Dear Shareholder:

The Boards of Directors (each, a Board) of Special Value Continuation Fund, LLC (SVCF) and Special Value Continuation Partners, LP (SVCP) (each, a Fund) are soliciting your consent on behalf of the Funds. The notice of action by written consent and the joint consent solicitation statement accompanying this letter discuss in more detail each proposal for which we are requesting your consent.

As you know, the Funds are currently registered as non-diversified, closed-end management investment companies under the Investment Company Act of 1940 (the 1940 Act). We recommend conversion (the Conversion) of the Funds into business development companies (BDCs) by electing to be treated as BDCs under the 1940 Act to be accompanied by an initial public offering of additional common shares of SVCF (the IPO). Upon completion of the Conversion and successful marketing of the IPO, SVCF will be a Delaware corporation and we anticipate that SVCF's shares will be publicly traded on The NASDAQ Global Select Market (NASDAQ). We believe that the Conversion and the IPO may benefit the Funds by increasing their size, profile, ability to transact business and make investments and ability to utilize SVCP's existing leverage facility. These actions also may benefit current shareholders of SVCF who would wish to sell their interests after an appropriate lock-up period, if required by the underwriters of the IPO.

In connection with the IPO, affiliates of Tennenbaum Capital Partners, LLC (TCP), the investment adviser of the Funds, will agree to a three year lock-up period for their interests in SVCF. In addition, the general partner of SVCP, SVOF/MM, LLC (the GP), will not earn any carried interest until January 1, 2013.

Broadly speaking, BDCs are a specialized type of closed-end investment company that invest at least 70% of their assets in securities of private and small capitalization U.S. companies that are not primarily engaged in financial businesses such as banking, insurance and dealing in securities. A comparison of registered closed-end funds and business development companies is included in Appendix A of the accompanying joint consent solicitation statement.

The Conversion will not affect the tax status of the Funds. SVCP will continue to be treated as a partnership and SVCF will continue to be treated as a regulated investment company (RIC) for U.S. federal income tax purposes. As a RIC, SVCF is not taxed on its income to the extent that it distributes such income each year to investors on a timely basis and satisfies other applicable tax requirements. The Funds will also continue to be treated as not holding plan assets for purposes of the Employment Retirement Income Security Act of 1976, and non-U.S. investors will continue to be subject to U.S. tax withholding on distributions only to the extent required by U.S. tax law.

In preparation for the Conversion and the IPO, including compliance with applicable laws and the listing requirements for NASDAQ, we seek shareholder approval of a nominee to the Board of each Fund. At a meeting of the Boards held on January 28, 2011, each Board appointed Eric Draut as a Director effective February 1, 2011 and approved the nomination of Mr. Draut on behalf of its respective Fund (the Board Nominee), subject to approval by the Fund's shareholders. The Boards have reviewed the qualifications and background of the Board Nominee and believe that his election is in your best interests.

Enclosed for your review is a joint consent solicitation statement that describes the Conversion in detail, the key changes that will be implemented in connection with the Conversion and the proposals requiring consent from shareholders to allow for the Conversion (the Conversion Proposals) and the election of the Board Nominee (the Board Nominee Proposals) and together with the Conversion Proposals, the Proposals). Each Board has unanimously approved all of the Proposals and the various actions to be taken and urges you to consent to all the Proposals as well. **Each Board has conditioned implementation of the Conversion Proposals upon shareholders approving all of the Conversion Proposals and the success of the proposed IPO, such that if not all of the Conversion Proposals**

are consented to by shareholders and the IPO is not successfully marketed, then none will be implemented and the Conversion and the IPO will not occur. Of course, no assurance can be given that we will be able to complete the IPO. Due to timing requirements of the IPO, some or all of the steps to completing the Conversion and becoming a BDC will be taken prior to the closing of the IPO. Implementation of the Board Nominee Proposals is not conditioned on the implementation of the Conversion Proposals.

Enclosed for your vote is a consent card. It is important that you be represented in this action by written consent. Please complete, sign, date and return your consent card to us promptly by emailing it to us at *investor.relations@tennenbaumcapital.com*, faxing it to us at (310) 566-1010 or returning it in the enclosed, postage-prepaid envelope at your earliest convenience. Your vote is very important to us. I urge you to submit your consent card as soon as possible.

If you have any questions about the Proposals, please call Elizabeth Greenwood, Secretary and Chief Compliance Officer of the Funds at (310) 566-1043.

Sincerely,

Howard M. Levkowitz
Director and President of the Funds

IMPORTANT INFORMATION FOR FUND MEMBERS AND PARTNERS

While we encourage you to read the full text of the enclosed joint consent solicitation statement, for your convenience we have provided a brief overview of the matters to be voted on.

Questions and Answers

Q: Why am I being asked to approve the Proposals?

You are being asked to vote upon the Proposals in connection with the Conversion, the IPO and the election of the A: Board Nominee. In determining that the Conversion is in the best interests of shareholders, the Boards considered a number of potential benefits to shareholders, including, but not limited to:

As a publicly traded BDC, SVCF may tap a larger pool of investment capital, providing the Funds with increased investment opportunities.

While structured somewhat differently, the total management and administrative compensation payable to TCP and the GP after the Conversion will be at approximately the same overall levels as the current advisory fees.

As a BDC with more assets, the Funds may be able to better utilize SVCF's existing leverage facility and access other leverage options.

The Conversion will alleviate transfer restrictions on SVCF common shares, and should provide shareholders with increased liquidity.

The Conversion and the IPO will increase the Funds' profile, which may contribute to increased investment opportunities.

To facilitate compliance with the 1940 Act and NASDAQ listing requirements, the Boards are proposing the election of Mr. Draut.

Q: Why am I receiving the joint consent solicitation statement?

You are receiving the joint consent solicitation statement and enclosed consent card because, as of March 18, 2011, the record date for this action by written consent, you owned membership interests or preferred limited partner interests, both of which we refer to as shares, in either SVCF or SVCP. Only holders of record as of the close of A: business on March 18, 2011 will be entitled to vote those shares by written consent. The joint consent solicitation statement describes in detail the issues on which we would like you, as a shareholder, to vote. It also provides you with important information about these issues to enable you to make an informed decision as to whether to vote your shares for the matters described herein.

Q: Who is entitled to vote on each Proposal?

All common shareholders of SVCF are being asked to vote on Proposals 1(a), 1(b), 2(a) and 3(a), and the preferred shareholders of SVCP are being asked to vote on the Proposals 2(b), 2(c) and 3(b) along with the shareholders of A: SVCF (voting SVCF's interests in SVCP) as a single class. SVCF owns 100% of the common equity interests in SVCP. However, SVCF will pass-through its votes to its common shareholders and vote all of its interests in SVCP in the same proportion and the same manner as shareholders vote their shares of SVCF.

SVCF shareholders: First, you are being asked to consent to an amendment to SVCF's operating agreement to add a section that allows SVCF to convert from a Delaware limited liability company to a Delaware corporation with requisite shareholder approval (Proposal 1(a)). In connection with this proposal, you will also be asked to consent to the actual conversion of SVCF from a Delaware limited liability company to a Delaware corporation (Proposal 1(b)). You will be the only shareholders voting on each of these proposals. Second, you are being asked to consent to a new investment advisory agreement for each Fund, which will modify the investment management fee payable to the

Edgar Filing: Special Value Continuation Partners, LP - Form DEF 14A

Funds investment adviser, TCP, under the current advisory agreements (Proposals 2(a) and 2(b)). Thirdly, you are being asked to consent to the amended and restated limited partnership agreement of SVCP to amend the

i

TABLE OF CONTENTS

incentive distribution payable to the GP and the termination provision (Proposal 2(c)). Only the SVCF shareholders will be voting on the proposal to consent to the new investment advisory agreement between SVCF and TCP. The SVCF shareholders will also be voting on the proposals to consent to the new investment advisory agreement between SVCP and TCP and to consent to the amended and restated limited partnership agreement of SVCP together as a single class with the preferred shareholders of SVCP. The fee changes are not expected to negatively affect shareholders of SVCF and, in fact, would have resulted in lower fees had the changes been in effect during the last two fiscal years. Finally, you are being asked to elect the Board Nominee to the Boards of SVCF and SVCP (Proposals 3(a) and 3(b)). The SVCF shareholders will be voting on the election of the Board Nominee to the Board of SVCF, and will be voting on the election of the Board Nominee to the Board of SVCP along with the preferred shareholders of SVCP.

SVCP preferred shareholders: You are being asked to consent to a new investment advisory agreement for SVCP, which will modify the investment management fee payable to SVCP's investment adviser, TCP, under the current advisory agreement (Proposal 2(b)). You are also being asked to consent to the amended and restated limited partnership agreement of SVCP to amend the incentive distribution payable to the GP and provide SVCP with the same existence as SVCF will have (Proposal 2(c)). The fee changes are not expected to negatively affect shareholders of SVCP and, in fact, would have resulted in lower fees had the changes been in effect during the last two years. Finally, you are being asked to elect the Board Nominee to the Board of SVCP (Proposal 3(b)). You will be voting on each of these proposals together as a single class with the shareholders of SVCF.

Q: How did the Boards vote on the Proposals?

A: Each Fund's Board unanimously approved the Proposals and the Conversion. However, the Conversion Proposals will not be implemented and the Conversion will not occur unless and until all Conversion Proposals have been approved by written consent by the requisite number of shareholders of the Funds and the proposed IPO is completed.

Q: Why did the Boards approve the Conversion Proposals and the Conversion?

A: Each Fund's Board examined a number of factors before unanimously approving the Conversion Proposals and the Conversion, including without limitation the potential for increased size, profile, ability to transact business and make investments, lack of experience of TCP in managing a BDC, increased flexibility to utilize leverage, including SVCP's existing leverage facility, and the prospects of remaining a registered closed-end fund as opposed to converting to a BDC. After considering the alternatives, the Boards determined that the Conversion was in the best interests of the Funds and their shareholders. Details regarding the Boards' considerations and recommendations with respect to the Conversion Proposals and the Conversion are in the enclosed joint consent solicitation statement.

Q: How will a consent to the Conversion Proposals affect shareholders?

A: If all of the Conversion Proposals are approved by written consent and SVCF's proposed IPO is successfully marketed, the Funds will convert to BDCs. BDCs are a specialized type of closed-end investment company regulated under the 1940 Act. In many regards, the regulations imposed upon BDCs are similar to those imposed upon registered closed-end funds. The main differences between BDCs and registered closed-end funds relate to the more specialized investments a BDC can make, the greater amount and types of debt a BDC can have outstanding and the ability of a BDC to issue convertible securities. As BDCs, the Funds will be required to invest at least 70% of their assets in private or small domestic companies engaged primarily in non-financial businesses as well as in cash items, U.S. Government securities and high quality short term debt securities (and will be required to offer managerial assistance to such companies). The Funds' current portfolio satisfies these requirements and the Funds will not be required to sell any assets to conform to such requirements. In addition, a BDC can have multiple classes of debt outstanding and can incur a greater amount of leverage in the form of debt (as opposed to preferred stock), while a registered closed-end fund can only have one class of debt outstanding. Please see Appendix A to the attached joint consent solicitation statement for a more detailed comparison.

TABLE OF CONTENTS

In connection with converting to a BDC, SVCF will convert from a Delaware limited liability company to a Delaware corporation. The rights of a shareholder in SVCF as a corporation are different from their rights as a member of a limited liability company. The attached joint consent solicitation statement describes these differences. Upon conversion from a limited liability company to a corporation, owners of common limited liability company interests in SVCF will receive shares of the corporation's common stock with an aggregate net asset value equal to the aggregate net asset value of limited liability company interests owned by the shareholder on the conversion date, less the costs of the conversion and less the amount of any cash distributed for their fractional common shares. Immediately after conversion, the net asset value per share is expected to be in the range of the public offering price of common shares of SVCF in the public offering, without regard to sales commissions that may be payable to the underwriters. Any fractional share will be paid to you in cash. Preferred limited liability company interests in SVCF have been redeemed. Preferred partnership interests in SVCP will remain outstanding as preferred partnership interests of SVCP or be exchanged for other leverage instruments with similar economic terms.

If the IPO is completed, shareholders of SVCF who are not affiliates of SVCF will be able to sell their shares at any time without restriction following an appropriate lock-up period, if required by the underwriters of the IPO, assuming there is a willing purchaser and subject to applicable securities laws. In addition, SVCF intends to apply to have its common shares approved for listing on NASDAQ under the symbol TCPC and, accordingly, will be subject to the rules of NASDAQ. Shareholders of SVCF who are affiliates of TCP will agree to a three year lock-up of their shares.

Q: How will the Funds be managed after the Conversion?

The Funds' investment objectives and core investment strategy will not change following the Conversion, except that the Funds will focus their target investment allocations more on current income producing investments and less on distressed investments. The Funds' investment objective is to seek to achieve high total returns while minimizing losses. The Funds seek to achieve their investment objective primarily through investments in debt securities of leveraged middle-market companies. While the Funds intend to focus on leveraged loans in middle-market companies, they may make investments in debt securities of all kinds and at all levels of the capital structure, including equity interests such as preferred or common stock and warrants or options received in connection with debt investments. From time to time, the Funds may also invest in other financial instruments to hedge currency or interest rate risks or to enhance the overall return of the portfolio. The Funds expect to generate returns through a combination of contractual interest payments on debt investments, equity appreciation (through options, warrants, conversion rights or direct equity investments), and origination and similar fees. The Funds will adhere to the portfolio requirements applicable to BDCs under the 1940 Act rather than to certain restrictions applicable to them as closed-end funds. These changes are not expected to adversely affect portfolio decisions.

Q: Will the Funds have the same investment adviser and portfolio managers after the Conversion?

TCP (which has been the Funds' investment adviser since their inception in July 2006) and the GP (which has been SVCP's general partner since its inception) will remain the Funds' investment adviser and SVCP's general partner, respectively. Babson Capital Management, LLC (Babson), the Funds' current co-advisor, will no longer serve as co-advisor after the Conversion. Babson's termination as co-advisor is not expected to have a material adverse effect on the Funds.

iii

TABLE OF CONTENTS

Q: How will the Conversion affect the Funds' expenses?

The Boards do not expect the Conversion to materially increase the Funds' annual operating expenses. Because advisory fees will be calculated on a more narrowly defined asset base, they are expected to represent a lower percentage of total assets than they would under the current agreements, based on asset levels in 2009 and 2010.

A: Expenses associated with being a publicly traded company will likely cause some added expenses. Overall, expenses, including administrative fees, are not expected to be materially different. Incentive compensation, including the portion attributable to realized capital gains that is separately calculated under the rules applicable to BDCs, is also not on a basis more favorable to TCP than under the current provisions.

Q: What will be the U.S. federal income tax consequences of the Conversion?

Neither the Funds nor their shareholders will realize any gain or loss for U.S. federal income tax purposes as a result of the Conversion, and the Conversion will not affect a shareholder's holding period(s) or adjusted tax basis in its shares of the Funds. The Funds have accumulated capital loss carryforwards which will continue to be available to offset capital gains incurred by the Funds after the Conversion, subject to potential limitation on the use of such capital loss carryforwards. The IPO will result in a dilution of potential benefits from the capital loss carryforwards to current shareholders.

Q: What vote is required to approve the Proposals?

A: Each Proposal requires approval of a majority of shares entitled to vote.

Q: If the Conversion is approved by written consent, what is the timetable for the Conversion and the IPO?

If approved by written consent, the Conversion will occur at or about the time of pricing of the IPO. TCP currently anticipates that the IPO would occur in 2011, although it is subject to market conditions and regulatory approvals and no assurance can be given that the IPO, and thus the Conversion, will be completed in 2011 or at all.

Q: How do the Boards of the Funds recommend that I vote?

The Boards have reviewed the Proposals and believe that approval of all of the Proposals is in the best interests of the shareholders. The Boards have approved all of the Proposals in the joint consent solicitation statement, believe that they are in your best interests and recommend that you **CONSENT** to all of the Proposals.

Q: Will my vote make a difference?

A: Your vote is very important and can make a difference in the governance and management of the Funds, no matter how many shares you own. We encourage all shareholders to participate in the governance of their Funds.

Q: Are the Funds paying for the cost of the joint consent solicitation statement?

The costs associated with the joint consent solicitation statement, including the mailing and the consent solicitation costs, will be borne by the Funds. Additional out-of-pocket costs, such as legal expenses and auditor fees, incurred in connection with the preparation of the joint consent solicitation statement, also will be borne by the Funds.

Q: How do I vote my shares?

A: You may use the enclosed postage-paid envelope to mail your consent card, you may email your consent to us at investor.relations@tennenbaumcapital.com, or you may fax your consent to (310) 566-1010.

ACTION BY WRITTEN CONSENT

JOINT CONSENT SOLICITATION STATEMENT

This joint consent solicitation statement (this Consent Solicitation Statement) is furnished in connection with the solicitation of consents by the Board of Directors (each, a Board and together, the Boards, the members of which are referred to as Board Members) of Special Value Continuation Fund, LLC (SVCF) and Special Value Continuation Partners, LP (SVCP and together with SVCF, the Funds). The consents are solicited of members and partners (individually and collectively, shareholders) of the Funds. For simplicity, this Consent Solicitation Statement sometimes uses the terms we, us or our to include both the Funds, uses the term shares to include limited liability company interests and common and preferred limited partner interests, and uses the term common shares to include common limited liability company interests and common limited partner interests.

Distribution to shareholders of this Consent Solicitation Statement and the accompanying materials will commence on or about April 11, 2011.

Shareholders of record of each Fund as of the close of business on March 18, 2011 (the Record Date) are entitled to notice of and to take action by written consent. Shareholders of the Funds are entitled to one vote for each share held.

SVCF owns all the common equity interests in SVCP (SVCP Common Shares). SVCF will vote all of its SVCP Common Shares in the same proportion and in the same manner as the common shareholders of SVCF vote their shares. Accordingly, if you are a common shareholder of SVCF, you will receive a consent card to vote on both the SVCP proposals and the SVCF proposals.

Please promptly sign, date and return the consent card you receive by emailing it to us at investor.relations@tennenbaumcapital.com, faxing it to us at (310) 566-1010 or returning it in the enclosed postage-prepaid envelope.

All properly executed consent cards received prior to the effective date of the Proposals will be voted. The effective date of the Proposals is the date on which we receive signed consents from a number of shareholders sufficient to approve the Proposals. On any matter for which a consent is solicited and a shareholder has specified a choice on that shareholder's consent card, the shares will be voted accordingly. If a consent card is properly executed and returned and no choice is specified with respect to the Proposals, the shares will be deemed to **CONSENT** to each Proposal.

Shareholders who execute consent cards may revoke them with respect to each Proposal at any time before the effective date of the Proposals by filing with the appropriate Fund a written notice of revocation (addressed to the Secretary of the appropriate Fund at the principal executive offices of the appropriate Fund at the address below).

A copy of each Fund's Annual Report for the fiscal year ended December 31, 2010 accompanies this Consent Solicitation Statement. You may also obtain copies by emailing investor.relations@tennenbaumcapital.com, writing the Fund at 2951 28th Street, Suite 1000, Santa Monica, California 90405, Attention: Investor Relations or by calling Investor Relations at (310) 566-1003. Copies of annual and semi-annual reports of the Funds are also available on the EDGAR Database on the Securities and Exchange Commission's website at www.sec.gov.

The Securities and Exchange Commission has not passed upon the adequacy of this Consent Solicitation Statement. Any representation to the contrary is a criminal offense.

TABLE OF CONTENTS

Please note that only one annual report or Consent Solicitation Statement may be delivered to two or more shareholders of the Funds who share an address, unless the Funds have received instructions to the contrary. To request a separate copy of an annual report or this Consent Solicitation Statement or for instructions as to how to request a separate copy of these documents or as to how to request a single copy if multiple copies of these documents are received, shareholders should contact the Funds at the address and phone number set forth above.

YOUR VOTE IS IMPORTANT

To avoid the wasteful and unnecessary expense of further solicitation, we urge you to indicate voting instructions on the enclosed consent card(s), and date, sign and return it promptly by emailing it to us at *investor.relations@tennenbaumcapital.com*, faxing it to us at (310) 566-1010 or returning it in the postage-paid envelope provided, no matter how large or small your holdings may be. If you submit a properly executed consent card but do not indicate how you wish your shares to be voted, your shares will be deemed to **CONSENT** to each Proposal.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF CONSENT SOLICITATION MATERIALS

PURPOSE OF THE ACTION BY WRITTEN CONSENT

The Funds are seeking to convert (the Conversion) from registered closed-end funds to business development companies (BDCs) by electing to be treated as BDCs under the Investment Company Act of 1940 (the 1940 Act), but will not do so without obtaining shareholder approval by written consent for certain changes and taking certain other actions. Please see Appendix A to this Consent Solicitation Statement for a detailed comparison of closed-end funds and BDCs. The purpose of the action by written consent is to approve actions necessary or desirable to convert each Fund to a BDC and to elect an additional Director needed in order for the Funds to comply with applicable laws and The NASDAQ Global Select Market (NASDAQ) listing requirements after the Conversion and the initial public offering.

