PROXY STATEMENT
FOR THE ANNUAL MEETING OF SHAREHOLDERS
to be Held April 22, 2008

This Proxy Statement is furnished to shareholders of SCBT Financial Corporation, a South Carolina corporation (herein, unless the context otherwise requires, together with its subsidiaries, the "Company"), in connection with the solicitation of proxies by the Company's board of directors for use at the Annual Meeting of Shareholders to be held at the Company's headquarters in the Dorchester-Jasper Room on the second floor, 520 Gervais Street, Columbia, South Carolina at 2:00 p.m., on April 22, 2008 or any adjournment thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

Solicitation of proxies may be made in person or by mail, telephone or other means by directors, officers and regular employees of the Company. The Company may also request banking institutions, brokerage firms, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of Common Stock of the Company held of record by such persons, and the Company will reimburse the reasonable forwarding expenses. The cost of solicitation of proxies will be paid by the Company. This Proxy Statement was first mailed to shareholders on or about March 25, 2008.

The Company has its principal executive offices at 520 Gervais Street, Columbia, South Carolina 29201. The Company's mailing address is P.O. Box 1030, Columbia, South Carolina 29202, and its telephone number is 800-277-2175.

ANNUAL REPORT

The Annual Report to Shareholders (which includes the Company's Annual Report on Form 10-K containing, among other things, the Company's fiscal year ended December 31, 2007 financial statements) accompanies this proxy statement. Such Annual Report to Shareholders does not form any part of the material for the solicitation of proxies.

REVOCAION OF PROXY

Any record shareholder returning the accompanying proxy may revoke such proxy at any time prior to its exercise (a) by giving written notice to the Company of such revocation, (b) by voting in person at the meeting, or (c) by executing and delivering to the Company a later dated proxy. Attendance at the Annual Meeting will not in itself constitute revocation of a proxy. Any written notice or proxy revoking a proxy should be sent to SCBT Financial Corporation, P.O. Box 1030, Columbia, South Carolina 29202, Attention: Renee R. Brooks. Written notice of revocation or delivery of a later dated proxy will be effective upon receipt thereof by the Company.

QUORUM AND VOTING

The Company's only voting security is its \$2.50 par value Common Stock ("Common Stock"), each share of which entitles the holder thereof to one vote on each matter to come before the Annual Meeting. At the close of business on March 4, 2008 (the "Record Date"), the Company had issued and outstanding 10,185,143 shares of Common Stock, which were held of record by approximately 5,450 persons. Only shareholders of record at the close of business on the Record Date are entitled to notice of and to vote on matters that come before the Annual Meeting. Notwithstanding the Record Date specified above, the Company's stock transfer books will not be closed and shares of the Common

Stock may be transferred subsequent to the Record Date. However, all votes must be cast in the names of holders of record on the Record Date.

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. If a share is represented for any purpose at the Annual Meeting by the presence of the registered owner or a person holding a valid proxy for the registered owner, it is deemed to be present for the purposes of establishing a quorum. Therefore, valid proxies which are marked "Abstain" or "Withhold" or as to which no vote is marked, including proxies submitted by brokers who are the record owners of shares but who lack the power to vote such shares (so-called "broker non-votes"), will be included in determining the number of votes present or represented at the Annual Meeting. If a quorum is not present or represented at the meeting, the shareholders entitled to vote, present in person or represented by proxy, have the power to adjourn the meeting from time to time until a quorum is present or represented. If any such adjournment is for a period of less than 30 days, no notice, other than an announcement at the meeting, will be given of the adjournment. If the adjournment is for 30 days or more, notice of the adjourned meeting will be given in accordance with the Bylaws. Directors, officers and regular employees of the Company may solicit proxies for the reconvened meeting in person or by mail, telephone or other means. At any such reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally noticed. Once a quorum has been established, it will not be destroyed by the departure of shares prior to the adjournment of the meeting.

Provided a quorum is established at the meeting, directors will be elected by a majority of the votes cast at the Annual Meeting. Shareholders of the Company do not have cumulative voting rights.

All other matters to be considered and acted upon at the Annual Meeting, including the proposal to ratify the appointment of Dixon Hughes PLLC, Certified Public Accountants, as independent registered public accounting firm, require that the number of shares of Common Stock voted in favor of the matter exceed the number of shares of Common Stock voted against the matter, provided a quorum has been established. Abstentions, broker non-votes and the failure to return a signed proxy will have no effect on the outcome of such matters.

ACTIONS TO BE TAKEN BY THE PROXIES

Each proxy, unless the shareholder otherwise specifies therein, will be voted "FOR" the election of the persons named in this Proxy Statement as the board of directors' nominees for election to the board of directors; and "FOR" the ratification of the appointment of Dixon Hughes PLLC as independent registered public accounting firm for the fiscal year ending December 31, 2008. In each case where the shareholder has appropriately specified how the proxy is to be voted, it will be voted in accordance with his specifications. As to any other matter of business that may be brought before the Annual Meeting, a vote may be cast pursuant to the accompanying proxy in accordance with the best judgment of the persons voting the same. However, the board of directors does not know of any such other business.

SHAREHOLDER PROPOSALS AND COMMUNICATIONS

Any shareholder of the Company desiring to include a proposal in the Company's 2009 proxy materials for action at the 2009 Annual Meeting of Shareholders must deliver the proposal to the executive offices of the Company no later than November 15, 2008 if such proposal is to be considered for inclusion in the 2009 proxy materials. Only proper proposals that are timely received will be included in the Company's 2009 Proxy Statement and Proxy. In addition, a shareholder who desires to nominate a person for election to the board of directors of the Company or to make any other proposal for consideration by shareholders at a shareholders' meeting must deliver notice of such

proposed action to the secretary of the Company no less than 45 days before such meeting. For a nominee for director, such notice should be addressed to the governance committee of the Company at P.O. Box 1030, Columbia, South Carolina 29202. The recommendation must set forth the name and address of the shareholder or shareholder group making the nomination; the name of the nominee; his or her address; the number of shares of Company stock owned by the nominee; any arrangements or understandings regarding nomination; the five-year business experience of the recommended candidate; legal proceedings within the last five years involving the candidate; a description of transactions between the candidate and the Company valued in excess of \$120,000 and other types of business relationships with the Company; a description of any relationships or agreements between the recommending shareholder or group and the candidate regarding nomination; a description of known relationships between the candidate and the Company's competitors, customers, business partners or other persons who have a business relationship with the Company; and a statement of the recommended candidate's qualifications for board membership. For any other shareholder proposal, such notice must set forth the name and address of the shareholder making the proposal and the text of the resolution to be voted on.

The Company does not have a formal process by which shareholders may communicate with the board of directors. Historically, however, the chairman of the board or the governance committee has undertaken responsibility for responding to questions and concerns expressed by shareholders. In the view of the board of directors, this approach has been sufficient to ensure that questions and concerns raised by shareholders are adequately addressed. Any shareholder desiring to communicate with the board may do so by writing to the secretary of the Company at P.O. Box 1030, Columbia, South Carolina 29202.

