Dear Fellow Stockholder:

You are invited to attend the annual meeting of stockholders of Penske Automotive Group, Inc. to be held at 8:00 a.m., Eastern Daylight Time on May 4, 2016, at our corporate headquarters, 2555 Telegraph Rd., Bloomfield Hills, Michigan.

The agenda for this year's annual meeting includes the annual election of directors, ratification of the selection of our independent auditing firm and an advisory vote regarding our executive officer compensation. The Board of Directors recommends that you vote FOR the director nominees, FOR the ratification of our independent auditors and FOR approval of our executive officer compensation. Please refer to the detailed information on each of these proposals and our annual meeting of stockholders in the accompanying materials.

We have elected to deliver our proxy materials to our stockholders over the Internet. This delivery process provides stockholders with the information they need, while at the same time conserving natural resources and lowering the cost of printing and delivery. On or about March 22, 2016, we will mail to our stockholders a notice of internet availability of proxy materials containing instructions on how to access our 2016 proxy statement and 2015 annual report to stockholders. This notice also provides instructions on how to vote online or by telephone and includes information on how to request a paper copy of the proxy materials by mail.

The annual meeting provides an excellent opportunity for stockholders to become better acquainted with the Company and its directors and officers, and I hope that you will attend. Whether or not you plan to attend, we ask that you cast your vote as soon as possible. This will assure your shares are represented at the meeting. Thank you for your continued support of Penske Automotive Group.

Sincerely,

/s/ Roger S. Penske

Executive Compensation

We ask that our stockholders annually approve on an advisory basis our named executive officer compensation. The Board recommends a FOR vote because it believes that our compensation policies and practices are effective in achieving the Company's goals of rewarding sustained financial and operating performance and leadership excellence, aligning the executives' long-term interest with those of our stockholders and motivating the executives to remain with the Company for long and productive careers. In 2015, over 99% of the votes cast by our stockholders approved our 2014 executive compensation and there have not been significant changes to the elements of our executive compensation in 2015.

Questions about the Meeting

Q. What am I voting on?

- A. Proposal 1:** Election of twelve directors to serve until the next annual meeting of stockholders, or until their successors are duly elected and qualified
- Proposal 2:** Ratification of the selection of Deloitte & Touche LLP as our independent auditing firm for 2016
- Proposal 3:** Advisory vote regarding executive compensation

Q. Who can vote?

- A.** Our stockholders as of the close of business on the record date, March 10, 2016, can vote at the annual meeting. Each share of our common stock gets one vote. Votes may not be cumulated. As of March 10, 2016, there were 86,262,904 shares of our common stock outstanding.

Q. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

- A.** As permitted by the Securities and Exchange Commission ("SEC"), we have elected to provide access to our proxy materials primarily over the Internet rather than mailing paper copies of those materials to each stockholder. On or about March 22, 2016, we will mail a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders, which provides website and other information for the purpose of accessing our proxy materials. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed or electronic set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage you to take advantage of the availability of the proxy materials on the Internet to help reduce the cost and environmental impact of the annual meeting.

Q. How can I get electronic access to the proxy materials?

- A.** The Notice provides you with instructions regarding how to view our proxy materials for the annual meeting on the Internet and instruct us to send proxy materials to you by email. Choosing to receive proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meeting on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect unless and until you rescind it.

Q. What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

- A. Stockholder of Record.** If your shares are registered directly in your name with our transfer agent, Computershare, you are the stockholder of record with respect to those shares and we sent the Notice directly to you. If you request copies of the proxy materials by mail, you will receive a proxy card.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in "street name," and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account. If you request copies of the

Table of Contents

proxy materials by mail, you will receive a voting instruction form.

Q. How do I vote my shares?

A. If you are a stockholder of record or a participant in the Company's stock fund within our Company 401(k) plan, you may vote in any of the following ways:

By Internet. You may vote online by accessing www.envisionreports.com/pag and following the on-screen instructions. You will need the Control Number included on the Notice or on your proxy card, as applicable. You may vote online 24 hours a day. If you vote online, you do not need to return a proxy card.

By Telephone. In the U.S., you may vote by calling toll free 1-800-652-VOTE (1-800-652-8683) and following the instructions. You will need the Control Number included on the Notice or on your proxy card, as applicable. You may vote by telephone 24 hours a day. If you vote by telephone, you do not need to return a proxy card.

By Mail. If you requested printed copies of the proxy materials, you will receive a proxy card, and you may vote by signing, dating and mailing the proxy card in the envelope provided. Votes submitted by mail must be received at our headquarters on or before May 3, 2016.

In Person. You may vote in person at the annual meeting by requesting a ballot from the inspector of election at the meeting.

A. *If you are a beneficial owner of shares held in street name, you may vote in any of the following ways:*

By Internet. You may vote online by following the instructions provided in the Notice. You will need the Control Number included on the Notice or on your voting instruction form, as applicable. You may vote online 24 hours a day. If you vote online, you do not need to return a voting instruction form.

By Telephone. You may vote by telephone by following the instructions provided in the Notice. You will need the Control Number included on the Notice or on your voting instruction form, as applicable. You may vote by telephone 24 hours a day. If you vote by telephone, you do not need to return a voting instruction form.

By Mail. If you requested printed copies of the proxy materials, you will receive a voting instruction form, and you may vote by signing, dating and mailing it in the envelope provided. Votes submitted by mail must be received at our headquarters on or before May 3, 2016.

In Person. You must obtain a legal proxy from the organization that holds your shares in order to vote your shares in person at the annual meeting. Follow the instructions on the Notice to obtain this legal proxy.

For both stockholders of record and beneficial owners of shares held in street name (other than stockholders within our 401(k) plan), online and telephone voting is available through 11:59 p.m. ET on May 3, 2016. For shares held by the stock fund within the Company's 401(k) plan, online and telephone voting is available through 11:59 p.m. ET on April 29, 2016.

Q. Can I change my mind after I vote?

A. You may change your vote at any time before the meeting by (1) signing and returning another proxy card with a later date (or voting through the Internet or telephone again), (2) voting at the meeting if you are a registered stockholder or have obtained a legal proxy from your bank or broker or (3) sending a notice to our Corporate Secretary prior to the meeting stating that you are revoking your proxy.

Q. What if I return my proxy card but do not provide voting instructions?

A. Proxies that are signed and returned but do not contain instructions will be voted (1) FOR the

Table of Contents

election of the twelve nominees for director, (2) FOR the ratification of our independent auditors, and (3) FOR approval of our executive officer compensation.

Q. Will my shares be voted if I do not provide my proxy instruction form?

A. If you are a stockholder of record and do not provide a proxy, you must attend the meeting in order to vote your shares. If you are a beneficial holder of shares held in street name, your shares may be voted even if you do not provide voting instructions on your instruction form as discussed below.

Q. May stockholders ask questions at the meeting?

A. Yes. Our representatives will answer stockholders' questions of general interest at the end of the meeting. In order to give a greater number of stockholders an opportunity to ask questions, individuals or groups may be allowed to ask only one question and repetitive or follow-up questions may not be permitted.

Q. How many votes must be present to hold the meeting?

A. Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy card or vote via the Internet or telephone. In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of March 10, 2016 must be present in person or by proxy at the meeting (43,131,453 shares). This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

Q. What is the effect of withheld votes, abstentions and broker non-votes and how are they treated?

A. If you "withhold" with respect to one or more director nominees, your vote will have no effect on the election of such nominee(s), as the twelve nominees receiving the highest number of "For" votes will be elected as directors.

If you elect to "abstain" with respect to any proposal, the shares are considered present and entitled to vote with respect to such proposal and included for purposes of calculating the presence of a quorum at the Annual Meeting. You may abstain from voting on any proposal to be voted on at the Annual Meeting, other than the election of directors. Under Proposals 2 and 3, abstentions will count as votes against the proposal.

A broker non-vote with respect to a proposal occurs when shares are held by a bank, broker or other nominee in street name, and the bank broker or other nominee does not receive voting instructions from the beneficial owner as to how to vote such shares. Brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain "routine" matters resulting in a broker non-vote. Under these rules, only the proposal to ratify our independent auditing firm is a "routine matter" being voted on by our stockholders this year. Broker non-votes will only be counted for Proposal 2.

Q. How many votes are needed to approve the proposals?

A. Regarding the election of directors (Proposal 1), our directors are elected by a plurality of the votes cast and the twelve nominees receiving the highest number of "For" votes will be elected as directors. Regarding Proposals 2 and 3, the measures will pass if each receives the affirmative vote of a majority of shares present and entitled to vote at the meeting.

Table of Contents

Proposal 1 Election of Directors

The first proposal to be voted on at the annual meeting will be the election of twelve director nominees. Our Nominating and Corporate Governance Committee and Board of Directors recommend approval of each of the nominees outlined below. If elected, each will serve a one-year term. Pursuant to a stockholders agreement, certain of our stockholders affiliated with Roger S. Penske and Mitsui & Co., Ltd. have agreed to vote together to elect members of our Board of Directors. See "Related Party Transactions" for a description of this stockholders agreement.

