SUBJECT TO COMPLETION, DATED APRIL 6, 2018**

**17901 Von Karman Avenue, Suite 1200
Irvine, California 92614**

To the shareholders of Pacific Premier Bancorp, Inc.:

On February 9, 2018, Pacific Premier Bancorp, Inc., which we refer to as Pacific Premier, entered into an agreement and plan of reorganization, which we refer to as the merger agreement, to acquire Grandpoint Capital, Inc., which we refer to as Grandpoint. If the required shareholder and regulatory approvals are obtained, all closing conditions are satisfied or waived and the merger is subsequently completed, Grandpoint will be merged with and into Pacific Premier, with Pacific Premier as the surviving entity, which we refer to as the merger. Immediately thereafter, Grandpoint's wholly-owned bank subsidiary, Grandpoint Bank, will be merged with and into Pacific Premier Bank, the wholly-owned bank subsidiary of Pacific Premier, with Pacific Premier Bank as the surviving entity.

You are cordially invited to attend a special meeting of shareholders of Pacific Premier, referred to as the Pacific Premier special meeting, to be held at _____ a.m., Pacific Time, on _____, 2018 at 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614. At the Pacific Premier special meeting, the Pacific Premier shareholders will be asked to consider and vote upon a proposal to approve the issuance of shares of common stock of Pacific Premier, which we refer to as Pacific Premier common stock, in connection with the merger. Grandpoint will be conducting a consent solicitation to have its shareholders consider the proposed merger agreement and related matters. Pacific Premier and Grandpoint cannot complete the proposed merger unless Pacific Premier's shareholders vote to approve the issuance of shares of Pacific Premier common stock in connection with the merger and Grandpoint's shareholders consent to adoption of the merger agreement. This letter is accompanied by the attached prospectus/proxy and consent solicitation statement, which Pacific Premier's board of directors is providing to solicit your proxy to vote for the approval of the issuance of shares of Pacific Premier common stock in connection with the merger. We refer to this solicitation as the Pacific Premier proxy solicitation.

If the required shareholder and regulatory approvals are obtained and the merger is subsequently completed, upon effectiveness of the merger, each outstanding share of Grandpoint common stock will be converted into, and cancelled in exchange for, the right to receive 0.4750 of a share of Pacific Premier common stock, which we refer to as the exchange ratio. Cash will be paid in lieu of any fractional share interest. We refer to the aggregate consideration to be paid to the Grandpoint shareholders in the merger as the merger consideration.

The implied value of the merger consideration to be paid to Grandpoint shareholders is based on the exchange ratio of 0.4750 of a share of Pacific Premier common stock for each share of Grandpoint common stock. The implied value on _____, 2018, was \$ _____ million, which amount was based on the \$ _____ closing price per share of Pacific Premier common stock on that date. The value of the merger consideration will fluctuate based on the market price of Pacific Premier common stock. Consequently, the value of the merger consideration will not be known at the time you vote on the issuance of shares of Pacific Premier common stock in connection with the merger. Pacific Premier expects to issue approximately 15,758,089 shares of Pacific Premier common stock in the aggregate upon completion of the merger. **Pacific Premier's common stock is listed on the NASDAQ Global Select Market under the symbol "PPBL." You should obtain current market quotations for the Pacific Premier common stock.**

Based on our reasons for the merger described in the accompanying document, including the fairness opinion issued by our financial advisor, Raymond James & Associates, Inc., our board of directors believes that the issuance of shares of Pacific Premier common stock in connection with the merger is fair to the Pacific Premier shareholders and in your best interests. **Accordingly, our board of directors unanimously recommends that you vote "FOR" the issuance of shares of Pacific Premier common stock in connection with the merger.** The accompanying prospectus/proxy and consent solicitation statement gives you detailed information about the Pacific Premier special meeting, the merger and the issuance of shares of Pacific Premier common stock in connection with the merger and related matters. In addition to being a proxy statement of Pacific Premier, this document is the consent solicitation statement for the solicitation of consents from Grandpoint shareholders to vote to adopt the merger agreement and is the prospectus of Pacific Premier for the shares of its common stock that will be issued to Grandpoint shareholders in connection with the merger.

We encourage you to read this entire document carefully, including the considerations discussed under "Risk Factors" beginning on page 32, and the appendices to the accompanying prospectus/proxy and consent solicitation statement, which include the merger agreement.

Edgar Filing: PACIFIC PREMIER BANCORP INC - Form S-4

Your vote is very important. The merger cannot be completed unless the holders of a majority of the shares for which votes are cast at the Pacific Premier special meeting vote in favor of approval of the issuance of shares of Pacific Premier common stock in connection with the merger. Whether or not you plan to attend the Pacific Premier special meeting, please take the time to vote by completing and mailing the enclosed proxy card or by following the instructions to vote via the Internet or by telephone indicated on the proxy card.

We appreciate your continuing loyalty and support and, should you choose to attend, we look forward to seeing you at the Pacific Premier special meeting.

Sincerely,

Steven R. Gardner

**QUESTIONS AND ANSWERS
ABOUT THE MERGER, THE PACIFIC PREMIER SPECIAL MEETING AND
THE GRANDPOINT CONSENT SOLICITATION**

The following are some questions that you may have regarding the merger, the Pacific Premier special meeting and the Grandpoint consent solicitation, and brief answers to those questions. Pacific Premier and Grandpoint advise you to read carefully the remainder of this prospectus/proxy and consent solicitation statement because the information in this section does not provide all of the information that might be important to you with respect to the merger, the Pacific Premier special meeting and the Grandpoint consent solicitation.

Q: What am I being asked to vote on?

A: Pacific Premier and Grandpoint have entered into the merger agreement, pursuant to which Pacific Premier would acquire Grandpoint. If the required shareholder and regulatory approvals are obtained and the merger is subsequently completed, Grandpoint will be merged with and into Pacific Premier with Pacific Premier as the surviving entity. Immediately thereafter, Grandpoint's wholly-owned bank subsidiary, Grandpoint Bank, will be merged with and into Pacific Premier Bank, the wholly-owned bank subsidiary of Pacific Premier, with Pacific Premier Bank as the surviving entity.

If you are a Pacific Premier shareholder, you are being asked to vote to approve the issuance of Pacific Premier common stock in connection with the merger. If you are a Grandpoint shareholder, you are being asked to vote to adopt the merger agreement through the Grandpoint consent solicitation. As a result of the merger, Grandpoint will cease to exist and Grandpoint shareholders will exchange each of their shares of Grandpoint common stock for 0.4750 of a share of Pacific Premier common stock, which we refer to as the exchange ratio, as further described in "The Merger The Merger Consideration" beginning on page .

The Pacific Premier shareholders are also being asked to consider and vote upon a proposal to grant discretionary authority to adjourn the Pacific Premier special meeting, if necessary, to permit further solicitation of proxies if there are not sufficient votes at the time of the Pacific Premier special meeting to approve the matter being presented at the Pacific Premier special meeting.

The merger cannot be completed unless the Pacific Premier shareholders approve the issuance of Pacific Premier common stock in the merger and the Grandpoint shareholders adopt the merger agreement. Pacific Premier is soliciting its shareholders to approve the issuance of Pacific Premier common stock in the merger at the Pacific Premier special meeting, which we refer to as the Pacific Premier shareholder approval. Grandpoint is conducting the Grandpoint consent solicitation in order to obtain the shareholder approval necessary to adopt the merger agreement, which we refer to as the Grandpoint shareholder approval.

We will be unable to complete the merger unless the Pacific Premier and Grandpoint shareholder approvals are obtained.

We have included in this prospectus/proxy and consent solicitation statement important information about the merger, the merger agreement, a copy of which is included as Appendix A to this prospectus/proxy and consent solicitation statement, the Pacific Premier proxy solicitation and the Grandpoint consent solicitation. You should read this information carefully and in its entirety.

This document constitutes a proxy solicitation statement of Pacific Premier, a consent solicitation statement of Grandpoint and a prospectus of Pacific Premier. It is a proxy solicitation statement of Pacific Premier because the Pacific Premier board of directors is soliciting proxies using this document for its shareholders, and a consent solicitation statement of Grandpoint because the

Table of Contents

Grandpoint board of directors is soliciting consents using this document for its shareholders. It is a prospectus because Pacific Premier, in connection with the merger, is offering shares of Pacific Premier common stock in exchange for outstanding shares of Grandpoint common stock in the merger.

Q: Will Grandpoint shareholders be able to trade the Pacific Premier common stock that they receive in the merger?

A: Yes. The Pacific Premier common stock to be issued in the merger to Grandpoint shareholders will be listed on the NASDAQ Global Select Market under the symbol "PPBI." Unless you are deemed an "affiliate" of Pacific Premier after the merger is completed, you may sell the shares of Pacific Premier common stock you receive in the merger without restriction.

Q: Why is my vote important?

A: The merger agreement must be adopted by the holders of a majority of the outstanding shares of Grandpoint voting common stock. The issuance of the Pacific Premier common stock in connection with the merger must be approved by the holders of Pacific Premier common stock constituting at least of a majority of the shares for which votes are cast at the Pacific Premier special meeting. The merger cannot be completed unless the Pacific Premier shareholders approve the issuance of Pacific Premier common stock in the merger and the Grandpoint shareholders adopt the merger agreement. The Pacific Premier shareholders will vote on the applicable proposals necessary to complete the merger at the Pacific Premier special meeting and the Grandpoint shareholders will vote on the applicable proposals necessary to complete the merger through the Grandpoint consent solicitation. Information about the Pacific Premier special meeting and the Grandpoint consent solicitation, the merger and other matters to be considered by shareholders of each of Pacific Premier and Grandpoint is contained in this document.

Grandpoint shareholders who collectively own approximately 87.9% of the outstanding Grandpoint voting common stock as of the date of this prospectus/proxy and consent solicitation statement, whom we refer to as the Grandpoint Investors, are parties to support agreements with Pacific Premier, which we refer to as the Grandpoint support agreements, and Grandpoint's executive officers and certain directors who collectively own approximately 9.7% of the outstanding Grandpoint voting common stock, are parties to shareholder agreements with Pacific Premier, which we refer to as the Grandpoint shareholder agreements. Pursuant to the Grandpoint support agreements and the Grandpoint shareholder agreements, such shareholders have agreed to vote in favor of the adoption of the merger agreement by written consent. Pacific Premier has the right to terminate the merger agreement to the extent that within three business days following the registration statement on Form S-4, of which this prospectus/proxy and consent solicitation statement is a part, being declared effective by the Securities and Exchange Commission, which we refer to as the Commission, Pacific Premier has not received a sufficient number of Grandpoint shareholder written consents to satisfy the majority approval requirement described above. See "Grandpoint Solicitation of Written Consents Grandpoint Support Agreements; Voting by Grandpoint's Executive Officers and Certain Directors" on page of this prospectus/proxy and consent solicitation statement. The form of Grandpoint support agreement and the form of Grandpoint shareholder agreement are included in this prospectus/proxy and consent solicitation statement as Annexes A and B, respectively, to the merger agreement, which is attached as Appendix A and incorporated by reference into this prospectus/proxy and consent solicitation statement.

If you are a Grandpoint shareholder and you do not vote, it will have the same effect as a vote against the merger agreement.

Table of Contents

If a Pacific Premier shareholder does not vote, it will have no impact on the proposal to approve the issuance of the Pacific Premier common stock in connection with the merger.

Q: Why must the Pacific Premier shareholders approve the issuance of shares of Pacific Premier common stock in connection with the merger?

A: The Pacific Premier shareholders are required to approve the issuance of shares of the Pacific Premier common stock in connection with the merger, which is estimated to equate to approximately % of Pacific Premier's issued and outstanding shares of common stock, because Pacific Premier is listed on the NASDAQ Global Select Market and is subject to the NASDAQ Global Select Market listing rules. Because Pacific Premier will likely issue in excess of 20% of its outstanding shares of common stock to the Grandpoint shareholders in connection with the merger, under the NASDAQ Global Select Market listing rules, the shareholders of Pacific Premier are required to approve the issuance of shares of Pacific Premier common stock in connection with the merger. The merger cannot be completed unless the Pacific Premier shareholders approve the issuance of shares of Pacific Premier common stock in the merger.

Q: What do each of the boards of directors of Pacific Premier and Grandpoint recommend?

A: The Pacific Premier board of directors, which we refer to as the Pacific Premier board, unanimously recommends that Pacific Premier shareholders vote **"FOR"** approval of the issuance of Pacific Premier common stock in connection with the merger and **"FOR"** approval of the proposal to adjourn the special meeting, if necessary, to solicit additional proxies in favor of the issuance of Pacific Premier common stock in connection with the merger.

The Grandpoint board of directors, which we refer to as the Grandpoint board, determined that the terms of the merger agreement and the transactions contemplated therein, including the merger, are fair to and in the best interest of Grandpoint and its shareholders, and accordingly approved and declared advisable the merger agreement, the merger and the other transactions contemplated by the merger agreement on the terms and subject to the conditions set forth in the merger agreement and recommended that Grandpoint shareholders adopt the merger agreement in connection with the Grandpoint consent solicitation. **Accordingly, the Grandpoint board recommends that Grandpoint shareholders provide their written consent to adopt the merger agreement.**

See the sections entitled "The Merger Grandpoint's Reasons for the Merger and Recommendation of the Grandpoint Board of Directors" beginning on page for a more detailed discussion of the Grandpoint board's recommendations and reasons therefor. In addition, certain of Grandpoint's officers and directors have financial interests in the transactions contemplated by the merger agreement that are different from, or in addition to, the interests of Grandpoint's shareholders. These interests are described in more detail in the section titled "The Merger Interests of Certain Grandpoint Officers and Directors in the Merger" beginning on page .

Q: Will Grandpoint shareholders have appraisal rights in connection with the merger?

A: Yes. If you are a Grandpoint shareholder who does not approve the merger by delivering a written consent adopting the merger agreement, you will, by strictly complying with Section 262 of the Delaware General Corporation Law, which we refer to as the DGCL, be entitled to appraisal rights. Section 262 of the DGCL is attached to this prospectus/proxy and consent solicitation statement as Appendix D. Failure to follow precisely any of the statutory procedures set forth in Appendix D may result in the loss or waiver of appraisal rights under Delaware law. Following Grandpoint's receipt of sufficient written consents to adopt the merger agreement, we will send all non-consenting Grandpoint shareholders who satisfy the other statutory conditions the notice

Table of Contents

regarding the adoption of the merger agreement and the availability of appraisal rights. A Grandpoint shareholder wishing to exercise his, her or its appraisal rights will need to take action at that time, in response to that notice, but this description is being provided to all Grandpoint shareholders now so they can determine whether they wish to preserve their ability to demand appraisal rights in the future in response to that notice. If you elect to exercise appraisal rights with respect to your shares of Grandpoint common stock, you must deliver to Grandpoint or to Pacific Premier (as the surviving corporation in the merger), as applicable, at the specific address which will be included in the notice, a written demand for appraisal of your shares of Grandpoint common stock within 20 days after the date of the mailing of the subsequent notice that will be sent to non-consenting Grandpoint shareholders. **Do not submit a demand before the date of that subsequent notice because, under Delaware case law, a demand that is made before the notice is mailed may not be effective to perfect your appraisal rights.**

Q: Are there any risks that should be considered in deciding whether to vote or execute a written consent for the matters required to be voted on or consented to by the respective shareholders of Pacific Premier and Grandpoint?

A: Yes. Set forth under the heading of "Risk Factors," beginning on page 32, are a number of risk factors that each of the shareholders of Pacific Premier and Grandpoint should consider carefully.

Q: When do Pacific Premier and Grandpoint expect to complete the merger?

A: The parties expect to complete the merger during the third quarter of 2018. However, there is no assurance when or if the merger will occur. Prior to the consummation of the merger, Grandpoint shareholders must adopt the merger agreement pursuant to the Grandpoint consent solicitation, Pacific Premier shareholders must approve the issuance of Pacific Premier common stock in connection with the merger at the Pacific Premier special meeting, and all requisite bank regulatory approvals must be obtained and other conditions to the consummation of the merger must be satisfied.

Q: If the merger is completed, when can Grandpoint shareholders expect to receive the merger consideration?

A: Promptly following the completion of the merger, Pacific Premier will mail to each former Grandpoint shareholder of record written instructions detailing how its shareholders of record can exchange their shares of Grandpoint common stock for shares of Pacific Premier common stock.

Q: Will the value of the merger consideration change between the date of the prospectus/proxy and consent solicitation statement and the time the merger is completed?

A: Yes. Because Pacific Premier will issue a fixed fraction of a share of Pacific Premier common stock at the closing in exchange for each share of Grandpoint common stock, the value of the merger consideration that Grandpoint shareholders will receive in the merger will depend on the market price for a share of Pacific Premier common stock at the time the merger is completed. The market price for a share of Pacific Premier common stock when Grandpoint shareholders receive such shares after the merger is completed could be greater than, less than or the same as the market price of shares of Pacific Premier common stock on the date of this prospectus/proxy and consent solicitation statement.

Q: What do I need to do now?

A: Read and consider the information contained in this prospectus/proxy and consent solicitation statement, including the appendices, carefully and then please submit as soon as possible either

Table of Contents

your Pacific Premier proxy, in the case of Pacific Premier shareholders, or your written consent for your Grandpoint voting common stock, in the case of Grandpoint shareholders.

Q: Whom should I call if I have questions?

A: If you are a Grandpoint shareholder and have any questions concerning the merger or prospectus/proxy and consent solicitation statement, would like additional copies of the prospectus/proxy and consent solicitation statement or the process for returning your written consent, please contact Janet M. Marantz, Senior Vice President and Corporate Secretary, at (213) 542-4405, or David L. Dayton, Executive Vice President and Chief Financial Officer, at (213) 542-4416.

Because of the commitments made pursuant to the Grandpoint support agreements and the Grandpoint shareholder agreements, Grandpoint expects to receive Grandpoint shareholder approval within three business days of the Commission declaring the registration statement on Form S-4 effective. Pacific Premier's Financial Advisor believes that the Exchange Ratio in the Merger is Fair, From a Financial Point of View, to Pacific Premier (Page)

At the February 9, 2018 Pacific Premier board meeting, representatives of Raymond James rendered Raymond James's oral opinion to the Pacific Premier board that the exchange ratio was fair, from a financial point of view, to Pacific Premier. The oral opinion was subsequently confirmed by Raymond James's delivery of its written opinion to the Pacific Premier board, dated February 9, 2018,

Table of Contents

as to the fairness, as of such date, of the exchange ratio to Pacific Premier in the merger pursuant to the merger agreement, based upon and subject to the qualifications, assumptions and other matters considered in connection with the preparation of its opinion.

The full text of the written opinion of Raymond James is attached as Appendix B to this prospectus/ proxy and consent solicitation statement. The summary of the opinion of Raymond James set forth in this prospectus/ proxy and consent solicitation statement is qualified in its entirety by reference to the full text of such written opinion. Raymond James provided its opinion for the information of the Pacific Premier board (solely in its capacity as such) in connection with its consideration of the proposed merger. The opinion only addresses the fairness, from a financial point of view, of the exchange ratio in the merger pursuant to the merger agreement to Pacific Premier, and does not address any other term, aspect or implication of the merger agreement, the merger or any other agreement, arrangement or understanding entered into in connection therewith or otherwise. Raymond James's opinion does not constitute a recommendation to the Pacific Premier board, any shareholder of Pacific Premier or any other party as to how to vote or act on any matter relating to the proposed merger or otherwise.

For a more complete description of Raymond James's opinion, see "Opinion of Pacific Premier's Financial Advisor" beginning on page of this prospectus/ proxy and consent solicitation statement.

Opinion of Grandpoint's Financial Advisor (Page)

In connection with the merger, Grandpoint's financial advisor, Keefe, Bruyette & Woods, Inc., whom we refer to as KBW, delivered a written opinion, dated February 9, 2018, to the Grandpoint board as to the fairness, from a financial point of view and as of the date of the opinion, to the holders of Grandpoint common stock of the exchange ratio in the proposed merger. The full text of the opinion, which describes the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW in preparing the opinion, is attached as Appendix C to this prospectus/proxy and consent solicitation statement. **The opinion was for the information of, and was directed to, the Grandpoint board (in its capacity as such) in connection with its consideration of the financial terms of the merger. The opinion did not address the underlying business decision of Grandpoint to engage in the merger or enter into the merger agreement or constitute a recommendation to the Grandpoint board in connection with the merger, and it does not constitute a recommendation to any holder of Grandpoint common stock or any shareholder of any other entity as to how to vote or act in connection with the merger or any other matter (including, with respect to holders of Grandpoint common stock, whether any such shareholder should provide its written consent).**

Grandpoint Shareholders Will Receive Shares of Pacific Premier Common Stock for Each Share of Grandpoint Common Stock Exchanged in the Merger (Page)

At the effective time of the merger, each outstanding share of Grandpoint common stock will, by virtue of the merger and without any action on the part of a Grandpoint shareholder, be converted into, and cancelled in exchange for, the right to receive 0.4750 of a share of Pacific Premier common stock, which is referred to as the exchange ratio. Cash will be paid in lieu of any fractional share interest.

Aggregate Merger Consideration.

The total consideration to be paid by Pacific Premier to the Grandpoint shareholders in connection with the merger is referred to in this prospectus/proxy and consent solicitation statement as the aggregate merger consideration. The term aggregate merger consideration does not include the consideration, if any, payable to holders of options to purchase shares of Grandpoint common stock. In

Table of Contents

this prospectus/proxy and consent solicitation statement, we refer to stock options to purchase shares of Grandpoint's common stock as Grandpoint options.

Upon completion of the merger and based on a \$39.10 closing price of Pacific Premier's common stock on February 9, 2018, approximately \$641.2 million of aggregate merger consideration will be payable to the Grandpoint shareholders. The foregoing sentence does not include the payment of cash (or shares of Pacific Premier common stock in the event any such Grandpoint options are exercised prior to the effective date of the merger) to the holders of Grandpoint options, and assumes that (i) there are 33,174,925 shares of Grandpoint common stock outstanding at the closing of the merger, which we refer to as the closing, and (ii) the Grandpoint shareholders will receive an aggregate of approximately 15,758,089 shares of Pacific Premier common stock after applying the exchange ratio of 0.4750. If all Grandpoint options are exercised prior to the closing, a maximum of an additional 1,313,375 shares of Pacific Premier common stock could be issued as merger consideration, though it is impossible to predict how many Grandpoint options will actually be exercised prior to the closing, if any.

Fractional Shares.

No fractional shares of Pacific Premier common stock will be issued, and in lieu thereof, each holder of Grandpoint common stock who would otherwise be entitled to a fractional share interest will receive an amount in cash, without interest, determined by multiplying such fractional interest by the average closing price per share of Pacific Premier common stock, as reported on the NASDAQ Global Select Market, for the twenty (20) trading days ending on and including the fifth trading day prior to the closing date of the merger, which we refer to as the Pacific Premier average share price, rounded to the nearest whole cent.

What Will Happen to Outstanding Grandpoint Options (Page)

At the effective time of the merger, each Grandpoint option which is outstanding and unexercised immediately prior to the effective time will be cancelled in exchange for the right to receive from Grandpoint, immediately prior to the effective time, a single lump sum cash payment, equal to the product of (i) the number of shares of Grandpoint common stock subject to such Grandpoint option immediately prior to the effective time, and (ii) the excess, if any, of (A) the Pacific Premier average share price multiplied by the exchange ratio over (B) the exercise price per share of such Grandpoint option, less any applicable taxes required to be withheld with respect to such payment. If the exercise price per share of any such Grandpoint option is equal to or greater than the Pacific Premier average share price multiplied by the exchange ratio, the Grandpoint option will be canceled without any cash payment being made in respect thereof. For Grandpoint options that are exercised before the closing, the underlying shares of Grandpoint common stock received upon exercise will be exchanged for the merger consideration in accordance with the exchange ratio.

Transmittal Materials (Page)

After the transmittal materials have been received and processed following the closing of the merger, Grandpoint shareholders will be sent the Pacific Premier common stock and any cash in lieu of fractional shares to which they are entitled. If a Grandpoint shareholder holds shares in street name, he or she will receive information from his or her bank, broker or other nominee advising such Grandpoint shareholder of the process for receiving the Pacific Premier common stock and any cash in lieu of fractional shares to which he or she is entitled.

Each Grandpoint shareholder will need to surrender his or her Grandpoint common stock certificates or follow instructions for the transfer of shares of Grandpoint common stock held in book-entry form, to receive the appropriate merger consideration. Grandpoint shareholders should not

send any certificates now. Each Grandpoint shareholder will receive detailed instructions on how to exchange his or her share certificates or book-entry shares along with transmittal materials promptly following the closing of the merger.

Grandpoint shareholders should obtain a current price quotation for the shares of Pacific Premier common stock to update the implied value for a share of Grandpoint common stock.

Although Pacific Premier has never declared or paid dividends on its common stock, instead electing to retain earnings to provide funds for use in its business, the Pacific Premier board periodically reviews whether to declare or pay cash dividends taking into account, among other things, general business conditions, Pacific Premier's financial results, future prospectus, capital requirements, legal and regulatory restrictions, and such other factors as the Pacific Premier board may deem relevant.

Grandpoint has been paying a regular quarterly dividend on the Grandpoint common stock. Pursuant to the merger agreement, Grandpoint may not make, declare, pay or set aside for payment any dividend on or in respect of, or declare or make any distribution on any shares of Grandpoint common stock, except that, dependent on when the closing occurs, Grandpoint may declare and pay regular quarterly cash dividends on the Grandpoint common stock equal to \$0.15 per share of Grandpoint common stock in the ordinary course of business consistent with past practice, including as to the declaration, payment and record dates. See "The Merger Business Pending the Merger" beginning on page 10.

Material Federal Income Tax Consequences of the Merger (Page)

The merger is intended to qualify as a "reorganization" within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, which we refer to as the Code, and it is a condition to completion of the merger that Pacific Premier and Grandpoint receive a legal opinion to that effect. If the merger is completed, the merger consideration that will be paid to the holders of Grandpoint common stock will consist of shares of Pacific Premier common stock and cash for any fractional shares.

Assuming the merger qualifies as a reorganization, subject to the limitations and more detailed discussion set forth in "The Merger Material Federal Income Tax Consequences" beginning on page , a Grandpoint shareholder that is a U.S. holder generally will not recognize gain or loss on such exchange, other than with respect to cash received in lieu of fractional shares of Pacific Premier common stock.

Tax matters are complicated, and the tax consequences of the merger to a particular Grandpoint shareholder will depend in part on such shareholder's individual circumstances. Accordingly, each Grandpoint shareholder is urged to consult his or her own tax advisor for a full understanding of the tax consequences of the merger to such shareholder, including the applicability and effect of federal, state, local and foreign income and other tax laws.

If a Grandpoint shareholder does not return a written consent, it will have the same effect as a vote against the proposal. Approval of the Issuance of Pacific Premier Common Stock in Connection with the Merger by the Pacific Premier Shareholders Requires that a Majority of the Shares of Pacific Premier Common Stock for which Votes Are Cast at the Pacific Premier Special Meeting to be Voted in Favor of the Issuance of Pacific Premier Common Stock in Connection with the Merger (Page)

The affirmative vote of the holders of a majority of shares of Pacific Premier common stock for which votes are cast at the Pacific Premier special meeting is necessary to approve the issuance of the Pacific Premier common stock in connection with the merger. At the close of business on the Pacific Premier record date, there were shares of Pacific Premier common stock outstanding held by holders of record. Each holder of record of Pacific Premier common stock on the Pacific Premier record date is entitled to one vote for each share held on all matters to be voted upon at the Pacific Premier special meeting. If a Pacific Premier shareholder does not vote, it will have no impact on the proposal to approve the issuance of the Pacific Premier common stock in connection with the merger.

Management of Pacific Premier Owns Shares Which May Be Voted at the Pacific Premier Special Meeting (Page)

As of the Pacific Premier record date, the executive officers and directors of Pacific Premier, as a group, held shares of Pacific Premier common stock, or approximately % of the outstanding Pacific Premier common stock. While the executive officers and directors of Pacific Premier have not entered into voting agreements agreeing to vote their shares of Pacific Premier common stock in a particular manner, it is anticipated that the executive officers and directors of Pacific Premier will vote consistent with the recommendation of the Pacific Premier board, which is to vote "FOR" the Pacific Premier proposal to approve the issuance of Pacific Premier common stock in connection with the merger.

holder of record of Grandpoint voting common stock on the Grandpoint record date is entitled to one vote for each share held on all matters to be voted upon in the Grandpoint consent solicitation.

As of _____, 2018, the Grandpoint Investors beneficially owned approximately 87.9% of the outstanding shares of Grandpoint voting common stock entitled to provide consents in the Grandpoint consent solicitation. In addition, Grandpoint's executive officers and certain directors beneficially owned approximately 9.7% of the outstanding shares of Grandpoint voting common stock entitled to provide consents in the Grandpoint consent solicitation. Pursuant to the Grandpoint support agreements and the Grandpoint shareholder agreements, such shareholders have agreed to deliver written consent in favor of the adoption of the merger agreement. The merger agreement provides that Pacific Premier may terminate the merger agreement if consents representing greater than a majority of the outstanding Grandpoint common stock, voting in favor of the merger agreement, shall not have been delivered to Pacific Premier by 6:00 p.m., Pacific Time, on the third business day after the registration statement on Form S-4, of which this prospectus/proxy and consent solicitation statement is a part, has been declared effective by the Commission. Consequently, Grandpoint expects to receive Grandpoint shareholder approval within three business days of the Commission declaring the registration statement on Form S-4 effective. As a result, Grandpoint will not be holding a shareholders' meeting to consider the proposal to adopt the merger agreement.

Appraisal Rights (Page _____)

Pursuant to Section 262 of the DGCL, a copy which is attached as Appendix D to this prospectus/proxy and consent solicitation statement, holders of Grandpoint common stock who comply with the applicable requirements of Section 262 of the DGCL and do not otherwise withdraw or lose the right to appraisal under Delaware law have the right to seek appraisal of the fair value of their shares of Grandpoint common stock, as determined by the Delaware Court of Chancery, if the merger is completed. The "fair value" of shares of Grandpoint common as determined by the Delaware Court of Chancery may be more or less than, or the same as, the value of the merger consideration per share that Grandpoint shareholders are otherwise entitled to receive under the terms of the merger agreement. Holders of Grandpoint common stock who do not consent to the adoption of the merger agreement and who wish to preserve their appraisal rights must so advise Grandpoint by submitting a demand for appraisal within the period prescribed by Section 262 of the DGCL after receiving a notice from Grandpoint or from Pacific Premier, as the surviving corporation, that appraisal rights are available to them, and must otherwise precisely follow the procedures prescribed by Section 262 of the DGCL. Failure to follow any of the statutory procedures set forth in Section 262 of the DGCL will result in the loss or waiver of appraisal rights under Delaware law. A person having a beneficial interest in shares of Grandpoint common stock held of record in the name of another person, such as a broker, bank or other nominee, must act promptly to cause the record holder to follow the steps summarized in this prospectus/proxy and consent solicitation statement and in a timely manner to perfect appraisal rights. In view of the complexity of Section 262 of the DGCL, Grandpoint shareholders who may wish to pursue appraisal rights should consult their legal and financial advisors. See "The Merger Appraisal Rights" beginning on page _____.

Grandpoint is Prohibited from Soliciting Other Offers (Page _____)

Grandpoint has agreed that, while the merger is pending, it will not solicit, initiate, encourage or, subject to some limited exceptions, engage in discussions with any third party other than Pacific Premier regarding extraordinary transactions such as a merger, business combination or sale of a material amount of its assets or capital stock.

the representations and warranties of each of Pacific Premier and Grandpoint in the merger agreement must be true and correct, subject to the materiality standards provided in the merger agreement;

Pacific Premier and Grandpoint must have complied in all material respects with their respective obligations in the merger agreement;

Pacific Premier and Grandpoint must have received a written opinion that the merger will be treated for federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Code;

as of the closing date, Grandpoint's tangible common equity (as defined and subject to certain specified adjustments set forth in the merger agreement) must not be less than \$291.8 million; and

dissenting shares of Grandpoint common stock must not represent 10% or more of the outstanding shares of Grandpoint common stock.

Unless prohibited by law, either Pacific Premier or Grandpoint could elect to waive a condition that has not been satisfied and complete the merger. The parties cannot be certain whether or when any of the conditions to the merger will be satisfied, or waived where permissible, or that the merger will be completed.

Pacific Premier and Grandpoint Will File Regulatory Applications to Seek Regulatory Approvals to Complete the Merger (Page)

To complete the merger, the parties need the prior approval from the Board of Governors of the Federal Reserve System, which we refer to as the Federal Reserve, and the California Department of Business Oversight, which we refer to as CA DBO. The Department of Justice, or DOJ, is also able to provide input into the approval process of federal banking agencies and will have between fifteen (15) and thirty (30) days following any approval of a federal banking agency to challenge the approval on antitrust grounds. Pacific Premier and Grandpoint will file all necessary applications with the Federal Reserve and the CA DBO. Pacific Premier and Grandpoint cannot predict whether the required regulatory approvals will be obtained or whether any such approvals will have conditions which would be detrimental to Pacific Premier following completion of the merger.

Pacific Premier and Grandpoint May Terminate the Merger Agreement (Page)

Pacific Premier and Grandpoint can mutually agree at any time to terminate the merger agreement before completing the merger, even if Grandpoint shareholders have already voted to approve it pursuant to the Grandpoint consent solicitation.

Pacific Premier or Grandpoint can also terminate the merger agreement:

if the terminating party is not in material breach of any representation, warranty, covenant, or agreement contained in the merger agreement, in the event of a breach by the other party of any representation, warranty, covenant, or agreement contained in the merger agreement that (i) cannot be or has not been cured within the earlier of (A) thirty (30) days of the giving of written notice to the breaching party or parties and (B) December 31, 2018, and (ii) would entitle the non-breaching party not to consummate the merger;

in the event that the merger is not consummated by December 31, 2018, except to the extent that the failure to consummate the merger by such date is due to (i) the failure of the party seeking to terminate to perform or observe its covenants and agreements set forth in the merger agreement, or (ii) the failure of any of the Grandpoint shareholders (if Grandpoint is the party seeking to terminate) to perform or observe their respective covenants under their respective Grandpoint shareholder agreements with Pacific Premier;

in the event the approval of any governmental authority required for consummation of the merger or the bank merger have been denied by final, non-appealable action of the governmental authority, or any governmental authority shall have issued a final, non-appealable injunction permanently enjoining or otherwise prohibiting the consummation of the merger or the bank merger, or an application for approval has been permanently withdrawn by mutual agreement of Pacific Premier and Grandpoint at the formal or informal request of a governmental authority, provided that no party has the right to terminate the merger agreement if the party seeking to terminate the merger agreement failed to perform or observe its covenants; or

if the approval of the issuance of shares of Pacific Premier common stock in connection with the merger by Pacific Premier shareholders has not been obtained by reason of the failure to obtain the required vote at the Pacific Premier special meeting or at any adjournment or postponement thereof.

In addition, Pacific Premier may terminate the merger agreement if the holders of not less than a majority of the outstanding shares of Grandpoint voting common stock have not delivered to PPBI written consents adopting the merger agreement prior to 6:00 pm, Pacific Time, on the third business day following the date of declaration of effectiveness by the Commission of the registration statement on Form S-4, of which this prospectus/proxy and consent solicitation statement is a part.

Table of Contents

Pacific Premier may terminate the merger agreement in the event that (i) the Pacific Premier average share price is greater than \$45.655 and (ii) the Pacific Premier average share price outperforms the KBW Regional Banking Index by greater than 15%.

Grandpoint may also terminate the merger agreement if, prior to receipt of adoption of the merger agreement by Grandpoint shareholders, (i) the Grandpoint board authorizes Grandpoint to enter into a binding written agreement with respect to a superior proposal, as defined in the merger agreement, and (ii) Grandpoint pays to Pacific Premier the termination fee described below substantially concurrent with the termination of the merger agreement.

Grandpoint may also terminate the merger agreement in the event that (i) the Pacific Premier average share price is less than \$33.745 and (ii) the Pacific Premier average share price underperforms the KBW Regional Banking Index by greater than 15%.

Termination Fee (Page)

Grandpoint must pay Pacific Premier a termination fee of \$23.0 million if the merger agreement is terminated under specified circumstances.

Pacific Premier and Grandpoint May Amend the Merger Agreement (Page)

The parties may amend or supplement the merger agreement by written agreement at any time before the merger actually takes place; provided, however, no amendment or supplement that by law requires further approval by the Grandpoint shareholders may be made after the receipt of approval of the merger agreement by the requisite vote of the Grandpoint shareholders through the Grandpoint consent solicitation without first obtaining such approval.

Grandpoint's Directors and Officers Have Some Interests in the Merger that Are in Addition to or Different than the Interests of Grandpoint Shareholders (Page)

Grandpoint directors and officers have interests in the merger as individuals that are in addition to, or different from, their interests as shareholders of Grandpoint, which are:

upon consummation of the merger, each outstanding and unexercised Grandpoint option, including unvested Grandpoint options, which will accelerate and vest in full immediately prior to the effective time, will be cancelled in exchange for the right to receive from Grandpoint, immediately prior to the effective time of the merger, a single-lump sum cash payment;

each of whom must be mutually agreeable to Pacific Premier and Grandpoint, one of whom shall be Don M. Griffith, the chairman and chief executive officer of Grandpoint, as directors of Pacific Premier and Pacific Premier Bank. Each individual will serve until the first annual meeting of shareholders of Pacific Premier following the effective time of the merger and until his or her successor is elected and qualified. Subject to the fiduciary duties of the Pacific Premier board, Pacific Premier is required to include such individuals on the list of nominees for director presented by the Pacific Premier board and for which the Pacific Premier board will solicit proxies at the first annual meeting of shareholders of Pacific Premier following the effective time of the merger.

The board of directors of Pacific Premier and Grandpoint were aware of the foregoing interests and considered them, among other matters, in approving the merger agreement and the merger.

Accounting Treatment of the Merger (Page)

Notes to Unaudited Pro Forma Combined Condensed Consolidated Financial Statements

Note A Basis of Presentation

The Unaudited Pro Forma Combined Condensed Consolidated Statements of Financial Condition and explanatory notes as of December 31, 2017 combines the historical Consolidated Statement of Financial Condition of Pacific Premier and the historical Consolidated Balance Sheet of Grandpoint as of such date (i) on an actual historical basis and (ii) assuming the completion of the merger at such date, using the acquisition method of accounting and giving effect to the related pro forma adjustments described in the accompanying Notes to the Unaudited Pro Forma Combined Condensed Consolidated Financial Statements. The Unaudited Pro Forma Combined Condensed Consolidated Statements of Financial Condition as of December 31, 2017 gives effect to the completion of Pacific Premier's acquisition of Grandpoint.

The Unaudited Pro Forma Combined Condensed Consolidated Statements of Operations and explanatory notes for the year ended December 31, 2017 combine the historical Consolidated Statements of Operations of Pacific Premier and the historical Consolidated Statements of Income of Grandpoint for such period, giving effect to the merger as if the merger had become effective at the beginning of the period presented, using the acquisition method of accounting and giving effect to the pro forma adjustments described in the accompanying Notes to the Unaudited Pro Forma Combined Condensed Consolidated Financial Statements. The Unaudited Pro Forma Combined Condensed Consolidated Statements of Operations for the year ended December 31, 2017 also gives effect to Pacific Premier's acquisitions of HEOP and Plaza, giving effect to the mergers as if the mergers had become effective at the beginning of such period using the acquisition method of accounting and giving effect to the pro forma adjustments described in the accompanying Notes to the Unaudited Pro Forma Combined Condensed Consolidated Financial Statements.

Since the merger is recorded using the acquisition method of accounting, all loans are recorded at fair value, including adjustments for credit quality, and no allowance for credit losses is carried over to Pacific Premier's balance sheet. In addition, certain anticipated costs associated with the merger such as professional fees, legal fees and conversion-related expenditures are not reflected in the pro forma statements of operations.

While the recording of the acquired loans at their fair value will impact the prospective determination of the provision for credit losses and the allowance for credit losses, for purposes of the Unaudited Pro Forma Combined Condensed Consolidated Statements of Operations for the year ended December 31, 2017, Pacific Premier assumed no adjustments to the historical amounts of Grandpoint's, HEOP's and Plaza's provisions for credit losses. If such adjustments were estimated, there could be an increase or a reduction to the historical amounts of Grandpoint's, HEOP's and Plaza's provisions for credit losses presented. In addition, the fair value of the loan portfolio is not necessarily reflective of the allowance for loan losses calculated under the probable incurred loss model, as the fair value also takes into account an interest and liquidity component.

Note B Accounting Policies and Financial Statement Classifications

The accounting policies of Grandpoint are in the process of being reviewed in detail by Pacific Premier. Upon completion of such review, conforming adjustments or financial statement reclassifications may be determined.

Note C Merger and Acquisition Integration Costs

In connection with the merger, the plan to integrate Pacific Premier's and Grandpoint's operations is still being developed. The specific details of this plan will continue to be refined over the next several months, and will include assessing personnel, benefit plans, premises, equipment, and service contracts

Table of Contents

to determine where they may take advantage of redundancies. Certain decisions arising from these assessments may involve involuntary termination of employees, vacating leased premises, changing information systems, canceling contracts with certain service providers, and selling or otherwise disposing of certain furniture and equipment. Pacific Premier also expects to incur merger-related costs including professional fees, legal fees, system conversion costs and costs related to communications with customers and others. To the extent there are costs associated with these actions, the costs will be recorded based on the nature of the cost and in the period incurred.

Note D Estimated Annual Cost Savings

Pacific Premier expects to realize cost savings following the merger. These cost savings are not reflected in the pro forma financial information and there can be no assurance they will be achieved in the amount or manner currently contemplated.

Note E Pro Forma Adjustments

The following pro forma adjustments have been reflected in the unaudited pro forma combined condensed consolidated financial information. All adjustments are based on current assumptions and valuations, which are subject to change.

- (1) The pro forma data in this column presents the unaudited financial data for Pacific Premier on a pro forma combined basis reflecting the consummation of the mergers with Grandpoint, Plaza and HEOP, as applicable, if the mergers had taken place as of the date indicated, or at the beginning of the period indicated, after giving effect to the pro forma adjustments described in the other footnotes to this table.

RISK FACTORS

*In addition to the other information included in this prospectus/proxy and consent solicitation statement, including the matters addressed in the section entitled "Cautionary Statement Concerning Forward-Looking Statements" beginning on page , you should be aware of and carefully consider the following risks and uncertainties that are applicable to the merger agreement, the merger, Pacific Premier and Grandpoint before deciding whether (i) if you are a Pacific Premier shareholder, to vote for the issuance of shares of Pacific Premier common stock to the Grandpoint shareholders in connection with the merger and the approval of the adjournment of the Pacific Premier special meeting, if necessary, to solicit additional proxies to approve the issuance of shares of Pacific Premier common stock, or (ii) if you are a Grandpoint shareholder, to deliver a written consent with respect to the adoption of the merger agreement. **You should also consider the risks relating to the businesses of Pacific Premier and ownership of Pacific Premier common stock contained in Part I, Item 1A of Pacific Premier's Annual Report on Form 10-K for the year ended December 31, 2017 that has been filed with the Commission, a copy of which is attached as Appendix E to this prospectus/proxy and consent solicitation statement.***

Because the market price of Pacific Premier common stock will fluctuate, the Grandpoint shareholders cannot be sure of the exact value of the merger consideration they will receive.

Upon the effective time of the merger, each share of Grandpoint common stock will be converted into, and shall be cancelled in exchange for, the right to receive the merger consideration, consisting of 0.4750 of a share of Pacific Premier common stock for each share of Grandpoint common stock. Because the price of Pacific Premier common stock will fluctuate during the period of time between the date of this prospectus/proxy and consent solicitation statement and the time the Grandpoint shareholders actually receive their shares of Pacific Premier common stock as merger consideration, the Grandpoint shareholders will be subject to the risk of a decline in the price of Pacific Premier common stock during this period. Pursuant to the merger agreement, Grandpoint may terminate the merger agreement in the event that (i) the Pacific Premier average share price is less than \$33.745 and (ii) the Pacific Premier average share price underperforms the KBW Regional Banking Index by greater than 15%. In addition, Pacific Premier may terminate the merger agreement in the event that (i) the Pacific Premier average share price is greater than \$45.655 and (ii) the Pacific Premier average share price outperforms the KBW Regional Banking Index by greater than 15%. Stock price changes may result from a variety of factors, including general market and economic conditions, changes in geopolitical conditions, changes in the values and perceptions of financial services stocks generally and Pacific Premier in particular, changes in Pacific Premier's business, operations and prospects and regulatory considerations. Many of these factors are beyond Pacific Premier's control. Accordingly, at the time that the Grandpoint consent solicitation is initiated and conducted, Grandpoint shareholders will not know or be able to calculate the exact value of the shares of Pacific Premier common stock they will receive upon completion of the merger.

Directors and officers of Grandpoint have interests in the merger that are in addition to or different than the interests of Grandpoint shareholders.

Grandpoint directors and officers have interests in the merger as individuals that are in addition to, or different from, their interests as shareholders of Grandpoint, which are:

upon consummation of the merger, each outstanding and unexercised Grandpoint option will be cancelled in exchange for the right to receive from Grandpoint, immediately prior to the effective time of the merger, a single-lump sum cash payment;

the agreement of Pacific Premier to honor indemnification obligations of Grandpoint for a period of six (6) years, as well as to purchase liability insurance for Grandpoint's directors and officers for six (6) years following the merger, subject to the terms of the merger agreement;

Table of Contents

cash payments to certain officers of Grandpoint in the aggregate amount of approximately \$6.5 million, on a pre-tax basis, pursuant to the terms of their respective employment and change-in control agreements with Grandpoint or Grandpoint Bank;

retention bonuses that may be paid to certain officers of Grandpoint in recognition of their efforts in connection with the merger, which are not expected to exceed \$1.2 million in the aggregate; and

pursuant to the terms of the merger agreement, Pacific Premier is required to take all action necessary to appoint or elect, effective as of the effective time of the merger, two (2) individuals, each of whom must be mutually agreeable to Pacific Premier and Grandpoint, one of whom shall be Don M. Griffith, the chairman and chief executive officer of Grandpoint, as directors of Pacific Premier and Pacific Premier Bank. Each individual will serve until the first annual meeting of shareholders of Pacific Premier following the effective time of the merger and until his or her successor is elected and qualified. Subject to the fiduciary duties of the Pacific Premier board, Pacific Premier is required to include such individuals on the list of nominees for director presented by the Pacific Premier board and for which the Pacific Premier board will solicit proxies at the first annual meeting of shareholders of Pacific Premier following the effective time of the merger.

These arrangements may create potential conflicts of interest. These interests of Grandpoint's directors and officers may cause some of these persons to view the proposed transaction differently than how other Grandpoint shareholders view it. The Grandpoint and Pacific Premier boards of directors were aware of these interests and considered them, among other things, in their approval of the merger agreement and the transactions contemplated by the merger agreement. Grandpoint shareholders should consider these interests in conjunction with the recommendation of the Grandpoint board with respect to approval of the merger. See "The Merger Interests of Certain Grandpoint Officers and Directors in the Merger" beginning on page .

The termination fee, as well as the restrictions on solicitation contained in the merger agreement, may discourage other companies from trying to acquire Grandpoint.

Until the completion of the merger, with some limited exceptions, Grandpoint is prohibited from soliciting, initiating, encouraging or participating in any discussion of or otherwise considering any inquiries or proposals that may lead to an acquisition proposal, such as a merger or other business combination transaction, with any person other than Pacific Premier. In addition, Grandpoint has agreed to pay a termination fee to Pacific Premier in specified circumstances. See "The Merger Termination Fee" beginning on page . These provisions could discourage other companies from trying to acquire Grandpoint even though those other companies might be willing to offer greater value to Grandpoint shareholders than Pacific Premier has offered in the merger. The payment of the termination fee could also have a material adverse effect on Grandpoint's financial condition.

Pacific Premier may fail to realize the anticipated benefits of the merger.

The success of the merger will depend on, among other things, Pacific Premier's ability to realize the anticipated revenue enhancements and efficiencies and to combine the businesses of Pacific Premier and Grandpoint in a manner that does not materially disrupt the existing customer relationships of Grandpoint or result in decreased revenues resulting from any loss of customers and that permits growth opportunities to occur. If Pacific Premier is not able to successfully achieve these objectives, the anticipated benefits of the merger may not be realized fully or at all or may take longer to realize than expected.

Pacific Premier and Grandpoint have operated and, until the completion of the merger, will continue to operate, independently. It is possible that the integration process could result in the loss of

Table of Contents

key employees, the disruption of each company's ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect Pacific Premier's ability to maintain relationships with clients, customers, depositors and employees or to achieve the anticipated benefits of the merger. Integration efforts between the two companies could also divert management attention and resources. These integration matters could have an adverse effect on each of Pacific Premier and Grandpoint during the transition period and on the combined company following completion of the merger.

The market price of Pacific Premier common stock after the merger may be affected by factors different from those affecting the shares of Grandpoint or Pacific Premier currently.

Upon completion of the merger, holders of Grandpoint common stock will become holders of Pacific Premier common stock. Pacific Premier's business differs from that of Grandpoint, and, accordingly, the financial condition and results of operations of the combined company and the market price of Pacific Premier common stock after the completion of the merger may be affected by factors different from those currently affecting the financial condition and results of operations of Grandpoint or Pacific Premier on a standalone basis.

The fairness opinion received by the Pacific Premier board from its financial advisor, Raymond James, and the fairness opinion received by the Grandpoint board from Grandpoint's financial advisor, KBW, do not reflect any changes since the date of such opinions, which were both delivered prior to the signing of the merger agreement.

Changes in the operations and prospects of Pacific Premier or Grandpoint, general market and economic conditions and other factors that may be beyond the control of Pacific Premier and Grandpoint may alter the value of Pacific Premier or Grandpoint or the market price for shares of Pacific Premier common stock or Grandpoint common stock by the time the merger is completed. Neither the fairness opinion delivered by Raymond James to the Pacific Premier board nor the fairness opinion delivered by KBW to the Grandpoint board speaks as of any date other than the date of such opinions, which was February 9, 2018 in the case of both Raymond James' opinion and KBW's opinion. Raymond James' fairness opinion is attached as Appendix B to this prospectus/proxy and consent solicitation statement and KBW's fairness opinion is attached as Appendix C to this prospectus/proxy and consent solicitation statement. For a description of Raymond James' opinion, see "The Merger Opinion of Pacific Premier's Financial Advisor" beginning on page . For a description of KBW's opinion, see "The Merger Opinion of Grandpoint's Financial Advisor" beginning on page . For a description of the other factors considered by the Pacific Premier board in determining to approve the merger, see "The Merger Pacific Premier's Reasons for the Merger" beginning on page . For a description of the other factors considered by the Grandpoint board in determining to approve the merger, see "The Merger Grandpoint's Reasons for the Merger" beginning on page .

Sales of substantial amounts of Pacific Premier's common stock in the open market by former Grandpoint shareholders could depress Pacific Premier's stock price.

Shares of Pacific Premier common stock that are issued to Grandpoint shareholders in the merger will be freely tradable without restrictions under the Securities Act. As of the close of business on , 2018, Pacific Premier had approximately shares of common stock outstanding. Based on the number of Grandpoint shares of common stock outstanding as of the date of this prospectus/proxy and consent solicitation statement, Pacific Premier anticipates issuing approximately shares of its common stock in connection with the merger.

Because of the significantly enhanced liquidity of Pacific Premier common stock as compared to Grandpoint common stock on account of trading on the NASDAQ Global Select Market and the greater public float and trading volume of shares of Pacific Premier common stock relative to shares of Grandpoint common stock, if the merger is completed, Grandpoint's former shareholders may sell

Table of Contents

substantial amounts of Pacific Premier common stock in the public market following completion of the merger. Any such sales may cause the market price of Pacific Premier common stock to decrease.

Pacific Premier expects to incur expenses related to the merger that may have a negative impact on Pacific Premier's results of operations.

Pacific Premier will incur certain expenses in connection with consummation of the merger and integrating Grandpoint's business, operations, systems, technologies and procedures. Although Pacific Premier has assumed that a certain level of transaction and integration expenses would be incurred, there are a number of factors beyond Pacific Premier's control that could affect the total amount or the timing of these expenses. Many of the expenses that will be incurred, by their nature, are difficult to estimate accurately at the present time. These expenses may have a negative impact on Pacific Premier's results of operations, although the timing and magnitude of any such impact is uncertain at present.

The merger is subject to the receipt of approvals or waivers from regulatory authorities that may be denied or may impose conditions that could have an adverse effect on Pacific Premier.

Before the merger can be completed, various approvals or waivers must be obtained from bank regulatory authorities. Regulatory approval or waivers are not guaranteed and even if granted, the bank regulatory authorities may impose conditions on the completion of the merger or require changes to the terms of the merger. Although Pacific Premier and Grandpoint do not currently expect that any such application or waiver request will be denied, or that any such conditions or changes will be imposed, there can be no assurance that they will not be, and such denials, conditions or changes could have the effect of delaying completion of the merger, imposing additional costs on, or limiting the revenues of Pacific Premier following the merger or causing the merger transaction between Pacific Premier and Grandpoint to terminate. See "The Merger Bank Regulatory Approvals" beginning on page and "The Merger Conditions to the Merger" beginning on page .

The merger cannot be completed unless the Pacific Premier shareholders approve the issuance of Pacific Premier common stock in the merger and the Grandpoint shareholders adopt the merger agreement.

In order for the merger to be completed, the Pacific Premier shareholders must approve the issuance of Pacific Premier common stock in the merger and the Grandpoint shareholders must adopt the merger agreement. While a vote of Pacific Premier's shareholders is not required to approve the merger, the approval of Pacific Premier's shareholders is required under applicable NASDAQ rules in order for Pacific Premier to be authorized to issue the shares of Pacific Premier common stock to Grandpoint shareholders as the merger consideration. Approval of the issuance of Pacific Premier common stock to Grandpoint stockholders under NASDAQ rules requires approval of at least a majority of the total votes cast at the Pacific Premier special meeting. The adoption of the merger agreement by the Grandpoint shareholders requires the affirmative vote of the holders of a majority of the outstanding shares of Grandpoint voting common stock through the Grandpoint consent solicitation. If either or both of these required votes is not obtained from the shareholders of each of the respective companies, the merger may not be consummated. Pacific Premier may terminate the merger agreement if the holders of not less than a majority of the outstanding shares of Grandpoint voting common stock have not delivered to PPBI written consents adopting the merger agreement prior to 6:00 pm, Pacific Time, on the third business day following the date of declaration of effectiveness by the Commission of the registration statement on Form S-4, of which this prospectus/proxy and consent solicitation statement is a part.

Table of Contents

The merger is subject to certain closing conditions that, if not satisfied or waived, will result in the merger not being completed, which may cause the prices of Pacific Premier common stock and Grandpoint common stock to decline.

Consummation of the merger is subject to customary conditions to closing in addition to the receipt of the required regulatory approvals and adoption of the Grandpoint shareholders of the merger agreement and the approval of the Pacific Premier shareholders of the issuance of Pacific Premier common stock in connection with the merger. If any condition to the merger is not satisfied or waived, to the extent permitted by law, the merger will not be completed. In addition, Pacific Premier and Grandpoint may terminate the merger agreement under certain circumstances even if the merger agreement is adopted by Grandpoint shareholders and the issuance of Pacific Premier common stock in connection with the merger is approved by Pacific Premier shareholders, including if the merger has not been completed on or before December 31, 2018. If the merger is not completed, the respective trading prices of Pacific Premier common stock on the NASDAQ Global Stock Market or quotations of Grandpoint common stock on the OTC Market Group Pink Sheets may decline to the extent that the current prices reflect a market assumption that the merger will be completed. In addition, neither company would realize any of the expected benefits of having completed the merger. For more information on closing conditions to the merger agreement, see "The Merger - Conditions to the Merger" beginning on page .

The unaudited condensed pro forma combined financial data included in this prospectus/proxy and consent solicitation statement are presented for illustrative purposes only and may not be an indication of the combined company's financial condition or results of operations following the merger.

The unaudited condensed pro forma combined financial data contained in this prospectus/proxy and consent solicitation statement are presented for illustrative purposes only, are based on various adjustments, assumptions and preliminary estimates and may not be an indication of the combined company's financial condition or results of operations following the merger for several reasons. The actual financial condition and results of operations of the combined company following the merger may not be consistent with, or evident from, these unaudited pro forma condensed combined financial data. In addition, the assumptions used in preparing the unaudited pro forma condensed combined financial data may not prove to be accurate, and other factors may affect the combined company's financial condition or results of operations following the merger. Any potential decline in the combined company's financial condition or results of operations may cause significant variations in the stock price of the combined company.

The shares of Pacific Premier common stock to be received by Grandpoint shareholders as a result of the merger will have different rights than shares of Grandpoint common stock.

Upon completion of the merger, Grandpoint shareholders will become Pacific Premier shareholders and their rights as shareholders will be governed by the Pacific Premier amended and restated certificate of incorporation, as amended, the Pacific Premier amended and restated bylaws, unless and until these items are further amended and restated in connection with Pacific Premier's 2018 annual meeting of shareholders, as well as the DGCL. The rights associated with Grandpoint common stock are different from the rights associated with Pacific Premier common stock. See "Comparison of the Rights of Shareholders" beginning on page .

This prospectus/proxy and consent solicitation statement contains a number of forward-looking statements regarding the financial condition, results of operations, earnings outlook and business prospects of Pacific Premier, Pacific Premier Bank, Grandpoint and Grandpoint Bank and the potential combined company and may include statements for the periods following the completion of the merger. Shareholders of either Pacific Premier or Grandpoint can find many of these statements by looking for words such as "expects," "projects," "anticipates," "believes," "intends," "estimates," "strategy," "plan," "potential," "possible" and other similar expressions. Statements about the expected timing, completion and effects of the merger and all other statements in this prospectus/proxy and consent solicitation statement other than historical facts constitute forward-looking statements. Forward-looking statements involve certain risks and uncertainties that are subject to change based on factors which are, in many instances, beyond Pacific Premier's or Grandpoint's control. Accordingly, actual results may differ materially from those expressed in, or implied by, the forward-looking statements. Some of the factors that may cause actual results or earnings to differ materially from those contemplated by the forward-looking statements include, but are not limited to, those discussed under "Risk Factors" and those discussed in Pacific Premier's Annual Report on Form 10-K for the year ended December 31, 2017, a copy of which is attached as Appendix E to this prospectus/proxy and consent solicitation statement, as well as the following:

required regulatory, shareholder or other approvals may not be obtained or other closing conditions may not be satisfied in a timely manner or at all;

reputational risks and the reaction of the companies' customers to the merger;

diversion of management time on merger-related issues;

competitive pressure among depository and other financial institutions may increase significantly;

costs or difficulties related to the integration of the businesses of Pacific Premier and Grandpoint may be greater than expected;

the effects of, and changes in, trade, monetary and fiscal policies and laws, including interest rate policies of the Federal Reserve;

adverse changes may occur in the securities markets; and

competitors of Pacific Premier may have greater financial resources and develop products and technology that enable those competitors to compete more successfully than Pacific Premier.

Shares Outstanding and Entitled to Vote; Record Date

The close of business on , 2018 has been fixed by Pacific Premier as the Pacific Premier record date, for the determination of Pacific Premier shareholders entitled to notice of and to vote at the Pacific Premier special meeting and any adjournment or postponement of the Pacific Premier special meeting. At the close of business on the Pacific Premier record date, there were shares of Pacific Premier common stock outstanding and entitled to vote, held by holders of record. Each share of Pacific Premier common stock entitles the holder to one vote at the Pacific Premier special meeting on all matters properly presented at the Pacific Premier special meeting.

How to Vote Shares of Pacific Premier Common Stock

Shareholders of Record.

Pacific Premier shareholders of record may vote by mail, telephone, via the Internet or by attending the Pacific Premier special meeting and voting in person. If a Pacific Premier shareholder chooses to vote by mail, he or she should simply mark the enclosed proxy card, date and sign it, and return it in the postage paid envelope provided. Internet and telephone voting is available until 11:59 p.m., Eastern Time, on .

Shares Held in "Street Name."

If a Pacific Premier shareholder's shares of Pacific Premier common stock are held through a bank, broker or other nominee, such Pacific Premier shareholder is considered the beneficial owner of such shares held in "street name." In such case, this prospectus/proxy and consent solicitation statement has been forwarded by such Pacific Premier shareholder's bank, broker or other nominee, who is considered, with respect to such shares, the shareholder of record. As the beneficial owner, a Pacific Premier shareholder has the right to direct such bank, broker or other nominee how to vote the shares by following the voting instructions that they have sent, or will send, to the Pacific Premier shareholder. Without specific instructions from the Pacific Premier shareholder, the bank, broker or other nominee is not empowered to vote a Pacific Premier shareholder's shares on non routine matters such as the proposal to approve the issuance of shares of common stock of Pacific Premier to the shareholders of Grandpoint pursuant to the merger agreement or the proposal of the Pacific Premier board of directors to adjourn the Pacific Premier special meeting, if necessary. Not voting these shares will not have any effect on the vote to approve the proposal to issue of shares of common stock of Pacific Premier to the shareholders of Grandpoint pursuant to the merger agreement or the proposal of the Pacific Premier board of directors to adjourn the special meeting, if necessary. When the vote is tabulated for the

Table of Contents

proposals, broker non votes, if any, will only be counted for purposes of determining whether a quorum is present. Accordingly, we advise each Pacific Premier shareholder to promptly give instructions to his or her bank, broker or other nominee to vote **"FOR"** approval of the issuance of shares of Pacific Premier common stock to the Grandpoint shareholders pursuant to the merger agreement and **"FOR"** the proposal to adjourn the Pacific Premier special meeting, if necessary, by using the voting instruction card provided to such Pacific Premier shareholder by his or her bank, broker or other nominee. Alternatively, if a Pacific Premier shareholder is a beneficial owner and wishes to vote in person at the Pacific Premier special meeting, the Pacific Premier shareholder must provide a proxy executed in such Pacific Premier shareholder's favor by the bank, broker or other nominee.

Revocation of Proxies

A Pacific Premier shareholder can revoke a proxy at any time before his or her shares are voted. If the Pacific Premier shareholder is a shareholder of record, the Pacific Premier shareholder can revoke a proxy by:

delivering to Pacific Premier prior to the Pacific Premier special meeting a written notice of revocation addressed to:
Secretary, Pacific Premier Bancorp, Inc., 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614;

completing, signing and returning a new proxy card with a later date before the date of the Pacific Premier special meeting, and any earlier dated proxy will be revoked automatically;

calling the toll free number listed on the Pacific Premier proxy card or by accessing the Internet site listed on the Pacific Premier proxy card to change his or her vote by 11:59 p.m., Eastern Time, on _____, in which case the later submitted proxy via telephone or Internet, as the case may be, will be recorded and the earlier dated proxy will be revoked;
or

attending the Pacific Premier special meeting and voting in person, and any earlier proxy will be revoked. However, simply attending the Pacific Premier special meeting without voting will not revoke a Pacific Premier proxy.

If a Pacific Premier shareholder has instructed a bank, broker or other nominee to vote such Pacific Premier shareholder's shares of Pacific Premier common stock, the Pacific Premier shareholder must follow directions received from the bank, broker or other nominee to change his or her vote.

Attendance at the Pacific Premier special meeting will not, in and of itself, constitute revocation of a proxy.

Each proxy returned to Pacific Premier (and not revoked) by a holder of Pacific Premier common stock will be voted in accordance with the instructions indicated thereon. If no instructions are indicated on a signed proxy that is returned, such proxy will be voted **"FOR"** approval of the proposal to issue shares of Pacific Premier common stock to the Grandpoint shareholders pursuant to the merger agreement and **"FOR"** the proposal to adjourn the Pacific Premier special meeting, if necessary, to permit further solicitation of proxies if there are not sufficient votes at the time of the Pacific Premier special meeting to approve the issuance of shares of Pacific Premier common stock in connection with the merger.

Quorum

A quorum, consisting of the holders of a majority of the shares entitled to vote at the Pacific Premier special meeting, must be present in person or by proxy before any action may be taken at the Pacific Premier special meeting. Once a share of Pacific Premier common stock is represented at the Pacific Premier special meeting, it will be counted for the purpose of determining a quorum not only at the Pacific Premier special meeting but also at any adjournment or postponement of the Pacific

Table of Contents

Premier special meeting. In the event that a quorum is not present at the Pacific Premier special meeting, it is expected that the Pacific Premier special meeting will be adjourned or postponed.

Abstentions and broker non votes will not be counted for purposes of determining the number of votes cast on a proposal but will be treated as present for quorum purposes. "Broker non votes" are shares held by banks, brokers or nominees as to which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and the bank, broker or nominee does not have discretionary voting power under the applicable New York Stock Exchange rules. Under these rules, the proposals to approve the issuance of shares of Pacific Premier common stock to the shareholders of Grandpoint pursuant to the merger agreement and to adjourn the Pacific Premier special meeting, if necessary, are not items on which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions.

Vote Required

The affirmative vote of holders of the majority of the shares for which votes are cast at the Pacific Premier special meeting is needed to approve the issuance of the shares of Pacific Premier common stock to the shareholders of Grandpoint pursuant to the merger agreement. The affirmative vote of holders of the majority of the shares for which votes are cast at the Pacific Premier special meeting is needed to approve the proposal to adjourn the Pacific Premier special meeting, if necessary.

Abstentions and broker non votes will not be counted as votes cast and, therefore, will not affect either proposal. Further, the failure to vote, either by proxy or in person, will not have an effect on either proposal.

Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted **"FOR"** approval of the issuance of shares of Pacific Premier common stock to the Grandpoint shareholders in connection with the merger and **"FOR"** the proposal to adjourn the Pacific Premier special meeting, if necessary, to permit further solicitation of proxies on the proposal to approve the issuance of shares of Pacific Premier common stock to the Grandpoint shareholders in connection with the merger.

Solicitation of Proxies

Pacific Premier will pay the costs of soliciting its shareholders' proxies, as well as all other costs incurred by it in connection with the solicitation of proxies from its shareholders on behalf of its board of directors. In addition to solicitation by mail, directors, officers and employees of Pacific Premier may solicit proxies from shareholders of Pacific Premier in person or by telephone, facsimile or other electronic methods without compensation other than reimbursement for their actual expenses. Pacific Premier has engaged DF King & Co. as its proxy solicitation firm. Such firm will be paid its customary fee of \$10,500 and out of pocket expenses.

Arrangements also will be made with custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons, and Pacific Premier will reimburse such custodians, nominees and fiduciaries for their reasonable out of pocket expenses in connection therewith.

Attending the Pacific Premier Special Meeting

While not required, all holders of Pacific Premier common stock, including shareholders of record and shareholders who hold their shares in street name through banks, brokers or other nominees, are invited to attend the Pacific Premier special meeting. Pacific Premier shareholders of record can vote in person at the Pacific Premier special meeting. If a Pacific Premier shareholder is not a shareholder of record and would like to vote in person at the Pacific Premier special meeting, such Pacific Premier

Table of Contents

shareholder must produce a proxy executed in his or her favor by the record holder of such Pacific Premier shareholder's shares. In addition, such Pacific Premier shareholder must bring a form of personal photo identification with him or her in order to be admitted at the Pacific Premier special meeting. Pacific Premier reserves the right to refuse admittance to anyone without proper proof of share ownership or without proper photo identification. The use of cameras, sound recording equipment, communications devices or any similar equipment during the Pacific Premier special meeting is prohibited without Pacific Premier's express written consent.

Adjournments and Postponements

Although it is not currently expected, the Pacific Premier special meeting may be adjourned or postponed, including for the purpose of soliciting additional proxies, if there are insufficient votes at the time of the Pacific Premier special meeting to approve the issuance of shares of Pacific Premier common stock to the Grandpoint shareholders in connection with the merger pursuant to the merger agreement or if a quorum is not present at the Pacific Premier special meeting. Other than an announcement to be made at the Pacific Premier special meeting of the time, date and place of an adjourned meeting, an adjournment generally may be made without notice. Any adjournment or postponement of the Pacific Premier special meeting for the purpose of soliciting additional proxies will allow the shareholders who have already sent in their proxies to revoke them at any time prior to their use at the Pacific Premier special meeting as adjourned or postponed.

THE MERGER

The following information describes the material aspects of the merger agreement and the merger. This description does not purport to be complete and is qualified in its entirety by reference to the appendices to this prospectus/proxy and consent solicitation statement, including the merger agreement which is attached as Appendix A and incorporated by reference into this prospectus/proxy and consent solicitation statement. Shareholders of both Pacific Premier and Grandpoint should carefully read the appendices in their entirety.

Structure of the Merger

Pursuant to the terms and conditions set forth in the merger agreement, Grandpoint will be acquired by Pacific Premier in a transaction in which Grandpoint will merge with and into Pacific Premier, with Pacific Premier as the surviving corporation, which is referred to as the merger. Immediately following the consummation of the merger, Grandpoint Bank will be merged with and into Pacific Premier Bank, with Pacific Premier Bank as the surviving institution, which is referred to as the bank merger. Following consummation of the bank merger, Pacific Premier Bank intends to continue to operate all of the branches acquired from Grandpoint Bank.

