DIAMOND HILL INVESTMENT GROUP, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2004

Note 1 ORGANIZATION AND NATURE OF BUSINESS

Diamond Hill Investment Group, Inc. (the Company) is an Ohio corporation incorporated in May 2002, previously a Florida corporation since April 1990. The Company has two subsidiary operating companies.

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

Diamond Hill Capital Management, Inc. (DHCM), an Ohio corporation, is a wholly owned subsidiary of the Company and a registered investment adviser. DHCM is the investment adviser to the Diamond Hill Small Cap Fund, Diamond Hill Large Cap Fund, Diamond Hill Focus Long-Short Fund, Diamond Hill Bank & Financial Fund, Diamond Hill Short Term Fixed Income Fund and Diamond Hill Strategic Income Fund, open-end mutual funds, which are each a series in the Diamond Hill Funds trust. DHCM is also the investment adviser to the Diamond Hill Investment Partners, L.P. and offers advisory services to institutional and individual investors.

Diamond Hill Securities, Inc. (DHS), an Ohio corporation, is a wholly owned subsidiary of DHCM and a NASD registered broker-dealer. DHS is registered with the Securities and Exchange Commission and the securities commissions of six states (including Ohio). DHS trades securities on a fully-disclosed basis and clears customer transactions through an unaffiliated broker-dealer that also maintains the customer accounts. DHS is also a registered investment adviser and offers advisory services to institutional and individual investors. The Company is in the process of transitioning DHS services to third party broker-dealers and its advisory business to DHCM. This transition is expected to be complete by June 30, 2004 and to have no material impact to the Company's financial statements.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of revenues and expenses for the periods. Actual results could differ from those estimates. The following is a summary of the Company's significant accounting policies:

Principles of Consolidation

The accompanying consolidated financial statements include the operations of the Company, DHCM and DHS. All material inter-company transactions and balances have been eliminated in consolidation.

Cash

The Company has defined cash as demand deposits, certificate of deposits and money market accounts. The Company maintains its cash in seven accounts with two financial institutions.

Accounts Receivable

Accounts receivable are recorded when they are due and are presented in the statement of financial condition net of any allowance for doubtful accounts. Accounts receivable are written off when they are determined to be uncollectible. Any allowance for doubtful accounts is estimated on the Company's historical losses, existing conditions in the industry, and the financial stability of those individuals that owe the receivable. No allowance for doubtful accounts was deemed necessary at September 30, 2003.

Valuation of Investment Portfolio

Securities and related options traded on national securities markets and securities not traded on national securities markets, but with readily

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

ascertainable market values, are valued at market value. Other securities, for which market quotations are not readily available, due to infrequency of transactions, are

7

DIAMOND HILL INVESTMENT GROUP, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS March 31, 2004

valued at fair value as determined in good faith by the management of the Company. Realized and unrealized gains and losses are included in investment profits and losses.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Limited Partnership Interests

DHCM is the managing member of Diamond Hill General Partner, LLC, the General Partner of Diamond Hill Investment Partners, L.P. (DHIP), a limited partnership whose underlying assets consist of marketable securities. DHCM's investment in DHIP is accounted for using the equity method, under which DHCM's share of the net earnings or losses of the partnership is reflected in income as earned and distributions received are reflected as reductions of the investment. The Company is actively seeking additional unaffiliated investors for DHIP. Several board members, officers and employees of the Company are members in Diamond Hill General Partner, LLC. The capital of Diamond Hill General Partner, LLC is not subject to a management fee or an incentive fee.

Property and Equipment

Property and equipment, consisting of computer equipment, furniture, and fixtures, is carried at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over estimated lives of five to seven years.

Revenues

Securities transactions and commissions are accounted for on the trade date basis. Dividend income is recorded on the ex-dividend date and interest income is accrued as earned. Realized gains and losses from sales of securities are determined utilizing the first-in, first-out method (FIFO).

Earnings Per Share

Basic and diluted earnings per common share are computed in accordance with Statement of Financial Accounting Standards No. 128, "Earnings per Share." A reconciliation of the numerators and denominators used in these calculations is shown below:

For the three months ended March 31, 2004:

	Numerator	Denominator	Amount
	-----	-----	-----
Basic Earnings	\$ (80,222)	1,525,460	\$ (0.05)

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

Diluted Earnings \$ (80,222) 1,525,460 \$ (0.05)

For the three months ended March 31, 2003:

	Numerator -----	Denominator -----	Amount -----
Basic Earnings	\$ (503,372)	1,409,367	\$ (0.36)
Diluted Earnings	\$ (503,372)	1,409,367	\$ (0.36)

Stock options and warrants have not been included in the denominator of the diluted per-share computations because the effect of their inclusion would be anti-dilutive.

8

DIAMOND HILL INVESTMENT GROUP, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2004

Fair Value of Financial Instruments

Substantially all of the Company's financial instruments are carried at fair value or amounts approximating fair value. Assets, including accounts receivable, notes and interest receivable and securities owned are carried at amounts that approximate fair value. Similarly, liabilities, including accounts payable and accrued expenses are carried at amounts approximating fair value.

Note 3 INVESTMENT PORTFOLIO

Investment portfolio balances, which consist of securities classified as trading, are comprised of the following at March 31, 2004:

	Market -----	Cost -----	Unrealized Gains -----	Unrealized Losses -----
Mutual fund shares and limited partnership interest	\$2,444,078	\$1,949,443	\$ 494,839	\$ (204)
Not readily marketable equity securities	15,108	195,125	--	(180,017)
Total	\$2,459,186 =====	\$2,144,568 =====	\$ 494,839 =====	\$ (180,221) =====

DHCM is the managing member of the General Partner of Diamond Hill Investment Partners, L.P., whose underlying assets consist primarily of marketable securities. The General Partner is contingently liable for all of the partnership's liabilities.

Summary financial information, including the Company's carrying value and income from this partnership at March 31, 2004 and 2003 and for the nine months then ended, is as follows:

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

	2004 -----	2003 -----
Total assets	\$ 24,996,194	\$ 13,051,107
Total liabilities	11,556,902	4,924,134
Net assets	13,439,292	8,126,973
Net fair market value of earnings	616,566	(899,110)
DHCM's carrying value	1,431,972	1,000,589
DHCM's income	80,162	(109,119)
Year to Date Incentive Fee	11,640	--

DHCM's income from this partnership includes its pro-rata capital allocation. The incentive allocation from the limited partners is accrued quarterly and paid semi-annually. In addition, DHCM earns an administrative fee payable quarterly at the rate of .25% of the value of the limited partners' capital accounts.

Note 4 LINE OF CREDIT

The Company renewed its line of credit loan with a maximum principal amount of \$325,000 on August 28, 2003 at an annual percentage interest rate of prime plus 0.50%, which is currently 4.50%. The balance due on the line of credit loan at March 31, 2004 was zero (\$0). The Company has pledged \$390,000 of its fixed income mutual fund investments to secure this line. The line of credit loan is due to mature on August 28, 2004, at which time management intends to renew the line.

9

DIAMOND HILL INVESTMENT GROUP, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2004

Note 5 CAPITAL STOCK

Common Stock

The Company has only one class of securities, Common Stock.

Treasury Stock

On July 17, 2000, the Company announced a program to repurchase up to 400,000 shares of its Common Stock through open market purchases and privately negotiated transactions. From July 17, 2000 through December 31, 2001, the Company purchased 281,597 shares of its Common Stock for \$1,716,407. For the year ended December 31, 2002, the Company purchased 71,300 shares of its Common Stock for \$292,700. For the three months ended March 31, 2004, the Company did not purchase any of its shares of Common Stock. As of December 31, 2003, the Company has purchased 352,897 shares for \$2,009,107 pursuant to the aforementioned 400,000 share repurchase program. During the three months ended March 31, 2004, the Company issued 2,904 shares out of Treasury Stock to fund the Company match portion of the Company's 401(k) retirement plan. The shares were issued at an average price of \$8.77 per share, and Treasury Stock was reduced by an average cost of \$5.72 per share. The Company's total Treasury Stock share balance as of March 31, 2004 is 301,069.

Authorization of Preferred Stock

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

The Company's Articles of Incorporation authorize the issuance of 1,000,000 shares of "blank check" preferred stock with such designations, rights and preferences, as may be determined from time to time by the Company's Board of Directors. The Board of Directors is empowered, without shareholder approval, to issue preferred stock with dividend, liquidation, conversion, voting, or other rights, which could adversely affect the voting or other rights of the holders of the Common Stock. There were no shares of preferred stock issued or outstanding at March 31, 2004.

Note 6 OPERATING LEASES

The Company leases office space under an operating lease agreement effective May 1, 2002, which terminates on May 31, 2005. Total lease expenses for the three months ended March 31, 2004 were \$30,000. The future minimum lease payments under the operating lease are as follows:

Year Ended	Amount
-----	-----
2004	120,000
2005	50,000

Note 7 MUTUAL FUND ADMINISTRATION

DHCM has an administrative, fund accounting and transfer agency services agreement with Diamond Hill Funds, an Ohio business trust, under which DHCM performs certain services for each series of the trust. These services include mutual fund administration, accounting, transfer agency and other related functions. For performing these services, each series of the trust compensates DHCM a fee at an annual rate of 0.45% times each series' average daily net assets. DHCM collected \$119,085 and \$49,060 for mutual fund administration revenue for the three months ended March 31, 2004 and 2003, respectively. In fulfilling its role under this agreement, DHCM has engaged several third-party providers, and the cost for their services are paid by DHCM. Mutual fund administration expense for the three months ended March 31, 2004 and 2003 was \$148,914 and \$111,860, respectively.

10

DIAMOND HILL INVESTMENT GROUP, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2004

Note 8 MUTUAL FUND DISTRIBUTION

DHS is the principal underwriter for Diamond Hill Funds, an Ohio business trust, and may pay third-party financial institutions a fee for distribution or for performing certain servicing functions for mutual fund shareholders. For performing distribution functions, DHS collects front-end and back-end sales loads, ranging from 0.25% to 5.75% or underwriting fees of 0.25% to 0.50% on fund investments. DHS also collects 12b-1 fees at an annual rate ranging from 0.25% to 1.00% times each series' average daily net assets. Mutual fund distribution revenue for the three months ended March 31, 2004 and 2003, DHS collected \$78,951 and \$28,903 for distribution revenue. DHS also pays for the production of marketing materials used in the distribution of the Diamond Hill Funds. Mutual fund distribution expense for the three months ended March 31, 2004 and 2003 was \$104,991 and \$61,442, respectively.

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

Note 9 BROKER-DEALER

DHS is a registered full-service broker-dealer transacting security trades through its clearing broker under a correspondent agreement. For the three months ended March 31, 2004 and 2003, broker-dealer activity expenses, principally clearing charges and regulatory fees, totaled \$5,919 and \$22,270, respectively. DHS earns commissions and service fees related to business transacted through its clearing broker, along with gains and losses from market-making activities. Broker-dealer activity revenue for the three months ended March 31, 2004 and 2003 was \$6,430 and \$15,633, respectively. The Company is in the process of transitioning DHS services to third party broker-dealers and its advisory business to DHCM. This transition is expected to be complete by June 30, 2004 and to have no material impact to the Company's financial statements.

Note 10 EMPLOYEE INCENTIVE PLANS

Incentive Compensation Plan

All full-time employees of the Company are eligible to participate in the Diamond Hill Investment Group Incentive Compensation Plan. The Plan provides that a bonus fund will be established in an amount equal to 20% of the pre-tax realized profits of the Company in excess of a 15% pre-tax return on equity. The amount of the bonus fund is calculated each fiscal quarter on a cumulative basis. The allocation of the bonus fund is to be made by the President of the Company. The Company did not incur any expense under the Plan for the three months ended March 31, 2004 and 2003.

Stock Option Plan

The Company adopted a Non-Qualified and Incentive Stock Option Plan in 1993 that authorized the grant of options to purchase an aggregate of 500,000 shares of the Company's Common Stock. The Plan provided that the Board of Directors, or a committee appointed by the Board, may grant options and otherwise administer the Option Plan. The exercise price of each incentive stock option or non-qualified stock option must be at least 100% of the fair market value of the Common Stock at the date of grant, and no such option may be exercisable for more than ten years after the date of grant. However, the exercise price of each incentive stock option granted to any shareholder possessing more than 10% of the combined voting power of all classes of capital stock of the Company on the date of grant must not be less than 110% of the fair market value on that date, and no such option may be exercisable more than five years after the date of grant. This Plan expired by its terms in November 2003. Options issued under this Plan are not affected by the Plan's expiration. All outstanding options, reflected in the tables following, were issued under this plan. Of the warrants shown in the tables following, 80,400 were issued pursuant to this plan.

