Information about the Board and its Committees

Each of our Directors, other than Messrs. James F. McCann and Christopher G. McCann, qualifies as an "independent director" as defined under the published listing requirements of The NASDAQ Stock Market. The NASDAQ independence definition includes a series of objective tests. For example, an independent director may not be employed by us and may not engage in certain types of

business dealings with the Company. In addition, as further required by NASDAQ rules, the Board has made a subjective determination as to each independent Director that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. In making these determinations, the Board reviewed and discussed information provided by the Directors and by the Company with regard to each Director's business and personal activities as they may relate to the Company and Company's management. In addition, as required by NASDAQ rules, the Board determined that the members of the Audit Committee each

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

This section discusses compensation to our Named Executive Officers, which consist of our Chief Executive Officer, our Chief Financial Officer and the three next most highly compensated Executive Officers of the Company as determined under the rules of the Commission (collectively, the "NEO's").

The Compensation Committee believes that the compensation programs for its NEO's, as well as all of its Executive Officers, should reflect the Company's performance and the value created for the Company's stockholders. In addition, the compensation programs should support the short-term and long-term strategic goals and values of the Company and should reward individual contribution to the Company's success. The Company is engaged in a very competitive industry, and the Company's success depends upon its ability to attract and retain qualified Executive Officers through the competitive compensation packages it offers to such individuals.

The fundamental policy of the Compensation Committee is to provide the Company's NEO's, as well as its Executive Officers, with competitive compensation opportunities based upon their contribution to the development and financial success of the Company. It is the Compensation Committee's philosophy that a significant portion of each NEO's and Executive Officer's compensation should be contingent upon the Company's financial performance. The Company also acknowledges the importance of attracting and retaining talented, motivated and success-oriented Executive Officers who share our overall corporate philosophy and will enable our Company to achieve its short and long-term goals. Accordingly, the compensation package for each NEO and Executive Officer is comprised of three elements: (i) base salary; (ii) annual cash incentives and (iii) long-term incentive equity awards.

Guiding Principles:

- o Growth - To create an atmosphere that encourages superior growth and performance of the Company while also offering personal and professional growth.
- o Teamwork - To encourage executives to work together effectively and efficiently so that Company goals can be fully realized.
- o Innovation - To encourage and reward

creativity and innovation, including the development of new ideas and business opportunities for the Company.

- o Market Competitiveness - To offer a strong, comprehensive compensation package that will enable the Company to attract and retain qualified executive talent.

Setting Executive Compensation

We compete for senior executive talent with many leading companies. In order to stay competitive in the marketplace, a critical component of which is the recruitment and retention of executive talent, we annually review the market competitiveness of our Executive Officer compensation programs. In connection with this review, the Compensation Committee has retained the services of Mercer (formerly Mercer Human Resource Consulting ("Mercer")) (see "Role of Compensation Consultant" below for further discussion of Mercer's role).

When assessing the market competitiveness of our compensation programs, in addition to information provided by Mercer, we review third-party surveys and publicly available data relating to a specific group of companies. For our executive compensation comparisons, we consider peer companies. The peer companies include a broad range of companies in the internet retail, internet content and catalog/specialty retail sector. Members of the peer companies include: Overstock.com, Inc., Netflix, Inc., FTD Group, Inc., Drugstore.com, Inc., 1-800-Contacts, Inc., United Online, Inc., CNET Networks, Inc. William-Sonoma, Inc., Tiffany & Co., American Greetings, Inc., Cabela's, Inc., Sharper Image Corp., and The Yankee Candle, Inc. The Compensation Committee also reviews the Company's recent historical compensation practices for its executives, and considers recommendations from the Chief Executive Officer and President regarding the compensation of their direct reports, who include the other NEO's.

