PROXY STATEMENT

FOR THE 2014 ANNUAL MEETING OF STOCKHOLDERS

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholders Meeting To Be Held on December 11, 2014

The proxy statement and annual report to stockholders for the fiscal year ended July 31, 2014 are available at <http://www.astproxyportal.com/ast/06536>.

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Synergetics USA, Inc., a Delaware corporation (the "Company"), 3845 Corporate Centre Drive, O'Fallon, Missouri 63368, for use at the 2014 Annual Meeting of Stockholders to be held on December 11, 2014, at 6:00 p.m. Central Time at Synergetics USA, Inc.'s headquarters located at 3845 Corporate Centre Drive, O'Fallon, Missouri 63368. The Board of Directors of the Company urges you to promptly execute and return your proxy in the enclosed envelope, even if you plan to attend the Annual Meeting. This is designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. This Proxy Statement and the enclosed proxy card are being mailed to the stockholders of the Company on or about November 14, 2014.

Any stockholder submitting a proxy may revoke such proxy at any time prior to its exercise by notifying the Secretary of the Company, in writing, prior to the Annual Meeting. Any stockholder attending the Annual Meeting may revoke his or her proxy and vote personally by notifying the Secretary of the Company at the Annual Meeting. For additional information on how to obtain directions to be able to attend the Annual Meeting and vote in person, please write to the Company's Secretary at Synergetics USA, Inc., 3845 Corporate Centre Drive, O'Fallon, Missouri 63368 or call (636) 939-5100. Only stockholders of record at the close of business on November 5, 2014 (the "Record Date"), will be entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof. At the close of business on the Record Date, the Company had 25,363,393 outstanding shares of common stock, \$0.001 par value per share (the "Common Stock"). Each share of Common Stock entitles the holder thereof to one vote for each share of Common Stock held of record on the Record Date on each matter that may properly come before the Annual Meeting. If you are a beneficial holder and do not provide specific voting instructions to your broker, under a recent rule change, the organization that holds your shares will not be authorized to vote on the election of directors. If you are a beneficial owner of shares held by your broker, we recommend that you submit the enclosed voting instruction form to your broker as soon as possible. We encourage you to vote promptly, even if you plan to attend the Annual Meeting.

If the accompanying proxy card is signed and returned, the shares represented thereby will be voted in accordance with the directions on the proxy card. Unless a stockholder specifies otherwise therein, the proxy will be voted in accordance with the recommendations of the Board of Directors on all proposals. The presence in person or by proxy of a majority of the voting power represented by outstanding shares of Common Stock will constitute a quorum for the transaction of business at the Annual Meeting.

If a quorum is present, the affirmative vote of a majority of the shares entitled to vote which are present in person or represented by proxy at the Annual Meeting is required to elect the director nominee and to approve each other

proposal to be voted upon at the Annual Meeting. Shares represented by proxies which are marked or voted (i) “abstain” with respect to the election of the director nominee and remaining proposals to be voted upon at the Annual Meeting, or (ii) to deny discretionary authority on other matters will be counted for the purpose of determining the number of shares represented by proxy at the meeting. Such proxies will thus have the same effect as if the shares represented thereby were voted against such nominee and against the remaining proposals. Shares held by brokers that do not have discretionary authority to vote on a proposal and have not received voting instructions from their clients are considered “broker non-votes.” Broker non-votes are considered present or represented for purposes of determining a quorum but will not be considered in determining the number of votes necessary for approval and will have no effect on the outcome of the vote for the director nominee or the remaining proposals. As such, for your vote to be counted if you are the beneficial owner of shares held by your broker, you must submit your voting instruction form to your broker.

PROPOSAL 1 — ELECTION OF DIRECTOR

The Company’s Amended and Restated Bylaws provide that the Board shall consist of not less than five nor more than 11 members, the exact number of which shall be determined by the Board. The number of directors on the Company’s Board of Directors is currently set at six directors, divided into three classes—Class A, Class B and Class C—with each class serving three-year staggered terms.

On October 28, 2014, Guy R. Guarch announced his retirement as a Class B member of the Company’s Board, effective immediately. On October 29, 2014, Robert H. Dick announced his retirement from the Board upon the expiration of his term as a director and Chairman of the Board of the Company at the Company’s 2014 Annual Meeting. Effective upon Mr. Dick’s retirement at the 2014 Annual Meeting, the Board has reduced its size to five members.

On September 23, 2013, the Board, upon the recommendation of the Nominating and Corporate Governance Committee, elected Mr. Robert H. Blankemeyer as a member of the Board to fill the vacancy created by the resignation of Patricia S. Williams, a former member of the Board. Mr. Blankemeyer and Juanita H. Hinshaw serve as the Class A directors, with terms expiring at the 2015 Annual Meeting. Lawrence C. Cardinale and D. Graeme Thomas serve as the Class B directors, with terms expiring at the 2016 Annual Meeting. Mr. Dick and David M. Hable serve as the Class C directors, with terms expiring at the 2014 Annual Meeting. Five of these six directors, including Messrs. Blankemeyer, Cardinale, Dick and Thomas and Ms. Hinshaw, satisfy the definition of an independent director set forth in the listing standards of the Nasdaq Stock Market Inc. (“Nasdaq”) and the Company’s Corporate Governance Guidelines (each, an “Independent Director” and collectively the “Independent Directors”).

