Note 8 - Explanation of Restatement

This Form 10-QSB/A is being filed to amend and restate the Park City Group, Inc. (the "Company") Quarterly Report on Form 10-QSB for the Three Months Ended, September 30, 2005. The restatement arose out of, and in conjunction with, a letter of comment dated September 1, 2006 received from the staff of the Securities and Exchange Commission as a result of the Company's submission and filing of Form SB-2 Registration Statement. The financial statements and references thereto have been amended and updated to reflect the effect of the 1:50 reverse stock split effective August 11, 2006 pursuant to SAB Topic 4:C. At the time of the reverse split, the Articles of Incorporation were amended to reflect authorized common shares from 500,000,000 to 50,000,000.

Edgar Filing: PARK CITY GROUP INC - Form 10QSB/A

Generally, no attempt has been made in this Form 10-QSB/A to modify or update other disclosures presented in the original report on Form 10-QSB except as required to meet the staff's comments. This Form 10-QSB/A does not reflect events occurring after the filing of the original Form 10-QSB or modify or update those disclosures. Information not affected by the amendment is unchanged and reflects the disclosures made at the time of the original filing of the Form 10-QSB with the Securities and Exchange Commission on November 10, 2005. The following items have been amended as of result of the restatement:

PARK CITY GROUP, INC.
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
September 30, 2005

Note 1 - Unaudited Financial Statements

The accompanying unaudited financial statements have been prepared in accordance with U.S. generally accepted accounting principles for quarterly financial statements, and include all normal, recurring adjustments which in the opinion of management are necessary in order to make the financial statements not misleading. Although the Company believes that the disclosures in these unaudited financial statements are adequate to make the information presented for the interim periods not misleading, certain information and footnote information normally included in quarterly financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission, and these financial statements should be read in conjunction with the Company's audited annual financial statements included in the Company's June 30, 2005 Annual Report on Form 10-KSB.

Certain 2004 amounts have been reclassified to conform to 2005 classifications.

Edgar Filing: PARK CITY GROUP INC - Form 10QSB/A

Note 2 - Liquidity

As shown in the consolidated financial statements, the Company had a profit for the period ending September 30, 2005 and incurred a loss for the same quarter in 2004. Current liabilities are in excess of current assets at September 30, 2005. The company did generate positive cash flow during the quarter ending September 30, 2005 and was able to retire a large amount of current debt. The company did not generate a positive cash flow however for the year ending June 30, 2005.

The Company believes that cash flows from sales, as well as the ability and commitment of its majority shareholder to contribute funds necessary to continue to operate, will allow the Company to fund its currently anticipated working capital, capital spending and debt service requirements during the year ended June 30, 2006. The financial statements do not reflect any adjustments should the Company's operations not be achieved.

Note 3 - Stock-Based Compensation

At September 30, 2005 and 2004, the Company has issued stock options to certain of its employees. The Company accounts for these options under the recognition and measurement principles of APB Opinion No. 25, Accounting for Stock Issued to Employees, and related Interpretations. No stock-based employee compensation cost is reflected in net loss, as all options granted had an exercise price equal to or greater than the market value of the underlying common stock on the date of grant. Had compensation cost for the Company's stock option plans been determined based on fair value consistent with the provisions of SFAS No. 123, Accounting for Stock-Based Compensation, the Company's net loss and loss per share would have been increased to the pro forma amounts indicated below for the quarter ended September 30, 2005 and 2004:

Note 5 - Supplemental Cash Flow Information

In connection with the note payable funding from Whale Investment, Ltd. the Company issued warrants and issued shares of common stock, which were recorded as a debt discount. In June 2004 the note payable to Whale Investments, LTD was extended and ownership of the note payable was transferred to Whale Investment's sister company Triplenet Investments. As consideration for the extension the Company issued cash and shares. The fair value of the cash and shares issued in connection with the extension was recorded as a discount to the note payable and added to the previous discount to be amortized over the remaining life of the note as extended. Of the debt discount amounts \$54,976 and \$27,488 was amortized to interest expense during the quarters ended September 30, 2005 and 2004, respectively.

The Triplenet Investments loan was paid off in August 2005 with cash generated

Edgar Filing: PARK CITY GROUP INC - Form 10QSB/A

from operations. The company did pay a pre-payment penalty fee of \$30,000 or one month interest on the loan.

