(To Prospectus dated November 8, 2004)

Caesars Entertainment, Inc.

Floating Rate Contingent Convertible Senior Notes due 2024

This document supplements the prospectus dated November 8, 2004, as amended and supplemented from time to time, related to the resale by the holders of Floating Rate Contingent Convertible Senior Notes due April 15, 2024 and the shares of common stock into which the notes are convertible.

This prospectus supplement is incorporated by reference into, and should be read in conjunction with, the prospectus dated November 8, 2004, including any amendments or supplements to it. This prospectus supplement is not complete without, and may not be delivered or utilized except in connection with, the prospectus, including any amendments or supplements to it.

The notes were originally issued by us to Deutsche Bank Securities Inc. and the other initial purchasers in a transaction exempt from the registration requirements of the Securities Act and were immediately resold by the initial purchasers in reliance on Rule 144A to persons who represented to the initial purchasers that they were qualified institutional buyers. Each institution that purchased the notes from the initial purchasers and who has provided us with a questionnaire setting forth the information specified below, and that selling security holder's transferees, pledgees, donees and successors (collectively, the "selling security holders"), may from time to time offer and sell pursuant to this prospectus supplement any or all of the notes held by that selling security holder and common stock into which the notes are convertible.

The following table sets forth information as of December 8, 2004, with respect to the selling security holders and the principal amounts of notes beneficially owned by each selling security holder that may be offered under this prospectus. This information is based on information provided by or on behalf of the selling security holders pursuant to the questionnaires referred to above. No holder of the notes may sell the notes or shares without furnishing to us a questionnaire setting forth the information specified below.

The selling security holders may offer all, some or none of the notes or common stock into which the notes are convertible. In addition, the selling security holders may have sold, transferred or otherwise disposed of all or a portion of their notes since the date on which they provided the information regarding their notes in transactions exempt from the registration requirements of the Securities Act. No selling security holder beneficially owns one percent or more of the notes or of our common stock, assuming conversion of the selling security holders' notes, except as otherwise indicated in the table below.

Information concerning the selling security holders may change from time to time and any changed information will be set forth in supplements to this prospectus if and when necessary. In addition, the conversion rate and, therefore, the number of shares of common stock issuable upon conversion of the notes, is subject to adjustment under certain circumstances.