The Company’s Nominating and Governance Committee has appointed and the Board of Directors of the Company recommends a vote FOR Mr. Hable to serve as a director of the Company. If elected, Mr. Hable will serve until the annual election of directors in the year 2017 or until his successor is duly elected and qualified, or his earlier death, resignation or removal. If Mr. Hable is unavailable for election, an event which the Board of Directors of the Company does not presently anticipate, the persons named in the enclosed proxy intend to vote the proxies solicited hereby FOR the election of such other nominee as may be nominated by the Board of Directors. For information regarding revocation of a proxy, see “General Information” on Page 1.

Based on the recommendation of the Nominating and Corporate Governance Committee, the nominee has been approved unanimously by the Board of Directors of the Company for re-election. Below is biographical and other information about the nominee for election as director and each current director whose term continues after the Annual Meeting. Following the nominee’s or director’s biographical information is information concerning the particular experience, qualifications, attributes and/or skills that led the Nominating and Governance Committee and the Board to determine that the nominee should serve as a director, or each director should continue to serve as a director, as the case may be.

CORPORATE GOVERNANCE

The Board recognizes that one of its key responsibilities is to evaluate and determine the optimal leadership structure of the Board. The Independent Directors ensure such structure provides independent oversight of Company’s management. The Board also recognizes no single leadership structure is right for all companies at all times. Accordingly, the Board periodically reviews its leadership structure as necessary to accomplish its management oversight responsibilities.

On behalf of the stockholders, the Board oversees and guides the Company’s management and its business affairs. Board committees, staffed by Independent Directors, assist the Board in discharging its responsibilities. The Independent Directors recommend the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee structures to the Board for ratification. In its oversight of the Company, the Board sets the tone for the ethical standards and performance of management, staff and the Company as a whole. The Independent Directors constituting the Nominating and Corporate Governance Committee recommended to the Board, and the Board has adopted Corporate Governance Guidelines that guide the practices of the Company. The Corporate Governance Guidelines are available on the Company’s website at www.synergeticsusa.com.

Consistent with the Company’s Bylaws and Corporate Governance Guidelines, the roles of Chairperson of the Board and Chief Executive Officer may be separated. The Board has determined that it is appropriate to separate the roles of Chairman and Chief Executive Officer in recognition of the differences between the two roles, and to better serve the interests of the stockholders. The Chief Executive Officer, in conjunction with senior management, is responsible for developing and recommending to the Board the strategic direction for the Company, and for the day-to-day leadership of the Company. The Chief Executive Officer is also responsible, together with senior management, for the overall performance of the Company, with such performance measurement based on operating and strategic plans ratified at various times by the Board. The duties of the Chairperson include, but are not limited to:

Presiding over all meetings of the Board,

Preparing the agenda for Board meetings in consultation with other Independent Directors, the Chief Executive Officer and members of senior management,

Providing the Chief Executive Officer ongoing direction regarding Independent Director, Board Committee and Board needs, interests, opinions and decisions,

Calling and presiding over meetings of the Independent Directors,

Serving on any Special Committees as may be appointed by the Nominating and Corporate Governance Committee,

Managing the Board's process for annual evaluation of the Chief Executive Officer, and

Such other activities as may from time-to-time be determined by the Board to be in the best interests of the stockholders.

In carrying out his responsibilities, the Chairman preserves the distinction between management and Board oversight by maintaining management's responsibility for: (i) developing and frequently updating corporate strategy, and recommending such strategy to the Board for critique and ratification, (ii) taking such actions as necessary to minimize risks to the Company and the stockholders and (iii) the overall performance of the Company, with such performance measurement based on operating and strategic plans ratified at various times by the Board.

The Board believes that there are advantages to the separate Chairman and Chief Executive Officer positions, including:

Enhanced communications and relations between the Board, the Chief Executive Officer and other members of senior management,

Assisting the Board in reaching consensus on particular strategies and policies, and

Facilitating robust director, Board and Chief Executive Officer evaluation processes.

The Company's Corporate Governance Guidelines provide that Independent Directors should meet privately in executive session after each Board meeting, after each Board committee meeting and otherwise as needed. During fiscal 2014, the Independent Directors held six meetings in conjunction with regularly scheduled Board meetings and four special meetings for a total of ten meetings. Each of our directors attended at least 75% of all the meetings of the Board and those committees on which he or she served during fiscal year 2014, either in person or telephonically. The Board of Directors encourages all members to attend stockholder meetings, but has not adopted a formal policy regarding attendance. All of the Company's directors attended last year's annual stockholders meeting.

Risk Management Oversight

The Board is actively involved in the oversight of risks that could affect the Company. This oversight is conducted primarily through committees of the Board, but the full Board has retained responsibility for general oversight of risks. The Audit Committee oversees management of financial and information technology risks. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. The Board satisfies its responsibility for general oversight of risks through reports by each committee chair regarding the committee's deliberations and actions, as well as minutes from the meetings and through regular reports directly from officers responsible for oversight of particular risks within the Company.

Director Independence

The Board of Directors has determined that each of Messrs. Blankemeyer, Cardinale, Dick and Thomas and Ms. Hinshaw is an Independent Director, and until his retirement effective October 28, 2014, determined that Mr. Guarch was an Independent Director. In addition, the Board of Directors has determined that each of the members of the Audit Committee and Compensation Committee satisfies the additional conditions for independence for Audit Committee and Compensation Committee members required by Nasdaq.

Board Committees

The Board of Directors maintains the following three standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and from time to time, the Nominating and Corporate Governance Committee may appoint a Special Committee of Independent Directors to deal with such matters as described in the charter. Each of these committees operates pursuant to a written charter setting forth the functions and responsibilities of the committee. The standing committee charters may be reviewed on our website at www.synergeticsusa.com and are also available to stockholders in print upon request.

Audit Committee

The Audit Committee is composed entirely of Independent Directors and is responsible for the appointment, evaluation, compensation and oversight of the work of the independent registered public accounting firm and, where appropriate, the replacement of the independent registered public accounting firm. Furthermore, the Audit Committee is responsible for meeting with the independent registered public accounting firm and other corporate officers to review matters relating to financial reporting and accounting procedures and policies. Among other responsibilities, the Audit Committee also reviews financial information provided to stockholders and others, assesses the adequacy of financial, accounting, operating and disclosure controls, evaluates the scope of the audits of the independent registered public accounting firm and internal auditors, and reports on the results of such audits to the Board of Directors. The current members of the Audit Committee are Ms. Hinshaw (Chairperson), Mr. Cardinale and Mr. Dick, each of whom meet all applicable standards for Audit Committee membership under the Nasdaq listing standards and Securities and Exchange Commission (“SEC”) rules. Additionally, the Board of Directors has determined that Ms. Hinshaw qualifies as an “audit committee financial expert” as such term is defined under applicable SEC rules. The Audit Committee held four meetings during the last fiscal year.

In connection with Mr. Dick’s retirement at the 2014 Annual Meeting, and effective upon his retirement, the Board has appointed Mr. Blankemeyer to serve as a member of the Audit Committee. The Board has determined that Mr. Blankemeyer meets all applicable standards for Audit Committee membership under the Nasdaq listing standards and SEC rules

Compensation Committee

The Compensation Committee is composed entirely of Independent Directors and is responsible for administering the Company’s compensation programs and recommending to the Board of Directors other compensation and benefits of the Chief Executive Officer and all named executive officers. The current members of the Compensation Committee are Mr. Thomas (Chairperson), Mr. Blankemeyer, Mr. Dick and Ms. Hinshaw, each of whom meet all applicable standards for Compensation Committee membership under the Nasdaq listing standards. The Compensation Committee held 12 meetings during the last fiscal year. Effective with his retirement at the 2014 Annual Meeting, Mr. Dick will no longer serve on the Compensation Committee.

The Compensation Committee meets after the end of each fiscal year to determine and recommend to the Board for approval the compensation packages for executive officers in light of the Company’s compensation philosophy and objectives. The Compensation Committee considers recommendations from the Chief Executive Officer as to compensation for each executive officer based upon their performance against Company and personal objectives, other than himself. The Compensation Committee has full responsibility to recommend to the Independent Directors of the Board the compensation package of the Chief Executive Officer and the named executive officers. The Compensation Committee may not delegate its authority regarding executive compensation.

Nominating and Corporate Governance Committee

The members of the Company’s Nominating and Corporate Governance Committee are Mr. Cardinale (Chairperson), Mr. Blankemeyer and Mr. Thomas, each of whom is an Independent Director. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board of Directors, recommending to the Board of Directors the director nominees to be proposed for election by the stockholders and recommending to the Board of Directors corporate governance guidelines and procedures applicable to the Company. The Nominating and Corporate Governance Committee held five meetings during the last fiscal year.

From time to time, the Nominating and Corporate Governance Committee may appoint a Special Committee of Independent Directors to deal with such matters as described in the committee charter.

The Nominating and Corporate Governance Committee will consider director nominees recommended by stockholders of the Company. Each stockholder must comply with applicable requirements of the Company's Amended and Restated Bylaws and the Exchange Act with respect to the nomination of, or proposal of, nominees for election as directors of the Company. Stockholders should submit any such nominations, together with appropriate biographical information and a description of the nominee's qualifications to serve as director, to the Chairperson of the Nominating and Corporate Governance Committee, c/o Pamela G. Boone, Secretary, Synergetics USA, Inc., 3845 Corporate Centre Drive, O'Fallon, Missouri 63368. The Company's Corporate Governance Guidelines do not require that qualified director candidates should be limited by specific selection criteria. Candidates are selected for, among other things, their independence, integrity, diverse experience, leadership ability, ability to exercise sound judgment, scientific expertise, experience at policy-making levels involving issues affecting business, government, education and technology, and experience relevant to the Company's global medical device business. While there is no formal policy with respect to diversity, the Nominating and Corporate Governance Committee does consider such issues as diversity of education, professional experience, differences of viewpoints and skills when assessing individual director nominees. Final approval of a candidate is determined by the full Board of Directors. Nominees to be evaluated by the Nominating and Corporate Governance Committee for future vacancies on the Board of Directors will be selected by the Nominating and Corporate Governance Committee from candidates recommended by multiple sources, including members of the Board of Directors, senior management, independent search firms, stockholders and other sources, all of whom will be evaluated based on the same criteria.

