The Company is filing this current report on Form 8-K (Current Report) to provide revised segment reporting financial information with respect to the historical financial information included in its Annual Report on Form 10-K for the year ended September 1, 2016 (the Annual Report) in order to make such historical financial information consistent with the segment presentation set forth in the Company s Recent Quarterly Reports and consistent with how the Company expects to present segment information in its future filings. This Current Report does not reflect events occurring after the October 28, 2016 filing date of the Annual Report and does not modify or update the disclosures therein except to update the new measure of segment profitability and to add a subsequent events footnote to Item 8. Financial Statements and Supplementary Data, presented in Exhibit 99.2, for significant events that occurred during the interim time between the filing dates of the Annual Report and this Current Report. Accordingly, the Company is presenting this revised measure of segment profitability of the Annual Report as follows:
