03 September 2012

VODAFONE AND ZAIN GROUP ANNOUNCE MULTI-COUNTRY PARTNER MARKET AGREEMENT

- Significantly expands Vodafone's presence in the Middle East and provides Zain with greater access to Vodafone's global footprint
- Advances both Vodafone and Zain's ability to deliver communications services to multinational businesses both in and out of the region

Vodafone Group (Vodafone) and Zain Group (Zain) today jointly announce a Partner Market agreement that will significantly expand Vodafone's Partner Market presence in the Middle East and provide Zain customers with greater support in Vodafone's global footprint.

Under the non-equity partnership agreement, Vodafone will work with Zain companies in Saudi Arabia, Bahrain, Kuwait, Jordan and Iraq to provide customers with high quality communications services. The move will enhance both Zain and Vodafone's ability to meet growing demand among multinational businesses for sophisticated voice and data communications solutions as well as advanced roaming services within the Middle East. This will complement Vodafone's own regional operations in Egypt and Qatar and increase the number of countries in which Vodafone has Partner Market agreements to more than 50.

Zain will have access to Vodafone's devices and services in its home markets and become the preferred partner of Vodafone in respect of the agreed areas of cooperation. Vodafone and Zain will work together to provide customers with enhanced network coverage, harmonised roaming rates across multiple countries with greater cost efficiencies and Zain will be able to use the Vodafone brand.

Vodafone's multinational customers served by Vodafone Global Enterprise will benefit by being able to add the Zain countries to their existing contracts for international managed services, while continuing to be serviced via a single point of contact. Zain will similarly benefit from Vodafone's footprint. In addition, Vodafone plans to support multinational corporations by providing communications expenditure tracking and procurement services while introducing innovative mobile price plans across the two organisations' shared area of operations.

The partnership with Vodafone will allow Zain to bring tangible benefits to both its customers and employees, said Zain Group Deputy CEO and Chief Operating Officer, Mr Hisham Akbar. This groundbreaking agreement will give our customers innovative products and services from around the world. At the same time, Vodafone's commercial insights and technical expertise will translate into significant operational efficiencies for Zain over the long-term as we transition our networks to next generation networks and beyond.

Mr Ravinder Takkar, CEO, Vodafone Partner Markets, commented: Our agreement with Zain provides an opportunity for Vodafone to build its presence and work with a leading operator in the Middle East. By combining the geographical reach of our companies respective networks, we can strengthen and deepen the benefits to our customers operating in these large and dynamic markets. We are delighted that Zain has joined our successful Partner Market community, which increases to more than 50 markets worldwide with the addition of Zain's Middle Eastern countries.

LAST CALL TO DEVELOP SOCIAL INCLUSION APP AND SHARE 200,000 PRIZE FUND

There is just a month left to enter the Vodafone Foundation Smart Accessibility Awards and be in with a chance to win a share of a 200,000 prize fund for the best smartphone app to help older people and people with disabilities.

The competition, now in its second year, will close to new entries on Monday, 15 October 2012 and culminate in an award ceremony in early December at which four winners will each be presented with a cheque for 50,000. The four award categories include: social participation; independent living; mobility and wellbeing. Entries should be submitted to <http://developer.vodafone.com/>

The judges are drawn from the organising partners: Vodafone Foundation, AGE Platform Europe the European network of around 160 organisations of and for people aged 50+ and the European Disability Forum (EDF), the NGO that represents the interests of 80 million Europeans with disabilities.

Last year, the winning apps included:

- A screen of icons which represent key phrases and can be read out using text-to-speech technology. It also allows users to send an emergency text message with their location to a pre-defined contact text-to-speech service;
- An online map of wheelchair accessibility in public places as well as the ability to post a review;
- A video magnifier for people who have dyslexia, colour blindness or other visual impairments, and
- An alternative big-button, colour-based home-screen optimised for elderly users and those with impaired sight.

The Smart Accessibility Awards are part of the Vodafone Foundation's Mobile for Good programme which supports initiatives around the world which use mobile technology to drive positive social change. The awards are helping to extend the smartphone revolution to as many communities as possible.

About Vodafone Foundation

The Vodafone Foundation invests in the communities in which Vodafone operates and is at the centre of a network of global and local social investment programmes.

In countries in which Vodafone operates, social investment is delivered by a unique footprint of 28 Vodafone Foundations and social investment programmes. These programmes are directed and chosen by the Foundation Trustees and receive funding from the Vodafone Foundation in the UK as well as their local Vodafone company.

The Vodafone Foundation is a registered charity in England and Wales (registered number 1089625).

27 September 2012

VODAFONE HOSTS ENTERPRISE OPEN OFFICE EVENT

Vodafone Group Plc (Vodafone) will today host an Open Office event focusing on its Enterprise business and the core segments within. This will include a review of the Cable & Wireless Worldwide (CWW) opportunities and integration plan, following completion of the acquisition of CWW by Vodafone in July 2012.

The global enterprise market offers attractive growth opportunities and remains a key strategic priority for Vodafone. We are seeing a number of trends in the enterprise market which play to our strengths including the increasing focus on employee mobility, the move towards converged services, companies desire to manage costs and consolidate supplier bases, system automation and an increasing focus on security.

With respect to the CWW acquisition, we expect to incur cumulative integration costs of approximately £500 million by March 2016. This is expected to deliver cash flow synergies of £150 million to £200 million per annum by March 2016, resulting in operating free cash flow for the Group in that year of £250 million to £300 million from the acquisition. A high proportion of the targeted synergies will come from clearly quantifiable cost savings and network integration benefits. Our immediate goal is to stabilise the CWW business, with full integration expected during the year to March 2016.

The presentation will commence at 0900 BST and can be accessed via webcast at <http://www.vodafone.com/content/index/investors> . Presentation materials will be available from this site at 0830 BST. The presentation can also be accessed via conference call on:

020 3426 2845 (Toll)

0808 237 0038 (UK toll free)

A replay of the conference call will be available on:
