RECORD DATE

The Board of Directors has fixed the close of business on March 28, 2005 as the Record Date for the 2005 Annual Meeting of Stockholders. Only stockholders of record at the Record Date are entitled to notice of and to vote at the Annual Meeting or at any adjournments thereof, in person or by proxy. At the Record Date, there were 88,113,993 shares of Common Stock outstanding.

PROXIES

The proxy accompanying this Proxy Statement is solicited on behalf of the Board of Directors of the Company for use at the Annual Meeting and any adjournments thereof. Each holder of Common Stock is entitled to one vote for each share of such stock held at the Record Date. The holders in person or by proxy of a majority of the Common Stock of the Company entitled to be voted at the Annual Meeting shall constitute a quorum.

Any proxy delivered pursuant to this solicitation is revocable at the option of the person(s) executing the same upon receipt by the Company, prior to the time the proxy is voted, of a duly executed instrument revoking it, or of a duly executed proxy bearing a later date, or in the case of death or incapacity of the person(s) executing the same, of written notice thereof, or by such person(s) voting in person at the Annual Meeting. Broker non-votes will be treated as votes cast for purposes of a quorum, but will not be counted as either voting for or against any proposal. Abstentions will be included in tabulations of the votes cast on proposals presented (other than the election of Directors) in the same manner as votes cast against such proposals. **Where a choice has not been specified on the proxy card, the proxy will be voted in accordance with the recommendations of your Board of Directors.**

Proxies will be solicited by mail, telephone or other means of communication. The Company's directors, officers and regular employees who are not specifically employed for proxy solicitation purposes and who will not receive any additional compensation may also solicit proxies. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that the Company's executive officers and directors, and any persons who own more than 10% of the Company's Common Stock, file reports of initial ownership of the Company's Common Stock and subsequent changes in that ownership with the Securities and Exchange Commission ("SEC") and furnish the Company with copies of all forms they file pursuant to Section 16(a). As a practical matter, the Company seeks to assist its directors and officers by monitoring transactions and completing and filing reports on their behalf.

Based upon a review of the filings with the SEC and written representations that no other reports were required, the Company believes that during fiscal year 2004 and as of the date of this Proxy Statement all Section 16(a) filing requirements were made in a timely manner with one exception. Ronald P. Badie, who was appointed a Director on July 21, 2004, inadvertently failed to file a required Form 4 until September 10, 2004.

PROPOSAL 1. ELECTION OF DIRECTORS

The Amended and Restated Certificate of Incorporation and By-Laws of the Company provide for a Board of Directors consisting of three or more directors. Currently, the number of directors of the Company is seven. Directors of the Company are elected for terms of three years, with approximately one-third of the directors subject to election each year. Accordingly, action will be taken at the 2005 Annual Meeting of Stockholders for the election of two directors, Ronald P. Badie and Dean H. Secord. Each of these directors will hold office for the three-year term ending in 2008 and until their respective successors are elected and qualified.

It is intended that the proxies delivered pursuant to this solicitation will be voted in favor of the election of Messrs. Badie and Secord except in cases of proxies bearing contrary instructions. In the event that any of these nominees should become unavailable for election for any presently unforeseen reason, the person named in the proxy will have the right to use his discretion to vote for a substitute.

The following information details offices held, other business directorships, the classes and terms of all directors and nominees. Beneficial ownership of equity securities of the directors and nominees is shown under the caption "*Security Ownership of Management and Directors*" on page 3.

Recommendations must be received by December 27, 2005 to be considered for the 2006 annual meeting of stockholders, and must comply with the requirements in the Company's bylaws. Recommendations must include the name and address of the stockholder making the recommendation, a representation that the stockholder is a holder of record of Common Stock, biographical information about the individual recommended and any other information the stockholder believes would be helpful to the Nominating/Corporate Governance Committee in evaluating the individual recommended.

Once the Nominating/Corporate Governance Committee has identified a candidate, the committee will evaluate the candidate based upon the following principles:

character, judgment, personal and professional ethics, integrity, values and familiarity with national and international issues affecting business;

depth of experience, skills and knowledge complementary to the Board and the Company's business;

willingness to devote sufficient time to carry out the duties and responsibilities effectively.

The committee will also consider such other relevant factors as it deems appropriate. The committee will make a recommendation to the full Board as to any persons it believes should be nominated by the Board, and the Board will determine the nominees after considering the recommendation and report of the committee. The procedures for considering candidates recommended by a stockholder for Board membership will be no different than the procedures for candidates recommended by members of the Nominating/Corporate Governance Committee, other members of the Board or management.

Meetings of the Board.

During 2004 there were four meetings and twelve actions by unanimous written consent of the Board of Directors, six meetings and two actions by unanimous written consent of the Audit Committee, one meeting and five actions by unanimous written consent of the Compensation Committee and two meetings and three actions by unanimous written consent of the Nominating/Corporate Governance Committee. The Executive and Pension Committees met informally from time to time on an as-needed basis and acted on eight and two matters, respectively, by unanimous written consent. All directors attended 75% or more of the combined total meetings of the Board and the committees on which they served (for the periods in which they served) in 2004, except for Mr. Kravis who was unable to attend the only Board meeting of 2004 occurring prior to his resignation and he therefore attended 0% of applicable Board meetings in 2004. All directors other than Mr. Kravis attended all meetings of the Board of Directors and all meetings of all the Committees on which they served except Messrs. Clarkson, Greene, and Nuttall (directors who resigned during 2004) who were each unable to attend one Board meeting and Mr. Clarkson who was unable to attend one Nominating/Corporate Governance Committee meeting.

Compensation of the Board.

On January 28, 2004 the Board of Directors approved an increase in the retainer fee to non-employee directors from \$30,000 to \$45,000 per year. In addition, the Audit Committee Chairman receives an additional \$5,000 per year; other Committee Chairpersons receive an additional \$3,000 per year. During 1997 the Company adopted the Directors' Deferred Compensation Plan. The Directors' Deferred Compensation Plan allows each director to elect to defer payment of their fees to a future date with the ultimate payment in cash or stock of the Company subject to the prior election of each director. Messrs. Clarkson, Kravis, Greene, Lipschultz and Nuttall, directors who each resigned during 2004, received 13,912, 12,852, 1,635, 13,606 and 5,467 shares, respectively, of Amphenol Common Stock in January 2005. Michael W. Michelson resigned as a director on January 27, 2005 and received 14,000 shares of Amphenol Common Stock in February 2005. Messrs. Badie, Clark, Lietz and Secord have elected deferral of fees and the payment of fees in stock. Mr. Lietz was appointed to the Board of Directors on January 24, 2001 and the cumulative account balance in his Directors' stock account as of April 1, 2005 is 6,189 unit shares, respectively. Mr. Secord was appointed to the Board of Directors on March 28, 2002 and the cumulative account balance in his Directors' stock account as of April 1, 2005 is 4,345 unit shares. Mr. Badie was appointed to the Board of Directors on July 21, 2004 and the cumulative account balance in his Directors' stock account as of April 1, 2005 is 884 unit shares. Mr. Clark was appointed to the Board of Directors on January 27, 2005 and the cumulative account balance in his Directors' stock account as of April 1, 2005 is 324 unit shares. None of the shares credited to any Directors' account are currently issued or outstanding. Mr. Lord, appointed to the Board of Directors on March 10, 2004, elected not to participate in the Directors' Deferred Compensation Plan and as of April 1, 2005 has received fees of \$37,125.

During 2004, the Board of Directors authorized and the stockholders of the Company approved, the Directors' Stock Option Plan. Each non-employee Director will receive an annual award of 4,000 stock options at fair market value on the first business day following the day of each annual meeting of the stockholders of the Company. The options will vest ratably over 3 years and there will be no additional restrictions on transfer or sale. Messrs. Lietz, Lord and Secord each received 4,000 stock options on May 27, 2004 with an exercise price of \$32.36. Mr. Badie, who was appointed to the Board of Directors on July 21, 2004, received 4,000 stock options with an exercise price of \$29.68. Mr. Clark, who was appointed to the Board of Directors on January 27, 2005, received 4,000 stock options with an exercise price of \$38.47. As of April 1, 2005, no options granted pursuant to the Directors' Stock Option Plan are vested.

Stockholder Communications with the Board.

Stockholders interested in communicating with the Board or any director may do so in writing c/o Secretary & General Counsel, Amphenol Corporation, 358 Hall Avenue, Wallingford, CT 06492. All communications will be promptly forwarded to the appropriate directors for their review, except that the Board has instructed the General Counsel not to forward solicitations, bulk mail, communications that address improper or irrelevant topics or requests for general information.

Board Member Attendance at Annual Meeting of Stockholders.

The Company does not require members of the Board of Directors to attend the Annual Meeting of Stockholders. The only Board member who attended the 2004 Annual Meeting of Stockholders as a Board member was Mr. Loeffler, Chairman of the Board, President and Chief Executive Officer.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee ("Committee") consists of three directors who are independent directors as defined under the NYSE Listing Standards. The Board of Directors has determined that all current members of the Committee are financially literate and that Mr. Secord is an audit committee financial expert as defined by the applicable rules of the SEC and the NYSE Listing Standards. The Committee has undertaken a review of its charter, practices and procedures in order to assure continuing compliance with the provisions of the Sarbanes-Oxley Act of 2002 and related regulatory initiatives. Following that review, the Committee approved changes to its charter and to its policies and practices. A copy of the revised Audit Committee Charter is included as Annex B to this Proxy Statement and available on the Company's website at www.amphenol.com.

