Item 1.01. Entry into a Material Definitive Agreement.

On August 15, 2007, Green Plains Renewable Energy, Inc. (Green Plains) entered into an agreement and plan of merger with Great Lakes Cooperative (Great Lakes) pursuant to which Green Plains Grain Merger Sub, Inc., Green Plains wholly owned subsidiary, will merge with and into Great Lakes, with Great Lakes being the surviving entity. Pursuant to the merger agreement, subject to the terms and conditions set forth therein, Green Plains will acquire all of the outstanding shares of Great Lakes in exchange for cash and shares of Green Plains common stock immediately upon the closing of the proposed transaction.

Outstanding Great Lakes common stock A shares, common stock B shares and preferred stock shares will be exchanged for (i) an aggregate of 450,840 shares of Green Plains common stock, plus (ii) an aggregate of \$12,500,000 in cash. The Green Plains common stock and the cash consideration will be divided among the outstanding Great Lakes shares on the closing date.

The shares Green Plains issued in the exchange will be registered on a Registration Statement on Form S-4. The closing of the transaction is subject to various conditions, including approval by Great Lakes shareholders. Green Plains will not be seeking shareholder approval of the proposed transaction from its shareholders.

A copy of the merger agreement is attached as Exhibit 99.1 to this Current Report and is incorporated herein by reference. The representations and warranties contained in the merger agreement are made for the purposes of allocation of risk and as conditions to closing, may be subject to exceptions in the disclosure schedules provided in accordance with the merger agreement, are not necessarily accurate or complete as made and should not be relied upon by any of our stockholders or potential investors.

Item 8.01. Other Events.

On August 15, 2007, Green Plains issued a press release announcing that it had entered into the merger agreement with Great Lakes. A copy of the press release is attached as Exhibit 99.2.
