Dear Stockholders:

We are pleased to invite you to attend our 2010 Annual Meeting of Stockholders to be held on Thursday, December 2, 2010 at 9:00 a.m. PST in our corporate offices located at 20050 SW 112th Avenue, Tualatin, Oregon 97062. The Board of Directors has fixed the close of business on October 4, 2010 as the record date for the determination of Stockholders entitled to receive notice of, and to vote at, the 2010 Annual Meeting. For your convenience, we are also pleased to offer a live webcast of our 2010 Annual Meeting to allow you to view the meeting on the Investor Relations section of our web site at www.waytronx.com.

Details of the business to be conducted are described in the Notice of Internet Availability of Proxy Materials (the "Notice") you received in the mail and in this proxy statement. We have also made available a copy of our 2009 Annual Report to Stockholders with this proxy statement. We encourage you to read our Annual Report. It includes our audited financial statements and provides information about our business and products.

We have elected to provide access to our proxy materials over the internet under the Securities and Exchange Commission's "notice and access" rules. Our management is constantly focused on improving the ways people connect with information and believes that providing our proxy materials over the internet increases the ability of our stockholders to connect with the information they need, while reducing the environmental impact of our 2010 Annual Meeting. If you want more information about the 2010 Annual Meeting, please see the Questions and Answers section of the proxy statement under the heading General Information or visit the Stockholders Meeting section of our Investor Relations website.

The last several years have clearly been transformational at Waytronx. We changed the company's name; changed the company's focus; acquired both business subsidiaries and new technologies; and completely changed the company's business model.

During the latter part of 2008, 2009 and now into 2010, we have taken the technology platform we created by acquiring CUI and its facilities and incorporated that platform into our public company. We have added new product lines; made strategic geographic acquisitions; vertically integrated our sales force; secured several proprietary licensing agreements; and begun to see the fruits of our transformation from a pre-revenue R&D company to a revenue generating, profitable technology/licensing business model.

We have re-structured and/or eliminated more than \$25,000,000 in debt; we have reported our first net-net profitable quarter; and we've done all of this while reducing our SG&A as a percentage of our gross revenue.

As in previous years, the continued commitment and support of our efforts by our shareholders is of tremendous importance to our company, its employees, and its executive team. We value that support and are working hard to maintain your trust and increase shareholder value.

This year culminates many of the company's strategic efforts to change its business model and transform itself from a pre-revenue, patent portfolio company to a revenue generating; profitable platform company dedicated to identifying, acquiring, and commercializing leading edge technologies. Briefly, the significant milestones we reached in order to accomplish this transformation were:

- In May 2008, the company acquired CUI, Inc., a Tualatin, Oregon based solutions provider of electromechanical components and industrial controls for OEM manufacturing (Press Release dtd: May 19, 2008).
 - In October 2008, the company signed and announced the first of its exclusive worldwide licensing agreements for the C14 encoder. That product is now being sold in the marketplace and is generating revenue for the company (Press Release dtd: October 7, 2008).
 - In May 2009, the company signed and announced the worldwide, exclusive licensing agreement for the AMT encoder. This encoder has already received several design wins, is currently in the market, and generating revenue for the company (Press Release dtd: May 12, 2009).
 - In May 2009, the company was able to reach an agreement with the former owners of CUI (IED, Inc.) to reduce the value of its \$17,500,000 convertible acquisition note to a market value of \$4,900,000.
 - In July 2009, after lengthy negotiations, the company was able to announce the acquisition of Comex Electronics and forty-nine percent (49%) of Comex Instruments and its rebranding to "CUI-Japan." This acquisition of Comex revenues (full year 2009 gross revenues of approximately \$4.1 million) and a customer list including such iconic Japanese companies as Mitsubishi, Honda, Fujitsu, Toshiba, Sony, Japan Rail, the Japan Defense Force, and others was the culmination of the company's efforts to significantly increase its presence in Japan for its own existing product lines (Press Release dtd: July 6, 2009).
 - In July 2009, after hiring Mark Adams the new VP of Worldwide Sales, the company was able to announce the re-structure and vertical expansion of its sales force – Increasing its outside sales group to seventy-four (74) reps, with comprehensive coverage of the United States and service in Mexico, Puerto Rico, and Western Canada (Press Release dtd: July 15, 2009). Since that announcement, the company has added additional sales reps and now includes Europe in its coverage.
 - In September 2009, the company entered into a licensing agreement with Power One, Inc. (NASDAQ: PWER). The non-exclusive license agreement provides access to Power-One's portfolio of digital power technology patents for incorporation into the company's new line of digital point of load power modules (Press Release dtd: September 21, 2009).
 - In January 2010, the company announced that it had finalized negotiations with GL Industrial Services UK [formerly: Advantica Ltd.] for exclusive worldwide licensing rights to the unique new GASPT2 technology. That technology allows, for the very first time, "live time" monitoring of the quantity, quality, and composition of natural gas intra-pipeline. That contract calls for a minimum of between \$35,000,000 and \$40,000,000 in sales during the first four years of the agreement. The company is currently in the final phase of safety certification of the device by BASEEFA and fiscal certification by the American Gas Association and Ofgem in the United Kingdom (Press Release dtd: January 4, 2010).
-