The Audit Committee reports as follows:

1. The Audit Committee has reviewed and discussed the Company's audited financial statements with Company management, which has primary responsibility for establishing and maintaining adequate internal financial controls, preparing the Company's financial statements and for the Company's public reporting process, and with Deloitte & Touche LLP, the Company's independent accountants for 2004, which is responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles.
2. The Audit Committee has discussed with Deloitte & Touche LLP those matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees).
3. The Audit Committee has received written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board No. 1 (Independence Discussions with Audit Committee) and they have discussed with Deloitte & Touche LLP that firm's independence.
4. Based on the Committee's discussions with management and Deloitte & Touche LLP, the Committee's review of the representations of management and the report of Deloitte & Touche LLP to the Committee, the Committee has recommended to the Board and the Company that the audited consolidated financial statements of the Company be included in its Annual Report on Form 10-K for the year ended December 31, 2004. The Committee has also approved the retention of Deloitte & Touche LLP as independent accountants of the Company for fiscal year 2005.

Audit and Non-Audit Fees

Fees billed to the Company by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates, for services rendered in 2004 and 2003 were as follows:

Type of Fees(1)	2004	2003
	(\$ in Thousands)	
Audit Fees	\$ 2,827	\$ 1,466
Audit-Related Fees	181	14
Tax Fees	189	115
All Other Fees	0	3
	<u> </u>	<u> </u>
Total	\$ 3,197	\$ 1,598
	<u> </u>	<u> </u>

Deloitte & Touche LLP did not perform any work or receive any fees for financial information systems design and implementation for the Company in 2004 and 2003.

- (1) Audit-Related Fees include fees primarily for merger and acquisition due diligence work. Tax Fees primarily consist of state and local and international tax consultations. The Audit Committee considered, in reliance on management and the independent auditor, and concluded that the provision of these services is compatible with maintaining the independence of Deloitte & Touche LLP.

Pre-Approval of Auditor Services

The Audit Committee has adopted and implemented approval policies and procedures related to the provision of permissible audit and non-audit services by the Company's independent auditors. Under these procedures the Audit Committee has pre-approved the use of the independent auditor for specific types of services, including merger and acquisition due diligence and audit services, tax services, internal control reviews and reviews of employee benefit plans where the estimated cost of such services is not expected to exceed \$25,000 on a project-by-project basis. Such engagements to provide pre-approved permissible services are reported to the Audit Committee on a quarterly basis. Any permitted services by Deloitte where the estimated cost of such services is expected to exceed \$25,000 for any given engagement must be approved by the Audit Committee prior to the engagement to ensure compatibility with maintaining the auditor's independence.

PROPOSAL 2. SELECTION OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board of Directors has considered the performance and qualifications of Deloitte & Touche LLP and has selected Deloitte & Touche LLP to act as independent accountants to examine the financial statements of the Company for the current fiscal year, and a proposal to ratify this selection will be submitted to the stockholders at the Annual Meeting. Deloitte & Touche LLP has acted as accountants for the Company since June 1997, and management believes it desirable and in the best interests of the Company to continue the employment of that firm. Representatives of Deloitte & Touche LLP will be present at the Annual Meeting. Such representatives will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

If the foregoing proposal is not approved by the holders of a majority of the shares represented at the Annual Meeting and voting on the proposal, or if Deloitte & Touche LLP shall decline to act or otherwise become incapable of acting, or if its employment is otherwise discontinued by the Audit Committee of the Board of Directors, then in any such case the Audit Committee of Board of Directors will appoint other independent accountants whose employment for any period subsequent to the 2005 Annual Meeting will be subject to ratification by the stockholders at the 2006 Annual Meeting.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Composition and Purpose

The Compensation Committee of the Board of Directors is responsible for the compensation programs affecting the executive officers and key management employees of the Company and its subsidiaries including base compensation, target bonuses, bonus payments, stock option and any other awards. The Committee is currently composed of three directors who are not officers or employees of the Company.

Martin H. Loeffler, the Company's Chief Executive Officer, serves as a non-voting *ex officio* member of the Committee. The activities and actions of the Committee are subject to the review of the full Board of Directors. All actions of the Compensation Committee are reported at the subsequent meeting of the Board of Directors.

The Committee's specific responsibilities continue to include:

Review and approval of the overall compensation philosophy and guidelines for all executive officers and key management employees of the Company and its subsidiaries.

Review, at least annually, the goals and the performance of the Company's Chief Executive Officer and approval of, as deemed necessary and appropriate, any changes in the level of his or her base compensation and bonus target. Approval of any option awards to the Company's Chief Executive Officer.

Review and approval of recommendations from the Company's Chief Executive Officer related to base compensation, bonus pool, bonus allocations, stock option awards and related matters for other executive officers, key management employees and prospective senior management employees of the Company and its subsidiaries.

