Item 1.01 Entry into a Material Definitive Agreement.

Agreement and Plan of Merger

On October 11, 2012, Ecolab Inc., a Delaware corporation (Ecolab or the company), entered into an Agreement and Plan of Merger (the Merger Agreement) among Ecolab, OFC Technologies Corp., a Texas corporation and a wholly-owned subsidiary of Ecolab (Merger Sub), and Permian Mud Service, Inc., a Texas corporation (Permian). Permian is the parent company of Champion Technologies, Inc. and Corsicana Technologies, Inc. (together with Permian, the acquired companies). The Merger Agreement, which has been approved by the Boards of Directors of each of Ecolab and Permian, provides for the merger of Merger Sub with and into Permian (the Merger), with Permian continuing as the surviving corporation in the Merger.

Subject to the terms and conditions of the Merger Agreement, at the effective time of the Merger, the shares of common stock of Permian issued and outstanding immediately prior to the effective time (other than shares with respect to which appraisal rights are properly exercised and not withdrawn) will be converted into the right to receive merger consideration of approximately \$2.2 billion, subject to customary adjustments for cash, debt and working capital and certain additional adjustments as set out in the Merger Agreement. The merger consideration will be paid approximately 75% in cash and 25% in shares of Ecolab common stock, with the number of shares issued based on an Ecolab stock price of \$64.665 per share (the Initial Deemed Stock Value), unless the volume weighted average price of Ecolab common stock for the 10 trading days leading up to and including the second trading day prior to the closing date (the Closing Stock Price) is more than 110% or less than 90% of the Initial Deemed Stock Value. In the event the Closing Stock Price is more than 110% of the Initial Deemed Stock Value, the number of shares issued will be based on an Ecolab stock price equal to the Closing Stock Price divided by 110%. In the event the Closing Stock Price is less than 90% of the Initial Deemed Stock Value, the number of shares issued will be based on an Ecolab stock price equal to the Closing Stock Price divided by 90%. If the Closing Stock Price is less than 90% of the Initial Deemed Stock Value, then in lieu of paying the stock consideration, Ecolab can elect to pay cash in an amount equal to 22.5% times the merger consideration. Additionally, if the merger closes after December 31, 2012, except under limited circumstances, Ecolab will be required to pay to the Permian stockholders an additional amount in cash, up to \$100 million in the aggregate, equal to 50% of the incremental federal tax on the merger consideration as a result of increases in applicable capital gains and investment taxes after December 31, 2012. Such additional payment, if owed, would be due on January 31, 2014, and would be based on 2013 tax rates as in effect on January 1, 2014.

Under the Merger Agreement, at closing Ecolab will deposit \$100 million of the merger consideration in an escrow fund to satisfy adjustments to the merger consideration and indemnification obligations of the Permian stockholders (including covenant obligations) for a period of up to two years following the effective time of the Merger. The merger consideration deposited in the escrow fund will, subject to certain exceptions, be in the form of shares of Ecolab common stock.

In connection with the closing of the Merger, Ecolab and a representative of the Permian stockholders will enter into a registration rights agreement (the Registration Right Agreement). Subject to certain blackout and suspension provisions and other limitations set forth in the

Registration Rights Agreement, Ecolab will agree to effect the registration of shares of Ecolab's common stock beneficially owned by the Permian stockholders and received by such stockholders pursuant to the Merger Agreement. Ecolab will bear all expenses of registration (other than underwriting fees, discounts and commissions and expenses of counsel for the Permian stockholders).

The Merger Agreement contains customary representations, warranties and covenants. These covenants include, among others, (i) an obligation of Permian to operate its business consistent with past practices until the Merger is consummated, (ii) an obligation that Permian use commercially reasonable efforts to obtain third party approvals and (iii) an obligation that the parties shall cooperate to obtain governmental and regulatory approvals.

The consummation of the Merger is subject to the satisfaction or waiver of closing conditions applicable to both Ecolab and Permian, including, among others, (i) with respect to both parties' obligations, the receipt of required regulatory approvals, and (ii) with respect to Ecolab's obligations, (A) the adoption of the Merger Agreement by at least 90% of the Permian stockholders and (B) the aggregate number of dissenting shares shall not exceed 5% of the outstanding Permian shares. Permian stockholders holding over two-thirds of the outstanding Permian shares have executed and delivered to Ecolab voting agreements under which they have agreed to vote in favor of the Merger. The Merger is not subject to a financing condition.

The Merger Agreement provides for termination rights on behalf of both parties. Under specified circumstances Ecolab may be required to pay Permian a termination fee of \$100 million.

The Merger Agreement has been included as an exhibit to this Current Report on Form 8-K to provide investors and security holders with information regarding its terms. It is not intended to provide any other factual information about Ecolab, Merger Sub or Permian. The Merger Agreement contains representations and warranties that the parties made to each other as of a specific date. The assertions embodied in the representations and warranties in the Merger Agreement were made solely for purposes of the Merger Agreement and the transactions and agreements contemplated thereby among the respective parties and are subject to important qualifications and limitations agreed to by the parties in connection with negotiating the terms of the Merger Agreement. Moreover, some of those representations and warranties may not be accurate or complete as of any specified date, may apply contractual standards of materiality in a way that is different from what may be viewed as material by investors or that is different from standards of materiality generally applicable under the United States federal securities laws or may not be intended as statements of fact, but rather as a way of allocating risk among the parties to the Merger Agreement.

The foregoing description of the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement, a copy of which is attached hereto as Exhibit 2.1 and incorporated herein by reference.