- In March 2010, the company entered into an exclusive Field of Use Agreement with California Power Research Inc to license their BPS-5 advanced power topology. BPS-5 provides advantages across a wide range of ac-dc and dc-dc power conversion applications through a significant reduction in switching losses within PWM circuits. The company is commercializing this technology through its V-Infinity line of power products (Press Release dtd: March 30, 2010).
- In March 2010, the company retained Innovaro, Inc. (AMEX: INV), a patent portfolio company dedicated to, and specializing in developing compelling strategies and modeling breakthrough ideas, to find a strategic partner to either develop or acquire its WayCool Technology, so that the company can continue to focus on its and CUI's core business, developing those products that are either already in the market or very close to actual commercialization. Innovaro has and continues to aggressively market the WayCool Technology portfolio and has already identified and introduced several potential partners to the company.
- In April 2010, the company was able to re-negotiate with IED and two other "Angel" Investors, allowing it to reduce its debt by another \$7,200,000. IED exchanged the entire convertible (acquisition) note of \$4,900,000 and related accrued interest of \$850,500 for 1,000,000 shares of common stock and a one-time \$50,000 payment. Additionally, the other two investors converted approximately \$1,500,000 in debt to equity (Press Release dtd: April 20, 2010).
- After complicated negotiations with Wells Fargo Capital Finance (NYSE: WFC), in August 2010, the company was able to transfer its entire banking relationship, along with its working line-of-credit and term (acquisition) note to Wells Fargo Capital Finance, bringing it into compliance with all financial covenants and allowing it to move from a regional banking relationship to an international banking relationship, much better equipped to service the company's ever expanding product line and customer base (Press Release dtd: August 31, 2010). In conjunction with this move to Wells Fargo, the company was able to retire an additional \$2,000,000 in debt when five (5) investors agreed to convert their SBLC's into equity in the company (Press Release dtd: August 10, 2010).
- In August 2010, the company was pleased to report its first net-net profitable quarter. For the Second Quarter ending June 30, 2010, the company reported consolidated revenues of \$10,716,227 (up 77% year-over-year) and EBITDA of \$6,494,479 – EPS of \$0.02 per share. Those numbers represent a 40% quarter-to-quarter increase in revenues, up from \$7,668,805 in the first quarter 2010. This revenue growth and operating profit was accomplished while the company's Selling, General, and Administrative ("SG&A") expenses were reduced from 41% of total revenue in second quarter 2009 to 29% of total revenue for the second quarter 2010 – a decline of more than 12%. Significantly, the SG&A dropped from 37% of total revenue in first quarter 2010 to 29% of total revenues in second quarter 2010 – a quarter-to-quarter drop of 8% (Press Release dtd: August 16, 2010).
- Finally, and maybe most significantly, in September 2010, the company reached agreement with IED to reduce its remaining approximately \$14,000,000 Term Note, then due and payable on or before May 15, 2011, to approximately \$10,309,000 and extend the terms of that Note, making it "interest only" and due and payable on or before May 15, 2018 – transforming it from short-term debt into long-term debt. In exchange for this accommodation by IED, the company agreed to pay IED a one-time payment of \$1,500,000 on or before December 1, 2010 (Press Release dtd: September 9, 2010).

In sum and put quite succinctly, the company's immediate future looks especially bright.

- With a significant total addressable market (TAM) for our proprietary products and emerging technologies;
- A quarter-to-quarter growth rate of more than 40% and a year-over-year growth rate of more than 70%;
 - Reduction in our SG&A as a percentage of total revenues;
 - Increasing profitability of \$0.02 earnings per share (EPS) for the second quarter of 2010, along with a reduction in debt and associated reduction in cash and non-cash interest expenses from approximately \$400,000 per month in May 2008 to approximately \$145,000 per month now (\$88,000 in cash and \$57,000 in non-cash expense); and,
- Continuing our emphasis on increasing operational efficiencies, expanding our “legacy” business, and bringing our Novum Digital Power Product Line and GasPT2 device to market, the company has, and continues to implement its strategic plan to increase its market share, acquire and introduce new technologies, and drive shareholder value.

As always, we recognize our shareholders for their continued support and we look forward to providing more value and return on investment to each of you during the coming year. We look forward to seeing you at our 2010 Annual Meeting.

Kind regards,

/s/ William J. Clough

PROXY STATEMENT

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Waytronx, Inc. (the "Company") for use at the 2010 Annual Meeting of Stockholders to be held on Thursday December 2, 2010 at 9:00 a.m. PST in our corporate offices located at 20050 SW 112th Avenue, Tualatin, Oregon 97062 and for any postponements or adjournments thereof. Please vote your shares of Waytronx, Inc. common stock and preferred stock. Your vote at the 2010 Annual Meeting is important to us. Whether or not you plan to attend the 2010 Annual Meeting, we encourage you to read this proxy statement and submit your proxy or voting instructions as soon as possible. For specific instructions on how to vote your shares, please refer to the instructions on the Notice of Internet Availability of Proxy Materials (the "Notice") you received in the mail, the section entitled General Information about the 2010 Annual Meeting beginning on page 3 of this proxy statement or, if you requested to receive printed proxy materials, your enclosed proxy card. The Proxy Statement and the accompanying materials are being made available to the stockholders on or about October 15, 2010.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Q: Why am I receiving these materials?