Voting Securities

You may vote your shares by written consent only if you were a shareholder of record at the close of business on March 18, 2011, the Record Date. As of the close of business on the Record Date, SVCF had 418,955.777 common limited liability company interests outstanding, no shares of its Series Z Preferred limited liability company interests (the Series Z Preferred Shares) outstanding and net assets of \$277,265,457. As of the close of business on the Record Date, SVCP had \$277,468,995 of common limited partner interests outstanding and 6,700 Series A Cumulative Preferred Interests outstanding and net assets of \$277,468,995. Each share is entitled to one vote, except that holders of common limited partner interests of SVCP are entitled to one vote for each 0.01% of common limited partner interests owned. SVCF owns 100% of the common limited partner interests in SVCP. However, SVCF will pass-through its votes to its common shareholders and vote all of its interests in SVCP in the same proportion and manner as such shareholders vote their common shares. SVCF will continue to use pass-through voting after the Conversion.

PROPOSAL 1 CONSENT TO CONVERSION OF SVCF FROM A DELAWARE LIMITED LIABILITY COMPANY TO A DELAWARE CORPORATION

INTRODUCTION

As part of the plan to convert SVCF into a BDC, the Board of SVCF has approved and recommends that the shareholders of SVCF consent to the conversion of SVCF to a corporation, the typical form of organization for public BDCs. To convert SVCF to a Delaware corporation in connection with SVCF's conversion to a BDC, the shareholders of SVCF are asked to consent to Proposal 1(a), which is an amendment to the operating agreement of SVCF (the Operating Agreement) to include a provision that allows SVCF to convert to a Delaware corporation, and to consent to Proposal 1(b), which is to convert from a limited liability company under the laws of the State of Delaware to a corporation under the laws of the State of Delaware and be governed by SVCF's new Certificate of Incorporation. In conjunction with the proposed IPO, SVCF anticipates being able to rely on a forthcoming SEC staff no-action response relating to certain investment qualification tests, although such response cannot be assured.

Conversion to a Corporation

To convert to a Delaware corporation, SVCF will file a certificate of conversion to a corporation and a certificate of incorporation with the Secretary of State of the State of Delaware. In converting from a limited liability company to a corporation, common shares of SVCF will be exchanged for shares of common stock, par value \$0.001 per share (New Common Shares), of TCP Capital Corp. (TCP Capital). Holders of SVCF common shares will receive cash in exchange for fractional common shares. The aggregate net asset value of New Common Shares received by the common shareholders of SVCF will equal the aggregate net asset value of SVCF common shares held by such shareholders immediately prior to the conversion (reflecting the costs of the conversion), less the amount of any cash distributed for their fractional common shares. SVCF has called for redemption of its Series Z Preferred Shares. Consequently, upon completion of the conversion to a corporation, TCP Capital will have only New Common Shares outstanding. Shortly after the conversion to a corporation, TCP Capital will complete an initial public offering of New Common Shares (the IPO). In connection with the IPO, TCP and its affiliates will enter into a three year lock-up agreement with TCP Capital.

Upon completion of the Conversion, SVCF is expected to have outstanding the common limited partner interests, the general partner interest and its Series A Cumulative Preferred Interests.

After the Conversion is complete, the capital structure of SVCF is anticipated to include only common shares, and the capital structure of SVCF will include common shares, the Series A Cumulative Preferred Interests with a liquidation preference of \$134 million due July 31, 2016 (the Series A Cumulative Preferred Interests) and its \$116 million senior secured revolving credit facility (the Senior Facility) which matures July 31, 2014, subject to extension by the lenders at the request of SVCF.

There can be no assurance that SVCF will be able to renew, extend or replace the Senior Facility or the Series A Cumulative Preferred Interests upon maturity, or if it does, that it will be able to do so on terms that are as favorable as currently contained in the Senior Facility and the Series A Cumulative Preferred Interests. Similarly, there can be no assurance that SVCF will be able to enter into leverage facilities on terms that are as favorable to us, if at all.

Additionally, if SVCP is unable to renew, extend or replace the Senior Facility upon its maturity or replace the Series A Cumulative Preferred Interests, we may have insufficient liquidity to redeem the Series A Cumulative Preferred Interests or repay the Senior Facility when due.

Once the exchange of shares occurs, shareholders of SVCF will be subject to a new certificate of incorporation and by-laws that differ from SVCF's current Operating Agreement and by-laws. Many of these differences are to account for the fact that TCP Capital intends to become a public company traded on The NASDAQ Global Select Market (NASDAQ). Below is a discussion of some of the key differences between provisions in SVCF's current Operating Agreement and the certificate of incorporation it would adopt upon conversion to a corporation, a copy of which is attached hereto as Appendix B. Following the discussion is a table, which highlights other differences between the Operating Agreement and the certificate of incorporation and various other rights of shareholders of TCP Capital.

TABLE OF CONTENTS

Perpetual existence. As part of converting from a limited liability company to a corporation, SVCF's certificate of incorporation will provide for a perpetual existence that is subject to the completion of the IPO. Currently, SVCF's Operating Agreement provides that SVCF will terminate its existence on July 31, 2016, subject to up to two one-year extensions if requested by TCP and approved by the holders of a majority of its shares outstanding. Generally, publicly traded BDCs have a perpetual existence in order to, among other reasons, allow them to continually turn over their portfolios and, if desirable, access the capital markets for further growth. Maintaining a limited term would provide a competitive disadvantage to SVCF because, for example, it may constrain SVCF in the coming years to shorter term investments that may provide less attractive returns. As such, the new certificate of incorporation will provide for a perpetual existence if an IPO is completed and for the same termination provisions as are currently in effect if an IPO is not completed prior to that time. It is the intention of SVCF to convert to a corporation as close in time to the IPO as practicable. If the Conversion does occur but for some reason an IPO is not completed, SVCF's existence as a corporation will terminate on the same timeframes as currently provided in SVCF's Operating Agreement.

Free transferability. SVCF's new certificate of incorporation will not limit the ability of shareholders to transfer their shares once an IPO is completed. This is in contrast to SVCF's current Operating Agreement, which includes a number of transfer restrictions for current shareholders. At present, to transfer securities of SVCF, the transferor, if requested by SVCF, is required to deliver to SVCF an opinion of counsel reasonably acceptable to SVCF that such transfer (A) would not violate the Securities Act of 1933 (the Securities Act) or any state blue sky laws (including any investor suitability standards) and (B) would not result in the breach of any agreement to which SVCF is a party or by which it or any of its assets are bound. Further, a transferor must demonstrate, to the reasonable satisfaction of SVCF, that the transferee is both an accredited investor as defined in Rule 501(a) under the Securities Act and a qualified client within the meaning of Rule 205-3 of the Investment Advisers Act of 1940 (the Advisers Act). Also, SVCF must consent to the transfer in writing, among other requirements. SVCF's new certificate of incorporation will contain parallel transfer restrictions only until an IPO is completed.

Annual Meetings and Election of Directors. Since SVCF will be a Delaware corporation, its certificate of incorporation will provide that it hold annual meetings for the election of directors. At present, SVCF does not hold annual meetings nor does it hold director elections, except to the extent required by the 1940 Act. The first annual meeting for TCP Capital is expected to be prior to the 13 month anniversary of its conversion to a Delaware corporation.

Rights of shareholders.

Upon conversion of SVCF to a Delaware corporation, the rights of SVCF common shareholders who become holders of New Common Shares, and who previously were governed by the Delaware Limited Liability Company Act, its Certificate of Formation and Operating Agreement, will be governed by the Delaware General Corporation Law, the Certificate of Incorporation of TCP Capital and the by-laws of TCP Capital. While there are similarities between the organizational documents of SVCF and TCP Capital, a number of differences will exist. The following is a summary of the material differences between the rights that TCP Capital shareholders will have upon conversion of SVCF to a Delaware corporation and the current rights of SVCF shareholders. You should carefully read this entire Consent Solicitation Statement and the other documents included or summarized in this Consent Solicitation Statement for a more complete understanding of the differences between being a TCP Capital shareholder and being a shareholder of SVCF. A copy of the Certificate of Incorporation of TCP Capital and by-laws are attached hereto as Appendix B and Appendix C, respectively, and all documents material to such differences are included or summarized in this Consent Solicitation Statement.

TABLE OF CONTENTS

PROPOSAL 2 CONSENT TO THE NEW INVESTMENT MANAGEMENT AGREEMENTS AND AMENDED AND RESTATED LIMITED PARTNERSHIP AGREEMENT

INTRODUCTION

TCP has served as our investment adviser pursuant to investment advisory agreements between each Fund and TCP (the Current Advisory Agreements) since the Funds commenced operations. The Current Advisory Agreements were last approved on May 5, 2010. For the fiscal year ended 2010, the Funds paid TCP \$6,787,188 in management and advisory fees. In addition, incentive compensation is payable to SVOF/MM, LLC (the GP) in certain circumstances pursuant to SVCP s limited partnership agreement (the Limited Partnership Agreement) or to TCP pursuant to the investment advisory agreements of the Funds. For the fiscal years ended 2009 and 2010, neither Fund paid any incentive compensation.

As part of the conversion to a BDC and completing the IPO, the fee structure in the Current Advisory Agreements and the Limited Partnership Agreement will be modified to conform in several respects to a fee structure similar to that of other BDCs. The fee structure changes are not expected to negatively affect shareholders of SVCF or SVCP and, in fact, would have resulted in lower fees had the changes been in effect during the last two fiscal years. As described in more detail below, TCP currently receives a management fee equal to 1% of total available capital, whether or not such capital is being utilized. Investment managers of BDCs typically receive a management fee of 1.5% to 2.0% on total assets. In addition, the GP currently is entitled to receive 20% of distributions of realized and unrealized net income and gain after an 8% preferred return to investors, with a catch-up. Investment managers of BDCs typically receive incentive compensation divided into two parts: (1) 20% of all ordinary income, subject to a hurdle rate, which is usually 7% to 8%, payable quarterly and measured against net assets at the beginning of the relevant quarter using a pre-incentive fee net investment income concept and (2) 20% of all cumulative realized capital gains in excess of cumulative realized capital loss and net unrealized capital depreciation, payable annually.

As described in more detail below, upon converting to a BDC and completing the IPO, the Funds and TCP will adopt a compensation structure consisting of (1) a management fee of 1.5% of total assets (other than cash and cash equivalents), and (2) an incentive compensation component computed separately with respect to ordinary income and capital gains, each of which, unlike most BDCs, will be subject in its entirety to a total return limitation similar to the current Fund structure. In addition, unlike most BDCs, the total return limitation will be measured against contributed common equity instead of against the then current net asset value. Because the New Base Management Fee (as defined below) is calculated on a more narrowly defined asset base, it would be in effect significantly lower than the Current Management Fee (as defined below), based on asset levels in 2009 and 2010.

No incentive compensation will be incurred until January 1, 2013. Beginning January 1, 2013, the new incentive compensation will equal the sum of (1) 20% of all ordinary income since that date and (2) 20% of all net realized capital gains (net of any net unrealized capital depreciation) since that date, with each component being subject to a total return limitation of 8% of contributed common equity. The new incentive compensation initially will be payable to the GP by SVCP pursuant to SVCP s Amended and Restated Limited Partnership Agreement (the Amended and Restated Limited Partnership Agreement). If SVCP is terminated or for any other reasons incentive compensation is not paid by SVCP, it would be paid pursuant to the New Advisory Agreement (as defined below) between SVCF and TCP. Also, upon election of BDC status, SVCF will terminate the Co-Management Agreement among SVCF, TCP and Babson and SVCP will terminate the Co-Management Agreement with SVCP, TCP and Babson (collectively, the

Co-Management Agreements), and, as a consequence, Babson will no longer be a co-advisor of the Funds. Babson's fees are paid by TCP and the GP and not by the Funds. As a consequence, Babson's termination as co-advisor will not affect the level of compensation paid by the Funds.

As part of converting SVCP to a BDC and completing the IPO, the Amended and Restated Limited Partnership Agreement will extend the term of SVCP to the same existence as SVCF will have upon its conversion to a Delaware corporation. In addition, pursuant to the Amended and Restated Limited Partnership Agreement, after July 31, 2016, SVCP may be dissolved upon approval of eighty percent of the Board, subject to any requirements under the 1940 Act. Currently, SVCP is scheduled to terminate its existence on July 31, 2016, subject to up to two one-year extensions with shareholder approval. If the IPO is not

TABLE OF CONTENTS

completed, SVCP will not adopt the Amended and Restated Limited Partnership Agreement and shareholders will continue to hold their shares until termination of SVCP's existence.

A joint meeting of our Boards was held on December 17, 2010, for the purpose of considering the new investment advisory agreements between each Fund and TCP as described below (each a New Advisory Agreement and together, the New Advisory Agreements) and the revised incentive distribution provisions as part of SVCPs Amended and Restated Limited Partnership Agreement (the New Incentive Entitlements). At this meeting, our Boards unanimously approved the continued retention of TCP as each Fund's investment adviser and the GP as SVCP's general partner in connection with our conversion to a BDC. Our Boards also, in accordance with Section 5(a) of the Co-Management Agreement, unanimously approved the termination of Babson as co-advisor of the Funds, conditioned upon shareholder approval by written consent of all the Conversion Proposals in this Consent Solicitation Statement and effective upon each Fund's conversion to a BDC. Our Boards, including all of the members that are not interested persons of Funds (as defined in Section 2(a)(19) of the 1940 Act (the Independent Directors)), have approved the New Advisory Agreements and the New Incentive Entitlements. The New Advisory Agreements and New Incentive Entitlements will become effective upon the conversion of the Funds to BDCs and completion of the IPO and will remain in effect for an initial two-year period, unless terminated sooner. Thereafter, if not terminated, the New Advisory Agreements and New Incentive Entitlements will be subject to annual approval by each Board. In approving the New Advisory Agreements and the New Incentive Entitlements, the Boards considered, among other things, (1) the nature, extent and quality of services provided by TCP; (2) the investment performance of the Funds and TCP; (3) the cost of the services provided and profits realized by TCP from the relationship with the Funds; and (4) the extent to which economies of scale would be realized as Funds grow and whether fee levels would reflect such economies of scale.

COMPARISON OF AGREEMENTS

Management Fee. Under the Current Advisory Agreements, TCP is paid management fees of 1.00% per year of the Management Fee Capital (the Current Management Fee). The Management Fee Capital consists of (i) the aggregate value of the net assets of the Funds attributable to the SVCF common shares as of July 31, 2006 (the Initial Net Assets), regardless of whether SVCF distributes or repurchases common shares in respect of such amount, (ii) the maximum amount available to be borrowed by Funds under the 1940 Act in respect of the Initial Net Assets, regardless of whether the Funds have any borrowings outstanding under the Senior Facility, and (iii) the maximum aggregate liquidation preference of preferred securities the Funds would be authorized to issue under the 1940 Act based upon the total amount of the Initial Net Assets and assuming that the Funds have borrowed the maximum amount available to be borrowed under the Senior Facility, regardless of whether the Funds have issued such preferred securities. At such time as all borrowings under the Senior Facility have been repaid and no further borrowings are permitted thereunder, the Management Fee Capital will be reduced to equal the sum of the Initial Net Assets, regardless of whether SVCF has made distributions or repurchased common shares in respect of such amount, plus the aggregate liquidation preference of preferred stock then outstanding, thereby reducing the amounts on which the Current Management Fee is paid. At such time as all borrowings under the Senior Facility have been repaid and no further borrowings are permitted thereunder, and no more than \$1,000,000 in liquidation preference of preferred stock remains outstanding, Management Fee Capital will be further reduced to equal the Initial Net Assets, regardless of whether SVCF has made distributions or repurchased common shares in respect of such amount, thereby further reducing the amounts on which the Current Management Fee is paid.

The New Advisory Agreements will include a base management fee (the New Base Management Fee) that will be payable to TCP. The New Base Management Fee will be calculated at an annual rate of 1.5% of SVCF's total assets (excluding cash and cash equivalents) payable quarterly in arrears. For purposes of calculating the New Base

Management Fee, total assets is determined without deduction for any borrowings or other liabilities. For the first calendar quarter (or portion thereof) of our operations as a BDC, the New Base Management Fee will be calculated based on the initial value of our total assets (excluding cash and cash equivalents) as of a date as close as practicable to the date on which the Funds convert to BDCs. Beginning with SVCF's second calendar quarter of operations as a BDC, the New Base Management Fee will

TABLE OF CONTENTS

be calculated based on the value of our total assets (excluding cash and cash equivalents) at the end of the most recently completed calendar quarter. The New Base Management Fee for any partial quarter will be appropriately pro rated.

Incentive Compensation. SVCP currently allocates and pays to the GP (i) 100% of the amount by which the cumulative distributions and amounts distributable to the holders of the Fund's common shares exceed an 8% annual weighted average return on undistributed capital attributable to the aggregate cost basis of the membership interests in the two funds that contributed all of their assets to SVCP on its formation (collectively, the Predecessor Funds) redeemed in exchange for the common shares (the Hurdle) until the GP has received from SVCP an amount equal to 25% of the aggregate cumulative distributions of net realized and unrealized income and gain to the holders of the common shares, and (ii) thereafter an amount (payable at the same time as any distributions to the holders of the common shares) such that after receipt thereof the GP will have received from SVCP an amount equal to 20%, and the holders of the common shares will have received 80%, of the incremental aggregate distributions of net realized and unrealized income and gain in excess of SVCP's cost basis to the holders of the common shares and to the GP. Such amounts allocable and payable to the GP are referred to herein as the Old Incentive Compensation. The Old Incentive Compensation is not consistent with a special provision of the Advisers Act applicable to certain compensation from BDCs, which requires that the portion of any compensation provided by a BDC to an investment adviser on the basis of capital appreciation not exceed 20% of the realized capital gains of a BDC over a specified period or as of definite dates, computed net of all realized capital losses and unrealized capital depreciation. Under the Old Incentive Compensation, SVCP may allocate and pay to the GP unrealized capital appreciation. The incentive compensation in the New Advisory Agreements and the Amended and Restated Limited Partnership Agreement, described below, have been designed to comply with this special provision of the Advisers Act.

The incentive compensation will be payable as a distribution to the GP pursuant to the Amended and Restated Limited Partnership Agreement, unless SVCP is terminated or incentive compensation is for other reasons not paid pursuant to the Amended and Restated Limited Partnership Agreement, in which case such incentive compensation will be payable to TCP through SVCF's New Advisory Agreement.

Under the New Advisory Agreements and the Amended and Restated Limited Partnership Agreement, no incentive compensation will be incurred until after December 31, 2012. Upon coming into effect, the incentive compensation will have two components, an ordinary income component and a capital gains component. Each component will be payable or distributable quarterly in arrears (or upon termination of TCP as the investment manager or the GP as the general partner of SVCP, as of the termination date) beginning January 1, 2013 and calculated as follows:

The incentive compensation we would pay under the new arrangements will be subject to a total return limitation. That is, no incentive compensation will be paid if our cumulative annual total return is less than 8% of our average contributed common equity. If our cumulative annual total return is above 8%, the total cumulative incentive compensation we pay will not be more than 20% of our cumulative total return, or, if lower, the amount of our cumulative total return that exceeds the 8% annual rate.

Subject to the above limitation, the ordinary income component will be the amount, if positive, equal to 20% of the cumulative ordinary income before incentive compensation, less cumulative ordinary income incentive compensation previously paid or distributed.

Subject to the above limitation, the capital gains component will be the amount, if positive, equal to 20% of the cumulative realized capital gains (computed net of cumulative realized losses and cumulative net unrealized capital depreciation), less cumulative capital gains incentive compensation previously paid or distributed. For assets held on January 1, 2013, capital gain, loss and depreciation will be measured on an asset by asset basis against the value

thereof as of December 31, 2012. The capital gains component will be paid or distributed in full prior to payment or distribution of the ordinary income component.

TABLE OF CONTENTS

For purposes of the foregoing computations and the total return limitation, the following definitions apply:

cumulative means amounts for the period commencing January 1, 2013 and ending as of the applicable calculation date.

contributed common equity means the value of SVCF's net assets attributable to common shares of SVCF as of December 31, 2012 plus the proceeds to SVCF of all issuances of common shares of SVCF less (A) offering costs of any securities or leverage facility of SVCF or SVCP, (B) all distributions by SVCF representing a return of capital and (C) the total cost of all repurchases of common shares of SVCF by SVCF, in each case after December 31, 2012 and through the end of the preceding calendar quarter in question, in each case as determined on an accrual and consolidated basis.

ordinary income before incentive compensation means SVCF's interest income, dividend income and any other income (including any other fees, such as commitment, origination, structuring, diligence, managerial assistance and consulting fees or other fees that we receive from portfolio companies) during the period, (i) minus SVCF's operating expenses during the period (including the base management fee, expenses payable under the administration agreements, any interest expense and any dividends paid on any issued and outstanding preferred stock), (ii) plus increases and minus decreases in net assets not treated as components of income, operating expense, gain, loss, appreciation or depreciation and not treated as contributions or distributions in respect of common equity, and (iii) without reduction for any incentive compensation and any organization or offering costs, in each case determined on an accrual and consolidated basis.

total return means the amount equal to the combination of ordinary income before incentive compensation, realized capital gains and losses and unrealized capital appreciation and depreciation of SVCF for the period, in each case determined on an accrual and consolidated basis.

If our total return does not exceed the total return limitation, the limitation will not have the effect of eliminating the possibility of paying such incentive compensation, but rather will postpone any incentive compensation until our cumulative annual total return exceeds the 8% threshold. The nature of the total return limitation may also make it easier for TCP to earn incentive compensation in higher interest rate environments or if the Funds' net asset value has increased.

statements may also include a calculation of total return based on the change in the Fund's net asset value from period to period. The total return limitation for purposes of the incentive compensation calculations is based on the stated elements of return: ordinary income before incentive compensation, realized capital gain and loss and unrealized capital appreciation and depreciation. It differs from the total return based on the market value or net asset value of our shares in that it is a cumulative measurement that is compared to our daily weighted-average contributed common equity rather than a periodic measurement that is compared to our net asset value or market value, and in that it excludes incentive compensation.

