TITAN MACHINERY INC

Annual Meeting of Stockholders

June 1, 2012

PROXY STATEMENT

INTRODUCTION

Your proxy is solicited by the Board of Directors of Titan Machinery Inc. ("we," "us," "our," or the "Company") for the Annual Meeting of Stockholders to be held on June 1, 2012 (the "Annual Meeting"), at the location and for the purposes set forth in the Notice of Annual Meeting of Stockholders, and at any adjournment or postponement thereof.

The cost of soliciting proxies, including the preparation, assembly and mailing of the proxies and soliciting material, as well as the cost of forwarding such material to beneficial owners of the Company's common stock, will be borne by the Company. Directors, officers and employees of the Company may, without compensation other than their regular remuneration, solicit proxies personally or by telephone.

You may vote your shares by mail by following the instructions on the enclosed proxy or you may vote your shares in person by attending the Annual Meeting. If you need directions to the Annual Meeting, please call 701-356-0130. If your shares are held in "street name," you must instruct the record holder of your shares in order to vote.

Any stockholder giving a proxy may revoke it at any time prior to its use at the meeting by giving written notice of such revocation to the Secretary of the Company or by attending and voting at the meeting. Proxies not revoked will be voted in accordance with the choice specified by stockholders by means of the ballot provided on the proxy for that purpose. Proxies that are signed but lack any such specification will, subject to the following, be voted in accordance with the recommendations of the Board of Directors, including in favor of the slate of directors proposed by the Board of Directors and listed herein. You may either vote 'For' or 'Withhold' authority to vote for each nominee for election to the Board of Directors. You may vote 'For,' 'Against,' or 'Abstain' on Proposals #2 - #4.

With respect to the election of directors, the nominees receiving the greatest number of votes relative to the votes cast for the other nominees will be elected, regardless of whether an individual nominee receives votes from a majority of the quorum of shares represented at the Annual Meeting (in person or by proxy). Although directors are elected by plurality vote, the presence (in person or by proxy) of stockholders representing an aggregate of at least a majority of the issued and outstanding shares of common stock is required to constitute a quorum for the election of directors. The affirmative 'For' vote of a majority of those shares present in person or represented by proxy at the meeting and entitled to vote on the matter is required to approve Proposals #2 - #3. The affirmative 'For' vote of a majority of the outstanding shares of the Company entitled to vote at the meeting is required to approve Proposal #4.

If a stockholder abstains from voting as to any matter, then the shares held by such stockholder will be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but will not be deemed to have been voted in favor of such matter. Abstentions, therefore, as to Proposals #2 - #4 will have the same effect as votes against such proposal. Abstentions will not be counted for purposes of determining the number of votes cast in the election of directors.

Edgar Filing: Titan Machinery Inc. - Form PRER14A

If your shares are held in "street name" and you do not submit voting instructions to your broker, your shares will be counted as present for the purposes of determining whether there is a quorum at the Annual Meeting, but will not be counted as votes 'For' or 'Withhold' authority for the election of the director nominees at the Annual Meeting, and will not be counted as votes 'For,' 'Against,' or 'Abstain' on Proposal #3 and Proposal #4. Your votes will, however, be counted as votes 'For' the ratification of the appointment of auditors in Proposal #2.

The mailing address of the principal executive offices of the Company is Titan Machinery Inc., 644 East Beaton Drive, West Fargo, North Dakota 58078. The Company expects that this proxy statement, the related proxy and Notice of Annual Meeting of Stockholders will first be mailed to stockholders on or about April 27, 2012.

If elected, each nominee will serve until the 2015 Annual Meeting or until his successor is elected and qualified. Among other attributes, skills and qualifications, the Board believes that Mr. Wright is uniquely qualified to serve as a director because of his familiarity with operating issues in an industry with substantially similar opportunities and challenges as the one in which the Company operates, as well as his experience as a public company director and his accounting expertise, which provides the Company's Audit Committee and Board with additional familiarity with generally accepted accounting principles, internal controls over financial reporting, and disclosure controls and procedures, and experience in analysis and evaluation of financial statements.

CORPORATE GOVERNANCE

Independence

The six independent directors are Dr. Gordon Paul Anderson, John Bode, Stanley Dardis, James Irwin, Theodore Wright and James Williams. Director Attendance at Annual Meetings

Directors' attendance at Annual Meetings can provide stockholders with an opportunity to communicate with directors about issues affecting the Company. The Company does not have a policy regarding director attendance, but all directors are encouraged to attend the Annual Meeting of Stockholders. All of our directors attended the Annual Meeting of Stockholders held on June 2, 2011.

Board Leadership Structure

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the combined role of Chairman and Chief Executive Officer, together with a Lead Independent Director having the duties described in the following section, is in the best interests of the stockholders because it promotes strategy development and execution and facilitates information flow with management to aid in the Board's evaluation of management's performance. The Board believes that the Company's Chief Executive Officer is best situated to serve as Chairman because of his unique familiarity with the Company's history, business and industry, which makes him most capable of effectively leading discussions among directors of diverse backgrounds and experience regarding the Company's operations and strategy identification, execution and evaluation.

Lead Independent Director

James Irwin, an independent director, was selected by the Board to serve as the Lead Independent Director for all meetings of the non-management directors held in executive session. The Lead Independent Director has the responsibility of presiding at all executive sessions of the Board, consulting with the Chairman and Chief Executive Officer on Board and committee meeting agendas, acting as a liaison between management and the non-management directors, including maintaining frequent contact with the Chairman and Chief Executive Officer and advising him on the efficiency of the board meetings, facilitating teamwork and communication between the non-management directors and management, as well as additional responsibilities that are more fully described in the Company's Principles of Corporate Governance.

Risk Oversight

It is management's responsibility to manage risk and bring to the Board's attention the most material risks the Company faces. The Company has an enterprise risk management program overseen by the executive management team, which reports directly to the Board. The Company has also engaged a consultant to assist management in identifying and analyzing critical areas of risk, advise on risk tolerance and help implement the Company's enterprise risk management program. Enterprise risks are identified and prioritized by management, and each prioritized risk is assigned to member of management that regularly reports to a Board committee or the full Board for oversight. The enterprise risk management program as a whole is reviewed by the Board annually. Additional review or reporting on enterprise risks is conducted as needed or as requested by the Board or committee.

Board and Committee Meetings; Committee Reports

During fiscal 2012, the Board held seven formal meetings. The directors often communicate informally to discuss the affairs of the Company and, when appropriate, take formal action by written consent of all directors, in accordance with the Company's Certificate of Incorporation and Bylaws and Delaware law. The directors also participate in monthly financial update calls with management. The independent directors meet in executive session at least quarterly.

The Company's Board of Directors has three standing committees, the Audit Committee, the Compensation Committee, and the Governance/Nominating Committee. Members of such committees met formally and informally from time to time throughout fiscal 2012 on committee matters.

All directors attended 75% or more of the aggregate number of meetings of the Board and of committees of which each respective director was a member.

Governance/Nominating Committee

Our Governance/Nominating Committee makes recommendations to our Board of Directors regarding candidates for directorships and the size and composition of our Board of Directors and its committees. In addition, our Nominating/Corporate Governance Committee oversees our codes of conduct and other governance policies and matters. The Nominating/Governance Committee reports on its actions, decisions and recommendations to our Board.

The Governance/Nominating Committee will review director nominees proposed by stockholders. Stockholders may recommend a nominee to be considered by the Governance/Nominating Committee by submitting a written proposal to the Chairman of the Board of Directors, at Titan Machinery Inc., 644 East Beaton Drive, West Fargo, North Dakota 58078. A consent signed by the proposed nominee agreeing to be considered as a director should accompany the written proposal. The proposal should include the name and address of the nominee, in addition to the qualifications and experience of said nominee. Please see the section entitled "Stockholder Proposals" with regard to timing requirements for stockholder nominations.

The Governance/Nominating Committee acts pursuant to a written charter and is responsible for tasks relating to the adoption of corporate governance policies and procedures, the nomination of directors, and the oversight of the organization of Board committees. The charter, which is reviewed annually by the Committee, may be amended upon approval of the Board and was last amended on December 7, 2009. The Governance/Nominating Committee charter is available on the investor relations page of our website at www.titanmachinery.com.

When selecting candidates for recommendation to the Board of Directors, the Governance/Nominating Committee will consider the attributes of the candidates and the needs of the Board and will review all candidates in the same manner, regardless of the source of the recommendation. In evaluating director nominees, a candidate should have certain minimum qualifications, including being able to read and understand basic financial statements, being familiar with our business and industry, having high moral character and mature judgment, and being able to work collegially with others. In addition, factors such as the following are also considered:

appropriate size and diversity of the Board;

needs of the Board with respect to particular talent and experience;

knowledge, skills and experience of nominee;

familiarity with domestic and international business affairs;

legal and regulatory requirements;

appreciation of the relationship of our business to the changing needs of society; and

desire to balance the benefit of continuity with the periodic injection of the fresh perspective provided by a new member.

The Governance/Nominating Committee does not have a formal diversity policy at this time; however, as summarized above, the Governance/Nominating Committee seeks to nominate candidates with a diverse range of knowledge, experience, skills, expertise, and other qualities that will contribute to the overall effectiveness of the Board of Directors.

Compensation Committee Meetings

The Compensation Committee met five times in fiscal 2012.

Non-Employee Director Compensation

Our non-employee directors are compensated pursuant to our Non-Employee Director Compensation Plan. In fiscal 2012, all of our non-employee directors received an annual retainer of \$45,000 for attending Board meetings. In addition, the chair of the Audit Committee received an additional \$10,000 cash retainer and the chairs of the Compensation Committee and Governance/Nominating Committee and the Lead Independent Director received additional \$5,000 cash retainers. Each non-employee director also received a grant of shares of restricted stock equal to approximately \$35,000 based upon the \$26.01 closing price of our common stock on June 1, 2011, which resulted in a grant of 1,346 shares to each director. Shares received as non-employee director compensation must be held by the director during his term of service.

Effective February 1, 2012, our Non-Employee Director Compensation Plan was amended to provide a \$50,000 annual retainer for each non-employee director and an annual grant of \$50,000 of restricted stock. In addition, the chair of the Audit Committee will receive an additional \$15,000 cash retainer and the chairs of the Compensation Committee and Governance/Nominating Committee and the Lead Independent Director will receive additional \$5,000 cash retainers.

We also reimburse our non-employee directors for reasonable expenses incurred in connection with their services as directors.

The following table provides compensation information for our non-employee directors during fiscal 2012:

Name	Fees Earned or Paid in Cash (\$)	Stock Awards(1) (\$)	Total (\$)
Gordon Paul Anderson	50,000	35,000	85,000
John Bode	55,000	35,000	90,000
Tony Christianson	45,000	35,000	80,000
Stanley Dardis	45,000	35,000	80,000
James Irwin	50,000	35,000	85,000
James Williams	50,000	35,000	85,000
Theodore Wright	45,000	35,000	80,000

(1) These amounts represent the grant-date fair value for each award awarded in fiscal 2012, valued in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 718, *Compensation Stock Compensation*.

Stock Ownership/Retention Guidelines

In order to align director and stockholder interests, directors are encouraged to become stockholders of the Company. In furtherance of this goal, we have adopted a requirement that directors hold all shares awarded to them as compensation for their service as directors for at least the duration of their directorship.

EXECUTIVE COMPENSATION

Compensation Risk Assessment

The Compensation Committee has conducted a risk assessment of our employee compensation programs, including our executive compensation programs, and has concluded that our employee compensation programs are designed with the appropriate balance of risk and reward in relation to our overall business strategy and do not incent executives or other employees to take unnecessary or excessive risks. As a result, we believe that risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Compensation Discussion and Analysis

In the following Compensation Discussion and Analysis, we describe the material elements of the compensation awarded to, earned by or paid to David J. Meyer, our Chairman and Chief Executive Officer, Peter Christianson, our President and Chief Operating Officer (and Chief Financial Officer through April 11, 2011), and Mark Kalvoda, our Chief Financial Officer. In this proxy statement, we refer to Messrs. Meyer, Christianson and Kalvoda as our "named executive officers."

