Fellow Shareholder,

The S&P 500 (total return) rose 2.65% for the first six months of 2018, while our Fund's net asset value fell 3.17%. The Fund performed okay, in light of the current enthusiasm for high-growth technology stocks, including the so-called FAANG stocks (Facebook, Apple, Amazon, Netflix and Google), which accounted for most of the S&P 500's gain in the first half of the year. Some consumer stocks' prices dimmed as they which are viewed as staid and boring; the attractive prices created investment opportunities, though the lower prices dragged on performance in the period.

We started the year with a cash balance of almost 10% of the Fund. After trimming our T. Rowe Price and selling the White Mountains shares, the cash balance rose further. With a number of high-quality companies' shares "on sale", we easily spent the cash balance. New investments in Kimberly-Clark, Procter & Gamble, and Kraft Heinz were made, along with adding to our investment in PepsiCo. Their brands offer economic moats to protect the quality of their businesses. With less market enthusiasm for stable companies, shares were available at attractive prices. One reason for the reasonable prices is Amazon: its huge retail business is upending the prior way consumers select and receive products. We acknowledge that concern with eyes open--- Amazon and the shift to online retail are changing consumers' habits--- though we feel discounts in the share prices were disproportionate to the likely long-term shift in consumer behavior.

Pepsi began in 1893, Kimberly-Clark was founded in 1872, Procter & Gamble was started in 1837, and Heinz dates to 1879. None has blistering growth prospects, due to prior success and current size. Each has solid established brands which instill confidence in the future: each brand, via its use and a little marketing, reaffirms the quality of the products. With size and long track records, the companies have attractive profit margins and healthy returns on capital. In short, we love their products, we love their businesses, we love the prices we paid. Our only disappointment was not being able to buy more.

We love hearing from Fund shareholders. To our longstanding shareholders the following caveat will seem awfully redundant---we won't comment on any undisclosed Fund portfolio security position, nor will we discuss whether or not we are purchasing or selling any Fund security. All Fund disclosures with respect to security purchases and sales are made to the investing public at the same time. With that minor exception noted above, we welcome all comments and questions from shareholders.

Notes to Financial Statements

(1) Organization.

Eagle Capital Growth Fund, Inc., a Maryland corporation (“Fund”), is a diversified closed-end investment company subject to the Investment Company Act of 1940.

(2) Significant Accounting Policies.

Dividends and distributions—Dividends and distributions paid to the Fund from portfolio investments are recorded on the ex-dividend date.

Investments— Investments in equity securities are valued at the closing market price as of the close of regular trading on the applicable valuation date. If no such closing market price is available on the valuation date, the Fund uses the then most recent closing market price.

In the unlikely event that there is no current or recent closing market price for a portfolio security (whether equity or debt) traded in the over-the-counter market, then the Fund uses the most recent closing bid price. If there is no closing bid price for a portfolio security for a period of ten (10) consecutive trading days, then the Fund’s Audit Committee or other appropriate committee shall determine the value of such illiquid security. Since inception in 1990 through period end on June 30, 2018, the Fund has not held a security which required an illiquid pricing valuation.

Investment security purchases and sales are accounted for on a trade date basis. Interest income is accrued on a daily basis while dividends are included in income on the ex-dividend date.

Use of estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Federal income taxes—The Fund intends to comply with the general qualification requirements of the Internal Revenue Code applicable to regulated investment companies such as the Fund. The Fund plans to distribute annually at least 90% of its taxable income, including net long-term capital gains, to its shareholders. In order to avoid imposition of the excise tax applicable to regulated investment companies, the Fund intends to declare as dividends in each calendar year an amount equal to at least 98% of its net investment income and 98% of its net realized capital gains (including undistributed amounts from previous years).

---

## Edgar Filing: EAGLE CAPITAL GROWTH FUND, INC. - Form N-CSRS

In 2017, the Fund sent more to shareholders in distributions than was required. While distributing 100% of the net realized capital gains, the Fund overdistributed its net investment income by \$3,184. For the six months ended June 30, 2018, the Fund had \$177,006 of undistributed net investment income of the \$32,997,346 in total Fund net assets.

The following information is based upon the Federal income tax basis of equity portfolio investments as of June 30, 2018:

Gross unrealized appreciation	\$ 11,018,325
Gross unrealized depreciation	(793,978 )
Net unrealized appreciation	\$ 10,224,347
Federal income tax basis	\$ 22,555,189

Expenses—The Fund’s service providers bear all of their expenses in connection with the performance of their services. The Fund bears all of its expenses incurred in connection with its operations including, but not limited to, investment advisory fees (as discussed in Note 3), legal and audit fees, taxes, insurance, shareholder reporting and other related costs. As noted in Note 3, the Fund’s investment advisor, as part of its responsibilities under the Investment Advisory Agreement, is required to provide certain internal administrative services to the Fund at such investment advisor’s expense. The Investment Advisory Agreement provides that the Fund may not incur annual aggregate expenses in excess of two percent (2%) of the first \$10 million of the Fund’s average net assets, one and a half percent (1.5%) of the next \$20 million of the average net assets, and one percent (1%) of the remaining average net assets for any fiscal year. Any excess expenses are the responsibility of the investment advisor.

Fair Value Accounting—Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provides a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access. All of the Fund’s investments are classified as Level 1.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management’s own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

The Fund's financial statements, other than investments, consist of receivables and payables due in the near term. Fair value of those instruments approximates historical cost.

### (3) Certain Service Providers Arrangements

Investment advisor—For its services under the Investment Advisory agreement, the investment advisor receives a monthly fee calculated at an annual rate of three-quarters of one percent (0.75%) of the weekly net asset value of the Fund, as long as the weekly net asset value is at least \$3.8 million. The investment advisor is not entitled to any compensation for any week in which the average weekly net asset value falls below \$3.8 million. Pursuant to the Investment Advisory Agreement, the investment advisor is required to provide certain internal administrative services to the Fund at the investment advisor's expense.

Sims Capital Management LLC ("SCM") is the Fund's investment advisor. Pursuant to the Investment Advisory Agreement, SCM is responsible for the management of the Fund's portfolio, subject to oversight by the Fund's Board of Directors. Luke E. Sims, a Director, President and Chief Executive Officer of the Fund and owner of more than five percent of the Fund's outstanding shares, owns 50% of SCM. David C. Sims, the Chief Financial Officer, Chief Compliance Officer, Secretary, and Director of the Fund and the son of Luke E. Sims, owns the remaining 50% of SCM.

Custodian—US Bancorp serves as the Fund's custodian pursuant to a custodian agreement. As the Fund's custodian, US Bancorp receives fees and compensation of expenses for services provided including, but not limited to, an annual account charge and security transaction fees.

Transfer Agent— American Stock Transfer & Trust Company ("AST") serves as the Fund's transfer agent and dividend disbursing agent. AST receives fees for services provided including, but not limited to, account maintenance fees, activity and transaction processing fees and reimbursement for its out-of-pocket expenses. AST also acts as the agent under the Fund's Dividend Reinvestment and Cash Purchase Plan ("DRIP").

### (4) Dividend Reinvestment and Cash Purchase Plan.

The Fund has a Dividend Reinvestment and Cash Purchase Plan ("DRIP") which allows shareholders to reinvest cash dividends and make cash contributions. Pursuant to the terms of the DRIP, cash dividends may be used by the DRIP agent to either purchase shares from the Fund or in the open market, depending on the most favorable pricing available to DRIP participants. Voluntary cash contributions from DRIP participants are used to purchase Fund shares in the open market. A complete copy of the DRIP is available on the Fund's website ([www.eaglecapitalgrowthfund.com](http://www.eaglecapitalgrowthfund.com)) or from AST, the DRIP agent.

---

(5) Fund Investment Transactions

Purchases and sales of securities, other than short-term securities, for the six-month period ended June 30, 2018 were \$8,330,098 and \$5,672,271, respectively.

(6) Financial Highlights.

The Financial Highlights present a per share analysis of how the Fund's net asset value has changed during the periods presented. Additional quantitative measures expressed in ratio form analyze important relationships between certain items presented in the financial statements. The total investment return based on market value assumes that shareholders bought into the Fund at the bid price and sold out of the Fund at the bid price. In reality, shareholders buy into the Fund at the asked price and sell out of the Fund at the bid price. Therefore, actual returns may differ from the amounts shown.

---