Examples of Incentive Compensation Calculation

Example 1: Income Portion of Incentive Compensation:

Assumptions

Total return limitation⁽¹⁾ = 8%

Management fee⁽²⁾ = 1.5%

Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 1%

Alternative 1

Additional Assumptions

cumulative gross ordinary income (including interest, dividends, fees, etc.) = 11.5%

cumulative ordinary income before incentive compensation (gross ordinary income - (management fee + other expenses)) = 9%

cumulative annual total return = 7%

prior ordinary income incentive compensation = 0%

Cumulative total return does not exceed total return limitation, therefore there is no income incentive compensation.

Alternative 2

Additional Assumptions

cumulative gross ordinary income (including interest, dividends, fees, etc.) = 11%

cumulative ordinary income before incentive compensation (gross ordinary income - (management fee + other expenses)) = 8.5%

cumulative annual total return = 9.5%

prior ordinary income incentive compensation = 0%

Cumulative ordinary income before incentive compensation is positive and the cumulative total return exceeds the total return limitation, therefore there is income incentive compensation.

Income incentive compensation = ((20% × ordinary income before incentive compensation) but not more than ((100% × (cumulative total return up to 10% - 8% total return limitation)) + (20% × cumulative total return above 10%)))

= ((20% × 8.5%) or, if less, ((100% × (9.5% - 8%) + (20% × 0%)))

= 1.7% or, if less, 1.5%

= 1.5%

Alternative 3

Additional Assumptions

cumulative gross ordinary income (including interest, dividends, fees, etc.) = 15.5%
cumulative ordinary income before incentive compensation (gross ordinary income - (management fee + other expenses)) = 13%

cumulative annual total return = 18%

prior ordinary income incentive compensation = 1%

Cumulative ordinary income before incentive compensation is positive and cumulative total return exceeds the total return limitation, therefore there is income incentive compensation.

TABLE OF CONTENTS

Income incentive compensation = ((20% × ordinary income before incentive compensation) but not more than ((100% × (cumulative total return up to 10% - 8% total return limitation)) + (20% × cumulative total return above 10%))), less income incentive compensation previously paid

$$= ((20\% \times 13\%) \text{ or, if less, } ((100\% \times (10\% - 8\%) + (20\% \times (18\% - 10\%))) - 1\%$$

$$= (2.6\% \text{ or, if less, } ((2\% + (20\% \times 8\%))) - 1\%$$

$$= (2.6\% \text{ or, if less, } (2\% + 1.6\%)) - 1\%$$

$$= (2.6\% \text{ or, if less, } 3.6\%) - 1\%$$

$$= 1.6\%$$

Note that due to the priority of capital gains compensation over ordinary income compensation, had the 5%⁽⁴⁾ of cumulative unrealized capital gains been realized, the capital gains incentive compensation would have been 1% (i.e. 20% × 5%) and would have reduced ordinary income compensation from 1.6% to 0.6%. Further, if there had been 1.6% or more of prior capital gains compensation, the ordinary income compensation payment would have been zero.

(1) Represents 8.0% annualized total return limitation.

(2) Represents 1.5% annualized management fee, assuming no liabilities.

(3) Excludes organizational and offering costs.

(4) 5% of cumulative unrealized capital gains = 18% cumulative annual total return - 13% cumulative ordinary income before incentive compensation

Example 2: Capital Gains Portion of Incentive Compensation:

Alternative 1:

Assumptions

Year 1: \$20 million investment made in Company A (Investment A), and \$30 million investment made in Company B (Investment B).

Year 2: Investment A sold for \$50 million and fair market value, or FMV, of Investment B determined to be \$32 million. Cumulative annual total return of 40%.

Year 3: FMV of Investment B determined to be \$25 million. Cumulative annual total return of 15%.

Year 4: Investment B sold for \$31 million. Cumulative annual total return of 10%.

The capital gains portion of the incentive compensation would be:

Year 1: None

Year 2: Capital gains incentive compensation of \$6 million (\$6 million = \$30 million realized capital gains on sale of Investment A multiplied by 20% and total return limitation satisfied)

Year 3: None; no realized capital gains.

Year 4: Capital gains incentive compensation of \$0.2 million (\$31 million cumulative realized capital gains multiplied by 20%, less \$6 million of capital gains incentive compensation paid in year 2 and total return limitation satisfied)

Alternative 2

Assumptions

Year 1: \$20 million investment made in Company A (Investment A), \$30 million investment made in Company B (Investment B) and \$25 million investment made in Company C (Investment C)

18

TABLE OF CONTENTS

Year 2: Investment A sold for \$50 million, FMV of Investment B determined to be \$25 million and FMV of Investment C determined to be \$25 million. Cumulative annual total return of 15%.

Year 3: FMV of Investment B determined to be \$27 million and Investment C sold for \$30 million. Cumulative annual total return of 7%.

Year 4: FMV of Investment B determined to be \$35 million. Cumulative annual total return of 20%.

Year 5: Investment B sold for \$40 million. Cumulative annual total return of 20%.

The capital gains portion of the incentive compensation would be:

Year 1: None

Year 2: Capital gains incentive compensation of \$5 million; 20% multiplied by \$25 million (\$30 million realized capital gains on Investment A less \$5 million unrealized capital depreciation on Investment B, and the total return limitation is satisfied)

Year 3: None as the total return limitation is not satisfied

Year 4: Capital gains incentive compensation of \$2 million (\$35 million cumulative realized capital gains (including \$5 million of realized capital gains from year 3 at a time when the total return limitation was not satisfied, and no cumulative unrealized capital depreciation) multiplied by 20%, less \$5 million capital gains incentive compensation paid in year 2, and the total return limitation is satisfied).

Year 5: Capital gains incentive compensation of \$2 million (\$45 million cumulative realized capital gains multiplied by 20%, less \$7 million in capital gains incentive compensation paid in years 2 and 4, and the total return limitation is satisfied).

Other Expenses. The type of expenses reimbursed by the Funds under the New Advisory Agreements will be the same as the type of expenses reimbursed under the Current Advisory Agreements. We will continue to be responsible for reimbursing TCP for due diligence and negotiation expenses, fees and expenses of custodians, administrators, transfer and distribution agents, counsel and directors, insurance, filings and registrations, proxy expenses, expenses of communications to investors, compliance expenses, interest, taxes, portfolio transaction expenses, costs of responding to regulatory inquiries and reporting to regulatory authorities, costs and expenses of preparing and maintaining our books and records, indemnification, litigation and other extraordinary expenses and such other expenses as are approved by the directors as being reasonably related to the organization, offering, capitalization, operation or administration of the Funds and any portfolio investments, as applicable. TCP is not responsible for any of the foregoing expenses under the Current Advisory Agreements or the New Advisory Agreements and such services are not investment advisory services under the 1940 Act.

Liability of TCP. Under the New Advisory Agreements, the Funds will indemnify TCP in substantially the same manner as they currently do under the Current Advisory Agreements. The New Advisory Agreements provide that, except as otherwise required by law, none of TCP, or any its Affiliated Persons (as defined in the New Advisory Agreements), directors, officers, employees, shareholders, managers, members, assigns, representatives or agents (each, an Indemnified Person and, collectively, the Indemnified Persons) will be liable, responsible or accountable in damages or otherwise to the Funds, any shareholder of the Funds or any other person for any loss, liability, damage, settlement cost, or other expense (including reasonable attorneys fees) incurred by reason of any act or omission or any alleged act or omission performed or omitted by such Indemnified Person (other than solely in such Indemnified Person s capacity as a shareholder of the Funds, if applicable) in connection with the establishment, management or operations of the Funds or the management of their assets (including those in connection with serving on boards of directors of, or creditors committees for, any investment; provided that the foregoing exculpation will not apply to any act or failure to act that arises out of the bad faith, willful misfeasance, gross negligence or reckless disregard of an Indemnified Person s duty to the Funds or such shareholder of the Funds, as the case may be (such conduct, Disabling Conduct). Subject to the foregoing, all such Indemnified Persons will look solely to the assets of the Funds

TABLE OF CONTENTS

for satisfaction of claims of any nature arising in connection with the affairs of the Funds. If any Indemnified Person is made a party to any suit or proceeding to enforce any such liability, subject to the foregoing exception, such Indemnified Person cannot, on account thereof, be held to any personal liability.

Other Matters. The Current Advisory Agreements have key man provisions enabling termination of the agreements in certain situations if Michael E. Tennenbaum, Howard M. Levkowitz or Mark K. Holdsworth is not actively engaged in managing the Funds and such individual is not replaced in accordance with such provisions. SVCP's leverage arrangements have provisions tied to the Current Advisory Agreements that could result in a default if a key man event occurred and is not resolved. The New Advisory Agreements do not contain any key man provision, and key man provisions in the Senior Facility will be modified in certain respects.

Termination. After the first two years, each New Advisory Agreement will terminate unless its continuance is specifically approved at least annually by both (i) the vote of a majority of the Board or the vote of a majority of the outstanding voting securities of SVCF or SVCP, as applicable, at the time outstanding, and (ii) the vote of a majority of the Board who are not parties to the New Advisory Agreements or interested persons of any party to the New Advisory Agreements, cast in person at a meeting called for the purpose of voting on such approval. The Current Advisory Agreements and the New Advisory Agreements may be terminated by SVCF or SVCP, as applicable, at any time upon giving TCP 60 days' notice, provided that such termination must be directed or approved by a majority of the Board in office at the time or by the holders of a majority of the voting securities of SVCF or SVCP, as applicable, at the time outstanding. The Current Advisory Agreements and New Advisory Agreements may also be terminated by TCP on 60 days' written notice.

The Current Advisory Agreements and New Advisory Agreements will also immediately terminate in the event of their assignment as that term is used in the 1940 Act.

Administration Agreement. The Current Advisory Agreements include provisions regarding administrative expenses. In connection with the Conversion, the Funds will enter into an administration agreement with the GP (the Administrator), which we refer to as the administration agreement, under which the Administrator will provide administrative services to us. The Administrator will provide services including, but not limited to, the arrangement for the services of, and the overseeing of custodians, depositories, transfer agents, dividend disbursing agents, other shareholder servicing agents, accountants, attorneys, underwriters, brokers and dealers, corporate fiduciaries, insurers, banks, shareholders and such other persons in any such other capacity deemed to be necessary or desirable. The Administrator will also make reports to the Boards of its performance of obligations under the administration agreement and furnish advice and recommendations with respect to such other aspects of the business and affairs of the Funds that the Funds determine to be desirable. The Administrator will be responsible for the financial and other records that the Funds are required to maintain and will prepare all reports and other materials required by any agreement or to be filed with the Securities and Exchange Commission or any other regulatory authority, including reports on Forms 8-K, 10-Q and periodic reports to shareholders, determining the amounts available for distribution as dividends and distributions to be paid by the Funds to their shareholders, reviewing and implementing any share purchase programs authorized by the Boards and maintaining or overseeing the maintenance of the books and records of the Funds as required under the 1940 Act, maintaining (or overseeing maintenance by other persons) such other books and records required by law or for the proper operation of the Funds. For providing these services, facilities and personnel, we will reimburse the Administrator for expenses incurred by the Administrator in performing its obligations under the administration agreement, including our allocable portion of the cost of certain of our officers and the Administrator's administrative staff and providing, at our request and on our behalf, significant managerial assistance to our portfolio companies to which we are required to provide such assistance. From time to time, the Administrator may pay amounts owed by us to third-party providers of goods or services. We will subsequently reimburse the Administrator for such amounts paid on our behalf. The restructuring of the method by which

administrative services are payable by the Funds will not result in any decrease in the nature or level of advisory or administration services provided to the Funds.

TABLE OF CONTENTS

1940 ACT REQUIREMENTS

Section 15(a) of the 1940 Act prohibits any person from serving as an investment adviser (or investment sub-adviser) to a registered investment company, such as the Funds, except pursuant to a written contract that has been approved by shareholders. Accordingly, shareholders are being asked to vote on Proposal 2 to consent to the New Advisory Agreements and Amended and Restated Limited Partnership Agreement.

If Proposal 2 is approved by written consent by each Fund's shareholders, the New Advisory Agreements will become effective upon conversion of the Funds to BDCs and will remain in effect for an initial two years unless terminated sooner. Thereafter, they will continue in effect for successive one-year periods if such continuance is specifically approved annually by a majority of the members of the respective Board and a majority of the Fund's Independent Directors by votes cast in person by such Independent Directors at a meeting called for the purpose of voting on such approval.

At a meeting held on December 17, 2010, each Board, including a majority of its Independent Directors, as applicable, approved the New Advisory Agreements and Amended and Restated Limited Partnership Agreement and directed that the New Advisory Agreements and Amended and Restated Limited Partnership Agreement be submitted to shareholders for approval by written consent. A copy of the form of each Fund's New Advisory Agreement is set forth in Appendix D and Appendix E, respectively, to this Consent Solicitation Statement. ***In the event the proposed New Advisory Agreements or the amendments to the Limited Partnership Agreement are not approved by either Fund's shareholders or the IPO is not completed, the Funds will not convert to BDCs, and instead will continue to be managed as CECs and the Current Advisory Agreements and Limited Partnership Agreement will stay in effect.***

BOARD CONSIDERATION

On December 17, 2010, the Boards, including the Independent Directors, voted to approve the New Advisory Agreements and the Amended and Restated Limited Partnership Agreement (the New Management Agreements). In considering whether to recommend approval of the New Management Agreements, the Independent Directors reviewed materials and information provided by TCP and the GP (collectively, the Manager), fund counsel and independent counsel. The Directors also met with senior personnel of the Manager and discussed a number of topics affecting their determination, including the following.

(i) ***The nature, extent and quality of services provided by the Manager.*** The Independent Directors reviewed the services that the Manager provides to the Funds, and that the Manager is expected to provide to the Funds following the Conversion. The Independent Directors noted the range of such services and that the Manager had developed reporting, valuation and other procedures that were customized to the specialized nature of the Funds, and that the Manager had expertise in administering such procedures. In addition, the Independent Directors considered the size, education, background and experience of the Manager's personnel. They also took into consideration the Manager's quality of service and noted its experience in the investment management industry. The Independent Directors also considered the Manager's ability to manage the Funds after the termination of the co-advisor, Babson. The Independent Directors further considered the additional involvement in managing the Funds that the Manager will have upon the termination of Babson and the effect such termination will have on the Investment Committee for the Funds (the Investment Committee). The Investment Committee is currently comprised of six voting members (Mark K. Holdsworth, Howard M. Levkowitz, Michael E. Tennenbaum, Rajneesh Vig and Michael E. Leitner (the TCP Voting Members)) and a person designated by Babson with the approval of TCP (currently Richard E. Spencer II) and approximately 25 non-voting members from TCP. The Independent Directors considered the effects of the loss of the Babson voting member, that TCP and the TCP Voting Members of the Manager's Investment Committee devote a

significant amount of their respective efforts to the Funds and that TCP actively manages investments for other clients and are not required to and have not devoted all of their time to the Funds' affairs. The Independent Directors noted TCP's ability to manage other registered and non-registered funds without a co-advisor. The Independent Directors also noted that Rajneesh Vig, a partner who has been with TCP for four years and has significant investment experience, was recently added as a voting member of the Investment Committee. In addition, Todd R. Gerch, a managing director who has been employed by TCP for seven years, will be added as a voting member following the Conversion. Lastly, the Independent Directors reviewed the Manager's ability to attract and retain quality and experienced personnel. The Independent Directors concluded that the

TABLE OF CONTENTS

scope of services expected to be provided by the Manager to the Funds and the experience and expertise of the personnel performing such services was consistent with the nature, extent and quality expected of an investment manager of investment vehicles such as the Funds.

(ii) ***Investment performance of the Funds and TCP.*** The Independent Directors reviewed the past investment performance of the Funds and other funds for which TCP provides investment advisory services, both on an absolute basis and as compared to other funds that had invested in similar investments, as well as general market indices, and the Independent Directors noted that the Funds had performed satisfactorily in light of market conditions and could be expected to continue to perform satisfactorily.

(iii) ***Cost of the services provided and profits realized by the Manager from the relationship with the Funds.*** The Independent Directors considered the cost of the services to be provided by the Manager. As part of their analysis, the Independent Directors gave substantial consideration to the compensation payable to the Manager under the New Management Agreements. The Independent Directors also noted the types of expenses for which the Funds on the one hand, or the Manager on the other, are responsible. In reviewing the management compensation, the Independent Directors considered the management fees and operating expense ratios of other BDCs and other registered and non-registered funds managed by the Manager and by other managers that had somewhat comparable investment programs. The Independent Directors also considered that the GP will forego any incentive compensation until January 1, 2013, and noted the increased efforts expected to be required of the Manager to manage the Funds following conversion to a BDC and completion of the IPO.

The Independent Directors also reviewed information regarding the profitability to the Manager from its relationship with the Funds and information on the financial condition of the Manager. The Independent Directors noted that the Manager and its affiliates did not receive revenues from any other source, such as brokerage commissions or origination fees, in relation to the Funds. The Independent Directors found that the profits realized by the Manager from its relationship with the Funds were reasonable. The Independent Directors also found that the Manager had the financial resources necessary to continue to carry out their respective functions.

(iv) ***The extent to which economies of scale would be realized as Funds grow and whether fee levels would reflect such economies of scale.*** In light of each Fund's expected size after the IPO, their anticipated investment program and their policies of distributing all net investment income and net realized gains, the Independent Directors determined that the possibility of economies of scale was not relevant with respect to the expected structures of the Funds as BDCs and accordingly did not consider whether fee levels would reflect any economies of scale.

In considering the New Management Agreements, no single factor was determinative to the decision of the Directors. Rather, after weighing all of the reasons discussed above, the Independent Directors unanimously concluded that the management and performance fee arrangements under the New Management Agreements are reasonable and recommended approval of each New Management Agreement.

The following table is intended to assist you in understanding the costs and expenses that shareholders in SVCF will bear directly or indirectly following the Conversion. However, we caution you that some of the percentages indicated in the table below are estimates and may vary. **The following table and example should not be considered a representation of our future expenses. Actual expenses may be greater or less than shown.** The expenses include expenses of SVCF born indirectly by the shareholders of SVCF.

(1) The current fees are based on the Current Advisory Agreements and the Limited Partnership Agreement and reflect actual expenses of the Fund for the year presented.

(2) These pro-forma calculations are based on the New Advisory Agreements and the Amended and Restated Limited Partnership Agreement at actual borrowing levels, without giving effect to the Conversion and assuming no IPO. These pro-forma calculations are based on the New Advisory Agreements and the Amended and Restated Limited Partnership Agreement, giving effect to the Conversion and assuming full investment of the IPO's estimated

(3) proceeds of \$150 million, less underwriting discount and commissions, and full investment of the maximum borrowings on the Senior Facility. The IPO is conditioned on the approval of the Conversion Proposals and is subject to market conditions and registration of the offering.

(4) Although SVCF returned 31.4% during 2010, and 27.3% during 2009, no incentive compensation was paid due to prior period losses in 2008. Results for any previous period should not be relied upon as being indicative of

performance in future periods.

- (5) Interest Payments on Borrowed Funds represents dividends, interest and fees on the Senior Facility and Series A Cumulative Preferred Interests as well as amortization of debt issuance costs.

Other Expenses includes our overhead expenses, including administrative and other expenses of TCP and the GP reimbursable under the Current Advisory Agreements. Upon completion of the Conversion and the IPO, the

- (6) Administrator will perform services under the administration agreement at cost. Pro Forma amounts include administration costs under the administration agreement including certain additional costs associated with being a publicly traded company, but do not include certain administration overhead costs which are not currently contemplated to be charged to us.

The following example demonstrates the projected dollar amount of total cumulative expenses (excluding shareholder transaction expenses and including annual expenses) that would be incurred over various periods

with respect to a hypothetical investment in SVCF's shares of common stock following the Conversion. In calculating the following expense amounts, we have assumed that operating expenses remain at the levels set forth in the table above.

	1 Year	3 Years	5 Years	10 Years
You would pay the following expenses on a \$1,000 investment, assuming a 5% annual return	\$ 39	\$ 118	\$ 199	\$ 410

While the example assumes, as required by the Securities and Exchange Commission, a 5% annual return, SVCF's performance will vary and may result in a return greater or less than 5%. There will be no incentive compensation under the New Advisory Agreements and the Amended and Restated Limited Partnership Agreement assuming a 5% annual return and therefore it is not included in the example. If after December 31, 2012, SVCF achieves sufficient returns on its investments to trigger an incentive compensation of a material amount, SVCF's distributions to its common shareholders and its expenses for such periods would likely be higher.

PROPOSAL 3 CONSENT TO ELECT BOARD NOMINEE FOR THE FUNDS

INTRODUCTION

Information about the Nominee and Directors. Certain information with respect to the nominee for election (the Board Nominee), as well as each of the other Directors, is set forth below, including their names, ages, a brief description of their recent business experience, including present occupations and employment, certain directorships that each person holds, and the year in which each person became a Director of the Funds. The Board Nominee has consented to being named in this Consent Solicitation Statement and to serve as a Director if elected.