Following the consummation of the merger, Pacific Premier's amended and restated certificate of incorporation, as amended, and amended and restated bylaws as in effect immediately prior to the merger will continue as the governing corporate documents of Pacific Premier. The directors and executive officers of Pacific Premier immediately prior to the merger will continue as the directors and executive officers of Pacific Premier after the merger, in each case, until their respective successors are duly elected or appointed and qualified. In addition, pursuant to the terms of the merger agreement, Pacific Premier is required to take all action necessary to appoint or elect, effective as of the effective time of the merger, two (2) individuals, each of whom must be mutually agreeable to Pacific Premier and Grandpoint, one of whom shall be Don M. Griffith, the chairman and chief executive officer of Grandpoint, as directors of Pacific Premier and Pacific Premier Bank. Each individual will serve until the first annual meeting of shareholders of Pacific Premier following the effective time of the merger and until his or her successor is elected and qualified. Subject to the fiduciary duties of the Pacific Premier board, Pacific Premier is required to include such individuals on the list of nominees for director presented by the Pacific Premier board, and for which the Pacific Premier board will solicit

proxies at the first annual meeting of shareholders of Pacific Premier following the effective time of the merger.

Background of the Merger

The Grandpoint board and executive management team regularly review and assess strategic opportunities that may be available to Grandpoint, with the goal of enhancing value for Grandpoint's shareholders. These assessments have included periodic discussion with respect to potential transactions that would further Grandpoint's strategic objectives, and the potential benefits and risks of such transactions. Such discussions have included consideration of purchasing other financial institutions, being acquired by another financial institution or other business combinations, in an effort to seek better efficiencies and economies of scale for Grandpoint and its shareholders.

In the spring of 2016, Grandpoint, with the assistance of Sullivan & Cromwell LLP, counsel to Grandpoint and referred to as S&C, and Grandpoint's financial advisor, KBW, undertook a review of Grandpoint's potential strategic alternatives. As part of this review, Grandpoint commenced a process to solicit indications of interest in a potential business combination with Grandpoint. Continuing through May and June 2016, Grandpoint and its advisors held discussions with a number of potential counterparties, some of whom conducted due diligence on Grandpoint and three of whom, Pacific Premier, Bidder A and Bidder B, provided Grandpoint with non-binding proposals with respect to a potential business combination with Grandpoint. In July 2016, Grandpoint entered into a non-binding indication of interest with Bidder A, but ultimately no transaction was pursued and discussions with Bidder A ceased.

Following this and continuing into late fall of 2016 and early-2017, Grandpoint and the Grandpoint board continued to consider Grandpoint's potential alternatives, including whether to continue with the process of seeking indications of interest considering a business combination or acquisition of Grandpoint or whether to pursue alternative strategic initiatives including additional potential acquisitions and capital raising transactions. During this period, Grandpoint continued discussions from time to time with potential counterparties, including renewed discussions with Pacific Premier in September 2016 that did not proceed and discussions with Bidder C in late-2016 and early-2017. On April 26, 2017, Grandpoint received a revised offer from Pacific Premier. Discussions continued and in May 2017, Grandpoint received non-binding letters of interest from Pacific Premier and Bidder C. Between May 22, 2017 and mid-June 2017, Grandpoint and Pacific Premier continued business discussions and negotiations around pricing and the structure of a possible transaction. Pacific Premier ultimately determined to withdraw from discussions on June 15, 2017 after the parties were unable to come to agreement on the business terms.

Following this, Grandpoint and Bidder D held discussions concerning a potential business combination.

In July 2017, Bidder D commenced preliminary due diligence and Grandpoint's board received a preliminary non-binding indication of interest from Bidder D in September 2017, outlining the principal elements of a proposed business combination between Bidder D and Grandpoint. Discussions with Bidder D terminated in mid-October 2017 when Bidder D indicated it was not prepared to proceed with a transaction at that time.

On December 1, 2017, Grandpoint and Pacific Premier entered into a confidentiality agreement to begin diligence and recommence negotiations concerning a potential transaction. These discussions culminated on December 28, 2017 with Grandpoint and Pacific Premier executing a non-binding letter of interest. The letter of interest proposed an implied value of \$18.82 per common share, or an aggregate transaction value of \$650.0 million based on a fixed exchange ratio of 0.4836 of a share of Pacific Premier common stock for each share of Grandpoint common stock. The letter of interest included that the definitive agreement would provide for Grandpoint to designate two individuals to

Table of Contents

serve on the Pacific Premier board upon the closing of the transaction, with the anticipation that Mr. Don Griffith would be selected as one of two people to serve on the Pacific Premier board. The letter of interest also provided that Pacific Premier would purchase directors' and officers' liability insurance following the consummation of the transaction and that Grandpoint executive management not retained by Pacific Premier following the transaction would enter into customary confidentiality and non-solicitation agreements. Pacific Premier then provided an initial list requesting certain diligence materials from Grandpoint.

Grandpoint received an organizational book from Pacific Premier on January 2, 2018, which organizational book included a timeline and responsibilities schedule and due diligence request list. Grandpoint provided Pacific Premier with a reverse due diligence request list on January 5, 2018.

Holland & Knight LLP, counsel to Pacific Premier and which is referred to as H&K, provided an initial draft definitive agreement to S&C on January 12, 2018. Between January 12, 2018 and February 9, 2018, representatives of Grandpoint and Pacific Premier, with the assistance of their respective legal and financial advisors, negotiated the terms of the definitive agreement. During the course of negotiations, the terms of the definitive agreement remained substantially similar to the terms outlined in the letter of interest. The parties also negotiated a form of support agreement and a form of shareholder agreement to be executed by Grandpoint's private equity investors and the directors and executive officers of Grandpoint and Grandpoint Bank, other than directors who did not own shares of Grandpoint common stock.

On January 15, 2018, Grandpoint, received access to Pacific Premier's reverse due diligence data room and commenced reverse due diligence. Over the course of the next four weeks, Grandpoint conducted its diligence on Pacific Premier. Similarly, Pacific Premier conducted its diligence process on Grandpoint.

On January 22, 2018, members of the Grandpoint board and observers to the board discussed the draft definitive agreement with S&C and KBW telephonically. Members of the Grandpoint board and representatives of S&C discussed the proposed definitive agreement, including the requirement that non-employee directors execute non-solicitation agreements. Certain business and legal points were agreed to and the Grandpoint board agreed to continue negotiations on the definitive agreement. On January 22, S&C provided a revised draft of the definitive agreement to H&K.

Don Griffith and Steve Gardner met on February 6, 2018, to discuss the pricing of the transaction. On February 7, 2018, Pacific Premier proposed a decrease in the exchange ratio to 0.4750 of a share of Pacific Premier common stock in exchange for each share of Grandpoint common stock, representing a decrease of 1.8% in the exchange ratio. During this period, the parties continued their due diligence.

On February 9, 2018, the Grandpoint board held a special telephonic meeting. At the meeting, Grandpoint's executive management presented on the business, legal, regulatory, credit and other diligence conducted on Pacific Premier. S&C presented on the terms of the draft definitive agreement and the Grandpoint board's fiduciary duties to Grandpoint's shareholders in the context of a strategic transaction. At this meeting, KBW reviewed the financial aspects of the proposed merger and rendered to the Grandpoint board an opinion to the effect that, as of that date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in such opinion, the exchange ratio in the merger was fair, from a financial point of view, to the holders of Grandpoint common stock. The Grandpoint board voted to approve the transaction with Pacific Premier and the merger agreement.

On February 9, 2018, the Pacific Premier board held a special board meeting for the purposes of considering the merger agreement. At that meeting, the Pacific Premier board thoroughly discussed and considered the terms and conditions of the merger and the merger agreement. H&K advised the Pacific Premier board respecting its duties in connection with the transaction and the terms of the merger

Table of Contents

agreement. Raymond James reviewed the financial aspects of the proposed merger. After deliberation, the Pacific Premier board voted unanimously to approve the merger agreement and the transactions contemplated by the merger agreement, and authorized Pacific Premier management to execute the merger agreement.

Following the Grandpoint and Pacific Premier board meetings, the terms of the merger agreement and related agreements were finalized, and the agreements were executed. The transaction was publicly announced on the morning of February 12, 2018, in a press release issued by Pacific Premier prior to the opening of the stock market. Based on a \$39.10 closing price of Pacific Premier's common stock as of February 9, 2018, the aggregate merger consideration was approximately \$641.2 million, or \$18.57 per share.

Pacific Premier's Reasons for the Merger and Factors Considered by Pacific Premier's Board of Directors

As part of Pacific Premier's business strategy, it evaluates opportunities to acquire bank holding companies, banks and other financial institutions. The acquisition of Grandpoint and Grandpoint Bank is consistent with this strategy. In reaching its conclusion to approve the merger, the Pacific Premier board consulted with Raymond James, its financial advisor, with respect to the financial aspects of the proposed acquisition and with its legal counsel, H&K, as to its legal duties and the terms of the merger agreement and related agreements. Pacific Premier entered into the merger agreement with Grandpoint because, among other things, Pacific Premier believes that the acquisition of Grandpoint and Grandpoint Bank will:

expand and deepen Pacific Premier's geographic footprint into Los Angeles County, California, a strategically key market, expand its presence in San Diego and Orange Counties in California, and establish a presence in the Phoenix and Tucson, Arizona and Vancouver, Washington markets;

create opportunities for Pacific Premier Bank to provide additional products and services to the Grandpoint customers;

improve and strengthen Pacific Premier Bank's existing deposit base by acquiring a business banking franchise with an attractive non-maturity deposit base, which was comprised of 45.8% non-interest bearing demand deposits at December 31, 2017;

offer estimated costs savings of approximately 40% of Grandpoint's non-interest expense, with 75% of the cost savings phased-in during 2018 and the remainder during 2019;

based on the projected cost savings, be immediately accretive to Pacific Premier's earnings per share in 2018, excluding merger-related expenses, and result in an anticipated earnings per share accretion of approximately 8.6% in fiscal year 2019;

based on the projected cost savings, result in anticipated tangible book value dilution of 2.4% with an anticipated earn back period of approximately 1.2 years;

offer an internal rate of return anticipated to be greater than 20% based on the projected cost savings;

enable Pacific Premier to offer its broader range of products and services to Grandpoint Bank customers;

result in a broader market presence providing greater opportunities for future in-market acquisitions; and

allow Pacific Premier to deploy a portion of its capital into what its board of directors believes is a compelling investment.

Table of Contents

The Pacific Premier board also considered the potential adverse consequences of the proposed merger, including:

the possible disruption to Pacific Premier's or Grandpoint's business that may result from the announcement of the merger;

the risk that the cost savings, operational synergies and other benefits expected result from the merger might not be fully realized or not realized at all;

the possibility that the merger may not be completed or may be unduly delayed because conditions to closing may not be satisfied, including:

the condition that Pacific Premier's shareholders approve the issuance of shares of Pacific Premier common stock to Grandpoint's shareholders in connection with the merger;

the condition that Grandpoint's shareholders approve the merger, and

other conditions which are outside of Pacific Premier's control;

the risk that the merger might not be completed and the effect of the resulting public announcement of termination of the merger agreement on:

the market price of Pacific Premier's common stock, and

Pacific Premier's operating results, particularly in light of the costs incurred in connection with the merger; and

the potential risk of diverting management focus and resources from operational matters and other strategic opportunities while working to implement the merger.

Based on the reasons stated above, the Pacific Premier board believes that the merger is in the best interest of Pacific Premier and its shareholders and unanimously recommends that the Pacific Premier shareholders vote **"FOR"** the proposal to approve the issuance of Pacific Premier common stock in connection with the merger and **"FOR"** the proposal to adjourn the Pacific Premier special meeting, if necessary, to permit further solicitation of proxies on the proposal to approve the issuance of shares of Pacific Premier common stock to Grandpoint shareholders in connection with the merger.

Grandpoint's Reasons for the Merger and Recommendation of Grandpoint's Board of Directors

After carefully considering all of its options, and cognizant of its fiduciary duty to shareholders and the current competitive and regulatory environment and a number of other factors discussed in this prospectus/proxy and consent solicitation statement, the Grandpoint board unanimously recommended adoption of the merger agreement, determining that the merger, on the terms provided in the merger agreement is fair to Grandpoint's shareholders and in their best interests.

In evaluating the merger and the merger agreement, the Grandpoint board consulted with Grandpoint's financial advisor, KBW, with respect to the financial aspects of the proposed sale, and consulted with Grandpoint's legal counsel, S&C, as to its legal duties and the terms of the merger agreement and related agreements. All material factors considered by the Grandpoint board have been disclosed in this prospectus/proxy and consent solicitation statement. In reaching its conclusion to approve the merger and recommend adoption of the merger agreement to the Grandpoint shareholders, the Grandpoint board considered a number of factors, including the following, without assigning any specific or relative weights to the factors:

the belief that the terms of the merger and the merger agreement are fair to and in the best interest of all Grandpoint shareholders;

Table of Contents

the financial terms of the merger, including the relationship of the merger consideration to the book value of Grandpoint common stock and the earnings of Grandpoint;

the belief, as of the date of the merger agreement, that the aggregate merger consideration represents a fair price to Grandpoint shareholders;

the structure of the value of the aggregate merger consideration payable in shares of Pacific Premier common stock, which will allow Grandpoint shareholders to participate in the future performance of the combined company's business and synergies resulting from the merger, including an expanded geographic footprint and complementary business lines;

the need for greater liquidity for Grandpoint shareholders, and the fact that the Pacific Premier common stock is registered under the Exchange Act, and publicly traded on the NASDAQ Global Select Market;

the advantages of being part of a larger financial institution, such as Pacific Premier, including the potential for operating efficiencies, the effect of a higher lending limit with respect to Grandpoint's customers, and the generally higher trading multiples of larger financial institutions;

the ability of a larger financial institution, such as Pacific Premier, to compete in the banking environment and to leverage overhead costs;

the anticipated impact on the communities served by Grandpoint, and the increased ability to serve the communities and its customer base through a larger branch network;

the ability of Pacific Premier's management team to successfully integrate and operate the business of the combined company after the merger, as evidenced by the success of Pacific Premier and Pacific Premier Bank in completing and integrating previous mergers of community banks;

the merger agreement does not include any unrealistic closing conditions based on the financial performance of Grandpoint between signing and closing of the transaction;

the likelihood that the merger will be completed on a timely basis, including the likelihood that the merger will receive all necessary regulatory approvals in a timely manner;

the current and prospective economic, regulatory and competitive environment facing the financial services industry generally, and Grandpoint in particular, including the continued rapid consolidation in the financial services industry and the competitive effects of increased consolidation on relatively smaller financial institutions such as Grandpoint;

the tax-free nature of the shares of Pacific Premier common stock being offered as merger consideration;

the prices paid and the terms of other recent comparable combinations of banks and bank holding companies;

results that could be expected to be obtained by Grandpoint if it continued to operate independently, and the likely value to be realized by Grandpoint shareholders if such course were followed, as compared with the value of the aggregate merger

consideration being offered by Pacific Premier;

the financial presentation, dated February 9, 2018, of KBW, to the Grandpoint board and the opinion, dated February 9, 2018, of KBW, to the Grandpoint board, as to the fairness, from a financial point of view and as of the date of the opinion, to the holders of Grandpoint common stock of the exchange ratio in the merger, as more fully described below under "Opinion of Grandpoint's Financial Advisor;" and

Table of Contents

Grandpoint's employees having more opportunities for advancement at a larger financial institution such as Pacific Premier.

The Grandpoint board also considered the potential adverse consequences of the proposed merger, including:

the risk that Grandpoint may not be able to meet one or more of the financial, or other, closing conditions that operate in favor of Pacific Premier, and therefore the merger may not close;

the possible effects on Grandpoint should the parties fail to complete the merger, including the possible effects on the price of Grandpoint common stock, and the associated business and opportunity costs;

the possibility that the merger and the related integration process could disrupt Grandpoint's on-going business and result in the loss of customers and the fact that Grandpoint's officers and employees will have to focus extensively on actions required to complete the merger, which will divert their attention from Grandpoint's business, and that Grandpoint will incur substantial transaction costs even if the merger is not consummated;

the merger agreement's restrictions on Grandpoint's ability to solicit or engage in discussions or negotiations with third parties, and the effect of a termination fee in favor of Pacific Premier, including the risk that the termination fee might discourage third parties from proposing an alternative transaction that may be more advantageous to Grandpoint's shareholders;

the potential reaction of Grandpoint's customers to the proposed merger with Pacific Premier and Pacific Premier Bank;

employee attrition and the potential effect on business and customer relationships;

the interests of Grandpoint's and Grandpoint Bank's officers and directors with respect to the merger apart from their interests as holders of Grandpoint common stock, and the risk that these interests might influence their decision with respect to the merger; and

that while the merger is pending, Grandpoint will be subject to certain limited restrictions on how it conducts business that could delay or prevent Grandpoint from pursuing business opportunities or preclude it from taking actions that would be advisable if it was to remain independent.

Based on the reasons stated, the Grandpoint board believes that the merger is in the best interest of Grandpoint and the Grandpoint shareholders and unanimously recommends that the Grandpoint shareholders provide their written consent voting "FOR" adoption of the merger agreement in the Grandpoint consent solicitation.

Opinion of Pacific Premier's Financial Advisor

At the February 9, 2018 meeting of the Pacific Premier board, representatives of Raymond James rendered Raymond James's oral opinion to the Pacific Premier board that the exchange ratio was fair, from a financial point of view, to Pacific Premier. The oral opinion was subsequently confirmed by Raymond James's delivery of its written opinion to the Pacific Premier board, dated February 9, 2018, as to the fairness, as of such date, from a financial point of view, to Pacific Premier of the exchange ratio in the merger pursuant to the merger agreement, based upon and subject to the qualifications, assumptions and other matters considered in connection with the preparation of its opinion.

Raymond James's opinion does not constitute a recommendation to the Pacific Premier board, any shareholder of Pacific Premier or any other party as to how to vote or act on any matter relating to the proposed merger or otherwise. Furthermore, as provided by the terms of Raymond James's engagement by Pacific Premier, Raymond James's opinion should not be construed as creating any fiduciary duty on the part of Raymond James to the Pacific Premier board, any shareholder of Pacific Premier or any other party, regardless of any prior or ongoing advice or relationships.

In connection with its review of the proposed merger and the preparation of its opinion, Raymond James, among other things:

reviewed the financial terms and conditions as stated in the draft dated February 7, 2018 of the merger agreement;

Raymond James relied upon and assumed, without independent verification, that (i) the merger will be consummated in a manner that complies in all respects with all applicable international, federal and state statutes, rules and regulations, (ii) the merger will constitute a tax-free reorganization and (iii) all governmental, regulatory, and other consents and approvals necessary for the consummation of the merger will be obtained and that no delay, limitations, restrictions or conditions will be imposed or amendments, modifications or waivers made that would have an effect on the merger or Pacific Premier that would be material to its analyses or its opinion. Raymond James expressed no opinion as to the legal, regulatory, accounting and tax matters relating to the merger and relied upon, without independent verification, the assessment of Pacific Premier's management and its legal, tax, accounting and regulatory advisors with respect to all legal, tax, accounting and regulatory matters, including without limitation that the merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code.

Raymond James relied upon and assumed, without independent verification, that there were no changes in the business, assets, liabilities, financial condition, results of operations, cash flows or prospects of Pacific Premier or Grandpoint since the respective dates of the most recent financial statements and other information, financial or otherwise, provided to Raymond James that would be material to Raymond James's analyses or its opinion, and that there is no information or any facts that would make any of the information reviewed by Raymond James incomplete or misleading in any material respect.

Raymond James served as financial advisor to Pacific Premier with respect to the proposed merger but Raymond James expressed no opinion as the underlying business decision of the Pacific Premier board to effect the merger, the structure or tax consequences of the merger or the availability or

advisability of any alternatives to the merger. Raymond James did not recommend any specific amount of consideration or that any specific consideration constituted the only appropriate consideration for the merger. Raymond James did not advise Pacific Premier with respect to its strategic alternatives. Raymond James did not express any opinion as to the value of Pacific Premier common stock following the merger or the likely trading range of Pacific Premier common stock following the merger, which may vary depending on numerous factors that generally impact the price of securities or on the financial condition of Pacific Premier at that time.

Raymond James's opinion is limited to the fairness, from a financial point of view, to Pacific Premier of the exchange ratio in the merger pursuant to the merger agreement. Raymond James expressed no opinion with respect to any other reasons, legal, business, or otherwise, that may support the decision of the Pacific Premier board to approve or consummate the merger. Furthermore, no opinion, advice or interpretation was intended or provided by Raymond James on matters that require legal, accounting or tax advice.

In formulating its opinion, Raymond James considered only what it understood to be the exchange ratio in the merger as described in its opinion, and Raymond James did not consider and Raymond James expressed no opinion on the fairness of the amount or nature of any compensation to be paid or payable to any of Grandpoint's officers, directors or employees, or class of such persons, whether relative to the exchange ratio or otherwise. Raymond James was not requested to opine as to, and its opinion did not express an opinion as to or otherwise address, among other things, (i) the fairness of the merger, relative or otherwise, to the holders of any class of securities, creditors, or other constituencies of Pacific Premier, or to any other party or (ii) the fairness of the merger to any one class or group of Pacific Premier's or any other party's security holders or other constituencies vis-à-vis any other class or group of Pacific Premier's or such other party's security holders or other constituents (including, without limitation, the allocation of any such consideration to be received in the merger amongst or within such classes or groups of security holders or other constituents). Raymond James did not express any opinion as to the impact of the merger on the solvency or viability of Pacific Premier or Grandpoint or the ability of Pacific Premier or Grandpoint to pay their respective obligations when they come due.

Material Financial Analyses

The following summarizes the material financial analyses reviewed by Raymond James with the Pacific Premier board during its meeting on February 9, 2018. Unless the context indicates otherwise, the analyses relied upon the closing price of the common stock of the selected companies listed below as of February 8, 2018. Unless otherwise indicated, for each of the following analyses performed by Raymond James, financial and market data and earnings per share estimates for the selected companies were based on the companies' filings with the Commission and certain publicly available research analyst estimates for those companies.

Contribution Analysis. Raymond James analyzed the relative contribution of Pacific Premier and Grandpoint to certain financial and operating metrics for the pro forma combined company resulting from the merger. Such financial and operating metrics included: (i) gross loans; (ii) deposits; (iii) tangible common equity; (iv) 2017 net income; (v) 2018 estimated net income based on the projected financial information provided to Raymond James by Pacific Premier management (vi) 2019 estimated net income estimates based on the projected financial information provided to Raymond James by Pacific Premier management. The relative contribution analysis did not give effect to any

The financial data reviewed included (i) tangible book value per share; (ii) 2017 earnings per share, for which data was available (which was year ended December 31, 2017); and (iii) publicly available analysts' consensus estimates for earnings per share for the fiscal years 2018 and 2019. No company used in the analyses described below is identical or directly comparable to Pacific Premier or Grandpoint. The selected companies and resulting data are below:

Taking into account the results of the selected companies analysis, Raymond James applied the mean and median of the price to tangible book value ratio and price to earnings per share multiples to corresponding financial data for each of Pacific Premier and Grandpoint. For Pacific Premier, Raymond James used the means and medians of the banks and thrifts for the Pacific Premier Comparable Group above, which group it deemed to include companies with operating results similar to Pacific Premier. For Grandpoint, Raymond James used the banks and thrifts in the Grandpoint Comparable Group above. Raymond James reviewed the ranges of implied per share values and calculated a range of implied exchange ratios by dividing the higher implied per share value of Grandpoint by the lower implied per share value of Pacific Premier to calculate the high implied exchange ratio, and by dividing the lower implied per share value of Grandpoint by the higher implied per share value of Pacific Premier to calculate the low implied exchange ratio. The results of the selected companies analysis are summarized below:

Discounted Cash Flow Analysis. Raymond James performed a discounted cash flow analysis of Pacific Premier and Grandpoint based on the projected financial information provided to Raymond James and approved for use by Pacific Premier management. In performing this analysis, Raymond James applied two different methodologies for calculating the terminal values for each of Pacific Premier and Grandpoint. Raymond James applied a range of terminal values using (i) multiples of 11.0x to 13.0x applied to estimated 2023 earnings for Pacific Premier and Grandpoint. Raymond James arrived at its terminal value multiple ranges by observing the price to 2019 estimated earnings for both selected company groups. For Pacific Premier, Raymond James used discount rates ranging from 10.0% to 11.5%. For Grandpoint, Raymond James used discount rates ranging from 11.5% to 13.5%. Raymond James arrived at its discount ranges by using the Modified CAPM methodology as presented in the 2017 Duff & Phelps Valuation Handbook. Raymond James reviewed the ranges of implied per share values indicated by the discounted cash flow analysis for each of Pacific Premier and Grandpoint and calculated a range of implied exchange ratios by dividing the maximum implied per share value of Grandpoint by the minimum implied per share value of Pacific Premier common stock to calculate the

maximum implied exchange ratio, and by dividing the minimum implied per share value of Grandpoint by the maximum implied per share value of Pacific Premier to calculate the minimum implied exchange ratio. The results of the discounted cash flow analysis are summarized in the table below:

	Implied Equity Value				Implied Exchange Ratio	
	Pacific Premier		Grandpoint		Low/High	High/Low
	Low	High	Low	High		
Net Income Terminal Multiple	\$ 35.31	\$ 48.84	\$ 13.26	\$ 18.22	0.27x - 0.52x	
Exchange Ratio in the Merger					0.4750x	

Pro Forma Impact Analysis. Raymond James performed a pro forma financial impact analysis that combined projected income statement and balance sheet information of Pacific Premier and Grandpoint. Using (i) closing balance sheet estimates as of June 30, 2018 for Pacific Premier and Grandpoint based on Pacific Premier's management estimates; (ii) financial forecasts and projections of Pacific Premier and Grandpoint for the years ending 2018 through 2023, as provided by Pacific Premier management and (iii) pro forma assumptions (including, without limitation, the cost savings expected to result from the merger as well as the purchase accounting adjustments and restructuring charges assumed with respect thereto) provided by Pacific Premier management. Raymond James analyzed the estimated financial impact of the merger on certain projected financial results. This analysis indicated that the merger could be dilutive to Pacific Premier's estimated tangible book value per share at June 30, 2018, accretive to Pacific Premier's estimated full year 2018 earnings per share (excluding the impact of one-time deal charges) and accretive to Pacific Premier's estimated 2019 earnings per share. For all of the above analysis, the actual results achieved by Pacific Premier following the merger may vary from the projected results, and the variations may be material.

Additional Considerations. The preparation of a fairness opinion is a complex process and is not susceptible to a partial analysis or summary description. Raymond James believes that its analyses must be considered as a whole and that selecting portions of its analyses, without considering the analyses taken as a whole, would create an incomplete view of the process underlying its opinion. In addition, Raymond James considered the results of all such analyses and did not assign relative weights to any of the analyses, but rather made qualitative judgments as to significance and relevance of each analysis and factor.

In performing its analyses, Raymond James made numerous assumptions with respect to industry performance, general business, economic and regulatory conditions and other matters, many of which are beyond the control of Pacific Premier and Grandpoint. The analyses performed by Raymond James are not necessarily indicative of actual values, trading values or actual future results which might be achieved, all of which may be significantly more or less favorable than suggested by such analyses. The analyses do not purport to be appraisals or to reflect the prices at which companies may actually be sold, and such estimates are inherently subject to uncertainty. The opinion of Raymond James was one of many factors taken into account by the Pacific Premier board in making its determination to approve the merger. Neither Raymond James's opinion nor the analyses described above should be viewed as determinative of positions held by the Pacific Premier board or Pacific Premier management with respect to Pacific Premier, Grandpoint or the merger.

Raymond James's opinion was based upon market, economic, financial and other circumstances and conditions existing and disclosed to Raymond James as of February 8, 2018. Although subsequent developments may affect the opinion of Raymond James, Raymond James does not have any obligation to update, revise or reaffirm its opinion.

Raymond James is actively engaged in the investment banking business and regularly undertakes the valuation of investment securities in connection with public offerings, private placements, business combinations and similar transactions. Pacific Premier selected Raymond James to serve as financial

Table of Contents

advisor with request to proposed merger in part because it is a nationally recognized investment banking firm that regularly advises companies in connection with mergers and acquisitions and because of its familiarity with Pacific Premier and the financial services industry generally.

For its services as financial advisor to Pacific Premier in connection with the merger, Raymond James will receive a customary transaction fee of \$4.0 million, which fee is contingent upon successful completion of the merger. Upon the rendering of its opinion, Raymond James became entitled to a fee of \$300,000, which fee is not contingent upon the successful completion of the merger.

In the ordinary course of Raymond James's business, Raymond James may trade in the securities of Pacific Premier for its own account or for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities. In the ordinary course of Raymond James's business, Raymond James may trade in the securities of Grandpoint for its own account or for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities.

Opinion of Grandpoint's Financial Advisor

Grandpoint engaged KBW to render financial advisory and investment banking services to Grandpoint, including an opinion to the Grandpoint board as to the fairness, from a financial point of view, to the holders of Grandpoint common stock of the exchange ratio in the proposed merger of Grandpoint with and into Pacific Premier. Grandpoint selected KBW because KBW is a nationally recognized investment banking firm with substantial experience in transactions similar to the merger. As part of its investment banking business, KBW is continually engaged in the valuation of financial services businesses and their securities in connection with mergers and acquisitions.

As part of its engagement, representatives of KBW attended the meeting of the Grandpoint board held on February 9, 2018, at which the Grandpoint board evaluated the proposed merger. At this meeting, KBW reviewed the financial aspects of the proposed merger and rendered to the Grandpoint board an opinion to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in its opinion, the exchange ratio in the proposed merger was fair, from a financial point of view, to the holders of Grandpoint common stock. The Grandpoint board approved the merger agreement at this meeting.

The description of the opinion set forth herein is qualified in its entirety by reference to the full text of the opinion, which is attached as Appendix C to this prospectus/proxy and consent solicitation statement and is incorporated herein by reference, and describes the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW in preparing the opinion.

KBW's opinion speaks only as of the date of the opinion. The opinion was for the information of, and was directed to, the Grandpoint board (in its capacity as such) in connection with its consideration of the financial terms of the merger. The opinion addressed only the fairness, from a financial point of view, of the exchange ratio in the merger to the holders of Grandpoint common stock. It did not address the underlying business decision of Grandpoint to engage in the merger or enter into the merger agreement or constitute a recommendation to the Grandpoint board in connection with the merger, and it does not constitute a recommendation to any holder of Grandpoint common stock or any shareholder of any other entity as to how to vote or act in connection with the merger or any other matter (including, with respect to holders of Grandpoint common stock, whether any such shareholder should provide its written consent), nor does it constitute a recommendation regarding whether or not any such shareholder should enter into a support, voting, shareholders', or affiliates' agreement with respect to the merger or exercise any dissenters' or appraisal rights that may be available to such shareholder.

KBW's opinion was reviewed and approved by KBW's Fairness Opinion Committee in conformity with its policies and procedures established under the requirements of Rule 5150 of the Financial Industry Regulatory Authority.

In connection with the opinion, KBW reviewed, analyzed and relied upon material bearing upon the financial and operating condition of Grandpoint and Pacific Premier and bearing upon the merger, including, among other things:

a draft of the merger agreement dated February 7, 2018 (the most recent draft then made available to KBW);

the audited financial statements for the three fiscal years ended December 31, 2016 of Grandpoint;

the unaudited quarterly financial statements for the periods ended March 31, 2017, June 30, 2017 and September 30, 2017 of Grandpoint;

certain unaudited quarterly and year-end financial results for the quarter and fiscal year ended December 31, 2017 of Grandpoint (provided to KBW by representatives of Grandpoint);

the audited financial statements and Annual Reports on Form 10-K for the three fiscal years ended December 31, 2016 of Pacific Premier;

the unaudited quarterly financial results and Quarterly Report on Form 10-Q for the periods ended March 31, 2017, June 30, 2017 and September 30, 2017 of Pacific Premier;

certain unaudited quarterly and year-end financial results for the quarter and fiscal year ended December 31, 2017 of Pacific Premier (contained in the Current Report on Form 8-K filed by Pacific Premier with the Commission on January 30, 2018);

certain regulatory filings of Grandpoint and Pacific Premier and their respective subsidiaries, including the quarterly reports on Form FR Y-9C and call reports filed with respect to each quarter during the three-year period ended December 31, 2017;

certain other interim reports and other communications of Grandpoint and Pacific Premier to their respective shareholders; and

other financial information concerning the businesses and operations of Grandpoint and Pacific Premier that was furnished to KBW by Grandpoint and Pacific Premier or which KBW was otherwise directed to use for purposes of KBW's analyses.

KBW's consideration of financial information and other factors that it deemed appropriate under the circumstances or relevant to its analyses included, among others, the following:

the historical and current financial position and results of operations of Grandpoint and Pacific Premier;

the assets and liabilities of Grandpoint and Pacific Premier;

the nature and terms of certain other merger transactions and business combinations in the banking industry;

Edgar Filing: PACIFIC PREMIER BANCORP INC - Form S-4

a comparison of certain financial and stock market information for Grandpoint and Pacific Premier with similar information for certain other companies the securities of which were publicly traded;

financial and operating forecasts and projections of Grandpoint that were prepared by, and provided to KBW and discussed with KBW by, Grandpoint management and that were used and

relied upon by KBW at the direction of such management and with the consent of the Grandpoint board;

publicly available consensus "street estimates" of Pacific Premier, as well as assumed long-term Pacific Premier growth rates provided to KBW by Pacific Premier management, all of which information was discussed with KBW by Pacific Premier management and used and relied upon by KBW based on such discussions, at the direction of Grandpoint management and with the consent of the Grandpoint board; and

estimates regarding certain pro forma financial effects of the merger on Pacific Premier (including, without limitation, the cost savings and related expenses expected to result or be derived from the merger) that were prepared by, and provided to and discussed with KBW by, Pacific Premier management and that were used and relied upon by KBW based on such discussions, at the direction of Grandpoint management and with the consent of the Grandpoint board.

KBW also performed such other studies and analyses as it considered appropriate and took into account its assessment of general economic, market and financial conditions and its experience in other transactions, as well as its experience in securities valuation and knowledge of the banking industry generally. KBW also participated in discussions held by the managements of Grandpoint and Pacific Premier regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters as KBW deemed relevant to its inquiry. In addition, KBW considered the results of the efforts undertaken by Grandpoint, with KBW's assistance, to solicit indications of interest from third parties regarding a potential transaction with Grandpoint.

In conducting its review and arriving at its opinion, KBW relied upon and assumed the accuracy and completeness of all of the financial and other information that was provided to it or that was publicly available and did not independently verify the accuracy or completeness of any such information or assume any responsibility or liability for such verification, accuracy or completeness. KBW relied upon the management of Grandpoint as to the reasonableness and achievability of the financial and operating projections of Grandpoint referred to above (and the assumptions set forth therein and bases therefor), and KBW assumed that such forecasts and projections were reasonably prepared and represented the best currently available estimates and judgments of such management and that such forecasts and projections would be realized in the amounts and in the time periods estimated by such management. KBW further relied, with the consent of Grandpoint, upon Pacific Premier management as to the reasonableness and achievability of the publicly available consensus "street estimates" of Pacific Premier, the assumed Pacific Premier long-term growth rates, and the estimates regarding certain pro forma financial effects of the merger on Pacific Premier, all as referred to above (and the assumptions set forth in and bases for all such information, including, without limitation, the cost savings and related expenses expected to result or be derived from the merger), and KBW assumed that all such information was reasonably prepared and represented, or in the case of the Pacific Premier "street estimates" referred to above that such estimates were consistent with, the best currently available estimates and judgments of Pacific Premier management and that the forecasts, projections and estimates reflected in such information would be realized in the amounts and in the time periods estimated.

It is understood that the portion of the foregoing financial information of Grandpoint and Pacific Premier that was provided to KBW was not prepared with the expectation of public disclosure, that all of the foregoing financial information, including the publicly available consensus "street estimates" of Pacific Premier referred to above, was based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions and that, accordingly, actual results could vary significantly from those set forth in such

Table of Contents

information. KBW assumed, based on discussions with the respective managements of Grandpoint and Pacific Premier and with the consent of the Grandpoint board, that all such information provided a reasonable basis upon which KBW could form its opinion and KBW expressed no view as to any such information or the assumptions or bases therefor. KBW relied on all such information without independent verification or analysis and did not in any respect assume any responsibility or liability for the accuracy or completeness thereof.

KBW also assumed that there were no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of either Grandpoint or Pacific Premier since the date of the last financial statements of each such entity that were made available to KBW. KBW is not an expert in the independent verification of the adequacy of allowances for loan and lease losses and KBW assumed, without independent verification and with Grandpoint's consent, that the aggregate allowances for loan and lease losses for Grandpoint and Pacific Premier are adequate to cover such losses. In rendering its opinion, KBW did not make or obtain any evaluations or appraisals or physical inspection of the property, assets or liabilities (contingent or otherwise) of Grandpoint or Pacific Premier, the collateral securing any of such assets or liabilities, or the collectability of any such assets, nor did KBW examine any individual loan or credit files, nor did it evaluate the solvency, financial capability or fair value of Grandpoint or Pacific Premier under any state or federal laws, including those relating to bankruptcy, insolvency or other matters. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, KBW assumed no responsibility or liability for their accuracy.

KBW assumed, in all respects material to its analyses:

that the merger and any related transactions (including the subsidiary bank merger) would be completed substantially in accordance with the terms set forth in the merger agreement (the final terms of which KBW assumed would not differ in any respect material to KBW's analyses from the draft reviewed and referred to above) with no adjustments to the exchange ratio and with no other consideration or payments in respect of Grandpoint common stock;

that the representations and warranties of each party in the merger agreement and in all related documents and instruments referred to in the merger agreement were true and correct;

that each party to the merger agreement and all related documents would perform all of the covenants and agreements required to be performed by such party under such documents;

that there were no factors that would delay or subject to any adverse conditions, any necessary regulatory or governmental approval for the merger or any related transactions (including the bank merger) and that all conditions to the completion of the merger and any related transaction would be satisfied without any waivers or modifications to the merger agreement or any of the related documents; and

that in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the merger and any related transaction (including the bank merger), no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, would be imposed that would have a material adverse effect on the future results of operations or financial condition of Grandpoint, Pacific Premier or the pro forma entity, or the contemplated benefits of the merger, including without limitation the cost savings and related expenses expected to result or be derived from the merger.

KBW assumed that the merger would be consummated in a manner that complies with the applicable provisions of the Securities Act, the Exchange Act and all other applicable federal and state statutes, rules and regulations. KBW was further advised by representatives of Grandpoint that Grandpoint relied upon advice from its advisors (other than KBW) or other appropriate sources as to

Table of Contents

all legal, financial reporting, tax, accounting and regulatory matters with respect to Grandpoint, Pacific Premier, the merger and any related transaction (including the subsidiary bank merger), and the merger agreement. KBW did not provide advice with respect to any such matters.

KBW's opinion addressed only the fairness, from a financial point of view, as of the date of the opinion, of the exchange ratio in the merger to the holders of Grandpoint common stock, without regard to any differences between Grandpoint voting common stock and Grandpoint non-voting common stock and without regard to the individual circumstances of any specific holders which may distinguish such holders. KBW expressed no view or opinion as to any other terms or aspects of the merger or any term or aspect of any related transaction (including the subsidiary bank merger), including without limitation, the form or structure of the merger or any such related transaction, any consequences of the merger or any such related transaction to Grandpoint, its shareholders, creditors or otherwise, or any terms, aspects, merits or implications of any employment, consulting, voting, support, shareholder or other agreements, arrangements or understandings contemplated or entered into in connection with the merger or otherwise. KBW's opinion was necessarily based upon conditions as they existed and could be evaluated on the date of such opinion and the information made available to KBW through such date. Developments subsequent to the date of KBW's opinion may have affected, and may affect, the conclusion reached in KBW's opinion and KBW did not and does not have an obligation to update, revise or reaffirm its opinion. KBW's opinion did not address, and KBW expressed no view or opinion with respect to:

the underlying business decision of Grandpoint to engage in the merger or enter into the merger agreement;

the relative merits of the merger as compared to any strategic alternatives that are, have been or may be available to or contemplated by Grandpoint or the Grandpoint board;

the fairness of the amount or nature of any compensation to any of Grandpoint's officers, directors or employees, or any class of such persons, relative to the compensation to the holders of Grandpoint common stock;

the effect of the merger or any related transaction on, or the fairness of the consideration to be received by, holders of any class of securities of Grandpoint (other than the holders of Grandpoint common stock solely with respect to the exchange ratio as described in KBW's opinion and not relative to the consideration to be received by holders of any other class of securities) or holders of any class of securities of Pacific Premier or any other party to any transaction contemplated by the merger agreement;

the relative fairness of the exchange ratio as between holders of Grandpoint voting common stock and Grandpoint non-voting common stock;

the actual value of Pacific Premier common stock to be issued in the merger;

the prices, trading range or volume at which Pacific Premier common stock and Grandpoint common stock would trade following the public announcement of the merger or the prices, trading range or volume at which Pacific Premier common stock would trade following the consummation of the merger;

any advice or opinions provided by any other advisor to any of the parties to the merger or any other transaction contemplated by the merger agreement; or

any legal, regulatory, accounting, tax or similar matters relating to Grandpoint, Pacific Premier, their respective shareholders, or relating to or arising out of or as a consequence of the merger or any related transaction (including the bank merger), including whether or not the merger would qualify as a tax-free reorganization for United States federal income tax purposes.

Table of Contents

In performing its analyses, KBW made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, which are beyond the control of KBW, Grandpoint and Pacific Premier. Any estimates contained in the analyses performed by KBW are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. In addition, the KBW opinion was among several factors taken into consideration by the Grandpoint board in making its determination to approve the merger agreement and the merger. Consequently, the analyses described below should not be viewed as determinative of the decision of the Grandpoint board with respect to the fairness of the exchange ratio. The type and amount of consideration payable in the merger were determined through negotiation between Grandpoint and Pacific Premier and the decision of Grandpoint to enter into the merger agreement was solely that of the Grandpoint board.

The following is a summary of the material financial analyses presented by KBW to the Grandpoint board in connection with its opinion. The summary is not a complete description of the financial analyses underlying the opinion or the presentation made by KBW to the Grandpoint board, but summarizes the material analyses performed and presented in connection with such opinion. The financial analyses summarized below includes information presented in tabular format. The tables alone do not constitute a complete description of the financial analyses. The preparation of a fairness opinion is a complex analytic process involving various determinations as to appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, KBW did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. Accordingly, KBW believes that its analyses and the summary of its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying its analyses and opinion.

For purposes of the financial analyses described below, KBW utilized an implied transaction value for the proposed merger of \$18.86 per outstanding share of Grandpoint common stock based on the 0.4750x exchange ratio in the merger and the closing price of Pacific Premier common stock on February 6, 2018.

Pacific Premier Selected Companies Analyses. Using publicly available information, KBW compared the financial performance, financial condition and market performance of Pacific Premier to 15 selected banks which were traded on NASDAQ, the New York Stock Exchange or the New York Stock Exchange Market, were headquartered in the United States, had total assets between \$8 billion and \$25 billion, had a core return on average assets, or Core ROAA, greater than 1.25% for the most recent available completed quarterly period, or MRQ, and had nonperforming assets as a percentage of gross loans and other real estate owned, or OREO, less than 1.25%. Saving banks, thrifts, merger targets and ethnic-focused institutions were excluded from the selected companies.

Table of Contents

The selected companies were as follows:

Bank of the Ozarks	Home BancShares, Inc.
Chemical Financial Corporation	International Bancshares Corporation
Columbia Banking System, Inc.	PacWest Bancorp
Community Bank System, Inc.	Pinnacle Financial Partners, Inc.
CVB Financial Corp.	Renasant Corporation
FCB Financial Holdings, Inc.	South State Corporation
First Merchants Corporation	Western Alliance Bancorporation
Hilltop Holdings Inc.	

To perform this analysis, KBW used profitability and other financial information for the latest 12 months, or LTM, or most recent completed quarterly period available (which in the case of Pacific Premier was the period ended December 31, 2017) or as of the end of such period and market price information as of February 6, 2018. KBW also used 2018 and 2019 earnings per share, or EPS, estimates taken from publicly available consensus "street estimates" for Pacific Premier and the selected companies. Where consolidated holding company level financial data for the selected companies was unreported, subsidiary bank level data was utilized to calculate ratios. Certain financial data prepared by KBW, and as referenced in the tables presented below, may not correspond to the data presented in Pacific Premier's historical financial statements, or the data prepared by Pacific Premier's financial advisor presented under the section "The Merger Opinion of Pacific Premier's Financial Advisor", as a result of the different periods, assumptions and methods used by KBW to compute the financial data presented.

KBW's analysis showed the following concerning the financial performance of Pacific Premier and the selected companies:

	Pacific Premier	Selected Companies

Price per common share to tangible book value per share of the acquired company (in the case of selected transactions involving a private acquired company, this transaction statistic was calculated as total transaction consideration divided by total tangible common equity);

Price per common share to LTM EPS of the acquired company (in the case of selected transactions involving a private acquired company, this transaction statistic was calculated as total transaction consideration divided by LTM earnings);

The results of KBW's analysis are set forth in the following table, which also compares the results of KBW's analysis with the implied pro forma

Forecasted Pro Forma Financial Impact Analysis. KBW performed a pro forma financial impact analysis that combined projected income statement and balance sheet information of Pacific Premier and Grandpoint. Using (i) closing balance sheet estimates as of June 30, 2018 for Pacific Premier and Grandpoint, extrapolated from historical data using growth rates provided by Pacific Premier management in the case of Pacific Premier and provided by Grandpoint management in the case of Grandpoint, (ii) publicly available consensus "street estimates" for Pacific Premier, (iii) financial forecasts and projections relating to the net income of Grandpoint provided by Grandpoint management, and (iv) pro forma assumptions (including, without limitation, the cost savings and related expenses expected to result from the merger and certain accounting adjustments and restructuring charges assumed with respect thereto) provided by Pacific Premier management, KBW analyzed the potential financial impact of the merger on certain projected financial results of Pacific Premier. This analysis indicated the merger could be accretive to Pacific Premier's estimated 2018 EPS and estimated 2019 EPS and dilutive to Pacific Premier's estimated tangible book value per share as of June 30, 2018. Furthermore, the analysis indicated that, pro forma for the merger, each of Pacific Premier's tangible common equity to tangible assets ratio, Common Equity Tier 1 Ratio, Leverage Ratio, Tier 1 Risk-Based Capital Ratio and Total Risk Based Capital Ratio as of June 30, 2018 could be lower. For all of the above analysis, the actual results achieved by Pacific Premier following the merger may vary from the projected results, and the variations may be material.

Pacific Premier Discounted Cash Flow Analysis. KBW performed a discounted cash flow analysis of Pacific Premier to estimate a range for the implied equity value of Pacific Premier. In this analysis, KBW used publicly available consensus "street estimates" of Pacific Premier and assumed long-term growth rates for Pacific Premier provided by Pacific Premier management, and assumed discount rates ranging from 11.0% to 17.0%. A range of values was derived by adding (i) the present value of the estimated excess cash flows that Pacific Premier could generate over the five-year period from 2018 to 2022 as a standalone company, and (ii) the present value of Pacific Premier's implied terminal value at the end of such period. KBW assumed that Pacific Premier would maintain a tangible common equity to tangible asset ratio of 8.00% and would retain sufficient earnings to maintain that level. In calculating the terminal value of Pacific Premier, KBW applied a range of 13.0x to 17.0x Pacific

Table of Contents

Premier's estimated 2023 net income. This discounted cash flow analysis resulted in a range of implied values per share of Pacific Premier common stock of \$37.49 per share to \$57.30 per share.

The discounted cash flow analysis is a widely used valuation methodology, but the results of such methodology are highly dependent on the assumptions that must be made, including asset and earnings growth rates, terminal values, dividend payout rates, and discount rates. The foregoing discounted cash flow analyses did not purport to be indicative of the actual values or expected values of Pacific Premier or the pro forma combined company.

Grandpoint Discounted Cash Flow Analysis. KBW performed a discounted cash flow analysis of Grandpoint to estimate a range for the implied equity value of Grandpoint. In this analysis, KBW used financial forecasts and projections relating to the net income and assets of Grandpoint provided by Grandpoint management, and assumed discount rates ranging from 11.0% to 17.0%. A range of values was derived by adding (i) the present value of the estimated excess cash flows that Grandpoint could generate over the five-year period from 2018 to 2022 as a standalone company and (ii) the present value of Grandpoint's implied terminal value at the end of such period. KBW assumed that Grandpoint would maintain a tangible common equity to tangible asset ratio of 8.00% and would retain sufficient earnings to maintain that level. In calculating the terminal value of Grandpoint, KBW applied a range of 13.0x to 17.0x Grandpoint's estimated 2023 net income. This discounted cash flow analysis resulted in a range of implied values per share of Grandpoint common stock of \$16.03 per share to \$23.80 per share.

The discounted cash flow analysis is a widely used valuation methodology, but the results of such methodology are highly dependent on the assumptions that must be made, including asset and earnings growth rates, terminal values, dividend payout rates, and discount rates. The foregoing discounted cash flow analyses did not purport to be indicative of the actual values or expected values of Grandpoint.

Other than in connection with this present engagement, during the two years preceding the date of its opinion, KBW has not provided investment banking and financial advisory services to Grandpoint. The Merger Consideration

General.

At the effective time of the merger, each share of Grandpoint common stock outstanding immediately before the effective time of the merger will, by virtue of the merger and without any action on the part of a Grandpoint shareholder, be converted into, and shall be canceled in exchange for, the right to receive whole shares of common stock of Pacific Premier. Cash will be paid in lieu of fractional shares of Pacific Premier common stock. Since the federal income tax consequences will be dependent on the form of consideration received, you are urged to read carefully the information set forth below under " Material Federal Income Tax Consequences" beginning on page .

Merger Consideration.

Upon consummation of the merger, each share of Grandpoint common stock issued and outstanding immediately prior to the effective time of the merger will be canceled and converted into, and shall be canceled in exchange for, the right to receive 0.4750 of a share of Pacific Premier common stock, which is referred to as the exchange ratio. Upon completion of the merger, and based on shares of Grandpoint common stock outstanding as of the date of this prospectus/proxy and consent solicitation statement, Grandpoint shareholders are expected to receive an aggregate of 15,758,089 shares of Pacific Premier common stock, which does not include any shares of Pacific Premier common stock that may be issuable to holders of Grandpoint options that are exercised prior to the merger. Following the completion of the merger, and based on 46,504,586 shares of Pacific Premier common stock outstanding as of , 2018, the former Grandpoint shareholders will own approximately 25.31% of the outstanding shares of Pacific Premier common stock and the current shareholders of Pacific Premier will own the remaining approximately 74.69% of the outstanding shares of Pacific Premier common stock.

Aggregate Merger Consideration.

The total consideration to be paid by Pacific Premier to the Grandpoint shareholders in connection with the merger is referred to in this prospectus/proxy and consent solicitation statement as the aggregate merger consideration. The term aggregate merger consideration does not include the consideration, if any, payable to holders of Grandpoint options to purchase shares of Grandpoint common stock.

Upon completion of the merger and based on a \$39.10 closing price of Pacific Premier's common stock on February 9, 2018, approximately \$641.2 million of aggregate merger consideration will be payable to the Grandpoint shareholders. The foregoing sentence does not include the payment of cash (or shares of Pacific Premier common stock in the event any such Grandpoint options are exercised prior to the effective date of the merger) to the holders of Grandpoint options, and assumes (i) there are 33,174,925 shares of Grandpoint common stock outstanding at the closing, and (ii) the Grandpoint shareholders will receive an aggregate of approximately 15,758,089 shares of Pacific Premier common stock after applying the exchange ratio of 0.4750. If all Grandpoint options were exercised prior to the closing, a maximum of an additional 1,313,375 shares of Pacific Premier common stock could be issued as merger consideration, though it is impossible to predict how many Grandpoint options will actually be exercised prior to the closing, if any.

Fractional Shares.

No fractional shares of Pacific Premier common stock will be issued, and in lieu thereof, each holder of Grandpoint common stock who would otherwise be entitled to a fractional share interest will receive an amount in cash, without interest, determined by multiplying such fractional interest by the Pacific Premier average share price, rounded to the nearest whole cent. No such holder shall be

Table of Contents

entitled to dividends, voting rights or any other rights in respect of any fractional share of Pacific Premier common stock.

Grandpoint Options

At the effective time of the merger, each Grandpoint option which is outstanding and unexercised immediately prior to the effective time of the merger will be cancelled in exchange for the right to receive, from Grandpoint immediately prior to the effective time of the merger, a single lump sum cash payment, equal to the product of (i) the number of shares of Grandpoint common stock subject to such Grandpoint option immediately prior to the effective time, and (ii) the excess, if any, of (A) the Pacific Premier average share price multiplied by the exchange ratio over (B) the exercise price per share of such Grandpoint option, less any applicable taxes required to be withheld with respect to such payment. If the exercise price per share of any such Grandpoint option is equal to or greater than the Pacific Premier average share price multiplied by the exchange ratio, the Grandpoint option will be canceled without any cash payment being made in respect thereof. For Grandpoint options that are exercised before the closing, the underlying shares of Grandpoint common stock received upon exercise will be exchanged for the merger consideration in accordance with the exchange ratio.

Procedures for Exchanging Grandpoint Common Stock Certificates

Promptly following the closing of the merger, American Stock Transfer & Trust Company, the exchange agent, will mail to each holder of record of Grandpoint common stock a notice and form of transmittal letter advising such holder of the effectiveness of the merger and the procedure for surrendering to the exchange agent certificates representing shares or book-entry shares of Grandpoint common stock in exchange for the merger consideration allocated to them. Upon surrender of a stock certificate or book-entry shares of Grandpoint common stock for exchange and cancellation to the exchange agent, together with a duly executed transmittal letter, the holder of such certificate or book-entry shares will be entitled to receive the merger consideration allocated to him or her and the certificate or book-entry shares for Grandpoint common stock so surrendered will be canceled. No interest will be paid or accrued on any cash paid in lieu of fractional shares of Pacific Premier common stock.

Grandpoint shareholders who surrender their stock certificates or book-entry shares and complete the transmittal materials, or who have taken other steps to surrender the evidence of their stock interest in Grandpoint in accordance with the instructions accompanying the transmittal letter, will, upon the exchange agent's acceptance of such stock certificates or book-entry shares and transmittal materials or stock interest, be entitled to evidence of issuance in book entry form, or upon written request of such holder, a certificate or certificates representing, the number of whole shares of Pacific Premier common stock in to which the aggregate number of shares of Grandpoint common stock surrendered have been converted pursuant to the merger agreement.

Any Grandpoint shareholder who receives shares of Pacific Premier common stock in the merger will receive dividends on Pacific Premier common stock or other distributions declared after the completion of the merger only if he or she has surrendered his or her Grandpoint stock certificates. Only then will the Grandpoint shareholder be entitled to receive all previously withheld dividends and distributions, without interest. Although Pacific Premier has never declared or paid dividends on its common stock, the Pacific Premier board periodically reviews whether to declare or pay cash dividends, taking into account, among other things, general business conditions, Pacific Premier's financial results, future prospects, capital requirements, legal and regulatory restrictions, and such other factors as the Pacific Premier board may deem relevant.

After completion of the merger, no transfers of Grandpoint common stock issued and outstanding immediately prior to the completion of the merger will be allowed. Grandpoint stock certificates that

are presented for transfer after the completion of the merger will be canceled and exchanged for the appropriate merger consideration.

Pacific Premier will only issue a Pacific Premier stock certificate in a name other than the name in which a surrendered Grandpoint stock certificate is registered if a Grandpoint shareholder presents the exchange agent with all documents required to show and effect the unrecorded transfer of ownership of the shares of Grandpoint common stock formerly represented by such Grandpoint stock certificate, and that the Grandpoint shareholder has paid any applicable stock transfer taxes.

If a Grandpoint shareholder has lost his or her Grandpoint stock certificate, or the Grandpoint stock certificate has been lost, stolen or destroyed, the Grandpoint shareholder may be required to deliver an affidavit and a lost certificate bond as a condition to receiving any merger consideration to which he or she may be entitled.

Conditions to the Merger

Completion of the merger is subject to the satisfaction of certain conditions set forth in the merger agreement, or the waiver of such conditions by the party entitled to do so, at or before the closing date of the merger. Each of the parties' obligation to consummate the merger under the merger agreement is subject to the following conditions:

the holders of a majority of the outstanding shares of Pacific Premier common stock for which votes are cast at the Pacific Premier special meeting must approve the issuance of the shares of Pacific Premier common stock in connection with the merger;

the holders of a majority of the outstanding shares of Grandpoint voting common stock must have adopted the merger agreement pursuant to the Grandpoint consent solicitation;

all regulatory approvals required to consummate the merger and the bank merger by any governmental authority must have been obtained and must remain in full force and effect, all statutory waiting periods in respect thereof must have expired, and no required approval may contain any conditions, restrictions or requirements that would require Pacific Premier or Grandpoint to take any action or commit to take any action that would (i) reasonably be likely to have a material adverse effect on Pacific Premier (measured on a scale relative to Grandpoint) or a material adverse effect on Grandpoint, (ii) reasonably be likely to impose a material burden on Pacific Premier or any of its subsidiaries (including, after the effective time, Grandpoint and its subsidiaries) or (iii) require the sale by Pacific Premier or any of its subsidiaries (including, after the effective time, Grandpoint and its subsidiaries) of any material portion of their respective assets;

no statute, rule, regulation, judgment, decree, injunction or other order shall have been enacted, issued, promulgated, enforced or entered which prohibits the consummation of the merger;

the registration statement of Pacific Premier, of which this document is a part, must have become effective under the Securities Act, and no stop order suspending the effectiveness of such registration statement shall have been issued and no proceedings for that purpose shall have been initiated by the Commission and not withdrawn;

the shares of Pacific Premier common stock to be issued in connection with the merger must have been approved for listing on the NASDAQ Global Select Market (or on any securities exchange on which the Pacific Premier common stock may then be listed); and

each of Pacific Premier and Grandpoint must have received an opinion of Holland & Knight LLP to the effect that the merger will constitute a reorganization within the meaning of Section 368(a) of the Code.

Table of Contents

In addition to the foregoing conditions, the obligation of Pacific Premier to consummate the merger under the merger agreement is subject to the following conditions, which may be waived by Pacific Premier:

the representations and warranties of Grandpoint in the merger agreement must be true and correct as of the date of the merger agreement and as of the effective time of the merger, except as to any representation or warranty which specifically relates to an earlier date and other than, in most cases, those failures to be true and correct that have not had or are reasonably likely not to have a material adverse effect (as defined below) on Grandpoint, and Pacific Premier shall have received a certificate signed by the chief executive officer and chief financial officer of Grandpoint to that effect;

Grandpoint must have performed in all material respects all obligations required to be performed by it at or prior to consummation of the merger, and Pacific Premier shall have received a certificate signed by the chief executive officer and chief financial officer of Grandpoint to that effect;

as of the month-end prior to the closing date, Grandpoint Bank must have an aggregate outstanding balance of non-maturity deposits equal to at least \$2.2 billion;

as of the closing date, Grandpoint's tangible common equity (as defined and subject to certain specified adjustments set forth in the merger agreement) must not be less than \$291.8 million;

dissenting shares of Grandpoint commons stock must not represent 10% or more of the outstanding shares of Grandpoint common stock; and

Pacific Premier must have received such certificates of Grandpoint's officers or others and such other documents to evidence fulfillment of the conditions to its obligations as Pacific Premier may reasonably request.

In addition to the other conditions set forth above, the obligation of Grandpoint to consummate the merger under the merger agreement is subject to the following conditions, which may be waived by Grandpoint:

the representations and warranties of Pacific Premier in the merger agreement must be true and correct as of the date of the merger agreement and as of the effective time of the merger, except as to any representation or warranty which specifically relates to an earlier date and other than those failures to be true and correct that have not had or are reasonably likely not to have a material adverse effect (as defined below) on Pacific Premier, and Grandpoint shall have received a certificate signed by the chief executive officer and chief financial officer of Pacific Premier to that effect;

Pacific Premier must have performed in all material respects all obligations required to be performed by it at or prior to consummation of the merger, and Grandpoint shall have received a certificate signed by the chief executive officer and chief financial officer of Pacific Premier to that effect; and

Grandpoint must have received such certificates of Pacific Premier's officers or others and such other documents to evidence fulfillment of the conditions to its obligations as Grandpoint may reasonably request.

Under the terms of the merger agreement, a material adverse effect on either Pacific Premier or Grandpoint is defined to mean any effect that (i) is material and adverse to the financial condition, results of operations or business of Pacific Premier and its subsidiaries taken as a whole or Grandpoint and its subsidiaries taken as a whole, as the case may be, or (ii) would materially impair the ability of any of Pacific Premier and its subsidiaries, or Grandpoint and its subsidiaries, as the case may be, to

perform their respective obligations under the merger agreement or otherwise materially impede the consummation of the merger. However, under the terms of the merger agreement, none of the following would be deemed to constitute a material adverse effect under subclause (i) above:

changes after February 9, 2018 in laws or regulations of general applicability to banks, savings institutions and their holding companies or interpretations of them by governmental authorities or the interpretation or implementation thereof;

changes after February 9, 2018 in generally accepted accounting principles, or GAAP, or regulatory accounting requirements applicable to banks, savings institutions and their holding companies generally or the interpretation or implementation thereof;

any outbreak or escalation of hostilities, declared or undeclared acts of war or terrorism or other international or national calamity or any material worsening or escalation of such conditions;

changes resulting from conditions affecting the banking and financial services industry or changes in global, national or regional political, regulatory, or market, business, financial, credit or general economic conditions (including changes in prevailing interest rates or exchange rates) affecting banks, savings institutions and their holding companies generally;

the public announcement or pendency of the merger, including the impact of the merger on relationships with customers or employees;

any modifications or changes to valuation policies and practices in connection with the merger or restructuring charges taken in connection with the merger, in each case in accordance with GAAP;

the failure, in and of itself, to meet earnings projections or internal financial forecasts, but not including the underlying causes unless otherwise excluded, or changes in the trading price or volume of Pacific Premier's or Grandpoint's common stock, in and of itself, but not including the underlying causes thereof unless otherwise excluded;

with respect to Grandpoint, the effects of any action or omission taken with the prior consent of Pacific Premier or as otherwise contemplated by the merger agreement; and

any hurricane, earthquake, flood, fire or other natural disaster or act of God,

provided that the effect of the changes described in the first, second, third and ninth bullet points above will not be excluded as a material adverse effect to the extent of a materially disproportionate impact, if any, that they have on Pacific Premier and its subsidiaries as a whole on the one hand, or Grandpoint and its subsidiaries on the other hand, as measured relative to similarly situated companies in the banking industry.

Bank Regulatory Approvals

The merger cannot be completed unless the parties receive prior approvals from the CA DBO and the Federal Reserve.

California Department of Business Oversight Division of Financial Institutions; Board of Governors of the Federal Reserve System.

In order to consummate the merger, the prior approval of the CA DBO will be required under the California Financial Code, which is referred to as the CFC, and the prior approval of the Federal Reserve will be required under the Bank Merger Act as well as the Bank Holding Company Act of 1956, as amended, which is referred to as the BHC Act. In reviewing the merger, the CA DBO and the Federal Reserve will take competitive considerations into account, as well as capital adequacy, quality of management and earnings prospects. The regulators will also take into account the record of

Table of Contents

performance of Pacific Premier Bank in meeting the credit needs of the communities that it serves and Pacific Premier Bank's regulatory rating under the Community Reinvestment Act, or CRA. Pacific Premier Bank and Grandpoint Bank both received at least a "satisfactory" performance rating in their most recent CRA evaluations. In considering the merger, the CFC also requires the CA DBO to consider whether the proposed transaction will be fair, just, and equitable to the bank being acquired and the surviving depository institution.

Any transaction approved by the Federal Reserve under the Bank Merger Act and BHC Act may not be completed until thirty (30) days after the Federal Reserve's approval, during which time the DOJ may challenge such transaction on antitrust grounds. With the approval of the Federal Reserve and the DOJ, the waiting period may be reduced to fifteen (15) days. While Pacific Premier and Grandpoint do not know of any reason that the DOJ would challenge regulatory approval by the Federal Reserve and believe that the likelihood of such action is remote, there can be no assurance that the DOJ will not initiate such a proceeding, or if such a proceeding is initiated, the result of any such challenge.

Other Regulatory Approvals.

Neither Pacific Premier nor Grandpoint is aware of any other regulatory approvals that would be required for completion of the merger except as described above. Should any other approvals be required, it is presently contemplated that such approvals would be sought. There can be no assurance, however, that any other approvals, if required, will be obtained.

Status of Applications.

Pacific Premier will file all required applications with the CA DBO and the Federal Reserve. There can be no assurance that all requisite approvals will be obtained, that such approvals will be received on a timely basis or that such approvals will not impose conditions, restrictions or requirements that would require Pacific Premier or Grandpoint to take any action or commit to take any action that would (i) reasonably be likely to have a material adverse effect on Pacific Premier (measured on a scale relative to Grandpoint) or a material adverse effect on Grandpoint, (ii) reasonably be likely to impose a material burden on Pacific Premier or any of its subsidiaries (including, after the effective time, Grandpoint and its subsidiaries) or (iii) require the sale by Pacific Premier or any of its subsidiaries (including, after the effective time, Grandpoint and its subsidiaries) of any material portion of their respective assets. See " Conditions to the Merger" beginning on page . The approval of any application or notice merely implies satisfaction of regulatory criteria for approval, and does not include review of the merger from the standpoint of the adequacy of the merger consideration to be received by, or fairness to, Grandpoint shareholders. Regulatory approval does not constitute an endorsement or recommendation of the proposed merger.

Business Pending the Merger

The merger agreement contains certain covenants of the parties regarding the conduct of their respective businesses pending consummation of the merger. These covenants, which are contained in Article IV of the merger agreement included as Appendix A to this prospectus/proxy and consent solicitation statement, are briefly described below.

Grandpoint Board's Covenant to Recommend the Merger Agreement

Pursuant to the merger agreement, the Grandpoint board is required to include a form of written consent to accompany this prospectus/proxy and consent solicitation statement that solicits Grandpoint shareholders to adopt the merger agreement and the transactions provided for therein. The Grandpoint board may not withdraw, modify or qualify in any manner adverse to Pacific Premier such recommendation or take any other action or make any other public statement in connection with the solicitation of Grandpoint shareholder consents inconsistent with such recommendation, except as described below.

The Grandpoint board is permitted to change its recommendation if Grandpoint has complied with the merger agreement and the Grandpoint board, based on the advice of its outside counsel and financial advisor, has determined in good faith that failure to do so would be inconsistent with such Grandpoint board's fiduciary duties under applicable law. If the Grandpoint board intends to change its recommendation following an acquisition proposal, as described in " No Solicitation" below, it must have first concluded in good faith, after giving effect to all of the adjustments to the terms and conditions of the merger agreement that may be offered by Pacific Premier, that another acquisition proposal constitutes a superior proposal, as defined in " No Solicitation" below. Grandpoint also must notify Pacific Premier at least three (3) business days in advance of its intention to change its recommendation in response to the superior proposal, including attaching the current version of any written agreement relating to the transaction that constitutes such superior proposal. Prior to changing its recommendation, Grandpoint must, and must cause its financial and legal advisors to, during the period following its delivery of the required notice, negotiate in good faith with Pacific Premier for a period of up to three (3) business days to the extent Pacific Premier desires to negotiate to make adjustments in the terms and conditions of the merger agreement so that the other acquisition proposal ceases to constitute a superior proposal.

No Solicitation

The merger agreement provides that Grandpoint will, and will direct and use its reasonable best efforts to cause its affiliates, directors, officers, employees, agents and representatives to, immediately cease any discussions or negotiations with any other parties that have been ongoing with respect to the possibility or consideration of any acquisition proposal and will use its reasonable best efforts to enforce any confidentiality or similar agreement relating to any acquisition proposal. For purposes of the merger agreement, "acquisition proposal" is defined to mean any inquiry, proposal or offer, filing of any regulatory application or notice or disclosure of an intention to do any of the foregoing from any person relating to any (i) direct or indirect acquisition or purchase of a business that constitutes 10% or more of the total revenues, net income, assets, or deposits of Grandpoint and its subsidiaries taken as a whole; (ii) direct or indirect acquisition or purchase of any class of equity securities representing 10% or more of the voting power of Grandpoint or Grandpoint Bank; (iii) tender offer or exchange offer that if consummated would result in any person beneficially owning 10% or more of any class of equity securities of Grandpoint or Grandpoint Bank; or (iv) merger, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction involving Grandpoint or Grandpoint Bank, other than the transactions contemplated by the merger agreement.

Table of Contents

From the date of the merger agreement through the effective time of the merger, Grandpoint will not, and will use reasonable efforts to cause its directors, officers or employees or any other representative retained by it not to, directly or indirectly through another person (i) solicit, initiate, or encourage, including by way of furnishing information or assistance, or take any other action designed to facilitate or that is likely to result in, any inquiries or the making of any proposal or offer that constitutes, or is reasonably likely to lead to, any acquisition proposal, (ii) provide any confidential information or data to any person relating to any acquisition proposal, (iii) participate in any discussions or negotiations regarding any acquisition proposal, (iv) waive, terminate, modify, or fail to enforce any provision of any contractual "standstill" or similar obligations of any person other than Pacific Premier or its affiliates, (v) approve or recommend, propose to approve or recommend, or execute or enter into, any letter of intent, agreement in principle, merger agreement, asset purchase agreement or share exchange agreement, option agreement or similar agreement related to any acquisition proposal or propose to take any of these actions, or (vi) make or authorize any statement, recommendation, or solicitation in support of any acquisition proposal.