Code of Business Conduct and Ethics

The Company has established a Code of Business Conduct and Ethics, which is applicable to all of its employees, officers and directors. The Code is available on the Company's website at www.synergeticsusa.com and also available to stockholders in print upon request. We intend to post any future amendments and revisions to the Code of Business Conduct and Ethics on our website.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee is, or was during the fiscal year ended July 31, 2014, an officer, former officer or employee of the Company or any of its subsidiaries, or a person having a relationship requiring disclosure by the Company pursuant to Item 404 of Regulation S-K. No executive officer of the Company served as a member of (i) the compensation committee of another entity of which one of the executive officers of such entity served on the Company's Compensation Committee or (ii) the board of directors of another entity of which one of the executive officers of such entity served on the Company's Board, during the fiscal year ended July 31, 2014.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Stockholders may communicate directly with the Board of Directors, as a group, or any individual director by submitting written correspondence addressed to the Board or an individual director at Synergetics USA, Inc., 3845 Corporate Centre Drive, O'Fallon, Missouri 63368. All communications are relayed to the appropriate Board member or members.

DIRECTOR COMPENSATION

Directors who are neither employees of the Company nor an immediate family member of an officer of the Company receive the following compensation:

<u>Type</u>	Chairperson	Member
Board Meeting	\$ 1,250	\$ 950
Committee Meeting	\$ 1,100	\$ 950
Telephonic Independent Director Meeting	\$ 750	\$ 650
Business Meeting	\$ 950	\$ 950

Directors who are also employees of the Company do not receive compensation for their services as members of the Board of Directors. In addition, the Independent Directors receive compensation at their standard Board meeting rate per day for each day spent at the Company and each day spent away from personal business on Company business.

Compensation for members of the Board has been established and will be reviewed annually by the Board of Directors. Except as described above, no executive officer plays a role in determining the amount of director compensation. The Compensation Committee considers the amount of time directors dedicate to Company matters and the need to attract and retain qualified directors when determining Board compensation.

To align the interests of directors with those of the Company's stockholders, each Independent Director also receives an option to purchase 10,000 shares of the Company's Common Stock each year in which he or she is elected, appointed, or continues to serve as a director pursuant to the Amended and Restated Synergetics USA, Inc. 2005 Non-Employee Directors' Stock Option Plan, as amended. These options vest pro-ratably on a quarterly basis over the Independent Director's next year of service on the Board.

The following table discloses compensation paid for the fiscal year ended July 31, 2014 to the directors for serving as members of the Board. Because he is a management director, there is no director compensation to report for Mr. Hable

during the fiscal year ended July 31, 2014. Compensation for Mr. Blankemeyer is disclosed from September 23, 2013, the date of his election to the Board. Mr. Guarch retired effective October 28, 2014, and Mr. Dick will retire upon the expiration of his term at the 2014 Annual Meeting.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

The following Compensation Discussion and Analysis describes the material elements of compensation for our named executive officers.

Executive Compensation Philosophy and Objectives

The Compensation Committee believes that compensation paid to our named executive officers should accomplish the following objectives:

- Reflect the accomplishment of corporate and individual objectives, and
- Assist the Company in attracting, motivating and retaining superior talent.

Our compensation program is intended to motivate our named executive officers to achieve our business objectives and to align their financial interests with those of our stockholders. These objectives are furthered by a compensation philosophy that is based on the following:

Accountability and Recognition for Individual and Corporate Performance: Compensation should depend, in part, on the Company's overall performance and on each executive officer's performance in order to motivate and reward success. The Compensation Committee has provided for a portion of the overall compensation packages to be tied to performance through the payments of annual incentive awards in the form of cash incentive bonuses and the grant of long-term incentive awards in the form of stock options and restricted stock.

Competition with the Market: Base salaries should generally be competitive with officers with similar positions at companies within our industry and market, subject to individual adjustments as discussed below when applicable.

Compensation Determination Process

Our Compensation Committee is responsible for establishing, implementing and monitoring our executive compensation program. The Compensation Committee consists of Messrs. Thomas, Blankemeyer and Dick and Ms. Hinshaw, each of whom is an Independent Director and satisfies all applicable standards for Compensation Committee membership under the Nasdaq listing standards. Effective upon his retirement from the Board, Mr. Dick will no longer be a member of the Compensation Committee.

The Compensation Committee typically meets following each fiscal year end to (i) consider and approve salary changes and annual incentive bonuses, if any; (ii) determine and approve long-term incentive awards, if any; and (iii) approve goals recommended by management for the annual incentive program.