Compensation Objectives and Philosophy

We have designed our compensation programs to reward performance and to attract, retain and motivate employees at all levels. Our goal is to establish pay levels for our named executive officers that are competitive with comparable positions in our industry and in the regions in which we operate. We believe the following:

There should be an appropriate relationship between executive compensation and our short-and long-term success, including creation of stockholder value.

Our overall compensation philosophy is that rewards to executives should reflect and reinforce our Company-wide focus on financial management and bottom-line performance. We use annual cash incentives to motivate executives to achieve both short- and long-term interests. Incentives are available to executives under our management incentive program for annual achievement of company-wide quantitative financial goals. We also make periodic grants of restricted stock to our executives to promote both long-term executive retention and long-term stockholder interests. This approach increases the likelihood that we will experience sustained profitability and generate greater stockholder value over time.

Our compensation program should be designed and implemented in a manner that will attract, retain and motivate executives of outstanding ability.

We intend for the amount of compensation paid to each executive officer to reflect the officer's experience and individual performance and the performance of our Company, all measured in the context of our industry and location. Our objectives are to attract, retain and motivate executives of outstanding ability. In order to motivate each executive to achieve his potential, certain components of our total compensation package are dependent on corporate and individual performance and are therefore at risk. Generally, as an executive officer's responsibility and ability to impact our financial performance increases, the individual's performance-based compensation increases as a portion of his total compensation. Ultimately, executives with greater roles and responsibilities associated with achieving our performance targets should bear a greater proportion of the risk if those goals are not achieved and should receive a greater proportion of the reward if the goals are met or surpassed.

Edgar Filing: Titan Machinery Inc. - Form PRER14A

Total compensation opportunities should be competitive within the industry and other comparable companies but also consistent with our conservative and prudent approach to executive compensation.

Our overall compensation levels are targeted to attract the type of talent needed to achieve and maintain a leadership position in our industry, while still focusing on bottom-line conservatism and avoiding the appearance of extravagance or compensation based on entitlements. Our Compensation Committee evaluated surveys of compensation levels to ensure that our executive officer compensation was comparable to companies of similar size in the Minneapolis and Fargo markets.

Stockholders' views on our executive compensation should be given significant weight.

We receive direct feedback from stockholders on our compensation programs through the advisory vote on the compensation paid to our named executive officers (commonly known as a "say-on-pay" vote), which we held for the first time at the 2011 Annual Meeting of Stockholders and will hold at each future annual meeting. At the 2011 Annual Meeting of Stockholders, the say-on-pay proposal received 99% approval, indicating strong stockholder support for our approach to executive compensation. Our Compensation Committee will continue to monitor stockholder views with respect to our executive compensation practices and take those views into account when making decisions regarding executive compensation.

Compensation Committee

Our Compensation Committee oversees the design and administration of our executive compensation program according to the processes and procedures discussed in this proxy statement. To implement our compensation objectives and philosophy, our Board and Compensation Committee:

consider individual performance, competence and leadership when setting base compensation, but focus our incentive cash compensation program on Company-specific financial and business improvement goals to promote a cohesive, performance-focused culture among our executive team;

compare our compensation programs with the executive compensation policies, practices and levels at comparable companies in the Fargo and Minneapolis markets and companies in our industry selected for comparison by our Compensation Committee, based upon size, complexity and growth profile; and

structure compensation among the executive officers so that our Chief Executive Officer and President, with their greater responsibilities for achieving performance and strategic objectives, bear a greater proportion of the risk and rewards associated with achieving those goals by receiving a relatively large percentage of their total compensation in the form of cash-based incentives.

Setting Executive Compensation

The Compensation Committee selects the elements of executive compensation and determines the level of each element, the mix among the elements and total compensation based upon the objectives and philosophies set forth above, and by considering a number of factors, including:

each executive's position within our Company and the level of responsibility;

the skills and experiences required by an executive's position;

the executive's experience and qualifications;

the competitive environment for comparable executive talent having similar experience, skills and responsibilities;

Company performance compared to specific objectives;

individual performance measures;

the executive's current and historical compensation levels;

the executive's length of service to our Company;

compensation equity and consistency across all executive positions; and

the stock ownership of each executive.

As a means of assessing the competitive market for executive talent, we review competitive compensation data gathered in comparative third-party surveys that we believe to be relevant, considering our size and industry. We also perform an informal review of compensation information regarding companies in our industry and/or in our geographic footprint. This comparative information is only one factor in the Compensation Committee's overall compensation decision-making process and is not used as a stand-alone benchmarking tool. Our Compensation Committee reviewed the comparative information to assist it in setting fiscal 2012 base salary and short-term cash incentive compensation for our executive officers. The Compensation Committee also used the comparative information when setting fiscal 2013 base salaries for our Chief Executive Officer, President and Chief Financial Officer. Our executive officer compensation falls within the bottom quartile range of compensation levels at comparable companies. Our relatively low executive compensation is balanced, in part, by the significant share holdings of Mr. Meyer and Mr. Christianson, each of whom has the potential to be rewarded by our growth and bears the risk of our failure to grow.

Our compensation structure is designed so that our Chief Executive Officer and President evaluate the performance of each executive officer and work with the Compensation Committee to recommend the compensation for our executive officers. Our Compensation Committee has the absolute authority to adjust their recommendations after evaluating all information that the Compensation Committee believes is relevant in implementing the principles for our compensation programs. Messrs. Meyer, Christianson and Kalvoda do not give recommendations regarding their own salary or performance.

In setting executive officer compensation, we have not historically considered the tax implications under Sections 162(m) and 409A of the Internal Revenue Code or compensation expense charges under ASC 718, *Compensation - Stock Compensation*, but may implement consideration of such tax implications when making future compensation decisions.