NASDAQ rules require listed companies to have a board of directors with at least a majority of Independent Directors. Under NASDAQ rules, in order for a director to be deemed independent, our Board must determine that the individual does not have a relationship that would interfere with the Director's exercise of independent judgment in carrying out his or her responsibilities. Prior to February 1, 2011, the Boards had three members consisting of L.R. Jalenak, Jr., Franklin R. Johnson and Howard M. Levkowitz. The Board, as required by the 1940 Act, had considered the independence of members of the Board who are not employed by TCP and had concluded that Messrs. Jalenak and Franklin are not interested persons as defined by the 1940 Act and therefore qualify as Independent Directors. A Director that satisfies the independence standard under the 1940 Act qualifies as an independent director under Marketplace Rule 5605(a)(2) of NASDAQ. In reaching this conclusion, the Boards concluded that Messrs. Jalenak and Franklin had no relationships with the Funds and TCP or any of its affiliates, other than their positions as Directors of the Funds and, if applicable, investments in us that are on the same terms as those of other shareholders.

Under the 1940 Act, closed-end funds are required to maintain a minimum of 40% of directors that are not interested persons, and BDCs are required to have a majority of directors that are not interested persons. Since two of the three Directors of the Funds were independent, the Funds met each of these standards. However, in connection with the Conversion and the IPO, Mr. Jalenak would become an interested person due to his affiliation with one of the underwriters in the transaction. As a consequence, Mr. Jalenak resigned from the Board, effective February 4, 2011. To replace Mr. Jalenak and comply with the 1940 Act and NASDAQ rules, the Board considered Mr. Eric Draut for appointment as a new board member. The Board concluded that Mr. Draut possessed the experience, qualifications, attributes and skills necessary to fulfill his role as a Director of the Funds and was not an interested person. On January 28, 2011, the Board appointed Mr. Draut as an Independent Director of the Funds, effective February 1, 2011, and recommended submitting Mr. Draut to election by the shareholders as the Board Nominee in this Consent Solicitation Statement.

Some of the RICs have the same investment program because they invest through a master-feeder structure, which results in the smaller number of Portfolios than RICs.

** Directorships disclosed under this column do not include directorships disclosed under the column Principal Occupation(s) During Past Five Years.

Mr. Levkowitz is an interested person (as defined in the 1940 Act) of the Company by virtue of his current position with the TCP.

The Boards have adopted procedures for evaluating potential Director candidates against the knowledge, experience, skills, expertise and diversity that it believes are necessary and desirable for such candidates. The Board believes that

each Director satisfied, at the time he or she was initially elected or appointed a Director, and continues to satisfy, the standards contemplated by such procedures. Furthermore, in determining that a particular Director was and continues to be qualified to serve as a Director, the Board has considered a variety of criteria, none of which, in isolation, was controlling. The Board believes that, collectively, the Directors have balanced and diverse experience, skills, attributes and qualifications, which allow the Board to operate effectively in governing the Fund and protecting the interests of shareholders. Among the attributes common to all Directors are their ability to review critically, evaluate, question and discuss information provided to them, to interact effectively with TCP and other service providers, counsel and independent auditors, and to exercise effective business judgment in the performance of their duties as Directors. Each

Director's ability to perform his or her duties effectively is evidenced by his or her educational background or professional training; business, consulting, public service or academic positions; experience from service as a member of the Board of the Funds, other investment companies, public companies, or non-profit entities or other organizations; ongoing commitment and participation in Board and committee meetings, as well as his or her leadership of standing committees; or other relevant life experiences. Information about the specific experience, skills, attributes and qualifications of each director, which in each case led to each Board's conclusion that the Director should serve as a director of the Funds, is provided in below.

Our Directors have been divided into two groups – Interested Directors and Independent Directors. Interested Directors are interested persons as defined in the 1940 Act. Howard M. Levkowitz is an

TABLE OF CONTENTS

Interested Director by virtue of his employment with TCP. In part because the Funds are externally-managed investment companies, the Boards believe having an interested chairperson that is familiar with each Fund's portfolio companies, its day-to-day management and the operations of TCP, greatly enhances, among other things, its understanding of the Fund's investment portfolio, business, finances and risk management efforts. In addition, the Boards believe that Mr. Levkowitz's employment with TCP allows for the efficient mobilization of TCP's resources at each Board's behest and on its behalf. The Boards do not have a lead independent director. Each Board believes its relatively small size and the composition and leadership of its committees allow each Director to enjoy full, accurate and efficient communication with the Funds, TCP and management, and facilitates the timely transmission of information among such parties.

Director Independence

On an annual basis, each member of our Board is required to complete an independence questionnaire designed to provide information to assist the Board in determining whether the Director is independent. The Boards have determined that each of our Directors, other than Mr. Levkowitz, is independent under the 1940 Act.

Interested director

Howard M. Levkowitz: Mr. Levkowitz is President of the Funds. Mr. Levkowitz serves as President of several TCP advised funds, including its Opportunity Funds, and is Chairman of TCP's Investment Policy Committee. The Boards benefit from Mr. Levkowitz's experience at TCP and his intimate knowledge of the decision process used by TCP's Investment Policy Committee. In addition to overseeing the Funds, Mr. Levkowitz has served as a director of both public and private companies and has served on a number of formal and informal creditor committees. The Boards also benefit from Mr. Levkowitz's past experience as an attorney specializing in real estate and insolvencies with Dewey Ballantine. Mr. Levkowitz received a B.A. in History (Magna Cum Laude) from the University of Pennsylvania, a B.S. in Economics (Magna Cum Laude, concentration in finance) from The Wharton School, and a J.D. from the University of Southern California. Mr. Levkowitz's longstanding service as Director and President of the Funds, President of other TCP advised funds, and Chairman of TCP's Investment Policy Committee provide him with a specific understanding of the Funds, its operation, and the business and regulatory issues facing the Funds.

Mr. Draut's knowledge of financial and accounting matters, and his independence from the Funds and TCP, qualifies him to serve as a member of each Fund's Audit Committee.

Franklin R. Johnson: Mr. Johnson is a Director and Chairman of each Fund's Audit Committee, and a member of the Joint Transactions Committee. Mr. Johnson has a wealth of leadership, business and financial experience. He

currently serves on the board of directors, audit committee and nominating and governance committee of Reliance Steel & Aluminum Co., and, until July of 2006, served as a director and chair of the audit committee of Special Value Opportunities Fund, LLC, a registered investment company managed by TCP. Funds. He recently retired as a Commissioner and Chairman of Memphis Light, Gas & Water and Chairman of its Pension Committee. Mr. Jalenak currently serves on other corporate boards as well as many civic and religious boards.

BOARD MEETINGS

During the calendar year 2010, the Boards met seven times. During each Fund's most recent fiscal year, each Board met seven times. No incumbent Director attended less than 75% of the aggregate number of meetings of the Boards and of each committee of the Boards on which the Director served during each Fund's most recently completed fiscal year.

COMMITTEES OF THE BOARDS OF DIRECTORS

The Boards currently have two committees: an Audit Committee and a Joint Transaction Committee.

Audit Committee. The Audit Committee operates pursuant to a charter approved by the Boards and met two times during the fiscal year ended December 31, 2010. Following the completion of the IPO, the Audit Committee intends to hold regular meetings on a quarterly basis and special meetings as needed. The charter sets forth the responsibilities of the Audit Committee. The primary function of the Audit Committee is to serve as an independent and objective party to assist each Board in fulfilling its responsibilities for overseeing and monitoring the quality and integrity of each Fund's financial statements, the adequacy of their system of internal controls, the review of the independence and performance of, as well as communicate openly with, each Fund's registered public accounting firm, the performance of each Fund's internal audit function and each Fund's compliance with legal and regulatory requirements. The Audit Committee is presently composed of Messrs. Draut and Johnson (Chairperson), both of whom are considered independent for purposes of the 1940 Act and NASDAQ listing standards. Each Board has determined that each member of the Audit Committee is an audit committee financial expert as defined under Item 407(d)(5) of Regulation S-K of the Securities Exchange Act of 1934. In addition, each member of the Audit Committee meets the current independence and experience requirements of Rule 10A-3 of the Securities Exchange Act of 1934 and, in addition, is not an interested person of the Funds or of TCP as defined in Section 2(a)(19) of the 1940 Act.

Joint Transaction Committee. The Joint Transaction Committee, as of February 5, 2011 is comprised of Messrs. Draut and Johnson, met eleven times during the fiscal year ended December 31, 2010 and operates to approve transactions in which we participate with the Other Advisor Accounts in accordance with our exemptive order obtained from the SEC.

Day-to-day risk management with respect to the Funds is the responsibility of TCP or other service providers (depending on the nature of the risk) subject to the supervision of TCP. The Funds are subject to a number of risks, including investment, compliance, operational and valuation risks, among others. While there are a number of risk management functions performed by TCP and the other service providers, as applicable, it is not possible to eliminate all of the risks applicable to the Funds. Risk oversight is part of each Board's general oversight of the Fund and is addressed as part of various Board and committee activities. The Board, directly or through a committee, also reviews reports from, among others, management, the independent registered public accounting firm for the Funds and internal accounting personnel for TCP, as appropriate, regarding risks faced by the Funds and management's or the service provider's risk functions. The committee system facilitates the timely and efficient consideration of matters by the Directors, and facilitates effective oversight of compliance with legal and regulatory requirements and of each Fund's activities and associated risks. The Chief Compliance Officer oversees the implementation and testing of each Fund's compliance program and reports to the Board regarding compliance matters for the Funds and their service providers.

The Independent Directors have engaged independent legal counsel to assist them in performing their oversight responsibilities.

In addition, the Funds will not indemnify Directors with respect to any matter as to which Directors did not act in good faith in the reasonable belief that his or her action was in the best interest of the Funds or, in the case of any criminal proceeding, as to which the Directors had reasonable cause to believe that the conduct was unlawful. Indemnification provisions contained in each Fund's governing documents are subject to any limitations imposed by applicable law.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of each Fund consisting solely of independent directors has selected, and the Directors of each Fund, including a majority of the Independent Directors, have selected Ernst & Young (E&Y) as the independent registered public accounting firm for the Funds. E&Y, in accordance with Independence Standards Board Standard No. 1 (ISB No. 1), has confirmed to each applicable Audit Committee that it is an independent registered public accounting firm with respect to each Fund. Each Audit Committee has discussed with E&Y its independence with respect to the Funds and certain matters required to be discussed by Statement on Auditing Standard No. 61, as currently modified or supplemented. Each Audit Committee has considered whether the provision of non-audit services by each Fund's independent registered public accounting firm is compatible with maintaining the independence of that registered public accounting

firm. Each Audit Committee also reviews and discusses the Funds' financial statements with Fund management and the independent registered public accounting firm. If any material concerns arise during the course of the audit and the preparation of the audited financial statements mailed to shareholders and included in each Fund's Annual Report to Shareholders, the Audit Committee would be notified by Fund management or the independent registered public accounting firm. The Audit Committees received no such notifications for any Fund during its most recently completed fiscal year. Following each Audit Committee's review and discussion of the Funds' independent registered public accounting firm, pursuant to authority delegated by the respective Boards, each Audit Committee approved the respective Fund's audited financial statements for the Fund's most recently completed fiscal year for which audited financial statements are available be included in each Fund's Annual Report to Shareholders.

Audit Fees. Audit fees consist of fees billed for professional services rendered for the audit of our year-end financial statements included in each Fund's annual report on Form N-CSR and a review of financial statements included in each Fund's semi-annual reports on Form N-CSRS, or services that are normally provided by E&Y in connection with statutory and regulatory filings for the past two fiscal years. Audit fees incurred by SVCF for its fiscal years ended December 31, 2010 and December 31, 2009 were \$26,000 and \$24,776, respectively, and audit fees incurred by SVCP for the same fiscal years were \$52,500 and \$50,306, respectively. Neither SVCF nor SVCP incurred any fees for the audit of internal controls under Sarbanes-Oxley Section 404 in conjunction with the fiscal years ended December 31, 2010 or December 31, 2009.

Audit-Related Fees. Audit-related services consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under Audit Fees. These services include attest services that are not required by statute or regulation and consultations concerning financial accounting and reporting standards. SVCF did not incur any audit-related fees during the fiscal years ended December 31, 2010 and December 31, 2009, and SVCP incurred audit-related fees with E&Y in the amount of \$7,500 and \$14,000, respectively, in the same periods.

Tax Fees. Tax fees consist of fees billed for professional services for tax compliance. These services include assistance regarding federal, state, and local tax compliance, and include services for E&Y's provision of tax preparation services and the execution and filing of each Fund's tax returns. SVCP and SVCF each has a tax year end of December 31. Tax fees incurred by SVCP were \$21,570 and \$22,116 in its tax years ended December 31, 2010 and December 31, 2009, respectively. Tax fees incurred by SVCF were \$38,000 and \$41,800 in its tax years ended December 31, 2010 and December 31, 2009, respectively.

All Other Fees. All other fees would include fees for products and services other than the services reported above. The Funds incurred no such fees for the past two fiscal years.

Each Audit Committee is required to approve all audit engagement fees and terms for its Fund. Each Audit Committee also is required to consider and act upon (i) the provision by the Fund's independent accountant of any non-audit services to the Fund, and (ii) the provision by the Fund's independent accountant of non-audit services to the Funds and any entity controlling, controlled by, or under common control with the Funds that provide ongoing services to the Funds (Affiliated Service Providers) to the extent that such approval (in the case of this clause (ii)) is required under applicable regulations of the SEC.

The Audit Committee pre-approves all audit, review and attest engagements required under the securities laws and regulations provided by E&Y, each Fund's independent auditors. The Audit Committee also approves all non-audit services, including tax services, provided to the Funds by E&Y and verifies, at the time of pre-approval, that such pre-approved non-audit services would not be prohibited services under securities regulations. The Audit Committee pre-approves all non-audit services provided by E&Y to each Fund's investment adviser and to affiliates of the

investment adviser that provide ongoing services to the Funds, but only if the non-audit services have a direct impact on the operations or financial reporting of the Funds.

The Audit Committee of each Fund consists of the following Board Members:

Franklin R. Johnson (Chair);
Eric Draut

SVCF is the only holder of common shares of SVCP. SVCF will pass-through its votes to its common shareholders and vote all of its interests in SVCP in the same proportion and the same manner as shareholders vote their shares of SVCF. Accordingly, if you are a shareholder of SVCF, you will receive a consent card to vote on the SVCP proposals. SVCF will continue to use pass-through voting after the Conversion.

BECAUSE THE HOLDERS OF A MAJORITY OF SHARES ENTITLED TO VOTE MUST APPROVE THE PROPOSALS, FAILURE TO SUBMIT A CONSENT CARD WILL HAVE THE SAME EFFECT AS A VOTE AGAINST THE PROPOSALS.

The effective date of the Proposals is the date on which we receive signed consents from a number of shareholders sufficient to approve the Proposals (the Effective Date). Any person signing and returning to us a consent card pursuant to this Consent Solicitation Statement has the power to revoke it at any time prior to the Effective Date.

Notwithstanding anything to the contrary set forth in this Consent Solicitation Statement, the Funds reserve the right, at any time prior to the Effective Date, to amend or terminate the solicitation, or to delay accepting consent cards. Any such amendment, delay or termination will be announced no later than 10:00 a.m., Pacific time, on the next business day after such amendment, delay or termination.

A shareholder who abstains from voting on any or all Proposals will be treated as having voted against the Proposal.

Brokers holding stock for the accounts of their clients who have not been given specific voting instructions as to a matter by their clients may vote their clients' consents in their own discretion, to the extent permitted under the rules of the Financial Industry Regulatory Authority. Broker non-votes will also effectively count as a vote against each Proposal.

A consent purporting to be exercised by or on behalf of a shareholder will be valid unless challenged at or prior to its exercise. The burden of proving the invalidity of the consent will rest with the person seeking to challenge it.

Appendix A Comparison of CECs and BDCs

On December 17, 2010, the Boards of SVCF and SVCP approved converting from registered closed-end management investment companies (CECs) into business development companies (BDCs), subject to shareholder approval. BDCs are a specialized type of investment company. As part of the conversion process into BDCs, you are being asked to vote on a number of proposals, each contingent upon the Funds converting to BDCs. To convert the Funds to BDCs, you are being asked to approve: (i) converting SVCF to a Delaware corporation; (ii) a new investment advisory agreement between each Fund and TCP and an amendment to the definition of Carried Interest in SVCP's limited partnership agreement; and (iii) the elimination of each Fund's investment restrictions.

Special provisions of the 1940 Act allow certain qualified closed-end companies to elect to be regulated as BDCs rather than as CECs. In order to make an election to be treated as a BDC rather than a CEC, the Funds must be operated for the purpose of investing in securities of non-public or small capitalization United States companies and making managerial assistance available to such companies. Making available managerial assistance means, among other things, any arrangement whereby a BDC, through its investment manager, directors, officers or employees, offers to provide, and, if accepted, does so provide, significant guidance and counsel concerning the management, operations or business objectives and policies of a portfolio company. As BDCs, each Fund must have at least 70% of its assets invested in qualifying securities (as described below) for it to acquire any assets other than qualifying securities. The Funds' current portfolio satisfies these requirements and the Funds will not be required to sell any assets to conform to such requirements. The more significant differences between the 1940 Act's regulation of CECs and BDCs are summarized below. This summary, however, is not intended to be comprehensive and other regulations under the 1940 Act apply to the operation and governance of CECs or BDCs.

Capitalization. Currently, as CECs, the Funds may not issue debt or other senior securities unless each has an asset coverage of at least 300% immediately after giving effect to the issuance (200% in the case of preferred stock). This means that \$100 of net assets is required for each \$50 of debt or each \$100 of preferred. Only a single class of debt and a single class of preferred stock is permitted for each Fund. Unless the debt is privately held, dividends may not be paid on the common shares if asset coverage on the debt falls below 300%, and the debt holders must be given control of the board of directors if asset coverage falls below 100% for a year or more. Preferred stock must have priority with respect to both dividends and liquidation, and dividends must be cumulative and may not be declared if asset coverage on the preferred falls below 200%. Preferred shareholders of the Funds are entitled to elect at least two directors and have one vote per share with certain class voting rights. The Funds may issue options and warrants only on a *pro rata* basis to all shareholders and such options and warrants must expire within 120 days after issuance. Preferred shareholders may elect a majority of the Board if dividends are not paid for two years. The Funds may only pay capital gain distributions twice a year, currently, and the source of all distributions must be noted for shareholders.

BDCs are subject to the same capitalization constraints as above with three important exceptions. First, they may issue warrants (up to 10 years) with debt for up to 25% of the fully diluted voting securities upon shareholder approval and may issue options to management as incentive compensation (subject to a 20% cap which is counted in and in some cases reduces the 25% overall cap on options and warrants and subject to the absence of profit sharing compensation for management and performance fees in favor of an investment advisor). Second, the asset coverage requirement for debt is 200% rather than 300%. Third, BDCs may issue multiple classes of debt. As BDCs, the Funds may also pay capital gain dividends as often as they choose.

Like CECs, BDCs generally may not sell their securities for services or other property (other than cash and securities) and generally may not sell common shares at less than net asset value. There are exceptions for CECs and BDCs to the net asset value pricing requirement for rights offerings, offerings approved by shareholders, reorganizations and certain conversions or warrant exercises. As BDCs, the Funds will have additional exceptions for sales by operating

The Board of Directors of SVCF has approved all of the Proposals, believe that they are in your best interests and r

subsidiaries, for permitted warrants and options and for offerings within one year after shareholder approval. Both CECs and BDCs may repurchase securities only pursuant to

A-1

TABLE OF CONTENTS

tender offers, in the open market after notice to shareholders or pursuant to other programs permitted by the Securities and Exchange Commission (the SEC) (such as private purchases at the lower of net asset value or market value).

Investments. As CECs, the Funds are required to and have stated their policies with regard to borrowing money, issuing senior securities, underwriting activities, investing in real estate or commodities, making loans and portfolio turnover. These policies are considered to be fundamental and may not be changed without shareholder approval.

In addition, as BDCs, the Funds must have at least 70% of their assets invested in qualifying securities in order to make any investment other than in qualifying securities. Qualifying securities generally consist of the following categories:

- (1) securities of domestic companies that are not investment companies (other than a small business investment company wholly owned by the BDC) or companies that would be investment companies but for certain exclusions under the 1940 Act for financial companies (permitted companies) (A) that have no class of securities listed on a national securities exchange or have a class of securities listed on a national securities exchange but have an aggregate market value of less than \$250 million of common equity securities outstanding or (B) being publicly traded but with respect to which the BDC made an investment when the issuer qualified under clause (A) above, has not significantly sold down its position and remains one of the 20 largest shareholders of record;
- (2) securities of permitted companies that are controlled by the BDC alone or as part of a group acting together, on which the BDC has board representation and over which it actually exercises a controlling influence;
- (3) securities of permitted companies that are in or emerging from bankruptcy or similar reorganization proceedings or are unable to meet their obligations without material assistance other than conventional financing;
- (4) securities for which there is no ready market of permitted companies of which the Funds own, immediately prior to such purchase, at least 60% of the equity on a fully diluted basis;
- (5) securities received in respect of securities in categories (1)-(4) above; and
- (6) cash items, U.S. Government securities and high quality short term debt securities.

As BDCs, the remaining 30% of the Funds' assets may be invested in anything consistent with the BDCs' objectives. The character of a BDC's investment is established at the time the investment is made and is not altered by subsequent events. For example, a private placement investment in a permitted company stock will continue to qualify as a category 1 security even if the stock subsequently would no longer be considered a qualifying security. However, additional investments after the permitted company's outstanding common equity securities are traded on a national securities exchange and have an aggregate value of \$250 million or more will not be qualifying investments unless category 1(B) or 2 is applicable. Similarly, in order for a purchase to qualify under categories 1, 3 or 4, the BDC may not purchase such securities in a public offering and in order to qualify under categories 1(B) or 3, the BDC must make the purchase from the permitted company or an affiliate or recent affiliate of the permitted company. Loans are treated as securities when made or held by BDCs.