Elements of Compensation

The Compensation Committee believes that we can maximize the effectiveness of our compensation program by ensuring that all program elements are working in

9

concert to motivate and reward performance. The elements of our executive compensation program are detailed below, together with the principal factors which the Compensation Committee considers in reviewing the components of each Executive Officer's compensation package. In general, for each compensation element, these factors include: the key role each Executive Officer performs for the Company; the benefit to the Company in assuring the retention of his or her services; the performance of the Company during the past fiscal year; the competitive market conditions for executive compensation; the executive's prior year compensation; and the objective evaluation of the Executive Officer's performance. The Compensation Committee may also, however, in its discretion apply other factors with respect to executive compensation. We believe that our executive compensation program effectively strengthens the mutuality of interests between the Executive Officers and the Company's stockholders, which results in greater Company performance.

Base Salary. The Compensation Committee views base salary as the assured element of compensation that permits income predictability. Subject to existing employment agreements and employment offer letters, our objective is to set base salary levels at the competitive norm. However, individual salaries may be above or below the competitive norm to reflect the strategic role, experience,

Edgar Filing: 1 800 FLOWERS COM INC - Form DEF 14A

proficiency and performance of the executive. Incumbents who have been in their positions for a longer period of time, and whose performance is superior, may be paid above the competitive norm. The primary exception to this general rule will be in the case of seasoned executives with strategic value who are newly hired into the Company. In these situations, it may be necessary to pay above the competitive norm in order to attract the best candidates to the Company.

The minimum base salaries for Messrs. J. McCann, C. McCann, Hopkins and Ms. Woo are primarily prescribed in their employment agreements or employment offer letters, as the case may be (see below for description of the employment agreements and employment offer letters in the "Narrative Disclosure to Summary Compensation Table-Grants of Plan-Based Awards-Employment Agreements and Employment Offer Letters"). Annual base salary increases for the NEO's and other Executive Officers are determined on the basis of the employment agreements (for Messrs. J. McCann, and C. McCann), as well as the following factors: the performance of the executive versus job responsibilities; the relationship between current salary and the range for the executive's level, ranges having been set based on the competitive norm in the industry; the average size of salary increase based upon the Company's financial performance; and whether the responsibilities or criticality of the position of the incumbents have been changed during the preceding year. The weight given to each of these factors may differ from individual to individual as the Compensation Committee deems appropriate. Increases for Fiscal 2007 for Messrs. J. McCann, C. McCann, Hopkins, Shea and Ms. Woo were 0%, 9.4%, 4.7%, 2.0% and 0%, respectively.

Annual Cash Incentive. Annual cash incentive compensation plays a significant role in the Company's overall compensation package for its Executive Officers. The annual cash incentive for the NEO's is based upon the Company's financial performance and, in the case of Ms. Woo and Mr. Hopkins also included brand specific financial performance as well as leadership development goals for Fiscal 2007. This balance supports the accomplishment of the Company's overall financial objectives and rewards the individual contributions of our NEO's. Annual incentive programs for Executive Officers support the following Company objectives:

- o Communication of important goals through performance targets that are aligned with business strategies.
- o Motivation for the entire management team to work together toward a common set of goals.
- o Reward executives on the basis of results achieved.
- o Deliver annual incentive opportunities and payments through a structured, performance driven, objective mechanism.
- o Deliver a competitive level of compensation that is fully competitive with industry practice.

NEO's are eligible to receive annual cash incentive awards under the Company's Sharing Success Program.

Sharing Success Program. The Sharing Success Program is intended to cover management positions, including the NEO's. Each eligible plan participant is assigned a target award (expressed as a percentage of base salary) which represents the level of cash incentive payment the participant can expect to earn in the event all performance measures are achieved at 100% during the ensuing fiscal year. For Fiscal 2007, the target award for Messrs. J. McCann, C. McCann, Hopkins, Shea and Ms. Woo were 75%, 50%, 50%, 40% and 45%, respectively, of their annual base salary for Fiscal 2007.