In making its determinations regarding compensation, the Compensation Committee evaluates corporate performance and each executive officer's individual performance. The Compensation Committee utilizes survey sources to determine market-competitive compensation levels for each of the named executives considering the Company's overall revenue size, the duties performed by each executive and the overall performance of the Company relative to similar companies, as defined immediately below. In addition, the Compensation Committee does review compensation and relative performance data from the following companies (collectively, the "Peer Group"):

Atricure, Inc. ("Atricure") is a leading atrial fibrillation solutions partner providing innovative products, professional education and support for clinical science. The Compensation Committee reviews the executive officer compensation packages of the Peer Group in connection with its executive officer compensation determinations. The Compensation Committee does target the 50th percentile for the executive officer compensation packages in utilizing the Peer Companies’ compensation data for purposes of setting executive officer compensation.

In fiscal 2014, the Compensation Committee hired CBIZ Human Capital Services (“CBIZ”) to provide compensation consulting services with respect to the fiscal 2014 compensation program. When the Committee retained CBIZ, it did not direct CBIZ to perform its services in any particular manner or under any particular method, and all decisions with respect to the named executive officers’ compensation were made by the Committee. The Company has no relationship with CBIZ or its employees other than the relationship undertaken by the Committee for compensation consulting services. Furthermore, the Committee evaluated CBIZ and its employees under the criteria for evaluating the independence of compensation consultants as set forth in the Nasdaq listing rules and has determined that CBIZ and its employees were, and are, independent.

The mix of the Company's cash and non-cash compensation and short- and long-term compensation is not subject to a specific policy. Instead, the Compensation Committee considers the Peer Companies' compensation data in light of the Company's compensation philosophies and objectives outlined above, as well as corporate and individual performance, and makes gradual changes over time as necessary to further these compensation goals. The methodology provides for the Chief Executive Officer to make recommendations to the Compensation Committee regarding proposed salary changes, incentive bonuses and equity compensation awards, if any, for each executive officer other than himself. The Chief Executive Officer also recommends the Company-wide performance goals on which at least part of each officer's total compensation is based, as well as the individual performance goals for all executive officers. The Compensation Committee considers these recommendations from the Chief Executive Officer, as well as other factors it believes are relevant, and determines the compensation packages of the executive officers.

Effective December 31, 2013, Dr. Malis retired from his position as the Company's Executive Vice President and Chief Scientific Officer. In connection with his retirement, the Company and Dr. Malis entered into a letter agreement on December 21, 2013, setting forth the terms of Dr. Malis's retirement compensation. The terms of the agreement provide that Dr. Malis shall receive an amount equal to \$283,832 payable in installments throughout 2014 and \$32,750 for accrued vacation time. In addition, all of Dr. Malis' unvested restricted stock and stock options granted pursuant to the Company's Second Amended and Restated 2001 Stock and Performance Incentive Plan (the "2001 Stock Plan") vested on January 1, 2014 and remain subject to the terms of the 2001 Stock Plan, provided, however, that all vested stock options held by Dr. Malis at any time during 2014 shall be exercisable until January 15, 2015. The Company shall pay Dr. Malis' health insurance premiums during the remainder of calendar 2014. Dr. Malis has agreed to provide limited consulting services to the Company according to the terms of his retirement agreement until December 31, 2014 and is bound by non-compete and non-solicitation obligations through December 31, 2015. Compensation received by Dr. Malis pursuant to his retirement agreement is included in the compensation amounts reported in this Proxy Statement as applicable.

Elements of Compensation

Base Salary. As noted above, the Compensation Committee bases salary decisions on a combination of Company and individual performance and Peer Group salary ranges. Company performance is based on the achievement of the Company's goals as set forth in its annual financial plan, which is discussed in further detail below. The Compensation Committee establishes specific individual performance objectives for purposes of determining salary increases, but bases its decisions on its evaluation of (i) each named executive officer's general performance over the prior fiscal year, taking into consideration the accomplishment scores each receive, as more fully described below; (ii) the scope of each officer's duties and responsibilities; (iii) each officer's experience and expertise; and (iv) the Peer Group range data for similar positions. The Compensation Committee seeks input from Mr. Hable in evaluating the named executive officers other than himself.

When evaluating competitiveness, the Compensation Committee evaluates the salaries of officers with similar positions at the Peer Companies. As noted above, in reviewing comparative data, the Compensation Committee does benchmark to the 50th percentile for the purpose of establishing salary levels, but will make adjustments depending on the factors listed above. In the Compensation Committee's view, this external data provides insight into competitiveness, but is not an appropriate single factor in determining base salaries. Rather, the Compensation Committee, as noted above, generally considers overall performance of the Company and the named executive officers' accomplishment scores on the functional and personal objectives (described below) when making compensation decisions for base salary adjustments.

The base salaries of each of Messrs. Hable, Malis, Fanning and Stroisch and Ms. Boone in fiscal 2014 are reflected in the Summary Compensation Table and were determined according to the methodology discussed above, based in part on the Peer Group data provided by CBIZ for fiscal 2014 compensation. The Peer Group data provided by CBIZ is based on the compensation paid by our Peer Group as of January 31, 2014. Because Dr. Malis retired effective December 31, 2013, he did not receive any increase to his July 31, 2013 salary but was instead compensated pursuant to the terms of his retirement agreement described above.