Filing Obligations. The Funds are currently required to report annual and semi-annual shareholder reports as CECs on specially designed investment company forms. However, BDCs file the same financial statements and reports as do other operating companies (e.g., 10-Q, 10-K, etc.).

Comparison of CECs and BDCs

The following is a summary of the material differences and similarities between operating as a CEC and a BDC. While SVCF believes that this summary covers the material differences and similarities, this summary may not contain all of the information that is important to you. You should carefully read this entire Consent Solicitation Statement and the other documents referenced in this Consent Solicitation Statement for a more complete understanding of the differences between being a CEC and a BDC.

TCP CAPITAL CORP.

(hereinafter called the Corporation)

ARTICLE I

OFFICES

Section 1. Registered Office. The registered office of the Corporation shall be in the City of Wilmington, County of New Castle, State of Delaware.

Section 2. Other Offices. The Corporation may also have offices at such other places, both within and without the State of Delaware, as the Board of Directors may from time to time determine.

ARTICLE II

MEETINGS OF STOCKHOLDERS

Section 1. Place of Meetings. Meetings of the stockholders for the election of directors or for any other purpose shall be held at such time and place, either within or without the State of Delaware, as shall be designated from time to time by the Board of Directors. The Board of Directors may, in its sole discretion, determine that a meeting of the stockholders shall not be held at any place, but may instead be held solely by means of remote communication in the manner authorized by the General Corporation Law of the State of Delaware (the DGCL).

Section 2. Annual Meetings. The Annual Meeting of Stockholders for the election of directors shall be held on such date and at such time as shall be designated from time to time by the Board of Directors. Any other proper business may be transacted at the Annual Meeting of Stockholders.

Section 3. Special Meetings. Unless otherwise required by law or by the certificate of incorporation of the Corporation, as amended and restated from time to time (the Certificate of Incorporation), Special Meetings of Stockholders, for any purpose or purposes, may be called by any of (i) the Chairman, if there be one, (ii) the Vice-Chairman, if there be one or (iii) the President, and shall be called by any such officer at the direction of a majority of the members of the Board of Directors. Such direction shall state the purpose or purposes of the proposed meeting. At a Special Meeting of Stockholders, only such business shall be conducted as shall be specified in the notice of meeting (or any supplement thereto). The ability of the stockholders to call a Special Meeting of Stockholders is hereby specifically denied.

Section 4. Nature of Business at Meetings of Stockholders. Only such business (other than nominations for election to the Board of Directors, which must comply with the provisions of Section 5 of this Article II) may be transacted at an Annual Meeting of Stockholders as is either (a) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors (or any duly authorized committee thereof), (b) otherwise properly brought before the Annual Meeting by or at the direction of the Board of Directors (or any duly authorized committee thereof), or (c) otherwise properly brought before the Annual Meeting by any stockholder of the Corporation (i) who is a stockholder of record on the date of the giving of the notice provided for in this Section 4 of this Article II and on

the record date for the determination of stockholders entitled to notice of and to vote at such Annual Meeting and (ii) who complies with the notice procedures set forth in this Section 4 of this Article II.

In addition to any other applicable requirements, for business to be properly brought before an Annual Meeting by a stockholder, such stockholder must have given timely notice thereof in proper written form to the Secretary of the Corporation.

To be timely, a stockholder's notice to the Secretary must be delivered to or be mailed and received at the principal executive offices of the Corporation not less than one hundred and twenty (120) days nor more than one hundred and fifty (150) days prior to the anniversary date of the immediately preceding Annual

Meeting of Stockholders; provided, however, that in the event that the Annual Meeting is called for a date that is not within twenty-five (25) days before or after such anniversary date, notice by the stockholder in order to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the Annual Meeting was mailed or such public disclosure of the date of the Annual Meeting was made, whichever first occurs. In no event shall the adjournment or postponement of an Annual Meeting, or the public announcement of such an adjournment or postponement, commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above.

To be in proper written form, a stockholder's notice to the Secretary must set forth the following information: (a) as to each matter such stockholder proposes to bring before the Annual Meeting, a brief description of the business desired to be brought before the Annual Meeting and the reasons for conducting such business at the Annual Meeting, and (b) as to the stockholder giving notice and the beneficial owner, if any, on whose behalf the proposal is being made, (i) the name and address of such person, (ii) (A) the class or series and number of all shares of stock of the Corporation which are owned beneficially or of record by such person and any affiliates or associates of such person, (B) the name of each nominee holder of shares of all stock of the Corporation owned beneficially but not of record by such person or any affiliates or associates of such person, and the number of such shares of stock of the Corporation held by each such nominee holder, (C) whether and the extent to which any derivative instrument, swap, option, warrant, short interest, hedge or profit interest or other transaction has been entered into by or on behalf of such person, or any affiliates or associates of such person, with respect to stock of the Corporation and (D) whether and the extent to which any other transaction, agreement, arrangement or understanding (including any short position or any borrowing or lending of shares of stock of the Corporation) has been made by or on behalf of such person, or any affiliates or associates of such person, the effect or intent of any of the foregoing being to mitigate loss to, or to manage risk or benefit of stock price changes for, such person, or any affiliates or associates of such person, or to increase or decrease the voting power or pecuniary or economic interest of such person, or any affiliates or associates of such person, with respect to stock of the Corporation; (iii) a description of all agreements, arrangements, or understandings (whether written or oral) between or among such person, or any affiliates or associates of such person, and any other person or persons (including their names) in connection with the proposal of such business and any material interest of such person or any affiliates or associates of such person, in such business, including any anticipated benefit therefrom to such person, or any affiliates or associates of such person, (iv) a representation that the stockholder giving notice intends to appear in person or by proxy at the Annual Meeting to bring such business before the meeting; and (v) any other information relating to such person that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies by such person with respect to the proposed business to be brought by such person before the Annual Meeting pursuant to Section 14 of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the rules and regulations promulgated thereunder.

A stockholder providing notice of business proposed to be brought before an Annual Meeting shall further update and supplement such notice, if necessary, so that the information provided or required to be provided in such notice pursuant to this Section 4 of this Article II shall be true and correct as of the record date for determining the stockholders entitled to receive notice of the Annual Meeting and such update and supplement shall be delivered to or be mailed and received by the Secretary at the principal executive offices of the Corporation not later than five (5) business days after the record date for determining the stockholders entitled to receive notice of the Annual Meeting.

No business shall be conducted at the Annual Meeting of Stockholders except business brought before the Annual Meeting in accordance with the procedures set forth in this Section 4 of this Article II; provided, however, that, once business has been properly brought before the Annual Meeting in accordance with such procedures, nothing in this Section 4 of this Article II shall be deemed to preclude discussion by any stockholder of any such business. If the chairman of an Annual Meeting determines that business was not properly brought before the Annual Meeting in accordance with the foregoing procedures, the chairman shall declare to the meeting that the business was not properly

brought before the meeting and such business shall not be transacted.

TABLE OF CONTENTS

Nothing contained in this Section 4 of this Article II shall be deemed to affect any rights of stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 under the Exchange Act (or any successor provision of law).

Section 5. Nomination of Directors. Only persons who are nominated in accordance with the following procedures shall be eligible for election as directors of the Corporation, except as may be otherwise provided in the Certificate of Incorporation with respect to the right of holders of preferred stock of the Corporation to nominate and elect a specified number of directors in certain circumstances. Nominations of persons for election to the Board of Directors may be made at any Annual Meeting of Stockholders, or at any Special Meeting of Stockholders called for the purpose of electing directors, (a) by or at the direction of the Board of Directors (or any duly authorized committee thereof) or (b) by any stockholder of the Corporation (i) who is a stockholder of record on the date of the giving of the notice provided for in this Section 5 of this Article II and on the record date for the determination of stockholders entitled to notice of and to vote at such Annual Meeting or Special Meeting and (ii) who complies with the notice procedures set forth in this Section 5 of this Article II.

In addition to any other applicable requirements, for a nomination to be made by a stockholder, such stockholder must have given timely notice thereof in proper written form to the Secretary of the Corporation.

To be timely, a stockholder's notice to the Secretary must be delivered to or be mailed and received at the principal executive offices of the Corporation (a) in the case of an Annual Meeting, not less than one hundred and twenty (120) days nor more than one hundred and fifty (150) days prior to the anniversary date of the immediately preceding Annual Meeting of Stockholders; provided, however, that in the event that the Annual Meeting is called for a date that is not within twenty-five (25) days before or after such anniversary date, notice by the stockholder in order to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the Annual Meeting was mailed or such public disclosure of the date of the Annual Meeting was made, whichever first occurs; and (b) in the case of a Special Meeting of Stockholders called for the purpose of electing directors, not later than the close of business on the tenth (10th) day following the day on which notice of the date of the Special Meeting was mailed or public disclosure of the date of the Special Meeting was made, whichever first occurs. In no event shall the adjournment or postponement of an Annual Meeting or a Special Meeting called for the purpose of electing directors, or the public announcement of such an adjournment or postponement, commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above.

To be in proper written form, a stockholder's notice to the Secretary must set forth the following information: (a) as to each person whom the stockholder proposes to nominate for election as a director (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) (A) the class or series and number of all shares of stock of the Corporation which are owned beneficially or of record by such person and any affiliates or associates of such person, (B) the name of each nominee holder of shares of all stock of the Corporation owned beneficially but not of record by such person or any affiliates or associates of such person, and the number of such shares of stock of the Corporation held by each such nominee holder, (C) whether and the extent to which any derivative instrument, swap, option, warrant, short interest, hedge or profit interest or other transaction has been entered into by or on behalf of such person, or any affiliates or associates of such person, with respect to stock of the Corporation and (D) whether and the extent to which any other transaction, agreement, arrangement or understanding (including any short position or any borrowing or lending of shares of stock of the Corporation) has been made by or on behalf of such person, or any affiliates or associates of such person, the effect or intent of any of the foregoing being to mitigate loss to, or to manage risk or benefit of stock price changes for, such person, or any affiliates or associates of such person, or to increase or decrease the voting power or pecuniary or economic interest of such person, or any affiliates or associates of such person, with respect to stock of the Corporation; and (iv) any other information relating to such person that would be required to be disclosed in a proxy statement or other filings

required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder; and (b) as to the stockholder giving the notice, and the beneficial owner, if any, on whose behalf the nomination is being made, (i) the name and record address of the stockholder giving the notice and the name and principal place of business of such beneficial owner; (ii) (A) the class or series and

number of all shares of stock of the Corporation which are owned beneficially or of record by such person and any affiliates or associates of such person, (B) the name of each nominee holder of shares of the Corporation owned beneficially but not of record by such person or any affiliates or associates of such person, and the number of shares of stock of the Corporation held by each such nominee holder, (C) whether and the extent to which any derivative instrument, swap, option, warrant, short interest, hedge or profit interest or other transaction has been entered into by or on behalf of such person, or any affiliates or associates of such person, with respect to stock of the Corporation and (D) whether and the extent to which any other transaction, agreement, arrangement or understanding (including any short position or any borrowing or lending of shares of stock of the Corporation) has been made by or on behalf of such person, or any affiliates or associates of such person, the effect or intent of any of the foregoing being to mitigate loss to, or to manage risk or benefit of stock price changes for, such person, or any affiliates or associates of such person, or to increase or decrease the voting power or pecuniary or economic interest of such person, or any affiliates or associates of such person, with respect to stock of the Corporation; (iii) a description of all agreements, arrangements, or understandings (whether written or oral) between such person, or any affiliates or associates of such person, and any proposed nominee or any other person or persons (including their names) pursuant to which the nomination(s) are being made by such person, and any material interest of such person, or any affiliates or associates of such person, in such nomination, including any anticipated benefit therefrom to such person, or any affiliates or associates of such person; (iv) a representation that the stockholder giving notice intends to appear in person or by proxy at the Annual Meeting or Special Meeting to nominate the persons named in its notice; and (v) any other information relating to such person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitation of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder. Such notice must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected.

A stockholder providing notice of any nomination proposed to be made at an Annual Meeting or Special Meeting shall further update and supplement such notice, if necessary, so that the information provided or required to be provided in such notice pursuant to this Section 5 of this Article II shall be true and correct as of the record date for determining the stockholders entitled to receive notice of the Annual Meeting or Special Meeting, and such update and supplement shall be delivered to or be mailed and received by the Secretary at the principal executive offices of the Corporation not later than five (5) business days after the record date for determining the stockholders entitled to receive notice of such Annual Meeting or Special Meeting.

No person shall be eligible for election as a director of the Corporation unless nominated in accordance with the procedures set forth in this Section 5 of this Article II. If the Chairman of the meeting determines that a nomination was not made in accordance with the foregoing procedures, the Chairman shall declare to the meeting that the nomination was defective and such defective nomination shall be disregarded.

Section 6. Notice. Whenever stockholders are required or permitted to take any action at a meeting, a written notice of the meeting shall be given which shall state the place, if any, date and hour of the meeting, the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such meeting, and, in the case of a Special Meeting, the purpose or purposes for which the meeting is called. Unless otherwise required by law, written notice of any meeting shall be given not less than ten (10) nor more than sixty (60) days before the date of the meeting to each stockholder entitled to notice of and to vote at such meeting.

Section 7. Adjournments. Any meeting of the stockholders may be adjourned from time to time to reconvene at the same or some other place, and notice need not be given of any such adjourned meeting if the time and place, if any, thereof and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken. At the adjourned meeting, the Corporation may transact any business which might have been transacted at the

original meeting. If the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, notice of the adjourned meeting in accordance with the requirements of Section 6 hereof shall be given to each stockholder of record entitled to notice of and to vote at the meeting.

Section 8. Quorum. Unless otherwise required by applicable law or the Certificate of Incorporation, the holders of a not less than one-third of the Corporation's capital stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at all meetings of the stockholders for the transaction of business. A quorum, once established, shall not be broken by the withdrawal of enough votes to leave less than a quorum. If, however, such quorum shall not be present or represented at any meeting of the stockholders, the stockholders entitled to vote thereat, present in person or represented by proxy, shall have power to adjourn the meeting from time to time, in the manner provided in Section 7 hereof, until a quorum shall be present or represented.

Section 9. Voting. Stockholders shall have no power to vote on any matter except matters on which a vote of stockholders is required by applicable binding law, the Charter or a resolution of the Directors. Except as otherwise provided herein, any matter required to be submitted to stockholders and affecting one or more classes or series of stock shall require approval by the required vote of all the affected classes and series of stock voting together as a single class; provided, however, that as to any matter with respect to which a separate vote of any class or series of stock is required by the 1940 Act, such requirement as to a separate vote by that class or series of stock shall apply in addition to a vote of all the affected classes and series voting together as a single class. Stockholders of a particular class or series of stock shall not be entitled to vote on any matter that affects only one or more other classes or series of stock.

Unless otherwise required by law, the Certificate of Incorporation or these By-Laws, or permitted by the rules of any stock exchange on which the Corporation's shares of stock are listed and traded, or a resolution of the Directors specifying a greater or a lesser vote requirement for the transaction of any item of business that properly comes before any meeting of stockholders (i) with respect to the election of directors, the affirmative vote of a plurality of the shares of stock represented in person or by proxy at any meeting at which a quorum is present shall be the act of the stockholders with respect to such matters, (ii) for all other items of business, the affirmative vote of a majority of the shares of stock represented in person or by proxy at any meeting at which a quorum is present and entitled to vote on the subject matter shall be the act of the stockholders with respect to such matter(s), and (iii) where a separate vote of one or more classes or series of shares of stock is required on any matter, the affirmative vote of a plurality of shares of stock or a majority of the shares of stock, as required by the preceding clauses of this paragraph, of such class or series of shares of stock represented in person or by proxy, at any meeting at which a quorum is present shall be the act of the stockholders of such class or series with respect to such matter.

Only stockholders of record shall be entitled to vote. Each full share shall be entitled to one vote and fractional shares of stock shall be entitled to a vote of such fraction. When any Share is held jointly by several persons, any one of them may vote at any meeting in person or by proxy in respect of such share, but if more than one of them shall be present at such meeting in person or by proxy, and such joint owners or their proxies so present disagree as to any vote to be cast, such vote shall be cast in accordance with applicable binding law.

There shall be no cumulative voting in the election or removal of Directors.

Section 10. Proxies. Each stockholder entitled to vote at a meeting of the stockholders may authorize another person or persons to act for such stockholder as proxy, but no such proxy shall be voted upon after three years from its date, unless such proxy provides for a longer period. Without limiting the manner in which a stockholder may authorize another person or persons to act for such stockholder as proxy, the following shall constitute a valid means by which a stockholder may grant such authority:

- (i) A stockholder may execute a writing authorizing another person or persons to act for such stockholder as proxy. Execution may be accomplished by the stockholder or such stockholder's authorized officer, director, employee or agent signing such writing or causing such person's signature to be affixed to such writing by any reasonable means,

including, but not limited to, by facsimile signature.

(ii) A stockholder may authorize another person or persons to act for such stockholder as proxy by transmitting or authorizing the transmission of a telegram, cablegram or other means of electronic transmission to the person who will be the holder of the proxy or to a proxy solicitation firm, proxy support service organization or like agent duly authorized by the person who will be the holder of the

5

proxy to receive such transmission, provided that any such telegram, cablegram or other means of electronic transmission must either set forth or be submitted with information from which it can be determined that the telegram, cablegram or other electronic transmission was authorized by the stockholder. If it is determined that such telegrams, cablegrams or other electronic transmissions are valid, the inspectors or, if there are no inspectors, such other persons making that determination shall specify the information on which they relied.

Any copy, facsimile telecommunication or other reliable reproduction of the writing or transmission authorizing another person or persons to act as proxy for a stockholder may be substituted or used in lieu of the original writing or transmission for any and all purposes for which the original writing or transmission could be used; provided, however, that such copy, facsimile telecommunication or other reproduction shall be a complete reproduction of the entire original writing or transmission.

Section 11. List of Stockholders Entitled to Vote. The officer of the Corporation who has charge of the stock ledger of the Corporation shall prepare and make, at least ten (10) days before every meeting of the stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least ten (10) days prior to the meeting (i) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting, or (ii) during ordinary business hours, at the principal place of business of the Corporation. In the event that the Corporation determines to make the list available on an electronic network, the Corporation may take reasonable steps to ensure that such information is available only to stockholders of the Corporation. If the meeting is to be held at a place, then the list shall be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present. If the meeting is to be held solely by means of remote communication, then the list shall also be open to the examination of any stockholder during the whole time of the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting.

Section 12. Record Date.

(a) In order that the Corporation may determine the stockholders entitled to notice of or to vote at any meeting of the stockholders or any adjournment thereof, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall not be more than sixty (60) nor less than ten (10) days before the date of such meeting. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of the stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of the stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

Section 13. Stock Ledger. The stock ledger of the Corporation shall be the only evidence as to who are the stockholders entitled to examine the stock ledger, the list required by Section 12 of this Article II or the books of the Corporation, or to vote in person or by proxy at any meeting of the stockholders.

Section 14. Conduct of Meetings. The Board of Directors of the Corporation may adopt by resolution such rules and regulations for the conduct of any meeting of the stockholders as it shall deem appropriate. Except to the extent inconsistent with such rules and regulations as adopted by the Board of Directors, the chairman of any meeting of the

stockholders shall have the right and authority to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such chairman, are appropriate for the proper conduct of the meeting. Such rules, regulations or procedures, whether adopted by the Board of Directors or prescribed by the chairman of the meeting, may include, without limitation, the following: (i) the establishment of an agenda or order of business for the meeting; (ii) the determination of when the polls shall open and close for any given matter to be voted on at the meeting; (iii) rules and procedures for maintaining order at the meeting and the safety of those present; (iv) limitations on attendance at or participation in the

TABLE OF CONTENTS

meeting to stockholders of record of the Corporation, their duly authorized and constituted proxies or such other persons as the chairman of the meeting shall determine; (v) restrictions on entry to the meeting after the time fixed for the commencement thereof; and (vi) limitations on the time allotted to questions or comments by participants.

Section 15. Inspectors of Election. In advance of any meeting of the stockholders, the Board of Directors, by resolution, the Chairman or the President may appoint one or more inspectors to act at the meeting and make a written report thereof. If inspectors of election are not so appointed, the person acting as chair of any meeting of stockholders may, and on the request of any stockholder or stockholder proxy shall, appoint inspectors of election of the meeting.

One or more other persons may be designated as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting of the stockholders, the chairman of the meeting shall appoint one or more inspectors to act at the meeting. Unless otherwise required by applicable law, inspectors may be officers, employees or agents of the Corporation. Each inspector, before entering upon the discharge of the duties of inspector, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of such inspector's ability. The inspector shall have the duties prescribed by law and shall take charge of the polls and, when the vote is completed, shall make a certificate of the result of the vote taken and of such other facts as may be required by applicable law.

ARTICLE III

DIRECTORS

Section 1. Number and Election of Directors. The Board of Directors shall consist of not less than two nor more than nine members, the exact number of which shall initially be fixed by the Incorporator and thereafter from time to time by the Board of Directors. Except as provided in Section 2 of this Article III, directors shall be elected by a plurality of the votes cast at each Annual Meeting of Stockholders and each director so elected shall hold office until the next Annual Meeting of Stockholders and until such director's successor is duly elected and qualified, or until such director's earlier death, resignation or removal. Directors need not be stockholders.

