Original Issue Date Statement

It is expected that delivery of the Notes will be made against payment therefor on or about the Original Issue Date which is the fifth business day following the date of this pricing supplement ("T+5"). Under Rule 15c6-1 of the Securities and Exchange Commission under the Securities Exchange Act of 1934, trades in the secondary market generally are required to settle in three business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes on the date hereof or the next succeeding business day will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisor.

To the extent of any conflict between the terms of the prospectus, the prospectus supplement and this pricing supplement, this pricing supplement shall govern.