Section 162(m) of the Internal Revenue Code restricts the ability of publicly held companies to take a federal income tax deduction for compensation paid to certain of their executive officers to the extent that compensation exceeds \$1 million per covered officer in any fiscal year. However, this limitation does not apply, among other things, to compensation that is performance-based. We do not anticipate that the non-performance-based compensation to be paid to our executive officers for fiscal 2013 will exceed that limit.

On October 22, 2004, the American Jobs Creation Act of 2004 became law, implementing Section 409A of the Internal Revenue Code and changing the tax rules applicable to nonqualified deferred compensation arrangements, including certain severance arrangements. We have taken steps to bring our non-qualified deferred compensation arrangements into good faith compliance with the statutory provisions as currently in effect.

Executive Compensation Components for Fiscal 2012

The principal elements of our executive compensation program for fiscal 2012 were:

base salary;

annual cash incentive compensation;

stock-based compensation; and

certain limited perquisites and other benefits.

In allocating compensation across these elements, the Compensation Committee does not follow any strict policy or guidelines. However, consistent with the general compensation objectives and philosophies outlined above, the Compensation Committee seeks to place a meaningful percentage of an executive's compensation at risk, subject to achievement of specific performance objectives and long-term equity value creation. In addition, the Compensation Committee generally places a greater proportion of total compensation at risk for our Chief Executive Officer and President, based on their greater responsibility for, and ability to influence, overall Company performance.

Base Salary

Base salary provides executives with a fixed, regular, non-contingent earnings stream. As a component of total compensation, we generally set base salaries at levels believed to attract and retain an experienced management team in our market that will grow our Company and create stockholder value. We also attempt to reward individual performance and contributions to our overall business objectives without detracting from the executive officers' incentive to realize additional compensation through our performance-based compensation program. When setting base salary, we consider pre-tax profit levels, increases in market share, return on assets, inventory turns, process and system development goals, organic growth rate and growth through consolidation and acquisition, absorption, and interest-bearing new equipment inventory as a percentage of total new equipment inventory. The Compensation Committee reviews each executive officer's salary at the end of each fiscal year.

We review performance for both our Company (based upon achievement of strategic initiatives) and each executive officer. As a result of the Compensation Committee's evaluation of these factors, the Compensation Committee may adjust base salaries to better align individual compensation with comparative market compensation, to provide merit-based increases based upon individual or Company achievement, or to account for changes in roles and responsibilities.

The base salary amounts for our named executive officers for fiscal year 2012 appear in the Summary Compensation Table on page 23. The base salaries for Mr. Meyer and Mr. Christianson were \$330,000 and Mr. Kalvoda earned an annualized base salary of \$225,000 beginning on April 11, 2011, the date he was appointed Chief Financial Officer. Effective February 1, 2012, we increased the base salaries of Mr. Meyer and Mr. Christianson to \$400,000.

Short-Term Incentive Compensation

Short-term incentive compensation in the form of annual cash bonuses is a significant component of our compensation program. When setting bonus payouts for our named executive officers in fiscal 2012, our Compensation Committee established pre-determined quantitative goals based upon our pre-tax net income, total sales and return on assets. We define return on assets as our pre-tax net income (adjusted for short-term incentive compensation expense) divided by our monthly average total assets. The Compensation Committee set these goals at the beginning of the fiscal year and adjusted them during the fiscal year as we made acquisitions and new stores were incorporated into our Company. Under our 2012 Executive Bonus Plan, based upon their respective positions and levels of responsibility, Mr. Meyer and Mr. Christianson were each eligible for a cash bonus of up to 200% of their annual base salary, and Mr. Kalvoda was eligible for a cash bonus of up to 70% of his annual base salary. The plan provides that 40% of the eligible bonus was based upon achievement of the Company's pre-tax net income goal, 20% was based on achievement of the Company's total sales goal, 20% was based on the Company's return on assets goal and the remaining 20% of the eligible bonus

Edgar Filing: Titan Machinery Inc. - Form PRER14A

was based on achievement of personal position-specific goals. If any goals are not achieved at the threshold level, then no bonus is payable for that goal. Personal position-specific goals are set by our Compensation Committee for Messrs. Meyer and Christianson, and set by Mr. Meyer and Mr. Christianson for Mr. Kalvoda. For Mr. Meyer and Mr. Christianson, the position-specific personal goals related to Company market share for its major product lines; some target goals were met and 53.6% of the maximum bonus was paid to each executive officer. For Mr. Kalvoda, some target goals on his position specific goals were achieved and 50% of the maximum bonus was paid. Bonuses are paid 100% in cash. The following table sets forth the pre-tax net income goals, the total sales goals and the return on assets goals established by the Compensation Committee and the percentage of the maximum bonus payable at each level:

Pre-tax Net Income

	% of Maximum Bonus Payable Attributable to Pre-Tax Net Income
Pre-tax Net Income Goal	
\$38,986,201	1%
\$51,981,601	50%
\$64,977,001	100%

Based upon our actual pre-tax adjusted net income, adjusted for short-term incentive compensation expense, of \$75,682,388, we paid each of our named executive officers 100% of the maximum cash bonus attributable to pre-tax net income for which he was eligible based on achievement of that goal.

Total Sales

	% of Maximum Bonus Payable Attributable to Total Sales
Total Sales Goal	
\$1,246,523,015	2.5%
\$1,385,025,572	50%
\$1,731,281,965	100%

Based upon our actual total sales of \$1,658,992,195, we paid each of our named executive officers 89.6% of the maximum cash bonus attributable to total sales for which he was eligible based on achievement of that goal.

Return on Assets

	% of Maximum Bonus Payable Attributable to Return on Assets
Return on Assets Goal	
6.9%	2.78%
7.7%	50%
8.5%	100%

Based upon our actual return on assets of 8.99%, we paid each of our named executive officers 100% of the maximum cash bonus attributable to return on assets for which he was eligible based on achievement of that goal.

Equity Incentive Awards

We have not historically granted stock options as a meaningful component of our executive compensation program. All grants have been made pursuant to our Amended and Restated 2005 Equity Incentive Plan (the "2005 Equity Incentive Plan"), which is administered by our Compensation Committee. Restricted stock awards made under our plan typically vest over a three or six-year period. Consistent with our compensation philosophies related to performance-based compensation, long-term stockholder value creation and alignment of executive interests with those of stockholders, we may make future grants of long-term compensation in the form of stock options or restricted stock grants to our executive officers.

For each fiscal year that they remain employed with the Company under the terms of their respective agreements, Mr. Meyer and Mr. Christianson will receive a restricted stock award in an amount determined by dividing their annual base salary in effect on the date of grant by the closing sale price of the Company's common stock on the date of grant. Mr. Kalvoda will receive a restricted stock award in an amount determined at the discretion of Mr. Meyer and Mr. Christianson, based on an evaluation of several performance-based metrics. On November 1, 2011, Mr. Meyer and Mr. Christianson were each granted a restricted stock award of 15,054 restricted shares. The risk of forfeiture for such restricted stock awards will terminate on the three-year anniversary of the date of grant. In fiscal 2012, Mr. Kalvoda received a restricted stock award in the amount of 1,922 restricted shares, which risk of forfeiture will terminate ratably on April 1 of each year from 2013 to 2017. In the future, we may from time to time make one-time grants to recognize promotion or consistent long-term contribution, or for specific incentive purposes. We may also make grants in connection with the hiring of new executives. The Compensation Committee will have the authority to administer any equity incentive plan under which we make equity or equity-based awards.

Although we do not have any stock retention or ownership guidelines for our officers, our Board of Directors and Compensation Committee intend to continue to encourage our executives to continue to have a financial stake in our Company in order to align the interests of our stockholders and management. We will continue to evaluate whether to implement a stock ownership policy for our officers.

Perquisites and Other Benefits

Consistent with our conservative compensation philosophy, we offer only limited perquisites to our executive officers. We provide each of Mr. Meyer and Mr. Christianson with an automobile. We provide each of Messrs. Meyer, Christianson and Kalvoda with a cellular phone and cellular phone service. All of our executive officers are eligible for the same insurance, vacation, 401(k) Company match and other benefits at the same levels provided to all of our full-time employees.

Employment Agreements

On November 16, 2007, we entered into employment agreements with David Meyer to serve as our Chief Executive Officer and Peter Christianson to serve as our President and Chief Financial Officer (now Chief Operating Officer), which employment agreements were amended and restated on October 1, 2010. Each amended and restated employment agreement has an initial term that commenced on October 1, 2010, and expires on September 30, 2013, with automatic one-year extensions of the termination date with each anniversary of the commencement date, subject to earlier termination, as described below. Pursuant to the agreements, Messrs. Meyer and Christianson were initially each paid a base salary of \$275,000 per year, subject to annual review and adjustment by our Compensation Committee. Messrs. Meyer and Christianson are also eligible for an incentive bonus of up to 200% of their base salary pursuant to terms, conditions and annual objectives established by our Compensation Committee. Each agreement also provides for yearly grants of restricted stock, as further

Edgar Filing: Titan Machinery Inc. - Form PRER14A

provided above under "Equity Incentive Awards." Messrs. Meyer and Christianson are eligible to participate in any employee benefit plans and programs generally available to our other executive officers.

The amended and restated employment agreements with Messrs. Meyer and Christianson each contain a restrictive covenant prohibiting them from owning, operating or being employed by competing agricultural or construction equipment stores during their employment with us and for 24 months following termination of their employment with us. Each agreement is terminable by either us or Messrs. Meyer and Christianson at any time upon 60 days written notice for any reason. If Messrs. Meyer or Christianson are terminated by us without cause prior to the expiration of the term or if they resign for good reason, we are obligated to pay severance in an amount equal to two times the sum of the annual base salary then in effect, which would be \$800,000 based on the sum of two times the annual base salary currently in effect, plus the annual incentive bonus last paid prior to the termination. These severance payments would be made in 24 equal monthly installments. If such termination occurs we would also be required to allow Mr. Meyer or Mr. Christianson to continue to participate in our group medical and dental plans at our expense for a period of 24 months. In order to receive the severance and continued benefits, each officer would be required to sign a release of claims against us, fulfill his non-competition obligations, cooperate with transitioning his duties and execute a non-disparagement agreement with us. We arrived at these terms based on the advice and experience of our advisors and directors, including their knowledge of practices and agreements at public companies. However, with respect to the amounts of compensation payable under these agreements, we considered the Economic Research Institute report, which does not identify the companies utilized in the assessment.

Compensation Committee Interlocks and Insider Participation

During fiscal 2012, our Compensation Committee consisted of Gordon Paul Anderson (Chair), James Irwin, and Theodore Wright. None of our current Compensation Committee members has or had any related party transaction relationship with our Company of a type that is required to be disclosed under Item 404 of Regulation S-K. None of our executive officers has served as a member of the Board of Directors, or as a member of the compensation or similar committee, of any entity that has one or more executive officers who served on our Board of Directors or Compensation Committee during fiscal year 2012.

Our non-employee directors receive cash and restricted stock grants as compensation for their services as directors pursuant to our Non-Employee Director Compensation Plan. Our employee directors do not receive additional compensation for their services as directors. All of our directors are reimbursed for their reasonable expenses in attending Board and committee meetings.

Stock Ownership/Retention Guidelines and Other Policies

We do not have any stock ownership guidelines or a stock retention policy for our officers. Our insider trading policy prohibits the trading of our securities on a short-term basis and requires that any Company stock purchased in the open market be held for a minimum of six months. This policy also states that employees should not "margin" or "sell short" Company stock, or buy or sell put or call options on Company stock.

Conclusion

We have concluded that the base salary, annual bonus and long-term incentives for each of the named executive officers, as well as the total compensation received by those named executive officers, in fiscal 2012 are reasonable and appropriate in light of our goals and competitive requirements. The amounts are in the best interests of the Company and its stockholders because they enable us to attract, retain, motivate and fairly reward talent and further the philosophies of ensuring the accomplishment of our financial objectives and aligning the interests of management with those of long-term stockholders.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with our management, and management has represented to the Compensation Committee that the Compensation Discussion and Analysis is accurate. Based on this review and discussion with management, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this proxy statement and in our Annual Report on Form 10-K for the fiscal year ended January 31, 2012.

