Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On May 10, 2006, Rockwood Holdings, Inc. (Holdings) and Rockwood Specialties Group, Inc. (Group , and along with Holdings, the Company) determined that each of its consolidated financial statements for the quarters ended March 31, 2005, June 30, 2005 and September 30, 2005 should no longer be relied upon because of a classification error in the treatment of costs of property, plant and equipment included in accounts payable and accrued expenses and other liabilities. In accordance with SFAS No. 95, *Statement of Cash Flows*, these costs should be reported within cash flows from investing activities when paid. The Company was reporting capital expenditures in its condensed consolidated statements of cash flows on an accrual basis rather than on a cash basis, and as a result, was reporting capital expenditures in the period in which the Company acquired legal title to the related property, plant and equipment rather than when the Company actually paid for such property, plant and equipment. Further, the unpaid portion of the transaction should be disclosed as a non-cash investing activity in the supplemental disclosure of cash flow information.

The classification errors will be reported as follows in the Condensed Consolidated Statement of Cash Flows of Rockwood Holdings, Inc. (in millions):

For the three months ended March 31, 2005:
