**Item 8.01: Other Events**

The Monthly Servicer's Certificates for the Monthly Period ended November 25, 2006, the Monthly Certificateholders' Statement for the Monthly Period ended November 25, 2006 and the Monthly Collateral Certificateholders' Statement for the Monthly Period ended November 25, 2006, with respect to the Floating Rate Class A Asset Backed Certificates, Series 2002-1, the Class B Asset Backed Certificates, Series 2002-1, and the Series 2005-1 Collateral Certificate, issued by the Target Credit Card Master Trust (the "Trust"), were delivered to the Trustee on December 20, 2006.

The above described Monthly Servicer's Certificates are filed as Exhibit 20.1 and 20.3 to this Report. The above described Monthly Certificateholders' Statement is filed as Exhibit 20.2 to this Report. The above described Monthly Collateral Certificateholders' Statement is filed as Exhibit 20.4 to this Report.

The reported results for fiscal November were influenced by the timing of the receipt of merchant fees. Merchant fees from Target are paid monthly on each Distribution Date. As the November Distribution Date occurred on November 27, after the close of the Transferor's November fiscal month, there were no merchant fee collections from Target in November. Had these collections occurred in fiscal November, finance charge collections would have increased by \$5,249,950 and the Portfolio Yield would have been 20.84% rather than 19.66%. November and December merchant fee collections from Target will be included in the reports for the Monthly Period ended December 30, 2006.

The information on Net Charge-Offs found in Section VIII(a) of the Monthly Certificateholders' Statement for Series 2002-1 and the Monthly Collateral Certificateholders' Statement for the Series 2005-1 reflects the inclusion of proceeds from the sale of certain previously charged-off accounts receivable, which occurred during the Monthly Period ended November 25, 2006. Without the inclusion of such proceeds, Net Charge-Offs for this monthly period would have been 6.62%.
