## Edgar Filing: Emrise CORP - Form DEF 14A

Dear Stockholders:

2008 is developing into a successful year for EMRISE as we continue to see positive results from the execution of our strategy to build stockholder value. Yet, as you know, our share price remains depressed. The executive team and our board of directors have developed a plan to address this critical issue, however, we need your help.

Already this year we have seen our revenues and earnings trend upward and we have announced publicly that we expect to be profitable in the latter half of 2008. In addition, we recently (i) secured a \$26 million credit facility, (ii) closed on the acquisition of Advanced Control Components, Inc. ( ACC ), with an expected revenue contribution of \$17 to \$18 million and an expectation of accretive earnings during the first twelve months after closing, and (iii) completed the sale of the first of a number of non-core businesses and/or product lines we are currently evaluating for sale in order to reduce expenses and debt which, in turn, we believe will make EMRISE stronger financially and will allow us to better focus on our core businesses.

We believe that our share price does not reflect these recent positive accomplishments because of the on-going uncertainty and risk that our common stock will be de-listed from the NYSE Arca exchange. The failure of our common stock to maintain the required \$1.00 minimum share price continues to feed this uncertainty in spite of numerous accomplishments that have improved our operations. We have been fortunate that NYSE Arca has continued our listing throughout the past year allowing us time to complete the acquisition of ACC as a listed company in spite of our low share price.

However, we must now take immediate action to raise our stock price or face the loss of our NYSE Arca listing. If we were to lose our listing, our common stock would trade on the OTC Bulletin Board ( OTCBB ). We believe that in light of the closing of the ACC acquisition, the time has come to seek stockholder approval for a reverse split of our shares to increase our stock price to a level that would allow us to continue to maintain our NYSE Arca listing.

There can be no assurances that the successful approval of this proposal and the resulting reverse stock split and higher share price will increase the overall value of our common stock. However, we believe that our company has a much better chance of achieving a higher valuation in the future if this proposal is approved and implemented. If this proposal does not pass, NYSE Arca will initiate delisting procedures immediately, in which case, we will trade on the OTCBB and lose all of the advantages of trading on a national securities exchange such as NYSE Arca. Further, we believe that delisting by

NYSE Arca and trading on the OTCBB could cause certain institutional and other stockholders, some of whom are prohibited from owning shares of stock that trade on the OTCBB, to liquidate their stock positions in EMRISE.

Accordingly, I urge you to vote your shares FOR this proposal. In order to pass, this proposal requires the affirmative vote of a majority of all outstanding shares of common stock as of the record date for the meeting. Therefore, it is extremely important for all stockholders to exercise their voting rights and, in doing so, to vote FOR this proposal.

Sincerely,

/s/ Carmine T. Oliva

**VOTING AND PROXY**

## Edgar Filing: Emrise CORP - Form DEF 14A

We are furnishing this proxy statement in connection with the solicitation of proxies by our board of directors for use at our special meeting of stockholders to be held at 8:00 a.m. local time on November 6, 2008, at our offices at 9485 Haven Avenue, Suite 100, Rancho Cucamonga, California 91730, and at any and all adjournments and postponements of the meeting. This proxy statement and the accompanying notice of special meeting and proxy card are first being mailed to stockholders on or about September 19, 2008.

A proxy card is enclosed for your use. The shares represented by each properly executed unrevoked proxy card will be voted as directed by the stockholder with respect to the matters described in the proxy card. If no direction is made, the shares represented by each properly executed proxy card will be voted for each of the proposals listed on the proxy card. Any proxy given may be revoked at any time prior to its exercise by filing with our secretary an instrument revoking the proxy or by filing a duly executed proxy card bearing a later date. Any stockholder present at the meeting who has given a proxy may withdraw it and vote his or her shares in person if he or she so desires. However, a stockholder who holds shares through a broker or other nominee must bring a legal proxy to the meeting if that stockholder desires to vote in person at the meeting.

At the close of business on September 19, 2008, the record date for determining the stockholders entitled to notice of and to vote at the special meeting, we had issued and outstanding **38,254,250** shares of common stock. Only holders of record of our common stock at the close of business on the record date are entitled to notice of and to vote at the special meeting or at any adjournments and postponements of the meeting.

Each share of our common stock issued and outstanding on the record date entitles the holder of that share to one vote at the special meeting for all matters to be voted on at the meeting. The holders of a majority of our shares of common stock issued and outstanding and entitled to vote at the meeting, present in person or represented by proxy, shall constitute a quorum for purposes of voting on the proposals. Votes cast at the special meeting will be tabulated by the person or persons appointed by us to act as inspectors of election for the meeting. Shares of our common stock represented in person or by proxy (regardless of whether the proxy has authority to vote on all matters), as well as abstentions and broker non-votes, will be counted for purposes of determining whether a quorum is present at the meeting.

An abstention is the voluntary act of not voting by a stockholder who is present at a meeting and entitled to vote. Broker non-votes are shares of voting stock held in record name by brokers and nominees concerning which: (i) the brokers or nominees do not have discretionary voting power under applicable rules or the instruments under which they serve in such capacity and instructions have not been

---

Table of Contents

received from the beneficial owners or persons entitled to vote; or (ii) the record holder has indicated on the proxy or has executed a proxy and otherwise notified us that it does not have authority to vote such shares on that matter.

On proposal 1, which requires approval of the affirmative vote of a majority of the outstanding shares entitled to vote at the special meeting, the effect of either an abstention or a broker non-vote will be the same as a vote against the proposal, because an absolute number of affirmative votes is required, regardless of how many votes are cast, and abstentions and broker non-votes are not affirmative votes.

We will pay the expenses of soliciting proxies for the special meeting, including the cost of preparing, assembling and mailing the proxy solicitation materials. Proxies may be solicited personally, by mail or by telephone, or by our directors, officers and regular employees who will not be additionally compensated. Because we have been advised by NYSE Arca that this proposal is deemed to be a routine voting item, we have no present plans to hire special employees or paid solicitors to assist in obtaining proxies, but we reserve the option to do so if it appears that a quorum otherwise might not be obtained. The matters to be considered and acted upon at the special meeting are referred to in the preceding notice and are discussed below more fully.

In addition, warrants to purchase shares of our common stock were beneficially owned as follows: Gruber and McBaine International 50,000; Mr. Gruber 41,250; Mr. McBaine 21,250; and Lagunitas Partners LP, an investment limited partnership of which GMCM is the general partner 225,000. The warrants contain provisions limiting the exercise of the warrants to the extent necessary to insure that following the exercise, the total number of shares of common stock then beneficially owned by the warrant holder and its affiliates and others whose beneficial ownership would be aggregated with the holder's for purposes of Section 13(d) of the Exchange Act does not exceed 9.999% of the total number of then issued and

outstanding shares of our common stock (including for such purpose the shares of common stock issuable upon such exercise or call). The 9.999% beneficial ownership limitation may not be waived. However, the beneficial ownership limitation does not preclude a holder from exercising a warrant and selling the shares underlying the warrant in stages over time where each stage does not cause the holder and its affiliates to beneficially own shares in excess of the limitation amount. GMCM is a registered investment advisor whose clients have the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of shares of our common stock. Messrs. Gruber and McBaine indicated they were the managers, controlling persons and portfolio managers of GMCM. **PROPOSAL 1  
REVERSE SPLIT**

Our board has approved an amendment to our Amended and Restated Certificate of Incorporation to effectuate a reverse split of our issued and outstanding shares of common stock within a range of 1-for-1.5 to 1-for-3.75, with any fractional shares that would otherwise be issuable as a result of the split being rounded up to the nearest whole share so as to avoid cashing out holders who may own less than the number of shares needed to constitute one post-split share. Under Delaware corporate law, stockholder approval is required for the reverse split. Holders of certificated shares may exchange their certificates for post-split certificates following the reverse split.

Our board of directors believes that the reverse split is in the best interests of our company and our stockholders in order to regain compliance with NYSE Arca's quantitative listing standards and reduce the total number of shares outstanding to a level more appropriate for a company our size. Our board of directors believes that our share price has been negatively impacted because of the on-going uncertainty and risk that our common stock will be de-listed from the NYSE Arca exchange. We believe that our company has a much better chance of achieving a higher valuation in the future if this proposal is approved and implemented.

We believe that the reverse split will allow us to regain compliance with NYSE Arca's quantitative listing standards that require, among other things, that listed companies maintain a minimum closing share price of \$1.00. If we do not successfully conduct a reverse split of our common stock or take other appropriate actions that increase our stock price, or if we fail to meet other NYSE Arca requirements, we will be involuntarily delisted from NYSE Arca.