For each fiscal year, specific performance measures and goals are

Edgar Filing: 1 800 FLOWERS COM INC - Form DEF 14A

established by the Compensation Committee that reflect the key strategic and

10

business goals established by the business plan for that year. EBITDA as used for purposes of the Sharing Success Program and the Long Term Incentive Plan ("LTIP") is defined as net income before interest, taxes, depreciation, amortization and stock based compensation expense ("Plan EBITDA"). For Fiscal 2007, in the case of Messrs. J. McCann, C. McCann and Shea, the growth of Company-wide revenue (25%), Company-wide Plan EBITDA growth (60%) and maintaining non-marketing operating expenses at targeted levels (15%), were the performance measures selected for their annual cash incentive awards. For Mr. Hopkins and Ms. Woo, their respective performance measures were the aggregate of (i) brand-specific revenue and brand-specific Plan EBITDA growth (50%), (ii) the growth of Company-wide revenue, Company-wide Plan EBITDA growth and maintaining non-marketing operating expenses at targeted levels (25%) and (iii) the achievement of personal leadership development goals (25%).

When Company-wide and/or brand-specific performance measures exceed or fall below expectations, actual awards are proportionately increased or decreased from target; however, participants may earn no Company-wide or brand-specific bonus if such threshold performance measures are not met (defined as achievement of 70% of performance measures, resulting in a 50% pay-out of target) and no participant may be paid an incentive award under the Sharing Success Program in excess of maximum (defined as achievement of 135% of performance measures, resulting in a 200% pay-out of target). In addition, all participants must be actively employed at the time of payment in order to qualify for the award.

For Fiscal 2007, Company-wide performance measures, which included anticipated contributions from the Fannie May Confections Brands business acquired in May 2006, were as follows: Company-wide revenue growth in a range of 16.5% to 31.9%, Company-wide Plan EBITDA growth in a range of 89% to 171% and attaining a non-marketing expense ratio to total revenue of 22.1%. Pertaining to Ms. Woo, brand-specific performance measures for Fiscal 2007 were as follows: 1-800-Flowers.com's Consumer Floral brand revenue and its Plan EBITDA growth in a range of 6.5% to 12.5% and 19% to 36.5% respectively, and attaining a non-marketing expense ratio to 1-800-Flowers.com's Consumer Floral brand revenues of 13.2%. For Mr. Hopkins, Madison Brands (Home and Children's Group) revenue and its Plan EBITDA growth in a range of 12% to 23% and 95% to 189% respectively, and attaining a non-marketing expense ratio to Madison Brands revenue of 14.3%. The threshold performance measures are intended to be reasonable and attainable while performance measures above the threshold are intended as stretch goals.

The Compensation Committee has the authority to review extraordinary events that impact the Company's performance and may adjust the calculation of an award by taking into account the effect of any such extraordinary events. The Compensation Committee also retains the discretionary authority to award "special bonus compensation" to Executive Officers who have, in the opinion of the Compensation Committee, significantly contributed to the performance of the Company. However, the Compensation Committee did not exercise such discretion in determining Fiscal 2007 annual cash incentive awards for the NEO's.

In Fiscal 2007, the Compensation Committee awarded Messrs. J. McCann, C. McCann and Shea 75% of their target awards discussed above, based upon the level of achievement of the Company-wide performance measures in Fiscal 2007. For Fiscal 2007, Mr. Hopkins' brand-specific performance measures did not reach threshold, however since he achieved his personal leadership development goals and earned 75% of the Company wide performance measures, the Compensation Committee awarded Mr. Hopkins 44% of his target award. Ms. Woo exceeded her brand-specific performance measures, achieved her personal leadership development goals and earned 75% of the Company-wide performance measures, and therefore the Compensation Committee awarded Ms. Woo 100% of her target award.

Edgar Filing: 1 800 FLOWERS COM INC - Form DEF 14A

See the column under "Summary Compensation Table-Non-Equity Incentive Plan Compensation."

For Fiscal 2008, the target award for Messrs. J. McCann, C. McCann, Hopkins, Shea and Ms. Woo are 75%, 50%, 50%, 45% and 50%, respectively. The target awards for Mr. Shea and Ms. Woo were increased from Fiscal 2007 to Fiscal 2008 in recognition of their performance in Fiscal 2007.