Compensation Policies and Practices

Philosophy. The Committee's objective will continue to be the development, refinement and implementation of a complete compensation program that will serve to attract, retain and stimulate motivated senior executive and key management employees. The Committee also continues to recognize its responsibilities and obligations to the stockholders of the Company. The stock option programs summarized below are intended to maintain the alignment of the interests of the Company's senior executive and key management employees with the interests of the Company's stockholders and encourage long-term decision making geared to increasing stockholder value. The Committee also recognizes its continuing responsibilities and obligations to other employees of the Company and its subsidiaries.

Base Compensation. The performance and salary of each executive officer and each senior management employee of the Company whose base compensation is at least \$200,000 shall be reviewed annually by the Committee. In establishing general compensation policies and in reviewing and assessing the appropriateness of base compensation levels and increases in base compensation levels, the Committee considers the recommendations of the Company's Chief Executive Officer and available information on similarly situated individuals in comparable companies. In the course of its annual review the Committee also considers the historical, current and forecasted performance of the Company and the contributions or expected contributions of each employee to those results.

Bonus Compensation. Executive officers and key management employees participate in the Company's executive bonus plan, the parameters of which are defined in The 2004 Amphenol Executive Incentive Plan (the "Executive Incentive Plan") approved by the stockholders of the Company at the 2004 Annual Meeting and receive bonus compensation payments pursuant to the 2005 Management Incentive Plan as approved by the Compensation Committee. Bonus payments are contingent upon the Company's

achievement and/or each individual operation's achievement of targeted levels of revenue, operating cash flow, operating income and certain additional performance criteria. Annual bonus targets based upon a percentage of average base compensation are established at the beginning of each year. Target bonuses in 2005 for plan participants range from 10% to 70% of average base salary. Discretionary payments are also considered when specific objectives are identified, undertaken and achieved.

Stock Option Plans. Stock options are granted at fair market value and vest in equal annual installments over a five year period. Stock options have been awarded annually to executive officers and other key management employees. All stock option awardees must enter into Management Stockholders Agreements with the Company which set forth the terms and conditions and limitations applicable to any shares purchased pursuant to options granted under the 1997 Option Plan and its amendments or the 2000 Option Plan and its amendments (collectively, "Stock Option Plans"). In determining a stock option award, the Committee will consider the current value of the Company's Common Stock, an individual's base compensation, the amount of stock options, if any, previously awarded to an individual, an individual's past and expected future contributions to the Company's financial performance and an individual's responsibilities for assisting the Company in achieving its long-term strategic goals. The Committee believes that the five year pro-rata vesting periods for option awards help retain key employees.

CEO Compensation

During 2004, the Company continued to outperform its peer group and the industry, in general. In 2004, the Company achieved new records for sales, earnings per share and cash flow. The fourth quarter of 2004 represented the twelfth consecutive increase in quarterly earnings per share. Mr. Loeffler, as Chairman, President and Chief Executive Officer of the Company, continues to play a vital role in the operation, growth and success of the Company and in maintaining and enhancing stockholder value.

Mr. Loeffler's base salary for 2005 has been increased by 3.52% from \$970,000 to \$1,004,000. His 2004 bonus payout was \$1,018,500 representing approximately 105% of his 2004 base salary. His target bonus payment pursuant to the 2005 Management Incentive Plan remains at 70% of his 2005 base salary. During 2004, Mr. Loeffler was awarded 200,000 options pursuant to the 2000 Option Plan with an exercise price of \$30.15.

Mr. Loeffler's 2005 base salary and 2005 bonus target were established based upon the Compensation Committee's review and consideration of Mr. Loeffler's personal performance and the review and consideration of available information on compensation of chief executive officers of other companies in the interconnect industry and other companies of comparable size with comparable performance. The Committee believes that the option awards Mr. Loeffler has received will continue to closely align Mr. Loeffler's interests with the Company's stockholders.

Section 162(m) of the Internal Revenue Code

In 1993, Congress created a new Internal Revenue Code subsection 162(m) which could have the effect of limiting the deductibility of compensation paid to the Company's five highest paid executive officers to no more than \$1 million per year. However, certain performance-based compensation is not subject to such limitation. The Executive Incentive Plan is a performance-based bonus plan and currently qualifies for such performance-based deductibility exception. The Committee and the Company do not believe that this legislation will have any material effect on the financial condition of the Company for the foreseeable future.

Pension Information

Merger of Pension Plans. Prior to 1998, the Company and its domestic subsidiaries maintained eight separate defined benefit pension plans covering substantially all U.S. employees. Effective December 31, 1997, these pension plans were merged into the Pension Plan for Employees of Amphenol Corporation (the "Plan"). The prior formulas for calculating pension benefits for employees from different operations were retained in different sections of the Plan. All executive officers of the Company except Mr. Naujoks participate in and their pension benefits are calculated under either the Amphenol Plan Section, the LPL Plan Section or the Sidney Plan Section of the Plan.