Penske Corporation recommended Greg Penske (Roger S. Penske's son) to our Nominating and Corporate Governance Committee as a candidate for election to our Board of Directors at the 2014 annual meeting. Penske Corporation has informed us that it does not intend to recommend Greg Penske for re-election to our Board at the 2017 annual meeting. Beginning in 2017, in lieu of Greg Penske, Penske Corporation presently intends to recommend one of Mr. Penske's other sons, Roger Penske, Jr., to the Nominating and Corporate Governance Committee for nomination as a candidate for election to our Board at the 2017, 2018 and 2019 annual meetings. It is expected that Mr. Penske, Jr. will serve as an advisory committee member of Penske Truck Leasing (PTL) for 2016 and it is expected that Greg Penske will step down from our Board at the 2017 annual meeting and will serve as an advisory committee member of PTL beginning in 2017.

Director Nominees. Our Nominating and Corporate Governance Committee has established minimum qualifications for director nominees, including having personal integrity, loyalty to Penske Automotive Group and concern for its success and welfare, willingness to apply sound and independent business judgment and having sufficient time available for Penske Automotive Group matters. Experience in at least one of the following is also desired: high level of leadership experience in business or administration, breadth of knowledge concerning issues affecting Penske Automotive Group, willingness to contribute special competence to board activities, accomplishments within the director's respective field, and experience reading and understanding financial statements.

The Nominating and Corporate Governance Committee and Board of Directors reviewed the qualities of the Board members as a group, including the diversity of the Board's career experiences, viewpoints, company affiliations, expertise with respect to the various facets of our business operations, and business experiences. The Board did not employ any particular benchmarks with respect to these qualities, but was mindful of achieving an appropriate balance of these qualities with respect to the Board of Directors as a whole. Moreover, the Board of Directors and Nominating and Corporate Governance Committee considered each nominee's overall service to Penske Automotive Group during the previous term, each nominee's personal integrity and adherence to the standards noted above, as well as the individual experience of each director noted within their biographies below.

Our Board of Directors Recommends a Vote "FOR" Each of the Following Nominees:

John D. Barr Chairman, Papa Murphy's Holdings, Inc.

Mr. Barr, 68, has served as a director since December 2002. Board Committees

Our Board of Directors has four standing committees: the Audit Committee, the Compensation and Management Development Committee, the Nominating and Corporate Governance Committee and the Executive Committee. Charters for the Audit, Compensation and Management Development, and Nominating and Corporate Governance committees are available on our website, www.penskeautomotive.com, under the tab "Corporate Governance." The principal responsibilities of each committee are described below. Collectively, our directors attended over 96% of our board and committee meetings in 2015, and each director attended at least 83% of their meetings. All of our directors are encouraged to attend the annual meeting of stockholders and 11 of 12 directors serving at that time attended the annual meeting in 2015.

Committee Member Qualifications. Each of the members of our Audit, Compensation and Management Development, and Nominating and Corporate Governance Committees are independent under New York Stock Exchange guidelines and our guidelines for director independence. The Board of Directors has determined that all members of the Audit Committee are "independent" and "financially literate" under New York Stock Exchange rules and applicable law, and three of the four are "audit committee financial experts," as that term is defined in Securities and Exchange Commission rules.

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibility relating to the:

financial statements, financial reporting and financial controls

internal audit function

engagement and evaluation of the independent auditing firms

significant business risks or exposures and the steps taken to assess, monitor and mitigate these risks or exposures

Table of Contents

The Compensation and Management Development Committee assists the Board of Directors in discharging its responsibility relating to:

- executive officers' compensation
- compensation and benefits of other employees
- administration of our equity incentive plans
- recommendations to the Board of Directors with respect to director compensation
- management progression and succession plans

The Nominating and Corporate Governance Committee:

- identifies prospective candidates for our Board of Directors
- recommends director nominees for each annual meeting of stockholders and any interim vacancies the Board of Directors determines to fill
- recommends to the Board of Directors corporate governance principles
- annually reviews our corporate governance policies
- oversees the Board self-evaluation
- oversees our compliance with legal and regulatory requirements

Executive Committee. Our Executive Committee's primary function is to act upon matters when the Board of Directors is not in session. The Executive Committee has the full power and authority of the Board of Directors, except to the extent limited by law or our certificate of incorporation or bylaws or other governance documents.

Board Structure and Lead Director. Roger S. Penske is the Chairman of our Board of Directors and our Chief Executive Officer. We believe the combination of these two offices represents the most appropriate approach for our company due to Mr. Penske's significant ownership position through Penske Corporation, his extensive automotive industry experience, his relationships with our key automotive partners and his experience as an executive and a director of some of the world's leading companies. In light of the combination of these positions, one of our governance principles is to have an independent "Lead Director." Our Lead Director is responsible for:

- coordinating and leading the activities of the outside directors
- establishing the agenda for executive sessions of the outside directors
- presiding at the executive sessions of the outside directors which generally occur as part of each Board meeting
- facilitating communication between the outside directors as a group and our management team

Our Lead Director is H. Brian Thompson. He may be contacted by leaving a message at the following telephone number: 800-469-1634. All messages will be reviewed by our Corporate Secretary's office and all (other than frivolous messages) will be forwarded to the Lead Director. Any written communications to the independent directors as a group or the entire Board of Directors may be sent care of the Corporate Secretary to our principal executive office. These communications (other than frivolous messages) will also be forwarded to the Lead Director.

Director Independence. A majority of our Board of Directors is independent and each of the members of our audit, compensation and nominating committees is independent. The Board of Directors has determined that Mss. McWaters and Pierce and Messrs. Barr, Eisenson,

Edgar Filing: PENSKE AUTOMOTIVE GROUP, INC. - Form DEF 14A

Lovejoy, Steinhart and Thompson are each independent in accordance with the listing requirements of the New York Stock Exchange and our guidelines for independent directors which can be found in our corporate governance guidelines on our website www.penskeautomotive.com and as set forth below. As required by New York Stock Exchange rules, our Board of Directors determined that no material relationship exists which would interfere with the exercise of independent judgment in carrying out the responsibilities of the independent directors.

For a director to be considered independent under our corporate governance guidelines, the Board of Directors must determine that the director does not have any direct or indirect

Table of Contents

material relationship with us. In addition to applying these guidelines, the Board of Directors considers relevant facts and circumstances in making the determination of independence, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. The Board considers the transactions, relationships and arrangements between the Company and affiliates of the director, including those described under "Related Party Transactions" and elsewhere in the proxy statement, in its independence determination. The Board also considers ownership of our or our affiliates' securities by the directors and their affiliates, ownership by our management team of any securities of affiliates of directors, and any direct or indirect investments in affiliates of Charlesbank Capital Partners, an affiliate of Michael Eisenson, or Transportation Resource Partners, an affiliate of Penske Corporation.

Under our guidelines, which are more stringent than the New York Stock Exchange guidelines, a director will not be independent if:

1. The director is employed by us, or an immediate family member is one of our executive officers.*
2. The director receives more than \$60,000 of direct compensation from us, other than director fees and deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).*
3. The director is affiliated with or employed by one of our independent auditing firms, or an immediate family member is affiliated with or employed in a professional capacity by one of our independent auditing firms.
4. An executive officer of ours serves on the compensation committee of the board of directors of a company that employs the director or an immediate family member as an executive officer.
5. The director is an executive officer or employee, or if an immediate family member is an executive officer, of another company that does business with us and the sales by that company to us or purchases by that company from us, in any single fiscal year during the evaluation period, are more than the greater of two percent of the annual revenues of that company or \$1 million.
6. The director serves as an officer, director or trustee of a charitable organization, and our charitable contributions to the organization are more than the greater of \$250,000 or one percent of that organization's total annual charitable receipts during its last completed fiscal year.

*

Employment as an Interim Chairman, Interim CEO or other executive officer on an interim basis, and related compensation, shall not disqualify a director from being considered independent following that employment.

Risk Management. We have designed and implemented processes to manage risk in our operations. The Board of Director's role in risk management is primarily one of oversight. Management is responsible for the implementation and execution of our risk management initiatives. Our Board of Directors executes its oversight role directly and also through its various committees as set forth below.

Audit Committee

reviews management's assessment of the key risks facing our Company, including the key controls we rely on to mitigate those risks

monitors certain key risks at each of its regularly scheduled meetings, such as liquidity risk, risk relating to compliance with credit covenants, and related party transaction risk

Nominating and Corporate Governance Committee

oversees compliance with legal and regulatory requirements

reviews risks relating to our governance structure

Table of Contents

Compensation and Management Development Committee

reviews the Company's succession planning

Full Board of Directors

reviews strategic and operational risk in the context of reports from corporate management, regional executives and other officers

Securities Trading Policy/Anti-Hedging. Our securities trading policy applies to all of our directors, officers and employees and restricts trading in our securities while in possession of material nonpublic information. The policy prohibits our directors, officers, employees and their designees from engaging in hedging, short sales and other trading techniques that offset any decrease in market value of our equity securities without the approval of our General Counsel. No such approvals were requested in 2015.

Stock Ownership Guidelines/Pledging. Our stock ownership guidelines, discussed in the CD&A below, require threshold levels of our stock to be held by executive officers, other senior officers and directors. These guidelines exclude any shares that are pledged by our directors and officers.

