### Section 1—Registrant’s Business and Operations

#### Item 1.01 Entry into a Material Definitive Agreement

The information set forth in Item 2.01 is incorporated herein by reference.

On October 10, 2011, we entered into a Non-Exclusive Financial Advisory and Investment Banking Services Agreement (the “FA Agreement”) with Mundial Financial Group, LLC, a California limited liability company (“Mundial”), under which we issued a non-refundable fee of 25,000 shares of our common stock to Mundial as partial consideration for Mundial’s financial consulting services. Under the terms of the FA Agreement, as amended by us and Mundial on October 27, 2011, we agree to pay Mundial (i) a 10% commission on the total equity gross amount funded to us by investors introduced by Mundial under the FA Agreement; (ii) a 2% commission of the total equity gross amount funded to us by our officers or directors; and (iii) a 4% commission of the total equity gross amount funded to us by investors introduced by us, our officers or our directors, upon the consummation of any transaction contemplated under the FA Agreement.

On November 8, 2011, we entered into a Stock Purchase Agreement with Blue Sky Energy & Power, Inc., a Delaware corporation (“Blue Sky Energy”), our majority stockholder, pursuant to which we sold 600,000 shares (the “Shares”) of our common stock, no par value, to Blue Sky Energy for a purchase price of \$300,000 (\$0.50/share). The purchase price was paid by the conversion of promissory notes owed by the Company to Blue Sky Energy.

Blue Sky Energy is a wholly-owned subsidiary of Blue Sky International Holdings, Inc., an Alberta, Canada corporation (“Blue Sky International”), which is wholly owned by Danyal Chaudhary Foundation, a California non-profit corporation (the Foundation”). Ilyas Chaudhary, our President; Aamna Virk, our Secretary; and Faisal Chaudhary, the son of Ilyas Chaudhary and brother of Aamna Virk, hold the following positions in Blue Sky Energy, Blue Sky International, and the Foundation:

- Ilyas Chaudhary is President; Aamna Virk is Secretary; Faisal Chaudhary is Vice President; and Ilyas Chaudhary, Aamna Virk and Faisal Chaudhary are all of the directors of Blue Sky Energy;
- Faisal Chaudhary is President; Aamna Virk is Vice President and Secretary; and Aamna Virk and Faisal Chaudhary are all of the directors of Blue Sky International; and
- Ilyas Chaudhary is the Executive Director; Faisal Chaudhary is the Treasurer; and Ilyas Chaudhary, Aamna Virk and Faisal Chaudhary are three of the seven members of the Board of Trustees of the Foundation.

We relied on the exemption from registration relating to offerings that do not involve any public offering pursuant to Section 4(2) under the Securities Exchange Act of 1934 (the “Exchange Act”) and/or Rule 506 of Regulation D promulgated pursuant thereto. We believe that Blue Sky Energy is an “accredited investors” under Rule 501 under Regulation D of the Exchange Act and had adequate access to information about us.

---

In addition to the previously reported disclosures above, the following information is being disclosed as if we were filing a general form for registration of securities on Form 10:

Item 1. Business

We were incorporated on May 11, 1999 in the state of Florida to be the sole importer and distributor of Don Marcos® coffee. As of August 15, 2011, we are no longer an importer or distributor of Don Marcos® coffee. We intend to develop energy resources throughout the world, placing an emphasis on (i) petroleum in the United States and Indonesia; and (ii) leasing of service rigs.

As previously reported on our Current Report on Form 8-K filed on September 27, 2011, we have entered into an agreement to purchase an 80% undivided interest in the East Aceh Offshore – Langsa (EAO Langsa) Technical Assistance Contract, dated May 15, 1997 (the “Langsa Contract”), together with the corresponding interest in related equipment, contracts and other property and rights (collectively, the “Assets”) in exchange for (i) \$3,500,000 in cash; (ii) the issuance to Blue Sky Langsa of a 17.5% net profit interest allowing Blue Sky Langsa to retain 17.5% of the net profit to be distributed to us under the Langsa Contract; and (iii) assumption of liabilities relating to the Assets. We are currently in the process of conducting due diligence in advance of requesting an audit of the Assets.