Section 2. Vacancies. If the shareholders of any class or series are entitled separately to elect one or more Directors, a majority of the remaining Directors elected by that class or series or the sole remaining Director elected by that class or series may fill any vacancy among the number of Directors elected by that class or series. If the shareholders of any class or series are entitled separately to elect one or more Directors and no Director of such class or series remains, a majority of the remaining Directors (regardless of the class of shareholders entitled to vote for such Directors) may fill any vacancy. Any vacancy created by an increase in Directors may be filled by the appointment of an individual by a written instrument signed by a majority of the Directors then in office. Whenever a vacancy in the number of Directors shall occur, until such vacancy is filled as provided herein, the Directors in office, regardless of their number, shall have all the powers granted to the Directors and shall discharge all the duties imposed upon the Directors.

Section 3. Duties and Powers. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors which may exercise all such powers of the Corporation and do all such lawful acts and things as are not by statute or by the Certificate of Incorporation or by these By-Laws required to be exercised or done by the stockholders.

Section 4. Meetings. The Board of Directors and any committee thereof may hold meetings, both regular and special, either within or without the State of Delaware. Regular meetings of the Board of Directors or any committee thereof may be held without notice at such time and at such place as may from time to time be determined by the Board of Directors or such committee, respectively. Special meetings of the Board of Directors may be called by the Chairman,

if there be one, the President, or by a majority of the Directors. Special meetings of any committee of the Board of Directors may be called by the chairman of such committee, if there be one, the President, or a majority of the Directors serving on such committee. Notice thereof stating the place, date and hour of the meeting shall be given to each director (or, in the case of a committee, to each member of such committee) either by mail not less than forty-eight (48) hours before

7

the date of the meeting, by telephone, telegram or electronic means on twenty-four (24) hours notice, or on such shorter notice as the person or persons calling such meeting may deem necessary or appropriate in the circumstances.

Section 5. Organization. At each meeting of the Board of Directors or any committee thereof, the Chairman of the Board of Directors or the chairman of such committee, as the case may be, or, in his or her absence or if there be none, a director chosen by a majority of the directors present, shall act as chairman. Except as provided below, the Secretary of the Corporation shall act as secretary at each meeting of the Board of Directors and of each committee thereof. In case the Secretary shall be absent from any meeting of the Board of Directors or of any committee thereof, an Assistant Secretary shall perform the duties of secretary at such meeting; and in the absence from any such meeting of the Secretary and all the Assistant Secretaries, the chairman of the meeting may appoint any person to act as secretary of the meeting. Notwithstanding the foregoing, the members of each committee of the Board of Directors may appoint any person to act as secretary of any meeting of such committee and the Secretary or any Assistant Secretary of the Corporation may, but need not if such committee so elects, serve in such capacity.

Section 6. Resignations and Removals of Directors. Any director of the Corporation may resign from the Board of Directors or any committee thereof at any time, by giving notice in writing or by electronic transmission to the Chairman of the Board of Directors, if there be one, the President or the Secretary of the Corporation and, in the case of a committee, to the chairman of such committee, if there be one. Such resignation shall take effect at the time therein specified or, if no time is specified, immediately; and, unless otherwise specified in such notice, the acceptance of such resignation shall not be necessary to make it effective. Except as otherwise required by applicable law and subject to the rights, if any, of the holders of shares of preferred stock then outstanding, any director or the entire Board of Directors may be removed from office at any time by the affirmative vote of the holders of at least seventy-five percent (75%) of the issued and outstanding capital stock of the Corporation entitled to vote in the election of directors. Any director serving on a committee of the Board of Directors may be removed from such committee at any time by the Board of Directors.

Section 7. Quorum. Except as otherwise required by law, or the Certificate of Incorporation or the rules and regulations of any securities exchange or quotation system on which the Corporation's securities are listed or quoted for trading, at all meetings of the Board of Directors or any committee thereof, a majority of the entire Board of Directors or a majority of the directors constituting such committee, as the case may be, shall constitute a quorum for the transaction of business and the act of a majority of the directors or committee members present at any meeting at which there is a quorum shall be the act of the Board of Directors or such committee, as applicable. If a quorum shall not be present at any meeting of the Board of Directors or any committee thereof, the directors present thereat may adjourn the meeting from time to time, without notice other than announcement at the meeting of the time and place of the adjourned meeting, until a quorum shall be present.

Section 8. Actions of the Board by Written Consent. Unless otherwise provided in the Certificate of Incorporation or these By-Laws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all the members of the Board of Directors or such committee, as the case may be, consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission or transmissions are filed with the minutes of proceedings of the Board of Directors or such committee. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.

Section 9. Meetings by Means of Conference Telephone. Unless otherwise provided in the Certificate of Incorporation, these By-Laws or applicable law, members of the Board of Directors of the Corporation, or any committee thereof, may participate in a meeting of the Board of Directors or such committee by means of a conference telephone or other communications equipment by means of which all persons participating in the meeting

can hear each other, and participation in a meeting pursuant to this Section 9 shall constitute presence in person at such meeting.

Section 10. Committees. The Board of Directors may designate one or more committees, each committee to consist of one or more of the directors of the Corporation. Each member of a committee must meet the requirements for membership, if any, imposed by applicable law and the rules and regulations of any securities exchange or quotation system on which the securities of the Corporation are listed or quoted for trading. The Board of Directors may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of any such committee. Subject to the rules and regulations of any securities exchange or quotation system on which the securities of the Corporation are listed or quoted for trading, in the absence or disqualification of a member of a committee, and in the absence of a designation by the Board of Directors of an alternate member to replace the absent or disqualified member, the member or members thereof present at any meeting and not disqualified from voting, whether or not such member or members constitute a quorum, may unanimously appoint another qualified member of the Board of Directors to act at the meeting in the place of any absent or disqualified member. Any committee, to the extent permitted by law and provided in the resolution establishing such committee, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it. Each committee shall keep regular minutes and report to the Board of Directors when required. Notwithstanding anything to the contrary contained in this Article III, the resolution of the Board of Directors establishing any committee of the Board of Directors and/or the charter of any such committee may establish requirements or procedures relating to the governance and/or operation of such committee that are different from, or in addition to, those set forth in these By-Laws and, to the extent that there is any inconsistency between these By-Laws and any such resolution or charter, the terms of such resolution or charter shall be controlling.

Section 11. Compensation. The directors may be paid their expenses, if any, of attendance at each meeting of the Board of Directors and may be paid a fixed sum for attendance at each meeting of the Board of Directors or a stated salary for service as director, payable in cash or securities. No such payment shall preclude any director from serving the Corporation in any other capacity and receiving compensation therefor. Members of special or standing committees may be allowed like compensation for service as committee members.

Section 12. Interested Directors. No contract or transaction between the Corporation and one or more of its directors or officers, or between the Corporation and any other corporation, partnership, association or other organization in which one or more of its directors or officers are directors or officers or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board of Directors or committee thereof which authorizes the contract or transaction, or solely because any such director's or officer's vote is counted for such purpose if: (i) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and the Board of Directors or committee in good faith authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors, even though the disinterested directors be less than a quorum; or (ii) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon, and the contract or transaction is specifically approved in good faith by vote of the stockholders; or (iii) the contract or transaction is fair as to the Corporation as of the time it is authorized, approved or ratified by the Board of Directors, a committee thereof or the stockholders. Common or interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

The President shall execute all bonds, mortgages, contracts and other instruments of the Corporation requiring a seal, under the seal of the Corporation, except where required or permitted by law to be otherwise signed and executed and except that the other officers of the Corporation may sign and execute documents when so authorized by these By-Laws, the Board of Directors or the President. shall give, or cause to be given, notice of all meetings of the stockholders and special meetings of the Board of Directors, and shall perform such other duties as may be prescribed by the Board of Directors, the Chairman of the Board of Directors or the President, under whose supervision the Secretary shall be. If the Secretary shall be unable or shall refuse to cause to be given notice of all meetings of the stockholders and special meetings of the Board of Directors, and if there be no Assistant Secretary, then either the Board of Directors or the President may choose another officer to cause such notice to be given. The Secretary shall have custody of the seal of the Corporation and the Secretary or any Assistant Secretary, if there be one, shall have authority to affix the same to any instrument requiring it and when so affixed, it may be attested by the signature of the Secretary or by the signature of any such Assistant Secretary. STOCK

Section 1. Shares of Stock. The shares of capital stock of the Corporation shall be represented by a certificate, unless and until the Board of Directors of the Corporation adopts a resolution permitting shares to be uncertificated. Notwithstanding the adoption of any such resolution providing for uncertificated shares, every holder of capital stock of the Corporation theretofore represented by certificates and, upon request, every holder of uncertificated shares, shall be entitled to have a certificate for shares of capital stock of the Corporation signed by, or in the name of the Corporation by, (a) the Chairman of the Board, the Vice Chairman of the Board, the President or any Executive Vice President, and (b) the Chief Financial Officer, the Secretary or an Assistant Secretary, certifying the number of shares owned by such stockholder in the Corporation.

Section 2. Signatures. Any or all of the signatures on a certificate may be a facsimile. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if such person were such officer, transfer agent or registrar at the date of issue.

Section 3. Lost Certificates. The Board of Directors may direct a new certificate or uncertificated shares be issued in place of any certificate theretofore issued by the Corporation alleged to have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen or destroyed. When authorizing such issuance of a new certificate or uncertificated shares, the Board of Directors may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed certificate, or such owner's legal representative, to advertise the same in such manner as the Board of Directors shall require and/or to give the Corporation a bond in such sum as it may direct as indemnity against any claim that may be made against the Corporation on account of the alleged loss, theft or destruction of such certificate or the issuance of such new certificate or uncertificated shares.

Section 4. Transfers. (a) Stock of the Corporation shall be transferable in the manner prescribed by applicable law and in these By-Laws. Transfers of stock shall be made on the books of the Corporation, and in the case of certificated shares of stock, only by the person named in the certificate or by such person's attorney lawfully constituted in writing and upon the surrender of the certificate therefor, properly endorsed for transfer and payment of all necessary transfer taxes; or, in the case of uncertificated shares of stock, upon receipt of proper transfer instructions from the registered holder of the shares or by such person's attorney lawfully constituted in writing, and upon payment of all necessary transfer taxes and compliance with appropriate procedures for transferring shares in uncertificated form; provided, however, that such surrender and endorsement, compliance or payment of taxes shall not be required in any case in which the officers of the Corporation shall determine to waive such requirement. With respect to certificated shares of stock, every certificate exchanged, returned or surrendered to the Corporation shall be marked "Cancelled," with the date of cancellation, by the Secretary or Assistant Secretary of the Corporation or the transfer agent thereof. No transfer of stock shall be valid as against the Corporation for any purpose until it shall have been entered in the stock records of the Corporation by an entry showing from and to whom transferred.

(b) Notwithstanding Section 4(a) of this Article V, if the Corporation does not complete an initial public offering:

(i) In no event shall any holder transfer any of the Corporation's preferred shares, and any such purported transfer shall be void and shall not be recognized by the Corporation, unless all of the following provisions are satisfied or, if any conditions to transfer are set forth in the applicable certificate of designation relating to such preferred shares then in lieu of the following provisions all of the provisions set forth in the applicable certificate of designation relating to

such preferred shares with respect thereto have been satisfied. In no event shall any holder transfer any of the Corporation's common shares, and any such purported transfer shall be void and shall not be recognized by the Corporation or the stockholders, unless all of the following conditions are satisfied:

- (A) The transferor, if requested by the Corporation in its sole discretion, has delivered to the Corporation an opinion of counsel reasonably acceptable to the Corporation that such transfer (X)

would not violate the Securities Act of 1933 (the Securities Act) or any state blue sky laws (including any investor suitability standards) and, (Y) would not result in the breach of any agreement to which the Corporation is a party or by which it or any of the assets of the Corporation, including all cash, cash equivalents, securities, investments and other property and assets of any type of the Corporation, (collectively, the Assets) is bound;

(B) The transferor has demonstrated to the reasonable satisfaction of the Corporation that the transferee is both an accredited investor as defined in Rule 501(a) under the Securities Act and a qualified client within the meaning of Rule 205-3 of the Advisers Act of 1940 (the Advisers Act);

(C) The Corporation has received a notice of transfer signed by both the transferor and transferee, (or such other document specified in any certificate of designation relating to preferred shares); and

(D) the Corporation consents in writing to such transfer (which consent may be withheld in the Corporation s reasonable discretion).

(ii) Provided the foregoing conditions are met, the transferee may become a substituted stockholder if and only if, with respect to preferred shares, any requirements set forth in any certificate of designation relating to preferred shares are satisfied and, with respect to common shares and any preferred shares as to which no requirements are set forth in any certificate of designation relating to preferred shares, each of the following conditions is satisfied:

(A) The Corporation has consented in writing to the substitution (which consent may be withheld in the Corporation s reasonable discretion with respect to transfers only if the transfer conditions described above have not been met or have not been waived);

(B) The transferor and transferee execute, acknowledge and deliver such instruments as the Corporation deems necessary, appropriate or desirable to effect such substitution; and

(C) The transferee agrees to bear all of the Corporation s expenses and costs incurred in connection with the transfer and substitution, including legal fees and filing fees.

Upon the satisfaction of the conditions set forth in this Section 4(b)(ii) of this Article V, the Corporation shall record on the books and records of the Corporation the substituted stockholder as a stockholder of the Corporation.

(iii) A transferee, legal representative or successor in interest of a shareholder shall be subject to all of the restrictions upon a stockholder provided in these By-Laws and the Certificate of Incorporation.

(iv) A transferee of shares who desires to make a further transfer shall be subject to all of the provisions of this Section 4 to the same extent and in the same manner as a stockholder making the initial transfer.

(v) Notwithstanding anything to the contrary in this Section 4(b), the Corporation may elect (in the Corporation s sole discretion) to treat a transferee who has not become a substituted stockholder as a stockholder in the place of the transferor should it determine such treatment to be in the best interests of the Corporation.

(vi) Upon the incapacity of an individual stockholder, such stockholder s personal representative or other successor in interest shall have such rights as the incapacitated stockholder possessed to constitute a successor as a transferee of its shares and to join with such transferee in making application to substitute such transferee as a stockholder, all as provided in Sections 4(b)(i) and (ii) of this Article V.

(vii) Upon the incapacity of a stockholder other than an individual, the authorized representative of such entity shall have such rights as such entity possessed to constitute a successor as a transferee of its shares and to join with such transferee in making application to substitute such transferee as a stockholder, all as provided in Sections 4(b)(i) and (ii) of this Article V.

TABLE OF CONTENTS

(viii) A person who acquires shares or an interest therein but is not admitted to the Corporation as a substituted stockholder pursuant to Section 4(b)(ii) of this Article V shall (i) in the case of a person acquiring common shares or an interest therein who does not satisfy Section 4(b)(i)(B), obtain no rights whatsoever in the Corporation, such transfer shall be void as between such person and the Corporation and the Corporation shall have the absolute right in its sole discretion to transfer such common shares or, if applicable, preferred shares, to any person who does satisfy Section 4(b)(i)(B) of this Article V for such consideration as the Corporation deems sufficient in the circumstances and to remit to such person who acquired such common shares in violation of these By-Laws or the Certificate of Incorporation such portion of such consideration not in excess of 75% thereof as the Corporation receives in complete satisfaction of such person's interest in the Corporation and (ii) in the case of a person acquiring preferred shares or an interest therein, be entitled only to the allocations and distributions with respect to such shares in accordance with these By-Laws, the Certificate of Incorporation or relevant certificate of designation but shall have no right to any information or accounting of the affairs of the Corporation and shall not have any voting or other rights of a stockholder under these By-Laws, the Certificate of Incorporation or relevant certificate of designation; provided, however, that such person described in this clause (ii) shall be entitled to receive such information and accountings as shall be consented to by the Corporation, which consent shall not be unreasonably withheld. A substituted stockholder shall succeed to all the rights and be subject to all the obligations of the transferor stockholder in respect of the shares or other interest as to which it was substituted.

Notwithstanding the foregoing, the transfer restrictions contained in Section 4 of this Article V will not apply to when issued shares purchased in an initial public offering.

Section 5. Dividend Record Date. In order that the Corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than sixty (60) days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

Section 6. Record Owners. The Corporation shall be entitled to recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends, and to vote as such owner, and to hold liable for calls and assessments a person registered on its books as the owner of shares, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise required by law.

Section 7. Transfer and Registry Agents. The Corporation may from time to time maintain one or more transfer offices or agencies and registry offices or agencies at such place or places as may be determined from time to time by the Board of Directors.

ARTICLE VI

NOTICES

Section 1. Notices. Whenever written notice is required by law, the Certificate of Incorporation or these By-Laws, to be given to any director, member of a committee or stockholder, such notice may be given by mail, addressed to such director, member of a committee or stockholder, at such person's address as it appears on the records of the Corporation, with postage thereon prepaid, and such notice shall be deemed to be given at the time when the same shall be deposited in the United States mail. Without limiting the manner by which notice otherwise may be given

effectively to stockholders, any notice to stockholders given by the Corporation under applicable law, the Certificate of Incorporation or these By-Laws shall be effective if given by a form of electronic transmission if consented to by the stockholder to whom the notice is given. Any such consent shall be revocable by the stockholder by written notice to the Corporation. Any such consent shall be deemed to be revoked if (i) the Corporation is unable to deliver by electronic transmission two (2) consecutive notices by the Corporation in accordance with such consent and (ii) such inability becomes known to the Secretary or

TABLE OF CONTENTS

Assistant Secretary of the Corporation or to the transfer agent, or other person responsible for the giving of notice; provided, however, that the inadvertent failure to treat such inability as a revocation shall not invalidate any meeting or other action. Notice given by electronic transmission, as described above, shall be deemed given: (i) if by facsimile telecommunication, when directed to a number at which the stockholder has consented to receive notice; (ii) if by electronic mail, when directed to an electronic mail address at which the stockholder has consented to receive notice; (iii) if by a posting on an electronic network, together with separate notice to the stockholder of such specific posting, upon the later of (A) such posting and (B) the giving of such separate notice; and (iv) if by any other form of electronic transmission, when directed to the stockholder. Notice to directors or committee members may be given personally or by telegram, telex, cable or by means of electronic transmission.

Section 2. Waivers of Notice. Whenever any notice is required by applicable law, the Certificate of Incorporation or these By-Laws, to be given to any director, member of a committee or stockholder, a waiver thereof in writing, signed by the person or persons entitled to notice, or a waiver by electronic transmission by the person or persons entitled to notice, whether before or after the time stated therein, shall be deemed equivalent thereto. Attendance of a person at a meeting, present in person or represented by proxy, shall constitute a waiver of notice of such meeting, except where the person attends the meeting for the express purpose of objecting at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any Annual or Special Meeting of Stockholders or any regular or special meeting of the directors or members of a committee of directors need be specified in any written waiver of notice unless so required by law, the Certificate of Incorporation or these By-Laws.

ARTICLE VII

GENERAL PROVISIONS

Section 1. Dividends. Dividends upon the capital stock of the Corporation, subject to the requirements of the DGCL and the provisions of the Certificate of Incorporation, if any, may be declared by the Board of Directors at any regular or special meeting of the Board of Directors (or any action by written consent in lieu thereof in accordance with Section 8 of Article III hereof), and may be paid in cash, in property, or in shares of the Corporation's capital stock. Before payment of any dividend, there may be set aside out of any funds of the Corporation available for dividends such sum or sums as the Board of Directors from time to time, in its absolute discretion, deems proper as a reserve or reserves to meet contingencies, or for purchasing any of the shares of capital stock, warrants, rights, options, bonds, debentures, notes, scrip or other securities or evidences of indebtedness of the Corporation, or for equalizing dividends, or for repairing or maintaining any property of the Corporation, or for any proper purpose, and the Board of Directors may modify or abolish any such reserve.

Section 2. Disbursements. All checks or demands for money and notes of the Corporation shall be signed by such officer or officers or such other person or persons as the Board of Directors may from time to time designate.

Section 3. Fiscal Year. The fiscal year of the Corporation shall be fixed by resolution of the Board of Directors.

ARTICLE VIII

INDEMNIFICATION

Section 1. No Personal Liability of Directors or Officers. No Director, advisory board member or officer of the Corporation shall be subject in such capacity to any personal liability whatsoever to any Person, save only liability to the Corporation or its shareholders arising from bad faith, willful misfeasance, gross negligence or reckless disregard

for his or her duty to such Person; and, subject to the foregoing exception, all such Persons shall look solely to the assets of the Corporation for satisfaction of claims of any nature arising in connection with the affairs of the Corporation. If any Director, advisory board member or officer, as such, of the Corporation, is made a party to any suit or proceeding to enforce any such liability, subject to the foregoing exception, such person shall not, on account thereof, be held to any personal liability. Any repeal or modification of the Charter or this Article VIII Section 1 shall not adversely affect any right or protection of a

TABLE OF CONTENTS

Director, advisory board member or officer of the Corporation existing at the time of such repeal or modification with respect to acts or omissions occurring prior to such repeal or modification.

Section 2. Mandatory Indemnification.

(a) The Corporation hereby agrees to indemnify each person who is or was a Director, advisory board member or officer of the Corporation (each such person being an Indemnitee) to the full extent permitted under the Charter. In addition, the Corporation may provide greater but not lesser rights to indemnification pursuant to a contract approved by at least a majority of Directors between the Corporation and any Indemnitee. Notwithstanding the foregoing, no Indemnitee shall be indemnified hereunder against any liability to any person or any expense of such Indemnitee arising by reason of (i) willful misfeasance, (ii) bad faith, (iii) gross negligence, or (iv) reckless disregard of the duties involved in the conduct of the Indemnitee's position (the conduct referred to in such clauses (i) through (iv) being sometimes referred to herein as Disabling Conduct). Furthermore, with respect to any action, suit or other proceeding voluntarily prosecuted by any Indemnitee as plaintiff, indemnification shall be mandatory only if the prosecution of such action, suit or other proceeding by such Indemnitee (A) was authorized by a majority of the Directors or (B) was instituted by the Indemnitee to enforce his or her rights to indemnification hereunder in a case in which the Indemnitee is found to be entitled to such indemnification.

(b) Notwithstanding the foregoing, unless otherwise provided in the Charter or in any agreement relating to indemnification between an Indemnitee and the Corporation, no indemnification shall be made hereunder unless there has been a determination (i) by a final decision on the merits by a court or other body of competent jurisdiction before whom the issue of entitlement to indemnification hereunder was brought that such Indemnitee is entitled to indemnification hereunder or, (ii) in the absence of such a decision, by (A) a majority vote of a quorum of those Directors who are both Independent Directors and not parties to the proceeding (Independent Non-Party Directors), that the Indemnitee is entitled to indemnification hereunder, or (B) if such quorum is not obtainable or even if obtainable, if such majority so directs, legal counsel in a written opinion concludes that the Indemnitee should be entitled to indemnification hereunder.

(c) Subject to any limitations provided by the 1940 Act and the Charter, the Corporation shall have the power and authority to indemnify and provide for the advance payment of expenses to employees, agents and other Persons providing services to the Corporation or serving in any capacity at the request of the Corporation to the full extent permitted for corporations organized under the corporations laws of the state in which the Corporation was formed, provided that such indemnification has been approved by a majority of the Directors.

(d) Any repeal or modification of the Charter or Section 2 of this Article VIII shall not adversely affect any right or protection of a Director, advisory board member or officer of the Corporation existing at the time of such repeal or modification with respect to acts or omissions occurring prior to such repeal or modification.

Section 3. Good Faith Defined; Reliance on Experts. For purposes of any determination under this Article VIII, a person shall be deemed to have acted in good faith and in a manner such person reasonably believed to be in the best interests of the Corporation, or, with respect to any criminal action or proceeding, to have had no reasonable cause to believe such person's conduct was unlawful, if such person's action is based on the records or books of account of the Corporation, or on information supplied to such person by the officers of the Corporation in the course of their duties, or on the advice of legal counsel for the Corporation or on information or records given or reports made to the Corporation by an independent certified public accountant or by an appraiser or other expert or agent selected with reasonable care by the Corporation. The provisions of this Article VIII Section 3 shall not be deemed to be exclusive or to limit in any way the circumstances in which a person may be deemed to have met the applicable standard of conduct set forth in this Article VIII. Each Director and officer or employee of the Corporation shall, in the

- (b) The Investment Manager will not be bound to follow any document to which the Company is a party or to which it is subject (or any amendment thereto) until it has received written notice thereof and until it has received a copy of the amendment; provided that if any such amendment materially and adversely affects the rights or duties of the Investment Manager, the Investment Manager shall not be obligated to respect or comply with the terms of such amendment unless it consents thereto. Subject to the fiduciary duty of the Board, the Company agrees that it shall not permit any such agreement or amendment to become effective unless the Investment Manager has been given prior written notice of such amendment and has consented thereto in writing.
- (c) The Investment Manager may, with respect to the affairs of the Company, consult with such legal counsel, accountants and other advisors as may be selected by the Investment Manager. The Investment Manager shall be fully protected, to the extent permitted by applicable law, in acting or failing to act hereunder if such action or inaction is taken or not taken in good faith by the Investment Manager in accordance with the advice or opinion of such counsel, accountants or other advisors. The Investment Manager shall be under no duty to make any investigation or inquiry as to any statement contained in any such writing and may accept the same as conclusive evidence of the truth and accuracy of the statements therein contained if the Investment Manager in good faith believes the same to be genuine.

4. Limitations Relating to Investments.

- (a) Investments Requiring the Investment Committee's Approval. The Investment Manager will maintain the existence of an Investment Committee (the Investment Committee). The Investment Manager shall have the right to appoint any number of voting and non-voting members to the Investment Committee. (b) Investments. The Investment Manager may cause the Company from time to time to purchase, sell and take any other actions with respect to Investments.

2

TABLE OF CONTENTS

- (c) Company is not a Bank. The Investment Manager may not purchase any Debt Obligation if the related credit agreement, note, indenture or other documentation by its terms requires any such purchase to be made only by a bank, savings and loan, thrift, trust company or other similar deposit-taking institution.
- (d) Origination Fees. The Company shall, except to the extent the Investment Manager determines such sharing could cause the Company to fail to satisfy any requirement for qualification as a regulated investment company under Subchapter M of the Code, receive its pro-rata share, measured by the amount invested or proposed to be invested by the investors in any Investment, of any origination, structuring, or similar fees normally payable to lenders or structurers as compensation for services (Origination or Similar Fees) payable with respect to any Investment, whether or not any other investment funds or accounts for which the Investment Manager or its affiliated persons acts as investment adviser (the Tennenbaum Accounts) share in such fees. Notwithstanding anything herein, in the Certificate of Incorporation or in any other document to the contrary, to the extent that any Origination or Similar Fees with respect to the Company's share of such Investment are paid to the Investment Manager or any of its affiliated persons as additional compensation, such amount shall be reimbursed to the Company unless the exception to the preceding sentence is in effect, in which case such amount shall be paid to the other accounts participating in such Investment or returned to the party paying such Origination or Similar Fees.
- (e) Co-Investments. The Company may not co-invest with any account managed by the Investment Manager or its affiliated persons in any Investment except in accordance with applicable law, including any exemptive order applicable to the Company.

5. Brokerage.

The Investment Manager shall effect all purchases and sales of securities in a manner consistent with the principles of best execution, taking into account net price (including commissions) and execution capability and other services which the broker or other intermediary may provide. In this regard, the Investment Manager may effect transactions which cause the Company to pay a commission in excess of a commission which another broker or other intermediary would have charged; provided, however, that the Investment Manager shall have first determined that such commission is reasonable in relation to the value of the brokerage or research services performed by that broker or other intermediary or that the Company is the sole beneficiary of the services paid for by such broker or other intermediary.

6. Compensation.

- (a) The Investment Manager, for its services to the Company, will be entitled to receive a management fee (the Base Management Fee) from the Company and an incentive fee (the Incentive Fee). The Base Management Fee will be calculated at an annual rate of 1.50% of the Company's total assets (excluding cash and cash equivalents) and payable quarterly in arrears. For purposes of calculating the base management fee, total assets is determined without deduction for any borrowings or other liabilities. For the period from the date of commencement of the Company's operations as a business development company (the Commencement Date) through the end of the first calendar quarter of the Company's operations as a business development company, the Base Management Fee will be calculated based on the initial value of the Company's total assets (excluding cash and cash equivalents) as of a date as close as practicable to the Commencement Date. Subsequently, the Base Management Fee will be calculated based on the value of the Company's total assets (excluding cash and cash equivalents) at the end of the most recently completed calendar quarter. The Base Management Fees for any partial quarter will be appropriately pro rated.
- (b) For purposes of this Agreement, the total assets of the Company shall be calculated pursuant to the procedures adopted by the Board of Directors of the Company for calculating the value of the Company's assets.

(c) The Incentive Fee will consist of two components and no Incentive Fee will be incurred except in respect of the period commencing January 1, 2013. During such period, each component of the Incentive Fee will be calculated and, if due, paid quarterly in arrears.

3

TABLE OF CONTENTS

(d) The ordinary income component of the Incentive Fee is calculated as follows:

The ordinary income component will be the amount, if positive, equal to 20% of the cumulative ordinary income before incentive compensation, less cumulative ordinary income incentive compensation previously paid. Notwithstanding the foregoing provision, the Company will not be obligated to pay any ordinary income Incentive Fee to the extent such amount would exceed 20% of the cumulative total return of the Company that exceeds a 10% annual return on daily weighted average contributed common equity, plus all of the cumulative total return that exceeds an 8% annual return on daily weighted average contributed common equity but is less than a 10% annual return on daily weighted average contributed common equity, less cumulative ordinary income and capital gains incentive compensation previously paid.

(e) The capital gains component of the Incentive Fee is calculated as follows:

The capital gains component will be the amount, if positive, equal to 20% of the cumulative realized capital gains (computed net of cumulative realized losses and cumulative unrealized capital depreciation), less cumulative capital gains incentive compensation previously paid or distributed. The capital gains component will be paid in full prior to payment of the ordinary income component. Notwithstanding the foregoing provision, the Company will not be obligated to pay any capital gains Incentive Fee to the extent such amount would exceed 20% of the cumulative total return of the Company that exceeds a 10% annual return on daily weighted average contributed common equity, plus all of the cumulative total return that exceeds an 8% annual return on daily weighted average contributed common equity but is less than a 10% annual return on daily weighted average contributed common equity, less cumulative ordinary income and capital gains incentive compensation previously paid.

- (ii) contributed common equity means the value of the Company's net assets attributable to common shares as of December 31, 2012 plus the proceeds to the Company of all issuances of common shares less (A) offering costs of any securities or leverage facility of the Company or Portfolio Partnership, (B) all distributions by the Company representing a return of capital and (C) the total cost of all repurchases of common shares by the Company, in each case after December 31, 2012 and through the end of the preceding calendar quarter in question and as determined on an accrual and consolidated basis.
- (iii) ordinary income before incentive compensation means the Company's interest income, dividend income and any other income (including any other fees, such as commitment, origination, structuring, diligence, managerial assistance and consulting fees or other fees received from portfolio companies) during the period, minus the Company's operating expenses during the period (including the base management fee, expenses payable under the administration agreements, any interest expense and any dividends paid on any issued and outstanding preferred stock), plus increases and minus decreases in net assets not treated as components of income, operating expense, gain, loss, appreciation or depreciation and not treated as contributions or distributions in respect of common equity, and without reduction for any incentive compensation and any organization or offering costs, in each case determined on an accrual and consolidated basis.
- (iv) total return means the amount equal to the combination of ordinary income before incentive compensation, realized capital gains and losses and unrealized capital appreciation and depreciation of the Company for the period, in each case determined on an accrual and consolidated basis.

- (g) Notwithstanding anything to the contrary contained herein, (i) the Base Management Fee payable pursuant to this Section 6 shall be reduced by the amount of the Base Management Fee paid to the Investment Manager by the Portfolio Partnership pursuant to Section 6 of the Investment

TABLE OF CONTENTS

Management Agreement dated as of July 31, 2006 between the Portfolio Partnership and the Investment Manager, as amended and (ii) the Incentive Fee payable pursuant to this Section 6 shall be reduced by the amount of distributions made to the general partner of the Portfolio Partnership by the Portfolio Partnership pursuant to the Portfolio Partnership's partnership agreement dated as of July 31, 2006, as amended.

7. Expenses.

The Company will be responsible for paying the compensation of the Investment Manager and any placement agent of any of its securities, due diligence and negotiation expenses, fees and expenses of custodians, administrators (including the Investment Manager or an affiliate in its capacity as administrator), transfer and distribution agents, counsel and directors, insurance, filings and registrations, proxy expenses, expenses of communications to investors, interest, taxes, portfolio transaction expenses, indemnification, litigation and other extraordinary expenses and all such other expenses as the Investment Manager is not responsible for (such as for services the Investment Manager is required to supervise rather than provide) and as are approved by the directors as being reasonably related to the organization, offering, capitalization, operation, regulatory compliance or administration of the Company and any portfolio investments. Expenses associated with the general overhead of the Investment Manager will not be covered by the Company.

In addition, the Company shall pay, and shall reimburse the Investment Manager and its affiliates for, any costs and expenses that, in the good faith judgment of the Board of Directors, are incurred in the conversion of the Company from a limited liability company to a corporation, the approval of the conversion and related matters by the Board of Directors and shareholders of the Company, the election, financing or operation of the Company as a business development company, including, without limitation, fees and expenses of offering the Company's shares or debt instruments and enhancing or assuring the credit quality thereof; fees and expenses relating Investments including the structuring, negotiation, acquisition, syndication, holding, restructuring, recapitalization and disposition thereof or relating to proposed Investments which are not consummated; reasonable premiums for insurance protecting the Company, the Investment Manager, any of its affiliates and any of its employees and agents; legal, compliance, administrative, custodial and accounting expenses; auditing expenses; appraisal expenses; expenses relating to organizing companies through or in which investments will be made; costs and expenses of preparing and maintaining the books and records of the Company and entities through which it invests; costs and expenses that are classified as extraordinary expenses under generally accepted accounting principles; taxes or other governmental charges payable by the Company; costs and expenses incurred in connection with any actual or threatened litigation, and any judgments or settlements paid in connection with litigation, involving the Company, a company in which the Company invests in or a Person entitled to indemnification from the Company; expenses (including legal fees and expenses) incurred in connection with the bankruptcy or reorganization of any Investment; costs of reporting to the Company's shareholders, creditors and regulatory authorities; costs of responding to regulatory inquiries; costs of shareholder meetings and the solicitation of shareholder consents; costs incurred in valuing assets; costs of winding up and liquidating the Company; and interest, distributions and fees under the agreements governing any indebtedness incurred by the Company and its shares.

On behalf of the Company, the Investment Manager may advance payment of any such fees and expenses of the Company, and the Company shall reimburse the Investment Manager therefor within 30 days following written request from the Investment Manager. Nothing in this Section 7 shall limit the ability of the Investment Manager to be reimbursed by any Person (including issuers or obligors of securities, instruments or obligations owned by the Company) for out-of-pocket expenses incurred by the Investment Manager in connection with the performance of services hereunder. The Investment Manager shall maintain complete and accurate records with respect to costs and expenses and shall furnish the Board with receipts or other written vouchers with respect thereto upon request of the Board.

8. Services to Other Companies or Accounts.

(a) The Investment Manager and its affiliated persons, employees or associates are in no way prohibited from, and intend to, spend substantial business time in connection with other businesses or activities, including, but not limited to, managing investments, advising or managing entities whose investment objectives are the same as or overlap with those of the Company, participating in actual or

5

potential investments of the Company or any other person, providing consulting, merger and acquisition, structuring or financial advisory services, including with respect to actual, contemplated or potential investments of the Company, or acting as a director, officer or creditors' committee member of, adviser to, or participant in, any corporation, partnership, trust or other business entity. The Investment Manager and its affiliated persons may, and expect to, receive fees or other compensation from third parties for any of these activities, which fees will be for the benefit of their own account and not the Company.

(b) In addition, the Investment Manager and its affiliated persons may manage accounts other than the Company that invest in assets eligible for purchase by the Company.

(c) The Company may have the ability, under certain circumstances, to take certain actions that would have an adverse effect on accounts other than the Company. In these circumstances, the Investment Manager and its affiliated persons will act in a manner believed to be equitable to the Company and such other accounts, including co-investment in accordance with applicable laws, including the conditions of any exemptive relief obtained by the Company and the Investment Manager.

9. Duty of Care and Loyalty. Except as otherwise required by law, none of the Investment Manager, or any its affiliated persons, directors, officers, employees, shareholders, managers, members, assigns, representatives or agents (each, an Indemnified Person and, collectively, the Indemnified Persons) shall be liable, responsible or accountable in damages or otherwise to the Company, any shareholder or any other person for any loss, liability, damage, settlement cost, or other expense (including reasonable attorneys' fees) incurred by reason of any act or omission or any alleged act or omission performed or omitted by such Indemnified Person (other than solely in such Indemnified Person's capacity as a shareholder, if applicable) in connection with the establishment, management or operations of the Company or the management of its assets (including those in connection with serving on boards of directors of, or creditors' committees for, any Investment); provided that the foregoing exculpation shall not apply to any act or failure to act that arises out of the bad faith, willful misfeasance, gross negligence or reckless disregard of an Indemnified Person's duty to the Company or such shareholder, as the case may be (such conduct, Disabling Conduct). Subject to the foregoing, all such Indemnified Persons shall look solely to the assets of the Company for satisfaction of claims of any nature arising in connection with the affairs of the Company. If any Indemnified Person is made a party to any suit or proceeding to enforce any such liability, subject to the foregoing exception, such Indemnified Person shall not, on account thereof, be held to any personal liability.

10. Indemnification.

(a) To the fullest extent permitted by applicable law, each of the Indemnified Persons shall be held harmless and indemnified by the Company (out of its assets and not out of the separate assets of any shareholder) against any liabilities and expenses, including amounts paid in satisfaction of judgments, in compromise or as fines and penalties, and reasonable counsel fees reasonably incurred by such Indemnified Person in connection with the defense or disposition of any action, suit or other proceeding, whether civil or criminal, before any court or administrative or investigative body in which such Indemnified Person may be or may have been involved as a party or otherwise (other than as authorized by the Directors, as the plaintiff or complainant) or with which such Indemnified Person may be or may have been threatened, while acting in such Person's capacity as an Indemnified Person, except with respect to any matter as to which such Indemnified Person shall not have acted in good faith in the reasonable belief that such person's action was in the best interest of the Company or, in the case of any criminal proceeding, as to which such Indemnified Person shall have had reasonable cause to believe that the conduct was unlawful, provided, however, that an Indemnified Person shall only be indemnified hereunder if (i) such Indemnified Person's activities do not constitute Disabling Conduct and (ii) there has been a determination (a) by a final decision on the merits by a court or other body of competent jurisdiction before whom the issue of entitlement to indemnification was brought that such Indemnified

Person is entitled to indemnification or, (b) in the absence of such a decision, by (1) a majority vote of a quorum of those Directors who are neither interested persons of the Company (as defined in Section 2(a)(19) of the 1940 Act) nor parties to the proceeding (the Disinterested Non-Party Directors) that the Indemnified Person is entitled to indemnification, or (2) if such quorum is not obtainable or even if obtainable, if a majority so directs, independent legal counsel in a written opinion that concludes that

TABLE OF CONTENTS

the Indemnified Person should be entitled to indemnification. Notwithstanding the foregoing, with respect to any action, suit or other proceeding voluntarily prosecuted by any Indemnified Person as plaintiff, indemnification shall be mandatory only if the prosecution of such action, suit or other proceeding by such Indemnified Person was authorized by a majority of the Directors. All determinations to make advance payments in connection with the expense of defending any proceeding shall be authorized and made in accordance with the immediately succeeding paragraph (b) below.

(b) The Company shall make advance payments in connection with the expenses of defending any action with respect to which indemnification might be sought hereunder if the Company receives a written affirmation by the Indemnified Person of the Indemnified Person's good faith belief that the standards of conduct necessary for indemnification have been met and a written undertaking to reimburse the Company unless it is subsequently determined that he is entitled to such indemnification and if a majority of the Directors determine that the applicable standards of conduct necessary for indemnification appear to have been met. In addition, at least one of the following conditions must be met: (i) the Indemnified Person shall provide adequate security for his undertaking, (ii) the Company shall be insured against losses arising by reason of any lawful advances, or (iii) a majority of a quorum of the Disinterested Non-Party Directors, or if a majority vote of such quorum so direct, independent legal counsel in a written opinion, shall conclude, based on a review of readily available facts (as opposed to a full trial-type inquiry), that there is substantial reason to believe that the Indemnified Person ultimately will be found entitled to indemnification.

(c) The rights accruing to any Indemnified Person under these provisions shall not exclude any other right to which he may be lawfully entitled.

(d) Each Indemnified Person shall, in the performance of its duties, be fully and completely justified and protected with regard to any act or any failure to act resulting from reliance in good faith upon the books of account or other records of the Company, upon an opinion of counsel, or upon reports made to the Company by any of the Company's officers or employees or by any advisor, administrator, manager, distributor, selected dealer, accountant, appraiser or other expert or consultant selected with reasonable care by the Directors, officers or employees of the Company, regardless of whether such counsel or other person may also be a Director.

11. Term of Agreement; Events Affecting the Investment Manager; Survival of Certain Terms.

(a) This Agreement shall become effective as of the time at which the Company elects to be treated as a business development company under the 1940 Act and, unless sooner terminated by the Company or Investment Manager as provided herein, shall continue in effect for a period of two years. Thereafter, if not terminated, this Agreement shall continue in effect with respect to the Company for successive periods of 12 months, provided such continuance is specifically approved at least annually by both (i) the vote of a majority of the Board or the vote of a majority of the outstanding voting securities of the Company at the time outstanding and entitled to vote, and (ii) by the vote of a majority of the Directors who are not parties to this Agreement or interested persons of any party to this Agreement, cast in person at a meeting called for the purpose of voting on such approval. Notwithstanding the foregoing, this Agreement may be terminated by the Company at any time, without the payment of any penalty, upon giving the Investment Manager 60 days' notice (which notice may be waived by the Investment Manager), provided that such termination by the Company shall be directed or approved by the vote of a majority of the Directors of the Company in office at the time or by the vote of the holders of a majority of the voting securities of the Company at the time outstanding and entitled to vote, or by the Investment Manager on 60 days' written notice (which notice may be waived by the Company). This Agreement will also immediately terminate in the event of its assignment. As used in this Agreement, the terms majority of the outstanding voting securities, interested person and assignment shall have the same meanings as such terms are given in the 1940 Act.

(b) Notwithstanding anything herein to the contrary, Sections 6(c), 7, 9 and 10 of this Agreement shall survive any termination hereof.

7

TABLE OF CONTENTS

(c) From and after the effective date of termination of this Agreement, the Investment Manager and its affiliated persons shall not be entitled to compensation for further services hereunder, but shall be paid all compensation and reimbursement of expenses accrued to the date of termination. Upon such termination, and upon receipt of payment of all compensation and reimbursement of expenses owed, the Investment Manager shall as soon as practicable (and in any event within 90 days after such termination) deliver to the Company all property (to the extent, if any, that the Investment Manager has custody thereof) and documents of the Company or otherwise relating to the assets of the Company then in the custody of the Investment Manager (although the Investment Manager may keep copies of such documents for its records). The Investment Manager agrees to use reasonable efforts to cooperate with any successor investment manager in the transfer of its responsibilities hereunder, and will, among other things, provide upon receipt of a written request by such successor investment manager any information available to it regarding any assets of the Company. The Investment Manager agrees that, notwithstanding any termination, it will reasonably cooperate in any proceeding arising in connection with this Agreement, any other agreement of which the company is subject or any Investment (excluding any such proceeding in which claims are asserted against the Investment Manager or any affiliated person of the Investment Manager) upon receipt of appropriate indemnification and expense reimbursement.

12. Power of Attorney; Further Assurances.

In addition to the power of attorney granted to the Investment Manager in Section 1 of this Agreement, the Company hereby makes, constitutes and appoints the Investment Manager, with full power of substitution, as its true and lawful agent and attorney-in-fact, with full power and authority in its name, place and stead, in accordance with the terms of this Agreement (a) to sign, execute, certify, swear to, acknowledge, deliver, file, receive and record any and all documents which the Investment Manager reasonably deems necessary or appropriate in connection with its investment management duties under this Agreement and as required by the 1940 Act and (b) to (i) subject to any policies adopted by the Board with respect thereto, exercise in its discretion any voting or consent rights associated with any securities, instruments or obligations included in the Company's assets, (ii) execute proxies, waivers, consents and other instruments with respect to such securities, instruments or obligations, (iii) endorse, transfer or deliver such securities, instruments and obligations and (iv) participate in or consent (or decline to consent) to any modification, work-out, restructuring, bankruptcy proceeding, class action, plan of reorganization, merger, combination, consolidation, liquidation or similar plan or transaction with regard to such securities, instruments and obligations. To the extent permitted by applicable law, this grant of power of attorney is irrevocable and coupled with an interest, and it shall survive and not be affected by the subsequent dissolution or bankruptcy of the Company; provided that this grant of power of attorney will expire, and the Investment Manager will cease to have any power to act as the Company's attorney-in-fact, upon termination of this Agreement in accordance with its terms. The Company shall execute and deliver to the Investment Manager all such other powers of attorney, proxies, dividend and other orders, and all such instruments, as the Investment Manager may reasonably request for the purpose of enabling the Investment Manager to exercise the rights and powers which it is entitled to exercise pursuant to this Agreement. Each of the Investment Manager and the Company shall take such other actions, and furnish such certificates, opinions and other documents, as may be reasonably requested by the other party hereto in order to effectuate the purposes of this Agreement and to facilitate compliance with applicable laws and regulations and the terms of this Agreement.

13. Amendment of this Agreement.

No provision of this Agreement may be amended, waived, discharged or terminated orally, but only by an instrument in writing signed by the party against which enforcement of the amendment, waiver, discharge or termination is sought. Any amendment of this Agreement shall be subject to the 1940 Act. The Company shall promptly provide a copy of any such amendment or waiver to any party entitled thereto.

Subject to the direction and control of the Company's Board of Directors (the Board) and subject to the Partnership Agreement, the policies adopted or approved by the Board, as the same shall be amended from time to time, the conditions of any exemptive order obtained by or for the benefit of the Company from the Securities and Exchange Commission (the SEC) and this Agreement, the Investment Manager agrees to supervise and direct the investment and reinvestment of the assets and perform the duties set forth herein, and shall have such other powers with respect to the investment and leverage related functions of the Company as shall be delegated from time to time to the Investment Manager by the Board. The Investment Manager is hereby granted, and shall have, full power to take all actions and execute and deliver all necessary and appropriate documents and instruments on behalf of the Company in accordance with the foregoing. The Investment Manager shall endeavor to comply in all material respects with the 1940 Act and all rules and regulations thereunder, all other applicable federal and state laws and regulations and the applicable provisions of any other agreements to which the Company is subject. - (a) identifying and originating debt securities or debt obligations, including bank loans or interests therein (Debt Obligations); stock, warrants or other equity securities (Securities); and any other investments of any type of asset the Company is not prohibited by agreement or applicable law from investing in (all such assets together with Securities and Debt Obligations, Investments) to be purchased by the Company, selecting the dates for such purchases, and purchasing or directing the purchase of such Investments on behalf of the Company;
- (b) identifying Investments owned by the Company to be sold by the Company, selecting the dates for such sales, and selling such Investments on behalf of the Company;

3. No Joint Venture.

- (a) Nothing in this Agreement shall be deemed to create a joint venture or partnership between the parties with respect to the arrangements set forth in this Agreement. For all purposes hereof, the Investment Manager shall be deemed to be an independent contractor.
- (b) The Investment Manager will not be bound to follow any document to which the Company is a party or to which it is subject (or any amendment thereto) until it has received written notice thereof and until it has received a copy of the amendment; provided that if any such amendment materially and adversely affects the rights or duties of the Investment Manager, the Investment Manager shall not be obligated to respect or comply with the terms of such amendment unless it consents thereto. Subject to the fiduciary duty of the Board, the Company agrees that it shall not permit any such agreement or amendment to become effective unless the Investment Manager has been given prior written notice of such amendment and has consented thereto in writing.
- (c) The Investment Manager may, with respect to the affairs of the Company, consult with such legal counsel, accountants and other advisors as may be selected by the Investment Manager. The Investment Manager shall be fully protected, to the extent permitted by applicable law, in acting or failing to act hereunder if such action or inaction is taken or not taken in good faith by the Investment Manager in accordance with the advice or opinion of such counsel, accountants or other advisors. The Investment Manager shall be fully protected in relying upon any writing signed in the appropriate manner with respect to any instruction, direction or approval of any of the Board and may also rely on opinions of the Investment Manager's counsel with respect to such instructions, directions and approvals. The Investment Manager shall also be fully protected when acting upon any instrument, certificate or other writing the Investment Manager believes in good faith to be genuine and to be signed or presented by the proper person or persons. The Investment Manager shall be under no duty to make any investigation or inquiry as to any statement contained in any such writing and may accept the same as conclusive evidence of the truth and accuracy of the statements therein contained if the Investment Manager in good faith believes the same to be genuine.

4. Limitations Relating to Investments.

- (a) Investments Requiring the Investment Committee's Approval. The Investment Manager will maintain the existence of an Investment Committee (the Investment Committee). The Investment Manager shall have the right to appoint any number of voting and non-voting members to the Investment Committee. The Investment Manager may appoint or remove any persons to or from the Investment Committee in its sole discretion. The Investment Committee will review and discuss the purchase and sale of all Investments other than short-term Investments in high quality debt, securities maturing in less than 367 days or investment funds whose portfolios at all times have an effective

duration of less than 367 days and other than hedging and risk management transactions, and approval by a majority vote of the voting members of the Investment Committee will be required prior to the purchase or sale of any Investment required to be reviewed by the Investment Committee.

(b) Investments. The Investment Manager may cause the Company from time to time to purchase, sell and take any other actions with respect to Investments.

2

TABLE OF CONTENTS

- (c) Company is not a Bank. The Investment Manager may not purchase any Debt Obligation if the related credit agreement, note, indenture or other documentation by its terms requires any such purchase to be made only by a bank, savings and loan, thrift, trust company or other similar deposit-taking institution.
- (d) Origination Fees. The Company shall, except to the extent the Investment Manager determines such sharing could cause Special Value Continuation Fund, LLC (the Parent) to fail to satisfy any requirement for qualification as a regulated investment company under Subchapter M of the Code, receive its pro-rata share, measured by the amount invested or proposed to be invested by the investors in any Investment, of any origination, structuring, or similar fees normally payable to lenders or structurers as compensation for services (Origination or Similar Fees) payable with respect to any Investment, whether or not any other investment funds or accounts for which the Investment Manager or its affiliated persons acts as investment adviser (the Tennenbaum Accounts) share in such fees. Notwithstanding anything herein, in the Partnership Agreement or in any other document to the contrary, to the extent that any Origination or Similar Fees with respect to the Company s share of such Investment are paid to the Investment Manager or any of its affiliated persons as additional compensation, such amount shall be reimbursed to the Company unless the exception to the preceding sentence is in effect, in which case such amount shall be paid to the other accounts participating in such Investment or returned to the party paying such Origination or Similar Fees.
- (e) Co-Investments. The Company may not co-invest with any account managed by the Investment Manager or its affiliated persons in any Investment except in accordance with applicable law, including any exemptive order applicable to the Company.

5. Brokerage.

The Investment Manager shall effect all purchases and sales of securities in a manner consistent with the principles of best execution, taking into account net price (including commissions) and execution capability and other services which the broker or other intermediary may provide. In this regard, the Investment Manager may effect transactions which cause the Company to pay a commission in excess of a commission which another broker or other intermediary would have charged; provided, however, that the Investment Manager shall have first determined that such commission is reasonable in relation to the value of the brokerage or research services performed by that broker or other intermediary or that the Company is the sole beneficiary of the services paid for by such broker or other intermediary.

6. Compensation.

- (a) The Investment Manager, for its services to the Company, will be entitled to receive a management fee (the Base Management Fee) from the Company and an incentive fee (the Incentive Fee). The Base Management Fee will be calculated at an annual rate of 1.50% of the Company s total assets (excluding cash and cash equivalents) and payable quarterly in arrears. For purposes of calculating the base management fee, total assets is determined without deduction for any borrowings or other liabilities. For the period from the date of commencement of the Company s operations as a business development company (the Commencement Date) through the end of the first calendar quarter of the Company s operations as a business development company, the Base Management Fee will be calculated based on the initial value of the Company s total assets (excluding cash and cash equivalents) as of a date as close as practicable to the Commencement Date. Subsequently, the Base Management Fee will be calculated based on the value of the Company s total assets (excluding cash and cash equivalents) at the end of the most recently completed calendar quarter. The Base Management Fees for any partial quarter will be appropriately pro rated.
- (b) For purposes of this Agreement, the total assets of the Company shall be calculated pursuant to the procedures adopted by the Board of Directors of the Company for calculating the value of the Company s assets.

(c) The Incentive Fee will consist of two components and no Incentive Fee will be incurred except in respect of the period commencing January 1, 2013. During such period, each component of the Incentive Fee will be calculated and, if due, paid quarterly in arrears.

3

TABLE OF CONTENTS

(d) The ordinary income component of the Incentive Fee is calculated as follows:

The ordinary income component will be the amount, if positive, equal to 20% of the cumulative ordinary income before incentive compensation, less cumulative ordinary income incentive compensation previously paid. Notwithstanding the foregoing provision, the Company will not be obligated to pay any ordinary income Incentive Fee to the extent such amount would exceed 20% of the cumulative total return of the Company that exceeds a 10% annual return on daily weighted average contributed common equity, plus all of the cumulative total return that exceeds an 8% annual return on daily weighted average contributed common equity but is less than a 10% annual return on daily weighted average contributed common equity, less cumulative ordinary income and capital gains incentive compensation previously paid.

(e) The capital gains component of the Incentive Fee is calculated as follows:

The capital gains component will be the amount, if positive, equal to 20% of the cumulative realized capital gains (computed net of cumulative realized losses and cumulative unrealized capital depreciation), less cumulative capital gains incentive compensation previously paid or distributed. The capital gains component will be paid in full prior to payment of the ordinary income component. Notwithstanding the foregoing provision, the Company will not be obligated to pay any capital gains Incentive Fee to the extent such amount would exceed 20% of the cumulative total return of the Company that exceeds a 10% annual return on daily weighted average contributed common equity, plus all of the cumulative total return that exceeds an 8% annual return on daily weighted average contributed common equity but is less than a 10% annual return on daily weighted average contributed common equity, less cumulative ordinary income and capital gains incentive compensation previously paid.

(f) For purposes of the foregoing computations and the total return limitation:

- (i) cumulative means amounts for the period commencing January 1, 2013 and ending as of the applicable calculation date.
- (ii) contributed common equity means the value of the Company's net assets attributable to common shares as of December 31, 2012 plus the proceeds to the Company of all issuances of common shares less (A) offering costs of any securities or leverage facility of the Company or Portfolio Partnership, (B) all distributions by the Company representing a return of capital and (C) the total cost of all repurchases of common shares by the Company, in each case after December 31, 2012 and through the end of the preceding calendar quarter in question and as determined on an accrual and consolidated basis.
- (iii) ordinary income before incentive compensation means the Company's interest income, dividend income and any other income (including any other fees, such as commitment, origination, structuring, diligence, managerial assistance and consulting fees or other fees received from portfolio companies) during the period, minus the Company's operating expenses during the period (including the base management fee, expenses payable under the administration agreements, any interest expense and any dividends paid on any issued and outstanding preferred stock), plus increases and minus decreases in net assets not treated as components of income, operating expense, gain, loss, appreciation or depreciation and not treated as contributions or distributions in respect of common equity, and without reduction for any incentive compensation and any organization or offering costs, in each case determined on an accrual and consolidated basis.
- (iv) total return means the amount equal to the combination of ordinary income before incentive compensation, realized capital gains and losses and unrealized capital appreciation and depreciation of the Company for the period, in each case determined on an accrual and consolidated basis.

- (g) Notwithstanding any of the provisions of Sections 6(c) (f) above, the amounts calculated pursuant thereto shall be paid only if the Investment Manager or the Parent determines on the advice of counsel that (i) the distribution provisions set forth in the Partnership Agreement with respect to the

4

TABLE OF CONTENTS

General Partner of the Portfolio Partnership would be inconsistent with the requirements of the 1940 Act in any material respect and that such inconsistency would be unlikely to be able to be remedied without fundamental alteration of such provisions and without having a material adverse effect on any shareholder of the Parent and the General Partner of the Portfolio Partnership amends the Partnership Agreement to eliminate such distribution provisions or (ii) for any other reason such distribution provisions should not be utilized and the General Partner of the Portfolio Partnership amends the Partnership Agreement to eliminate such distribution provisions.

7. Expenses.

The Company will be responsible for paying the compensation of the Investment Manager and any placement agent of any of its securities, due diligence and negotiation expenses, fees and expenses of custodians, administrators (including the Investment Manager or an affiliate in its capacity as administrator), transfer and distribution agents, counsel and directors, insurance, filings and registrations, proxy expenses, expenses of communications to investors, interest, taxes, portfolio transaction expenses, indemnification, litigation and other extraordinary expenses and all such other expenses as the Investment Manager is not responsible for (such as for services the Investment Manager is required to supervise rather than provide) and as are approved by the directors as being reasonably related to the organization, offering, capitalization, operation, regulatory compliance or administration of the Company and any portfolio investments. Expenses associated with the general overhead of the Investment Manager will not be covered by the Company.

In addition, the Company shall pay, and shall reimburse the Investment Manager and its affiliates for, any costs and expenses that, in the good faith judgment of the Board of Directors, are incurred in the election, financing or operation of the Company as a business development company, including, without limitation, fees and expenses of offering the Company's shares or debt instruments and enhancing or assuring the credit quality thereof; fees and expenses relating Investments including the structuring, negotiation, acquisition, syndication, holding, restructuring, recapitalization and disposition thereof or relating to proposed Investments which are not consummated; reasonable premiums for insurance protecting the Company, the Investment Manager, any of its affiliates and any of its employees and agents; legal, compliance, administrative, custodial and accounting expenses; auditing expenses; appraisal expenses; expenses relating to organizing companies through or in which investments will be made; costs and expenses of preparing and maintaining the books and records of the Company and entities through which it invests; costs and expenses that are classified as extraordinary expenses under generally accepted accounting principles; taxes or other governmental charges payable by the Company; costs and expenses incurred in connection with any actual or threatened litigation, and any judgments or settlements paid in connection with litigation, involving the Company, a company in which the Company invests in or a Person entitled to indemnification from the Company; expenses (including legal fees and expenses) incurred in connection with the bankruptcy or reorganization of any Investment; costs of reporting to the Company's shareholders, creditors and regulatory authorities; costs of responding to regulatory inquiries; costs of shareholder meetings and the solicitation of shareholder consents; costs incurred in valuing assets; costs of winding up and liquidating the Company; and interest, distributions and fees under the agreements governing any indebtedness incurred by the Company and its shares.

On behalf of the Company, the Investment Manager may advance payment of any such fees and expenses of the Company, and the Company shall reimburse the Investment Manager therefor within 30 days following written request from the Investment Manager. Nothing in this Section 7 shall limit the ability of the Investment Manager to be reimbursed by any Person (including issuers or obligors of securities, instruments or obligations owned by the Company) for out-of-pocket expenses incurred by the Investment Manager in connection with the performance of services hereunder. The Investment Manager shall maintain complete and accurate records with respect to costs and expenses and shall furnish the Board with receipts or other written vouchers with respect thereto upon request of the Board.

8. Services to Other Companies or Accounts.

(a) The Investment Manager and its affiliated persons, employees or associates are in no way prohibited from, and intend to, spend substantial business time in connection with other businesses or activities, including, but not limited to, managing investments, advising or managing entities whose investment objectives are the same as or overlap with those of the Company, participating in actual or

5

potential investments of the Company or any other person, providing consulting, merger and acquisition, structuring or financial advisory services, including with respect to actual, contemplated or potential investments of the Company, or acting as a director, officer or creditors committee member of, adviser to, or participant in, any corporation, partnership, trust or other business entity. The Investment Manager and its affiliated persons may, and expect to, receive fees or other compensation from third parties for any of these activities, which fees will be for the benefit of their own account and not the Company.

(b) In addition, the Investment Manager and its affiliated persons may manage accounts other than the Company that invest in assets eligible for purchase by the Company.

(c) The Company may have the ability, under certain circumstances, to take certain actions that would have an adverse effect on accounts other than the Company. In these circumstances, the Investment Manager and its affiliated persons will act in a manner believed to be equitable to the Company and such other accounts, including co-investment in accordance with applicable laws, including the conditions of any exemptive relief obtained by the Company and the Investment Manager.

9. Duty of Care and Loyalty. Except as otherwise required by law, none of the Investment Manager, or any its affiliated persons, directors, officers, employees, shareholders, managers, members, assigns, representatives or agents (each, an Indemnified Person and, collectively, the Indemnified Persons) shall be liable, responsible or accountable in damages or otherwise to the Company, any shareholder or any other person for any loss, liability, damage, settlement cost, or other expense (including reasonable attorneys fees) incurred by reason of any act or omission or any alleged act or omission performed or omitted by such Indemnified Person (other than solely in such Indemnified Person s capacity as a shareholder, if applicable) in connection with the establishment, management or operations of the Company or the management of its assets (including those in connection with serving on boards of directors of, or creditors committees for, any Investment); provided that the foregoing exculpation shall not apply to any act or failure to act that arises out of the bad faith, willful misfeasance, gross negligence or reckless disregard of an Indemnified Person s duty to the Company or such shareholder, as the case may be (such conduct, Disabling Conduct). Subject to the foregoing, all such Indemnified Persons shall look solely to the assets of the Company for satisfaction of claims of any nature arising in connection with the affairs of the Company. If any Indemnified Person is made a party to any suit or proceeding to enforce any such liability, subject to the foregoing exception, such Indemnified Person shall not, on account thereof, be held to any personal liability.

10. Indemnification.

(a) To the fullest extent permitted by applicable law, each of the Indemnified Persons shall be held harmless and indemnified by the Company (out of its assets and not out of the separate assets of any shareholder) against any liabilities and expenses, including amounts paid in satisfaction of judgments, in compromise or as fines and penalties, and reasonable counsel fees reasonably incurred by such Indemnified Person in connection with the defense or disposition of any action, suit or other proceeding, whether civil or criminal, before any court or administrative or investigative body in which such Indemnified Person may be or may have been involved as a party or otherwise (other than as authorized by the Directors, as the plaintiff or complainant) or with which such Indemnified Person may be or may have been threatened, while acting in such Person s capacity as an Indemnified Person, except with respect to any matter as to which such Indemnified Person shall not have acted in good faith in the reasonable belief that such person s action was in the best interest of the Company or, in the case of any criminal proceeding, as to which such Indemnified Person shall have had reasonable cause to believe that the conduct was unlawful, provided, however, that an Indemnified Person shall only be indemnified hereunder if (i) such Indemnified Person s activities do not constitute Disabling Conduct and (ii) there has been a determination (a) by a final decision on the merits by a court or other body of competent jurisdiction before whom the issue of entitlement to indemnification was brought that such Indemnified

Person is entitled to indemnification or, (b) in the absence of such a decision, by (1) a majority vote of a quorum of those Directors who are neither interested persons of the Company (as defined in Section 2(a)(19) of the 1940 Act) nor parties to the proceeding (the Disinterested Non-Party Directors) that the Indemnified Person is entitled to indemnification, or (2) if such quorum is not obtainable or even if obtainable, if a majority so directs, independent legal counsel in a written opinion that concludes that

6

the Indemnified Person should be entitled to indemnification. Notwithstanding the foregoing, with respect to any action, suit or other proceeding voluntarily prosecuted by any Indemnified Person as plaintiff, indemnification shall be mandatory only if the prosecution of such action, suit or other proceeding by such Indemnified Person was authorized by a majority of the Directors. All determinations to make advance payments in connection with the expense of defending any proceeding shall be authorized and made in accordance with the immediately succeeding paragraph (b) below.

(b) &
