As previously disclosed, Blast Energy Services, Inc. and its wholly owned subsidiary, Eagle Domestic Drilling Operations LLC, entered into a settlement with Second Bridge, LLC , Thornton Oilfield Holdings, LLC and various other Thornton entities, Laurus Master Fund, Ltd. (“Laurus”), and the Unsecured Creditors Committee and overall (the “Settlement”). Additionally, we reached an agreement with Laurus on the terms of an asset purchase agreement intended to offset the full amount of the \$40.6 million senior note, accrued interest and default penalties owed to Laurus. Under the terms of this agreement, five land drilling rigs and associated spare parts will be transferred to Laurus in settlement of Laurus’ note, accrued interest and default penalties on the note. The Settlement and the transfer of rigs to Laurus were approved by the Bankruptcy Court on May 14, 2007.

More time is needed by the Company and its outside accounting firm to ensure that the impact of this action is correctly reflected in the Company’s financial statements and associated footnotes to the financial statements. Based upon a preliminary statement of operations, the Company is estimating a net loss of \$5,300,000 for the three months ending March 31, 2007 compared to a net loss of \$968,000 for the same period in 2006.
