NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

As of and for the six months ended June 30, 2013

(unaudited, in US\$ thousands, except share data and those specified)

1. Basis of Preparation

The unaudited condensed consolidated financial statements of the Company have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting issued by the International Accounting Standards Board (the IASB) as well as with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the Listing Rules).

The Company started to prepare consolidated financial statements and related disclosures in accordance with International Financial Reporting Standards (IFRS) in 2012's Annual Report. This is the first Interim Report under IFRS and all prior period information was represented to conform to IFRS presentation and disclosures.

2. Principal Accounting Policies

The condensed consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

Except for the application of new or revised accounting standards as described below, the accounting policies and methods of computation used in the condensed consolidated financial statements as of and for the six months ended June 30, 2013 are the same as those followed in the preparation of the Company's annual financial statements as of and for the year ended December 31, 2012.

In the current interim period, the Company has applied, for the first time, the following standards and amendments that are relevant for the preparation of the Company's condensed consolidated financial statements:

Amendments to IFRSs Annual Improvements to IFRSs 2009-2011 Cycle

Amendments to IFRS 10, IFRS 11 and IFRS 12 Consolidated Financial Statements, Joint arrangements and Disclosure of Interests in Other Entities: Transition Guidance

Edgar Filing: SEMICONDUCTOR MANUFACTURING INTERNATIONAL CORP - Form 6-K

IFRS 10 Consolidated Financial Statements

IFRS 11 Joint Arrangements

IFRS 12 Disclosure of Interests in Other Entities

IFRS 13 Fair Value Measurement

IAS 19 (Revised 2011) Employee Benefits

IAS 28 (Revised 2011) Investments in Associates and Joint Ventures

IFRIC 20 Stripping Costs in the Production Phase of a Surface Mine

The application of the above new or revised IFRSs in the current interim period has had no material effect on the amounts reported in these condensed consolidated financial statements and/or disclosures set out in these condensed consolidated financial statements except for the standards disclosed below:

Amendments to IFRS 7 Disclosures – Offsetting Financial Assets and Financial Liabilities

The Company has applied the amendments to IFRS 7 Disclosures – Offsetting Financial Assets and Financial Liabilities in the current period. The amendments require entities to disclose information about rights of offset and related arrangements (such as collateral posting requirements) for financial instruments under an enforceable master netting agreement or similar arrangement.

2. Principal Accounting Policies *(Continued)*

IFRS 13 Fair Value Measurement

The Company has applied IFRS 13 for the first time in the current interim period. IFRS 13 establishes a single source of guidance for, and disclosures about, fair value measurements, and replaces those requirements previously included in various IFRSs. Consequential amendments have been made to IAS 34 to require certain disclosures to be made in the interim condensed consolidated financial statements.

The scope of IFRS 13 is broad, and applies to both financial instrument items and non-financial instrument items for which other IFRSs require or permit fair value measurements and disclosures about fair value measurements, subject to a few exceptions. IFRS 13 contains a new definition for fair value and defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions. Fair value under IFRS 13 is an exit price regardless of whether that price is directly observable or estimated using another valuation technique. Also, IFRS 13 includes extensive disclosure requirements.

In accordance with the transitional provisions of IFRS 13, the Company has applied the new fair value measurement and disclosure requirements prospectively.

3. Segment information

The Company is engaged principally in the computer-aided design, manufacturing and trading of integrated circuits. The Company's chief operating decision maker has been identified as the Chief Executive Officer, who reviews consolidated results when making decisions about allocating resources and assessing performance of the Company. The Company operates in one segment. The Company's operating revenue from external customers by location is detailed below.

The gain on disposal of property, plant and equipment and assets classified as held-for-sale for the six months ended June 30, 2013 arose primarily from the sales of the staff living quarters in Shanghai to employees.

The gain on disposal of subsidiaries for the six months ended June 30, 2013 arose from disposal of the Company's total ownership interest in SMIC (Wuhan) Development Corporation (WHDM). During the current interim period, the Company entered into a sale agreement to dispose of its 100% equity interest in WHDM. The disposal was completed on May 23, 2013, on which date the Company lost control of WHDM. The amount of the consideration was US\$60.4 million which included US\$31.2 million receivable for the settlement of the amount due from WHDM. On May 23, 2013, the Company received US\$30.2 million and recorded a gain of US\$28.3 million. The consideration was fully settled by the buyer on July 26, 2013. WHDM was mainly engaged in the construction, operation and management of the Company's living quarters and schools in Wuhan, which is not the major line of business of the Company and therefore, the disposal of WHDM is not classified as a discontinued operation.

