#### NOTE 1 Disclosure of Fair Value Measurements

The Fund adopted Statement of Financial Accounting Standards No. 157 (FAS 157), Fair Value Measurements, on January 1, 2008. FAS 157 requires the Fund to classify its assets based on valuation method, using three levels. Level 1 investment securities are valued based on quoted market prices in active markets for identical assets. Level 2 investment securities are valued based on significant observable market inputs, such as quoted prices for similar assets and quoted prices in inactive markets or other market observable inputs. Level 3 investment securities are valued using significant unobservable inputs that reflect the Fund's determination of assumptions that market participants might reasonably use in valuing the assets. The valuation levels are not necessarily an indication of the risk associated with investing in those securities. The following table presents the valuation levels of the Fund's investments as of September 30, 2008:

Level 1	Quoted Prices	\$	483,878,290
Level 2	Other significant observable inputs**		24,674,662
Level 3	Significant unobservable inputs		
Total investments		\$	508,552,952

\*\* Includes \$4,884,000 of short-term investments with maturities of 60 days or less that are valued at amortized cost.