For Fiscal 2008, the Compensation Committee determined to use the growth of Company-wide revenue (25%) and Company-wide Plan EBITDA growth (75%) as the performance measures for Messrs. J. McCann, C. McCann and Shea and to use those Company-wide performance measures (25%), along with growth of the 1-800-Flowers.com's Consumer Floral brand revenue and its Plan EBITDA growth (75%) as the performance measures for Ms. Woo. In addition for Fiscal 2008, the Compensation Committee determined to use those Company-wide measures (25%), along with growth of the Madison Brands (Home and Children's Group) revenue and its Plan EBITDA growth performance (75%) as the performance measures for Mr. Hopkins. The Compensation Committee adjusted the performance measures for Fiscal 2008, to place a greater emphasis on the profitability of the Company.

For Fiscal 2008, Company-wide performance measures are as follows: revenue growth in a range of 6.1% to 11.7% and Company-wide Plan EBITDA growth in a range of 21.4% to 41.3%. Brand-specific performance measures for Fiscal 2008 are as follows: 1-800-Flowers.com's Consumer Floral brand revenue growth in a range of 6.3% to 12.1% and its Plan EBITDA growth in a range of 8.0 to 15.5%; Madison Brands (Home and Children's Group) revenue growth in a range of 1.6% to 3.0% and its Plan EBITDA growth in a range of 525.1% to 1,012.6%. The threshold performance measures are intended to be reasonable and attainable while performance measures above the threshold are intended as stretch goals.

11

Long-Term Incentive Equity Awards. In order to structure a long term incentive program for the Company's Executive Officers that would tie a significant portion of their compensation to the profitability of the Company, the Compensation Committee consulted with Mercer to evaluate its long term incentive programs. The Company's past practice had been to grant stock options or restricted stock, which vest over time, as long-term incentive equity awards to its Executive Officers. After a review of peer companies and an analysis of various long term incentive plans, the Compensation Committee, in consultation with Mercer, made a determination to award long-term incentive equity awards through grants of performance shares. In order to drive improved profitability of the Company, the Compensation Committee determined to align a significant portion of an Executive Officer's compensation with the stockholders' interests and determined that performance shares are more incentive based. All award grants are designed to align the interests of each Executive Officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company.

The grant of an award is set at a level intended to create a meaningful incentive based in part on the Executive Officer's and NEO's current position with the Company, the base salary associated with that position, the size of comparable awards made to individuals in similar positions within the industry, and the individual's personal performance in recent periods. The Compensation Committee also takes into account the number of awards held by the Executive Officer in order to maintain an appropriate level of incentive for that individual. The Compensation Committee has the authority to review extraordinary events that impact on the Company's performance and may adjust the calculation of an award by taking into account the effect of any such extraordinary events.

The NEO's were granted a target number of performance shares in Fiscal 2007 under our LTIP. The number of shares granted in Fiscal 2007 for Messrs. J.

Edgar Filing: 1 800 FLOWERS COM INC - Form DEF 14A

McCann, C. McCann, Hopkins, Shea and Ms. Woo were 177,677, 179,724, 50,228, 31,413, and 51,253, respectively. These share awards are earned if the Company achieves its targeted financial performance over the three year period subsequent to the grant. The number of shares actually earned will be based on actual cumulative performance results over the three year period against the below mentioned pre-established financial measures. However, for the inaugural cycle of the LTIP (Fiscal 2007 through Fiscal 2009), upon completion of the second year, participants in the LTIP will receive one-third of the shares projected to be earned by the end of the three-year performance cycle, with the balance issued at the end of the performance cycle. For Fiscal 2007, the Compensation Committee selected Company-wide Plan EBITDA as the basis for its performance measure. For Fiscal 2007 grants to the NEO's, the Compensation Committee established a range of a three year cumulative Company-wide Plan EBITDA of \$176 million to \$248 million. The LTIP provides for a range of award payouts (from 50% (threshold) to 150% (maximum) of target shares) that are directly related to the percentage of the financial performance measure achieved. For Fiscal 2007, the Company achieved 100% of its pre-established financial measure. For Fiscal 2008, the Compensation Committee has also selected Company-wide Plan EBITDA as the basis for its performance measure (Fiscal 2008 through Fiscal 2010). For Fiscal 2008 grants to the NEO's, the Compensation Committee established a range of a three year cumulative Company-wide Plan EBITDA of \$205 million to \$289 million. The threshold performance measures are intended to be reasonable and attainable while performance measures above the threshold are intended as stretch goals.

