The Notice of Annual Meeting and Proxy Statement accompanying this letter more fully describes the business to be acted upon at the meeting. Our Annual Report on Form 10-K for the year ended December 31, 2011 is also attached.

Pursuant to rules adopted by the U.S. Securities and Exchange Commission we are once again providing to our shareholders access to our proxy materials over the Internet. We continue to believe that this e-proxy process allows us to provide our shareholders with the information they need while lowering printing and mailing costs, reducing the environmental impact of our Annual Meeting and more efficiently complying with our obligations under the securities laws. On or about March 27, 2012, we mailed to our beneficial shareholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our 2012 Proxy Statement and Annual Report and vote online. Registered shareholders will be furnished a printed copy of the 2012 Proxy Statement and Annual Report by mail.

Whether or not you plan to attend the meeting, your vote is important. In addition to voting in person, shareholders of record may vote via a toll-free telephone number or over the Internet. Shareholders who received a paper copy of the 2012 Proxy Statement and Annual Report by mail may also vote by completing, signing and mailing the enclosed proxy card promptly in the return envelope provided. If your shares are held in the name of a bank, broker or other holder of record, check your proxy card to see which of these options is available to you.

On behalf of our Board of Directors, thank you for your continued support of D&B.

Our principal executive offices are located at 103 JFK Parkway, Short Hills, New Jersey 07078-2708, and our main telephone number is 973-921-5500. D&B is listed on the New York Stock Exchange, or NYSE, with the ticker symbol DNB.

Notice of Internet Availability of Proxy Materials

In accordance with the notice and access rule adopted by the U.S. Securities and Exchange Commission, or SEC, we are making the proxy materials available to all of our shareholders on the Internet and our beneficial holders will receive a Notice of Internet Availability of Proxy Materials, or Notice, containing instructions on how to access our proxy materials and how to vote on the Internet and by telephone. We are mailing to our registered shareholders a printed copy of our proxy materials. If you received a Notice and would like to receive a printed copy of our proxy materials, free of charge, you should follow the instructions for requesting such materials included in the Notice.

Annual Meeting Admission

To attend the Annual Meeting, you will need an admission ticket or other evidence of stock ownership as of the record date, which is March 13, 2012. Only shareholders as of the record date will be entitled to attend the meeting.

Registered shareholders. If you are a registered shareholder and you plan to attend the Annual Meeting in person, please bring your admission ticket attached to the proxy card or other evidence of stock ownership as of the record date.

Beneficial holders. If your shares are held in the name of a bank, broker or other holder of record (in "street name") and you plan to attend the Annual Meeting in person, please bring your Notice or other evidence of stock ownership as of the record date. You may also obtain an admission ticket in advance of the meeting by sending a written request, along with evidence of stock ownership as of the record date, such as a bank or brokerage account statement, to our Corporate Secretary at the address of our principal executive offices noted above. Please make such requests at least two weeks in advance of the Annual Meeting so that we may be able to accommodate your request.

Who Can Vote

Only shareholders of record at the close of business on March 13, 2012 are eligible to vote at the meeting. As of the close of business on that date, there were [] shares of our common stock outstanding.

How to Vote

In addition to voting in person at the meeting, shareholders of record can vote by proxy by calling a toll-free telephone number, by using the Internet or, for shareholders who received a printed copy of the proxy materials, by mailing a completed and signed proxy card. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions and to confirm that shareholders' instructions have been recorded properly. Shareholders voting by telephone or the Internet should understand that there may be costs associated

Table of Contents

with voting in these manners, such as usage charges from telephone companies and Internet service providers, which must be borne by the shareholder.

A proxy that is signed and returned by a shareholder of record without specifications marked in the instruction boxes will be voted in accordance with the recommendations of the Board of Directors, as outlined in this proxy statement. If any other proposals are properly brought before the meeting and submitted to a vote, all proxies will be voted on those other proposals in accordance with the judgment of the persons voting the proxies.

Specific voting instructions are set forth below and can also be found on the Notice and on the proxy card. If you received more than one Notice or proxy card, your shares are registered in more than one name or are registered in different accounts. Please follow the voting instructions included in each Notice and proxy card to ensure that all of your shares are voted.

Registered Shareholders

Vote by Telephone. Registered shareholders can vote by calling toll-free at 800-690-6903. Voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

Vote on the Internet. Registered shareholders can vote on the Internet at the website www.proxyvote.com. As with telephone voting, you can confirm that your instructions have been properly recorded.

Vote by Mail. Registered shareholders can vote by mail by simply indicating your response on your proxy card, dating and signing it, and returning your proxy card in the postage-paid envelope provided. If the envelope is missing, please mail your completed proxy card to The Dun & Bradstreet Corporation, c/o Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood, New York 11717.

Beneficial Holders

If your shares are held in street name, the Notice mailed to you from the organization that is the record owner of your shares contains instructions on how to vote your shares. Beneficial holders that received a printed copy of the proxy materials may complete and mail the proxy card or may vote by telephone or over the Internet as instructed in the proxy card by the organization that is the record owner of your shares. For a beneficial holder to vote in person at the Annual Meeting, you must obtain a legal proxy from the record owner.

Revocation of Proxies

A shareholder of record may revoke a proxy at any time before the vote is taken at the Annual Meeting by sending written notice of the revocation to our Corporate Secretary at The Dun & Bradstreet Corporation, 103 JFK Parkway, Short Hills, New Jersey 07078-2708, by submitting another proxy that is properly signed and bears a later date, or by voting in person at the meeting. All properly executed proxies not revoked will be voted at the meeting in accordance with their instructions.

Voting Shares in the D&B Plans

If you are a current or former D&B employee who currently holds D&B shares in your name in the D&B Common Stock Fund of The Dun & Bradstreet Corporation 401(k) Plan, referred to as the 401(k) Plan, or a current or former Moody's Corporation employee who holds D&B shares in your name in the Moody's Corporation Profit Participation Plan, referred to as the PPP, you are entitled to give voting instructions for the shares held in your account. If you receive a printed copy of the proxy materials by mail, you will receive only one proxy card for all of the D&B shares you hold in the 401(k) Plan and PPP. Your proxy card will serve as a voting instruction card for the plans' trustees.

Table of Contents

However, most active employees who have shares in these plans will receive an e-mail containing instructions on how to access our proxy materials and how to vote such shares on the Internet.

If you do not vote your shares or specify your voting instructions on your proxy card, the applicable plan's trustee will vote your shares in the same proportion as the shares for which voting instructions have been received from other participants of the 401(k) Plan and PPP, except as otherwise required by law. To allow sufficient time for voting by the trustee of each plan, your voting instructions must be received by the applicable trustee by May 4, 2012.

If you are a current or former D&B employee who currently holds D&B shares in the D&B Employee Stock Purchase Plan, or ESPP, you are considered a beneficial holder as described above and should follow the voting instructions provided in the Notice sent to you by the ESPP plan administrator.

List of Shareholders

The names of registered shareholders of record entitled to vote at the Annual Meeting will be available for inspection at the Annual Meeting and, for ten days prior to the meeting, at the office of our Corporate Secretary at The Dun & Bradstreet Corporation, 103 JFK Parkway, Short Hills, New Jersey 07078-2708.

Householding Information

We have adopted a procedure approved by the SEC called householding. Under this procedure, shareholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Proxy Statement and Annual Report, unless one or more of the shareholders at that address notifies us that they wish to continue receiving individual copies. We believe this procedure provides greater convenience to our shareholders and saves money by reducing our printing and mailing costs and fees.

If you and other shareholders of record with whom you share an address and last name currently receive multiple copies of our Proxy Statement and Annual Report and would like to participate in our householding program, please contact Broadridge Financial Solutions, or Broadridge, by calling toll-free at 800-542-1061, or by writing to Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717. Alternatively, if you participate in householding and wish to revoke your consent and receive separate copies of our Proxy Statement and Annual Report, please contact Broadridge as described above.

A number of brokerage firms have instituted householding. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

Proxy Solicitation

Our directors, officers and employees may solicit proxies on our behalf by communicating with shareholders personally or by telephone, facsimile, e-mail, mail or other forms of social media. We have also retained the firm of Morrow & Co., LLC, 470 West Ave., Stamford, Connecticut 06902, to assist in the solicitation of proxies for a fee estimated at \$8,500 plus expenses. We will pay all expenses related to such solicitations of proxies. D&B and Morrow & Co. will request banks and brokers to solicit proxies from their customers, where appropriate, and will reimburse them for reasonable out-of-pocket expenses.

Quorum and Voting Requirements

Our by-laws provide that a majority of the shares issued, outstanding and entitled to vote, whether present in person or represented by proxy, constitute a quorum at meetings of shareholders.

Table of Contents

Abstentions and broker non-votes are counted for purposes of establishing a quorum. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker has not received instructions from the beneficial owner and does not have discretionary voting power for that particular matter. Brokers are permitted by the NYSE to vote shares without instructions from beneficial owners on routine matters, which includes only Proposal No. 2 (ratification of the appointment of our independent registered public accounting firm for 2012), as discussed below.

This means that for all proposals except Proposal No. 2, brokers may not vote your shares in the absence of your specific instructions as to how to vote. Please return your proxy card so your vote can be counted.

Election of directors (Proposal No. 1) shall be determined by a majority of the voting power present in person or represented by proxy and entitled to vote on the matter. *For purposes of this proposal, a majority of the voting power present means that the number of shares voted "for" a director must exceed the number of shares voted "against" that director.* As a result, shares present in person at the meeting that are not voted for a nominee, shares present by proxy for which the shareholder has abstained from voting for a nominee and shares not voted for a nominee as a result of broker non-votes will not be counted as voting for or against that nominee's achievement of a majority. If a current director is not re-elected, the director shall offer to tender his or her resignation to the Board of Directors. The Board Affairs Committee will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. The director who tenders his or her resignation will not participate in the Board's decision.

Ratification of the appointment of our independent registered public accounting firm for 2012 (Proposal No. 2), advisory approval of our executive compensation (Say on Pay) (Proposal No. 3), and approval of amendments to our certificate of incorporation and by-laws to permit shareholders to call special meetings (Proposal No. 4), shall each be determined by the affirmative vote of the holders of a majority of the voting power present in person or represented by proxy at the meeting and entitled to vote on the applicable matter. As a result, shares present in person at the meeting that are not voted for any such matter, shares present by proxy for which the shareholder has abstained from voting for any such matter and broker non-votes, if any, with respect to any such matter will not be counted toward each such matter's achievement of a majority.

CORPORATE GOVERNANCE

Board of Directors

Our Board of Directors currently consists of ten members, all of whom are independent except for our Chairman of the Board and Chief Executive Officer, or Chairman and CEO, Sara Mathew. The objective of our Board of Directors is to conduct our business activities so as to enhance shareholder value. Our Board of Directors believes that good corporate governance practices support successful business performance and thus the creation of shareholder value. To institutionalize the Board's view of governance, our Board has adopted Corporate Governance Principles. These principles, which were last reviewed in October 2011, cover Board composition and performance (*e.g.*, director independence, qualifications of directors, outside directorships and committee service, selection of director nominees, director orientation and continuing education), the relationship of the Board with senior management (*e.g.*, attendance of non-directors at Board meetings and Board access to senior leadership), Board meetings, Board committee review and management review.

The Board has four standing committees: the Audit Committee, the Board Affairs Committee, the Compensation & Benefits Committee and the Innovation & Technology Committee. Each Board committee has its own charter setting forth its purpose and responsibilities, including, where applicable, those required by the NYSE listing standards. Each of the committees and their charters are described in more detail below.

Our Corporate Governance Principles and the charters of each of our committees of the Board of Directors are available in the Investor Relations section of our website (<http://investor.dnb.com>) and are also available in print, without charge, to any shareholder upon request to our Corporate Secretary at The Dun & Bradstreet Corporation, 103 JFK Parkway, Short Hills, New Jersey 07078-2708.

Leadership Structure of the Board. Our Board is currently led by our Chairman and CEO, Sara Mathew. D&B's Board of Directors does not have a policy on whether the roles of Chairman of the Board and CEO should be separate; however, these positions have historically been held by the same person. The Board Affairs Committee of the Board of Directors regularly evaluates governance trends and issues and reports its conclusions to the Board. Specifically, it evaluated the roles of Chairman of the Board and CEO in December 2011 and concluded that having a single Chairman and CEO is appropriate for D&B.

Our Board believes that its leadership structure is effective in providing independent oversight of management, including with respect to one of the Board's primary functions enhancing shareholder value. The Chairman of the Board has neither a greater nor lesser vote on matters considered by the Board than any other director. All of our directors are bound by fiduciary obligations, imposed by law, to serve the best interests of our shareholders. Additionally, our Board believes that there are certain efficiencies inherent in having the CEO (who is the person responsible for the day-to-day operations and strategy of the Company) chair the Board of Directors, such as ensuring efficiency and clarity in decision making and ensuring key business issues are brought to the Board's attention.

Our Board of Directors acknowledges that independent Board leadership is important. Accordingly, the Company's Corporate Governance Principles provide for an independent Lead Director to be designated by the Board from time to time. Christopher J. Coughlin currently serves as our Lead Director.

The Lead Director (i) presides over the non-management executive sessions of the Board of Directors, (ii) collects feedback from the Board meetings and provides it to the CEO, (iii) may call a meeting of the non-management directors at any time, (iv) leads the annual CEO evaluation process,

Table of Contents

and (v) performs such other responsibilities as the Board may from time to time delegate to assist the Board in performing its responsibilities. The Lead Director is appointed to a term of three years, with no limit on the number of terms the Lead Director may serve, either in succession or in the aggregate. We believe a term of three years provides an opportunity, if appropriate in the discretion of the Board, for rotation of the Lead Director position among the directors. Mr. Coughlin has served as Lead Director since August 2010 and more information relating to Mr. Coughlin's role as Lead Director can be found under the "Board Meetings" section of this proxy statement.

In addition, our Board and committee composition promotes independence and protects against too much power being placed with the Chairman and CEO. All of the Board committees are comprised entirely of independent directors as determined under criteria established by the SEC and NYSE for the applicable committees and as set forth in our Corporate Governance Principles. As a result of this structure, independent directors oversee such critical matters as the integrity of the Company's financial statements, the compensation of executive management (including the CEO), the direction of the Company's innovation and technology strategy, the selection and evaluation of directors and the development and implementation of the Company's corporate governance policies and structures. In addition, nine of the ten members of our Board (with the exception of our Chairman and CEO) are independent under the foregoing standards. Our Board believes that its leadership structure enhances the Board's ability to provide insight and direction to management on important strategic initiatives and, at the same time, ensures that the appropriate level of independent oversight is applied to all Board decisions.

The Board's Role in Risk Oversight. The Board provides oversight of risk by directly reviewing strategic risks, as noted below, by delegating matters to, and using the expertise of, certain of its committees and by receiving reports from such committees. Specifically, the Board has delegated to the Audit Committee, the Innovation & Technology Committee, or I&TC, the Compensation & Benefits Committee, or C&BC, and the Board Affairs Committee responsibilities related to risk oversight as described herein.

