1. Specific Mandates in relation to issuance of new A Shares and new H Shares

The Specific Mandates

On 10 July 2009, the Board resolved to convene an extraordinary shareholders' meeting and the class meetings of the holders of A Shares and H Shares respectively for the grant of (i) an A Share Specific Mandate to the Board to issue not more than 1,350,000,000 new A Shares to not more than 10 specific investors (subject to the maximum number as permitted by PRC laws and regulations at the time of the issuance) including CEA Holding, at the subscription price of not less than RMB4.75 per A Share; and (ii) a H Share Specific Mandate to the Board to issue not more than 490,000,000 new H Shares to CES Global, at the subscription price of not less than HK\$1.40 per H Share.

Subscription of new A Shares by CEA Holding pursuant to the A Share Specific Mandate and subscription of new H Shares by CES Global pursuant to the H Share Specific Mandate are inter-conditional. However, subscription of new A Shares by each of the other 9 specific investors pursuant to the A Share Specific Mandate is not inter-conditional with the subscription of new A Shares by CEA Holding pursuant to the A Share Specific Mandate or with the subscription of new H Shares by CES Global pursuant to the H Share Specific Mandate. Likewise, subscriptions of new A Shares by each of the 9 specific investors is not inter-conditional with subscription of new A Shares by each of the other 8 specific investors.

#### The subscription agreements

In relation to and as part of the transactions contemplated under the Specific Mandates, on 10 July 2009, (i) CEA Holding entered into the A Share Subscription Agreement with the Company, pursuant to which, CEA Holding will, at the subscription price of not less than RMB4.75 per A Share, subscribe in cash for not more than 490,000,000 new A Shares; and (ii) CES Global entered into the H Share Subscription Agreement with the Company, pursuant to which, CES Global will, at the subscription price of not less than HK\$1.40 per H Share, subscribe in cash for not more than 490,000,000 new H Shares.

#### Implications under the Listing Rules

Since CEA Holding is the controlling shareholder, and hence a connected person of the Company, the issue of new A Shares to CEA Holding pursuant to the A Share Specific Mandate constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules and is subject to reporting, announcement and independent shareholders' approval requirements under that chapter. Further, since CES Global is a substantial shareholder of the Company and an indirectly wholly owned subsidiary of CEA Holding, and hence a connected person of the Company, the issue of new H Shares to CES Global pursuant to the H Share Specific Mandate constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules and is subject to reporting, announcement and independent shareholders' approval requirements under that chapter. An Independent Board Committee comprising the independent non-executive Directors of the Company will be formed to advise the Independent Shareholders on the terms of A Share Subscription Agreement and the H Share Subscription Agreement. An independent financial adviser will be appointed to advise the Independent Board Committee and the Independent Shareholders on the same.

Meanwhile, the issue of new A Shares and new H Shares pursuant to the Specific Mandates will constitute a variation of class rights of the holders of A Shares and the holders of H Shares under the Articles of Association. Pursuant to the Articles of Association and Rule 19A.38 of the Listing Rules, the issue of such new A Shares and new H Shares are required to be approved by the Shareholders by way of special resolutions at a general meeting and separate class meetings.

Voting on the general meeting and class meetings will be taken by way of poll. CEA Holding, CES Global and their respective associates will abstain from voting at the general meeting and the class meetings of holders of A Shares and H Shares convened for the purpose of approving the granting of the Specific Mandates.

### Specific Mandates Circular

A circular containing, among others, further details of: (i) the Specific Mandates in connection with the issuance of new A Shares and new H Shares; and (ii) notices of the various shareholders' meetings for approving the Specific Mandates, will be issued by the Company and despatched to the Shareholders in due course.

## 2. Major transaction – Absorption of Shanghai Airlines

### The Absorption Proposal

On 10 July 2009, the Company entered into the Absorption Agreement with Shanghai Airlines in relation to the Absorption Proposal. The Absorption Proposal, if fully implemented, will involve the issue of a maximum of 1,694,838,860 A Shares by the Company to the SA Shareholders on a record date to be determined, in exchange for all the existing issued shares of Shanghai Airlines.

### Implications under the Listing Rules

Shanghai Airlines is a party independent of the Company. The transactions contemplated under the Absorption Proposal do not constitute connected transactions of the Company.

