## **Risk Factors**

Exchange Listing

Please see the Preliminary Offering Documents for a description of certain risks related to this investment, including, but not limited to, the following:

## Edgar Filing: CANADIAN IMPERIAL BANK OF COMMERCE /CAN/ - Form FWP

- Depending on the performance of the Market Measure as measured shortly before the maturity date, your investment may result in a loss; there is guaranteed return of principal.
- Payments on the notes, including any repayment of principal, are subject to the credit risk of CIBC, and actual or perceived changes in the creditwon CIBC are expected to affect the value of the notes. If CIBC becomes insolvent or is unable to pay its obligations, you may lose your entire investment.
- Your investment return is limited to the return represented by the Capped Value and may be less than a comparable investment directly in the Unc Stock.
- The initial estimated value of the notes on the pricing date will be less than their public offering price.
- If you attempt to sell the notes prior to maturity, their market value may be lower than both the public offering price and the initial estimated value on the pricing date.
- You will have no rights of a holder of the Underlying Stock, and you will not be entitled to receive any shares of the Underlying Stock or dividends of distributions by the issuer of the Underlying Stock.
- The issuer, MLPF&S and their respective affiliates do not control the Underlying Company and have not verified any disclosure made by the Unde Company. The Underlying Company will have no obligations relating to the notes.
- The Redemption Amount will not be adjusted for all corporate events that could affect the Underlying Stock.

Final terms will be set on the pricing date within the given range for the specified Market-Linked Investment. Please see the Preliminary Offering Documents for product disclosure, including related risks and tax disclosure.
