The following press release is being published today:

PARK CITY GROUP REPORTS SUBSTANTIAL YEAR-OVER-YEAR IMPROVEMENT  
IN ITS FY2004 YEAR END FILING

Increased revenues and profitability and improved cash flow from  
operations continue trend of year-over-year improvements

## Edgar Filing: PARK CITY GROUP INC - Form 8-K

PARK CITY, UTAH - October 14, 2004 - Park City Group, Inc. (OTCBB: PKCY) announced today that it has filed its 10KSB for FY2004 ending June 30, 2004 and reports significant improvements in the business operations for the year. The Company reported revenues of \$6.03 million as compared to FY2003 revenues of \$5.35 million, an improvement of approximately 12.7% or \$680,000. Also reported is a significant improvement in cash flow from operations of 270% where in FY2004, the Company reported approximately \$67,000 as compared to \$27,000 in FY2003. Equally as important to the improved operation of the Company is a reduction in operating expenses to \$5.37 million from \$8.14 million or approximately a 34% reduction over FY2003. The prior year comparisons are based on reported FY2003 year results with the one time write down for capitalization of software expenses of approximately \$2.24 million.

Additional highlights for the year include reduced liabilities by more than \$1.45 million and the addition of the PAYGo (Pay-As-You-Go) monthly subscription model that resulted in accelerated new customer sales as demonstrated by the addition of Kwik Trip, WinCo Foods, Marvelous Market and Larry's Market. Additionally, the Company reported increases in recurring revenues from customers such as Wawa, Schnuck Markets, Pacific Sunwear of California and Price Chopper and it should be noted that these revenues from existing customers are recurring revenues, one of the Company's most important revenue sources.

"I am very pleased with our efforts in this past year to improve our operations by increasing revenues and reducing expenses," said Randy Fields, CEO and Chairman of Park City Group. "These efforts validated our plan to improve our balance sheet and increase our market penetration while controlling expenses. Simply put, it was a very good year. In our new fiscal year we expect the trend for our subscription based payment model (PAYGo) to accelerate.

Page 2 - PARK CITY GROUP REPORTS SUBSTANTIAL YEAR-OVER-YEAR IMPROVEMENT  
IN ITS FY2004 YEAR END FILING

The impact of that acceleration would be to reduce revenue in the short term, but it also increases the total revenues and makes it much more predictable in the longer term. We are, needless to say, very, very proud of the efforts our team made this year. Our new president, Jim Horton, is already making substantial progress toward building an expanded sales organization and the market traction is absolutely increasing. I believe that FY2005 will show continued progress in both revenues and profitability."

While the Company did end the year with a decreased net loss of \$(675,000) as compared to \$(5,000,000) in the prior year, the net loss was approximately an 86.6% improvement over results of FY2003. "We look at our progress over the past two years and we are increasingly confident in our products and our efforts," continues Fields. "We have placed a significant emphasis on providing the products and services that will make our customers successful. This is especially crucial since our success is measured by our customers' success."

"We feel we are well positioned for FY2005. We have already signed a few new customers whose names we will be announcing in future news releases as they begin their product implementations," concludes Fields.

About Park City Group:

Park City Group, Inc. develops and markets patented computer software that helps

## Edgar Filing: PARK CITY GROUP INC - Form 8-K

its retail customers to increase their sales while reducing their inventory and labor costs: the two largest, controllable expenses in the retail industry. The technology has its genesis in the operations of Mrs. Fields Cookies, co-founded by Randy Fields, CEO of Park City Group, Inc. Industry leading customers such as The Home Depot, Victoria's Secret, The Limited, Anheuser Busch Entertainment and Tesco Lotus benefit from our software.