Executive Benefits

The Company's NEO's are eligible for the same level and offering of benefits made available to other employees, including our 401(k) Profit Sharing Plan (which includes a discretionary annual Company contribution), health care plan and other welfare benefit programs. We do not currently maintain any qualified or nonqualified defined benefit pension plans or nonqualified deferred compensation plans for our NEO's.

Perquisites

We do not routinely provide any significant perquisites to our NEO's. Except for Chris McCann's perquisite which is disclosed in the Summary Compensation Table, the value of perquisites to each other NEO in Fiscal 2007 did not exceed \$10,000.

Severance/Change of Control

We do not maintain any severance or change of control plans or agreements. However, pursuant to the terms of employment agreements, employment offer letters and incentive plans, certain NEO's are eligible to receive severance and other benefits in the case of certain termination events and in the case of a change in control. See "Potential Payments upon Termination and Change in Control" below.

Management's Role in Setting Executive Compensation

Although the Compensation Committee of the Board of Directors establishes the Company's compensation philosophy and makes the final determinations on all compensation paid to our Executive Officers, the Chief Executive Officer and

Edgar Filing: 1 800 FLOWERS COM INC - Form DEF 14A

President work closely with the Vice President of Human Resources to develop compensation programs and policies and make recommendations (often in consultation with Mercer) regarding annual adjustments to the Executive Officers' salaries and incentive award opportunities (other than their own compensation).

13

Role of Compensation Consultant

The Compensation Committee has retained the services of Mercer to provide specialized information and targeted research to assist us in the development of compensation and retention strategies. Mercer provides general assistance to the Compensation Committee and does not perform any other services for the Company. In Fiscal 2007, Mercer was retained by the Compensation Committee to review its annual and long-term incentive programs and to also assess the total competitive compensation levels for Messrs. J. McCann and C. McCann in relation to the then current market conditions. As part of its services, Mercer advised the Compensation Committee on the development of its LTIP in Fiscal 2007.

Compensation Deductibility Policy

A federal income tax deduction will generally be available for annual compensation in excess of \$1 million paid to the Chief Executive Officer and the four other most highly compensated executive officers of a public corporation only if such compensation is "performance-based" and complies with certain other tax law requirements. Although our policy is to maximize the deductibility of all executive compensation, the Compensation Committee retains the discretion to award compensation that is not deductible under Section 162(m) of the Code when it is in the best interests of the Company to do so.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis provisions to be included in the Company's filings pursuant to the Securities Exchange Act of 1934. Based on the reviews and discussions referred to above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis referred to above be included in such filings.

McCann and Shea, the growth of Company-wide revenue and Company-wide Plan EBITDA, and maintaining non-marketing operating expenses at targeted levels were the performance measures selected for their annual cash incentive awards. specific revenue growth, brand-specific Plan EBITDA growth, and maintaining brand-specific non-marketing operating expenses at targeted levels, (ii) the growth of Company-wide revenue and Company-wide Plan EBITDA growth and maintaining non-marketing operating expenses at targeted levels, and (iii) the achievement of personal leadership development goals. The threshold for Company-wide non-equity incentive plan performance measures, is at achievement of 70% of Company-wide and, where applicable, brand-specific measures, at

