of income for the year ended September 30, 2002 from the date of inception May 17, 2002 to September 30, 2002. There was no predecessor entity of First Washington. The fair value of the transaction was recorded based on the number of shares issued to First Washington (2,000,000) at the fair value of the stock of Volt on the date of acquisition net of a discount since the stock issued in the acquisition was restricted stock (\$1.50). The cost of the net assets purchased and liabilities assumed approximated zero, however, the value of \$3,000,000 is based on the mortgage company's future earnings.

The Company has acquired Opportunity Knocks, LLC. during the third fiscal quarter of 2002 to rehabilitate HUD homes and other properties in Washington, D.C., Maryland and Virginia under the HUD Gift Program. This acquisition was done simultaneously with the acquisition of First Washington, and Opportunity Knocks is a wholly owned subsidiary of the Company.

In fiscal 2003, the Company expanded its financial services business, and brought in two businesses, that operationally failed to meet the Company's business model. Subsequent to these agreements being in force, the Company disposed of them. Additionally, the Washington Metropolitan Area market had not met Company expectations. As a result, the Company's subsidiary First Washington acquired Yosemite Brokerage, Inc. in Oakhurst, California, a few miles from the Company's headquarters. The Company has reflected the operations from the financial service companies as discontinued operations in

Edgar Filing: KORE HOLDINGS, INC - Form 10KSB

the consolidated statements of operations for the year ended September 30, 2003. The Company had issued Preferred Stock Class B, which has been cancelled by the Company.

In July 2003 (effective August 1, 2003), First Washington acquired Yosemite Brokerage, Inc. ("Yosemite"), a California corporation for 500,000 shares of First Washington Class A Preferred Stock. The acquisition was recorded for accounting purposes as a purchase acquisition. The Company valued this transaction at \$200,000 (\$.40 per share), which included the recognition of \$31,840 in goodwill.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated balance sheets for September 30, 2004 and 2003 and consolidated statements of operations and cash flows for the years then ended includes Kore Holdings, Inc. and its wholly-owned subsidiaries. Intercompany transactions and balances have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with

Edgar Filing: KORE HOLDINGS, INC - Form 10KSB

accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments and other short-term investments with an initial maturity of three months or less to be cash or cash equivalents.

The Company maintains cash and cash equivalent balances at several financial institutions which are insured by the Federal Deposit Insurance Corporation up to \$100,000.

The Company has \$234,240 in restricted cash that is expected to be received in the next two years.

Fair Value of Financial Instruments

The carrying amount reported in the consolidated balance sheets for cash and cash equivalents, advances receivable, commissions receivable, accounts payable and accrued expenses approximate fair value because of the immediate or short-term maturity of these financial instruments.

Earnings (Loss) Per Share of Common Stock

Historical income (loss) per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share (EPS) includes additional dilution from common stock equivalents, such as stock issuable pursuant to the exercise of stock options and warrants. The Company does not have any warrants or stock options outstanding.

The following is a reconciliation of the computation for basic and diluted EPS:

	2004	2003
	----	----
Net Income (loss)	\$81,194	(\$73,792)
	-----	-----
Weighted- average common shares Outstanding (Basic)	4,919,422	3,919,422

Weighted-average common shares		
Outstanding (Diluted)	4,919,422	3,919,422

Options and warrants outstanding to purchase stock were not included in the computation of diluted EPS for September 30, 2003 because inclusion would have been antidilutive.

Goodwill

In June 2001, the FASB issued Statement No. 142 "Goodwill and Other Intangible Assets". This Statement addresses financial accounting and reporting for acquired goodwill and other intangible assets and supersedes APB Opinion No. 17, Intangible Assets. It addresses how intangible assets that are acquired individually or with a group of other assets (but not those acquired in a business combination) should be accounted for in financial statements upon their acquisition. This Statement also addresses how goodwill and other intangible assets should be accounted for after they have been initially recognized in the financial statements. This statement has been considered when determining impairment of goodwill in certain transactions. As of September 30, 2003, the Company recognized \$31,840 of goodwill acquired in the Yosemite transaction. There was no recognition of impairment of goodwill during the years ended September 30, 2004 and 2003.

Recent Accounting Pronouncement

On October 3, 2001, the FASB issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), that is

Edgar Filing: KORE HOLDINGS, INC - Form 10KSB

applicable to financial statements issued for fiscal years beginning after December 15, 2001. The FASB's new rules on asset impairment supersede SFAS 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," and portions of Accounting Principles Board Opinion 30, "Reporting the Results of Operations." This Standard provides a single accounting model for long-lived assets to be disposed of and significantly changes the criteria that would have to be met to classify an asset as held-for-sale. Classification as held-for-sale is an important distinction since such assets are not depreciated and are stated at the lower of fair value and carrying amount. This Standard also requires expected future operating losses from discontinued operations to be displayed in the period (s) in which the losses are incurred, rather than as of the measurement date as presently required.

Reclassifications

Certain amounts for the year ended September 30, 2003 have been reclassified to conform with the presentation of the September 30, 2004 amounts. The reclassifications have no effect on net income for the year ended September 30, 2003.

NOTE 3- PROPERTY AND EQUIPMENT

Property and equipment consist of the following at September 30, 2004 and 2003:

	2004	2003
	----	----
Wind Farm	\$5,700,000	\$5,700,000
Furniture and fixtures	16,000	16,000
Leasehold improvements	8,885	8,885
Computer and office equipment	119,425	116,293
	-----	-----
	5,844,310	5,841,178
Less: accumulated depreciation	(54,541)	(34,251)
	-----	-----
Net book value	\$5,789,769	\$5,806,927
	=====	=====

Depreciation expense for the years ended September 30, 2004 and 2003 was \$20,290 and \$25,773, respectively. There is no depreciation recognized on the Wind Farm in 2004 or 2003 as it is non operational until placed in service. In the Company's acquisition of Yosemite, they acquired \$55,261 of office and computer equipment.

Edgar Filing: KORE HOLDINGS, INC - Form 10KSB

The Company, upon acquisition of the Wind Farm, has classified this asset under property and equipment. The Wind Farm consists of hundreds of non operational turbines located in California. The Company has received independent valuations on the Wind Farm that have valued it in excess of \$14,000,000. The Company would need to spend approximately in excess of \$5,000,000 to bring these assets into operational use, at which time the Company would depreciate them over their estimated useful life of 40 years. Consequently, there is no depreciation recognized on the Wind Farm in 2004 and 2003. The Company did receive miscellaneous scrap parts that have not been valued (salvage) for the consolidated balance sheets, that it sells from time to time, and the Company records the income in their consolidated statements of operations when these sales occur. There were no sales of scrap in 2004.

NOTE 4- INTANGIBLE ASSET

The Company in November 2003 issued 1,000,000 shares of its common stock valued at \$500,000 for exclusive right to distribute power generators in northern California and Hawaii and other agreed territories. Additionally, the Company received the non-exclusive right to acquire the generators at prevailing wholesale prices for distribution and the non-exclusive license to use the name, trademark and trade names of the manufacturer or distributor of the power generators. The license agreements are being amortized over the five year life. Amortization charged to expense for the year ended September 30, 2004 was \$91,666.

NOTE 8- PROVISION FOR INCOME TAXES

Edgar Filing: KORE HOLDINGS, INC - Form 10KSB

Deferred income taxes will be determined using the liability method for the temporary differences between the financial reporting basis and income tax basis of the Company's assets and liabilities. Deferred income taxes will be measured based on the tax rates expected to be in effect when the temporary differences are included in the Company's consolidated tax return. Deferred tax assets and liabilities are recognized based on anticipated future tax consequences attributable to differences between financial statement carrying amounts of assets and liabilities and their respective tax bases.

At September 30, 2004 and 2003, deferred tax assets consist of the following:

	2004 ----	2003 -----
Deferred tax assets	\$343,000	\$425,000
Less: valuation allowance	(343,000)	(425,000)
	-----	-----
Net deferred tax assets	\$ -0-	\$ -0-
	=====	=====

At September 30, 2004 and 2003, the Company had federal net operating loss carryforwards in the approximate amounts of \$1,618,000 and \$1,700,000, respectively, available to offset future taxable income.
