PROXY STATEMENT

General

This proxy statement and the accompanying 2004 Annual Report to Shareholders, the Notice of Annual Meeting and the proxy card are being furnished to the shareholders of Lithia Motors, Inc., an Oregon corporation, in connection with the solicitation of proxies by our Board of Directors for use at our 2005 Annual Meeting of Shareholders (the Annual Meeting). The Annual Meeting will be held at the Rogue Valley Country Club, 2660 Hillcrest Road, Medford, Oregon 97504 on Thursday, May 5, 2005, at 4:00 p.m. Pacific Daylight Savings Time and any adjournment thereof. These proxy materials and our 2004 Annual Report to Shareholders are being mailed on or about April 1, 2005 to shareholders of record as of March 16, 2005.

Solicitation and Revocation of Proxies

The Board of Directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by Lithia Motors, Inc.

The Board of Directors has designated Sidney B. DeBoer and M. L. Dick Heimann as the proxy holders for the Annual Meeting. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld) and where a choice has been specified by the shareholder as provided in the proxy card, it will be voted in accordance with any specification made. Proxies submitted without specification will be voted to elect the nominees for directors proposed by the Board of Directors and for each of the proposals listed on the Notice of Annual Meeting.

A proxy may be revoked by a shareholder prior to its exercise by written notice to the Secretary of Lithia Motors, Inc., by submission of another proxy bearing a later date or by voting in person at the Annual Meeting. Such notice or later dated proxy will not affect a vote on any matter taken prior to its receipt by us.

Our principal executive office and mailing address is at 360 E. Jackson Street, Medford, Oregon 97501.

Voting at the Meeting

Our Class A common stock and Class B common stock constitute the only classes of securities entitled to notice of and to vote at the meeting. As of the record date, there were 15,352,094 shares of Class A common stock and 3,762,231 shares of Class B common stock outstanding and entitled to vote. All shares will vote together as a single voting group on all matters submitted to a vote of the shareholders at this year's Annual Meeting. Lithia's executive officers and directors hold a total of approximately 3% of the Class A common stock and 100% of the Class B common stock.

At the annual meeting, each share of Class A common stock outstanding is entitled to one vote per share and each share of Class B common stock outstanding is entitled to ten votes per share. For a quorum to exist, there must be represented at the meeting in person or by proxy shares representing a majority of the votes entitled to vote at the meeting.

Edgar Filing: LITHIA MOTORS INC - Form DEF 14A

Proxies that expressly indicate an abstention as to a particular proposal and broker non-votes will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

Directors are elected by a plurality of the votes cast and only votes cast in favor of a nominee will be counted. Proposals No. 2 and No. 3 will be approved if more votes are cast in favor of the proposal than cast against it. Therefore, abstention from voting and nonvoting by brokers will have no effect.

DIRECTOR INDEPENDENCE

The Board of Directors has determined that Messrs. Becker, Taylor and Young are each, and upon Ms. Keller's election, she will be, an independent director under New York Stock Exchange (NYSE) listing standards. The Board of Directors has also determined that each member of the three committees of the Board of Directors meets the independence requirements applicable to those committees prescribed by the NYSE listing standards and the Securities and Exchange Commission, including Rule 10A-3(b)(1) under the Exchange Act related to audit committee member independence.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors held five regular meetings during the year ended December 31, 2004 and took action pursuant to six unanimous written consents. During 2004, no director, other than Brad Gray and Philip J. Romero (neither of which are standing for reelection), attended fewer than 75% of the meetings of the board of directors and any committees of which the director was a member. Throughout 2004, the standing committees of our Board of Directors were the Audit Committee, the Compensation Committee and the Corporate Governance Committee.

The Directors are expected to attend our annual meeting of shareholders, but are not required to do so. All of our directors attended our 2004 Annual Meeting of Shareholders, except for Mr. Taylor.

The Compensation Committee consisted of Messrs. Becker (Chairman), Romero, Taylor and Young during 2004. Following this Annual Meeting, Mr. Romero will no longer be a Director. All of the committee members are independent under NYSE listing standards. The Compensation Committee reviews the performance of Sidney DeBoer, our Chief Executive Officer, and establishes his base salary and incentive compensation. The Compensation Committee also approves the compensation for the other executive officers. The Compensation Committee also administers our 2003 Stock Incentive Plan, our 1998 Employee Stock Purchase Plan and our Executive Bonus Plan. The Compensation Committee held four meetings during 2004.