A: Our board of directors has made these materials available to you on the internet or, upon your request, has delivered printed proxy materials to you, in connection with the solicitation of proxies for use at the Waytronx 2010 Annual Meeting of Stockholders, which will take place on Thursday, December 2, 2010 at 9:00 a.m. PST in our corporate offices located at 20050 SW 112th Avenue, Tualatin, Oregon 97062. As a stockholder, you are invited to attend the 2010 Annual Meeting and you are requested to vote on the items of business described in this proxy statement.

Q: What information is contained in this proxy statement?

A: The information in this proxy statement relates to the proposals to be voted on at the 2010 Annual Meeting, the voting process, the compensation of our directors and most highly paid executive officers, corporate governance and information on our board of directors and certain other required information.

Q: Why did I receive a notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with rules adopted by the Securities and Exchange Commission (the "SEC"), we may furnish proxy materials, including this proxy statement and our 2009 Annual Report on Form 10-K, to our stockholders by providing access to such documents on the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our stockholders, will instruct you as to how you may access and review all of the proxy materials on the internet. The Notice also instructs you as to how you may submit your proxy on the internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions in the Notice for requesting such materials.

Q: I share an address with another stockholder and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

A: We have adopted a procedure called “householding” which the SEC has approved. Under this procedure, we deliver a single copy of the Notice and, if applicable, the proxy materials and the 2009 Annual Report to Stockholders to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces environmental impact as well as our printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written request, we will deliver promptly a separate copy of the Notice and, if applicable, the proxy materials and the Annual Report to Stockholders to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the Notice and, if applicable, these proxy materials or the Annual Report to Stockholders, stockholders may write or email us at the following address and email address: 20050 SW 112th Avenue, Tualatin, Oregon 97062; investors@waytronx.com.

Stockholders who hold shares in street name (as described below) may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

Q: How do I get electronic access to the proxy materials?

A: The Notice will provide you with instructions regarding how to:

- View our proxy materials for the 2010 Annual Meeting on the internet and
- Instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact on the environment of printing and mailing these materials. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Q: What items of business will be voted on at the 2010 Annual Meeting?

A: The items of business scheduled to be voted on at the 2010 Annual Meeting are:

- The election of three directors and
- Amendment of the Articles of Incorporation to change the corporate name to CUI Global, Inc.

We will also consider any other business that properly comes before the 2010 Annual Meeting.

Q: How does the board of directors recommend that I vote?

A: Our board of directors recommends that you vote your shares “FOR” each of the three nominees to the board of directors and “FOR” the amendment of the Articles of Incorporation to change the corporate name to CUI Global, Inc. Unless you give other instructions on your proxy card or electronically (internet or telephone), the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Company's Board of Directors as set forth in this Proxy Statement.

Q: What shares can I vote?

A: Each share of Waytronx common stock and Class A preferred stock issued and outstanding as of the close of business on the Record Date for the 2010 Annual Meeting is entitled to be voted on all items being voted on at the 2010 Annual Meeting. You may vote all shares owned by you as of the Record Date, including: (1) shares held directly in your name as the stockholder of record and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee or other nominee. As of the date of this Proxy Statement, we had 204,664,697 shares of common stock and 50,543 shares of Class A preferred stock issued and outstanding.

At this year's Annual Meeting, brokers will not have the authority to cast votes in uncontested elections of directors without receiving specific voting instructions from the shareholder. If you hold your shares through a broker (in "street name"), we strongly encourage you to provide your broker with the authority and instructions needed to vote your shares in the election of directors.

Q: How many votes am I entitled to per share?

A: Each holder of shares of common stock and Class A preferred stock is entitled to one vote for each share held as of the Record Date.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Many Waytronx stockholders hold their shares as a beneficial owner through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record, and the Notice was sent directly to you by Waytronx. As the stockholder of record, you have the right to grant your voting proxy directly to Waytronx or to vote in person at the 2010 Annual Meeting. If you requested to receive printed proxy materials, Waytronx has enclosed or sent a proxy card for you to use. You may also vote on the internet or by telephone, as described in the Notice and below under the heading "How can I vote my shares without attending the 2010 Annual Meeting?"

Beneficial Owner

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust or other similar organization, like the majority of our stockholders, you are considered the beneficial owner of shares held in street name, and the Notice was forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee or nominee how to vote your shares and you are also invited to attend the 2010 Annual Meeting.

Brokers will not have the authority to cast votes in uncontested elections of directors without receiving specific voting instructions from the shareholder. If you hold your shares through a broker (in "street name"), we strongly encourage you to provide your broker with the authority and instructions needed to vote your shares in the election of directors.

Since a beneficial owner is not the stockholder of record, you may not vote your shares in person at the 2010 Annual Meeting unless you obtain a "legal proxy" from the broker, bank, trustee or nominee that holds your shares giving you the right to vote the shares at the meeting. If you do not wish to vote in person or you will not be attending the 2010 Annual Meeting, you may vote by proxy. You may vote by proxy over the internet or by telephone, as described in the Notice and below under the heading "How can I vote my shares without attending the 2010 Annual Meeting?"

Q: Is the 2010 Annual Meeting going to be webcast?