Potential Payments upon Termination or Change-in-Control

SEC regulations state that we must disclose information in this proxy statement regarding agreements, plans or arrangements that provide for payments or benefits to our executive officers in connection with any termination of employment or change in control of the Company. As provided under "Compensation Discussion and Analysis Employment Agreements," we are party to amended and restated employment agreements with Mr. Meyer and Mr. Christianson, which provide that if Messrs. Meyer or Christianson are terminated by us without cause prior to the expiration of the term or if they resign for good reason, we are obligated to pay severance in an amount equal to two times the sum of the annual base salary then in effect and the annual incentive bonus last paid prior to the termination, and are also required to allow Mr. Meyer or Mr. Christianson to continue to participate in our group medical and dental plans at our expense for a period of 24 months. If such termination occurred on January 31, 2012, Mr. Meyer and Mr. Christianson would have each been entitled to a severance payment of \$660,000 in base salary and \$459,395 in annual incentive bonus.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Described below are transactions and series of similar transactions that have occurred since the beginning of fiscal 2012 to which we were a party or are a party in which:

the amounts involved exceeded or will exceed \$120,000; and

a director, executive officer, beneficial owner of more than five percent of any class of our voting securities or any member of their immediate family had or will have a direct or indirect material interest.

As of January 31, 2012, we leased real estate for 46 of our 93 stores from Dealer Sites, LLC, an entity owned in part by David Meyer, our Chairman and Chief Executive Officer, Tony Christianson, one of our directors, and Peter Christianson, our President and Chief Operating Officer, or their affiliates. We also lease one dealership site from C.I. Farm Power Inc., an entity owned by Mr. Peter Christianson.

The table below states for fiscal 2012 through the end of the respective lease terms, the aggregate amount of all periodic payments or installments made or due, including any required or optional payments due at the conclusion of the respective leases, are as follows:

Lessor	Period	Aggregate Payments Made or Due
Dealer Sites, LLC	Fiscal 2012	\$ 6,196,986
	Fiscal 2013, through January 2027	\$ 51,424,827
C.I. Farm Power, Inc.	Fiscal 2012	\$ 144,000
	Fiscal 2013, through July 2013	\$ 216,000

We intend for the terms of all of our leases to be commercially reasonable. We do not believe the terms of our leases with entities affiliated with Messrs. Meyer, Tony Christianson and Peter Christianson are any less favorable to us than could be obtained in an arm's length transaction with an unrelated party.

During fiscal 2012, Ted Christianson served as our Vice President, Finance and Treasurer and received total cash compensation of approximately \$300,000. Ted Christianson is the brother of Peter Christianson, our President and Chief Operating Officer, and Tony Christianson, a member of our Board of Directors. During fiscal 2012, Sam Christianson, the son of Peter Christianson, was an employee of the Company and received total cash compensation of approximately \$173,000 pursuant to a standard commission-based plan of compensation that is subject to annual variation. Both employees participated in employee benefits plans and programs available to our other full time employees.

Policies and Procedures for Related Party Transactions

Our Audit Committee charter requires our Audit Committee to review and approve any related party transaction of the type required to be disclosed by Item 404 of Regulation S-K. All of our directors, officers and employees are required to report to our Audit Committee any related party transaction (as defined by applicable rules and regulations of the SEC and the Nasdaq Stock Market) prior to its completion. We do not believe the terms of any of the transactions and agreements described above are any less favorable to us than could be obtained in an arm's length transaction with an unrelated party.

**RATIFICATION OF PUBLIC ACCOUNTING FIRM
(PROPOSAL #2)**

The Audit Committee has selected Eide Bailly LLP, an independent registered public accounting firm, as the Company's independent registered public accounting firm for the fiscal year ending January 31, 2013.

Our bylaws do not require that our stockholders ratify the selection of Eide Bailly LLP as the independent registered public accounting firm. However, the Board is submitting the appointment of Eide Bailly LLP to our stockholders for ratification as a matter of good corporate governance. Even if the selection of Eide Bailly LLP is ratified, the Audit Committee may change the appointment at any time during the year if it determines that a change would be in the best interest of the Company and its stockholders. The Audit Committee will consider the outcome of this vote in its decision to appoint an independent registered public accounting firm next year, but is not bound by the stockholders' vote.

Representatives of Eide Bailly LLP are expected to be present at the Annual Meeting. They will be given the opportunity to make a statement if they desire and are expected to be available to respond to appropriate questions. Further information about the services provided by Eide Bailly LLP, including information about the fees paid to the firm during fiscal 2012 and 2011 can be found on under the heading "Fees of the Independent Registered Public Accounting Firm" below.

VOTE REQUIRED

The Board recommends that you vote "**FOR**" the ratification of the appointment set forth in this Proposal #2. Under applicable Delaware law, this proposal requires the affirmative vote of a majority of the shares present and entitled to vote.

FEES OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General Information

Eide Bailly LLP has acted as the Company's Independent Registered Public Accounting Firm for the fiscal years ended and January 31, 2012 and January 31, 2011.

Audit Fees

The following fees were billed by Eide Bailly LLP for fiscal years 2012 and 2011:

	Fiscal Year 2012	Fiscal Year 2011
Audit Fees	\$ 145,305	\$ 223,652
Audit-Related Fees	27,410	9,700
Tax Fees	4,115	34,030
All Other Fees	750	190
Total	\$ 177,580	\$ 267,572

Audit fees are for professional services rendered for the audit of the Company's annual financial statements and review of financial statements included in the Company's Form 10-Q filings or services that are normally provided by the Independent Registered Public Accounting Firm in connection with regulatory filings with the Securities and Exchange Commission.