which level there is a payout of 50% of the individual's target. (If performance falls below the threshold level of achievement of 70% of the Company-wide and, where applicable, brand-specific measures, no participant may earn any Company-wide or brand-specific bonus. Upon achievement of 100% of the Company-wide and, where applicable, brand-specific non-equity incentive plan performance measures, there is a payout of 100% of the individual's Company-wide or brand specific target. Upon achievement of 135% of Company-wide and, where applicable, brand-specific non-equity incentive plan performance measures, there is a maximum payout of 200% of the individual's Company-wide or brand specific target. The threshold level of performance under Ms. Woo's and Mr. Hopkins' leadership development goals is 0%, while the target and maximum which can be earned under the leadership development component is 100% of target. These non-equity incentive awards represent cash bonuses under the Company's "Sharing Success Program" which is described under "Compensation Discussion and Analysis-Elements of Compensation-Annual Cash Incentive." These cash bonuses were paid during the first quarter of fiscal year 2008. The actual amounts awarded are reported in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

- (2) Amounts shown under the target column represent the number of performance shares that have been granted in Fiscal 2007 under the Company's LTIP (see Compensation Discussion and Analysis - Long-Term Incentive Equity Awards). The awards are earned if the Company achieves its targeted financial performance over the three-year period (Fiscal 2007 - Fiscal 2009) subsequent to the grant date. Actual shares earned can range from 0-150% of the target amount. The "threshold" number is 50% of the shares granted, the "target" number is 100% of the shares granted and the "maximum" number is 150% of the shares granted. The "threshold" number of shares represents the minimum number of units other than zero, that would be earned if any threshold level of performance is achieved. If the threshold level of performance is not achieved, no performance shares would be earned. As the performance period has not ended, no shares have been earned to date. See "Compensation Discussion and Analysis-Long-Term Incentive Equity Awards".
- (3) Amounts shown represent the fair value of the awards in accordance with SFAS 123R, and is based on an estimate that 100% of the target number of shares will be earned. The number of estimated shares to be earned was then multiplied by \$5.15 which was the closing price of the Common Stock on the grant date.

Potential Payments Upon Termination and Change in Control

Upon certain types of terminations of employment, not related to a change in control of the Company, severance benefits may be paid to the Named Executive Officers. With regard to Messrs. J. McCann, C. McCann and Hopkins and Ms. Woo, severance in certain situations is provided in their employment agreements or employment offer letters. See discussion below for further specifics on the terms of the NEO's termination agreements.

The following table sets forth the potential payments to our NEO's under existing agreements, plans or arrangements, for various scenarios involving a change in control or termination of employment, assuming a July 1, 2007 termination date and using the closing price of the Company's Class A Common Stock on June 29, 2007 (\$9.43). - (1) Mr. James McCann is entitled to severance pursuant to his employment agreement which entitles him to \$2,500,000, plus the base salary payable to him for the then remaining duration of the term of his contract. As of July 1, 2007, Mr. McCann's base salary was \$975,000, and his employment agreement provided for a remaining term of five years.
- (2) The intrinsic value of accelerated unvested stock options was calculated using the closing price of the Company's Class A Common Stock on June 29, 2007 (\$9.43). The intrinsic value is the aggregate spread between \$9.43 and the exercise prices of the accelerated options, if less than \$9.43.
- (3) The value of accelerated unvested restricted shares was calculated using the closing price of the Company's Class A Common Stock on June 29, 2007 (\$9.43).
- (4) Represents the estimated amounts to be paid under the Company's Fiscal 2007 LTIP grant in the event of a change of control. The value of the accelerated performance shares was calculated using the closing price of the Company's Class A Common Stock on June 29, 2007 (\$9.43), and assumes the Company's financial performance was at targeted levels to achieve 100% of share awards at the time of the change in control.
- (5) Represents the estimated cost of paying for continuing medical, dental, life and long-term disability for five years. The amounts for medical and dental insurance coverage are based on rates charged to the Company's employees for post-employment coverage provided in accordance with the Consolidated Omnibus Reconciliation Act of 1985, or COBRA, adjusted by a 10% inflation factor. The costs of providing the other insurance coverage are based on quoted amounts for Fiscal 2007, adjusted by a 10% inflation factor, compounded annually.
- (6) Mr. Shea does not have an employment agreement. Absent any special arrangements approved by the Compensation Committee or the Board of Directors, for purposes of this computation, Mr. Shea was deemed to receive two weeks of severance for each completed year of service with the Company. As of July 1, 2007, Mr. Shea's base salary was \$290,318.
- (7) Mr. Christopher McCann is entitled to severance pursuant to his employment agreement which entitles him to \$500,000, plus the base salary payable to him for the then remaining duration of the term of his contract. As of July 1, 2007, Mr. McCann's base salary was \$618,816, and his employment agreement provided for a remaining term of five years.