A: For your convenience, we are pleased to offer a live webcast of our 2010 Annual Meeting on the Investor Relations section of our web site at www.waytronx.com.

Q: Can I participate in the question-and-answer portion of the 2010 Annual Meeting without attending the 2010 Annual Meeting?

A: No. The live webcast will be only visual and audio; there will be no opportunity to participate in the question-and-answer portion of the 2010 Annual Meeting unless you are present at the meeting.

Q: How can I vote my shares in person at the 2010 Annual Meeting?

A: Shares held in your name as the stockholder of record may be voted by you in person at the 2010 Annual Meeting. Shares held beneficially in street name may be voted by you in person at the 2010 Annual Meeting only if you obtain a legal proxy from the broker, bank, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the 2010 Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

Q: How shall I sign my name on the proxy card?

A: The following general rules for signing proxy cards may be of assistance to you and avoid the time and expense to Waytronx in validating your vote if you fail to sign your proxy card properly.

- Individual Accounts: Sign your name exactly as it appears in the registration on the proxy card.
- Joint Accounts: Either party may sign, but the name of the party signing should conform exactly to a name shown in the registration on the proxy card.
- All Other Accounts: The capacity of the individual signing the proxy card should be indicated unless it is reflected in the form of registration.

Q: How can I vote my shares without attending the 2010 Annual Meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the 2010 Annual Meeting. If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the internet by following the instructions provided in the Notice or, if you requested to receive printed proxy materials, you can also vote by mail or telephone pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may also vote by proxy over the internet by following the instructions provided in the Notice or, if you requested to receive printed proxy materials, you can also vote by telephone or mail by following the voting instruction card provided to you by your broker, bank, trustee or nominee.

Q: Can I change my vote?

A: You may change your vote at any time prior to the taking of the vote at the 2010 Annual Meeting. If you are the stockholder of record, you may change your vote by: (1) granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), (2) providing a written notice of revocation to Waytronx's Corporate Secretary at Waytronx Inc., 20050 SW 112th Avenue, Tualatin, Oregon 97062 prior to your shares being voted or (3) attending the 2010 Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank, trustee or nominee following the instructions they provided or, if you have obtained a legal proxy from your broker, bank, trustee or nominee giving you the right to vote your shares, by attending the 2010 Annual Meeting and voting in person.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Waytronx or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide on their proxy card written comments, which are then forwarded to Waytronx management.

Q: How many shares must be present or represented to conduct business at the 2010 Annual Meeting?

A: The presence at the 2010 Annual Meeting, in person or by proxy, of the holders of one third of the aggregate voting power of the Common and Preferred Stock outstanding on the record date will constitute a quorum. Each share of common stock and each share of Series A Convertible Preferred Stock is entitled to one vote. As of the date of this Proxy Statement, 204,664,697 shares of common stock and 50,543 shares of Series A Convertible Preferred Stock were outstanding and entitled to vote at the 2010 Annual Meeting. No shares of Series B and Series C shares were outstanding at the Record Date. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum. Unless otherwise indicated, all references herein to percentages of outstanding shares of stock are based on such numbers of shares outstanding. Shares entitled to vote are referred to hereafter as "Voting Shares".

Q: How may I vote?

A: Regarding the election of directors, you may vote "FOR" all or some of the nominees or your vote may be "WITHHELD" with respect to one or more of the nominees.

Regarding the amendment of the Articles of Incorporation to change the corporate name to CUI Global, Inc., you may vote "FOR" the name change or "AGAINST" the name change or "ABSTAIN" from voting on this proposal.

Q: What vote is required to approve each item?

A: Election of Directors

The affirmative vote (FOR) of a simple majority of the votes cast at the 2010 Annual Meeting is required for the election of each director. A properly executed proxy marked "Withhold" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Voting Shares represented by properly executed proxies for which no instruction is given will be voted "FOR" election of the nominee for director

PROPOSAL II

PROPOSAL TO AMEND THE ARTICLES OF INCORPORATION
TO
CHANGE THE CORPORATION NAME
TO
CUI GLOBAL, INC.

The Board of Directors believes that the best interests of the Company and its shareholders will be served by amending the Company's Restated Articles of Incorporation to change the Company's name to CUI Global, Inc.

Since the acquisition of CUI, the principal business of Waytronx has evolved into a platform company dedicated to the acquisition, development, and commercialization of new, innovative technologies. In an effort to promote our product identification and to capitalize on the international "CUI" name recognition, the Board of Directors feels that the corporate name change to CUI Global, Inc. will better reflect the nature of the Company's business focus. The corporate name change will require an affirmative shareholder approval to amend the corporate Articles of Incorporation.

If the shareholders approve this proposed amendment to the Articles of Incorporation, the amendment will become effective upon the filing of the amendment with the Colorado Secretary of State.

Proposed Amendment

The Board of Directors proposes as follows:

The Articles of Incorporation of Waytronx, Inc. shall be amended by deleting from the Articles of Incorporation, in its entirety, Article I, Name, and substituting in place thereof the following:

"ARTICLE I
NAME

The name of the corporation shall be CUI Global, Inc."

The Board of Directors believes that the approval of this Amendment is in the best interest of the Company and its shareholders and recommends a vote FOR the approval of the proposed Amendment.

Shares of our Common Stock and Series A Preferred Stock are entitled to one vote per share pertaining to each Director (cumulative voting is not permitted) and one vote per share pertaining to the corporate name change.

Unless stated to be voted otherwise, each proxy will be voted FOR the election of the director nominees named and FOR the proposed amendment of the Articles of Incorporation changing the corporate name to CUI Global, Inc. The nominees have consented to serve as director if elected. If any nominee becomes unavailable for election before the 2010 Annual Meeting of Stockholders, the Board of Directors may name a substitute nominee and proxies will be voted for such substitute nominee unless an instruction to the contrary is written on the proxy card.

OTHER BUSINESS

Management does not presently know of any matters that may be presented for action at the 2010 Annual Meeting other than those set forth herein. However, if any other matters properly come before the Annual Meeting, it is the intention of the persons named in the proxies solicited by management to exercise their discretionary authority to vote the shares represented by all effective proxies on such matters in accordance with their best judgment.

The committee reviews any special expertise, for example, that qualifies a person as an audit committee financial expert, membership or influence in a particular geographic or business target market, or other relevant business experience. To date the Company has not paid any fee to any third party to identify or evaluate, or to assist it in identifying or evaluating, potential director candidates.

The nominating committee considers director candidates nominated by stockholders during such times as the Company is actively considering obtaining new directors. Candidates recommended by stockholders will be evaluated based on the same criteria described above. Stockholders desiring to suggest a candidate for consideration should send a letter to the Company's secretary and include: (a) a statement that the writer is a shareholder (providing evidence if the person's shares are held in street name) and is proposing a candidate for consideration; (b) the name and contact information for the candidate; (c) a statement of the candidate's business and educational experience; (d) information regarding the candidate's qualifications to be director, including but not limited to an evaluation of the factors discussed above which the board would consider in evaluating a candidate; (e) information regarding any relationship or understanding between the proposing shareholder and the candidate; (f) information regarding potential conflicts of interest and (g) a statement that the candidate is willing to be considered and willing to serve as director if nominated and elected. Because of the small size of the Company and the limited need to seek additional directors, there is no assurance that all shareholder proposed candidates will be fully considered, that all candidates will be considered equally or that the proponent of any candidate or the proposed candidate will be contacted by the Company or the board and no undertaking to do so is implied by the willingness to consider candidates proposed by stockholders.

Compensation Committee

The Compensation Committee discharges the board's responsibilities relating to general compensation policies and practices and compensation of our executives. In discharging its responsibilities, the Compensation Committee establishes principles and procedures in order to ensure to the board and the stockholders that the compensation practices of the Company are appropriately designed and implemented to attract, retain and reward high quality executives, and are in accordance with all applicable legal and regulatory requirements. The Board of Directors adopted a charter, Charter of the Compensation Committee of the Board of Directors, that defines the Company's compensation policy and procedure. This charter may be seen at the company's website, www.waytronx.com. In this context, the Compensation Committee's authority, duties and responsibilities are:

- To annually review the Company's philosophy regarding executive compensation.
- To periodically review market and industry data to assess the Company's competitive position, and to retain any compensation consultant to be used to assist in the evaluation of directors' and executive officers' compensation.
- To establish and approve the Company goals and objectives, and associated measurement metrics relevant to compensation of the Company's executive officers.
 - To establish and approve incentive levels and targets relevant to compensation of the executive officers.
- To annually review and make recommendations to the board to approve, for all principal executives and officers, the base and incentive compensation, taking into consideration the judgment and recommendation of the Chief Executive Officer for the compensation of the principal executives and officers.
- To separately review, determine and approve the Chief Executive Officer's applicable compensation levels based on the Committee's evaluation of the Chief Executive Officer's performance in light of the Company's and the individual goals and objectives.
- To periodically review and make recommendations to the board with respect to the compensation of directors, including board and committee retainers, meeting fees, equity-based compensation and such other forms of compensation as the Compensation Committee may consider appropriate.
 - To administer and annually review the Company's incentive compensation plans and equity-based plans.
- To review and make recommendations to the board regarding any executive employment agreements, any proposed severance arrangements or change in control and similar agreements/provisions, and any amendments, supplements or waivers to the foregoing agreements, and any perquisites, special or supplemental benefits.
- To review and discuss with management, the Compensation Disclosure and Analysis (CD&A), and determine the Committee's recommendation for the CD&A's inclusion in the Company's annual report filed on Form 10-K with the SEC.

Compensation Committee Members

The Compensation Committee of the Board of Directors is appointed by the Board of Directors to discharge the board's responsibilities with respect to all forms of compensation of the Company's executive officers, to administer the Company's equity incentive plans, and to produce an annual report on executive compensation for use in the Company's 10-K. The Compensation Committee, currently and during the preceding fiscal year, consists of two independent board members, Colton Melby and Corey Lambrecht. During fiscal years 2008 and 2009, both members were non-employee directors within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended, and an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code. The board has determined that during fiscal year 2009, both members were "independent" within the meaning of Rule 4200(a) of The NASDAQ Stock Market and had no interlocking relationships as defined by the rules promulgated by the SEC.