However, prior to the time that Grandpoint receives the requisite approval by the Grandpoint shareholders to approve the merger under the DGCL, if the Grandpoint board determines in good faith, after consulting with its outside legal and financial advisors, that the failure to do so would breach, or would reasonably be expected to result in a breach of, its fiduciary duties under applicable law, Grandpoint may, in response to a bona fide, written acquisition proposal not solicited in violation of the merger agreement that the Grandpoint board determines in good faith constitutes a superior proposal:

furnish information with respect to itself and its subsidiaries to any person making the superior proposal pursuant to a confidentiality agreement, as determined by Grandpoint after consultation with its outside counsel, on terms that are in all material respects no less restrictive to the person than the terms contained in the confidentiality agreement between Grandpoint and Pacific Premier are to Pacific Premier; and

participate in discussions or negotiations regarding the superior proposal.

For purposes of the merger agreement, "superior proposal" is defined to mean any bona fide written proposal made by a third party to acquire, directly or indirectly, including pursuant to a tender offer, exchange offer, merger, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction, for consideration consisting of cash and/or securities, more than 50% of the combined voting power of the shares of Grandpoint common stock then outstanding or all or substantially all of Grandpoint's consolidated assets, that the Grandpoint board determines in good faith, after taking into account all legal, financial, regulatory, and other aspects of the proposal and the person making the proposal, including any break-up fees, expense reimbursement provisions, and conditions to consummation, and after taking into account the advice of Grandpoint's financial advisor, which will be a recognized investment banking firm, and outside counsel, (i) is more favorable from a financial point of view to its shareholders than the merger, (ii) is reasonably likely to be consummated on the terms set forth, and (iii) for which financing, to the extent required, is then committed or which, in the good faith judgment of the Grandpoint board, is reasonably likely to be obtained by the third party.

In addition to these obligations, Grandpoint will promptly, within 24 hours, advise Pacific Premier orally and in writing of its receipt of any acquisition proposal.

Grandpoint has agreed that any violations of the restrictions set forth in the merger agreement by any representative of Grandpoint or its subsidiaries will be deemed a breach of the merger agreement by Grandpoint.

Representations and Warranties of the Parties

Pursuant to the merger agreement, Pacific Premier and Grandpoint made certain customary representations and warranties relating to their respective companies, subsidiaries, businesses and matters related to the merger. For detailed information concerning these representations and warranties, reference is made to Article V of the merger agreement included as Appendix A to this prospectus/proxy and consent solicitation statement. Such representations and warranties generally must remain accurate through the completion of the merger, unless the fact or facts that caused a breach of a representation and warranty has not had or is not reasonably likely to have a material adverse effect on the party making the representation and warranty. See " Conditions to the Merger" beginning on page .

The merger agreement contains representations and warranties that Pacific Premier and Grandpoint made to and solely for the benefit of each other. These representations and warranties are subject to materiality standards which may differ from what may be viewed as material by investors and shareholders, and, in certain cases, were used for the purpose of allocating risk among the parties rather than establishing matters as facts. The assertions embodied in those representations and warranties also are qualified by information in confidential disclosure schedules that the parties have exchanged in connection with signing the merger agreement. Although neither Pacific Premier nor Grandpoint believes that the disclosure schedules contain information that the federal securities laws require to be publicly disclosed, the disclosure schedules do contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the merger agreement.

Accordingly, neither shareholders of either Grandpoint or Pacific Premier should rely on the representations and warranties as characterizations of the actual state of facts, since they were only made as of the date of the merger agreement and are modified in important part by the underlying disclosure schedules. Moreover, information concerning the subject matter of the representations and warranties may have changed since the date of the merger agreement, which subsequent information may or may not be fully reflected in Pacific Premier's or Grandpoint's (if any) public disclosures.

Effective Time of the Merger

Pursuant to the terms and conditions set forth in the merger agreement, Grandpoint will be acquired by Pacific Premier in a transaction in which Grandpoint will merge with and into Pacific Premier, with Pacific Premier as the surviving institution. The merger will become effective upon the acceptance of a certificate of merger to be filed with the Secretary of State of the State of Delaware in accordance with the provisions of applicable Delaware law.

Amendment of the Merger Agreement

To the extent permitted under applicable law, the merger agreement may be amended or supplemented at any time by written agreement of the parties whether before or after the approval of the shareholders of Grandpoint, except that after shareholders of Grandpoint have approved the principal terms of the merger agreement, except as described in the next sentence, no amendment or supplement that by law requires further approval by the shareholders of Grandpoint may be made without first obtaining such approval. The merger agreement provides that, by adopting the principal terms of the merger agreement, Grandpoint shareholders will be deemed to have approved any amendment to the December 31, 2018 termination date, which is described below.

Termination of the Merger Agreement

The merger agreement may be terminated:

by the mutual written consent of Pacific Premier and Grandpoint;

Table of Contents

if the terminating party is not in material breach of any representation, warranty, covenant, or agreement contained in the merger agreement, by Pacific Premier or Grandpoint, in the event of a breach by the other party of any representation, warranty, covenant, or agreement contained in the merger agreement that (i) cannot be or has not been cured by the earlier of (A) thirty (30) days of the giving of written notice to the breaching party or parties and (B) December 31, 2018, and (ii) would entitle the non-breaching party not to consummate the merger;

by Pacific Premier or Grandpoint, in the event that the merger is not consummated by December 31, 2018, except to the extent that the failure to consummate the merger by such date is due to (i) the failure of the party seeking to terminate to perform or observe its covenants and agreements set forth in the merger agreement, or (ii) the failure of any of the Grandpoint shareholders (if Grandpoint is the party seeking to terminate) to perform or observe their respective covenants under their respective Grandpoint shareholder agreements with Pacific Premier;

by Pacific Premier or Grandpoint, in the event the approval of any governmental authority required for consummation of the merger or the bank merger have been denied by final non-appealable action of the governmental authority, or any governmental authority shall have issued a final, non-appealable injunction permanently enjoining or otherwise prohibiting the consummation of the merger or the bank merger, or an application for approval has been permanently withdrawn by mutual agreement of Pacific Premier and Grandpoint at the formal or informal request of a governmental authority, provided that no party has the right to terminate the merger agreement if the party seeking to terminate the merger agreement failed to perform or observe its covenants;

by Pacific Premier, if Grandpoint shareholder consents representing a majority of the outstanding shares of Grandpoint voting common stock, referred to as Grandpoint shareholder approval, shall not have been delivered to Pacific Premier prior to 6:00 p.m., Pacific Time, on the third business day immediately following the date that the Commission declared effective the registration statement on Form S-4, of which this prospectus/proxy and consent solicitation statement is a part;

by Pacific Premier or Grandpoint, if the approval of the issuance of shares of Pacific Premier common stock in connection with the merger by Pacific Premier shareholders has not been obtained by reason of the failure to obtain the required vote at the Pacific Premier special meeting or at any adjournment or postponement thereof;

prior to receipt of Grandpoint shareholder approval, by Pacific Premier, if the Grandpoint board withdraws, modifies or changes its recommendation to the Grandpoint shareholders in a manner that is adverse to Pacific Premier;

prior to receipt of Grandpoint shareholder approval, by Grandpoint, if the Grandpoint board (i) authorizes Grandpoint to enter into a binding written agreement with respect to a superior proposal and (ii) Grandpoint has paid the termination fee referenced below under " Termination Fee" to Pacific Premier;

by Pacific Premier, in the event that (i) the Pacific Premier average share price is greater than \$45.655 and (ii) the Pacific Premier average share price outperforms the KBW Regional Banking Index by greater than 15%; or

by Grandpoint, in the event that (i) the Pacific Premier average share price is less than \$33.745 and (ii) the Pacific Premier average share price underperforms the KBW Regional Banking Index by greater than 15%.

Termination Fee

The merger agreement provides that Grandpoint must pay Pacific Premier a \$23.0 million termination fee under the circumstances and in the manner described below:

if the merger agreement is terminated by Grandpoint for the reason described in the eighth bullet point under " Termination of the Merger Agreement" above, Grandpoint must pay the termination fee to Pacific Premier no later than the time of such termination;

if the merger agreement is terminated by Pacific Premier for the reason described in the seventh bullet point under " Termination of the Merger Agreement" above, Grandpoint must pay the termination fee to Pacific Premier within two business days after such termination; or

if the merger agreement is terminated by Pacific Premier pursuant to the third or fifth bullet points under " Termination of the Merger Agreement" above, and prior to the time of the termination, an acquisition proposal shall have been made (whether or not conditional) to Grandpoint or its shareholders (or any person shall have publicly announced an intention, whether or not conditional, to make an acquisition proposal), and such acquisition proposal or publicly announced intention shall not have been publicly withdrawn without qualifications, and within twelve (12) months after the termination, Grandpoint or a Grandpoint subsidiary enters into an agreement with respect to an "acquisition proposal" (as defined under " No Solicitation" above, except that all references to 10% shall be deemed references to 50%) or an "acquisition proposal" is consummated, then Grandpoint shall pay to Pacific Premier an amount equal to \$23.0 million on the earlier of the date of execution of such agreement or upon consummation of any such acquisition proposal.

Any termination fee that becomes payable pursuant to the merger agreement shall be paid by wire transfer of immediately available funds to an account designated by Pacific Premier.

If Grandpoint fails to timely pay the termination fee to Pacific Premier, Grandpoint will be obligated to pay the costs and expenses (including reasonable legal fees and expenses) incurred by Pacific Premier to collect such payment, provided Pacific Premier prevails on the merits, together with interest.

Certain Employee Matters

The merger agreement contains certain agreements of the parties with respect to various employee matters, which are described below.

Within sixty days from the date of the merger agreement, Pacific Premier is required to identify those Grandpoint employees for whom Pacific Premier agrees to continue employment following the closing of the merger, provided they are employed by, and in good standing with, Grandpoint and its subsidiaries immediately prior to the closing of the merger, whom we refer to as the transferred employees. As soon as administratively practicable after the effective time of the merger, Pacific Premier shall transition transferred employees of Grandpoint and its subsidiaries from the benefit plans of Grandpoint and its subsidiaries to the corresponding Pacific Premier benefit plans and take all reasonable action so that transferred employees of Grandpoint and its subsidiaries shall be entitled to participate in each Pacific Premier benefit plan of general applicability to the same extent as similarly-situated employees of Pacific Premier and its subsidiaries (with the parties acknowledging that inclusion of the transferred employees of Grandpoint and its subsidiaries in the Pacific Premier benefit plans may occur at different times with respect to different plans), provided that coverage shall be continued under the corresponding benefit plans of Grandpoint and its subsidiaries until such transferred employees are permitted to participate in the Pacific Premier benefit plans, and provided further, however, that nothing contained in the merger agreement shall require Pacific Premier or any of its

Table of Contents

subsidiaries to make any grants to any former employee of Grandpoint and its subsidiaries under any discretionary equity compensation plan of Pacific Premier.

Pacific Premier shall cause each Pacific Premier benefit plan in which employees of Grandpoint and its subsidiaries are eligible to participate to recognize, for purposes of determining eligibility to participate in, the vesting of benefits and for all other purposes (but not for accrual of pension benefits) under the Pacific Premier benefit plans, the service of such transferred employees with Grandpoint and its subsidiaries to the same extent as such service was credited for such purpose by Grandpoint and its subsidiaries, provided, however, that such service shall not be recognized to the extent that such recognition would result in a duplication of benefits or to the extent not otherwise permissible under the terms of a Pacific Premier benefit plan. Nothing in the merger agreement is intended to limit the ability of Pacific Premier to amend or terminate any of the Pacific Premier benefit plans or the Grandpoint benefit plans in accordance with their terms at any time.

In the event Pacific Premier transitions transferred employees of Grandpoint and its subsidiaries from the group medical, dental, health, life or long-term disability plan of Grandpoint and its subsidiaries to the corresponding Pacific Premier benefit plan at any time prior to the end of the applicable plan year of the group medical, dental, health, life or long-term disability plan of Grandpoint and its subsidiaries, at such time as transferred employees of Grandpoint and its subsidiaries become eligible to participate in a medical, dental, health, life or long-term disability plan of Pacific Premier or its subsidiaries at any time prior to the end of the applicable plan year of the group medical, dental, health, life or long-term disability plan of Grandpoint and its subsidiaries, Pacific Premier will cause each such plan to:

waive any preexisting condition limitations to the extent such conditions are covered under the applicable medical, health or dental plans of Pacific Premier;

provide full credit under such medical, health or dental plans for any deductibles, co-payment and out-of-pocket expenses incurred by the employees and their beneficiaries during the portion of the calendar year prior to such participation; and

waive any waiting period limitation or evidence of insurability requirement which would otherwise be applicable to such employee on or after the effective time of the merger to the extent such employee had satisfied any similar limitation or requirement under a corresponding Grandpoint plan prior to the effective time of the merger; provided, however, that such waiver shall not be required to the extent that such waiver would result in a duplication of benefits or to the extent not otherwise permissible under the terms of a contract insuring benefits under the Pacific Premier benefit plans.

At and following the effective time of the merger, Pacific Premier shall honor and shall continue to be obligated to perform, in accordance with their terms, all change-in-control agreements and supplemental employee retirement plans of Grandpoint and its subsidiaries to the extent that each of the foregoing (including amounts accrued or otherwise payable pursuant thereto) has been previously disclosed to Pacific Premier.

Effective as of, and subject to, the closing date of the merger, Grandpoint and its subsidiaries shall terminate the employment of those employees who are not transferred employees and shall pay any severance, retention, change in control, accrued and unused paid time off, amounts payable pursuant to the merger agreement with respect to Grandpoint options (which shall be payable by Grandpoint to all employees, regardless of whether they are transferred employees), or other similar payments, in each case, which have been previously disclosed to Pacific Premier, obtain an executed general release of claims that has not been revoked, and pay to the proper taxing authorities any income and employment tax withholding as well as the employer portions of any applicable employment taxes. Pacific Premier shall remain responsible for payment to any transferred employee of any severance or similar

compensation and benefits payable following a termination of employment. Those employees of Grandpoint and its subsidiaries who do not continue their employment with Pacific Premier or its subsidiaries following the effective time of the merger, who are not a party to an employment agreement or otherwise entitled to an existing severance package and who sign and deliver a termination and release agreement (which will be negotiated between Pacific Premier and Grandpoint) within 60 days of the effective time, shall be entitled to receive a single lump sum payment of severance equal to two (2) weeks of base salary plus an additional two (2) weeks of salary for each completed year of service up to a maximum of 26 weeks. The merger agreement provides that if Grandpoint or any of its subsidiaries has any other severance pay plan or arrangement, then any amounts paid pursuant to that plan or arrangement shall reduce the amount that the employee will receive under the merger agreement, and in no event shall there be any duplication of severance pay. Nothing contained in the merger agreement shall be construed or interpreted to limit or modify in any way Pacific Premier or its subsidiaries at will employment policy or provide any third party beneficiary rights to employees of Grandpoint or any of its subsidiaries. In no event shall severance pay be taken into account in determining the amount of any other benefit (including but not limited to, an individual's benefit under any retirement plan or policy).

Prior to the closing of the merger, Grandpoint and its subsidiaries are required to have paid into Grandpoint's 401(k) retirement plan, which we refer to as the Grandpoint retirement plan, all employer contributions, including any employer matching contributions, profit sharing contributions or other non-elective contributions. Prior to the closing of the merger, Grandpoint shall (i) adopt written resolutions (or take such other necessary or appropriate action), in form and substance reasonably acceptable to Pacific Premier, to terminate the Grandpoint retirement plan in compliance with its terms and requirements of applicable law, effective no later than the business day preceding the closing date and (ii) provide for full vesting of all non-elective contributions under the Grandpoint retirement plan for all participants who currently maintain an account under the Grandpoint retirement plan, such termination and vesting to be effective no later than the business day preceding the closing date.

Assumption of Grandpoint Indenture Obligations

Grandpoint and Pacific Premier have agreed that as of the effective time of the merger, Pacific Premier shall have assumed or caused one of its subsidiaries to assume the obligations under Grandpoint's existing indenture pursuant to which Grandpoint had junior subordinated debentures issued and outstanding with a carrying value of \$5.2 million as of December 31, 2017. Grandpoint and Pacific Premier are required to execute and deliver any supplemental indentures and other documents reasonably requested to make such assumption effective.

Interests of Certain Grandpoint Officers and Directors in the Merger

When Grandpoint shareholders are considering the recommendation of the Grandpoint board with respect to adopting the merger agreement in the Grandpoint consent solicitation, Grandpoint shareholders should be aware that Grandpoint directors and officers have interests in the merger as individuals that are in addition to, or different from, their interests as shareholders of Grandpoint. The Grandpoint board was aware of these factors and considered them, among other matters, in approving the merger agreement and the merger. These interests are described below.

Stock Ownership.

The Grandpoint Investors beneficially owned and had the power to vote as of _____ 2018, a total of _____ shares of Grandpoint voting common stock, representing approximately 87.9% of the outstanding shares of Grandpoint voting common stock as of that date. The directors and executive officers of Grandpoint, as a group, beneficially owned and had the power to vote as of _____ 2018, a total of _____ shares of Grandpoint voting common stock, representing approximately 9.7% of

the outstanding shares of Grandpoint voting common stock as of that date. All of the shares of Grandpoint voting common stock beneficially owned by the Grandpoint Investors and all of the shares of Grandpoint voting common stock beneficially owned by the directors and executive officers of Grandpoint are expected to be voted by written consent in favor of the merger agreement pursuant to the Grandpoint support agreements entered into by Pacific Premier and the Grandpoint Investors and the Grandpoint shareholder agreements entered into by Pacific Premier and each of the executive officers and certain directors of Grandpoint. See "Grandpoint Support Agreements and Grandpoint Shareholder Agreements" beginning on page . Each of these entities and persons will receive the same merger consideration for their shares of Grandpoint common stock as the other Grandpoint shareholders.

Grandpoint Options.

At the effective time of the merger, each Grandpoint option which is outstanding and unexercised immediately prior to the effective time, including unvested Grandpoint options, which will accelerate and vest in full immediately prior to the effective time, will be cancelled in exchange for the right to receive from Grandpoint, immediately prior to the effective time, a single lump sum cash payment, equal to the product of (i) the number of shares of Grandpoint common stock subject to such Grandpoint option immediately prior to the effective time, and (ii) the excess, if any, of (A) the Pacific Premier average share price multiplied by the exchange ratio over (B) the exercise price per share of such Grandpoint option, less any applicable taxes required to be withheld with respect to such payment. If the exercise price per share of any such Grandpoint option is equal to or greater than the Pacific Premier average share price multiplied by the exchange ratio, the Grandpoint option will be canceled without any cash payment being made in respect thereof. For Grandpoint options that are exercised before the closing, the underlying shares of Grandpoint common stock received upon exercise will be exchanged for the merger consideration in accordance with the exchange ratio.

Non-employee directors may elect to receive all or a portion of their annual cash retainer in the form of shares of Pacific Premier common stock.

Merger Related Payments Under Employment Agreements and Change in Control Agreements; Other Merger-Related Payments

Employment Agreements. Grandpoint Bank is party to employment agreements with each of Don M. Griffith, Grandpoint Bank's chief executive officer, Deborah A. Marsten, Grandpoint Bank's chief operating officer, Roger M. Lavery, Grandpoint Bank's president, David L. Dayton, Grandpoint Bank's executive vice president and chief financial officer, Mark Phillips, Grandpoint's executive vice president and chief credit officer, David J. Ross, Grandpoint Bank's executive vice president and chief credit officer, and Susan Wahba, Grandpoint Bank's executive vice president and chief risk officer. Each of these agreements provide for severance benefits in the event of certain qualifying terminations of employment, including a termination by the executive due to a change in control.

Pursuant to each of the employment agreements, the merger will constitute a "change in control" entitling the executive to severance benefits in the event that Grandpoint Bank or Pacific Premier elect to terminate the executive's employment after consummation of the merger, other than for cause, or if the executive terminates his or her employment as a result of (i) subsequent to the merger, and without the executive's express written consent, the assignment to the executive of any duties substantially inconsistent with the executive's positions, duties, responsibilities and status with Grandpoint Bank immediately prior to the merger, or a substantial change in the executive's reporting responsibilities, titles or officers as in effect immediately prior to the merger, or any removal of the executive from or failure to re-elect the executive to any such positions (other than for cause), (ii) subsequent to the merger, a ten percent (10%) or greater reduction in the executive's base salary and benefits as in effect in the effective date of the employment agreement or as the same may be increased from time to time, (iii) subsequent to the merger, and without the executive's express written consent, requiring the executive to be based anywhere other than within twenty-five (25) miles of Grandpoint Bank's present main office location, exclusive of required travel on Grandpoint Bank's business, or (iv) the failure by Grandpoint, or Grandpoint Bank, to obtain the assumption of the employment agreement by Pacific Premier.

Upon such a termination of employment, each of Don M. Griffith, Deborah A. Marsten, Roger M. Lavery, David L. Dayton, Mark Phillips, David J. Ross and Susan Wahba will be entitled to a lump sum severance payment in an amount equal to twelve (12) months of his or her then base salary, continuation of his or her group medical insurance benefits or payment of COBRA continuation benefits for twelve (12) months, and such incentive bonus to which he or she would be entitled, which shall be prorated for the period of such year actually worked.

Additionally, Grandpoint Bank has three (3) other employment agreements with other officers, two (2) of which were assumed when Grandpoint Bank acquired other financial institutions. The agreement originally entered into by Grandpoint Bank provides for the same benefits as described

Table of Contents

above. The agreements with the two (2) other Grandpoint Bank officers that were assumed from acquired institutions include similar severance benefits in the event of certain qualifying terminations of employment.

Change in Control Agreements. Grandpoint Bank is also a party to six (6) change in control agreements with certain officers. Each of these agreements provide for severance benefits in the event of a termination of employment in connection with a change in control.

Pursuant to five (5) of the change in control agreements, the merger will constitute a "change in control," entitling the executive to severance benefits if the officer's employment is terminated (other than for cause) by Grandpoint Bank within a specified amount of time, as listed in the officer's change in control agreement, following the consummation of the merger, or if the officer terminates his or her employment as a result of (i) the assignment of duties substantially inconsistent with the executive's positions, duties, responsibilities (other than for cause) or (ii) a five percent (5%) or greater reduction in the executive's salary as in effect prior to the merger.

Upon a termination of employment in connection with a change in control within twelve (12) months following the merger, such officers will be entitled to lump sum severance payments ranging between payments equal to six (6) months current annual salary to twelve (12) months current annual salary, less applicable state and/or federal taxes. Under the one other change in control agreement, upon a termination within twenty-four (24) months following the merger, the officer will be entitled to a lump sum severance payment of ninety-five thousand dollars (\$95,000), less applicable state and/or federal taxes.

In addition to his employment agreement noted above, under a change in control agreement, Don M. Griffith will be entitled, in the event of a termination of employment in connection with a change in control within twenty-four (24) months following the merger, to a lump sum severance payment of five hundred thousand dollars (\$500,000), less applicable state and/or federal taxes.

Indemnification.

Grandpoint's directors, officers and employees are entitled to continuing indemnification against certain liabilities by virtue of provisions contained in the Grandpoint amended and restated certificate of incorporation, and bylaws, indemnity agreements between Grandpoint and the directors and officers of Grandpoint and the merger agreement. Grandpoint's amended and restated certificate of incorporation is referred to as the Grandpoint certificate of incorporation, and Grandpoint's bylaws is referred to as the Grandpoint bylaws. Pursuant to the merger agreement, Pacific Premier agreed for a period of six (6) years from the closing of the merger, to indemnify and hold harmless each present and former director, officer and employee of Grandpoint or a subsidiary of Grandpoint, as applicable, determined as of the effective time of the merger, against any costs or expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages or liabilities incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of matters existing or occurring at or prior to the effective time of the merger, whether

asserted or claimed prior to, at or after the effective time of the merger, arising in whole or in part out of or pertaining to the fact that he or she was a director, officer, employee, fiduciary or agent of Grandpoint or its subsidiaries or is or was serving at the request of Grandpoint or its subsidiaries as a director, officer, employee, fiduciary or agent of another corporation, partnership, joint venture, trust or other enterprise including, without limitation, matters related to the negotiation, execution and performance of the merger agreement or the consummation of any of the transactions contemplated by the merger agreement, to the fullest extent to which such indemnified parties would be entitled under the Grandpoint certificate of incorporation and Grandpoint bylaws, or any agreement, arrangement or understanding previously disclosed by Grandpoint to Pacific Premier pursuant to the merger agreement, in each case as in effect on the date of the merger agreement.

Pursuant to the merger agreement, Pacific Premier has agreed to maintain Grandpoint's existing directors' and officers' liability insurance policy for Grandpoint's directors and officers or a substitute policy which shall provide such directors and officers with coverage following the effective time of the merger for an additional six (6) years, provided that if the cost of such insurance exceeds 300% of the annual premiums paid by Grandpoint for its existing directors' and officers' liability insurance, which is referred to as the maximum insurance amount, Pacific Premier will obtain the most advantageous coverage as is available for the maximum insurance amount.

Other than as set forth above, no director or officer of Grandpoint has any direct or indirect material interest in the merger, except insofar as ownership of Grandpoint common stock might be deemed such an interest.

The merger has been structured to qualify as a "reorganization" under Section 368(a) of the Code for U.S. federal income tax purposes. As a condition to the completion of the merger, Holland & Knight LLP is required to deliver an opinion, dated the closing date of the merger, to the effect that the merger will be treated as a "reorganization" for U.S. federal income tax purposes within the meaning of Section 368(a) of the Code. The opinion will assume that the merger will be completed according to the terms of the merger agreement and that the parties will report the merger in a manner consistent with the opinion. The opinion will rely on the facts as stated in the merger agreement, the registration statement on Form S-4 filed by Pacific Premier in connection with the merger (of which this prospectus/proxy and consent solicitation statement is a part) and certain other documents. In rendering the opinion, counsel will rely on the representations of Pacific Premier and Grandpoint, to be delivered at the time of closing (and counsel will assume that any representation that is qualified by belief, knowledge or materiality is true, correct and complete without such qualification). If any assumption or representation is or becomes inaccurate, the U.S. federal income tax consequences of the merger could be adversely affected. The opinion will be based on statutory, regulatory and judicial authority existing as of the date of the opinion.

An opinion of counsel represents such counsel's best legal judgment but is not binding on the IRS or on any court. Neither Pacific Premier nor Grandpoint intends to request any ruling from the IRS as to the U.S. federal income tax consequences of the merger. Consequently, no assurance can be given that the IRS will not assert, or that a court will not sustain, a position contrary to any of the tax consequences set forth below or any of the tax consequences described in the opinion.

Based on representations to be contained in representation letters of officers of Pacific Premier and Grandpoint, all of which must continue to be true and accurate in all material respects as of the effective time of the merger, and subject to the other matters set forth above, it is the opinion of Holland & Knight LLP that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code. Based upon the foregoing, the material U.S. federal income tax consequences of the merger will be as described below.

Tax Consequences of the Merger for Pacific Premier and Grandpoint.

No gain or loss will be recognized by Pacific Premier or Grandpoint as a result of the merger.

Tax Consequences of the Merger for U.S. Holders of Grandpoint Common Stock.

Except as described below under "Cash in Lieu of Fractional Shares of Pacific Premier Common Stock," a U.S. holder that exchanges all of its shares of Grandpoint common stock for shares of Pacific Premier common stock pursuant to the merger will not recognize gain or loss in connection with such exchange.

A U.S. holder's aggregate tax basis in the Pacific Premier common stock received in the merger, including any fractional shares deemed received by the U.S. holder under the treatment discussed below under "Cash in Lieu of Fractional Shares of Pacific Premier Common Stock," will equal such

Table of Contents

U.S. holder's aggregate tax basis in the Grandpoint common stock surrendered by such U.S. holder in the merger. The holding period for the shares of Pacific Premier common stock received by such U.S. holder in the merger, including any fractional shares deemed received by the U.S. holder under the treatment discussed below under "Cash in Lieu of Fractional Shares of Pacific Premier Common Stock," will include the holding period for the shares of Grandpoint common stock exchanged therefor.

Cash in Lieu of Fractional Shares of Pacific Premier Common Stock.

A U.S. holder that receives cash instead of a fractional share of Pacific Premier common stock will be treated as having received the fractional share of Pacific Premier common stock pursuant to the merger and then having exchanged the fractional share of Pacific Premier common stock for cash in a redemption by Pacific Premier. This deemed redemption will be treated as a sale or exchange and a U.S. holder will recognize gain or loss equal to the difference between (i) the amount of cash received by such U.S. holder and (ii) the portion of the basis of the shares of Grandpoint common stock allocable to such fractional interest. Such gain or loss will constitute capital gain or loss and will be long-term capital gain or loss if the U.S. holder's holding period for the Grandpoint common stock exchanged by such U.S. holder is greater than one year as of the effective time of the merger. Long-term capital gains of non-corporate U.S. holders are generally subject to reduced rates of taxation. The deductibility of capital losses is subject to limitations. Capital gains recognized by individuals, trusts and estates also may be subject to a 3.8% federal Medicare contribution tax on "net investment income" as provided in Section 1411 of the Code.

Notwithstanding the previous paragraph, if the receipt of the cash is deemed to be essentially equivalent to the distribution of a dividend to the U.S. holder, the cash would be treated as dividend income. While a dividend from Pacific Premier would generally be treated as a "qualified dividend" and taxed at the same rates applicable to long-term capital gains, a U.S. holder would not be able to apply any portion of its basis to reduce the amount of such dividend and such basis would instead be reallocated to such U.S. holder's other Pacific Premier shares.

Information Reporting and Backup Withholding.

Cash payments received in the merger by a U.S. holder may, under certain circumstances, be subject to information reporting and backup withholding at a current rate of 24% of the cash payable to the U.S. holder, unless the U.S. holder provides proof of an applicable exemption, furnishes its taxpayer identification number (in the case of individuals, their social security number) and otherwise complies with all applicable requirements of the backup withholding rules. Any amounts withheld from payments to a U.S. holder under the backup withholding rules are not additional tax and will be allowed as a refund or credit against the U.S. holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Reporting Requirements.

A U.S. holder that receives shares of Pacific Premier common stock as a result of the merger will be required to retain records pertaining to the merger. Each U.S. holder that is required to file a U.S. tax return and that is a "significant holder" that receives Pacific Premier common stock in the merger will be required to file a statement with the significant holder's U.S. federal income tax return setting forth such significant holder's basis (determined immediately before the exchange) in the Grandpoint common stock surrendered and the fair market value (determined immediately before the exchange) of the Grandpoint common stock that is exchanged by such significant holder. A "significant holder" is a U.S. holder that receives shares of Pacific Premier common stock in the merger and that, immediately before the merger, owned at least 5% of the outstanding stock of Grandpoint (by vote or value) or securities of Grandpoint with a tax basis of \$1 million or more.

THE FOREGOING IS NOT A SUBSTITUTE FOR AN INDIVIDUAL ANALYSIS OF THE TAX CONSEQUENCES OF THE MERGER TO GRANDPOINT SHAREHOLDERS. GRANDPOINT SHAREHOLDERS ARE URGED TO CONSULT WITH THEIR OWN TAX ADVISORS AS TO THE TAX CONSEQUENCES OF THE MERGER IN THEIR PARTICULAR CIRCUMSTANCES, INCLUDING THE APPLICABILITY AND EFFECT OF U.S. FEDERAL (INCLUDING THE ALTERNATIVE MINIMUM TAX), STATE, LOCAL OR FOREIGN AND OTHER TAX LAWS AND OF CHANGES IN THOSE LAWS.

Accounting Treatment of the Merger

The merger will be accounted for under the acquisition method of accounting under GAAP. Under this method, Grandpoint's assets and liabilities as of the date of the merger will be recorded at their respective fair values and added to those of Pacific Premier. Any excess between the purchase price for Grandpoint and the fair value of the identifiable net assets acquired (including core deposit intangibles) will be recorded as goodwill. In accordance with FASB Accounting Standards Codification (ASC) Topic 350, "Intangibles Goodwill and Other," the goodwill resulting from the merger will not be amortized to expense, but instead will be reviewed for impairment at least annually and to the extent goodwill is impaired, its carrying value will be written down to its implied fair value and a charge will be made to earnings. Core deposit and other intangibles with definite useful lives recorded by Pacific Premier in connection with the merger will be amortized to expense. The financial statements of Pacific Premier issued after the merger will reflect the results attributable to the acquired operations of Grandpoint beginning on the date of completion of the merger.

Expenses of the Merger

The merger agreement provides that each of Grandpoint and Pacific Premier will bear and pay all costs and expenses incurred by it in connection with the transactions contemplated by the merger agreement, including fees and expenses of its own financial consultants, accountants and counsel.

Listing of the Pacific Premier Common Stock

Pacific Premier has agreed to use its reasonable best efforts to cause the shares of Pacific Premier common stock to be issued to Grandpoint shareholders as the merger consideration to be approved for listing on the NASDAQ Global Select Market.

Resale of Pacific Premier Common Stock

The shares of common stock that Grandpoint shareholders receive as a result of the merger will be registered under the Securities Act. Grandpoint shareholders may freely trade these shares of Pacific Premier common stock if such Grandpoint shareholder is not considered an "affiliate" of Pacific Premier, as that term is defined in the federal securities laws. Generally, "affiliates" include directors, certain executive officers and holders of 10% or more of the outstanding Pacific Premier common stock.

Pacific Premier's affiliates may not sell their shares of Pacific Premier common stock acquired in the merger, unless those shares are registered under an effective registration statement under the Securities Act, or by complying with an applicable exemption from the registration requirements of the Securities Act. Pacific Premier may also place restrictive legends on certificates representing shares of Pacific Premier common stock issued to all persons who will be considered "affiliates" of Pacific Premier.

Grandpoint Support Agreements and Grandpoint Shareholder Agreements

As an inducement for Pacific Premier to enter into the merger agreement, the Grandpoint Investors, who own approximately 87.9% of the outstanding shares of Grandpoint voting common stock as of the date of this prospectus/proxy and consent solicitation statement, entered into support agreements with Pacific Premier, the form of which is set forth as Annex A to the merger agreement, which is attached to this prospectus/proxy and consent solicitation statement as Appendix A, pursuant to which the Grandpoint Investors agreed, among other things, to deliver a written consent with respect to all shares of Grandpoint voting common stock beneficially owned by them in favor of adoption of the merger agreement in connection with the Grandpoint consent solicitation. The Grandpoint Investors also have agreed to certain restrictions on their ability to transfer their shares of Grandpoint common stock, discussed below.

In addition, each executive officer and certain directors of Grandpoint who own shares of Grandpoint common stock, reflecting an aggregate of approximately 9.7% of the outstanding Grandpoint voting common stock as of the date of this prospectus/proxy and consent solicitation statement, entered into a shareholder agreement with Pacific Premier, the form of which is set forth as Annex B to the merger agreement, which is attached to this prospectus/proxy and consent solicitation statement as Appendix A, pursuant to which he or she agreed, among other things, to deliver a written consent with respect to all shares of Grandpoint voting common stock beneficially owned by him or her in favor of adoption of the merger agreement in connection with the Grandpoint consent solicitation. Each such director and executive officer of Grandpoint also agreed to certain restrictions on their ability to transfer their shares of Grandpoint common stock, discussed below.

Pacific Premier has the right to terminate the merger agreement if written consents in an amount sufficient to constitute Grandpoint shareholder approval are not received by Pacific Premier prior to 6:00 p.m., Pacific Time, on the third business day immediately following the date that Pacific Premier's registration statement on Form S-4, of which this prospectus/proxy and consent solicitation statement is a part, is declared effective by the Commission.

Pursuant to each of the Grandpoint support agreements and the Grandpoint shareholder agreements, which we refer to in this section as the agreements, each Grandpoint Investor, each executive officer and each Grandpoint director who entered into a shareholder agreement also agreed, while such agreements are in effect, not to, without the prior written approval of Pacific Premier, sell, transfer, pledge, encumber, distribute by gift or donation, or otherwise dispose of any of the shares of Grandpoint common stock whether by actual disposition, physical settlement, or effective economic disposition through hedging transactions, derivative transactions or other means, except for charitable gifts or donations where the recipient enters into a voting agreement binding the recipient to vote its shares of Grandpoint common stock in the same manner as described herein. Each person and entity who entered into such agreement also agreed not to deposit any shares in a voting trust, grant any proxy, or enter into any voting agreement or similar agreement or arrangement with respect to any shares of Grandpoint common stock. The restrictions on transfer of shares of Grandpoint common stock described herein shall no longer apply once the requisite Grandpoint shareholder approval has been obtained.

In addition, as of the closing and for a period of two (2) years thereafter, each executive officer of Grandpoint who is not a transferred employee has agreed not to:

- (i) solicit any employees of Grandpoint or its Subsidiaries prior to the closing of the merger, other than general solicitations through newspapers or other media of general circulation not targeted at such employees, provided, however, that the foregoing shall not apply to any employee of Grandpoint or its subsidiaries (1) who does not become an employee of Pacific Premier or any of its subsidiaries or is terminated by Pacific Premier or any of its subsidiaries without cause on or after the closing date of the merger; or
- (2) whose employment terminated more than six months

Table of Contents

prior to the time that such employee of Grandpoint or its subsidiaries is first solicited for employment following the closing date of the merger;

(ii) knowingly induce, persuade, encourage or influence or attempt to induce, persuade, encourage or influence any person having a business relationship with Grandpoint or their respective subsidiaries and affiliates prior to the closing date, to discontinue, reduce or restrict such relationship with Pacific Premier or its subsidiaries after the closing date of the merger; or

(iii) knowingly solicit depositors, borrowers or customers of Grandpoint or its subsidiaries on the date of the merger agreement and/or as of the day of the closing of the merger, except for general solicitations that are directed to the general public and not directed specifically to persons who were depositors, borrowers or customers of Grandpoint on the date of the merger agreement or as of the closing date of the merger.

Except for the non-solicitation provisions referenced in the paragraph above with respect to the Grandpoint shareholder agreements entered into with executive officers of Grandpoint who are not transferred employees, which will survive for a period of two (2) years following the consummation of the merger, the Grandpoint support agreements and the Grandpoint shareholder agreements shall remain in effect until the earlier to occur of the date, if any, of termination of the merger agreement in accordance with its terms, or the effective time of the merger.

Appraisal Rights

Grandpoint shareholders are entitled to appraisal rights under Section 262 of the DGCL in connection with the merger. Under the DGCL, as more fully described below, if you are a Grandpoint shareholder and you do not wish to accept the merger consideration provided for in the merger agreement and the merger is consummated, you have the right to seek appraisal of your shares of Grandpoint common stock and to receive payment in cash for the fair value of your Grandpoint common stock, exclusive of any element of value arising from the accomplishment or expectation of the merger, as determined by the Court of Chancery of the State of Delaware, which we refer to as the Delaware Court of Chancery, together with interest, if any, to be paid upon the amount determined to be fair value. The "fair value" of your shares of Grandpoint common stock as determined by the Delaware Court of Chancery may be more or less than, or the same as, the per share merger consideration that you are otherwise entitled to receive under the terms of the merger agreement. We refer to these rights as appraisal rights. Grandpoint shareholders who elect to exercise appraisal rights must not vote in favor of or consent in writing to the proposal to adopt the merger agreement and must comply with the provisions of Section 262 of the DGCL, which we refer to as Section 262, to perfect their rights. **A holder of Grandpoint common stock who wishes to exercise appraisal rights, or preserve the ability to do so, must not sign and deliver a written consent adopting the merger agreement, or sign and deliver a consent without indicating a decision on the proposal. Any written consent returned without indicating a decision on the proposal will be counted as approving the proposal as described in the enclosed form of written consent, which will also effectively waive any appraisal rights.**

This section is intended as a brief summary of the material provisions of the Delaware statutory procedures that a shareholder must follow to seek and perfect appraisal rights. This summary, however, is not a complete statement of all applicable requirements, and it is qualified in its entirety by reference to Section 262, the full text of which appears in Appendix C to this prospectus/proxy and consent solicitation statement. The following summary does not constitute any legal or other advice, nor does it constitute a recommendation that shareholders exercise their appraisal rights under Section 262.

A HOLDER OF GRANDPOINT COMMON STOCK WHO WISHES TO EXERCISE APPRAISAL RIGHTS OR WHO WISHES TO PRESERVE THE RIGHT TO DO SO SHOULD

REVIEW THE FOLLOWING DISCUSSIONS AND APPENDIX C CAREFULLY. FAILURE TO COMPLY PRECISELY WITH THE PROCEDURES CONTAINED IN SECTION 262 OF THE DGCL IN A TIMELY AND PROPER MANNER WILL RESULT IN THE LOSS OF APPRAISAL RIGHTS. BECAUSE OF THE COMPLEXITY OF THE PROCEDURES FOR EXERCISING APPRAISAL RIGHTS, IF YOU WISH TO EXERCISE YOUR APPRAISAL RIGHTS, YOU SHOULD CONSULT WITH YOUR OWN LEGAL AND FINANCIAL ADVISORS IN CONNECTION WITH COMPLIANCE UNDER SECTION 262 OF THE DGCL. INVESTMENT BANKER OPINIONS AS TO THE FAIRNESS FROM A FINANCIAL POINT OF VIEW OF THE CONSIDERATION PAYABLE IN A TRANSACTION SUCH AS THE MERGER ARE NOT OPINIONS AS TO, AND DO NOT ADDRESS IN ANY RESPECT, FAIR VALUE UNDER SECTION 262 OF THE DGCL. A GRANDPOINT SHAREHOLDER WHO LOSES HIS, HER OR ITS APPRAISAL RIGHTS WILL BE ENTITLED TO RECEIVE THE MERGER CONSIDERATION.

Section 262 requires that, where a merger agreement is adopted by written consent of stockholders in lieu of a meeting, certain stockholders must be given notice that appraisal rights are available. A copy of Section 262 must be included with such notice. The notice must be provided either before the effective date of the merger or within ten (10) days after the merger agreement is approved by the company's shareholders. Only those Grandpoint shareholders who did not submit a consent in favor of the proposal to adopt the merger agreement and who have otherwise complied with Section 262 are entitled to receive such notice. The notice may be given by Grandpoint, if sent prior to effectiveness of the merger, or Pacific Premier, if given after effectiveness. If given on or after the effective date, the notice must also specify the effective date of the merger; otherwise, a supplementary notice will provide this information.

Following Grandpoint's receipt of sufficient written consents to adopt the merger agreement, we will send all non-consenting Grandpoint shareholders who satisfy the other statutory conditions the notice regarding the adoption of the merger agreement and the availability of appraisal rights. A Grandpoint shareholder wishing to exercise his, her or its appraisal rights will need to take action at that time, in response to that notice, but this description is being provided to all Grandpoint shareholders now so they can determine whether they wish to preserve their ability to demand appraisal rights in the future in response to that notice.

In order to preserve your right to receive notice and demand appraisal rights, you must not deliver a written consent in favor of the adoption of the merger agreement or deliver a consent without indicating a decision on the proposal. Consents that are signed and delivered without indicating a decision on the proposal will be counted as approving the proposal, which will also effectively waive appraisal rights. As described below, you must also continue to hold your shares through the effective time of the merger.

If you elect to exercise appraisal rights with respect to your shares of Grandpoint common stock, you must deliver to Grandpoint or to Pacific Premier (as the surviving corporation in the merger), as applicable, at the specific address which will be included in the notice, a written demand for appraisal of your shares of Grandpoint common stock within 20 days after the date of the mailing of the subsequent notice that will be sent to non-consenting Grandpoint shareholders. Do not submit a demand before the date of that subsequent notice because, under Delaware case law, a demand that is made before the notice is mailed may not be effective to perfect your appraisal rights.

A holder of shares of Grandpoint common stock wishing to exercise appraisal rights must hold of record the shares of Grandpoint common stock on the date the written demand for appraisal is made and must continue to hold the shares of Grandpoint common stock of record through the effective date of the merger, because appraisal rights will be lost if the shares of Grandpoint common stock are

Table of Contents

transferred prior to the effective time. If you are not the shareholder of record, you will need to follow special procedures as discussed further below.

If you and/or the record holder of your shares fail to comply with all of the conditions required by Section 262 to perfect your rights, and the merger is completed, you (assuming that you hold your shares through the effective time of the merger) will be entitled to receive the merger consideration for your shares of Grandpoint common stock as provided for in the merger agreement, but you will lose your appraisal rights with respect to your shares of Grandpoint common stock.

In order to satisfy Section 262, a demand for appraisal in respect of shares of Grandpoint common stock must reasonably inform Grandpoint or Pacific Premier (as the surviving corporation in the merger), as applicable, of the identity of the shareholder of record and the shareholder's intent to seek appraisal rights. The demand should be executed by or on behalf of the holder of record, fully and correctly, as the holder's name appears on the holder's stock certificates, should specify the holder's name and mailing address and the number of shares registered in the holder's name and must state that the person intends thereby to demand appraisal of the holder's shares in connection with the merger. The demand cannot be made by the beneficial owner if he or she does not also hold the shares of Grandpoint common stock of record. The beneficial holder must, in such cases, have the registered owner, such as a bank, broker or other nominee, submit the required demand in respect of those shares of common stock.

IF YOU HOLD YOUR SHARES IN BANK OR BROKERAGE ACCOUNTS OR OTHER NOMINEE OR INTERMEDIARY FORMS, AND YOU WISH TO EXERCISE APPRAISAL RIGHTS, YOU SHOULD CONSULT WITH YOUR NOMINEE OR INTERMEDIARY TO DETERMINE THE APPROPRIATE PROCEDURES FOR THE BANK, BROKERAGE FIRM OR OTHER NOMINEE OR INTERMEDIARY TO MAKE A DEMAND FOR APPRAISAL OF THOSE SHARES. IF YOU HAVE A BENEFICIAL INTEREST IN SHARES HELD OF RECORD IN THE NAME OF ANOTHER PERSON, SUCH AS A NOMINEE OR INTERMEDIARY, YOU MUST ACT PROMPTLY TO CAUSE THE HOLDER OF RECORD TO FOLLOW PROPERLY AND IN A TIMELY MANNER THE STEPS NECESSARY TO PERFECT YOUR APPRAISAL RIGHTS. IF YOU HOLD YOUR SHARES THROUGH A BANK OR BROKERAGE WHO IN TURN HOLDS THE SHARES THROUGH A CENTRAL SECURITIES DEPOSITORY NOMINEE, SUCH AS THE DEPOSITORY TRUST COMPANY, A DEMAND FOR APPRAISAL OF SUCH SHARES MUST BE MADE BY OR ON BEHALF OF THE DEPOSITORY NOMINEE AND MUST IDENTIFY THE DEPOSITORY NOMINEE AS THE HOLDER OF RECORD.

If shares of Grandpoint common stock are owned of record by a person other than the beneficial owner, including a broker, fiduciary (such as a trustee, guardian or custodian) or other nominee, a demand for appraisal must be executed by or for such record holder. If the shares of Grandpoint common stock are owned of record by more than one person, as in a joint tenancy or tenancy in common, the demand should be executed by or for all joint owners. An authorized agent, including an authorized agent for two or more joint owners, may execute the demand for appraisal for a stockholder of record; however, the agent must identify the record holder or owners and expressly disclose the fact that, in executing the demand, he or she is acting as agent for the record holder. A record holder, such as a broker, who holds shares of Grandpoint common stock as a nominee for others, may exercise his or her right of appraisal with respect to the shares of Grandpoint common stock held for one or more beneficial owners, while not exercising this right for other beneficial owners. In that case, the written demand should state the number of shares of Grandpoint common stock as to which appraisal is sought. Where no number of shares of Grandpoint common stock is expressly mentioned, the demand will be presumed to cover all shares of Grandpoint common stock held in the name of the record holder.

Table of Contents

At any time within 60 days after the effective time of the merger, any shareholder who has not commenced an appraisal proceeding or joined a proceeding as a named party may withdraw the demand and accept the merger consideration for that stockholder's shares of Grandpoint common stock by delivering to Pacific Premier (as the surviving corporation in the merger) a written withdrawal of the demand for appraisal. However, any such attempt to withdraw the demand made more than 60 days after the effective time of the merger will require written approval by Pacific Premier (as the surviving corporation in the merger). Unless the demand is properly withdrawn by the stockholder within 60 days after the effective date of the merger, no appraisal proceeding in the Delaware Court of Chancery will be dismissed as to any shareholder without the approval of the Delaware Court of Chancery, and such approval may be conditioned upon such terms as the Court deems just. If Pacific Premier (as the surviving corporation in the merger) does not approve a request to withdraw a demand for appraisal when that approval is required, or if the Delaware Court of Chancery does not approve the dismissal of an appraisal proceeding, the shareholder will be entitled to receive only the appraised value determined in any such appraisal proceeding, which value could be less than, equal to or more than the value of the consideration offered pursuant to the merger agreement.

Within 120 days after the effective time of the merger, but not thereafter, either Pacific Premier (as the surviving corporation in the merger) or any shareholder who has complied with the requirements of Section 262 and is entitled to appraisal rights under Section 262 may commence an appraisal proceeding by filing a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares of Grandpoint common stock held by all stockholders entitled to appraisal. Upon the filing of such a petition by a shareholder, service of a copy of such petition shall be made upon Pacific Premier (as the surviving corporation in the merger). Pacific Premier has no present intent, as the combined company, to file such a petition and has no obligation to cause such a petition to be filed, and holders should not assume that Pacific Premier (as the surviving corporation in the merger) will file a petition. Accordingly, the failure of a shareholder to file such a petition within the period specified could result in no appraisal rights being available for any shareholder notwithstanding prior written demands for appraisal having been delivered to Pacific Premier (as the surviving corporation in the merger). In addition, within 120 days after the effective time of the merger, any shareholder who has properly filed a written demand for appraisal and who did not submit a consent in favor of the proposal to adopt the merger agreement, upon written request, will be entitled to receive from Pacific Premier (as the surviving corporation in the merger) a statement setting forth the aggregate number of shares of Grandpoint common stock not voted in favor of the proposal to adopt the merger agreement and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. The statement must be mailed within 10 days after such written request has been received by Pacific Premier (as the surviving corporation in the merger) or within 10 days after the expiration of the period for delivery of demands, whichever is later. A person who is the beneficial owner of shares of Grandpoint common stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition for appraisal or request from Pacific Premier (as the surviving corporation in the merger) such statement.

If a petition for appraisal is duly filed by a shareholder and a copy of the petition is delivered to Pacific Premier (as the surviving corporation in the merger), then Pacific Premier (as the surviving corporation in the merger) will be obligated, within 20 days after receiving service of a copy of the petition, to file with the Delaware Register in Chancery a duly verified list containing the names and addresses of all shareholders who have demanded payment for their shares of Grandpoint common stock and with whom agreements as to the value of their shares of Grandpoint common stock have not been reached. After notice to shareholders who have demanded appraisal, if such notice is ordered by the Delaware Court of Chancery, the Delaware Court of Chancery is empowered to conduct a hearing upon the petition and to determine those shareholders who have complied with Section 262 and who have become entitled to the appraisal rights provided by Section 262. The Delaware Court of Chancery

Table of Contents

may require shareholders who have demanded payment for their shares of Grandpoint common stock and who hold stock represented by certificates to submit their stock certificates to the Register in Chancery for notation of the pendency of the appraisal proceedings; and if any shareholder fails to comply with that direction, the Delaware Court of Chancery may dismiss the proceedings as to that shareholder.

After determination of the shareholders entitled to appraisal of their shares of Grandpoint common stock, the Delaware Court of Chancery will appraise the shares of Grandpoint common stock, determining their fair value as of the effective time after taking into account all relevant factors exclusive of any element of value arising from the accomplishment or expectation of the merger, together with interest, if any, to be paid upon the amount determined to be the fair value. When the value is determined, the Delaware Court of Chancery will direct the payment of such value upon surrender by those shareholders of the certificates representing their shares of Grandpoint common stock. Unless the Court in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment will be compounded quarterly and will accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective time and the date of payment of the judgment.

No representation is made as to the outcome of the appraisal of fair value as determined by the Court and stockholders should recognize that such an appraisal could result in a determination of a value higher or lower than, or the same as, the value of the merger consideration. Moreover, we do not anticipate offering more than the merger consideration to any shareholder exercising appraisal rights and reserve the right to assert, in any appraisal proceeding, that, for purposes of Section 262, the "fair value" of a share of Grandpoint common stock is less than the value of the merger consideration.

Costs of the appraisal proceeding (which do not include attorneys' fees or the fees and expenses of experts) may be determined by the Delaware Court of Chancery and imposed upon Pacific Premier (as the surviving corporation in the merger) and the shareholders participating in the appraisal proceeding by the Delaware Court of Chancery, as it deems equitable in the circumstances. Each shareholder seeking appraisal is responsible for his or her attorneys' fees and expert witness expenses, although, upon the application of a shareholder, the Delaware Court of Chancery may order all or a portion of the expenses incurred by any shareholder in connection with the appraisal proceeding, including, without limitation, reasonable attorneys' fees and the fees and expenses of experts used in the appraisal proceeding, to be charged pro rata against the value of all shares of Grandpoint common stock entitled to appraisal. Any shareholder who duly demanded appraisal in compliance with Section 262 will not, after the effective time of the merger, be entitled to vote shares of Grandpoint common stock subject to that demand for any purpose or to receive payments of dividends or any other distribution with respect to those shares of Grandpoint common stock, other than with respect to payment as of a record date prior to the effective time. However, if no petition for appraisal is filed within 120 days after the effective time, or if the shareholder otherwise fails to perfect his, her or its appraisal rights, successfully withdraws his, her or its demand for appraisal or loses his, her or its right to appraisal, then the right of that shareholder to appraisal will cease and that shareholder will be entitled to receive the per share merger consideration for his, her or its shares of Grandpoint common stock pursuant to the merger agreement.

FAILING TO FOLLOW PROPER STATUTORY PROCEDURES WILL RESULT IN LOSS OF YOUR APPRAISAL RIGHTS. Dividends.

The Grandpoint board has responsibility for the oversight and approval of the declarations of dividends. Dividends Grandpoint declares are subject to the restrictions set forth in the DGCL. The DGCL permits a Delaware corporation to declare and pay dividends out of surplus or, if there is no surplus, out of net profits for the fiscal year in which the dividend is declared and/or for the preceding fiscal year as long as the amount of capital of the corporation following the declaration and payment of the dividend is not less than the aggregate amount of the capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets. Further, it is the policy of the Federal Reserve that bank holding companies, such Grandpoint, should generally pay dividends on common stock only out of income available over the past year, and only if prospective earnings retention is consistent with the organization's expected future needs and financial condition. It is also the Federal Reserve's policy that bank holding companies should not maintain dividend levels that undermine their ability to be a source of strength to their banking subsidiaries.

The principal source of funds from which Grandpoint may pay dividends is the receipt of dividends from Grandpoint Bank. The availability of dividends from Grandpoint Bank is limited by various statutes and regulations. Grandpoint Bank is subject first to corporate restrictions on its ability to pay dividends. Further, Grandpoint Bank may not pay a dividend if it would be undercapitalized for bank regulatory purposes after the dividend payment is made. The payment of cash dividends by Grandpoint Bank is subject to restrictions set forth in the CFC. The CFC provides that a bank may not make a cash distribution to its shareholders in excess of the lesser of (a) bank's retained earnings; or (b) bank's net income for its last three fiscal years, less the amount of any distributions made by the bank or by any majority-owned subsidiary of the bank to the shareholders of the bank during such period. However, a bank may, with the approval of the CA DBO, make a distribution to its shareholders in an amount not exceeding the greatest of (a) its retained earnings; (b) its net income for its last fiscal year; or (c) its net income for its current fiscal year. In the event that the CA DBO determines that the

shareholders' equity of a bank is inadequate or that the making of a distribution by the bank would be unsafe or unsound, the CA DBO may order the bank to refrain from making a proposed distribution. The FDIC may also restrict the payment of dividends if such payment would be deemed unsafe or unsound or if after the payment of such dividends, the bank would be included in one of the "undercapitalized" categories for capital adequacy purposes pursuant to federal law. While the Federal Reserve has no general restriction with respect to the payment of cash dividends by an adequately capitalized bank to its parent holding company, the Federal Reserve, under certain circumstances, place restrictions on the ability of a particular bank to pay dividends based upon peer group averages and the performance and maturity of the particular bank, or object to management fees to be paid by a subsidiary bank to its holding company on the basis that such fees cannot be supported by the value of the services rendered or are not the result of an arm's length transaction.

Upon adoption by the Grandpoint shareholders of an agreement such as the merger agreement, the Grandpoint board committee which administers the 2011 Plan is authorized to provide, among other things, that all awards granted under the 2011 Plan shall become fully vested and exercisable immediately prior to the transaction in question.

INFORMATION ABOUT GRANDPOINT

Business

Grandpoint is a Delaware corporation that was incorporated in June 2007. Prior to acquiring its banking subsidiaries in 2010, Grandpoint was involved in organizational activities including acquiring a management team, raising capital and filing applications with various regulatory agencies to operate as a bank holding company.

Grandpoint has one banking subsidiary, Grandpoint Bank. Grandpoint Bank is a California state-chartered depository institution headquartered in Los Angeles, California with fourteen (14) branches located in Southern California, Arizona and Vancouver, Washington. Grandpoint Bank is licensed to operate as a commercial bank under the CFC and is subject to supervision by the CA DBO. In accordance with the Federal Deposit Insurance Act, the Federal Deposit Insurance Corporation or FDIC, insures the deposits of Grandpoint Bank up to the maximum legal limit. Grandpoint Bank's primary source of revenue is from providing loans to customers, who are predominately small to medium-sized businesses and high net worth individuals, and investment securities. Grandpoint also has a non-banking subsidiary, Peoria Holdings, LLC, to service and sell certain classified loans and assets.

As of December 31, 2017, Grandpoint, on a consolidated basis, had total assets of \$3.2 billion and gross loans of \$2.4 billion, total shareholders' equity of \$349.5 million and total deposits of \$2.4 billion.

Grandpoint's principal executive offices are located at 333 South Grand Avenue, Los Angeles, California 90071 and its telephone number is (213) 542-2700.

Competition

The banking business in California, generally, and in Grandpoint Bank's service areas, specifically, is highly competitive with respect to both loans and deposits and is dominated by a number of major banks that have many offices operating over wide geographic areas. Grandpoint Bank competes for deposits and loans principally with these commercial banks, savings associations, credit unions, consumer finance companies, pension trusts, mutual funds, insurance companies, mortgage bankers and brokers, brokerage and investment banking firms, asset-based non-bank lenders, government agencies and certain other non-financial institutions, including retail stores, that may offer more favorable financing alternatives than Grandpoint Bank. Grandpoint Bank also competes with companies located outside of its market that provide financial services to persons within its market. Some of Grandpoint Bank's current and potential competitors have larger customer bases, greater brand recognition, and significantly greater financial, marketing and other resources than Grandpoint Bank, and some of them are not subject to the same degree of regulation as Grandpoint Bank.

Premises

Grandpoint leases office locations under lease agreements which call for various monthly payments expiring at dates through the year 2022. Grandpoint believes that its premises will be adequate for present and anticipated needs. Grandpoint also believes that it has adequate insurance to cover its premises.

Employees

At December 31, 2017, Grandpoint had 318 full-time equivalent employees. Management of Grandpoint considers its relations with its employees to be good. Grandpoint is not a party to any collective bargaining agreement.

Legal Proceedings

Grandpoint is from time to time involved in legal proceedings arising in the normal course of business. Other than proceedings incidental to Grandpoint's business, it is not a party to, nor is any of its property the subject of, any material pending legal or administrative proceedings.

Supervision and Regulation

General. Bank holding companies, such as Grandpoint, and banks, such as Grandpoint Bank, are subject to extensive regulation and supervision by federal and state regulators. Various requirements and restrictions under state and federal law affect Grandpoint's operations, including reserves against deposits, ownership of deposit accounts, loans, investments, mergers and acquisitions, borrowings, dividends, locations of branch offices and capital requirements. The following is a summary of certain statutes and rules applicable to Grandpoint and Grandpoint Bank. This summary is qualified in its entirety by reference to the particular statute and regulatory provision referred to below and is not intended to be an exhaustive description of all applicable statutes and regulations.

As a bank holding company, Grandpoint is subject to regulation and supervision by the Federal Reserve. Grandpoint is required to file with the Federal Reserve quarterly and annual reports and such additional information as the Federal Reserve may require pursuant to the BHC Act. The Federal Reserve may conduct examinations of bank holding companies and their subsidiaries. Grandpoint is also a bank holding company within the meaning of the CFC. As such, Grandpoint and its subsidiaries are subject to examination by, and may be required to file reports with, the CA DBO.

Under changes made by the Dodd-Frank Wall Street Reform and Consumer Protection Act, or Dodd-Frank Act, a bank holding company must act as a source of financial and managerial strength to each of its subsidiary banks and to commit resources to support each such subsidiary bank. In order to fulfill its obligations as a source of strength, the Federal Reserve may require a bank holding company to make capital injections into a troubled subsidiary bank. In addition, the Federal Reserve may charge the bank holding company with engaging in unsafe and unsound practices if the bank holding company fails to commit resources to a subsidiary bank or if it undertakes actions that the Federal Reserve believes might jeopardize the bank holding company's ability to commit resources to such subsidiary bank. The Federal Reserve also has the authority to require a bank holding company to terminate any activity or to relinquish control of a nonbank subsidiary (other than a nonbank subsidiary of a bank) upon the Federal Reserve's determination that such activity or control constitutes a serious risk to the financial soundness and stability of any bank subsidiary of the bank holding company.

As a California state-chartered commercial bank, which is a member of the Federal Reserve, Grandpoint Bank is subject to supervision, periodic examination and regulation by the CA DBO and the Federal Reserve. Grandpoint Bank's deposits are insured by the FDIC through the Deposit Insurance Fund, or DIF. Pursuant to the Dodd-Frank Act, federal deposit insurance coverage was permanently increased to \$250,000 per depositor for all insured depository institutions. As a result of this deposit insurance function, the FDIC also has certain supervisory authority and powers over Grandpoint Bank as well as all other FDIC insured institutions. If, as a result of an examination of Grandpoint Bank, the regulators should determine that the financial condition, capital resources, asset quality, earnings prospects, management, liquidity or other aspects of Grandpoint Bank's operations are unsatisfactory or that Grandpoint Bank or its management is violating or has violated any law or regulation, various remedies are available to the regulators. Such remedies include the power to enjoin

Table of Contents

unsafe or unsound practices, to require affirmative action to correct any conditions resulting from any violation or practice, to issue an administrative order that can be judicially enforced, to direct an increase in capital, to restrict growth, to assess civil monetary penalties, to remove officers and directors and ultimately to request the FDIC to terminate Grandpoint Bank's deposit insurance. As a California-chartered commercial bank, Grandpoint Bank is also subject to certain provisions of California law.

Legislative and regulatory initiatives are from time-to-time introduced, which necessarily impacts the regulation of the financial services industry. Grandpoint cannot predict whether or when potential legislation or new regulations will be enacted, and if enacted, the effect that new legislation or any implemented regulations and supervisory policies would have on its financial condition and results of operations. Moreover, bank regulatory agencies can be more aggressive in responding to concerns and trends identified in examinations, which could result in an increased issuance of enforcement actions to financial institutions requiring action to address credit quality, liquidity and risk management and capital adequacy, as well as other safety and soundness concerns.

Dodd-Frank Act. The Dodd-Frank Act, which was signed into law in July 2010, implemented far-reaching changes across the financial regulatory landscape, including provisions that, among other things, repealed the federal prohibitions on the payment of interest on demand deposits, thereby permitting depository institutions to pay interest on business transaction and other accounts, and increased the authority of the Federal Reserve to examine bank holding companies, such as Grandpoint, and its non-bank subsidiaries.

Many aspects of the Dodd-Frank Act continue to be subject to rulemaking and have yet to take full effect, making it difficult to anticipate the overall financial impact on Grandpoint, its customers or the financial industry generally. Provisions in the legislation that affect deposit insurance assessments, payment of interest on demand deposits and interchange fees could increase the costs associated with deposits as well as place limitations on certain revenues those deposits may generate.

In 2017, both the House of Representatives and the Senate introduced legislation that would repeal or modify provisions of the Dodd-Frank Act and significantly impact financial services regulation. Although the bills vary in content, certain key aspects include revisions to rules related to mortgage loans, delayed implementation of rules related to the Home Mortgage Disclosure Act, reform and simplification of certain Volcker Rule requirements, and raising the threshold for applying enhanced prudential standards to bank holding companies with total consolidated assets equal to or greater than \$50 billion to those with total consolidated assets equal to or greater than \$250 billion. In 2018, the Senate passed a bill modifying and relaxing certain aspects of the Dodd-Frank Act. The bill would, among other things, raise the asset threshold for classifying financial institutions as systematically important from \$50 billion to \$250 billion, increase the asset threshold for stress testing and enhanced prudential standards from \$50 billion to \$250 billion, limit the application of the Volcker Rule and waive certain residential loan requirements for certain financial institutions with assets of \$10 billion or less.

Activities of Bank Holding Companies. The activities of bank holding companies are generally limited to the business of banking, managing or controlling banks, and other activities that the Federal Reserve has determined to be so closely related to banking or managing or controlling banks as to be a proper incident thereto. Bank holding companies that qualify and register as "financial holding companies" are also able to engage in certain additional financial activities, such as merchant banking and securities and insurance underwriting, subject to limitations set forth in federal law. Grandpoint is not a "financial holding company."

The BHC Act requires a bank holding company to obtain prior approval of the Federal Reserve before: (i) taking any action that causes a bank to become a controlled subsidiary of the bank holding company; (ii) acquiring direct or indirect ownership or control of voting shares of any bank or bank

Table of Contents

holding company, if the acquisition results in the acquiring bank holding company having control of more than 5% of the outstanding shares of any class of voting securities of such bank or bank holding company, unless such bank or bank holding company is majority-owned by the acquiring bank holding company before the acquisition; (iii) acquiring all or substantially all the assets of a bank; or (iv) merging or consolidating with another bank holding company.

Permissible Activities of the Bank. Because California permits commercial banks chartered by the state to engage in any activity permissible for national banks, Grandpoint Bank can form subsidiaries to engage in activities "closely related to banking" or "nonbanking" activities and expanded financial activities. However, to form a financial subsidiary, Grandpoint Bank must be well capitalized and would be subject to the same capital deduction, risk management and affiliate transaction rules as applicable to national banks. Generally, a financial subsidiary is permitted to engage in activities that are "financial in nature" or incidental thereto, even though they are not permissible for the national bank to conduct directly within the bank. The definition of "financial in nature" includes, among other items, underwriting, dealing in or making a market in securities, including, for example, distributing shares of mutual funds. The subsidiary may not, however, engage as principal in underwriting insurance (other than credit life insurance), issue annuities or engage in real estate development, investment or merchant banking.

Incentive Compensation. Federal banking agencies have issued guidance on incentive compensation policies intended to ensure that the incentive compensation policies of banking organizations do not undermine the safety and soundness of such organizations by encouraging excessive risk-taking. The guidance, which covers all employees that have the ability to materially affect the risk profile of an organization, is based upon the key principles that a banking organization's incentive compensation arrangements should (i) provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage risks, (ii) be compatible with effective internal controls and risk management, and (iii) be supported by strong corporate governance, including active and effective oversight by the organization's board of directors. In accordance with the Dodd-Frank Act, the federal banking agencies prohibit incentive-based compensation arrangements that encourage inappropriate risk taking by covered financial institutions (generally institutions that have over \$1 billion in assets) and are deemed to be excessive, or that may lead to material losses.

The Federal Reserve will review, as part of the regular, risk-focused examination process, the incentive compensation arrangements of banking organizations, such as Grandpoint, that are not "large, complex banking organizations." These reviews will be tailored to each organization based on the scope and complexity of the organization's activities and the prevalence of incentive compensation arrangements. The findings of the supervisory initiatives will be included in reports of examination. Deficiencies will be incorporated into the organization's supervisory ratings, which can affect the organization's ability to make acquisitions and take other actions. Enforcement actions may be taken against a banking organization if its incentive compensation arrangements, or related risk-management control or governance processes, pose a risk to the organization's safety and soundness and the organization is not taking prompt and effective measures to correct the deficiencies. The scope and content of the U.S. banking regulators' policies on executive compensation may continue to evolve in the near future.

Capital Requirements. Bank holding companies and banks are subject to various regulatory capital requirements administered by state and federal agencies. These agencies may establish higher minimum requirements if, for example, a banking organization previously has received special attention or has a high susceptibility to interest rate risk. Risk-based capital requirements determine the adequacy of capital based on the risk inherent in various classes of assets and off-balance sheet items. Under the Dodd-Frank Act, the Federal Reserve must apply consolidated capital requirements to depository institution holding companies that are no less stringent than those currently applied to depository institutions. The Dodd-Frank Act additionally requires capital requirements to be countercyclical so that the required amount of capital increases in times of economic expansion and decreases in times of economic contraction, consistent with safety and soundness.

Table of Contents

Under federal regulations, bank holding companies and banks must meet certain risk-based capital requirements. Effective as of January 1, 2015, the Basel III final capital framework, among other things, (i) introduces as a new capital measure "Common Equity Tier 1", or CET1, (ii) specifies that Tier 1 capital consists of CET1 and "Additional Tier 1 capital" instruments meeting specified requirements, (iii) defines CET1 narrowly by requiring that most adjustments to regulatory capital measures be made to CET1 and not to the other components of capital and (iv) expands the scope of the adjustments as compared to existing regulations. Beginning January 1, 2016, financial institutions are required to maintain a minimum capital conservation buffer to avoid restrictions on capital distributions and other payments. The minimum capital conservation buffer is phased in over a four year transition period with minimum buffers of 0.625%, 1.25%, 1.875%, and 2.50% during 2016, 2017, 2018, and 2019, respectively.

When fully phased-in by January 1, 2019, Basel III requires banks will be subject to the following risk-based capital requirements:

a minimum ratio of CET1 to risk-weighted assets of at least 4.5%, plus a 2.5% "capital conservation buffer";

a minimum ratio of Tier 1 capital to risk-weighted assets of at least 6.0%, plus the capital conservation buffer, or 8.5%;

a minimum ratio of Total (Tier 1 plus Tier 2) capital to risk-weighted assets of at least 8.0%, plus the capital conservation buffer, or 10.5%; and

a minimum leverage ratio of 4%, calculated as the ratio of Tier 1 capital to balance sheet exposures plus certain off-balance sheet exposures.

The Basel III final framework provides for a number of deductions from and adjustments to CET1. These include, for example, the requirement that mortgage servicing rights, deferred tax assets dependent upon future taxable income and significant investments in non-consolidated financial entities be deducted from CET1 to the extent that any one such category exceeds 10% of CET1 or all such categories in the aggregate exceed 15% of CET1. Basel III also includes, as part of the definition of CET1 capital, a requirement that banking institutions include the amount of Additional Other Comprehensive Income, or AOCI, which primarily consists of unrealized gains and losses on available for sale securities, which are not required to be treated as other-than-temporary impairment, net of tax) in calculating regulatory capital. Banking institutions had the option to opt out of including AOCI in CET1 capital if they elected to do so in their first regulatory report following January 1, 2015. As permitted by Basel III, Grandpoint and Grandpoint Bank have elected to exclude AOCI from CET1.

Basel III also includes the following significant provisions:

An additional countercyclical capital buffer to be imposed by applicable national banking regulators periodically at their discretion, with advance notice, that would be a CET1 add-on to the capital conservation buffer in the range of 0% and 2.5% when fully implemented;

Restrictions on capital distributions and discretionary bonuses applicable when capital ratios fall within the buffer zone;

Deduction from common equity of deferred tax assets that depend on future profitability to be realized; and

For capital instruments issued on or after January 13, 2013 (other than common equity), a loss absorbency requirement that the instrument must be written off or converted to common equity if a triggering event occurs, either pursuant to applicable law or at the direction of the banking regulator.

Table of Contents

A triggering event is an event that would cause the banking organization to become nonviable without the write off or conversion, or without an injection of capital from the public sector. Banking institutions that do not satisfy the minimum capital conservation buffer (or below the combined capital conservation buffer and countercyclical capital buffer, when the latter is applied) may face constraints on its ability to pay dividends, effect equity repurchases and pay discretionary bonuses to executive officers, which constraints vary based on the amount of the shortfall.

The Dodd-Frank Act excludes trust preferred securities issued after May 19, 2010 from being included in Tier 1 capital, unless the issuing company is a bank holding company with less than \$500 million in total assets. Trust preferred securities issued prior to that date will continue to count as Tier 1 capital for bank holding companies with less than \$15 billion in total assets.

Basel III changed the manner of calculating risk-weighted assets. New methodologies for determining risk-weighted assets in the general capital rules are included, including revisions to recognition of credit risk mitigation, including a greater recognition of financial collateral and a wider range of eligible guarantors. They also include risk weighting of equity exposures and past due loans; and higher (greater than 100%) risk-weighting for certain commercial real estate exposures that have higher credit risk profiles, including higher loan to value and equity components. In particular, loans categorized as "high-volatility commercial real estate" loans, or HVCRE loans, are required to be assigned a 150% risk weighting, and require additional capital support. HVCRE loans are defined to include any credit facility that finances or has financed the acquisition, development or construction of real property, unless it finances: 1-4 family residential properties; certain community development investments; agricultural land used or usable for, and whose value is based on, agricultural use; or commercial real estate projects in which: (i) the loan to value is less than the applicable maximum supervisory loan to value ratio established by the bank regulatory agencies; (ii) the borrower has contributed cash or unencumbered readily marketable assets, or has paid development expenses out of pocket, equal to at least 15% of the appraised "as completed" value; (iii) the borrower contributes its 15% before the bank advances any funds; and (iv) the capital contributed by the borrower, and any funds internally generated by the project, is contractually required to remain in the project until the facility is converted to permanent financing, sold or paid in full.

In addition to the uniform risk-based capital guidelines and regulatory capital ratios that apply across the industry, the regulators have the discretion to set individual minimum capital requirements for specific institutions at rates significantly above the minimum guidelines and ratios. Future changes in regulations or practices could further reduce the amount of capital recognized for purposes of capital adequacy. Such a change could affect Grandpoint Bank's ability to grow and could restrict the amount of profits, if any, available for the payment of dividends. In addition, the Dodd-Frank Act requires the federal banking agencies to adopt capital requirements that address the risks that the activities of an institution poses to the institution and the public and private stakeholders, including risks arising from certain enumerated activities.

Basel III became applicable to Grandpoint and Grandpoint Bank on January 1, 2015. Overall, Grandpoint believes that implementation of the Basel III Rule has not had and will not have a material adverse effect on Grandpoint or Grandpoint Bank's capital ratios, earnings, shareholder's equity, or its ability to pay dividends, effect stock repurchases or pay discretionary bonuses to executive officers.

In September 2017, the federal bank regulators proposed to revise and simplify the capital treatment for certain deferred tax assets, mortgage servicing assets, investments in non-consolidated financial entities and minority interests for banking organizations, such as Grandpoint and Grandpoint Bank, that are not subject to the advanced approaches requirements. In November 2017, the federal banking regulators revised the Basel III Rules to extend the current transitional treatment of these items for non-advanced approaches banking organizations until the September 2017 proposal is

Table of Contents

finalized. The September 2017 proposal would also change the capital treatment of certain commercial real estate loans under the standardized approach.

In December 2017, the Basel Committee published standards that it described as the finalization of the Basel III post-crisis regulatory reforms (the standards are commonly referred to as "Basel IV"). Among other things, these standards revise the Basel Committee's standardized approach for credit risk (including by recalibrating risk weights and introducing new capital requirements for certain "unconditionally cancellable commitments," such as unused credit card lines of credit) and provides a new standardized approach for operational risk capital. Under the Basel framework, these standards will generally be effective on January 1, 2022, with an aggregate output floor phasing in through January 1, 2027. Under the current U.S. capital rules, operational risk capital requirements and a capital floor apply only to advanced approaches institutions, and not to Grandpoint or Grandpoint Bank.

Prompt Corrective Action Regulations. The federal banking regulators are required to take "prompt corrective action" with respect to capital-deficient institutions. Federal banking regulations define, for each capital category, the levels at which institutions are "well capitalized," "adequately capitalized," "undercapitalized," "significantly undercapitalized" and "critically undercapitalized." Under regulations effective through December 31, 2017, Grandpoint Bank was "well capitalized", which means it had a common equity Tier 1 capital ratio of 6.5% or higher; a Tier 1 risk-based capital ratio of 8.0% or higher; a total risk-based capital ratio of 10.0% or higher; a leverage ratio of 5.0% or higher; and was not subject to any written agreement, order or directive requiring it to maintain a specific capital level for any capital measure.

As noted above, Basel III integrates the new capital requirements into the prompt corrective action category definitions. The following capital requirements have applied to Grandpoint since January 1, 2015.

Capital Category	Total Risk-Based Capital Ratio	Tier 1 Risk-Based Capital Ratio	Common Equity Tier 1 (CET1) Capital Ratio	Leverage Ratio	Tangible Equity to Assets	Supplemental Leverage Ratio
Well Capitalized	10% or greater	8% or greater	6.5% or greater	5% or greater	n/a	n/a
Adequately Capitalized	8% or greater	6% or greater	4.5% or greater	4% or greater	n/a	3% or greater
Undercapitalized	Less than 8%	Less than 6%	Less than 4.5%	Less than 4%	n/a	Less than 3%
Significantly Undercapitalized	Less than 6%	Less than 4%	Less than 3%	Less than 3%	n/a	n/a
Critically Undercapitalized	n/a	n/a	n/a	n/a	Less than 2%	n/a

As of December 31, 2017, Grandpoint had a consolidated ratio of 11.5% of total capital to risk-weighted assets, a consolidated ratio of 10.8% of Tier 1 capital to risk-weighted assets, and a consolidated ratio of 10.6% of CET1 capital to risk-weighted assets, and a consolidated ratio of 9.4% of Tier 1 capital to average assets. As of December 31, 2017, Grandpoint Bank had a ratio of 11.3% of total capital to risk-weighted assets, a ratio of 10.6% of Tier 1 capital to risk-weighted assets, a ratio of 10.6% of CET1 to risk-weighted assets, and a ratio of 9.2% of Tier 1 capital to risk-weighted assets.

An institution may be downgraded to, or deemed to be in, a capital category that is lower than indicated by its capital ratios if it is determined to be in an unsafe or unsound condition or if it receives an unsatisfactory examination rating with respect to certain matters. An institution's capital category is determined solely for the purpose of applying prompt corrective action regulations, and the capital category may not constitute an accurate representation of the institution's overall financial condition or prospects for other purposes. In the event an institution becomes "undercapitalized," it must submit a capital restoration plan. The capital restoration plan will not be accepted by the regulators unless each company having control of the undercapitalized institution guarantees the subsidiary's compliance with the capital restoration plan up to a certain specified amount. Any such

Table of Contents

guarantee from a depository institution's holding company is entitled to a priority of payment in bankruptcy. The aggregate liability of the holding company of an undercapitalized bank is limited to the lesser of 5% of the institution's assets at the time it became undercapitalized or the amount necessary to cause the institution to be "adequately capitalized."

The bank regulators have greater power in situations where an institution becomes "significantly" or "critically" undercapitalized or fails to submit a capital restoration plan. In addition to requiring undercapitalized institutions to submit a capital restoration plan, bank regulations contain broad restrictions on certain activities of undercapitalized institutions including asset growth, acquisitions, branch establishment and expansion into new lines of business. With certain exceptions, an insured depository institution is prohibited from making capital distributions, including dividends, and is prohibited from paying management fees to control persons if the institution would be undercapitalized after any such distribution or payment. As an institution's capital decreases, the regulators' enforcement powers become more severe. A significantly undercapitalized institution is subject to mandated capital raising activities, restrictions on interest rates paid and transactions with affiliates, removal of management, and other restrictions. A regulator has limited discretion in dealing with a critically undercapitalized institution and is virtually required to appoint a receiver or conservator.

Banks with risk-based capital and leverage ratios below the required minimums may also be subject to certain administrative actions, including the termination of deposit insurance upon notice and hearing, or a temporary suspension of insurance without a hearing in the event the institution has no tangible capital. In addition to the federal regulatory capital requirements described above, the CA DBO has authority to take possession of the business and properties of a bank in the event that the tangible stockholders' equity of a bank is less than the greater of (i) 4% of the bank's total assets or (ii) \$1.0 million.

Dividends. It is the Federal Reserve's policy that bank holding companies, such as Grandpoint, should generally pay dividends on common stock only out of income available over the past year, and only if prospective earnings retention is consistent with the organization's expected future needs and financial condition. It is also the Federal Reserve's policy that bank holding companies should not maintain dividend levels that undermine their ability to be a source of strength to its banking subsidiaries. Additionally, in consideration of the current financial and economic environment, the Federal Reserve has indicated that bank holding companies should carefully review their dividend policy and has discouraged payment ratios that are at maximum allowable levels unless both asset quality and capital are very strong. See "Market for Common Stock and Dividends Grandpoint Market Information and Dividends Dividends," beginning on page .

Grandpoint Bank's ability to pay dividends to Grandpoint is subject to restrictions set forth in the CFC. The CFC provides that a bank may not make a cash distribution to its stockholders in excess of the lesser of a bank's (1) retained earnings; or (2) net income for its last three fiscal years, less the amount of any distributions made by the bank or by any majority-owned subsidiary of the bank to the stockholders of the bank during such period. However, a bank may, with the approval of the CA DBO, make a distribution to its stockholders in an amount not exceeding the greatest of (a) its retained earnings; (b) its net income for its last fiscal year; or (c) its net income for its current fiscal year. In the event that bank regulators determine that the stockholders' equity of a bank is inadequate or that the making of a distribution by the bank would be unsafe or unsound, the regulators may order the bank to refrain from making a proposed distribution. The payment of dividends could, depending on the financial condition of a bank, be deemed to constitute an unsafe or unsound practice.

FDIC Insurance of Certain Accounts and Regulation by the FDIC. Grandpoint Bank is an FDIC insured financial institution whereby the FDIC provides deposit insurance for a certain maximum dollar amount per customer. Grandpoint Bank, as is the case with all FDIC insured banks, is subject to deposit insurance assessments as determined by the FDIC. The amount of the deposit insurance

Table of Contents

assessment for institutions with less than \$10.0 billion in assets, which includes Grandpoint Bank, is based on its risk category, with certain adjustments for any unsecured debt or brokered deposits held by the insured bank. Institutions assigned to higher risk categories (that is, institutions that pose a higher risk of loss to the DIF) pay assessments at higher rates than institutions that pose a lower risk. An institution's risk classification is assigned based on a combination of its financial ratios and supervisory ratings, reflecting, among other things, its capital levels and the level of supervisory concern that the institution poses to the regulators. In addition, the FDIC can impose special assessments in certain instances. Deposit insurance assessments fund the DIF.

The Dodd-Frank Act changed the way that deposit insurance premiums are calculated. The assessment base is no longer the institution's deposit base, but rather its average consolidated total assets less its average tangible equity. The Dodd-Frank Act also increased the minimum designated reserve ratio of the DIF from 1.15% to 1.35% of the estimated amount of total insured deposits by 2020, eliminates the upper limit for the reserve ratio designated by the FDIC each year, and eliminates the requirement that the FDIC pay dividends to depository institutions when the reserve ratio exceeds certain thresholds. Continued action by the FDIC to replenish the DIF, as well as the changes contained in the Dodd Frank Act, may result in higher assessment rates, which could reduce Grandpoint's profitability or otherwise negatively impact its operations.

Transactions with Related Parties. Depository institutions are subject to the restrictions contained in the Federal Reserve Act, or FRA, with respect to loans to directors, executive officers and principal stockholders. Under the FRA, loans to directors, executive officers and stockholders who own more than 10% of a depository institution and certain affiliated entities of any of the foregoing, may not exceed, together with all other outstanding loans to such person and affiliated entities, the institution's loans-to-one-borrower limit as discussed in the above section. Federal regulations also prohibit loans above amounts prescribed by the appropriate federal banking agency to directors, executive officers, and stockholders who own more than 10% of an institution, and their respective affiliates, unless such loans are approved in advance by a majority of the board of directors of the institution. Any "interested" director may not participate in the voting. The proscribed loan amount, which includes all other outstanding loans to such person, as to which such prior board of director approval is required, is the greater of \$25,000 or 5% of capital and surplus up to \$500,000. The Federal Reserve also requires that loans to directors, executive officers, and principal stockholders be made on terms substantially the same as offered in comparable transactions to non-executive employees of the bank and must not involve more than the normal risk of repayment. There are additional limits on the amount a bank can loan to an executive officer.

Transactions between a bank and its "affiliates" are quantitatively and qualitatively restricted under Sections 23A and 23B of the FRA. Section 23A restricts the aggregate amount of covered transactions with any individual affiliate to 10% of the capital and surplus of the financial institution. The aggregate amount of covered transactions with all affiliates is limited to 20% of the institution's capital and surplus. Certain transactions with affiliates are required to be secured by collateral in an amount and of a type described in Section 23A and the purchase of low quality assets from affiliates are generally prohibited. Section 23B generally provides that certain transactions with affiliates, including loans and asset purchases, must be on terms and under circumstances, including credit standards, that are substantially the same or at least as favorable to the institution as those prevailing at the time for comparable transactions with non-affiliated companies. The Federal Reserve has promulgated Regulation W, which codifies prior interpretations under Sections 23A and 23B of the FRA and provides interpretive guidance with respect to affiliate transactions. Affiliates of a bank include, among other entities, a bank's holding company and companies that are under common control with the bank. Grandpoint is considered to be an affiliate of Grandpoint Bank.

The Dodd-Frank Act generally enhanced the restrictions on transactions with affiliates under Section 23A and 23B of the FRA, including an expansion of the definition of "covered transactions"

Table of Contents

and an increase in the amount of time for which collateral requirements regarding covered credit transactions must be satisfied. Insider transaction limitations are expanded through the strengthening of loan restrictions to insiders and the expansion of the types of transactions subject to the various limits, including derivatives transactions, repurchase agreements, reverse repurchase agreements and securities lending or borrowing transactions. Restrictions are also placed on certain asset sales to and from an insider to an institution, including requirements that such sales be on market terms and, in certain circumstances, approved by the institution's board of directors.

Safety and Soundness Standards. The federal banking agencies have adopted guidelines designed to assist the federal banking agencies in identifying and addressing potential safety and soundness concerns before capital becomes impaired. The guidelines set forth operational and managerial standards relating to: (i) internal controls, information systems and internal audit systems; (ii) loan documentation; (iii) credit underwriting; (iv) asset growth; (v) earnings; and (vi) compensation, fees and benefits.

In addition, the federal banking agencies have also adopted safety and soundness guidelines with respect to asset quality and for evaluating and monitoring earnings to ensure that earnings are sufficient for the maintenance of adequate capital and reserves. These guidelines provide six standards for establishing and maintaining a system to identify problem assets and prevent those assets from deteriorating. Under these standards, an insured depository institution should: (i) conduct periodic asset quality reviews to identify problem assets; (ii) estimate the inherent losses in problem assets and establish reserves that are sufficient to absorb estimated losses; (iii) compare problem asset totals to capital; (iv) take appropriate corrective action to resolve problem assets; (v) consider the size and potential risks of material asset concentrations; and (vi) provide periodic asset quality reports with adequate information for management and the board of directors to assess the level of asset risk.

Loans to One Borrower. Under California law, Grandpoint Bank's ability to make aggregate secured and unsecured loans-to-one-borrower is limited to 25% and 15%, respectively, of unimpaired capital and surplus. At December 31, 2017, Grandpoint Bank's limit on aggregate secured loans-to-one-borrower was \$91.8 million and unsecured loans-to-one borrower was \$55.1 million. Grandpoint Bank has established internal loan limits, which are lower than the legal lending limits for a California bank.

Community Reinvestment Act and the Fair Lending Laws. Grandpoint Bank is subject to certain fair lending requirements and reporting obligations involving home mortgage lending operations and Community Reinvestment Act, or CRA activities. The CRA generally requires the federal banking regulators to evaluate the record of a financial institution in meeting the credit needs of their local communities, including low and moderate income neighborhoods. In addition to substantial penalties and corrective measures that may be required for a violation of certain fair lending laws, the federal banking agencies may take compliance with such laws and CRA into account when regulating and supervising other activities. A bank's compliance with its CRA obligations is based on a performance-based evaluation system, which bases CRA ratings on an institution's lending, service and investment performance, resulting in a rating by the appropriate bank regulator of "outstanding," "satisfactory," "needs to improve" or "substantial noncompliance." Based on its last CRA examination, Grandpoint Bank received a "satisfactory" rating.

Bank Secrecy Act and Money Laundering Control Act. In 1970, Congress passed the Currency and Foreign Transactions Reporting Act, otherwise known as the Bank Secrecy Act, or BSA, which established requirements for recordkeeping and reporting by banks and other financial institutions. The BSA was designed to help identify the source, volume and movement of currency and other monetary instruments into and out of the U.S. in order to help detect and prevent money laundering connected with drug trafficking, terrorism and other criminal activities. The primary tool used to implement BSA requirements is the filing of Suspicious Activity Reports. Today, the BSA requires that all banking

institutions develop and provide for the continued administration of a program reasonably designed to assure and monitor compliance with certain recordkeeping and reporting requirements regarding both domestic and international currency transactions. These programs must, at a minimum, provide for a system of internal controls to assure ongoing compliance, provide for independent testing of such systems and compliance, designate individuals responsible for such compliance and provide appropriate personnel training.

USA Patriot Act. Under the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act, commonly referred to as the USA Patriot Act or the Patriot Act, financial institutions are subject to prohibitions against specified financial transactions and account relationships, as well as enhanced due diligence standards intended to detect, and prevent, the use of the United States financial system for money laundering and terrorist financing activities. The Patriot Act requires financial institutions, including banks, to establish anti-money laundering programs, including employee training and independent audit requirements, meet minimum standards specified by the act, follow minimum standards for customer identification and maintenance of customer identification records, and regularly compare customer lists against lists of suspected terrorists, terrorist organizations and money launderers. The costs or other effects of the compliance burdens imposed by the Patriot Act or future anti-terrorist, homeland security or anti-money laundering legislation or regulation cannot be predicted with certainty.

Consumer Laws and Regulations. Grandpoint Bank is also subject to certain consumer laws and regulations that are designed to protect consumers in transactions with banks. These laws include, among others: Truth in Lending Act; Truth in Savings Act; Electronic Funds Transfer Act; Expedited Funds Availability Act; Equal Credit Opportunity Act; Fair and Accurate Credit Transactions Act; Fair Housing Act; Fair Credit Reporting Act; Fair Debt Collection Act; Home Mortgage Disclosure Act; Real Estate Settlement Procedures Act; laws regarding unfair and deceptive acts and practices; and usury laws. These laws and regulations mandate certain disclosure requirements and regulate the manner in which financial institutions must deal with customers when taking deposits or making loans to such customers. Grandpoint Bank must comply with the applicable provisions of these consumer protection laws and regulations as part of their ongoing customer relations. Many states and local jurisdictions have consumer protection laws analogous, and in addition, to those listed above. Failure to comply with these laws and regulations could give rise to regulatory sanctions, customer rescission rights, action by state and local attorneys general, and civil or criminal liability.

Pursuant to the Dodd-Frank Act, the Consumer Financial Protection Bureau, or the CFPB, has broad authority to regulate and supervise the retail consumer financial products and services activities of banks and various non-bank providers. The CFPB has authority to promulgate regulations, issue orders, guidance and policy statements, conduct examinations and bring enforcement actions with regard to consumer financial products and services. Notwithstanding the foregoing, banks with assets of \$10.0 billion or less will continue to be examined for consumer compliance by their primary federal banking regulator. Following the closing of the acquisition of Grandpoint, Pacific Premier's assets will exceed \$10.0 billion, and Pacific Premier will be examined for consumer compliance by the CFPB. The creation of the CFPB by the Dodd-Frank Act has led to, and is likely to continue to lead to, enhanced and strengthened enforcement of consumer financial protection laws.

In addition, federal law currently contains extensive customer privacy protection provisions. Under these provisions, a financial institution must provide to its customers, at the inception of the customer relationship and annually thereafter, the institution's policies and procedures regarding the handling of customers' nonpublic personal financial information. These provisions also provide that, except for certain limited exceptions, a financial institution may not provide such personal information to unaffiliated third parties unless the institution discloses to the customer that such information may be so provided and the customer is given the opportunity to opt out of such disclosure.

Comparison of Interest Income, Interest Expense and Net Interest Income

Grandpoint's primary source of revenue is interest income. During 2017, net interest income was \$116.1 million, resulting in a net margin of 3.81% compared to \$115.3 million and 3.76%, respectively, in 2016.

Interest income in 2017 totaled \$128.4 million based on average earning assets of \$3.05 billion yielding 4.21%, compared to \$123.5 million in 2016 based on average earning assets of \$3.06 billion yielding 4.03% for a net increase of \$4.9 million. During 2017, Grandpoint's interest-earning assets were essentially flat. Loans, which were Grandpoint's highest yielding earning asset, increased \$116 million compared to 2016 resulting in higher interest income of \$5.4 million, which was partially offset by declining yields. The net increase in interest income on loans accounted for effectively all of the 2017 increase in interest income as increasing yields on investments were offset by declining balances.

Interest expense totaled \$12.2 million in 2017 on interest bearing liabilities of \$1.84 billion resulting in a cost of 0.66%, compared to interest expense of \$8.3 million in 2016 on interest bearing liabilities of \$1.96 billion resulting in a cost of 0.42%. Overall interest expense increased \$4.0 million, driven mainly by increasing rates in 2017.

During 2016, net interest income was \$115.3 million resulting in a net margin of 3.76%, compared to \$108.8 million and 3.9%, respectively, in 2015.

Interest income in 2016 totaled \$123.5 million based on average earning assets of \$3.06 billion yielding 4.03%, compared to \$114.7 million in 2015 based on average earning assets of \$2.79 billion yielding 4.11%. During 2016, Grandpoint increased earning assets by \$270.5 million, with \$179.7 million of that growth coming from loans, the highest yielding earning asset. This increase was funded by increased deposits and borrowings as well as a \$27 million reduction in the overnight funds, the lowest yielding earning assets. Yields on loans were impacted by the overall yield compression facing the banking industry as well as a \$1.4 million reduction on accretion income from discounts on purchased loans. Excluding interest accretion on purchased loans, the yield on loans in 2016 would have been 4.6% compared to 4.7% in 2015.

Interest expense totaled \$8.3 million in 2016 on interest bearing liabilities of \$1.96 billion resulting in a cost of 0.42%, compared to \$5.9 million in 2015 on interest bearing liabilities of \$1.57 billion resulting in a cost of 0.33%. Interest expense on deposits increased \$1.4 million due to increased volumes as well as increased rates. Interest paid on short term borrowings increased \$910,000 in 2016 as Grandpoint increased its overnight borrowings at Grandpoint Bank to help fund asset growth while the rate paid on these borrowings increased from 0.23% in 2015 to 0.45% in 2016.

Provision for Loan Losses

The provision for loan losses is reflected as a reduction in earnings for the year. The provision is equal to the amount required to maintain the allowance for loan losses at a level that is adequate to absorb probable loan losses inherent in the loan portfolio.

The provision for loan losses decreased \$800,000 to \$335,000 for the year ended December 31, 2017, compared to \$1.1 million for the year ended December 31, 2016 due primarily to a decline in loans in 2017 plus nominal recoveries on loans previously charged off. As of December 31, 2017, the allowance for loan losses equaled 0.80% of total loans compared to 0.78% as of December 31, 2016.

The provision for loan losses decreased \$2.6 million to \$1.1 million for the year ended December 31, 2016, compared to \$3.7 million for the year ended December 31, 2015 due to a reduction in net charge offs in 2016 compared to 2015 and improvement in several large classified

loans. As of December 31, 2016, the allowance for loan losses equaled 0.78% of total loans compared to 0.76% as of December 31, 2015.

Noninterest income increased \$2.0 million in 2017 over 2016 due primarily to higher gains recognized on loans sales as Grandpoint liquidated loans to help manage its concentration of commercial real estate loans in its portfolio.

Noninterest income decreased \$714,000 in 2016 over 2015 due primarily to an increase in gain on sale of loans offset by a reduction in the operational recoveries, foreign currency fees and loan servicing income.

Income Taxes

The effective income tax rate increased materially for Grandpoint in 2017 to 53.1% compared to 40.2% in 2016, 39.4% in 2015 and 40.8% in 2014. The largest component of the increase was \$6.6 million, or 12.6% of the effective rate increase, due to the write down of realizable deferred taxes related to the lower 2018 federal income taxes resulting from the recently passed Tax Cuts and Jobs Act of 2017, or the Tax Act.

A detailed discussion of Grandpoint permanent and temporary tax items can be found in "Note 12 Income Taxes" to the Grandpoint consolidated financial statements included herein. See "Index to Grandpoint Consolidated Financial Statements" on page FS-1.

Grandpoint performs regular internal and external reviews of the loan portfolio to confirm the credit quality of the portfolio and the adherence to underwriting standards. All loans are assigned a risk rating that is reassessed periodically during the credit review process. These risk factors are the primary factor in determining an appropriate amount for the allowance for loan losses.

Goodwill and Other Intangible Assets

Goodwill represents the excess consideration paid for the net assets acquired in a business combination over their fair value. As of December 31, 2017, Grandpoint reported \$53.3 million of goodwill and \$5.9 million of amortizable other intangibles, mainly core deposit intangibles. All intangibles are evaluated annually for impairment, or more often if events or circumstances indicate their carrying value may not be recoverable. No impairment charges resulted from these impairment analyses in 2017 or 2016.

Deferred Tax Assets

Deferred tax assets, net of liabilities, decreased \$8.1 million in 2017 to \$15.7 million. The largest component of this decrease was \$6.6 million due to the write down of realizable deferred taxes related to the lower 2018 federal taxes resulting from the recently passed Tax Act.

Included in deferred tax assets are \$3.1 million in deferred tax assets related to net operating losses that are deferred pursuant to Section 382 of the Code. These benefits, to the extent not used, will begin to expire in 2027.

Grandpoint concluded that a valuation allowance was not required on the above mentioned deferred tax assets at December 31, 2017 and at December 31, 2016.

As of December 31, 2017 and as of December 31, 2016, Grandpoint Bank had deposits classified as broker deposits totaling \$37.7 million and \$318.2 million, respectively.

Borrowings

Grandpoint Bank uses short term borrowing lines of credit to augment liquidity. As of December 31, 2017, Grandpoint Bank has total borrowings of \$450 million with the FHLB of San Francisco. These borrowings were under a rolling daily advance line and averaged \$282.9 million for 2017 with an average interest rate of 1.04% compared to \$298.8 million in 2016 with an average interest rate of 0.45%. In addition, at December 31, 2017, Grandpoint Bank had outstanding letters of credit totaling \$168 million which have a commitment fee of 0.10%.

Subordinated Debenture Payable

Grandpoint has acquired through merger one statutory business trust which was formed to issue cumulative trust preferred securities. All of the funds raised from the issuance of these securities are reflected in Grandpoint's Consolidated Balance Sheet as subordinated debenture payable in the amount of \$5.2 million. This obligation matures in 2033, but can be redeemed at par before maturity and carries interest equal to the three-month LIBOR plus 2.95%.

Capital

Bank regulatory agencies measure capital adequacy through standardized risk-based capital guidelines that compare different levels of capital to risk-weighted assets and off-balance sheet obligations.

Table of Contents

The following table presents the regulatory capital requirements and regulatory capital ratios as of December 31, 2017 for our wholly-owned banking subsidiary, Grandpoint Bank, as well as for Grandpoint on a consolidated basis:

	December 31, 2017		
	Grandpoint Bank	Well Capitalized Requirements	Grandpoint Consolidated
Tier 1 Leverage	9.2%	5.0%	9.4%
Common Equity Tier 1 Ratio	10.6	6.5	10.6
Tier 1 Risk-Based Capital	10.6	8.0	10.8
Total Risk-Based Capital	11.3	10.0	11.5

Liquidity

The purpose of liquidity is to insure that funds are available to efficiently and economically accommodate decreases in deposits and other liabilities, as well as fund increases in assets. Adequate liquidity is essential to compensate for balance sheet fluctuations without causing an undue rise in risk or cost.

Grandpoint manages its liquidity by maintaining approximately 5% of its total assets in cash and due from banks and interest bearing deposits in other financial institutions.

Grandpoint maintains lines of credits and borrowing arrangements to augment liquidity needs on a short term basis. The following table presents the available and outstanding balances of these lines of credit and borrowing arrangements at December 31, 2017:

	Capacity	Outstanding	Available
	(dollars in thousands)		
Unsecured lines of credit at Banks	\$ 60,000	\$	\$ 60,000
Lines of credit secured by investment securities at Banks	200,000		200,000
FHLB borrowing arrangement, secured by loans	1,119,497	618,000	501,497
FRB borrowing arrangement, secured by loans	458,397		458,397
Total	\$ 1,837,894	\$ 618,000	\$ 1,219,894

Market Risk

The market risk at Grandpoint arises primarily from interest rate risk in its lending, investing and deposit taking activities. Grandpoint actively manages its interest rate risk by evaluating re-pricing opportunities of its assets and funding sources.

Interest rate risk is addressed by Grandpoint's asset-liability committee which includes members of executive management, finance, operations and risk on a monthly basis. Interest rate risk exposure is measured using interest rate sensitivity analysis to determine the change in the economic value of equity, or EVE, and net interest income resulting from hypothetical changes in interest rates. The Grandpoint board has established limits of risk in each area and if the potential changes to EVE exceed these limits, the board of directors may direct management to adjust the mix of assets and liabilities to bring the interest rate risk back within the guidelines.

In order to measure interest rate risk, Grandpoint uses a simulation model to project changes in net interest income and EVE that result from forecasted changes in interest rates. This analysis assumes the balance sheet remains static and that its structure does not change during the year. It does not account for all factors that could impact Grandpoint's results.

Table of Contents

At December 31, 2017, Grandpoint's net interest income and EVE exposure for the next 12 months related to these hypothetical changes in market interest rates was within Grandpoint's current guidelines and is reported below:

Rate Shock	Estimated Net Interest Income	Percentage Change from Base	Estimated EVE	Percentage Change from Base
	(dollars in thousands)			
Down 100 Basis points	\$ 115,405	0.2%	\$ 584,389	(3.7)%
Base Case	115,143	0.0	606,729	0.0
Up 100 Basis Points	115,179	0.0	621,652	2.5

Up 400 Basis Points	106,841	(7.2)	585,983	(3.4)

Grandpoint also models the impact on net interest margin using the forward yield curve and a dynamic balance sheet that includes projected asset and deposit growth. This analysis also indicates Grandpoint is slightly asset sensitive.

Notes to Unaudited Pro Forma Combined Condensed Consolidated Financial Statements

Note A Basis of Presentation

The Unaudited Pro Forma Combined Condensed Consolidated Statements of Financial Condition and explanatory notes as of December 31, 2017 combines the historical Consolidated Statement of Financial Condition of Pacific Premier and the historical Consolidated Balance Sheet of Grandpoint as of such date (i) on an actual historical basis and (ii) assuming the completion of the merger at such date, using the acquisition method of accounting and giving effect to the related pro forma adjustments described in the accompanying Notes to the Unaudited Pro Forma Combined Condensed Consolidated Financial Statements. The Unaudited Pro Forma Combined Condensed Consolidated Statements of Financial Condition as of December 31, 2017 gives effect to the completion of Pacific Premier's acquisition of Grandpoint.

The Unaudited Pro Forma Combined Condensed Consolidated Statements of Operations and explanatory notes for the year ended December 31, 2017 combine the historical Consolidated Statements of Operations of Pacific Premier and the historical Consolidated Statements of Income of Grandpoint for such period, giving effect to the merger as if the merger had become effective at the beginning of the period presented, using the acquisition method of accounting and giving effect to the pro forma adjustments described in the accompanying Notes to the Unaudited Pro Forma Combined Condensed Consolidated Financial Statements. The Unaudited Pro Forma Combined Condensed Consolidated Statements of Operations for the year ended December 31, 2017 also gives effect to Pacific Premier's acquisitions of HEOP and Plaza, giving effect to the mergers as if the mergers had become effective at the beginning of such period using the acquisition method of accounting and giving effect to the pro forma adjustments described in the accompanying Notes to the Unaudited Pro Forma Combined Condensed Consolidated Financial Statements.

Since the merger is recorded using the acquisition method of accounting, all loans are recorded at fair value, including adjustments for credit quality, and no allowance for credit losses is carried over to Pacific Premier's balance sheet. In addition, certain anticipated costs associated with the merger such as professional fees, legal fees and conversion-related expenditures are not reflected in the pro forma statements of operations.

While the recording of the acquired loans at their fair value will impact the prospective determination of the provision for credit losses and the allowance for credit losses, for purposes of the Unaudited Pro Forma Combined Condensed Consolidated Statements of Operations for the year ended December 31, 2017, Pacific Premier assumed no adjustments to the historical amounts of Grandpoint's, HEOP's and Plaza's provisions for credit losses. If such adjustments were estimated, there could be an increase or a reduction to the historical amounts of Grandpoint's, HEOP's and Plaza's provisions for credit losses presented. In addition, the fair value of the loan portfolio is not necessarily reflective of the allowance for loan losses calculated under the probable incurred loss model, as the fair value also takes into account an interest and liquidity component.

Note B Accounting Policies and Financial Statement Classifications

The accounting policies of Grandpoint are in the process of being reviewed in detail by Pacific Premier. Upon completion of such review, conforming adjustments or financial statement reclassifications may be determined.

Note C Merger and Acquisition Integration Costs

In connection with the merger, the plan to integrate Pacific Premier's and Grandpoint's operations is still being developed. The specific details of this plan will continue to be refined over the next several months, and will include assessing personnel, benefit plans, premises, equipment, and service contracts

Table of Contents

to determine where they may take advantage of redundancies. Certain decisions arising from these assessments may involve involuntary termination of employees, vacating leased premises, changing information systems, canceling contracts with certain service providers, and selling or otherwise disposing of certain furniture and equipment. Pacific Premier also expects to incur merger-related costs including professional fees, legal fees, system conversion costs and costs related to communications with customers and others. To the extent there are costs associated with these actions, the costs will be recorded based on the nature of the cost and in the period incurred.

Note D Estimated Annual Cost Savings

Pacific Premier expects to realize cost savings following the merger. These cost savings are not reflected in the pro forma financial information and there can be no assurance they will be achieved in the amount or manner currently contemplated.

Note E Pro Forma Adjustments

The following pro forma adjustments have been reflected in the unaudited pro forma combined condensed consolidated financial information. All adjustments are based on current assumptions and valuations, which are subject to change.

- (1) The pro forma data in this column presents the unaudited financial data for Pacific Premier on a pro forma combined basis reflecting the consummation of the mergers with Grandpoint, Plaza and HEOP, as applicable, if the mergers had taken place as of the date indicated, or at the beginning of the period indicated, after giving effect to the pro forma adjustments described in the other footnotes to this table.

See "Additional Information" on page .

Common Stock

The Pacific Premier certificate of incorporation authorizes 100,000,000 shares of common stock, par value \$0.01 per share. On March 26, 2018, the Pacific Premier board approved an amendment to the Pacific Premier certificate of incorporation to increase the amount of authorized shares of Pacific Premier common stock from 100,000,000 to 150,000,000. This amendment to the Pacific Premier certificate of incorporation, along with additional amendments adopted by the Pacific Premier board on November 15, 2017 to effect certain corporate governance changes, which are discussed below under " Anti-Takeover Provisions Additional Provisions in the Pacific Premier Certificate of Incorporation and Bylaws," will be submitted to the shareholders of Pacific Premier for approval at the Pacific Premier 2018 annual meeting of stockholders, or the 2018 annual meeting, which will be held on May 14, 2018.

At , 2018, there were shares of Pacific Premier common stock issued and outstanding, held of record by approximately shareholders. The Pacific Premier common stock is listed on the NASDAQ Global Select Market under the symbol "PPBI." The transfer agent and registrar for Pacific Premier common stock is American Stock Transfer & Trust Company.

Each holder of Pacific Premier common stock is entitled to:

one vote for each share held on all matters submitted to a vote of the shareholders;

receive ratably such dividends as may be declared by the Pacific Premier board out of funds legally available for dividends, subject to preferences that may be applicable to outstanding shares of preferred stock, if any, or limitations and restrictions under applicable bank holding company regulations; and

share ratably in Pacific Premier's net assets, legally available to holders of Pacific Premier common stock in the event of Pacific Premier's liquidation, dissolution or winding up, after payment in full of all amounts required to be paid to any holders of shares of preferred stock and to creditors (unless provision for such payment has been made).

Preferred Stock

The Pacific Premier certificate of incorporation authorizes 1,000,000 shares of preferred stock, par value \$0.01 per share. As of the date of this prospectus/proxy and consent solicitation statement, there were no issued and outstanding shares of Pacific Premier preferred stock.

Under the Pacific Premier certificate of incorporation, Pacific Premier may issue shares of preferred stock in one or more series, as may be determined by the Pacific Premier board. The Pacific Premier board may also establish, from time to time, the number of shares to be included in each series and may fix the designation, powers, preferences and rights of the shares of each such series and any qualifications, limitations or restrictions thereof, and may increase or decrease the number of shares of any series without any further vote or action by the shareholders. Any preferred stock that Pacific Premier may issue will rank senior to Pacific Premier common stock with respect to the payment of dividends or amounts paid upon liquidation, dissolution or winding up of Pacific Premier, or both. In addition, any shares of Pacific Premier preferred stock may have class or series voting rights. Under certain circumstances, the issuance of shares of Pacific Premier preferred stock, or merely the existing authorization of the Pacific Premier board to issue shares of Pacific Premier preferred stock, may tend to discourage or impede a merger or other change in control of Pacific Premier. No shares of preferred stock are currently outstanding. Each series of preferred stock, to the extent issued, will be issued under a separate certificate of designation.

Anti-takeover Provisions

Delaware Anti-Takeover Law.

As a Delaware corporation, Pacific Premier is subject to Section 203 of the DGCL, which generally prevents an interested shareholder, defined generally as a person owning 15% or more of a corporation's outstanding voting stock, from engaging in a business combination with Pacific Premier for three (3) years following the date that person became an interested shareholder, unless certain specified conditions are satisfied. The existence of this provision may have an anti-takeover effect with respect to transactions not approved in advance by the Pacific Premier board, including discouraging attempts that might result in a premium over the market price for the shares of Pacific Premier common stock held by shareholders.

Possible Future Issuance of Preferred Stock.

The Pacific Premier board can at any time issue one or more new series of preferred stock pursuant to the Pacific Premier certificate of incorporation and without shareholder approval. In some cases, the issuance of preferred stock could discourage or make more difficult attempts to take control of Pacific Premier through a merger, tender offer, proxy context or otherwise. Shares of Pacific Premier preferred stock with special voting rights or other features issued to persons favoring Pacific Premier's management could stop a takeover by preventing the person trying to take control of Pacific Premier from acquiring enough voting shares to take control.

Removal and Vacancies on the Pacific Premier Board.

Subject to the rights of the holders of any series of Pacific Premier preferred stock then outstanding, directors may be removed by Pacific Premier's shareholders, with or without cause, by the affirmative vote of at least 66 $\frac{2}{3}$ % of the voting power of all of the then-outstanding shares of capital stock of Pacific Premier entitled to vote generally in the election of directors, voting together as a single class. Further, any newly created directorships resulting from any increase in the authorized number of directors or any vacancies on the board resulting from death, resignation, retirement, removal or other cause may be filled only by a majority vote of the directors then in office, whether or not a quorum is present. These provisions may deter a shareholder from removing incumbent directors

Table of Contents

and from simultaneously gaining control of the board of directors by filling the resulting vacancies with its own nominees. Consequently, the existence of these provisions may have the effect of deterring hostile takeovers, which could depress the market price of Pacific Premier common stock.

Advance Notice Requirements for Shareholder Proposals and Director Nominations.

The Pacific Premier bylaws provide that shareholders seeking to nominate candidates for election as directors or to bring business before an annual meeting of shareholders must provide timely notice of their proposal in writing to the corporate secretary. Generally, to be timely, a shareholder's notice must be received at Pacific Premier's principal executive offices not less than ninety (90) days nor more than one hundred twenty (120) days prior to the first anniversary date of the previous year's annual meeting. The Pacific Premier bylaws also specify requirements as to the form and content of a shareholder's notice. The Pacific Premier bylaws also provide that notice may be provided by shareholders to Pacific Premier in accordance with the Commission's rules. These provisions may impede shareholders' ability to bring matters before an annual meeting of shareholders or make nominations for directors at an annual meeting of shareholders.

Additional Provisions in the Pacific Premier Certificate of Incorporation and Bylaws.

The Pacific Premier certificate of incorporation and the Pacific Premier bylaws contain additional provisions that may be deemed to have the effect of discouraging or delaying attempts to gain control of Pacific Premier, including provisions that provide: (i) the Pacific Premier board with the exclusive power to fix from time to time the size of the Pacific Premier board; (ii) for any action required or permitted to be taken by Pacific Premier shareholders to be taken only at an annual or special meeting and prohibit shareholder action by written consent in lieu of a meeting; (iii) for special meetings of shareholders to be called only by the Pacific Premier board; and (iv) for certain of the foregoing provisions to be amended only by the affirmative vote of at least 66²/₃% of the voting power of all of the then-outstanding shares of capital stock of Pacific Premier entitled to vote generally in an election of directors, voting together as a single class.

On November 15, 2017, the Pacific Premier board approved amendments to the Pacific Premier certificate of incorporation and the Pacific Premier bylaws to effect certain corporate governance changes which the Pacific Premier board believes will enhance the rights of Pacific Premier's shareholders. The changes to the Pacific Premier certificate of incorporation and the Pacific Premier bylaws, as applicable, include: (i) permitting Pacific Premier shareholders holding at least 10% of the outstanding Pacific Premier common stock to call a special meeting of stockholders, subject to applicable law and the requirements set forth in the Pacific Premier bylaws; (ii) allowing Pacific Premier shareholders to take actions by written consent without holding a meeting, subject to applicable law and the requirements set forth in the Pacific Premier bylaws; and (iii) changing the required vote of Pacific Premier shareholders needed to amend the Pacific Premier certificate of incorporation and the Pacific Premier bylaws from a supermajority vote of 66²/₃% of the outstanding shares entitled to vote to a simple majority vote of the outstanding shares eligible to vote. These amendments to the Pacific Premier certificate of incorporation, along with the amendment to increase Pacific Premier's authorized common stock, discussed above under " Common Stock," will be submitted to the shareholders of Pacific Premier for approval at the Pacific Premier 2018 annual meeting. The amendments to the Pacific Premier bylaws will become effective automatically upon, and subject to, approval by the Pacific Premier shareholders of the amendments to the Pacific Premier certificate of incorporation at the 2018 annual meeting.

Restrictions on Ownership

The BHC Act generally prohibits any company that is not engaged in banking activities and activities that are permissible for a bank holding company or a financial holding company from

Table of Contents

acquiring control of a bank holding company, such as Pacific Premier. "Control" is generally defined as ownership of 25% or more of the voting stock or other exercise of a controlling influence. Any existing bank holding company would need the prior approval of the Federal Reserve before acquiring 5% or more of the voting stock of Pacific Premier. In addition, the Change in Bank Control Act of 1978, as amended, prohibits a person or group of persons from acquiring control of a bank holding company unless the Federal Reserve has been notified and has not objected to the transaction. Under a rebuttable presumption established by the Federal Reserve, the acquisition of 10% or more of a class of voting stock of a bank holding company with a class of securities registered under Section 12 of the Exchange Act, such as Pacific Premier, could constitute acquisition of control of the bank holding company.

COMPARISON OF THE RIGHTS OF SHAREHOLDERS

When the merger becomes effective, shareholders of Grandpoint who receive shares of Pacific Premier common stock in exchange for their shares of Grandpoint common stock will become shareholders of Pacific Premier. Grandpoint is a Delaware corporation, and its shareholders' rights are governed by the DGCL and the Grandpoint amended and restated certificate of incorporation, or Grandpoint certificate of incorporation, and Grandpoint bylaws.

After the merger, as Pacific Premier shareholders, the rights of former Grandpoint shareholders will be governed by the Pacific Premier certificate of incorporation, the Pacific Premier bylaws and the DGCL. The following is a summary of material differences between the rights of holders of Pacific Premier common stock and holders of Grandpoint common stock. Rather, the summary is intended to provide a general overview of the differences in shareholders' rights under the governing corporate instruments of Pacific Premier and Grandpoint, and other known material differences. Table of Contents

classes or series, except as otherwise provided by law or by the Grandpoint certificate of incorporation or the Grandpoint bylaws.

Number and Election of Directors

Pacific Premier

The Pacific Premier bylaws provide that the number of directors who constitute the board of directors is such number as the board of directors from time to time has designated, except that in the absence of such designation, such number is seven (7). The directors are elected by the shareholders each year at the annual meeting of shareholders and hold office until the next annual meeting and until each director's successor has been duly elected and qualified or until a director's earlier resignation or removal. Currently, the Pacific Premier board consists of ten (10) directors and the Pacific Premier board has authorized an increase to twelve (12) directors upon consummation of the merger in order to accommodate the addition of two new director nominees from Grandpoint.

Grandpoint

The Grandpoint bylaws provide that at all times prior to the termination of the Investor Rights Agreement, dated January 5, 2010, or the investor rights agreement, entered into with the Grandpoint Investors, the investor rights agreement governs the election, appointment, replacement and removal of directors. The authorized number of directors on the Grandpoint board may not be less than the amount specified in the investor rights agreement while the same is in effect, may be increased or decreased from time to time, to the extent that such increase or decrease is approved by at least a majority of the holders of the Grandpoint voting common stock, and provided that at all times, the Grandpoint board must include such number of independent directors as shall cause the Grandpoint board to be comprised of not less than 40% independent directors (if the Grandpoint board consists of nine (9) or more members) or 50% independent directors (if the Grandpoint board consists of eight (8) or fewer members). Under the investor rights agreement, each Grandpoint Investor has the right to nominate one person to be elected to the Grandpoint board, referred to as a Grandpoint board seat investor designee. The Grandpoint board consists of one (1) Grandpoint board seat investor designee from each Grandpoint Investor, two (2) management directors, as defined therein, plus the necessary number of independent directors.

There are currently twelve (12) members of the Grandpoint board. The directors are elected by the Grandpoint shareholders, each year at the annual meeting of Grandpoint shareholders and serve for a term of one (1) year or until their successors are elected and qualified or until the earlier death, resignation or removal.

Removal of Directors

Pacific Premier

Under the DGCL, directors may be removed, with or without cause, by the holders of a majority of the shares entitled to vote, unless a greater vote is required by the certificate of incorporation or the bylaws. Under the Pacific Premier certificate of incorporation, subject to the rights of holders of any series of preferred stock then outstanding, any director, or the entire board of directors, may be removed from office at any time with or without cause by the affirmative vote of the holders of at least 66²/₃% of the voting power of all of the then-outstanding shares of capital stock of Pacific Premier entitled to vote generally in an election of directors, voting together as a single class.

Table of Contents

Grandpoint

Under the investor rights agreement, no Grandpoint board seat investor designee may be removed from the Grandpoint board without such Grandpoint Investor's written consent, other than in the event that any such Grandpoint board seat investor designee fails to meet the requirements of any applicable law or regulatory requirement. Following the removal of a Grandpoint board seat investor designee, such Grandpoint Investor shall have the right to nominate a replacement director.

The Grandpoint certificate of incorporation does not specify any required vote for removal of Grandpoint directors. Under the Grandpoint bylaws, the investor rights agreement governs the removal of Grandpoint board seat investor designees, but is silent as to removal of directors that are not Grandpoint board seat investor designees. As such, in accordance with the DGCL, Grandpoint directors who are not Grandpoint board seat investor designees may be removed, with or without cause, by the holders of a majority of the shares of Grandpoint voting common stock entitled to vote.

Vacancies of Directors

Pacific Premier

The DGCL provides that, unless the certificate of incorporation or bylaws provide otherwise, a majority of the directors then in office (although less than a quorum) or the sole remaining director may fill any vacancy on a board of directors, including newly created directorships resulting from an increase in the number of directors. Under the Pacific Premier bylaws, subject to the rights of holders of any series of preferred stock outstanding, any vacancy occurring on its board of directors may be filled by a majority vote of the directors then in office, whether or not a quorum is present. Each director so chosen will hold office until the next annual meeting of shareholders.

Grandpoint

Pursuant to the investor rights agreement, each Grandpoint Investor is entitled to nominate a replacement director in the event that such Grandpoint board seat investor designee resigns from, or otherwise ceases to serve on, the Grandpoint board. In the event a Grandpoint board seat investor designee resigns from, or otherwise ceases to serve on, the Grandpoint board, and the Grandpoint Investor nominates a replacement Grandpoint board seat investor designee in accordance with the preceding sentence, Grandpoint will take all action reasonably necessary to cause the vacancy to be filled by the replacement Grandpoint board seat investor designee.

The Grandpoint certificate of incorporation does not specify how to fill any vacancy on the Grandpoint board. Under the Grandpoint bylaws, the investor rights agreement governs the replacement of Grandpoint board seat investor designees, but is silent as to replacement of Grandpoint directors that are not Grandpoint board seat investor designees. As such, in accordance with the DGCL, a majority of the Grandpoint directors then in office (although less than a quorum) or the sole remaining Grandpoint director may fill any vacancy on the Grandpoint board (except as described above with respect to a Grandpoint board seat investor designee) including newly created directorships resulting from an increase in the number of directors.

Indemnification and Limitation of Liability

Pacific Premier

The DGCL provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or

Table of Contents

agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification extends only to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such action, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation.

The DGCL provides that any indemnification must be made by the corporation only as authorized in the specific case upon a determination that indemnification is proper in the circumstances because the person has met the applicable standard of conduct. Such determination must be made, with respect to a person who is a director or officer at the time of such determination, (i) by a majority vote of the directors who are not parties to the action, suit or proceeding, even though less than a quorum, or (ii) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, or (iii) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (iv) by the shareholders.

The DGCL provides that it is not exclusive of other indemnification that may be granted by a corporation's bylaws, disinterested director vote, shareholder vote, agreement or otherwise.

The Pacific Premier certificate of incorporation provides for the indemnification of directors, officers and certain of its authorized representatives to the fullest extent permitted by the DGCL, except that indemnification in an action, suit or proceeding initiated by a director, officer or authorized representative is permitted only if the board of directors authorized the initiation of that action, suit or proceeding. In addition, as permitted by the DGCL, the Pacific Premier certificate of incorporation provides that the directors shall have no personal liability to Pacific Premier or its shareholders for monetary damages for breach of fiduciary duty as a director, except (i) for any breach of the director's duty of loyalty to Pacific Premier or its shareholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or knowing violation of the law, (iii) the unlawful payment of dividends or unlawful stock purchase or redemption, or (iv) for any transaction in which the director derived improper personal benefit.

Grandpoint

Grandpoint is subject to the provisions of the DGCL governing indemnification by a corporation as set forth above.

The Grandpoint certificate of incorporation provides that a director is not liable to Grandpoint or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent that such exemption from liability or limitation thereof is not permitted under the DGCL as currently in effect or as the same may hereafter be amended. Grandpoint is authorized to indemnify any person serving as a director, officer, employee or agent of Grandpoint, or is or was serving at the request of Grandpoint as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, to the fullest extent permissible under Delaware and federal law.

The Grandpoint bylaws provide that it may, to the maximum extent permitted by law, indemnify any person made or threatened to be made a party to any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person or such person's testator or intestate is or was a director, officer, or employee of Grandpoint or serves or served at the request of Grandpoint any other enterprise as a director, officer or employee. Expenses, including attorneys' fees, incurred by any such person in defending any such action, suit or proceeding are to be paid or

Table of Contents

reimbursed by Grandpoint promptly upon receipt by it of an undertaking of such person to repay such expenses if it is ultimately determined that such person is not entitled to be indemnified by Grandpoint. The rights provided to any person by the Grandpoint bylaws are enforceable against Grandpoint by such person who is presumed to have relied upon it in serving or continuing to serve as a director, officer or employee as provided above. No amendment to the Grandpoint bylaws will impair the rights of any person arising at any time with respect to events occurring before such amendment.

Certain persons seeking indemnification from Grandpoint may have certain rights to indemnification, advancement of expenses and/or insurance provided by the Grandpoint Investor that nominated such persons to the board. With respect to any such persons and with respect to any action, suit or proceeding for which indemnification or the advancement of expenses pursuant to the Grandpoint bylaws is required, Grandpoint (i) shall be the indemnitor of first resort, (ii) shall advance expenses and be liable for expenses, judgments, fines and amounts paid in settlement to the extent legally permitted and as required by the amended and restated certificate of incorporation and bylaws without regard to any rights any person may have against other indemnitors and (iii) irrevocably waives, relinquishes and releases all other indemnitors of any rights of subrogation in respect thereof. No advancement or payment by any other indemnitor to or on behalf of any person with respect to any claim for which such person has sought indemnification from Grandpoint may affect the foregoing and such other indemnitor will have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of such person against Grandpoint.

Amendments to Certificate of Incorporation and Bylaws

Pacific Premier

The DGCL provides that an amendment to a Delaware corporation's certificate of incorporation requires a board resolution stating the advisability of the amendment and approval by a majority of the holders of outstanding capital stock of each class entitled to vote thereon. The Pacific Premier certificate of incorporation provides that amendments to the Pacific Premier certificate of incorporation may be effected in the manner prescribed by the DGCL; provided, however, that the amendment of Sections C or D of Article Fifth, Article Sixth, Article Seventh, Article Ninth and Article Eleventh requires the affirmative vote of the holders of at least 66²/₃% of the voting power of all of the then-outstanding shares of the capital stock of Pacific Premier entitled to vote generally in the election of directors, voting together as a single class. The Pacific Premier board has approved an amendment to the Pacific Premier certificate of incorporation that will change the required vote of Pacific Premier shareholders to a simple majority vote of the shares entitled to vote. The amendments to the Pacific Premier certificate of incorporation will be submitted to the shareholders of Pacific Premier for approval at the 2018 annual meeting.

The Pacific Premier bylaws authorize Pacific Premier's board of directors to amend its bylaws by vote of a majority of the board of directors at a meeting. The Pacific Premier bylaws may also be amended by the affirmative vote of the holders of at least 66²/₃% of the voting power of all of the then-outstanding shares of the capital stock of Pacific Premier entitled to vote generally in the election of directors, voting together as a single class. The Pacific Premier board has approved an amendment to the Pacific Premier certificate of incorporation and the Pacific Premier bylaws that will change the required vote of Pacific Premier shareholders to a simple majority vote of the shares entitled to vote. The amendment to the Pacific Premier certificate of incorporation will be submitted to the shareholders of Pacific Premier for approval at the 2018 annual meeting. The amendment to the Pacific Premier bylaws will become effective automatically upon, and subject to, approval of the amendments to Pacific Premier's certificate of incorporation.

Grandpoint

The Grandpoint certificate of incorporation may be amended in any manner allowed under Delaware law.

The Grandpoint certificate of incorporation provides that the Grandpoint bylaws may be amended or repealed, and new bylaws may be adopted, by the Grandpoint board. The Grandpoint bylaws provide that the Grandpoint bylaws may be amended or repealed, and new bylaws may be adopted by the Grandpoint board, but the Grandpoint shareholders entitled to vote may adopt additional Grandpoint bylaws and may amend or repeal any Grandpoint bylaw whether or not adopted by such shareholders. The Grandpoint bylaws do not provide for a voting threshold to amend the Grandpoint bylaws. Section 216 of the DGCL provides that in the absence of a voting specification, a majority of the shares entitled to vote, present in person or represented by proxy, shall constitute a quorum at a meeting of shareholders and in all matters other than the election of directors, the affirmative vote of the majority of shares present in person or represented by proxy at the meeting and entitled to vote on the subject shall be the act of the shareholders.

Notice of Shareholder Meetings

Pacific Premier

In accordance with the DGCL, the Pacific Premier bylaws provide that a written notice of the time, date, and place of all shareholder meetings must be given to each shareholder entitled to vote at the meeting not less than ten (10) days nor more than sixty (60) days prior to the meeting.

Grandpoint

The Grandpoint bylaws provide that a written notice of the place, the date and the hour of all shareholder meetings and, in the case of a special meeting, the purpose or purposes for which the meeting is called, must be given to each shareholder entitled to vote at the meeting not less than ten (10) nor more than sixty (60) days prior to the meeting.

Special Meetings of Shareholders

Pacific Premier

Pursuant to the DGCL, a special meeting of shareholders may be called by a corporation's board of directors or by the persons authorized to do so in the corporation's certificate of incorporation or bylaws. The Pacific Premier certificate of incorporation provides that a special meeting of shareholders may be called only by the Pacific Premier board pursuant to a resolution adopted by the majority of the total number of authorized directorships or as otherwise provided in the bylaws. The Pacific Premier bylaws provide that, subject to the rights of the holders of preferred stock, special meetings of shareholders may be called only by the Pacific Premier board pursuant to a resolution adopted by a majority of the total number of directors which the corporation would have if there were no vacancies on the Pacific Premier board. The Pacific Premier board has approved amendments to both the Pacific Premier certificate of incorporation and the Pacific Premier bylaws which would permit Pacific Premier shareholders holding at least 10% of the outstanding Pacific Premier common stock to call a special meeting of Pacific Premier shareholders, subject to applicable law and other applicable requirements set forth in the Pacific Premier bylaws. The amendments to the Pacific Premier certificate of incorporation will be submitted to the shareholders of Pacific Premier for approval at the 2018 annual meeting. The amendment to the Pacific Premier bylaws will become effective automatically upon, and subject to, approval of the amendments to Pacific Premier's certificate of incorporation.

Grandpoint

Under the Grandpoint bylaws, a special meeting of shareholders may be called at any time by the chairman of the board, if any, the vice chairman of the board, if any, the president or the Grandpoint board, or by Grandpoint shareholders who together own of record at least twenty-five percent (25%) of the outstanding voting shares of each class of stock entitled to vote at such meeting. Shareholders requesting a special meeting must do so by submitting their request, in writing, to Grandpoint's corporate secretary, specifying the purpose of the meeting.

Shareholder Nominations and Shareholder Proposals

Pacific Premier

The Pacific Premier bylaws provide that shareholders of Pacific Premier may nominate one or more persons for election as director only if such nominations are delivered to the secretary of Pacific Premier at the principal executive offices of the corporation not earlier than the close of business on the one hundred twentieth (120th) day and not later than the close of business on the ninetieth (90th) day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than thirty (30) days before or more than sixty (60) days after such anniversary date, notice by the shareholder to be timely must be so delivered not earlier than the close of business on the one hundred twentieth (120th) day prior to the date of such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to the date of such annual meeting or, if the first public announcement of the date of such annual meeting is less than one hundred (100) days prior to the date of such annual meeting, the tenth (10th) day following the day on which public announcement of the date of such meeting is first made by the corporation. Each such notice must set forth information concerning the nominee, the nominating shareholder and the other information specified in the Pacific Premier bylaws. The Pacific Premier bylaws provide that a proposal by shareholders for submission to a vote of shareholders at an annual meeting must be delivered to the secretary of Pacific Premier within the same time frame as shareholder nominations for directors described above. Each such notice must set forth information concerning the proposal, the proposing shareholder and the information specified in the Pacific Premier bylaws.

Grandpoint

The Grandpoint bylaws provide that all shareholder nominations must take place in accordance with the provisions of the investor rights agreement. The investor rights agreement provides that each Grandpoint Investor is entitled to nominate one (1) person to the Grandpoint board and to nominate a replacement director in the event that such person resigns from, or otherwise ceases to serve on, the Grandpoint board.

The investor rights agreement further provides that, at least annually, Grandpoint will hold an annual meeting of shareholders for the purpose of electing the members of the board. Except with respect to Grandpoint board seat investor designees, all directors shall be elected at each annual shareholders meeting.

Neither the Grandpoint certificate of incorporation, the Grandpoint bylaws, nor the investor rights agreement contains any provision addressing the procedures for shareholder nominations of directors or shareholder proposals not otherwise addressed in the investor rights agreement.

Shareholder Action by Written Consent

Pacific Premier

The Pacific Premier bylaws provide that, subject to the rights of the holders of any class or series of preferred stock, any action required or permitted to be taken by the shareholders of Pacific Premier must be effected at an annual or special meeting of shareholders and may not be effected by any consent in writing by such shareholders. The Pacific Premier board has approved amendments to the Pacific Premier certificate of incorporation and the Pacific Premier bylaws which would permit Pacific Premier shareholders to take actions by written consent without holding a meeting, subject to applicable law and other applicable requirements set forth in the Pacific Premier bylaws. The amendments to the Pacific Premier certificate of incorporation will be submitted to the Pacific Premier shareholders for approval at the 2018 annual meeting. The amendments to the Pacific Premier bylaws will become effective automatically upon, and subject to, approval of the amendments to Pacific Premier's certificate of incorporation.

Grandpoint

The Grandpoint bylaws provide that, unless otherwise provided by the Grandpoint certificate of incorporation or by law, any action required by law to be taken at an annual or special meeting of shareholders, or any action which may be taken at any annual or special meeting of such shareholders, may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, are signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted and is delivered to Grandpoint by delivery to (a) its registered office in the State of Delaware by hand or by certified mail or registered mail, return receipt requested, (b) its principal place of business, or (c) an officer or agent of Grandpoint having custody of the book in which proceedings of meetings of shareholders are recorded.

Every written consent must bear the date of signature of each shareholder who signed the consent and no written consent will be effective to take the corporate action referred to therein unless, within sixty (60) days of the earliest dated consent delivered in the manner required by the Grandpoint bylaws to Grandpoint, written consents signed by a sufficient number of holders to take action are delivered to Grandpoint by delivery to (a) its registered office in the State of Delaware by hand or by certified mail or registered mail, return receipt requested, (b) its principal place of business, or (c) an officer or agent of Grandpoint having custody of the book in which proceedings of meetings of shareholders are recorded. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent must be given to those shareholders who have not consented in writing and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that written consents signed by a sufficient number of shareholders to take the action were delivered to Grandpoint.

Transactions with Interested Persons

Pacific Premier

The DGCL prohibits a corporation from engaging in any business combination with an interested shareholder (defined as a 15% shareholder) for a period of three (3) years after the date that shareholder became an interested shareholder, unless (i) before that date, the board of directors of the corporation approved the business combination or the transaction in which the shareholder became an interested shareholder, (ii) upon completion of the transaction that resulted in the shareholder becoming an interested shareholder, the shareholder owned at least 85% of the outstanding voting stock (excluding shares owned by directors, officers and certain employee stock ownership plans) or

Table of Contents

(iii) on or after the date the shareholder became an interested shareholder, the business combination received the approval of both the corporation's directors and holders of two-thirds of the outstanding voting shares not owned by the interested shareholder voted at a meeting and not by written consent. A Delaware corporation may opt out of this provision through an amendment to its certificate of incorporation or bylaws adopted by a majority of the outstanding voting shares. The Pacific Premier certificate of incorporation expressly provides that it is bound by this provision of the DGCL concerning transactions with interested shareholders.

Grandpoint

The Grandpoint certificate of incorporation specifically provides that Grandpoint shall not to be governed by Section 203 of the DGCL as described above.

Dividends

Pacific Premier

The DGCL permits a Delaware corporation to declare and pay dividends out of surplus or, if there is no surplus, out of net profits for the fiscal year in which the dividend is declared and/or for the preceding fiscal year as long as the amount of capital of the corporation following the declaration and payment of the dividend is not less than the aggregate amount of the capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets. Further, it is the policy of the Federal Reserve that bank holding companies, such as Pacific Premier, should generally pay dividends on common stock only out of income available over the past year, and only if prospective earnings retention is consistent with the organization's expected future needs and financial condition. It is also the Federal Reserve's policy that bank holding companies should not maintain dividend levels that undermine their ability to be a source of strength to their banking subsidiaries. The Pacific Premier bylaws permit its board of directors to declare dividends. However, historically, Pacific Premier's policy has been to retain earnings to provide funds for use in its business. Although Pacific Premier has never declared or paid dividends on its common stock, the Pacific Premier board periodically reviews whether to declare or pay cash dividends, taking into account, among other things, general business conditions, Pacific Premier's financial results, future prospects, capital requirements, legal and regulatory restrictions, and such other factors as the Pacific Premier board may deem relevant.

Grandpoint

Grandpoint is subject to the provisions of the DGCL and the policies of the Federal Reserve governing declaration and payment of dividends, as described above. The Grandpoint bylaws do not address the declaration and payment of dividends. See "Market for Common Stock and Dividends Grandpoint Market Information and Dividends" for a discussion of Grandpoint's recent history of dividends.

HOUSEHOLDING

The Commission has adopted rules that permit companies and intermediaries, such as brokers, to satisfy delivery requirements for proxy and consent solicitation statements with respect to two or more shareholders sharing the same address by delivering a single proxy and consent solicitation statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. Pacific Premier and Grandpoint will mail only one copy of the prospectus/proxy and consent solicitation statement to multiple shareholders sharing the same address. Once you have received notice from your broker, Pacific Premier or Grandpoint that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate prospectus/proxy and consent solicitation statement, please notify your broker or nominee if your shares are held in a brokerage account or other account or American Stock Transfer & Trust Co. if you hold registered shares. You can notify American Stock Transfer & Trust Co. by sending a written request to: 6201 15th Avenue, Brooklyn, New York 11219 or by calling (800) 937-5449.

Grandpoint Capital, Inc.

Report of Independent Auditors

We have audited the accompanying consolidated financial statements of Grandpoint Capital, Inc. and Subsidiaries, which comprise the consolidated balance sheets as of December 31, 2017 and 2016 and the related consolidated statements of income, comprehensive income, changes in shareholders' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Grandpoint Capital, Inc. and Subsidiaries as of December 31, 2017 and 2016, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

GRANDPOINT CAPITAL, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Amounts in thousands, except share data and per share amounts)

Note 1 Summary of Significant Accounting Policies

Nature of operations Grandpoint Capital, Inc. (the "Company"), a Delaware corporation, was incorporated on June 6, 2007. Prior to acquiring its banking subsidiaries in 2010, the Company was involved in organizational activities including acquiring a management team, raising capital and filing applications with various regulatory agencies to operate as a bank holding company.

The Company has one banking subsidiary, Grandpoint Bank. Grandpoint Bank is a California state-chartered depository institution headquartered in Los Angeles, California with branches in Encino, Brentwood, Fairfax, El Segundo, and Orange. Bank of Tucson is a division of Grandpoint Bank with two branches in Tucson, Arizona. Regents Bank is a division of Grandpoint Bank with branches in La Jolla, San Diego, Escondido, Vista and Vancouver, Washington. Bank of Tucson and Regents Bank were merged into Grandpoint Bank in 2013. The Biltmore Bank of Arizona is a division of Grandpoint Bank with one branch in Phoenix, Arizona, and merged into Grandpoint Bank in 2014.

Grandpoint Bank provides full commercial banking services to small to medium-sized businesses and high net worth individuals in their respective geographic markets and divisions. The Company also has a non-banking subsidiary, Peoria Holdings, LLC, to service and sell certain classified loans and assets.

The Company and its banking subsidiary are subject to the regulations of certain federal and state agencies and undergo periodic examinations by those regulatory authorities.

Principles of consolidation The consolidated financial statements include the accounts of Grandpoint Capital, Inc. and its wholly-owned subsidiaries, Grandpoint Bank ("GPB") and one non-banking subsidiary, Peoria Holdings, LLC collectively referred to herein as the "Company." All significant intercompany transactions have been eliminated in consolidation.

Acquisitions The Company had significant acquisition activity beginning in 2010 through 2013. It closed the acquisitions of Santa Ana Business Bank ("SABB"), First Vietnamese American Bank ("FVAB"), First Commerce Bancorp, parent company of First Commerce Bank ("FCB"), and Southern Arizona Community Bank ("SACB") in 2010; the acquisitions of the main branch of Bank of Tucson and Orange Community Bancorp, parent company of Orange Community Bank in 2011; the acquisitions of Regents Bancorp, parent company of Regents Bank, N.A., Peoria Holdings, LLC ("PHL"), California Community Bank ("CCB"), Bank Capital Corporation, parent company of The Biltmore Bank of Arizona, 5055 Holdings, LLC and 5055-1, LLC in 2012; and closing the acquisition of Gilmore Bank ("GIL") in 2013. The Company also acquired the noncontrolling interest of Bank of Tucson, formerly SACB, in June 2012. These acquisitions are discussed in more detail in Note 2.

Use of estimates The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the balance sheet and the reported amounts of revenues and expenses during the reporting period. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of the allowance for loan losses, valuation of investment securities, share-based compensation, and the valuation of deferred tax assets. Actual results could differ from the estimated amounts.

Note 1 Summary of Significant Accounting Policies (Continued)

Concentrations of credit risk The Company has no significant concentrations of credit risk with any customer relationship; however, the Company's lending is primarily concentrated in Southern California, Phoenix and Tucson, Arizona, and Vancouver, Washington, and the surrounding areas. In addition, the Company has a concentration of loans secured by commercial real estate.

The Company had cash deposits at other financial institutions in excess of FDIC insured limits as of December 31, 2017 and 2016. However, as the Company places these deposits with major financial institutions and monitors the financial condition of these institutions, management believes the risk of loss associated with such deposits to be minimal.

Business combinations Business combinations are accounted for under the acquisition method of accounting. Under the acquisition method the acquiring entity in a business combination recognizes 100 percent of the acquired assets and assumed liabilities, regardless of the percentage owned, at their estimated fair values as of the date of acquisition. Any excess of the purchase price over the fair value of net assets and other identifiable intangible assets acquired is recorded as goodwill. To the extent the fair value of net assets acquired, including other identifiable assets, exceed the purchase price, a bargain purchase gain is recognized. Assets acquired and liabilities assumed from contingencies are also recognized at fair value, if the fair value can be determined during the measurement period. Results of operations of an acquired business are included in the consolidated statements of income from the date of acquisition. Acquisition related costs, including conversion and restructuring charges, are expensed as incurred.

Cash and cash equivalents For purposes of the consolidated statements of cash flows, cash and cash equivalents include cash and balances due from banks, including Federal Reserve excess balances, all of which mature within ninety days.

Banking regulations require that banks maintain a percentage of their deposits as reserves in cash or on deposit with the Federal Reserve Bank. The Company was in compliance with its reserve requirements as of December 31, 2017 and 2016.

Certificates of deposit in other banks Certificates of deposit in other banks mature within one year and are carried at cost.

Investment securities Debt and equity securities that will be held for indefinite periods of time, including securities that may be sold in response to changes in market interest or prepayment rates, needs for liquidity, and changes in the availability of and the yield of alternative investments, are classified as available for sale ("AFS"). These assets are carried at fair value. Fair value is determined using public market prices, dealer quotes, and prices obtained from independent pricing services that may be derived from observable and unobservable market inputs. Unrealized gains and losses, net of tax, are excluded from earnings and are reported as a separate component of shareholders' equity until realized. Certain debt securities that will be held until their maturity are classified as held to maturity ("HTM"). These assets are carried at amortized cost. Any unrealized gains and losses are not recorded in the financial statements. Interest income from the investment securities portfolio is accrued as earned including the accretion of discounts and the amortization of premiums based on the original cost of each security owned. Discounts and premiums are accreted and amortized by a method that approximates the effective interest method to the maturity date of the security, with the exception of

Note 1 Summary of Significant Accounting Policies (Continued)

mortgage-backed securities. Discounts and premiums on mortgage-backed securities are accreted or amortized to the expected maturity date of the investment security. Realized gains or losses on the sale of investment securities are reported in earnings as of the trade date and determined using the amortized cost of the specific security sold. Declines in the fair value of individual securities below their cost that are deemed other than temporary are reflected in the consolidated statements of income.

Management evaluates securities for other than temporary impairment ("OTTI") at least on a quarterly basis, and more frequently when economic or market conditions warrant such evaluation. The evaluation is based upon factors such as the creditworthiness of the issuers/guarantors, the underlying collateral, if applicable, and the continuing performance of the securities. Management also evaluates other facts and circumstances that may be indicative of an OTTI condition. This includes, but is not limited to, an evaluation of the type of security, length of time and extent to which the fair value has been less than cost, and near-term prospects of the issuer.

If it is probable that the Company will be unable to collect all amounts due according to the contractual terms of the debt security not impaired at acquisition, an OTTI is considered to have occurred. When an OTTI occurs, the cost basis of the security is written down to its fair value (as the new cost basis) and the write-down is accounted for as a realized loss if it is credit related. In assessing whether impairment represents OTTI, the Company must consider whether it intends to sell a security or if it is likely it would be required to sell the security before recovery of the amortized cost basis of the investment, which may be maturity. For debt securities, if the Company intends to sell the security or it is likely that a sale of the security may be required before recovering the cost basis, the entire impairment loss would be recognized in earnings as an OTTI. If the Company does not intend to sell the security and it is not likely the sale of the security is required by the Company, and the Company does not expect to recover the entire amortized cost basis of the security, only the portion of the impairment loss representing credit losses would be recognized in earnings. The credit loss on a security is measured as the difference between the amortized cost basis and the present value of the cash flows expected to be collected. Projected cash flows are discounted at the original or current effective interest rate depending on the nature of the security being measured for potential OTTI.

The remaining impairment related to other factors, the difference between the present value of the cash flows expected to be collected and fair value, is recognized as a charge to other comprehensive income (loss) ("OCI").

Investments in common stock, restricted As a member of the Federal Home Loan Bank of San Francisco ("FHLB"), the Company is required to purchase FHLB stock in accordance with its Advances and Security Agreement. The investment in FHLB stock is treated for reporting purposes as a cost method investment and is reported within other assets in the consolidated balance sheets. The Company held shares of 150,000 and 141,840, or \$15,000 and \$14,184, of FHLB stock as of December 31, 2017 and 2016, respectively. The Company evaluates its investment in FHLB stock for impairment on a periodic basis and has not recorded an impairment charge during 2017 or 2016.

The Company also held investments in three additional bankers' banks. Such investments were not material as of December 31, 2017 and 2016.

(Amounts in thousands, except share data and per share amounts)

Note 1 Summary of Significant Accounting Policies (Continued)

Loans Loans receivable that management has the intent and ability to hold for the foreseeable future or until maturity or payoff are stated at the amount of unpaid principal, reduced by an allowance for loan losses, net deferred loan fees/costs and discounts. Interest income on loans is calculated by the simple-interest method on daily balances of the principal amount outstanding. Loan origination fees, net of certain direct origination costs, are capitalized and recognized as an adjustment of yield over the life of the related loan using the effective interest method.

Loans acquired in business combinations are recorded on a loan-by-loan basis at their estimated fair value. The Company used third party valuation specialists to determine the estimated fair value on all acquired loans. The Company acquired both performing and impaired loans (loans acquired with evidence of credit quality deterioration at the time of purchase) in its acquisitions. For acquired performing loans, any discount or premium related to fair value adjustments at the time of purchase is recognized as interest income over the estimated life of the loan using the effective yield method.

The accrual of interest on loans is discontinued at the time the loan becomes ninety days delinquent unless the credit is well secured and in process of collection. In some cases, loans can be placed on nonaccrual status or charged-off at an earlier date if collection of principal or interest is considered doubtful. Consumer loans are typically charged off when they become 180 days past due. Subsequent collections of interest are applied to unpaid principal balances or included in interest income based upon management's assessment of the likelihood that principal will be collected. When a loan is placed on non-accrual status, previously accrued and uncollected interest is reversed from income and all amortization of deferred fees, costs, premiums and discounts is ceased. Loans on nonaccrual status are charged off, or partially charged off, when one of two conditions is present: (i) it has been determined that all or a portion of an asset is uncollectible; or (ii) when there is an uncertainty as to the source or timing of any eventual payoff. Payments received on nonaccrual loans are applied first to the principal not previously charged off. If the loan has had a partial charge off or was fully charged off, the payment received after the balance on the books has been paid off is applied as a recovery to the allowance for loan losses. Once a loan is on nonaccrual status, it is generally not returned to accrual status until: (i) all past due principal and interest amounts contractually due are reasonably assured of repayment within a reasonable period; and (ii) there has been a sustained period of repayment performance (generally six months) by the borrower.

A loan is considered impaired when it is probable that the Company will not be able to collect all principal and interest amounts due according to the loan's original contractual terms based upon available information and events. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. The amount of the valuation allowance for impaired loans is determined by comparing the recorded investment in each loan with its value measured by one of three methods: (i) the estimated present value of total expected future cash flows, discounted at the loan's effective interest rate; (ii) the loan's observable market price, if available from a secondary market; or (iii) by the fair value of the underlying collateral if the loan is collateral dependent. If the measure of impairment for an impaired loan is less than the related recorded investment, a specific valuation allowance (impairment allowance) is established as a component of the allowance for loan losses through a charge to the provision for loan losses. Subsequent permitted adjustments to the impairment allowance are made through a corresponding charge or credit to the provision for loan losses.

Note 1 Summary of Significant Accounting Policies (Continued)

Loans are reported as troubled debt restructurings ("TDR") when the Company grants a concession(s) to a borrower experiencing financial difficulties that it would not otherwise consider. Examples of such concession include forgiveness of principal or accrued interest, extending the maturity date(s), or providing a lower interest rate than would be normally available for a transaction of similar risk. As a result of these concessions, restructured loans are impaired as the Company will not collect all amounts due, either or both principal and interest, in accordance with the terms of the original loan agreement.

Impairment reserves on non-collateral dependent restructured loans are measured by comparing the present value of expected future cash flows on the restructured loans discounted at the interest rate of the original loan agreement to the loan's carrying value. These impairment reserves are recognized as a specific component to be provided for in the allowance for loan losses. Purchased credit impaired loans that were TDR's prior to being acquired are not subject to the TDR policy as they were marked to market at acquisition.

Allowance for loan losses The provision for loan losses charged to results of operations is an amount sufficient to bring the allowance for loan losses to an estimated balance considered adequate to absorb probable losses inherent in the portfolio at the date of the consolidated financial statements. Loan losses are charged against the allowance when management believes the uncollectability of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The Company performs regular internal and external reviews of the loan portfolio to confirm the credit quality of the portfolio and the adherence to underwriting standards. All loans are assigned a risk rating that is reassessed periodically during the credit review process. These risk rating categories are the primary factor in determining an appropriate amount for the allowance for loan losses.

The allowance for loan losses is evaluated on a regular basis by management and is based upon management's periodic review of the collectability of the loans that considers historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing economic conditions. The evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

The allowance consists of specific, general and qualitative components. The specific component relates to loans that are classified as impaired. For such loans, an allowance is established when the discounted cash flows or collateral value or observable market price of the impaired loan is lower than the carrying value of that loan. The general component covers all other loans not specifically identified as impaired and is based on historical loss experience adjusted for qualitative factors. Qualitative factors are assigned by management based on national and local economic trends, effects of the changes in the value of underlying collateral, trends in volume and terms of loans, effects of changes in lending policy, the experience and depth of management, concentrations of credit, quality of the loan review system and the effect of external factors such as competition and regulatory requirements.

Off-balance sheet instruments In the ordinary course of business, the Company has entered into off-balance sheet arrangements consisting of commitments to extend credit, commercial letters of

credit, and standby letters of credit. Such financial instruments are recorded in the consolidated financial statements when they are funded or the related fees are incurred or received.

Premises and equipment, net Furniture and equipment are stated at cost, less accumulated depreciation or amortization recognized on a straight-line basis generally over three to ten years. Depreciation is provided over the estimated useful life of premises, up to forty years, on a straight-line basis. Leasehold improvements are amortized over the shorter of the life of the lease or the estimated useful life of the leasehold improvement. Gains and losses on the dispositions of furniture and equipment are included in the consolidated results of operations. Expenditures for betterments or major repairs are capitalized and those for ordinary repairs and maintenance are charged to consolidated results of operations as incurred. No impairment losses were recognized in 2017 or 2016.

Goodwill and other intangibles Intangible assets are comprised of goodwill and other intangible assets acquired in business combinations. Goodwill and intangible assets with indefinite useful lives are not amortized but are periodically evaluated for impairment. Intangible assets with definite useful lives are amortized on an accelerated method to their estimated residual values over their respective estimated useful lives, and are also reviewed periodically for impairment. Amortization of intangible assets is included in other noninterest expense in the consolidated statements of income.

The Company performs a goodwill impairment analysis on an annual basis as of September 30. Additionally, the Company performs a goodwill impairment evaluation on an interim basis when events or circumstances indicate impairment potentially exists. A significant amount of judgment is involved in determining if an indicator of impairment has occurred. Such indicators may include, among others, a material change in the estimated value of the Company based on current market multiples common for community banks of similar size and operations; a significant adverse change in legal factors or in the business climate; adverse action or assessment by a regulator; and unanticipated competition.

The Company accounts for goodwill pursuant to ASC 350 and Accounting Standards Update ("ASU") 2011-08 for its annual goodwill impairment test. The Company's goodwill arose from the purchase of ownership interest in the acquired banks discussed in note 2, except First Vietnamese American Bank, where a bargain purchase gain was recognized. ASU 2011-08, *Intangibles Goodwill and Other (Topic 350): Testing Goodwill for Impairment*, gives an entity the option to first assess qualitative factors to determine whether it is more likely than not (that is, a likelihood of more than 50 percent) that the fair value of a reporting unit is less than its carrying amount. If this is the case, the Company will need to perform a more detailed two-step goodwill impairment test, which is used to identify potential goodwill impairments and to measure the amount of goodwill impairment losses to be recognized, if any.

In assessing the qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount, the Company assessed relevant events and circumstances that may impact the fair value and the carrying amount of the reporting unit. For purposes of its goodwill impairment evaluation as of September 30, 2017, the Company has one reporting unit, Grandpoint Bank. The identification of relevant events and circumstances and how these may impact a reporting unit's fair value or carrying amount involve significant judgments and assumptions. Based upon the Company's qualitative impairment analysis, the Company concluded that

Note 1 Summary of Significant Accounting Policies (Continued)

there was no requirement to do a quantitative annual goodwill impairment test as of September 30, 2017. No goodwill impairment loss has been recorded in 2017 or 2016.

Core deposit intangibles and other intangibles are recognized apart from goodwill at the time of acquisition based on market valuations prepared by independent third parties. In valuing core deposit intangibles, the third parties consider variables such as deposit servicing costs, attrition rates and market discount rates. Core deposit intangibles are amortized over its estimated useful life and reviewed for impairment annually or earlier if events or changes in circumstances occur that indicate that their carrying values may not be recoverable. If the recoverable amount of the core deposit intangible is determined to be less than its carrying value, the Company would then measure the amount of impairment based on an estimate of the fair value at that time. If the estimated fair value is less than the carrying value, the core deposit intangible would be reduced to such value and the impairment recognized as noninterest expense in the consolidated statement of operations. The Company's analysis indicated no impairment existed as of December 31, 2017 or 2016.

Other real estate owned Other real estate owned ("OREO"), acquired through foreclosure or deed in lieu of foreclosure, is initially recorded at the estimated fair value of the property, based on current independent appraisals obtained at the time of acquisition, less estimated costs to sell including senior obligations such as delinquent property taxes. The excess of the recorded loan balance over the estimated fair value of the property at the time of acquisition, less estimated costs to sell, is charged to the allowance for loan losses. Any subsequent write downs are charged to noninterest expense and recognized through an OREO valuation allowance. Subsequent increases in the fair value of the asset less selling costs reduce the OREO valuation allowance, but not below zero, and are credited to noninterest expense. Gains and losses on the sale of foreclosed properties and operating expenses of such assets are also included in noninterest expense.

Bank owned life insurance The Company invests in Bank Owned Life Insurance ("BOLI") involving the purchase of life insurance on certain employees. The Company is the owner and beneficiary of these policies. BOLI is recorded as an asset at cash surrender value. Increases in the cash value of these policies, as well as insurance proceeds received, are recorded in other non-interest income and are not subject to income tax.

Transfer of financial assets Transfers of an entire financial asset, a group of financial assets, or a participating interest in an entire financial asset are accounted for as sales when control has been relinquished. Control is deemed to be surrendered when the assets have been isolated from the Company, the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets, and the Company does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity.

Investments in qualified affordable housing projects Affordable housing investments are evaluated to determine whether they meet the qualifications for accounting under the proportional amortization method based on the criteria established under ASC 323 *Investments Equity Method and Joint Ventures*. Under the proportional amortization method, the initial cost of the investments are amortized in proportion to the tax credits and other tax benefits received and recognizes the net investment performance in the income statement as a component of income tax expense.

Note 1 Summary of Significant Accounting Policies (Continued)

In situations where the structure of an investment is modified, an evaluation is performed to ensure the conditions continue to be met for accounting under the proportional amortization method. Additionally, investments in qualified affordable housing projects are tested for impairment when there are events or changes in circumstances indicating that it is more likely than not that the carrying amount of the investment will not be realized. An impairment loss is measured as the amount by which the carrying amount of an investment exceeds its fair value. There is no impairment loss resulting from the recently enacted tax law change.

Income taxes The Company uses the asset and liability method to account for income taxes. The objective of the asset and liability method is to establish deferred tax assets and liabilities for the temporary differences between the financial reporting basis and the income tax basis of the Company's assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled. The Company's annual tax rate is based on its income, statutory tax rates and tax planning opportunities available in the states in which it operates. Tax laws are complex and subject to different interpretations by the taxpayer and respective governmental taxing authorities. Significant judgment is required in determining tax expense and in evaluating tax positions, including evaluating uncertainties.

The Company reviews its tax positions periodically and adjusts the balances as new information becomes available. It is the Company's policy to recognize interest and penalties associated with uncertain tax positions as components of noninterest expense in the consolidated statements of income.

Deferred income tax assets represent amounts available to reduce income taxes payable on taxable income in future years. Such assets arise because of temporary differences between the financial reporting and tax bases of assets and liabilities, as well as from net operating loss carryforwards. The Company evaluates the recoverability of these future tax deductions by assessing the adequacy of future expected taxable income from all sources, including reversal of taxable temporary differences, forecasted operating earnings and available tax planning strategies. The Company uses historical experience and short and long-range business forecasts to provide additional information for its evaluation of the recoverability of deferred tax assets. A deferred tax valuation allowance is established to reduce the net carrying amount of deferred tax assets if it is determined to be more likely than not that all or some of the deferred tax asset will not be realized.

While the Company was able to make reasonable estimates of the impact of the reduction in the Federal corporate rate, the final impact of the Tax Act may differ from these estimates, including, but not limited to, changes in our interpretations and assumptions, additional guidance that may be issued by the Internal Revenue Service ("IRS"), return to provision differences and state rate adjustments. The Company is continuing to gather additional information to determine the final impact.

Advertising expense Advertising costs are expensed as incurred. Such expenses were not material in 2017 and 2016.

Comprehensive income Comprehensive income consists of net income and other comprehensive income. Other comprehensive income (loss) consists of unrealized gains and losses on securities available-for-sale which are also recognized as a separate component of shareholders' equity.

Common stock The Company has authorized 60,000,000 shares of voting common stock and 10,000,000 shares of nonvoting common stock. There are no dividends or liquidation preferences.

participation rights, call prices or dates, conversion prices or rates, or sinking fund requirements associated with these shares.

Under an agreement with the primary federal regulator of the Company, the Federal Reserve Bank, certain shareholders have agreed to limit their voting shares to 14.99%. Purchases of common stock in excess of these voting restrictions are issued in non-voting common stock. Should their voting limitations change due to increases in voting common stock issued to other shareholders, their nonvoting shares are exchanged for voting shares up to the 14.99% limitation.

Earnings per share ("EPS") Basic EPS excludes dilution and is computed by dividing net income available to common shareholders by the weighted-average number of shares outstanding for the period of 33,087,935 and 32,969,268 shares in 2017 and 2016, respectively. The Company has elected to report diluted earnings per share. Diluted shares consist of stock options only and are computed using an internal valuation of the Company's common stock as the shares are thinly traded. Diluted shares were 34,070,755 and 33,903,041 in 2017 and 2016, respectively.

Stock-based compensation The Company accounts for stock-based compensation in accordance with rules that require compensation cost relating to share-based compensation transactions be recognized in the consolidated statements of income based upon the grant-date fair value of the stock-based compensation granted by the Company. The effect of stock-based accounting rules is to require entities to measure the cost of employee services received in exchange for stock-based compensation and to recognize the cost over the period the employee is required to provide services for the award. The Company uses the Black-Scholes option-pricing model for determination of grant date fair value which meets the fair value objective within the accounting standard.

Fair value measurements Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB accounting principles establish a three-level hierarchy for disclosure of assets and liabilities recorded at fair value. The classification of assets and liabilities within the hierarchy is based on whether the inputs to the valuation methodology used for measurement are observable or unobservable. Observable inputs reflect market-derived or market-based information obtained from independent sources, while unobservable inputs reflect the Company's estimates about market data.

In general, fair values determined by Level 1 inputs utilize quoted prices for identical assets or liabilities traded in active markets that the Company has the ability to access. Fair values determined by Level 2 inputs utilize information other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

Subsequent events Subsequent events are events or transactions that occur after the balance sheet date but before financial statements are issued. The Company recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing the financial statements. The Company's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after the balance sheet date and before financial statements are issued. The Company has evaluated subsequent events through March 8, 2018, which is the date the financial statements became available for issuance.

Dividend The Company declared on January 17, 2018 a cash dividend of \$0.15 per share payable to shareholders of record of its outstanding voting and non-voting common stock on January 31, 2018. The dividend of \$4,976 was paid on February 14, 2018.

Definitive Agreement The Company announced on February 12, 2018 that it has entered into a Definitive Agreement to sell the Company to Pacific Premier Bancorp Inc. in an all-stock transaction valued at approximately \$641.2 million, or \$18.57 per share based on the closing price for Pacific Premier stock of \$39.10 as of February 9, 2018. The transaction is expected to close in the third quarter of 2018.

Recently issued accounting pronouncements In May 2014, the FASB issued ASU No. 2014-09 *Revenue from Contracts with Customers (Topic 606)*, which creates Topic 606 and supersedes Topic 605, Revenue Recognition. The core principle of Topic 606 is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In general, the new guidance requires companies to use more judgment and make more estimates than under current guidance, including identifying performance obligations in the contract, estimating the amount of variable consideration to include in the transaction price and allocating the transaction price to each separate performance obligation. The standard is effective for public entities for interim and annual periods beginning after December 15, 2017; early adoption is not permitted. For financial reporting purposes, the standard allows for either full retrospective adoption, meaning the standard is applied to all of the periods presented, or modified retrospective adoption, meaning the standard is applied only to the most current period presented in the financial statements with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company does not expect this ASU to have a material impact on the Company's financial statements.

In August 2014, the Financial Accounting Standards Board ("the FASB") issued Accounting Standards Update ("ASU") 2014-15: "Presentation of Financial Statements - Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern" ("ASU No. 2014-15"). ASU No. 2014-15 requires management to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern, and to provide related footnote disclosures in certain circumstances. During the period ended December 31, 2016 the Company adopted ASU No. 2014-15 which did not have an impact on the Company's financial position, results of operation or cash flows.

In January 2016, the FASB issued ASU No. 2016-01, Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities. The new

guidance is intended to improve the recognition and measurement of financial instruments. This ASU requires equity investments (except those accounted for under the equity method of accounting, or those that result in consolidation of the investee) to be measured at fair value with changes in fair value recognized in net income. In addition, the amendment requires public business entities to use the exit price notion when measuring the fair value of financial instruments for disclosure purposes and requires separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (i.e., securities or loans and receivables) on the balance sheet or the accompanying notes to the financial statements. This ASU also eliminates the requirement for public business entities to disclose the method(s) and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost on the balance sheet. The amendment also requires a reporting organization to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument specific credit risk (also referred to as "own credit") when the organization has elected to measure the liability at fair value in accordance with the fair value option for financial instruments. ASU No. 2016-01 is effective for financial statements issued for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted for certain provisions. The Company is currently evaluating the impact of this ASU on the Company's consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The new guidance requires a lessee to recognize in the statement of financial position a liability to make lease payments and a right-of-use asset representing its right to use the underlying asset for the lease term. The guidance separates leases into finance and operating categories, both of which are required to be recognized as an asset and liability on the financial statements. The asset and liability are initially measured at the present value of the lease payments, in the statement of financial position for both finance and operating leases. For finance leases, lessees are to recognize interest on the lease liability separate from amortization of the right-of-use asset in the statement of comprehensive income, and classify repayments of the principal portion of the lease liability within financing activities and payments of interest on the lease liability and variable lease payments within operating activities in the statement of cash flows. For operating leases, lessees are to recognize a single lease cost, calculated so that the cost of the lease is allocated over the lease term on a generally straight-line basis, and all cash payments are to be classified within operating activities in the statement of cash flows. The amendments of this Update are effective for fiscal years beginning after December 15, 2018, for public business entities. The Company is currently evaluating the impact this ASU will have on the Company's financial statements.

In March 2016, the FASB issued ASU No. 2016-09, *Compensation - Stock Compensation (Topic 718)*. This ASU was issued as part of FASB's Simplification Initiative. The areas for simplification in this Update include income tax consequences, classification of awards as either equity or liabilities and classification on the statement of cash flows for share-based payment transactions. For public business entities, this ASU will be effective for annual periods beginning after December 15, 2017. The Company does not expect this ASU to have a significant impact on the Company's financial statements.

Note 1 Summary of Significant Accounting Policies (Continued)

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments - Credit Losses*. ASU 2016-13 requires entities to report "expected" credit losses on financial instruments and other commitments to extend credit rather than the current "incurred loss" model. These expected credit losses for financial assets held at the reporting date are to be based on historical experience, current conditions, and reasonable and supportable forecasts. This ASU will also require enhanced disclosures to help investors and other financial statement users better understand significant estimates and judgments used in estimating credit losses, as well as the credit quality and underwriting standards of an entity's portfolio. These disclosures include qualitative and quantitative requirements that provide additional information about the amounts recorded in the financial statements. For public business entities that are U.S. Securities and Exchange Commission filers, the amendments are effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. The Company is currently evaluating the impact the adoption of ASU 2016-13 will have on its financial statements.

In January 2018, the FASB issued ASU No.2018-02, *Income Statement - Reporting Comprehensive Income (Topic 220)*. This ASU was issued to clarify the reclassification of certain tax effects from accumulated other comprehensive income to retained earnings for stranded tax effects resulting from the Tax Cuts and Jobs Act. The Company made the election to early adopt ASU No.2018-02 for the fiscal year ended December 31, 2017 by reclassifying the income tax effects of the Tax Cuts and Jobs Act from accumulated other comprehensive income to retained earnings.

Reclassification Certain amounts from the prior year footnotes have been reclassified in order to conform to the current year presentation, which did not have an effect on previously stated net income or shareholders' equity.

Note 2 Business Combinations

Beginning in 2010 through 2013, the Company completed the acquisitions noted below and, accordingly, the operating results of the acquired entities have been included in the Company's consolidated financial statements from their respective dates of acquisition. The assets acquired and liabilities assumed from these acquisitions have been accounted for under the acquisition method of accounting. The assets and liabilities, both tangible and intangible, were recorded at their estimated fair values as of the acquisition date. The fair values of assets and liabilities acquired, including the calculation of the undiscounted contractual cash flows and beginning accretable yield relating to the acquired loan portfolios are subject to change after the closing date of each acquisition, as additional information relating to the closing data that was incomplete or unknown at the acquisition date becomes available. The measurement period ends as soon as the acquirer receives the information it was seeking about facts and circumstances that existed as of the acquisition date or learns that more information is not obtainable. However, the measurement period shall not exceed one year from the acquisition date. In addition, the tax treatment of acquisitions can be complex and subject to interpretations that may result in future adjustments of deferred taxes as of the acquisition date. For 2017, there were no facts or circumstances deemed to have a material impact on Day 1 accounting.

Note 4 Loans and Allowance for Loan Losses (Continued)

The adequacy of the allowance for loan losses is determined by the Company's management based upon evaluation and review of credit quality of the loan portfolio, consideration of historical loss experience, relevant internal and external factors that affect the collection of a loan, and other pertinent factors. The allowance for loan loss analysis is a formula methodology based upon assigning a risk rating to each loan upon origination and is periodically reassessed and validated during the term of the loan through the Company's credit review processes. The allowance for loan loss is determined based upon accounting principles within ASC 310-30.

Additionally, the Company's management utilizes qualitative adjustments to the allowance for loan loss analysis in order to systematically quantify the credit risk impact of other trends and changes within the loan portfolio. The qualitative factors considers the following nine factors, which are patterned after the guidelines provided under the Federal Financial Institutions Examination Council Interagency Policy Statement on the Allowance for Loan and Lease Losses issued in 2006:

Changes in lending policies and procedures, including changes in underwriting standards and collection, charge-off, and recovery practices not considered elsewhere in estimating credit losses;

Changes in international, national, regional, and local economic and business conditions and developments that affect the collectability of the portfolio, including the condition of various market segments;

Changes in the nature and volume of the portfolio and in the terms of loans;

Changes in the experience and ability of lending management and other relevant staff;

Changes in the volume and severity of past due loans, the volume of nonaccrual loans, and the volume and severity of adversely classified or graded loans;

Changes in the quality of the institution's loan review system;

Changes in the value of underlying collateral for collateral-dependent loans;

The existence and effect of any concentrations of credit, and changes in the level of such concentrations; and,

The effect of other external factors such as competition and legal and regulatory requirements on the level of estimated credit losses in the institutions' existing portfolio.

The Company also establishes specific loss allowances for loans where management has identified potential credit risk conditions or circumstances related to a specific individual loans. The loans identified as impaired are accounted for in accordance with one of the three acceptable valuations as follows: 1) the present value of future cash flows discounted at the loan's effective interest rate; 2) the loan's observable market price; or 3) the fair value of the collateral, if the loan is collateral dependent. For the collateral dependent impaired loans, the Company obtains an appraisal to determine the amount of impairment at the date that the loan becomes impaired. If the third party market data indicates that the value of collateral has declined since the most recent valuation date, the value of the property is adjusted downward to reflect current

market conditions. If the fair value of the collateral, less cost to sell, is less than the recorded amount of the loan, the Company either recognizes

impairment by creating or adjusting an existing valuation allowance with a corresponding charge to the provision for loan losses or charges off the impaired balance on collateral dependent loans, if it is determined that such loss amount represents a confirmed loss.

Management believes that the allowance for loan losses was adequate as of December 31, 2017. There is, however, no assurance that future loan losses will not exceed the levels provided for in the allowance for loan losses and could possibly result in additional charges to the provision for loan losses. In addition, bank regulatory authorities, as part of their periodic examination of the Company, may require additional charges to the provision for loan losses in future periods if warranted as a result of their review. A significant decline in real estate market values may require an increase in the allowance for loan losses.

A summary of the changes in the allowance for loans losses for the years ended December 31:

As a result of the Company's geographical concentration, a reliance on the economies in Southern California, Phoenix and Tucson, Arizona, and Vancouver, Washington may increase the credit risk associated with the Company's loans. While management believes that the allowance for loan losses at December 31, 2017 and 2016, is adequate to absorb probable losses inherent in the Company's loan portfolio, a continued downturn in these economies may adversely impact asset quality and require future additions to the allowance for loan losses. To the extent that such events occur, the impact on the adequacy of the Company's allowance for loan losses will be reported in the Company's consolidated financial statements in the period of occurrence.

Credit Quality Indicators

As previously noted, the Company uses several credit quality indicators to manage credit risk in an ongoing manner. The Company's primary credit quality indicators are to use an internal credit risk rating system that categorizes loans and leases into pass, special mention, or classified categories. Credit risk ratings are applied individually to all loans that have significant or unique credit characteristics that benefit from a case-by-case evaluation. The following are the definitions of the Company's credit quality indicators:

Pass/Watch: Loans in all classes that comprise the commercial and consumer portfolio segments that are not adversely rated, are contractually current as to principal and interest, and are

FS-29

(Amounts in thousands, except share data and per share amounts)

Note 4 Loans and Allowance for Loan Losses (Continued)

otherwise in compliance with the contractual terms of the loan or lease agreement. Management believes that there is a low likelihood of loss related to those loans that are considered pass.

Special Mention: Loans classified as special mention have a potential weakness that deserves management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loan or of the Company's credit position at some future date.

Substandard: Loans classified as substandard are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any. Loans so classified have a well-defined weakness or weaknesses that jeopardize the repayment of the debt. They are characterized by the distinct possibility that the Company will sustain some loss if the deficiencies are not corrected.

Doubtful/Loss: Loans classified as doubtful have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or repayment in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable. The possibility of loss is extremely high, but because of certain important and reasonably specific pending factors, which may work towards strengthening of the asset, classification as a loss (and immediate charge off) is deferred until more exact status may be determined. In certain circumstances, a Doubtful rating will be temporary, while the Company is awaiting an updated collateral valuation. In these cases, once the collateral is valued and appropriate margin applied, the remaining un-collateralized portion will be charged off. The remaining balance, properly margined, may then be upgraded to Substandard, however must remain on non-accrual. A loss rating is assigned to loans considered un-collectable and of such little value that the continuance as an active Company asset is not warranted. This rating does not mean that the loan has no recovery or salvage value, but rather that the loan should be charged-off currently, even though partial or full recovery may be possible in the future.

The Company's credit quality indicators are periodically updated on a case-by-case basis. The following tables present by loan type and by credit quality indicator, the recorded investment in the Company's loans as of December 31.

Core deposit intangibles ("CDI") represent intangible assets with finite lives. CDI is amortized over its estimated useful life to estimated residual value and reviewed for impairment at least annually. The amortization expense represents the estimated decline in value of the underlying deposits acquired. At December 31, 2017, the weighted average amortization period remaining for the Company's CDI is 4 years. The estimated aggregate amortization expense related to CDI for years 2018 through 2022 is \$1,458, \$1,374, \$1,031, \$761 and \$429, respectively.

The Company also recorded a trade name intangible asset of \$1,200 related to acquisition of Bank of Tucson in 2011. The estimated future amortization related to this intangible is approximately \$85 per year for the next eight years. Management evaluates this intangible asset for impairment at least annually.

Note 8 Qualified Affordable Housing Projects

During 2017, the Company invested \$20 million in a qualified affordable housing project which provides the Company with Community Reinvestment Act credits. Additionally, the investment provides the Company with tax credits and with operating loss tax benefits over an approximately 10 year period. None of the original investment is expected to be repaid.

These investments are reported under the proportional amortization method. The amortization on the underlying investments are reported through income tax expense along with the tax credits and tax benefits generated from the operating losses in the consolidated statement of income and comprehensive income for the year ended December 31, 2017.

As of December 31, 2017, the original amount of the investment was \$20 million, the current investment is \$8,484 reported in other assets and the unfunded commitment for this investment is \$10,003. During 2017, the Company recorded estimated tax credits and benefits of \$1,559, amortized \$1,513 of the investment and recorded a net benefit to income tax expenses of \$46.

This line had an average outstanding balance of \$282.9 million and \$298.8 million with an average rate of 1.04% and 0.45% during 2017 and 2016, respectively. The Bank also had letters of credit of \$168 million and \$110 million outstanding under its credit line with FHLB as of December 31, 2017 and 2016, respectively, which reduced its borrowing capacity.

During 2017, the Company opened a \$5 million revolving line of credit with another financial institution having monthly interest only payments at one-month LIBOR plus 225 basis points. There is a non-usage fee of 50 basis points payable monthly. There were no balances outstanding on this line in 2017.

During 2016, the Company terminated its \$5 million revolving line of credit with a financial institution having monthly interest only payments at 5.50%. There were no balances outstanding on this line in 2016.

Note 11 Subordinated Debenture Payable

On December 28, 2010, in connection with the acquisition of FCB, the Company acquired the \$155 of common equity of First Commerce Bancorp Statutory Trust I (the "Trust"), a Connecticut statutory business trust and assumed the \$5,155 in outstanding subordinated debentures issued by the Trust.

The Trust was formed by FCB for the purpose of issuing trust preferred securities and issued \$5,000 of its Floating Rate Cumulative Trust Preferred Securities in 2003. The interest rate on the securities, which mature in 2033 and are callable at the option of the Company, is equal to the three-month LIBOR plus 2.95%. The subordinated debentures issued by the Trust also mature in 2033 and include the same interest rate of the three-month LIBOR plus 2.95%. The Company has the right to defer payment of interest on the subordinated debenture at any time for a period not to exceed five years. The subordinated debentures may be redeemed at par by the Company prior to maturity. For financial reporting purposes, the Trust is not consolidated and the fixed rate junior subordinated deferrable interest debentures held by the Trust, issued and guaranteed by the Company, are reflected as subordinated debenture payable in the consolidated balance sheets.

In connection with the FCB acquisition, the Company recorded a \$514 discount to reflect the current below market interest rate on the assumed subordinated debentures. This discount was recorded in other assets and will be amortized under the straight-line method over the remaining life of the subordinated debentures as deferred interest costs. The unamortized discount was \$360 and \$383 as of December 31, 2017 and 2016, respectively.

A deferred tax valuation allowance is established to reduce the net carrying amount of deferred tax assets if it is determined to be more likely than not that all or some of the deferred tax asset will not be realized. The Company concluded that a valuation allowance was not required at December 31, 2017 and 2016. The determination of the ability to fully utilize deferred tax assets requires significant judgment, the use of estimates and the interpretation of complex tax laws. As such, the Company evaluated its position based on historical performance, projections, and tax planning strategies.

Pursuant to Sections 382 and 383 of the Internal Revenue Code, annual use of net operating loss and credit carryforwards may be limited in the event a cumulative change in ownership of more than 50 percent occurs within a three-year period. Such an ownership change occurred as related to the acquisition of SABB and BBC that resulted in estimated limitations on the utilization of net operating loss carryforwards. Pursuant to Section 382, approximately \$297 of SABB's restricted net operating loss carryforwards will become available each year and \$898 of BBC's restricted net operating loss carryforward will become available each year. The Company had net operating loss carryforwards of approximately \$13,754 for federal tax purposes, and \$3,020 for California tax purposes as of December 31, 2017. The loss carryforwards relate to SABB and BBC are subject to the annual limitations above. The Company had net operating loss carryforwards of approximately \$14,949 for federal tax purposes and \$3,317 for California tax purposes as of December 31, 2016. Net operating loss carry forwards, to the extent not used, will begin to expire in 2027.

The deferred tax asset associated with start-up and organizational expenses are being amortized and deducted for tax purposes over a 180-month period.

The Company charged off \$6,570 of its deferred tax asset in 2017 as a result of the lowering of the corporate tax rate for federal tax purposes from 35% to 21%.

The Company had no uncertain tax benefits at December 31, 2017 and 2016. The Company recognizes interest accrued and penalties related to unrecognized tax benefits in noninterest expense in the consolidated statements of income. During the year ended December 31, 2017 and 2016, the Company recognized no interest and penalties. The consolidated federal and state tax return filings for the Company are no longer subject to U.S. federal tax authority for years before 2013 and California state tax authority examinations for years before 2012. Returns filed by SABB, FCB, SACB, BOT, OCB, RB, PHL, CCB and BCC prior to being included in the consolidated filings of the Company are no longer subject to U.S. federal tax authority examination for years before 2013 and California state tax authority examinations for years before 2012. The acquisition of GIL, BOT, SACB, and FVAB were treated as asset purchase acquisitions for tax purposes. The Company is no longer responsible for uncertain tax positions related to these four entities for periods prior to being included in the Company's consolidated tax return filing.

Note 13 Employee Benefit Plans

The employees of the Company are covered under a 401(k) defined contribution plan that was established in 2010. All full-time employees of the Company are eligible to participate in the plan. Eligible employees may defer a portion of their annual compensation subject to the limitations set forth in section 401(k) of the Internal Revenue Code.

The Company matches employee contributions on a discretionary basis. The Company's matching contribution of the 401(k) plan was \$959 and \$897 for the years ended December 31, 2017 and 2016, respectively.

The Company has assumed executive supplemental compensation agreements in connection with certain of its acquisitions. These agreements were fully vested upon the change in control and were recorded at the present value of the scheduled benefits for each employee. Annual benefits payable under these agreements range from \$55 to \$130 for the life of the individual employees depending on

each contract. As of December, 31, 2017 and 2016, the Company had accrued \$2,437 and \$2,336, respectively, in other liabilities related to these agreements. The Company also assumed life insurance endorsement method split-dollar agreements with these employees. Under these agreements, upon the death of the employees, the Company first recovers the cash surrender value of the insurance contracts and then shares the remaining death benefits with the designated beneficiaries of the employees. The cash surrender value of these life insurance contracts totaled \$33,260 and \$32,470 as of December 31, 2017 and 2016, respectively, and was recorded in other assets in the consolidated balance sheets.

Note 14 Stock-Based Compensation

The Company has a stock option plan (the "Plan") in which options to purchase shares of the Company's common stock are granted at the discretion of the Board of Directors to directors, certain management and other key personnel of the Company and all subsidiaries. The 2011 Plan is authorized to grant a maximum of 10% of the aggregate number of outstanding shares on a fully-diluted basis, as either incentive stock options or nonqualified stock options. The purchase price of the common stock associated with the options is determined by the Board of Directors of the Company, but may not be less than the fair market value of the Company's stock at the time the option is granted. The options generally vest over five years from the date they are granted. However, under certain conditions the vesting may be accelerated. The options, if not exercised, will expire ten years from the date they are granted. The number of options available for future grant amounted to 181,417 and 8,167 as of December 31, 2017 and 2016, respectively. Options granted under the Plan were 15,000 with a weighted average fair value of \$3.12 during the year ended December 31, 2016. There were no options granted during the year ended December 31, 2017.

The fair value of each option grant was estimated on the date of grant using the Black-Scholes option-pricing model based upon the weighted-average assumptions shown in the following table. The expected volatility was based on the volatility of the Bank's stock price. The Bank uses historical data on option exercises to determine the expected term within the valuation model. The risk-free rate is based upon the U.S. Treasury yield curve at the time of option grant.

The assumptions used to estimate the fair value of stock options granted for the years ended December 31, were as follows:

	2016
Average risk free interest rate	1.77%
Weighted-average expected life	5 years
Volatility	40.00%
Dividends	3.90%

Based solely on stock options outstanding at December 31, 2017, and assuming a 0% forfeiture rate, the estimated pretax compensation expense related to these options for years 2018 through 2019 is \$54 and \$27, respectively. Future expense related to stock option awards would be impacted by new awards and/or modifications, repurchases and forfeitures of existing awards.

Weighted-average fair value of options granted	\$ 3.91		

The estimated grant date fair value of stock options that vested was \$482 and \$966 for the Plan, for the years ended December 31, 2017 and 2016, respectively, which has been reported in salaries and benefits expense within the consolidated statements of income. There is aggregate intrinsic value of \$10,811 for all options exercisable and outstanding at December 31, 2017.

The Company has a restricted shares and stock appreciation rights plan (the "Shares and Rights Plan") in which restricted shares or stock appreciation rights of or in the Company's common stock are granted at the discretion of the Board of Directors to directors, certain management and other key personnel. The 2012 Shares and Rights Plan is authorized to grant a maximum of 3% of the aggregate number of outstanding shares on a fully-diluted basis, but excluding shares subject to issuance by the Company pursuant to the 2011 Option Plan. Unrestricted shares of common stock are issued for the restricted shares which are no longer subject to the terms and criteria of the restriction. The reference price of the common stock associated with the restricted shares and stock appreciation rights is based on the fair value of the Company's stock at the time the rights are granted. The restricted shares or stock appreciation rights generally vest over five years from the date they are granted. However, under certain conditions the vesting may be accelerated, or in other cases unachieved. The stock appreciation rights, if not exercised, will expire ten years from the date they are granted. The number of restricted shares and stock appreciation rights available for future grant was 865,343 and 890,775 as of December 31, 2017 and 2016, respectively. The Company issued restricted shares of 25,432 and 35,057, granted at \$13.37 and \$12.16, and recognized \$340 and \$427 of stock based compensation expense for the years ended December 31, 2017 and 2016, respectively. The Company had no outstanding restricted shares as of December 21, 2017 and 2016.

Note 15 Transactions with Related Parties

In the ordinary course of business, the Company enters into transactions with certain directors, officers and shareholders and certain affiliates of the Company. As part of its normal banking activities, the Company has extended credit to and received deposits from certain members of its Board of

Directors, major shareholders, officers as well as entities with which these individuals are associated. These related parties had deposits with the Company of \$2,767 and \$2,018 respectively at December 31, 2017 and 2016. There were no related party loans with the Company in 2017 or 2016. Management believes these transactions were made in the ordinary course of business on substantially the same terms and conditions, including interest rates, as comparable deposits with other customers.

Note 16 Commitments and Contingencies

Off-balance sheet instruments The Company is party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit. These instruments involve, to varying degrees, elements of credit risk in excess of the amount recognized on the balance sheet. To mitigate this risk posed by off-balance sheet exposures, the Company has established an off-balance sheet reserve totaling \$209 and \$154 as of December 31, 2017 and 2016, respectively, and included in other liabilities in the accompanying consolidated balance sheets.

The Company's exposure to losses in the event of nonperformance by the other party to the financial instrument for commitments to extend credit and standby letters of credit is represented by the contractual amount of those instruments. The Company uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet instruments.

Standby letters of credit are conditional commitments issued by the Company to guarantee the performance of a customer to a third party. Those guarantees are primarily issued to support public and private borrowing arrangements, including commercial paper, bond financing, and similar transactions.

A summary of the contractual or notional amounts of the Company's significant off-balance sheet financial instruments as of December 31 is as follows:

	2017		2016
Commitments to extend credit	\$ 572,231	\$	361,875
Standby letters of credit	8,366		12,597
	\$ 580,597	\$	374,472

Litigation In the ordinary course of business, the Company becomes involved in litigation. Management believes, based upon opinions of legal counsel, that the disposition of all suits pending against the Company will not have a material adverse effect on its consolidated financial position or results of operations.

Lease commitments The Company leases office locations and equipment which have been classified as operating leases. These lease agreements call for various monthly payments expiring at dates through the year 2022. Rental expense for the years ended December 31, 2017 and 2016 amounted to \$3,385 and \$3,310, respectively.

Note 17 Fair Value Information**Fair Value Measurement**

Fair Value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for an asset or liability in an orderly transaction between market participants at the measurement date. ASC Topic 825 requires disclosure of the fair value of financial assets and financial liabilities, including both those financial assets and financial liabilities that are not measured and reported at fair value on a recurring basis and non-recurring basis. The methodologies for estimating the fair value of financial assets and financial liabilities that are measured at fair value, and for estimating the fair value of financial assets and financial liabilities not recorded at fair value, are discussed below.

In accordance with accounting guidance, the Company groups its financial assets and financial liabilities measured at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine the fair value. These levels are as follows:

Level 1 Observable unadjusted quoted market prices in active markets for identical assets and liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 Significant other observable market based inputs, other than Level 1 prices such as quoted prices for similar assets or liabilities or unobservable inputs that are corroborated by market data. This includes quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data, either directly or indirectly. This would include those financial instruments that are valued using models or other valuation methodologies where substantially all of the assumptions are observable in the market place, can be derived from observable market data or are supported by observable levels at which transactions are executed in the marketplace.

Level 3 Significant unobservable inputs that reflect a reporting entity's evaluation about the assumptions that market participants would use in pricing an asset or liability. Assets measured utilizing level 3 are for positions that are not traded in active markets or are subject to transfer restrictions, and or where valuations are adjusted to reflect illiquidity and or non-transferability.

Table of Contents**GRANDPOINT CAPITAL, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****(Amounts in thousands, except share data and per share amounts)****Note 17 Fair Value Information (Continued)**

These assumptions are not corroborated by market data. This is comprised of financial instruments whose fair value is estimated based on internally developed models or methodologies utilizing significant inputs that are generally less readily observable from objective sources. Management uses a combination of reviews of the underlying financial statements, appraisals and management's judgement regarding credit quality to determine the value of the financial asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Management maximizes the use of observable inputs and attempts to minimize the use of unobservable inputs when determining fair value measurements.

Assets Measured at Fair Value on a Recurring Basis

Investment securities An independent third party performs market valuations of the Company's available-for-sale securities. The fair values are determined by using several sources for valuing securities. The techniques include pricing models that vary based on the type of asset being valued and incorporate available trade, bid, and other market information. The market valuation sources include observable market inputs and are therefore considered Level 2 inputs for purposes of determining the fair values.

The Company had no financial assets or liabilities that were measured at fair value on a recurring basis that required the use of significant unobservable inputs (Level 3) at December 31, 2017 and 2016. Additionally, there were no transfers of assets either between Level 1 and Level 2 nor in or out of Level 3 of the fair value hierarchy for assets measured on a recurring basis for the years ended December 31, 2017 and 2016.

Assets Measured at Fair Value on a Non-recurring Basis

The Company may be required periodically, to measure certain financial assets and financial liabilities at fair value on a non-recurring basis, that is, the instruments are not measured at fair value on an ongoing basis, but are subject to fair value adjustments in certain circumstances (for example, when there is evidence of impairment). These include assets that are measured at the lower of cost or fair value that were recognized at fair value below cost at the end of or during the period.

There were no transfers of assets either between Level 1 and Level 2 nor in or out of Level 3 of the fair value hierarchy for assets measured on a non-recurring basis for the years ended December 31, 2017 and 2016.

The following table presents the balances of the financial assets measured at fair value on a non-recurring basis by caption and by level within the fair value hierarchy as of December 31:

Impaired loans and other real estate owned The loan balance shown in the above table represents all of the Company's impaired loans for which impairment was recognized during the period. These loans are measured at fair value on a non-recurring basis. Most of these loans are collateral-dependent and the Company measures such impaired loans based on the fair value of their collateral. The fair value of each loan's collateral is generally based on estimated market prices from an independently prepared appraisal, which is then adjusted for the cost related to liquidating such collateral. The estimated fair value of other real estate owned is based on the appraised values or other information. We generally use an 8% discount for selling costs which is applied to all properties, regardless of size. Appraised values may be adjusted to reflect changes in market conditions that have occurred subsequent to the appraisal date, or for revised estimates regarding the timing or cost of the property sale. These adjustments are based on qualitative judgments made by management on a case-by-case basis. There have been no significant changes in the valuation techniques during the period ended December 31, 2017.

Note 17 Fair Value Information (Continued)**Fair Value of Financial Assets and Liabilities**

ASC Topic 825 requires disclosure of the fair value of financial assets and financial liabilities, including those financial assets and financial liabilities that are not measured and reported at fair value on a recurring basis or a non-recurring basis. The estimated fair value amounts have been determined by the Company using available market information and appropriate valuation methodologies. However, considerable judgement is required to develop the estimates of fair value. Accordingly, the estimates presented below are not necessarily indicative of the amounts the Company could have realized in a current market exchange as of December 31, 2017 and 2016. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts. The description of the valuation methodologies used for assets and liabilities measured at fair value and for estimating fair value for financial instruments not recorded at fair value has been described below.

The table below presents the carrying amounts and fair values of financial instruments as of December 31 based on their fair value hierarchy indicated:

Cash and cash equivalents The carrying value of cash and cash equivalents approximate the fair value.

Certificates of deposit in other banks Certificates of deposit in other banks are reported at their fair value based upon discounting estimated future cash flows using currently offered rates for deposits of similar maturities.

Investment securities Investment securities are reported at fair value based upon independent third party market valuations of the Company's investment securities. The fair values are determined by using several sources for valuing securities. The techniques include pricing models that vary based on the type of asset being valued and incorporate available trade, bid, and other market information.

Investments in common stock, substantially restricted The carrying value of FHLB stock and bankers' bank stock approximates fair value based on the redemption provisions of the respective stock.

Loans The Company's loan portfolio is held for investment purposes. Included in the portfolio are loans categorized as being impaired. Fair values were calculated by sorting the portfolio by different product categories such as Commercial, Real Estate and Consumer and then further segmented into fixed and variable indexes and using a discounted present value model. The model uses the Treasury yield curve, LIBOR or prime rate as the basis to derive a "risk-free" rate which is modified for credit quality.

Bank Owned Life Insurance ("BOLI") The Company's BOLI fair value is estimated based upon the cash surrender value of the life insurance policies.

Accrued interest The carrying amounts of accrued interest approximate fair value.

Note 17 Fair Value Information (Continued)

Deposits The fair value of deposits with no stated maturity, such as noninterest-bearing demand deposits, savings, NOW accounts and money market accounts, is equal to the amount payable on demand at the reporting date (that is, their carrying amounts). The fair value of certificates of deposit is based on the discounted value of contractual cash flows. The discount rate is estimated using the rates currently offered for deposits of similar remaining maturities. The fair value estimates do not include the benefit that results from the low-cost funding provided by the deposit liabilities compared to the cost of borrowing funds in the market.

Borrowings Borrowings include short term FHLB borrowings. The carrying amount approximates fair value.

Subordinated debentures payable The fair values of subordinated debentures are determined using rates currently available to the Company for debt with similar terms and remaining maturities.

Off-balance sheet financial instruments The fair value of commitments to extend credit is based upon the difference between the interest rate at which we are committed to make the loans and the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities, adjusted for the estimated volume of loan commitments actually expected to close. The fair value of commitments to extend credit and standby letters of credit was not significant at December 31, 2017 and 2016, as these instruments predominantly have adjustable terms and are of a short-term nature.

Note 18 Regulatory Matters

The Company and the Bank are subject to various regulatory capital requirements administered by federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory, and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on the Company's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Company must meet specific capital guidelines that involve quantitative measures of the Company's assets, liabilities, and certain off-balance sheet items as calculated under regulatory accounting practices. The Company's capital amounts and classifications are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors.

The Federal Reserve and the Federal Deposit Insurance Corporation approved final capital rules in July 2013 that substantially amend the existing capital rules for banks. These new rules reflect, in part, certain standards initially adopted by the Basel Committee on Banking Supervision in December 2010 (which standards are commonly referred to as "Basel III") as well as requirements contemplated by the Dodd-Frank Act.

Under the new capital rules effective in 2016, the Bank will be required to meet certain minimum capital requirements that differ from previous capital requirements. The rules implement a new capital ratio of common equity Tier 1 capital to risk-weighted assets. Common equity Tier 1 capital generally consists of retained earnings and common stock (subject to certain adjustments) as well as accumulated other comprehensive income ("AOCI"). The Bank will also be required to establish a "conservation buffer," consisting of a common equity Tier 1 capital amount equal to 2.5% of risk-weighted assets to

Table of Contents**GRANDPOINT CAPITAL, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****(Amounts in thousands, except share data and per share amounts)****Note 18 Regulatory Matters (Continued)**

be fully phased in by 2019, 1.25% and 0.625% for 2017 and 2016, respectively. An institution that does not meet the conservation buffer will be subject to restrictions on certain activities including payment of dividends, stock repurchases, and discretionary bonuses to executive officers.

The prompt corrective action rules are modified to include the common equity Tier 1 capital ratio and to increase the Tier 1 capital ratio requirements for the various thresholds. The requirements for the Bank to be considered well-capitalized under the rules are a 5.0% leverage ratio, a 6.5% common equity Tier 1 capital ratio, an 8.0% Tier 1 capital ratio, and a 10.0% total capital ratio. To be adequately capitalized, those ratios are 4.0%, 4.5%, 6.0%, and 8.0%, respectively. As of December 31, 2017 and 2016, management believes that the Company meets all capital adequacy requirements to which it is subject.

As of December 31, 2017 and 2016, the most recent notification from the Federal Deposit Insurance Corporation categorized the Company as well-capitalized under the regulatory framework. To be categorized as well capitalized, the Company must maintain minimum total risk-based, Tier I risk-based, common equity Tier I risk-based, and Tier I leverage ratios as set forth in the table below. There are no conditions or events since that notification that management believes have changed the Company's category. The Company's actual capital amounts and ratios computed in accordance with regulatory requirements as of December 31 are as follows:

The Company is incorporated in Delaware where by law, corporations may only pay dividends out of surplus, as defined, or if there is no surplus, out of net profits for the year in which the dividend is declared and the preceding year. As a bank holding company, the Company's ability to pay dividends will be affected by the ability of the Company's subsidiary Banks to pay dividends to the Company.

The rules modify the manner in which certain capital elements are determined. The rules make changes to the methods of calculating the risk-weighting of certain assets, which in turn affects the calculation of the risk-weighted capital ratios. Higher risk weights are assigned to various categories of assets, including commercial real estate loans, credit facilities that finance the acquisition, development or construction of real property, certain exposures or credit that are 90 days past due or are nonaccrual, securitization exposures, and in certain cases mortgage servicing rights and deferred tax assets.

The Bank was required to comply with the new capital rules in 2016. The conservation buffer was phased-in beginning in 2016, and will take full effect on January 1, 2019. Certain calculations under the rules will also have phase-in periods.

(b) *PPBI Deliveries.* At the Effective Time, for the benefit of the holders of Certificates and/or Book-Entry Shares, PPBI shall deliver to the Exchange Agent, to be given to the holders of Grandpoint Common Stock in exchange for their Certificates and Book-Entry Shares as provided for in this Article III, (i) certificates, or at PPBI's option, evidence of shares in book entry form, representing the number of whole shares of PPBI Common Stock issuable to the holders of Grandpoint Common Stock as the Merger Consideration and (ii) an amount in cash equal to the amount due in lieu of fractional shares pursuant to Section 3.04. The Exchange Agent shall accept such Certificates or Book-Entry Shares upon compliance with such reasonable terms and conditions as the Exchange Agent may impose consistent with the notice and form of letter of transmittal to effect an orderly exchange thereof in accordance with normal exchange practices.

(ii) Each outstanding Certificate or Book-Entry Share which prior to the Effective Time represented Grandpoint Common Stock and which is not surrendered to the Exchange Agent in accordance with the procedures provided for herein shall, except as otherwise herein provided, until duly surrendered to the Exchange Agent, be deemed to evidence ownership of the number of shares of PPBI Common Stock and the amount of cash, if any, into which such Grandpoint Common Stock shall have been converted. After the Effective Time, there shall be no further transfer on the records of Grandpoint of Certificates or Book-Entry Shares representing shares of Grandpoint Common Stock and, if such Certificates or Book-Entry Shares are presented to Grandpoint for transfer, they shall be cancelled against delivery of certificates for PPBI Common Stock and cash as hereinabove provided.

(e) *Lost or Destroyed Certificates; Issuances of PPBI Common Stock in New Names.* The Exchange Agent shall not be obligated to deliver a certificate or certificates representing shares of PPBI Common Stock to which a holder of Grandpoint Common Stock would otherwise be entitled as a result of the Merger until such holder surrenders the Certificate or Certificates representing the shares of Grandpoint Common Stock for exchange as provided in this Section 3.02, or, in default thereof, an appropriate affidavit of loss and indemnity agreement and/or a bond in an amount as may be reasonably required in each case by PPBI. If any certificates evidencing shares of PPBI Common Stock are to be issued in a name other than that in which the Certificate evidencing Grandpoint Common Stock surrendered in exchange therefore is registered, it shall be a condition of the issuance thereof that the Certificate so surrendered shall be properly endorsed or accompanied by an executed form of assignment separate from the Certificate and otherwise in proper form for transfer and that the Person requesting such exchange pay to the Exchange Agent

Neither the Exchange Agent nor any party to this Agreement shall be liable to any holder of stock represented by any Certificate or Book-Entry Share for any consideration paid to a public official pursuant to applicable abandoned property, escheat or similar laws. The Exchange Agent shall be entitled to rely upon the stock transfer books of Grandpoint to establish the identity of those Persons entitled to receive the consideration specified in this Agreement, which books shall be conclusive (absent manifest error) with respect thereto. In the event of a dispute with respect to ownership of stock represented by any Certificate or Book-Entry Share, the Exchange Agent shall be entitled to deposit any consideration represented thereby in escrow with an independent third party and thereafter be relieved with respect to any claims thereto.

3.03 *Rights as Shareholders.* At the Effective Time, holders of Grandpoint Common Stock shall cease to be, and shall have no rights as, shareholders of Grandpoint other than to receive the consideration provided for under this Article III.

3.04 *No Fractional Shares.* Notwithstanding any other provision of this Agreement, neither certificates nor scrip for fractional shares of PPBI Common Stock shall be issued in the Merger. Each holder of Grandpoint Common Stock who otherwise would have been entitled to a fraction of a share of PPBI Common Stock (after taking into account all Certificates or Book-Entry Shares delivered by such holder) shall receive in lieu thereof cash (without interest) in an amount determined by multiplying the fractional share interest to which such holder would otherwise be entitled by the PPBI Average Share Price, rounded to the nearest whole cent. No such holder shall be entitled to dividends, voting rights or any other rights in respect of any fractional share.

3.05 *Dissenting Shares.* Notwithstanding any other provision of this Agreement, each outstanding share of Grandpoint Common Stock held by a holder who has not voted in favor of adoption of the Agreement or consented thereto in writing and who has properly exercised appraisal rights of such shares in accordance with Section 262 of the DGCL (such shares of Grandpoint Common Stock being referred to collectively as the "Dissenting Shares" until such time as such holder fails to perfect or otherwise loses such holder's appraisal rights under the DGCL with respect to such shares of Grandpoint Common Stock) shall not be converted into a right to receive a portion of the Merger Consideration, but instead shall be entitled to only such rights as are granted by Section 262 of the DGCL; provided, however, that if, after the Effective Time, such holder fails to perfect, withdraws or loses such holder's right to appraisal pursuant to Section 262 of the DGCL or if a court of competent jurisdiction shall determine that such holder is not entitled to the relief provided by Section 262 of the DGCL, such shares of Grandpoint Common Stock shall be treated as if they had been converted as of the Effective Time into the right to receive the portion of the Merger Consideration, if any, to which such holder is entitled pursuant to Section 3.01(b), without interest thereon. Grandpoint shall give PPBI prompt notice upon receipt by Grandpoint of any such written demands for payment of the fair value of such shares of Grandpoint Common Stock and of withdrawals of such demands and any other instruments provided pursuant to the DGCL. If any holder of Dissenting Shares shall have effectively withdrawn or lost the right to dissent (through failure to perfect or otherwise), the Dissenting Shares held by such holder shall be converted on a share by share basis into the right to receive the Merger Consideration in accordance with the applicable provisions of this Agreement. Any payments made in

3.06 *Anti-Dilution Provisions.* If, between the date hereof and the Effective Time, the shares of PPBI Common Stock shall be changed into a different number or class of shares by reason of any reclassification, recapitalization, split-up, combination, exchange of shares or readjustment, stock dividend or distribution, stock split (including a reverse stock split), issuer tender or exchange offer or other similar transaction in PPBI Common Stock, the Exchange Ratio shall be adjusted accordingly; provided that a bona fide offering or sale of PPBI Common Stock for fair value received shall not be deemed a reclassification, recapitalization, split-up, combination, exchange of shares or readjustment, stock dividend or distribution, stock split (including a reverse stock split), issuer tender or exchange offer or other similar transaction in PPBI Common Stock.

3.07 *Withholding Rights.* PPBI (through the Exchange Agent, if applicable) shall be entitled to deduct and withhold from any amounts otherwise payable pursuant to this Agreement to any holder of shares of Grandpoint Common Stock such amounts as PPBI reasonably determines is required under the Code or any state, local or foreign Tax law or regulation thereunder to deduct and withhold with respect to the making of such payment, and to collect any necessary Tax forms or other necessary information. Except for any withholding required as the result of any failure to deliver any certificates or forms requested for purposes of federal backup withholding, in the event PPBI reasonably determines that it is so required to deduct or withhold an amount for or on account of any Tax from any consideration payable or otherwise deliverable pursuant to this Agreement, PPBI shall use reasonable efforts to notify Grandpoint of its determination and the parties shall cooperate in good faith to minimize to the extent permissible the amount of any such deduction or withholding, including providing any certificates or forms that are reasonably requested to establish and exemption from (or reduction in) any deduction or withholding. Any amounts so withheld shall be timely remitted to the applicable Governmental Authority and shall be treated for all purposes of this Agreement as having been paid to the holder of Grandpoint Common Stock in respect of which such deduction and withholding was made by PPBI.

3.08 *Grandpoint Options.* At the Effective Time, each option to acquire shares of Grandpoint Common Stock (collectively, the "Grandpoint Options") which is outstanding and unexercised immediately prior to the Effective Time shall be cancelled in exchange for the right to receive from Grandpoint immediately prior to the Effective Time a single lump sum cash payment, equal to the product of (i) the number of shares of Grandpoint Common Stock subject to such Grandpoint Option immediately prior to the Effective Time, and (ii) the excess, if any, of (A) the PPBI Average Share Price multiplied by the Exchange Ratio over (B) the exercise price per share of such Grandpoint Option (the "Option Merger Consideration"), less any applicable Taxes required to be withheld with respect to such payment. If the exercise price per share of any such Grandpoint Option is equal to or greater than the PPBI Average Share Price multiplied by the Exchange Ratio, such Grandpoint Option shall be canceled without any cash payment being made in respect thereof. Grandpoint shall use its reasonable best efforts to obtain the written acknowledgement of each holder of a then outstanding Grandpoint Option with regard to the cancellation of such Grandpoint Option and the payment therefor in accordance with the terms of this Agreement. Subject to the foregoing, the Grandpoint Equity Plans and all Grandpoint Options issued thereunder shall terminate at the Effective Time.

3.09 *Reservation of Shares.* Prior to the Closing, the PPBI Board shall reserve for issuance a sufficient number of shares of PPBI Common Stock for the purpose of issuing its shares in exchange for shares of Grandpoint Common Stock in the Merger.

Such disclosure controls and procedures are effective to ensure that information required to be disclosed by PPBI is recorded and reported on a timely basis to the individuals responsible for the preparation of PPBI's filings with the SEC and other public disclosure documents. PPBI maintains internal control over financial reporting (as defined in Rule 13a-15 or 15d-15, as applicable, under the Exchange Act). Such internal control over financial reporting is effective in providing reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP and includes policies and procedures that (A) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of PPBI, (B) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that receipts and expenditures of PPBI are being made only in accordance with authorizations of management and directors of PPBI and (C) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of PPBI's assets that could have a material effect on its financial statements.

(h) *Legal Proceedings.* No litigation, arbitration, claim or other proceeding before any court or Governmental Authority is pending against PPBI or any of its Subsidiaries and, to PPBI's Knowledge, no litigation, arbitration, claim or other proceeding has been threatened and there are no facts which could reasonably give rise to such litigation, arbitration, claim or other proceeding in any such case that, individually or in the aggregate, has or would be reasonably expected to have a Material Adverse Effect on PPBI and its Subsidiaries, taken as a whole. Neither PPBI nor any of its Subsidiaries nor any of their respective properties is a party to or subject to any order, judgment, decree or regulatory restrictions that, individually or in the aggregate, has had or would reasonably be expected to have a Material Adverse Effect on PPBI and its Subsidiaries, taken as a whole.

(i) *No Brokers.* No action has been taken by PPBI or its Subsidiaries that would give rise to any valid claim against any party hereto for a brokerage commission, finder's fee or other like payment with respect to the Transaction, other than a fee payable by PPBI to Raymond James & Associates, Inc.

(j) *Regulatory Matters.*

(i) Since January 1, 2015, PPBI and each of its Subsidiaries has duly filed with the appropriate bank regulatory authorities in substantially correct form the monthly, quarterly and annual reports required to be filed under applicable law, regulation or policies imposed by any Governmental Authority, and such reports were in all material respects complete and accurate and in compliance with the requirements of applicable law, regulation or policies imposed by any Governmental Authority. In connection with the most recent examination of PPBI and each of its Subsidiaries by the appropriate regulatory authorities, neither PPBI nor any of its Subsidiaries was required to correct or change any action, procedure or proceeding which PPBI believes in good faith has not now been corrected or changed, other than corrections or changes which, if not made, either individually or in the aggregate, would not have or would not reasonably be expected to have a Material Adverse Effect on PPBI and its Subsidiaries, taken as a whole. The most recent regulatory rating given to Pacific Premier as to compliance with the Community Reinvestment Act is "satisfactory." To the Knowledge of PPBI, since Pacific Premier's last regulatory examination of Community Reinvestment Act compliance, Pacific Premier has not received any complaints as to Community Reinvestment Act compliance.

(ii) Neither PPBI nor any of its Subsidiaries nor any of any of their respective properties is a party to or is subject to any order, decree, directive, agreement, memorandum of understanding or similar arrangement with, or a commitment letter or similar submission to, or extraordinary supervisory letter from, nor has PPBI or any of its Subsidiaries adopted any policies, procedures or board resolutions at the request or suggestion of any Governmental Authority, that, in each case, individually or in the aggregate, would reasonably be expected to result in a Material Adverse Effect on PPBI and its Subsidiaries, taken as a whole. PPBI and its Subsidiaries have paid all assessments made or imposed by any Governmental Authority.

(iii) Neither PPBI nor any its Subsidiaries has been advised by, and does not have any Knowledge of facts which would reasonably be expected to give rise to an advisory notice by, any Governmental Authority that such Governmental Authority is contemplating issuing or requesting (or is considering the appropriateness of issuing or requesting) any such order, decree, directive, agreement, memorandum of understanding, commitment letter, supervisory letter or similar submission or any request for the adoption of any policy, procedure or board resolution.