The Audit Committee consisted of Messrs. Becker (Chairman), Taylor and Young during 2004, each of whom are independent as required by the NYSE listing standards. The Audit Committee is responsible for selecting and hiring our independent auditors and for overseeing our accounting functions, our system of internal controls established by management, and the processes to assure compliance with applicable laws, regulations and internal policies. The Audit Committee held eight meetings and took action pursuant to one unanimous written consent during 2004.

The Audit Committee Charter was attached as Appendix A to our proxy statement for our 2004 Annual Meeting. Pursuant to the charter, each committee member, as determined in the business judgment of the Board, will be (a) independent, as that term is defined by the applicable securities regulations and listing standards; and (b) be financially literate and have the ability to read and understand basic financial statements. The Board has determined that all of the committee members satisfy these requirements. Further, our Board of Directors has determined that one member of our Audit Committee, Jerry Taylor, has the qualifications to be an audit committee financial expert as defined in the SEC's rules and regulations.

The Corporate Governance Committee consisted of Messrs. Romero (Chairman), Taylor and Young during 2004. Following this Annual Meeting, Mr. Romero will no longer be a Director. The primary objective of the Corporate Governance Committee is to assist the Board of Directors in:

identifying qualified individuals to become board members and recommending to the Board nominees for each annual meeting of the stockholders;

determining the composition of the Board and its committees;

developing and implementing a set of effective corporate governance policies and procedures;

developing and enforcing a Code of Business Conduct;

monitoring a process to assess the effectiveness of the Board, its members and its committees; and

ensuring compliance with the NYSE listing standards.

The Corporate Governance Committee held five meetings during 2004.

Committee charters for the Compensation Committee, Audit Committee and the Corporate Governance Committee, as well as our Corporate Governance Guidelines and Code of Business Conduct, are all available on our website at www.lithia.com. You can also obtain any of these documents by writing to us at Investor Relations Department, Lithia Motors, Inc., 360 E. Jackson Street, Medford, Oregon 97501.

DIRECTOR QUALIFICATIONS AND NOMINATIONS

The Corporate Governance Committee is responsible for identifying and evaluating potential director nominees to fill any vacancies on the Board. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. As a result, the Corporate Governance Committee annually reviews the composition of the Board and evaluates the qualifications and contributions of the current directors in the context of the desired composition of the Board, our operating requirements and the long-term interests of our shareholders. Consequently, the qualifications required of individuals for consideration as a board nominee will vary according to the particular areas of expertise being sought as a complement to our existing Board composition at the time of any vacancy. Potential candidates are identified from various sources, including management, other board members, legal counsel, business leaders and other industry executives and directors. The Board has not used in the past, and does not anticipate using in the future, an outside director search firm to identify potential director nominees.

The Corporate Governance Committee evaluates potential nominees based on certain established criteria which include the individual's diversity, age, skills experience and other factors it deems appropriate given our needs and the needs of the Board in order to maintain a desired balance of knowledge, experience and capabilities. Qualified director nominees should possess high moral character and personal integrity, high level of leadership or managerial experience, experience and knowledge relative to matters affecting our business, the ability and willingness to contribute to the Board, the ability to exercise sound, independent business judgment, a long-term commitment to the interests of shareholders and our growth, freedom from conflicts of interest and the ability to dedicate sufficient time to Board activities and duties.

We seek to attract and retain qualified candidates for board membership, regardless of the origin of recommendation. The Corporate Governance Committee will consider potential nominees recommended by any record or beneficial shareholder. Shareholders may recommend individuals to the Corporate Governance Committee for consideration as potential director nominees by submitting a written recommendation to the Chairman of the Corporate Governance Committee in accordance with our Shareholder Communication Policy. To be considered for nomination to the following year's board of directors, the written recommendation must be received at our principal executive office not less than 120 days prior to the first anniversary of the mailing of the preceding year's proxy materials. For our 2006 Annual Meeting, the recommendation must be received no later than December 2, 2005.

The written recommendation must include the candidate's name, together with appropriate biographical information, qualifications, and background materials, a statement that the person submitting the recommendation is a shareholder entitled to vote in the election of directors and a consent to serve as a director signed by the recommended individual. If the necessary information is received in a timely manner, the Corporate Governance Committee will evaluate the shareholder-recommended candidate using substantially the same process, and applying substantially the same criteria, as it uses to evaluate all other candidates. All qualified candidates are submitted to the Board for approval as director nominees. If the Board determines to nominate a shareholder-recommended candidate, the candidate's name will be included in our proxy and submitted to shareholders for election.

Under Oregon law, shareholders also have the right to directly nominate director nominees at the meeting, without any action or recommendation on the part of the Corporate Governance Committee or the Board of Directors, by delivering written notice of the proposed nomination to the Secretary of Lithia Motors, Inc. at 360 E. Jackson Street, Medford, Oregon 97501, and the inclusion of a statement that such shareholder intends to attend the meeting to make the nomination. If the shareholder wants the nominee included in our proxy statement, the notice must be received at above address not less than 120 days prior to the first anniversary of the mailing of the preceding year's proxy materials and

must set forth all information required by Rule 14a-8 of the Securities Exchange Act of 1934, including, without limitation, the name, age, business address and residence address of each person being nominated, the principal occupation, or employment of such person, the class and number of shares of capital stock beneficially owned by the person, and all other information relating to such person that is or would be required to be disclosed in a solicitation of proxies pursuant to the rules and regulations under the Securities Exchange Act of 1934. In addition, certain information must be provided about the shareholder or shareholder group making a nomination. Finally, a shareholder or shareholder group making a nomination must comply with all other applicable requirements of the Exchange Act, including providing a nominee's consent to being named in a proxy statement and to serve as a director if elected.

SHAREHOLDER COMMUNICATIONS WITH DIRECTORS

The Board of Directors has adopted a Shareholder Communication Policy to promote more efficient shareholder communications with the Board and management. Our Investor Relations Department is responsible for receiving and routing all shareholder communications. Corporate governance issues are the responsibility of the Corporate Governance Committee. Our Audit Committee handles concerns or allegations regarding possible violations of accounting or financial reporting matters. Management is the more appropriate group for handling all other matters and we encourage you to contact them accordingly.

All correspondence with the Board of Directors or its members must be in writing, directed to the attention of either the Board of Directors or an individual director, and delivered to: Investor Relations Department, Lithia Motors, Inc., 360 E. Jackson Street, Medford, Oregon 97501. A complete copy of our Shareholder Communications Policy is available on our website at www.lithia.com.

COMPENSATION OF DIRECTORS

Proposal No. 2

Amendment and Restatement of the 2003 Stock Incentive Plan

Our 2003 Stock Incentive Plan (the "2003 Plan"), as previously approved by the shareholders, authorizes the issuance of incentive stock options, non-qualified stock options and restricted stock grants. With the adoption of Statement of Financial Accounting Standards (SFAS) 123R, Share Based Payment, and changes to the deferred compensation tax rules and regulations, the Board of Directors approved and adopted an amendment to, and restatement of, our 2003 Stock Incentive Plan (as amended, the "Amended 2003 Plan"). These amendments provide for the issuance of Stock Settled Stock Appreciation Rights (SARs); eliminate the authority to issue incentive stock options; distinguish between performance-based stock grants and non-performance based stock grants, and authorize the exchange of stock awards for previously issued stock options.

Stock Settled SARs are rights granted to a person that entitle that person to a specific number of shares of stock of a company equal in value to the difference in the exercise price and the fair market value on the date of exercise. The exercise price of a Stock Settled SAR must be no less than 100% of the fair market price on the date of grant. At the discretion of the Compensation Committee, the vesting requirement for Stock Settled SARs may be time based, performance based or a combination thereof.

In addition to eliminating the use of incentive stock options, the Amended 2003 Plan requires that the exercise price for all non-qualified options must be no less than 100% of the fair market value of the stock on the date of grant.

The Amended 2003 Plan provides for Performance Share Awards and Restricted Share Awards. These awards entail the granting of actual stock subject to forfeiture if certain criteria are not satisfied in the time period set forth in the written agreement. At the discretion of the Compensation Committee, the recipient also may be required to pay all or a portion of the fair market value of the stock represented by the award. Restricted Share Awards may vest immediately upon grant or may be subject to a vesting schedule. Performance Share Awards vest in accordance with a set of performance criteria established at the discretion of the Compensation Committee. The recipient of an award may only acquire shares that have vested pursuant to the terms of the written agreement evidencing the award. We have the right to repurchase all unvested shares upon the occurrence of certain events for a nominal price of \$.001 per share. We may escrow the stock certificates representing such awards or place a restrictive legend on such stock certificates that precludes the sale or transfer of the shares without our approval until such shares have vested. Upon vesting, the shares would be delivered to the recipient or the legend removed.