The fair value of shares issued in connection with the \$345,000 note payable funding from Riverview obtained as a condition of the Whale Investment, Ltd. funding was recorded as a discount on the note payable, of which \$6,188 and \$2,143 was amortized into interest expense during the quarters ended September 30, 2005 and 2004, respectively. This increase is due to the fee charged for the extension of the Riverview portion of this transaction in August 2004.

For the quarters ended September 30, 2005 and 2004 the Company paid cash for interest expense of \$88,141 and \$109,027, respectively. No cash was paid for income taxes.

Note 6 - Accrued liabilities

Accrued liabilities consist of the following as of September 30, 2005:

Accrued interest	\$ 980,839
Accrued vacation	107,976
Other accrued liabilities	50,981

	\$1,139,796

Note 7 - Net Income (Loss) Per Common Share

Basic net income (loss) per common share ("Basic EPS") excludes dilution and is computed by dividing net income (loss) by the weighted average number of common shares outstanding during the period. Diluted net income (loss) per common share ("Diluted EPS") reflects the potential dilution that could occur if stock options or other contracts to issue common stock were exercised or converted into common stock. The computation of Diluted EPS does not assume exercise or conversion of securities that would have an anti-dilutive effect on net income (loss) per common share.

Options and warrants to purchase 321,059 and 1,657,017 shares of common stock as of September 30, 2005 and 2004, respectively, were not included in the computation of Diluted EPS due either to the dilutive effect from a net loss or a strike price in excess of market price. Using the treasury stock method 22,765 shares were assumed repurchased and added to shares outstanding for the computation of Diluted EPS for the 3 months ended September 30, 2005.

8. Explanation of Restatement

In connection with the filing of an amendment to the Company's June 30, 2005 Form 10KSB/A, September 30, 2005 Form 10QSB and an amended SB-2 registration statement, the financial statements and references thereto have been amended and updated to reflect the effect of a 1:50 reverse stock split effective August 11, 2006 pursuant to SAB Topic 4:C. At the time of the reverse split, the Articles

Forward-Looking Statements

Edgar Filing: PARK CITY GROUP INC - Form 10QSB/A

This quarterly report on Form 10-QSB/A contains forward looking statements. The words or phrases "would be," "will allow," "intends to," "will likely result," "are expected to," "will continue," "is anticipated," "estimate," "project," or similar expressions are intended to identify "forward-looking statements". Actual results could differ materially from those projected in the forward looking statements as a result of a number of risks and uncertainties, including those risks factors contained in our Form 10-KSB/A annual report at June 30, 2005, incorporated herein by reference. Statements made herein are as of the date of the filing of this Form 10-QSB with the Securities and Exchange Commission and should not be relied upon as of any subsequent date. Unless otherwise required by applicable law, we do not undertake, and specifically disclaim any obligation, to update any forward-looking statements to reflect occurrences, developments, unanticipated events or circumstances after the date of such statement.

Three Months Ended September 30, 2005 and 2004

Total revenues were \$3,698,865 and \$989,675 for the quarters ended September 30, 2005 and 2004, respectively, a 274% increase. Software license revenues were \$2,630,453 and \$162,163 for the quarters ended September 30, 2005 and 2004, respectively, a 1522% increase. This increase is primarily attributable to software license sales to one customer, Cannon Equipment, during the quarter ended September 30, 2005. Details of this software license sales transaction are incorporated herein by reference to form 8K filed on August 11, 2005. License sales in 2004 were attributed to two new and one existing customer. Maintenance and support revenues were \$608,446 and \$623,492 for the quarters ended September 30, 2005 and 2004, respectively, a 2% decrease. This decrease is primarily attributable to a two existing Action Manager customers reducing their maintenance fees due to store closures. Software Maintenance and support for Fresh Market Manager software increased by \$51,083 during the quarter ending September 30, 2005 over the same period in 2004. This was primarily due to the Cannon Solutions Contract. The company has decided to report their ASP, (their hosted solution), sales separately starting in Fiscal Year ending June 30, 2006 instead of previously including these amounts in maintenance and support revenues. ASP revenues were \$48,900 and \$11,600 respectively for the quarters ending September 30, 2005 and 2004, respectively, an increase of 322%. This increase was the result of our success in the Perishable Manufacturing Channel where we have signed 4 new contracts in the last 6 months. Consulting and other revenue was \$411,066 and \$192,420 for the quarters ended September 30, 2005 and 2004, respectively, a 114% increase. This increase is spread evenly between increased Action Manager and FMM implementation services and income from the Cannon Equipment agreements.

