PROXY STATEMENT

General

This Proxy Statement is furnished to the stockholders of record of LivePerson, Inc., a Delaware corporation, or LivePerson or the Company, as of the record date, in connection with the solicitation of proxies on behalf of the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held on June 16, 2011, and at any adjournments or postponements thereof. The Annual Meeting will be held at 10:00 a.m. (Eastern Daylight time) at the Marriott Residence Inn (Times Square), Bryant Park Meeting Room, 1033 Avenue of the Americas, New York, NY 10018, Tel (212) 768-0007. This Proxy Statement and the accompanying Proxy Card and Notice of Annual Meeting of Stockholders are first being mailed on or about May 2, 2011 to all stockholders entitled to vote at the Annual Meeting and at any adjournments or postponements thereof.

Voting

The specific matters to be considered and acted upon at the Annual Meeting are:

- (1) the election of two directors;
- (2) the ratification of the Audit Committee's appointment of BDO USA, LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011;
- (3) to hold an advisory vote on executive compensation;
- (4) to hold an advisory vote on the frequency of the advisory vote on executive compensation; and
- (5) to act upon such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

These matters are described in more detail in this Proxy Statement.

On the record date, for determination of stockholders entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof, 52,669,085 shares of the Company's common stock were issued and outstanding. No shares of the Company's preferred stock, par value \$0.001 per share, were outstanding. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on the record date.

Stockholders may not cumulate votes in the election of directors.

There are four ways a stockholder of record can vote:

By Internet: You vote over the Internet at ***www.voteproxy.com*** by following the instructions on the proxy card.

By Mail: You may complete, sign and mail the accompanying proxy card in the postage-paid envelope provided.

In Person: If you are a stockholder as of the record date, you may vote in person at the Annual Meeting. Submitting a proxy will not prevent a stockholder from attending the Annual Meeting, revoking their earlier-submitted proxy, and voting in person.

The stock transfer books of the Company will remain open between the record date and the date of the Annual

Meeting, and any adjournments or postponements thereof. A list of stockholders entitled to vote at the Annual Meeting, and any adjournments or postponements thereof, will be available for inspection at the Annual Meeting, and any adjournments or postponements thereof, and for a period of ten days prior to the meeting during regular business hours at the offices of the Company listed above.

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the Annual Meeting is necessary to constitute a quorum in connection with the transaction of business at the Annual Meeting. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (*i.e.*, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote). Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business.

If a quorum is present, the two nominees who receive the greatest number of votes properly cast (in person or by proxy) will be elected as Class II Directors. Only votes FOR or WITHHELD count. Neither abstentions nor broker non-votes will have any effect on the outcome of voting with respect to the election of the Class II directors. **If you own shares through a broker, you must give the broker instructions to vote your shares in the election of directors. Otherwise, your shares will not be voted.** Stockholders may not cumulate votes for the election of directors.

Proposals other than for the election of directors shall be approved by the affirmative vote of the holders of a majority of the shares of the Common Stock present at the Annual Meeting, in person or by proxy, and entitled to vote thereon.

With respect to the Proposal 4 (the frequency of an advisory vote on executive compensation), if none of the three frequency choices receives a majority, the choice that receives the plurality of votes case will be considered approved. Abstentions will be counted towards the tabulations of votes cast on these proposals presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether such a proposal has been approved.

Under the General Corporation Law of the State of Delaware, stockholders are not entitled to dissenter's rights with respect to any matter to be considered and voted on at the Annual Meeting, and the Company will not independently provide stockholders with any such right.

Proxies

If the enclosed Proxy Card is properly signed and returned, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If a signed and returned Proxy Card does not specify how the shares represented thereby are to be voted, the proxy will be voted **FOR** the election of the Class II directors proposed by the Board, unless the authority to vote for the election of such directors is withheld. In addition, if no contrary instructions are given, the proxy will be voted **FOR** the approval of Proposal 2 and Proposal 3 and for **ONE YEAR** for Proposal 4, each as described in this Proxy Statement, and as the proxy holders deem advisable for all other matters as may properly come before the Annual Meeting. You may revoke or change your proxy at any time before the Annual Meeting by filing with the Secretary of the Company, at the Company's principal executive offices at 462 Seventh Avenue, 3rd Floor, New York, New York 10018, a notice of revocation or another signed Proxy Card with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person.

Solicitation

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the enclosed Proxy Card and any additional solicitation materials furnished to the stockholders.

Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company may reimburse such persons for their costs in forwarding the solicitation materials

to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by directors, officers or employees of the Company. No additional compensation will be paid to these individuals for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by mail.

Important Notice of Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on June 16, 2011

Our proxy materials including our Proxy Statement, Annual Report on Form 10-K and proxy card are available on the Internet and may be viewed and printed, free of charge, at <http://liveperson2011.investorroom.com>.

Deadline for Receipt of Stockholder Proposals

In order to be considered for inclusion in the Company's Proxy Statement and Proxy Card relating to the 2012 Annual Meeting of Stockholders, any proposal by a stockholder submitted pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act), must be received by the Company at its principal executive offices in New York, New York, on or before December 31, 2011. In addition, under the Company's bylaws, any proposal for consideration at the 2012 Annual Meeting of Stockholders submitted by a stockholder other than pursuant to Rule 14a-8 will be considered timely if it is received by the Secretary of the Company at its principal executive offices between the close of business on February 17, 2012 and the close of business on March 18, 2012, and is otherwise in compliance with the requirements set forth in the Company's bylaws. The proxy solicited by the Board of Directors for the 2012 Annual Meeting of Stockholders will confer discretionary authority to vote as the proxy holders deem advisable on such stockholder proposals which are considered untimely.

IMPORTANT ADDITIONAL VOTING INFORMATION FOR THE 2011 ANNUAL MEETING

If you hold your shares through a broker, bank or other financial institution, the U.S. Securities and Exchange Commission, or the SEC, has approved a New York Stock Exchange rule that changes the manner in which your vote in the election of directors will be handled at our upcoming 2011 annual meeting of stockholders.

Stockholders who hold shares of LivePerson through a broker, bank or other financial institution receive proxy materials before each stockholder meeting. In the past, if you did not transmit your voting instructions before the stockholder meeting, your broker was allowed to vote on your behalf on the election of directors and other matters considered to be routine.

Effective as of January 1, 2010, your broker is no longer permitted to vote on your behalf on the election of directors unless you provide specific instructions by completing and returning the proxy card or following the instructions provided to you on how to vote your shares on the Internet. For your vote to be counted, you now will need to communicate your voting decisions to your broker, bank or other financial institution before the date of the stockholder meeting.

Your Participation in Voting the Shares You Own Is Important

Voting your shares is important to ensure that you have a say in the governance of your company and to fulfill the objectives of the plurality voting standard that we apply in the election of directors. Please review the proxy materials and follow the instructions on the proxy card to vote your shares. We hope you will exercise your rights and fully participate as a stockholder in our future.

More Information Is Available

If you have any questions about this rule or the proxy voting process in general, please contact the broker, bank or other financial institution where you hold your shares. The SEC also has a website (www.sec.gov/spotlight/proxymatters.shtml) with more information about your rights as a stockholder. Additionally, you may contact our Investor Relations Department at <http://www.liveperson.com/company/ir/>.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING

PROPOSAL ONE ELECTION OF DIRECTORS

General

The Company's Fourth Amended and Restated Certificate of Incorporation provides for a classified Board of Directors, consisting of three classes of directors with staggered three-year terms, with each class consisting, as nearly as possible, of one third of the total number of directors. At the annual meeting of stockholders in the year in which the term of a class of directors expires, director nominees in such class will stand for election to three-year terms. With respect to each class, a director's term will be subject to the election and qualification of such director's successor, or the earlier death, resignation or removal of such director.

As of the date of this Proxy Statement, the Board consists of six persons, as follows:

Class I	Class II	Class III
(current term ends upon 2013 Annual Meeting)	(current term ends upon this Annual Meeting)	(current term ends upon 2012 Annual Meeting)
William G. Wesemann	Peter Block David Vaskevitch Timothy Bixby*	Kevin C. Lavan Robert P. LoCascio

As announced previously by the Company on a Current Report on Form 8-K filed with the Securities and Exchange Commission on April 7, 2011, Timothy Bixby will be resigning from his positions as President and Chief Financial Officer, President and member of the Board on May 13, 2011 and will not be a member of the Board at the time of the Annual Meeting.

The term of office for Mr. Block and Mr. Vaskevitch expires at the Annual Meeting. The Board has selected Messrs. Block and Vaskevitch, the current Class II directors at the time of the Annual Meeting, as nominees for Class II directors whose term of office will expire at the 2014 Annual Meeting of Stockholders.

Messrs. Block and Vaskevitch have agreed to be named as nominees and to continue to serve as directors, if elected, and management has no reason to believe that they will be unavailable to serve. If either Mr. Block or Mr. Vaskevitch is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who may be designated by the present Board of Directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them **FOR** Messrs. Block and Vaskevitch. The proxies solicited by this Proxy Statement cannot be voted for a greater number of persons than the number of nominees named.

Required Vote

The Class II directors shall be elected by the affirmative vote of a plurality of the shares of the common stock present at the Annual Meeting, in person or by proxy, and entitled to vote in the election of directors. Pursuant to applicable Delaware law, abstentions and broker non-votes will have no effect on the outcome of the vote and will not be voted for directors.

Director Independence

The Board of Directors applies the standards of The NASDAQ Stock Market, or NASDAQ, and Rule 10A-3 promulgated by the SEC in determining whether a director is independent. NASDAQ rules generally provide that no director or nominee for director qualifies as independent unless the Board of directors affirmatively determines that such person has no relationship with the Company that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Specifically, the following persons may not be considered independent: (i) a director or nominee for director who is, or at any time during the past three years was, employed by the Company or by any subsidiary of the Company; (ii) a director or nominee for director who accepts, or has a family member who accepts, any payments from the Company or any subsidiary of the Company in excess of \$120,000 during any period of twelve consecutive months within any of the past three fiscal years preceding the determination of independence other than (1) compensation for Board or Board Committee service, (2) compensation paid to a family member who is a non-executive employee of the Company or a subsidiary of the Company or (3) benefits under a tax-qualified retirement plan, or non-discretionary compensation; (iii) a director or nominee for director who has a family member who is, or at any time during the past three years was, employed by the Company or any subsidiary of the Company as an executive officer; (iv) a director or nominee for director who is, or has a family member who is, a partner in, or a controlling stockholder or an executive officer of, any organization to which the Company made, or from which the Company received, payments for property or services in the current or any of the past three fiscal years that exceeded 5% of the recipient's consolidated gross revenues for that year or \$200,000, whichever is more, other than (1) payments arising solely from investments in the Company's securities or (2) payments under non-discretionary charitable contribution matching programs; (v) a director or nominee for director who is, or has a family member who is, employed as an executive officer of another entity at any time during the past three years where any of the executive officers of the Company serves on the compensation committee of such other entity; and (vi) a director or nominee for director who is, or has a family member who is, a current partner of the Company's independent registered public accounting firm, or was a partner or employee of the Company's independent registered public accounting firm, who worked on the Company's audit at any time during the past three years. Rule 10A-3 provides a safe harbor position that a person who is not the beneficial owner, directly or indirectly, of more than 10% of our common stock, and who is not one of our executive officers, will not be deemed to be an affiliate of us for purposes of satisfying the audit committee member independence rules.

The Board of Directors, in applying the above-referenced standards, has affirmatively determined that each of the following individuals is an independent director of the Company: Messrs. Block, Lavan, Vaskevitch and Wesemann. As part of the Board's process in making such determination, each such director provided confirmation that (a) all of

the above-cited objective criteria for independence are satisfied and (b) each such director has no other relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Board Committees and Meetings

The Board of Directors held six meetings during the fiscal year ended December 31, 2010, which we refer to in this Proxy Statement as the 2010 Fiscal Year. The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee.

7

The Board committees are composed of the following members:

Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Kevin C. Lavan (Chair)	Peter Block (Chair)	Peter Block
David Vaskevitch	Kevin C. Lavan	Kevin C. Lavan
William G. Wesemann	David Vaskevitch	David Vaskevitch
	William G. Wesemann	William G. Wesemann (Chair)

In the 2010 Fiscal Year, each director attended or participated in at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors, and (ii) the total number of meetings held by all committees of the Board on which such director served (in each case for meetings held during the period in the 2010 Fiscal Year for which such director served).

Directors who are not members of the Company's management meet at regularly scheduled executive sessions without members of management present. At least two of these meetings each year are to include only those directors who are independent under the current listing standards of NASDAQ. Currently, all non-employee directors are independent.

While the Company has not adopted a formal policy with regard to attendance by members of the Board of Directors at annual stockholder meetings, all members of the Board are invited to attend the Company's annual meeting of stockholders. At the 2010 Annual Meeting, three of our directors attended.

Audit Committee

The Audit Committee appoints our independent registered public accounting firm, subject to ratification by our stockholders, reviews the plan for and the results of the independent audit, approves the fees of our independent registered public accounting firm, reviews with management and the independent registered public accounting firm our quarterly and annual financial statements and our internal accounting, financial and disclosure controls, reviews and approves transactions between LivePerson and its officers, directors and affiliates and performs other duties and responsibilities as set forth in a charter approved by the Board of Directors. Each member of the Audit Committee is independent, as independence is defined for purposes of Audit Committee membership by the listing standards of NASDAQ and the applicable rules and regulations of the SEC. The Audit Committee held four meetings during the 2010 Fiscal Year.

The Board has determined that each member of the Audit Committee is able to read and understand fundamental financial statements, including LivePerson's balance sheet, income statement and cash flow statement, as required by NASDAQ rules. In addition, the Board has determined that Mr. Lavan satisfies the NASDAQ rule requiring that at least one member of our Board's Audit Committee have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the member's financial sophistication, including being, or having been, a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. The Board has also determined that Mr. Lavan is an audit committee financial expert as defined by the SEC.

Compensation Committee

The Compensation Committee's primary responsibility is to review and approve the compensation to be paid or provided to the Company's executive officers and to assure that such compensation is in line with the Company's strategy, sound corporate governance principles and shareholder interests. The Compensation Committee also

oversees the Company's compensation, equity and employee benefit plans and programs and performs other duties and responsibilities as set forth in a charter approved by the Board of Directors that is available on the Company's website at <http://www.liveperson.com>. The Chief Executive Officer and the Human Resources Department present compensation and benefit proposals to the Compensation Committee for the Committee's consideration and approval.

Each member of the Compensation Committee is independent, as independence is defined for purposes of Compensation Committee membership by the listing standards of NASDAQ and a non-employee director as defined in Rule 16b-3 under the Exchange Act. The

Compensation Committee deliberated as needed during regularly scheduled board meetings during the 2010 Fiscal Year and in addition the Compensation Committee held three separate meetings during the 2010 Fiscal Year.

In making its determinations with respect to executive compensation, the Compensation Committee has not historically engaged the services of a compensation consultant. The Compensation Committee annually reviews competitive compensation data prepared by Culpepper and Associates, a provider of worldwide salary surveys and data for compensation and employee benefit programs in the technology industry, as well as compensation data made publicly available by peer group companies. The Compensation Committee has the authority to retain, terminate and set the terms of the Company's relationship with any outside advisors who assist the Committee in carrying out its responsibilities.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of our Board of Directors is responsible for identifying individuals qualified to become Board members, recommending to our Board the persons to be nominated for election as directors and to each of the Board's committees, reviewing and making recommendations to the Board with respect to management succession planning, developing and recommending to the Board corporate governance principles, and overseeing evaluation of the Board as needed. The processes and procedures followed by the Nominating and Corporate Governance Committee in identifying and evaluating director candidates are described below under Director Nomination Process. Each member of the Nominating and Corporate Governance Committee is independent, as defined under the rules of NASDAQ. The Nominating and Corporate Governance Committee deliberated as needed during regularly scheduled board meetings during the 2010 Fiscal Year.

Director Nomination Process

The processes established by our Nominating and Corporate Governance Committee Charter to identify and evaluate director candidates include requests to Board members and others for recommendations, evaluation of biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board, all on an as needed basis from time to time.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our Nominating and Corporate Governance Committee will apply the criteria attached to the Nominating and Corporate Governance Committee's charter. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. Specific weighting is not assigned to the criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board of Directors believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities. The Nominating and Corporate Governance Committee has, on certain occasions, retained a third party executive search firm to identify or assist in the evaluation of candidates.