The Audit Committee is charged with discussing with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. In addition, the Audit Committee oversees, and reviews with the internal auditors and management, the Company's enterprise risk management annual process, including the prioritization of the identified risks and management's mitigation plans. As part of the enterprise risk management annual process to identify and prioritize risks to the Company, management uses the framework set forth by the Committee of Sponsoring Organizations of the Treadway Commission, or COSO, which analyzes enterprise risks from the standpoint of a company's strategic, operational, compliance and financial reporting objectives. As noted above, "strategic risks" are discussed with and managed by the entire Board of Directors. The remaining categories of risk are overseen by the Audit Committee, the I&TC, the C&BC or the Board Affairs Committee, depending upon the nature of the risk.

Particular members of management report both internally and to the Audit Committee as follows:

The Leader of Internal Audit and Enterprise Risk Management reports both to the Chief Financial Officer and the Chair of the Audit Committee. The Audit Committee reviews and discusses with the Leader of Internal Audit and Enterprise Risk Management the Company's internal system of audit and financial controls, internal audit plans, and the periodic report of audit activities.

Table of Contents

The Principal Accounting Officer reports to the Chief Financial Officer and discusses financial controls with the Audit Committee in his capacity as leader of our Sarbanes-Oxley controls. On a quarterly basis, the Principal Accounting Officer reviews progress on the testing and mitigation of any identified risks with the Audit Committee.

The Chief Compliance Officer reports to the General Counsel and provides updates (at least quarterly) to the Audit Committee on compliance risks and controls.

In addition, at least quarterly, the Audit Committee meets in private session separately with the Leader of Internal Audit and Enterprise Risk Management, the Principal Accounting Officer, the Chief Financial Officer and the Chief Compliance Officer.

The I&TC reviews with management the commercial risks of the Company's technology infrastructure and platforms, including marketplace and financial risk. For example, management reviews with the I&TC the progress of the implementation of our current strategic technology investment which we announced in February 2010, referred to as "MaxCV" for Maximizing Customer Value.

The C&BC reviews with management the compensation policies and practices of the Company, including those applicable to non-executive officers, to determine the extent to which risks arising from the Company's compensation policies and practices are reasonably likely to have a material adverse effect on the Company. The compensation-related risk analysis considers the major components of compensation at the Company (base salary, cash incentives and equity-based compensation) and how each component may impact risk-taking activity by employees, including how the policies may engender activities that could impact the Company's brand and financial results. The analysis is prepared by management and reviewed and agreed upon by an interdisciplinary management team comprised of senior leaders from finance, internal audit and risk management, sales operations, legal, human resources and compensation. In addition, the Company's third party executive compensation consultant, Meridian Compensation Partners, as well as the Company's external legal counsel, reviewed and provided feedback on the analysis. Based on this analysis, the C&BC agreed with management that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Periodically, the Board Affairs Committee reviews the Company's policies and programs related to (i) political actions and legislative affairs which could impact our business, (ii) employee health and safety requirements, including the number and nature of claims made against the Company, and (iii) equal employment opportunity requirements, including filing requirements and monitoring the number of claims made.

Each of the Audit Committee, I&TC, C&BC and Board Affairs Committee periodically reports to the Board of Directors on any such matters under review, as appropriate.

Independence of the Board and Committees

Our Corporate Governance Principles require that at least two-thirds of the Board meet the criteria for independence established by the NYSE and applicable laws. After considering all relevant facts and circumstances, our Board has determined that each of its members except, as noted above, Sara Mathew, our Chairman and CEO, is independent under the NYSE listing standards and applicable laws. Our Board has also determined that each member of each of the Audit Committee, the Board Affairs Committee, the C&BC and the I&TC is independent under the NYSE listing

Table of Contents

standards and applicable laws (we note that I&TC member independence is not technically required because it is not a NYSE required committee).

Pursuant to NYSE rules, a director is not independent if the director is, or has been within the last three years, an employee of the Company. In addition, for a director to be considered independent, the Board must affirmatively determine that the director has no material relationship with us (either directly or indirectly, such as a partner, shareholder or officer of an organization that has a relationship with the Company). Our Corporate Governance Principles set forth categorical standards to assist the Board in determining what constitutes a material relationship with the Company. Generally, under these categorical standards, the following relationships are deemed *not* to be material:

the director is the beneficial owner of less than five percent of our outstanding equity interests;

the director is an officer or other employee of an entity, or his or her immediate family member is an executive officer (as defined in Section 303A.02 of the NYSE listing standards) of an entity that, in either case, has received payments from us for property or services or has made payments to us for property or services and the amount of such payments in each of the last three fiscal years is less than the greater of (i) \$1 million, or (ii) 2% of the entity's consolidated gross revenues (as such term is construed by the NYSE for purposes of Section 303A.02(b)(v));

the director is a director or officer of an entity that is indebted to us, or to which we are indebted, and the total amount of indebtedness is less than 2% of the total consolidated assets of such entity as of the end of the previous fiscal year;

the director, or any entity in which the director is an equity owner, director, officer or other employee, has obtained products or services from us on terms generally available to our customers for such products or services; or

the director is an officer, trustee, director or is otherwise affiliated with a tax-exempt organization and we made, within the preceding three fiscal years, contributions in any fiscal year that were less than the greater of (i) \$1 million, or (ii) 2% of the tax-exempt organization's consolidated gross revenues (as such term is construed by the NYSE for purposes of Section 303A.02(b)(v)), based upon the tax-exempt organization's latest publicly available information.

The Board retains the sole right to interpret and apply the foregoing standards in determining the materiality of any relationship. Also, in determining the independence of our directors, the Board considers the tenure of each director.

Board Meetings

Our Board held 12 meetings in 2011, with no director attending fewer than 75% of the aggregate number of meetings of the Board and of the committees of the Board on which he or she served.

The Chairman of the Board drafts the agenda for each Board meeting and distributes it to the Board in advance of each meeting. Each Board member is encouraged to suggest items for inclusion on the agenda.

Information and data that are important to the Board's understanding of the business and of scheduled agenda items are distributed sufficiently in advance of each Board meeting to give the

directors a reasonable opportunity for review. Generally, directors receive Board materials no fewer than three days in advance of a meeting.

Our non-management directors meet in regularly scheduled executive sessions without members of management. Our Lead Director, Christopher J. Coughlin, presides over executive sessions of the Board. In the event of Mr. Coughlin's absence from any executive session, the Chairman of the Board will designate a substitute Lead Director. Mr. Coughlin has served as the Lead Director since August 2010. The non-management directors held six executive sessions of the Board in 2011. More information relating to Mr. Coughlin's responsibilities as Lead Director can be found under the "Leadership Structure of the Board" section of this proxy statement.

(1) Mr. Kehring was appointed to the Board on August 3, 2011 and therefore did not serve on any committees in 2011.

The Audit Committee. Under the terms of its charter, the Audit Committee's primary function is to appoint annually the independent registered public accounting firm and to assist the Board in the oversight of: (1) the integrity of our financial statements, (2) the independent registered public accounting firm's qualifications and independence, (3) the performance of our internal audit function and independent registered public accounting firm, and (4) our compliance with legal and regulatory requirements. A copy of the Audit Committee's charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>). The Report of the Audit Committee can be found under the "Audit Committee Information" section of this proxy statement.

Our Board has reviewed the qualifications and experience of each of the Audit Committee members and determined that all members of the Audit Committee are "financially literate" as required by the NYSE listing standards.

Our Board has also determined that Christopher J. Coughlin and James N. Fernandez each qualify as an "audit committee financial expert" as that term has been defined by the rules of the SEC and have "accounting or related financial management expertise" within the meaning of the NYSE listing standards.

The Board Affairs Committee. Under the terms of its charter, the Board Affairs Committee's primary responsibilities include: (1) identifying individuals qualified to become Board members, (2) recommending candidates to fill Board vacancies and newly created director positions, (3) recommending whether incumbent directors should be nominated for reelection to the Board upon expiration of their terms, (4) developing and recommending to the Board a set of corporate governance principles applicable to the Board and our employees, and (5) overseeing the evaluation of the Board. A copy of the Board Affairs Committee charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>).

In accordance with our Corporate Governance Principles and the Board Affairs Committee charter, the Board Affairs Committee oversees the entire process of selection and nomination of Board nominees, including screening candidates for directorships in accordance with the Board-approved criteria described below. The Committee, with input from the Chairman of the Board, will identify individuals believed to be qualified to become Board members. The Committee solicits candidates from its current directors and, if deemed appropriate, retains for a fee, a third party search firm to identify and help evaluate candidates. The Committee will recommend candidates to the Board to fill new or vacant positions based on such factors as it deems appropriate, including independence, potential conflicts of interest (including any affiliation with an entity that competes or appears to compete with the Company), professional experience, personal character, integrity, diversity, outside commitments (*e.g.*, service on other Boards) and particular areas of expertise all within the context of the needs of the Board. The Committee does not use a formula for these factors, including diversity, but instead applies its judgment based on the needs of the Company.

The Board Affairs Committee will also consider director nominees recommended by our shareholders. Any shareholder wishing to propose a future nominee for consideration by the Board Affairs Committee may nominate persons for election to the Board of Directors if such shareholder complies with the notice procedures set forth in our by-laws and summarized under the "Shareholder Proposals for the 2013 Annual Meeting" section of this proxy statement. The Committee uses the same criteria described above to evaluate nominees recommended by our shareholders.

No individuals were proposed for nomination by any shareholders in connection with this proxy statement or the 2012 Annual Meeting of Shareholders.

The Compensation & Benefits Committee. Under the terms of its charter, the primary function of the C&BC is to discharge the Board's responsibilities relating to compensation of our Chairman and CEO and our other executive officers. Among other things, the C&BC: (1) evaluates the CEO's performance and reviews with the CEO the performance of other executive officers, (2) establishes and administers our policies, programs and procedures for compensating our executive officers, (3) has oversight responsibility for the administration of our employee benefit plans, (4) oversees the evaluation of management, including CEO succession planning and management development, and (5) reviews the non-employee director compensation program, recommending any changes to the Board of Directors for approval. The C&BC may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee or, to the extent otherwise permitted by applicable plans (including employee benefits plans subject to ERISA), laws or regulations (including NYSE listing standards), to any other body, individual or management. A copy of the C&BC charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>).

Table of Contents

The C&BC has appointed the following committees comprised of employees of the Company to perform certain settlor, fiduciary and administrative responsibilities for our employee benefit plans:

The Plan Benefits Committee, which severally with the C&BC has settlor powers with respect to employee benefit plan design changes, except that the Plan Benefits Committee cannot take any action with respect to an employee benefit plan or create or terminate an employee benefit plan if it would result in an annual financial impact to the Company of greater than \$1 million. In addition, the Plan Benefits Committee does not have any fiduciary responsibilities, which are solely within the province of the Qualified Plan Investment Committee and the Plan Administration Committee;

The Qualified Plan Investment Committee, which severally with the C&BC has certain fiduciary and administrative powers under the employee benefit plans with respect to the plans' investments and the financial performance of the plans' assets; and

The Plan Administration Committee, which severally with the C&BC has fiduciary and administrative powers under the employee benefit plans to implement and maintain the administrative and claims procedures for the plans.

The C&BC may also delegate to our CEO the authority to make limited grants under our equity compensation plans to non-executive officers. A detailed description of our processes and procedures for the determination of compensation for our executive officers and directors, including the role of the C&BC, our independent compensation consultant and our Chairman and CEO in determining or recommending the amount or form of compensation, is included in the "Compensation Discussion & Analysis" section of this proxy statement.

The C&BC has retained the services of an independent third party compensation consultant. The mandate to the consultant is to work for the C&BC in connection with its review of executive and non-employee director compensation practices, including the competitiveness of executive pay levels, executive incentive design issues, market trends in executive compensation, and technical considerations. The nature and scope of services rendered by the consultant on the C&BC's behalf is described below:

Competitive market pay analyses for executive positions, proxy data studies, Board of Director pay studies, dilution analyses, and market trends in executive and non-employee director compensation;

Pay for performance analyses and commentary on risk in the Company's executive pay programs;

Ongoing support with regard to the latest relevant regulatory, governance, technical, and/or financial considerations impacting executive compensation and benefit programs;

Assistance with the design of executive compensation or benefit programs, as needed; and

Preparation for and attendance at selected management, C&BC or Board meetings.

The Company's third party executive compensation consultant is Meridian Compensation Partners, or Meridian. Meridian's services to the Company are limited exclusively to executive and director compensation consulting. The C&BC evaluates the compensation consultant and its independence each year as part of its self-assessment and has the final authority to hire and terminate the consultant. In considering Meridian's independence, the C&BC reviewed such factors as services provided by and fees paid to Meridian, Meridian's relationships with members of the C&BC, Meridian's policies on conflict

of interest, and ownership of Company stock by Meridian. Based on a review of these factors, the C&BC has confirmed that no conflicts of interest exist with its consultant.

The Innovation & Technology Committee. Under the terms of its charter, the primary function of the I&TC is to review our approach to information technology and innovation, including: (1) reviewing the information technology platforms required to enable customer centric innovation, cost effective organic growth and competitive advantage with respect to M&A opportunities, (2) reviewing the process and approach required to drive product innovation such as customer research, design and product development to enable customer success, (3) advising the innovation and technology senior management team as may be needed in connection with the Committee's duties and responsibilities outlined above, and (4) assisting the Board of Directors in fulfilling its oversight responsibilities regarding the Company's information technology and innovation. In addition, the I&TC reviews with management the commercial risks of the Company's technology infrastructure and platforms, including marketplace and financial risks, and plays a critical role in overseeing MaxCV. The I&TC may also delegate all or a portion of its duties and responsibilities to a subcommittee or, to the extent otherwise permitted by applicable laws or regulations, to any other body, individual or management. A copy of the I&TC charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>).

Attendance at Annual Meetings

We expect directors to be available to attend our 2012 Annual Meeting of Shareholders. All directors attended our 2011 Annual Meeting.

Service on Multiple Audit Committees

Our Corporate Governance Principles prohibit our Audit Committee members from serving as members of more than two other public company audit committees without the Board's approval. Any determination by the Board approving of service on more than two other public company audit committees will be disclosed in our annual proxy statement. No Audit Committee member currently serves on more than one other audit committee of a public company.

Transactions with Related Persons

There are no reportable transactions pursuant to this requirement.

Procedures for Approval of Related Persons Transactions

Our Board of Directors recognizes that related persons transactions present a heightened risk of conflicts of interest and therefore has adopted a written policy to be followed in connection with all related persons transactions involving D&B.