The Company applies Accounting Principles Board Opinion 25 and related Interpretations (APB 25) in accounting for stock options and warrants issued to employees and Directors. Accordingly, compensation cost is recognized based on the intrinsic value of the stock options or warrants.

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

 Stock Option Plan (Continued)

Had compensation cost for all of the Company's stock-based awards been determined in accordance with FAS 123, the Company's net income and earnings per share would have been reduced to the pro forma amounts indicated below:

	THREE MONTHS ENDED MARCH 31	
	2004	2003
	-----	-----
Net income, as reported	(80,222)	(503,372)
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects	(40,021)	(54,078)
Pro forma net income	(120,243)	(557,450)
Earnings per share:		
Basic - as reported	(0.05)	(0.36)
Basic - pro forma	(0.08)	(0.40)
Diluted - as reported	(0.05)	(0.36)
Diluted - pro forma	(0.08)	(0.40)

To make the computations of pro forma results under FAS 123, the fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions: no dividend yield for all years and expected lives of ten years. The options and warrants granted under these plans are not registered and, accordingly, there is no quoted market price.

DIAMOND HILL INVESTMENT GROUP, INC. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 March 31, 2004

Note 11 REGULATORY REQUIREMENTS

DHS is subject to the uniform net capital rule of the Securities and Exchange Commission (Rule 15c3-1), which requires that the ratio of "aggregate indebtedness" to "net capital" not exceed 15 to 1 (as those terms are defined by the Rule). DHS had net capital of \$152,569 as of March 31, 2004, which was in excess of its required minimum net capital of \$50,000. The ratio of aggregate indebtedness to net capital was .21 to 1 as of March 31, 2004. DHS is also subject to regulations of six states in which it is registered as a licensed broker-dealer.

DHCM and DHS are registered investment advisers and subject to regulation by the SEC pursuant to the Investment Advisors Act of 1940.

Note 12 CONCENTRATIONS OF CREDIT RISK AND FINANCIAL INSTRUMENTS WITH

 OFF-BALANCE SHEET RISK

DHS, under a correspondent agreement with its clearing broker, has agreed to indemnify the clearing broker from damages or losses resulting from customer transactions. The Company is, therefore, exposed to off-balance sheet risk of loss in the event that customers are unable to fulfill contractual obligations. The Company manages this risk by requiring customers to have sufficient cash in their account before a buy order is executed and to have the subject securities in their account before a sell order is executed. The Company has not incurred any losses from customers unable to fulfill contractual obligations.

In the normal course of business, the Company periodically sells securities not yet purchased (short sales) for its own account and writes options. The establishment of short positions and option contracts exposes the Company to off-balance sheet market risks in the event prices change, as the Company may be obligated to cover such positions at a loss. At March 31, 2004, the Company had no short security positions, had not written any option contracts and did not own any options. The Company did not experience any credit losses due to the failure of any counterparties to perform during the nine months ended March 31, 2004. Senior management of the Company is responsible for reviewing trading positions, exposures, profits and losses, trading strategies and hedging strategies on a daily basis.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Forward-looking Statements

Throughout this discussion, the Company may make forward-looking statements relating to such matters as anticipated operating results, prospects for achieving the critical threshold of assets under management, technological developments, economic trends (including interest rates and market volatility), expected transactions and acquisitions and similar matters. While the Company believes that the assumptions underlying its forward-looking statements are reasonable, any of the assumptions could prove to be inaccurate and accordingly, the actual results and experiences of the Company could differ materially from the anticipated results or other expectations expressed by the Company in its forward-looking statements. Factors that could cause such actual results or experiences to differ from results discussed in the forward-looking statements include, but are not limited to: the adverse effect from a decline in the securities markets; a decline in the performance of the Company's products; a general downturn in the economy; changes in government policy and regulation; changes in the Company's ability to attract or retain key employees; unforeseen costs and other effects related to legal proceedings or investigations of governmental and self-regulatory organizations; and other risks identified from time-to-time in the Company's other public documents on file with the SEC.

General

In May of 2000 the board of directors decided to shift the Company's business focus from the broker dealer subsidiary (DHS) to the investment advisory subsidiary (DHCM). DHS employed a group of individual brokers and analysts focused on offering portfolios of community bank stocks to retail clients. In contrast, DHCM manages funds and separate accounts comprised of equity and fixed income securities broadly diversified by company and industry, with the exception of the Bank & Financial Fund, which is focused on a single sector. Furthermore, DHCM offers its services through third party financial intermediaries such as brokers and financial planners, and direct to institutions such as insurance companies, pensions and endowments. In order to make this shift in business focus the Company eliminated a number of positions from DHS and added a number of positions in DHCM to support the new emphasis. Most of the costs associated with the business transition were incurred in 2000, 2001 and 2002. The final change anticipated under this initiative is the planned transition of the remaining brokerage and advisory business of DHS to third party firms and to DHCM. This transition is expected to be complete by June 30, 2004 and to have no material impact on the financial statements of the Company. The Company believes that this process was necessary in order to achieve a critical threshold of assets under management needed to generate sufficient revenue to ultimately achieve profitability. Management believes that the Company can achieve breakeven from operations if assets under management reach somewhere between \$400 - \$600 million. However, there can be no assurance that the Company will be able to achieve the critical threshold of assets under management to support future operations.

Assets Under Management

As of March 31, 2004, assets under management totaled \$302.1 million, an 21% increase from December 31, 2003. Assets under management grew by 133% as of March 31, 2004 in comparison to March 31, 2003. Asset growth for the three months and year ended March 31, 2004 is not necessarily indicative of the results that may be expected for the entire fiscal year ended December 31, 2004. The table below provides a summary of assets under management:

DIAMOND HILL INVESTMENT GROUP, INC. AND SUBSIDIARIES

Three months ended March 31, 2004 compared to Three Months ended March 31, 2003

Investment management revenues for the three months ended March 31, 2004 increased to \$466,059 compared to \$207,038 for the three months ended March 31, 2003, a 125% increase. This increase results primarily from the increase in assets under management from which the Company derives its revenues.

The Company increased its investment management fees from all three of its investment products - mutual funds, managed accounts and a private investment partnership, Diamond Hill Investment Partners, L.P. ("DHIP"). Fees from mutual funds for the three months ended March 31, 2004 and 2003, were \$189,838 and \$87,997, respectively, a 116% increase. Fees from managed accounts posted the largest dollar increase over the three months ended March 31, 2003, with a dollar increase of \$137,266, or a 129% increase. Investment management fees collected from the DHIP improved by 162%, over the three months ended March 31, 2003. These fees grew from \$12,255 to \$32,169, which includes a \$11,640 incentive allocation. In conjunction with the shift in emphasis to the investment advisory services of DHCM, a program has been initiated to attempt to gather new assets under management at DHCM. Assets under management increased to \$302,073,974 as of March 31, 2004, a 21% increase since December 31, 2003. However, there can be no assurance that the Company will be able to achieve the critical threshold of assets under management at DHCM to support future operations.

Operating expenses for the three months ended March 31, 2004 increased to \$592,102 compared to \$378,897 for the three months ended March 31, 2003, an increase of 7%. Salaries, benefits and payroll taxes grew by 12% to \$423,466 in 2004 versus \$378,897 in 2003. Legal and audit expense more than doubled to \$32,898 from \$10,243 for the three months ended March 31, 2004 versus the three months ended March 31, 2003. Since there are no current plans for major administrative projects or new products, management expects legal and audit professional expense to remain steady in 2004 as compared to 2003. General and administrative expenses decreased to \$95,122 in 2004 compared to \$131,901 in 2003, a decrease of 28%. Sales and marketing expense for the three months ended March 31, 2004 increased by 28% to \$40,616 from \$31,835 for the three months ended March 31, 2003. This increase is due to the expenditures for consulting services.

Mutual fund administration, which is administrative services fees collected in connection with the Company's mutual fund products net of all mutual fund administrative expenses paid by the Company, decreased from a net expense of \$62,800 for the three months ended March 31, 2003 to \$29,829 for the three months ended March 31, 2004, a 53% improvement. Administrative fees collected and expenses paid increased for the three months ended March 31, 2004 versus the three months ended March 31, 2003. This increase in fees is primarily due to the increase in assets under management in the Company's mutual fund products. The increase in expenses is primarily due to the increase in asset-based expenses. DHCM has an administrative, fund accounting and transfer agency services

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

agreement with the Diamond Hill Funds, where DHCM performs certain services for each series of the trust. These services include mutual fund administration, accounting, transfer agency and other related functions. For performing these administrative services, each series of the trust compensates DHCM a fee at an annual rate of 0.45% times each series' average daily net assets. DHCM collected \$119,085 and \$49,060 for mutual fund administration revenue for the three months ended March 31, 2004 and 2003, respectively. In fulfilling its role under this agreement, DHCM has engaged several third-party providers and the cost for their services are paid by DHCM. Mutual fund administration expense for the three months ended March 31, 2004 and 2003 were \$148,914 and \$111,860, respectively. As assets under management grow in the mutual fund products, the Company expects fees collected to increase, while the Company expects expenses paid to increase but not as quickly as fees collected; therefore, causing the net mutual fund administration expense to decrease.

Mutual fund distribution, which includes distribution fees collected in connection with sales of the Company's mutual funds net of all mutual fund distribution expenses paid by the Company, decreased to a net expense of \$26,040 for the three months ended March 31, 2004 from \$32,539 for the three months ended March 31, 2003. Mutual fund distribution fees and expenses both increased during the three months ended March 31, 2004 versus the three months ended March 31, 2003. For performing these distribution functions, DHS collects front-end and back-end sales loads, ranging from 0.25% to 5.75% or underwriting fees of 0.25% to

17

DIAMOND HILL INVESTMENT GROUP, INC. AND SUBSIDIARIES

0.50% on fund investments. DHS also collects 12b-1 fees at an annual rate ranging from 0.25% to 1.00% times each series' average daily net assets. Mutual fund distribution revenue for the three months ended March 31, 2004 and 2003 was \$78,951 and \$28,903, respectively. This increase in fees is primarily due to the increase in sales of the Company's mutual fund products. DHS is the principal underwriter for Diamond Hill Funds, an Ohio business trust, and may pay third-party financial institutions a fee for distribution or for performing certain servicing functions for mutual fund shareholders. DHS also pays for the production of marketing materials used in the distribution of the Diamond Hill Funds. Mutual fund distribution expense for the three months ended March 31, 2004 and 2003 was \$104,991 and \$61,442, respectively. This increase is the result of increased sales of the mutual fund shares in 2004 versus 2003, in which DHS finances the commissions paid. As assets under management grow in the mutual fund products, the Company expects fees collected to increase, while the Company expects expenses paid to remain steady or increase; therefore, causing the net mutual fund distribution expense to remain steady or increase.

Broker-dealer activity, which is revenue from security transactions and market-making activity net of broker-dealer expenses which are comprised principally of clearing costs and regulatory fees, decreased to a net revenue of \$511 for the three months ended March 31, 2004 from a net expense of \$6,637 for the three months ended March 31, 2003, a 108% improvement. DHS is a registered full-service broker-dealer and transacts security trades through its clearing broker under a correspondent agreement. For the three months ended March 31, 2004 and 2003, broker-dealer activity expenses were \$5,919 and \$22,270, respectively. This decrease is largely due to the reduction in overhead and commission expense from reduced activity. DHS earns commissions and service fees related to business transacted through its clearing broker, along with gains and losses from market-making activities. Broker-dealer activity generated revenue of \$6,430 for the three months ended March 31, 2004 and \$15,633 for the three months ended March 31, 2003. In conjunction with the Company's shift in emphasis from its traditional investment related activities through DHS, to the

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

investment advisory services of DHCM, broker dealer activities through DHS have declined. The Company is in the process of transitioning DHS services to third party broker-dealers and its advisory business to DHCM. This transition is expected to be complete by June 30, 2004 and to have no material impact to the Company's financial statements.

The Company's net operating loss decreased to \$181,401 for the three months ended March 31, 2004 from \$447,814 for the three months ended March 31, 2003, a 59% improvement.

Investment return, net of interest expense, increased to a gain of \$101,179 for the three months ended March 31, 2004 from a loss of \$55,558 for the three months ended March 31, 2003. This investment gain results primarily from increases in market values of investments in the limited partnership interest and the Company's mutual funds. Management is unable to predict how future fluctuations in market values will impact the performance of the Company's investment portfolios. Dividend income decreased by a 50% to \$14,909 for the three months ended March 31, 2004 compared to \$29,945 for the three months ended March 31, 2003. In 2004, dividend income may decrease versus 2003 since both the amount of portfolio investments and the yields may be lower in 2004 versus 2003. As a result of better market returns in 2003 versus 2002, the Company's net loss decreased by 84% for the three months ended March 31, 2004 compared to the same time period for 2003.

Liquidity and Capital Resources

Almost 100% of the Company's investment portfolio is readily marketable. Investments in securities traded on national securities markets and securities not traded on national securities markets, but with readily ascertainable market values, are valued at market value. Other securities, for which market quotations are not readily available, due to infrequency of transactions, are valued at fair value as determined in good faith by management of the Company. While management employs objective criteria to ascertain these values, there is no independent benchmark by which the values assigned by management can be judged. Accordingly, the value of these securities may be overstated.

During the three months ended March 31, 2004, the Company liquidated \$375,000 of the Company's fixed income mutual funds. The cash from this liquidation was used to provide short-term liquidity for current operating expenses.

18

DIAMOND HILL INVESTMENT GROUP, INC. AND SUBSIDIARIES

DHS, under a correspondent agreement with its clearing broker, has agreed to indemnify the clearing broker from damages or losses resulting from customers' transactions. The Company is, therefore, exposed to off-balance sheet risk of loss in the event that customers are unable to fulfill contractual obligations. The Company manages this risk by requiring customers to have sufficient cash in their account before a buy order is executed and to have the subject securities in their account before a sell order is executed. The Company has not incurred any losses from customers being unable to fulfill contractual obligations.

In the normal course of business, the Company may sell securities it has not yet purchased (short sales) for its own account, and may write options. The establishment of short positions and option contracts exposes the Company to off-balance sheet market risks in the event prices change, as the Company may be obligated to cover such positions at a loss.

At March 31, 2004, the Company had no short security positions, had not written any option contracts, and did not own any options. The Company did not

Edgar Filing: DIAMOND HILL INVESTMENT GROUP INC - Form 10QSB

experience any credit losses due to the failure of any counter parties to perform during the three months ended March 31, 2004. Senior management of the Company is responsible for reviewing trading positions, exposures, profits and losses, trading strategies and hedging strategies on a daily basis.

As of March 31, 2004, the Company had working capital of approximately \$2.8 million compared to \$2.8 million at December 31, 2003 and compared to 2.9 million at March 31, 2003. The increase during the three months ended September 30, 2003 is primarily due to the financing activities, which includes the private placement that occurred on July 22, 2003. The decrease during the nine months ended September 30, 2003 is primarily due to the operating and financing activities, which include the net loss and the private placement, respectively. Working capital includes cash, securities owned and accounts and notes receivable, net of all liabilities. The Company has no long-term debt.

The Company's net cash balance increased by \$110,580 during the three months ended March 31, 2004. Net cash provided by operating activities was \$85,121. The primary source cash flow was the decrease in the Company's investment portfolio of \$340,815. Financing activities provided \$25,459 of cash during the three months ended March 31, 2004, from using Treasury Stock to fund the match portion of the Company's 401(k) plan.

The Company's net cash balance decreased by \$530,301 during the three months ended March 31, 2003. Net cash used by operating activities was \$534,211. The primary use of cash flow was the net loss of \$503,372. Financing activities provided \$3,910 of cash during the three months ended March 31, 2003, from the exercise Company stock options.

Investment management fees primarily fund the operations of the Company. Management believes that the Company's existing resources, including available cash and cash provided by operating activities, will be sufficient to satisfy its working capital requirements in the foreseeable future. However, no assurance can be given that additional funds will not be required. To the extent that returns on investments are less than anticipated, or expenses are greater than anticipated, the Company may be required to reduce its activities, liquidate the investment portfolio or seek additional financing. Further, this additional financing may not be available on acceptable terms, if at all. No significant capital expenditures are expected in the foreseeable future.

Impact of Inflation and Other Factors

The Company's operations have not been significantly affected by inflation. The Company's investment portfolios of equity and fixed income securities, are carried at current market values. Therefore, the Company's profitability is affected by general economic and market conditions, the volume of securities trading and fluctuations in interest rates. The Company's business is also subject to government regulation and changes in legal, accounting, tax and other compliance requirements. Changes in these regulations may have a significant effect on the Company's operations.