The Nominating and Corporate Governance Committee does not have a formal diversity policy with respect to the identification and recommendation of individuals for membership on the Company's Board of Directors. However, in carrying out this responsibility, the Nominating and Corporate Governance Committee values differences in professional experience, educational background, viewpoint and other individual qualities and attributes that facilitate and enhance the oversight by the Board of Directors of the business and affairs of the Company.

The Nominating and Corporate Governance Committee will also consider as potential nominees for our Board persons recommended by stockholders. Stockholders wishing to bring a nomination for a director candidate at a stockholders

meeting must give written notice to LivePerson's Corporate Secretary, pursuant to the procedures set forth under Communicating with the Board of Directors and subject to the deadline set forth under Deadline for Stockholder Proposals. The stockholder's notice must set forth all information relating to each person whom the stockholder proposes to nominate that is required to be disclosed under applicable rules and regulations of the SEC and LivePerson's bylaws. Our bylaws can be accessed in the Company Investor Relations section of our website at www.liveperson.com.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Nominating and Corporate Governance Committee will make an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination will be based on the information provided to the Nominating and Corporate Governance Committee concerning the prospective candidate, as well as the Nominating and Corporate Governance Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination will be based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Nominating and Corporate Governance Committee determines, in consultation with other Board members as appropriate, that additional consideration is warranted, it may gather or request the third party search firm to gather additional information about the prospective nominee's background and experience. The Nominating and Corporate Governance Committee then will evaluate the prospective nominee, taking into account whether the prospective nominee is independent within the meaning of the listing standards of NASDAQ and such other factors as it deems relevant, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee or Compensation Committee expertise, the prospective nominee's skills and experience, the diversity of the member's skills and experience in areas that are relevant to the Company's businesses and activities, and the evaluations of other prospective nominees. In connection with this evaluation, the Nominating and Corporate Governance Committee will determine whether to interview the prospective nominee and, if warranted, one or more members of the Nominating and Corporate Governance Committee and others, as appropriate, conduct interviews in person or by telephone. After completing this process, the Nominating and Corporate Governance Committee will make a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee follow the same process and use the same criteria for evaluating candidates proposed by stockholders, members of the Board and members of management.

Communicating with the Board of Directors

In order to communicate with the Board of Directors as a whole, with non-employee directors or with specified individual directors, correspondence may be directed to LivePerson, Inc., 462 Seventh Avenue, 3rd Floor, New York, New York 10018, Attention: Corporate Secretary. All such correspondence will be forwarded to the appropriate director or group of directors. The Corporate Secretary has the authority to discard or disregard any communication that is unduly hostile, threatening, illegal or otherwise inappropriate.

Codes of Conduct and Corporate Governance Documents

The Company monitors developments in the area of corporate governance and routinely reviews its processes and procedures in light of such developments. Accordingly, the Company reviews federal laws affecting corporate governance, such as the Sarbanes-Oxley Act of 2002, as well as various rules promulgated by the SEC and the NASDAQ Stock Market. The Company believes that it has procedures and practices in place which are designed to enhance and protect the interests of its stockholders.

The Board has adopted a Code of Conduct that applies to all officers, directors and employees, and a Code of Ethics for the Chief Executive Officer and Senior Financial Officers that applies to the Company's Chief Executive Officer and executives who are deemed to be Senior Financial Officers of the Company. Both codes of conduct can be accessed in the Company Investor Relations section of our website at www.liveperson.com, as well as any amendments to, or waivers under, the Code of Ethics for the Chief Executive Officer and Senior Financial Officers.

Board Leadership Structure and Role in Risk Oversight

Board Leadership Structure. The Board of Directors has not separated the positions of Chairman of the Board and Chief Executive Officer of the Company. Both positions are held by Mr. LoCascio. The Board does not have a lead director. The Board believes that this structure has historically served the Company well and continues to do so, by facilitating communication between the Board and senior management of the Company as well as Board oversight of the Company's business and affairs.

Board Role in Risk Oversight. The Board of Directors provides oversight of the Company's management of risk. Senior management has responsibility for the management of risk and reports to the Board as needed with respect to its ongoing enterprise risk management efforts. In exercising its oversight of risk management, the Board has delegated to the Audit Committee primary responsibility for the oversight of risk related to the Company's financial statements and processes. As discussed in more detail below, the Board has delegated to the Compensation Committee primary responsibility for the oversight of risk related to the Company's compensation policies and practices. The Board has delegated to the Nominating and Corporate Governance Committee primary responsibility for the oversight of risk related to the Company's corporate governance practices. Each committee reports as needed to the full Board with respect to such committee's particular risk oversight responsibilities.

Risk Assessment of Compensation Policies. The Compensation Committee, with the assistance of management, included a risk assessment in its overall review of the Company's compensation policies and practices for 2010 and concluded that they do not motivate imprudent risk taking. In this regard, the Company notes that:

the Company's annual incentive compensation is based on balanced performance metrics that promote disciplined progress towards Company goals;

the Company does not offer significant short-term incentives that might drive high-risk investments at the expense of long-term Company value;

the Company's long-term incentives do not drive high-risk investments at the expense of long-term Company value;

and

the Company's compensation programs are appropriately balanced between cash and equity, and the equity component does not promote unnecessary risk taking.

Based on this assessment, the Board concluded that the Company has a balanced pay and performance program that is consistent with the Company's business model and long-term goals, and does not promote excessive risk taking.

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis describes the compensation program as it relates to our Named Executive Officers identified in the Summary Compensation Table. In this section, we first discuss our governance practices and executive compensation program objectives and strategies. Next, we review the process the Compensation Committee follows in deciding how to compensate our Named Executive Officers. We then present an overview of the compensation structure and specific pay elements of our executive compensation program, as well as a detailed discussion and analysis of the Compensation Committee's specific decisions about the compensation of our Named Executive Officers for fiscal year 2010.

The Compensation Committee structures our executive compensation program in a manner that it believes does not promote inappropriate risk taking by our executives, but rather encourages management to take a balanced approach, focused on achieving our corporate goals. A more complete discussion regarding the Compensation Committee's risk assessment process can be found in the section of this Proxy Statement titled "Risk Assessment of Compensation Policies."

This Compensation Discussion and Analysis contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. The actual compensation programs that we adopt in the future may differ materially from currently planned programs as summarized in this discussion.

Compensation Governance

Perquisites. We do not provide special benefits, perquisites or supplemental retirement plans to our Named Executive Officers.

Tax Gross-Ups. We do not provide any tax gross-ups to our Named Executive Officers.

Independence. Our Compensation Committee is comprised solely of independent directors.

Periodic Review. The Compensation Committee reviews our compensation practices and program to ensure that our Named Executive Officers are compensated in a manner consistent with our business strategy, competitive market practice, sound corporate governance principles and stockholder interests.

Risk Analysis. Our executive compensation program is structured to avoid inappropriate risk taking by our Named Executive Officers by having the appropriate pay philosophy tied to reasonable business objectives. The Compensation Committee has concluded that the risks arising from our Company's executive compensation program are reasonable, in the best interest of our stockholders, and not likely to have a material adverse effect on our Company.

Hedging. Our insider trading policy prohibits hedging of Company stock or the use of Company stock and any other transactions which could reasonably cause our officers to have interests adverse to our stockholders.

Compensation Objectives and Strategy

The Company's executive officer compensation program is designed to attract and retain the caliber of officers needed to ensure the Company's continued growth and profitability, to align incentives with the Company's fiscal performance, and to reward officers' individual performance against objectives that achieve the Company's strategy and the creation of long term value for stockholders. The primary objectives of the program are to:

align incentives, including bonus targets, performance metrics and equity, with Company fiscal performance as well as achievement of strategic objectives that create stockholder value;

retain and encourage high potential team players to build a career at the Company;

16

provide incentives that are cost-efficient, competitive with other organizations and fair to employees and stockholders; and design a balanced approach to compensation that properly aligns incentives with Company performance and stockholder value and does not promote inappropriate risk taking. Working with management, the Compensation Committee has developed a compensation, bonus and benefits strategy designed to reward performance and reinforce a culture that the Compensation Committee believes will promote long-term success.

The compensation program rewards team accomplishments and promotes individual accountability. Compensation depends primarily on Company results, with additional measures for individual performance against defined objectives tied to the Company's strategic goals. The goal of the program is to maintain a strong relationship between individual efforts, Company results and financial rewards.

A portion of total compensation is placed at risk through annual and long-term incentives. The combination of incentives is designed to balance annual operating objectives and Company earnings performance with longer-term stockholder value creation.

We seek to provide competitive compensation that is commensurate with performance. We target compensation within an appropriate range above and below the market median, and calibrate both annual and long-term incentive opportunities to generate less-than-median awards when goals are not fully achieved and greater-than-median awards when goals are exceeded.

We seek to promote a long-term commitment to the Company by our senior executives. We believe that there is great value to the Company in having a team of long-tenure, seasoned managers. The vesting schedules attached to option awards (generally 25% per year over 4 years, time-based vesting) reinforce this long-term orientation.

We utilize a well-proportioned mix of security-oriented compensation, retention benefits and at-risk compensation which produces both short-term and long-term performance incentives and rewards. By following this approach, we provide each of our Named Executive Officers a measure of security in the base compensation that the individual is eligible to receive, while motivating the executive to focus on the business metrics that will produce a high level of performance for the Company, as well as incentives for executive retention. The mix of metrics used for the annual bonus plan and the Stock Incentive Plan likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance. Maintaining this pay mix results fundamentally in a pay-for-performance orientation for our executives.

Process for Determining Executive Compensation

The Compensation Committee provides overall guidance for our executive compensation policies. The Compensation Committee reviews executive compensation annually, in conjunction with annual operational and financial planning for the upcoming fiscal year, and also periodically as needed for specific executive compensation issues that may arise at other times.

The Compensation Committee makes final determinations regarding compensation for the Chief Executive Officer and our executive officers in its sole discretion. Our Chief Executive Officer and Senior Vice President of Human Resources assist the Compensation Committee by presenting proposals and recommendations to the Compensation Committee, information on Company and individual performance of the Named Executive Officers and management's perspective and recommendations on compensation matters (except that the Chief Executive Officer recuses himself from that portion of the Compensation Committee meetings involving his own compensation).

The Senior Vice President of Human Resources also works with our Chief Executive Officer to assist the Compensation Committee and play a role administering our compensation program for other executives. In particular, our Chief Executive Officer and the Senior Vice President of Human Resources together determine the base compensation and target bonus levels to recommend to our Compensation Committee for all of our other executive officers. Our Chief Executive Officer and the Senior Vice President of Human Resources also

recommend to our Compensation Committee the annual bonus payout for our executive officers, based upon overall Company performance as well as individual performance against defined objectives aligned to the strategic goals of the Company.

Use of Outside Advisors and Market Data

In making its determinations with respect to executive compensation, the Compensation Committee has the authority to retain the services of a third party compensation consultant, and has done so from time to time to evaluate and assist in the process of determining an appropriate compensation structure.

The Company relies heavily upon compensation data provided by a third party service, Culpepper and Associates, a provider of worldwide salary surveys and data for compensation and employee benefit programs in the technology industry, focused primarily on small and mid-sized technology companies, which are the most comparable peer group for the Company, as well as publicly available data for industry peer group companies. The data provided by Culpepper and Associates is aggregated across companies based on size and geographic region and provides general information about compensation levels of similarly sized companies in the geographic areas where our employees are located. We also review executive compensation elements for a select group of publicly traded software as a service companies compiled by us from proxy statements and other public reports filed by these companies. The companies within this group reviewed by the Compensation Committee in the past year were Blackboard Inc., Concur Technologies, Inc., Kenexa Corporation, NetSuite Inc., RightNow Technologies, Inc., salesforce.com, inc., Taleo Corporation, The Ultimate Software Group, Inc., and Websense, Inc.

Pay Levels

Pay levels for each of our Named Executive Officers are determined based on a number of factors, including the individual's roles and responsibilities within the Company, the individual's experience and expertise, the pay levels for peers within the Company, pay levels in the marketplace for similar positions and performance of the individual and the Company as a whole. The Compensation Committee is responsible for approving pay levels for our Name Executive Officers. In determining the pay levels, the Compensation Committee considers all forms of compensation and benefits.

After consideration of the data collected on external competitive levels of compensation and internal relationships within the executive group, the Compensation Committee reviews and approves target total compensation opportunities for executives based on the need to attract, motivate and retain an experienced and effective management team.

Relative to the competitive market data, the Compensation Committee generally intends that the salary and target annual incentive opportunity for each executive will be within a reasonable range of the median of the competitive market.

As noted above, notwithstanding the Company's overall pay positioning objectives, pay opportunities for specific individuals vary based on a number of factors such as scope of duties, tenure, institutional knowledge and/or difficulty in recruiting a new executive. Actual total compensation in a given year will vary above or below the target compensation levels based primarily on the attainment of operating goals and the creation of stockholder value.

Compensation Structure

Pay Elements Overview

The Company utilizes four main components of compensation:

Base Salary – fixed pay that takes into account an individual’s role and responsibilities, experience, expertise and individual performance.

Annual Incentive – variable pay that is designed to reward attainment of annual business goals. Executives qualify for an annual cash incentive payment based on a combination of Company performance as well as individual performance against defined objectives tied to the Company’s strategic and fiscal objectives. In the case of executives whose primary objective is revenue generation, incentive compensation may take the form of commissions tied to revenue as well as other Company and individual performance metrics.

18

Long-Term Incentives the Company's equity based incentive plan allows for awards that may include stock options, stock appreciation rights, restricted stock, performance shares and other stock based awards, including restricted stock units and deferred stock units. To date, the Company has used only stock options for long-term incentive awards. Such awards are typically granted upon initial hire, and also from time to time during an employee's continued tenure.

Benefits and Perquisites the Company offers certain benefits, including medical, dental and life insurance benefits and retirement savings that it considers to be consistent with industry practices and important for competitive recruitment and retention. The Company does not offer special benefits such as supplemental executive retirement plans, perquisites, or tax equalization.

Pay Elements Details

1. Base Salary

The Compensation Committee annually reviews officer salaries and makes adjustments as warranted based on individual responsibilities and performance, Company performance in light of market conditions and competitive practices. Salary adjustments are generally approved during the first quarter of the calendar year and implemented during the second quarter.

In 2010, the level of salary increase for our executive officers ranged from 0% and 28.7% based on individual performance, market conditions and level of responsibility. In 2010, neither Mr. LoCascio, nor Mr. Bixby received a salary increase. In 2010: Mr. Dicso received an increase of \$10,000 or 4%, resulting in a base salary of \$260,000; Mr. Kovach received an increase of \$9,500 or 4.3% in April 2010, resulting in a base salary of \$230,000, and an increase of \$20,000 or 8.7% in August 2010, resulting in a base salary of \$250,000; and Mr. Zeidman received an increase of \$39,662 or 28.7%, resulting in a base salary of \$177,844 associated with his promotion to the role of Chief Technology Officer.

2. Annual Incentive Compensation

Our Named Executive Officers are eligible for annual incentive compensation under a bonus plan for each year. The plan is designed to provide awards to such individuals as an incentive to contribute to both revenue growth and profitability on a team basis and as an incentive to meet individual objectives that relate to overall Company goals.

Bonuses are based on the Company's overall financial performance and are contingent upon the attainment by the Company of certain performance targets established by the Compensation Committee, which may include from time to time:

- earnings per share;
- gross or net revenues;
- revenue per employee;
- earnings before interest, taxes plus amortization and depreciation (EBITDA);
- EBITDA per share;
- attainment of strategic and/or product innovation objectives; or
- such other goals established by the Committee.

The Compensation Committee retains discretion to adjust the bonus amount paid to any employee or executive up or down, regardless of that person's target bonus or specific corporate performance metrics. There are no maximum payouts, and generally no minimum thresholds for individuals, although certain Named Executive Officers' bonus payouts are subject to minimum threshold amounts as further described below. Bonuses are typically paid in cash after the end of the performance period in which they are earned.

We have set forth below certain of the metrics and discretion applied in calculating the 2010 bonus payments for our Named Executive Officers.