Committee Meetings

Our Compensation Committee meets as often as necessary to perform its duties and responsibilities. The Compensation Committee held six informal meetings during fiscal 2009. On an as requested basis, our Compensation Committee receives and reviews materials prepared by management, consultants, or committee members, in advance of each meeting. Depending on the agenda for the particular meeting, these materials may include:

- Minutes and materials from the previous meeting(s);
- Reports on year-to-date Company financial performance versus budget;
- Reports on progress and levels of performance of individual and Company performance objectives;
- Reports on the Company's financial and stock performance versus a peer group of companies;
- Reports from the Committee's compensation consultant regarding market and industry data relevant to executive officer compensation;
- Reports and executive compensation summary worksheets, which sets forth for each executive officer: current total compensation and incentive compensation target percentages, current equity ownership holdings and general partner ownership interest, and current and projected value of each and all such compensation elements, including distributions and dividends there from, over a five year period.

Compensation Philosophy

General Philosophy

Our compensation philosophy is based on the premise of attracting, retaining and motivating exceptional leaders, setting high goals, working toward the common objectives of meeting the expectations of customers and stockholders, and rewarding outstanding performance. Following this philosophy, in determining executive compensation, we consider all relevant factors, such as the competition for talent, our desire to link pay with performance, the use of equity to align executive interests with those of our stockholders, individual contributions, teamwork and performance, each executive's total compensation package and internal pay equity. We strive to accomplish these objectives by compensating all employees with total compensation packages consisting of a combination of competitive base salary and incentive compensation.

Pay for Performance

At the core of our compensation philosophy is our strong belief that pay should be directly linked to performance. We believe in a pay for performance culture that places a significant portion of executive officer total compensation as contingent upon, or variable with, individual performance, Company performance and achievement of strategic goals including increasing shareholder value.

The performance based compensation for our executives may be in the form of (i) annual cash incentives to promote achievement of, and accountability for, shorter term performance plans and strategic goals and (ii) equity grants, designed to align the long-term interests of our executive officers with those of our stockholders, by creating a strong and direct link between executive compensation and shareholder return over a multiple year performance cycle. Long term incentive equity awards are granted in restricted stock. These shares/units generally vest over a two-year to four-year period. This opportunity for share ownership was provided in order to provide incentive and retain key employees and align their interests with our long term strategic goals.

Base Compensation to be Competitive within Industry

A key component of an executive's total compensation base salary is designed to compensate executives commensurate with their respective level of experience, scope of responsibilities, sustained individual performance and future potential. The goal has been to provide for base salaries that are sufficiently competitive with other similar-sized companies, both regionally and nationally, in order to attract and retain talented leaders.

Compensation Setting Process

Management's Role in the Compensation Setting Process.

Management plays a significant role in the compensation-setting process. The most significant aspects of management's role are:

- Assisting in establishing business performance goals and objectives;
- Evaluating employee and company performance;
- CEO recommending compensation levels and awards for executive officers;
- Implementing the board approved compensation plans; and
- Assistance in preparing agenda and materials for the committee meetings.

The Chief Executive Officer generally attends the Committee meetings; however, the Committee also regularly meets in executive session. The Chief Executive Officer makes recommendations with respect to financial and corporate goals and objectives and makes non CEO executive compensation recommendations to the Compensation Committee based on company performance, individual performance and the peer group compensation market analysis. The Compensation Committee considers and deliberates on this information and in turn makes recommendations to the Board of Directors, for the board's determination and approval of the executives' and other members of senior management's compensation, including base compensation, short-term cash incentives and long-term equity incentives. The Chief Executive Officer's performance and compensation is reviewed, evaluated and established separately by the Compensation Committee and ratified and approved by the Board of Directors.

Setting Compensation Levels

To evaluate our total compensation is competitive and provides appropriate rewards to attract and retain talented leaders, as discussed above, we may rely on analyses of peer companies performed by independent compensation consultants and on other industry and occupation specific survey data available to us. Our general benchmark is to establish both base salary and total compensation for the executive officers not in excess of the 50th percentile of the peer group data, recognizing that a significant portion of executive officer total compensation should be contingent upon, or consistent with, achievement of individual and Company performance objectives and strategic goals, as well as being consistent with stockholder value. Further, while the objective for base salary is up to the 50th percentile of the peer group data, executives' base salaries are designed to reward core competencies and contributions to the Company and may be increased above this general benchmark based on (i) the individual's increased contribution over the preceding year; (ii) the individual's increased responsibilities over the preceding year and (iii) any increase in median competitive pay levels.

Setting Performance Objectives

The Company's business plans and strategic objectives are generally presented by management at the Company's annual board meeting. The board engages in an active discussion concerning the financial targets, the appropriateness of the strategic objectives and the difficulty in achieving same. In establishing the compensation plan, our Compensation Committee then utilizes the primary financial objectives from the adopted business plan, operating cash flow, as the primary targets for determining the executive officers' short-term cash incentives and long term equity incentive compensation. The Committee also establishes additional non-financial performance goals and objectives, the achievement of which is required for funding of a significant portion, twenty five percent, of the executive officers' incentive compensation. In 2009, these non financial performance goals and objectives included achieving accurate financial reporting and timely SEC filings; demonstrating full compliance and superior performance in the Company's environmental, health and safety practices; performing appropriate SOX/404 remediation activities and achieving successful testing of and compliance with SOX requirements; and general and administrative expense management.