The highest “size tests” percentage ratio applicable to the relevant share exchange through the Absorption Proposal is more than 25% but less than 100%. As a result, the Absorption Proposal will constitute a major transaction of the Company under Rule 14.06(3) of the Listing Rules. Further, the issue of A Shares pursuant to the Absorption Proposal will constitute a variation of class rights of the holders of A Shares and the holders of H Shares under the Articles of Association. Pursuant to Rule 14.06(3), Rule 19A.38 of the Listing Rules and the Articles of Association, the Absorption Proposal is required to be approved by the Shareholders at a general meeting and separate class meetings. No Shareholder will be required to abstain from voting at any shareholders' meeting to approve the Absorption Proposal.

### Absorption Circular

The transactions contemplated under the Absorption Proposal are distinct from the transactions contemplated under the Specific Mandates.

A circular containing, among others, further details of: (i) the major transaction in connection with the Absorption Proposal; and (ii) notices of the various shareholders' meetings for approving the Absorption Proposal, will be issued by the Company and despatched to the Shareholders in due course.

## 3. Resumption of trading

At the request of the Company, trading of H Shares of the Company on the Stock Exchange was suspended with effect from 9:30 a.m. on 8 June 2009 pending the release of this announcement. The Company has made an application to the Stock Exchange for the resumption of trading of H Shares on the Stock Exchange with effect from 9:30 a.m. on 13 July 2009.

1. SPECIFIC MANDATES IN RELATION TO ISSUANCE OF NEW A SHARES AND NEW H SHARES

The A Share Specific Mandate

The terms of the A Share Specific Mandate are set out below:

  - (B) to do or cause to be done all acts, matters or things and to sign and deliver or cause to be signed or delivered all agreements, deeds, documents, instruments, forms and certificates as it considers necessary, desirable or appropriate in order to effectuate, carry out and consummate, or relating to, the transactions contemplated under the A Share Specific Mandate, and to otherwise perform or give effect to the transactions and obligations contemplated by and under the A Share Specific Mandate and the compliance by the Company with the Company's obligations and covenants agreed therein;

(2)contingent on the Board resolving to issue new H Shares pursuant to paragraph (1) above, the Board is authorized to make such appropriate and necessary amendments to the Articles of Association as they think fit to reflect such increases in the registered capital of the Company and to take any other action and complete any formality required to effect the issuance of new H Shares pursuant to paragraph (1) above and the increase in the registered capital of the Company.

1.3

Pursuant to the relevant rules of CSRC, new A Shares to be subscribed for by CEA Holding shall not be disposed of within 36 months from the date of the issuance of such new A Shares, and new A Shares to be subscribed for by the other specific investors shall not be disposed of within 12 months from the date of the issuance of the respective new A Shares.

Subject to the requirements by applicable laws and regulations and regulatory authorities such as CSRC, there is currently no lock-up arrangement in relation to new H Shares to be subscribed for by CES Global.

1.4

The Subscription Agreements

In relation to and as part of the transactions contemplated under the A Share Specific Mandate, on 10 July 2009, CEA Holding entered into the A Share Subscription Agreement with the Company, pursuant to which, CEA Holding will subscribe in cash for not more than 490,000,000 new A Shares at the subscription price of not less than RMB4.75 per A Share.

In relation to and as part of the transactions contemplated under the H Share Specific Mandate, on 10 July 2009, CES Global entered into the H Share Subscription Agreement with the Company, pursuant to which, CES Global will subscribe in cash for not more than 490,000,000 new H Shares at the subscription price of not less than HK\$1.40 per H Share.

The terms and conditions of the A Share Subscription Agreement and the H Share Subscription Agreement are agreed after arm's length negotiations between the parties. The Board believes that the terms and conditions of thereunder are fair and reasonable and in the interests of the Shareholders as a whole.

(A)

The A Share Subscription Agreement

Parties

- (1) The Company as the issuer; and
- (2) CEA Holding as the subscriber.

Number of new A Shares subscribed for

In relation to and as part of the transactions contemplated under the A Share Specific Mandate as set out in section 1.1 above, CEA Holding will subscribe for not more than 490,000,000 new A Shares. Such new A Shares represent approximately 6.33% of the existing issued share capital of the Company as at the date of this announcement.

### Subscription price

Subject to the results of the price sounding-out process as required by CSRC, the subscription price shall be not less than RMB4.75 per A Share. The subscription price will, pursuant to the terms of the A Share Subscription Agreement, be payable in cash to the special savings account as designated by the Company within 5 Business Days after the A Share Subscription Agreement has come into effect, or such other date as the parties may agree.

