ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On February 24, 2005 Interpharm, Inc., a wholly owned subsidiary of Interpharm Holdings, Inc. (the "Company"), entered into two agreements with Tris Pharma, Inc. ("Tris") for the development and licensing of twenty-five immediate release liquid generic products (the "Liquids Agreement") and seven solid oral dosage generic pharmaceutical products (the "Solids Agreement"). Pursuant to the

terms of the Liquids Agreement, Tris is to develop and deliver the properties, specifications and formulations necessary to effectuate a technology transfer to the Company ("Technical Packages") for twenty-five generic liquid pharmaceutical products. The Company is to use the Technical Packages to obtain all necessary approvals, and manufacture and market the products. Tris is to receive payments only for each Technical Package that allows the Company to obtain the necessary regulatory approvals. In the event that Tris delivers twenty-five successful Technical Packages, of which there can be no assurance, Tris is to receive approximately \$2.9 million in development fees from the Company. In addition, Tris is to receive a royalty of between 10% and 12% of net profits resulting from the sales of each product. The Company is entitled to offset the royalty payable to Tris each year, at an agreed upon rate, to recoup the development fees paid to Tris under the Liquids Agreement.

Pursuant to the terms of the Solids Agreement, the Company and Tris are to collaborate on the development, manufacture and marketing of seven solid oral dosage generic products, some of which will require the Company to challenge the patents for the equivalent branded products. The Solids Agreement provides for payments of an aggregate of \$3.75 million to Tris. The Solids Agreement also provides for an equal sharing of net profits for each product that is successfully sold and marketed, after the deduction and reimbursement to the Company of all costs incurred by it in the development and marketing of the solid products, including the \$3.75 million paid to Tris.

While the Company has selected liquid and solid products it believes can be successfully developed, manufactured and marketed, there can be no assurance that the liquid products will be commercially successful, or that the Company and Tris will be able to successfully develop, manufacture and market any of the solid products.

On March 2, 2005, the Company issued a press release announcing the Liquids and Solids Agreements. A copy of the press release is furnished as an Exhibit to this Current Report on Form 8-K (Exhibit 99.1).
