**Item 2.02 Results of Operations and Financial Condition.**

Effective as of January 1, 2012, Validus Holdings, Ltd. (the Company) restructured its financial reporting segments.

During the first quarter of 2012, to better align the Company's operating and reporting structure with its current strategy, there was a change in the Company's segment structure. This change was to include the AlphaCat group of companies as a separate operating segment. AlphaCat segment was included as an additional segment and includes the Company's investment in AlphaCat Re 2011. The Company's operating segments are strategic business units that offer different products and services. They are managed and have capital allocated separately because each business requires different strategies. Previously, the AlphaCat group of companies was reported within the Validus Re segment.

On April 26, 2012, the Company made available on its website a financial supplement containing its restructured financial reporting segment tables. A copy of the re-presented segment tables is attached hereto as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein.

The information in this Current Report on Form 8-K, including the information set forth in Exhibit 99.1, shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.