(iv) (A) No Governmental Authority has initiated since January 1, 2015 or has pending any proceeding, enforcement action or, to PPBI's Knowledge, investigation or inquiry into the

business, operations, policies, practices or disclosures of PPBI or any of its Subsidiaries (other than normal examinations conducted by a Governmental Authority in the ordinary course of the business of PPBI or the applicable Subsidiary), or, to PPBI's Knowledge, threatened any of the foregoing, and (B) there is no unresolved violation, criticism, comment or exception by any Governmental Authority with respect to any report or statement relating to any examinations or inspections of PPBI or its Subsidiaries, other than, in each case, which would not reasonably be expected to prevent, materially impair or materially delay the ability of PPBI and its Subsidiaries, to perform their respective obligations under this Agreement or the consummation of the transactions contemplated hereby.

(v) PPBI and Pacific Premier are "well-capitalized" (as that term is defined at 12 CFR §225.2(r) or the relevant regulation of its primary federal bank regulator) and the rating of Pacific Premier under the Community Reinvestment Act is no less than "satisfactory." Neither PPBI nor Pacific Premier has received any notification from a Governmental Authority that their status as "well-capitalized" or "satisfactory" for Community Reinvestment Act purposes will change within one year, nor does PPBI have Knowledge of any conditions or circumstances that would result in a Community Reinvestment Act rating of less than "satisfactory" or material criticism from regulators with respect to discriminatory lending practices. To the Knowledge of PPBI, since the last regulatory examination of Pacific Premier with respect to Community Reinvestment Act compliance, Pacific Premier has not received any material complaints as to Community Reinvestment Act compliance.

(i) is, and at all times since January 1, 2015 has been in material compliance with all applicable federal, state, local and foreign statutes, laws, codes, regulations, ordinances, rules, judgments, injunctions, orders, decrees or policies and/or guidelines of a Governmental Authority applicable thereto or to the employees conducting such businesses, including, without limitation, Section 23A and 23B of the Federal Reserve Act and FRB regulations pursuant thereto, the Equal Credit Opportunity Act, the Fair Housing Act, the Community Reinvestment Act, the Home Mortgage Disclosure Act, the Bank Secrecy Act, the USA PATRIOT Act, the Electronic Fund Transfer Act and Regulation E of the FRB, all other applicable fair lending laws and other laws relating to discriminatory business practices and Environmental Laws and all posted and internal policies of PPBI and its Subsidiaries related to customer data, privacy and security;

(ii) has, and at all times since January 1, 2015 has had, all material permits, licenses, franchises, authorizations, orders and approvals of, and has made all filings, applications and registrations with, all Governmental Authorities (and has paid all fees and assessments due and payable in connection therewith) that are required in order to permit them to own or lease their properties and to conduct their businesses as presently conducted in all material respects; all such permits, licenses, certificates of authority, orders and approvals are in full force and effect and, to PPBI's Knowledge, no suspension or cancellation of any of them is threatened; and

(iii) has received no written notification or communication from any Governmental Authority (A) asserting that PPBI or any of its Subsidiaries is not in compliance with any of the statutes, regulations or ordinances which such Governmental Authority enforces or (B) threatening to revoke any license, franchise, permit or governmental authorization (nor, to PPBI's Knowledge, do any grounds for any of the foregoing exist).

(iii) Neither PPBI nor any entity considered to be a single employer with PPBI under Section 4001(b)(1) of ERISA or Section 414 of the Code maintains or contributes to any pension plan subject to Title IV of ERISA, to any multiemployer plan (as defined in 4001(a)(3) of ERISA), or to any PPBI Benefit Plan providing for retiree health and life benefits, other than coverage as may be required under Section 4980B of the Code or Part 6 of Title I of ERISA or under the continuation of coverage provisions of the laws of any state or locality.

(n) *Ownership of Grandpoint Common Stock.* None of PPBI or any of its Subsidiaries, or to PPBI's Knowledge, any of its other affiliates or associates (as such terms are defined under the Exchange Act), owns beneficially or of record, directly or indirectly, or is a party to any agreement, arrangement or understanding for the purpose of acquiring, holding, voting or disposing of, shares of Grandpoint Common Stock (other than shares held in a fiduciary capacity that are beneficially owned by third parties or as a result of debts previously contracted).

6.01 *Reasonable Best Efforts.* Subject to the terms and conditions of this Agreement, each of Grandpoint and PPBI agrees to use its commercially reasonable best efforts in good faith, and to cause their respective Subsidiaries to use their commercially reasonable best efforts in good faith, to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or desirable, or advisable under applicable laws, so as to permit consummation of the Transaction as promptly as practicable and otherwise to enable consummation of the Transaction, including the satisfaction of the conditions set forth in Article VII hereof, and shall reasonably cooperate with the other party hereto to that end.

6.02 *PPBI Shareholder Approval.* PPBI agrees to take, in accordance with applicable law and the PPBI Certificate and PPBI Bylaws, all action necessary to convene as soon as reasonably practicable (and will in any event use reasonable best efforts to convene such meeting no later than sixty (60) calendar days after the Registration Statement, as described below, is declared effective) a meeting of its shareholders to consider and vote upon the approval of the issuance of the PPBI Common Stock in the Merger and any other matters required to be approved by PPBI's shareholders for consummation of the Transaction (including any adjournment or postponement, the "PPBI Meeting"). The PPBI Board shall at all times prior to and during the PPBI Meeting recommend approval of the issuance of the PPBI Common Stock in the Merger and any other matters required to be approved by PPBI's shareholders for consummation of the Transaction and shall take all reasonable lawful action to solicit such approval by its shareholders.

6.03 *Registration Statement; Solicitation of Grandpoint Shareholder Consents.*

and access to the information required for said documents, and Grandpoint, and its legal, financial and accounting advisors, shall have the right to review in advance and comment on such Registration Statement prior to its filing. Grandpoint agrees to cooperate with PPBI and PPBI's counsel and accountants in requesting and obtaining appropriate opinions, consents and letters from its financial advisor and independent auditor in connection with the Registration Statement, the PPBI Proxy Statement and the Grandpoint Consent Statement. Each of Grandpoint and PPBI agrees to use its reasonable best efforts to cause the Registration Statement to be declared effective under the Securities Act as promptly as reasonably practicable after the filing thereof. PPBI also agrees to use its reasonable best efforts to obtain all necessary state securities law or "Blue Sky" permits and approvals required to carry out the transactions contemplated by this Agreement. PPBI and Grandpoint shall, within three (3) Business Days from the date when the Registration Statement is declared effective under the Securities Act, mail at its respective expense the PPBI Proxy Statement and the Grandpoint Consent Statement, respectively, to all of their respective shareholders. The Grandpoint Consent Statement shall include a form of written consent reasonably acceptable to PPBI soliciting Grandpoint shareholders to vote their shares of Grandpoint Common Stock in favor of the adoption of the Agreement (such written consents, when duly executed and delivered by Grandpoint shareholders, together with the required form of consents to be delivered by certain shareholders of Grandpoint as required by the Support Agreement and as set forth as an exhibit to such Support Agreement and the Shareholders as required by the Shareholder Agreement and as set forth as an exhibit to such Shareholder Agreement, which are attached to this Agreement as Annex A and Annex B, respectively, being referred to collectively as the "Grandpoint Shareholder Consents"). (b) Each of Grandpoint and PPBI agrees that none of the information supplied or to be supplied by it for inclusion or incorporation by reference in (i) the Registration Statement shall, at the time the Registration Statement and each amendment or supplement thereto, if any, becomes effective under the Securities Act, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading, (ii) the PPBI Proxy Statement and any amendment or supplement thereto shall, at the date of mailing to PPBI's shareholders and the time of the PPBI Meeting, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and (iii) the Grandpoint Consent Statement and any amendment or supplement thereto shall, at the date of mailing to Grandpoint shareholders and at all times during which Grandpoint Shareholder Consents are solicited, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Each of Grandpoint and PPBI further agrees that if such party shall become aware prior to the date of effectiveness of the Registration Statement, the PPBI Meeting or delivery of the Grandpoint Shareholder Consents, of any information furnished by such party that would cause any of the statements in the Registration Statement, the PPBI Proxy Statement or the Grandpoint Consent Statement to be false or misleading with respect to any material fact, or to omit to state any material fact necessary to make the statements therein not false or misleading, to promptly inform the other parties thereof and to take the necessary steps to correct the Registration Statement, the PPBI Proxy Statement or the Grandpoint Consent Statement.

(c) PPBI agrees to advise Grandpoint promptly in writing after PPBI receives notice thereof, of the time when the Registration Statement has become effective or any supplement or amendment has been filed, of the issuance of any stop order or the suspension of the qualification of PPBI Common Stock for offering or sale in any jurisdiction, of the initiation or, to the extent PPBI is aware thereof,

Each of PPBI and Grandpoint shall have the right to review in advance, and to the extent practicable, each shall consult with the other, in each case subject to applicable laws relating to the exchange of information, with respect to all written information submitted to any Governmental Authority in connection with the Transaction, provided that PPBI shall not be required to provide Grandpoint with confidential portions of any filing with a Governmental Authority. In exercising the foregoing right, each of such parties agrees to act reasonably and as promptly as practicable. Each party hereto agrees that it shall consult with the other party hereto with respect to the obtaining of all permits, consents, approvals, waivers and authorizations of all Governmental Authorities necessary or advisable to consummate the Transaction, and each party shall keep the other party apprised of the status of material matters relating to completion of the Transaction. 6.05 *Press Releases.* Grandpoint and PPBI shall consult with each other before issuing any press release with respect to the Transaction or this Agreement and shall not issue any such press release or make any such public statements without the prior consent of the other party, which shall not be unreasonably withheld, conditioned or delayed; provided, however, that PPBI or Grandpoint may, without the prior consent of the other party (but after such consultation, to the extent practicable under the circumstances), issue such press release or make such public statements as may, upon the advice of outside counsel, be required by law or the rules or regulations of the SEC or the Nasdaq. Grandpoint and PPBI shall cooperate to develop all public announcement materials and make appropriate management available at presentations related to the Transaction as reasonably requested by the other party. Notwithstanding the foregoing, Grandpoint shall not be required to provide access to or disclose information where such access or disclosure would jeopardize the attorney-client privilege of Grandpoint or any other Person in possession or control of such information (after giving due consideration to the existence of any common interest, joint defense or similar agreement between the parties) or contravene any law, rule, regulation, order, judgment, decree, fiduciary duty or agreement entered into prior to the date of this Agreement, provided that in any such event, Grandpoint will work in good faith with PPBI to make appropriate substitute disclosure arrangements.

(b) During the period from the date of this Agreement to the Effective Time, Grandpoint shall, upon the request of PPBI, cause one or more of its designated representatives to confer on a monthly or more frequent basis with representatives of PPBI regarding its consolidated financial condition, operations and business and matters relating to the completion of the Transaction. Subject to applicable law, as soon as reasonably available, but in no event more than 15 days after the end of each calendar quarter ending after the date of this Agreement (other than the last quarter of each fiscal year ending December 31), Grandpoint will deliver to PPBI its consolidated balance sheet and consolidated statements of income, comprehensive income and changes in shareholders equity, without related notes, for such quarter prepared in accordance with GAAP, and, as soon as reasonably available, but in no event more than 30 days after the end of each fiscal year, Grandpoint will deliver to PPBI its consolidated balance sheet and consolidated statements of income, comprehensive income, changes in shareholder equity and cash flows for such year prepared in accordance with GAAP. Grandpoint shall use its commercially reasonable best efforts to deliver to PPBI its audited consolidated balance sheet as of December 31, 2017 and audited consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows for the year ended December 31, 2017 by no later than March 9, 2018. Notwithstanding the foregoing, PPBI shall not be required to provide access to or disclose information where such access or disclosure would jeopardize the attorney-client privilege of PPBI or any other Person in possession or control of such information (after giving due consideration to the existence of any common interest, joint defense

or similar agreement between the parties) or contravene any law, rule, regulation, order, judgment, decree, fiduciary duty or agreement entered into prior to the date of this Agreement, provided that in any such event, PPBI will work in good faith with Grandpoint to make appropriate substitute disclosure arrangements.

(d) During the period from the date of this Agreement to the Effective Time, PPBI shall, upon the request of Grandpoint, cause one or more of its designated representatives to confer on a monthly or more frequent basis with representatives of Grandpoint regarding its consolidated financial condition, operations and business and matters relating to the completion of the Transaction. Subject to applicable law, as soon as reasonably available, but in no event more than 15 days after the end of each calendar quarter ending after the date of this Agreement (other than the last quarter of each fiscal year ending December 31), PPBI will deliver to Grandpoint its consolidated balance sheet and consolidated statements of income, comprehensive income, equity and cash flows, without related notes, for such quarter prepared in accordance with GAAP, and, as soon as reasonably available, but in no event more than 30 days after the end of each fiscal year, PPBI will deliver to Grandpoint its consolidated balance sheet and consolidated statements of income, comprehensive income, equity and cash flows for such year prepared in accordance with GAAP. Subject to applicable law, within 15 days after the end of each month, PPBI will deliver to Grandpoint a consolidated balance sheet and consolidated statements of income, without related notes, for such month prepared in accordance with GAAP.

(e) All information furnished pursuant to this Section 6.06 shall be subject to the provisions of the letter agreement, dated as of December 1, 2017, by and between PPBI and Grandpoint (the "Confidentiality Agreement").

(f) No investigation by any of the parties or their respective representatives shall affect the representations, warranties, covenants or agreements of the other parties set forth herein.

6.07 *Acquisition Proposals.*

(a) Grandpoint agrees that it shall, and shall direct and use its reasonable best efforts to cause its Affiliates, directors, officers, employees, agents and representatives (including, without limitation, any investment banker, financial advisor, attorney, accountant or other representative retained by it) (all of the foregoing, collectively, "Representatives") to, immediately cease any discussions or negotiations with any other parties that may be ongoing with respect to the possibility or consideration of any Acquisition Proposal, and will use its reasonable best efforts to enforce any confidentiality or similar agreement relating to any Acquisition Proposal, including by requesting the other party to promptly return or destroy any confidential information previously furnished by or on behalf of Grandpoint or any of its Subsidiaries thereunder and by specifically enforcing the terms thereof in a court of competent jurisdiction. From the date of this Agreement through the Effective Time, neither Grandpoint nor its Subsidiaries shall, and each of the foregoing shall cause their respective directors, officers or employees or any Representative retained by them not to, directly or indirectly through another Person, (i) solicit, initiate or knowingly encourage (including by way of furnishing information or assistance), or take any other action designed to facilitate or that is likely to result in, any inquiries or the making of any proposal or offer that constitutes, or is reasonably likely to lead to, any Acquisition Proposal, (ii) provide any confidential information or data to any Person relating to any Acquisition Proposal, (iii) participate in any discussions or negotiations regarding any Acquisition Proposal, (iv) waive, terminate, modify or fail to enforce any provision of any contractual "standstill" or similar obligations of any Person other than PPBI or its Affiliates, (v) approve or recommend, propose to approve or recommend, or execute or enter into, any letter of intent, agreement in principle, merger agreement, asset purchase agreement or share exchange agreement, option agreement or other similar agreement related to any Acquisition Proposal or propose to do any of the foregoing, or (vi) make or authorize any statement, recommendation or solicitation in support of any Acquisition Proposal; provided, however, that at any time prior to obtaining the Shareholder Approval,

if the Grandpoint Board determines in good faith, after consulting with its outside legal and financial advisors, that the failure to do so would breach, or would reasonably be expected to result in a breach of, the Grandpoint Board's fiduciary duties under applicable law, Grandpoint may, in response to a bona fide, written Acquisition Proposal not solicited in violation of this Section 6.07(a) that the Grandpoint Board determines in good faith constitutes a Superior Proposal (1) furnish information with respect to itself to any Person making such a Superior Proposal pursuant to a confidentiality agreement on terms that are in all material respects no less restrictive to such Person than the terms contained in the Confidentiality Agreement are to PPBI (as determined by Grandpoint after consultation with its outside counsel) (the "Acceptable Confidentiality Agreement"), and (2) participate in discussions or negotiations regarding such a Superior Proposal. Grandpoint agrees that it shall concurrently provide to PPBI any information (whether such information is confidential, nonpublic or otherwise) concerning Grandpoint or Grandpoint Bank that may be provided to any other Person in connection with any Superior Proposal which has not previously been provided to PPBI. For purposes of this Agreement, the term "Acquisition Proposal" means any inquiry, proposal or offer, filing of any regulatory application or notice or disclosure of an intention to do any of the foregoing from any Person relating to any (w) direct or indirect acquisition or purchase of a business that constitutes 10% or more of the total revenues, net income, assets or deposits of Grandpoint and its Subsidiaries taken as a whole, (x) direct or indirect acquisition or purchase of any class of Equity Securities representing 10% or more of the voting power of Grandpoint or Grandpoint Bank, (y) tender offer or exchange offer that if consummated would result in any person beneficially owning 10% or more of any class of Equity Securities of Grandpoint or Grandpoint Bank or (z) merger, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction involving Grandpoint or Grandpoint Bank, other than the Transaction contemplated by this Agreement. For purposes of this Agreement, the term "Superior Proposal" means any bona fide written proposal made by a third party to acquire, directly or indirectly, including pursuant to a tender offer, exchange offer, merger, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction, for consideration consisting of cash and/or securities, more than 50% of the combined voting power of the shares of Grandpoint Common Stock then outstanding or all or substantially all of Grandpoint's consolidated assets, which the Grandpoint Board determines in good faith, after taking into account all legal, financial, regulatory and other aspects of the proposal and the person making the proposal (including any break-up fees, expense reimbursement provisions and conditions to consummation), and after consulting with Grandpoint's financial advisor (which shall be a recognized investment banking firm) and outside counsel, (i) is more favorable from a financial point of view to its shareholders than the Merger, (ii) is reasonably likely to be consummated on the terms set forth, and (iii) for which financing, to the extent required, is then committed or which, in the good faith judgment of the Grandpoint Board, is reasonably likely to be obtained by such third party.

(b) Neither the Grandpoint Board nor any committee thereof shall (or shall agree or resolve to) (i) withdraw or modify in a manner adverse to PPBI, or propose publicly to withdraw or modify in a manner adverse to PPBI, the recommendation or declaration of advisability by such Grandpoint Board or any such committee of this Agreement or the Merger in connection with the solicitation of Grandpoint Shareholder Consents or otherwise (any such action, resolution or agreement to take such action being referred to herein as an "Adverse Recommendation Change"), (ii) recommend, declare advisable or propose to recommend or declare advisable the approval or adoption of any Acquisition Proposal or resolve or agree to take any such action, or adopt or approve any Acquisition Proposal, or (iii) cause or permit Grandpoint to enter into any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or other agreement (each, an "Acquisition Agreement") constituting or related to, or which would reasonably be expected to lead to, any Acquisition Proposal (other than an Acceptable Confidentiality Agreement), or resolve or agree to take any such action. time prior to the Shareholder Approval, the Grandpoint Board may (x) effect an Adverse Recommendation Change or (y) in response to a Superior Proposal, terminate this Agreement pursuant to Section 8.01(f) to accept such Superior Proposal, in the case of each of clauses (x) and (y), if the Grandpoint Board has determined in good faith, after consultation with its outside legal counsel, that the failure to do so would be inconsistent with its fiduciary duties to the shareholders of Grandpoint under applicable law, provided that the Grandpoint Board may not effect such an Adverse Recommendation Change or terminate this Agreement pursuant to Section 8.01(f) unless the Grandpoint Board shall have first provided written notice to PPBI (an "Adverse Change Notice") at least three Business Days prior to such action that it is prepared to take such action and, if such action is in response to a Superior Proposal, the following additional conditions are satisfied: (A) such notice shall attach the most current version of any written agreement relating to the transaction that constitutes such Superior Proposal and (B) PPBI does not make, within three Business Days after the receipt of such notice, a proposal that would, in the reasonable good faith judgment of the Grandpoint Board (after consultation with a financial advisor of national reputation and outside legal counsel), cause the offer previously constituting a Superior Proposal to no longer constitute a Superior Proposal (it being understood and agreed that any amendment or modification of such Superior Proposal shall require a new Adverse Change Notice and a new three Business Day period). Grandpoint agrees that, during the three Business Day period prior to its effecting an Adverse Recommendation Change or termination pursuant to Section 8.01(f), Grandpoint and its officers, directors and Representatives shall negotiate in good faith with PPBI and its officers, directors and Representatives regarding any revisions to the terms of the Merger and the other transactions contemplated by this Agreement proposed by PPBI. Notwithstanding anything to the contrary in this Agreement, Grandpoint shall not be entitled to enter into any agreement (other than an Acceptable Confidentiality Agreement) with respect to a Superior Proposal unless this Agreement has been terminated by its terms pursuant to Section 8.01, and Grandpoint has paid to PPBI the Termination Fee or pays to PPBI the Termination Fee substantially concurrently with the termination of the Agreement.

(c) In addition to the obligations of Grandpoint set forth in this Section 6.07, Grandpoint shall promptly (within 24 hours) advise PPBI orally and in writing of its receipt of any Acquisition Proposal.

(d) Grandpoint agrees that any violation of the restrictions set forth in this Section 6.07 by any Representative of Grandpoint or its Subsidiaries shall be deemed a breach of this Section 6.07 by Grandpoint.

(e) Nothing contained in this Agreement shall prevent Grandpoint or the Grandpoint Board from complying with Rule 14e-2 under the Exchange Act with respect to an Acquisition Proposal.

6.08 *Certain Policies.* Immediately prior to the Effective Time, and provided that each party has confirmed in writing that all conditions to its obligations to effect the Merger have been satisfied or waived and that it is prepared to effect the Merger, upon the request of PPBI, Grandpoint shall, and shall cause its Subsidiaries to, consistent with GAAP and applicable banking laws, regulations or policies imposed by any Governmental Authority, use their commercially reasonable efforts to modify or change their Loan, OREO, accrual, reserve, Tax, litigation and real estate valuation policies and practices (including loan classifications and levels of reserves) so as to be applied on a basis that is consistent with that of PPBI; provided, however, no such modification or change made by Grandpoint or any of its Subsidiaries pursuant to this Section 6.08 shall constitute or be deemed to be a breach, violation of or failure to satisfy any representation, warranty, covenant, agreement, condition or other provision of this Agreement or otherwise be considered in determining whether any such breach, violation or failure to satisfy shall have occurred. The recording of any such adjustments shall not be deemed to imply any misstatement of previously furnished financial statements or information and shall not be construed as concurrence of Grandpoint or its management with any such adjustments.

6.09 *Nasdaq Listing.* PPBI shall, as promptly as practicable, file all documents, take all actions reasonably necessary and otherwise use its reasonable best efforts to cause the shares of PPBI Common Stock to be issued to the Grandpoint shareholders as the Merger Consideration in the Merger to be approved for quotation on the Nasdaq prior to the Effective Date.

6.10 *Indemnification.*

(a) From and after the Effective Time through the sixth anniversary of the Effective Time, PPBI and the Surviving Corporation (each an "Indemnifying Party") shall indemnify and hold harmless each present and former director, officer and employee of Grandpoint or a Grandpoint Subsidiary, as applicable, determined as of the Effective Time (the "Indemnified Parties") against any and all costs or expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages or liabilities incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of matters existing or occurring at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, arising in whole or in part out of or pertaining to the fact that he or she was a director, officer, employee, fiduciary or agent of Grandpoint or any Grandpoint Subsidiary or is or was serving at the request of Grandpoint or any Grandpoint Subsidiary as a director, officer, employee, fiduciary or agent of another corporation, partnership, joint venture, trust or other enterprise, including, without limitation, matters related to the negotiation, execution and performance of this Agreement or consummation of the Transaction, to the fullest extent which such Indemnified Parties would be entitled under the Grandpoint Articles and the Grandpoint Bylaws or any agreement, arrangement or understanding which has been set forth in Section 6.10 of Grandpoint's Disclosure Schedule, in each case as in effect on the date hereof. PPBI shall also cause the Surviving Corporation to advance expenses as incurred by such Indemnified Parties to the same extent as such persons are entitled to advancement of expenses as of the date of this Agreement by Grandpoint pursuant to the Grandpoint Articles and the Grandpoint Bylaws or any agreement, arrangement or understanding which has been set forth in Section 6.10 of Grandpoint's Disclosure Schedule, in each case as in effect on the date hereof.

(b) Any Indemnified Party wishing to claim indemnification under this Section 6.10, upon learning of any such claim, action, suit, proceeding or investigation, shall promptly notify the Indemnifying Party, but the failure to so notify shall not relieve the Indemnifying Party of any liability it may have to such Indemnified Party except to the extent such failure actually prejudices the Indemnifying Party. In the event of any such claim, action, suit, proceeding or investigation (whether arising before or after the Effective Time), (i) the Indemnifying Party shall have the right to assume the defense thereof and the Indemnifying Party shall not be liable to such Indemnified Parties for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnified Parties in connection with the defense thereof, except that if the Indemnifying Party elects not to assume such defense or counsel for the Indemnified Parties advises that there are issues which raise conflicts of interest between the Indemnifying Party and the Indemnified Parties that make joint representation inappropriate, the Indemnified Parties may retain counsel which is reasonably satisfactory to the Indemnifying Party, and the Indemnifying Party shall pay, promptly as statements therefor are received, the reasonable fees and expenses of such counsel for the Indemnified Parties (which may not exceed one firm in any jurisdiction unless the Indemnified Parties have conflicts of interest), (ii) the Indemnified Parties will reasonably cooperate in the defense of any such matter, (iii) the Indemnifying Party shall not be liable for any settlement effected without its prior written consent, which shall not be unreasonably withheld, conditioned or delayed and (iv) the Indemnifying Party shall have no obligation hereunder in the event that a federal or state banking agency or a court of competent jurisdiction shall determine by final, non-appealable written order that indemnification of an Indemnified Party in the manner contemplated hereby is prohibited by applicable law, regulation or policies imposed by any Governmental Authority.

(c) Prior to the Effective Time, Grandpoint shall, and if Grandpoint is unable to, PPBI (and the Surviving Corporation) shall as of the Effective Time obtain and fully pay for a "tail" liability insurance policy (or provide a policy providing comparable coverage and amounts on terms no less favorable to the persons currently covered by Grandpoint's existing policy, including PPBI's existing policy if it meets the foregoing standard) covering persons who are currently covered by such insurance for a period of six (6) years after the Effective Time from an insurance carrier with the same or better credit rating as Grandpoint's current insurance carrier with respect to directors' and officers' liability insurance and fiduciary liability insurance with benefits and levels of coverage at least as favorable as Grandpoint's existing policies with respect to matters existing or occurring at or prior to the Effective Time (including in connection with this Agreement and the Transaction); provided, however, that in no event shall Grandpoint be permitted nor shall PPBI be obligated to expend, in order to maintain or provide insurance coverage pursuant to this Section 6.10(c), an amount in excess of 300% of the annual premiums paid by Grandpoint as of the date hereof for such insurance ("Maximum Insurance Amount"); provided further, that if the amount of the annual premiums necessary to maintain or procure such insurance coverage exceeds the Maximum Insurance Amount, PPBI shall obtain the most advantageous coverage obtainable for an annual premium equal to the Maximum Insurance Amount. PPBI shall provide proof of such coverage to Grandpoint no later than five (5) Business Days prior to the Effective Time.

(d) The obligations of PPBI and the Surviving Corporation under this Section 6.10 shall not be terminated or modified by such parties in a manner adverse to any Indemnified Party or any other Person entitled to the benefits of this Section 6.10, or to whom this Section 6.10 applies, without the written consent of the affected Indemnified Party or Parties and/or such other Person, as the case may be. If PPBI or any of its successors or assigns shall consolidate with or merge into any other entity and shall not be the continuing or surviving entity of such consolidation or merger or shall transfer all or substantially all of its assets to any other entity, then and in each case, proper provision shall be made so that the successors and assigns of PPBI shall assume the obligations set forth in this Section 6.10.

(e) The provisions of this Section 6.10 are (i) intended to be for the benefit of, and will be enforceable by, each Indemnified Party and his or her heirs and his or her Representatives, as set forth in Section 9.07 herein, and (ii) in addition to, and not in substitution for, any other rights to indemnification or contribution that any such Person may have by contract or otherwise.

6.11 *Benefit Plans.*

(a) As soon as administratively practicable after the Effective Time, PPBI shall transition Transferred Employees of Grandpoint and its Subsidiaries from the Benefit Plans of Grandpoint and its Subsidiaries to the corresponding PPBI Benefit Plans and take all reasonable action so that Transferred Employees of Grandpoint and its Subsidiaries shall be entitled to participate in each PPBI Benefit Plan of general applicability to the same extent as similarly-situated employees of PPBI and its Subsidiaries (it being understood that inclusion of the Transferred Employees of Grandpoint and its Subsidiaries in the PPBI Benefit Plans may occur at different times with respect to different plans), provided that coverage shall be continued under the corresponding Benefit Plans of Grandpoint and its Subsidiaries until such Transferred Employees are permitted to participate in the PPBI Benefit Plans and provided further, however, that nothing contained herein shall require PPBI or any of its Subsidiaries to make any grants to any former employee of Grandpoint and its Subsidiaries under any discretionary equity compensation plan of PPBI. PPBI shall cause each PPBI Benefit Plan in which employees of Grandpoint and its Subsidiaries are eligible to participate to recognize, for purposes of determining eligibility to participate in, the vesting of benefits and for all other purposes (but not for accrual of pension benefits) under the PPBI Benefit Plans, the service of such Transferred Employees with Grandpoint and its Subsidiaries to the same extent as such service was credited for such purpose by Grandpoint and

its Subsidiaries, provided, however, that such service shall not be recognized to the extent that such recognition would result in a duplication of benefits or to the extent not otherwise permissible under the terms of a PPBI Benefit Plan. Nothing herein shall limit the ability of PPBI to amend or terminate any of the PPBI Benefit Plans or the Grandpoint Benefit Plans in accordance with their terms at any time.

(b) At and following the Effective Time, PPBI shall honor, and the Surviving Corporation shall continue to be obligated to perform, in accordance with their terms, all change-in-control agreements and supplemental employee retirement plans of Grandpoint and its Subsidiaries to the extent that each of the foregoing (including amounts accrued or otherwise payable pursuant thereto) are expressly set forth in Section 6.11(b) of Grandpoint's Disclosure Schedule.

(c) In the event PPBI transitions Transferred Employees of Grandpoint and its Subsidiaries from the group medical, dental, health, life or long-term disability plan of Grandpoint and its Subsidiaries to the corresponding PPBI Benefit Plan at any time prior to the end of the applicable plan year of the group medical, dental, health, life or long-term disability plan of Grandpoint and its Subsidiaries, at such time as Transferred Employees become eligible to participate in such corresponding PPBI Benefit Plan, PPBI shall cause each such PPBI Benefit Plan to (i) waive any preexisting condition limitations to the extent such conditions are covered under the applicable PPBI Benefit Plan, (ii) provide full credit under medical, health and dental plans for any deductibles, co-payment and out-of-pocket expenses incurred by the Transferred Employees and their beneficiaries during the portion of the calendar year prior to such participation and (iii) waive any waiting period limitation or evidence of insurability requirement which would otherwise be applicable to such employee on or after the Effective Time to the extent such employee had satisfied any similar limitation or requirement under a corresponding Grandpoint Benefit Plan prior to the Effective Time, provided, however, that such waiver shall not be required to the extent that such waiver would result in a duplication of benefits or to the extent not otherwise permissible under the terms of a contract insuring benefits under the PPBI Benefit Plans.

(d) Within sixty (60) days from the date of this Agreement, PPBI shall identify the Employees for whom PPBI agrees to continue employment following the Closing provided they are employed by, and in good standing with, Grandpoint and its Subsidiaries immediately prior to the Closing (the "Transferred Employees"). Effective as of, and subject to, the Closing, Grandpoint and its Subsidiaries shall terminate the employment of those Employees who are not Transferred Employees and shall pay any severance, retention, change in control, accrued and unused paid time off, the Option Merger Consideration payable pursuant to Section 3.08 hereof, or other similar payments, in each case, which have been Previously Disclosed by Grandpoint to PPBI, obtain an executed general release of claims that has not been revoked, and pay to the proper taxing authorities any income and employment Tax withholding as well as the employer portions of any applicable employment Taxes. For the avoidance of doubt, the Option Merger Consideration will be paid by Grandpoint to all Employees (including Employees who are not Transferred Employees) with respect to all outstanding Grandpoint Options, whether vested or unvested, in accordance with Section 3.08 of this Agreement. PPBI shall remain responsible for payment to any Transferred Employee of any severance or similar compensation and benefits payable following a termination of employment. Those employees of Grandpoint and its Subsidiaries who do not continue their employment with PPBI or its Subsidiaries following the Effective Time, who are not a party to an employment agreement or otherwise entitled to an existing severance package and who sign and deliver a release agreement (to be agreed by PPBI and Grandpoint) within 60 days of the Effective Time, shall be entitled to receive a single lump sum payment of severance equal to two weeks of base salary plus an additional two weeks of salary for each completed year of service, up to a maximum of 26 weeks. For purposes of the foregoing, any severance benefits payable in accordance with the immediately preceding sentence pursuant to timely delivered termination and release agreements shall be paid on the later to occur of (i) the PPBI payroll date for the PPBI

payroll period during which the former employee delivers to the Surviving Corporation his or her executed termination and release agreement, or (ii) the PPBI payroll date for the PPBI payroll period during which the former employee's termination and release agreement becomes effective following the expiration of any revocation period afforded under applicable law. If Grandpoint or any of its Subsidiaries has any other severance pay plan or arrangement, then any amounts paid pursuant to that plan or arrangement shall reduce the amount that the employee will receive under this Section 6.11(f) and in no event shall there be any duplication of severance pay. Nothing contained in this Section 6.11(f) hereof shall be construed or interpreted to limit or modify in any way PPBI's or its Subsidiaries at will employment policy or provide any third party beneficiary rights to employees of Grandpoint or any of its Subsidiaries. In no event shall severance pay be taken into account in determining the amount of any other benefit (including but not limited to, an individual's benefit under any retirement plan or policy).

(e) Prior to the Closing, Grandpoint and its Subsidiaries shall have paid into the Grandpoint Retirement Plan (the "Grandpoint Retirement Plan") all employer contributions, including any employer matching contributions, profit sharing contributions or other non-elective contributions. Prior to the Closing, Grandpoint shall (i) adopt written resolutions (or take such other necessary or appropriate action), in form and substance reasonably acceptable to PPBI, to terminate the Grandpoint Retirement Plan in compliance with its terms and requirements of applicable law, effective no later than the Business Day preceding the Closing Date and (ii) provide for full vesting of all non-elective contributions under the Grandpoint Retirement Plan for all participants who currently maintain an account under the Grandpoint Retirement Plan, such termination and vesting to be effective no later than the Business Day preceding the Closing Date. Grandpoint shall provide PPBI with evidence of the termination of the Grandpoint Retirement Plan.

(f) Each of Grandpoint and PPBI acknowledges and agrees that all provisions contained within this Section 6.11 with respect to Employees are included for the sole benefit of Grandpoint and nothing contained in this Section 6.11 shall confer upon any other Person any rights or remedies of any nature whatsoever under or by reason of this Section 6.11. Nothing contained herein (i) shall be construed to establish, amend or modify any benefit plan, program or arrangement or (ii) alter or limit the ability of PPBI to amend, modify or terminate any benefit plan, program or arrangement at any time established, sponsored or maintained by PPBI or any of its Subsidiaries. Each of Grandpoint and PPBI agrees that the terms of this Section 6.11 do not and shall not create any right in any Person to continued employment with Grandpoint, PPBI or any of their respective Subsidiaries or to any compensation or benefit.

6.12 *Appointment of Directors.* PPBI agrees to take all action necessary to appoint or elect, effective as of the Effective Time, two individuals, each of whom shall be mutually agreeable to PPBI and Grandpoint and one of whom shall be Don M. Griffith, as directors of PPBI and Pacific Premier. Each individual shall serve until the first annual meeting of stockholders of PPBI following the Effective Time and until his or her successor is elected and qualified. PPBI shall include such individuals on the list of nominees for director presented by the PPBI Board and for which the PPBI Board shall solicit proxies at the first annual meeting of stockholders of PPBI following the Effective Time, provided, that such nomination and solicitation would not violate the fiduciary duties of the PPBI Board.

6.13 *Notification of Certain Matters.* Each of Grandpoint and PPBI shall give prompt written notice to the other of any fact, event or circumstance known to it that (a) is reasonably likely, individually or taken together with all other facts, events and circumstances known to it, to result in any Material Adverse Effect with respect to it or (b) would cause or constitute a failure of any of the conditions provided for in Article VII.

In connection therewith, PPBI and Grandpoint shall execute and deliver any supplemental indentures or other documents reasonably required to make such assumption effective.

6.16 *Antitakeover Statutes.* Each of PPBI and Grandpoint and their respective Boards of Directors shall, if any state antitakeover statute or similar statute becomes applicable to this Agreement and the Transaction, take all action reasonably necessary to ensure that the Transaction may be consummated as promptly as practicable on the terms contemplated hereby and otherwise to minimize the effect of such statute or regulation on this Agreement and the Transaction.

8.02 *Effect of Termination and Abandonment.*

(a) In the event of termination of this Agreement and the abandonment of the Merger pursuant to this Article VIII, no party to this Agreement shall have any liability or further obligation to any other party hereunder except that (i) this Section 8.02, Section 6.06(e) and Article IX shall survive any termination of this Agreement and (ii) notwithstanding anything to the contrary, neither PPBI nor Grandpoint shall be relieved or released from any liabilities or damages to the other party hereto resulting from any knowing and intentional breach of this Agreement.

(b) In the event that (i) an Acquisition Proposal has been made (whether or not conditional) to Grandpoint or its shareholders or any Person has publicly announced an intention (whether or not conditional) to make an Acquisition Proposal (and such Acquisition Proposal or publicly announced intention shall not have been publicly withdrawn without qualification) and thereafter (A) this Agreement is terminated by PPBI pursuant to 8.01(c) or PPBI pursuant to 8.01(g) and (B) prior to the date that is 12 months after such termination, (1) Grandpoint or any of its Subsidiaries enters into an Acquisition Agreement with respect to any Acquisition Proposal or (2) any Acquisition Proposal is consummated (solely for purposes of this Section 8.02(b)(i)(B), the term "Acquisition Proposal" shall have the meaning set forth in the definition of Acquisition Proposal contained in Section 6.07(a) except that all references to 10% shall be deemed references to 50%), then Grandpoint shall pay to PPBI a fee equal to \$23.0 million (the "Termination Fee") by wire transfer of next day funds on the earlier of the date of execution of such Acquisition Agreement or the consummation of such Acquisition Proposal. In the event that (i) this Agreement is terminated by PPBI pursuant to Section 8.01(e) or (ii) this Agreement is terminated by Grandpoint pursuant to Section 8.01(f), then, in each such case, Grandpoint shall pay PPBI the Termination Fee by wire transfer of same-day funds (x) in the case of a termination by PPBI pursuant to Section 8.01(e), within two Business Days after such termination, and (y) in the case of a termination by Grandpoint pursuant to Section 8.01(f), no later than the time of such termination. If the Termination Fee becomes payable pursuant to the terms of this Agreement, payment of the Termination Fee shall be the sole and exclusive remedy of PPBI against Grandpoint and any of its Subsidiaries and their respective Representatives with respect to the breach of any covenant or agreement giving rise to such payment.

(c) Each party acknowledge that the agreements contained in this Section 8.02 are an integral part of the transactions contemplated by this Agreement and that, without these agreements, the other party would not have entered into this Agreement. Accordingly, if either party fails promptly to pay the amounts due pursuant to Section 8.02 and, in order to obtain such payment, the other party commences a suit that results in a judgement against such party for the amounts set forth in Section 8.02, the party failing to pay such amount due shall pay to the other party its reasonable costs and expenses (including attorneys' fees and expenses) in connection with such suit and any appeal relating thereto, together with interest on the amounts set forth in Section 8.02 at the prime lending rate as published in the *Wall Street Journal* in effect on the date such payment was required to be made.

ARTICLE IX

MISCELLANEOUS

9.01 *Survival.* No representations, warranties, agreements and covenants contained in this Agreement shall survive the Effective Time (other than agreements or covenants contained herein that by their express terms are to be performed after the Effective Time) or the termination of this Agreement if this Agreement is terminated prior to the Effective Time (other than Sections 6.06(e), 8.02 and this Article IX, which shall survive any such termination).

9.02 *Waiver; Amendment.* Prior to the Effective Time, any provision of this Agreement may be (i) waived, by the party benefited by the provision or (ii) amended or modified at any time, by an agreement in writing among the parties hereto executed in the same manner as this Agreement; provided, however, that after PPBI's receipt of Shareholder Approval, there may not be, without further approval of Grandpoint's shareholders, any amendment of this Agreement that requires further approval under applicable law. For purposes of clarification, an amendment of any date in Section 8.01(c) shall not require further approval by any shareholders and if such amendment were deemed by law to require further approval by the shareholders of Grandpoint, the receipt of the Shareholder Approval will be deemed to have granted Grandpoint the authority to amend such dates without such further approval.

9.03 *Counterparts.* This Agreement may be executed in one or more counterparts, all of which shall be deemed to constitute one and the same original agreement.

9.04 *Governing Law and Venue; Waiver of Jury Trial; Specific Performance.*

(a) This Agreement shall be governed by, and interpreted in accordance with, the laws of the State of Delaware applicable to contracts made and to be performed entirely within such State, without regard to the conflict of law principles thereof to the extent that such principles would direct a matter to another jurisdiction. The parties hereby irrevocably submit to the personal jurisdiction of the courts of the State of Delaware and the Federal courts of the United States of America located in the State of Delaware solely in respect of the interpretation and enforcement of the provisions of this Agreement and of the documents referred to in this Agreement, and in respect of the transactions contemplated by this Agreement, and hereby waive, and agree not to assert, as a defense in any litigation, arbitration, claim or other proceeding for the interpretation or enforcement of this Agreement or of any such document, that it is not subject thereto or that such litigation, arbitration, claim or other proceeding may not be brought or is not maintainable in said courts or that the venue thereof may not be appropriate or that this Agreement or any such document may not be enforced in or by such courts, and the parties hereto irrevocably agree that all litigation, arbitration, claims or other proceedings shall be heard and determined in such a Delaware State or Federal court. The parties hereby consent to and grant any such court jurisdiction over the Person of such parties and, to the extent permitted by law, over the subject matter of such dispute and agree that mailing of process or other papers in connection with any such litigation, arbitration, claim or other proceeding in the manner provided in Section 9.06 or in such other manner as may be permitted by law shall be valid and sufficient service thereof.

(b) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT, OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (i) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER, (ii) EACH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (iii) EACH PARTY MAKES THIS WAIVER VOLUNTARILY AND (iv) EACH PARTY HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 9.04.

9.07 *Entire Understanding; Limited Third Party Beneficiaries.* This Agreement, the Bank Merger Agreement, the Support Agreement, the Shareholder Agreements and the Confidentiality Agreement represent the entire understanding of the parties hereto and thereto with reference to the Transaction, and this Agreement, the Bank Merger Agreement, the Support Agreement, the Shareholder Agreements and the Confidentiality Agreement supersede any and all other oral or written agreements heretofore made. Except for the Indemnified Parties' right to enforce PPBI's obligation under Section 6.10, which are expressly intended to be for the irrevocable benefit of, and shall be enforceable by, each Indemnified Party and his or her heirs and Representatives, nothing in this Agreement, expressed or implied, is intended to confer upon any Person, other than the parties hereto or their

respective successors, any rights, remedies, obligations or liabilities under or by reason of this Agreement.

9.08 *Severability.* Except to the extent that application of this Section 9.08 would have a Material Adverse Effect on Grandpoint or PPBI, any term or provision of this Agreement which is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions of this Agreement or affecting the validity or enforceability of any of the terms or provisions of this Agreement in any other jurisdiction. If any provision of this Agreement is so broad as to be unenforceable, the provision shall be interpreted to be only so broad as is enforceable. In all such cases, the parties shall use their reasonable best efforts to substitute a valid, legal and enforceable provision which, insofar as practicable, implements the original purposes and intents of this Agreement.

9.09 *Enforcement of the Agreement.* The parties hereto agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. Except as provided in Section 8.02, it is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in the Court of Chancery of the State of Delaware and the federal courts of the United States of America located in the State of Delaware, this being in addition to any other remedy to which they are entitled at law or in equity. In the event attorneys' fees or other costs are incurred to secure performance of any of the obligations herein provided for, or to establish damages for the breach thereof, or to obtain any other appropriate relief, whether by way of prosecution or defense, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs incurred therein.

9.10 *Interpretation.* When a reference is made in this Agreement to Sections, Exhibits or Schedules, such reference shall be to a Section of, or Exhibit or Schedule to, this Agreement unless otherwise indicated. The table of contents and headings contained in this Agreement are for reference purposes only and are not part of this Agreement. Whenever the words "include," "includes" or "including" are used in this Agreement, they shall be deemed to be followed by the words "without limitation." Whenever the words "as of the date hereof" are used in this Agreement, they shall be deemed to mean the day and year first above written.

9.11 *Assignment.* No party may assign either this Agreement or any of its rights, interests or obligations hereunder without the prior written approval of the other party. Subject to the preceding sentence, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns.

9.12 *Alternative Structure.* Subject to the proviso in the first sentence of Section 9.02, PPBI may at any time modify the structure of the acquisition of Grandpoint set forth herein, provided that (i) the Merger Consideration to be paid to the holders of Grandpoint Common Stock is not thereby changed in kind or reduced in amount as a result of such modification, (ii) such modifications will not adversely affect the tax treatment to Grandpoint's shareholders as a result of receiving the Merger Consideration and (iii) such modification will not jeopardize receipt of any required approvals of Governmental Authorities or impede or delay consummation of the Transactions contemplated by this Agreement.

SUPPORT AGREEMENT

SUPPORT AGREEMENT (this "Agreement"), dated as of February 9, 2018, between _____ (the "Investor") and Pacific Premier Bancorp, Inc., a Delaware corporation ("PPBI"). All terms used herein and not defined herein shall have the meanings assigned thereto in the Merger Agreement (defined below).

WHEREAS, Grandpoint Capital, Inc., a Delaware corporation ("Grandpoint"), and PPBI are simultaneously herewith entering into an Agreement and Plan of Reorganization, dated as of the date hereof (the "Merger Agreement"), pursuant to which Grandpoint will merge with and into PPBI on the terms and conditions set forth therein (the "Merger") and, in connection therewith, outstanding shares of Grandpoint Common Stock will be converted into shares of PPBI Common Stock and cash in lieu of fractional shares in the manner set forth therein; and

WHEREAS, the Investor owns the shares of Grandpoint Common Stock identified on Exhibit I hereto (such shares, together with all shares of Grandpoint Common Stock subsequently acquired by the Investor during the term of this Agreement, being referred to as the "Shares"); and

WHEREAS, in order to induce PPBI to enter into the Merger Agreement, the Investor has agreed to enter into and perform this Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the parties hereto agree as follows:

1. *Agreement to Vote Shares.* The Investor agrees that, while this Agreement is in effect, at such time as Grandpoint conducts the Grandpoint Consent Solicitation, the Investor shall deliver a duly executed copy of the written consent set forth as Exhibit II to this Agreement (or cause such consent to be delivered) covering all the Shares that are beneficially owned by the Investor or as to which the Investor has, directly or indirectly, the right to vote or direct the voting.

2. *Transfer of Shares.*

(a) *Prohibition on Transfers of Shares; Other Actions.* The Investor hereby agrees, that while this Agreement is in effect, the Investor shall not, without the prior written approval of PPBI, (i) sell, transfer, pledge, encumber, distribute by gift or donation, or otherwise dispose of any of the Shares (or any securities convertible into or exercisable or exchangeable for Shares) or any interest therein, whether by actual disposition, physical settlement or effective economic disposition through hedging transactions, derivative instruments or other means, except for charitable gifts or donations where the recipient enters into a voting agreement binding the recipient to vote its shares in the manner provided in Section 1 of this Agreement; provided, that the foregoing shall not prohibit the Investor from disposing of or surrendering Shares to Grandpoint in connection with the vesting, settlement or exercise of Grandpoint Options, for the payment of taxes thereon or the exercise price thereon or (ii) enter into any agreement, arrangement or understanding with any Person, or take any other action, that violates or conflicts with the Investor's obligations under this Agreement.

(b) *Transfer of Voting Rights.* The Investor hereby agrees that the Investor shall not deposit any Shares in a voting trust, grant any proxy or enter into any voting agreement or similar agreement or arrangement with respect to any of the Shares.

(c) The prohibitions provided for in this Section 2 shall no longer apply to the Investor once Shareholder Approval is obtained by delivery to Grandpoint and PPBI of the Grandpoint Shareholder Consents.

3. *Representations and Warranties of the Manager.* The Investor represents and warrants to and agrees with PPBI as follows:

(a) *Capacity.* The Investor has all requisite capacity and authority to enter into and perform its obligations under this Agreement.

(b) *Binding Agreement.* This Agreement has been duly authorized, executed and delivered by the Investor and assuming the due authorization, execution and delivery of this Agreement by PPBI, constitutes the valid and legally binding obligation of the Investor, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

(c) *Non-Contravention.* The execution and delivery of this Agreement by the Investor does not, and the performance by the Investor of its obligations hereunder will not, violate or conflict with, or constitute a default under, any agreement, instrument, contract or other obligation or any order, arbitration award, judgment or decree to which the Investor is a party or by which the Investor is bound, or any statute, rule or regulation to which the Investor is subject or any charter, bylaw or other organizational document of the Investor, except where such violation, conflict or default would not prevent, materially impair or materially delay the Investor's performance of its obligations under this Agreement.

(d) *Ownership.* The Shares are, and, except as otherwise provided for in Section 2(a) hereof, through the term of this Agreement will be, owned beneficially and of record solely by the Investor, except as otherwise disclosed on Exhibit I hereto. The Investor has title to the Shares, free and clear of any lien, pledge, mortgage, security interest or other encumbrance, except as otherwise disclosed on Exhibit I hereto. As of the date hereof, the Shares identified on Exhibit I hereto constitute all of the shares of Grandpoint Common Stock owned beneficially or of record by the Investor. The Investor has and, except as provided in Section 2(a) above, will have at all times during the term of this Agreement (i) sole or shared voting power and sole or shared power to issue instructions with respect to the matters set forth in Section 1 hereof, (ii) sole or shared power of disposition and (iii) sole or shared power to agree to all of the matters set forth in this Agreement, in each case with respect to all of the Shares owned by the Investor on the date of this Agreement and all of the Shares hereafter acquired by the Investor and owned beneficially or of record by it during the term of this Agreement. For purposes of this Agreement, the term "beneficial ownership" shall be interpreted in accordance with Rule 13d-3 under the Exchange Act.

(e) *Consents and Approvals.* The execution and delivery of this Agreement by the Investor does not, and the performance by the Investor of its obligations under this Agreement will not, require the Investor to obtain any consent, approval, authorization or permit of, or to make any filing with or notification to, any Governmental Authority except where the failure to obtain such consent, approval, authorization or permit or make such filing or notification would not prevent, materially impair or materially delay the Investor's performance of its obligations under this Agreement.

(f) *Absence of Litigation.* There is no suit, action, investigation or proceeding pending or, to the knowledge of the Investor, threatened against or affecting the Investor or any of its affiliates before or by any Governmental Authority that could reasonably be expected to materially impair the ability of the Investor to perform its obligations hereunder on a timely basis.

4. *No Solicitation.* The Investor hereby agrees that during the term of this Agreement it shall not, and shall instruct any investment banker, financial advisor, attorney, accountant or other representative retained by it not to, directly or indirectly take any of the actions that would result in a breach of clauses (i)-(vi) of Section 6.07(a) of the Merger Agreement. The Investor agrees immediately to cease and cause to be terminated any activities, discussions or negotiations conducted before the

date of this Agreement with any Persons other than PPBI or its affiliates and representatives with respect to any possible Acquisition Proposal and will take all necessary steps to inform any investment banker, financial advisor, attorney, accountant or other representative retained by it of the obligations undertaken by the Investor pursuant to this Section 4.

5. *Notice of Acquisitions; Proposals Regarding Prohibited Transactions.* The Investor hereby agrees to notify PPBI promptly (and in any event within two (2) Business Days) in writing of the number of any additional shares of Grandpoint Common Stock or other securities of Grandpoint of which the Investor acquires beneficial or record ownership on or after the date hereof. The Investor will comply with the provisions of Section 6.07(c) of the Merger Agreement as if it were Grandpoint.

6. *Specific Performance and Remedies.* The Investor acknowledges that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached, and that, in such event, PPBI will not have an adequate remedy at law. Accordingly, the Investor agrees that injunctive relief or other equitable remedy, in addition to remedies at law or in damages, is the appropriate remedy for any such failure and will not oppose the granting of such relief on the basis that PPBI may have an adequate remedy at law. The Investor agrees that it will not seek, and agrees to waive any requirement for, the securing or posting of a bond in connection with PPBI's seeking or obtaining such equitable relief.

7. *Term of Agreement; Termination.*

(a) The term of this Agreement shall commence on the date hereof.

(b) This Agreement shall terminate upon the earlier to occur of (i) the date, if any, of termination of the Merger Agreement in accordance with its terms, or (ii) the Effective Time of the Merger. Upon such termination, no party shall have any further obligations or liabilities hereunder; provided, however, such termination shall not relieve any party from liability for any knowing and intentional breach of this Agreement prior to such termination.

8. *Stop Transfer Order.* In furtherance of this Agreement, the Investor hereby authorizes and instructs Grandpoint to enter a stop transfer order with respect to all of the Shares for the period from the date hereof through the date this Agreement is terminated in accordance with Section 7, except as otherwise provided for in Section 2(a) hereof.

9. *Entire Agreement.* This Agreement supersedes all prior agreements, written or oral, among the parties hereto with respect to the subject matter hereof and contains the entire agreement among the parties with respect to the subject matter hereof. This Agreement may not be amended, supplemented or modified, and no provisions hereof may be modified or waived, except by an instrument in writing signed by each party hereto. No waiver of any provisions hereof by any party shall be deemed a waiver of any other provisions hereof by any such party, nor shall any such waiver be deemed a continuing waiver of any provision hereof by such party.

10. *Notices.* All notices, requests, claims, demands or other communications hereunder shall be in writing and shall be deemed given when delivered personally, upon receipt of a transmission confirmation if sent by telecopy or like transmission and on the next Business Day when sent by a

(c) The prohibitions provided for in this Section 2 shall no longer apply to Shareholder once Shareholder Approval is obtained by delivery to Grandpoint and PPBI of the Grandpoint Shareholder Consents.

3. *Representations and Warranties of Shareholder.* Shareholder represents and warrants to and agrees with PPBI as follows:

(a) *Capacity.* Shareholder has all requisite capacity and authority to enter into and perform his, her or its obligations under this Agreement.

(b) *Binding Agreement.* This Agreement has been duly authorized, executed and delivered by Shareholder and assuming the due authorization, execution and delivery of this Agreement by PPBI, constitutes the valid and legally binding obligation of Shareholder, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

(c) *Non-Contravention.* The execution and delivery of this Agreement by Shareholder does not, and the performance by Shareholder of his, her or its obligations hereunder will not, violate or conflict with, or constitute a default under, any agreement, instrument, contract or other obligation or any order, arbitration award, judgment or decree to which Shareholder is a party or by which Shareholder is bound, or any statute, rule or regulation to which Shareholder is subject or, in the event that Shareholder is a corporation, partnership, trust or other entity, any charter, bylaw or other organizational document of Shareholder, except where such violation, conflict or default would not prevent, materially impair or materially delay Shareholder's performance of its obligations under this Agreement.

(d) *Ownership.* Shareholder's Shares are, and, except as otherwise provided for in Section 2(a) hereof, through the term of this Agreement will be, owned beneficially and of record solely by Shareholder, except as otherwise disclosed on Exhibit I hereto. Shareholder has title to the Shares, free and clear of any lien, pledge, mortgage, security interest or other encumbrance, except as otherwise disclosed on Exhibit I hereto. As of the date hereof, the Shares identified on Exhibit I hereto constitute all of the shares of Grandpoint Common Stock owned beneficially or of record by Shareholder. Shareholder has and, except as otherwise provided for in Section 2(a) above, will have at all times during the term of this Agreement (i) sole or shared voting power and sole or shared power to issue instructions with respect to the matters set forth in Section 1 hereof, (ii) sole or shared power of disposition and (iii) sole or shared power to agree to all of the matters set forth in this Agreement, in each case with respect to all of the Shares owned by Shareholder on the date of this Agreement and all of the Shares hereafter acquired by Shareholder and owned beneficially or of record by him, her or it during the term of this Agreement. For purposes of this Agreement, the term "beneficial ownership" shall be interpreted in accordance with Rule 13d-3 under the Exchange Act.

(e) *Consents and Approvals.* The execution and delivery of this Agreement by Shareholder does not, and the performance by Shareholder of his, her or its obligations under this Agreement will not, require Shareholder to obtain any consent, approval, authorization or permit of, or to make any filing with or notification to, any Governmental Authority.

(f) *Absence of Litigation.* There is no suit, action, investigation or proceeding pending or, to the knowledge of Shareholder, threatened against or affecting Shareholder or any of his, her or its affiliates before or by any Governmental Authority that could reasonably be expected to materially impair the ability of Shareholder to perform his, her or its obligations hereunder on a timely basis.

4. *No Solicitation.* Shareholder hereby agrees that during the term of this Agreement he, she or it shall not, and shall not instruct any investment banker, financial advisor, attorney, accountant or other representative retained by him, her or it not to, directly or indirectly take any of the actions that

would result in a breach of clauses (i)-(vi) of Section 6.07(a) of the Merger Agreement. Shareholder agrees immediately to cease and cause to be terminated any activities, discussions or negotiations conducted before the date of this Agreement with any Persons other than PPBI or its affiliates and representatives with respect to any possible Acquisition Proposal and will take all necessary steps to inform any investment banker, financial advisor, attorney, accountant or other representative retained by him, her or it of the obligations undertaken by Shareholder pursuant to this Section 4. Nothing contained in this Section 4 shall prevent an Shareholder who is an officer or a member of the Grandpoint Board from discharging his or her fiduciary duties solely in his or her capacity as such an officer or director.

5. *Notice of Acquisitions; Proposals Regarding Prohibited Transactions.* Shareholder hereby agrees to notify PPBI promptly (and in any event within two (2) Business Days) in writing of the number of any additional shares of Grandpoint Common Stock or other securities of Grandpoint of which Shareholder acquires beneficial or record ownership on or after the date hereof. Shareholder will comply with the provisions of Section 6.07(c) of the Merger Agreement as if he, she or it were Grandpoint.

6. *Non-Solicitation.*(1)

(a) In the event Shareholder is not a Transferred Employee, Shareholder agrees that for a period of two (2) years following the Closing Date, Shareholder will not directly or indirectly:

(i) solicit (other than general solicitations through newspapers or other media of general circulation, or the engagement of professional search firms, not targeted at such employees) any employees of Grandpoint or its Subsidiaries prior to the Closing ("Grandpoint Employees"); provided, however, that the foregoing shall not apply to any Grandpoint Employee (Y) who does not become an employee of PPBI or any of its Subsidiaries or is terminated by PPBI or any of its Subsidiaries without cause on or after the Closing Date; or (Z) whose employment terminated more than six months prior to the time that such Grandpoint Employee is first solicited for employment following the Closing Date (other than with respect to solicitations permitted by the terms of this Section 6(a)(i)); or

(ii) knowingly (A) induce, persuade, encourage or influence or attempt to induce, persuade, encourage or influence any Person having a business relationship with Grandpoint or its Subsidiaries prior to the Closing Date, to discontinue, reduce or restrict such relationship with PPBI or its Subsidiaries after the Closing Date, provided that nothing herein shall prevent Shareholder from conducting or engaging in business with any Person who was not solicited in violation of Section 6(a)(ii)(B), or (B) solicit or target the deposits, loans or other products and services from or to Persons who were depositors, borrowers or customers of Grandpoint or its Subsidiaries on the date of this Agreement, and/or as of the Closing Date, whether by personal contact, by telephone, by facsimile, by mail or other form of solicitation or communication, or in any other way except for general solicitations that are directed to the general public and not directed specifically to Persons who were depositors, borrowers or customers of Grandpoint or its Subsidiaries on the date of this Agreement, or as of the Closing Date. Notwithstanding the foregoing and for purposes of clarity, nothing herein shall prohibit the Shareholder from exercising Shareholder's discretion relating to Shareholder's personal and business banking relationships.

(b) Shareholder acknowledges and agrees that the business conducted by Grandpoint and its Subsidiaries is highly competitive and that the covenants made by the Shareholder in this Section 6 are made as a necessary inducement for PPBI to enter into the Merger Agreement and to

(1) The Non-Solicitation provisions will only be included in the Shareholder Agreements being entered into with Grandpoint and Grandpoint Bank executive officers not being retained by PPBI.

consummate the transactions contemplated thereby. It is the desire and intent of the parties to this Agreement that the provisions of this Section 6 shall be enforced to the fullest extent permissible under the laws and public policies of each jurisdiction in which enforcement is sought. It is expressly understood and agreed that although Shareholder and PPBI each consider the restrictions contained in this Section 6 to be reasonable, if a final determination is made by a court of competent jurisdiction or an arbitrator that the time or territory or any other restriction contained in this Section 6 is unenforceable against any party, the provisions of this Section 6 shall be deemed amended to apply as to such maximum time and territory and to such maximum extent as such court may judicially determine or indicate to be enforceable.

(c) Shareholder acknowledges and agrees that the provisions of this Agreement are necessary to protect PPBI's legitimate business interests and to protect the value of PPBI's acquisition of Grandpoint. Shareholder warrants that these provisions will not unreasonably interfere with his or her ability to earn a living or to pursue his or her occupation and the Shareholder has the means to support himself or herself and his or her dependents and the provisions of this Section 6 will not impair such ability in any manner whatsoever.

(d) Shareholder will not, at any time during the two-year period referred to in Subsection 6(a) of this Agreement, disparage PPBI, its Subsidiaries or any of its Affiliates, or the business conducted by PPBI, its Subsidiaries or any of their Affiliates, or any stockholder, member, director, manager, officer, employee or agent of PPBI, its Subsidiaries or any of their Affiliates.

7. *Specific Performance and Remedies.* The Shareholder acknowledges that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached, and that, in such event, PPBI will not have an adequate remedy at law. Accordingly, Shareholder agrees that injunctive relief or other equitable remedy, in addition to remedies at law or in damages, is the appropriate remedy for any such failure and will not oppose the granting of such relief on the basis that PPBI may have an adequate remedy at law. Shareholder agrees that Shareholder will not seek, and agrees to waive any requirement for, the securing or posting of a bond in connection with PPBI's seeking or obtaining such equitable relief.

8. *Term of Agreement; Termination.*

(a) The term of this Agreement shall commence on the date hereof.

(b) This Agreement shall terminate upon the earlier to occur of (i) the date, if any, of termination of the Merger Agreement in accordance with its terms, or (ii) the Effective Time of the Merger. Upon such termination, no party shall have any further obligations or liabilities hereunder; provided, however, such termination shall not relieve any party from liability for any knowing and intentional breach of this Agreement prior to such termination. Notwithstanding the foregoing, in the event this Agreement is terminated upon the Effective Time of the Merger, the provisions in Section 6 shall survive for a period of two (2) years from the Closing Date.

9. *Stop Transfer Order.* In furtherance of this Agreement, Shareholder hereby authorizes and instructs Grandpoint to enter a stop transfer order with respect to all of Shareholder's Shares for the period from the date hereof through the date this Agreement is terminated in accordance with Section 8, except as otherwise provided for in Section 2(a) hereof.

10. *Entire Agreement.* This Agreement supersedes all prior agreements, written or oral, among the parties hereto with respect to the subject matter hereof and contains the entire agreement among the parties with respect to the subject matter hereof. This Agreement may not be amended, supplemented or modified, and no provisions hereof may be modified or waived, except by an instrument in writing signed by each party hereto. No waiver of any provisions hereof by any party shall

be deemed a waiver of any other provisions hereof by any such party, nor shall any such waiver be deemed a continuing waiver of any provision hereof by such party.

11. *Notices.* All notices, requests, claims, demands or other communications hereunder shall be in writing and shall be deemed given when delivered personally, upon receipt of a transmission confirmation if sent by telecopy or like transmission and on the next Business Day when sent by a reputable overnight courier service to the parties at the following addresses (or at such other address for a party as shall be specified by like notice):

Board of Directors of
Pacific Premier Bancorp, Inc.
17901 Von Karman Ave, Suite 1200
Irvine, CA 92614

Members of the Board of Directors:

We understand that Pacific Premier Bancorp, Inc. (the "Company" or "PPBI") and Grandpoint Capital, Inc. ("Grandpoint"), propose to enter into the Agreement (defined below) pursuant to which, among other things, Grandpoint will be merged with and into the Company and Grandpoint Bank will be merged with and into Pacific Premier Bank (the "Transaction") and that, in connection with the Transaction, each outstanding share of common stock, no par value, of Grandpoint, will be converted into the right to receive 0.4750 (the "Exchange Ratio") shares of the Company's common stock (the "Common Shares"). The Board of Directors of the Company (the "Board") has requested that Raymond James & Associates, Inc. ("Raymond James," "us" or "we") provide an opinion (the "Opinion") to the Board as to whether, as of the date hereof, the Exchange Ratio in the Transaction pursuant to the Agreement is fair from a financial point of view to the Company.

In connection with our review of the proposed Transaction and the preparation of this Opinion, we have, among other things:

1. reviewed the financial terms and conditions as stated in the draft dated February 7, 2018 of the Agreement and Plan of Merger among the Company and Grandpoint (the "Agreement");
2. reviewed certain information related to the historical, current and future operations, financial condition and prospects of the Company and Grandpoint made available to us by the Company or Grandpoint, including, but not limited to, financial projections prepared by the management of the Company relating to the Company and Grandpoint for the periods ending December 31, 2017 through December 31, 2022, as approved for our use by the Company (the "Projections");
3. reviewed the Company's recent public filings and certain other publicly available information regarding the Company and Grandpoint;
4. reviewed financial, operating and other information regarding the Company and Grandpoint, including audited and unaudited financial statements, and the industry in which it operates;
5. compared the financial and operating performance of the Company and Grandpoint with that of certain other public companies that we deemed to be relevant;
6. reviewed the current and historical market prices and trading volume for the Common Shares, and the current market prices of the publicly traded securities of certain other companies that we deemed to be comparable to the Company;
7. conducted such other financial studies, analyses and inquiries and considered such other information and factors as we deemed appropriate;

8. reviewed and considered the pro forma financial impact of the Transaction on the Company based on the Projections and certain pro forma adjustments, as provided by the management of the Company;
9. reviewed a certificate addressed to Raymond James from a member of senior management of the Company regarding, among other things, the accuracy of the information, data and other materials (financial or otherwise) provided to, or discussed with, Raymond James by or on behalf of the Company; and
10. discussed with members of the senior management of the Company and Grandpoint certain information relating to the aforementioned and any other matters which we have deemed relevant to our inquiry.

With your consent, we have assumed and relied upon the accuracy and completeness of all information that was publicly available or was supplied by or on behalf of the Company or Grandpoint or otherwise reviewed by or discussed with us, and we have undertaken no duty or responsibility to, nor did we, independently verify any of such information. We have not made or obtained an independent appraisal or valuations of the assets or liabilities (fixed, contingent, derivative, off-balance sheet or otherwise) of the Company or Grandpoint, and have not been furnished or provided with any such appraisals or valuations. We have not evaluated the adequacy of the loan or lease reserves of the Company, and we have assumed, with your consent, that the Company's and Grandpoint's allowances for loan and lease losses are in the aggregate adequate to cover such losses. Accordingly, we express no opinion with respect to the foregoing.

With respect to the Projections and any other information and data provided to or otherwise reviewed by or discussed with us, we have, with your consent, assumed that the Projections and such other information and data have been reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of management of the Company, and we have relied upon the Company to advise us promptly if any information previously provided became inaccurate or was required to be updated during the period of our review. We express no opinion with respect to the Projections or the assumptions on which they are based. We have assumed that the final form of the Agreement will be substantially similar to the draft reviewed by us, and that the Transaction will be consummated in accordance with the terms of the Agreement without waiver or amendment of any conditions thereto. Furthermore, we have assumed, in all respects material to our analysis, that the representations and warranties of each party contained in the Agreement are true and correct and that each such party will perform all of the covenants and agreements required to be performed by it under the Agreement without being waived. We have relied upon and assumed, without independent verification, that (i) the Transaction will be consummated in a manner that complies in all respects with all applicable international, federal and state statutes, rules and regulations, and (ii) all governmental, regulatory, and other consents and approvals necessary for the consummation of the Transaction will be obtained and that no delay, limitations, restrictions or conditions will be imposed or amendments, modifications or waivers made that would have an effect on the Transaction or the Company that would be material to our analyses or this Opinion.

Our opinion is based upon market, economic, financial and other circumstances and conditions existing and disclosed to us as of February 9, 2018 and any material change in such circumstances and conditions would require a reevaluation of this Opinion. We have no obligation to reaffirm, update or revise this Opinion or otherwise comment upon any event occurring after February 9, 2018. We have relied upon and assumed, without independent verification, that there has been no change in the business, assets, liabilities, financial condition, results of operations, cash flows or prospects of the Company or Grandpoint since the respective dates of the most recent financial statements and other information, financial or otherwise, provided to us that would be material to our analyses or this

Table of Contents

Opinion, and that there is no information or any facts that would make any of the information reviewed by us incomplete or misleading in any material respect.