Under the Law of the People's Republic of China on Enterprise Income Tax, or the EIT Law, the profits of a foreign invested enterprise arising in 2008 and beyond that distributed to its immediate holding company who is a non- PRC tax resident will be subject to a withholding tax rate of 10%. A lower withholding tax rate may be applied if there is a favorable tax treaty between mainland China and the jurisdiction of the foreign holding company. For example, holding companies in Hong Kong that are also tax residents in Hong Kong are eligible for a 5% withholding tax on dividends under the Tax Memorandum between China and the Hong Kong Special Administrative Region.

Semiconductor Manufacturing International Corporation is incorporated in the Cayman Islands, where it is not currently subject to taxation.

Prior to January 1, 2008, the subsidiaries incorporated in the PRC were governed by the Income Tax Law of the PRC Concerning Foreign Investment and Foreign Enterprises and various local income tax laws (the FEIT Laws).

The EIT Law was promulgated on March 16, 2007, which became effective on January 1, 2008. Under the EIT Law, domestically-owned enterprises and foreign invested enterprises (FIEs) are subject to a uniform tax rate of 25%. Enterprises which were entitled to a preferential tax rate of 15% prior to January 1, 2008 could gradually transit to 25% throughout a five-year period. Pursuant to Guofa [2007] No. 39 (Circular No. 39), the application tax rates during the five-year transitional period are as follows: 18% in 2008, 20% in 2009, 22% in 2010, 24% in 2011 and 25% in 2012 and thereafter. The tax holiday, which has already kicked off before the effective date of the EIT law, may continue to be enjoyed till the end of the holiday.

Pursuant to Caishui Circular [2008] No. 1 (Circular No. 1) promulgated on February 22, 2008, integrated circuit production enterprises whose total investment exceeds RMB8,000 million (approximately US\$1,095 million) or whose integrated circuits have a line width of less than 0.25 micron are entitled to a preferential tax rate of 15%. Enterprises with an operation period of more than 15 years are entitled to a full exemption from income tax for five years starting from the first profitable year after utilizing all prior years' tax losses and 50% reduction of the tax for the following five years. Pursuant to Caishui Circular [2009] No. 69 (Circular No. 69), the 50% reduction should be based on the statutory tax rate of 25% unless the income tax rate is reduced by the tax incentives granted by Circular No. 39.

6. Income tax expense (benefit) (Continued)

On February 9, 2011, the State Council of China issued Guofa [2011] No. 4 (Circular No. 4), the Notice on Certain Policies to Further Encourage the Development of the Software and Integrated Circuit Industries which reinstates the EIT incentives stipulated by Circular No. 1 for the software and integrated circular enterprises.

On April 20, 2012, State Tax Bureau issued CaiShui [2012] No. 27 (Circular No. 27), the income tax policies for encouraging the development of integrated circuit industry is the implementation rule of Circular No. 4.

The detailed tax status of SMIC's principal PRC entities is elaborated as follows:

1) Semiconductor Manufacturing International (Shanghai) Corporation (SMIS)

Pursuant to relevant tax regulation, SMIS began a 10-year tax holiday (five year full exemption followed by five year half reduction) from 2004 after utilizing all prior years' tax losses. SMIS can continue its tax holiday based on the transitional income tax rate granted by Circular No.39 instead of the statutory income tax rate. The income tax rate for SMIS was 12% in 2011, 12.5% in 2012 and 12.5% in 2013. After that, the income tax rate will be 15%.

2) Semiconductor Manufacturing International (Beijing) Corporation (SMIB) and Semiconductor Manufacturing International (Tianjin) Corporation (SMIT)

In accordance with Circular No. 4 and Circular No. 27, SMIB and SMIT are entitled to the preferential tax rate of 15% and 10-year tax holiday (five year full exemption followed by five year half reduction) subsequent to their first profit-making years after utilizing all prior tax losses but no later than December 31, 2017. Both entities were in accumulative loss positions as of June 30, 2013 and the tax holiday has not begun to take effect.

7. Dividend

No dividend has been paid or declared by the Company during the six months ended June 30, 2013 and 2012. The directors of the Company have determined that no dividend will be paid in respect of the interim period.

8. Earnings (loss) per share

The calculation of basic and diluted earnings (loss) per share attributable to the owners of the Company is based on following data.

	Six months ended	
	06/30/13 USD 000	06/30/12 USD 000
Earnings (loss)		
Earnings (loss) for the purpose of calculating basic earnings (loss) per share	116,005	(35,765)
Earnings (loss) for the purpose of calculating diluted earnings (loss) per share	116,005	(35,765)

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

SALES

Sales increased by 38.2% from US\$754.5 million for the six months ended June 30, 2012 to US\$1,042.9 million for the six months ended June 30, 2013, primarily due to an increase in wafer revenue during this period as well as a significant increase in Chinese sales. The number of wafer shipments increased 31.5% from 1,003,372 8-inch wafer equivalents for the six months ended June 30, 2012 to 1,319,427 8-inch wafer equivalents for the six months ended June 30, 2013.

COST OF SALES AND GROSS PROFIT

Cost of sales increased by 32.0% from US\$613.0 million for the six months ended June 30, 2012 to US\$809.4 million for the six months ended June 30, 2013.

The Company had a gross profit of US\$233.5 million for the six months ended June 30, 2013 compared to a gross profit of US\$141.6 million for the six months ended June 30, 2012, representing an increase of 65.0%. Gross margins increased to 22.4% for the six months ended June 30, 2013 from 18.8% for the six months ended June 30, 2012. The increase in gross margin was primarily due to a higher utilization rate in the first six months of 2013.

PROFIT (LOSS) FOR THE PERIOD FROM OPERATION

Profit (loss) from operations improved from US\$(36.5) million for the six months ended June 30, 2012 to US\$130.5 million for the six months ended June 30, 2013 primarily due to 1) shipment increase and high utilization in the first half of 2013, 2) Shanghai 12 inch fab successfully ramping up and reducing per wafer cost, 3) the gain arising from the disposal of part of the living quarters in Shanghai and 4) the gain arising from the disposal of the Company's total ownership interest in SMIC (Wuhan) Development Corporation (WHDM) which was mainly engaged in the construction, operation and management of the Company's living quarters and schools in Wuhan.

Research and development expenses decreased by 44.3% from US\$110.3 million for the six months ended June 30, 2012 to US\$61.5 million for the six months ended June 30, 2013. The decrease was mainly due to the Company's Shanghai 12 inch fab entering volume production in 4Q12 and afterwards, the related fab expense was recorded in cost of sales.

General and administrative expenses increased by 44.9% from US\$53.0 million for the six months ended June 30, 2012 to US\$76.8 million for the six months ended June 30, 2013. The increase is primarily due to an increase in employee bonus, city maintenance and construction tax expenses and extra charges for education in 2013.

Sales and marketing expenses increased by 22.8% from US\$14.7 million for the six months ended June 30, 2012 to US\$18.0 million for the six months ended June 30, 2013. The increase is primarily due to an increase in employee bonus.

Other operating income (expense) were US\$53.3 million and US\$(0.1) million for the six months ended June 30, 2013 and 2012, respectively, and the increase was due to 1) the gains arising from the disposal of part of the Company's living quarters in Shanghai and 2) the gains arising from the disposal of the Company's total ownership interest in WHDM which was mainly engaged in the construction, operation and management of the Company's living quarters and schools in Wuhan.

As a result, the Company's profit from operations was US\$130.5 million for the six months ended June 30, 2013 compared to loss of US\$(36.5) million for the six months ended June 30, 2012.

Disposal of SMIC (Wuhan) Development Corporation

During the current interim period, the Company entered into a sale agreement to dispose of its 100% equity interest in WHDM. The disposal was completed on May 23, 2013, on which date the Company lost control of WHDM. The amount of the consideration was US\$60.4 million which included US\$31.2 million receivable for the settlement of the amount due from WHDM. On May 23, 2013, the Company received US\$30.2 million and recorded a gain of US\$28.3 million. The consideration was fully settled by the buyer on July 26, 2013. WHDM was mainly engaged in the construction, operation and management of the Company's living quarters and schools in Wuhan, which is not the major line of business of the Company. Therefore, the disposal of WHDM is not classified as a discontinued operation.

PROFIT (LOSS) FOR THE PERIOD

Due to the factors described above, the Company had a profit attributable to holders of ordinary shares of US\$115.8 million for the six months ended June 30, 2013 compared to a loss of US\$(35.8) million for the six months ended June 30, 2012.

FUNDING SOURCES FOR MATERIAL CAPITAL EXPENDITURE IN THE COMING YEAR

In 2013, the Company plans to spend about US\$675 million in capital expenditure for foundry operations. The planned capital expenditure is mainly to ramp-up our 45/40nm capacity in Shanghai to match our customers' demand.

In addition, the Company has budgeted capital expenditures of another US\$130 million in 2013 for the construction of living quarters for employees as part of the employee retention program. The Company plans to rent out or sell some of these living units to employees in the future.

The primary sources of capital resources and liquidity include funds generated from a combination of cash from operating, bank borrowings and other form of financing.

The 2013 planned capital expenditure does not account for additional expenditures that the Company incurs in connection with the establishment of the joint venture company in Beijing (Beijing Joint Venture) pursuant to the Joint Venture Agreement entered into by the Company with Semiconductor Manufacturing International (Beijing) Corporation (SMIB), Beijing Industrial Development Investment Management Co., Ltd. (BIDIMC) and Zhongguancun Development Group (ZDG).

LIQUIDITY AND CAPITAL RESOURCES

Edgar Filing: SEMICONDUCTOR MANUFACTURING INTERNATIONAL CORP - Form 6-K

For the six months ended June 30, 2013, the Company incurred capital expenditures of US\$486.5 million compared to US\$266.7 million for the six months ended June 30, 2012. The Company has financed capital expenditures substantially with cash flows generated from operating and financing activities.

The Company had US\$263.0 million in cash and cash equivalents as of June 30, 2013. These cash and cash equivalents are held in the form of United States Dollars, Japanese Yen, Euros, and Chinese Renminbi. The net cash provided by operating activities increased by 93.1% from US\$136.2 million for the six months ended June 30, 2012 to US\$263.0 million for the six months ended June 30, 2013.

Net cash used in investing activities was US\$325.2 million for the six months ended June 30, 2013, primarily attributable to purchases of plant and equipment for the fabs in Shanghai and Beijing. For the six months ended June 30, 2012, net cash used in investing activities was US\$323.1 million primarily attributable to 1) purchases of plant and equipment for the fabs in Shanghai and Beijing, 2) changes in restricted cash being pledged against letters of credit and borrowings of the Company and 3) purchases of intangible assets for new R&D programs.

The Company's net cash (used in) generated from financing activities were US\$(33.3) million and US\$216.0 million for the six months ended June 30, 2013 and 2012, respectively. They were primarily the net result of proceeds from new bank borrowings and repayments of matured borrowings.

As of June 30, 2013, the Company's outstanding long-term liabilities primarily consisted of US\$730.2 million in secured bank loans, of which, US\$255.5 million classified as the current portion of long-term loans. The long-term loans are repayable in installments which will commence in September 2013 and will conclude in March 2016.

As of June 30, 2013, the Company had short-term credit agreements that provided total credit facilities up to approximately US\$971.1 million on a revolving credit basis. As of June 30, 2013, the Company had drawn down approximately US\$330.9 million under these credit agreements and approximately US\$640.2 million is available for future borrowings. The outstanding borrowings under the credit agreements are unsecured, except for US\$55.6 million, which is secured by time deposits of US\$47.5 million, and an additional balance of US\$15.3 million, which is secured by real property with an original cost of US\$6.99 million. The interest rate on the loans ranged from 0.77% to 6.69% for the six months ended June 30, 2013.

COMMITMENTS

As of June 30, 2013, the Company had commitments of US\$14.2 million for land use right obligations in Shanghai, US\$36.4 million for facilities construction obligations in Beijing, Tianjin, Shanghai and Shenzhen and US\$246.3 million to purchase machinery and equipment mainly for the Beijing, Tianjin, Shanghai and Shenzhen fabrication facilities.

DEBT TO EQUITY RATIO

As of June 30, 2013, the Company's debt to equity ratio was approximately 44.1% calculated by dividing the sum of the short-term borrowings and long-term debt by total shareholders' equity.

FOREIGN EXCHANGE RATE FLUCTUATION RISK

The Company's revenues, expenses, and capital expenditure are primarily transacted in USD. However, since the Company has operations consisting of manufacturing, sales activities and capital purchasing conducted in currencies other than USD, the Company is exposed to the effect of changes in exchange rates primarily relating to Euros, Japanese Yen, and Chinese Renminbi.

To minimize these risks, the Company purchases foreign-currency forward exchange contracts with contract terms normally lasting less than twelve months to protect against the adverse effect that exchange rate fluctuations may have on foreign currency denominated activities. These forward exchange contracts are principally denominated in Chinese Renminbi, Japanese Yen or Euros and do not qualify for hedge accounting in accordance with IFRS. As of June 30, 2013, the Company had outstanding foreign currency forward exchange contracts with an aggregate notional amount of US\$56.5 million, all of which will mature before June 2014. Notional amounts are stated in USD equivalent spot market exchange rates as of the respective dates.

For the six months ended June 30, 2013, the effect of marking the foreign currency forward exchange contracts to fair value was a loss of approximately US\$0.08 million. The Company does not enter into foreign currency exchange contracts for speculative

purposes.

EMPLOYEES EQUITY INCENTIVE PLAN

Save as disclosed in the interim report, there is no material change to the information disclosed in the 2012 annual report of the Company in relation to the number and remuneration of employees, remuneration policies, bonus and share option schemes of employees.

PROSPECTS AND FUTURE PLANS

In the first half of 2013 we reached record highs in revenue, gross profit, and operating profit, and we will continue our strategic execution to capture growth opportunities via technology advancement and value-added differentiation. As for our overall outlook in 2013, we target another full year of record high revenue. In the second half of 2013, the industry is undergoing some inventory correction, and industry growth momentum will be relatively slower than the first half of 2013. Despite the inventory adjustment reported for the industry in the second half of the year, our goal is to outgrow the semiconductor industry projection this year.

With regard to SMIC's future plans, 8-inch demand continues to be a key growth driver for our business. Demand for our differentiated applications continues to be strong, especially in the areas of power management integrated circuit (PMIC), CMOS image sensors (CIS), and EEPROM. Revenue from our differentiated applications, specifically PMIC, CIS, and EEPROM, grew 78.5% in the first half of 2013 compared to the first half of 2012. In order to further capture the market opportunities and to enhance our position in the differentiated technologies, we are looking into various opportunities to expand our 8-inch capacity. In terms of advanced capacity for future expansion, as announced in June, 2013, SMIC will jointly establish a new 12-inch fab in Beijing, focusing on 45nm and finer technologies with a planned manufacturing capacity of 35,000 12-inch wafers per month to be ramped up over the next 3 to 5 years.

We believe that our strengthened position in value-creation through improved quality, enhanced operational efficiency, product differentiation, and faster turn-around, as well as our solidified partnership with both international and domestic customers, will lead us to being the preferred foundry service provider in China for the long term.

BEIJING JOINT VENTURE AGREEMENT

On June 3, 2013, the Company entered into the Joint Venture Agreement with SMIB, BIDIMC and ZDG in relation to the establishment of the joint venture company (subject to the approval of the relevant PRC authorities). The joint venture company, which has been established on July 12, 2013, will principally engage in, among other things, the testing, development, design, manufacturing, packaging and sale of integrated circuits. The Company expects that this project would require it to incur significant capital expenditures during the joint venture's start-up phase, and from time to time thereafter, and that the Company would need to borrow under its existing credit lines or otherwise obtain additional capital to satisfy its funding obligations under this project.

SHARE CAPITAL

During the six months ended June 30, 2013, the Company issued 50,115,328 and 25,376,449 ordinary shares of the Company (Ordinary Shares) as a result of the exercise of equity awards granted pursuant to the Company's 2004 stock option plan (the Stock Option Plan) and the Company's 2004 equity incentive plan (the 2004 Equity Incentive Plan), respectively.