Controlled Company. Under the New York Stock Exchange rules, if a company is "controlled" it need not have a majority of independent directors or solely independent compensation or nominating committees. We are a "controlled company" because more than 50% of the voting power for the election of directors is held by Penske Corporation through its voting agreement with Mitsui & Co. and their affiliates. These entities are considered a group due to the provisions of the stockholders agreement between these parties described under "Related Party Transactions." Even though we are a "controlled company," we are fully compliant with the New York Stock Exchange rules for non-controlled companies.

Director Candidates. When considering new candidates for our Board of Directors, the Nominating and Corporate Governance Committee uses the network of contacts of the Board of Directors to compile potential candidates, but may also engage, if it deems appropriate, a professional search firm. The committee considers whether the nominee would be independent and meets with each candidate to discuss and consider his or her qualifications. The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders pursuant to procedures outlined below. Stockholder proposals for nominees should be addressed to our Corporate Secretary, Penske Automotive Group, 2555 Telegraph Road, Bloomfield Hills, MI 48302. The committee's evaluation of stockholder-proposed candidates will be the same as for any other candidates.

Director candidate submissions are to include:

sufficient biographical information concerning the recommended individual, including age, employment history with employer names and description of the employer's business

whether such individual can read and understand basic financial statements

a list of board memberships and other affiliations of the nominee

a written consent of the individual to stand for election and serve if elected by the stockholders

a statement of any relationships between the person recommended and the person submitting the recommendation

a statement of any relationships between the candidate and any automotive retailer, manufacturer or supplier

proof of ownership by the person submitting the recommendation of at least 500 shares of our common stock for at least one year

Table of Contents

Recommendations received by November 21, 2016, will be considered for nomination at the 2017 annual meeting of stockholders. Recommendations received after November 21, 2016 will be considered for nomination at the 2018 annual meeting of stockholders.

Location of Corporate Governance Documents. Our corporate governance guidelines and the other documents referenced in this section are posted on our website, www.penskeautomotive.com, under the tab "Corporate Governance." We have also adopted a Code of Business Conduct and Ethics that applies to all of our employees and directors. We intend to disclose waivers, if any, for our executive officers or directors from the code, and changes to the code, on our website.

Section 16(a) Beneficial Ownership Reporting Compliance. Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who beneficially own more than 10% of our stock to file reports of ownership with the SEC. Our employees prepare these reports using information obtained from them and our records. We believe all Section 16(a) reports were timely filed in 2015.

Stockholder Nominations and Proposals for 2016. We must receive any proposals submitted pursuant to Rule 14(a)-8 of the SEC proxy rules intended to be presented to stockholders at our 2017 annual meeting of stockholders at our principal executive offices at 2555 Telegraph Road, Bloomfield Hills, Michigan 48302-0954 for inclusion in the proxy statement by November 11, 2016. These proposals must also meet other requirements of the rules of the SEC relating to stockholder proposals. Stockholders who intend to present an item of business at the annual meeting of stockholders in 2017 (other than a proposal submitted for inclusion in our proxy statement) must follow the procedures set forth in our bylaws and provide us notice of the business no later than February 3, 2017.

Proposal 2 Ratification of the Selection of our Independent Auditors

Our Audit Committee has selected Deloitte & Touche LLP, the member firm of Deloitte Touche Tohmatsu Limited, and their respective affiliates (collectively referred to as "Deloitte") as our principal independent auditing firm for 2016. In performing its services for 2016, we anticipate Deloitte will not audit our subsidiaries which own the majority of our international operations and their opinions, insofar as they relate to those operations, will be based solely on the report of the independent auditor of those operations, KPMG LLP ("KPMG"). We refer to Deloitte and KPMG collectively as our independent auditing firms.

We have determined to submit the selection of auditors to stockholder ratification, even though it is not required by our governing documents or Delaware law. If the selection of Deloitte as our independent auditors is not ratified by our stockholders, our Audit Committee will re-evaluate its selection, taking into consideration the stockholder vote on the ratification and the advisability of selecting new auditors prior to completion of the 2016 audit.

Our Audit Committee is solely responsible for selecting, engaging and terminating our independent auditing firms, and may do so at any time at its discretion. It is anticipated that a representative of Deloitte will be present at the annual meeting with the opportunity to make a statement and to answer appropriate questions.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of our accounting functions and internal controls as more fully discussed above under "Our Corporate Governance." The Audit Committee has the sole authority to retain and terminate our independent auditing firms, and is responsible for recommending to the Board of Directors that our financial statements be included in our annual report on Form 10-K.

The Audit Committee took a number of steps in making this recommendation for our 2015 annual report. The Audit Committee discussed with our independent auditing firms those matters required to be discussed by the Public Company Accounting Oversight Board ("PCAOB"), including information regarding their independence and the scope and results of their audit. These communications and discussions were intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. The Audit Committee also discussed the independent auditing firms' independence and received the letters and written disclosures from the independent auditing firms required by the PCAOB. Finally, the Audit Committee reviewed and discussed the annual audited financial statements with our management and the independent auditing firms in advance of the public release of operating results, and before the filing of our annual and quarterly reports with the Securities and Exchange Commission.

Based on the foregoing, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board of Directors that our audited financial statements be included in our 2015 annual report on Form 10-K as filed with the SEC on February 25, 2016.

INDEPENDENT AUDITING FIRMS

We paid the independent auditing firms the fees described below in 2015 and 2014, all of which services were approved by our Audit Committee:

Audit Services:

- audits of our consolidated financial statements
- audits of management's assessment of internal control over financial reporting
- reviews of quarterly financial statements
- other services normally provided in connection with statutory or regulatory engagements

Audit Related Services:

- services in connection with registration statements filed with the Securities and Exchange Commission
- acquisition due diligence
- audits of benefit plans
- consents and comfort letters
- accounting research and consultation

Tax Fees:

- services rendered by the independent auditing firms in connection with tax compliance, planning and advice, including in connection with acquisitions.

All Other Fees:

- primarily related to software charges.

Audit Fees	\$	1,535,959	\$	1,320,500	\$	1,119,386	\$	1,253,265
Audit Related Fees		265,500		188,500		8,000		46,175
Tax Fees								
Tax Compliance		340,908		128,359				
Other Tax Fees		421,354		490,618				23,000
All Other Fees						8,940		9,600
Total Fees	\$	2,563,721	\$	2,127,977	\$	1,136,326	\$	1,332,040

The Audit Committee has considered the nature of the above-listed services provided by the independent auditing firms and determined that they are compatible with their provision of independent audit services under relevant guidance. The Audit Committee has discussed these services with the independent auditing firms and management and determined that they are permitted under the Code of Professional Conduct of the American Institute of Certified Public Accountants, the auditor independence requirements of the Public Company Accounting Oversight Board,

and the laws and regulations administered by the Securities and Exchange Commission.

Pre-approval Policy. The Audit Committee has adopted a policy requiring pre-approval of all audit and non-audit services provided by the independent auditing firms. The primary purpose of this policy is to ensure that we engage our public accountants with a view toward maintaining independence. The Audit Committee is required to pre-approve all services relating to work performed for us by our independent auditing firms and related fees. The Audit Committee must also approve fees incurred for pre-approved services that are in excess of the approved amount. Pre-approval of audit and non-audit services and fees may be given at any time up to a year before commencement of the specified service. The Chairman of the Audit Committee may independently approve fees and services as long as they are reviewed and ratified by the Audit Committee at its next regularly scheduled meeting. All of the services and related fees set forth above were approved by the Audit Committee in accordance with this policy.

Proposal 3 Advisory Vote on Executive Compensation

Last year, our stockholders approved the compensation of our named executive officers as described under "Compensation Discussion and Analysis" and "Executive Compensation" with over 99% of the votes cast by our stockholders voting in favor. We are again seeking a non-binding advisory vote on our executive compensation and there have not been any significant changes to the elements of our executive compensation program in 2015. Because your vote is advisory, it will not be binding upon the Compensation and Management Development Committee however, the committee will take the outcome of the vote into account when making future executive compensation decisions.

Our compensation program is designed to motivate our executive officers to enhance long-term stockholder value and to attract and retain the highest quality executive and key employee talent available. We believe our executive compensation is aligned with increasing the value of our common stock and promoting our key strategies, values and long term financial and operational objectives. In this regard, we note that:

Mr. Penske beneficially owns approximately 32 million shares of our common stock, which significantly aligns his interests with the stockholders' interests

In the last several years, neither our Chief Executive Officer nor President has received an annual cash bonus as both only have received restricted stock grants in lieu of a cash bonus

The named executive officers receive restricted stock grants with vesting provisions weighted towards the third and fourth years and are subject to stock ownership requirements discussed below, which encourages long-term stock ownership

We do not have any employment agreements with our named executive officers and have no agreements that provide for severance payments upon termination of employment

Our executive officers earn no additional retirement income under any supplemental executive retirement plan

Executive officers are subject to a "clawback" of incentive compensation for detrimental conduct to encourage compliance with policies and appropriate behavior and we prohibit our directors, officers and employees from engaging in hedging with respect to our equity securities (as discussed above under " Our Corporate Governance")

We structure our compensation practices to be consistent with and support sound risk management. Our compensation committee reviews risk associated with our compensation policies and has determined such risk is not excessive

THE BOARD OF DIRECTORS BELIEVES THAT THE COMPENSATION OF OUR EXECUTIVE OFFICERS IS APPROPRIATE AND RECOMMENDS A VOTE FOR THE FOLLOWING ADVISORY RESOLUTION:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED."

Executive Officers

Our executive officers are elected by the Board of Directors and hold office until their successors have been duly elected and qualified or until their earlier resignation or removal from office. Biographies of Messrs. Kurnick and Penske are set forth above. Biographies of our other executive officers are provided below:

J.D. Carlson, 46, has served as our Executive Vice President and Chief Financial Officer since June 2015 and prior to that served as our Senior Vice President and Corporate Controller since May 2011. He previously served as our Vice President and Controller since joining our company in April 2006. Prior to joining us, Mr. Carlson was Corporate Controller for Tecumseh Products. He was previously a Senior Manager for PricewaterhouseCoopers, an accounting and financial advisory services firm, which he joined in 1995.

Bud Denker, 57, has served as our Executive Vice President – Human Resources since July 1, 2015. He also serves as Executive Vice President, Marketing and Communications of Penske Corporation, which he joined in 2005 and Executive Vice President of Penske Racing. Mr. Denker served as our Executive Vice President – Marketing from July 2005 to June 2015. Prior to joining us, Mr. Denker served as Vice President, Brand and Market Development for Eastman Kodak Company from 2001-2005.

Shane M. Spradlin, 46, has served as our Executive Vice President since February 2010, our General Counsel since December 2007, and our Corporate Secretary since March 2004. Mr. Spradlin joined our Company in March 2003. From 1999 to 2003, he served as Corporate Counsel to Nextel Communications in Reston, Virginia. From 1995 through 1999, Mr. Spradlin was an associate with the New York and Washington, D.C. offices of Latham & Watkins, specializing in corporate finance and mergers and acquisitions.

Compensation Committee Report

The Compensation and Management Development Committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis set forth below with management. Based on this review and these discussions with management, the committee has recommended to our Board of Directors that the Compensation Disclosure and Analysis be included in this proxy statement.

Compensation Discussion and Analysis

Executive Summary. Our compensation program is designed to motivate our executive officers to enhance long-term stockholder value and to attract and retain the highest quality executive and key employee talent available. We believe our executive compensation should be aligned with increasing the value of our common stock and promoting our key strategies, values and long term financial and operational objectives. As further discussed below:

Mr. Penske beneficially owns approximately 32 million shares of our common stock, which significantly aligns his interests with the stockholders' interests

In the last several years, neither our Chief Executive Officer nor President has received an annual cash bonus as both only have received restricted stock grants in lieu of a cash bonus

The named executive officers receive long-term restricted stock grants with vesting provisions weighted towards the third and fourth years and are subject to stock ownership requirements discussed below, which encourages long-term stock ownership

We do not have any employment agreements with our named executive officers and have no agreements that provide for severance payments upon termination of employment

Our executive officers earn no additional retirement income under any supplemental executive retirement plan

Executive officers are subject to a "clawback" of incentive compensation for detrimental conduct to encourage compliance with policies and appropriate behavior and we prohibit our directors, officers and employees from engaging in hedging with respect to our equity securities (as discussed above under " Our Corporate Governance")

We structure our compensation practices to be consistent with and support sound risk management. Our compensation committee reviews risk associated with our compensation policies and has determined such risk is not excessive

In recent years, Mr. Penske has received an annual performance based award payable in shares of restricted stock. For 2015, Mr. Penske was eligible to attain up to 150% of his target performance based award. As detailed below, Mr. Penske achieved 77% of the performance targets listed below, entitling him to approximately \$3.9 million in shares of restricted stock granted in February 2016.

In 2015, over 99% of the votes cast by our stockholders approved our 2014 executive compensation and there have not been any significant changes to the elements of our executive compensation in 2015.

Compensation Philosophy. Other than with respect to Mr. Penske, the majority of our executive and employee compensation is payable in cash in the short-term, and is comprised principally of salary and cash bonuses. We use cash compensation as the majority of our compensation because we believe it provides the most flexibility for our employees and is less dilutive to existing stockholders than equity compensation. The compensation committee also recognizes that stock prices may reflect factors other than long-term performance, such as general economic conditions and varying attitudes among investors toward the stock market in general and toward automotive retail companies specifically. However, we also provide long-term compensation in the form of restricted stock awards for senior employees. Our restricted stock program awards typically vest over four years, with 70% of any award vesting in the third and fourth years. We believe this long term compensation helps to align management's goals with those of our other stockholders and provides a long-term retention inducement for our key employees, as discussed below under the heading "Incentive Equity Awards."

Outside Advisors and Consultants. Our compensation committee has full access to any

Table of Contents

of our employees and has the authority to hire outside consultants and advisors at its discretion. Notwithstanding management's participation in the executive compensation process, all executive officer compensation determinations are made by the committee, using its independent judgment and analysis.

During 2015, we engaged Pearl Meyer & Partners ("PM&P") to conduct a compensation analysis which involved the comparison of long-term, short-term and total compensation of our named executive officers (and certain other officers) with two selected groups of peer companies consisting of our automotive retail peers (Asbury Automotive Group, AutoNation, CarMax, Group 1 Automotive, Lithia Motors and Sonic Automotive) and a broader set of companies (the automotive retail peers plus Advance Auto Parts Inc., Avis Budget Group, Inc., CST Brands, Inc., Hertz Global Holdings, Inc., Murphy USA Inc., and O'Reilly Automotive Inc.). PM&P is an independent compensation consulting firm and did not provide any other services to us outside of this engagement in 2015. PM&P reported directly to the compensation committee.

In February of 2016, the compensation committee considered the independence of PM&P in light of SEC rules and listing standards of the NYSE. The Compensation Committee requested and received a letter from PM&P addressing the consulting firm's independence, including the following factors: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation Committee; (5) any company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. The letter highlighted two additional factors that supported their independence: (1) PM&P has not provided any gifts, benefits, or donations to our company or received any gifts, benefits, or donations from our Company and (2) PM&P is bound by strict confidentiality and information sharing protocols. The compensation committee discussed these considerations, among other things, and concluded that the work of PM&P did not raise any conflict of interest.

Role of Executive Officers. The compensation committee relies on our senior management to assist in fulfilling many of its duties, in particular our Executive Vice President Human Resources and Chief Executive Officer, each of whom attends part of most committee meetings. These executives make recommendations concerning our compensation policies generally, certain specific elements of compensation for senior management (such as equity awards and bonuses), and report to the committee as to company personnel and developments. Our Chief Executive Officer also makes specific compensation recommendations concerning our other executive officers and certain other employees. Our Chief Executive Officer does not participate in determining his own compensation.

Addressing Risk. Our compensation committee recognizes that any incentive based compensation arrangement induces an inherent element of risk taking by senior management. We incent management through annual discretionary bonuses, restricted stock grants and, in some cases, performance based bonuses. The committee assesses the risk related to our compensation policies for the named executive officers and for the employees generally, and has determined that our compensation arrangements do not lend themselves to unnecessary or excessive risk taking. The committee believes that any inherent risk is mitigated by the following factors:

Our compensation recovery policy noted below

Our committee's negative discretion to reduce any performance based award

Approximately 70% of the equity compensation we issue vests in the third and fourth years

Table of Contents

Rigorous internal and external audits of our field and consolidated results

Our commitment to full compliance with our code of conduct

Thorough investigation of all fraud and financial-related complaints, including those received on our anonymous hotline

The responsibilities of the compensation committee and committee member independence are described under "Our Corporate Governance" beginning on page 9.

Compensation Recovery Policy. We have a policy regarding the recovery of unfairly earned compensation. Under the policy, if our Board determines that a member of management earned performance based compensation or incentive compensation within the last three years due to fraud, negligence or intentional misconduct, and such conduct was a significant contributing factor to our restating our financial statements or the reporting of material inaccuracies relating to financial reporting or other performance metrics used in those awards, our Board has the discretion to cause that employee to repay and/or forfeit all compensation that was expressly conditioned upon the achievement of the misreported financial results.

Equity Award Approval Policy. We have an equity award approval policy which requires that all equity awards be approved by the committee and that the grant date of all awards except those discussed below shall be the date of the approval by the committee. As part of that policy, the compensation committee delegated to our Chief Executive Officer the authority to grant awards of up to an aggregate of 50,000 shares of our common stock (or stock equivalents) for new hires or spot awards, provided that the awards are reported to the committee at its next meeting. Our compensation committee believes that this delegation of authority allows us to meet our ongoing business needs in a practical manner. Our Chief Executive Officer approved awards for 3,051 shares under that authority in 2015, which awards were ratified by the committee.

Stock Ownership Guidelines. Our stock ownership guidelines are designed to align our management and Board members' interests with our stockholders. The guidelines require that officers and directors own the following levels of common stock, expressed as a multiple of base salary.

CEO	8x
President	4x
Executive Vice Presidents	2x

Non-employee board members are required to own common stock equal to five times our annual retainer (currently, \$40,000 × 5= \$200,000). Directors and officers have until the later of five years from adoption of the policy or appointment, to reach the minimum ownership level, though our policy allows extensions at the discretion of the Chairman and Lead Independent Director. These guidelines exclude any shares that are pledged by any of our directors and officers.

Determination of Amounts. The compensation committee reviews and determines all aspects of compensation for our executive officers. In making decisions regarding non-CEO compensation, the committee receives input from our Chief Executive Officer. Except with respect to our annual performance awards to our Chief Executive Officer and President (discussed below), our compensation committee does not use formulas in determining the amount and mix of compensation. The committee believes that solely using annual quantitative performance measurements does not create the appropriate balance of incentives to build long-term value. Thus, the committee evaluates a broad range of qualitative factors, including reliability, a track record of integrity, good judgment, foresight and the ability to lead others.

The committee reviews salary adjustments with a view to maintaining external compensation competitiveness. We annually benchmark competitiveness against a group of publicly

Table of Contents

traded automotive retailers (Asbury Automotive Group, AutoNation, CarMax, Group 1 Automotive, Lithia Motors and Sonic Automotive) and in 2015 benchmarked against the additional companies noted above under "Outside Advisors and Consultants." While we benchmark our compensation against our industry peers, we do not target a specific quartile of pay for our executive officers as compared to our peers as we believe each of our executive officer's circumstances are unique to the individual and we base our compensation accordingly.

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally imposes a \$1 million per year ceiling on the tax-deductibility of some types of compensation paid to certain of the named executive officers of a public company, unless the remuneration is treated as performance-based. We have designed our 2012 Equity Incentive Plan, and our 2015 Equity Incentive Plan, to facilitate the payment of performance-based compensation meeting these tax deductibility rules where appropriate. For any of these awards, the compensation committee reserves discretion to reduce (but not increase) the payout under the award.

Our Compensation Program. Our compensation program primarily consists of four elements:

Base salary

Annual discretionary cash bonus payments

Restricted stock awards

Employee health and welfare plan participation and other benefits, such as a vehicle allowance

Base Salary. The salaries of our executive officers are determined by scope of job responsibility, experience, individual performance, historical salary levels and the benchmarking information discussed above. The committee approves salary levels for executive officers and certain key employees in order to maintain external compensation competitiveness using the benchmarks noted above, and to reflect the performance of those employees in the prior year and to reflect any change in the employee's responsibilities. The evaluation of the individual's performance is based upon the committee's subjective perception of that performance, based in large part on input from our Chief Executive Officer and the factors noted above under "Determination of Amounts."

The committee also considers our Company-wide performance and general economic factors. The items of corporate performance that are considered for our named executive officers are the same as those with respect to the award detailed below under "2015 Compensation." Our compensation committee uses these factors in a subjective evaluation to gauge Company performance, keeping in mind the impact of the general performance of the automotive retail industry.

Annual Bonus Payments. Our senior management is eligible to receive annual discretionary cash bonus payments. In the past several years, our Chief Executive Officer and President have not received any discretionary bonus payments, receiving only the restricted stock grants resulting from their performance based awards described below under "2015 Compensation" and "President Compensation." We pay annual bonuses to our other executive officers to provide an incentive for future performance and as a reward for performance during the prior year. These discretionary bonus payments are determined in varying degrees based on three criteria:

Company-wide performance in the prior year

Evaluation of an individual's performance in the prior year

Evaluation of the annual performance of an individual's business unit in the prior year

The items of Company-wide performance that are considered for our named executive officers are the same as those detailed below under "2015 Compensation." Our compensation committee uses these factors in a subjective evaluation to gauge Company performance, keeping in mind the impact of the overall performance of the business sectors in which we compete. The evaluation of the individual's

Table of Contents

performance and the performance of the individual's business unit is based on the committee's perception of that performance, based in part on input from our Chief Executive Officer and the factors noted above under "Determination of Amounts."

Incentive Equity Awards. In 2015, we issued equity incentive awards under our 2012 Equity Incentive Plan and our 2015 Equity Incentive Plan approved by our stockholders in May 2015. The 2012 plan initially provided up to two million shares for equity awards, including awards that are intended to satisfy the requirements of Section 162(m) of the Internal Revenue Code, and terminated on November 1, 2015, however outstanding awards granted under this plan will remain subject to the terms of this plan. We granted 737,955 incentive equity awards under this plan since 2012 (giving effect to certain forfeitures and shares withheld). The 2015 plan provides up to four million shares for equity awards, including awards that are intended to satisfy the requirements of Section 162(m) of the Internal Revenue Code and terminates on May 5, 2020. We have granted 40,434 incentive equity awards under this plan, leaving availability for 3,959,566 awards (giving effect to certain forfeitures and shares withheld).

Each member of senior management is eligible to receive a restricted stock award because we believe these awards effectively align management's goals with those of our other stockholders. Restricted stock grants for management typically vest over four years at a rate of 15%, 15%, 20% and 50% per year, and are subject to forfeiture in the event the employee departs from the Company before vesting. We believe these awards provide a longer-term incentive for management because the majority of the award vests in the third and fourth year. We employ this form of compensation in part because many of our initiatives may take several years to yield benefits. We also believe that weighted vesting of these awards provides an additional incentive to retain our valuable employees due to the unvested value that may be created over time. Our restricted stock awards mirror our other outstanding stock, including the right to vote with our other stockholders and receive dividends. Under certain situations, we have issued restricted stock units to employees, in particular in foreign jurisdictions, which do not include voting rights but otherwise mirror the restricted stock awards.

Restricted stock grants are generally discretionary and are based upon the awards granted in the prior year adjusted to reflect changes in the responsibilities of the named executive officers, the individual's performance and Company-wide performance measures detailed below under "2015 Compensation," keeping in mind the overall performance of the business sectors in which we compete. The amounts are also established to induce retention, as the awards are the sole aspect of long-term compensation for our named executive officers. In 2015, the committee approved the grant of approximately 352,094 incentive equity awards to employees and directors (representing approximately 0.4% of our current outstanding equity), including the awards relating to the 2015 management incentive awards for our Chief Executive Officer and President and excluding awards to our non-employee directors.

Other Compensation. We may also provide employees with selected other benefits or perquisites in order to attract and retain highly skilled employees. With respect to health and welfare benefits, the committee believes that our employees should receive a meaningful benefit package commensurate with those of other automotive retailers, recognizing the increasing cost of those benefits in recent years. We also provide our U.S. employees with company matching under our 401(k) plan. Our named executive officers and directors are also provided with an automobile allowance or the use of a company vehicle. From time to time, we may provide other benefits to certain members of our senior management, such as payment for a country club membership or tax gross-ups for certain items. We have valued these benefits in the following disclosure tables based on our cost except for situations where the employee or director has used a company owned vehicle, in which case we have used Internal Revenue Service guidelines. We review these benefits on a case-by-case basis and believe, if limited in

Table of Contents

scope, such benefits can provide an incentive to long term performance and help retain our valuable employees.

No Employment Agreements or Pre-arranged Severance Compensation. None of our current executive officers have been provided an employment agreement, nor are they entitled to any pre-arranged severance compensation. We believe our mix of short-term and long-term compensation provides a retention incentive that makes an employment contract unnecessary, while providing us flexibility with respect to managing the departure of an executive officer. Our lack of pre-arranged severance compensation is consistent with our performance based compensation philosophy, and provides us the flexibility to enter into post-employment arrangements based on circumstances existing upon departure. We have historically entered into varying types of severance arrangements with departing members of our senior management, which have included vesting of restricted stock and consulting agreements, as we believe it may be important to have continuing access to these individuals' knowledge base and guidance. In the event we employ consulting agreements, we have typically obtained a non-compete agreement with these individuals. With respect to a change in control, none of our current executive officers have been guaranteed any change of control payments, however, certain of our outstanding restricted stock grants provide that in the event of a change of control, the award will vest.

2015 Compensation

Chief Executive Officer Compensation. Our compensation committee established 2015 performance targets for a performance based award for Mr. Penske in February 2015. The award established a threshold payout of \$2.5 million (50% of target), a target payout of \$5.0 million (100% of target) and a maximum potential payout of \$7.5 million (150% of target) to be paid in shares of restricted stock to be granted in 2016. Mr. Penske achieved 77% of the performance metrics noted below, which entitled him to approximately \$3.9 million in shares of restricted stock granted in February 2016. The committee noted the substantial decrease in the Company's stock price in the fourth quarter of 2016 and, upon the recommendation of the Chairman and President, the committee agreed that the most appropriate mechanism to calculate the resulting share award was to use the total award achieved divided by the average PAG stock price for each trading day in 2015 resulting in an awards of 77,633 and 15,527 shares of restricted stock, respectively, vesting over a four year period.

President Compensation. In February 2015, the committee established a similar performance based award for Mr. Kurnick with respect to 2015, with a threshold payout of \$500,000 (50% of target), a target payout of \$1,000,000 (100% of target) and a maximum potential payout of

\$1.5 million (150% of target) to be paid in shares of restricted stock to be granted in 2016. The performance objectives and component percentages are the same as those set forth above with respect to the 2015 award for Mr. Penske. Mr. Kurnick achieved 77% of the performance metrics noted above, which entitled him to approximately \$774,000 in shares of restricted stock granted in February 2016. Mr. Kurnick did not receive an annual cash bonus because he received this restricted stock grant in lieu of a cash bonus.

In February 2016, the committee established a similar performance based award for Mr. Kurnick with respect to 2016, with a threshold payout of \$500,000 (50% of target), a target payout of \$1.0 million (100% of target)

and a maximum potential payout of \$1.5 million (150% of target) to be paid in shares of restricted stock to be granted in 2017 calculated by dividing the resulting total award achieved by the average PAG stock price for each trading day in 2016. The performance objectives and component percentages are the same as those set forth above with respect to the 2016 award for Mr. Penske.

Mr. Kurnick is also the President of Penske Corporation (our controlling stockholder) and he receives a substantial amount of compensation from Penske Corporation. While Mr. Kurnick devotes a substantial amount of time and effort to our company, his total compensation paid by us reflects that he devotes time to Penske Corporation. Our committee does not track the exact percentage of time spent on Penske Automotive matters, recognizing that the amount varies from year to year, but it is generally expected to represent approximately 75% of his time. In determining Mr. Kurnick's pay, our compensation committee considers the impact of the time Mr. Kurnick spends on Penske Automotive matters, including the benefits of his leadership capabilities.

Other Executive Officer Compensation. Mr. Denker assumed the role of Executive Vice President Human Resources as of July 1, 2015. He previously was our Executive Vice President of Marketing. Mr. Denker also serves as the Executive Vice President, Marketing and Communications for Penske Corporation and the Executive Vice President of Penske Racing, a wholly owned subsidiary of Penske Corporation, for which he receives additional compensation from Penske Corporation. While Mr. Denker devotes a substantial amount of time and effort to our company, his total compensation paid by us reflects that he devotes time to Penske Corporation. Our committee does not track the exact percentage of time spent on Penske Automotive matters, recognizing that the amount varies from year to year, but it is generally expected to represent approximately 75% of his time. In determining Mr. Denker's pay, our compensation committee considers the impact of the time Mr. Denker spends on Penske Automotive matters. Mr. Denker's annual salary level as our Executive Vice President Human Resources was \$500,000 in 2015.

In June, 2015, Mr. Carlson's annual salary was increased from \$450,000 to \$475,000 and he was granted 2,500 shares of restricted stock in consideration of his promotion to Chief Financial Officer. Mr. Spradlin's annual compensation was increased from \$475,000 to \$500,000 as of July 1, 2015. Our compensation committee approved these amounts in recognition of Mr. Carlson's additional responsibilities, the Company's performance in 2014 and 2015 and based upon its benchmarking against our peer companies. Each of our named executive officers received the stock awards and bonuses set forth in the tables below. In addition, in February 2016, Messrs. Carlson, Denker and Spradlin received 5,000, 5,000, and 7,500 shares of restricted stock, respectively, vesting over four years at a rate of 15%, 15%, 20% and 50% as part of our annual grant under the 2015 Equity Incentive Plan. In 2015, we were reimbursed approximately five percent of Mr. Spradlin's base salary by Penske Corporation to reflect his efforts on behalf of Penske Corporation. The full amount of Mr. Spradlin's base salary is shown in the table below.

Table of Contents**Executive Compensation**

The following table contains information concerning 2015 annual and long-term compensation for our Chief Executive Officer, Chief Financial Officer and each of our three other most highly compensated executive officers, collectively referred to as the "named executive officers." In addition the table sets forth compensation of two prior officers who no longer served as executive officers at the end of 2015. For a discussion of our methodology in valuing the items set forth under "All Other Compensation," see "CD&A Other Compensation."

Former Executive Vice President Human Resources						

This table reflects two years of awards for Messrs. Penske and Kurnick: the 2014 awards attained that were paid in the form of restricted stock in 2015, and the awards relating to 2015 that were paid in 2016.

Narrative Discussion of Summary Compensation Table and Plan Based Awards

The amounts set forth in the two preceding tables reflect payments and awards to our named executive officers based on the principles and descriptions discussed under "CD&A."

Mr. Penske's Performance Based Award. Our compensation committee established 2015 performance targets for a performance based award for Mr. Penske in February 2015. The award established a threshold payout of \$2.5 million (50% of target), a target payout of \$5.0 million (100% of target) and a maximum potential payout of \$7.5 million (150% of target) to be paid in shares of restricted stock to be granted in 2016.

Edgar Filing: PENSKE AUTOMOTIVE GROUP, INC. - Form DEF 14A

Mr. Penske achieved 77% of the performance metrics noted above relating to this award, which entitled him to approximately \$3.9 million in shares of restricted stock granted in February 2016, as more fully discussed above in "CD&A Chief Executive Officer Compensation." Mr. Penske did not receive an annual cash bonus because he received this restricted stock grant in lieu of a cash bonus.

Mr. Kurnick's Performance Based Award. In February 2015, the committee established a similar performance based award for Mr. Kurnick with respect to 2015, with a threshold payout of \$500,000 (50% of target), a target payout of \$1.0 million (100% of target) and a maximum potential payout of \$1.5 million (150% of target) to be paid in shares of restricted stock to be granted in 2016. Mr. Kurnick achieved 77% of the performance metrics noted above relating to this award, which entitled him to approximately \$774,000 in shares of restricted stock granted in February 2016, as more fully discussed above in

Table of Contents

"CD&A President Compensation." Mr. Kurnick did not receive an annual cash bonus because he received this restricted stock grant in lieu of a cash bonus.

Other Restricted Stock Awards. The equity awards granted in February 2015 to Messrs. Carlson, Denker, Jones, Sharp and Spradlin were awarded as part of an annual grant of restricted stock pursuant to the terms of the 2012 Equity Incentive Plan. The July award to Mr. Carlson was in recognition of his promotion to Chief Financial Officer. These awards each vest annually on June 1 over four years at a rate of 15%, 15%, 20% and 50% and were issued based on principles described in the "CD&A Incentive Equity Awards." Mr. Jones, our former Chief Financial Officer forfeited his outstanding restricted stock, including the awards noted above, upon his departure from our Company in June of 2015. Mr. Sharp's award noted above, as well as other outstanding shares of restricted stock were vested upon his retirement in 2016 and he received a \$135,000 severance payment at that time.

Pension Benefits and Nonqualified Deferred Compensation

Our executive officers are not eligible to participate in any defined benefit or non-qualified deferred compensation plans.

"Golden Parachutes" or Termination/Change in Control Payments

None of our current executive officers have been provided an employment agreement, nor are they entitled to any pre-arranged severance compensation. Upon his departure from our company in June 2015, our former Chief Financial Officer received no severance or other payments. Upon Mr. Sharp's retirement from our Company in 2016, we vested the remaining 12,230 shares of restricted stock in recognition of his tenure and exemplary efforts for our Company and he received a \$135,000 severance payment. With respect to a change in control, none of our current executive officers have been guaranteed any change of control payments, however, certain of our outstanding restricted stock grants provide that in the event of a change of control the award will vest. Based on a closing stock price of \$39.75 on March 3, 2016, the following number of shares would vest assuming a change of control occurred on that date: Roger Penske 384,763 shares (\$15,294,329), Robert Kurnick 73,858 shares (\$2,935,856), Shane Spradlin 32,223 shares (\$1,280,864), J.D. Carlson 22,463 shares (\$892,904) and Bud Denker 16,275 shares (\$646,931).

Director Compensation

The Board of Directors believes that its members should receive a mix of cash and equity compensation, with the option to receive all compensation in the form of equity. The Board of Directors approves changes to director compensation only upon the recommendation of the Compensation and Management Development Committee, which is composed solely of independent directors. Although all of our directors are eligible for our charitable donation matching program discussed below, only those directors who are not our employees are eligible for director compensation.

Annual Fee and Stock Award. Each non-employee director receives an annual fee of \$40,000, except for audit committee members, who receive \$45,000. Committee chairpersons receive an additional \$5,000. These fees are payable, at the option of each non-employee director, in cash or common stock valued on the date of receipt (generally in the fourth quarter of the year of service). Our non-employee directors also receive an annual grant of 4,000 shares of stock.

Option to Defer Receipt until Termination of Board Service. Under our Non-Employee Director Compensation Plan, the annual fee and equity awards earned by our non-employee directors may be deferred in either cash (for the annual fee) and/or deferred stock. Each deferred stock unit is equal in value to a share of common stock, and ultimately will be paid in cash after a director retires. These stock units do not have voting rights, but do receive dividends in the form of additional stock units which are credited to the director's account on the date dividends are paid. All cash fees deferred are held in our general funds, and interest on such deferred fees is credited to the director's account at the then current U.S. 90-day Treasury bill rate on a quarterly basis.

Charitable Donation Matching Program. All directors are eligible to participate in a charitable matching gift program. Under this program, in 2015 we matched up to \$50,000 per year in contributions by each director to institutions qualified as tax-exempt organizations under 501(c)(3) of the Internal Revenue Code and other institutions approved at the discretion of management. We may decline to match any contribution to an institution with goals that are incompatible with ours, or due to conflicts with our director independence policy. This program is not available for matching of political contributions. While the contributions are directed by our directors, we retain the tax deduction for matching contributions paid by us.