The Amended 2003 Plan will also permit the Compensation Committee to exchange stock grants for previously issued stock options. The 2003 Plan did not expressly address such an exchange and, therefore, was deemed to prohibit such an exchange. The Amended 2003 Plan does not permit the issuance of new stock options for previously issued stock options or other re-pricing transactions. The Compensation Committee currently has no plans at this time to replace any previously issued stock options.

The material changes to the 2003 Plan will be (1) adding Stock Settled SARs to the form of equity compensation authorized; (2) restricting the granting of options to options with an exercise price equal to at least 100% of the market price on the date of grant; and (3) permitting the Compensation Committee, in its discretion, to exchange stock awards for outstanding stock options. The number of shares authorized and available under the Amended 2003 Plan will not be increased by this proposal.

The following is a summary of the significant terms and provisions of the Amended 2003 Plan.

General

The 2003 Stock Incentive Plan (the Plan) became effective March 4, 2003 and will terminate 10 years after that date.

Administration

Our Compensation Committee will administer the plan and determine the persons to whom awards are to be granted, the type of award, the term of the award, the number of shares represented by each award and the conditions, limitations and provisions for each award.

Eligibility

At the discretion of the Compensation Committee, awards may be granted to employees, officers, directors and other service providers of Lithia and its subsidiaries.

Available Shares

The number of shares authorized under the Plan is 2,200,000 shares. All unvested awards at the time of death, disability or termination of service will terminate on the date of such event and all shares represented by such unvested awards will be returned to the Plan and available for grant under the Plan. All shares represented by options expiring unexercised and unvested stock awards repurchased by the company will be returned to the Plan and available for future grant.

Awards

Awards may vest immediately upon grant or be subject to a vesting schedule, at the discretion of the Compensation Committee. Vesting may be based on period of service, company or personal performance criteria or a combination thereof. Every award must be evidenced by a written agreement that will contain the specific terms and conditions of such award.

Stock Options

The Plan provides for issuance of Non-Qualified Stock Options. All stock options must be granted at an exercise price equal to no less than the fair market value on the date of grant and may not have a term longer than 10 years. The Compensation Committee shall determine the specific terms of each stock option award.

Stock Grants

The plan provides for Performance Share Awards and Restricted Share Awards. These awards entail the granting of actual stock subject to forfeiture if certain criteria are not satisfied in the time period set forth in the written agreement. At the discretion of the Compensation Committee, the recipient also may be required to pay all or portion of the fair market value of the stock represented by the award. Restricted

Edgar Filing: LITHIA MOTORS INC - Form DEF 14A

Share Awards may vest immediately upon grant or may be subject to a vesting schedule. Performance Share Awards usually vest in accordance with a set of performance criteria established at the discretion of the Compensation Committee. The recipient of an award may only acquire shares that have vested pursuant to the terms of the written agreement evidencing the award. Lithia has the right to repurchase all unvested shares upon the occurrence of certain events for a nominal price of \$.001 per share. Lithia may escrow the stock certificates representing such awards or place a restrictive legend on such stock certificates that precludes the sale or transfer of the shares without Lithia's approval until such shares have vested, at which time the legend may be removed only with Lithia's consent.

Certain Tax Consequences

Under SFAS 123R, the recipient and Lithia will be subject to certain tax consequences and accounting charges regardless of the type of award. In accordance with the applicable tax and accounting rules and regulations, the issuance, vesting and exercise of an award may result in a taxable event or accounting charge. Additionally, under certain circumstances, the recipient and Lithia may be responsible for any tax withholding associated with the exercise or vesting of an award.

Amendment

The Stock Incentive Plan may be amended by the Compensation Committee without shareholder approval, except for amendments that (a) increase the number of shares authorized; (b) expand the types of awards authorized under the plan; (c) expand the class of persons eligible to participate; or (d) any other change that requires shareholder approval pursuant to rules and regulations pertaining to such changes.

New Plan Benefits

The following table sets forth the number of shares represented by stock grants and the number of shares represented by stock options awarded, or currently approved, by the Compensation Committee to be awarded under the plan.