	Number of Shares Outstanding
Outstanding Share Capital as of June 30, 2013:	
Ordinary Shares	32,075,631,400

Under the terms of the Company's 2004 Equity Incentive Plan, the Compensation Committee may grant restricted share units (Restricted Share Units) to eligible participants. Each Restricted Share Unit represents the right to receive one Ordinary Share. Restricted Share Units granted to new employees and existing employees generally vest at a rate of 25% upon the first, second, third, and fourth anniversaries of the vesting commencement date. Upon vesting of the Restricted Share Units and subject to the terms of the Insider Trading Policy and the payment by the participants of applicable taxes, the Company will issue the relevant participants the number of Ordinary Shares underlying the awards of Restricted Share Unit.

REPURCHASE SALE OR REDEMPTION OF SECURITIES

The Company has not repurchased, sold or redeemed any of its securities during the six months ended June 30, 2013.

CORPORATE GOVERNANCE PRACTICES

The HKSE's Corporate Governance Code (the "CG Code") as set out in Appendix 14 of the Listing Rules contains code provisions to which an issuer, such as the Company, is expected to comply or advise as to reasons for deviations (the "Code Provisions") and recommends best practices which an issuer is encouraged to implement (the "Recommended Practices"). The Corporate Governance Policy of the Company came into effect on January 25, 2005 after approval by the Board (the "CG Policy"). The CG Policy, a copy of which can be obtained on the Company's website at www.smics.com under "Investor Relations > Corporate Governance > Policy and Procedures", incorporates all of the Code Provisions of the CG Code except for paragraph E.1.3 which relates to the notice period for general meetings of the Company, and many of the Recommended Practices. In addition, the Company has adopted or put in place various policies, procedures, and practices in compliance with the provisions of the CG Policy.

None of the Directors is aware of any information which would reasonably indicate that the Company is not, or was not, during the period from January 1, 2013 to June 30, 2013, in compliance with the CG Code.

BOARD DIVERSITY POLICY

The Board adopted a Board Diversity Policy on August 8, 2013 to comply with a new Code Provision on board diversity which will become effective on September 1, 2013. The Nomination Committee will give consideration to that policy when identifying suitably qualified candidates to become members of the Board. Nonetheless, Board appointments will always be made on merit against objective criteria, taking into account factors based on the Company's business model and specific needs from time to time, as well as the benefits of diversity on the Board, and the Board will review the Policy on a regular basis to ensure its effectiveness.

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS OF LISTED ISSUERS

The Company has adopted an Insider Trading Compliance Program (the Insider Trading Policy) which encompasses the requirements of the Model Code as set out in Appendix 10 of the Listing Rules (the Model Code). The Company, having made specific enquiry of all Directors, confirms that all Directors have complied with the Insider Trading Policy and the Model Code throughout the six months ended June 30, 2013. The senior management of the Company as well as all officers, Directors, and employees of the Company and its subsidiaries are also required to comply with the provisions of the Insider Trading Policy.

THE BOARD

The Board has a duty to the Company's shareholders to direct and oversee the affairs of the Company in order to maximize shareholder value. The Board, acting by itself and through the various committees of the Board, actively participates in and is responsible for the determination of the overall strategy of the Company, the establishment and monitoring of the achievement of corporate goals and objectives, the oversight of the Company's financial performance and the preparation of the accounts, the establishment of corporate governance practices and policies, and the review of the Company's system of internal controls. The management of the Company is responsible for the implementation of the overall strategy of the Company and its daily operations and administration. The Board has access to the senior management of the Company to discuss enquiries on management information.

The Board consists of ten Directors and one Alternate Director as at the date of the interim report. Directors may be elected to hold office until the expiration of their respective terms upon a resolution passed at a duly convened shareholders' meeting by holders of a majority of the Company's issued shares being entitled to vote in person or by proxy at such meeting. The Board is divided into three classes with one class of Directors eligible for re-election at each annual general meeting of shareholders. Each class of Directors will serve a term of three years.

- The Class I Directors (Zhang Wenyi, Tzu-Yin Chiu, Gao Yonggang and William Tudor Brown) were re-elected for a term of three years at the 2011 AGM (except Mr. Zhang, Dr. Chiu and Mr. Brown whose appointment as Directors took effect on June 30, 2011, August 5, 2011 and August 8, 2013 respectively) to hold office until the 2014 AGM.

- The Class II Directors (Chen Shanzhi, Frank Meng and Lip-Bu Tan) were re-elected for a term of three years at the 2012 AGM to hold office until the 2015 AGM.