Other Amounts. As part of our director continuing education program, each director is eligible to be reimbursed by us for the cost and expenses relating to one education seminar per year. These amounts are excluded from the table below. Each non-employee director is also entitled to the use of a company vehicle, including the cost of routine maintenance and repairs and company-sponsored automobile insurance relating to that vehicle. All directors are also entitled to reimbursement for their reasonable out-of-pocket expenses in connection with their travel to, and attendance at, meetings of the Board of Directors or its committees. Because we expect attendance at all meetings, and a substantial portion of the Board of Directors' work is done outside of formal meetings, we do not pay meeting fees.

Table of Contents**2015 Director Compensation Table**

Our directors serving in 2015 who are also our employees (Messrs. Kurnick, Penske and Sasaki) receive no additional compensation for serving as directors, though they are eligible for the charitable matching program noted above.

- (9) "All Other Compensation" reflects \$18,361 for use of a Company vehicle and related insurance and \$50,000 in matching of charitable donations.
- (10) "All Other Compensation" reflects \$56,364 for use of a Company vehicle and related insurance and \$50,000 in matching of charitable donations.

Table of Contents**Security Ownership of Certain Beneficial Owners and Management**

The following table sets forth information with respect to the beneficial ownership of our common stock as of March 10, 2016 by (1) each person known to us to own more than five percent of our common stock, (2) each of our directors, (3) each of our named executive officers and (4) all of our directors and executive officers as a group.

"Beneficial ownership" is determined in accordance with the rules of the SEC and includes voting and investment power with respect to shares, including shares of restricted but unvested stock. The percentage of ownership is based on 86,262,904 shares of our common stock outstanding on March 10, 2016. Unless otherwise indicated in a footnote, each person identified in the table below has sole voting and dispositive power with respect to the common stock beneficially owned by that person and none of the shares are pledged as security.

- (1) Economic Ownership is defined as "Beneficial Ownership" (see footnote 2), plus the amount of deferred stock units held by certain non-employee directors in connection with their director compensation.
- (2) Pursuant to the regulations of the SEC, shares are deemed to be "beneficially owned" by a person if such person has the right to acquire such shares within 60 days or directly or indirectly has or shares the power to vote or dispose of such shares.
- (3) Penske Corporation is the beneficial owner of 30,426,594 shares of common stock, of which it has shared power to vote and dispose together with a wholly owned subsidiary. Penske Corporation also has shared voting power over 127,106 shares under voting agreements. All of the shares deemed owned by Penske Corporation are pledged under a loan facility. Penske Corporation also has the right to vote the shares owned by the Mitsui entities (see note 4) under certain circumstances discussed under "Certain Relationships and Related Party Transactions." If these shares were deemed to be beneficially owned by Penske Corporation, its beneficial ownership would be 46,163,677 shares or 53.5%.
- (4) Represents 3,111,444 shares held by Mitsui & Co., (U.S.A.), Inc. and 12,447,773 shares held by Mitsui & Co., Ltd.
- (5) Includes 73,858 shares of restricted stock.
- (6) Mr. Penske has shared voting power with respect to 25,380 of these shares.
- (7) Includes the 30,604,460 shares deemed to be beneficially owned by Penske Corporation, as to all of which shares Mr. Penske may be deemed to have shared voting and dispositive power. Mr. Penske is the Chairman and Chief Executive Officer of Penske Corporation. Mr. Penske disclaims beneficial ownership of the shares beneficially owned by Penske Corporation, except to the extent of his pecuniary interest therein. Penske Corporation also has the right to vote the shares owned by the Mitsui entities (see note 4) under certain circumstances discussed under "Certain Relationships and Related Party Transactions." If these shares were deemed to be beneficially owned by Mr. Penske, his beneficial ownership would be 47,099,459 shares or 54.6%. These figures include 384,762 shares of restricted stock.
- (8) Ms. Pierce has shared voting power with respect to 3,150 of these shares.
- (9) Includes 22,463 shares of restricted stock
- (10) Includes 16,275 shares of restricted stock.
- (11) Includes 32,223 shares of restricted stock.

Related Party Transactions

Our Board of Directors has adopted a written policy with respect to the approval of related party transactions. Under the policy, related party transactions valued over \$5,000 must be approved by a majority of either the members of our Audit Committee or our disinterested Board members. Our Audit Committee approves all individual related party transactions valued below \$1 million, all multiple-payment transactions valued below \$5 million (such as a lease), and any transaction substantially similar to a prior year's transaction (regardless of amount). Our Board, by a vote of the disinterested directors, reviews and approves all

Table of Contents

other related party transactions. At each regularly scheduled meeting, our Audit Committee reviews any proposed new related party transactions for approval and reviews the status of previously approved transactions. Each of the transactions noted below was approved by our Board of Directors or Audit Committee pursuant to this policy.

Stockholders Agreement and Stock Purchase Agreement. Entities affiliated with Roger S. Penske, our Chairman of the Board and Chief Executive Officer, are parties to a stockholders agreement described below. Mr. Penske is also Chairman of the Board and Chief Executive Officer of Penske Corporation, and, through entities affiliated with Penske Corporation, our largest stockholder. The parties to the stockholders agreement are Mitsui & Co., Ltd., Mitsui & Co. (USA), Inc. (collectively, "Mitsui"), Penske Corporation and Penske Automotive Holdings Corp. (collectively the "Penske companies").

Pursuant to the stockholders agreement, the Penske companies agreed to vote their shares for up to two directors who are representatives of Mitsui and Mitsui agreed to vote its shares for up to fourteen directors voted for by the Penske companies. In addition, the Penske companies agreed that if they transfer any of our shares of common stock, Mitsui would be entitled to "tag along" by transferring a pro rata amount of its shares upon similar terms and conditions, subject to certain limitations. This agreement terminates in 2024, or, if earlier, upon the mutual consent of the parties or when either party no longer owns any of our common stock.

Registration Rights Agreements. Both the Penske companies and Mitsui possess registration rights pursuant to which they are able on two remaining occasions each to register all or part of our common stock held by them, subject to specified limitations. They are also entitled to request inclusion of all or any part of their common stock in any registration of securities by us on Forms S-1 or S-3 under the Securities Act of 1933, as amended.

Other Related Party Interests. Several of our directors and officers are affiliated with Penske Corporation or related entities. Mr. Penske is a managing member of Transportation Resource Partners, a Penske affiliated organization that undertakes investments in transportation-related industries. Greg Penske, Roger Penske's son, is one of our directors. Robert H. Kurnick, Jr., our President and a director, is also the President and a director of Penske Corporation. Mr. Denker is an officer of Penske Corporation. In 2015, we were reimbursed approximately five percent of the base salary of Shane Spradlin, our General Counsel, by Penske Corporation to reflect his efforts on behalf of Penske Corporation affiliates. These employees or directors may receive salary, bonus or other compensation from Penske Corporation or its affiliates unrelated to their service at Penske Automotive. Our director Lucio A. Noto is an investor in Transportation Resources Partners.

Penske Truck Leasing. We own a 9% interest in Penske Truck Leasing Co., L.P. ("PTL"), a leading provider of transportation services and supply chain management. PTL operates and maintains approximately 220,000 vehicles and serves customers in North America, South America, Europe and Asia. Product lines include full-service leasing, contract maintenance, commercial and consumer truck rental used truck sales, transportation and warehousing management and supply chain management. PTL is owned 41.1% by Penske Corporation, 9.0% by us, 20% by Mitsui & Co. and the remaining 29.9% of PTL is owned by General Electric Capital Corporation ("GECC"). Mitsui acquired its 20% interest in March 2015 when GECC sold 20% of its ownership interest in PTL to Mitsui.

Historically GECC provided PTL with a majority of its financing and in 2012 PTL refinanced all of its GECC indebtedness. As part of that refinancing in 2012, we and the other PTL partners created a new company ("Holdings"), which, together with GECC, co-issued \$700.0 million of 3.8% senior unsecured notes due 2019 (the "Holdings Bonds"). GECC agreed to be a co-obligor of the Holdings Bonds in order to achieve lower interest rates. Additional capital contributions from the members may be required to fund interest and

Table of Contents

principal payments on the Holdings Bonds. We have agreed to indemnify GECC for 9.0% of any principal or interest that GECC is required to pay as co-obligor, and pay GECC an annual fee of approximately \$950,000 for acting as co-obligor. The maximum amount of our obligations to GECC under this agreement are 9.0% of the required principal repayment due in 2019 (which is expected to be \$63.1 million) and 9.0% of interest payments under the Holdings Bonds, plus fees and default interest, if any.

As part of the refinancing transactions in 2012, we entered into a limited liability company agreement of Holdings. We have governance rights in Holdings typical of a minority investor and, in light of our indemnification requirements related to the Holdings Bonds noted above, we have the right to approve certain additional debt obligations before incurrence by Holdings to the extent such incurrence would affect our indemnification requirements, any change in Holdings' business activities and changes to the maturity, interest rate and principal amount of the Holdings Bonds. The agreement contains restrictions on our ability to transfer our interests similar to those in the existing and revised PTL partnership agreement discussed below.