Cost of revenues, as a percent of total revenues was 11% and 30% for the quarters ended September 30, 2005 and 2004, respectively. This decrease in cost of revenues as a percent of total revenues is primarily attributable to the increased software license revenues during the quarter ended September 30, 2005 as compared to the same period in the prior year.

Research and development expenses were \$235,909 and \$256,081 for the quarters ended September 30, 2005 and 2004 respectively, an 8% decrease. This decreased expense reflects the fact that both Action Manager and FMM software suites have had major releases completed in addition to the streamlining of our development process.

Sales and marketing expenses were \$283,200 and \$293,394 for the quarters ended September 30, 2005 and 2004, respectively, a 3% decrease. This decrease is primarily due to one trade show being cancelled during September 2005 due to weather problems. The company expects a slight increase in sales costs during the second quarter due to the rescheduling of this trade show.

Edgar Filing: PARK CITY GROUP INC - Form 10QSB/A

General and administrative expenses were \$313,155 and \$310,109 for the quarters ended September 30, 2005 and 2004, respectively a 1% increase.

Liquidity and Capital Resources

The Company had a working capital deficit at September 30, 2005.

The company had net income of \$2,164,815 versus a net loss of \$444,621 for the quarters ending September 30, 2005 and 2004 respectively. The company was able to pay off the Triplenet Incorporated debt of \$2,030,000 and reduce its accounts payables from \$628,398 as of June 30, 2005 to \$173,914 during the quarter ended September 30, 2005. The Company had interest expense of \$297,135 and \$274,558 for the quarters ending September 30, 2005 and 2004 respectively, an increase of 8%. This increase occurred because the prepayment of the Triplenet Incorporated debt during the quarter ended September 30, 2005. To date, the Company has financed its operations through operating revenues, loans from directors, officers and stockholders, loans from the CEO and majority shareholder, and private placements of equity securities. The Company may be unable to raise additional equity capital until it achieves profitable operations and refinances its debt. The Company anticipates that it will meet its working capital requirements primarily through increased revenue, while controlling and reducing costs and expenses. However, no assurances can be given that the Company will be able to meet its working capital requirements.

10

Item 3 - Controls and Procedures

(a) Evaluation of disclosure controls and procedures.

The Company maintains disclosure controls and procedure that are designed to ensure that information required to be disclosed in the Company's reports filed under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed summarized and reported within the specified time periods. As of the end of the period covered by this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of these disclosure controls and procedures pursuant to Rules 13a-15 and 15d-15(e) of the Exchange Act. Based on the evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective.

While the Company believes that the disclosure controls currently in place are adequate to prevent material misstatements, the Company has found significant internal control deficiencies in its accounting for pre-1999, fully aged, and fully depreciated property, plant and equipment that they will work to rectify in the coming year in preparation for section 404 of the Sarbanes Oxley Act of 2002. As previously stated in form 10-KSB/A for the Fiscal Year Ended, dateYear2005Day30Month6June 30, 2005, the nature of the deficiency is a result of disparities in the physical identification of Pre-1999, PPE and their retention in the fixed asset system. As such, the Company is reconciling those items on hand and still in use, and will need to properly account for the disposal of the fully depreciated assets that are no longer employed in the normal course and scope of the

Edgar Filing: PARK CITY GROUP INC - Form 10QSB/A

Company's operation. The Company maintains that there is no material weakness or misstatement and expects to fully reconcile the disparities by year's end while investigating and employing a more official asset tracking software and barcode system.

(b) Changes in internal controls.

The Company's Chief Executive Officer and Chief Financial Officer have determined that there have been no changes in the Company's internal control over financial reporting during the period covered by this report identified in connection with the evaluation described in the above paragraph that have materially affected, or are reasonably likely to materially affect, Company's internal control over financial reporting.