19

Chief Executive Officer. During its annual review of compensation in 2010, the Compensation Committee set the 2010 bonus target amount for Mr. LoCascio at \$200,000, with the potential to under- or over-achieve this bonus target based on performance against one metric component associated with the Company's fiscal performance and several non-metric components associated with strategic objectives. The total potential percentage payout against target bonus for 2010 was determined by the metric associated with the Company's actual 2010 fiscal performance, and the actual percentage payout against target was further determined by a subjective assessment of individual performance against strategic objectives. For the fiscal year 2010, actual achievements against the metric component, and ultimate payout of incentive compensation was determined as follows for Mr. LoCascio: With respect to the metric related to Company fiscal performance, the Company's 2010 EBITDA target was \$31.1 million and the actual was \$29.9 million, representing 96.1% of target for this metric, and resulting in a total potential payout of 96.1% of target bonus. However, because actual EBITDA was less than target EBITDA, the Committee determined to reduce the total bonus pool by the amount by which actual EBITDA fell short of target EBITDA. Consequently, the total bonus pool was reduced by 19.5%, thereby making 80.5% the amount of target bonus that was paid to an executive officer who was deemed to have met all of his performance and strategic objectives. Based on the Company's performance against this metric along with a subjective assessment of the executive's performance against non-metric strategic objectives related to recruiting and hiring for key roles, expansion of product offerings, and opening of new offices in key strategic locations, the Compensation Committee approved a 2010 payout of 80.5% of target, or \$161,000 for this executive.

President and Chief Financial Officer. During its annual review of compensation in 2010, the Compensation Committee set the 2010 bonus target amount for Mr. Bixby at \$200,000, with the potential to under- or over-achieve this bonus target based on performance against one metric component associated with the Company's fiscal performance and several non-metric components associated with strategic objectives. The total potential percentage payout against target bonus for 2010 was determined by the metric associated with the Company's actual 2010 fiscal performance, and the actual percentage payout against target was further determined by a subjective assessment of individual performance against strategic objectives. For the fiscal year 2010, actual achievements against the metric component, and ultimate payout of incentive compensation was determined as follows for Mr. Bixby: With respect to the metric related to Company fiscal performance, the Company's 2010 EBITDA target was \$31.1 million and the actual was \$29.9 million, representing 96.1% of target for this metric, and resulting in a total potential payout of 96.1% of target bonus. However, because actual EBITDA was less than target EBITDA, the Committee determined to reduce the total bonus pool by the amount by which actual EBITDA fell short of target EBITDA. Consequently, the total bonus pool was reduced by 19.5%, thereby making 80.5% the amount of target bonus that was paid to an executive officer who was deemed to have met all of his performance and strategic objectives. Based on the Company's performance against this metric along with a subjective assessment of the executive's performance against non-metric strategic objectives related to investor relations outreach, internal company education, and operational efficiency, the Compensation Committee approved a 2010 payout of 80.5% of target, or \$161,000 for this executive.

Senior Vice President, Enterprise Sales and Services. During its annual review of compensation in 2010, the Compensation Committee approved the incentive compensation target amount for Mr. Dicso recommended by the Company's Executive Officer and President and Chief Financial Officer, setting the target in the amount of \$200,000, with the potential to under- or over-achieve this bonus target based on performance against one metric component associated with the Company's fiscal performance and several non-metric components associated with strategic objectives. The total potential percentage payout against target bonus for 2010 was determined by the metric associated with the Company's actual 2010 fiscal performance, and the actual percentage payout against target was further determined by a subjective assessment of individual performance against strategic objectives. For the fiscal year 2010, actual achievements against the metric component, and ultimate payout of incentive compensation was determined as follows for Mr. Dicso: With respect to the metric related to Company fiscal performance, the Company's 2010 EBITDA target was \$31.1 million and the actual was \$29.9 million, representing 96.1% of target for this metric, and resulting in a total potential payout of 96.1% of target bonus. However, because actual EBITDA was

less than target EBITDA, the Committee determined to reduce the total bonus pool by the amount by which actual EBITDA fell short of target EBITDA. Consequently, the total bonus pool was reduced by 19.5%,

thereby making 80.5% the amount of target bonus that was paid to an executive officer who was deemed to have met all of his performance and strategic objectives. Based on the Company's performance against this metric along with a subjective assessment of the executive's performance against non-metric strategic objectives related to international expansion, introduction of new product offerings to market and departmental training and development, the Compensation Committee approved the recommendation of the Company's Chief Executive Officer and President and Chief Financial Officer to set the 2010 payout at 72.5% of target, or \$144,900 for this executive.

Senior Vice President, Corporate Controller. During its annual review of compensation in 2010, the Compensation Committee approved the incentive compensation target amount for Mr. Kovach recommended by the Company's Executive Officer and President and Chief Financial Officer, setting the target in the amount of \$110,000, with the potential to under- or over-achieve this bonus target based on performance against one metric component associated with the Company's fiscal performance and several non-metric components associated with strategic objectives. The total potential percentage payout against target bonus for 2010 was determined by the metric associated with the Company's actual 2010 fiscal performance, and the actual percentage payout against target was further determined by a subjective assessment of individual performance against strategic objectives. For the fiscal year 2010, actual achievements against the metric component, and ultimate payout of incentive compensation was determined as follows for Mr. Kovach: With respect to the metric related to Company fiscal performance, the Company's 2010 EBITDA target was \$31.1 million and the actual was \$29.9 million, representing 96.1% of target for this metric, and resulting in a total potential payout of 96.1% of target bonus. However, because actual EBITDA was less than target EBITDA, the Committee determined to reduce the total bonus pool by the amount by which actual EBITDA fell short of target EBITDA. Consequently, the total bonus pool was reduced by 19.5%, thereby making 80.5% the amount of target bonus that was paid to an executive officer who was deemed to have met all of his performance and strategic objectives. Based on the Company's performance against this metric along with a subjective assessment of the executive's performance against non-metric strategic objectives related to treasury management, internal company education, and development and deployment of enhanced systems and tools for global internal financial management, the Compensation Committee approved the recommendation of the Company's Chief Executive Officer and President and Chief Financial Officer to set the 2010 payout at 80.5% of target, or \$88,550 for this executive.

Vice President, Chief Technology Officer. During its annual review of compensation in 2010, the Compensation Committee approved the incentive compensation target amount for Mr. Zeidman recommended by the Company's Executive Officer and President and Chief Financial Officer, setting the target in the amount of \$60,000, with the potential to under- or over-achieve this bonus target based on performance against one metric component associated with the Company's fiscal performance and several non-metric components associated with strategic objectives. The total potential percentage payout against target bonus for 2010 was determined by the metric associated with the Company's actual 2010 fiscal performance, and the actual percentage payout against target was further determined by a subjective assessment of individual performance against strategic objectives. For the fiscal year 2010, actual achievements against the metric component, and ultimate payout of incentive compensation was determined as follows for Mr. Zeidman: With respect to the metric related to Company fiscal performance, the Company's 2010 EBITDA target was \$31.1 million and the actual was \$29.9 million, representing 96.1% of target for this metric, and resulting in a total potential payout of 96.1% of target bonus. However, because actual EBITDA was less than target EBITDA, the Committee determined to reduce the total bonus pool by the amount by which actual EBITDA fell short of target EBITDA. Consequently, the total bonus pool was reduced by 19.5%, thereby making 80.5% the amount of target bonus that was paid to an executive officer who was deemed to have met all of his performance and strategic objectives. Based on the Company's performance against this metric along with a subjective assessment of the executive's performance against non-metric strategic objectives related to new product development milestones, product architecture and infrastructure enhancements, and deployment of new development processes, the Compensation Committee approved the recommendation of the Company's Chief Executive Officer and President and Chief Financial Officer to set the 2010 payout at 72.5% of target, or \$43,686 for this executive (paid in NIS at an equivalent amount based on the exchange rate at the time of payment).

3. Long-term Incentives Equity-Based Awards

The Company and the Compensation Committee believe that equity-based awards are an important factor in aligning the long-term financial interest of our Named Executive Officers and our stockholders. The Compensation Committee continually evaluates the use of equity-based awards and intends to continue to use such awards in the future as part of designing and administering the Company's compensation program. The Compensation Committee may grant equity incentives under the Company's 2009 Stock Incentive Plan in the form of stock options (non-qualified and incentive stock options), stock appreciation rights, restricted stock, performance shares and other stock-based awards, including, without limitation, restricted stock units (RSUs) and deferred stock units. The exercise price for stock options is the grant date closing market price per share. Historically, the Compensation Committee has granted stock options that provide for time-based vesting in four equal annual installments beginning on the first anniversary of the grant date.