We intend that if approved by our stockholders, the reverse split would be effected as soon as practicable after stockholder approval is obtained, unless our board of directors determines the reverse split is no longer necessary or determines that the reverse split is not in the best interests of our stockholders. The Articles Amendment would be effective upon filing with the Secretary of State of Delaware an appropriate amendment to our Amended and Restated Certificate of Incorporation. A copy of the form of the certificate of amendment to the Amended and Restated Certificate of Incorporation is set forth in *Appendix A* to this proxy statement.

The approval of the adoption of the amendment to our Amended and Restated Certificate of Incorporation requires the affirmative vote of the holders of a majority of outstanding shares of our common stock on the record date.

#### **Pre-Split Authorized and Outstanding Common Stock and Derivative Securities**

Our authorized capital stock currently consists of 150,000,000 shares of common stock, \$0.0033 par value, and 10,000,000 shares of undesignated preferred stock, \$0.01 par value. As of September 19, 2008, we had **38,254,250** shares of common stock issued and outstanding, no shares of preferred stock issued and outstanding and 5,367,840 shares of common stock reserved for issuance under outstanding options and warrants.

#### **Potential Anti-Takeover and Other Effects**

The consummation of the reverse split will result in an increase in the number of shares available for issuance, in connection with a merger or otherwise. The magnitude of this increase will depend upon the ratio (from 1-for-1.5 to 1-for-3.75) selected by our board of directors for the reverse split, which in turn will depend upon the ratio needed to facilitate compliance with applicable NYSE Arca continued listing requirements. We anticipate that a ratio at or near the 1-for-3.75 end of the range may be required in order to regain compliance with NYSE Arca's continued listing requirements and reduce the total number of shares outstanding to a level more appropriate for a company our size.

Table of Contents

The additional authorized shares of common stock that would become available if this proposed reverse split amendment is approved by our stockholders and filed with the Delaware Secretary of State may be issued from time to time as our board of directors may determine, without prior notice to or further action of our stockholders. The issuance of any or all of these additional available shares of common stock from time to time would cause dilution to the voting rights and earnings per share of our outstanding shares of common stock. However, we believe that approval of the reverse split of our common stock is in the best interests of our company and our stockholders because the increase would make additional shares of common stock available for issuance in additional acquisitions or financings that could be used to enhance our business and results of operations.

Additional shares would also be available for present and future benefit programs designed to attract, motivate and retain talented employees and directors, and for other corporate purposes. Although we have no definitive plans to utilize additional available shares to entrench present management, we may, in the future, be able to use the additional available shares of common stock as a defensive tactic against hostile takeover attempts by issuing additional shares under a stockholder rights plan, in a private placement or in another transaction that causes substantial dilution to a person or group that attempts to acquire control of our company through a merger or tender offer on terms or in a manner not approved by our board of directors, whether or not our stockholders favorably view the change in control, merger or tender offer. The availability of additional shares of common stock will have no current anti-takeover effect, because no hostile takeover attempts are, to our management's knowledge, currently threatened.

We currently have a number of provisions in our charter documents that can, in some circumstances, operate as anti-takeover defenses. For example, consistent with Delaware corporate law, we do not have cumulative voting provisions in either our bylaws or certificate of incorporation. Under our certificate of incorporation (i) our board of directors is classified into three classes of staggered terms and (ii) members of our board of directors may not be removed without cause by stockholder vote, thereby making it more difficult for stockholders to control the membership of our board of directors. Under our bylaws, special meetings of stockholders may be called only by our board of directors, any by certain of our officers, or by holders of shares entitled to cast not less than 10% of the votes at the meeting. We also have advance notice provisions in our bylaws, as described under the heading "Stockholder Proposals" at page 9, which restrict stockholders' rights to present director nominations or stockholder proposals at our stockholders' meetings. Additionally, our board of directors' ability to authorize undesignated preferred stock, pursuant to our certificate of incorporation, makes it possible for our board of directors to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to acquire the Company.

Section 203 of the Delaware corporate law prohibits us from engaging in business combinations with interested stockholders, as defined by statute. These provisions may have the effect of delaying or preventing a change in control of our company without action by our stockholders, even if a change in control would be beneficial to our stockholders.

Our stockholders do not possess preemptive rights that would entitle such persons, as a matter of right, to subscribe for the purchase of any shares, rights, warrants or other securities or obligations convertible into, or exchangeable for, securities of our company. We do not presently have plans to propose the adoption of other anti-takeover measures in future proxy solicitations.

**Required Vote and Board Recommendation**

The affirmative vote of a majority of the shares of our common stock entitled to vote on this proposal will constitute stockholder approval of this proposal.