The minimum subscription price for such A Share subscription was agreed after arm's length negotiations between the parties by reference to the average trading price of A Shares during the Price Fixing Period, which represents 90% to such average trading price of A Shares as required by the applicable rules and regulations in the PRC. Such minimum subscription price also represents a discount of approximately 10.71% as compared to the average closing price of RMB5.32 per A Share for the last 5 consecutive trading days immediately prior to the suspension of trading of A Share on 5 June 2009.

The Board considers such minimum subscription price fair and reasonable and in the interests of the Shareholders as a whole.

### Commencement and termination of the A Share Subscription Agreement

The A Share Subscription Agreement will take effect upon the happening of the followings:

- (1) obtaining the approvals by the Shareholders by way of special resolutions at a general meeting and class meetings for the issue of new A Shares to CEA Holding and issue of new H Shares to CES Global and for making consequential amendments to the Articles of Association;
- (2) in accordance with the (Administrative Measures in relation to the Acquisition of the Listed Companies) regulations, obtaining the waiver by the Shareholders at a general meeting in relation to the requirement of a general offer by CEA Holding;
- (3) obtaining the waiver from CSRC on the requirement of a general offer by CEA Holding in relation to the issuance of new A Shares and new H Shares respectively (if applicable); and
- (4) obtaining the respective approval from CSRC in relation to the issue of new A Shares to CEA Holding and the issue of new H Shares to CES Global.

The A Share Subscription Agreement shall automatically be terminated upon the happening of the followings:

- (1) if any of the above conditions has not been satisfied within 12 months from the signing of the A Share Subscription Agreement; or
- (2) CSRC has, either orally or in writing, replied that it will not grant the approval to the Company for the issuance of new A Shares under the A Share Subscription Agreement or the issuance of new H Shares under the H Share Subscription Agreement.

(B) The H Share Subscription Agreement

Parties

- (1) The Company as the issuer; and
- (2) CES Global as the subscriber.

Number of new H Shares subscribed for

In relation to the H Share Specific Mandate as set out in section 1.2 above, CES Global will subscribe for not more than 490,000,000 new H Shares. Such new H Shares represent approximately 6.33% of the existing issued share capital of the Company as at the date of this announcement.

Application will be made by the Company to the Stock Exchange for the granting of the listing of, and permission to deal in, all H Shares issued pursuant to the H Share Subscription Agreement.

Subscription price

The subscription price shall be not less than HK\$1.40 per H Share. The subscription price will be payable in cash to the account of the Company (which shall be designated in writing by the Company at least 5 Business Days prior to the date of payment) within 5 Business Days after the H Share Subscription Agreement has come into effect, or such other date as the parties may agree.

The minimum subscription price for such H Share subscription was agreed after arm's length negotiations between the parties by reference to the average trading price of H Shares during the Price Fixing Period, which represents 90% to such average trading price of H Shares. Such minimum subscription price also represents a discount of approximately 20.45% as compared to the average closing price of HK\$1.76 per H Share for the last 5 consecutive trading days immediately prior to the suspension of trading of H Share on 5 June 2009.

The Board considers such minimum subscription price fair and reasonable and in the interests of the Shareholders as a whole.

Commencement and termination of the H Share Subscription Agreement

The H Share Subscription Agreement will take effect upon the happening of the followings:

- (1) obtaining the approvals by the Shareholders at a general meeting and class meetings for the issue of new H Shares to CES Global and issue of new A Shares to CEA Holding and for making consequential amendments to the Articles of Association;
- (2) in accordance with the (Administrative Measures in relation to the Acquisition of the Listed Companies) regulations, obtaining the waiver by the Shareholders at a general meeting in relation to the requirement of a general offer by CEA Holding;
- (3) obtaining the waiver from CSRC on the requirement of a general offer by CEA Holding in relation to the issuance of new A Shares and new H Shares respectively (if applicable); and

(4) obtaining the respective approval from CSRC in relation to the issue of new A Shares to CEA Holding and the issue of new H Shares to CES Global.

The H Share Subscription Agreement shall automatically be terminated upon the happening of the followings:

- (1) if the above conditions have not been satisfied within 12 months from the signing of the H Share Subscription Agreement; or
- (2) CSRC has, either orally or in writing, replied that it will not grant the approval to the Company for the issuance of new A Shares pursuant to the A Share Subscription Agreement or the issuance of new H Shares pursuant to the H Share Subscription Agreement.