We express no opinion as to the underlying business decision to effect the Transaction, the structure or tax consequences of the Transaction or the availability or advisability of any alternatives to the Transaction. We provided advice to the Company with respect to the proposed Transaction. We did not, however, recommend any specific amount of consideration or that any specific consideration constituted the only appropriate consideration for the Transaction. We did not solicit indications of interest with respect to a transaction involving the Company. This letter does not express any opinion as to the likely trading range of the Company's stock following the Transaction, which may vary depending on numerous factors that generally impact the price of securities or on the financial condition of the Company at that time. Our opinion is limited to the fairness, from a financial point of view, of the Exchange Ratio in the Transaction to the Company.

We express no opinion with respect to any other reasons, legal, business, or otherwise, that may support the decision of the Board of Directors to approve or consummate the Transaction. Furthermore, no opinion, counsel, or interpretation is intended by Raymond James on matters that require legal, regulatory, accounting, or tax advice. It is assumed that such opinions, counsel, or interpretations have been or will be obtained from the appropriate professional sources. Furthermore, with the consent of the Company, we have relied, without independent verification, on the fact that the Company has been assisted by legal, regulatory, accounting, and tax advisors and we have, with the consent of the Company, relied upon and assumed the accuracy and completeness of the assessments by the Company and its advisors as to all legal, regulatory, accounting, and tax matters with respect to the Company and the Transaction including without limitation that the Transaction will qualify as a reorganization within the meaning of Section 368(a) and related sections of the Internal Revenue Code of 1986, as amended.

In formulating our opinion, we have considered only what we understand to be the Exchange Ratio in the Transaction as described above and we did not consider and we express no opinion on the fairness of the amount or nature of any compensation to be paid or payable to any of Grandpoint's officers, directors or employees, or class of such persons, whether relative to the consideration paid by the Company or otherwise. We have not been requested to opine as to, and this Opinion does not express an opinion as to or otherwise address, among other things: (1) the fairness of the Transaction to the holders of any class of securities, creditors, or other constituencies of the Company, or to any other party, except and only to the extent expressly set forth in the last sentence of this Opinion or (2) the fairness of the Transaction to any one class or group of the Company's or any other party's security holders or other constituencies vis-à-vis any other class or group of the Company's or such other party's security holders or other constituents (including, without limitation, the allocation of any consideration to be received in the Transaction amongst or within such classes or groups of security holders or other constituents). Without limiting the generality of the foregoing, we express no opinion as to the fairness of the Transaction to, or the allocation of any consideration to be received in the Transaction among, the holders of Grandpoint voting common stock and Grandpoint non-voting common stock. We are not expressing any opinion as to the impact of the Transaction on the solvency or viability of the Company or Grandpoint or the ability of the Company or Grandpoint to pay their respective obligations when they come due.

The delivery of this opinion was approved by an opinion committee of Raymond James.

Raymond James has been engaged to render financial advisory services to the Company in connection with the proposed Transaction and will receive a fee for such services, a substantial portion of which is contingent upon consummation of the Transaction. Raymond James will also receive a fee upon the delivery of this Opinion, which is not contingent upon the successful completion of the

Table of Contents

Transaction or on the conclusion reached herein. In addition, the Company has agreed to reimburse certain of our expenses and to indemnify us against certain liabilities arising out of our engagement.

In the ordinary course of our business, Raymond James may trade in the securities of the Company for our own account or for the accounts of our customers and, accordingly, may at any time hold a long or short position in such securities. Raymond James has provided certain services to the Company (in the previous two years), including providing investment banking advisory services, for which it has been paid a fee. Furthermore, Raymond James may provide investment banking, financial advisory and other financial services to the Company and/or Grandpoint or their respective affiliates or other participants in the Transaction in the future, for which Raymond James may receive compensation.

It is understood that this letter is for the information of the Board (solely in each directors capacity as such) in evaluating the proposed Transaction and does not constitute a recommendation to any shareholder of the Company regarding how said shareholder should vote on the proposed Transaction or any other matter. Furthermore, this letter should not be construed as creating any fiduciary duty on the part of Raymond James to any such party. This Opinion may not be reproduced, disclosed, referred to, published or otherwise used (in whole or in part) for any other purpose, nor shall any public references to Raymond James be made, without our prior written consent. The use of this Opinion and any description of our work and this Opinion in, or in connection with, a proxy statement used in connection with the Transaction that is required to be filed with the Securities and Exchange Commission, is subject to our prior review and written consent.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Exchange Ratio in the Transaction pursuant to the Agreement is fair, from a financial point of view, to the Company.

Very truly yours,

RAYMOND JAMES & ASSOCIATES, INC.

The Board of Directors
Grandpoint Capital, Inc.
333 South Grand Avenue, Suite 4250
Los Angeles, CA 90071

Members of the Board:

You have requested the opinion of Keefe, Bruyette & Woods, Inc. ("KBW" or "we") as investment bankers as to the fairness, from a financial point of view, to the common shareholders of Grandpoint Capital, Inc. ("Grandpoint") of the Exchange Ratio (as defined below), in the proposed merger (the "Merger") of Grandpoint with and into Pacific Premier Bancorp, Inc. ("Pacific Premier"), pursuant to the Agreement and Plan of Reorganization (the "Agreement") to be entered into by and between Grandpoint and Pacific Premier. Pursuant to the Agreement and subject to the terms, conditions and limitations set forth therein, at the Effective Time (as defined in the Agreement), automatically by virtue of the Merger and without any action on the part of any holder of voting common stock, par value \$0.01 per share, of Grandpoint ("Grandpoint Voting Common Stock") or any holder of non-voting common stock, par value \$0.01 per share, of Grandpoint ("Grandpoint Non-Voting Common Stock" and, together with Grandpoint Voting Common Stock, "Grandpoint Common Stock"), each share of Grandpoint Common Stock issued and outstanding immediately prior to the Effective Time shall be converted into, and shall be canceled in exchange for, the right to receive 0.4750 of a share of common stock, par value \$0.01 per share, of Pacific Premier ("Pacific Premier Common Stock"). The foregoing ratio of 0.4750 of a share of Pacific Premier Common stock for one share of Grandpoint Common Stock is referred to herein as the "Exchange Ratio." The terms and conditions of the Merger are more fully set forth in the Agreement.

The Agreement further provides that, immediately after consummation of the Merger, Grandpoint Bank, a wholly-owned subsidiary of Grandpoint, is to merge with and into Pacific Premier Bank, a wholly-owned subsidiary of Pacific Premier, pursuant to a separate bank merger agreement to be entered into by and between Grandpoint Bank and Pacific Premier Bank subsequent to execution of the Agreement (such transaction, the "Bank Merger").

KBW has acted as financial advisor to Grandpoint and not as an advisor to or agent of any other person. As part of our investment banking business, we are continually engaged in the valuation of bank and bank holding company securities in connection with acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for various other purposes. As specialists in the securities of banking companies, we have experience in, and knowledge of, the valuation of banking enterprises. We and our affiliates, in the ordinary course of our and their broker-dealer businesses (and further to existing sales and trading relationships between a KBW broker-dealer affiliate and each of Grandpoint and Pacific Premier), may from time to time purchase securities from, and sell securities to, Grandpoint and Pacific Premier. In addition, as market makers in securities, we and our affiliates may from time to time have a long or short position in, and buy or sell, debt or equity securities of Grandpoint or Pacific Premier for our and their own respective accounts and for the accounts of our and their respective customers and clients. We have acted

exclusively for the board of directors of Grandpoint (the "Board") in rendering this opinion and will receive a fee from Grandpoint for our services. A portion of our fee is payable upon the rendering of this opinion, and a significant portion is contingent upon the successful completion of the Merger. In addition, Grandpoint has agreed to indemnify us for certain liabilities arising out of our engagement.

Other than in connection with the present engagement, in the past two years, KBW has not provided investment banking and financial advisory services to Grandpoint. In the past two years, KBW has not provided investment banking or financial advisory services to Pacific Premier. We may in the future provide investment banking and financial advisory services to Grandpoint or Pacific Premier and receive compensation for such services.

In connection with this opinion, we have reviewed, analyzed and relied upon material bearing upon the financial and operating condition of Grandpoint and Pacific Premier and bearing upon the Merger, including among other things, the following: (i) a draft of the Agreement dated February 7, 2018 (the most recent draft made available to us); (ii) the audited financial statements for the three fiscal years ended December 31, 2016 of Grandpoint; (iii) the unaudited quarterly financial statements for the periods ended March 31, 2017, June 30, 2017 and September 30, 2017 of Grandpoint; (iv) certain unaudited quarterly and year-end financial results for the quarter and fiscal year ended December 31, 2017 of Grandpoint (provided to us by representatives of Grandpoint); (v) the audited financial statements and Annual Reports on Form 10-K for the three fiscal years ended December 31, 2016 of Pacific Premier; (vi) the unaudited quarterly financial results and Quarterly Report on Form 10-Q for the periods ended March 31, 2017, June 30, 2017 and September 30, 2017 of Pacific Premier; (vii) certain unaudited quarterly and year-end financial results for the quarter and fiscal year ended December 31, 2017 of Pacific Premier (contained in the Current Report on Form 8-K filed by Pacific Premier with the Securities and Exchange Commission on January 30, 2018); (viii) certain regulatory filings of Grandpoint and Pacific Premier and their respective subsidiaries, including the quarterly reports on Form FR Y-9C and call reports filed with respect to each quarter during the three-year period ended December 31, 2017; (ix) certain other interim reports and other communications of Grandpoint and Pacific Premier to their respective shareholders; and (x) other financial information concerning the businesses and operations of Grandpoint and Pacific Premier that was furnished to us by Grandpoint and Pacific Premier or which we were otherwise directed to use for purposes of our analyses. Our consideration of financial information and other factors that we deemed appropriate under the circumstances or relevant to our analyses included, among others, the following: (i) the historical and current financial position and results of operations of Grandpoint and Pacific Premier; (ii) the assets and liabilities of Grandpoint and Pacific Premier; (iii) the nature and terms of certain other merger transactions and business combinations in the banking industry; (iv) a comparison of certain financial and stock market information for Grandpoint and Pacific Premier with similar information for certain other companies the securities of which are publicly traded; (v) financial and operating forecasts and projections of Grandpoint that were prepared by, and provided to us and discussed with us by, Grandpoint management and that were used and relied upon by us at the direction of such management and with the consent of the Board; (vi) publicly available consensus "street estimates" of Pacific Premier, as well as assumed long-term Pacific Premier growth rates provided to us by Pacific Premier management, all of which information was discussed with us by Pacific Premier management and used and relied upon by us based on such discussions, at the direction of Grandpoint management and with the consent of the Board; and (vii) estimates regarding certain pro forma financial effects of the Merger on Pacific Premier (including, without limitation, the cost savings and related expenses expected to result or be derived from the Merger) that were prepared by, and provided to and discussed with us by, Pacific Premier management and that were used and relied upon by us based on such discussions, at the direction of Grandpoint management and with the consent of the Board. We have also performed such other studies and analyses as we considered appropriate and have taken into account our assessment of general economic, market and financial conditions and our experience in other transactions, as well as our experience in securities valuation

Table of Contents

and knowledge of the banking industry generally. We have also participated in discussions held by the managements of Grandpoint and Pacific Premier regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters as we have deemed relevant to our inquiry. In addition, we have considered the results of the efforts undertaken by Grandpoint, with our assistance, to solicit indications of interest from third parties regarding a potential transaction with Grandpoint.

In conducting our review and arriving at our opinion, we have relied upon and assumed the accuracy and completeness of all of the financial and other information that was provided to us or that was publicly available and we have not independently verified the accuracy or completeness of any such information or assumed any responsibility or liability for such verification, accuracy or completeness. We have relied upon the management of Grandpoint as to the reasonableness and achievability of the financial and operating projections of Grandpoint referred to above (and the assumptions set forth therein and bases therefor), and we have assumed that such forecasts and projections were reasonably prepared and represent the best currently available estimates and judgments of such management and that such forecasts and projections will be realized in the amounts and in the time periods currently estimated by such management. We have further relied, with the consent of Grandpoint, upon Pacific Premier management as to the reasonableness and achievability of the publicly available consensus "street estimates" of Pacific Premier, the assumed Pacific Premier long-term growth rates, and the estimates regarding certain pro forma financial effects of the Merger on Pacific Premier, all as referred to above (and the assumptions set forth in and bases for all such information, including, without limitation, the cost savings and related expenses expected to result or be derived from the Merger), and we have assumed that all such information was reasonably prepared and represents, or in the case of the Pacific Premier "street estimates" referred to above that such estimates are consistent with, the best currently available estimates and judgments of Pacific Premier management and that the forecasts, projections and estimates reflected in such information will be realized in the amounts and in the time periods currently estimated.

It is understood that the portion of the foregoing financial information of Grandpoint and Pacific Premier that was provided to us was not prepared with the expectation of public disclosure, that all of the foregoing financial information, including the publicly available consensus "street estimates" of Pacific Premier referred to above, is based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions and that, accordingly, actual results could vary significantly from those set forth in such information. We have assumed, based on discussions with the respective managements of Grandpoint and Pacific Premier and with the consent of the Board, that all such information provides a reasonable basis upon which we could form our opinion and we express no view as to any such information or the assumptions or bases therefor. We have relied on all such information without independent verification or analysis and do not in any respect assume any responsibility or liability for the accuracy or completeness thereof.

We also assumed that there were no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of either Grandpoint or Pacific Premier since the date of the last financial statements of each such entity that were made available to us. We are not experts in the independent verification of the adequacy of allowances for loan and lease losses and we have assumed, without independent verification and with your consent, that the aggregate allowances for loan and lease losses for Grandpoint and Pacific Premier are adequate to cover such losses. In rendering our opinion, we have not made or obtained any evaluations or appraisals or physical inspection of the property, assets or liabilities (contingent or otherwise) of Grandpoint or Pacific Premier, the collateral securing any of such assets or liabilities, or the collectability of any such assets, nor have we examined any individual loan or credit files, nor did we evaluate the solvency, financial capability or fair value of Grandpoint or Pacific Premier under any state or federal laws, including

Table of Contents

those relating to bankruptcy, insolvency or other matters. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, we assume no responsibility or liability for their accuracy.

We have assumed, in all respects material to our analyses, the following: (i) that the Merger and any related transactions (including the Bank Merger) will be completed substantially in accordance with the terms set forth in the Agreement (the final terms of which we have assumed will not differ in any respect material to our analyses from the draft reviewed and referred to above) with no adjustments to the Exchange Ratio and with no other consideration or payments in respect of Grandpoint Common Stock; (ii) that the representations and warranties of each party in the Agreement and in all related documents and instruments referred to in the Agreement are true and correct; (iii) that each party to the Agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents; (iv) that there are no factors that would delay or subject to any adverse conditions, any necessary regulatory or governmental approval for the Merger or any related transactions (including the Bank Merger) and that all conditions to the completion of the Merger and any related transaction will be satisfied without any waivers or modifications to the Agreement or any of the related documents; and (v) that in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the Merger and any related transaction (including the Bank Merger), no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, will be imposed that will have a material adverse effect on the future results of operations or financial condition of Grandpoint, Pacific Premier or the pro forma entity, or the contemplated benefits of the Merger, including without limitation the cost savings and related expenses expected to result or be derived from the Merger. We have assumed that the Merger will be consummated in a manner that complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. We have further been advised by representatives of Grandpoint that Grandpoint has relied upon advice from its advisors (other than KBW) or other appropriate sources as to all legal, financial reporting, tax, accounting and regulatory matters with respect to Grandpoint, Pacific Premier, the Merger and any related transaction (including the Bank Merger), and the Agreement. KBW has not provided advice with respect to any such matters.

This opinion addresses only the fairness, from a financial point of view, as of the date hereof, of the Exchange Ratio in the Merger to the holders of Grandpoint Common Stock, without regard to any differences between Grandpoint Voting Common Stock and Grandpoint Non-Voting Common Stock and without regard to the individual circumstances of any specific holders which may distinguish such holders. We express no view or opinion as to any other terms or aspects of the Merger or any term or aspect of any related transaction (including the Bank Merger), including without limitation, the form or structure of the Merger or any such related transaction, any consequences of the Merger or any such related transaction to Grandpoint, its shareholders, creditors or otherwise, or any terms, aspects, merits or implications of any employment, consulting, voting, support, shareholder or other agreements, arrangements or understandings contemplated or entered into in connection with the Merger or otherwise. Our opinion is necessarily based upon conditions as they exist and can be evaluated on the date hereof and the information made available to us through the date hereof. It is understood that subsequent developments may affect the conclusion reached in this opinion and that KBW does not have an obligation to update, revise or reaffirm this opinion. Our opinion does not address, and we express no view or opinion with respect to, (i) the underlying business decision of Grandpoint to engage in the Merger or enter into the Agreement; (ii) the relative merits of the Merger as compared to any strategic alternatives that are, have been or may be available to or contemplated by Grandpoint or the Board; (iii) the fairness of the amount or nature of any compensation to any of Grandpoint's officers, directors or employees, or any class of such persons, relative to the compensation to the holders of Grandpoint Common Stock; (iv) the effect of the Merger or any related transaction on, or

the fairness of the consideration to be received by, holders of any class of securities of Grandpoint (other than the holders of Grandpoint Common Stock, solely with respect to the Exchange Ratio as described herein and not relative to the consideration to be received by holders of any other class of securities) or holders of any class of securities of Pacific Premier or any other party to any transaction contemplated by the Agreement; (v) the relative fairness of the Exchange Ratio as between holders of Grandpoint Voting Common Stock and Grandpoint Non-Voting Common Stock; (vi) the actual value of Pacific Premier Common Stock to be issued in the Merger; (vii) the prices, trading range or volume at which Pacific Premier Common Stock and Grandpoint Common Stock will trade following the public announcement of the Merger or the prices, trading range or volume at which Pacific Premier Common Stock will trade following the consummation of the Merger; (viii) any advice or opinions provided by any other advisor to any of the parties to the Merger or any other transaction contemplated by the Agreement; or (ix) any legal, regulatory, accounting, tax or similar matters relating to Grandpoint, Pacific Premier, their respective shareholders, or relating to or arising out of or as a consequence of the Merger or any related transaction (including the Bank Merger), including whether or not the Merger would qualify as a tax-free reorganization for United States federal income tax purposes.

This opinion is for the information of, and is directed to, the Board (in its capacity as such) in connection with its consideration of the financial terms of the Merger. This opinion does not constitute a recommendation to the Board as to how it should vote on the Merger, or to any holder of Grandpoint Common Stock or any shareholder of any other entity as to how to vote in connection with the Merger or any other matter, nor does it constitute a recommendation regarding whether or not any such shareholder should enter into a voting, shareholders', or affiliates' agreement with respect to the Merger or exercise any dissenters' or appraisal rights that may be available to such shareholder.

This opinion has been reviewed and approved by our Fairness Opinion Committee in conformity with our policies and procedures established under the requirements of Rule 5150 of the Financial Industry Regulatory Authority.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Exchange Ratio in the Merger is fair, from a financial point of view, to the holders Grandpoint Common Stock.

Very truly yours,

SECTION 262 OF THE GENERAL CORPORATION LAW OF THE STATE OF DELAWARE

(b) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(c) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title and, subject to paragraph (b)(3) of this section, § 251(h) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that, except as expressly provided in § 363(b) of this title, no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of stockholders to act upon the agreement of merger or consolidation, were either: (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

(2) Notwithstanding paragraph (b)(1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 255, 256, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 251(h), § 253 or § 267 of this title is not owned by the parent immediately

prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(4) In the event of an amendment to a corporation's certificate of incorporation contemplated by § 363(a) of this title, appraisal rights shall be available as contemplated by § 363(b) of this title, and the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as practicable, with the word "amendment" substituted for the words "merger or consolidation," and the word "corporation" substituted for the words "constituent corporation" and/or "surviving or resulting corporation."

(d) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(e) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to § 228, § 251(h), § 253, or § 267 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice or, in the case of a merger approved pursuant to § 251(h) of this title, within the later of the consummation of

Table of Contents

the tender or exchange offer contemplated by §251(h) of this title and 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice or, in the case of a merger approved pursuant to § 251(h) of this title, later than the later of the consummation of the tender or exchange offer contemplated by § 251(h) of this title and 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(f) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) of this section hereof and who is otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) of this section hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later. Notwithstanding subsection (a) of this section, a person who is the beneficial owner of shares of such stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from the corporation the statement described in this subsection.

(g) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their

Table of Contents

shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(h) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(i) After the Court determines the stockholders entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the stockholders entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(j) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(k) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

Table of Contents

(l) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just; provided, however that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation within 60 days after the effective date of the merger or consolidation, as set forth in subsection (e) of this section.

(m) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

Recent Developments

Pending Acquisition of Grandpoint Capital, Inc. On February 9, 2018, we entered into a definitive agreement with Grandpoint Capital, Inc. ("Grandpoint") to acquire Grandpoint and its wholly-owned, California-chartered state bank subsidiary, Grandpoint Bank. Grandpoint is headquartered in Los Angeles, California with \$3.2 billion in total assets, \$2.4 billion in gross loans and \$2.4 billion in total deposits at December 31, 2017. Grandpoint operates 14 regional offices in Southern California, Arizona and Vancouver, Washington. Under the terms of the definitive agreement, holders of Grandpoint common stock will have the right to receive 0.4750 shares of Company common stock.

The proposed transaction is expected to close in the third quarter of 2018, subject to satisfaction of customary closing conditions, including regulatory approvals and approval of Grandpoint's and the Corporation's shareholders. Certain Grandpoint shareholders, as well as Grandpoint's directors and executive officers have entered into agreements with the Corporation pursuant to which they have committed to provide written consents with respect to shares of Grandpoint common stock in favor of the acquisition. For additional information about the proposed acquisition of Grandpoint, see the Corporation's Current Report on Form 8-K filed with the SEC on February 12, 2018 and the definitive agreement which is filed as an exhibit to the Current Report on Form 8-K.

Our Strategic Plan

Our strategic plan is focused on generating organic growth through our high performing sales culture. Additionally, we seek to grow through mergers and acquisitions of California-based banks and the acquisition of lines of business that complement our business banking strategy.

Table of Contents

Our two key operating strategies are summarized as follows:

Expansion through Organic Growth. Over the past several years, we have developed a high performing sales culture that places a premium on business bankers that have the ability to consistently generate business with new and existing clients. Business unit managers that possess in-depth product knowledge and expertise in their respective lines of business systematically manage the business development efforts through the use of sales and relationship management technology tools.

Expansion through Acquisitions. Our acquisition strategy is twofold; first we seek to acquire whole banks within and contiguous to the State of California to expand geographically and/or to consolidate in our existing markets and, second, we seek to acquire lines of business that will complement our existing business banking strategy. We have completed nine acquisitions since 2010, of which the first two were FDIC-assisted transactions and all other bank transactions were open bank, arm's length negotiated transactions: Canyon National Bank ("CNB") (geographic expansion, closed February 2011), Palm Desert National Bank ("PDNB") (in market consolidation, closed April 2012), First Associations Bank ("FAB") (nationwide HOA line of business, closed March 2013), San Diego Trust Bank ("SDTB") (geographic expansion, closed June 2013), Infinity Franchise Holdings, LLC and Infinity Franchise Capital (collectively, "Infinity") (nationwide lender to franchisees in the QSR industry, closed January 2014), Independence Bank ("IDPK") (geographic expansion, closed January 2015), Security Bank of California ("SCAF") (geographic expansion, closed January 2016), Heritage Oaks Bancorp ("HEOP") (geographic expansion, closed April 2017), and Plaza Bancorp ("PLZZ") (geographic expansion, closed November 2017). In addition, on February 9, 2018, we entered into a definitive agreement with Grandpoint to acquire Grandpoint and its wholly-owned, California-chartered state bank subsidiary, Grandpoint Bank. That transaction is expected to close in the third quarter of 2018, subject to the receipt of all regulatory and shareholder approvals and the satisfaction or waiver, if applicable, of all closing conditions. We will continue to pursue acquisitions of open banks and other non-depository businesses that meet our criteria, though there can be no assurances that we will identify or consummate any such acquisitions, and if we do, that any or all of those acquisitions will produce the intended results.

Lending Activities

General. In 2017, we maintained our commitment to a high level of credit quality in our lending activities. Our core lending business continues to focus on meeting the financial needs of local businesses and their owners. To that end, the Company offers a full complement of flexible and structured loan products tailored to meet the diverse needs of our customers.

During 2017, we made or purchased loans to borrowers secured by real property and business assets located principally in California, our primary market area. We made select loans, primarily QSR franchise loans, SBA guaranteed loans and loans to HOAs, throughout the United States. We emphasize relationship lending and focus on generating loans with customers who also maintain full depository relationships with us. These efforts assist us in establishing and expanding depository relationships consistent with the Company's strategic direction. We maintain an internal lending limit below our \$340.9 million legal lending limit for secured loans and \$204.5 million for unsecured loans as of December 31, 2017. At December 31, 2017, the Bank's largest aggregate outstanding balance of loans to one borrower was \$44.9 million of secured credit. Historically, we have managed loan concentrations by selling certain loans, primarily commercial non-owner occupied CRE and multi-family residential loan production. In recent periods, we have also focused on selling the guaranteed portion of SBA loans due to the attractive premiums in the market, which gains on sale increase our noninterest income. Other types of loan sales remain a strategic option for us.

Table of Contents

During 2017, we originated \$2.2 billion of loans and loan commitments, including \$490 million of commercial and industrial ("C&I") loans, \$344 million of construction loans, \$313 million of franchise loans, \$267 million of non-owner occupied CRE loans, \$246 million of owner occupied CRE loans, \$189 million of SBA loans, \$186 million of multi-family real estate loans, \$37.8 million of agribusiness loans, \$35.9 million of one-to-four family real estate loans, \$32.8 million of consumer loans and \$10.3 million of farmland loans. During the same period, the acquisition of PLZZ added \$1.1 billion of loans in the fourth quarter of 2017, and the acquisition of HEOP added \$1.4 billion of loans in the second quarter of 2017, both before fair value adjustments. At December 31, 2017, we had \$6.2 billion in total gross loans held for investment outstanding.

Commercial and Industrial Lending. We originate C&I loans secured by business assets including inventory, receivables, and machinery and equipment to businesses located in our primary market area. Loan types include revolving lines of credit, term loans, seasonal loans and loans secured by liquid collateral such as cash deposits or marketable securities. HOA credit facilities are included in C&I loans. We also issue letters of credit on behalf of our customers, backed by loans or deposits with the Company. At December 31, 2017, C&I loans totaled \$1.1 billion, constituting 17.5% of our gross loans held for investment. At December 31, 2017, we had commitments to extend additional credit on C&I loans of \$707 million.

Franchise Lending. We originate loans to franchises in the QSR industry nationwide, including financing for equipment, real estate, new store development, remodeling, refinancing, acquisition and partnership restructuring. At December 31, 2017, Franchise loans totaled \$660 million, constituting 10.7% of our gross loans held for investment.

Commercial Owner-Occupied Business Lending. We originate and purchase loans secured by owner-occupied CRE, such as small office and light industrial buildings, and mixed-use commercial properties located predominantly in California. We also make loans secured by special purpose properties, such as gas stations and churches. Pursuant to our underwriting policies, owner-occupied commercial real estate ("CRE") loans may be made in amounts of up to 80% of the lesser of the appraised value or the purchase price of the collateral property. Loans are generally made for terms up to 25 years with amortization periods up to 25 years. At December 31, 2017, we had \$1.3 billion of owner-occupied CRE secured loans, constituting 20.8% of our gross loans held for investment.

SBA Lending. We are approved to originate loans under the SBA's Preferred Lenders Program ("PLP"). The PLP lending status affords us a higher level of delegated credit autonomy, translating to a significantly shorter turnaround time from application to funding, which is critical to our marketing efforts. We originate loans nationwide under the SBA's 7(a), SBAExpress, International Trade and 504 loan programs, in conformity with SBA underwriting and documentation standards. The guaranteed portion of the 7(a) loans is typically sold on the secondary market. At December 31, 2017, we had \$186 million of SBA loans, constituting 3.0% of our gross loans held for investment.

Agribusiness and Farmland. We originate loans to the agricultural community to fund seasonal production and longer term investments in land, buildings, equipment, crops and livestock. Agribusiness loans are for the purpose of financing agricultural production to finance crops and livestock. Farmland loans include all land known to be used or usable for agricultural purposes, such as crop and livestock production, and is secured by the land and improvements thereon. At December 31, 2017, agribusiness loans totaled \$116 million, constituting 1.9% of our gross loans held for investment. At December 31, 2017, we had \$145 million of farmland loans, constituting 2.3% of our gross loans held for investment.

Commercial Non-Owner Occupied Real Estate Lending. We originate and purchase loans that are secured by CRE, such as retail centers, small office and light industrial buildings, and mixed-use commercial properties located predominantly in California that are not occupied by the borrower. We also make loans secured by special purpose properties, such as hotels and self-storage facilities.

Table of Contents

Pursuant to our underwriting practices, non-owner occupied CRE loans may be made in amounts up to 75% of the lesser of the appraised value or the purchase price of the collateral property. We consider the net operating income of the property and typically require a stabilized debt service coverage ratio of at least 1.20:1, based on the qualifying loan interest rate. Loans are generally made for terms from 10 years up to 25 years, with amortization periods up to 25 years. At December 31, 2017, we had \$1.2 billion of non-owner occupied CRE secured loans, constituting 20.0% of our gross loans held for investment.

Multi-family Residential Lending. We originate and purchase loans secured by multi-family residential properties (five units and greater) located predominantly in California. Pursuant to our underwriting practices, multi-family residential loans may be made in an amount up to 75% of the lesser of the appraised value or the purchase price of the collateral property. In addition, we generally require a stabilized minimum debt service coverage ratio of at least 1.15:1, based on the qualifying loan interest rate. Loans are made for terms of up to 30 years with amortization periods up to 30 years. At December 31, 2017, we had \$794 million of multi-family real estate secured loans, constituting 12.8% of our gross loans held for investment.

One-to-Four Family Real Estate Lending. Although we do not originate, through our bank acquisitions, we have acquired first lien single family mortgages. Our portfolio of one-to-four family loans at December 31, 2017 totaled \$271 million, constituting 4.4% of our gross loans held for investment, of which \$223 million consists of loans secured by first liens on real estate and \$48.0 million consists of loans secured by second or junior liens on real estate.

Construction Lending. We originate loans for the construction of 1-4 family, multi-family residences and CRE properties in our market area. We concentrate our efforts on single homes and small infill projects in established neighborhoods where there is not abundant land available for development. Pursuant to our underwriting practices, construction loans may be made in an amount up to the lesser of 80% of the completed value of or 85% of the cost to build the collateral property. Loans are made solely for the term of construction, generally less than 24 months. We require that the owner's equity is injected prior to the funding of the loan. At December 31, 2017, construction loans totaled \$283 million, constituting 4.6% of our gross loans, and we had commitments to extend additional construction credit of \$306 million.

Land Loans. We occasionally originate land loans located predominantly in California for the purpose of facilitating the ultimate construction of a home or commercial building. We do not originate loans to facilitate the holding of land for speculative purposes. At December 31, 2017, land loans totaled \$31.2 million, constituting 0.5% of our gross loans.

Consumer Loans. We originate a limited number of consumer loans, generally for banking customers only, which consist primarily of home equity lines of credit and savings account secured loans. Before we make a consumer loan, we assess the applicant's ability to repay the loan and, if applicable, the value of the collateral securing the loan. At December 31, 2017, we had \$92.9 million in consumer loans that represented 1.5% of our gross loans.

Warehouse Repurchase Facilities. In 2015, we provided warehouse repurchase facilities for qualified mortgage bankers operating principally in California. These facilities provided short-term funding for one-to-four family mortgage loans via a mechanism whereby the mortgage banker sold us closed loans on an interim basis, to be repurchased in conjunction with the sale of each loan on the secondary market. We generally purchased only conforming/conventional (Federal National Mortgage Association ("FNMA"), Federal Home Loan Mortgage Corporation ("FHLMC")) and government guaranteed (Federal Housing Administration ("FHA"), Veterans Administration ("VA") and U.S. Department of Agriculture ("USDA")) credits, and only after due diligence that we believed was thorough and

sophisticated. We notified our borrowers that we will no longer provide funding under the repurchase facilities after March 15, 2016, and at December 31, 2017 and 2016, we had no warehouse loans.

Sources of Funds

General. Deposits, loan repayments and prepayments, and cash flows generated from operations and borrowings are the primary sources of the Company's funds for use in lending, investing and other general purposes.

Deposits. Deposits represent our primary source of funds for our lending and investing activities. The Company offers a variety of deposit accounts with a range of interest rates and terms. The deposit accounts are offered through our 33 full depository branch network in California and Nevada, and nationwide through our HOA Banking unit located in Irvine, California. The Company's deposits consist of checking accounts, money market accounts, passbook savings, and certificates of deposit. The flow of deposits is influenced significantly by general economic conditions, changes in money market rates, prevailing interest rates and competition. The terms of the fixed-rate certificates of deposit offered by the Company vary from three months to five years. Specific terms of an individual account vary according to the type of account, the minimum balance required, the time period funds must remain on deposit and the interest rate, among other factors. Total deposits at December 31, 2017 were \$6.1 billion, compared to \$3.1 billion at December 31, 2016. At December 31, 2017, certificates of deposit constituted 17.8% of total deposits, compared to 18.3% at the year-end 2016. At December 31, 2017, we had \$848 million of certificate of deposit accounts maturing in one year or less.

We primarily rely on customer service, sales and marketing efforts, business development, cross selling of deposit products to loan customers, and long-standing relationships with customers to attract and retain local deposits. However, market interest rates and rates offered by competing financial institutions significantly affect the Company's ability to attract and retain deposits. Additionally, from time to time, we will utilize both wholesale and brokered deposits to supplement our generation of deposits from businesses and consumers. At December 31, 2017, we had \$386 million in brokered deposits that were raised to supplement and diversify our deposit funding and support our interest rate risk management strategies. The brokered deposits had a weighted average maturity of 7 months and an all-in cost of 143 basis points.

Subsidiaries

At December 31, 2017, we had five operating subsidiaries, the Bank, a wholly-owned consolidated subsidiary with no subsidiaries of its own, and PPBI Statutory Trust I, Heritage Oaks Capital Trust II, Mission Community Capital Trust I and Santa Lucia Bancorp (CA) Capital Trust which are wholly-owned special purpose entities. The Company accounts for its investments in its wholly-owned special purpose entities under the equity method, whereby the subsidiary's net earnings are recognized in the Company's Statement of Income and the investment in these entities is included in Other Assets on the Company's Consolidated Statements of Financial Condition.

Personnel

As of December 31, 2017, we had 842 full-time employees and 4 part-time employees. The employees are not represented by a collective bargaining unit and we consider our relationship with our employees to be satisfactory.

Competition

We consider our Bank to be a community bank focused on the commercial banking business, with our primary market encompassing California. To a lesser extent, we also compete in several broader

Table of Contents

regional and national markets through our HOA Banking, SBA, Franchise Lending and Income Property lines of business.

The banking business is highly competitive with respect to virtually all products and services. The industry continues to consolidate, and unregulated competitors in the banking markets have focused products targeted at highly profitable customer segments. Many largely unregulated competitors are able to compete across geographic boundaries, and provide customers increasing access to meaningful alternatives to nearly all significant banking services and products.

The banking business is dominated by a relatively small number of major banks with many offices operating over a wide geographical area. These banks have, among other advantages, the ability to finance wide-ranging and effective advertising campaigns, and to allocate their resources to regions of highest yield and demand. Many of the national or super-regional banks operating in our primary market area offer certain services that we do not offer directly but may offer indirectly through correspondent institutions. By virtue of their greater total capitalization, the national or super-regional banks also have substantially higher lending limits than us.

In addition to other local community banks, our competitors include commercial banks, savings banks, credit unions, and numerous non-banking institutions, such as finance companies, leasing companies, insurance companies, brokerage firms and investment banking firms. Increased competition has also developed from specialized finance and non-finance companies that offer wholesale finance, credit card, and other consumer finance services, including on-line banking services and personal financial software. Strong competition for deposit and loan products affects the rates of those products, as well as the terms on which they are offered to customers. Mergers between financial institutions have placed additional pressure on banks within the industry to streamline their operations, reduce expenses, and increase revenues to remain competitive.

Technological innovations have also resulted in increased competition in the financial services market. Such innovation has, for example, made it possible for non-depository institutions to offer customers automated transfer payment services that previously were considered traditional banking products. In addition, many customers now expect a choice of delivery systems and channels, including telephone, mobile phones, mail, home computer, ATMs, self-service branches, and/or in-store branches. The sources of competition in such products include commercial banks, as well as credit unions, brokerage firms, money market and other mutual funds, asset management groups, finance and insurance companies, internet-only financial intermediaries and mortgage banking firms.

We work to anticipate and adapt to competitive conditions, whether developing and marketing innovative products and services, adopting or developing new technologies that differentiate our products and services, or providing highly personalized banking services. We strive to distinguish ourselves from other community banks and financial services providers in our marketplace by providing a high level of service to enhance customer loyalty and to attract and retain business. However, no assurances can be given that our efforts to compete in our market areas will continue to be successful.

Supervision and Regulation

General. Bank holding companies, such as the Corporation, and banks, such as the Bank, are subject to extensive regulation and supervision by federal and state regulators. Various requirements and restrictions under state and federal law affect our operations, including reserves against deposits, ownership of deposit accounts, loans, investments, mergers and acquisitions, borrowings, dividends, locations of branch offices and capital requirements. The following is a summary of certain statutes and rules applicable to us. This summary is qualified in its entirety by reference to the particular statute and regulatory provision referred to below and is not intended to be an exhaustive description of all applicable statutes and regulations.

Table of Contents

As a bank holding company, the Corporation is subject to regulation and supervision by the Federal Reserve. We are required to file with the Federal Reserve quarterly and annual reports and such additional information as the Federal Reserve may require pursuant to the BHCA. The Federal Reserve may conduct examinations of bank holding companies and their subsidiaries. The Corporation is also a bank holding company within the meaning of the California Financial Code (the "Financial Code"). As such, the Corporation and its subsidiaries are subject to examination by, and may be required to file reports with, the DBO.

Under changes made by the Dodd-Frank Act, a bank holding company must act as a source of financial and managerial strength to each of its subsidiary banks and to commit resources to support each such subsidiary bank. In order to fulfill its obligations as a source of strength, the Federal Reserve may require a bank holding company to make capital injections into a troubled subsidiary bank. In addition, the Federal Reserve may charge the bank holding company with engaging in unsafe and unsound practices if the bank holding company fails to commit resources to a subsidiary bank or if it undertakes actions that the Federal Reserve believes might jeopardize the bank holding company's ability to commit resources to such subsidiary bank. The Federal Reserve also has the authority to require a bank holding company to terminate any activity or to relinquish control of a nonbank subsidiary (other than a nonbank subsidiary of a bank) upon the Federal Reserve's determination that such activity or control constitutes a serious risk to the financial soundness and stability of any bank subsidiary of the bank holding company.

As a California state-chartered commercial bank, which is a member of the Federal Reserve, the Bank is subject to supervision, periodic examination and regulation by the DBO and the Federal Reserve. The Bank's deposits are insured by the FDIC through the Deposit Insurance Fund ("DIF"). Pursuant to the Dodd-Frank Act, federal deposit insurance coverage was permanently increased to \$250,000 per depositor for all insured depository institutions. As a result of this deposit insurance function, the FDIC also has certain supervisory authority and powers over the Bank as well as all other FDIC insured institutions. If, as a result of an examination of the Bank, the regulators should determine that the financial condition, capital resources, asset quality, earnings prospects, management, liquidity or other aspects of the Bank's operations are unsatisfactory or that the Bank or our management is violating or has violated any law or regulation, various remedies are available to the regulators. Such remedies include the power to enjoin unsafe or unsound practices, to require affirmative action to correct any conditions resulting from any violation or practice, to issue an administrative order that can be judicially enforced, to direct an increase in capital, to restrict growth, to assess civil monetary penalties, to remove officers and directors and ultimately to request the FDIC to terminate the Bank's deposit insurance. As a California-chartered commercial bank, the Bank is also subject to certain provisions of California law.

Legislative and regulatory initiatives are from time-to-time introduced, which necessarily impacts the regulation of the financial services industry. We cannot predict whether or when potential legislation or new regulations will be enacted, and if enacted, the effect that new legislation or any implemented regulations and supervisory policies would have on our financial condition and results of operations. Moreover, bank regulatory agencies can be more aggressive in responding to concerns and trends identified in examinations, which could result in an increased issuance of enforcement actions to financial institutions requiring action to address credit quality, liquidity and risk management and capital adequacy, as well as other safety and soundness concerns.

Dodd-Frank Act

The Dodd-Frank Act, which was signed into law in July 2010, implemented far-reaching changes across the financial regulatory landscape, including provisions that, among other things, repealed the federal prohibitions on the payment of interest on demand deposits, thereby permitting depository institutions to pay interest on business transaction and other accounts, and increased the authority of

Table of Contents

the Federal Reserve to examine bank holding companies, such as the Corporation, and their non-bank subsidiaries.

Many aspects of the Dodd-Frank Act continue to be subject to rulemaking and have yet to take full effect, making it difficult to anticipate the overall financial impact on the Company, its customers or the financial industry generally. Provisions in the legislation that affect deposit insurance assessments, payment of interest on demand deposits and interchange fees could increase the costs associated with deposits as well as place limitations on certain revenues those deposits may generate.

In 2017, both the House of Representatives and the Senate introduced legislation that would repeal or modify provisions of the Dodd-Frank Act and significantly impact financial services regulation. Although the bills vary in content, certain key aspects include revisions to rules related to mortgage loans, delayed implementation of rules related to the Home Mortgage Disclosure Act, reform and simplification of certain Volcker Rule requirements, and raising the threshold for applying enhanced prudential standards to bank holding companies with total consolidated assets equal to or greater than \$50 billion to those with total consolidated assets equal to or greater than \$250 billion.

Activities of Bank Holding Companies. The activities of bank holding companies are generally limited to the business of banking, managing or controlling banks, and other activities that the Federal Reserve has determined to be so closely related to banking or managing or controlling banks as to be a proper incident thereto. Bank holding companies that qualify and register as "financial holding companies" are also able to engage in certain additional financial activities, such as merchant banking and securities and insurance underwriting, subject to limitations set forth in federal law. We are not at this date a "financial holding company."

The BHCA requires a bank holding company to obtain prior approval of the Federal Reserve before: (i) taking any action that causes a bank to become a controlled subsidiary of the bank holding company; (ii) acquiring direct or indirect ownership or control of voting shares of any bank or bank holding company, if the acquisition results in the acquiring bank holding company having control of more than 5% of the outstanding shares of any class of voting securities of such bank or bank holding company, unless such bank or bank holding company is majority-owned by the acquiring bank holding company before the acquisition; (iii) acquiring all or substantially all the assets of a bank; or (iv) merging or consolidating with another bank holding company.

Permissible Activities of the Bank. Because California permits commercial banks chartered by the state to engage in any activity permissible for national banks, the Bank can form subsidiaries to engage in activities "closely related to banking" or "nonbanking" activities and expanded financial activities. However, to form a financial subsidiary, the Bank must be well capitalized and would be subject to the same capital deduction, risk management and affiliate transaction rules as applicable to national banks. Generally, a financial subsidiary is permitted to engage in activities that are "financial in nature" or incidental thereto, even though they are not permissible for the national bank to conduct directly within the bank. The definition of "financial in nature" includes, among other items, underwriting, dealing in or making a market in securities, including, for example, distributing shares of mutual funds. The subsidiary may not, however, engage as principal in underwriting insurance (other than credit life insurance), issue annuities or engage in real estate development, investment or merchant banking.

Incentive Compensation. Federal banking agencies have issued guidance on incentive compensation policies intended to ensure that the incentive compensation policies of banking organizations do not undermine the safety and soundness of such organizations by encouraging excessive risk-taking. The guidance, which covers all employees that have the ability to materially affect the risk profile of an organization, is based upon the key principles that a banking organization's incentive compensation arrangements should (i) provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage risks, (ii) be compatible with

Table of Contents

effective internal controls and risk management, and (iii) be supported by strong corporate governance, including active and effective oversight by the organization's board of directors. In accordance with the Dodd-Frank Act, the federal banking agencies prohibit incentive-based compensation arrangements that encourage inappropriate risk taking by covered financial institutions (generally institutions that have over \$1 billion in assets) and are deemed to be excessive, or that may lead to material losses.

The Federal Reserve will review, as part of the regular, risk-focused examination process, the incentive compensation arrangements of banking organizations, such as the Company, that are not "large, complex banking organizations." These reviews will be tailored to each organization based on the scope and complexity of the organization's activities and the prevalence of incentive compensation arrangements. The findings of the supervisory initiatives will be included in reports of examination. Deficiencies will be incorporated into the organization's supervisory ratings, which can affect the organization's ability to make acquisitions and take other actions. Enforcement actions may be taken against a banking organization if its incentive compensation arrangements, or related risk-management control or governance processes, pose a risk to the organization's safety and soundness and the organization is not taking prompt and effective measures to correct the deficiencies.

The scope and content of the U.S. banking regulators' policies on executive compensation may continue to evolve in the near future. It cannot be determined at this time whether compliance with such policies will adversely affect the Company's ability to hire, retain and motivate its key employees.

Capital Requirements. Bank holding companies and banks are subject to various regulatory capital requirements administered by state and federal agencies. These agencies may establish higher minimum requirements if, for example, a banking organization previously has received special attention or has a high susceptibility to interest rate risk. Risk-based capital requirements determine the adequacy of capital based on the risk inherent in various classes of assets and off-balance sheet items. Under the Dodd-Frank Act, the Federal Reserve must apply consolidated capital requirements to depository institution holding companies that are no less stringent than those currently applied to depository institutions. The Dodd-Frank Act additionally requires capital requirements to be countercyclical so that the required amount of capital increases in times of economic expansion and decreases in times of economic contraction, consistent with safety and soundness.

Under federal regulations, bank holding companies and banks must meet certain risk-based capital requirements. Effective as of January 1, 2015, the Basel III final capital framework, among other things, (i) introduces as a new capital measure "Common Equity Tier 1" ("CET1"), (ii) specifies that Tier 1 capital consists of CET1 and "Additional Tier 1 capital" instruments meeting specified requirements, (iii) defines CET1 narrowly by requiring that most adjustments to regulatory capital measures be made to CET1 and not to the other components of capital and (iv) expands the scope of the adjustments as compared to existing regulations. Beginning January 1, 2016, financial institutions are required to maintain a minimum capital conservation buffer to avoid restrictions on capital distributions and other payments. The minimum capital conservation buffer is phased in over a four year transition period with minimum buffers of 0.625%, 1.25%, 1.875%, and 2.50% during 2016, 2017, 2018, and 2019, respectively.

When fully phased-in by January 1, 2019, Basel III requires banks will be subject to the following risk-based capital requirements:

a minimum ratio of CET1 to risk-weighted assets of at least 4.5%, plus a 2.5% "capital conservation buffer";

a minimum ratio of Tier 1 capital to risk-weighted assets of at least 6.0%, plus the capital conservation buffer, or 8.5%;

a minimum ratio of Total (Tier 1 plus Tier 2) capital to risk-weighted assets of at least 8.0%, plus the capital conservation buffer, or 10.5%; and

a minimum leverage ratio of 4%, calculated as the ratio of Tier 1 capital to balance sheet exposures plus certain off-balance sheet exposures.

Table of Contents

The Basel III final framework provides for a number of deductions from and adjustments to CET1. These include, for example, the requirement that mortgage servicing rights, deferred tax assets dependent upon future taxable income and significant investments in non-consolidated financial entities be deducted from CET1 to the extent that any one such category exceeds 10% of CET1 or all such categories in the aggregate exceed 15% of CET1. Basel III also includes, as part of the definition of CET1 capital, a requirement that banking institutions include the amount of Additional Other Comprehensive Income ("AOCI"), which primarily consists of unrealized gains and losses on available for sale securities, which are not required to be treated as other-than-temporary impairment, net of tax) in calculating regulatory capital. Banking institutions had the option to opt out of including AOCI in CET1 capital if they elected to do so in their first regulatory report following January 1, 2015. As permitted by Basel III, the Company and the Bank have elected to exclude AOCI from CET1.

Basel III also includes the following significant provisions:

An additional countercyclical capital buffer to be imposed by applicable national banking regulators periodically at their discretion, with advance notice, that would be a CET1 add-on to the capital conservation buffer in the range of 0% and 2.5% when fully implemented;

Restrictions on capital distributions and discretionary bonuses applicable when capital ratios fall within the buffer zone;

Deduction from common equity of deferred tax assets that depend on future profitability to be realized; and

For capital instruments issued on or after January 13, 2013 (other than common equity), a loss-absorbency requirement that the instrument must be written off or converted to common equity if a triggering event occurs, either pursuant to applicable law or at the direction of the banking regulator. A triggering event is an event that would cause the banking organization to become nonviable without the write off or conversion, or without an injection of capital from the public sector.

Banking institutions that do not satisfy the minimum capital conservation buffer (or below the combined capital conservation buffer and countercyclical capital buffer, when the latter is applied) may face constraints on its ability to pay dividends, effect equity repurchases and pay discretionary bonuses to executive officers, which constraints vary based on the amount of the shortfall.

The Dodd-Frank Act excludes trust preferred securities issued after May 19, 2010, from being included in Tier 1 capital, unless the issuing company is a bank holding company with less than \$500 million in total assets. Trust preferred securities issued prior to that date will continue to count as Tier 1 capital for bank holding companies with less than \$15 billion in total assets, such as the Corporation. The trust preferred securities issued by our unconsolidated subsidiary capital trusts qualify as Tier 1 capital up to a maximum limit of 25% of total Tier 1 capital. Any additional portion of our trust preferred securities would qualify as "Tier 2 capital." As of December 31, 2017, our subsidiary trust, PPBI Trust I, had \$10.3 million in trust preferred securities outstanding, of which \$10.0 million qualifies as Tier 1 capital. As a result of the Heritage Oaks acquisition, the Company assumed three unconsolidated subsidiaries with floating rate junior subordinated debt securities of \$5.2 million associated with Heritage Oaks Capital Trust II, \$3.1 million, associated with Mission Community Capital Trust I and \$5.2 million associated with the Santa Lucia Bancorp (CA) Capital Trust of which \$10.0 million qualifies as Tier 1 capital. The Company also holds \$85 million in subordinated notes that qualifies as Tier 2 capital. Also, goodwill and most intangible assets are deducted from Tier 1 capital. For purposes of applicable the total risk-based capital regulatory guidelines, Tier 2 capital (sometimes referred to as "supplementary capital") is defined to include, subject to limitations: perpetual preferred stock not included in Tier 1 capital, intermediate-term preferred stock and any related surplus, certain hybrid capital instruments, perpetual debt and mandatory convertible debt securities, allowances for

Table of Contents

loan and lease losses, and intermediate-term subordinated debt instruments. The maximum amount of qualifying Tier 2 capital is 100% of qualifying Tier 1 capital. For purposes of determining total capital under federal guidelines, total capital equals Tier 1 capital, plus qualifying Tier 2 capital, minus investments in unconsolidated subsidiaries, reciprocal holdings of bank holding company capital securities, and deferred tax assets and other deductions.

Basel III changed the manner of calculating risk-weighted assets. New methodologies for determining risk-weighted assets in the general capital rules are included, including revisions to recognition of credit risk mitigation, including a greater recognition of financial collateral and a wider range of eligible guarantors. They also include risk weighting of equity exposures and past due loans; and higher (greater than 100%) risk weighting for certain commercial real estate exposures that have higher credit risk profiles, including higher loan to value and equity components. In particular, loans categorized as "high-volatility commercial real estate" loans ("HVCRE loans") are required to be assigned a 150% risk weighting, and require additional capital support. HVCRE loans are defined to include any credit facility that finances or has financed the acquisition, development or construction of real property, unless it finances: 1-4 family residential properties; certain community development investments; agricultural land used or usable for, and whose value is based on, agricultural use; or commercial real estate projects in which: (i) the loan to value is less than the applicable maximum supervisory loan to value ratio established by the bank regulatory agencies; (ii) the borrower has contributed cash or unencumbered readily marketable assets, or has paid development expenses out of pocket, equal to at least 15% of the appraised "as completed" value; (iii) the borrower contributes its 15% before the bank advances any funds; and (iv) the capital contributed by the borrower, and any funds internally generated by the project, is contractually required to remain in the project until the facility is converted to permanent financing, sold or paid in full.

In addition to the uniform risk-based capital guidelines and regulatory capital ratios that apply across the industry, the regulators have the discretion to set individual minimum capital requirements for specific institutions at rates significantly above the minimum guidelines and ratios. Future changes in regulations or practices could further reduce the amount of capital recognized for purposes of capital adequacy. Such a change could affect our ability to grow and could restrict the amount of profits, if any, available for the payment of dividends.

In addition, the Dodd-Frank Act requires the federal banking agencies to adopt capital requirements that address the risks that the activities of an institution poses to the institution and the public and private stakeholders, including risks arising from certain enumerated activities.

Basel III became applicable to the Corporation and the Bank on January 1, 2015. Overall, the Corporation believes that implementation of the Basel III Rule has not had and will not have a material adverse effect on the Corporation's or the Bank's capital ratios, earnings, shareholder's equity, or its ability to pay dividends, effect stock repurchases or pay discretionary bonuses to executive officers.

In September 2017, the federal bank regulators proposed to revise and simplify the capital treatment for certain deferred tax assets, mortgage servicing assets, investments in non-consolidated financial entities and minority interests for banking organizations, such as the Corporation and the Bank, that are not subject to the advanced approaches requirements. In November 2017, the federal banking regulators revised the Basel III Rules to extend the current transitional treatment of these items for non-advanced approaches banking organizations until the September 2017 proposal is finalized. The September 2017 proposal would also change the capital treatment of certain commercial real estate loans under the standardized approach, which we use to calculate our capital ratios.

In December 2017, the Basel Committee published standards that it described as the finalization of the Basel III post-crisis regulatory reforms (the standards are commonly referred to as "Basel IV"). Among other things, these standards revise the Basel Committee's standardized approach for credit risk

Table of Contents

(including by recalibrating risk weights and introducing new capital requirements for certain "unconditionally cancellable commitments," such as unused credit card lines of credit) and provides a new standardized approach for operational risk capital. Under the Basel framework, these standards will generally be effective on January 1, 2022, with an aggregate output floor phasing in through January 1, 2027. Under the current U.S. capital rules, operational risk capital requirements and a capital floor apply only to advanced approaches institutions, and not to the Corporation or the Bank. The impact of Basel IV on us will depend on the manner in which it is implemented by the federal bank regulators. We will be assessing the impact on us of these new regulations, as they are proposed and implemented.

Prompt Corrective Action Regulations. The federal banking regulators are required to take "prompt corrective action" with respect to capital-deficient institutions. Federal banking regulations define, for each capital category, the levels at which institutions are "well capitalized," "adequately capitalized," "undercapitalized," "significantly undercapitalized" and "critically undercapitalized." Under regulations effective through December 31, 2017, the Bank was "well capitalized", which means it had a common equity Tier 1 capital ratio of 6.5% or higher; a Tier I risk-based capital ratio of 8.0% or higher; a total risk-based capital ratio of 10.0% or higher; a leverage ratio of 5.0% or higher; and was not subject to any written agreement, order or directive requiring it to maintain a specific capital level for any capital measure.

As noted above, Basel III integrates the new capital requirements into the prompt corrective action category definitions. The following capital requirements have applied to the Corporation since January 1, 2015.

Capital Category	Total Risk-Based Capital Ratio	Tier 1 Risk-Based Capital Ratio	Common Equity Tier 1 (CET1) Capital Ratio	Leverage Ratio	Tangible Equity to Assets	Supplemental Leverage Ratio
Well Capitalized	10% or greater	8% or greater	6.5% or greater	5% or greater	n/a	n/a
Adequately Capitalized	8% or greater	6% or greater	4.5% or greater	4% or greater	n/a	3% or greater
Undercapitalized	Less than 8%	Less than 6%	Less than 4.5%	Less than 4%	n/a	Less than 3%
Significantly Undercapitalized	Less than 6%	Less than 4%	Less than 3%	Less than 3%	n/a	n/a
Critically Undercapitalized	n/a	n/a	n/a	n/a	Less than 2%	n/a

As of December 31, 2017, the Bank was "well capitalized" according to the guidelines as generally discussed above. As of December 31, 2017, the Corporation had a consolidated ratio of 12.57% of total capital to risk-weighted assets, a consolidated ratio of 10.88% of Tier 1 capital to risk-weighted assets, and a consolidated ratio of 10.59% of common equity Tier 1 capital, and the Bank had a ratio of 12.33% of total capital to risk-weighted assets, a ratio of 11.88% of common equity Tier 1 capital and a ratio of 11.88% of Tier 1 capital to risk-weighted assets.

An institution may be downgraded to, or deemed to be in, a capital category that is lower than indicated by its capital ratios if it is determined to be in an unsafe or unsound condition or if it receives an unsatisfactory examination rating with respect to certain matters. An institution's capital category is determined solely for the purpose of applying prompt corrective action regulations, and the capital category may not constitute an accurate representation of the institution's overall financial condition or prospects for other purposes.

In the event an institution becomes "undercapitalized," it must submit a capital restoration plan. The capital restoration plan will not be accepted by the regulators unless each company having control of the undercapitalized institution guarantees the subsidiary's compliance with the capital restoration plan up to a certain specified amount. Any such guarantee from a depository institution's holding company is entitled to a priority of payment in bankruptcy. The aggregate liability of the holding company of an undercapitalized bank is limited to the lesser of 5% of the institution's assets at the

Table of Contents

time it became undercapitalized or the amount necessary to cause the institution to be "adequately capitalized." The bank regulators have greater power in situations where an institution becomes "significantly" or "critically" undercapitalized or fails to submit a capital restoration plan. In addition to requiring undercapitalized institutions to submit a capital restoration plan, bank regulations contain broad restrictions on certain activities of undercapitalized institutions including asset growth, acquisitions, branch establishment and expansion into new lines of business. With certain exceptions, an insured depository institution is prohibited from making capital distributions, including dividends, and is prohibited from paying management fees to control persons if the institution would be undercapitalized after any such distribution or payment.

As an institution's capital decreases, the regulators' enforcement powers become more severe. A significantly undercapitalized institution is subject to mandated capital raising activities, restrictions on interest rates paid and transactions with affiliates, removal of management, and other restrictions. A regulator has limited discretion in dealing with a critically undercapitalized institution and is virtually required to appoint a receiver or conservator.

Banks with risk-based capital and leverage ratios below the required minimums may also be subject to certain administrative actions, including the termination of deposit insurance upon notice and hearing, or a temporary suspension of insurance without a hearing in the event the institution has no tangible capital.

In addition to the federal regulatory capital requirements described above, the DBO has authority to take possession of the business and properties of a bank in the event that the tangible stockholders' equity of a bank is less than the greater of (i) 4% of the bank's total assets or (ii) \$1.0 million.

Dividends. It is the Federal Reserve's policy that bank holding companies, such as the Corporation, should generally pay dividends on common stock only out of income available over the past year, and only if prospective earnings retention is consistent with the organization's expected future needs and financial condition. It is also the Federal Reserve's policy that bank holding companies should not maintain dividend levels that undermine their ability to be a source of strength to its banking subsidiaries. Additionally, in consideration of the current financial and economic environment, the Federal Reserve has indicated that bank holding companies should carefully review their dividend policy and has discouraged payment ratios that are at maximum allowable levels unless both asset quality and capital are very strong. It is our policy to retain earnings, if any, to provide funds for use in our business. We have never declared or paid dividends on our common stock.

The Bank's ability to pay dividends to the Corporation is subject to restrictions set forth in the Financial Code. The Financial Code provides that a bank may not make a cash distribution to its stockholders in excess of the lesser of a bank's (1) retained earnings; or (2) net income for its last three fiscal years, less the amount of any distributions made by the bank or by any majority-owned subsidiary of the bank to the stockholders of the bank during such period. However, a bank may, with the approval of the DBO, make a distribution to its stockholders in an amount not exceeding the greatest of (a) its retained earnings; (b) its net income for its last fiscal year; or (c) its net income for its current fiscal year. In the event that bank regulators determine that the stockholders' equity of a bank is inadequate or that the making of a distribution by the bank would be unsafe or unsound, the regulators may order the bank to refrain from making a proposed distribution. The payment of dividends could, depending on the financial condition of a bank, be deemed to constitute an unsafe or unsound practice. Under the foregoing provision of the Financial Code, the amount available for distribution from the Bank to the Corporation was approximately \$142.7 million at December 31, 2017.

Approval of the Federal Reserve is required for payment of any dividend by a state chartered bank that is a member of the Federal Reserve, such as the Bank, if the total of all dividends declared by the bank in any calendar year would exceed the total of its retained net income for that year combined with its retained net income for the preceding two years. In addition, a state member bank may not pay a dividend in an amount greater than its undivided profits without regulatory and stockholder approval. The Bank is also prohibited under federal law from paying any dividend that would cause it to become undercapitalized.

FDIC Insurance of Certain Accounts and Regulation by the FDIC. The Bank is an FDIC insured financial institution whereby the FDIC provides deposit insurance for a certain maximum dollar amount per customer. The Bank, as is the case with all FDIC insured banks, is subject to deposit insurance assessments as determined by the FDIC. The amount of the deposit insurance assessment for institutions with less than \$10.0 billion in assets, which includes the Bank, is based on its risk category, with certain adjustments for any unsecured debt or brokered deposits held by the insured bank. Institutions assigned to higher risk categories (that is, institutions that pose a higher risk of loss to the DIF) pay assessments at higher rates than institutions that pose a lower risk. An institution's risk classification is assigned based on a combination of its financial ratios and supervisory ratings, reflecting, among other things, its capital levels and the level of supervisory concern that the institution poses to the regulators. In addition, the FDIC can impose special assessments in certain instances. Deposit insurance assessments fund the DIF.

The Dodd-Frank Act changed the way that deposit insurance premiums are calculated. The assessment base is no longer the institution's deposit base, but rather its average consolidated total assets less its average tangible equity. The Dodd-Frank Act also increased the minimum designated reserve ratio of the DIF from 1.15% to 1.35% of the estimated amount of total insured deposits by 2020, eliminates the upper limit for the reserve ratio designated by the FDIC each year, and eliminates the requirement that the FDIC pay dividends to depository institutions when the reserve ratio exceeds certain thresholds. Continued action by the FDIC to replenish the DIF, as well as the changes contained in the Dodd Frank Act, may result in higher assessment rates, which could reduce our profitability or otherwise negatively impact our operations. Based on the current FDIC insurance assessment methodology, our FDIC insurance premium expense was \$2.2 million for 2017, \$1.5 million for 2016 and \$1.4 million in 2015.

Transactions with Related Parties. Depository institutions are subject to the restrictions contained in the Federal Reserve Act (the "FRA") with respect to loans to directors, executive officers and principal stockholders. Under the FRA, loans to directors, executive officers and stockholders who own more than 10% of a depository institution and certain affiliated entities of any of the foregoing, may not exceed, together with all other outstanding loans to such person and affiliated entities, the institution's loans-to-one-borrower limit as discussed in the above section. Federal regulations also prohibit loans above amounts prescribed by the appropriate federal banking agency to directors, executive officers, and stockholders who own more than 10% of an institution, and their respective affiliates, unless such loans are approved in advance by a majority of the board of directors of the institution. Any "interested" director may not participate in the voting. The proscribed loan amount, which includes all other outstanding loans to such person, as to which such prior board of director approval is required, is the greater of \$25,000 or 5% of capital and surplus up to \$500,000. The Federal Reserve also requires that loans to directors, executive officers, and principal stockholders be made on terms substantially the same as offered in comparable transactions to non-executive employees of the bank and must not involve more than the normal risk of repayment. There are additional limits on the amount a bank can loan to an executive officer.

Transactions between a bank and its "affiliates" are quantitatively and qualitatively restricted under Sections 23A and 23B of the FRA. Section 23A restricts the aggregate amount of covered transactions with any individual affiliate to 10% of the capital and surplus of the financial institution. The aggregate amount of covered transactions with all affiliates is limited to 20% of the institution's capital and surplus. Certain transactions with affiliates are required to be secured by collateral in an amount and of a type described in Section 23A and the purchase of low quality assets from affiliates are generally prohibited. Section 23B generally provides that certain transactions with affiliates, including loans and asset purchases, must be on terms and under circumstances, including credit standards, that are substantially the same or at least as favorable to the institution as those prevailing at the time for comparable transactions with non-affiliated companies. The Federal Reserve has promulgated

Table of Contents

Regulation W, which codifies prior interpretations under Sections 23A and 23B of the FRA and provides interpretive guidance with respect to affiliate transactions. Affiliates of a bank include, among other entities, a bank's holding company and companies that are under common control with the bank. We are considered to be an affiliate of the Bank.

The Dodd-Frank Act generally enhanced the restrictions on transactions with affiliates under Section 23A and 23B of the FRA, including an expansion of the definition of "covered transactions" and an increase in the amount of time for which collateral requirements regarding covered credit transactions must be satisfied. Insider transaction limitations are expanded through the strengthening of loan restrictions to insiders and the expansion of the types of transactions subject to the various limits, including derivatives transactions, repurchase agreements, reverse repurchase agreements and securities lending or borrowing transactions. Restrictions are also placed on certain asset sales to and from an insider to an institution, including requirements that such sales be on market terms and, in certain circumstances, approved by the institution's board of directors.

Safety and Soundness Standards. The federal banking agencies have adopted guidelines designed to assist the federal banking agencies in identifying and addressing potential safety and soundness concerns before capital becomes impaired. The guidelines set forth operational and managerial standards relating to: (i) internal controls, information systems and internal audit systems; (ii) loan documentation; (iii) credit underwriting; (iv) asset growth; (v) earnings; and (vi) compensation, fees and benefits.

In addition, the federal banking agencies have also adopted safety and soundness guidelines with respect to asset quality and for evaluating and monitoring earnings to ensure that earnings are sufficient for the maintenance of adequate capital and reserves. These guidelines provide six standards for establishing and maintaining a system to identify problem assets and prevent those assets from deteriorating. Under these standards, an insured depository institution should: (i) conduct periodic asset quality reviews to identify problem assets; (ii) estimate the inherent losses in problem assets and establish reserves that are sufficient to absorb estimated losses; (iii) compare problem asset totals to capital; (iv) take appropriate corrective action to resolve problem assets; (v) consider the size and potential risks of material asset concentrations; and (vi) provide periodic asset quality reports with adequate information for management and the board of directors to assess the level of asset risk.

Loans to One Borrower. Under California law, our ability to make aggregate secured and unsecured loans-to-one-borrower is limited to 25% and 15%, respectively, of unimpaired capital and surplus. At December 31, 2017, the Bank's limit on aggregate secured loans-to-one-borrower was \$341 million and unsecured loans-to-one borrower was \$204.5 million. The Bank has established internal loan limits, which are lower than the legal lending limits for a California bank.

Community Reinvestment Act and the Fair Lending Laws. The Bank is subject to certain fair lending requirements and reporting obligations involving home mortgage lending operations and Community Reinvestment Act ("CRA") activities. The CRA generally requires the federal banking regulators to evaluate the record of a financial institution in meeting the credit needs of their local communities, including low and moderate income neighborhoods. In addition to substantial penalties and corrective measures that may be required for a violation of certain fair lending laws, the federal banking agencies may take compliance with such laws and CRA into account when regulating and supervising other activities. A bank's compliance with its CRA obligations is based on a performance-based evaluation system, which bases CRA ratings on an institution's lending, service and investment performance, resulting in a rating by the appropriate bank regulator of "outstanding," "satisfactory," "needs to improve" or "substantial noncompliance." Based on its last CRA examination, the Bank received a "satisfactory" rating.

Bank Secrecy Act and Money Laundering Control Act. In 1970, Congress passed the Currency and Foreign Transactions Reporting Act, otherwise known as the Bank Secrecy Act (the "BSA"), which established requirements for recordkeeping and reporting by banks and other financial institutions. The BSA was designed to help identify the source, volume and movement of currency and other monetary instruments into and out of the U.S. in order to help detect and prevent money laundering connected with drug trafficking, terrorism and other criminal activities. The primary tool used to implement BSA requirements is the filing of Suspicious Activity Reports. Today, the BSA requires that all banking institutions develop and provide for the continued administration of a program reasonably designed to assure and monitor compliance with certain recordkeeping and reporting requirements regarding both domestic and international currency transactions. These programs must, at a minimum, provide for a system of internal controls to assure ongoing compliance, provide for independent testing of such systems and compliance, designate individuals responsible for such compliance and provide appropriate personnel training.

USA Patriot Act. Under the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act, commonly referred to as the USA Patriot Act or the Patriot Act, financial institutions are subject to prohibitions against specified financial transactions and account relationships, as well as enhanced due diligence standards intended to detect, and prevent, the use of the United States financial system for money laundering and terrorist financing activities. The Patriot Act requires financial institutions, including banks, to establish anti-money laundering programs, including employee training and independent audit requirements, meet minimum standards specified by the act, follow minimum standards for customer identification and maintenance of customer identification records, and regularly compare customer lists against lists of suspected terrorists, terrorist organizations and money launderers. The costs or other effects of the compliance burdens imposed by the Patriot Act or future anti-terrorist, homeland security or anti-money laundering legislation or regulation cannot be predicted with certainty.