If we complete the acquisition of the Assets, we may be required to plug and abandon wells in cases where wells we purchase or develop are located on concession lands to be returned to the government of Indonesia. The Langsa Contract terminates on August 15, 2017. The Langsa Contract may also be terminated at any time if the contract area is proven non-commercial for development or for continual production in the judgment of entities owned and formed by the government of the Republic of Indonesia and Blue Sky Langsa. We have no assurance that the contract area will not be proven non-commercial for development or for continual production.

The acquisition or development of any oil field property will generally include an obligation to plug and abandon wells, and may require that we retain insurance for environmental matters regarding any wells we purchase or develop.

In addition, we have opened a division focused on leasing service rigs in the Tulsa, Oklahoma area, beginning with the acquisition of the Workover Rig. The Workover Rig is not currently in operating condition, and we do not have our own crew to operate the rigs. Once the Workover Rig is refurbished, we intend to lease the Workover Rig to oil field operators in the state of Oklahoma. We plan to acquire as many as four additional rigs if we are able generate sufficient operating income from leasing the Workover Rig. Leasing of the Workover Rig, and any additional rigs acquired, will be concentrated in the Tulsa, Oklahoma region.

We expect to face significant competition from other firms leasing rigs, including competitors that have been in the rig leasing business existed longer than we have and may have a more established market presence with substantially greater financial, marketing, personnel and other resources than we have.

We currently have five part-time employees. None of our employees are represented by a labor union. We have not experienced any work stoppage and consider our employee relations to be good.

## Item 2. Financial Information

Prior to the acquisition of the Workover Rig, we were a shell company as defined in Rule 12b-2 promulgated under the Securities Exchange Act of 1934. Prior to this, we were engaged in the business of importing and distributing Don Marcos® coffee. As of August 15, 2011, we experienced a change in control in which owners of an aggregate of 32,100,000 shares of our common stock (five people) sold in a private transaction 32,075,000 of the shares held by them to a group of six purchasers for a total sales price of \$286,000. In connection with this change in control, we experienced a complete change in our officers and directors and focused our activities to developing energy resources throughout the world, placing an emphasis on (i) petroleum in the United States and Indonesia; and (ii) leasing of service rigs.

### Status of Purchase of 80% Undivided Interest in the Assets

As discussed above, we have not closed on the acquisition of the 80% undivided interest in the Assets, and have not otherwise pursued any petroleum assets in Indonesia. Upon completion of due diligence on the Assets, we intend to raise the required \$3,500,000 through a private placement, although we are not obligated to raise the \$3,500,000 in that manner and are not required to close upon the purchase of the Assets if we are unable to raise the \$3,500,000.

### Status of Our Service Rig Leasing Business

As discussed above, we have closed on the purchase of the Workover Rig. Because the Workover Rig is not currently in operating condition, and we do not have our own crew or repair facilities or employees, we have entered into an oral agreement for repairing and refurbishing the Workover Rig for \$30,000 with Jovian Petroleum Corporation (“JPC”), a Delaware corporation that operates oil leases in Texas and Oklahoma. Mr. Faisal Chaudhary is a member of the board of directors and management of JPC, and owns over 10% of shares of JPC and is: (i) the son of Ilyas Chaudhary, our President, Chief Executive Officer and one of our directors; (ii) the brother of Aamna Virk, our Secretary; and (iii) a beneficial owner of over 10% of our shares of our common stock as set forth under “Item 4. Security Ownership of Certain Beneficial Owners and Management.”

Our management has obtained quotes for the repair of service rigs in the same condition as the Workover Rig and current rental rates of similar rigs without crew, and has determined that the price negotiated with JPC for repair of the Workover Rig matches the current market rate for such repairs.

We intend to lease the Workover Rig to the highest bidder for daily rental. Our management has determined that the current competitive day rate for a single rig similar to the Workover Rig is \$230 per hour for a 12-hour day, assuming we also provide a three-person crew to operate the rig (i.e., \$2,760 per day, or \$55,000 per month for a 20-day month). We currently have no crew employed to operate the rig. JPC is expected to bid to lease the Workover Rig for approximately \$1,400 per day without a crew, for a minimum 30 calendar day rental, which our management believes to be the fair market value for rental of a rig without a crew for a minimum 30 calendar day rental.

We anticipate a time lag of about 30-60 calendar days from the acquisition of the Workover Rig to the generation of revenues, and are allocating an additional \$25,000 for working capital to cover personnel, fuel and other costs associated with the refurbishment of the Workover Rig, along with \$15,000 for miscellaneous other contingencies.