Under this policy, the Board has delegated to the Board Affairs Committee the responsibility for reviewing certain related persons transactions in excess of \$120,000, in which the related person may have a direct or indirect interest. The Board has empowered our General Counsel to review all related persons transactions in excess of \$120,000. Our General Counsel will refer to the Board Affairs Committee those transactions in which the related person may have a direct or indirect material interest. For purposes of this policy, a transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

In approving related persons transactions, the Board Affairs Committee shall determine whether each related persons transaction referred to the Committee was the product of fair dealing and whether it was fair to D&B.

Under this policy, we remind our directors and executive officers of their obligation to inform us of any related persons transaction and any proposed related persons transaction. In addition, we review our records and inquire of our directors and executive officers to identify any person who may be considered a related person. Using this information, we search our books and records for any related persons transactions that involved amounts, individually or in the aggregate, that exceed \$120,000.

Promoters and Control Persons

There are no reportable transactions pursuant to this requirement.

Compensation Committee Interlocks and Insider Participation

None of the members of our C&BC are, or have been, an employee or officer of D&B. During fiscal year 2011, no member of our C&BC had any relationship with D&B requiring disclosure under Item 404 of Regulation S-K, the SEC rule regarding disclosure of related persons transactions. During fiscal year 2011, none of our executive officers served on the compensation committee or equivalent or board of directors of another entity whose executive officer(s) served as a director of D&B or a member of our C&BC.

Code of Conduct

We have adopted a Code of Conduct that applies to all of our directors, officers and employees (including our Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer) and have posted the Code of Conduct in the Investor Relations section of our website (<http://investor.dnb.com>). We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K, if any, relating to amendments to or waivers from any provision of our Code of Conduct applicable to our Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer by posting this information on our website.

Our Code of Conduct is also available in print, without charge, to any shareholder upon request to our Corporate Secretary at The Dun & Bradstreet Corporation, 103 JFK Parkway, Short Hills, New Jersey 07078-2708.

COMPENSATION OF DIRECTORS

Overview of Non-employee Director Compensation

For 2011, our non-employee directors' total compensation program consisted of both cash and equity-based compensation awards as follows:

Annual cash retainer of \$70,000;

Additional annual cash retainer for the Lead Director and each Committee Chairperson of \$20,000; and

Annual grant of restricted stock units, or RSUs, with a value of approximately \$120,000 that vest in full on the earlier of (i) the third anniversary of the date of grant or (ii) the separation of service from the Board of Directors for any reason, and are payable in shares of our common stock upon vesting. The number of RSUs is based on the mean of the high and low trading prices of our common stock on the date of grant. Directors receive dividend equivalents with respect to the RSUs prior to settlement.

Cash compensation is paid in semi-annual installments on the first business day in March and July of each year. No separate fees are paid for attendance at Board or Committee meetings. The RSU grant is made at the beginning of the year, typically early February, five business days after the release of the Company's year-end earnings statement.

In addition, non-employee directors may elect to defer all or a portion of their annual cash retainer and/or Lead Director/Committee Chairperson cash retainer into our non-employee directors' deferred compensation plan. Directors who defer their cash retainers into the D&B Common Stock Fund under the plan receive a 10% premium payment credited to their account. This premium vests in three years provided that the director does not transfer the underlying deferred amounts out of the stock fund prior to vesting. Restricted stock unit awards may also be voluntarily deferred into our non-employee directors' deferred compensation plan. Restricted stock units are credited with dividend equivalents while deferred both before and after restrictions on the restricted stock units lapse.

Upon joining the Board, each new non-employee director receives a one-time stock option grant with a grant value of approximately \$35,000. The number of options is based on a modified Black-Scholes methodology. These stock options vest in full one year from the date of grant. In addition, each new non-employee director receives a pro rata allocation of the other components of the total compensation program as described above.

In 2011, exclusive of the 10% premium, the total compensation paid to each of our non-employee directors was approximately \$190,000. Each non-employee director who served as a Committee Chairperson as well as our Lead Director received an additional \$20,000. In 2011, about 60% of the total direct compensation for each director was paid in the form of equity (exclusive of the 10% premium). This ratio ensures that the interests of directors are aligned with those of our shareholders and underscores the Board's commitment that its non-employee directors have a significant stake in the success of D&B.

Non-employee directors are also provided with the following benefits:

Reimbursement for reasonable Company-related travel;

Director continuing education and other expenses;

Table of Contents

Travel accident insurance when traveling on Company business;

Personal liability insurance; and

Participation in our charitable matching gift program of up to \$4,000 per calendar year.

Only non-employee directors receive compensation for serving on the Board. A director who is also an employee of the Company receives no additional compensation for serving as a director.

In October 2011, the C&BC reviewed the current non-employee director compensation program and recommended no changes for 2012, which the Board of Directors approved.

Stock Ownership Guidelines

Non-employee directors are required to hold 50% of all equity obtained through the non-employee director compensation program throughout their tenure as directors of D&B, including net shares acquired upon the exercise of stock options. These guidelines further align the interests of directors and shareholders.

The following table summarizes the compensation paid to our non-employee directors in 2011:

(1) In addition to the \$70,000 annual cash retainer for all non-employee directors except Mr. Kehring, the following non-employee directors earned additional fees for serving as the Lead Director or a Committee Chairperson: Mr. Coughlin \$20,000 (for serving as Lead Director); Mr. Alden \$20,000 (for serving as Chair of the Board Affairs Committee); Mr. Fernandez \$20,000 (for serving as Chair of the Audit Committee); Ms. Peterson \$20,000 (for serving as Chair of the I&TC); and Mr. Quinlan \$20,000 (for serving as Chair of the C&BC). Mr. Kehring received a pro rata annual cash retainer of \$28,723 because he joined our Board on August 3, 2011.

(2) Amounts shown represent the aggregate grant date fair value. For more information on how we value stock-based awards for directors, which is similar to our valuation for our employees (including all assumptions made in such valuation), refer to "Note 11. Employee

Stock Plans" in the "Notes to Consolidated Financial Statements" in our Form 10-K for the fiscal year ended December 31, 2011.

Table of Contents

- (3) With the exception of Mr. Kehring, each non-employee director was granted 1,417 RSUs on February 9, 2011. Mr. Kehring was granted a pro rata number of RSUs (708 RSUs) on August 3, 2011 in conjunction with his appointment to our Board of Directors. In addition, Mr. Alden was granted a total of 37 shares in 2011 reflecting payment of dividend equivalent units with respect to RSUs whose restrictions had lapsed, as follows:

	Date	Number of Shares
John W. Alden	3/3/2011	19
	7/1/2011	18

- The per share grant date fair value is equal to the mean of the high and low trading prices of D&B stock on the NYSE as of the date of grant. On February 9, 2011, the per share grant date fair value was \$84.70. Therefore, excluding dividend equivalent units, the total full fair value for RSUs granted to each non-employee director, with the exception of Mr. Kehring, in 2011 was approximately \$120,000. On August 3, 2011, the per share grant date fair value was \$69.49. Therefore, the total fair value for RSUs granted to Mr. Kehring in 2011 was approximately \$49,200. These RSUs vest in full on the third anniversary of the date of grant or at the director's termination of service, whichever is earlier. Dividend equivalent units vest in full when the restrictions on the corresponding RSUs lapse. The annual equity grants were reviewed by the C&BC and were made five business days after our annual earnings release. The value of the dividend equivalent units paid with respect to RSUs is reported in the "All Other Compensation" column. The amount for each non-employee director represents the value of all dividend equivalent units credited in 2011.
- (4) On August 3, 2011, we granted Mr. Kehring 1,748 stock options with an exercise price of \$69.49, which was equal to the fair market value of our common stock on that date, as computed in accordance with FASB ASC Topic 718 (*i.e.*, the mean of the high and low trading prices). This grant of stock options to Mr. Kehring was in recognition of his appointment to our Board as a non-employee director. The stock options vest in full on the first anniversary of the date of grant. Stock options not yet vested terminate upon the director's termination of service, except that if the director's service terminates by reason of death, disability or retirement before the first anniversary, a pro rata portion of such stock options vest. The stock options expire on August 3, 2021.
- (5) Four out of nine non-employee directors elected to defer all or a portion of their 2011 cash retainers into the D&B Common Stock Fund under our non-employee directors' deferred compensation plan. The directors received a 10% premium on such deferred amounts. The 10% premiums are credited as additional deferrals under the D&B Common Stock Fund and vest on the third anniversary of the deferral; provided that none of the related deferred amounts are removed from the fund prior to this time. For the non-employee directors who elected to defer amounts into the D&B Common Stock Fund, the 10% premium was: Messrs. Coughlin, Fernandez and Quinlan \$9,000 each and Ms. Peterson \$3,500.
- (6) In addition, amounts shown for Messrs. Alden, Coughlin, Quinlan and Kehring include matching gifts of \$4,000 each, made pursuant to the D&B Corporate Giving Program available to all of our employees and directors.
- (7) The amounts shown also include the value of all dividend equivalent units credited in 2011. In 2011, the Company paid a quarterly dividend of \$0.36 per share. The value of all dividend equivalent units equals the number of RSUs as of the record date multiplied by the quarterly dividend. The resulting value is then divided by the fair market value of our common stock on the dividend payment date to arrive at the number of dividend equivalent units to be credited. In 2011,

Table of Contents

the total value of all dividend equivalent units credited to our non-employee directors was as follows:

Name	Value of RSU Dividend Credit (\$)
Christopher J. Coughlin (<i>Lead Director</i>)	12,477
Austin A. Adams	8,583
John W. Alden	7,228

Naomi O. Seligman	10,132
Michael J. Winkler	12,404

As of December 31, 2011, the aggregate number of stock awards (including units held in the D&B Common Stock Fund under our non-employee directors' deferred compensation plan, legacy deferred performance shares and legacy phantom stock) and stock options outstanding for each non-employee director was as follows:

Equity Awards Outstanding as of December 31, 2011

AUDIT COMMITTEE INFORMATION

Report of the Audit Committee

The Board of Directors has determined that each member of the Audit Committee is "independent" within the meaning of the SEC regulations and the NYSE listing standards. The Audit Committee selects our independent registered public accounting firm. Management has the primary responsibility for our financial reporting process, including our system of internal controls, and for the preparation of consolidated financial statements in compliance with generally accepted accounting principles, applicable laws and regulations. Our independent registered public accounting firm is responsible for performing an independent audit of the financial statements in accordance with the standards of the Public Company Accounting Oversight Board and expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles, or GAAP, in the United States and the effectiveness of internal control over financial reporting. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures.

Management has represented to the Audit Committee that our financial statements were prepared in accordance with GAAP in the United States, and the Audit Committee has reviewed and discussed the financial statements with management and the independent registered public accounting firm in the course of performing its oversight role.

The Audit Committee has reviewed and discussed with management and our independent registered public accountant, PricewaterhouseCoopers LLP, the Company's Annual Report on Form 10-K, which includes the Company's audited consolidated financial statements for the year ended December 31, 2011.

The Audit Committee has discussed with PricewaterhouseCoopers LLP, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In addition, the Audit Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP, required by the applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP their independence from the Company and management.

The Audit Committee met regularly with the Leader of Internal Audit and Enterprise Risk Management, Principal Accounting Officer, Chief Financial Officer, Chief Compliance Officer and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in this proxy statement and in our Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the SEC.

Table of Contents**Audit Committee Pre-approval Policy**

The Audit Committee of the Board of Directors has adopted an Audit Committee Pre-approval Policy. In accordance with this policy, the independent registered public accounting firm may not provide certain prohibited services. In addition, the Audit Committee must pre-approve the engagement terms and fees, and any changes to those terms and fees, of all audit and non-audit services performed by PricewaterhouseCoopers LLP. All pre-approval requests submitted to the Audit Committee are required to be accompanied by backup documentation and a view from PricewaterhouseCoopers LLP and our Chief Financial Officer that the services will not impair the independent registered public accounting firm's independence. The policy does not include any delegation of the Audit Committee's responsibilities to management. The Audit Committee may delegate its authority to one or more of its members, subject to an overall annual limit. Pre-approvals by the delegated member or members must be reported to the Audit Committee at its next scheduled meeting.

Fees Paid to Independent Registered Public Accounting Firm

PROPOSAL NO. 1

ELECTION OF DIRECTORS

In 2011, the Board of Directors unanimously recommended, and the shareholders approved, amendments to our Restated Certificate of Incorporation that declassified the Board and require that each director be elected annually for a one-year term. Previously, the Board had been divided into three classes of directors serving in staggered three-year terms. The declassification is being phased in over a two-year period, which began with our 2011 Annual Meeting of Shareholders with the election of Naomi O. Seligman and Michael J. Winkler to one-year terms expiring at the 2012 Annual Meeting of Shareholders. The full declassification of the Board will culminate at the 2012 Annual Meeting of Shareholders, at which time, and for each annual election thereafter, all directors will stand for election for a one-year term. In all cases, each director will hold office until his or her successor has been elected and qualified or until the director's earlier resignation or removal, and vacancies that occur during the year will be filled by the Board to serve until the next annual meeting.

In order to make the declassification of the Board effective at the 2012 Annual Meeting of Shareholders, each member of the Board whose term does not expire at that meeting (John W. Alden, Christopher J. Coughlin and Sara Mathew) will, prior to the meeting, voluntarily submit his or her resignation.

Changes in Composition of the Board of Directors

The Board of Directors is presently composed of ten members, nine of whom are non-employee, independent directors. However, Naomi O. Seligman will not be nominated for re-election at the 2012 Annual Meeting of Shareholders. In 2011, Ms. Seligman reached the recommended retirement age of 72 as set forth in our Corporate Governance Principles, but was asked by the Board to stay on an additional year given her ongoing advice and guidance in the technology area, particularly as we continue to implement MaxCV. Paul R. Garcia has been nominated to take Ms. Seligman's place on the Board. Also, on February 23, 2012, Michael R. Quinlan informed the Board that he has decided to retire from the Board of Directors effective in May 2012 immediately prior to the 2012 Annual Meeting of Shareholders. The Board has determined to decrease the Board size from ten members to nine members following Mr. Quinlan's retirement.

Nominations

Upon recommendation of the Board Affairs Committee, the Board of Directors has nominated the following individuals for election as directors for a one-year term expiring at the 2013 Annual Meeting of Shareholders: Austin A. Adams, John W. Alden, Christopher J. Coughlin, James N. Fernandez, Paul R. Garcia, Douglas A. Kehring, Sara Mathew, Sandra E. Peterson and Michael J. Winkler (the "Nominees"). Each Nominee currently serves as a director, with the exception of Paul R. Garcia.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE ELECTION OF EACH OF OUR NOMINEES.

The Board also values Mr. Coughlin's qualification as an "audit committee financial expert" as that term has been defined by the rules of the SEC and his "accounting or related financial management expertise" within the meaning of NYSE listing standards. **PROPOSAL NO. 2
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2012**

The Audit Committee has appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm to audit the consolidated financial statements for the year ending December 31, 2012. Although shareholder approval of this appointment is not required, the Audit Committee and the Board of Directors believe that submitting the appointment to the shareholders for ratification is a matter of good corporate governance. If the shareholders do not ratify the appointment, the Audit Committee will review its future selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm in light of the shareholder vote, but still may retain them. Even if the appointment is ratified, the Audit Committee, at its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of D&B and our shareholders.

PricewaterhouseCoopers LLP acted as our independent registered public accounting firm for the 2011 fiscal year. In addition to its audit of our consolidated financial statements, PricewaterhouseCoopers LLP also performed statutory audits required by certain international jurisdictions, audited the financial statements of our various benefit plans, and performed certain non-audit services. Fees for these services are described under the "Fees Paid to Independent Registered Public Accounting Firm" section of this proxy statement.

A representative of PricewaterhouseCoopers LLP is expected to be present at the 2012 Annual Meeting of Shareholders. Such representative will have the opportunity to make a statement, if he or she so desires, and is expected to be available to respond to questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP.

PROPOSAL NO. 3
ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION (SAY ON PAY)

We believe that our executive compensation program, policies and procedures are founded on pay for performance and are strongly aligned with the long-term interests of our shareholders. The Board of Directors of the Company is committed to excellence in corporate governance and regulatory compliance. As part of that commitment, the Board offers D&B's shareholders an opportunity each year to provide advisory approval of the Company's executive compensation.

This proposal, commonly known as "Say on Pay," gives shareholders the opportunity to express their favor or disfavor with the Company's executive compensation program, policies and procedures. This vote is intended to provide an overall assessment of our current executive compensation program as a whole, rather than focus on any single component. The Compensation & Benefits Committee and the Board intend to take into account the outcome of this proposal when considering the Company's future executive compensation program. However, since this is an advisory and non-binding vote, it will not necessarily affect or otherwise limit any future or existing compensation or outstanding awards of any of our named executive officers.

Our executive compensation program is described more fully in the "Compensation Discussion & Analysis" section of this proxy statement and the related tables and narrative that follow it. Shareholders are, therefore, encouraged to read that information in its entirety to obtain a complete understanding of our executive compensation program.

We believe that the design, development and execution of our pay program, policies and procedures has resulted in executive compensation decisions that are appropriate and that have benefitted the Company and shareholders over time. As noted in the "Compensation Discussion & Analysis" section of this proxy statement, our executive pay levels generally align well with the growth and total shareholder return performance (total shareholder return, or TSR, reflects the change in stock price plus the value of reinvested dividends) relative to the compensation comparison group, especially when considered over the long term. Each year the Compensation & Benefits Committee reviews an analysis of pay and performance conducted by its independent compensation consultant. Consistently, these analyses have shown that the compensation of our named executive officers aligns with performance.

Some important highlights of our current executive compensation program, as well as changes that have been made in recent years, include the following:

Pay Mix: From a pay mix perspective, 77% of the named executive officers' total compensation is variable or performance-based pay with 22% in the form of cash incentives and 55% in the form of equity or long-term incentives; only 23% is base salary.

Equity: A performance-based restricted stock unit opportunity comprises 50% of the equity grant to our named executive officers. The actual number of restricted stock units earned is based on performance relative to financial, strategy and customer satisfaction goals. Further, for the earned restricted stock units to pay out above target, a 3-year total shareholder return must be met or exceeded. The other 50% of the equity grant is comprised of stock options which only have value if our stock price appreciates over time.

Ownership: We require our executives to maintain ownership in the Company during their service. Our named executive officers, as well as other designated executives in the Company,

Table of Contents

must achieve certain minimum levels of ownership in our common stock to reinforce the behavior that they act like owners focused on long-term value creation.

Perquisites: Our executives do not receive special perquisites and generally participate in the broad-based benefits programs offered by the Company on the same basis as other full-time team members.

Employment Agreements: None of the named executive officers has an employment agreement, and severance benefits (excluding change in control severance benefits) are provided through the same career transition plan available to other employees of the Company.

Executive Retirement Plan: Effective January 1, 2011, we eliminated this benefit for all future executive new hires.

Change in Control: Effective July 1, 2010, we eliminated the excise tax payment prospectively for any new change in control agreements entered into between the Company and newly appointed executive officers. All of our change in control agreements require a termination of employment in addition to a change in control of the Company before cash benefits are triggered.

Hedging Prohibition: Our directors and officers are expressly prohibited from purchasing or selling D&B securities on a short-term basis (less than three months); purchasing any listed or over-the-counter options on D&B common stock or engaging in equivalent derivative transactions; engaging in the short sale of D&B securities; or borrowing against D&B securities.

For the reasons noted above and given the information provided elsewhere in this proxy statement, the Board of Directors asks you to approve the following resolution:

"Resolved, that the shareholders approve the Company's overall executive compensation program, policies and procedures as described in the 'Compensation Discussion & Analysis,' the tabular disclosure regarding named executive officer compensation, and the accompanying narrative disclosure in this proxy statement."

As this is a proposal for advisory approval, the result is not binding upon the Company. However, the Compensation & Benefits Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by shareholders in their vote on this proposal. The Compensation & Benefits Committee will consider the outcome of this advisory vote when making future compensation decisions for our named executive officers.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* APPROVAL OF OUR COMPANY'S OVERALL EXECUTIVE COMPENSATION PROGRAM, POLICIES AND PROCEDURES.

PROPOSAL NO. 4

APPROVAL OF AMENDMENTS TO THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AND FOURTH AMENDED AND RESTATED BY-LAWS TO PERMIT SHAREHOLDERS TO CALL SPECIAL MEETINGS

The Company's Board of Directors has proposed, and recommends that shareholders approve at the Annual Meeting, amendments, or Amendments, to the Company's Amended and Restated Certificate of Incorporation, or Charter, and Fourth Amended and Restated By-Laws, or By-Laws, that would add a right permitting the holders of at least 40% of the Company's outstanding common stock to call a special meeting of shareholders. Currently, the Company's Charter and By-Laws permit special meetings of shareholders to be called only by the Chief Executive Officer or by the Board of Directors. The Board, upon the recommendation of the Board Affairs Committee, has unanimously adopted resolutions approving the Amendments and recommending approval of the Amendments to our shareholders. The Amendments also include procedural requirements with which shareholders would be required to comply in order to call a special meeting.

The Board is committed to good governance practices and supports the concept of permitting shareholders to request special meetings. The Company's Charter and By-Laws already permit shareholders to bring business before shareholders each year at the annual meeting. Therefore, the Board believes special meetings should only be called to consider extraordinary events that are of interest to a wide shareholder base and that need immediate attention prior to the next annual meeting. Special meetings are expensive and require significant legal, administrative, printing and distribution costs. In addition, special meetings can potentially divert directors' and management's attention away from their oversight and operational responsibilities, respectively, in order to address the details of holding a special meeting of shareholders, including producing and printing a proxy statement and organizing and preparing for the meeting. Such a diversion could potentially operate against the best interests of our shareholders overall, in order to serve the narrow interests of the shareholders requesting the special meeting.

The Board believes that an ownership threshold of 40% in order to request a special meeting is appropriate in light of the Company's shareholder structure and strikes a reasonable balance between enhancing shareholder rights and preventing a small minority of shareholders from calling a special meeting solely to serve their narrow purposes which may not be in the best interest of the Company. Further, the Amendments contain certain procedural requirements and limitations preventing duplicative and unnecessary meetings. For example, special meetings may not be called if (i) the requesting shareholders do not comply with the requirements of the By-Laws, (ii) a similar item (determined in good faith by the Board) was presented at a meeting held within 120 days before the request was received, or (iii) the request is received during the period commencing 90 days prior to the first anniversary of the date of the immediately preceding annual meeting of shareholders and ending on the date of the next annual meeting.

Attached to this proxy statement as Exhibits A and B, respectively, are marked versions of the relevant sections of the Charter and By-Laws which reflect the Amendments. The general description above is qualified in its entirety by reference to the text of the Amendments in Exhibits A and B. If approved, the Amendments to the Charter will become effective upon the filing of a Certificate of Amendment to the Charter with the Secretary of State of Delaware. The Company would make such a filing promptly after approval of the Amendments by the shareholders at the Annual Meeting. The Amendments to the By-Laws would become effective when the Amendments to the Charter become effective.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF AMENDMENTS TO THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AND FOURTH AMENDED AND RESTATED BY-LAWS TO PERMIT SHAREHOLDERS TO CALL SPECIAL MEETINGS.

COMPENSATION DISCUSSION & ANALYSIS

Executive Summary

The C&BC continuously reviews the executive compensation program of the Company to ensure that it is meeting its objectives including: pay for performance, alignment with shareholder interests, providing a competitive level of pay to attract and retain executive talent, reinforcing the right behaviors consistent with our strategy, and transparency to our shareholders. In 2011, we held an advisory vote on our overall executive compensation package, referred to as a "Say on Pay" vote. Our 2011 Say on Pay vote received 87% approval from our shareholders. The C&BC considered these results an indication of shareholder support for the Company's executive pay program, policies and procedures. The C&BC did not significantly modify the Company's current executive compensation program for 2011. However, through annual "Say on Pay" voting and through the Company's ongoing shareholder outreach, the C&BC will continue to evaluate feedback from shareholders about our executive compensation program and will make adjustments to enhance pay for performance as appropriate. For example, based on specific feedback from our shareholders during outreach, the C&BC is considering changes to the current executive equity program to enhance the alignment with long-term shareholder value creation.

The Company's current executive compensation program incorporates several features that contribute to pay for performance and good governance practices. Among these features are the following:

Summary of Policies Contributing to Pay for Performance

Our pay mix is heavily weighted toward variable compensation: From a pay mix perspective, 77% of the named executive officers' total compensation is variable or performance-based pay with 22% in the form of cash incentives and 55% in the form of equity or long-term incentives; only 23% is base salary.

Equity value must be earned based on performance: A performance-based restricted stock unit opportunity comprises 50% of the equity grant to our named executive officers. The actual number of restricted stock units earned is based on performance relative to financial, strategy and customer satisfaction goals. Further, for the earned restricted stock units to pay out above target, a 3-year total shareholder return must be met or exceeded. The other 50% of the equity grant is comprised of stock options which only have value if our stock price appreciates over time.

The total compensation of our named executive officers aligns well with our performance: Measured against our compensation comparison group in terms of growth, efficiency/returns and total shareholder return metrics, our total compensation generally aligns well with our performance, especially over the long term.

We require our executives to maintain ownership in the Company during their service: Our named executive officers, as well as other designated executives in the Company, must achieve certain minimum levels of ownership in our common stock to reinforce the behavior that they act like owners focused on long-term value creation.

We do not offer our executives special perquisites: Our executives do not receive special perquisites and generally participate in the broad-based benefits programs offered by the Company on the same basis as other full-time team members.

We do not provide employment agreements: None of the named executive officers has an employment agreement, and severance benefits (excluding change in control benefits) are provided through the same career transition plan available to other employees of the Company.

Table of Contents

Summary of Policies Contributing to Good Governance Practice

We eliminated the supplemental executive retirement benefit for new executive participants: Effective January 1, 2011, the C&BC eliminated this benefit for all future executive new hires.

We eliminated the excise tax payment and related gross-up in the Company's change in control agreement for new participants: Effective July 1, 2010, the C&BC eliminated the excise tax payment prospectively for any new change in control agreements entered into between the Company and newly appointed executive officers. As a result, three of the named executive officers do not have this provision in their change in control agreements.

Change in control agreements are governed by a double trigger: All of our change in control agreements with the named executive officers and other designated executive officers require a termination of employment in addition to a change in control of the Company before change in control cash severance benefits are triggered.

We have an insider trading policy that prohibits hedging: Directors, officers and other team members of the Company are expressly prohibited from purchasing or selling D&B securities on a short-term basis (less than three months), purchasing any listed or over-the-counter options on D&B common stock or engaging in equivalent derivative transactions, engaging in the short sale of D&B securities, or borrowing against D&B securities.

Our C&BC charter requires a periodic review of risk in our compensation programs: The C&BC conducted such a review in 2011 and concluded that the Company's compensation plans, programs and arrangements do *not* create risks that are reasonably likely to have a material adverse impact on the Company as a whole.

The executive compensation consultant to the C&BC is independent: The current advisor to the C&BC was hired by and reports directly to the C&BC and does not provide any other consulting services to the Company.

We manage our equity-based compensation program effectively: Our annualized run rate on equity grants is less than the median run rate of our compensation comparison group, we have a shareholder approved stock incentive plan that expressly prohibits stock option re-pricing and cash buyouts and we have never re-priced or exchanged options for shares, new options or cash.

Linking Pay and Performance

Over time, the structure and policies outlined above have resulted in compensation that is aligned with performance and shareholder returns. In the C&BC's view, the best analysis of pay for performance is one that:

First, includes compensation that was actually paid or realizable over the performance period and not compensation that is based on accounting assumptions or theoretical financial valuations; and

Second, includes a multi-year performance period in which a company can demonstrate its ability to create value over the long term.

The analysis below meets these important criteria. It includes the cumulative level of actual or realizable pay provided to our Chairman and CEO position over the 3-year period from 2008 through 2010 versus that provided to the Chief Executive Officers at our compensation comparison companies. Against actual pay at D&B and in the peer group referenced below under "External Benchmarking," the analysis reviewed a number of 3-year performance measures, including key financial metrics and

total shareholder return. Actual or realizable pay included salaries and bonuses paid, the spread value of stock options and the value of shares or stock units granted during the three years, the value of performance plan payouts and the reported value of pensions and other compensation reported in the companies' summary compensation tables. Performance was based on the annualized 3-year total shareholder return through December 31, 2010 as well as top- and bottom-line financial growth data through the 2010 fiscal year (the most recent 3-year period for which data were available). The analysis, provided in the chart below, shows general alignment between 3-year performance and the total pay realized by our Chairman and CEO position during that same time period.

D&B Percentile Ranking Relative to Peer Group

Note on "Analysis of Actual Performance to Realizable Pay:" Source of performance data is Standard & Poor's Compustat. Compustat data is "standardized data" not "as reported" so there may be a difference from what is reported in the Forms 10-K or 10-Q of the peer group companies. Compustat standardizes the data provided in the original filings to allow for accurate comparison across companies and industries. Total Cash includes actual base salary, actual cash bonus, and actual non-equity incentive plan compensation. Total Direct includes Total Cash plus the actual value of equity (*i.e.*, the spread value of stock options, the value of shares or stock units granted during the three years, and the value of performance plan payouts) and all other cash compensation as reported in the companies' summary compensation table. Total Compensation includes Total Direct plus the reported value of pensions.

In 2011, the variable pay opportunity of our named executive officers was based on measures designed to increase shareholder value, improve customer satisfaction and ensure continued execution of our business strategy. This past year we achieved:

Revenue growth of 5%;

Diluted EPS growth of 10%;

Operating income growth of 4%;

Customer satisfaction improvements of 2.3 points as measured by our *Voice of the Customer* survey; and

Progress toward the implementation of our strategy including: (1) strengthening our business model through targeted acquisitions and divestitures, (2) ensuring deployment of our data supply chain as part of our MaxCV investment, and (3) establishing our 2012 business trajectory (although we achieved the first component of our strategy goal, we did not fully meet our expectations on the second and third components).

Based on the assessment of results versus these goals, the C&BC awarded bonuses to our named executive officers equaling 81% of target (a more detailed discussion of our attainment of 2011 goals and how that relates to performance awards is included in the "Annual Cash Incentive Plan" section of this proxy statement). In addition, performance-based restricted stock units were awarded at 81% of target, reflecting the most recent performance of our Company. The actual realized value from the restricted stock unit awards, as well as from the stock option awards, will be linked to future stock price performance, and therefore, to our shareholders' interests.

Purpose

The purpose of this Compensation Discussion & Analysis is to provide material information about our executive compensation program, policies, and objectives and to share with investors how we arrived at the levels and form of compensation for our named executive officers. We will describe not only what we pay, but why and how we link executive compensation to our business results. In this section we will cover:

The objectives of our executive compensation program;

The components of our executive compensation program and why we provide these components;

What our executive compensation program is designed to reward, especially our variable pay program;

How we determine the level to pay for each component; and

How each component of our executive compensation program fits within our overall objectives and impacts decisions we make about other components.

Table of Contents

The Compensation Discussion & Analysis and the tables that follow cover the compensation paid to our named executive officers, which includes the following seven executives:

Sara Mathew, who served as Chairman of the Board and Chief Executive Officer (our principal executive officer) for the entire fiscal year;

Richard H. Veldran, who was appointed to and served as Senior Vice President and Chief Financial Officer (our principal financial officer) effective June 1, 2011 and prior to that served as Senior Vice President, Global Reengineering and Strategy, with additional responsibility for D&B North America Finance, Strategy and Corporate Development;

Anastasios G. Konidaris, who served as Senior Vice President and Chief Financial Officer (our principal financial officer) through May 31, 2011 before leaving the Company on July 31, 2011;

Our three highest compensated executive officers, other than our principal executive officer and principal financial officers:

Byron C. Vielehr, who was appointed to and served as President, North America effective June 1, 2011 and prior to that served as President, Global Risk and Analytics;

Joshua L. Peirez, who was appointed to and served as President, Global Product, Marketing and Innovation effective June 1, 2011 and prior to that served as President, Innovation and Chief Marketing Officer; and

Emanuele A. Conti, who was appointed to and served as President, International effective June 1, 2011 and has also served as Chief Administrative Officer since September 2010; and

One additional executive for whom disclosure would have been required but for the fact that he was no longer serving as an executive officer of the Company at the end of the last completed fiscal year:

George I. Stoeckert, who served as President, North America through May 31, 2011 before leaving the Company on July 31, 2011.

Objectives of our Executive Compensation Program

The objectives of our executive compensation program are as follows:

Ensure a strong relationship between pay and performance, including both rewards for results that meet or exceed performance targets and consequences for results that are below performance targets;

Align executive and shareholder interests through short-and long-term incentives that link the executive to shareholder value creation;

Provide a total compensation opportunity that is competitive with the market for senior executives, thereby enabling us to attract, retain and motivate the executive talent necessary to execute our strategy and achieve our growth targets;

Reinforce behaviors that are consistent with our strategy as measured by our three constituencies: our shareholders, our customers, and our team members; and

Allow for consistency in application from year-to-year and transparency to shareholders.

Table of Contents

Pay Positioning and Pay Mix. Although each named executive officer's annual base salary may be positioned above or below the market target, in the aggregate, annual base salaries for all of our executive officers as a group are targeted at the median of the compensation comparison group (described below). Variable pay including target annual cash incentive and long-term incentives are positioned more competitively relative to the market median to provide named executive officers with a total compensation opportunity that is between the median and 65th percentile of our compensation comparison group. This level of total compensation, however, is realized only when our performance goals are achieved or exceeded. We have outperformed our peers historically as evidenced by a number of financial performance measures, especially long-term measures. Therefore, we believe that this above-market target pay positioning is justified by demonstrated performance. Our benchmarking process is detailed more fully below under "External Benchmarking."

In addition to external pay positioning, we also reviewed pay mix when determining the amount of annual base salary, annual cash incentives and long-term incentives to provide each of our named executive officers. Our pay-for-performance principle requires that a significant portion of the total compensation mix be variable. In addition, we reinforce the importance of long-term results by placing an emphasis on equity in the total compensation mix. Individual variable and equity compensation varies based on the named executive officer's role, level of responsibility within the organization and market data for comparable jobs in the compensation comparison group. Our target for the current named executive officers as a group is a total compensation mix of 50% cash and 50% equity. The following table illustrates the significant emphasis placed on variable and equity compensation:

	Fixed/Variable Pay Mix		Cash/Equity Pay Mix	
	Fixed	Variable	Cash	Equity
Sara Mathew	15%	85%	35%	65%
Richard H. Veldran	37%	63%	64%	36%
Byron C. Vielehr	28%	72%	51%	49%
Emanuele A. Conti	36%	64%	62%	38%
Joshua L. Peirez	29%	71%	52%	48%
Anastasios G. Konidaris	28%	72%	53%	47%
George I. Stoeckert	27%	73%	51%	49%

Elements of our Executive Compensation Program

To meet the objectives of our executive compensation program, the 2011 compensation of our named executive officers consisted of the following components:

Total cash compensation, including a base salary and a target annual cash incentive opportunity;

Long-term equity incentives comprised of a grant of stock options and a performance-based restricted stock unit opportunity;

Required stock ownership guidelines;

Voluntary deferral of compensation under our non-qualified deferred compensation plan;

Supplemental retirement benefits;

Eligibility to receive severance benefits (which are also available to all employees); and

Eligibility to receive benefits payable upon a change in control of D&B.

Table of Contents

We do not offer any special perquisites to our named executive officers beyond those that are generally available to all employees. We believe that special perquisites are entitlement-driven rather than performance-based and, therefore, do not fit within the objectives of our executive compensation program. Instead, we seek to attract and retain executive talent that is motivated by a competitive total compensation package that rewards our executive officers for performance and the delivery of increased shareholder value.

In addition to the components listed above, our named executive officers are eligible to participate in certain benefit programs that are generally available to all of our U.S. employees including: our cash balance retirement account (which was frozen as of July 1, 2007 for all participants and closed to new entrants), our qualified defined contribution plan, our medical and dental benefits, our life, voluntary group accident, long-term disability, legal, and business travel accident insurance benefits, and our health care and dependent care spending accounts.

As part of its ongoing oversight, the C&BC has reviewed the full value of payments that may be made in the event of a named executive officer's termination (discussed below as potential post-employment compensation).

Base Salary. Salary provides a base level of compensation commensurate with the named executive officer's role in the organization, experience, skill, and job performance. With a significant portion of total compensation "at risk" or variable, base salary provides the named executive officer with a consistent level of compensation related to the daily performance of his or her leadership role and responsibilities.

The base salary provided to the named executive officers is reviewed by the C&BC annually. Any adjustment to salary is based on a number of factors and considerations including:

The market data for comparable executive positions in the compensation comparison group (described below);

The scope of responsibility and accountability within the organization;

Demonstrated leadership competencies and skills; and

Individual performance.

Target Annual Cash Incentive Opportunity. In addition to base salary, our named executive officers have the opportunity to earn an annual cash incentive that is tied to Company and individual performance as discussed below. We offer this cash opportunity to reinforce the outcomes and behaviors necessary to meet or exceed our annual commitment to our shareholders and customers.

Company performance is an important component of our annual cash incentive. We believe that consistent, year-over-year growth in revenue and earnings are key drivers of increased shareholder value over the long term. Therefore, our annual cash incentive rewards company performance as measured by the following:

Financial results growth in revenue, operating income, and earnings per share are the most important measures in our executive compensation program and carry the greatest weight because we believe that profitable revenue growth over time will create value for our shareholders.

Customer satisfaction each year progress is measured through improvements in the customer satisfaction index as determined by the Voice of the Customer survey. Our customer

Table of Contents

satisfaction index is based on several key dimensions that drive customer satisfaction, including information quality, product innovation and the customer experience. We link the results of this survey to our executive compensation program because improving our customers' experience and the value D&B provides is fundamentally related to our leadership behavior.

Strategic objective our strategy is designed to transform our customers' experience with D&B in three important ways: from customer information overload to connected information that yields new insights; from predefined to customer defined views of data and insight; and from technology infrastructure that makes innovation costly to flexible technology that enables rapid, cost-effective innovation. Successful execution of our strategic plan will enable us to drive an increased level of profitable revenue growth in 2012 and beyond. Focusing on this measure we believe will help us to meet our commitment to shareholders.

In addition to company performance, individual goals (which tie to our financial results, customer satisfaction and strategic objective) and leadership performance, carry an important weight in our annual cash incentive. The success of our Company is directly tied to strong leadership that drives results and creates shareholder value. We expect all employees, especially our named executive officers, to demonstrate behavior that is consistent with our principles-based leadership model.

At the end of the year, our Chairman and CEO evaluates the performance of each of her direct reports, including the named executive officers. Each named executive officer is assessed on:

Achievement of specific team and individual goals in support of our strategy and business objectives; and

Demonstration of leadership competencies that, among other important skills, intensify our focus on the customer and enable us to work collaboratively toward the achievement of a common set of company goals.

The results of this assessment can adjust positively or negatively each named executive officer's earned annual cash incentive award for company performance. Through this assessment process, judgment is applied relative to the individual's demonstrated success against his or her goals.

The C&BC also performs a similar assessment of our Chairman and CEO after the conclusion of the fiscal year.

Long-term Equity Incentives. While cash is tied to the achievement of short-term results, equity is directly linked to the creation of increased shareholder value over the long term. Approximately 55% of the target total compensation opportunity provided to our current named executive officers in 2011 was equity-based. This emphasis reflects our view that there should be a close alignment between executive officer rewards and shareholder value creation.

Under our long-term incentive program, 50% of the total value of each named executive officer's equity compensation is a performance-based restricted stock unit opportunity with the remaining 50% in stock options. Using both full value shares and stock options accomplishes these important objectives:

Performance-based restricted stock units reinforce our pay-for-performance objective in that the opportunity must be earned based on the achievement of specific goals;

Once awarded, restricted stock units remain tied to long-term value through stock price changes; and

Table of Contents

Stock options link the interests of our named executive officers with shareholders by rewarding stock price appreciation. Increased shareholder value over time is based on our success in executing our strategy and delivering significant, sustained growth year after year.

Stock Ownership Guidelines. Under the Company's stock ownership guidelines, our named executive officers and other members of senior management are expected to achieve over time a minimum specified level of ownership in our common stock. These guidelines were implemented to reinforce the objectives of our executive compensation program as follows:

Align senior executives' individual financial interests with those of shareholders; and

Encourage senior executives to act like owners focused on long-term value creation.

The levels of stock ownership are a multiple of the executive officer's salary. For our Chairman and CEO, the minimum level of stock ownership is six times salary. For other named executive officers, the minimum level of stock ownership is four times salary. These multiples, which are above the general market median, demonstrate our senior executives' commitment to D&B and their personal financial stake in the Company.

Shares counted toward satisfaction of the ownership guideline include all stock owned outright, restricted stock or restricted stock units, units in the D&B Common Stock Fund of our 401(k) Plan, and one-half of vested stock options. There is no timeframe for achieving the ownership guideline. However, all executives covered by our stock ownership guidelines are expected to retain 100% of the net shares resulting from equity compensation awards and shares otherwise acquired by them outright until the stock ownership guideline is achieved. Once the stock ownership guideline is met, covered executives must retain a sufficient number of shares to comply with the guidelines until termination of their service with the Company. Only shares in excess of the guideline may be traded within designated open window periods in accordance with the Company's inside information and securities trading policy.

Each year, the C&BC reviews each named executive officer's status and progress towards achieving the stock ownership guideline. The stock ownership of each named executive officer as of December 31, 2011 is noted below. Mr. Peirez's ownership level reflects his joining the Company in September 2010. Messrs. Konidaris and Stoekert are no longer executives of the Company as of December 31, 2011.

Non-qualified Deferred Compensation. Our Key Employees' Non-qualified Deferred Compensation Plan is designed to provide our named executive officers and eligible key employees with an opportunity to defer receipt of current income into the future and/or to accumulate capital on a tax-deferred basis for a planned future event. This voluntary plan can also provide the named executive

officer with an effective tax planning vehicle and allow the officer to defer additional income for retirement. We offer this plan to provide a competitive and comprehensive total compensation package that is designed to attract and retain key executives. Under this plan, participants may defer the payment of both salary and annual cash incentives. A further description of the plan is set forth below under the "Non-qualified Deferred Compensation Table." In 2011, Ms. Mathew and Mr. Conti were the only named executive officers who elected to participate in the plan.

Non-qualified Retirement Benefits. All named executive officers participate in our non-qualified executive retirement plan, or ERP. The plan was designed to provide retirement income and disability benefits necessary to attract and retain the executives of the Company, including, in particular, those executives who join the Company in the middle of their career.

Additional details on the non-qualified retirement plans can be found in the section following the Pension Benefits Table.

Change in Control Benefits. Our change in control benefits enable our named executive officers to make decisions in the best interest of our shareholders without concern over their employment relationship. In the event of a change in control, unvested options become immediately vested and exercisable, and restrictions on restricted stock and restricted stock units immediately lapse. Cash benefits (such as base salary or annual incentive) do not become payable unless the executive's employment is terminated, as defined in our change in control agreement, within the twenty-four month period following a change in control event (including certain pre-change in control terminations that are directly related to a change in control).

We have change in control agreements with each of our named executive officers to provide additional benefits if the officer is terminated in connection with a change in control of D&B. Some of our current change in control agreements also provide a gross-up for any payments that are subject to excise taxes under Section 280G of the Internal Revenue Code. However, in 2010 this provision was removed for prospective executive officers of the Company. Therefore, while the agreements with Ms. Mathew and Mr. Vielehr have this provision, those with Messrs. Conti, Peirez and Veldran do not have this provision. A detailed description of the change in control agreements is set forth under the "Change in Control" section of this proxy statement.

We believe that the additional benefits provided by our change in control agreements are an important component of our named executive officers' total compensation packages and help protect shareholder interests in the event of a change in control. These benefits enable our officers to make decisions in the interest of our shareholders without concern over the impact on them personally. In addition, the agreements provide an incentive for the named executive officers to continue their employment with D&B during the change in control event, because cash benefits are only paid if the named executive officer is terminated without cause (or resigns for good reason) following the change in control. The named executive officer will not receive any benefits provided for in the change in control agreements if he or she voluntarily leaves D&B without good reason or terminates prior to a change in control.

Severance Benefits. We also provide our named executive officers with severance benefits if their employment is terminated as a result of a reduction in force, job elimination, unsatisfactory job performance (not constituting cause) or a mutually agreed-upon resignation, in each case not related to a change in control of D&B. Severance benefits are provided through our Career Transition Plan, in which all named executive officers participate. These same severance benefits are generally available to all employees of the Company. We believe that severance benefits are an important component of our named executive officers' total compensation package. They enable our program to remain competitive with the market for executive talent.