Consumer Laws and Regulations. The Bank is also subject to certain consumer laws and regulations that are designed to protect consumers in transactions with banks. These laws include, among others: Truth in Lending Act; Truth in Savings Act; Electronic Funds Transfer Act; Expedited Funds Availability Act; Equal Credit Opportunity Act; Fair and Accurate Credit Transactions Act; Fair Housing Act; Fair Credit Reporting Act; Fair Debt Collection Act; Home Mortgage Disclosure Act; Real Estate Settlement Procedures Act; laws regarding unfair and deceptive acts and practices; and usury laws. These laws and regulations mandate certain disclosure requirements and regulate the manner in which financial institutions must deal with customers when taking deposits or making loans to such customers. The Bank must comply with the applicable provisions of these consumer protection laws and regulations as part of their ongoing customer relations. Many states and local jurisdictions have consumer protection laws analogous, and in addition, to those listed above. Failure to comply with these laws and regulations could give rise to regulatory sanctions, customer rescission rights, action by state and local attorneys general, and civil or criminal liability.

Pursuant to the Dodd-Frank Act, the Consumer Financial Protection Bureau (the "CFPB") has broad authority to regulate and supervise the retail consumer financial products and services activities of banks and various non-bank providers. The CFPB has authority to promulgate regulations, issue orders, guidance and policy statements, conduct examinations and bring enforcement actions with regard to consumer financial products and services. Notwithstanding the foregoing, banks with assets of \$10.0 billion or less will continue to be examined for consumer compliance by their primary federal banking regulator. Following the closing of the acquisition of Grandpoint, the Bank's assets will exceed \$10.0 billion, and the Bank will be examined for consumer compliance by the CFPB. The creation of the CFPB by the Dodd-Frank Act has led to, and is likely to continue to lead to, enhanced and strengthened enforcement of consumer financial protection laws.

In addition, federal law currently contains extensive customer privacy protection provisions. Under these provisions, a financial institution must provide to its customers, at the inception of the customer relationship and annually thereafter, the institution's policies and procedures regarding the handling of customers' nonpublic personal financial information. These provisions also provide that, except for certain limited exceptions, a financial institution may not provide such personal information to unaffiliated third parties unless the institution discloses to the customer that such information may be so provided and the customer is given the opportunity to opt out of such disclosure.

Federal and State Taxation

The Corporation and the Bank report their income on a consolidated basis using the accrual method of accounting, and are subject to federal income taxation in the same manner as other corporations with some exceptions. The Company has not been audited by the Internal Revenue Service ("IRS"). For its 2017, 2016 and 2015 tax years, the Company was subject to a maximum federal income tax rate of 35.00% and California state income tax rate of 10.84%.

On December 22, 2017, the Tax Cuts and Jobs Act of 2017 (the "Tax Act") was signed into law. The Tax Act includes a number of provisions that impact us, including the following:

Tax Rate. The Tax Act replaces the graduated corporate income tax rates applicable under prior law, which imposed a maximum corporate income tax rate of 35%, with a reduced 21% flat corporate income tax rate. Although the reduced corporate income tax rate generally should be favorable to us, resulting in increased earnings and capital, it decreased the value of our existing deferred tax assets. Generally accepted accounting principles ("GAAP") requires that the impact of the provisions of the Tax Act be accounted for in the period of enactment. Accordingly, the incremental income tax expense recorded by the Corporation in the fourth quarter of 2017 related to the Tax Act was \$5.6 million, resulting primarily from a re-measurement of deferred tax assets.

FDIC Insurance Premiums. The Tax Act prohibits taxpayers with consolidated assets over \$50 billion from deducting any FDIC insurance premiums and prohibits taxpayers with consolidated assets between \$10 and \$50 billion from deducting the portion of their FDIC premiums equal to the ratio, expressed as a percentage, that (i) the taxpayer's total consolidated assets over \$10 billion, as of the close of the taxable year, bears to (ii) \$40 billion. If we consummate our proposed acquisition of Grandpoint Capital, Inc. during 2018, our ability to fully deduct our FDIC premiums will be limited, as our total consolidated assets will exceed \$10 billion.

Employee Compensation. A "publicly held corporation" is not permitted to deduct compensation in excess of \$1 million per year paid to certain employees. The Tax Act eliminates certain exceptions to the \$1 million limit applicable under prior law related to performance-based compensation (for example, equity grants and cash bonuses paid only on the attainment of performance goals). As a result, our ability to deduct certain compensation paid to our most highly compensated employees will now be limited.

Business Asset Expensing. The Tax Act allows taxpayers to immediately expense the entire cost (instead of only 50%, as under prior law) of certain depreciable tangible property and real property improvements acquired and placed in service after September 27, 2017 and before January 1, 2023 (with an additional year for certain property). This 100% "bonus" depreciation is phased out proportionately for property placed in service on or after January 1, 2023 and before January 1, 2027 (with an additional year for certain property).

Interest Expense. The Tax Act limits a taxpayer's annual deduction of business interest expense to the sum of (i) business interest income, and (ii) 30% of "adjusted taxable income," defined as a business's taxable income without taking into account business interest income or expense, net operating losses, and, for 2018 through 2021, depreciation, amortization and depletion. Because we generate significant amounts of net interest income, we do not expect to be impacted by this limitation.

ITEM 1A. RISK FACTORS

Ownership of our common stock involves certain risks. The risks and uncertainties described below are not the only ones we face. You should carefully consider the risks described below, as well as all other information contained in this Annual Report on Form 10-K. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations. If any of these risks actually occurs, our business, financial condition or results of operations could be materially, adversely affected.

Risks Related to Our Business

The economic environment could pose significant challenges for the Company and could adversely affect our financial condition and results of operations.

Although the U.S. economy continues a gradual expansion following the severe recession that ended in 2009, financial stress on borrowers as a result of an uncertain future economic environment could have an adverse effect on the Company's borrowers and their ability to repay their loans to us, which could adversely affect the Company's business, financial condition and results of operations. A weakening of these conditions in the markets in which we operate would likely have an adverse effect on us and others in the financial institutions industry. For example, deterioration in economic conditions in our markets could drive losses beyond that which is provided for in our allowance for loan losses ("ALLL"). We may also face the following risks in connection with these events:

Economic conditions that negatively affect real estate values and the job market may result, in the deterioration of the credit quality of our loan portfolio, and such deterioration in credit quality could have a negative impact on our business.

A decrease in the demand for loans and other products and services offered by us.

A decrease in deposit balances due to overall reductions in the accounts of customers.

A decrease in the value of our loans or other assets secured by commercial or residential real estate.

A decrease in net interest income derived from our lending and deposit gathering activities.

Sustained weakness in our markets may affect consumer confidence levels and may cause adverse changes in payment patterns, causing increases in delinquencies and default rates on loans and other credit facilities.

The processes we use to estimate ALLL and reserves may no longer be reliable because they rely on complex judgments, including forecasts of economic conditions, which may no longer be capable of accurate estimation.

Our ability to assess the creditworthiness of our customers may be impaired if the models and approaches we use to select, manage, and underwrite its customers become less predictive of future charge-offs.

We expect to face increased regulation of its industry, and compliance with such regulation may increase our costs, limit our ability to pursue business opportunities and increase compliance challenges.

As these conditions or similar ones exist or worsen, we could experience adverse effects on our business, financial condition and results of operations.

Table of Contents

Our business is subject to various lending and other economic risks that could adversely impact our results of operations and financial condition.

There was significant disruption and volatility in the financial and capital markets in 2008 and 2009. The financial markets and the financial services industry in particular suffered unprecedented disruption, causing a number of institutions to fail or require government intervention to avoid failure. These conditions were largely the result of the erosion of the U.S. and global credit markets, including a significant and rapid deterioration in the mortgage lending and related real estate markets. While economic conditions have improved, there can be no assurance that the economic conditions that adversely affected the financial services industry, and the capital, credit and real estate markets generally, will not deteriorate in the near or long term, in which case, we could experience losses and write-downs of assets, and could face capital and liquidity constraints or other business challenges. If economic conditions were to deteriorate, particularly within our geographic region, it could result in the following additional consequences, any of which could have a material adverse effect on our business, results of operations and financial condition:

Loan delinquencies may increase causing increases in our provision and allowance for loan losses.

Our ability to assess the creditworthiness of our customers may be impaired if the models and approaches we use to select, manage, and underwrite our customers become less predictive of future charge-offs.

Collateral for loans, especially real estate, may continue to decline in value, in turn reducing a client's borrowing power, and reducing the value of assets and collateral associated with our loans held for investment.

Consumer confidence levels may decline and cause adverse changes in payment patterns, resulting in increased delinquencies and default rates on loans and other credit facilities and decreased demand for our products and services.

Performance of the underlying loans in mortgage backed securities may deteriorate to potentially cause OTTI markdowns to our investment portfolio.

We may suffer losses in our loan portfolio in excess of our allowance for loan losses.

Our total nonperforming assets amounted to \$3.6 million, or 0.04% of our total assets, at December 31, 2017, an increase from \$1.6 million or 0.04% at December 31, 2016. We had \$1.0 million of net loan charge-offs for 2017, a decrease from \$4.8 million in 2016. Our provision for loan losses was \$8.6 million in 2017, a decrease from \$8.8 million in 2016. If increases in our nonperforming assets occur in the future, our net loan charge-offs and/or provision for loan losses may also increase which may have an adverse effect upon our future results of operations.

We seek to mitigate the risks inherent in our loan portfolio by adhering to specific underwriting practices. These practices generally include analysis of a borrower's prior credit history, financial statements, tax returns and cash flow projections, valuation of collateral based on reports of independent appraisers and liquid asset verifications. Although we believe that our underwriting criteria are appropriate for the various kinds of loans we make, we may incur losses on loans that meet our underwriting criteria, and these losses may exceed the amounts set aside as reserves in our ALLL. Our allowance for probable incurred losses is based on analysis of the following:

Historical experience with our loans;

Industry historical losses as reported by the FDIC;

Evaluation of economic conditions;

Table of Contents

Regular reviews of the quality, mix and size of the overall loan portfolio;

Regular reviews of delinquencies;

The quality of the collateral underlying our loans; and

The effect of external factors, such as competition, legal developments and regulatory requirements.

Although we maintain an ALLL at a level that we believe is adequate to absorb probable incurred losses inherent in our loan portfolio, changes in economic, operating and other conditions, including a sharp decline in real estate values and changes in interest rates, which are beyond our control, may cause our actual loan losses to exceed our current allowance estimates. If the actual loan losses exceed the amount reserved, it will adversely affect our financial condition and results of operations.

In addition, the Federal Reserve and the DBO, as part of their supervisory function, periodically review our ALLL. Either agency may require us to increase our provision for loan losses or to recognize further loan losses, based on their judgments, which may be different from those of our management. Any increase in the allowance required by them could also adversely affect our financial condition and results of operations.

Risks related to specific segments of our loan portfolio may result in losses that could affect our results of operations and financial condition.

General economic conditions and local economic conditions affect our entire loan portfolio. Lending risks vary by the type of loan extended.

In our C&I and SBA lending activities, collectability of loans may be adversely affected by risks generally related to small and middle market businesses, such as:

Changes or weaknesses in specific industry segments, including weakness affecting the business' customer base;

Changes in consumer behavior;

Changes in a business' personnel;

Increases in supplier costs that cannot be passed along to customers;

Increases in operating expenses (including energy costs);

Changes in governmental rules, regulations and fiscal policies;

Increases in interest rates, tax rates; and

In our investor real estate loans, payment performance and the liquidation values of collateral properties may be adversely affected by risks generally incidental to interests in real property, such as:

Edgar Filing: PACIFIC PREMIER BANCORP INC - Form S-4

Declines in real estate values;

Declines in rental rates;

Declines in occupancy rates;

Increases in other operating expenses (including energy costs);

The availability of property financing;

Changes in governmental rules, regulations and fiscal policies, including rent control ordinances, environmental legislation and taxation;

Increases in interest rates, real estate and personal property tax rates; and

In our HOA and consumer loans, collectability of the loans may be adversely affected by risks generally related to consumers, such as:

Changes or weakness in employment and wage income;

Changes in consumer behavior;

Declines in real estate values;

Declines in rental rates;

Increases in association operating expenses (including energy costs);

The availability of property financing;

Changes in governmental rules, regulations and fiscal policies, including rent control ordinances, environmental legislation and taxation;

Increases in interest rates, real estate and personal property tax rates; and

In our construction loans, collectability and the liquidation values of collateral properties may be adversely affected by risks generally related to consumers (for single family residence construction loans) or incidental to interests in real property (for CRE construction loans), such as:

Declines in real estate values;

Declines in rental rates;

Declines in occupancy rates;

Increases in other operating expenses (including energy costs);

The availability of property financing;

Changes in governmental rules, regulations and fiscal policies, including rent control ordinances, environmental legislation and taxation;

Increases in interest rates, real estate and personal property tax rates; and

In our agribusiness and farmland loans, collectability of the loans may be adversely affected by risks generally related to agriculture production and farmlands, such as:

The cyclical nature of the agriculture industry;

Fluctuating commodity prices and changing climatic conditions;

Drought conditions, which adversely impact agricultural customers' operating costs, crop yields and crop quality and could impact such customers' ability to repay loans;

Increases in operating expenses; and

Changes in real estate values.

Adverse economic conditions in California may cause us to suffer higher default rates on our loans and reduce the value of the assets we hold as collateral.

Our business activities and credit exposure are concentrated in California. Difficult economic conditions, including state and local government deficits, in California may cause us to incur losses associated with higher default rates and decreased collateral values in our loan portfolio. In addition, demand for our products and services may decline. Declines in the California real estate market could hurt our business, because the vast majority of our loans are secured by real estate located within California. As of December 31, 2017, approximately 61% of our loans secured by real estate were

Table of Contents

located in California. If real estate values were to decline, especially in California, the collateral for our loans provide less security. As a result, our ability to recover on defaulted loans by selling the underlying real estate would be diminished, and we would be more likely to suffer losses on defaulted loans.

Our level of credit risk could increase due to our focus on commercial lending and the concentration on small and middle market business customers with heightened vulnerability to economic conditions.

As of December 31, 2017, our commercial real estate loans amounted to \$2.2 billion, or 35.7% of our total loan portfolio, and our commercial business loans amounted to \$3.3 billion, or 53.8% of our total loan portfolio. At such date, our largest outstanding commercial business loan was \$40.3 million, our largest multiple borrower relationship was \$82.8 million and our largest outstanding commercial real estate loan was \$31.5 million. Commercial real estate and commercial business loans generally are considered riskier than single-family residential loans because they have larger balances to a single borrower or group of related borrowers. Commercial real estate and commercial business loans involve risks because the borrowers' ability to repay the loans typically depends primarily on the successful operation of the businesses or the properties securing the loans. Most of the Company's commercial business loans are made to small business or middle market customers who may have a heightened vulnerability to economic conditions. Moreover, a portion of these loans have been made or acquired by us in recent years and the borrowers may not have experienced a complete business or economic cycle. Furthermore, the deterioration of our borrowers' businesses may hinder their ability to repay their loans with us, which could adversely affect our results of operations.

Nonperforming assets take significant time to resolve and adversely affect our results of operations and financial condition.

Nonperforming assets adversely affect our net income in various ways. We generally do not record interest income on nonperforming loans or other real estate owned ("OREO"), which adversely affects our income. When we take collateral in foreclosures and similar proceedings, we are required to mark the related asset to the then fair market value of the collateral, which may ultimately result in a loss. An increase in the level of nonperforming assets increases our risk profile and may impact the capital levels our regulators believe are appropriate in light of the ensuing risk profile. While we reduce problem assets through loan sales, workouts, restructurings and otherwise, decreases in the value of the underlying collateral, or in these borrowers' performance or financial condition, whether or not due to economic and market conditions beyond our control, could adversely affect our business, results of operations and financial condition. In addition, the resolution of nonperforming assets requires significant commitments of time from management and our directors, which can be detrimental to the performance of their other responsibilities. There can be no assurance that we will not experience future increases in nonperforming assets.

We may be unable to successfully compete in our industry.

We face direct competition from a significant number of financial institutions, many with a state-wide or regional presence, and in some cases, a national presence, in both originating loans and attracting deposits. Competition in originating loans comes primarily from other banks and finance companies that make loans in our primary market areas. We also face substantial competition in attracting deposits from other banking institutions, money market and mutual funds, credit unions and other investment vehicles. In addition banks with larger capitalizations and non-bank financial institutions that are not governed by bank regulatory restrictions have larger lending limits and are better able to serve the needs of larger customers. Many of these financial institutions are also significantly larger than us, have greater financial resources than we have, have established customer bases and name recognition. We compete for loans principally on the basis of interest rates and loan

Table of Contents

fees, the types of loans we offer and the quality of service that we provide to our borrowers. Our ability to attract and retain deposits requires that we provide customers with competitive investment opportunities with respect to rate of return, liquidity, risk and other factors. To effectively compete, we may have to pay higher rates of interest to attract deposits, resulting in reduced profitability. In addition, we rely upon local promotional activities, personal relationships established by our officers, directors and employees and specialized services tailored to meet the individual needs of our customers in order to compete. If we are not able to effectively compete in our market area, our profitability may be negatively affected.

Interest rate changes, increases or decreases, which are out of our control, could harm profitability.

Our profitability depends to a large extent upon net interest income, which is the difference between interest income and dividends on interest-earning assets, such as loans and investments, and interest expense on interest-bearing liabilities, such as deposits and borrowings. Any change in general market interest rates, whether as a result of changes in the monetary policy of the Federal Reserve or otherwise, may have a significant effect on net interest income.

Our assets and liabilities may react differently to changes in overall interest rates or conditions. In general, higher interest rates are associated with a lower volume of loan originations while lower interest rates are usually associated with higher loan originations. Further, if interest rates decline, our loans may be refinanced at lower rates or paid off and our investments may be prepaid earlier than expected. If that occurs, we may have to redeploy the loan or investment proceeds into lower yielding assets, which might also decrease our income. Also, as many of our loans currently have interest rate floors, a rise in rates may increase the cost of our deposits while the rates on the loans remain at their floors, which could decrease our net interest margin.

Accordingly, changes in levels of market interest rates could materially and adversely affect our financial condition, loan origination volumes, net interest margin, results of operations and profitability.

Since December 2015, the Federal Reserve has started to gradually increase interest rates after maintaining rates at historically low levels during the financial crisis and its aftermath. Since that date and through December 31, 2017, the Federal Reserve increased its federal funds benchmark rate five times, from near zero to a range of 1.25% to 1.5%. Moreover, since December 2015, the Federal Reserve has removed reserves from the banking system, which also puts upward pressure on market rates of interest.

The prohibition restricting depository institutions from paying interest on demand deposits, such as checking accounts, was repealed as part of the Dodd-Frank Act. At December 31, 2017, we had \$365 million in interest-bearing demand deposits. In addition, at December 31, 2017, we had \$2.4 billion in money market and savings deposits. Currently, interest rates for these types of deposit accounts are very low because of existing market conditions. If we need to offer additional interest-bearing demand deposit products or higher interest rates on our current interest-bearing demand, money market or savings deposit accounts in order to maintain current clients or attract new clients, our interest expense will increase, perhaps materially. Furthermore, if we fail to offer competitive rates sufficient to retain these accounts, our core deposits may be reduced, which would require us to seek alternative funding sources or risk slowing our future asset growth.

Changes in the fair value of our investment securities may reduce our stockholders' equity and net income.

At December 31, 2017, \$787 million of our securities were classified as available-for-sale. At such date, the aggregate net unrealized gain on our available-for-sale securities was \$646,000. We increase or decrease stockholders' equity by the amount of change from the unrealized gain or loss (the difference between the estimated fair value and the amortized cost) of our available-for-sale securities portfolio,

Table of Contents

net of the related tax, under the category of accumulated other comprehensive income/loss. Therefore, a decline in the estimated fair value of this portfolio will result in a decline in reported stockholders' equity, as well as book value per common share and tangible book value per common share. This decrease will occur even though the securities are not sold. In the case of debt securities, if these securities are never sold and there are no credit impairments, the decrease will be recovered over the life of the securities. In the case of equity securities, which have no stated maturity, the declines in fair value may or may not be recovered over time. As of December 31, 2017, the Company realized OTTI recoveries of \$2,000.

At December 31, 2017, we had stock holdings in the FHLB of San Francisco totaling \$17.3 million, \$25.3 million in FRB stock, and \$23.3 million in other stock, all carried at cost. The stock held by us is carried at cost and is subject to recoverability testing under applicable accounting standards. For the year ended December 31, 2017, we did not recognize an impairment charge related to our stock holdings. There can be no assurance that future negative changes to the financial condition of the issuers may require us to recognize an impairment charge with respect to such stock holdings.

Changes in the value of goodwill and intangible assets could reduce our earnings.

When the Company acquires a business, a substantial portion of the purchase price of the acquisition is allocated to goodwill and other identifiable intangible assets. The amount of the purchase price, which is allocated to goodwill and other intangible assets is determined by the excess of the purchase price over the fair value of the net identifiable assets acquired. As of December 31, 2017, the Company had approximately \$536 million of goodwill and intangible assets, which includes goodwill of approximately \$493 million resulting from the acquisitions the Company has consummated since 2011. The Company accounts for goodwill and intangible assets in accordance with GAAP, which, in general, requires that goodwill not be amortized, but rather that it is tested for impairment at least annually at the reporting unit level. Testing for impairment of goodwill and intangible assets is performed annually and involves the identification of reporting units and the estimation of fair values. The estimation of fair values involves a high degree of judgment and subjectivity in the assumptions used. Changes in the local and national economy, the federal and state legislative and regulatory environments for financial institutions, the stock market, interest rates and other external factors (such as natural disasters or significant world events) may occur from time to time, often with great unpredictability, and may materially impact the fair value of publicly traded financial institutions and could result in an impairment charge at a future date. If we were to conclude that a future write-down of our goodwill or intangible assets is necessary, we would record the appropriate charge, which could have a material adverse effect on our business, results of operations or financial condition.

Conditions in the financial markets may limit our access to additional funding to meet our liquidity needs.

Liquidity is essential to our business, as we must maintain sufficient funds to respond to the needs of depositors and borrowers. An inability to raise funds through deposits, repurchase agreements, federal funds purchased, FHLB advances, the sale or pledging as collateral of loans and other assets could have a substantial negative effect on our liquidity. Our access to funding sources in amounts adequate to finance our activities, or on terms attractive to us, could be impaired by factors that affect us specifically or the financial services industry in general. Factors that could negatively affect our access to liquidity sources include a reduction in our credit ratings, if any, an increase in costs of capital in financial capital markets, negative operating results, a decrease in the level of our business activity due to a market downturn, a decrease in depositor or investor confidence or adverse regulatory action against us. Our ability to borrow could also be impaired by factors that are not specific to us, such as severe disruption of the financial markets or negative news and expectations about the prospects for the financial services industry as a whole.

Table of Contents

The financial condition of other financial institutions could negatively affect us.

Financial services institutions are interrelated as a result of trading, clearing, counterparty, or other relationships. We have exposure to many different industries and counterparties, and we routinely execute transactions with counterparties in the financial services industry, including commercial banks, brokers and dealers, investment banks and other institutional clients. Many of these transactions expose us to credit risk in the event of a default by a counterparty or client. In addition, our credit risk may be exacerbated when the collateral held by us cannot be realized upon or is liquidated at prices not sufficient to recover the full amount of the credit or derivative exposure due to us. Any such losses could have a material adverse effect on our financial condition and results of operations.

We are subject to extensive regulation, which could adversely affect our business.

Our operations are subject to extensive regulation by federal, state and local governmental authorities and are subject to various laws and judicial and administrative decisions imposing requirements and restrictions on part or all of our operations. Because our business is highly regulated, the laws, rules and regulations applicable to us are subject to regular modification and change. There are currently proposed laws, rules and regulations that, if adopted, would impact our operations. These proposed laws, rules and regulations, or any other laws, rules or regulations, may be adopted in the future, which could (1) make compliance much more difficult or expensive, (2) restrict our ability to originate, broker or sell loans or accept certain deposits, (3) further limit or restrict the amount of commissions, interest or other charges earned on loans originated or sold by us, or (4) otherwise adversely affect our business or prospects for business.

Moreover, banking regulators have significant discretion and authority to prevent or remedy unsafe or unsound practices or violations of laws or regulations by financial institutions and holding companies in the performance of their supervisory and enforcement duties. The exercise of regulatory authority may have a negative impact on our financial condition and results of operations.

Additionally, in order to conduct certain activities, including acquisitions, we are required to obtain regulatory approval. There can be no assurance that any required approvals can be obtained, or obtained without conditions or on a timeframe acceptable to us.

The Dodd-Frank Act continues to materially affect our operations.

The Dodd-Frank Act, which was enacted in 2010, imposed significant regulatory and compliance changes. The key provisions of the Dodd-Frank Act that have affected our operations include:

Changes to regulatory capital requirements and how we plan capital and liquidity levels;

Creation of new government regulatory agencies, including the CFPB, which possesses broad rule-making and enforcement authorities;

Restrictions that will impact the nature of our incentive compensation programs for executive officers;

Changes in insured depository institution regulations and assessments;

Mortgage loan origination and risk retention; and

Potential new and different litigation and regulatory enforcement risks.

While several provisions of the Dodd-Frank Act became effective immediately upon its enactment and others have come into effect over the last few years, many provisions still require regulations to be promulgated by various federal agencies in order to be implemented. Some of these regulations have been proposed by the applicable federal agencies but not yet finalized.

In addition, on February 3, 2017, the President of the United States issued an executive order identifying "core principles" for the administration's financial services regulatory policy and directing the Secretary of the Treasury, in consultation with the heads of other financial regulatory agencies, to evaluate how the current regulatory framework promotes or inhibits the principles and what actions have been, and are being, taken to promote the principles. In response to the executive order, on June 12, 2017, October 6, 2017 and October 26, 2017, respectively, the U.S. Department of the Treasury issued the first three of four reports recommending a number of comprehensive changes in the current regulatory system for U.S. depository institutions, the U.S. capital markets and the U.S. asset management and insurance industries.

It is not clear whether the referenced executive order issued by President Trump will result in material changes to the current laws and rules, or those that are in process, applicable to financial institutions and financial services or products like ours.

Given the uncertainty associated with the manner in which the provisions of the Dodd-Frank Act will be implemented by the various regulatory agencies and through regulations, the full extent of the impact such requirements will have on our operations is unclear. The changes resulting from the Dodd-Frank Act may impact the profitability of our business activities, require changes to certain of our business practices, impose upon us more stringent capital, liquidity and leverage requirements or otherwise adversely affect our business. These changes may also require us to invest significant management attention and resources to evaluate and make any changes necessary to comply with new statutory and regulatory requirements. Failure to comply with the new requirements or with any future changes in laws or regulations may negatively impact our results of operations and financial condition.

Changes in laws, government regulation and monetary policy may have a material effect on our results of operations.

Financial institutions have been the subject of substantial legislative and regulatory changes and may be the subject of further legislation or regulation in the future, none of which is within our control. Significant new laws or regulations or changes in, or repeals of, existing laws or regulations may cause our results of operations to differ materially. In addition, the cost and burden of compliance with applicable laws and regulations have significantly increased and could adversely affect our ability to operate profitably. Further, federal monetary policy significantly affects credit conditions for us, as well as for our borrowers, particularly as implemented by the Federal Reserve, primarily through open market operations in U.S. government securities, the discount rate for bank borrowings and reserve requirements. A material change in any of these conditions could have a material impact on us or our borrowers, and therefore on our results of operations.

Federal and state banking agencies periodically conduct examinations of our business, including compliance with laws and regulations, and our failure to comply with any supervisory actions to which we are or become subject as a result of such examinations may adversely affect us.

Federal and state banking agencies, including the Federal Reserve, the DBO and the FDIC, periodically conduct examinations of our business, including compliance with laws and regulations. If, as a result of an examination, a federal banking agency were to determine that the financial condition, capital resources, asset quality, earnings prospects, management, liquidity or other aspects of any of our operations had become unsatisfactory, or that the Company or its management was in violation of any law or regulation, it may take a number of different remedial actions as it deems appropriate. These actions include the power to enjoin "unsafe or unsound" practices, to require affirmative actions to correct any conditions resulting from any violation or practice, to issue an administrative order that can be judicially enforced, to direct an increase in our capital, to restrict our growth, to assess civil monetary penalties against our officers or directors, to remove officers and directors and, if it is concluded that such conditions cannot be corrected or there is an imminent risk of loss to depositors,

to terminate our deposit insurance. If we become subject to such regulatory actions, our business, results of operations and reputation may be negatively impacted.

Our HOA business is substantially dependent upon its relationship with Associa, which is the entity that owns and controls the HOA management companies that manage the HOAs from which we receive a majority of our HOA deposits.

In March 2013, we acquired FAB, which is exclusively focused on providing deposit and other services to HOAs and HOA management companies nationwide. Some of our HOA customers are also customers of the HOA management companies controlled by Associations, Inc. ("Associa"). At December 31, 2017, approximately 41% of the HOA transaction deposits we held were derived from our relationship with Associa. We will continue to rely on the relationship with Associa to solicit HOA deposits as deemed necessary. If Associa or its HOA management companies lose some or all of their HOA customers, fall into financial or legal difficulty or elect to reduce the amount of HOA customers that it directs to us, it could have a material and adverse effect upon our business, including the decline or total loss of all of the deposits from the HOA management companies and the HOAs. We cannot assure you that we would be able to replace the relationship with Associa and its HOA management companies if any of these events occurred, which could have a material and adverse impact on our business, financial condition and results of operations. In connection with the closing of the FAB acquisition, we appointed John Carona to the boards of directors of the Company and the Bank. Mr. Carona is the President and Chief Executive Officer of Associa.

Existing and potential acquisitions may disrupt our business.

On April 1, 2017, we completed the acquisition of HEOP, the holding company of Heritage Oaks Bank, a California state-chartered bank with \$2.0 billion in total assets. On November 1, 2017, we completed the acquisition of PLZZ, the holding company of Plaza Bank, a California-chartered banking corporation with \$1.3 billion in total assets.

On February 9, 2018, we entered into a definitive agreement to acquire Grandpoint, the holding company of Grandpoint Bank, a California state-chartered bank with \$3.2 billion in total assets. That transaction is expected to close in the third quarter of 2018, subject to the receipt all required regulatory and stockholder approvals and the satisfaction or waiver, applicable, of all closing conditions.

The success of these mergers will depend on, among other things, our ability to realize the anticipated revenue enhancements and efficiencies and to combine the businesses of Pacific Premier with those of HEOP, PLZZ and Grandpoint, if the acquisition is completed, in a manner that does not materially disrupt the existing customer relationships of HEOP, PLZZ or Grandpoint, if applicable, or result in decreased revenues resulting from any loss of customers, and that permits growth opportunities to occur. If we are not able to successfully achieve these objectives, the anticipated benefits of the mergers may not be realized fully or at all or may take longer to realize than expected.

It is possible that the ongoing HEOP integration process, the PLZZ integration process or the Grandpoint integration process when and if applicable, could result in the loss of key employees, the disruption of ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect our ability to maintain relationships with clients, customers, depositors and employees or to achieve the anticipated benefits of the mergers. Integration efforts could also divert management attention and resources. These integration matters could have an adverse effect on the combined company.

Existing and potential acquisitions may dilute stockholder value.

In addition, we issued 11,959,022 shares of our common stock in connection with the HEOP acquisition and 6,049,373 shares of our common stock in connection with the acquisition of PLZZ. All

Table of Contents

of the shares of our common stock issued to former HEOP and PLZZ shareholders in the mergers are freely tradable without restrictions under the Securities Act. If former HEOP and PLZZ holders sell substantial amounts of our common stock, it may cause the market price of our common stock to decrease. We are expected to issue approximately 15,758,089 shares of our common stock in the Grandpoint acquisition.

We continue to evaluate merger and acquisition opportunities and conduct due diligence activities related to possible transactions with other financial institutions on an ongoing basis. As a result, merger or acquisition discussions and, in some cases, negotiations may take place and future mergers or acquisitions involving cash, debt or equity securities may occur at any time. Acquisitions typically involve the payment of a premium over book and market values, and, therefore, some dilution of our stock's tangible book value and net income per common share may occur in connection with any future transaction. Furthermore, failure to realize the expected revenue increases, cost savings, increases in geographic or product presence, and/or other projected benefits from recent or future acquisitions could have a material adverse effect on our financial condition and results of operations.

We cannot say with any certainty that we will be able to consummate, or if consummated, successfully integrate future acquisitions or that we will not incur disruptions or unexpected expenses in integrating such acquisitions. In attempting to make such future acquisitions, we anticipate competing with other financial institutions, many of which have greater financial and operational resources. Acquiring other banks, businesses, or branches involves various risks commonly associated with acquisitions, including, among other things:

Potential exposure to unknown or contingent liabilities of the target company;

Exposure to potential asset quality issues of the target company;

Potential disruption to our business;

Potential diversion of management's time and attention;

The possible loss of key employees and customers of the target company;

Difficulty in estimating the value of the target company; and

Potential changes in banking or tax laws or regulations that may affect the target company.

Our controls and procedures may fail or be circumvented.

Management regularly reviews and updates our internal controls, disclosure controls and procedures, and corporate governance policies and procedures. Any system of controls, however well designed and operated, is based in part on certain assumptions and can provide only reasonable, not absolute, assurances that the objectives of the system are met. Any failure or circumvention of our controls and procedures or failure to comply with regulations related to controls and procedures could have a material adverse effect on our business, results of operations and financial condition.

Environmental liabilities with respect to properties on which we take title may have a material effect on our results of operations.

We could be subject to environmental liabilities on real estate properties we foreclose and take title in the normal course of our business. In connection with environmental contamination, we may be held liable to governmental entities or to third parties for property damage, personal injury, investigation and clean-up costs incurred by these parties, or we may be required to investigate or clean-up hazardous or toxic substances at a property. The investigation or remediation costs associated with such activities could be substantial. Furthermore, we may be subject to common law claims by third parties based on damages and costs resulting from environmental contamination even if we were

Table of Contents

the former owner of a contaminated site. The incurrence of a significant environmental liability could adversely affect our business, financial condition and results of operations.

A breach in the security of our systems, or those of contracted partners, could disrupt our business, result in the disclosure of confidential information, damage our reputation, and create significant financial and legal exposure.

Although we devote significant resources to maintain and regularly update our systems and processes that are designed to protect the security of our computer systems, software, networks and other technology assets, as well as the confidentiality, integrity and availability of information belonging to us and our customers, there is no assurance that all of our security measures will provide absolute security.

Like many financial institutions, we can be subject to attempts to infiltrate the security of our websites or other systems which can involve sophisticated and targeted attacks intended to obtain unauthorized access to confidential information, destroy data, disrupt service, sabotage systems or cause other damage, including through the introduction of computer viruses or malware, cyberattacks and other means. We can be targeted by individuals and groups using malicious code and viruses, and can be exposed to distributed denial-of-service attacks with the objective of disrupting on-line banking services.

Despite efforts to ensure the security and integrity of our systems, it is possible that we may not be able to anticipate, detect or recognize threats to our systems or to implement effective preventive measures against all security breaches of these types inside or outside our business, especially because the techniques used frequently are not recognized until launched, and because cyberattacks can originate from a wide variety of sources, including individuals or groups who are or may be involved in organized crime, hostile foreign governments or linked to terrorist organizations. These risks may increase in the future as our web-based product offerings grow or we expand internal usage of web-based applications.

A successful penetration or circumvention of the security of our systems or the systems of another market participant could cause serious negative consequences, including significant disruption of our operations, misappropriation of confidential information, or damage to computers or systems, and may result in violations of applicable privacy and other laws, financial loss, loss of confidence, customer dissatisfaction, significant litigation exposure and harm to our reputation, all of which could have a material adverse effect on our business, financial condition, results of operations, and future prospects.

We are dependent on our key personnel.

Our future operating results depend in large part on the continued services of our key personnel, including Steven R. Gardner, our Chairman, President and Chief Executive Officer, who developed and implemented our business strategy. The loss of Mr. Gardner could have a negative impact on the success of our business strategy. In addition, we rely upon the services of Edward Wilcox, President, and our ability to attract and retain highly skilled personnel. We do not maintain key-man life insurance on any employee other than Mr. Gardner. We cannot assure you that we will be able to continue to attract and retain the qualified personnel necessary for the development of our business. The unexpected loss of services of our key personnel could have a material adverse impact on our business because of their skills, knowledge of our market, years of industry experience and the difficulty of promptly finding qualified replacement personnel. In addition, recent regulatory proposals and guidance relating to compensation may negatively impact our ability to retain and attract skilled personnel.

A natural disaster or recurring energy shortage, especially in California, could harm our business.

We are based in Irvine, California, and approximately 61% of our loans secured by real estate were located in California at December 31, 2017. In addition, the computer systems that operate our Internet websites and some of their back-up systems are located in Irvine and San Diego, California. Historically, California has been vulnerable to natural disasters. Therefore, we are susceptible to the risks of natural disasters, such as earthquakes, wildfires, floods and mudslides. Natural disasters could harm our operations directly through interference with communications, including the interruption or loss of our websites, which would prevent us from gathering deposits, originating loans and processing and controlling our flow of business, as well as through the destruction of facilities and our operational, financial and management information systems. A natural disaster or recurring power outages may also impair the value of our largest class of assets, our loan portfolio, which is comprised substantially of real estate loans. Uninsured or underinsured disasters may reduce borrowers' ability to repay mortgage loans. Disasters may also reduce the value of the real estate securing our loans, impairing our ability to recover on defaulted loans through foreclosure and making it more likely that we would suffer losses on defaulted loans. California has also experienced energy shortages, which, if they recur, could impair the value of the real estate in those areas affected. Although we have implemented several back-up systems and protections (and maintain business interruption insurance), these measures may not protect us fully from the effects of a natural disaster. The occurrence of natural disasters or energy shortages in California could have a material adverse effect on our business prospects, financial condition and results of operations.

Risks Related to Ownership of Our Common Stock

The price of our common stock may fluctuate significantly, and this may make it difficult for you to resell your shares of common stock at times or at prices you find attractive.

Stock price volatility may make it difficult for holders of our common stock to resell their common stock when desired and at desirable prices. Our stock price can fluctuate significantly in response to a variety of factors including, among other things:

Actual or anticipated variations in quarterly results of operations;

Recommendations by securities analysts;

Operating and stock price performance of other companies that investors deem comparable to us;

News reports relating to trends, concerns and other issues in the financial services industry, including the failures of other financial institutions in the current economic downturn;

Perceptions in the marketplace regarding us and/or our competitors;

Cyber security breaches;

New technology used, or services offered, by competitors;

Significant acquisitions or business combinations, strategic partnerships, joint ventures or capital commitments by or involving us or our competitors;

Failure to integrate acquisitions or realize anticipated benefits from acquisitions;

Changes in government regulations; and

Geopolitical conditions such as acts or threats of terrorism or military conflicts.

General market fluctuations, industry factors and general economic and political conditions and events, such as economic slowdowns or recessions, interest rate changes or credit loss trends, could also

cause our stock price to decrease regardless of operating results as evidenced by the current volatility and disruption of capital and credit markets.

We have retained earnings, if any, to provide funds for use in our business.

It is our policy to retain earnings, if any, to provide funds for use in our business. We have never declared or paid dividends on our common stock. In addition, in order to pay cash dividends over time to our stockholders, we would most likely need to obtain funds from the Bank. The Bank's ability, in turn, to pay dividends to us is subject to restrictions set forth in the Financial Code. The Financial Code provides that a bank may not make a cash distribution to its stockholders in excess of the lesser of (1) a bank's retained earnings; or (2) a bank's net income for its last three fiscal years, less the amount of any distributions made by the bank or by any majority-owned subsidiary of the bank to the stockholders of the bank during such period. However, a bank may, with the approval of the DBO, make a distribution to its stockholders in an amount not exceeding the greatest of (a) its retained earnings; (b) its net income for its last fiscal year; or (c) its net income for its current fiscal year. In the event that banking regulators determine that the stockholders' equity of a bank is inadequate or that the making of a distribution by the bank would be unsafe or unsound, the regulators may order the bank to refrain from making a proposed distribution.

Approval of the Federal Reserve is required for payment of any dividend by a state chartered bank that is a member of the Federal Reserve Board System, such as the Bank, if the total of all dividends declared by the bank in any calendar year would exceed the total of its retained net income for that year combined with its retained net income for the preceding two years. In addition, a state member bank may not pay a dividend in an amount greater than its undivided profits without regulatory and stockholder approval. The Bank is also prohibited under federal law from paying any dividend that would cause it to become undercapitalized.

ITEM 2. PROPERTIES

The headquarters of the Company and the Bank are located in Irvine, California at 17901 Von Karman Avenue. As of December 31, 2017, our properties include 11 administrative offices and 33 branches. We owned 13 properties and leased the remaining properties throughout Orange, Los Angeles, Riverside, San Bernardino, San Diego, San Luis Obispo and Santa Barbara, California as well as Clark County, Nevada. The lease terms are not individually material and range from month to month to ten years from inception date.

All of our existing facilities are considered to be adequate for our present and anticipated future use. In the opinion of management, all properties are adequately covered by insurance.

ITEM 3. LEGAL PROCEEDINGS

The Corporation was named as a defendant in a lawsuit brought in California state court (San Luis Obispo County) entitled, Garfield v. Heritage Oaks Bancorp, et al. This lawsuit was brought by Robert Garfield, a shareholder of HEOP, parent corporation of Heritage Oaks Bank. Mr. Garfield challenged the share price and other financial benefits to shareholders in the Corporation's proposed acquisition of HEOP. Mr. Garfield purported to bring this claim on behalf of a class of similarly-

situated HEOP shareholders, although no class was certified by the court. Mr. Garfield was unsuccessful in obtaining a preliminary injunction in advance of the acquisition. He later filed an amended complaint, which did not name the Corporation. As a result, the Corporation was dismissed from the action in October 2017.

The Corporation also was named as a defendant in a lawsuit brought in the U.S. District Court for the Central District of California entitled Parshall v. Heritage Oaks Bancorp, et al. In relevant part, Mr. Parshall alleged that the Corporation, as a "control person" of HEOP, should be liable for what Mr. Parshall claimed to be inadequate disclosures in the joint proxy statement/prospectus HEOP sent to its shareholders in connection with soliciting approval of the Corporation's acquisition of HEOP. Mr. Parshall purported to bring this claim on behalf of a class of similarly-situated HEOP shareholders, although no class was certified by the court. Mr. Parshall voluntarily dismissed the action in June 2017.

In addition to the lawsuits described above, the Company is involved in legal proceedings occurring in the ordinary course of business. Management believes that neither the lawsuits described above nor any legal proceedings occurring in the ordinary course of business, individually or in the aggregate, will have a material adverse impact on the results of operations or financial condition of the Company.

Dividends

It is our policy to retain earnings, if any, to provide funds for use in our business. Although we have never declared or paid dividends on our common stock, our board of directors periodically reviews whether to declare or pay cash dividends taking into account, among other things, general business conditions, our financial results, future prospects, capital requirements, legal and regulatory restrictions, and such other factors as our board may deem relevant.

Our ability to pay dividends on our common stock is dependent on the Bank's ability to pay dividends to the Corporation. Various statutory provisions restrict the amount of dividends that the Bank can pay without regulatory approval. For information on the statutory and regulatory limitations on the ability of the Corporation to pay dividends to its stockholders and on the Bank to pay dividends to the Corporation, see "Item 1. Business-Supervision and Regulation Dividends" and "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity."

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Management's discussion and analysis of financial condition and results of operations is intended to provide a better understanding of the significant changes in trends relating to the Company's financial condition, results of operation, liquidity and capital resources. This section should be read in conjunction with the disclosures regarding "Forward-Looking Statements" set forth in "Item I. Business-Forward Looking Statements", as well as the discussion set forth in "Item 8. Financial Statements and Supplementary Data," including the notes to consolidated financial statements.

Merger Agreement

On February 12, 2018, the Corporation announced that, on February 9, 2018, it had entered into a definitive agreement to acquire Grandpoint and its wholly-owned bank subsidiary, Grandpoint Bank, a California-chartered state bank subsidiary. At December 31, 2017, Grandpoint had \$3.2 billion in total assets, \$2.4 billion in gross loans and \$2.4 billion in total deposits. Grandpoint operates 14 regional offices in Southern California, Arizona and Vancouver, Washington.

Upon consummation of the acquisition, holders of Grandpoint common stock will have the right to receive 0.4750 shares of the Corporation's common stock for each share of Grandpoint common stock they own. Based on a \$39.10 closing price of the Corporation's common stock on February 9, 2018, the aggregate merger consideration payable to Grandpoint's shareholders is approximately \$641 million.

Summary

Our principal business is attracting deposits from small and middle market businesses and consumers and investing those deposits, together with funds generated from operations and borrowings, primarily in commercial business loans and various types of commercial real estate loans. The Company expects to fund substantially all of the loans that it originates or purchases through deposits, FHLB advances and other borrowings and internally generated funds. Deposit flows and cost of funds are influenced by prevailing market rates of interest primarily on competing investments, account maturities and the levels of savings in the Company's market area. The Company generates the majority of its revenues from interest income on loans that it originates and purchases, income from investment in securities and service charges on customer accounts. The Company's revenues are partially offset by interest expense paid on deposits and borrowings, the provision for loan losses and noninterest expenses, such as operating expenses. The Company's operating expenses primarily consist of employee compensation and benefit expenses, premises and occupancy expenses, data processing and communication expenses and other general expenses. The Company's results of operations are also affected by prevailing economic conditions, competition, government policies and other actions of regulatory agencies.

Critical Accounting Policies and Estimates

We have established various accounting policies that govern the application of accounting principles generally accepted in the United States of America in the preparation of the Company's financial statements in Item 8 hereof. The Company's significant accounting policies are described in Note 1 to the Consolidated Financial Statements. Certain accounting policies require management to make estimates and assumptions that have a material impact on the carrying value of certain assets and liabilities; management considers these to be critical accounting policies. The estimates and assumptions management uses are based on historical experience and other factors, which management believes to be reasonable under the circumstances. Actual results could differ significantly from these estimates and assumptions, which could have a material impact on the carrying value of assets and liabilities at

Table of Contents

consolidated statements of financial condition dates and the Company's results of operations for future reporting periods.

Allowance for Loan Losses

We consider the determination of ALLL to be among our critical accounting policies that require judicious estimates and assumptions in the preparation of the Company's financial statements that is particularly susceptible to significant change. The Company maintains an ALLL at a level deemed appropriate by management to provide for known or probable incurred losses in the portfolio at the consolidated statements of financial condition date. The Company has implemented and adheres to an internal asset review system and loss allowance methodology designed to provide for the detection of problem assets and an adequate allowance to cover loan losses. Management's determination of the adequacy of ALLL is based on an evaluation of the composition of the portfolio, actual loss experience, industry charge-off experience on income property loans, current economic conditions, and other relevant factors in the areas in which the Company's lending and real estate activities are based. These factors may affect the borrowers' ability to pay and the value of the underlying collateral. The allowance is calculated by applying loss factors to loans held for investment according to loan type and loan credit classification. The loss factors are evaluated on a quarterly basis and established based primarily upon the Bank's historical loss experience and, to a lesser extent, the industry charge-off experience. Various regulatory agencies, as an integral part of their examination process, periodically review the Company's ALLL. Such agencies may require the Bank to recognize additions to the allowance based on judgments different from those of management. In the opinion of management, and in accordance with the credit loss allowance methodology, the present allowance is considered adequate to absorb estimable and probable credit losses. Additions and reductions to the allowance are reflected in current operations. Charge-offs to the allowance are made when specific assets are considered uncollectible or are transferred to OREO and the fair value of the property is less than the loan's recorded investment. Recoveries are credited to the allowance.

Although management uses the best information available to make these estimates, future adjustments to the allowance may be necessary due to economic, operating, regulatory and other conditions that may be beyond the Company's control. For further information on the ALLL, see Notes 1 and 5 to the Consolidated Financial Statements in Item 8 hereof.

Business Combinations

We account for acquisitions under the acquisition method. All identifiable assets acquired and liabilities assumed are recorded at fair value. Any excess of the purchase price over the fair value of net assets and other identifiable intangible assets acquired is recorded as goodwill. Identifiable intangible assets include core deposit intangibles, which have a definite life. Core deposit intangibles ("CDI") are subsequently amortized over the estimated life up to 10 years and are tested for impairment annually. Goodwill generated from business combinations is deemed to have an indefinite life and is not subject to amortization, and instead is tested for impairment at least annually.

As part of the estimation of fair value, we review each loan or loan pool acquired to determine whether there is evidence of deterioration in credit quality since inception and if it is probable that the Company will be unable to collect all amounts due under the contractual loan agreements. We consider expected prepayments and estimated cash flows including principal and interest payments at the date of acquisition. If a loan is determined to be a purchased credit impaired ("PCI") loan, the amount in excess of the estimated future cash flows is not accreted into earnings. The amount in excess of the estimated future cash flows over the book value of the loan is accreted into interest income over the remaining life of the loan (accretable yield). The Company records these loans on the acquisition date at their net realizable value. Thus, an allowance for estimated future losses is not established on the acquisition date. Losses or a reduction in cash flow, which arise subsequent to the date of acquisition

Table of Contents

are reflected as a charge through the provision for loan losses. An increase in the expected cash flows adjusts the level of the accretable yield recognized on a prospective basis over the remaining life of the loan.

Income Taxes

Deferred tax assets and liabilities are recorded for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns using the asset liability method. In estimating future tax consequences, all expected future events other than enactments of changes in the tax laws or rates are considered. The effect on deferred taxes of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred tax assets are to be recognized for temporary differences that will result in deductible amounts in future years and for tax carryforwards if, in the opinion of management, it is more likely than not that the deferred tax assets will be realized. See also Note 14 of the Consolidated Financial Statements in Item 8 hereof this Form 10-K.

Fair Value of Financial Instruments

We use fair value measurements to record fair value adjustments to certain financial instruments and to determine fair value disclosures. Investment securities available-for-sale are financial instruments recorded at fair value on a recurring basis. Additionally, from time to time, we may be required to record at fair value other financial assets on a non-recurring basis, such as impaired loans and OREO. These non-recurring fair value adjustments typically involve application of lower-of-cost-or-market accounting or write-downs of individual assets. Further, we include in Note 18 to the Consolidated Financial Statements information about the extent to which fair value is used to measure assets and liabilities, the valuation methodologies used and its impact to earnings. Additionally, for financial instruments not recorded at fair value we disclose the estimate of their fair value.

Operating Results

Overview. The comparability of financial information is affected by our acquisitions. On April 1, 2017 and November 1, 2017, the Company completed the acquisition of HEOP and PLZZ, respectively.

Non-GAAP Measurements

The Company uses certain non-GAAP financial measures to provide meaningful supplemental information regarding the Company's operational performance and to enhance investors' overall understanding of such financial performance. The non-GAAP measures used in this Form 10-K include the following:

Tangible common equity: Total stockholders' equity is reduced by the amount of intangible assets, including goodwill.

Tangible common equity amounts and ratios, tangible assets, and tangible book value per share: Given that the use of these measures is prevalent among banking regulators, investors and

Net Interest Income. Our primary source of revenue is net interest income, which is the difference between the interest earned on loans, investment securities, and interest earning balances with financial institutions ("interest-earning assets") and the interest paid on deposits and borrowings ("interest-bearing liabilities"). Net interest margin is net interest income expressed as a percentage of average interest earning assets. Net interest income is affected by changes in both interest rates and the volume of interest-earning assets and interest-bearing liabilities.

For 2017, net interest income totaled \$248 million, an increase of \$94.4 million or 62% over 2016. The increase reflected an increase in average interest-earning assets of \$2.2 billion, primarily due to the acquisitions of HEOP and PLZZ in the second and fourth quarter of 2017, respectively. Net interest margin decreased 5 basis points to 4.43%, primarily due to the yield on interest-earning assets decreasing 4 basis points and a slight increase in cost of funds.

For 2016, net interest income totaled \$153 million, an increase of \$46.8 million or 44% over 2015. The increase reflected an increase in average interest-earning assets of \$912 million and an increase in the average yield of 15 basis points, resulting in an increase in the net interest margin of 23 basis points to 4.48%. The 23 basis point expansion in net interest margin was a result of the increase in the yield on earning assets coupled with a 6 basis point decrease in the cost of interest bearing liabilities, as well as the \$440 million increase in non-interest bearing deposits. The increase in interest-earning assets was primarily related to organic loan growth, the acquisition of SCAF in early 2016, and the purchase of \$265 million of multi-family loans in 2016.

The following table presents for the periods indicated the average dollar amounts from selected balance sheet categories calculated from daily average balances and the total dollar amount, including adjustments to yields and costs, of:

The table also sets forth our net interest income, net interest rate spread and net interest rate margin for the periods indicated. The net interest rate spread represents the difference between the yield on interest-earning assets and the cost of interest-bearing liabilities. The net interest rate margin reflects the ratio of net interest income as a percentage of interest-earning assets for the year.

Changes in our net interest income are a function of changes in both volumes and rates of interest-earning assets and interest-bearing liabilities. The following table presents the impact the volume and rate changes have had on our net interest income for the years indicated. For each category of interest-earning assets and interest-bearing liabilities, we have provided information on changes to our net interest income with respect to:

Changes in volume (changes in volume multiplied by the prior period rate);

Changes in interest rates (changes in interest rates multiplied by the prior period volume); and

The change or the combined impact of volume and rate changes allocated proportionately to changes in volume and changes in interest rates.

Provision for Loan Losses. For 2017, we recorded an \$8.6 million provision for loan losses compared to \$8.8 million recorded in 2016. The \$136,000 decrease in the provision for loan losses was primarily attributable to a lower level of net charge-offs for the year, partially offset by the growth in our loan portfolio. Net loan charge-offs for 2017 amounted to \$1.0 million, a decrease from \$4.8 million in 2016.

For 2016, we recorded an \$8.8 million provision for loan losses compared to \$6.4 million recorded in 2015. The \$2.4 million increase in the provision for loan losses was primarily attributable to the growth in our loan portfolio during the year and, to a lesser extent, the change in our loan composition and net charge-offs. Net loan charge-offs for 2016 amounted to \$4.8 million, which increased from \$1.3 million in 2015.

Noninterest Income. For 2017, non-interest income totaled \$31.1 million, an increase of \$11.5 million or 59% from 2016. The increase was primarily due to an increase in other income of \$5.8 million, which is primarily attributable to higher recoveries of \$2.0 million from pre-acquisition charge-offs, higher ATM and debit card fees of \$1.7 million, and higher bank-owned life insurance ("BOLI") income of \$926,000. Also, the Bank had a \$2.9 million increase on the gain on sale of loans, from \$9.5 million in 2016 to \$12.5 million in 2017. During

Edgar Filing: PACIFIC PREMIER BANCORP INC - Form S-4

2017, we sold \$127 million of SBA loans at an overall premium of 11.4% and \$96.6 million in various other loans at an overall premium of 1%, compared to 2016 in which we sold \$110 million of SBA loans at an overall premium of 8.3% and

\$2.6 million in commercial and industrial loans at an overall premium of 17.4%. Deposit related fees grew \$2.1 million in 2017, as growth in core transaction deposit accounts from both organic growth and the acquisition of HEOP and PLZZ contributed to the increase in deposit fees from \$1.7 million in 2016 to \$3.8 million in 2017. Lastly, gain on sale of investments increased \$940,000 as the Bank sold \$261 million of securities during 2017 compared to \$222 million in 2016.

For 2016, non-interest income totaled \$19.6 million, an increase of \$5.2 million or 36% from 2015. The increase was primarily related to an increase of \$1.6 million on gain on sale of loans from \$8.0 million in 2015 to \$9.5 million. During 2016, we sold \$110 million of SBA loans at an overall premium of 8.3% and \$2.6 million in commercial and industrial loans at an overall premium of 17.4%, compared to 2015 in which we sold \$79.3 million of SBA loans at an overall premium of 9% and \$69.1 million in commercial real estate and multi-family loans at an overall premium of 1%. Gain on sale of investments increased \$1.5 million as the Bank sold a limited number of securities during 2015. Deposit related fees and loan servicing fees grew by a combined \$1.5 million in 2015, as growth in core transaction deposit accounts from both organic growth and the acquisition of SCAF contributed to the increase in deposit fees from \$2.5 million in 2015 to \$3.4 million in 2016 and loan servicing fees from \$371,000 in 2015 to \$1.0 million in 2016. Finally, other income increased \$735,000 as the Bank saw higher recoveries of \$1.7 million from pre-acquisition charge-offs, partially offset by a \$641,000 decrease in other loans fees and asset write-offs of \$366,000.

Noninterest Expense. For 2017, noninterest expense totaled \$168 million, an increase of \$69.2 million or 70.2% from 2016. The increase in noninterest expense was primarily due to higher compensation and benefits of \$31.3 million, primarily related to an increase in staff from our acquisitions of HEOP in April 2017, PLZZ in November 2017, and internal growth in staff to support our growth. Merger-related expense increased \$16.6 million in 2017 reflecting costs from both the HEOP and PLZZ acquisitions. Occupancy expense grew by \$4.9 million in 2017, mostly due to the acquisitions and the additional branches retained from the mergers. The remaining expense categories grew by \$16.3 million or 52% in 2017, due to both a combination of expense growth related to the acquisitions of HEOP and PLZZ and increased expenses to support the Company's organic growth in loans and deposits. The most significant increase in expense from these remaining categories is a \$4.1 million increase in CDI expenses, \$3.9 million increase in data processing, \$3.1 million increase in legal, audit, and professional expenses, and a \$1.3 million increase in deposit related expenses, which include expenses such as lock box services, to support our continued growth in core transaction deposits.

For 2016, noninterest expense totaled \$98.6 million, an increase of \$25.0 million or 34% from 2015. The increase in noninterest expense was primarily due to higher compensation and benefits of \$15.7 million, primarily related to an increase in staff from our acquisition of SCAF and internal growth in staff to support our growth. Occupancy expense grew by \$2.0 million in 2016, mostly due to the acquisition of SCAF and the additional branches retained from the merger. Marketing expense grew by approximately \$1.7 million in 2016, as the Company increased its investment in sponsorships

and other marketing areas to support its continued efforts to organically grow its customer base. The remaining expense categories grew by \$5.5 million or 21% in 2016, due to both a combination of expense growth related to the acquisition of SCAF and increased expenses to support the Company's organic growth in loans and deposits. The most significant increase in expense from these remaining categories is a \$1.4 million increase in data processing and \$1.3 increase in deposit related expenses, which include expenses such as lock box services, to support our continued growth in core transaction deposits. merger-related expense in 2016 reflects costs from both the SCAF merger in January 2016 as well as the acquisition of HEOP.

Our efficiency ratio was 50.9% for 2017, compared to 53.6% for 2016 and 55.9% for 2015. The improvement in the efficiency ratio in 2017 compared to 2016 was related to revenues growing faster than expenses, as the Company's growing asset size creates greater scale of efficiencies.

Income Taxes. The Company recorded income taxes of \$42.1 million in 2017, compared with \$25.2 million in 2016 and \$15.2 million in 2015. Our effective tax rate was 41.2% for 2017, 38.6% for 2016, and 37.3% for 2015. The effective tax rate in each year is affected by various items, including changes in tax law, tax exempt income from municipal securities, BOLI, tax credits from investments in low income housing tax credits ("LIHTC") and merger-related expense.

On December 22, 2017, the U.S. government enacted comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act (the "Tax Act"). The effective tax rate for 2017 increased from 2016 primarily due to the inclusion of \$5.6 million of income tax expense related to the revaluation of the deferred tax assets and liabilities due to the reduction of the U.S. corporate tax rate from 35% to 21% under the Tax Act. Additional information on the Tax Act is presented in Item 1. Business Federal and State Taxation.

See Note 14 to the Consolidated Financial Statements included in Item 8 hereof for further discussion of income taxes and an explanation of the factors, which impact our effective tax rate.

Financial Condition

At December 31, 2017, total assets of the Company were \$8.0 billion, up \$4.0 billion or 99% from total assets of \$4.0 billion at December 31, 2016. The increase in assets since year-end 2016 was primarily related to the increase in loans held for investment of \$3.0 billion associated with organic

loan growth and the acquisitions of PLZZ and HEOP. The acquisition of PLZZ added \$1.1 billion of loans in the fourth quarter of 2017, and the acquisition of HEOP added \$1.4 billion of loans in the second quarter of 2017, both before fair value adjustments.

Investment Activities

Our investment policy, as established by our board of directors, attempts to provide and maintain liquidity, generate a favorable return on investments without incurring undue interest rate and credit risk and complement our lending activities. Specifically, our investment policy generally limits our investments to U.S. government securities, federal agency-backed securities, government-sponsored guaranteed mortgage-backed securities ("MBS") and collateralized mortgage obligations ("CMO"), municipal bonds, and corporate bonds. The Bank has designated all investment securities as available-for-sale outside of investments made for CRA purposes.

Our investment securities portfolio amounted to \$806 million at December 31, 2017, as compared to \$389 million at December 31, 2016, representing a 107% increase. The increase in securities since year-end 2016 was primarily due to the acquisition of HEOP, which increased securities by \$443 million and purchases of \$317 million, partially offset by sales/calls of \$222 million, and principal pay downs of \$76.1 million. In general, the purchase of investment securities primarily related to investing excess liquidity from our banking operations, while the sales were made to help fund loan production, which improved our interest-earning asset mix by deploying investment securities dollars into higher yielding loans.

The total end of period weighted average interest rate on investments at December 31, 2017 was 2.69%, compared to 2.45% at December 31, 2016, reflecting the increased investment in higher yielding corporate bonds.

All of the municipal bond securities in our portfolio have an underlying rating of investment grade, with the majority insured by the largest bond insurance companies to bring each of these securities to a Moody's A+ rating or better. The Company has only purchased general obligation bonds that are risk-weighted at 20% for regulatory capital purposes. The Company reduces its exposure to any single adverse event by holding securities from geographically diversified municipalities. We are continually monitoring the quality of our municipal bond portfolio in accordance with current financial conditions. To our knowledge, none of the municipalities in which we hold bonds are exhibiting financial problems that would require us to record an OTTI charge.

The following is a listing of the breakdown by state for our municipal holdings, with all states with greater than nine percent of the portfolio listed. Eighty-one percent of the Texas issues are insured by The Texas Permanent School Fund.

Delinquent Loans. When a borrower fails to make required payments on a loan and does not cure the delinquency within 30 days, we normally initiate formal collection activities including, for loans secured by real estate, recording a notice of default and, after providing the required notices to the borrower, commencing foreclosure proceedings. If the loan is not reinstated within the time permitted by law, we may sell the property at a foreclosure sale. At these foreclosure sales, we generally acquire title to the property. At December 31, 2017, loans delinquent 60 or more days as a percentage of total loans held for investment was 7 basis points, up from 2 basis points at year-end 2016.

(1) All 90 day or greater delinquencies are on nonaccrual status and are reported as part of nonperforming loans.

Nonperforming Assets

Nonperforming assets consist of loans on which we have ceased accruing interest (nonaccrual loans), troubled debt restructured loans and OREO. Nonaccrual loans consisted of all loans 90 days or more past due and on loans where, in the opinion of management, there is reasonable doubt as to the collection of principal and interest. A "restructured loan" is one where the terms of the loan were renegotiated to provide a reduction or deferral of interest or principal because of deterioration in the financial position of the borrower. We had one troubled debt restructured loan with a recorded balance of \$97,000 at December 31, 2017 and no troubled debt restructured loans at December 31, 2016. At December 31, 2017, we had \$3.6 million of nonperforming assets, which consisted of \$3.3 million of net nonperforming loans and \$326,000 of OREO. At December 31, 2016, we had \$1.6 million of nonperforming assets, which consisted of \$1.1 million of nonperforming loans and \$460,000 of OREO. It is our policy to take appropriate, timely and aggressive action when necessary to resolve nonperforming assets. When resolving problem loans, it is our policy to determine collectability under various circumstances, which are intended to result in our maximum financial benefit. We accomplish this by working with the borrower to bring the loan current, selling the loan to a third party or by foreclosing and selling the asset.

At December 31, 2017, OREO consisted of one commercial owner occupied property and one land property, compared to one commercial non-owner occupied property and one land property at December 31, 2016. Properties acquired through or in lieu of foreclosure are recorded at fair value less cost to sell. The Company generally obtains an appraisal and/or a market evaluation on all OREO prior to obtaining possession. After foreclosure, valuations are periodically performed by management as needed due to changing market conditions or factors specifically attributable to the property's condition. If the carrying value of the property exceeds its fair value, less estimated cost to sell, the asset is written down and a charge to operations is recorded.

We recognized loan interest income on nonperforming loans of \$640,000 in 2017, \$740,000 in 2016 and \$467,000 in 2015. If these loans had paid in accordance with their original loan terms, we would have recorded additional loan interest income of \$155,000 in 2017, \$360,000 in 2016 and \$279,000 in 2015.

Allowance for Loan Losses. The allowance for loan losses is established as management's estimate of probable incurred losses inherent in the loan receivable portfolio. Management evaluates the adequacy of the allowance quarterly to maintain the allowance at levels sufficient to provide for these inherent losses. The ALLL is based upon the total loans evaluated individually and collectively, and is reported as a reduction of loans held for investment. The allowance is increased by a provision for loan losses which is charged to expense and reduced by charge-offs, net of recoveries.

We separate our assets, largely loans, by type, and we use various asset classifications to segregate the assets into various risk grade categories. We use the various asset classifications as a means of measuring risk for determining the valuation allowance for groups and individual assets at a point in time. Currently, we designate our assets into a category of "Pass," "Special Mention," "Substandard," "Doubtful" or "Loss." A brief description of these classifications follows:

Pass classifications represent assets with a level of credit quality, which contain no well-defined deficiency or weakness.

Special Mention assets do not currently expose the Bank to a sufficient risk to warrant classification in one of the adverse categories, but possess correctable deficiency or potential weaknesses deserving management's close attention.

Edgar Filing: PACIFIC PREMIER BANCORP INC - Form S-4

Table of Contents

Substandard assets are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any. These assets are characterized by the distinct possibility that the Bank will sustain some loss if the deficiencies are not corrected.

Doubtful credits have all the weaknesses inherent in substandard credits, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable.

Loss assets are those that are considered uncollectible and of such little value that their continuance as assets is not warranted. Amounts classified as loss are promptly charged off.

Our determination as to the classification of assets and the amount of valuation allowances necessary are subject to review by bank regulatory agencies, which can order a change in a classification or an increase to the allowance. While we believe that an adequate allowance for estimated loan losses has been established, there can be no assurance that our regulators, in reviewing assets including the loan portfolio, will not request us to materially increase our allowance for estimated loan losses, thereby negatively affecting our financial condition and earnings at that time. In addition, actual losses are dependent upon future events and, as such, further increases to the level of allowances for estimated loan losses may become necessary.

At December 31, 2017, we had \$48.6 million of assets classified as substandard, compared to \$13.3 million at December 31, 2016, with the increase primarily attributable to acquired loans. There were no loans classified as doubtful as of year-end 2017, compared to \$250,000 as of year-end 2016.

The following tables set forth information concerning substandard and doubtful assets at the dates indicated:

In determining the ALLL, we evaluate loan credit losses on an individual basis in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 310, *Accounting by Creditors for Impairment of a Loan*, and on a collective basis based on FASB ASC 450, *Accounting for Contingencies*. For loans evaluated on an individual basis, we analyze the borrower's creditworthiness, cash flows and financial status, and the condition and estimated value of the collateral. Loans evaluated individually that are deemed to be impaired are separated from our collective credit loss analysis.

Unless an individual borrower relationship warrants a separate analysis, the majority of our loans are evaluated for credit losses on a collective basis through a quantitative analysis to arrive at base loss factors that are adjusted through a qualitative analysis for internal and external identified risks. The adjusted factor is applied against the loan risk category to determine the appropriate allowance. Then adjustments for the following internal and external risk factors are added to the base factors:

Internal Factors

Changes in lending policies and procedures, including underwriting standards and collection, charge-offs, and recovery practices;

Changes in the nature and volume of the loan portfolio and the terms of loans, as well as new types of lending;

Changes in the experience, ability, and depth of lending management and other relevant staff that may have an impact on our loan portfolio;

Changes in the volume and severity of past due and classified loans, and in the volume of non-accruals, troubled debt restructurings, and other loan modifications;

Changes in the quality of our loan review system and the degree of oversight by our board of directors; and

The existence and effect of any concentrations of credit and changes in the level of such concentrations.

External Factors

Changes in national, state and local economic and business conditions and developments that affect the collectability of the portfolio, including the condition of various market segments (includes trends in real estate values and the interest rate environment);

Changes in the value of the underlying collateral for collateral-dependent loans; and

The effect of external factors, such as competition, legal developments and regulatory requirements on the level of estimated credit losses in our current loan portfolio.

Loans acquired through bank acquisition are recorded at fair value at acquisition date without a carryover of the related ALLL. Loans acquired with deteriorated credit quality are loans that have evidence of credit deterioration since origination and it is probable at the date of acquisition that the Company will not collect principal and interest payments according to contractual terms. These loans are accounted for under ASC Subtopic 310-30 *Receivables-Loans and Debt Securities Acquired with Deteriorated Credit Quality*.

As of December 31, 2017, the ALLL totaled \$28.9 million, an increase of \$7.6 million from December 31, 2016 and \$11.6 million from December 31, 2015. At December 31, 2017, the ALLL as a percent of nonperforming loans was 881%, compared with 1,866% at December 31, 2016 and 436% at December 31, 2015.

At December 31, 2017, the ALLL as a percent of loans held for investment was 0.47%, a decrease from 0.66% at December 31, 2016, and 0.77% at December 31, 2015. The decrease in the 2017 ratio was primarily attributable to the loans acquired from HEOP and PLZZ, recorded at fair value with no ALLL carried over. At December 31, 2017, management deems the ALLL to be sufficient to provide for probable incurred losses within the loan portfolio.