### 1.5 Subscriptions pursuant to the Specific Mandates

Subscription of new A Shares by CEA Holding pursuant to the A Share Specific Mandate and subscription of new H Shares by CES Global pursuant to the H Share Specific Mandate are inter-conditional. If either the subscription of new A Shares by CEA Holding pursuant to the A Share Specific Mandate or the subscription of new H Shares by CES Global pursuant to the H Share Specific Mandate is not approved by the Shareholders or for other reasons does not proceed to completion, the other will not proceed to completion. However, subscription of new A Shares by each of the other 9 specific investors pursuant to the A Share Specific Mandate is not inter-conditional with the subscription of new A Shares by CEA Holding pursuant to the A Share Specific Mandate or with the subscription of new H Shares by CES Global pursuant to the H Share Specific Mandate. Likewise, subscriptions of new A Shares by each of the 9 specific investors is not inter-conditional with subscription of new A Shares by each of the other 8 specific investors. And in the case where the subscription of new A Shares by CEA Holding does not proceed to complete and a substituting investor is invited to participate in the subscription of new A Shares, subscription of new A Shares by each of the 10 specific investors is not inter-conditional with subscription of new A Shares by each of the other 9 specific investors.

As time will be required for the Board to implement the transactions contemplated under the Subscriptions pursuant to the Specific Mandates, for example, to identify the specific investors, to negotiate with each of them the terms of the subscription and to fulfill certain PRC legal requirements, the Board believes it is reasonable to have the Specific Mandates valid for a 12-month period.

Further announcement(s) will be made by the Company when the other 9 specific investors are identified.

The minimum subscription prices for the subscriptions of new A Shares and new H Shares pursuant to the Specific Mandates are determined by reference to the respective trading prices of A Shares and H Shares. Since the trading price of A Shares is different from the trading price of H Shares, it is reasonable that the minimum subscription prices for the subscriptions of new A Shares and new H Shares pursuant to the Specific Mandates are different.

CES Global is an indirect wholly owned subsidiary of CEA Holding, and it is logical from CEA Holding's stand-point for the subscription of new A Shares (by CEA Holding) and new H Shares (by CES Global) to operate as a package transaction. Such subscriptions are therefore inter-conditional. However, as each of the other specific investors is distinct from the other investors, each of their respective subscriptions and the subscriptions by CEA Holding and CES Global are independent and not inter-conditional.

1.6

Information about the parties

CEA Holding is a state-owned enterprise established in the PRC. The principal activities of CEA Holding are investment holding.

CES Global is a company incorporated in Hong Kong, and an indirectly wholly owned subsidiary of CEA Holding. Its principal activities are selling of air tickets and investment holding.

The Company is an international airline company incorporated in the PRC whose H Shares, A Shares and American depository shares are listed on the Stock Exchange, the Shanghai Stock Exchange and the New York Stock Exchange, Inc., respectively.

1.7

Implications under the Listing Rules relating to the Subscriptions

As at the date of this announcement, CEA Holding directly holds 4,341,375,000 shares of A Shares in the Company, representing 56.08% of the existing issued share capital of the Company. As at the date of this announcement, CES Global holds 1,437,375,000 shares of H Shares in the Company, representing 18.57% of the existing issued share capital of the Company. CES Global is an indirectly wholly owned subsidiary of CEA Holding. CEA Holding, by itself and through CES Global, owns in aggregate 74.64% of the existing issued share capital of the Company.

Since CEA Holding is the controlling shareholder of the Company, and hence a connected person of the Company, the issue of new A Shares to CEA Holding pursuant to the A Share Subscription Agreement constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules and is subject to reporting, announcement and independent shareholders' approval requirements under that chapter. Further, since CES Global is a substantial shareholder of the Company and an indirectly wholly owned subsidiary of CEA Holding, and hence a connected person of the Company, the issue of new H Shares to CES Global pursuant to the H Share Subscription Agreement constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules and is subject to reporting, announcement and independent shareholders' approval requirements under that chapter. Thus, an Independent Board Committee comprising the independent non-executive Directors of the Company will be formed to advise the Independent Shareholders on the terms of the A Share Subscription Agreement and the H Share Subscription Agreement. An independent financial adviser will, in accordance with the Listing Rules, be appointed to advise the Independent Board Committee and the Independent Shareholders on the same.

Meanwhile, the issue of new A Shares and new H Shares pursuant to the Specific Mandates will constitute a variation of class rights of the holders of A Shares and the holders of H Shares under the Articles of Association. Pursuant to the Articles of Association and Rule 19A.38 of the Listing Rules, the issue of such new A Shares and new H Shares is required to be approved by the Shareholders by way of special resolutions at a general meeting and separate class meetings.

Voting on the general meeting and class meetings will be taken by way of poll. CEA Holding, CES Global and their respective associates will abstain from voting at the general meeting and the class meetings of holders of A Shares and H Shares convened for the purpose of approving the granting of the Specific Mandates.

1.8 Shareholding structure of the Company

As at the date of this announcement, the shareholding structure of the Company is as follows:

Note: – The percentages shown are rounded to the nearest 2 decimal places.

Immediately after the completion of the Subscriptions (assuming that no other Shares has been issued after the date of this announcement until the completion of the Subscriptions), it is anticipated that the shareholding structure of the Company will be as follows:

Notes: – The percentages shown are rounded to the nearest 2 decimal places.  
The percentages shown are based on the currently anticipated scale of the Subscriptions and assumed full implementation of such scale.

1.9 Ranking of new A Shares and new H Shares to be issued in relation to the Subscriptions

The new A Shares and new H Shares to be issued pursuant to the Specific Mandates will rank, upon issue, pari passu in all respects with A Shares and H Shares in issue at the time of issue of such new A Shares and new H Shares.

1.10 Reasons for and benefit of the Subscriptions

The US subprime mortgage crisis since 2008 has resulted in continuous fluctuations in global financial markets, which in turn affected the economy and prompted an immediate threat of a global recession. The domestic economy has experienced a slowdown due to the impact of global economic slowdown. The civil aviation industry is highly sensitive to the economic cycle. In 2008, the civil aviation industry is in a difficult operating condition as a result of the economic slowdown. It is estimated that according to the unaudited financial figures of the Company as of 31 March 2009 that even with the capital injection into the Company in June 2009 in the amount of approximately RMB7 billion, the gearing ratio of the Company still remains at a very high level, and the net assets of the Company is still negative. As a result, the Company's operating and financial condition is under enormous pressure.

The Company has considered various ways to raise funds and concluded that raising funds through the Subscriptions is on balance the most effective way to satisfy the Company's acute need for funding. The Company believes the Subscriptions will provide additional funds and further improve the financial position of the Company, especially when the Company's operating and financial condition is under enormous pressure. In the long term, the Subscriptions will enhance the Company's competitiveness and help to improve its operational position.

CEA Holding, as controlling shareholder of the Company, together with its indirect wholly owned subsidiary CES Global, are a relatively more certain source of fund provider. Within the 12-month period immediately prior to the date of this announcement, the Company has issued new A Shares and new H Shares to CEA Holding and CES Global (which were completed on 2 July 2009 and 26 June 2009 respectively), which is within the 12 months immediately prior to the date of this announcement. The total proceeds of those subscriptions were approximately RMB7 billion, which are intended to be used as working capital of the Company as previously disclosed. In accordance with the use intended, approximately RMB5.50 billion of such total proceeds has been used to repay a short-term loan obtained from CEA Holding (which short-term loan was provided by CEA Holding to the Company in January 2009 to help the Company meet its working capital needs). The remaining amount of such total proceeds has not yet been utilized as of 30 June 2009 and such amount will in due course be used as working capital of the Company as previously disclosed.

Assuming the respective parties will subscribe for the maximum number of new A Shares and new H Shares at the respective minimum subscription prices pursuant to the Specific Mandates, the total proceeds of the Subscriptions will be approximately RMB 7.02 billion. After deduction of relevant expenses for the Subscriptions, the total proceeds of the Subscriptions are intended to be used as working capital of the Company.

1.11

Specific Mandates Circular

A circular containing, among others, further details of: (i) the Specific Mandates in connection with the issue of new A Shares and new H Shares; and (ii) notices of the various shareholders' meetings, will be issued by the Company and despatched to the Shareholders in due course.

## The Exchange Ratio

The Company will exchange in aggregate a maximum of 1,303,722,200 SA Shares in the issued share capital of Shanghai Airlines by an issue of a maximum of 1,694,838,860 A Shares, meaning that for every SA Share, 1.3 A Shares will be issued. The Exchange Ratio has been determined on the following basis:

- (1) the price per SA Share was determined at RMB5.50 based on the average trading price of SA Shares for a period of 20 trading days up to and including 5 June 2009, being the last trading day immediately before the suspension of trading of SA Shares on the Shanghai Stock Exchange pending release of an announcement of the Company in relation to the proposed negotiation on the terms of the Absorption Proposal;
- (2) the price per A Share was determined at RMB5.28 based on the average trading price per A Share for a period of 20 trading days up to and including 5 June 2009, being the last trading day immediately before the suspension of trading of A Shares on the Shanghai Stock Exchange pending release of an announcement of the Company in relation to the proposed negotiation on the terms of the Absorption Proposal; and
- (3) based on a risk premium of approximately 25%, for every SA Share, 1.3 A Shares will be issued, and for the avoidance of doubt, such risk premium is only available to those SA Shareholders who elect to exchange their SA Shares for A Shares.