Audit-related fees are primarily for the assurance and related services performed by Eide Bailly LLP that are reasonably related to the performance of the audit or review of the Company's financial statements. For fiscal 2012 and fiscal 2011, this consisted of the audit of employee benefit plans, services related to the Company's filing of a Registration Statement on Form S-3 and subsequent public offering of common stock, and services related to the Company's filing of a Registration Statement on Form S-8.

Tax fees are services provided in connection with tax compliance, tax advice, tax planning, and IRS audit assistance. For fiscal 2012 and fiscal 2011, this consisted primarily of compliance related matters and tax advisory services. In Fiscal 2011, the tax fees included preparation of the Company's federal and state tax returns.

All other fees are primarily for fees associated with our employees attending personnel development training programs sponsored by Eide Bailly LLP and services related to compilation of salary data.

Pursuant to its written charter, the Audit Committee is responsible for pre-approving all audit and permitted non-audit services to be performed for the Company by its Independent Registered Public Accounting Firm or any other auditing or accounting firm.

During fiscal year 2012, the Audit Committee approved all audit and non-audit services provided to the Company by Eide Bailly LLP prior to management engaging Eide Bailly LLP for that purpose. The Committee's current practice is to consider for pre-approval annually all audit and non-audit services proposed to be provided by the Independent Registered Public Accounting Firm. In making its recommendation to appoint Eide Bailly LLP as the Company's Independent Registered Public Accounting Firm, the Audit Committee has considered whether the provision of the non-audit services rendered by Eide Bailly LLP is compatible with maintaining that firm's independence and has determined that such services are compatible with maintaining Eide Bailly LLP's independence.

**ADVISORY VOTE ON EXECUTIVE COMPENSATION
(PROPOSAL #3)**

During our 2011 Annual Meeting of Stockholders, our stockholders cast an advisory vote on how frequently to conduct a stockholder advisory vote on the compensation of our named executive officers (commonly referred to as a "say-on-pay" vote). Consistent with the Board recommendation and stockholder vote in favor of holding a say-on-pay vote annually, the Board has determined that the Company will conduct the say-on-pay vote at each annual meeting. The Company will next conduct a stockholder advisory vote on how often to conduct a say-on-pay vote no later than its 2017 Annual Meeting.

SAY-ON-PAY PROPOSAL

Our Compensation Committee has described our compensation philosophy in the Compensation Discussion and Analysis contained in this proxy statement. Stockholders are urged to read the Compensation Discussion and Analysis which also discusses how our compensation policies and procedures implement our compensation philosophy, as well as the "Summary Compensation Table For Fiscal Year 2012" and other related tables and narrative disclosure which describe the compensation of our Chief Executive Officer, our Chief Financial Officer and our President and Chief Operating Officer in fiscal 2012 set forth under "Executive Compensation" above. The Compensation Committee and the Board believe the policies and procedures articulated in the Compensation Discussion and Analysis are effective in implementing our compensation philosophy and in achieving our goals and that the compensation of our named executive officers in fiscal 2012 reflects and supports these compensation policies and procedures.

Stockholders are being asked to vote on the following resolution:

"RESOLVED, the stockholders of Titan Machinery Inc. approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and related disclosures contained in the section of the proxy statement for the 2012 Annual Meeting of Stockholders captioned 'Executive Compensation'."

This advisory vote on executive compensation, commonly referred to as a "say-on-pay" advisory vote, is not binding on our Board. However, the Board and Compensation Committee will take into account the result of the vote when determining future executive compensation arrangements.

VOTE REQUIRED

The Board recommends that you vote **"FOR"** the adoption of the resolution set forth in this Proposal #3. Under applicable Delaware law, this proposal requires the affirmative vote of a majority of the shares present and entitled to vote.

**AMENDMENT TO THE TITAN MACHINERY INC. CERTIFICATE OF INCORPORATION
(PROPOSAL #4)**

The Board requests stockholder approval of an amendment to our Certificate of Incorporation to increase the number of authorized shares of our common stock from 25,000,000 shares to 45,000,000 shares. On March 1, 2012, the Board unanimously approved resolutions authorizing the foregoing amendment and directing that amendment to be submitted for approval by our stockholders.

The text of the form of proposed Certificate of Amendment to Certificate of Incorporation ("**Certificate of Amendment**") increasing the number of authorized shares of our common stock from 25,000,000 shares to 45,000,000 shares is attached to this proxy statement as Appendix A. If our stockholders approve this Proposal #4, we expect to file the Certificate of Amendment with the Delaware Secretary of State as soon as practicable following such approval. Upon filing of the Certificate of Amendment with the Delaware Secretary of State, Section 4.1 of our Certificate of Incorporation will read as follows:

"4.1) The aggregate number of shares the corporation has authority to issue shall be 50,000,000 shares, which shall have a par value of \$0.00001 per share, and which shall consist of 45,000,000 shares of common stock and 5,000,000 undesignated shares. The Board of Directors has the authority, without first obtaining approval of the stockholders of the corporation or any class thereof, to establish from the undesignated shares, by resolution adopted and filed in the manner provided by law, one or more series of preferred stock and to fix the powers, preferences, rights and limitations of such class or series."

Our Certificate of Incorporation currently authorizes the issuance of up to 30,000,000 shares of capital stock, consisting of 25,000,000 shares of common stock and 5,000,000 undesignated shares. An increase in the number of authorized shares of our common stock to 45,000,000 shares will increase our total capitalization to 50,000,000 shares of capital stock, which includes our previously authorized 5,000,000 undesignated shares.

Of the 25,000,000 shares of our common stock currently authorized, as of the close of business on April 6, 2012, there were 20,911,278 shares of common stock outstanding. In addition, as of April 6, 2012 there were:

445,326 shares of our common stock issuable upon the exercise of stock options outstanding under our 2005 Equity Incentive Plan;

33,384 shares of our common stock issuable upon the exercise of outstanding warrants; and

An aggregate of 523,694 shares of common stock reserved for issuance under our 2005 Equity Incentive Plan.

The additional common stock to be authorized by stockholder approval of this Proposal #4 would have rights identical to our current common stock.