Special Evaluation

The Chief Executive Officer recommends the actual incentive award amounts for all other executives based on actual company performance relative to the targets as well as on individual performance and recommends the executives' base salaries levels for the coming year. The Compensation Committee considers these recommendations generally at the end of each fiscal year in determining its recommendations to the Board of Directors for the final short-term cash incentive and long-term equity award amounts for each executive and for the executive's base salary levels. The actual incentive amounts awarded to each executive are ultimately subject to the discretion of the Compensation Committee and the Board of Directors.

Additional equity-based awards may be also granted to executives, as well as other employees, upon commencement of employment, for promotions or special performance recognition, or for retention purposes, based on the recommendation of the Chief Executive Officer. In determining whether to recommend additional grants to an executive, the Chief Executive Officer typically considers the individual's performance and any planned change in functional responsibility.

Elements of Executive Compensation

Total Compensation

Total compensation for our executives consists of three elements: (i) base salary; (ii) incentive cash award based on achieving specific performance targets as measured by cash flow and other objectives and (iii) equity incentive award, which is also performance based and paid out over a future period in the form of restricted stock or options. Base salaries are the value upon which both the incentive compensation percentage targets are measured against. For evaluation and comparison of overall compensation of the executives, and to assist it in making its compensation decisions, the Compensation Committee reviews an executive compensation summary, which sets forth for each executive: current compensation and current equity ownership holdings as well as the projected value of each and all such compensation elements, including distributions and dividends therefrom.

Base Salaries

Base salaries are designed to compensate executives commensurate with their respective level of experience, scope of responsibilities, and to reward sustained individual performance and future potential. The goal has been to provide for base salaries that are sufficiently competitive with other similar-sized companies, both regionally and nationally, in order to attract and retain talented leaders.

Incentive Compensation

Incentive compensation is intended to align compensation with business objectives and performance and enable the company to attract, retain and reward high quality executive officers whose contributions are critical to short and long-term success of the Company. The executives' incentive awards are based upon three key performance metrics: 1) the Company's operating cash flow; 2) achievement of agreed-upon strategic and corporate performance goals and 3) each executive's departmental and individual goals and performance. The actual incentive amounts awarded to each executive are ultimately subject to the discretion of the Compensation Committee and the Board of Directors

Incentive Plan Compensation

Incentive awards are paid out in cash, restricted common stock or option awards. The incentive award targets for the executives are established at the beginning of the year generally as a percentage of their base salary and the actual awards are determined at the following year's Annual Board of Directors meetings based on actual company performance relative to established goals and objectives, as well as on evaluation of the executive's relevant departmental and individual performance during the past year. The award of restricted common stock generally vests over a two to four year term in equal three to six months tranches. The award of restricted common stock purchased through options generally vests immediately upon issuance of the option which generally has a validity of three to ten years and a per share purchase price of the fair market value of our common stock on the date of grant. The awards are intended to serve as a means of incentive compensation for performance.

Retirement Plans

The Company has no retirement plan for our employees or executives. Our wholly owned subsidiary, CUI, Inc., maintains a 401(k) plan.

Change in Control Agreements

Our executives are not awarded any type of protection upon a change in control.

Perquisites

The Company does not provide for any perquisites or any other benefits for its senior executives that are not generally available to all employees.

2009 Equity Incentive Plan (Executive)

On January 5, 2009 the Company Board of Directors received and approved a written report and recommendations of the Compensation Committee which included a detailed executive equity compensation report and market analysis and recommendations of Compensia, Inc., a management consulting firm that provides executive compensation advisory services to compensation committees and senior management of knowledge-based companies. The Compensation Committee used the report and analysis as a basis for its formal written recommendation to the board. Pursuant to a January 8, 2009 board resolution, the 2009 Equity Incentive Plan (Executive), a Non-Qualified Stock Option Plan, was created and funded with 4,200,000 shares of \$0.001 par value common stock. The Compensation Committee was appointed as the Plan Administrator to manage the plan.

The 2009 Equity Incentive Plan (Executive) provides for the issuance of Incentive Non Statutory Options to attract, retain and motivate executive and management employees and directors and to encourage these individuals to acquire an equity interest in the Company, to make monetary payments to certain management employees and directors based upon the value of the Company's stock and to provide these individuals with an incentive to maximize the success of the Company and further the interest of the shareholders. The Administrator of the plan is authorized to determine the exercise price per share at the time the option is granted, but under the terms of the 2009 Plan, the exercise price shall not be less than the fair market value on the date the option is granted. Stock options granted under the 2009 Plan have a maximum duration of 10 years.

DIRECTOR COMPENSATION

The written report and recommendations of Compensia, Inc., as noted above in the section, 2009 Equity Incentive Plan (Executive), upon which the Compensation Committee relied, also included a detailed director and committee compensation report and market analysis. The 2009 Equity Incentive Plan (Executive) provides for the issuance of stock options to attract, retain and motivate directors as well as other management personnel.

The Compensation Committee concluded that, after giving consideration to the directors' obligation in representation of the shareholders, the high standard of ethics and talent required, increasing workloads, greater exposure, more stringent director independence standards and the SEC's disclosure rules, directors and committee members should be

compensated fairly for time and value delivered and the compensation should be sufficient to attract and retain qualified competent individuals to serve on our board. The Compensation Committee adopted the recommendations of Compensia and approved a director and committee compensation plan.

