PROXY STATEMENT

The Board of Directors of Beasley Broadcast Group, Inc., a Delaware corporation (the "Company"), is soliciting your proxy on the proxy card enclosed with this Proxy Statement. Your proxy will be voted at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Tuesday, April 22, 2003, at 10:00 a.m. local time, at the corporate offices of Beasley Broadcast Group, Inc., 3033 Riviera Drive, Suite 200, Naples, Florida, and any adjournment or postponement thereof. This Proxy Statement, the accompanying proxy card and the Company's Annual Report to Stockholders are first being mailed to stockholders on or about March 24, 2003.

VOTING SECURITIES

Voting Rights and Outstanding Shares

Only stockholders of record on the books of the Company as of 5:00 p.m., March 12, 2003, which is the Record Date, will be entitled to vote at the Annual Meeting. At the close of business on March 12, 2003, the Company had 7,440,698 shares of Class A Common Stock outstanding (the "Class A Shares"), and 16,832,743 shares of Class B Common Stock outstanding (the "Class B Shares" and together with the Class A Shares, the "Common Stock").

Under the Company's Restated Certificate of Incorporation and Bylaws, in the election of directors, the holders of the Class A Shares are entitled by class vote, exclusive of all other stockholders, to elect two of the Company's directors, with each Class A Share being entitled to one vote. With respect to the election of the other six directors and other matters submitted to the stockholders for vote, the holders of Class A Shares and Class B Shares shall vote as a single class, with each Class A Share being entitled to one vote and each Class B Share entitled to ten votes.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector of Elections with the assistance of the Company's transfer agent. The Inspector will also determine whether or not a quorum is present. Except with respect to the election of directors and except in certain other specific circumstances, the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present is required under Delaware law and our Bylaws for approval of proposals presented to stockholders. Our

Edgar Filing: BEASLEY BROADCAST GROUP INC - Form DEF 14A

Bylaws provide that a quorum consists of a majority of the votes entitled to be cast and present in person or represented by proxy. The Inspector will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum and therefore, abstentions will generally have the effect of a negative vote for purposes of determining the approval of matters submitted to the stockholders for a vote. However, with respect to any matter to be decided by a plurality of the votes cast at the meeting (such as the election of a director), proxies marked withhold authority or marked abstain or which constitute broker non-votes, will not be counted for the purpose of determining the number of votes cast at the meeting and will have no effect on the voting for such matter.

The shares represented by the proxies received, properly dated and executed and not revoked will be voted at the Annual Meeting in accordance with the instructions of the stockholders. A proxy may be revoked at any time before it is exercised by:

delivering written notice of revocation to the Company, Attention: Caroline Beasley;

delivering a duly executed proxy bearing a later date to the Company; or

attending the Annual Meeting and voting in person.

Any proxy which is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted FOR the election of directors and as the proxy holders deem advisable on other matters that may come before the meeting, as the case may be with respect to the item not marked. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present with respect to that matter. The Company believes that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

The cost of soliciting proxies will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or telegram.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Eight directors are to be elected at the Annual Meeting to serve until the next annual meeting of stockholders or until their respective successors are elected or appointed. Nominees for election to the Board of Directors shall be approved by the following vote:

For Nominees to be Elected by the Holders of the Class A Shares: by a plurality of the votes cast by the holders of Class A Shares present in person or by proxy at the Annual Meeting, with each share being entitled to one vote.

Abstentions from voting on the election of directors, including broker non-votes, will have no effect on the outcome of the election of directors. In the event any nominee is unable or unwilling to serve as a nominee, the proxies may be voted for the balance of those nominees named and for any substitute nominee designated by the present Board of Directors or the proxy holders to fill such vacancy, or for the balance of those nominees named without nomination of a substitute, or the Board of Directors may be reduced in accordance with the Bylaws of the Company. 2000 Equity Plan

On February 11, 2000, the Company adopted the 2000 Equity Plan of Beasley Broadcast Group, Inc. This equity plan is the Company's first plan under which employee stock options have been granted. The principal purpose of the equity plan is to attract, retain and motivate selected officers, employees, consultants and directors through the granting of stock-based compensation awards. The equity plan provides for a variety of compensation awards, including non-qualified stock options, incentive stock options that are within the meaning of Section 422 of the Internal Revenue Code, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock-related benefits. A total of 3,000,000 shares of Class A common stock were reserved for issuance under the equity plan, of which 2,500,000 shares were granted on February 11, 2000. These options have an exercise price of \$15.50 per share. As of December 31, 2002, there were 2,821,000 options outstanding under the equity plan.