The additional authorized shares of common stock could be issued by our Board of Directors without further vote of our stockholders except as may be required in particular cases by our Certificate of Incorporation, applicable law, regulatory agencies, or Nasdaq rules. Under our Certificate of Incorporation, stockholders do not have preemptive rights to subscribe for additional securities we may issue, meaning that current stockholders do not have a prior right under the Certificate of Incorporation to purchase any new issue of common stock in order to maintain their proportionate ownership interests. Any future issuance of shares of authorized common stock would result in dilution of ownership interests of current stockholders, but would not otherwise affect the rights of holders of common stock.

Edgar Filing: Titan Machinery Inc. - Form PRER14A

The Board of Directors will have authority to issue the existing and additional authorized shares of common stock from time to time in connection with equity capital offerings, acquisitions, upon conversion or in exchange for outstanding debt, grants of stock options or restricted stock to employees, officers, and directors, stock dividends, potential issuance of shares in connection with a joint venture and other corporate purposes. However, we do not have any present plan or intention to issue any existing or additional authorized shares of our common stock as part of a merger transaction or acquisition. On April 18, 2012, we announced the proposed offering of our senior convertible notes due 2019 (the "Notes"). If this Proposal #4 is approved, we may use a portion of the additional authorized shares to satisfy the conversion obligations under the Notes. The offering of the Notes is subject to market conditions and customary closing conditions.

If the proposed amendment is authorized, the Board of Directors may be in a position to issue such shares without further approval of the stockholders. There can be no assurance that any such other transactions will be effected. The Board believes that it is important for the Company to have shares available to flexibly respond to all opportunities available to the Company. We have a history of successful growth through the acquisition of businesses that fit our operating model. The availability of common stock is integral to the continued implementation of our growth strategy, as it may be advantageous to issue shares as consideration in future acquisitions or to raise capital to fund our growth. In addition, our future success is reliant on our ability to attract, retain and motivate highly skilled employees. The ability to provide equity compensation, which allows employees to share in the growth of the Company, is a vital component of our employee recruitment and retention efforts.

If this Proposal #4 is not approved by our stockholders, the financing alternatives available to us will be significantly limited by the lack of sufficient authorized shares of common stock, and stockholder value may be affected by this limitation. In addition, the lack of sufficient authorized shares of common stock to provide future equity incentive opportunities could adversely impact our ability to retain the talent necessary to continue the growth of our business. In short, if our stockholders do not approve this Proposal #4, we may not be able to access the capital markets, complete corporate acquisitions, attract, retain and motivate employees, and pursue other business opportunities that may arise.

This proposal to increase the authorized shares of common stock is prompted by business and financial considerations and not by the threat of any hostile takeover attempt and the Board is unaware of any such attempts directed at us. However, stockholders should be aware that approval of this Proposal #4 could facilitate future efforts we could take to deter or prevent changes in control, including transactions in which the stockholders might otherwise receive a premium for their shares over then current market prices. For example, without further stockholder approval, the Board could adopt a "poison pill" which would, under certain circumstances related to the acquisition of our securities in excess of a certain threshold, give stockholders other than acquiror the right to purchase additional shares of common stock at a price that is significantly reduced from the market price. Alternatively, the Board could strategically sell shares of common stock in a private transaction to purchasers who would oppose a takeover or favor the current Board.

VOTE REQUIRED

The Board recommends that you vote "**FOR**" the adoption of the resolution set forth in this Proposal #4. Under applicable Delaware law, this proposal requires the affirmative vote of a majority of the outstanding shares of the Company entitled to vote at the Annual Meeting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors, and persons who own more than ten percent of the Company's Common Stock, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than ten percent stockholders ("Insiders") are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company, or written representations from Insiders that no other reports were required, the Company believes that during the fiscal year ended January 31, 2012, all Form 3, Form 4 and Form 5 filing requirements were met, except that Gordon Paul Anderson did not timely file a Form 4 regarding the exercise of certain stock options due to third party administrative error. A timely Form 5 was filed to report the exercise.

OTHER BUSINESS

Management knows of no other matters to be presented at the Annual Meeting. If any other matter properly comes before the Annual Meeting, the appointees named in the proxies will vote the proxies in accordance with their best judgment.

STOCKHOLDER PROPOSALS

Any appropriate proposal submitted by a stockholder of the Company and intended to be presented at the 2013 Annual Meeting of Stockholders must be received by the Company no later than December 28, 2012 to be includable in the Company's proxy statement and related proxy for the 2013 Annual Meeting. Additionally, pursuant to the advance notice provisions of the Company's Bylaws, as authorized by applicable state law, in order for stockholders to present nominations or other business at the 2013 Annual Meeting, a stockholder's notice of such nomination or other business must be received no earlier than February 1, 2013 and no later than March 3, 2013 and must be in a form that complies with the requirements set forth in the Company's Bylaws.

FORM 10-K

A COPY OF THE COMPANY'S FORM 10-K ANNUAL REPORT FOR THE FISCAL YEAR ENDED JANUARY 31, 2012 (WITHOUT EXHIBITS), ACCOMPANIES THIS NOTICE OF ANNUAL MEETING OF STOCKHOLDERS AND PROXY STATEMENT. NO PART OF THE ANNUAL REPORT IS INCORPORATED HEREIN AND NO PART THEREOF IS TO BE CONSIDERED PROXY SOLICITING MATERIAL. THE COMPANY WILL FURNISH WITHOUT CHARGE TO EACH PERSON WHOSE PROXY IS BEING SOLICITED, UPON WRITTEN REQUEST OF ANY SUCH PERSON, ANY EXHIBIT DESCRIBED IN THE LIST ACCOMPANYING THE FORM 10-K, UPON THE PAYMENT, IN ADVANCE, OF REASONABLE FEES RELATED TO THE COMPANY'S FURNISHING SUCH EXHIBIT(S). REQUESTS FOR COPIES OF SUCH EXHIBIT(S) SHOULD BE DIRECTED TO MARK KALVODA, CHIEF FINANCIAL OFFICER, AT THE COMPANY'S PRINCIPAL ADDRESS.