General Provisions of the Plan. The Plan provides for annual pensions to certain salaried employees, including executive officers, who complete five years of service with the Company. The normal retirement date under the Amphenol Plan Section is the first day of the month following a participant's 65th birthday. A participant may also retire as of the first day of any month subsequent to the participant's 55th birthday and completion of ten years of service, however, a participant's normal retirement benefit is reduced for early retirement. Retirement benefits are paid in the form of a life annuity (joint and survivor annuity for married participants).

Section 415 of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), currently limits the maximum annual benefit which may be paid to any employee from a tax-qualified plan to \$165,000 in 2004, and \$170,000 in 2005. Section 401(a)(17) of the Internal Revenue Code currently limits the amount of compensation taken into account under a tax-qualified plan to \$205,000 in 2004 and \$210,000 in 2005. These limitations are subject to future adjustment. The Company has also adopted a Supplemental Employee Retirement Plan ("SERP") which formally provides for the payment of the portion of an annual pension which cannot be paid from the Plan as a result of the Internal Revenue Code limitations described above. Final average pensionable compensation under the SERP, however, is limited to \$500,000.

Details About the Amphenol Plan Section. The Company is required to make all contributions necessary to provide benefits payable under the Amphenol Plan Section of the Plan. No participant contributions are required or permitted.

Retirement benefits are calculated based on final average pensionable compensation which under the Amphenol Plan Section is defined as the participant's highest average annual total compensation from the Company and its affiliates, excluding bonuses, during any five consecutive years of service with the Company or its affiliates during the ten calendar years of service preceding the participant's termination of employment. The annual normal retirement benefit for a participant is equal to the greater of: (i) 1.1% of the participant's average final pensionable compensation multiplied by the participant's years of credited service or (ii) 1.8% of the participant's average final pensionable compensation multiplied by the participant's years of credited service not in excess of 25 (1% for years in excess of 25) reduced by 2% of the participant's estimated annual social security benefit multiplied by the participant's years of credited service not in excess of 30.

The following table sets forth the estimated annual benefits under the Amphenol Plan Section payable on retirement for specified earnings and years of participation categories assuming retirement at age 65.

Details About the LPL Plan Section. Prior to January 1, 2000 participants in the LPL Plan Section of the Plan were required to make contributions to the Plan. Since January 1, 2000 no participant contributions are required or permitted.

Retirement benefits are calculated based on final average pensionable compensation, which under the LPL Plan Section is defined as the participant's highest average annual total compensation from the Company and its affiliates, including bonuses, during any five consecutive years of service with the Company or its affiliates during the ten years of service preceding the participant's termination of employment. The annual normal retirement benefit for a participant in the LPL Plan Section is equal to 2% of the participant's final average final pensionable compensation multiplied by the participant's years of credited service not in excess of 25 less 2% of the participant's estimated annual social security benefit multiplied by the participants years of credited service not in excess of 25.

The Amended 1997 Option Plan for Key Employees of Amphenol and Subsidiaries

The Company's stock option plans are intended to attract and retain outstanding personnel and to promote a closer identity of interests between key employees of the Company and its stockholders. In May 1997, the Board of Directors authorized and approved The 1997 Stock Option Plan for Key Employees of Amphenol and Subsidiaries (the "1997 Option Plan"). Only nonqualified stock options as defined in Section 422 of the Internal Revenue Code (the "Code") were granted under the Amended 1997 Option Plan.

In January 1998, the Board of Directors authorized and approved The Amended 1997 Option Plan for Key Employees of Amphenol and Subsidiaries (the "First Amended 1997 Option Plan") which increased the number of shares of Common Stock to be reserved for issuance under the 1997 Option Plan from 4,800,000 to 7,000,000 shares.

In January 2003, the Board of Directors authorized and approved the Second Amended 1997 Option Plan for Key Employees of Amphenol and Subsidiaries (the "Amended 1997 Option Plan") which decreased the number of shares of Common Stock to be reserved for issuance under the First Amended 1997 Option Plan from 7,000,000 to 5,652,000 shares.

Employees to whom options were granted under the 1997 Option Plan and its amendments were required to enter into a management stockholder's agreement with the Company which, among other things, (a) restricted the transfer of shares acquired upon the exercise of any awards until after May 2002, (b) provided each optionholder with the right to resell option shares to the Company upon death, or under certain circumstances, disability of such optionholder and (c) provided the Company with the right to purchase all of an optionholder's option shares at varying prices depending upon the applicable circumstances if (i) such optionholder's employment with the Company is terminated, including, without limitation, as a result of the optionholder's death, disability or retirement; provided however, employment

by the Company continued for at least three years from the date of grant, (ii) the optionholder effects an unpermitted transfer of option shares or (iii) the option shares become subject to a transfer pursuant to a call event, provided that in such event the right to purchase shall be only as to the number of option shares subject to the transfer resulting in the call event. The options vest in 20% annual increments over a period of five years from the date of grant, with certain exceptions, including without limitation, in the case of the termination of the optionholder's employment with the Company.