In determining the level of the risk premium and the Exchange Ratio, the Company has taken into consideration factors including: (i) uncertainty in the fluctuation of the share prices of the Company that the SA Shareholders will have to face; (ii) the financial situation of Shanghai Airlines; (iii) the synergy effect that will be brought to bear on the business of the Company such as the ability to establish economies of scale, the increase in the market share of the Company in the air transportation market in Shanghai and the integrating of the flight route network and marketing network of the Company and Shanghai Airlines.

#### Rights of the Dissenting Shareholders

Further announcement(s) will be made by the Company when details of the lock-up arrangements have been determined.

2.5

Reasons for and benefits of the Absorption Proposal

The reasons for and benefits of the Absorption Proposal are:

The Company aims to optimize its airlines network, improve the operating efficiency of its resources, effectively reduce its operating costs, enhance its profitability and better serve the World Exposition to be held in Shanghai through the absorption of Shanghai Airlines. The absorption will expand the operations of the Company, improve its profitability, with a view to enhancing the interests of the Shareholders as a whole. Specifically, the absorption aims to achieve the following purposes:

(1) Strengthening the competitiveness of the Company

China has become one of the largest air transportation markets in the world. However, comparing to the leading international airlines in the world, the air transportation industry of China is still lacking in competitiveness due to its inability to establish economies of scale. The absorption will enable the Company to expand its market share in the air transportation market in Shanghai which is a transportation hub, increase the number of joint flights, expand its market coverage and facilitate the realization of the Company's strategic objective of positioning itself as an hub-networking air transportation company.

(2) Attaining synergy through integration of the resources

The Company and Shanghai Airlines are both airline carriers with Shanghai as their bases. There has been for a long time overlapping in the resources input into route operations and flights and aircraft services as the two companies run independently. With the absorption, the two companies can attain synergy in their use of aircraft fuel, purchases of aircraft, aircraft repair and maintenance, flight equipment, etc. In addition, they can realize the optimization of the route plans and flight schedules, enhancement of route network structure and improvement of transport efficiency. Accordingly, the operating costs and management fees can be reduced and the profitability can be improved.

(3) Promoting the evolution of Shanghai international air transportation centre

The implementation of the strategy of the Shanghai airport hub is vital for Shanghai to become an essential integral part of the international air transportation centre. The absorption will enable the Company to enhance its route network and number of aircraft. Meanwhile, a stronger based airline company can expedite the emergence of the Shanghai airport hub, which in turn will promote the evolution of Shanghai as an international air transportation centre.

Clearly, the above benefits more than outweigh the impact from the recent loss-making financial position of Shanghai Airlines. The Board believes that the terms of the Absorption Proposal are fair and reasonable and are in the interests of the Shareholders as a whole.

2.6 Implications of the Listing Rules

To the best knowledge, information and belief of the Directors having made all reasonable enquiry, Shanghai Airlines and its beneficial owners (Shanghai Alliance Investment Limited, Bank of China Group Investment Limited and Jin Jiang International) are parties independent of the Company and independent of the connected persons of the Company. To the best knowledge, information and belief of the Directors having made all reasonable enquiry, the ultimate beneficial owners of Shanghai Alliance Investment Limited, Bank of China Group Investment Limited and Jin Jiang International are not connected persons of the Company. The transactions contemplated under the Absorption Proposal do not constitute connected transactions of the Company.

The highest “size tests” percentage ratio applicable to the relevant share exchange through the Absorption Proposal is more than 25% but less than 100%. As a result, the Absorption Proposal will constitute a major transaction of the Company under Rule 14.06(3) of the Listing Rules. Further, the issue of A Shares pursuant to the Absorption Proposal will constitute a variation of class rights of the holders of A Shares and the holders of H Shares under the Articles of Association. Pursuant to Rule 14.06(3), Rule 19A.38 of the Listing Rules and the Articles of Association, the Absorption Proposal is required to be approved by the Shareholders at a general meeting and separate class meetings. No Shareholder will be required to abstain from voting at any shareholders’ meeting to approve the Absorption Proposal.