Detailed descriptions of our severance plans are set forth under the "Overview of Change in Control, Severance and Other Arrangements" section of this proxy statement.

External Benchmarking

Market data provides a reference and framework for decisions about the base salary, target annual cash incentives, and the appropriate level of long-term incentives to be provided to each named executive officer. However, due to year-over-year variability and the inexact science of matching and pricing executive jobs, we believe market data should be interpreted within the context of other important factors and should not be used as the sole criteria in determining a specific pay level. Therefore, in setting the target pay for named executive officers, market data was reviewed along with other factors, including: the scope of responsibility and accountability within the organization, prior experience, competencies, skills, and individual performance.

Market data also helps ensure our other executive compensation program components are competitive with market practice and trends. Therefore, we periodically review our stock ownership guidelines, deferred compensation plan, and supplemental retirement, severance, and change in control benefits against both our compensation comparison group as well as general industry.

Compensation Comparison Group. Our compensation comparison group includes 23 companies in financial services, business information and technology services. In consultation with Meridian Compensation Partners, our independent third party compensation consultant, the C&BC used these companies for the compensation comparison group because they:

are broadly within the size range of D&B;

have executive positions comparable to those of D&B requiring a similar set of management skills and experience; and/or

are representative of organizations that compete with us for business or executive talent.

Our current and prior Chairmen and Chief Executive Officers were recruited from companies like those in our peer group referenced below and we continue to attract executive officer talent from comparable roles at companies whose size range and businesses are represented by our compensation comparison group. Although companies in our compensation comparison group may be larger than D&B from a revenue perspective, D&B ranks between the median and 65th percentile of the peer group in terms of market capitalization. Therefore, our Chairman and Chief Executive Officer is accountable for the leadership and growth of an enterprise whose market capitalization is very comparable to that of the chief executive officers in the compensation comparison group. For that reason, as well as for the qualitative criteria cited above, the C&BC views the compensation comparison group as an appropriate group for benchmarking purposes.

In addition to the above, companies were included in the compensation comparison group only if executive pay data were available either through Aon Hewitt Associate's Total Compensation Management proprietary compensation database or through publicly available proxy information.

Table of Contents

For 2011, our compensation comparison group included the following companies:

2011 Compensation Comparison Group

Acxiom Corporation	IMS Health, Inc.
Alliance Data Systems Corporation	The McGraw-Hill Companies, Inc.
Broadridge Financial Solutions, Inc. CA, Inc.	Moneygram International, Inc.
Ceridian Corporation	Moody's Corporation
Convergys Corporation	NCR Corporation
DST Systems, Inc.	Paychex, Inc.
Equifax, Inc.	The Nielsen Company, B.V.
Fair Isaac Corporation	Northern Trust Corporation
Fiserv, Inc.	Total System Services, Inc.
Global Payments, Inc.	Unisys Corporation
IHS, Inc.	Verisk Analytics, Inc.

Relative to last year, one company was deleted from the compensation comparison group for 2011 and four companies were added (in bold in the list above). Ameriprise Financial Incorporated was deleted since its revenue exceeds \$8 billion, which is the upper limit for inclusion in our compensation comparison group as established by the C&BC. Four companies were added to ensure that an appropriate number of companies would be in the group on an ongoing basis for data comparison purposes. The four additions were companies whose revenue size was comparable to D&B's, *i.e.*, in the range of \$1.1 billion to \$2.1 billion, and who provide business-to-business, information or financial services to companies in domestic and international markets: IHS, Inc., Moneygram International, Inc., Paychex, Inc. and Verisk Analytics, Inc.

Each year our pay positioning and performance versus our compensation comparison group is reviewed by the C&BC. As noted in the "Corporate Governance" section of this proxy statement, the C&BC retained the services of Meridian to perform this review.

Consistent with prior years, in 2011 the C&BC analyzed:

Base salary;

Target and actual annual cash incentives;

Target and actual annual total cash (*i.e.*, base salary plus target and actual annual cash incentive);

Long-term incentives (grant date value);

Target and actual total direct compensation (*i.e.*, target and actual annual total cash plus long-term incentives);

Retirement benefits; and

Target total compensation (target total direct compensation plus retirement benefits).

The analyses covered both unadjusted and regression size-adjusted data (adjusted for revenue size and market capitalization) to provide a comprehensive perspective of market pay. We focus on unadjusted data because we recruit new executive talent to grow our business from financial services, business information and technology services companies regardless of size. In addition, we strongly

Table of Contents

believe that there should be a link between a company's performance and its pay levels. Therefore, the analyses included the relationship between executive officer compensation and company performance over several years. As described earlier in the Executive Summary, this review focused on measures of growth and shareholder value creation.

2011 Base Salaries

As noted above, the base salaries provided to our named executive officers are reviewed by the C&BC annually and any adjustment to base salary is based on a number of factors and considerations. Based on the C&BC's review, three out of the seven named executive officers received a base salary increase in 2011 as noted below:

Name	Rationale	Market Position	Base Salary		Increase %	Effective
			From	To		
Sara Mathew	The C&BC increased Ms. Mathew's base salary as part of an overall multi-year objective to change her total compensation toward the market value of her role in line with her performance and leadership of the Company.	Below median pay positioning	\$ 750,000	\$ 800,000	6.7%	1/1/2011
Richard H. Veldran	Mr. Veldran's base salary was increased on 1/1/2011 in recognition of his performance in his position as Senior Vice President Global Reengineering and Chief Strategy Officer. After a transitional period, the C&BC increased Mr. Veldran's cash compensation effective the date of his assumption of the Chief Financial Officer position, which was 6/1/2011.	Below median pay positioning	\$ 325,000	\$ 335,000	3.1%	1/1/2011
			\$ 335,000	\$ 380,000	13.4%	6/1/2011
Emanuele A. Conti	In consideration of his promotion to Chief Administrative Officer in addition to his role at the time of President, Europe, Latin America and Partnerships, the C&BC increased Mr. Conti's base salary as part of an overall change in total compensation toward the median market value of his new role.	Below median pay positioning	\$ 330,000	\$ 400,000	21.2%	1/1/2011

Annual Cash Incentive Plan

Through the annual cash incentive plan, about half of 2011 target total cash compensation was "at risk" since payment was based on performance against predetermined annual measures. Our named executive officers were designated by the C&BC as participants in our Covered Employee Incentive Plan, or CEIP, which is a shareholder approved plan.

Table of Contents

Maximum Incentive Opportunity. On February 22, 2011, the C&BC established a maximum annual cash incentive opportunity of eight-tenths of one percent of our 2011 earnings before taxes for our Chairman and CEO and five-tenths of one percent of our 2011 earnings before taxes for each of our other named executive officers. Consistent with prior years, the C&BC selected earnings before taxes as the appropriate measure in setting the maximum incentive opportunity since it considers profitable revenue growth over time as a key driver in creating value for our shareholders. The percentages selected for our Chairman and CEO and for the balance of the named executive officers were deemed, based on historical results, to generate reasonable levels of maximum incentive opportunity given the nature and scope of our executive positions. Actual annual cash incentive payouts to our Chairman and CEO and our other named executive officers were less than these maximums as described below. In 2011, our earnings before taxes were \$368.1 million. Therefore, the maximum annual cash incentive opportunity for our Chairman and CEO was \$2,944,800 and for our other named executive officers the maximum was \$1,840,500 per participant. The amounts determined by this formula represent the maximum value of the cash incentive that could have been paid to each of our named executive officers in 2011.

We established the maximum incentive opportunity in an effort to comply with the performance-based exemption available under Section 162(m) of the Internal Revenue Code and to enhance the likelihood that any cash amounts paid to our named executive officers under the CEIP will be fully deductible. We believe that the measure of earnings before taxes links directly to our objective of rewarding for financial goals that will drive shareholder value creation.

Actual Incentive Payout Targets. In determining whether to award the maximum annual cash incentive generated by the pre-tax earnings formula, the C&BC also considered performance against four measures weighted as follows:

40% Company-wide core revenue growth;

20% Growth in earnings per share before non-core gains and charges and operating income before non-core gains and charges;

20% Customer satisfaction (an index measured by our Voice of the Customer Survey); and

20% Strategy goal (comprising specific strategic measures related to the execution of our data strategy, strengthening our business model and establishment of our top- and bottom-line trajectories to achieve future growth and margin goals).

The above 60% weight allocated to growth in revenue, earnings per share, and operating income results is linked to our objective to provide profitable revenue growth year-over-year. Our customer satisfaction and strategy goals, assigned a total weight of 40%, are tied to our long-term objective of increasing the level of sustained revenue growth in 2012 and beyond. In our view, the allocation of these goals and weights appropriately balances our commitment to achieve strong financial results annually with our commitment to deliver on our long-term strategic objectives.

The range of incentive payout for each performance goal was 0% to 200% resulting in a potential annual cash incentive payment between 0% and 200% of the target incentive for each named executive officer. The performance measures for 2011 as well as the principles for assessing results were approved by the C&BC on February 22, 2011.

Individual Performance Adjustments. Actual cash incentive payments made to each named executive officer (other than our Chairman and CEO) were subject to a discretionary adjustment based on the results of the individual performance assessments conducted by our Chairman and CEO. Based on this assessment, judgment is applied relative to the individual's performance and demonstrated leadership. The C&BC approves all discretionary adjustments upon the recommendation of our Chairman and

Table of Contents

CEO. The C&BC also performs a similar assessment of our Chairman and CEO and approves any adjustments based on that assessment. Such adjustments may positively or negatively impact the final award to the named executive officer for company performance. In no instance, however, will such adjustments exceed the maximum annual cash incentive opportunity generated by the pre-tax earnings formula described above. The C&BC may also approve adjustments to performance goals to include or exclude the impact of non-core gains and charges or extraordinary items.

Attainment of 2011 Performance Measures. In 2011, results against the four measures that the C&BC used to evaluate the level of the named executive officers' 2011 annual incentive payout for company performance were as follows:

Company Goal	Weight	Incentive Target	Result	Assessment
Company Core Revenue Growth (1)	40%	5% to 8%	5%	Overall core revenue growth was 5%, in line with our guidance and at the lower end of our target bonus range. North America core revenue growth was 1%, which is consistent with our low single digit expectations. North America's 2% growth in the second half offset mostly flat performance in the first half. This second half growth was driven by our S&MS and Hoover's businesses, which were both moved to our new technology platform. When coupled with the opportunities in the market for our Data-as-a-Service (or "DaaS") products, North America is better positioned for stronger performance in 2012. International grew 18% (2% organically, due to the acquisition of D&B Australia). This is consistent with our expectations of mid to high teens overall growth and low to mid single digit organic growth. Weakness in Japan throughout 2011 was offset by continued growth in our emerging markets. Our performance in China was very strong and we expect recent portfolio changes in Asia Pacific will strengthen that business even further. Based on these considerations, the C&BC assessed this result as below target or 75%.
Diluted EPS Growth (Before Non-core Gains or Charges) / Total Operating Income (Before Restructuring and One-time Technology Investment) (2)	20%	<u>EPS</u> 6% to 10% <u>Op Inc</u> 2% to 6%	<u>EPS</u> 10% <u>Op Inc</u> 4%	EPS growth for the year was at the upper end of the incentive target range. EPS growth was driven by operating income results, lower year-over-year interest expense and tax rate and the benefit of our discretionary share repurchase plan. Operating income was in the middle of the incentive target range reflecting our continued focus on tight expense controls and financial flexibility, which enabled us to step-up investment levels in the fourth quarter of 2011. We returned approximately \$200 million of cash to shareholders in 2011, through dividends and share buybacks. For the full-year, we paid dividends totaling \$70 million and repurchased \$126 million of stock under our discretionary share repurchase program, which was about \$50 million more than our original plans going into the year. Based on these considerations, the C&BC assessed this result as slightly above target or 110%.

Table of Contents

Company Goal	Weight	Incentive Target	Result	Assessment
Customer Satisfaction Index (CSI)	20%	Target range up to +3 improvement	2.3 points of improvement	<p>CSI improvement of 2.3 points was just below the upper end of the incentive target range. Our results were driven by improvement in 80% of the surveyed questions. 19 of our 21 channels and regions saw an increase in score over the prior year a clear indication that our customers continue to see D&B becoming more customer-focused. In addition, customer response to the survey increased by one-third and represented our highest ever response rate to the survey.</p> <p>Based on these considerations, the C&BC assessed this result as below target or 80%.</p>
Strategy	20%	Achievement of qualitative criteria related to establishing our 2012 trajectory, executing our data strategy and strengthening our business model	Results below qualitative criteria	<p><u>Establish 2012 Trajectory</u>: Results were below qualitative criteria. Our 2012 revenue guidance is about one point behind expectations. We expect mid to high single digit growth in North America, in particular, is sustainable, after we complete our MaxCV project. Expected margins of approximately 30% for 2012 are 100 basis points above 2009 and are on target with our expectations. Looking ahead to 2012, our expected performance is an improvement over 2011, with higher organic revenue growth, operating income and free cash flow, despite the higher investment behind MaxCV. This is a testament to the operating leverage of our business model, and provides a view into the potential for further acceleration in shareholder value as our top line improves.</p> <p><u>Execute Data Strategy</u>: Results were below qualitative criteria. We met or exceeded all of the key milestones on two of the three key components of our MaxCV plan, <i>i.e.</i>, rationalizing our product portfolio and building a web service layer to enable faster and lower cost new product innovation. We did not meet all of the key milestones related to the third key component: building a new data supply chain to provide near real time data access for our customers. Under a revised project rollout plan, we now expect to have a fully functioning data supply chain (up and running) in one key market by the end of 2012 and at a total project cost of about \$160 million. This is approximately \$30 million above our previous expectations. Once the supply chain is functional in one market, the subsequent cut-over of all products across geographies to the new data supply chain is expected to occur over the course of 2013.</p>

Table of Contents

Company Goal	Weight	Incentive Target	Result	Assessment
				<p><u>Strengthen Business Model</u>: Results met qualitative criteria. In concert with our MaxCV initiative, we have sunset several legacy products in order to rationalize our portfolio. In addition, we divested two product lines, Purisma and a small supply management consulting business, both of which had little synergy with the rest of D&B. In International, we took several steps to streamline our Asia Pacific operations and drive improved profitability. We made two strategic moves to strengthen our S&MS business in China: 1) we acquired MicroMarketing, a provider of both traditional database and online interactive marketing solutions in China, which enables us to grow our Chinese database by 2.5 million records and scale our operations in this market; and 2) we sold our market research business in China, which was low margin and not scalable. Finally, we made the decision to partner our Japanese business, similar to our arrangements in Europe. We reached an agreement to sell our share of the high cost domestic business in Japan to our partner, TSR, while we retain the high margin cross border segment. For 2012, despite the lost revenue, we expect the operating income contribution from Japan will be higher.</p> <p>Based on these considerations, the C&BC assessed this overall result as below target or 65%.</p>

- (1) For 2011, our core revenue before the effect of foreign exchange grew 5%. We used this measure in our annual cash incentive plan. Total revenue for 2011, in accordance with U.S. Generally Accepted Accounting Principles, or GAAP, increased 3%, and core revenue was up 5%, both on a GAAP basis and before the effect of foreign exchange. See Schedule I to this proxy statement for a quantitative reconciliation of total and core revenue in accordance with GAAP and the total and core revenue before the effects of foreign exchange. See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations: How We Manage Our Business" in our Form 10-K for the year ended December 31, 2011 for a discussion of why we use core revenue growth before the effects of foreign exchange and why management believes this measure provides useful information to investors.
- (2) For 2011, our diluted EPS attributable to D&B Common Shareholders grew 10% and our operating income increased 4%, both before non-core gains and (charges). We used this measure in our annual cash incentive plan. On a GAAP basis for 2011, we reported an increase in diluted EPS attributable to D&B Common Shareholders of 6% and an increase in operating income of 4%. See Schedules II and III to this proxy statement for a quantitative reconciliation of reported diluted EPS attributable to D&B Common Shareholders growth and operating income in accordance with GAAP to diluted EPS attributable to D&B Common Shareholders growth and operating income before non-core gains and charges for the 2011 and 2010 fiscal years. See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations: How We Manage Our Business" in our Form 10-K for the year ended December 31, 2011 for a discussion of why we use Diluted EPS and operating income before non-core gains and (charges) and why management believes this measure provides useful information to investors.