Name and Position	Stock Option Grants	Stock Grants(1)	Dollar Value of Stock Grants(2)
Sidney B. DeBoer, Chief Executive Officer	20,001		
M. L. Dick Heimann, President and Chief Operating Officer	18,000		
Bryan B. DeBoer, Senior Vice President, Mergers and Acquisitions/Operations	16,002		
R. Bradford Gray, Executive Vice President	14,001

All Non-Executive Officer Employees as a Group (approximately 112 people out of 5,200 people)		59,130	\$ 1,630,805

(1) Restricted stock grants either vest as to 1/3 of the total amount granted on each of the third through fifth anniversaries of the grant date or as to 100% on the fifth anniversary of the grant date.

(2) Dollar value is based on the fair market value of our common stock on the date of grant, \$27.58, for the 59,130 shares already granted and is based on the fair market value of our common stock as of March 15, 2005, \$25.32, for the 2,900 shares which have not yet been granted.

The actual number of future grants and awards under the Plan is at the discretion of the Compensation Committee and is not determinable at this time. The numbers included in the table represent shares of restricted stock issued to non executive officer employees in 2005 and the number of shares of restricted stock to be issued to non-executive officer directors under the 2005 Director Compensation Package.

Vote Required

The affirmative vote of a majority of the votes cast at the meeting and entitled to vote on this matter is necessary to approve the amendment and restatement of the 2003 Stock Incentive Plan.

The Board of Directors has approved the amendment and restatement of the 2003 Stock Incentive Plan and unanimously recommends a vote FOR this proposal.

Administration. The Compensation Committee, which is comprised solely of independent board members, is responsible for administering the Bonus Plan.

Bonuses. The Bonus Plan provides for the payment of an annual bonus, the amount of which is a percentage of the executive's annual salary based upon the attainment of performance targets related to company objectives as established by the Compensation Committee. The particular performance targets and objectives and the amount of potential bonus attributed to each element, if any, may change each year and will be determined by the Compensation Committee before March 31 of each year. The targets and objectives are related to:

Pre-tax Net Profit;

Return on Average Equity;

Pre-tax Net Margin Retention;

Revenue/Pre-tax Net Profit Growth

Used Car Revenue/Gross Profit Growth

Service and Parts Revenue/Gross Profit Growth

Sales at or above Manufacturer Zone Averages

Satisfying Manufacturer Criteria to Acquire Dealerships

Percentage of Dealerships meeting or exceeding Manufacturer Sales Satisfaction Scores

Percentage of Dealerships meeting or exceeding Manufacturer Service Satisfaction Scores

Implementation of Company Programs to Increase Used Car Sales

Implementation of Dealership Management Systems and Human Resource Development

At the option of the Compensation Committee, each bonus award may be paid in cash, or a combination of cash and stock.

Although the Bonus Plan sets forth the amount of additional compensation the participants are eligible to receive, all payments under the Bonus Plan are discretionary and are only earned if subsequently approved by the Compensation Committee. The maximum payment authorized under the plan is equal to 150% salary. A participant must be employed at the end of the year to be eligible for any bonus under the Bonus Plan. If the highest threshold is attained for all objectives, the maximum amount of the bonuses payable in 2005 to all participants would be \$5,000,400. The total bonus paid out in 2004 and 2003 under similar plans was 63% and 40%, respectively, of the maximum possible bonus.

Federal Tax Consequences. For federal income tax purposes, Section 162(m) of the Internal Revenue Code generally prohibits us from deducting employee compensation that otherwise would be deductible to the extent such compensation exceeds \$1 million for any covered employees in any fiscal year. Compensation that is performance-based, as defined in Section 162(m), is not subject to the deductibility limitations if the Bonus Plan satisfies certain criteria. The Bonus Plan is intended to address the limitation on deductibility by providing for compensation that qualifies as performance-based compensation.

Compensation paid under the Bonus Plan will not be subject to the deduction limit if:

It is payable on account of the attainment of pre-established, objective performance goals set forth within the Bonus Plan;

The Compensation Committee, which is comprised solely of outside directors, approves the maximum individual awards on or near the beginning of each performance period;

The Bonus Plan, which sets forth the material terms of the compensation and performance goals, is disclosed to and approved by shareholders before payment; and

The Compensation Committee certifies that the performance goals have been satisfied before payment.

The Bonus Plan contains provisions for each of the above requirements.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board of Directors was composed of Messrs. Becker (Chairman), Romero, Taylor and Young during 2004. All members of the Compensation Committee are non-employee, outside directors. Although Sidney DeBoer, our Chief Executive Officer, served on our Board of Directors in 2004 and participated in compensation discussions, he did not participate in any deliberations or decisions regarding his own compensation.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for establishing the compensation for our Chief Executive Officer, approving the compensation and incentive plans for the other Named Executive Officers, establishing the compensation for non-employee directors and overseeing certain other equity compensation and benefit plans, including the 2003 Stock Incentive Plan and the Employee Stock Purchase Plan.

Compensation Philosophy and Policies

Our goal is to structure executive officer compensation to attract, motivate and retain senior management by providing an opportunity for competitive compensation based on performance. Executive officer compensation includes competitive base salaries, significant performance-based bonuses and long-term stock-based incentive opportunities in the form of options exercisable to purchase our Class A common stock.

It is the policy of the Compensation Committee to structure, to the extent possible, compensation that meets the performance-based criteria as defined by Section 162(m) of the Internal Revenue Code of 1986, as amended, and therefore is not subject to federal income tax deduction limitations.

Base Salaries

Base salaries for the Named Executive Officers were determined on factors including, but not limited to, the responsibilities assigned to such persons and the salaries for comparable positions within both the public and private sectors of the automotive retail industry. The Compensation Committee believes that the expertise of Lithia's executives gives each of them other employment opportunities in the automotive retail industry and, accordingly, compensation available in that industry should be given significant weight.

Annual Bonuses

For 2004, our Chief Executive Officer and other executive officers were paid a bonus pursuant to our Executive Bonus Plan, as amended, and approved by our shareholders. The Executive Bonus Plan authorizes the payment of an annual bonus equal to a maximum of 150% of the executive's salary based upon the attainment of performance targets related to the corporate objectives established by the Compensation Committee. The Compensation Committee recognizes that the bonuses available to the executives can be substantial and recommended the Bonus Plan to shareholders in the belief that achieving certain annual goals should be rewarded in a meaningful way. In 2004, the targets were related to:

fully diluted earnings per share;

operating margin;

same store sales and profit growth;

same store used vehicle gross profit sales growth;

implementation of used vehicle inventory stocking system;

implementation of used vehicle wholesale sales protocols;

implementation of store management systems, management mentorship and personnel development programs;

achieving manufacturer minimum sales requirements at or above an average for same store locations; and

achieving manufacturer customer satisfaction and service satisfaction index scores at or above an average for same store locations.

Based on Lithia's performance in achieving the 2004 targets, the Compensation Committee approved a bonus for each of the Named Executive Officers equal to approximately 95% of their annual salary. These bonuses were paid in cash and totaled \$636,000 for the Chief Executive Officer and from \$362,400 to \$556,200 for the other Named Executive Officers as detailed in the Summary Compensation Table above.

For 2005, the Compensation Committee has eliminated or modified some targets and added additional targets and objectives to the Executive Bonus Plan as set forth in Proposal No. 3. The Compensation Committee believes the revised targets and objectives are appropriate to achieve the short-term goals for Lithia.

Stock Incentive Plan

Lithia's 2003 Stock Incentive Plan provides for the issuance of incentive and/or nonqualified stock options and restricted stock grants to officers and other key employees to purchase shares of our Class A common stock. See Option Grants in Last Fiscal Year above for options granted to the named executive officers in 2004.

With the adoption of SFAS No. 123R that will require the expensing of certain equity compensation awards, including stock options, the Compensation Committee, with management, is modifying its previous practices. With the elimination of the different accounting treatment afforded varying awards, Lithia has concluded that the granting of restricted shares will provide appropriate long-term compensation and retention incentives to many of its officers and managers at a compensation cost less than that of stock option grants. For these employees, Lithia shifted to restricted share grants in February 2005 with vesting of those shares over the third through fifth anniversaries. However, no change was made in the grant practices for the executive officers in 2005 as the Compensation Committee believed their long-term incentive rewards should be directly tied to the interests of shareholders and an increase in Lithia's share price. Nonetheless, the Compensation Committee intends to consider the use of other performance-based equity grants to the executive officers in the future.

As Lithia has no further intention of awarding Incentive Stock Options, nor below-market options, in the future, certain amendments have been made to the 2003 Stock Incentive Plan subject to shareholder approval, which are set forth in Proposal No. 2.