The Company typically grants options upon initial hire for new employees, and historically, once per year for existing employees. The annual option grant process for existing employees has historically occurred in the first half of the calendar year.

The Compensation Committee has not granted stock based awards other than stock options in the past. The Compensation Committee will evaluate the mix of stock options, restricted stock and other stock based awards in the future to provide emphasis on preserving stockholder value generated in recent years while providing incentives for continued growth in stockholder value.

Each year, the Compensation Committee approves a total pool of equity awards available to grant in the year, after considering the following factors, in its discretion: potential dilution impact of the equity grants; stock-compensation expense related to the equity grants; and the equity grant history and total outstanding equity amounts of similarly situated companies, to the extent available. Management considers similarly situated companies to be those with similar market capitalization, revenue levels, and similar industry presence and product offerings such as the software as a service peer companies discussed above.

Following the determination by the Compensation Committee of the size of the total pool of equity available for grant in a given year, the Chief Executive Officer and the Senior Vice President of Human Resources make recommendations to the Compensation Committee concerning the allocation of the available pool of equity among specific employees and executive officers, after considering the following factors, in their discretion: existing equity holdings, including vesting status, strike price and quantity; responsibility level of employee; compensation (salary and incentive) structure of the employee; and the desire to allocate equity to those individuals who, by their retention, are expected to drive long term value for the Company.

The Compensation Committee reviews and approves the allocation of individual grants from the approved pool with heavy reliance on the recommendations of management based on these factors, and then may grant approval or make adjustments in its discretion based on the factors enumerated above, along with more generalized or subjective factors such as employment market conditions and employee retention goals, market norms, and general climate for stockholder relations and expectations, dilution and other factors that the Committee may deem appropriate.

In 2010, the stock option grants to our executive officers ranged from zero to 100,000 shares based on individual and company performance, then-current stock option holdings, market conditions and level of responsibility. In 2010, neither Mr. LoCascio nor Mr. Bixby received a stock option grant. Mr. Dicso received a stock option grant of 100,000 shares, Mr. Kovach received a stock option grant of 74,700 shares, and Mr. Zeidman received a stock option grant of 100,000 shares associated with his promotion to the role of Chief Technology Officer.

4. Other Benefits and Perquisites

We do not offer special perquisites to our named executive officers. The Company's executive compensation program includes standard benefits that are also offered to all employees. These benefits include 401(k) plan accounts, Company-paid medical benefits and life insurance coverage. The Company annually reviews these other benefits and perquisites and makes adjustments as warranted based on competitive

22

practices, the Company's performance and the individual's responsibilities and performance. The Company currently partially matches employee contributions to 401(k) plan accounts up to a maximum matching contribution of \$6,000.

Pay Elements Evaluation of Individual Performance

In addition to the description of the Compensation Committee's evaluation provided above, the Compensation Committee also structures and implements specific forms of compensation for the Named Executive Officers to reflect each Named Executive Officer's individual performance and contribution to the Company. Below are certain of the objectives that each Named Executive Officer's performance is measured against:

Chief Executive Officer. For 2010, the salary of Mr. LoCascio was reviewed by the Compensation Committee. Adjustments were considered based on peer group data, historical salary level, the Company's performance in the previous year as compared to the financial plan and strategic achievements, such as but not limited to new product introductions, entry into new markets and/or acquisitions, accomplished during the previous year. Mr. LoCascio's annual incentive compensation is determined based on peer group data as well as the Company's performance against objectives, in particular related to performance against EBITDA target and Company strategic achievements accomplished. Each of these components contributes to the calculation of the bonus amount, which can then be adjusted up or down by the Compensation Committee in its discretion. Mr. LoCascio's incentive equity is determined based on peer group data, historical equity grants (including the amount, exercise prices and vesting status of previous grants), existing common stock holdings, strategic achievements and the Company's performance in the previous year as compared to the financial plan. The actual amount of incentive equity granted is determined by the Compensation Committee in its discretion.

President and Chief Financial Officer. For 2010, the salary for this officer was determined by the Compensation Committee in response to the recommendation of the Chief Executive Officer and based on peer group data as well as the officer's historical salary levels and individual performance. Mr. Bixby's annual incentive compensation is calculated based on the Company's achievement of fiscal objectives as well as Mr. Bixby's achievement of individual objectives tied to the Company's goals. Mr. Bixby's incentive equity is determined based on peer group data, historical equity grants (including the amount, exercise prices and vesting status of previous grants) and individual and Company performance in the previous year as compared to the financial and operating plan, particularly in those areas under the general discretion of the officer. The actual amount of incentive equity granted is recommended by the Chief Executive Officer and the Senior Vice President of Human Resources in their discretion, and approved by the Compensation Committee in its discretion.

Senior Vice President, Enterprise Sales and Services. For 2010, the salary for this officer was reviewed and ratified by the Compensation Committee in response to the recommendation of the Chief Executive Officer and Senior Vice President of Human Resources, and based on peer group data as well as the officer's historical salary levels and individual performance. Mr. Dicso's annual incentive compensation is calculated based on the Company's achievement of fiscal objectives as well as Mr. Dicso's achievement of individual objectives tied to the Company's goals. Mr. Dicso's incentive equity is determined based on peer group data, historical equity grants (including the amount, exercise prices and vesting status of previous grants) and individual and Company performance in the previous year as compared to the financial and operating plan, particularly in those areas under the general discretion of the officer. The actual amount of incentive equity granted is recommended by the Chief Executive Officer and the Senior Vice President of Human Resources in their discretion, and approved by the Compensation Committee in its discretion.

Senior Vice President, Corporate Controller. For 2010, the salary of Mr. Kovach was reviewed and ratified by the Compensation Committee in response to the recommendation of our Chief Executive Officer, and our President and Chief Financial Officer based on peer group data as well as the officer's historical salary levels and individual performance. Mr. Kovach's annual incentive compensation is calculated based on the Company's achievement of fiscal

objectives as well as Mr. Kovach's achievement of individual objectives tied to the Company's goals. Mr. Kovach's incentive equity is determined based on peer group data, historical equity grants (including the amount, exercise prices and vesting status of previous grants) and individual and Company performance in the previous year as compared to the financial and operating plan, particularly in

23

those areas under the general discretion of the officer. The actual amount of incentive equity granted is recommended by the Chief Executive Officer and the Senior Vice President of Human Resources in their discretion, and approved by the Compensation Committee in its discretion.

Vice President, Chief Technology Officer. For 2010, the salary of Mr. Zeidman was reviewed and ratified by the Compensation Committee in response to the recommendation of our Senior Vice President of Human Resources, and based on peer group data as well as the officer's historical salary levels and individual performance and promotion to a role of expanded scope and responsibility in 2010. Mr. Zeidman's annual incentive compensation is calculated based on the Company's achievement of fiscal objectives as well as Mr. Zeidman's achievement of individual objectives tied to the Company's goals. Mr. Zeidman's incentive equity is determined based on peer group data, historical equity grants (including the amount, exercise prices and vesting status of previous grants) and individual and Company performance in the previous year as compared to the financial and operating plan, particularly in those areas under the general discretion of the officer. In 2010, Mr. Zeidman's equity grant also took into account his promotion to a role of expanded scope and responsibility in 2010. The actual amount of incentive equity granted is recommended by the Chief Executive Officer and the Senior Vice President of Human Resources in their discretion, and approved by the Compensation Committee in its discretion.

Stock Ownership Guidelines

Currently, we do not have specific share retention or ownership guidelines for our executives. However, we encourage our executives to hold an equity interest in our Company. Each of our executive officers retains substantial equity value in our company in the form of common stock, and/or vested and unvested stock options.

Post-Termination Compensation and Benefits

Certain employment agreements with our executive officers provide for severance payments and benefits upon an involuntary termination of employment, or resignation for good reason (as defined in the agreement). In addition, certain executives are entitled to partial vesting acceleration in the event they are involuntarily terminated or resign for good reason in connection with a change in control. The Compensation Committee believes the terms of these agreements are fair and reasonable and are in the best interests of the company and our stockholders. Additional details regarding the employment agreements with our executives, including a description of the severance payments and benefits payable to our executive as well as estimates of amounts payable upon termination of employment, are disclosed in the section titled "Employment Agreements for our Named Executive Officers and Potential Payments Upon Termination or Change-in-Control" contained in this proxy statement.

Prohibition against Certain Equity Transactions

Our Insider Trading Policy prohibits our officers from engaging in short sales or other transactions involving LivePerson-based derivative securities which could reasonably cause our officers to have interests adverse to our stockholders. Short sales, which are sales of shares of common stock by a person that does not own the shares at the time of the sale, evidence an expectation that the value of the shares will decline. We prohibit our officers from entering into short sales because such transactions signal to the market that the officer has no confidence in us or our short-term prospects and may reduce the officer's incentive to improve our performance. In addition, Section 16(c) of the Exchange Act expressly prohibits executive officers and directors from engaging in short sales. Our officers are also prohibited from trading in LivePerson-based put and call option contracts, transacting in straddles and similar transactions. These transactions would allow someone to continue to own the covered securities, but without the full risks and rewards of ownership. If an officer were to enter into such a transaction, the officer would no longer have the same objectives as our other stockholders.

Compensation Recovery Policy

We have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our Named Executive Officers where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement.

Compensation Committee Discretion

The Compensation Committee retains the discretion to decrease all forms of incentive payouts based on significant individual or Company performance shortfalls. Likewise, the Compensation Committee retains the discretion to increase payouts and/or consider special awards for significant achievements, including but not limited to superior asset management, investment or strategic accomplishments and/or consummation of acquisitions, divestitures, capital improvements to existing properties, or other management objectives.

Tax and Accounting Considerations

In determining executive compensation, the Compensation Committee also considers, among other factors, the possible tax consequences to the Company and to its executives. However, to maintain maximum flexibility in designing compensation programs, the Compensation Committee will not limit compensation to those levels or types of compensation that are intended to be deductible. For example, our Compensation Committee considers the provisions of Section 162(m) of the Code and related Treasury Department regulations that restrict deductibility for federal income tax purposes of executive compensation paid to our chief executive officer and each of our three other most-highly-compensated executive officers holding office at the end of any year, other than our chief executive officer, to the extent such compensation exceeds \$1,000,000 for any of such officers in any year and does not qualify for an exception under the statute or regulations. The members of our Compensation Committee qualify as outside directors for purposes of exempting executive compensation from the limits on deductibility under Section 162(m).

However, the Compensation Committee believes that our interests are best served in certain circumstances by providing compensation that does not qualify as performance-based compensation under Section 162(m) and, accordingly, has granted such compensation which may be subject to the \$1,000,000 annual limit on deductibility, including base salary, annual cash bonuses and stock options.

In addition to Section 162(m), Sections 280G and 4999 of the Code provide that executive officers, persons who hold significant equity interests and certain other highly-compensated service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control of the Company that exceeds certain prescribed limits, and that the Company (or a successor) may forfeit a deduction on the amounts subject to this additional tax. Further, Section 409A of the Code imposes certain additional taxes on service providers who enter into certain deferred compensation arrangements that do not comply with the requirements of Section 409A. We have not agreed to pay any named executive officer a gross-up or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999 or 409A.

The Compensation Committee also considers the accounting consequences to the Company of different compensation decisions and the impact of certain arrangements on stockholder dilution. However, neither of these factors by themselves will compel a particular compensation decision.

Conclusion

The ultimate level and mix of compensation is considered within the context of both the objective data from our competitive assessment of compensation and performance, as well as discussion of the subjective factors as outlined above. The Compensation Committee believes that each of the compensation packages is within the competitive range of practices when compared to the objective comparative data even where subjective factors have influenced the compensation decisions.

This column represents the aggregate grant date fair value of stock options granted to each non-employee director in the 2010 Fiscal Year computed in accordance with FASB ASC Topic 718, and in accordance with SEC rules. Generally, the aggregate grant date fair value is the amount that the Company expects to expense in its financial statements over the award's vesting schedule. These amounts reflect the company's accounting expense and do not correspond to the actual value that will be realized by the non-employee directors and there is no assurance that these grant date fair values will ever be realized by the non-employee directors. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. For additional information on the valuation assumptions with respect to the grants, refer to Note 1(l) of LivePerson's consolidated financial statements contained in our Annual Report on Form 10-K for the 2010 Fiscal Year, as filed with the SEC.

(1) At December 31, 2010, the number of shares underlying unexercised stock options were: Mr. Berns, 15,000; Mr. Block, 35,000; Mr. Gill, 15,000; Mr. Lavan, 75,000; and Mr. Wesemann, 120,000.

(3) Mr. Berns resigned from our Board of Directors effective as of April 12, 2011.

(4) Mr. Gill resigned from our Board of Directors effective as of February 11, 2011.

Directors who are also our employees receive no additional compensation for their services as directors. As of January 1, 2010, directors who are not our employees receive an annual cash stipend of \$20,000 and a cash payment of \$1,000 for attendance in person or by telephone at each meeting of the Board of Directors or committees of the Board of Directors, and they are reimbursed for reasonable travel expenses and other reasonable out-of-pocket costs incurred in connection with attendance at meetings. In addition, the Chairman of the Audit Committee and the Chairman of the Compensation Committee receive an annual cash stipend of \$10,000 and \$5,000, respectively.

Non-employee directors are granted options to purchase 35,000 shares of our common stock upon their election to the Board of Directors. In addition, non-employee directors are granted options to purchase 15,000 shares of our common stock on the date of each annual meeting of stockholders. These non-employee director option grants are made under our 2009 Stock Incentive Plan, adopted on June 9, 2009.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee of our Board of Directors during the 2010 Fiscal Year were Mr. Berns (Chair), Mr. Block, Mr. Gill and Mr. Wesemann.

During the 2010 Fiscal Year:

none of the members of the Compensation Committee was an officer (or former officer) or employee of the Company or any of its subsidiaries;

none of the members of the Compensation Committee had a direct or indirect material interest in any transaction in which the Company was a participant and the amount involved exceeded \$120,000;

35

none of our executive officers served on the compensation committee (or another board committee with similar functions or, if none, the entire board of directors) of another entity where one of that entity's executive officers served on our Compensation Committee;

none of our executive officers was a director of another entity where one of that entity's executive officers served on our Compensation Committee; and

none of our executive officers served on the compensation committee (or another board committee with similar functions or, if none, the entire board of directors) of another entity where one of that entity's executive officers served as a director on our Board of Directors.

Certain Relationships and Related Transactions

Any transaction or series of transactions in which we participate and a related person has a material interest would require the prior approval by our Board of Directors. In such cases, the Board of Directors would review all of the relevant facts and circumstances and would take into account, among other factors, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. If a transaction relates to a director, that director would not participate in the Board of Directors' deliberations.

Related persons would include a member of our Board of Directors and our executive officers and their immediate family members. It would also include persons controlling over five percent of our outstanding common stock. Under our written policy on conflicts of interest, all of our directors, executive officers and employees have a duty to report to the appropriate level of management potential conflicts of interests, including transactions with related persons.

Pursuant to our Audit Committee Charter, our Audit Committee is responsible for reviewing potential conflict of interest situations and approving, on an ongoing basis, all related party transactions required to be disclosed pursuant to Item 404 of Regulation S-K. In particular, our Audit Committee Charter requires that our Audit Committee approve all transactions between the Company and one or more directors, executive officers, major stockholders or firms that employ directors, as well as any other material related party transactions that are identified in a periodic review of our transactions.

Described below is information concerning certain related party transactions approved by the Board of Directors and the Audit Committee.

Certificate of Incorporation

Our Certificate of Incorporation eliminates, subject to certain exceptions, directors' personal liability to the Company or our stockholders for monetary damages for breaches of fiduciary duties. The Certificate of Incorporation does not, however, eliminate or limit the personal liability of a director for (1) any breach of the director's duty of loyalty to the Company or our stockholders, (2) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law or (4) for any transaction from which the director derived an improper personal benefit.

Bylaws

Our Bylaws provide that we shall indemnify our directors and executive officers to the fullest extent permitted under the Delaware General Corporation Law, and may indemnify our other officers, employees and other agents as set forth in the Delaware General Corporation Law. In addition, we have entered into indemnification agreements with our directors and officers. The indemnification agreements contain provisions that require us, among other things, to

indemnify our directors and executive officers against certain liabilities (other than liabilities arising from intentional or knowing and culpable violations of law) that may arise by reason of their status or service as our directors or executive officers or other entities to which they provide service at our request and to advance expenses they may incur as a result of any proceeding against them as to which they could be indemnified. We believe that these provisions and agreements are necessary to attract and retain qualified directors and officers. We have obtained an insurance policy covering our directors and officers for claims that such directors and officers may otherwise be required to pay or for which we are required to indemnify them, subject to certain exclusions.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Membership and Role of the Audit Committee

The Audit Committee consists of the following members of the Company's Board of Directors: Kevin C. Lavan (Chair), David Vaskevitch and William G. Wesemann. Each member of the Audit Committee is independent, as independence is defined for purposes of Audit Committee membership by the listing standards of NASDAQ and the applicable rules and regulations of the SEC. The Board has determined that each member of the Audit Committee is able to read and understand fundamental financial statements, including LivePerson's balance sheet, income statement and cash flow statement, as required by NASDAQ rules. In addition, the Board has determined that Mr. Lavan satisfies the NASDAQ rule requiring that at least one member of our Board's Audit Committee have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the member's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. The Board has also determined that Mr. Lavan is an audit committee financial expert as defined by the SEC.

The Audit Committee appoints our independent registered public accounting firm, subject to ratification by our stockholders, reviews the plan for and the results of the independent audit, approves the fees of our independent registered public accounting firm, reviews with management and the independent registered public accounting firm our quarterly and annual financial statements and our internal accounting, financial and disclosure controls, reviews and approves transactions between LivePerson and its officers, directors and affiliates and performs other duties and responsibilities as set forth in a charter approved by the Board of Directors. The Audit Committee charter is available in the Company's About Us Investor Relations section of our website.

Review of the Company's Audited Consolidated Financial Statements for the 2010 Fiscal Year

Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditor for the Company's 2010 fiscal year, BDO USA, LLP, was responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted accounting principles.

In performing its oversight role, the Audit Committee has reviewed and discussed the audited consolidated financial statements of the Company for the 2010 Fiscal Year with the Company's management. The Audit Committee has separately discussed with BDO USA, LLP, the Company's independent registered public accounting firm for the 2010 Fiscal Year, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, which includes, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements. In addition, the Audit Committee has also received the written disclosures and the letter from BDO USA, LLP required by Public Company Accounting Oversight Board independence standards, as amended, and the Audit Committee has discussed with BDO USA, LLP the independence of that firm from the Company.

Conclusion

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the 2010 Fiscal Year for filing with the Securities and Exchange Commission.

Not all of the members of the Audit Committee are professionally engaged in the practice of auditing or accounting and all are not necessarily experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditor. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations, efforts and discussions referred to above do

not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles, or that BDO USA, LLP is in fact independent.

Submitted by the Audit Committee of the Company's Board of Directors:

Kevin C. Lavan (Chair)

William G. Wesemann

The Audit Committee report above does not constitute soliciting material and will not be deemed filed or incorporated by reference into any of our filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate our SEC filings by reference, in whole or in part, notwithstanding anything to the contrary set forth in those filings.

David Vaskevitch, a current member of the Audit Committee, joined the committee on April 12, 2011. Mr. Vaskevitch did not participate in the review or discussion of the subject matter of the Audit Committee Report, and accordingly, Mr. Vaskevitch has not signed the report.

The Audit Committee of the Board of Directors has appointed the firm of BDO USA, LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011, including each quarterly interim period, and the Board of Directors is asking the stockholders to ratify this appointment.

As early as practicable in each fiscal year, the independent registered public accounting firm provides to the Audit Committee a schedule of the audit and other services that they expect to provide or may provide during the year. The schedule is specific as to the nature of the proposed services, the proposed fees, and other details that the Audit Committee may request. The Audit Committee by resolution authorizes or declines the proposed services. Upon approval, this schedule serves as the budget for fees by specific activity or service for the year.

A schedule of additional services proposed to be provided by the independent registered public accounting firm or proposed revisions to services already approved, along with associated proposed fees, may be presented to the Audit Committee for their consideration and approval at any time. The schedule is required to be specific as to the nature of the proposed service, the proposed fee, and other details that the Audit Committee may request. The Audit Committee intends by resolution to authorize or decline authorization for each proposed new service.

Required Vote

The affirmative vote of the holders of a majority of the shares of common stock represented and voting at the Annual Meeting at which a quorum is present and entitled to vote is required to ratify the Audit Committee's selection of BDO USA, LLP. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee believes that such a change would be in the Company's or our stockholders' best interests.

Recommendation of the Board of Directors:

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE *FOR* THE RATIFICATION OF THE AUDIT COMMITTEE'S SELECTION OF BDO USA, LLP TO SERVE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011.

PROPOSAL THREE ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires us to provide an advisory stockholder vote to approve the compensation of our Named Executive Officers, as such compensation is disclosed pursuant to the disclosure rules of the SEC. Accordingly, we are providing our stockholders with the opportunity to cast an advisory vote on the compensation of our Named Executive Officers as disclosed in this Proxy Statement.

As described more fully in the Executive and Director Compensation section of this Proxy Statement, including the Compensation Discussion and Analysis and the related compensation tables and the narrative disclosure accompanying the compensation tables, we design our executive compensation program to align incentives with performance that creates stockholder value, retain and encourage high potential team players to build a career at the Company and provide incentives that are cost-efficient, competitive and fair to employees and stockholders.

This proposal allows our stockholders to express their opinions regarding the decisions of the Compensation Committee on the compensation provided to our Named Executive Officers that is disclosed in this Proxy Statement. Your advisory vote will serve as an additional tool to guide the Board of Directors and the Compensation Committee in continuing to improve the alignment of the Company's executive compensation programs with the interests of the Company and its shareholders, and is consistent with our commitment to high standards of corporate governance.

Based on the above, we request that you indicate your support for our executive compensation philosophy and practices, by voting in favor of the following resolution:

RESOLVED, that the Company's stockholders approve the compensation of the Company's Named Executive Officers as described in this Proxy Statement, including the Compensation Discussion and Analysis section, the compensation tables and the narrative disclosure accompanying the compensation tables.

Required Vote

Although, as an advisory vote, this proposal is not binding upon us or the Board, the Compensation Committee, which is responsible for recommending to the full Board the amount and form of compensation to be paid to our executive officers, will carefully consider the stockholder vote on this matter, along with all other expressions of stockholder views it receives on specific policies and desirable actions. The affirmative vote of the majority of the votes cast affirmatively or negatively at the Annual Meeting at which a quorum is present and entitled to vote is required to approve Proposal 3.

Recommendation of the Board of Directors:

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE *FOR* THE APPROVAL OF THE EXECUTIVE COMPENSATION OF OUR NAMED EXECUTIVES OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL FOUR ADVISORY VOTE ON FREQUENCY OF ADVISORY VOTE ON COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires us to provide an advisory stockholder vote to determine how often to present the advisory stockholder vote to approve the compensation of our Named Executive Officers, as such compensation is disclosed pursuant to the disclosure rules of the SEC (the "say-on-pay vote"). We must solicit your advisory vote on whether to have the say-on-pay vote every one, two or three years. Accordingly, we are providing our stockholders with the opportunity to cast an advisory vote as to the appropriate frequency for the say-on-pay vote. Stockholders may vote as to whether the say-on-pay vote should occur every one, two or three years, or may abstain from voting on the matter.

We believe that the say on pay vote should be conducted every year so that stockholders may annually express their views on the Company's executive compensation program. The Company values the opinions expressed by our stockholders in these votes and will consider the outcome of these votes in making its decisions on executive compensation in the future.

Required Vote

The Board of Directors recommends that the stockholders vote to hold an advisory vote on executive compensation every year. The stockholders' vote, however, is not to approve or disapprove the Board's recommendation. When voting on this Proposal Four stockholders have four choices: stockholders may elect that we hold an advisory vote on executive compensation every year, every two years or every three years, or you may abstain from voting. The number of years that receives the highest number of votes, at the Annual Meeting at which a quorum is present and entitled to vote, will be the frequency that stockholders approve.

As an advisory vote, the vote on Proposal Four is not binding upon us, and the Compensation Committee and the Board of Directors may decide that it is in the best interests of the Company and its stockholders to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders. However, the Compensation Committee and the Board of Directors will consider the outcome of the vote when making future decisions on executive compensation.

Recommendation of the Board of Directors:

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE TO HOLD AN ADVISORY VOTE ON EXECUTIVE COMPENSATION EVERY YEAR.