The Amended 1997 Option Plan will continue to be administered by the Compensation Committee of the Board of Directors until it terminates in May 2007. However, no options were granted in 2004 pursuant to the Amended 1997 Option Plan and the Compensation Committee expects that no additional grants under the Amended 1997 Option Plan will be made.

On April 1, 2005 the market value per share of Common Stock was \$37.19 (determined by reference to the closing price listed on New York Stock Exchange, Inc. Composite Tape) and, of the 5,652,000 shares of Common Stock previously reserved for issuance pursuant to the Amended 1997 Option Plan, 7,770 shares currently remain available for future grants. The exercise prices of the 1,072,854 options presently outstanding under the 1997 Option Plan and its amendments range from \$6.50 to \$16.56.

The Amended 2000 Stock Purchase and Option Plan for Key Employees of Amphenol and Subsidiaries

In June 2000, the Board of Directors authorized the 2000 Stock Purchase and Option Plan for Key Employees of Amphenol and Subsidiaries (the "2000 Option Plan"). The 2000 Option Plan is also used to attract and retain outstanding personnel and to promote a closer identity of interests between key employees of the Company and its stockholders. The terms of the 2000 Option Plan are similar to the terms of the 1997 Amended Option Plan with the exception that shares acquired upon the exercise of any awards made pursuant to the 2000 Option Plan are generally nontransferable by any means prior to June 5, 2005.

In January 2003, the Board of Directors authorized and approved the Amended 2000 Stock Purchase and Option Plan for Key Employees of Amphenol and Subsidiaries (the "Amended 2000 Option Plan") which increased the number of shares of Common Stock to be reserved for issuance under the 2000 Option Plan from 3,600,000 to 8,000,000 shares. The Amended 2000 Option Plan also increased the number of options that may be granted to any one participant in the Amended 2000 Option Plan from not more than 1,000,000 to not more than 2,000,000 options. All other terms of the Amended 2000 Option Plan are the same as the 2000 Option Plan. Unless terminated earlier by the Company's Board of Directors, the Amended 2000 Option Plan will terminate in June 2010.

The Amended 2000 Option Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee considers recommendations of the Chief Executive Officer and other senior management employees of the Company and determines those employees of Amphenol and its subsidiaries eligible to receive options, the number and the terms and conditions of each option grant, the form of the option agreement and any conditions on the exercise of an option award. Only nonqualified stock options, as defined in Section 422 of the Code, and Purchase Stock, as defined in the Amended 2000 Option Plan, may be granted under the Amended 2000 Option Plan.

Employees to whom options were granted under the 2000 Option Plan and the Amended 2000 Option Plan were required to enter into a management stockholder's agreement with the Company. Following the Public Offering in September 2004, the transfer restrictions of the management stockholder's agreement were eliminated for any shares acquired upon exercise of options awarded under the Amended 2000

Option Plan.) (See *Public Offerings* on page 29), The management stockholder's agreements provide each optionholder with the right to resell option shares to the Company upon death, or under certain circumstances, disability of such optionholder and provide the Company with the right to purchase all of an optionholder's option shares at varying prices depending upon the applicable circumstances. Options awarded under the Amended 2000 Option Plan vest in 20% annual increments over a period of five years from the date of grant, with certain exceptions, including without limitation, in the case of the termination of the optionholder's employment with the Company.

A total of 956,600 options were granted in April 2004 at an exercise price of \$30.15 to the named executive officers and other key employees of the Company. In addition, 6,000 options were granted in May 2004 at an exercise price of \$32.16, 4,000 options were granted in August 2004 at an exercise price of \$30.02 and 20,000 options were granted in October 2004 at an exercise price of \$33.55 pursuant to the Amended 2000 Option Plan. Of the 8,000,000 shares of Common Stock reserved for issuance pursuant to the Amended 2000 Option Plan, 1,581,600 shares are available for future grants as of April 1, 2005.

On April 1, 2005 the market value per share of Common Stock was \$37.19 (determined by reference to the closing price listed on the New York Stock Exchange, Inc. Composite Tape). The exercise prices of the 5,694,682 options currently outstanding under the 2000 Option Plan and its amendment range from \$18.55 to \$33.55.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Merger and Related Matters. Pursuant to the Merger Agreement with NXS Acquisition Corp. ("NXS"), a wholly-owned subsidiary of a limited partnership organized at the direction of KKR Associates 1996 L.P. ("KKR"), on May 19, 1997 NXS merged with and into Amphenol, which became the surviving corporation (the "Merger"). As a result of the Merger, KKR became a 75% majority stockholder of the Company.

During 2004, the Company paid Kohlberg Kravis Roberts & Co., L.P. management fees totalling \$516,667 for consulting and financial advisory services. The management arrangement was terminated September 8, 2004.

Registration Rights Agreement. Pursuant to the terms of a registration rights agreement (the "Registration Rights Agreement") under certain circumstances and subject to certain conditions, KKR Associates 1996 L.P. and its affiliated entities (the "KKR Entities") had the right to require the Company to register, under the Securities Act, shares of Common Stock held by them. The Registration Rights Agreement provides that, among other things, the Company will pay all expenses in connection with any such registration. In February 2004 and September 2004 the KKR Entities exercised their rights under the Registration Rights Agreement and the Company paid expenses of approximately \$373,258 and \$152,994, respectively, through March 31, 2005 in connection with the public offering of 16,000,000 shares in February 2004 and 6,656,814 shares in September 2004 of Common Stock, respectively, more fully described in this Proxy Statement (See *Public Offerings* on page 29). The Registration Rights Agreement was terminated September 8, 2004.

Management Stockholder's Agreements. Upon consummation of the Merger, the Company entered into substantially identical management stockholder's agreements with each of Messrs. Loeffler, Jepsen, Cohane, Twaalfhoven and Anderson and each received an option grant under the 1997 Option Plan. Significant transfer restrictions under such management stockholder's agreements expired on May 19, 2002

and Messrs. Loeffler, Jepsen, Cohane, Twaalfhoven and Anderson are free to exercise and sell any previously unexercised options received under the 1997 Option Plan and its amendments.

On June 6, 2000 the Company entered into additional management stockholder's agreements with each of Messrs. Loeffler, Jepsen, Cohane, Twaalfhoven and Anderson. In return for this commitment, Messrs. Loeffler, Jepsen, Cohane, Twaalfhoven and Anderson received awards of 334,000, 234,000, 234,000, 60,000 and 60,000 stock options, respectively, under the Amended 2000 Option Plan. Shares subject to these new management stockholder's agreements were generally not transferable by any means prior to June 5, 2005. However, following the Public Offering in September 2004, the transfer restrictions of the management stockholder's agreement were eliminated for any shares acquired upon exercise of options awarded under the Amended 2000 Option Plan. (See *Public Offerings* on page 29). The other terms and conditions of the new management stockholder's agreements are substantially the same as the agreements pursuant to which stock options were granted under the Amended 1997 Option Plan.

Public Offerings. In February 2004, the Company completed a public offering of 16,000,000 shares of its Common Stock at \$30.00 less underwriting fees of \$1.05 per share. Selling stockholders included affiliates of KKR and certain executive officers of the Company. The Company received no proceeds from the shares sold in the February 2004 offering. Affiliates of KKR sold a total of 15,120,000 shares. After the February 2004 offering, KKR's holdings in the Company were reduced from approximately 27% to approximately 10%. Messrs. Loeffler, Jepsen and Cohane sold 400,000, 240,000 and 240,000 shares, respectively, in the offering, which shares included 351,926, 240,000 and 240,000 shares, respectively, acquired upon the exercise of stock options. Messrs. Anderson and Twaalfhoven did not participate in the February 2004 offering.

In September 2004, the Company completed a public offering of 6,656,814 shares of its Common Stock at \$29.45 less underwriting fees of \$0.09 per share. The selling stockholders consisted solely of affiliates of KKR. The Company received no proceeds from the shares sold in the September 2004 offering. Affiliates of KKR sold a total of 6,656,814 shares. After the September 2004 offering, KKR's holdings in the Company were reduced from approximately 10% to approximately 2.33%. Following the September 2004 offering, the transfer restrictions of the management stockholder's agreement were eliminated for any shares acquired upon exercise of options awarded under the Amended 2000 Option Plan.

**AMPHENOL CORPORATION
NOMINATING/CORPORATE GOVERNANCE COMMITTEE CHARTER**

I. PURPOSE

The Nominating/Corporate Governance Committee (the "Committee") shall provide assistance to the Board of Directors (the "Board") of Amphenol Corporation (the "Company") in: (i) identifying individuals qualified to become directors, (ii) selecting, or recommending that the Board select, the candidates for all directorships to be filled by the Board or by the stockholders and (iii) developing and recommending to the Board a set of corporate governance principles applicable to the Company.

As part of its involvement in the director nomination process, the Committee identifies and recommends for selection qualified candidates to serve on the Board. Candidate identification includes the periodic review of appropriate criteria for Board membership and monitoring of search protocols designed to generate suitable candidates. In reviewing potential candidates, the Committee focuses both on desirable individual qualities and on important attributes of the Board as a whole. A principal goal is to seek diversity and to recommend candidates so that the Board, as a whole, reflects a wide range of viewpoints, backgrounds, skills, experience and expertise. The Committee also assists the Board in formulating policies regarding shareholder access to the nomination process.

The Committee's additional responsibilities in shaping corporate governance include assisting the Board in developing and implementing the Company's corporate governance guidelines. The Committee also plays a lead role in evaluating the performance of the Board, its committees and senior management and in establishing good governance procedures throughout the Company.

II. STRUCTURE AND OPERATIONS

Composition and Qualifications

The Committee shall be comprised of at least three members of the Board, each of whom is determined by the Board to be "independent" in accordance with the rules of the New York Stock Exchange;

Appointment and Removal

The members of the Committee shall be appointed by the Board. The members of the Committee may be removed, with or without cause at the discretion of the Board. As part of its annual review and determination regarding Committee membership, the Board shall assess the independence of members or prospective members and other qualifications important to the effective functioning of the Committee, including considerations of experience, background and diversity.

III. MEETINGS

The Committee shall meet at least one time per year or more frequently as circumstances dictate. The Chairman of the Board or any member of the Committee may call meetings of the Committee. All meetings of the Committee may be held telephonically.

All directors who are not members of the Committee may attend meetings of the Committee but may not vote. Additionally, the Committee may invite to its meetings other persons as it deems appropriate in order to carry out its responsibilities.

IV. RESPONSIBILITIES AND DUTIES

The Committee shall carry out the duties and responsibilities contemplated by this Charter and any other relevant responsibilities and duties delegated to it by the Board from time to time.

The Committee, in discharging its oversight role, is empowered to retain and to terminate any search firm to be used to assist it in identifying candidates to serve as directors of the Company, including the sole authority to approve fees payable to such search firm and any other terms of retention.

The Committee will consider candidates for Board membership suggested to it by its members, other members of the Board, management of the Company and by stockholders of the Company. A stockholder may recommend any person for consideration as a nominee for director of the Company by writing to the Committee c/o the Secretary & General Counsel of the Company. Stockholder recommendations should be received no later than January 31 prior to the next scheduled Annual Meeting of Stockholders to be considered for election at such Meeting. Stockholder recommendations must comply with all applicable requirements of the By-Laws of the Company and all applicable laws, rules and regulations including, without limitation, the applicable rules and regulations of the New York Stock Exchange. The procedures for the Committee in considering a nominee for a director recommended by a stockholder will be no different than the procedures for candidates recommended by members of the Committee, members of the Board or by management of the Company.

The Committee shall make its recommendation to the full Board as to any person or persons it believes should be nominated by the Board and the full Board shall then determine the action, if any, to be taken with respect to such nominees or nominees.

Board Selection, Composition and Evaluation

1. Establish criteria for the selection of new directors to serve on the Board. Such criteria shall be based on the following principles and such other relevant factors as the Committee deems appropriate:

character, judgment, personal and professional ethics, integrity, values and familiarity with national and international issues affecting business;

depth of experience, skills and knowledge complementary to other Board members and the Company's business;
and

willingness to devote sufficient time to carry out the duties and responsibilities effectively.

2. Identify individuals believed to be qualified as candidates to serve on the Board and select, or recommend that the sitting members of the Board select, the candidates for all directorships to be filled by the Board or by the stockholders at an annual or special meeting. The Committee shall actively seek individuals qualified to become board members for recommendation to the Board. The Board believes that an important component of a Board is diversity including background, skills, experience, expertise, gender, race and culture. In considering the most qualified individuals as candidates for Board membership, the Committee shall also seek to attain diversity in board composition. Any search firm

retained to assist the Committee will be advised to seek to include qualified diverse candidates from traditional and nontraditional environments.

3. Conduct all necessary and appropriate inquiries into the backgrounds and qualifications of possible candidates.
4. Consider questions of independence and possible conflicts of interest of members of the Board and senior management of the Company.
5. Review and make recommendations, as the Committee deems appropriate, regarding the composition and size of the Board in order to ensure the Board has the requisite expertise and its membership consists of persons with sufficiently diverse and independent backgrounds.
6. At least annually, and as circumstances otherwise dictate, oversee the evaluation of the Board.

Committee Selection, Composition

7. Recommend members of the Board to serve on the various committees of the Board.
8. Recommend members of the Board to serve as the Chairperson of the committees of the Board.

Corporate Governance

9. Develop and recommend to the Board a set of corporate governance principles and keep abreast of developments with regard to corporate governance to enable the Committee to make recommendations to the Board in light of such developments as may be appropriate.

Management Development and Continuity

10. Oversee and discuss as necessary and appropriate management continuity and development.

Reports

11. Report following meetings of the Committee as necessary and appropriate to the Board with respect to such matters as are relevant to the Committee's discharge of its responsibilities and with respect to such recommendations as the Committee may deem appropriate.

12. Maintain minutes or other records of meetings and activities of the Committee.