Audit Committee The board of directors has determined that all members of the audit committee are independent directors under the independence requirements of The NASDAQ Stock Market. The board of directors has also determined that M. Oswald Fogle is an "audit committee financial expert" for purposes of the rules and regulations of the Securities and Exchange Commission ("SEC") adopted pursuant to the Sarbanes-Oxley Act of 2002. The primary function of the audit committee is to assist the board of directors of the Company in overseeing (i) the Company's accounting and financial reporting processes generally, (ii) the audits of the Company's financial statements and (iii) the Company's systems of internal controls regarding finance and accounting. In such role, the audit committee reviews the qualifications, performance and independence of the Company's independent registered public accounting firm and has the authority to appoint, evaluate and, where appropriate, replace the Company's independent auditors. Governance Committee The board of directors has determined that all members of the governance committee are independent directors under the independence requirements of The NASDAQ Stock Market applicable to directors who do not serve on the audit committee. The governance committee acts as the nominating committee for the purpose of recommending to the board of directors nominees for election to the board of directors. The governance committee also periodically reviews and, where appropriate, recommends changes to the Company's corporate governance practices. The governance committee has not established any specific, minimum qualifications that must be met for a person to be nominated to serve as a director, and the governance committee has not identified any specific qualities or skills that it believes are necessary to be nominated as a director. Nominees for the board are reviewed by the governance committee on a case-by-case basis based on a number of factors, including a proposed nominee's independence, age, skills, occupation, diversity and experience and any other factors beneficial to the Company. The governance committee will consider nominees identified by its members, other directors, officers and employees of the Company and other persons, including shareholders of the Company. The governance committee will consider nominees for director recommended by a shareholder if the shareholder provides the committee with the information described in paragraph 6 under the caption "Committee Authority and Responsibilities" of the governance committee's charter. The governance committee charter can be found on the Company's website at www.scbtonline.com under Investor Relations. The required information regarding a director nominee is also discussed in general terms within the first paragraph of the "Shareholder Proposals and Communications" section on page 2 of this proxy statement.

Trust Asset Management Committee The primary purpose of the trust asset management committee is to oversee the activities of the trust and asset management department and the investment services activities of the Company's subsidiary banks.

Compensation Consultant

During 2007, the compensation committee engaged the services of Amalfi Consulting of Minneapolis, Minnesota, to provide market compensation data for both directors and executive management of the Company. Amalfi Consulting reports directly to the compensation committee and met with the compensation committee three times during 2007. The compensation committee has the sole authority to hire consultants and set the engagements and the related fees of those consultants. The following consulting services were provided:

Development of a custom peer group of 22 publicly-traded financial institutions that is comparable to SCBT in asset size (the peer group consists of high growth and high performing banks and is presented later in this analysis).

A review of the competitiveness of the compensation elements currently offered by the Company to its top executives, including base salary, annual incentive or bonus, long-term incentives (stock options, restricted stock, and other equity), all other compensation, and changes in retirement benefits as compared to that of the customized peer group.

Made recommendations and observations regarding the potential alignment of the Company's executive compensation practices with the Company's overall business strategy and culture relative to the market as defined by the peer group.

Provided recommendations regarding compensation and structure for directors, board chair, committee members, and committee chairs.

Clark Consulting (the surviving entity) has provided assistance and consultation with supplemental executive retirement plan (SERP) reviews. This service was provided by a separate and independent division of Clark Consulting and is not associated with the newly formed Amalfi Consulting.

Compensation Benchmarking and Committee Functions

Each year, with direction from Amalfi Consulting, the compensation committee reviews a survey of the compensation practices of the Company's peers in the United States in order to assess the competitiveness of the compensation arrangements of our executive officers. Although benchmarking is an active tool used to measure compensation structures among peers, it is only one of the tools used by the compensation committee to determine total compensation. Benchmarking is used by the compensation committee primarily to ascertain competitive base salary levels with comparable institutions. The committee uses this data as a reference point, establishes competitive base salaries, and then addresses pay-for-performance (meritocracy) as discussed further in the sections on cash incentives and long-term retention. A combination of peer performance, market factors, company performance and personal performance are all factors that the compensation committee considers to establish total compensation, including incentives. This practice is in line with the Company's meritocracy philosophy of pay. The compensation committee, at its discretion, may determine that it is in the best interest of the Company to negotiate total compensation packages that deviate from regular compensation and incentive levels in order to attract and retain specific talent.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

The companies that comprised the peer group in 2007 consisted of the following financial institutions and which had total asset size ranges from \$2.0 billion to \$6.0 billion:

Hancock Holding Company	First Place Financial Corp.	Security Bank Corporation
National Penn Bancshares, Inc.	Heartland Financial USA, Inc.	Superior Bancorp
Glacier Bancorp, Inc.	Provident New York Bancorp	Seacoast Banking Corp. of FL
Partners Trust Financial Group	Renasant Corporation	Home Bancshares, Inc.

TierOne Corporation	Bank of the Ozarks, Inc.	Ameris Bancorp
IBERIABANK Coproration	First Busey Corporation	Virginia Commerce Bancorp, Inc.
Virginia Financial Group, Inc.		

The compensation committee reviews the composition of the peer group annually and may change it because of mergers, changes to banks within the group, or changes within the Company. The following quantitative criteria were used to develop the proxy peer group for the 2007 benchmarking studies. The table below compares key performance measures of this peer group to the Company and was based upon December 31, 2006 financial results:

	<u>Average for peers</u>	<u>SCBT</u>
Asset growth over the past three years	92.63%	81.90%
Return on average assets	1.12%	0.97%
Return on average equity	12.10%	12.72%
Net interest margin	3.89%	3.91%
Core EPS growth	15.64%	11.60%
Efficiency ratio	59.64%	63.80%

Total compensation for the top five executives was compared to the market peer group referenced above. Each executive's percent rank of total compensation in the peer group for 2007 is presented below:

Robert R. Hill, Jr.	37 th percentile
John C. Pollok	47 th percentile
John F. Windley	39 th percentile
Thomas S. Camp	48 th percentile
Joe E. Burns	55 th percentile

Role of the Chairman and Management

The compensation committee may receive recommendations from the chairman of the board with respect to the Chief Executive Officer's ("CEO") performance in light of goals and objectives relevant to the CEO compensation. The CEO reviews with the committee the performance of the other executive officers and, based on that review, the CEO makes recommendations to the compensation committee about the total compensation of executive officers (other than the CEO). The CEO does not participate in, and is not present during, deliberations or approvals by the compensation committee or the board with respect to his own compensation.

In summary, the compensation program, as presented, is designed to be a competitive, performance-based program that is consistent with the Company's philosophy and culture. After reviewing all of the compensation arrangements discussed below, along with corporate and individual performance, we believe that the measurement tools, compensation levels and the design of the Company's executive compensation program are appropriate and motivate senior executives to lead the Company in the best interests of its shareholders.