<u>Name</u>	<u>Fiscal 2014 Salary</u>	<u>January 31, 2014 Peer Group Range (25th to 75th Percentile)</u>		<u>Percentile in 2014 Peer Group Range</u>
David M. Hable	\$ 421,070	\$ 292,737	\$ 501,776	50% to 75%
Pamela G. Boone	\$ 286,395	\$ 181,482	\$ 284,799	>75%
Jason J. Stroisch	\$ 269,100	\$ 172,797	\$ 251,517	>75%
Michael Fanning	\$ 229,160	\$ 192,590	\$ 248,700	50% to 75%

Incentive Compensation. The Compensation Committee and Company management believe the establishment of clear objectives with periodic measurement of results is an effective method for focusing resources, communicating mission and strategy for the period, and in determining the individual named executive officer's contribution to the achievement of Company goals. Accordingly, the Company implemented a method for establishing clear, measurable objectives for the named executive officers, divided into two categories:

- Company-wide objectives, and
- Functional and personal development objectives.

In determining the fiscal 2014 incentive compensation, the Committee considered both Company-wide objectives and each named executive officer's functional and personal development objectives. For Mr. Hable and Ms. Boone, Company-wide objectives were weighted as 100% of the incentive bonus opportunity and for Mr. Stroisch and Mr. Fanning, Company-wide objectives were weighted as 60% and the functional and personal development objectives

were weighted as 40% of the cash bonus opportunity. Each year, the Compensation Committee establishes the Company-wide objectives and the functional and personal objectives for the executive officers with input from the Chief Executive Officer.

Company-wide goals are recommended to the Board of Directors by management at reasonable levels each year to motivate the named executive officers to succeed and focus on both short- and long-term Company objectives. Target goals are designed to be reasonable and as such, the Committee believes that bonuses are deserved if an executive achieves greater than 90% of their cumulative Company-wide and/or functional and personal objectives.

Company-wide objectives established for fiscal 2014 were:

- Sales of \$68.4 million; and
- Operating Income of \$5.7 million.

In 2014, these Company-wide objectives were weighted at 75% and 25%, respectively. In 2014, the Company-wide goals were 91% achieved.

Accomplishments at the end of the period are compared to objectives set at the beginning of the period with “scoring” of each objective relative to 100% accomplishment of the objective. The scores for each category are then averaged, and the average score is translated to a percentage of base salary in accordance with the following scale.

Named Executive Officer	Named Executives’ Percentage of Base Salary
David M. Hable (based solely on Company-Wide Objectives)	
90% to 99%	15% to 46%
100% to 109%	50% to 94%
Over 110%	100%
Pamela G. Boone (based solely on Company-Wide Objectives)	
90% to 99%	10% to 23%
100 to 109%	25% to 55%
Over 110%	60%
Jason J. Stroisch & Michael R. Fanning (based 60% on Company-Wide Objectives and 40% on Functional Objectives)	
90% to 99%	8% to 18%
100% to 109%	20% to 42%
Over 110%	45%

The Compensation Committee retains full discretion in awarding incentive compensation to the named executive officers, including adjustment of the amounts to be received as calculated under this methodology.

Because Dr. Malis retired effective December 31, 2013, he is not eligible to receive a bonus.

Equity Awards. The Compensation Committee grants equity-based compensation as part of the executive officers’ compensation. The Committee typically targets the value of annual equity awards to fall within the 50th percentile of the Company’s market competitive compensation data and has the discretion to award both options and restricted stock. However, in fiscal 2014, the awards were limited by the shares remaining available for issuance under the 2001 Stock Plan. The shares available for issuance to the named executive officers were allocated in the discretion of the Compensation Committee based upon an evaluation of each individual’s performance during the prior fiscal year.

Pursuant to the Company’s 2001 Stock Plan, employees, including our executive officers, of, and consultants and advisors to, our Company and its subsidiaries are eligible to receive awards of incentive and non-statutory stock options, restricted stock and unrestricted common stock. While the Compensation Committee considers the recommendations of management, the Compensation Committee has the exclusive authority and sole discretion to administer the 2001 Stock Plan, including the power to determine eligibility, the types and sizes of awards, the price

and timing of awards and the acceleration or waiver of any vesting restriction, subject to the limitations set forth in the 2001 Stock Plan.

Pursuant to the terms of the 2001 Stock Plan, stock options with respect to no more than 100,000 shares of Common Stock may be granted to any individual participant during any one calendar year period. Options granted pursuant to the 2001 Stock Plan are subject to the terms of the option agreement related to the specific grant; provided, however, that (i) the term of any incentive stock option granted to a non-10% stockholder of the Company pursuant to the 2001 Stock Plan may be no more than 10 years from the date of grant, and (ii) the term of any incentive stock option granted to a 10% stockholder of the Company pursuant to the 2001 Stock Plan may be no more than five years from the date of grant.

Incentive stock options must be granted at no less than the fair market value of the Company's Common Stock on the grant date; provided, however, that incentive stock options granted to 10% stockholders must be granted at no less than 110% of such fair market value. Non-statutory stock options must be granted at no less than 85% of the fair market value of the Company's Common Stock on the date of grant.

Generally, to the extent that an optionee's employment with the Company is terminated other than for cause, the optionee may, but only within 90 days (or such other period of time as determined by the Board of Directors) after such date of termination, but in no event later than the expiration date of the option as set forth in the respective option agreement, exercise his or her options to the extent the optionee was entitled to exercise the option at the date of termination.

Pursuant to the terms of the 2001 Stock Plan, restricted stock awards may also be granted. Restricted stock awards are subject to such restrictions and conditions as the Compensation Committee determines. Such conditions may be based on continuing employment and/or achievement of pre-established performance goals and objectives. If the recipient violates any of the restrictions during the period specified by the Committee or the performance standards fail to be satisfied, the restricted stock is forfeited.

In connection with his retirement effective December 31, 2013, all of Dr. Malis' unvested restricted stock and stock options granted pursuant to the 2001 Stock Plan vested on January 1, 2014 and remain subject to the terms of the 2001 Stock Plan, provided, however, that all vested stock options held by Dr. Malis at any time during 2014 shall be exercisable until January 15, 2015.

Other Employment Benefits. The named executive officers are provided with a limited number of de minimus perquisites and are eligible to participate in the Company's health, 401(k) and other benefit plans available generally to all Company employees on the same terms as all Company employees.

Severance and Other Post-Termination Benefits. Each of Messrs. Hable, Fanning and Stroisch and Ms. Boone have change in control agreements with the Company. The change in control agreements provide that if employment is terminated within one year for cause or disability following a change in control (as each term is defined in the change in control agreements), as a result of the officers' death, or by the officer other than as an involuntary termination (as defined in the change in control agreements), the Company shall pay the officer all compensation earned or accrued through his or her employment termination date, including (i) base salary; (ii) reimbursement for reasonable and necessary expenses; (iii) vacation pay; (iv) bonuses and incentive compensation; and (v) all other amounts to which they are entitled under any compensation or benefit plan of the Company ("Standard Compensation Due").

If the officer's employment is terminated within one year following a change in control without cause and for any reason other than death or disability, including an involuntary termination, and provided the officer enters into a separation agreement within 30 days of his or her employment termination, he or she shall receive the following: (i) all Standard Compensation Due and any amount payable as of the termination date under the Company's objectives-based incentive plan, the sum of which shall be paid in a lump sum immediately upon such termination; and (ii) an amount equal to one times his or her annual base salary at the rate in effect immediately prior to the change in control, to be paid in 12 equal monthly installments beginning in the month following his or her employment termination. Furthermore, all of the officer's awards of shares or options shall immediately vest and be exercisable for one year after the date of his or her employment termination.

On December 21, 2013, the Company and Dr. Malis entered into a retirement agreement in connection with Dr. Malis' retirement from his position as the Company's Executive Vice President and Chief Scientific Officer. The terms of the retirement agreement are described above.

Impact of Tax Treatments of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the Chief Executive Officer or to any of the other four most highly compensated executive officers of a publicly held corporation will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). In general, stock options and restricted stock granted under our 2001 Stock Plan are intended to qualify under and comply with the "performance based

compensation” exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives pursuant to such stock options. The Compensation Committee intends to review periodically the potential impacts of Section 162(m) in structuring and administering our compensation programs.

Report of the Compensation Committee

In the performance of its oversight function for the year ended July 31, 2014, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K. Based upon such review and discussions, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

CHANGE IN CONTROL AGREEMENTS

Each of Messrs. Hable, Fanning and Stroisch and Ms. Boone have entered into change in control agreements with the Company. The change in control agreements have rolling one-year terms and expire 30 days after the executive's employment is terminated. Payments to which the executive is due under the change in control agreement are not subject to reduction in the event he or she receives other compensation for services rendered after termination of employment, and the executive is under no duty to mitigate any payments.

The change in control agreements provide that if the executive's employment is terminated within one year following a change in control for cause or disability (as both are defined in the change in control agreement), as a result of his or her death or by the executive other than as Involuntary Termination (as defined in the change in control agreement), the Company shall pay to the executive all compensation earned or accrued through the employment termination date, including (i) base salary; (ii) reimbursement for reasonable and necessary expenses; (iii) vacation pay; (iv) bonuses and incentive compensation; and (v) all other amounts to which he or she is entitled under any compensation or benefit plan of the Company ("Standard Compensation Due").

If Messrs. Hable, Fanning or Stroisch or Ms. Boone is terminated within one year following a change in control without cause and for any reason other than death or disability, including involuntary termination, and provided the executive enters into a separation agreement within 30 days of the employment termination, the executive shall receive an amount equal to the sum of the following: (i) all Standard Compensation Due; (ii) an amount equal to one times the annual base salary at the rate in effect immediately prior to the change in control; and (iii) any amount payable as of the termination date under the Company's objectives-based incentive plan. Such amount shall be paid in 12 equal monthly installments beginning in the month after such termination. Furthermore, all awards of shares or options shall immediately vest and be exercisable for one year after the date of involuntary employment termination.

As defined in the change in control agreement, a "change in control" means: (i) the acquisition by any person (as defined in the change in control agreement) of securities of the Company representing 51% or more of the combined voting power of the Company's outstanding voting securities; (ii) a change in the composition of the Board of Directors of the Company such that during any period of up to two consecutive years, individuals who constitute members of the Board of Directors at the beginning of the period cease to constitute the majority thereof; and (iii) the closing of certain mergers or consolidations of the Company with any other corporation.

The table below presents potential payments to each of our named executive officers, other than Dr. Malis, as if the officer's employment had been terminated as of July 31, 2014, the last day of fiscal 2014, within one year following a change in control without cause and for any reason other than death or disability, including involuntary termination, and provided the executive enters into a separation agreement within 30 days of the employment termination.

Named Executive Officer	Salary	Stock	
		Compensation	Total
David M. Hable	\$421,070	\$ 167,377	\$588,447
Pamela G. Boone	\$286,395	\$ 180,816	\$467,211
Michael R. Fanning	\$229,160	\$ 130,475	\$359,635
Jason J. Stroisch	\$269,100	\$ 138,138	\$407,238

If any named executive officer was terminated within one year following a change in control for cause, disability, death or by the executive other than as involuntary termination, the executive officer would be entitled to their Standard Compensation Due, all of which would have been accrued as of July 31, 2014 except for bonuses. If the triggering termination event had occurred on July 31, 2014, bonuses due to the named executive officers as of July 31, 2014, would have been as follows: Mr. Hable -- \$75,793, Ms. Boone -- \$31,503, Mr. Fanning -- \$28,187 and Mr. Stroisch -- \$58,933 as determined by the Compensation Committee.

Effective December 31, 2013, Dr. Malis retired from his position as the Company's Executive Vice President and Chief Scientific Officer. In connection with his retirement, the Company and Dr. Malis entered into a letter agreement on December 21, 2013, setting forth the terms of Dr. Malis' retirement compensation. The terms of the agreement provide that Dr. Malis shall receive an amount equal to \$283,832 payable in installments throughout 2014 and \$32,750 for accrued vacation time. In addition, all of Dr. Malis' unvested restricted stock and stock options granted pursuant to the Company's Second Amended and Restated 2001 Stock and Performance Incentive Plan (the "2001 Stock Plan") vested on January 1, 2014 and remain subject to the terms of the 2001 Stock Plan, provided, however, that all vested stock options held by Dr. Malis at any time during 2014 shall be exercisable until January 15, 2015. The Company shall pay Dr. Malis' health insurance premiums during the remainder of calendar 2014. Dr. Malis has agreed to provide limited consulting services to the Company according to the terms of his retirement agreement until December 31, 2014 and is bound by non-compete and non-solicitation obligations through December 31, 2015.

The Company entered into a retirement agreement with Dr. Malis in connection with his retirement, effective December 31, 2013. As disclosed elsewhere in this Proxy Statement, the terms of the agreement provide that Dr. Malis shall receive an amount equal to \$283,832 payable in installments throughout 2014 and \$32,750 for accrued vacation time. In addition, the vesting of certain of Dr. Malis' restricted stock and stock options was accelerated.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.

ANNUAL REPORT ON FORM 10-K

Along with mailing the proxy materials, we have included a copy of our Annual Report on Form 10-K for the fiscal year ended July 31, 2014. We will provide stockholders with additional copies of our Annual Report on Form 10-K for the fiscal year ended July 31, 2014, without charge, upon written request to Pamela G. Boone, Secretary, Synergetics USA, Inc., 3845 Corporate Centre Drive, O'Fallon, Missouri 63368.

“HOUSEHOLDING” OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

A number of brokers with accountholders who are stockholders will be householding our proxy materials. As indicated in the notice previously provided by these brokers to stockholders, a single proxy statement and annual report will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise.

Stockholders who currently receive multiple copies of the proxy materials at their address and would like to request householding of their communications should contact their broker or, if a stockholder is a direct holder of shares of our Common Stock, they should submit a written request to our transfer agent, American Stock Transfer & Trust Company, 6201 15th Avenue, Brooklyn, New York 11219.

To delist yourself from householding in the future you may write the Company at 3845 Corporate Centre Drive, O’Fallon, Missouri 63368, Attention: Pamela G. Boone or call (636) 939-5100. Upon written or oral request directed to the Company at the address or phone number listed above, we will deliver promptly a separate copy of the proxy materials.

STOCKHOLDER PROPOSALS FOR 2015 ANNUAL MEETING OF STOCKHOLDERS

Stockholder proposals submitted for inclusion in the proxy statement and form of proxy for the 2015 Annual Meeting of Stockholders must be received at the corporate offices of the Company, addressed to the attention of Ms. Pamela G. Boone, Secretary, Synergetics USA, Inc. no later than July 17, 2015. The proposals must comply with the rules of the SEC relating to stockholder proposals. The Company’s Bylaws provide that no business may be brought before an annual meeting unless specified in the notice of meeting, brought before the meeting by or at the direction of the Board of Directors, or otherwise brought by a stockholder who has delivered notice to the Company (containing certain information specified in the Bylaws) not less than 60 or more than 90 days before the anniversary date of the immediately preceding annual meeting of stockholders. Therefore, for the 2015 Annual Meeting of Stockholders, such notice must be delivered no earlier than September 12, 2015 and no later than October 12, 2015. A copy of the full text of these Bylaw provisions may be obtained by writing to the Secretary at the address indicated above.

By Order of the Board of Directors,

PAMELA G. BOONE