During the year, management met with the C&BC quarterly at four separate meetings and finally in February 2012 to discuss its quantitative and qualitative assessment of company performance and the appropriate level of aggregate reward for that performance.

Based on the overall quantitative and qualitative assessment of company performance as noted in the table above, the C&BC determined the final payout for 2011 company performance to be 81% of the target annual cash incentive opportunity. As noted earlier, under our annual cash incentive plan, the payout for company performance is combined with any positive or negative discretionary adjustments for individual performance and leadership to determine the final 2011 annual cash incentive payments to the named executive officers. The final 2011 awards approved by the C&BC did not include any adjustments for individual performance. The table below summarizes the final payouts to our named executive officers.

Table of Contents**2011 Annual Cash Incentive**

Executive Officer	Award for Company Performance			Final Award (as reported in "Summary Compensation Table" in "Non-equity Incentive Plan Compensation" column)
	Target	% of Target	Amount	
Sara Mathew	\$ 1,040,000	81%	\$ 842,400	\$ 842,400
Richard H. Veldran	\$ 263,790	81%	\$ 213,670	\$ 213,670
Byron C. Vielehr	\$ 361,250	81%	\$ 292,613	\$ 292,613
Emanuele A. Conti	\$ 300,000	81%	\$ 243,000	\$ 243,000
Joshua L. Peirez	\$ 360,000	81%	\$ 291,600	\$ 291,600
Anastasios G. Konidaris (1)	\$ 221,850	81%	\$ 179,699	\$ 179,699
George I. Stoeckert (1)	\$ 261,000	81%	\$ 211,410	\$ 211,410

(1)

The target incentive for both Messrs. Konidaris and Stoeckert reflect a pro rata annual bonus opportunity for their service from January 1 to July 31, 2011 at which time both named executive officers left the Company.

Long-term Equity Incentives

For 2011, long-term equity incentive compensation represented the largest component of the total compensation awarded to our named executive officers. The equity compensation was comprised of a grant of stock options (50% of the total long-term incentive value) and a target performance-based restricted stock unit opportunity (the remaining 50% of the total long-term incentive value).

In determining the amounts of the equity compensation awarded, the C&BC considered a variety of factors including: individual performance, competencies, skills, prior experiences, scope of responsibility and accountability within the organization, and our above median market pay positioning for variable pay versus comparable executive data in the compensation comparison group.

2011 Stock Option Grant. As shown in the Grants of Plan Based Awards Table below, we granted stock options to each of the named executive officers on March 1, 2011. The stock option grants represent 50% of the total economic value of the 2011 equity-based compensation. These grants were approved by the C&BC at its meeting on February 22, 2011. The total economic value of the 2011 stock option grants made to the named executive officers was the same as or less than 2010 with the exception of Ms. Mathew, who received an increase of \$250,000 in the value of stock option grants in recognition of her continued leadership and development in the role of Chairman and CEO, and Mr. Conti, who received an increase of \$125,000 in the value of stock option grants in recognition of his promotion to Chief Administrative Officer.

The timing of the March 1, 2011 stock option grants was on average twenty-two days later than the timing of previous years' annual grants. However, it was in keeping with our general practice of (1) having annual grants of stock options to all employees reviewed and approved by the C&BC at the start of the year (at the January or February meeting); and (2) setting the grant date associated with those options after our fourth quarter and year-end earnings release. Therefore, information about our most recent performance has been made public and that news is reflected in the stock price used to determine the exercise price of the stock options. In past years, the C&BC met as early as January to approve annual grants of stock options and set a grant date of five business days after our year-end earnings release, typically early February. In 2011, the C&BC met in February to approve all annual stock option grants and set a grant date of March 1, which was after our year-end earnings release and coincident with the grant date of our performance-based restricted stock units. Under this new approach, our Chairman and CEO was able to have a single conversation with each of the named executive officers about all annual equity grants made to such individual, including:

A stock option grant made as part of the current year's (2011) total compensation opportunity;

A performance-based restricted stock unit opportunity award to be paid in 2012 based on 2011 performance (see the "2011 Performance-based Restricted Stock Unit Opportunity" section of this proxy statement); and

A restricted stock unit grant made in 2011 for the prior year's (2010) performance (see the "2011 Restricted Stock Unit Grant" section of this proxy statement).

Table of Contents

This new approach to compensation planning is preferable to our practice in past years that split the conversation into two separate discussions. It is the Company's intention to follow this same timing in the future.

The exercise price of the 2011 stock option grant is \$80.45, which was the mean of high and low trading prices for D&B stock on the date of grant. All stock options vest in four equal installments commencing on the first anniversary of the grant and have a ten-year term. We believe that this vesting schedule and option term, in conjunction with our stock ownership guidelines, encourages long-term behavior and allows the executive to build ownership in D&B over time.

2011 Performance-based Restricted Stock Unit Opportunity. At its meeting on February 22, 2011, the C&BC set a target dollar value for each named executive officer's restricted stock unit opportunity as set forth in the "Grants of Plan-based Awards Table." This dollar value represents the target dollar value of restricted stock units that our named executive officers could be awarded in 2012 based on attainment of the same company performance goals set forth under the annual cash incentive plan for 2011, including the Section 162(m) maximum generated by the pre-tax earnings formula as separately applied to the restricted stock unit opportunity. The maximum dollar award that our named executive officers may be awarded relative to their 2011 performance-based restricted stock unit opportunity was additionally capped by D&B's 3-year (2009-2011) total shareholder return, or TSR, performance versus that of the compensation comparison group and the S&P 500 (which we refer to as our external group) as follows:

D&B's 3-year (2009-2011) Total Shareholder Return (TSR) versus External Group	Maximum Award or Cap as % of Dollar Target
Less than 60th Percentile	100%
60th Percentile or Greater	Up to 200%

Based on attainment of the goals in the annual cash incentive plan and D&B's 3-year (2009-2011) TSR performance, our named executive officers received awards of restricted stock units on March 1, 2012 as approved by the C&BC on February 22, 2012. The number of restricted stock units granted is determined by dividing the dollar value earned by the average fair market value (*i.e.*, mean of high and low trading prices) of our common stock in a 30-day period prior to the C&BC meeting and approval date. Following the grant date, the restricted stock units are subject to time-based vesting as follows: 20% on the first anniversary of the grant, 30% on the second anniversary of the grant and 50% on the third anniversary of the grant.

The performance-based restricted stock unit award earned for 2011 was granted after the conclusion of the fiscal year and will be reported in the "Outstanding Equity Awards at Fiscal Year-end Table" in our 2013 proxy statement. The target opportunity value is reflected in the "Summary Compensation Table." For each of the named executive officers, the awards of restricted stock units were as noted below:

Executive Officer	2011 Target Opportunity	Award as % of Target Opportunity	2012 Earned Award	Number of Restricted Stock Units Granted
Sara Mathew	\$ 1,725,000	81%	\$1,397,250	17,477
Richard H. Veldran	\$ 175,000	81%	\$ 141,750	1,773
Byron C. Vielehr	\$ 375,000	81%	\$ 303,750	3,799
Emanuele A. Conti	\$ 212,500	81%	\$ 172,125	2,152
Joshua L. Peirez	\$ 375,000	81%	\$ 303,750	3,799
Anastasios G. Konidaris (1)	\$ 375,000	Not Applicable	Not Applicable	Not Applicable
George I. Stoeckert (1)	\$ 450,000	Not Applicable	Not Applicable	Not Applicable

(1)

Messrs. Konidaris and Stoeckert were not eligible for a grant given they terminated their employment with the Company on July 31, 2011 of the performance year.

2011 Restricted Stock Unit Grant. On February 22, 2011, the C&BC approved grants of restricted stock units based on each named executive officer's 2010 performance-based restricted stock unit opportunity. For 2010, the performance-based restricted stock unit grant for each of the named executive officers was as follows:

Executive Officer	2010 Target Opportunity	Award as % of Target Opportunity	2011 Earned Award	Number of Restricted Stock Units Granted
Sara Mathew	\$ 1,600,000	95%	\$ 1,520,000	18,023
Richard H. Veldran	\$ 175,000	95%	\$ 166,250	1,971
Byron C. Vielehr	\$ 375,000	95%	\$ 356,250	4,224
Emanuele A. Conti	\$ 150,000	95%	\$ 142,500	1,689
Joshua L. Peirez	\$ 375,000	95%	\$ 356,250	4,224
Anastasios G. Konidaris	\$ 450,000	95%	\$ 427,500	5,069
George I. Stoeckert	\$ 450,000	90%	\$ 406,125	4,815

These awards were contingent on our 2010 performance against the same measures and performance goals that were used by the C&BC in determining payout under the 2010 annual cash incentive plan as described in our 2011 proxy statement. Since 2010 performance fell below the incentive targets set for that year, awards as a percentage of opportunity were 95% or less as discussed in more detail in our 2011 proxy statement.

These restricted stock units are subject to the same vesting schedule as the restricted stock unit grants described above: 20% on the first anniversary of the grant, 30% on the second anniversary of the grant and 50% on the third anniversary of the grant. These grants are reflected in the "Outstanding Equity Awards at Fiscal Year-end Table."

Employment Agreements

None of the named executive officers, including our CEO, have an employment agreement with the Company.

Tax Deductibility

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1 million paid to certain officers unless certain specific and detailed criteria are satisfied. The C&BC believes that it is generally desirable and in the best interests of D&B to deduct compensation payable to our named executive officers. The C&BC considers the anticipated tax treatment to D&B and our named executive officers in its review and establishment of compensation programs and payments. The annual cash incentive program described above is intended to comply with the performance-based exemption available under Section 162(m) in order to enhance the likelihood that these amounts will be fully deductible. Compensation resulting from the exercise of stock options is also deductible, without regard to Section 162(m). However, notwithstanding the C&BC's efforts, no assurance can be given that compensation will be fully deductible under Section 162(m). In certain instances the C&BC has determined that it will not necessarily seek to limit compensation to pay that is only deductible under Section 162(m).

Section 409A of the Internal Revenue Code

Section 409A of the Internal Revenue Code places a number of restrictions on non-qualified deferred compensation plans such as our Key Employees' Non-qualified Deferred Compensation Plan, Executive Retirement Plan, severance plan and change in control agreements. The key restrictions include a six-month delay in the receipt of certain non-qualified payments upon termination and limiting an executive's ability to make changes in the timing and payment options. As a result, certain benefits discussed in this proxy statement may be subject to a six-month delay.

- (1) The annual grant process for stock options and restricted stock units is discussed above in our "Compensation Discussion & Analysis," or CD&A.
- (2) The amounts shown represent the range of non-equity incentive opportunities for each named executive officer under our CEIP. A detailed description of these non-equity plan-based awards is set forth above in our CD&A.
- (3) For 2011, each named executive officer had the opportunity to be awarded a grant of restricted stock units after the conclusion of the fiscal year as described above in our CD&A including the discretionary adjustment component for individual performance. The 2011 performance-based restricted stock unit opportunity was a target opportunity expressed in dollars, not a number of units, as noted in the table above. Awards were determined by the C&BC at its meeting on February 22, 2012; the dollar value and number of units actually granted for each named executive officer's award is noted in our CD&A above. The target opportunity is included in the "Stock Awards" column of the "Summary Compensation Table."
- (4) Restricted stock units granted in 2011 in connection with the 2010 performance period, as discussed in the CD&A, were reflected as the target opportunity value in the Summary Compensation Table for 2010 and are included in the Outstanding Equity Table. There were no other stock awards granted.

Edgar Filing: DUN & BRADSTREET CORP/NW - Form PRE 14A

The 2011 restricted stock unit awards vest as follows: 20% on the first anniversary of the date of grant, an additional 30% on the second anniversary of the date of grant and the remaining 50% on the third anniversary of the date of grant.

If the named executive officer's employment with D&B terminates for any reason prior to the first anniversary of the grant date or for any reason (excluding death, disability or retirement) after the first anniversary of the grant date, the named executive officer forfeits all rights to and interests in the unvested restricted stock units. If a named executive officer is terminated due to retirement, death or disability on or after the first anniversary of the grant date, any unvested restricted stock units become fully vested as of the termination date. The grants for Messrs. Konidaris and Stoeckert were forfeited upon their termination of employment on July 31, 2011.

(5)

On February 22, 2011, the C&BC approved stock option grants to each of our named executive officers under our 2009 SIP. All stock options are non-qualified, become exercisable in four equal installments commencing on the first anniversary of the date of grant, and have an

Table of Contents

expiration date of ten years from the date of grant.

If a named executive officer's employment with D&B terminates for any reason other than death, disability or retirement, any exercisable option may only be exercised during the 90-day period following the date of termination under our 2009 SIP. If a named executive officer's employment is terminated for death or disability after the first anniversary of the date of grant, the option will immediately vest in full and may thereafter be exercised during the lesser of five years following the date of termination or the original expiration date. If a named executive officer retires after the first anniversary of the date of grant, unvested stock options will continue to vest and unexercised vested options may be exercised during the shorter of the remaining term of the options or five years after the date of termination. The grants for Messrs. Konidaris and Stoeckert were forfeited upon their termination of employment on July 31, 2011.

- (6) Amounts shown represent the grant date fair value, as calculated in accordance with GAAP, without regard to our forfeiture assumptions. For more information on how we value stock-based awards (including assumptions made in such valuation), refer to "Note 11. Employee Stock Plans" in the "Notes to Consolidated Financial Statements" in our Form 10-K for the fiscal year ending December 31, 2011. These assumptions may or may not be fulfilled. The amounts shown cannot be considered predictions of future value. In addition, the options will gain value only to the extent the stock price exceeds the option exercise price during the life of the option.
- (7) In accordance with our 2009 SIP, all stock options have an exercise price equal to the mean of the high and low trading prices of D&B common stock on the date of grant.
- (8) The incentive target for Mr. Veldran reflects a pro rata target for the year. As approved by the C&BC on December 15, 2010, Mr. Veldran's incentive target as of January 1, 2011 was \$234,500. After a transitional period, the C&BC on February 22, 2012 approved an increase in Mr. Veldran's incentive target to \$285,000 effective June 1, 2011 which was the date of his promotion to Chief Financial Officer.
- (9) The non-equity incentive targets for Messrs. Konidaris and Stoeckert represent the January 1, 2011 July 31, 2011 portion of the full year target approved by the C&BC. The equity incentive plan awards were forfeited upon their July 31, 2011 termination of employment from the Company.

Pursuant to the terms of our 2000 and 2009 Stock Incentive Plans, upon their termination of employment on July 31, 2011, Messrs. Konidaris and Stoeckert forfeited all rights to and interests in their unvested restricted stock, restricted stock units and stock options. Any vested stock options remained exercisable during the 30-day period following the date of termination for awards under the 2000 SIP (granted before May 5, 2009) or 90-day period following the date of termination for awards under our 2009 SIP (granted on or after May 5, 2009).

- (1) Stock options granted to the named executive officers prior to February 9, 2004 become exercisable in three equal annual installments commencing on the third anniversary of the date of grant. Stock options granted to the named executive officers on or after February 9, 2004 become exercisable in four equal annual installments commencing on the first anniversary of the date of grant. If employment terminates for any reason other than death, disability or retirement, any exercisable option may only be exercised during the 30-day period following the date of termination under the 2000 SIP (awards granted before May 5, 2009) or 90-day period under our 2009 SIP (awards granted on or after May 5, 2009). If employment is terminated for death or disability after the first anniversary of the date of grant, the option will immediately vest in full and may thereafter be exercised during the lesser of five years following the date of termination or the original expiration date. If a named executive officer retires after the first anniversary of the date of grant, unvested stock options will continue to vest and unexercised vested options may be exercised during the lesser of the remaining term of the options or five years after the date of termination.
- (2) Grants of restricted stock and restricted stock units vest 20% on the first anniversary of the grant date, 30% on the second anniversary of the grant date, and the remaining 50% on the third anniversary of the grant date. The only exceptions are the August 4, 2010 grant for Byron Vielehr and the December 15, 2010 grant for Emanuele Conti, which will vest 50% on the third anniversary of the date of grant, 25% on the fourth anniversary of the date of grant and 25% on the fifth anniversary of the date of grant. If the named executive officer's employment with D&B terminates for any reason prior to the first anniversary of the grant date or for any reason (excluding death, disability or retirement) on or after the first anniversary of the grant date, the named executive officer forfeits all rights to and interests in the unvested restricted stock or restricted stock units. If a named executive officer is terminated due to retirement, death or disability on or after the first anniversary of the grant date, any unvested stock or stock units become fully vested as of the termination date.

Our pension plans for executives are as follows:

A tax qualified cash balance pension plan, referred to as the Retirement Account;

A non-qualified excess benefit plan, referred to as the Pension Benefit Equalization Plan, or PBEP; and

The Executive Retirement Plan, or ERP.

The above plans were either frozen or closed as described below in the summary for each plan.

Edgar Filing: DUN & BRADSTREET CORP/NW - Form PRE 14A

Under the Retirement Account and PBEP, years of credited service are counted starting one year after date of hire. Under the ERP, years of credited service are counted as of the date of hire to ensure that the named executive officer can attain a competitive retirement benefit at normal retirement age.

Table of Contents

The following actuarial assumptions were used in the calculation of the benefits in the Pension Benefits Table:

The present value of the accumulated benefit column reflects the value of the accrued pension benefit payable at normal retirement under each plan in which the executive participates as of December 31, 2011;

Normal retirement is defined as age 65 in the Retirement Account and PBEP. The ERP does not define normal retirement so the values reflect payment at the first age at which unreduced benefits are payable from the plan or age 55;

The interest rate as of December 31, 2011 was 4.05% and the mortality is based on the RP2000 Healthy Annuitant table projected to 2019 mortality; and

Present values at assumed retirement ages are discounted to each individual's current age using an interest only discount with no mortality.

Normal forms of payment have been reflected for each plan unless the named executive officer has elected a lump sum in either the PBEP or ERP. Mr. Vielehr has a lump-sum election in effect for both the PBEP and ERP. The interest rates used to value the lump sum at the assumed retirement date are the December 2011 Code section 417(e) segment rates and the mortality assumption is the Code section 417(e) mortality table for 2012 per plan provisions.

Retirement Account. The Retirement Account was frozen for all of our employees effective July 1, 2007 and the plan was closed to new participants. The accrued benefit in the Retirement Account for all non-vested participants active as of June 30, 2007 became 100% vested. As a result of the pension freeze, no additional benefits have accrued under the Retirement Account, although existing balances will continue to accrue interest.

The Retirement Account's normal retirement age is 65, although participants age 55 or older with at least ten years of service can elect to retire early. Upon termination of employment, a vested participant can elect to immediately receive 50% of his or her benefit as a lump sum or annuity, with the residual 50% being paid at age 55 or later. In addition, if a participant meets the requirements for an Early or Normal Retirement, the participant can elect to receive 50% of his or her benefit as a lump sum and the remainder as an annuity or his or her entire benefit as an annuity. The single life annuity option provides the highest monthly dollar amount under the Retirement Account. A participant can elect other annuity options that provide lower monthly dollar amounts because they are reduced to provide participants with an actuarial equivalent value.

Pension Benefit Equalization Plan. Effective July 1, 2007, the PBEP was also frozen for all of our employees and the plan was closed to new participants. As a result of the freeze, no additional benefits will accrue under this plan, although existing balances will continue to accrue interest.

Executive Retirement Plan. The ERP was offered to our key management employees designated by our Chief Executive Officer who are responsible for the management, growth or protection of our business. Effective January 1, 2011, the plan became closed to new participants. The C&BC made this decision after a review of market practice and in light of trends in good governance. Current participants will continue to accrue a benefit in accordance with plan rules. The ERP provides a target annual benefit equal to 4% of a participant's average final compensation (salary plus actual cash incentive) for each of the first 10 years of service to a maximum benefit percentage of 40% of the participant's average final compensation. This benefit is reduced by 15% for vested participants who leave prior to age 55 or who were age 50 or over as of July 1, 2007. Average final compensation is

Table of Contents

equal to the participant's highest consecutive 60 months of compensation out of his or her last 120 months. A participant is 100% vested in the applicable benefit upon completion of five years of participation in the plan.

The target annual benefit payment from the ERP is offset by any pension benefits earned in the Retirement Account, PBEP or any other pension plan sponsored by D&B or one of its affiliates and the participant's estimated Social Security retirement benefit. Compensation used in determining the ERP benefit includes base salary, cash bonus payments, commissions, bonus buyouts as a result of job changes and lump-sum payments in lieu of merit increases. The normal form of benefit payment under the ERP is a Straight Life Annuity for single participants and a fully subsidized joint and 50% survivor annuity for married participants. However, participants have the option to elect to receive a portion of their benefit as a lump-sum payment. The lump-sum election is only valid if the participant remains employed by D&B for 12 consecutive calendar months following the date of his or her election.

The interest rates used to value the lump sum at the assumed retirement date are the December 2011 Code section 417(e) segment rates and the mortality assumption is the Code section 417(e) mortality table for 2012. Benefit payments under the ERP begin on the later of attainment of age 55 or the first of the month following the date a participant retires. If a participant dies while actively employed, his or her spouse is entitled to receive 50% of the benefit that otherwise would have been payable to the participant at age 55. If a participant dies while receiving benefit payments, the surviving spouse receives a benefit equal to 50% of what the participant was receiving. In the event a participant becomes totally and permanently disabled, he or she will receive annual disability payments equal to 60% of his or her compensation offset by any other disability income the participant is receiving.

Key Employees' Non-qualified Deferred Compensation Plan. The Key Employees' Non-qualified Deferred Compensation Plan, or NQDCP, is a voluntary plan which allows participants to defer, in 5% increments, up to 75% of their base salary and 100% of their annual cash incentive payments or restricted stock unit awards. Participants may elect to enroll in the NQDCP each calendar year, but once their elections are made they are irrevocable for the covered year. Participants can elect to invest their deferrals in the same investment funds that are offered in our 401(k) Plan. Participants can elect to transfer their balances among other funds on a daily basis subject to our Insider Trading Policy. All amounts deferred by our named executive officers in prior years have been reported in the Summary Compensation Table in our previously filed proxy statements in the year earned, provided the individual was a named executive officer for that year for purposes of the SEC's executive compensation disclosure.

At the time the participant elects to enroll he or she must also indicate the timing of the distribution of his or her deferral. Participants may elect to receive their payments at a specified time period following their deferral (deferral must be for a minimum of three years) or upon their termination of employment. Distributions paid for a specified time period deferral are paid in a lump sum. Distributions paid upon termination can be paid in a lump sum, five annual installments or ten annual installments. In addition, lump-sum payments are made in the event of a participant's death or disability and upon a change in control of D&B.

**OVERVIEW OF CHANGE IN CONTROL,
SEVERANCE AND OTHER ARRANGEMENTS**

Change in Control

Each of our named executive officers is a party to a change in control agreement that provides for certain benefits upon an actual or constructive termination of employment in connection with a change in control of D&B.

Change in Control Agreement. If, within twenty-four months following a change in control, the named executive officer is terminated other than for cause or by reason of death or disability, or the named executive officer terminates his or her employment for good reason (generally, an unfavorable change in employment status, compensation or benefits or a required relocation), the named executive officer shall be entitled to receive:

a lump-sum payment equal to three times the sum of base salary and the annual target cash incentive then in effect;

continuation of health and life benefits for three years;

outplacement consulting in an amount equal to the lesser of 20% of the sum of the executive's base salary plus the annual target cash incentive then in effect and \$100,000;

an additional three years of credited service (with total service not to exceed 10 years) and inclusion of the lump-sum payment described above in calculating the accrued benefits under the ERP;

a prorated annual target cash incentive for the year in which the change in control occurs and a full target cash incentive for all other cash incentive plans in effect at the time of termination including performance-based restricted stock unit opportunity; and

payment of any excise taxes due in respect of the foregoing benefits (only for executives hired before July 1, 2010).

After a review of market trends and consideration of its value within the context of the objectives of our executive compensation program, effective July 1, 2010, the C&BC approved the elimination of the excise tax payment prospectively for any new change in control agreements entered into between the Company and newly appointed executive officers.

Stock Incentive Plan. According to our 2009 Stock Incentive Plan, in the event of a change in control and unless otherwise specified in an award agreement, equity in the form of unvested options becomes immediately vested and exercisable, restrictions on restricted stock and restricted stock units immediately lapse and other equity awards become payable as if targets for the current period were met at 100%.

Executive Retirement Plan and Pension Benefit Equalization Plan. In addition, upon a change in control, all participants under the ERP would receive a minimum 20% benefit, and the payment of all benefits under both the ERP and PBEP must be made within 30 days of a change in control.

Severance Arrangements

Career Transition Plan. Each of our named executive officers participates in the Career Transition Plan, or CTP.

Table of Contents

The CTP generally provides for the payment of benefits if an eligible executive's employment terminates by reason of a reduction in force, job elimination, unsatisfactory performance (not constituting cause, as defined in the CTP) or a mutually agreed-upon resignation. The CTP does not apply to terminations of employment in connection with the sale of stock or assets, or an elimination or reduction of operations in connection with an outsourcing or merger (or other combination, spin-off, reorganization or other similar transaction) if an offer of employment at a comparable base salary is made to the employee by the surviving or acquiring entity.

In the event of an eligible termination, a named executive officer will be paid 40 to 52 weeks of base salary continuation at the rate in effect at the time of termination (half these number of weeks if the executive is terminated by D&B for unsatisfactory performance not constituting cause), payable on the dates the executive's salary would have been paid if employment had not terminated. For the named executive officers, all of whom earn base salaries in excess of \$300,000, the number of weeks of base salary continuation is based on years of service with the Company at the time of termination: less than five years, 40 weeks; five years but less than ten years, 48 weeks; and ten years or more, 52 weeks.

In addition, the executive will receive continued medical and dental insurance benefits during the applicable salary continuation period and will be entitled to such outplacement services during the salary continuation period as are being provided by D&B. Should the executive obtain reemployment prior to the conclusion of the salary continuation period, only 50% of the remaining base salary continuation would be paid to the executive as a lump sum.

Except in the case of a termination by D&B for unsatisfactory performance, the executive also will receive a prorated portion of the actual cash incentive for the year of termination that otherwise would have been payable to the executive under the annual cash incentive plan. To be eligible, the executive must be employed for at least six full months during the calendar year of termination.

The Company's Plan Benefits Committee has delegated authority to our Chief Administrative Officer, or, in the event no one holds such title, our Chief Human Resources Officer, to reduce or increase the benefits otherwise payable to, or otherwise modify the terms and conditions applicable to, an eligible executive under the CTP. Any increase or reduction of severance benefits paid to a named executive officer requires consultation with the Company's General Counsel.

Detrimental Conduct Program

We maintain a detrimental conduct program which, upon receipt of an equity-based award, requires participants, including the named executive officers, to sign a detrimental conduct agreement. That agreement requires participants to return a portion of the amounts received pursuant to such award if, during their employment and for one year thereafter (two years in the case of named executive officers), they engage in "detrimental conduct." Included in the definition of detrimental conduct are working for a competitor, disclosing confidential D&B information and acting otherwise than in the interests of D&B. The detrimental conduct agreements also provide D&B with the right to seek injunctive relief should the employee engage in detrimental conduct. Participants who do not sign a detrimental conduct agreement forfeit their equity-based award.

Potential Post-employment Compensation Table

The following table summarizes the potential post-employment compensation that is or may become payable to our named executive officers pursuant to the plans and arrangements described above upon an actual or constructive termination of the named executive officer's employment or a change in control of D&B. The information set forth in the following table is calculated using the

assumptions listed below, and the triggering events are defined in the applicable plans and agreements. The amounts shown represent summary estimates for the various components based on these assumptions and do not reflect any actual payments to be received by the named executive officers. The components that may be applicable in calculating the post-employment compensation amount include:

Payments related to base salary and target cash bonus;

Payments related to vested and unvested stock options and outstanding restricted stock and restricted stock units;

Payments related to retirement benefits such as the ERP and PBEP;

Value of health and welfare benefits; and

Value of other benefits such as outplacement and tax gross-up.