Edgar Filing: 1 800 FLOWERS COM INC - Form DEF 14A

To the Board of Directors
of 1-800-FLOWERS.COM, INC. (the "Company"):

We, the members of the Audit Committee, assist the Board of Directors in its oversight of the Company's financial accounting, reporting and controls. We also evaluate the performance and independence of the Company's independent registered public accounting firm. We operate under a written charter that both the Board and we have approved. A current copy of the Audit Committee charter can be found on the Company's website located at www.1800flowers.com under the Investor Relations section of the website and is attached hereto as Annex "A".

The Board annually reviews the NASDAQ listing standards definition of independence for audit committee members and has determined that each member of the Audit Committee meets that standard. In addition, although the Board has determined that each of the members of the Audit Committee meets NASDAQ regulatory requirements for financial literacy and that John J. Conefry, Jr. is an "audit committee financial expert," as defined by Commission rules, and is financially sophisticated under NASDAQ requirements, we would like to remind our stockholders that we are not professionally engaged in the practice of auditing or accounting and are not technical experts in auditing or accounting.

The Company's management is responsible for the preparation, presentation and

Edgar Filing: 1 800 FLOWERS COM INC - Form DEF 14A

integrity of the Company's consolidated financial statements, including setting the accounting and financial reporting principles and designing the Company's system of internal control over financial reporting and disclosure controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Company's management is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of the Company's system of internal control. The Company's independent registered public accounting firm, Ernst & Young LLP ("Ernst & Young"), is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States. The independent registered public accounting firm is also responsible for expressing opinions on management's assessment of the effectiveness of the Company's internal control over financial reporting and on the effectiveness of the Company's internal control over financial reporting. Although the Board is the ultimate authority for effective corporate governance, including oversight of the management of the Company, the Audit Committee's purpose is to assist the Board in fulfilling its responsibilities by overseeing these processes, as well as overseeing the qualifications and performance of the Company's independent registered public accounting firm.

The Audit Committee has policies and procedures that require the pre-approval by the Audit Committee of all fees paid to, and all services performed by, the Company's independent registered public accounting firm. At the beginning of each year, the Audit Committee approves the proposed services, including the nature, type and scope of service contemplated and the related fees, to be rendered by the firm during the year. In addition, Audit Committee pre-approval is also required for those engagements that may arise during the course of the year that are outside the scope of the initial services and fees approved by the Audit Committee. For each category of proposed service, the independent accounting firm is required to confirm that the provision of such services does not impair their independence. Pursuant to the Sarbanes-Oxley Act of 2002, the fees and services provided [as noted in the table below] were authorized and approved by the Audit Committee in compliance with the pre-approval policies and procedures described herein.

We reviewed and discussed the audited consolidated financial statements and related footnotes for the fiscal year ended July 1, 2007 with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. We also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards 61, as amended (Communication with Audit Committees). We received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with Ernst & Young their independence. This review included a discussion with management and the independent registered public accounting firm of the quality (and not merely the acceptability) of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the disclosures in the Company's financial statements, including the disclosures relating to critical accounting policies.

Based on the reports, discussions and reviews described in this report, we recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended July 1, 2007, for filing with the Securities and Exchange Commission. We also selected Ernst & Young as the independent registered public accounting firm for Fiscal 2008. The Board is recommending that shareholders ratify that selection at the Annual Meeting.