401(k) Plan

Lithia has a defined contribution 401(k) plan and trust covering substantially all full-time employees. The annual contribution to the plan is at the discretion of the Board of Directors. During 2004, the Chief Executive Officer received \$3,200 under this plan and each of the other named executive officers received between \$2,600 and \$3,200 under this plan.

Employee Stock Purchase Plan

Lithia maintains an Employee Stock Purchase Plan, which covers substantially all eligible full-time employees. Messrs. Sidney B. DeBoer, Heimann and Gray are not eligible to participate in the Employee Stock Purchase Plan since employees who control 5% or more of the total voting power of all classes of Lithia's stock are not eligible. Further, Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer.

With the adoption of SFAS No. 123R, Lithia will be required to recognize a compensation expense as employees purchase shares at below market prices. To reduce this expense, Lithia amended the Employee Stock Purchase Plan effective April 1, 2005 to eliminate the look-back feature. The Employee Stock Purchase Plan permits participants the right, within the limits of the Employee Stock Purchase Plan, to purchase shares at the end of each quarter at a 15% discount from the then market price. Lithia believes the Employee Stock Purchase Plan provides an incentive for its employees to purchase its stock and additional motivation to extend their best efforts on Lithia's behalf.

Director Compensation

In setting compensation for Lithia's non-employee directors, the Compensation Committee reviewed a survey of compensation paid to directors of the other publicly held automotive retailers and other public companies in the Pacific Northwest and Northern California of similar market capitalization. While the compensation of such companies varied considerably, the Compensation Committee believed the compensation level for Lithia's non-employee directors was appropriate and somewhat below the middle of the range. With the increased responsibilities of directors of public companies and demand on their time, the Compensation Committee approved a modest increase in compensation payable to directors. For 2005-2006 service, directors will receive:

\$18,000 retainer;

\$1,000 for each board meeting attended;

\$500 for each regular audit committee meeting attended;

\$1,000 for each special committee meeting attended;

\$500 for participation by conference call;

Stock option grant of 2,000 shares; and

Grant of 700 shares for board service and an additional 200 shares for audit committee service (300 shares if the chair).

Shares must be held for at least three years or one year after retirement from the Board.

The Compensation Committee believes the director compensation, with the majority of it in common stock restricted from resale, appropriately aligns the interests of directors and shareholders.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2004, we paid Mark DeBoer Construction, Inc. \$1.6 million for constructing or remodeling certain of our stores. These amounts included approximately \$645,000 for subcontractors and materials, \$42,000 for permits, licenses, travel and various miscellaneous fees and approximately \$880,000 for construction management fees to cover the company's operating expenses and compensation of its employees. Mark DeBoer, the President and owner of Mark DeBoer Construction, is the son of Sidney B. DeBoer, our Chairman and Chief Executive Officer. We believe the amount paid is fair in comparison with fees negotiated with independent third parties and all significant transactions are reviewed and approved by our Audit Committee.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors reports to the Board and is responsible for assisting the Board in fulfilling its oversight responsibilities relating to (a) the preparation and integrity of Lithia's financial statements; (b) the engagement of the independent registered public accounting firm and the evaluation of their performance, qualifications and independence; (c) the implementation and evaluation of Lithia's internal accounting and financial controls, procedures and policies; and (d) the compliance with certain legal and regulatory requirements, including programs and policies established by management or the Board. The current charter was adopted on December 3, 2003 and was attached to the proxy statement for the 2004 Annual Meeting as Appendix A.

In discharging our responsibilities, we have met with Lithia's management and its independent registered public accounting firm, KPMG LLP, to review Lithia's accounting functions and the audit process. We discussed and reviewed with the independent registered public accounting firm all matters that the independent registered public accounting firm was required to communicate and discuss with the Audit Committee under applicable auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, regarding communications with audit committees. We also discussed and reviewed the results of the independent registered public accounting firm's audit of Lithia's financial statements, the quality and adequacy of Lithia's internal controls, and issues relating to auditor independence. We also obtained a formal written statement relating to independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee, and discussed with the auditors any relationships that may impact their objectivity and independence.

Based on our review and discussions with Lithia's management and independent auditors, we recommended to the Board that the audited financial statements be included in Lithia's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

We also meet regularly with Lithia's internal audit manager to review the nature and extent of Lithia's internal controls, the review procedures performed by internal audit regarding such controls and the frequency and results of such reviews. We note that a follow-up procedure is in place to monitor any corrective actions that have been recommended.
