**EXPLANATORY NOTE**

As a result of comments we received from the staff of the Securities and Exchange Commission following a review of our Form 10-K for the year ended December 31, 2004, we are filing this Form 10-K/A to revise Part II, Item 9A, Controls and Procedures, in order to clarify that our Chief Executive Officer and Chief Financial Officer concluded that our internal control over financial reporting was effective as of December 31, 2004, and to disclose the changes we adopted in internal controls over financial reporting as a result of our acquisition of Tertio Telecoms Limited.

All other information in the original filing, including the financial statements, is unchanged. This Form 10-K/A amends only the item specified above and does not otherwise update the disclosures in the original filing or reflect events occurring after the original filing.

**FORM 10-K/A INDEX**

PART II

Item 9A. Controls and Procedures

PART IV

Item 15. Exhibits and Financial Statement Schedules

**PART II**

**Item 9A. Controls and Procedures**

*Evaluation of disclosure controls and procedures.* We maintain disclosure controls and procedures, as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the Exchange Act), that are designed to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Our management, with the participation of the Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this Annual Report on Form 10-K. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were effective as of the end of such period.

In designing and evaluating our disclosure controls and procedures, management recognized that disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Additionally, in designing disclosure controls and procedures, our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures. The design of any disclosure controls and procedures also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

*Changes in internal control over financial reporting.* During 2004, we adapted our internal control over financial reporting to accommodate the consolidation of Tertio. Specifically, we:

Implemented internal control procedures over the translation of financial statements denominated in a foreign currency, as we did not previously have subsidiaries with a functional currency other than the United States dollar;

Implemented internal control procedures to ensure that the Tertio financial statements were properly converted from United Kingdom generally accepted accounting principles to United States generally accepted accounting principles.

Other than as detailed above, there has not been any change in our internal control over financial reporting that occurred during the fourth quarter of the period covered by this Annual Report on Form 10-K that has materially affected, or is reasonably likely to materially affect, our

internal control over financial reporting.