The equity plan provides that the Compensation Committee has the authority to select the employees and consultants to whom awards are to be made, to determine the number of shares to be subject to those awards and

their terms and conditions, and to make all other determinations and to take all other actions necessary or advisable for the administration of the equity plan with respect to employees or consultants.

The equity plan also provides that each of the Company's independent director nominees will automatically be granted options to purchase 20,000 shares of the Company's Class A common stock upon election to its board of directors. These options will have an exercise price per share equal to the fair market value per share of our Class A common stock as of the date of grant, and will be exercisable with respect to 10,000 shares as of the date of grant and will become exercisable with respect to an additional 5,000 shares on each of the first two anniversaries of the date of grant. The board may make additional option grants to the Company's independent directors from time to time, in its discretion, on such terms as the board determines consistent with the equity plan.

The committee and the board is authorized to adopt, amend and rescind rules relating to the administration of the equity plan, and to amend, suspend and terminate the equity plan. The Company has attempted to structure the equity plan in a manner such that remuneration attributable to stock options and other awards will not be subject to the deduction limitation contained in Section 162(m) of the Internal Revenue Code.

COMPENSATION COMMITTEE REPORT ON

EXECUTIVE COMPENSATION

The Compensation Committee is responsible for establishing compensation policies with respect to the Company's executive officers, including the Chief Executive Officer and the other executive officers, and setting the compensation for these individuals.

The Compensation Committee seeks to achieve three broad goals in connection with the Company's executive compensation programs and decisions regarding individual compensation. First, the Compensation Committee structures executive compensation programs in a manner that the Committee believes will enable the Company to attract and retain key executives. Second, the Compensation Committee establishes compensation programs that are designed to reward executives for the achievement of business objectives of the Company. Finally, the Company's executive compensation programs are intended to provide executives with an equity interest in the Company so as to link a portion of the compensation of the Company's executives with the performance of the Company's common stock.

In fiscal 2002, executive compensation had two primary components: cash compensation and stock-based compensation, consisting of stock options.

Cash Compensation: Cash compensation consists of base salaries, annual increases, and cash bonuses. In establishing base salaries, consideration is given to the goals for the Company for the fiscal year. Consideration is also given to the standards and compensation at comparable companies, particularly those that are in the same industry as the Company or related industries and/or located in the same general geographical area as the Company, historic salary levels of the individual and the nature of the individual's responsibilities. The Compensation Committee will meet at least annually to discuss annual increases greater than the minimum increases in the employment agreement and cash bonuses. In the year ended December 31, 2002, the Compensation Committee awarded cash bonuses to the Chief Executive Officer and the other executive officers.

Edgar Filing: BEASLEY BROADCAST GROUP INC - Form DEF 14A

Stock-Based Compensation: Stock-based compensation consists of stock options to purchase shares of the Company's Class A common stock. The emphasis on long-term incentives is intended to encourage executive officers to focus on the growth of the Company since the value of these awards depends on the Company's performance and future stock value. In deciding to award options, the Compensation Committee also considers a number of factors, including the number of options outstanding or previously granted and the aggregate size of current awards.

Chief Executive Officer Compensation: George G. Beasley received \$547,604 in annual salary pursuant to his employment agreement and was also awarded a cash bonus of \$100,000 in 2002. Mr. Beasley's compensation was determined based upon the same factors used in setting other executive officer salaries, as well as the salaries paid to chief executive officers of comparable companies and his leadership in setting and pursuing our financial, operational and strategic objectives.

Based on its evaluation of the performance of the executive officers, the Compensation Committee believes that the Company's executive officers are committed to achieving positive long-term financial performance and enhancing shareholder value, and that the compensation policies and programs discussed in this report have motivated the Company's executive officers to work toward these goals.

Section 162(m) of the Internal Revenue Code of 1986 (the Code) limits the Company's Federal income tax deduction for certain executive compensation in excess of \$1 million paid to the Chief Executive Officer and the four next highest paid named executive officers. The \$1 million deduction limit does not apply, however, to performance-based compensation as that term is defined in Section 162(m)(4)(C) of the Code and the regulations promulgated thereunder. The Committee recognizes the possibility that if the amount of the base salary of a named executive officer, and other compensation not described in the preceding paragraph exceeds \$1 million, it may not be fully deductible for Federal income tax purposes. The Committee will make a determination at any such time whether to authorize the payment of such amounts without regard to deductibility or whether the terms of such payment should be modified as to preserve any deduction otherwise available.
