**Item 1.02 Termination of a Material Definitive Agreement.**

On April 28, 2014, we received a letter from Mr. J. Christopher Jaczko, a lawyer with the Procopio law firm in San Diego who represents Boyd Research, Inc. and related parties. In his letter, Mr. Jaczko notified us that our license to use the international patents for our AMPSA device, pursuant to our license agreement with his clients effective January 1, 2013, was terminated. The ostensible reason Mr. Jaczko gave was our failure to make certain unspecified payments due under the license agreement to his clients. We dispute termination. The reasons are that pursuant to the express language in the license agreement, Mr. Jaczko's clients were only due various fees including patent maintenance fees upon the presentation of a detailed invoice. We never received one. We refuse to pay money for an unknown and unjustifiable reason. Further, the license agreement requires us to be responsible for one-half of any and all such fees. We believe that the amount of money we have spent in defending and maintaining the patents under the license agreement off sets any amounts due to Mr. Jaczko's clients. We reserve all of our rights under the license agreement.