- The Class III Directors (Tsuyoshi Kawanishi, Zhou Jie, Lawrence Juen-Yee Lau and Sean Maloney) were re-elected at the 2013 AGM (except Mr. Tsuyoshi Kawanishi who did not offer himself for re-election and retired upon the conclusion of that AGM, and Mr. Maloney whose appointment as Director took effect on June 15, 2013) for a term of three years to hold office until the 2016 AGM.

Following the retirement of Mr. Kawanishi on June 13, 2013, the number of independent Non-executive Directors (INEDs) fell below the minimum number of INEDs required under Rules 3.10(1) and 3.10A of the Listing Rules. Following the appointment of Mr. Sean Maloney as INED on June 15, 2013, the Company complies with the minimum number requirements under Rules 3.10(1) and 3.10A.

Save as disclosed above, for the six months ended June 30, 2013, the Board has complied with the minimum requirements of the Listing Rules relating to the appointment of Independent Non-executive Directors representing one-third of the Board (i.e. three INEDs), and complied with the requirement that these should include one such Director with appropriate professional qualifications or accounting or related financial management expertise.

As of the date of the interim report, the roles of the Chairman and Chief Executive Officer are segregated and such roles are exercised by Mr. Zhang Wenyi and Dr. Tzu-Yin Chiu, respectively.

The following table sets forth the names, classes and categories of the directors as at the date of the report:

Name of Director	Category of Director	Class of Director
Zhang Wenyi	Chairman, Executive Director	Class I
Tzu-Yin Chiu	Chief Executive Officer, Executive Director	Class I
Gao Yonggang	Executive Director	Class I
William Tudor Brown	Independent Non-executive Director	Class I
Chen Shanzhi	Non-executive Director	Class II
Lip-Bu Tan	Independent Non-executive Director	Class II
Frank Meng	Independent Non-executive Director	Class II
Sean Maloney	Independent Non-executive Director	Class III
Zhou Jie	Non-executive Director	Class III
Lawrence Juen-Yee Lau	Non-executive Director	Class III
Datong Chen	Alternate Director to Lawrence Juen-Yee Lau	

On an annual basis, each Independent Non-executive Director confirms his independence to the Company, and the Company considers these Directors to be independent as such term is defined in the Listing Rules. There are no relationships among members of the Board, including between the Chairman of the Board and the Chief Executive Officer.

The Board meets in person at least on a quarterly basis and on such other occasions as may be required to discuss and vote upon significant issues affecting the Company. The Board meeting schedule for the year is planned in the preceding year. The Company Secretary assists the Chairman in preparing the agenda for meetings and the Board in complying with relevant rules and regulations. The relevant papers for the Board meetings are dispatched to Board members in accordance with the CG Code. Directors may include matters for discussion in the agenda if the need arises. Upon the conclusion of the Board meeting, minutes are circulated to all Directors for their comment and review prior to their approval of the minutes at the following or subsequent Board meeting. Transactions in which Directors are considered to have a conflict of interest or material interests are not passed by written resolutions and the interested Directors are not counted in the quorum and abstain from voting on the relevant matters.

All Directors have access to the Company Secretary, who is responsible for assisting the Board in complying with applicable procedures regarding compliance matters. Every Board member is entitled to have access to documents provided at the Board meeting or filed into the Company's minute-book. Furthermore, the Board has established the procedures pursuant to which a Director, upon reasonable request, may seek independent professional advice at the Company's expense in order for such Director to exercise such Director's duties. The Company Secretary continuously updates all Directors on the latest development of the Listing Rules and other applicable regulatory requirements to assist the Company's compliance with and maintenance of good corporate governance practices. Each new Director is provided with training with respect to such Director's responsibilities under the Listing Rules and other regulatory requirements and the Company's corporate governance policies and practices.

Please refer to the section entitled "Changes in Directorate and Update of Directors Information" below for further details on the changes in certain information relating to the Directors during the course of their respective terms of office.

CHANGES IN DIRECTORATE AND UPDATE OF DIRECTORS INFORMATION

Changes in the Members of the Board

As previously disclosed by the Company, there were the following changes in the members of the Board between the period from the date of the 2012 annual report and the date of the interim report:
