Item 1.01 Entry into a Material Definitive Agreement

On December 2, 2013, in connection with the Private Placement described in Item 8.01 below, NGL Energy Partners LP (the Partnership) entered into a registration rights agreement (the Registration Rights Agreement), by and among the Partnership and the purchasers set forth therein. Pursuant to the terms of the Registration Rights Agreement, within 90 days following December 2, 2013, the Partnership is required to prepare and file a registration statement (the Registration Statement) to permit the public resale of the common units representing limited partner interests in the Partnership (Common Units) sold to the purchasers in the Private Placement, as well as any Common Units issued in lieu of cash as liquidated damages under the Registration Rights Agreement, and to use its commercially reasonable efforts to cause the Registration Statement to become effective as soon as practicable after filing the Registration Statement.

If the Registration Statement is not declared effective within 90 days after the closing of the Private Placement, then the Partnership will be liable to the Purchasers for liquidated damages in accordance with a formula, and subject to the limitations, set forth in the Registration Rights Agreement. The liquidated damages are payable in cash or, if payment in cash would breach any covenant or cause a default under a credit facility or any other debt instrument filed by the Partnership as an exhibit to a report filed with the Securities and Exchange Commission, the liquidated damages are payable in Common Units. In addition, the Registration Rights Agreement grants the Purchasers piggyback registration rights under certain circumstances. These registration rights are transferable to affiliates of the Purchasers and, in certain circumstances, to third parties.

The description of the Registration Rights Agreement in this Item 1.01 is qualified in its entirety by reference to the full text of the Registration Rights Agreement, which is filed as Exhibit 4.1 hereto and is incorporated into this Item 1.01 by reference.

Item 2.01 Completion of Acquisition or Disposition of Assets

As previously reported, on November 5, 2013, the Partnership entered into an Equity Interest Purchase Agreement (the Acquisition Agreement) by and among the Partnership, High Sierra Energy, LP, a Delaware limited partnership and wholly-owned subsidiary of the Partnership, Gavilon, LLC (Gavilon Energy) and Gavilon Energy Intermediate, LLC (Seller), pursuant to which the Partnership agreed to acquire 100% of Seller's equity interest in Gavilon Energy, a midstream energy business with pipeline, terminal and storage assets located in Oklahoma, Texas and Louisiana (the Acquisition). On December 2, 2013, the Partnership completed the Acquisition for \$890 million in cash, including working capital. The Partnership funded the Acquisition with the net proceeds of the private placement described under Item 8.01 below and with borrowings under the Partnership's revolving credit facility. The description of the Acquisition Agreement in this Item 2.01 is qualified in its entirety by reference to the full text of the Acquisition Agreement, which is filed as Exhibit 2.1 hereto and is incorporated into this Item 2.01 by reference.

Item 8.01 Other Events

On December 2, 2013, the Partnership completed its previously announced private placement of an aggregate of 8,110,848 Common Units at a purchase price of \$29.59 per Common Unit (the Private Placement) pursuant to a Common Unit Purchase Agreement, dated November 5, 2013, by and among the Partnership and the purchasers named therein (the Purchase Agreement). Pursuant to the Purchase Agreement, the Private Placement was made in reliance upon an exemption from the registration requirements of the Securities Act of 1933, as amended (the Securities Act), pursuant to Section 4(a)(2) thereof, as a transaction by an issuer not involving any public offering.