The Compensation Committee further concluded that the appropriate compensation should be in the form of options granted in an amount equal to the 50th percentile for similar companies, but discounted by a factor of 10% at an option strike price of \$0.25 per share. This price reflects the true value of the directors' work, provides adequate incentive to each director and does not unfairly penalize the directors for current market conditions. Moreover, the \$0.25 strike price reflects the price at which much of the underlying funding and CUI transaction was originally priced. The director compensation plan, in summary, provides:

Board of Directors Members

- Cash Retainer - \$20,000 annually for non-employee members, \$30,000 annually for the non-employee chairperson
- Initial, one time only, option to purchase 144,000 common shares at a price of \$0.25 per share. The option vests over four years, 25% after the first year, thereafter equally each month for the balance of the four year term.
- Annual Option to purchase 99,000 common shares at a price of \$0.25 per share. The option vests in full after one year.

- Meeting fee: none.

Audit Committee

- Non-employee member - \$3,000 annually
- Non-employee chairperson - \$5,500 annually

Compensation Committee

- Non-employee member - \$2,000 annually
 - Non-employee chairperson - \$4,500 annually

The investor beneficially owns shares carrying more than 10% of the voting rights attached to the Company's outstanding shares.

At December 31, 2007, twenty-four month secured promissory notes totaling \$1,100,000 were outstanding. \$1,000,000 of these promissory notes were from an entity controlled by a related party. During the year ended December 31, 2009 the related party portion of \$125,000 was extinguished.

One of the three promissory notes the Company utilized to fund the acquisition of CUI, Inc. was a three year \$6,000,000 cash loan from Commerce Bank of Oregon, payable interest only at the prime rate less 0.50% secured by personal Letters of Credit from related parties. In August 2010, the Company received \$2,000,000 (of which \$800,000 was from related parties and \$300,000 from a former officer) in equity investment for which the Company issued 18,939,394 shares of common stock (of which 7,575,758 shares were issued to related parties and 2,840,909 shares to a former officer). The \$2,000,000 received was used to pay down the \$6,000,000 loan principal. In August 2010, the Company closed and funded a \$4.0 million term note with the Business Credit division of Wells Fargo Capital Finance, part of Wells Fargo & Company. This note completes the funding of an \$8.0 million credit facility with Wells Fargo Capital Finance and ends the company's relationship with The Commerce Bank of Oregon. By successfully completing the credit facility with Wells Fargo Capital Finance, the company has replaced its banking relationships with both Key Bank and the Commerce Bank of Oregon and is now in full compliance with all relevant financial covenants.

In consideration for posting the Letters of Credit, the Company issued to each individual who supplied the Letters of Credit, warrants to purchase, within 3 years at a per share price of \$0.01, one Waytronx common share for each dollar of the Letters of Credit. A former officer of the Company received 300,000 warrants, a former director received 300,000 warrants, two current directors received 1,100,000 warrants and an unrelated investor received 300,000 warrants. In August 2010, 700,000 shares of common stock were issued to a former officer and a current director in relation to the exercise of their warrants with proceeds of \$7,000.

The second of the three promissory notes the Company utilized to fund the acquisition of CUI, Inc., a \$17,500,000 convertible promissory note, payable to International Electronic Device, Inc., formerly CUI, Inc., was reduced from \$0.25 to \$0.07 per share to reflect the then stock price. This reduction effectively reduced the note principal from \$17,500,000 to \$4,900,000. In April 2010, Waytronx and the debt holder agreed to settle the note for a one-time \$50,000 payment and 1,000,000 shares of common stock.

Effective September 1, 2010, the Company and International Electronic Device, Inc., the holder of the third promissory note, a \$14,000,000 promissory note, agreed to reduce the note principal and to restructure the interest rate and payment terms, thus reducing the remaining balance to \$10,308,983 and setting the interest rate at 6% per annum. The restructured plan calls for a monthly \$51,544.92 payment and a May 15, 2018 balloon payment. James McKenzie, majority owner of CUI, Inc. prior to its acquisition; Matt McKenzie, COO and Director of the Company, and Daniel Ford, CFO of the Company, are shareholders of International Electronic Device, Inc.

As a part of the CUI asset acquisition, the Waytronx, Inc. corporate offices were relocated to the CUI location at 20050 SW 112th Avenue, Tualatin, Oregon 97062. CUI and Waytronx occupy the 61,380 square feet of offices and warehouse premises under a ten year non-cancelable lease agreement beginning September 1, 2006 with Barakel, LLC at a base monthly rent subject to periodic base payment increases plus real property taxes, utilities, insurance and common area maintenance charges. During the period January 1 through August 31, 2009, the monthly base rent was \$39,900. For the period September 1 through August 31, 2010, the monthly base rent was \$40,000. Barakel, LLC is controlled by James McKenzie, majority owner of CUI, Inc. prior to acquisition and Matt McKenzie, COO and Director of the Company.

During 2009, the Company provided services and billed for those services to a related party controlled by James McKenzie. During 2009, the revenue for those services is reported as other income totaling \$103,500.
