**Item 8.01. Other Events.**

On November 30, 2012, we received a letter from the U.S. Department of Justice, Criminal Division (the “DOJ”) informing us that the DOJ and the Federal Bureau of Investigation have begun an investigation into whether Net 1 UEPS Technologies, Inc. and its subsidiaries, including their officers, directors, employees, and agents (collectively, “Net 1”) and other persons and entities possibly affiliated with Net 1 violated provisions of the Foreign Corrupt Practices Act and other U.S. federal criminal laws by engaging in a scheme to make corrupt payments to officials of the Government of South Africa in connection with securing a contract with the South African Social Security Agency to provide social welfare and benefits payments and also engaged in violations of the federal securities laws in connection with statements made by Net 1 in its SEC filings regarding this contract. On the same date, we received a letter from the Division of Enforcement of the Securities and Exchange Commission (the “SEC”) advising us that it is also conducting an investigation concerning our company. The SEC letter states that the investigation is a non-public, fact-finding inquiry.

We intend to cooperate fully with the DOJ and the SEC regarding these investigations. We are unable to predict what action, if any, might be taken in the future by either the DOJ or the SEC as a result of the matters that are the subject of these investigations or what impact, if any, this announcement and the existence of these investigations may have on our relations with SASSA, the Net1 BEE option transaction, our financial position, our results of operations and cash flows, our intended business strategies or our share price.
