Introduction

This Amendment No. 7 to Schedule 14D-9 (this Amendment) amends and supplements the Solicitation/Recommendation Statement on Schedule 14D-9 (as amended from time to time, the Statement) originally filed by Oshkosh Corporation, a Wisconsin corporation (the Company), with the Securities and Exchange Commission on October 26, 2012. The Statement relates to the unsolicited tender offer by IEP Vehicles Sub LLC, a Delaware limited liability company, and Icahn Enterprises Holdings L.P., a Delaware limited partnership, to purchase any and all of the issued and outstanding shares of common stock, par value \$0.01 per share, of the Company (Common Stock) at a price of \$32.50 per share, in cash, without interest and less any applicable withholding taxes. Except as otherwise set forth in this Amendment, the information set forth in the Statement remains unchanged.

Item 6. Interest in Securities of the Subject Company.

Item 6 of the Statement is hereby amended and supplemented by adding the following disclosure:

As previously disclosed, on November 16, 2012, the Company announced that it planned to repurchase up to \$300 million of shares of Common Stock over the next 12 to 18 months, with at least \$75 million to be repurchased over the next three months (the Share Repurchase Plan).

To effectuate a portion of the Share Repurchase Plan, on November 20, 2012, the Company entered into a Purchase Agreement (the Purchase Agreement) with a third party pursuant to Rule 10b5-1(c) under the Securities Exchange Act of 1934, as amended. Repurchases under the Purchase Agreement are subject to specified parameters and certain price, market volume and timing constraints, as specified in the Purchase Agreement. Accordingly, there is no guarantee as to the exact number of shares of Common Stock that will be repurchased under the Purchase Agreement.

The table below sets forth information regarding all of the repurchases effected pursuant to the Share Repurchase Plan from November 20, 2012 through November 23, 2012:

FORWARD-LOOKING STATEMENTS

This communication contains statements that the Company believes to be forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact, including, without limitation, statements regarding the Company's future financial position, business strategy, targets, projected sales, costs, earnings, capital expenditures, debt levels and cash flows, and plans and objectives of management for future operations, are forward-looking statements. When used in this communication, words such as may, will, expect, intend, estimate, anticipate, believe, should, project or plan or the negative thereof or variations of similar terminology are generally intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions and other factors, some of which are beyond the Company's control, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These factors include the cyclical nature of the Company's access equipment, commercial and fire & emergency markets, especially in the current environment where there are conflicting signs regarding the future global economic outlook; the expected level and timing of the U.S. Department of Defense (DoD) procurement of products and services and funding thereof; risks related to reductions in government expenditures in light of U.S. defense budget pressures and an uncertain DoD tactical wheeled vehicle strategy; the ability to increase prices to raise margins or offset higher input costs; increasing commodity and other raw material costs, particularly in a sustained economic recovery; risks related to the Company's exit from its ambulance business, including the amounts of related costs and charges; risks related to facilities consolidation and alignment, including the amounts of related costs and charges and that anticipated cost savings may not be achieved; the duration of the ongoing global economic weakness, which could lead to additional impairment charges related to many of the Company's intangible assets and/or a slower recovery in the Company's cyclical businesses than Company or equity market expectations; the potential for the U.S. government to competitively bid the Company's Army and Marine Corps contracts; risks related to the collectability of receivables, particularly for those businesses with exposure to construction markets; the cost of any warranty campaigns related to the Company's products; risks related to production or shipment delays arising from quality or production issues; risks associated with international operations and sales, including foreign currency fluctuations and compliance with the Foreign Corrupt Practices Act; risks related to actions of activist shareholders, including the amount of related costs; the Company's ability to successfully execute on its strategic road map and meet its long-term financial goals; risks and uncertainties associated with the pending tender offer for shares of Common Stock, the outcome of any litigation related to the offer or any other offer or proposal, and the Board's recommendation to the shareholders concerning the offer or any other offer or proposal. Additional information concerning these and other factors is contained in the Company's filings with the Securities and Exchange Commission. All forward-looking statements speak only as of the date of this communication. The Company assumes no obligation, and disclaims any obligation, to update information contained in this communication.