Elements of Compensation

The fundamental philosophy of the Company's compensation program is to offer competitive compensation opportunities for executive officers that are (i) aligned with the performance of the Company on both a short-term and long-term basis, and (ii) based both on the individual's contribution and on the Company's performance. The compensation paid is designed to retain and reward executive officers who are capable of leading the Company in achieving its business objectives in an industry characterized by complexity, competitiveness and change. It is the intent of the committee to fulfill the Company's philosophy of providing a competitive base salary, relative to the peer group, complemented with significant performance-based incentives. Accordingly, the committee reviews and approves the total compensation of the executive officers annually. Annual compensation for the named executive officers consists primarily of these elements:

Base Salary This fundamental component is determined by historical and anticipated individual contribution and performance toward accomplishing the Company's stated objectives. It is also reviewed in the context of comparability with the key executives of the peer group above.

Short-Term Cash Incentive Program This program is directly linked to individual performance and the Company's soundness, financial performance, and growth. Cash incentives may also be supplemented by stock-based awards based on similar criteria. The Company elects to use this incentive structure as a means of measuring and rewarding annual Company and individual goal attainment with the intent of adding value for the Company's shareholders. These annual goals, over time, are designed to incrementally achieve the Company's long-term objectives. Per the Plan, the compensation committee has discretion relative to adjustments which may be made to the growth results for any given year, subject to board approval. The growth results compared to the targets for 2007 are provided below. In 2007, the chief executive officer, the other named executive officers, and other senior executives participated in a performance-based executive incentive arrangement that was filed on March 15, 2005 as Exhibit 10.17 to the Company's Form 10-K for the year ended December 31, 2005. The chief executive officer and other executives will likewise participate in this same arrangement for 2008.

The short term cash incentive program provides that, in order for any cash incentives to be earned, the Company's subsidiaries must achieve the following:

1. Attain a prescribed level for their composite ratings from their principal banking regulator (the OCC).
2. Net income for the year must at least equal the net income from the prior year. Then, as the Company and its subsidiaries' net incomes exceed the prior year's levels up to and beyond a budgeted dollar amount of increase, potential cash incentives accrue on a pro-rata basis up to a maximum of 110% of an aggregate cash incentive target level.
3. The incentive target levels for each named executive follows the prescribed formula as described below:

The incentive target level is determined as the aggregate dollar amount of the executive officers' planned bonuses expressed as a percent of annual salary.

The bonus percentage is currently 36% for the chief executive officer and ranges from 30% to 35% for the other named executive officers.

Attaining budgeted increases in the earnings performance component can contribute up to 40% of each executive's annual cash incentive.

Attaining budgeted increases in balances of total loans can contribute up to 20% of an executive's annual cash incentive.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

Attaining budgeted increases in balances of deposits can also contribute up to 20% of an executive's annual cash incentive.

Each executive has individual and/or divisional goals, the attainment of which can contribute up to 20% of an executive's annual cash incentive.

The incentive payments associated with these performance-based measures are listed as Non-Equity Incentive Plan Compensation in the attached Summary Compensation Table. The purpose of this structure of compensation is for the Company to become more reliant on performance-based incentives. Performance-based compensation is intended to motivate employees to focus on overall Company performance and, in return, drive return on equity.

The following growth for the Company was achieved in 2007 compared to targets for 2007:

1. Overall loan growth for the Company was targeted at \$196.7 million or 11.2% more than 2006. The Company achieved \$322.2 million in loan growth or 18.3%.
 2. Overall deposit growth for the Company was targeted at \$136.6 million or 8.0% more than 2006. The Company achieved \$221.2 million in deposit growth or 13.0%.
 3. Adjusted earnings for 2007 were targeted to be \$2.3 million or 11.5% more than 2006. The Company achieved earnings of \$22.416 million or 12.1% growth.
- These factors, in combination with attaining personal goals, contributed to the payment of up to a maximum level of 108.7% of the cash incentive target levels from above.

For the estimated amounts which could be paid out under this program see the Grants of Plan Based Awards table.

Long-Term Retention and Incentive Plan The purpose of the SCBT Financial Corporation 2006 Long-Term Retention and Incentive Plan (the "Long-Term Retention and Incentive Plan") is to provide financial incentives for selected key officers and employees of the Company and its subsidiaries.

This plan was put into place to promote the long-term growth and financial success of the Company by:

1. Attracting and retaining key officers and employees of outstanding ability;
2. Strengthening the Company's capability to develop, maintain, and direct a competent management team;
3. Providing an effective means for selected key officers and employees to acquire and maintain ownership of Company stock so as to align their interests with those of shareholders generally;
4. Motivating key officers and employees to achieve long-range performance goals and objectives; and
5. Providing incentive compensation opportunities competitive with those of other similarly sized corporations.

The Long-Term Retention and Incentive Plan describes the terms pursuant to which the Company plans to issue stock options and restricted stock to key officers and employees. The stock options and restricted stock described in Long-Term Retention and Incentive Plan will be reserved for issuance under, and will be issued pursuant to, the Company's 2004 Stock Incentive Plan. The growth rates are set every three years and will be set for 2009 through 2011 in 2008.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

The performance goals used to determine the restricted stock compensation received under this plan is measured by three tiers and is based upon two measures:

	<u>Tier 1</u>	<u>Tier 2</u>	<u>Tier 3</u>
1. Adjusted EPS growth	8.0%	10.00%	12.0%
2. Asset growth	11.0%	13.0%	15.0%

Participants can receive payment based upon achieving any or all three tiers. The actual issuance of stock options and restricted stock under this plan were first made in 2007 based on 2006 performance. In January 2008, there were 13,776 shares of restricted stock awarded in recognition of the named executive officers' 2007 performance as follows: Mr. Hill, 6,434 shares; Mr. Pollok, 2,475 shares; Mr. Windley, 2,049 shares; Mr. Burns, 1,530 shares; and Mr. Camp, 1,201 shares. For 2007 performance, the named executive officers' received the maximum award (Tier 3) based upon asset growth of 19.2% and EPS growth of 12.1%.

See the Grants of Plan Based Awards table for the estimated targets and the accompanying footnotes.

Stock Based Benefit Plan The Company, from time to time, also grants stock options to its executive officers. These stock-based incentive awards help align the interests of the Company's executive officers with the interests of the shareholders of the Company by providing economic value directly related to increases in the value of the Company's stock. The number of options granted to executive officers during any given year is based on a number of factors, including job performance, seniority, job responsibilities, Company performance as to earnings and growth, the amount of awards made in prior years, and industry information from compensation consultants and published surveys regarding stock-based awards granted to officers employed by comparable companies. Any stock options granted are strictly at the discretion of the board of the Company upon recommendation of the compensation committee. Incentive stock options received in 2007 in recognition of the named executive officer's 2006 contribution are as follows: Mr. Hill, 8,761; Mr. Pollok, 4,081; Mr. Windley, 3,584; Mr. Burns, 2,888; and Mr. Camp, 2,100.

See the Grants of Plan Based Awards table of stock option grants by executive during 2007.

Employee & Executive Benefits

Employees' Pension Plan The executives are participants in a noncontributory defined pension plan which covers substantially all employees hired before January 1, 2006 of the Company. Pension benefits are paid based upon age of the employee and years of service. If an executive had attained age 45 and had five or more years of vesting service as of January 1, 2006, the executive is entitled to annual pension benefits beginning at normal retirement age (65) equal to 0.90% of his or her final five-year average annual compensation of each year of service up to a maximum of 35 years, plus 0.65% of his or her final five-year average annual compensation in excess of covered compensation for each year of service up to a maximum of 35 years. Employees who had not attained age 45 or who did not have five years of vesting service as of January 1, 2006 are entitled to annual pension benefits beginning at normal retirement age equal to the sum of (1) and (2) below:

1. Accrued benefit through December 31, 2005
 - a. 0.90% of their final five-year average annual compensation for each year of service up to a maximum of 35 years; plus
 - b. 0.65% of their final five-year average annual compensation in excess of covered compensation for each year of service up to a maximum of 35 years

2.

Accrued benefit on and after January 1, 2006

0.30% of their final five-year average annual compensation for each year of service up to maximum of 35 years; plus

0.2% of their final five-year average annual compensation in excess of covered compensation for each year of service up to a maximum of 35 years.

Employees hired on or after January 1, 2006 are not eligible to participate in the plan. Employees rehired after January 1, 2006 who had originally been hired prior to January 1, 2006 are eligible to participate upon their rehire date.

See the Pension Benefits table and the accompanying footnotes and narrative for more information.

Employees' Savings Plan-401(k) The executives are participants in a defined contribution plan which covers all employees of the Company who work twenty or more hours per week and are age twenty-one or older. If a participant had attained the age of 45 and had at least five vesting years of service as of January 1, 2006, the Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan up to a maximum of 3% of base compensation. For employees who had not attained age of 45, or had less than five vesting years of service as of January 1, 2006, the Company will contribute 100% of the first 6% of base compensation that a participant contributes. For employees hired on or after January 1, 2006, the Company will contribute 100% of the first 6% of base compensation that a participant contributes. Employer contributions may be made from current or accumulated net profits. Contributions are subject to certain limitations.

The Company provides the employees pension plan and 401(k) plan as part of a compensation arrangement that is designed to provide competitive benefits that help attract and retain qualified executives.

See the table in footnote 6 of the Summary Compensation Table.

Supplemental Executive Retirement Plan The Company provides non-qualified supplemental executive retirement agreements for its chief executive officer, the other named executive officers, and certain other executives. The Company elects to offer this type of incentive as a way to retain executives over the long-term and to provide a partial offset to shortfalls in the percentage of income provided for retirement by its qualified retirement plans. On November 1, 2006, the Company also approved updated or new supplemental executive retirement agreements with the named executive officers and certain other executives.

See the Pension Benefits table and the accompanying footnotes and narrative for more information.

Deferred Compensation Plan The Company has adopted a deferred compensation plan in which directors, executive officers and certain other officers are entitled to participate. The Company offers this plan to help offset limits associated with other forms of tax-deferred benefits and to provide the opportunity for participants to defer income to save for retirement or other future events. Under the plan, directors and executive officers may defer all or a portion of their compensation from the Company, with no matching by the Company of the deferred amounts, and treat these amounts as though they were invested in one or more deemed investment options designated by the plan. Amounts payable under the plan remain general obligations of the Company and are payable by the Company at the future times (or over the periods) designated by plan participants upon their enrollment in the plan and their annual renewal of

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

enrollment. The Company provides neither enhanced returns nor any other amounts above the deemed investment option returns, which may be negative returns.

See the discussion entitled Deferred Compensation Plan on page 23 for additional information.

Perquisites The Company also provides some perquisites for senior management that are not available to all employees. Some examples of these include bank-owned automobiles, club and membership dues and living expense reimbursements related to relocation. The values of these items are presented in the Summary Compensation Table under the heading All Other Compensation. The value attributable to any personal use of bank-owned automobiles is considered compensation to the executive and represents the aggregate incremental cost to the Company associated with that personal use. The Company and the board believe that the use of each of these perquisites is helpful for the proper performance of the named executive officers' duties.

Employment Agreements

On November 1, 2006, the Company approved employment agreements with each of the named executive officers. Each employment agreement was deemed effective as of September 1, 2006 other than the agreement with Mr. Hill, which was deemed effective as of May 1, 2006. The agreements provide for the following:

Term of Employment. Each employment agreement has a term of employment of three years from the effective date of the agreement. On each anniversary date of the effective date of the agreement, the term of the agreement is automatically extended for an additional year unless at least 60 days prior to the anniversary date either party gives the other party written notice of non-renewal.

Reimbursement of Expenses. The Company will reimburse the executive all reasonable travel and other business related expenses incurred in performing duties under the agreement.

Vacation and Sick Leave. The Company will provide vacation and sick leave to the executive in accordance with policies and procedures established from time to time.

Employee Benefit Plans. The executive is entitled to participate in the employee benefit plans presently in effect or as these plans may be modified or added from time to time.

Incentive Bonus Plans. The executive is entitled to participate in the incentive bonus plans, applicable to his employment position, in accordance with policies and procedures established from time to time.

Fringe Benefits. The Company will reimburse the executive for the cost of attending required meetings and conventions and will cover membership dues to an approved country club. In addition, Mr. Hill, Mr. Pollok, Mr. Camp, and Mr. Windley are provided the use of a bank-owned automobile.

Termination of Employment. See the discussion below entitled Potential Payments Upon Termination or Change in Control for a description of the payments that may be due to each executive upon termination of employment.

Non-compete. The period of non-compete for the executive runs during the period of employment and for a designated period of time following termination of employment. If the executive is found to violate the covenants contained in the agreement, the non-compete period will be extended for a period equal to the amount of time the executive is found to have been in non-compliance. If Mr. Hill is terminated for cause according to his agreement, the non-compete period will end 12 months, after the date of termination.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

See the discussion entitled Potential Payments Upon Termination or Change in Control, which provides the amount of compensation each executive would receive under various termination events based upon the employment agreements.

Overall Compensation Approach Building Blocks

The Company considers all elements of compensation as essential building blocks for a well-rounded plan. The compensation committee used a total compensation approach in determining executive compensation. The following is a summary of the different elements:

Considered the performance needed to attain the highest levels of compensation the committee deemed necessary to attract and retain qualified executive officers.

Determined the allocation percentages of cash and equity incentives based on the Company's short and long-term objectives. Using this approach created different levels of performance incentives and allowed executives an opportunity to earn top tier compensation, relative to peer group, if they achieved performance criteria intended to build value for shareholders.

The base salary was used as a foundation that is deemed competitive with peers.

The cash incentives provided short-term performance goals that are aligned with the Company's intention to reward its executive officers for attaining and/or surpassing budgeted annual (short-term) goals.

The equity incentives were used to further align the executives' interests with those of the shareholders through increased ownership in the Company. This incentive also helps attract and retain key employees.

The Deferred Compensation Plan and the Supplemental Executive Retirement Plan help to partially offset shortfalls in retirement income from qualified plans and are significant tools used to retain key employees.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402 (b) of Regulation S-K with management and, based on such review and discussions, has recommended to the board of directors that the Compensation Discussion and Analysis be included in the Company's 2008 Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for 2007. This report is provided by the following independent directors, who comprise the committee:

Susie H. VanHuss, Chair

- (1) Consists of total salary compensation, including all amounts that have been deferred at the officers' election. The amounts of salary that the named executive officers elected to defer during 2007 and 2006, respectively, are as follows: Mr. Hill, \$0 and \$5,000 and Mr. Windley, \$10,250 and \$9,000.
- (2) From time to time, the Company has awarded shares of restricted stock to its executive officers. The shares of restricted stock the Company awarded to the named executive officers during 2007 cliff vest at 100% on the fourth anniversary of the award, subject to the continued employment of the officer. An officer's interest in any non-vested shares will fully vest if there is a change in control of the Company or the officer dies while employed by the Company. Each officer generally has the right to vote restricted shares and to receive dividends paid on the shares prior to vesting. Beginning in 2007, the market value of the shares is determined by the closing market price of the Company's Common Stock on the date of stock awards grant; whereas, in prior years, the Company used the closing market price on the business day preceding the date of grant. The value of restricted stock grants shown above equals the amount recognized for financial statement reporting purposes for the fiscal years ended December 31, 2007 and 2006, in accordance with FAS 123R and thus include amounts from restricted stock grants made in and prior to 2007 and 2006. See discussion of assumptions used in the valuation of the restricted stock and option awards in Note 18, "Share-based Compensation" in the Company's Annual Report on Form 10-K for the year ended December 31, 2007.
- (3) These totals reflect the dollar amount recognized for financial statement reporting purposes for the fiscal years ended December 31, 2007 and 2006, in accordance with FAS 123R and thus include amounts recognized in respect of awards granted in and prior to 2007 and 2006. See discussion of assumptions used in the valuation of the restricted stock and option awards in Note 18, "Share-based Compensation" in the Company's Annual Report on Form 10-K for the year ended December 31, 2007.
- (4) Reflects the dollar value of all amounts earned during the fiscal year pursuant to performance-based non-equity incentive plans.

- (1) These amounts represent ranges of the possible performance-based cash bonuses that were paid in 2008 based on 2007 results pursuant to the Short-Term Cash Incentive Program. The actual bonuses paid are displayed under Non-Equity Incentive Plan Compensation within the Summary Compensation Table. The threshold amount is zero, as this is the minimum payout that can occur under the program. The incentive target level is determined as the aggregate dollar amount derived from the executive officers' target bonuses expressed as a percent of annual salary. This target percentage is currently 36% for Robert R. Hill, Jr., 35% for John C. Pollok and 30% for all other named executive officers. The maximum incentive is 110% of the incentive target level (i.e., 39.6% for Mr. Hill, 38.5% for Mr. Pollok and 33% for all other named executive officers). The Short-Term Cash Incentive Program is further described in the section entitled Compensation Discussion and Analysis.
- (2) These amounts were the possible equity payouts in 2008 for performance in 2007 pursuant to grants of restricted stock and the Long-Term Retention and Incentive Plan. The actual amounts awarded were previously described on pages 16 in the Long-Term Retention and Incentive Plan section under Compensation Discussion and Analysis. The values of these awards are not included in the Summary Compensation Table because the Company did not recognize any expense under FAS 123R in 2007 for these grants. Although the programs have not traditionally specified award levels as percentage of salary payouts, the compensation committee determined the ranges. The Long-Term Retention Plan uses two performance goals, EPS growth and asset growth. Restricted stock is granted by tier (Tier 1, Tier 2 or Tier 3) based on achieving any or all three tiers' performance growth measures. Both the minimum threshold and target payout displayed above represent the Tier 1 level, with the maximum payout representing Tier 3. The restricted stock awarded to these executives had a per-share value of \$29.63, which was the closing price on January 17, 2008. The Long-Term Retention and Incentive Plan is further explained in the Compensation Discussion and Analysis section of this Proxy Statement.
- (3) Stock award shares granted in 2007 (as equity incentive plan awards earned in 2006) cliff vest at 100% after 4 years for Mr. Hill, Mr. Pollok and Mr. Windley. For Mr. Camp and Mr. Burns these shares vest 25% per year for four years.

The exercise or base price of options and stock awards is established as the closing market price of the Company's Common Stock on the business day prior to the grant date.

(5)

This amount represents the fair market value of all stock and option awards made during the fiscal year 2007. The fair market value for stock awards is based on the closing market price of the stock on the date of grant. The fair value of options is estimated at the date of grant using the Black-Scholes option pricing model. The fair value for the options issued on January 2, 2007 was \$9.30 per share, adjusted to reflect a 5% Common Stock dividend paid on March 23, 2007. The following assumptions were used in valuing options issued:

	Assumptions
Dividend yield	1.87%
Expected life	7 years
Expected volatility	17%
Risk-free interest rate	4.68%

Joe E. Burns	Defined Benefit Pension Plan	7	82,141

(1) Number of years credited service for the Defined Benefit Pension Plan equals the actual years of service for each named executive officer. Mr. Hill, Mr. Pollok, Mr. Camp and Mr. Burns all entered into the Supplemental Executive Retirement Plan ("SERP") on January 2, 2003 and their number of years credited service began on that date.

(2) SERP amounts represent the current aggregate liability carried on the Company's books for each of the named executive officers. Pension plan amounts reflect the present value of the accumulated benefit at December 31, 2007.

The Defined Benefit Pension Plan is described in Compensation Discussion and Analysis Employee & Executive Benefits Employee's Pension Plan.

Supplemental Executive Retirement Plan

On November 7, 2006, amended SERP agreements were filed with the SEC. The agreements provide for a supplemental executive retirement benefit payout under one of four scenarios: normal retirement, early termination, disability, and change in control. An early retirement benefit, as a fifth scenario, is provided for Mr. Camp.

Normal and Early Retirement Benefit

The following table provides the normal retirement age, reduced benefit retirement age (if applicable), base benefit amount, and payout period:

Name	Normal Retirement Age	Early Retirement Age	Base Benefit Amount / year	Payout Period in Years
Robert R. Hill, Jr.	60	n/a	\$ 185,000	20
John C. Pollok	60	n/a	165,000	20
John F. Windley	65	n/a	50,000	15
Thomas S. Camp	65	62	50,000	20
Joe E. Burns	65	n/a	50,000	20

The exact amount of benefits would be generally determined by reference to the number of calendar years after 2002 in which the Company satisfied specified performance measures, namely that the Company's net income after taxes and the book value of its total assets grew annually by at least 6% and 7%, respectively. If the named executive officers had retired at normal retirement age as of December 31, 2007, they would have been entitled to 50% of their maximum annual retirement benefit based on this performance measure, except for Mr. Windley who would be entitled to 10%. A smaller annual benefit, payable over the 20-year period (or 15 years for Mr. Windley) after the executive attains his normal retirement age, will become payable if the employment of any of these officers is terminated prior to attaining retirement age for any reason other than death or for cause.

Early retirement may be provided for Mr. Camp with a benefit distribution period of 20 years. The annual benefit is equal to 100% of the then-current benefit level, determined as of the end of the plan year immediately preceding the executive's early retirement, multiplied by the applicable performance ratio.

Benefit at Death

If an executive dies, the Company will be required to pay his beneficiary a lump sum death benefit plus annual payments as presented below:

Name	Distribution at Death	Base Benefit Amount	Payout Period in Years
Robert R. Hill, Jr.	\$ 625,000	\$ 185,000	10
John C. Pollok	500,000	165,000	10
John F. Windley	250,000	50,000	10
Thomas S. Camp	250,000	50,000	10
Joe E. Burns	250,000	50,000	10

Noncompetition

The named executive officers will forfeit their retirement benefits under the SERP if they compete with the Company during an applicable noncompetition period. The noncompetition periods are as follows:

24 months for Mr. Hill,

24 months for Mr. Pollok,

18 months for Mr. Windley

18 months for Mr. Camp, and

12 months for Mr. Burns.

The Company's obligations under the agreements are general unsecured obligations of the Company, although the agreements require the Company to establish a grantor ("rabbi") trust for such benefits following a change in control.

DEFERRED COMPENSATION PLAN

The Company has adopted a deferred compensation plan in which selected members of senior management, including executive officers, and/or other highly compensated employees, have the opportunity to elect to defer current compensation for retirement income or other future financial needs. Only eligible employees, as approved by the compensation committee of the board of directors, may participate in the plan. Each year participants can choose to have portions of their compensation for the upcoming year deferred by a certain whole percentage amount ranging between 5% and 100%. Deferrals are recorded in a bookkeeping account which is adjusted to reflect hypothetical investment earnings and losses of investment funds selected by the plan participant among those offered pursuant to the plan. Payments made under the plan will be made from the general assets of South Carolina Bank and Trust, N.A., South Carolina Bank and Trust of the Piedmont, N.A., or The Scottish Bank, N.A., as applicable, and will be subject to claims of its creditors. Amounts payable under the plan are payable at the future times (or over the periods) designated by plan participants upon their enrollment in the plan and their annual renewal of enrollment.

The investment options available to an executive under the deferred compensation plan are listed below along with their annual rate of return for the calendar year ended December 31, 2007 and 2006, as reported by the administrator of the deferred compensation plan. The rates assume that 100% of the participant's contribution was deferred as of the first business day of 2007.

Mainstay Variable Product Cash Management	4.56%	4.71%

(1) Includes the total compensation to the above named executive officers for which payment was deferred in 2007. These amounts also comprise part of the amounts in the Salary column of the Summary Compensation Table.

(2) Includes total income earned in 2007 on the aggregate balance in the named executive officer's deferred compensation plan. The portion of this income that exceeded 120% of the Applicable Federal Rate (AFR) is also included in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company has entered into certain agreements and maintains certain plans that will require the Company to provide compensation to named executive officers of the Company in the event of a termination of employment or a change in control of the Company. Each employment agreement has a term of employment of three years from the effective date of the agreement. On each anniversary date of the effective date of the agreement, the term of the agreement is automatically extended for an additional year unless at 60 days prior to the anniversary date either party gives the other party written notice of non-renewal. The amounts of total compensation payable to each named executive officer upon voluntary termination without good reason, voluntary termination for good reason, termination by Company without cause, termination by Company for cause, normal retirement, early retirement, termination due to disability, termination due to death and termination associated with a change in control are shown in the tables below. The amounts assume that such termination was effective as of December 31, 2007 (the last day of the fiscal year), and thus include amounts earned through such time and are estimates of the amounts that would have been paid out to the executives upon their termination as of such date. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company.

For purposes of each named executive officer's employment agreement, the terms "good reason," "cause," "disability," "change of control" and "total compensation" are defined below:

- (a) "Good reason" means, without Employee's written consent, the occurrence of any of the following circumstances unless such circumstances are fully corrected within 30 days after Employee notifies the Company in writing of the existence of such circumstances as hereinafter provided:
- i. the assignment to Employee of any duties, functions or responsibilities other than those contemplated by the employment agreement or materially inconsistent with the position with the Company that Employee held immediately prior to the assignment of such duties or responsibilities or any adverse alteration in the nature or status of Employee's responsibilities or the condition of Employee's employment from those contemplated in the employment agreement;
 - ii. a reduction by the Company in Employee's total compensation or as it may be increased from time to time, except for across-the-board salary reductions similarly affecting all management personnel of the Company;
 - iii. the relocation of the Company's headquarters to a location more than fifty miles from its current location in Columbia, South Carolina, or the Company's requiring Employee to be based anywhere other than the Company's offices at such location, except for required travel on Company business;
 - iv. the failure by the Company to pay Employee any portion of Employee's compensation within the time guidelines established pursuant to standard Company policies, or any other material breach by the Company of any other material provision of the employment agreement; or
 - v. the giving of notice by the Company of non-renewal of the employment agreement.
- (b) "Cause" generally means: (A) the repeated failure of Employee to perform his responsibilities and duties; (B) the commission of an act by Employee constituting dishonesty or fraud against the Company or any of its affiliates; (C) the conviction for or the entering of a guilty or no contest plea with respect to a felony; (D) habitual absenteeism, reporting to work under the influence of alcohol or unlawful use of controlled substances; (E) the commission of an act by Employee involving gross negligence or moral turpitude that brings the Company or any of its

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

affiliates into public disrepute or disgrace or causes material harm to the customer relations, operations or business prospects of the Company or any of its affiliates; or (F) the Employee's engaging in conduct or harassment activities that are inconsistent with the responsibilities of a member of senior management.

(c)

"Disability" means disability suffered by Employee for a continuous period of at least six months or any impairment of mind or body that is likely to result in a disability of Employee for more than three months during any twelve-month period.

(d)

"Change of Control" means the occurrence of one of the following:

i.

any "person" (as that term is used in Sections 13(d)(1) of the Securities Exchange Act of 1934, as amended) becomes the owner (as determined pursuant to the provisions of Section 13(d) of the Securities Exchange Act of 1934, without regard to the requirements set forth in Section 13(d)(1) in regard to registration), directly or indirectly, of 50% or more of the common voting stock of the Company or the Bank or their respective successors other than (A) with respect to the Bank and its successors, the Company or any of its successors, (B) a trustee or other fiduciary holding securities under an employee benefit plan of the Company, (C) Employee or a group of persons including Employee, and (D) an underwriter or group of underwriters owning shares of common voting stock in connection with a bona fide public offering of such shares and the sale of such shares to the public;

ii.

there shall be any consolidation or merger of the Company or the Bank as a result of which the holders of 50% or more of the voting capital stock (if any) of the surviving corporation immediately after the transaction were not holders of voting capital stock of the Company or the Bank, as the case may be, immediately prior to the transaction;

iii.

there occurs the sale or transfer of all or substantially all of the assets of the Company or the Bank or the liquidation or dissolution of the Company or the Bank; or

iv.

individuals who constitute the board as of the effective date of employment agreement (the "Incumbent Board"), cease for any reason (including but not limited to a change mandated by any statute or regulation) to constitute a majority of the board, provided, however, that any individual becoming a director subsequent to the date of the employment agreement whose election or nomination for election was approved by a vote of at least a majority of the Incumbent Board shall be a member of the Incumbent Board; except that any individual elected to the Board whose initial election occurs as a result of any actual or threatened election contest that is or would be subject to the provisions of Rule 14a-11 under the Securities and Exchange Act of 1934, shall not be deemed to be a member of the Incumbent Board.

(e)

"Total Compensation" for each named executive officer includes the employee's base salary, the greater of the employee's annual bonus for the fiscal year in which the executive's employment terminates or the average bonus for the five years preceding the year of termination and the amount the Company contributes toward the employee's health and dental insurance premiums. For Mr. Hill, total compensation also includes the value associated with the personal use of a company-owned automobile and reimbursement for country club dues and other such dues and fees as may be approved by the board.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

The following table outlines certain differences between each agreement:

Name	Base Salary	Change in Control Payout	Non-Compete Period in Months
Robert R. Hill, Jr.	\$ 330,000	.99 times	24
John C. Pollok	228,461	2 ¹ / ₂ times	24
John F. Windley	205,000	2 times	18
Thomas S. Camp	205,000	3 times	18
Joe E. Burns	175,000	2 times	12

Mr. Hill is the only named executive officer entitled to receive compensation for his noncompete agreement with the Company. His noncompete agreement is set for a 24 month period starting on the termination date. He would be entitled to two years of his Total Compensation package, as defined in the Total Compensation definition (Item e) above, paid in two equal lump sums, the first at time of termination and the second on the first anniversary of termination. Should he violate any of the covenants listed in the noncompetition agreement, no payments that are still due will be paid and the Company has the right to secure an injunction for damages to recover any previous payments made under the agreement.

- (1) The Executive is entitled to Base Salary through the date of termination, payment of Total Compensation for noncompetition for two years, and the vested portion of the Supplemental Non-Qualified Pension.
- (2) The Company shall continue to pay to the Executive his Total Compensation for a period of 12 months in accordance with the Company's customary payroll practices. The Executive will also receive payment for noncompetition.
- (3) The Company shall have no further obligation to the Executive other than the vested portion of the Supplemental Non-Qualified Pension. The noncompetition agreement will be in force for a period of 12 months with no payments due to the Executive.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

- (4) The Company shall continue to pay to the Executive his Total Compensation for a period of 12 equal monthly installments or in a lump sum as determined by the board.
- (5) The Company will pay to the beneficiary of the Executive an amount equal to 12 months' Total Compensation in equal monthly installments or in a lump sum as determined by the board. Restricted Stock Awards are fully accelerated based on 100% of remaining non-vested shares with a market price of \$31.67 as of December 31, 2007. A life insurance payment is made under the SERP arrangement (not including group or supplemental life insurance).
- (6) The Company (or its successors) shall pay in one lump sum to the Executive, or his beneficiary in the event of his subsequent death, an amount equal to .99 times Executive's Total Compensation (Change in Control Payment) in effect at the date of termination of employment. In addition, the Executive will also be paid under his noncompetition agreement. Option Awards and Restricted Stock Awards will be fully accelerated based on 100% of remaining non-vested shares. The value of Option Awards is based on the difference between the current market price as of December 31, 2007 and the exercise price for options in-the-money (i.e., options with an exercise price below the current market price). The value of Restricted Stock Awards is based on the current market price of \$31.67 as of December 31, 2007.

Upon a change in control ("CIC"), the Company's Supplemental non-qualified pension plan will pay Mr. Hill twenty annual payments of \$185,000 which will begin at age 60. The present value of this benefit (\$3,700,000) is reduced by the early termination present value (\$878,080) and then discounted to 12/31/2007 at a rate of 5.6% which equals 617,942.

- (7) The Company believes that the structure and timing of Mr. Hill's payments upon a change in control as of December 31, 2007 would have caused the payments or distributions to be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code. The amount included here is the excise tax which he would receive from the Company on an after-tax basis equal to the federal, state and local income and excise tax imposed.
- (8) The amounts payable under the Supplemental Non-Qualified Pension are in accordance with a SERP that is targeted to pay \$185,000 annually for 20 years to Mr. Hill at his normal retirement date. The following assumptions were used to calculate the total benefit under each termination or retirement scenario:

Each director is required to directly own 3,000 shares of the Company's Common Stock by the third anniversary of the date he/she was first elected to the board by the shareholders. Director compensation is established by the compensation committee after discussion with the compensation consultants and is intended to provide compensation that is needed to attract and retain qualified directors and is competitive with that of comparable financial institutions.

For the fiscal year ended December 31, 2007, non-employee directors of the Company are paid a cash retainer of \$500 per calendar quarter. Directors who serve on the board of South Carolina Bank and Trust, N.A., a subsidiary of the Company, receive \$750 per subsidiary meeting attended. Director Norman, who serves on the board of South Carolina Bank and Trust of the Piedmont, N.A., also a subsidiary bank of the Company, receives \$500 per subsidiary meeting attended. Directors who are also officers employed by the Company or its subsidiaries do not receive fees or any other separate cash compensation for serving as a director. Members other than the chair of the executive committee, audit committee, compensation committee, governance committee, and trust asset management committee are paid additional payments of \$400, \$450, \$450, \$300, and \$300 respectively, for each meeting attended. The chair of the audit, compensation, and governance committees received \$1,000, \$1,000 and \$500, respectively, per committee meeting attended in lieu of the corresponding amounts above. Under the Company's deferred compensation plan, directors may elect to defer all or a portion of their directors' fees and to treat such deferred amounts as though they were invested in one or more investment options designated by the plan. Amounts deferred under the plan remain general obligations of the Company and become payable at the times (or during the periods) designated by participating directors. The directors' investment alternatives are the same as those previously listed under the deferred compensation plan for executive officers.

In May 2007, the Company awarded to each non-employee director serving at that time non-qualified options to acquire 500 shares of the Company's common stock at the fair market value at the time of award, and 200 shares of restricted stock. These awards were granted following the Company's annual shareholders' meeting and vested over a period of one year from the date of grant. The Company intends to grant stock options and restricted stock awards annually to its non-employee directors in similar amounts and terms following the shareholders' meeting, under the authorization of the 2004 Stock Incentive Plan.

Robert R. Horger, who serves as chairman of the board of the Company, currently receives \$81,327 annually for serving in that capacity. During 2007, the compensation committee agreed to pay \$25,000 of his salary in the form of immediately vested stock options rather than in cash. In addition, in January 2007, the Company granted to Mr. Horger 612 shares of restricted stock valued at \$39.74 per share at the date of grant and 1,838 stock options at an exercise price per share of \$39.74. These restricted stock shares vest and the options become exercisable in four equal annual installments over the four-year period following the date of grants. The number of shares and prices has been adjusted to reflect all applicable stock dividends.

The remaining amounts reported for each director above reflect the change in the nonqualified deferred compensation plan during 2007.

The Company's banking subsidiaries have loan and deposit relationships with some of the directors of the Company and its subsidiaries and loan, deposit, and fee-for-service relationships with some of the companies with which the directors are associated, as well as with some members of the immediate families of the directors. (The term "members of the immediate families" for purposes of this paragraph includes each person's spouse, parents, children, siblings, mother and father-in-law, sons and daughters-in-law, and brothers and sisters-in-law.) Such loan, deposit, or fee relationships were made in the ordinary course of business, were made on substantially the same terms, including interest rates, collateral and fee pricing as those prevailing at the time for comparable transactions with other persons, and did not, at the time they were made, involve more than the normal risk of collectibility or present other unfavorable features.

Robert R. Horger, chairman of the board of the Company, is a partner in the law firm of Horger, Barnwell & Reid, which South Carolina Bank and Trust, N.A. engaged, among other law firms, as counsel during 2007 and may engage during the current fiscal year. Suggs, a director, is President and Chief Executive Officer of Keenan and Suggs, Inc., an insurance brokerage and consulting firm that the Company used during 2007 and will use during the current fiscal year as an insurance broker for certain policies. In 2007, the Company made payments to Keenan and Suggs, Inc., as the Company's insurance placement agent, totaling \$247,259. Keenan and Suggs, Inc. passes these funds, net of its agency commissions which the firm recognizes as revenue, through to the various insurance companies providing coverages to the Company or its subsidiaries. Keenan and Suggs, Inc. specified that it recognized \$61,538 in revenue from the Company as its insurance placement agent during 2007.

The Company has adopted a Conflict of Interest/Code of Ethics Policy that contains written procedures for reviewing transactions between the Company and its directors and executive officers, their immediate family members, and entities with which they have a position or relationship. These procedures are intended to determine whether any such related person transaction impairs the independence of a director or presents a conflict of interest on the part of a director or executive officer. This policy also requires the Company's bank subsidiaries to comply with Regulation O, which contains restrictions on extensions of credit to executive officers, directors, certain principal shareholders, and their related interests. Such extensions of credit (i) must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with third parties and (ii) must not involve more than the normal risk of repayment or present other unfavorable features. The Conflict of Interest/Code of Ethics policy is located on the Company's website at www.scbtonline.com under Investor Relations.

The Company annually requires each of its directors and executive officers to complete a directors' and officers' questionnaire that elicits information about related person transactions. The Company's audit committee, which consists entirely of independent directors, annually reviews all transactions and relationships disclosed in the director and officer questionnaires, and the board of directors makes a formal determination regarding each director's independence under Nasdaq Global Select Market listing standards and applicable SEC rules.

In addition, the Company's bank subsidiaries are subject to the provisions of Section 23A of the Federal Reserve Act, which places limits on the amount of loans or extensions of credit to, or investments in, or certain other transactions with, affiliates and on the amount of advances to third parties collateralized by the securities or obligations of affiliates. Each bank is also subject to the provisions of Section 23B of the Federal Reserve Act which, among other things, prohibits an institution from engaging in certain transactions with certain affiliates unless the transactions are on terms substantially the same, or at least as favorable to such institution or its subsidiaries, as those prevailing at the time for comparable transactions with nonaffiliated companies.

In addition to the annual review, the Company has appointed a corporate ethics officer to implement and monitor compliance with the Conflict of Interest/Code of Ethics Policy. The corporate ethics officer reports to the Company's general auditor and chief executive officer quarterly and also advises the Company's executive committee and management with respect to potential conflicts of interest. The related party transactions described above were approved by the Company.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

As required by Section 16(a) of the Securities Exchange Act of 1934, the Company's directors and executive officers are required to report periodically their ownership of the Company's stock and any changes in ownership to the SEC. Based on written representations made by these affiliates to the Company and a review of forms 3, 4 and 5, it appears that all such reports for these persons were filed in a timely fashion in 2007, except for an inadvertent late filing of a Form 4 by Dane H. Murray on May 14, 2007 for a discretionary transaction in accordance with Rule 16b-3(f) resulting in the disposition of Common Stock in an executive officer's defined contribution plan.

CERTAIN ACCOUNTING MATTERS

As previously reported on the Company's Current Report on Form 8-K filed with the SEC on June 13, 2007, on June 7, 2007, the audit committee selected Dixon Hughes PLLC ("Dixon Hughes") to serve as the Company's independent registered public accounting firm beginning with the year 2008. The Company terminated the engagement of J.W. Hunt and Company, LLP ("J.W. Hunt") as its independent registered public accounting firm effective upon J.W. Hunt's completion of its audit of the Company's consolidated financial statements for the year ended December 31, 2007 and the filing by the Company of its Form 10-K for the year ending December 31, 2007. The decision to change accountants was approved by the audit committee.

J.W. Hunt's audit reports on the Company's consolidated financial statements for the fiscal years ended December 31, 2007, 2006 and 2005 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

During the fiscal years ended December 31, 2007, 2006 and 2005, the Company had no disagreements with J.W. Hunt on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of J.W. Hunt, would have caused J.W. Hunt to make reference to the subject matter of the disagreement(s) in connection with its report on the Company's consolidated financial statements for such years.

The Company provided its disclosures prepared on Form 8-K disclosing the termination of further audit engagements with J.W. Hunt and requested in writing that J.W. Hunt furnish a letter to the SEC stating whether it agreed with the statements made by us and, if not, stating the respects in which it did not agree. On June 13, 2007, we filed the letter provided by J.W. Hunt regarding the change of accountant dated June 12, 2007 with the SEC as Exhibit 16 to our Current Report on Form 8-K.

As previously reported on the Company's Current Report on Form 8-K filed with the SEC on June 13, 2007, during the fiscal years ended December 31, 2006 and 2005 and through June 13, 2007, the Company did not consult with Dixon Hughes regarding either (1) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's consolidated financial statements, and neither a written report was provided to the Company or oral advice was provided that was an important factor considered by the Company in reaching a decision as to an accounting, auditing or financial reporting issue; or (2) any matter that was either the subject of a disagreement or reportable event as defined in Item 304(a)(1)(iv) and (v) of Regulation S-K.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

J. W. Hunt served as the Company's independent registered public accounting firm for the year ended December 31, 2007. As explained above, the audit committee has appointed Dixon Hughes PLLC, certified public accountants, as independent registered public accounting firm for the Company and its subsidiaries for the current fiscal year ending December 31, 2008, subject to ratification by the

Company's shareholders. Dixon Hughes has advised the Company that neither the firm nor any of its partners has any direct or material interest in the Company and its subsidiaries except as independent registered public accounting firm and certified public accountants of the Company. Representatives of Dixon Hughes PLLC are expected to be at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. The Company expects a representative from J. W. Hunt to be present at the Annual Meeting.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On June 7, 2007, the audit committee selected Dixon Hughes to serve as the Company's independent registered public accounting firm beginning with the year 2008. Although the Company is not required to seek shareholder ratification of the selection of its accountants, the Company believes obtaining shareholder ratification is desirable. If the shareholders do not ratify the appointment of Dixon Hughes, the audit committee will re-evaluate the engagement of the Company's independent registered public accounting firm. Even if the shareholders do ratify the appointment, the audit committee has the discretion to appoint a different independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interest of the Company and its shareholders.

The board unanimously recommends that shareholders vote **FOR** the ratification of the appointment of Dixon Hughes as the Company's independent registered public accounting firm.

If a quorum is present, the number of shares of Common Stock voted in favor of this proposal must exceed the number of shares voted against it for approval of this proposal.