The PTL partnership agreement provides us with specified distribution and governance rights and restricts our ability to transfer our interests. As a limited partner, we are entitled only to a limited number of rights, including the right to act as an observer at all meetings of PTL's Advisory Committee and a right to pro rata quarterly distributions equal to 50% of its consolidated net income. Further, we may only transfer our interests with the unanimous consent of the other partners or if we and Penske Corporation provide the remaining partners with a right of first refusal to acquire our interests at fair market value. We and Penske Corporation have also agreed that (1) in the event of any transfer by Penske Corporation of their partnership interests to a third party, we shall be entitled to "tag-along" by transferring a pro rata amount of our partnership interests on similar terms and conditions, and (2) Penske Corporation is entitled to a right of first refusal in the event of any transfer of our partnership interests.

The agreement allows GECC or Penske Corporation, beginning December 31, 2017, to give notice to require PTL to begin to effect an initial public offering of equity securities, subject to certain limitations, as soon as practicable after the first anniversary of the initial notice. The party that is not exercising this right may seek to find a third party to purchase all of the partnership interests from the exercising party or to propose another alternative to such equity offers. In connection with the right to cause PTL to conduct an initial public offering, the PTL partners have agreed to customary demand and piggyback registration rights.

The governance agreements of Holdings and PTL were amended in March 2015 to reflect the purchase by Mitsui of 20% of PTL. As a minority investor, our rights remained principally unchanged except the term of the agreements were extended to 2030.

In 2015, we received \$13.8 million from PTL in pro rata cash distributions. Our Chairman and Chief Executive Officer also serves as chairman of PTL, for which he is compensated by PTL. As a limited partner, we do not influence or control the amount of that compensation. Our Australian subsidiary Penske Transportation Group International owns a 45% interest in a joint venture with a PTL subsidiary to lease trucks in Australia and New Zealand. The joint venture combines our sales expertise in Australia with PTL's truck leasing experience. We are party to a shareholder's agreement that provides us with specified distribution and governance rights and restricts our ability to transfer our interests.

Other Transactions. From time to time, we pay and/or receive fees from Penske Corporation and its affiliates for services rendered in the normal course of business, including payments to third parties by Penske Corporation on our behalf which we then reimburse to them, payments to third parties made by us on behalf of Penske Corporation which they then reimburse to us, shared office expenses, shared employee expenses and payments relating to the use of aircraft from Penske Aviation, a subsidiary of Penske Corporation. These transactions are reviewed periodically by our

Table of Contents

Audit Committee and reflect the provider's cost or an amount mutually agreed upon by both parties. Aggregate payments relating to such transactions amounted to \$6.6 million paid by us.

In June 2008, RP Automotive, an affiliate of Mr. Penske, Jr., the son of our Chairman and Chief Executive Officer, purchased two of our subsidiaries operating six franchises in California. In connection with these transactions, the former subsidiaries continue to lease certain fixed assets from us. One of the leases has a term expiring in December 2037 with annual rent of \$289,000 per year (or \$6.4 million over the remaining period), and the second lease has a term expiring in February 2027 with annual rent of \$219,000 per year (or \$2.6 million over the remaining period).

We and Penske Corporation and certain of its affiliates have entered into a joint insurance agreement which provides that, with respect to any joint insurance policies (such as our commercial crime insurance policies), any available coverage with respect to a loss shall be paid to each party as stipulated in the policies. In the event of losses that exceed the limit of liability for any policy or policy period, the total policy proceeds will be allocated based on the ratio of premiums paid.

We have entered into a license agreement with an affiliate of Penske Corporation for a license of the "Penske Automotive" name. This agreement provides us with a perpetual license of the name "Penske Automotive" and related trade names so long as Penske Corporation and its affiliates own in excess of 20% of our outstanding stock and we adhere to the other terms of the license agreement.

We own 31% of a provider of outsourced vehicle management solutions ("PVS"). Penske Corporation and Penske Truck Leasing also own 15% and 17% interests in that company, respectively. We and the other investors entered into a stockholders agreement relating to this investment which, among other things, provides us with specified management rights and rights to purchase additional shares, and restricts our ability to transfer shares. We also entered into a management agreement which provides that we and other investors are to be paid ongoing pro rata management fees.

From time to time, we enter into arrangements with Penske Truck Leasing and/or other Penske Corporation affiliates and third party vendors in order to achieve the benefits of scale or synergy opportunities as between the companies. These arrangements are reviewed by the Board in accordance with our policy noted above. For example, we aggregate several Penske entities in connection with sourcing certain telecommunications services to achieve the benefits of scale. In addition, we have a preferred arrangement with Shell Oil whereby we purchase targeted amounts of lubricants, fuel and other products on competitive terms to the Company.

In 2015, we had a continuing 7% investment in NPA, an auctioneer of powersport vehicles. NPA, which is also owned 7% by Mitsui, is controlled by Transportation Resource Partners, an organization discussed above.

In 2015, we purchased \$461,521 in vehicle transportation services from United Road Services, a national auto transport company ("URS"). URS is indirectly majority owned by Charlesbank Capital Partners, an affiliate of Michael Eisenson, one of our directors. TRP and Roger Penske collectively own approximately 8% of URS.

Our officers, directors and their affiliates periodically purchase, lease or sell vehicles and parts or purchase graphic automotive services from us at fair market value. This includes purchases and sales of trucks, logistics and other services and parts as between our subsidiaries and those of PTL (principally consisting of purchases of \$9.4 million of trucks and parts by PTL from our Premier Truck Group subsidiaries, and purchases \$1.9 million of used trucks by Premier Truck Group from PTL), as well as purchases by our commercial vehicle businesses of \$2.1 million of truck lighting products from Truck Lite Company, a subsidiary of Penske Corporation in 2015. PTL and affiliates of Penske Corporation purchased

\$2.3 million of graphics and millwork from our IM Branded subsidiary.

Additionally, we hire service technicians who have graduated from Universal Technical Institute ("UTI"), a provider of technical education, whose Chief Executive Officer, Kimberly McWaters, is one of our directors. While we generally make no payments to UTI relating to the hiring of these graduates and hire them on the same terms as other employers, in 2015 we piloted a program to assist us in hiring qualified service technicians. Under the program, we funded \$19,500 in tuition costs to UTI on behalf of prospective technicians which amounts are to be returned to us by the technicians if they don't graduate from UTI or leave our employment within specified amounts.

Mr. Sasaki, one of our board members, received \$325,377 in total compensation relating to his service as Senior Vice President International Business Development, including a tax allowance of \$5,626 relating to \$23,598 of non-cash compensation. Mr. Sasaki is an employee of Mitsui & Co., Ltd. (Japan). To the extent his salary exceeds or is less than an amount set annually by Mitsui, he makes or receives payments to/from Mitsui intended to mitigate the effect of exchange rate changes.

An entity (the "Investor") controlled by one of our directors, Lucio A. Noto, owns a 18.97% interest in one of our subsidiaries, UAG Connecticut I, LLC, pursuant to an agreement which entitles the Investor to 20% of the operating profits of UAG Connecticut I. This agreement also provides the Investor with the right to appoint one of three directors, as well as "tag-along rights" in the event we intend to sell our interest in UAG Connecticut I. We have a right of first refusal with respect to any potential sale by the Investor of its interest. From time to time, we provide UAG Connecticut I with working capital and other debt financing. The Investor also paid \$317,029 to us in 2015 pursuant to its option to purchase up to a 20% interest in UAG Connecticut I. In addition, UAG Connecticut I makes periodic pro rata distributions, pursuant to which the Investor was paid \$1.0 million during 2015.

A separate entity controlled by Mr. Noto (the "Additional Investor"), owns a 20% interest in our subsidiary that owns Mercedes-Benz of Greenwich. From time to time, we provide Mercedes-Benz of Greenwich with working capital and other debt financing and expect to make periodic pro rata distributions from Mercedes-Benz of Greenwich to the Investor which totaled \$1.2 million in 2015. We have entered into an operating agreement that provides rights and obligations similar as those described above with respect to UAG Connecticut I.

Mr. Noto also has an indirect ownership interest in Putnam Leasing Company, which is a provider of leasing for premium vehicles. In 2015, Putnam Leasing purchased \$14.5 million in automotive contracts from us, representing 81 vehicles, to offer leasing to our customers.

Voting in Person at the Meeting

We encourage you to submit proxies in advance by telephone, by Internet or by mail. You may also vote in person at the annual meeting instead, or may execute a proxy designating a representative to vote for you at the meeting. If your PAG shares are held for you in a brokerage, bank or other institutional account, you must obtain a proxy from that entity and bring it with you to hand in with your ballot in order to be able to vote your shares at the meeting.

Admission

You will be asked to verify proof of ownership of PAG stock before being admitted to our annual meeting. If you hold shares indirectly through a bank or brokerage firm, please bring a recent statement to verify your ownership. We reserve the right to deny admission to anyone who cannot verify he or she is one of our stockholders. Cameras and recording devices will not be permitted.

Proxies are solicited by or on behalf of our Board of Directors. We will bear the cost of this solicitation. In addition to the solicitation of the proxies by mail, some of our officers and regular employees, without extra remuneration, may solicit proxies personally, or by telephone or otherwise. In addition, we will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to forward proxies and proxy material to their principals, and we will reimburse them for their expenses in forwarding soliciting materials, which are not expected to exceed an aggregate of \$10,000.

We will provide without charge to each of our stockholders, on the written request of such stockholder, a copy of our Form 10-K for the year ended December 31, 2015 and any of the other documents referenced herein.
